### Congress gets to me

I have got to stop watching the news on TV or reading about it in the newspapers.

Those fellas in Washington - our Congressmen and Senators - get to me too quickly.

Of course, it is fun writing my views on the subject since our weekly is so tiny and virtually nobody reads this column. That allows me to be honest - a problem for most news media folks.

Okay, here's the latest scam about to be perpetrated by our elected officials in D.C.:

**TAX CUTS! TAX CUTS!**  
Now doesn't that make you feel real good? It will spur the economy into a boom time, right? Sure it will - that's what our nation's leaders are saying.

But as you know, I've been saying the opposite: that the economy won't get any better until Congress addresses the underlying problem of a diminishing middle class. Congress doesn't understand that right now and won't for another 2 or 3 years.

Until then, Congress will be trying all the old reliable fixes that will not work this time because the Keynesian economic philosophy that our nation has been following for 40 years is out of sync. I won't rehash that explanation again since I've covered it in past columns. And so far I've been 100% correct.

Have you noticed how much good the Federal Reserve Bank rate droppings has achieved this year? Nada.

What a surprise. Gosh, it amazes me when I realize how stupid our government leaders are. And the worst part is they just don't get it.

Of course, they make twice and triple the salary I do - so that doesn't say much about me, does it?

So what's next? Tax cuts - THE answer, right?

Wrong.  
Again, Congress is trying to attack a problem that it doesn't understand. It almost makes me laugh if it weren't so tragic.

Anyway, once again, since the underlying problem isn't understood, these "remedies," based on Keynesian principals won't work.

When a middle class person reviews his income and tax situation, he understands that there is a lot more to his "taxes" than what Congress mandates. The past year has witnessed a dramatic increase in taxes - which Congress doesn't realize.

Here are some examples:  
- Postal hikes. Small businesses like the Tribune got hit especially hard. Next year I'll likely raise our rates - and send the extra revenue to the Postal Department. I view postal hikes as a tax - without any question.

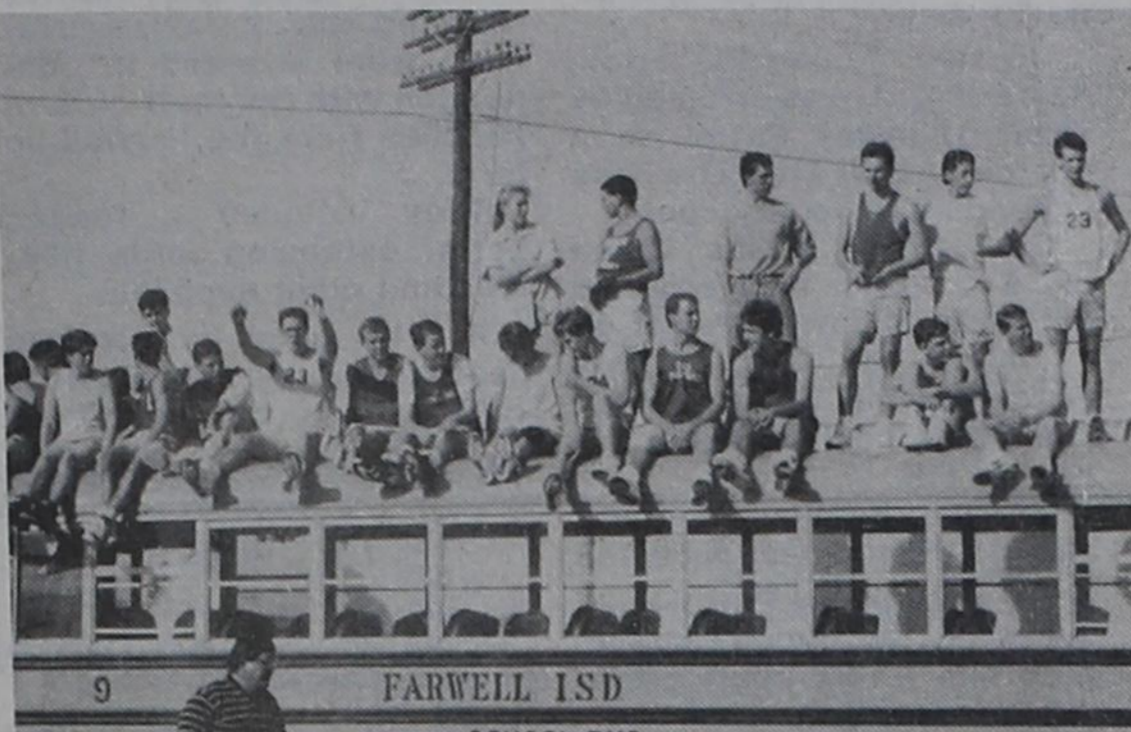

- Insurance hikes. Have you looked at your health insurance premiums lately? Better not - you might get ill. Personally, I am forced to carry 11 different insurances - that's right, 11. I view insurances as a tax - without any question. A businessman must carry them - and pay through the nose as some of these have skyrocketed recently.

- City, school, county and state taxes. If you look back the past few years, all have gone up. Congress forgets about these taxes.

I could go on and on. Various necessities sport higher price tags. And any Congressional - approved tax cut won't make the slightest dent in the problem.

When I hear our nation's leaders - Democrat and Republican - I sometimes think

### Welcome home, Quinn

Crowds of well wishers gathered recently to welcome Quinn Byrd home from the hospital.

## Law enforcement is Farwell topic

The Farwell City Council held a spirited discussion Tuesday over whether local law enforcement is needed.

What sparked the topic was the recent wave of windows being broken out (see story elsewhere in today's paper).

Councilman Martin Kube, who works at the sheriff's office, said 22 reports of broken windows, mostly in vehicles, were received over the weekend.

"People in town really don't know what's going on," said Kube.

Mayor Wendol Christian noted that even with police protection, crime occurs. "We have less crime than any city around - and they have policemen," he said.

David Snider, who owns Lovelace Oil in Farwell, supported hiring a professional police officer. He said proactive law enforcement is needed here. He said he lost over \$1,000 due to crime at his business this year.

City councilwoman Gloria Hutchins said hiring a police officer would mean higher taxes. CPA De'Aun Willoughby earlier had estimated that it would take at least \$25,000 a year to have a police department, in addition to \$13,000 in start-up costs (with a vehicle as the main expense).

Pat Howard, who has spent over 30 years in law enforcement, said having a police officer would be a deterrent factor to criminals.

Mike Pomper, who owns the State Line Tribune, supported hiring a night watchman for the hours of 11 p.m. - 3 a.m., at least on weekends. Gene Sterling supported Pomper's position.

It was noted that a night watchman cannot enforce city ordinances unless he is state licensed. It was also said County Sheriff Rex Williams is opposed to the night watchman concept.

Mrs. Hutchins noted that a survey was taken last year of residents to find out if they wanted a police department, but few persons responded and most said they didn't want one.

Councilman John Carlson said it seemed to him that most folks here don't want a police officer hired.

Kube noted that a sheriff's deputy, Brent Byrum, planned to move to Farwell soon.

No action was taken. Christian said the council wants to know what residents prefer.

In other business, the council:

### Farwell approves pact with Waste Management

The Farwell City Council Tuesday approved a 5-year agreement with Waste Management of Lubbock to haul its trash.

The new program is expected to go into effect around Feb. 1.

Containers will be placed in alleys for families to share.

Trash will be hauled to Clovis. At the last council meeting, where Waste Management officials discussed their proposal, it was unsure whether there would be a problem with the refuse

- Approved a 4.22 percent rate hike (a little over \$1 a month for the average customer) for Southern Union Gas, effective Jan. 20. The last hike, of 3.7 percent, was approved in March 1989.

Firm official Larry Cochran noted that Southern Union's new rate will put it at .26 per CCF, compared with Gas Company of New Mexico, .34 CCF, and Energas, .37 CCF.

- Approved the annual audit presented by De'Aun Willoughby, CPA. The city ended the fiscal year, June 30, with \$230,000 in the bank.

- Discussed the state owned picnic area near City Cleaners where the Texas marker is. State highway workers recently removed the broken picnic bench and a tree.

Roadway maintenance supervisor Woody Marcy told the council they will put in a chain link fence there, grass, and trees or shrubs. He said he wants to work with the city on design and layout. The city will maintain the area.

He also reported a new Texas monument, costing \$3,000 will be placed on the Amarillo highway replacing the one that was busted. It will be put in a new location because of the eventual widening of that highway to four lanes.

After the meeting, Marcy met with Donna Ratke, of the Farwell Chamber of Commerce, to discuss how to improve the marker areas.

- Approved funds for the DARE anti-drug program. It will cost the city \$1,244.

- Agreed to seek bids on 1992 liability insurance.

- Agreed to close City Hall on Christmas Eve.

- Approved bonuses for city employees: \$100 for fulltime workers and \$25 for part-timers.

### Texico seeks to raise gross receipts tax

The Texico City Council Tuesday approved an ordinance raising the city's gross receipts tax (akin to a sales tax).

The ordinance calls for a 3/4 percent hike in the tax, effective July 1, 1992. That will put the tax at 6 percent, what Clovis currently charges, although Clovis' rate is expected to go up soon.

The tax will go into effect if it is approved by the state

trucks crossing state lines.

However, this will be okay, Waste Management found out. And the Clovis landfill has agreed to take Farwell's trash.

Mayor Wendol Christian reported that the questions raised by city attorney Charles Aycock about the first proposed contract from Waste Management have been answered satisfactorily.

When the new service begins, it will mark the end to open burning in Farwell and the complete closing of the Farwell landfill.

## Vandalism hits Texico-Farwell

More than \$9,000 in vandalism has occurred in Farwell and Texico due to shot-out vehicle windows caused by BB guns.

Parmer County Sheriff's de-

puty Richard Bonham said that four Texico juvenile boys have been apprehended in connection with some of the vandalism.

On the weekend of Nov.

23, about a dozen vehicles had glass broken by BB shots. Also, vehicles in Texico were hit.

Then on Dec. 6, about 19 more calls were received by the sheriff's department. Most concerned glass broken in vehicles, but also 7 Farwell High School windows were shot out. Three or four windows also were shot out in Texico.

Bonham had received a description of a vehicle with 4 boys and a girl riding in it. He was in the area when he sighted it in Farwell.

Bonham said he believes more than one group has been involved in the vandalism. He said two more windows were shot out Dec. 8 and police may have identified juveniles from Texico or Clovis who were involved in it.

Bonham said he hopes all the culprits will be identified by next week.

Shot-out windows also occurred in Clovis last weekend.

### It's tailfeather contest time!

One of the highlights of the annual Pheasant Hunt is the Tailfeather Contest.

Hunters who shoot birds in Parmer County may enter the contest by bringing the tailfeathers to Farwell Hardware.

Each year Security State Bank provides a prize of \$30 to the winner. Sherley Anderson Pitman provides the second place prize of \$15. Farwell Hardware provides the

third place prize of \$10.

Rick Marshall of Clovis won the first place prize last year by bringing in a 25 1/8" tailfeather.

Ricky Stewart of Farwell Hardware notes that some years the tailfeathers seem to run longer than other years. The longest one on record was brought in by Pete Jesko in 1973. It was 27 3/4" long.

## Farwell School Board discusses expansion

The Farwell School Board Tuesday discussed possible plans to expand the present gymnasium facilities, and another plan to add additional classrooms because of the high enrollment in some classes of the elementary school.

No specific action was taken at this time.

In other business, the board:

- Discussed the safety problems involved with having an open campus at lunch time. They took no action on the request made by students at the last meeting to have an open campus.

- Was told that Robert Denning had been hired to assist with the school's maintenance. Maintenance director Joe Stanton had been in the hospital, and help was needed to keep things rolling smoothly.

- Discussed some incidents of vandalism and stealing near the Farwell campus. A fence and some windows at the school had to be replaced after some incidents of vandalism. In one case an insurance claim was filed, and in another case legal action was taken against the parties arrested.

- The Farwell school bus which was vandalized at the House, N.M., basketball game has been repaired, and the board was informed that insurance claims had been filed. Some athletes' cars had been vandalized while they were away at ball games. The board discussed some possible actions to rectify the situation.

- Heard Supt. Richard Boothby report that 24 teachers had signed up to participate in the Teacher Expectation, Student Achievement program. They will meet from 4:15- 7 p.m. on Mondays to improve their teaching skills.

Boothby he might have to hire another teacher's aide to work in the special education program if enrollment in the program warrants it.

### Texico okays agreement with cable TV firm

The Texico School Board Tuesday okayed a pact with Ruralvision, a firm which provides wireless cable TV to rural customers.

Ruralvision will use a channel that was set aside for educational use - thus the reason the School Board was involved. Folks in rural areas would lease a box for their TV and have access to various cable channels, said School Supt. R.L. Richards.

If approved, the school system could earn up to \$10,000 a year from Ruralvision, said Richards.

In other business, the board:

- Approved Blunck's as the school photographer.

- Discussed buying computer equipment for the administrative office.

- Discussed hiring another high school teacher. This will

be further discussed.

- Again talked about if coaches should get extra financial aid for attending state events. This will be further discussed.

- Bought girls' track uniforms.

- Bought a washer dryer for the cafeteria. The old one had an electric fire.

- Set up a meeting for Jan. 16 at the Texico fire station to meet with any interested groups or persons to discuss the school bond issue. The election will be Feb. 4.

- Noted that Chad Duns-worth was one of 4 New Mexico students chosen to be a legislative intern at the next state legislative session for a week.

- Conducted the superintendent's evaluation.

### 3 Texico incumbents to run again

Both Texico councilmen whose posts are on the March ballot say they plan to seek election.

Ronnie Warmuth will seek re-election.

Carolyn Burrows, who was appointed to fill the vacant council post when Bryan Kube resigned, also plans to seek election.

Both said they thought it important to stay on the council during the financial problems caused by the KKR well contamination. They have sat through many hours of discussion on this complex problem and thought they should see it through.

Howard Billingsley, who is in his 14th years as municipal judge, said he will seek re-election.

Candidates must file with the City Clerk Marie Christian on Jan. 7.

Declarations of write-in candidates must be filed with Mrs. Christian on Jan. 21.

The election will be March 3, 1992.

### New trooper

Parmer County has a new state trooper assigned here. Marshall Thomas, 28, of St. Joe, Texas, has been assigned here. He takes over the spot held by Jim Bishop, who transferred to the northern Panhandle.

Thomas was assigned here from Garland, Texas. He and his wife Gwen have an 11-month-old daughter, Natasha. The Thomases are living in Farwell.

### Office moved

Ronald Byrd announced he has moved his real estate office to 308 3rd St., Farwell.

It will be in the building that formerly housed the FmHA office before it moved to the building housing the ASCS office last summer.

**LEARN WHAT CHRISTMAS SAFETY'S ABOUT!**

**A CHRISTMAS SAFETY CHECK**

- Before hanging strings of lights, spread them on the floor and check for frayed or bare wires, cracked insulation, loose connections, and damaged plugs or light sockets.
- Check extension cords for wear or damage and don't run them across walking areas.
- Test lights before putting them on the tree. Unplug them before making repairs or replacing bulbs.
- Overloading circuits with too many lights can cause fire. Follow manufacturer's instructions about the number of lights allowed on one circuit.
- Never string lights on a metallic tree.
- Choose a fresh, green tree, trim its base and keep it in plenty of water. If the needles are brown and break off easily, it could be a fire risk.
- If you buy an artificial tree, make sure it has been tested for flammability by Underwriters Laboratories (UL).
- Always turn off lights before leaving home or going to bed. You'll save money and be safer, too.
- Do not use inside lights on the outside. All outside lighting equipment, including lights, cords and plugs, should be waterproof and made for outdoor use. Also, hang sockets downward and don't leave a socket empty.
- When hanging lights on the rooftop or in tall trees outdoors, stay clear of electrical lines.

# What kind of work's available for inmates?

Steps are being taken in Parmer County to implement a new state mandate that, in effect, orders counties to house convicted felons

Noelle McIntyre

## McIntyre qualifies

Texico student Noelle McIntyre, daughter of Dean and Karen McIntyre of Clovis, has qualified for the New Mexico All State Symphonic Band.

Noelle will go to two intensive days of rehearsals at the University of New Mexico in Albuquerque Jan. 9-11 before the All State Band concert, which will be directed by Joyn Paynter of Northwestern University.

Noelle has taken private lessons with Malinda Craft of Eastern New Mexico University.

## Lions Club has party

Members of the Texico-Farwell Lions Club met at the home of Mr. and Mrs. Mike Ratke for their annual Christmas party on Dec. 9. Members enjoyed a sumptuous pot luck roast beef dinner, and an action packed game of Pictionary.

Enjoying the evening were: John and JoAnn Getz, Willie and Nancy Roberts, Lee and Gloria Hutchins, Bill and Sally Whitesides, Kathy Dionne, Joe, Dardanella, Hal and Gloria Helton, John and Becky Street, Mike and Judy Pomper, Bobby Murphey, Mike and Donna Ratke.

instead of sending them to the state penitentiary.

A couple of months ago District Attorney Johnny Actkinson had announced that the mandate, HB 93, was coming down the pike.

Parmer County Sheriff Rex Williams discussed it at Monday's meeting of the Parmer County Commissioners.

The 287th Judicial District (Parmer and Bailey counties) now have a Community Justice Council, appointed by District Judge Jack Young, and a Community Justice Task Force, which serves as support staff for the council.

In a nutshell, the job of these two groups is to find alternatives to sending convicted felons to the state pen - through work release programs and community service projects.

Felons will be housed in county jails and will work for non-profit and non-taxable groups, such as school systems, churches and city and county governments.

Justice Council members are: Judge Young, County Judge Bonnie Clayton, Sheriff Williams, D.A. Actkinson, Parmer County Attorney Charles Aycock, Randy Thomas of Lazbuddie, state Rep. Pete Laney, Bailey County Judge Marilyn Cox, Bailey County Sheriff Jerry Hicks, chief adult probation officer Bud Street, Paul Wilbanks of Muleshoe and Judy Watson of Muleshoe.

Task Force members are: Brett McCasland, Julie Cage, Rowena Myers, Richard Edwards, Maria Fredland, all of Muleshoe; Muleshoe School Supt. Bill Moore; Sid Felan, chief juvenile probation offi-

cer; Mike Hanes, of Friona; Gwen Warren, of Lazbuddie; Bovina School Supt. Michael Hansen; Jeannie Heacock, of Farwell, and Friona Police Chief John Taylor.

The state has not yet

given counties a deadline for implementing the new program.

To help "sweeten" the program, the state will give a possible \$50,000 for counties as "performance rewards."

However, criteria haven't been set yet for such rewards.

In other business, the commissioners:

- Voted unanimously to approve a new road in the Lazbuddie area. They made their decision after listening to an assessment of the situation by a jury of view.

The road is about 2 miles east and 4 miles north of the Lazbuddie crossroads.

- Decided to seek bids to find a trash hauler to place two large containers near Bovina and Friona.

- Bought a sheriff's department vehicle from Friona Motors. Bidders were Friona Motors (the low bid) and Big Country Ford, Clovis.

- Scheduled their next meeting for Dec. 20.

## Cooking

Lynne Mahaney and Tori Meeks will be ready to serve up breakfast to the hungry pheasant hunters at the Farwell Community Center from 5 a.m. - 8 a.m. Saturday at the annual Pheasant Hunter's Breakfast. The breakfast will include: sausage, eggs, pancakes, syrup, and coffee.

## UNLEADED GASOLINES

Some noses can't smell propane. The odorant we add to propane is your key to propane

safety. If you detect what you think is the smell of propane in your home, you should

suspect a leak and leave immediately.

But, sometimes, a person can't smell propane or perhaps the odor may have faded. Your

dealer will be glad to confirm the presence of odorant in your system and help you recognize that characteristic propane smell. Your dealer can also provide information about the use of gas detectors.

For more tips on propane safety, ask your propane dealer.

## Banter

(Continued from Page 1)

we're a bunch of Alices in Wonderland.

Correction: We incorrectly listed Luther Thompson as a candidate for Bailey County Judge on the Democratic ticket last week. He is a candidate for Bailey County Attorney.

We would like to wish the coaches, scorekeepers, and officials a very Merry Christmas and tell them all "thank you for the work you do."

There is no way that we can personally cover every single game that is played in our readership area. Without the help and cooperation of all of all of the kind folks in this area, we would be unable to bring you the news. Thanks.

I really got a kick out of the recent Associated Press story that you might have seen: about the elderly woman who sued a tabloid over the use of her photo.

The gal won the court case, and got about \$1.5 million, when her photo was picked by the "Sun" editor to accompany a made-up article about an aged pregnant woman.

The officials of the "Sun," which is sold at supermar-

kets, conceded that the article about a supposedly pregnant 101-year-old Australian woman was made up "as are other 'Sun' stories."

That was the first time I've ever seen a public concession by tabloid magazine officials that the junk in their rags was fabricated.

Yet think of all the folks who buy magazines that are filled with made-up stories. And those magazines - with made-up stories - earn millions of dollars each year. It's a strange world.

and also if city residents don't petition against it. If a petition is presented against it, it would be a referendum item on the spring ballot.

In other business, the council:

- Heard deputy marshal Kirk Roberts report that Roy Brady, a state building inspector from Roswell, will be in Texico Dec. 17 to inspect the closed Westerner Motel. The council hopes the structure will be condemned so it can be torn down.

The city has been unable to locate the motel's owner. It was checked by building inspectors a couple of months ago, who didn't condemn it. But its condition has further eroded, with a falling awning and water damage.

The motel's doors have been taken off and are stored in the city barn.

Brady also will be asked to check some abandoned homes in Texico in the hopes they will be condemned, too, then torn down.

- Scheduled a work session at 8 a.m. Jan. 18 at city attorney Duane Hamar's law office in Farwell. It will deal with regulations for the cemetery.

After many months, Hamar reported Tuesday that the cemetery acquisition is virtually over and the council can move on improving it. Graves need to be permanently staked, plot prices need to be set, fencing and landscaping is needed, Hamar noted.

Mayor Doyal LaRue said he would like to see permanent markers on each grave.

- Approved the annual audit report by De'Aun Willoughby, CPA. She said the city ended its fiscal year (June 31) with \$89,000 in cash.

She said the water and sewer fund ran a \$10,000 loss. The council noted it raised this fund's rate after that fiscal year ended.

Mrs. Christian noted that the general fund has been used to help pay for some of the costs involved in the KKR well contamination problem. But the general fund won't be able to help meet those expenses anymore.

- Heard that Susan Morris of the state EID was in Texico Tuesday for a "preliminary study." She said the state would further study the contamination problem to find out where the main contamination underground is.

Until it's found, the city cannot build a new water well. It has received a \$125,000 state grant for that work.

Texico officials are in limbo until the state tells them what it wants done. Then the question involves where to find funds to pay for it.

- Heard concilman Butch Tharp ask that a discussion be held at the next council meeting on placing a fence around the KKR well house and tank.

- Found that the city had spent \$500 on repairs at

the closed Santa Fe well, which will never be used again. The council discussed abandoning this ex-well.

- Discussed cleaning the debris on lots just west of City Hall. Hamar needs to send another letter to the property owner before the city can hire someone to clean it up, then place a lien on the property.

- Heard Marshal Fry Urioste

report that some street lights have been shot out and he will report in January on

needed repairs. - Scheduled its next meeting for Jan. 14.

This year our residents' Christmas party is scheduled for Tuesday, Dec. 17, at 7 p.m. Texas time. As in the past, we look forward to special entertainment presented by our area's youths. This year, we have a musical program presented by the children of Hamlin Memorial United Methodist Church and Farwell public kindergarten under the direction of Roberta Howard and Ruth Anne Bennett.

It wouldn't be a Christmas party without a visit from Santa. While everyone sings Christmas carols, Santa will pass out gifts to the center residents.

We ask again this year for family to please save your Christmas gifts to share with your loved one for a later date. It makes their Christmas party run more smoothly, and gives the families their private time at Christmas.

For those who have called inquiring about our Joshua Tree, we wish to say thank you. To help those who do not have family or those who cannot afford presents is truly showing the meaning of Christmas. The Joshua Tree is at the Beauty Box for this week for those who want to assist.

We will be seeing you the 17th - and thank you for being you.
