NUMBER 48

SIXTY-FIFTH YEAR

15 CENTS

Reception Set Sunday - -

## Convalescent Center Marks 1st Anniversary

Monday marked the first anniversary of Farwell Convalescent Center. To observe the special occasion a "come and go" open house and reception will be Sunday, Aug. 14, from 2-4 p.m. CDT.

Refreshments of mints and cookies will be furnished by the residents and Convalescent Center Auxiliary members. Punch will also be served.

The first open house at the Center was held August 8 of last year. The following day, August 9, the doors of the facility opened for the first time and residents were admitted to their rooms.

"It has been a good year," says Dora Nittler, administrator. "Community response has just been great. So many people and organizations have done so many things for us it has been wonderful," she adds.

Both Mrs. Nittler and Floe Copeland, activities director, agree that the tremendous support of the surrounding community has been a boon to the Center during its initial year of operation.

Civic clubs, organizations, families, individuals, Boy and Girl Scouts, Sunday School classes and high school students have donated many items and untold hours of service. A few of the donations have included bingo set, popcorn popper, patio chairs, wheelchairs, copying machine, display case, watermelons, fruits, flowers, portable speaker system, aquarium and talking library books.

Auxiliary members, who organized in January, spend many hours administering to the needs of the residents. The "women in red jackets" are a frequent sight -- always dashing about helping out wherever necessary. Volunteers also keep the beauty shop open two days during the week.

Local residents like David Kube and Pat Rose, who have taken the garden, flowers, etc., "under their wings" spend hours tending the areas and dispensing helpful advice.

Mrs. Nittler said they

also receive assistance regularly from state consultants, adding that they appreciate them very much.

Pastors and ministers of local and area churches regularly hold Sunday services, and weekly devotions are conducted by women of the Assembly of God Church in Texico and First Baptist Church in Farwell.

James Symcox recently gave a gospel music program. Mrs. Nittler says they also greatly appreciate the area doctors who tend to the needs of the residents. A physical therapist comes regularly from Cannon AFB and one of the rooms in B wing has been converted into a physical therapy room, says Mrs. Nittler.

She calls the relationship between Farwell and the surrounding communities and the Center unique, adding that it is essential to the growth of the facility.

"Caring for elderly people is a full time, demanding job," states Mrs. Copeland, adding that "only patient, loving and caring people can stick to it. Regardless of whether someone is a paid employee or a volunteer they have to really love what they are doing or they could never do the job," she continues.

Thanks to Mrs. Copeland, the Center staff and Auxiliary workers, residents are kept busy doing things and enjoying themselves. Weekly bingo sessions are a special treat for the residents who delight in winning a small gift -- a token of their luck or skill for a particular day's session.

The activity room is always full of laughter and fun as residents and volunteers work on crafts projects. Often the items are placed on display in a case kept in the living room where they are sold at cost. Mrs. Nittler says

their display case is one of the few at Texas nursing homes which "breaks even."

Mrs. Copeland stays busy planning and co-ordinating activities for the residents such as the family night get-togethers which have become a tradition for the year-old home. Everything Mrs. Copeland does is designed to help the residents "feel at home" and to enjoy their life at the Center. Special activities, parties and games are always included in the regular agenda of Center events.

One of the first special occasions at the Center was last year's Halloween party which had residents dressing up and giving candy to visiting children.

About 250 people attended the affair. A Christmas party followed, complete with Santa Claus who distributed gifts and goodies. Hand decorated ornaments

(Continued on Page 2)

Everyone at Farwell Convalescent Center is excited about Sunday's open house and reception which will mark the Center's first anniversary. Tuesday afternoon several residents and one visitor were kept busy making yellow and red mints to be served at the reception. The residents are seated, from left, Nora Edens, Maude Wilson and Christa Gohlke. Standing is Ellen Will of Littlefield who came to visit Mrs. Gohlke and decided to help with the project. Everyone is invited to attend the open house Sunday afternoon.

Prepares For  
Open House

## Commissioners Set Budget Hearing

Bernie Gowen, Parmer County auditor, met with Parmer County Commissioners Court Monday to discuss the 1978 budget. It was agreed that the budget hearing would be held September 12 and that the necessary advisement be accomplished 10 days prior to that time.

A possible use hearing for revenue sharing funds for the year 1978 was held; however, no one appeared at the hearing.

Merv Noah of Prairie Acres Nursing Home in Friona was appointed to be the county resident representative of the Emergency Medical System. Noah, who is closely associated with EMS, replaces County

Judge Paul Fortenberry who had been acting as the representative for the past year.

Dr. Paul Spring of Friona has been re-appointed to the post of County Health Officer for a two-year period.

The next order of business concerned the delivery agent for funds designated for Parmer County use. It was pointed out that Texas Panhandle Community Action Corporation had been the deliverer of these services for the past year, but it would be possible for Parmer County to employ their own representative to handle this situation.

However, after much

consideration it was the feeling of the Court that the time element would make it impossible to employ someone within the County prior to the fiscal year which starts October 1, as there is no one known at this time who would be qualified to administer this program.

Due to the time element and the unavailability of a qualified person to administer a CETA program within the county, it was resolved that the county continue to use the services of TPCAC for the ensuing year.

A general update was given relative to the Available School Fund and it will be forwarded to the schools within the county

prior to next Monday.

The annual inspection date of the Bovina dam site has been set for September 26. At that time the Court will meet with representatives of the Soil Conservation Service at noon on that day to accomplish this inspection.

A report was given relative to the Lazbuddie dam site to the effect that work was progressing extremely well and ahead of schedule. Weather modification was also discussed.

The Court decided to construct a wheel chair ramp at the courthouse to be used by people confined to wheelchairs and ramp carts.

### Fatal Wreck

A one-car accident Monday night two and one-quarter miles east of Farwell on U.S. Highway 70-84 fatally injured William Quilla Casey of Muleshoe and sent Lucille McKinney Cherry, also of Muleshoe, reportedly the driver of the vehicle, to Clovis Memorial Hospital with critical head and chest injuries. She is reported to be in serious but "stable condition." Texas DPS Officer Glenn Fant, who investigated the accident, said that the late model vehicle "ran off the roadway into the inside median and collided head-on with a tree."

### Woman Injured - -

## Muleshoe Man Dies In One-Car Accident

A Muleshoe man was killed and a Muleshoe woman was seriously injured in a one-car accident which occurred Monday night about two and one-quarter miles east of Farwell on U.S. Highway 70-84.

William Quilla Casey, 74, of Muleshoe was pronounced dead on arrival at West Plains Memorial Hospital in Muleshoe at approximately 8:35 p.m. CDT. The car in which he was riding struck a tree, about 18 inches in diameter, in the grassy median of the highway.

Lucille McKinney Cherry, 56, of Muleshoe, reportedly the driver of the car, suffered head and chest injuries. She was transported to Clovis Memorial Hospital by the Farwell Volunteer Fire Department emergency vehicle. She is reported to be in serious but "stable condition." Mrs. Cherry is the mother of Tanya Chadwick, Far-

well. Officer Glenn Fant of the Texas Department of Public Safety, who investigated the accident, reported that the 1977 Chevrolet driven by Mrs. Cherry was east-bound on a straight section of the divided highway when the car veered off the highway into the inside median, striking a tree head-on at about 8 p.m. He said there were no skid marks.

The Texico Volunteer Fire Department also answered the accident call and its emergency vehicle transported Mr. Casey's body to Muleshoe. Funeral services for Mr. Casey were Wednesday afternoon at the Muleshoe Church of Christ with Royce Clay, minister, officiating. Burial was in Bailey County Memorial Park Cemetery under the direction of Singleton-Ellis Funeral Home.

Mr. Casey had been a Muleshoe resident since 1949. He was president of Muleshoe State Bank from August 1957 until his retirement in December 1970. At the time of his death he was owner of W.Q. Casey Insurance Co. in Muleshoe. He was a member of the Muleshoe Church of Christ, the Odd-fellows Lodge, the Masonic Lodge and Shrine.

Survivors include a son, J.W. Casey of Muleshoe; a daughter, Mrs. Beverly Gunter of Muleshoe; two sisters; two brothers; seven grandchildren; and four great-grandchildren.

## Recent Rains Benefit Crops

Tuesday night a welcome rain fell on the Twin Cities and surrounding area, benefitting crops and temporarily breaking the heat wave which has gripped the area for several weeks.

The long-awaited and greatly appreciated rain deposited from one to one and one-half inches moisture in the immediate area.

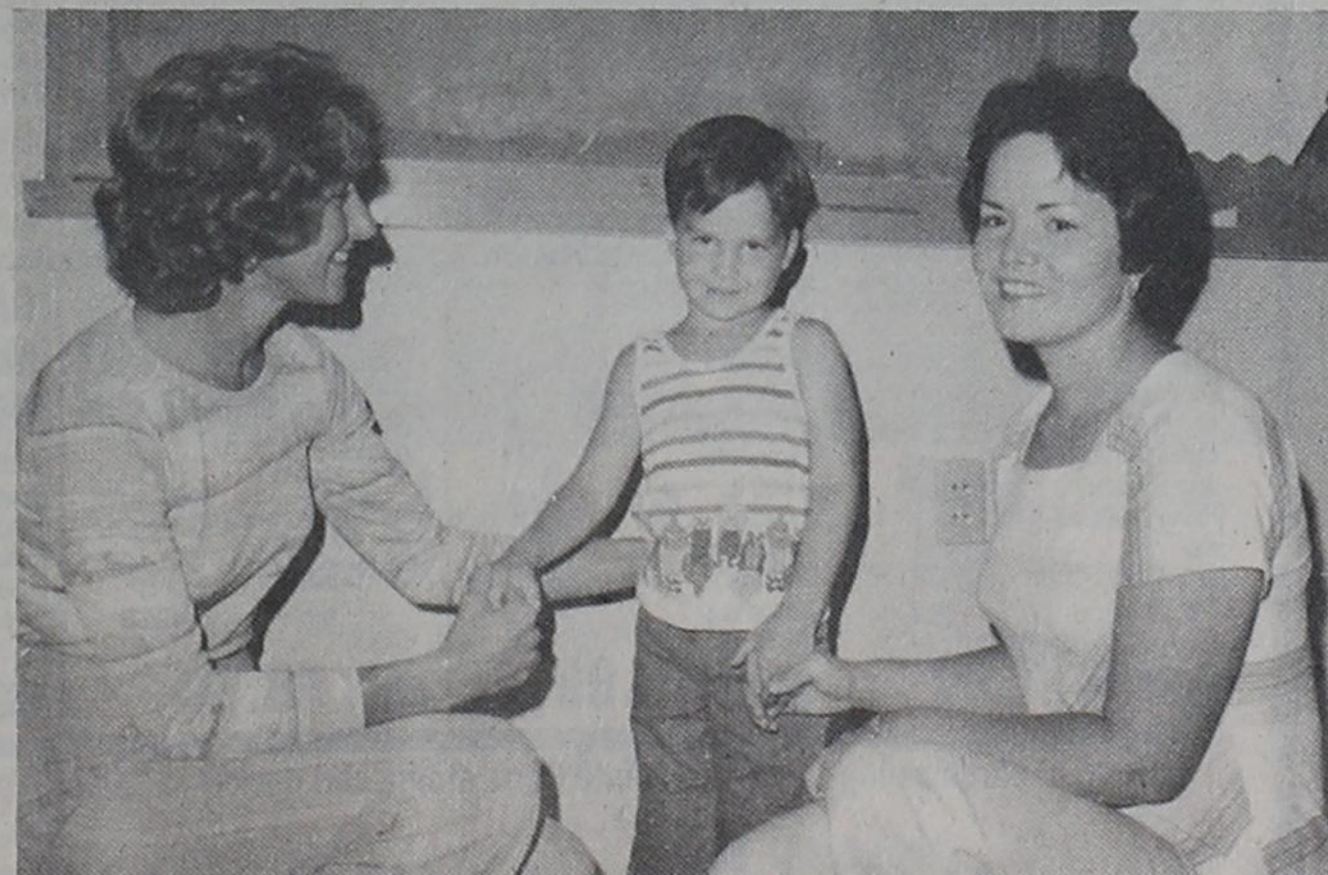

According to Mack Heald, Parmer County Agriculture Agent, the rain was "very good" for area crops, but "more is needed." Heald added that corn and grain sorghum greatly benefitted from the moisture, adding that dryland cotton fields also need more moisture.

Moisture reports were "varied and scattered" because of the blowing wind which accompanied the rain, said Heald.

### Texico Jr. High Registration Set

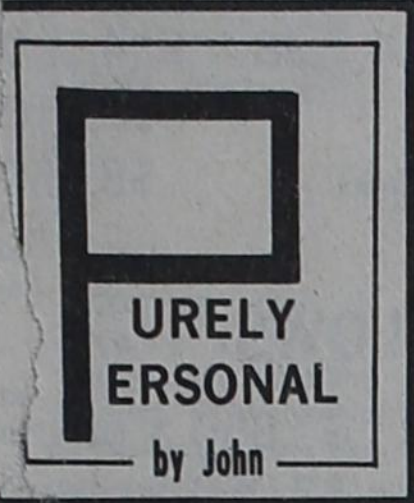

Kenneth Shaw, Texico Junior High School principal, has announced registration dates and times for next week.

Sixth graders are to register Monday, Aug. 15, at 8 a.m. MDT with seventh grade registration to begin at 10 a.m. Eighth graders are to register Tuesday, Aug. 16, at 8 a.m. MDT.

Meets  
Teacher

Twelve four-year-olds pre-registered Wednesday for the Farwell Church of Christ Day School which is slated to begin August 29. Little Warren Martin shyly holds hands with Floe Davis, left, one of the teachers in the day school, while also holding on to his mother, Mrs. Greg Martin, for assurance and support. The day school will conduct morning classes three days a week from 9 to 11:30 a.m. CDT.

Dear Mr. President:

In these times of inflation and high prices we often say, "A nickel will not buy anything anymore." A nickel will not pay for a postage stamp, a phone call, nor even your way into a pay toilet. A nickel will not buy a candy bar, a pack of gum, nor even a handful of peanuts. A nickel will not buy a Coke, a cup of coffee, nor even a cold drink of water in a lot of places. A nickel will not pay the grocers profit, the transportation, nor even the wrapping on a loaf of bread.

So you say, "Is there anything a nickel will buy?" Well, do not despair.

Thanks to THE GREAT AMERICAN FARMER, a most unique individual, who will go into debt to work for nothing to not only feed his own family but fifty-seven other people of this mighty nation. You can buy the wheat in a loaf of bread, or the corn in 24 2 inch squares of cornbread not for a nickel, but in fact, for less than 3 cents. So here it is.

Have a loaf of bread, or 24 pieces of cornbread on me and keep the change.

Sincerely yours,

The above letter, or a variation, is being sent to the President by many individuals involved in agriculture. It is a program of the local and national W.I.F.E. organization in an attempt to impress upon the administration the desperate plight of farmers due to the depressed grain market.

The sponsors of the idea hope that by actually enclosing three coins in the letter it will not be just summarily thrown away. Well, we are sending the President our three cents along with a similar letter and hope that somebody in Washington will thereby be not only three cents richer, but also some wiser.

We might suggest to the W.I.F.E. boosters that they also inquire how much of the cost of a loaf of bread goes to pay for union wages and taxes. It would be a worthwhile statistic to put before the President and Congressmen as they ponder raising the minimum wage and levying more taxes on business.

We had occasion to go to Midland last weekend and we took Texas State Route 214 south of Muleshoe to Seminole. We were amazed at the acreages of sunflowers along that road. For almost a hundred miles the country has turned to sunflower production. There was some cotton and very few fields of grain sorghum. All else was sunflowers and oil wells.

Would you believe that fall is not far away? We will. Two unmistakable signs are now very much in evidence. Pro football is back in the news and the Texico and Farwell cheerleaders have been busy in the park across from the old Tribune.

Just think, football, harvest, Halloween, Thanksgiving and Christmas are lined up like mileposts on the road of life pointing to the end of 1977. Tempus Fugit.

14 Criminal Cases - -

# 105 Prospective Jurors Summoned

A slate of 105 prospective jurors has been summoned for Tuesday and Wednesday of next week to hear 14 criminal cases in district court at the Farmer County Courthouse in Farwell.

Cases on the docket include The State of Texas versus the following: David Carlisle, murder; Frank Mendoza, burglary; Charlie Castillo and Arthur Castillo, forgery; Roy Fuentes, burglary; A.D. Willburn, theft; James B. Sweeny, burglary; William A. Lee, breaking and entering motor vehicles; Thomas F. Barker, theft; Larry Terry, theft; Gloria Valdez, forgery;

Also Joe Valdez, forgery; Ernest Maestas and Joe Valdez, forgery; Fred Constancio, Jr., theft; and Jose Ramirez Villarreal, burglary.

The following prospective jurors have been summoned to appear in district court Tuesday, Aug. 16, at 9:30 a.m. CDT:

Mrs. Joe Bailey Douglas, Arthur Miller Drake, Loy W. Spears, Sandra Linn Smith, Keith Garner, Joe Steelman, Glynna C. Harrison, Jackie Marie Dobbmeier, Cheryl Elizabeth Garrison, Alma Jo Witten, Sherry Lee Atwell, Ascencion Aguirre; Also Donna Francis Fall-

well, Mike Ellis, Michael Robert Riethmayer, David Gary Fields, Mellas Carlene Jones, Velma Jane Williams, Michael Dean McCallum, Loretta Kaye Hand, Mrs. Rex Beardain, Leslie Keith Menefee, Cynthia Ann Bishop, Joan King; And Paula Sue Daniel, Mrs. T.J. Hopingardner, Frank Saiz, Ellen Marie Estes, Nola McGee, Susan Jo Renner, Reaford Wenner, Carolyn Ann Dement, Everett J. McBroom, Mary F. Knight, Adabeth Smith, Leonard Gonzalez, Jr.;

Also Rebecca Jeane Noland, Mary Sue Benham, Carl Schlenker, Lottie Elizabeth Cochran, C.H. Murphy, Jr., Ramiro Nicholas Reyes, David Madison Thompson, Lester L. Rhinehart, Medford Clark Griffin,

Carlos O. Pena, Mrs. Harlin Obenshain, Kenneth JaDon Gallman;

And Juan R. Avila, Linda Sue Knowles, A.O. Gast, Haywood Vaughn, Joe Scott Menefee, Greg Don Martin, Carl Clayton Guess, Rex Steinbock, Mrs. Ben Rejinio, Jr., B.H. Kube, Dennis Wayne Anthony, Rex Bracken, Raul Rodriguez;

Also Calvin Talley, Billy B. Sides, Linda Nadene Bullock, Juan Buentello, Joy Morton, Mrs. Alicia Rodriguez, Melba Jean Hudson, Jane Houlette, and Darlene Murphy.

The following prospective jurors have been summoned to appear in district court Wednesday, Aug. 17, at 9:30 a.m. CDT:

Vernell Cunningham, Lyn

Eldon Randolph, Mrs. Clyde Magness, A.L. Nuttall, Roy Zieschang, Mrs. W.H. Dolar, Garvin Beaty Thorn, Darrell P. Mason, Charles Lee O'Connor, Anita Louise Bynum, Carolyn Rochelle Owen, Jonelle Kay Hand;

Also Mrs. Asa G. Smith, Faye Elizabeth Smith, Mrs. Fred Langer, Oral Kunselman, Jr., Charles Jackie Morgan, Robert Wesley Read, Debra Beth Baxter, Jessie Edison Lappin, Mrs. Mitchell Walls, Mrs. McFarland C. Osborn, Hazel Lee Guinn, Clarence Ray Monroe;

And Joe W. Magness, Caryl R. Fallwell, Eugene Ellis, Opal Louise Widner, Shirley Trusler, Mrs. Leon Hart, Jennie Snead, Eddie J. Hall and William Donald Shipley.

## Center Open House . . .

(Continued from Page 1) ments decorated the Center and the halls echoed with the sound of Christmas carols.

Other special events were the Valentine's Day party and Easter egg hunt which the Baptist Young Women of First Baptist Church in Farwell sponsored. Thrills were had by all — sponsors, children and residents alike.

Every few months the new traditional family night celebration offers something for everyone from door prizes to lots of food and slide shows. Birthday parties are also held every month along with watermelon feasts and cookouts.

Even though 70 residents have been admitted since the facility first opened its doors, only 48 people — including two couples — are presently living at the Center.

"Since we have a 100-resident capacity we have almost reached the half way mark which is not bad for the first year," Mrs. Nittler says. "We have had several residents recuperate and return to their homes and that leaves us with a very good feeling," she continues.

During the past year the Center has steadily progressed and grown. Presently wings A, C, D, E, and F are in use and B wing is to be opened for occupancy soon. Mrs. Nittler says the Center is unique because "couples can live here pleasantly." It also offers suites, private rooms and semi-private rooms. She also added that no more than two residents ever share one bathroom.

A staff of 33 operates the Center under the able leadership of Mrs. Nittler

and Mrs. Copeland. "Our motto is lots of TLC (tender loving care)," Mrs. Nittler says. "We strive to create a homey atmosphere. We feel we are only as good as our staff and our staff is wonderful," she adds.

One of the future goals of the Center is to have 60 residents which would then put the Center in a "breaking even" position, says Mrs. Nittler, adding that they presently have a large enough staff to accommodate 60 residents. But after reaching 60 residents she said they would have to employ an RN supervisor of nurses. Now the Center has an LVN director of nurses with an RN consultant. They are presently looking for an RN director of nurses.

Other plans for the future call for adding another Century tub — which is a favorite of all the residents. Mrs. Copeland said that even though the rooms have baths, the residents prefer to use the Century tub.

"We also want to add an exit door which leads directly to the patio," Mrs. Nittler says. "We use the patio a lot, especially during warmer weather and adding an exit door would be a great asset to the residents who otherwise have to travel a longer distance around part of the building before reaching the patio," she adds.

Besides having outdoor fun the residents also try to stay as active in the community as possible. The recent Border Town Days celebration proved a great boon as the Center residents readily constructed flowers for the Center's float and many enjoyed the

parade as well. Farwell Convalescent Center is scarcely a year old, but it has been a year well spent — drawing the new facility and the community closer together.

Mrs. Nittler always encourages visitors — especially family members of residents — to come in, look around and have a cup of coffee. She especially encourages everyone to attend Sunday's open house and reception.

**20-Year Service Award**

Jo Schell, program assistant clerk at the ASCS office in Farwell, receives a 20-year service certificate from David Grimsley of Friona, acting chairman of the Farmer County ASCS committee. Mrs. Schell also received a charm for her bracelet.

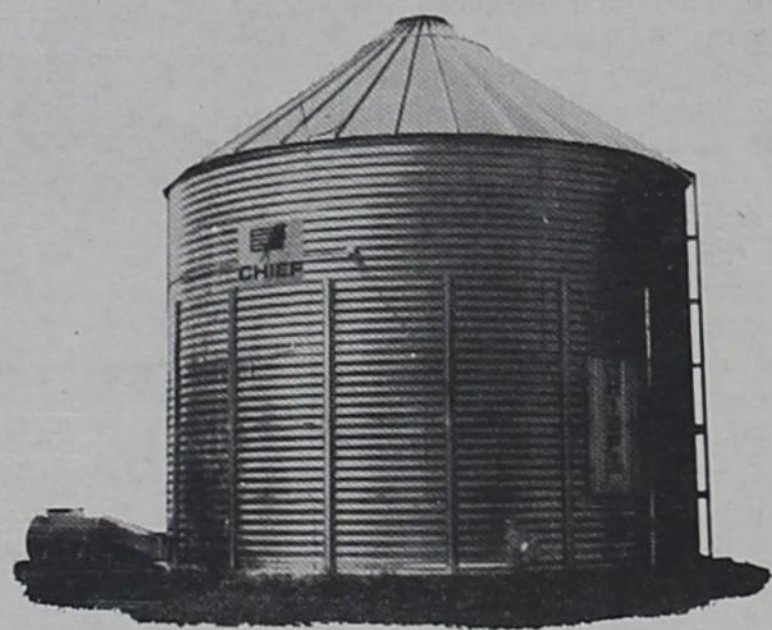

Some oak trees are 1,000 years old.

## On The Farm In Parmer County

By MACK HEALD  
County Agent

Deciding when to stop irrigating a crop is often tougher than deciding when to start. Both decisions are sometimes made with uncertainty and with a desire for more definite clues.

In the case of corn, the "grain maturity line" can be a guide on when to stop irrigating, but judging grain maturity in corn is matter of micromesurements.

Leon New, irrigation specialist for the Texas Agricultural Extension Service, says grain maturity stages determine whether further irrigation is profitable, and should be closely checked before irrigating.

Corn kernels mature from the outward tip inward toward the cob. As kernel maturity progresses, a definite white-yellow color distinction can be seen. This color separation on each kernel is known as the maturity line, commonly referred to as the starch line.

The outward portion of the kernel that is mature and has reached full weight is yellow and hard while the inner portion toward the cob is white, in the dough stage and yet to mature. In heavier clay soils such as Pullman silty clay loam, Acuff and Olton loam, growers should irrigate until the maturity line has progressed to 1/2 to 1/2 the inward distance down the kernel.

In other words, try to have a full profile of soil moisture at this stage of maturity. This level of soil moisture is generally adequate for the unmaturing portion of the kernel to mature and to maintain stalk quality. On sandy soils and other instances where individual application amounts have consistently been less, corn should be irrigated until the maturity line has progressed to 1/2 to 3/4 the distance down the kernel. This will normally occur around August 15 to 20 for corn planted in mid-April.

New says the maturity line is also visible on white corn kernels but it is not as distinct as in yellow kernels. To identify the maturity line, one should break a corn ear in two and closely inspect the exposed full kernels. Kernels exposed by the external portion of the ear show the maturity

line more clearly. There are two other methods of identifying corn maturity, both relating to the maturity line. One is denting and the other is the forming of the black layer.

Denting is the first stage of maturity. Initial denting occurs as the maturity line forms and begins to move inward down the kernel.

The formation of the black layer is a signal of full maturity and is visible after the maturity line reaches the inward point of the kernel, near the point where the kernel attaches to the cob. A dark brown line first appears near this point and later turns black. It can be located by cutting into the tip of the grain.

After the black layer forms, the kernel can no longer increase in weight. Irrigation after this stage is of no benefit except to maintain stalk quality.

The maturity line is the most exact identification of the stage of corn grain maturity, but the three maturity signals can be used together. It could pay to follow grain maturity and soil moisture closely this year, especially if dry weather continues. An additional furrow irrigation toward the end of August last year on fields where sub-soil moisture had been used boosted corn yields 800 to 1000 pounds per acre in areas checked in Deaf Smith and Hale Counties.

No significant yield increase is normally expected from irrigation that late, but it was unusually dry.

### SHERIFF'S REPORT

Parmer County Sheriff Charles Lovelace reports that the sheriff's department investigating the theft of eight planters and boxes from the Tony Lupton place nine miles east of Friona. Sheriff Lovelace also reports that \$400 worth of tools was taken from the Junior Doherty farm located seven miles east of Farwell. This incident is also under investigation.

### Attend Twirlers Camp

Farwell Twirlers spent a busy two weeks last month attending Texas Tech Band Camp where they learned new drills and routines and participated in competition at the end of the camp. The varsity twirlers earned a "2" rating. They are, from left, back row: Brenda Jones, Roxie Chandler, and Lisa Howard. Others who attended are, from left, front row: Tori Hardage and Betsy Black, junior varsity; Kay Geuther and Tammy Obenshain, junior high. Not pictured is junior varsity twirler Lisa Darby.

### Texico Chamber Discusses Park

The K.K. Runnells Memorial Park was a major topic of discussion at the Monday night meeting of Texico Chamber of Commerce. It was reported that

work on the project is at a standstill because the matching federal funds have not been received. Joe Caywood was to meet with the Texico City

Council Tuesday night to try and determine the reason for the delay. According to Louise Enggram, Chamber secretary, "we have finished our part" and now it is time for "the federal government to keep its part of the bargain."

Replacing street signs and stop signs was discussed, but the matter was tabled until the next meeting to give Chamber members a chance to determine the financial cost of such an undertaking.

Caywood has been appointed to head the committee to obtain a speaker for next year's Chamber banquet.

In other business the Chamber decided to endorse the talent contest to be in conjunction with the Roosevelt County Fair, Portales, August 25.

### Farwell School Board Hikes Lunchroom Prices

At the regular Monday night meeting of the Farwell School Board, it was voted to increase the prices of meals in the school cafeteria and the snack bar.

New prices for noon meals in the cafeteria will be 60 cents for first through six grades; 65 cents for seventh through 12th grade; 80 cents for teachers; and 85 cents for guests.

All snack bar items such as sandwiches and burritos etc., which are prepared by the cook have been raised five cents in price. The price changes are effective for the 1977-78 school year.

In other business it was reported that the tax rate will remain at \$1.45 per \$100 of value for the upcoming school year.

In other business Christy Rudisill was hired to teach high school mathematics and Sarah Owens was hired as the school nurse.

### Class Has Cookout

Junior Sunday School class of First Baptist Church in Farwell recently enjoyed a hamburger cookout at the home of Mr. and Mrs. Joe Hughes of Farwell. Refreshments consisted of ice cream and desserts brought by the members of the class.

Attending besides the host couple were Bo Bartley and Estelle Billington, class instructors, and Tim Hughes, Logan Dollar, Shana Blain, Sheila Stewart and Audrey Autrey.

## Steers And Wolverines In Pre-Season Workouts

High School football begins next month and in preparation for the coming season both the Farwell Steers and the Texico Wolverines are busy with pre-season workouts and drills.

Farwell Steers began two-a-day workouts Monday. Head coach Tom Whatley reports that pads, helmets and other gear were to be distributed today (Friday) and contact drills were set to begin today.

Whatley said the Steers will scrimmage Sudan Friday, Aug. 26, at Steer

Stadium at 7:30 p.m. CDT.

Texico Wolverines were to begin working out twice a day Thursday. Head coach Paul Topliff reported that equipment will be issued today (Friday) and contact workouts will begin Monday.

According to Coach Topliff, the Wolverines will scrimmage Clovis junior varsity Friday, Aug. 19, at Clovis. The time has not been set. Another scrimmage is planned with Portales junior varsity but no date or time as yet has been set.

## FIRE CALLS

Farwell Volunteer Fire Department reported three fire calls and one emergency vehicle call this week. They answered a call to a grass fire Monday three miles out on the Amarillo highway. Tuesday the fire units responded to a call to Castor Feed Lots but were not needed to put out a fire. Early Wednesday morning they extinguished an electrical post fire near the Gilbert Kaltwasser home in the Oklahoma Lane area. The emergency vehicle transported an accident victim to the hospital in Clovis Monday night.

Texico Volunteer Fire Department answered one fire call and one emergency call this week. Monday night the emergency vehicle transported an accident victim to the hospital in Muleshoe. Tuesday night they were called to a chicken coop fire three miles south and three and one-half miles west of Texico. The building, on the Francis farm, was a total loss.

"Good things are twice as good when they are short." Baltasar Gracian

## Tribune Gets Press Award

The State Line Tribune won third place honors in advertising composition for weeklies in cities under 3,000 population at the West Texas Press Association last weekend in Midland.

Accepting the award at the Saturday morning program at the WTPA gathering was John Getz, Tribune publisher and ad manager. Getz and his wife Joann attended all sessions of the press convention held at the Midland Hilton Thursday through Saturday, returning to Farwell late Sunday.

### Texico Names Bus Drivers

Texico School Board met Tuesday night and accepted the milk supplier bid of Preston Dairies, Inc., for the coming school year.

In other business bus drivers and standby bus drivers were approved for the 1977-78 school year. Drivers include Jean Skaggs, Tanya Skaggs, Paul Skaggs, Mickey Fenn, Phyllis Fenn, Max and Patricia Carter, Laqueta Stephens, and Minnie Hagler.

One migrant aid, Celeste Flores, was also hired by the board.

day through Saturday, returning to Farwell late Sunday.

The Hamilton Herald News won first place in the advertising composition category and the Rotan Advance won second place.

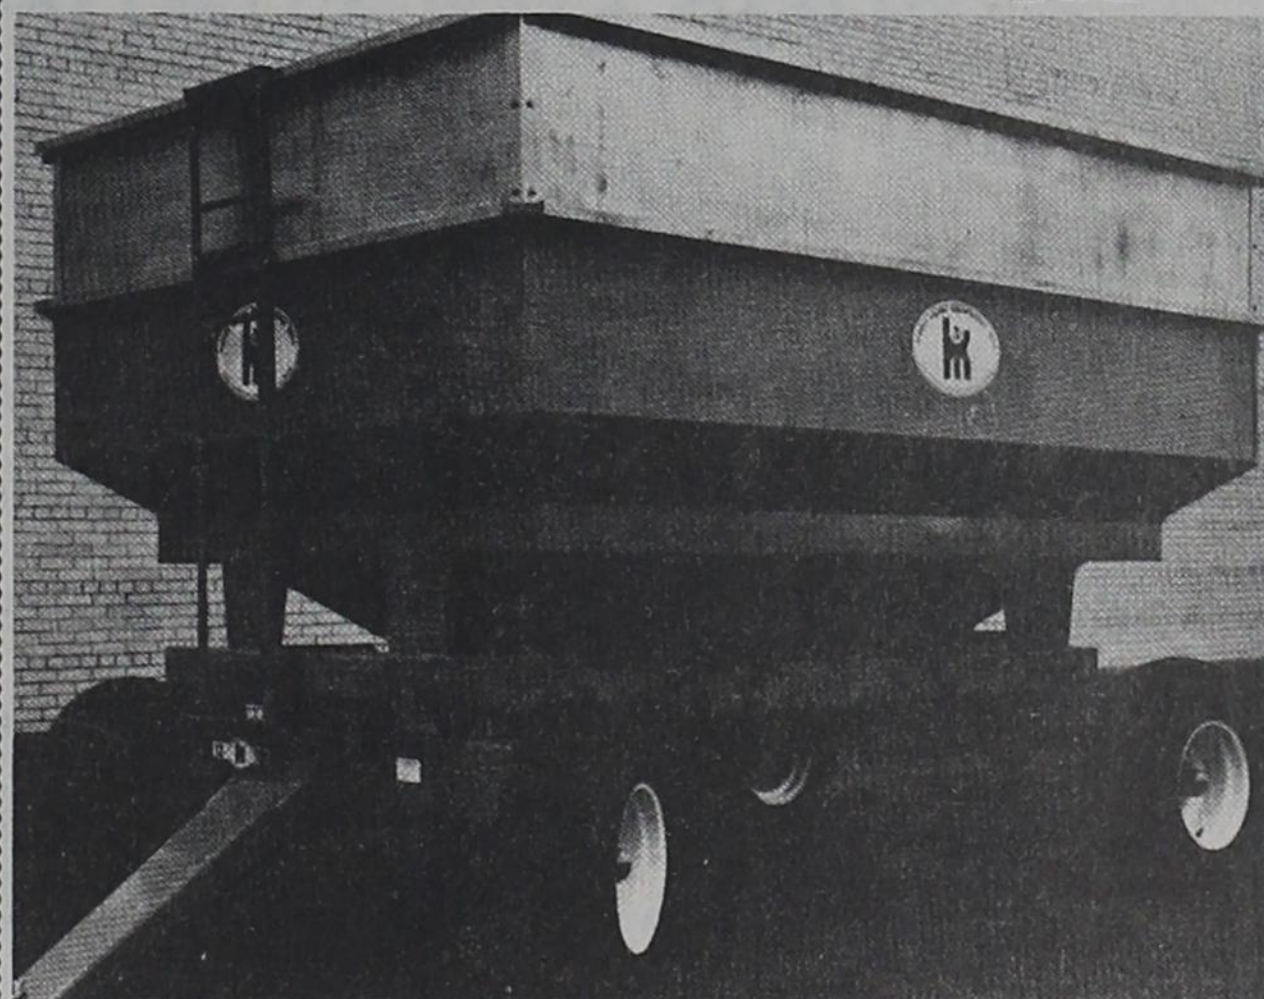

Assisting with advertising composition at the Tribune are Brenda Gulley and LaWanda Meeks.

4-H, the youth program of the nation's Agricultural Extension Service, means different things to different people. To parents, 4-H is an opportunity for their children to associate with other children in a wholesome atmosphere, a chance for them to work with other adults, and an organization where youth take some responsibility for their own behavior. To young people, 4-H is a place to learn, have fun and associate with others their age. And to volunteer leaders, it is an opportunity to help young people and contribute to their community. Some 4.2 million youngsters in the 50 states, Guam, Virgin Islands and Puerto Rico are guided by 519,000 volunteer leaders in programs varying from beef cattle, foods & nutrition, horsemanship to photography, consumerism and aerospace. The purpose of 4-H is to help young people grow and develop along physical, social, mental, emotional and vocational lines, and a good job is being done in all areas.

## N-SERVE★ HOW IT WORKS

N-SERVE blocks bacterial action that would quickly convert ammonium fertilizer to nitrates. Nitrates are subject to rapid loss through leaching and denitrification. This blocking action keeps nitrogen in the soil longer so that it becomes available slowly as it is needed. This reduces the crop stress that would occur from temporary nutrient shortages if you had to rely on side-dressings to maintain a steady nitrogen supply.

## New Pastor, Family Settle In Farwell

### New Pastor And Family

Among Farwell's newest residents are Rev. and Mrs. Dudley Bristow and their four children, from left, Mark, Kari, Angie, and Chris. Rev. Bristow is the new pastor of the First Baptist Church. The Bristows say they are very excited about their new home and are overwhelmed by all the love and kindness which local church members have shown them. They have been busy the past two weeks settling in and getting acquainted with the community and the congregation.

ization for boys in the first through 12th grades.

As a minister Rev. Bristow believes in getting to know the people of the congregation and he encourages them to call on him whenever they need him. "I am here to serve and that is what I try to do," he says.

Besides serving in Amarillo, Rev. Bristow has pastored Baptist churches in Lefors and Lela, Tex., and Ada, Okla.

For recreational activities the new pastor likes to camp out and he enjoys

### To Colorado

Mr. and Mrs. Joel White and children, Peggy, Boyd and Bruce, of Farwell, spent last weekend sight-seeing in various areas of Colorado, including South Fork, Creede, Del Norte, Trinidad and Fun Valley.

The Whites also stopped at Albuquerque on their way home and rode the tram to the top of the mountain there. They returned to Farwell on Monday.

"playing" with his electric train. Camping out is a family sport, especially for Chris who also likes to backpack whenever possible.

Mrs. Bristow loves to sew, and to grow plants. A busy homemaker, she says she enjoys doing things for

her home and family.

All the Bristows agree that Farwell is "a lovely community" and they are very glad to be a part of it. "The love people have shown us since we moved here has been unreal," says Rev. Bristow.

## Texico Teachers Attend Leadership Workshop

Members of the Texico Education Association attended a leadership workshop held August 1-5 at Highlands University, Las Vegas, N. M. Those attending were Mrs. Joan Edwards, TEA president; George Herrington, vice-president; and Dale Schwartz, elementary building representative.

Other officers of the local Association include Mrs. Wanda Turnbough, secretary-treasurer, and Mrs. Paula Leighton, high school building representative.

Topics for the summer

workshop included local leaders and district leaders training, membership promotion, communications, the teacher and the law, instructional improvement for professional development, and labor department workshop.

Emphasis on this year's program will be on the effectiveness of the local association. The primary purpose of the workshop was to equip local leaders to more effectively serve the needs of the educational community of the Texico Schools.

## Convalescent Center Chit Chat

As Reported by the Center Staff

Recently the big news around Farwell Convalescent Center has been the Border Town Days parade which many residents and staffers enjoyed July 30. Special thanks are extended to all those who helped with the Center's float, including Martha Curtis who painted the signs and the First Baptist Church for donating the paper. Hamlin Memorial United Methodist Church donated tempera paints and the residents made the flowers.

Six residents rode inside the station wagon, including Carolyn McDaniels, Nora Edens, Nelson Hurst, Annie Hill, Rufus Carter and Maude Wilson. They all agree that they are "not getting older, but are getting better."

Several Center representatives rode on the float behind the car. Many other residents enjoyed the parade thanks to Jo Geuther, RN consultant, Carrie Anderson, Auxiliary member, Scotty Barris of Clovis and Martha Myers, LVN who provided the transportation. Those participating in the BTD event all had a few things to say about their experience:

Rufus Carter -- "It was my first parade and it sure was fun."

Nelson Hurst -- "It sure was hot."

C.H. and Ida Whitener -- "It was the best parade ever."

Bertha Kaltwasser -- "Simply beautiful."

Maude Wilson -- "It sure is something to wait until you are 83 to ride in your first parade."

Nora Edens -- "Enjoyed it. Never remembered seeing a parade before."

Carolyn McDaniels -- "Almost as good as the ones in Carlsbad."

Annie Hill -- "Enjoyed chewing bubble gum as well as giving it to the children."

Ollie Utsman -- "Made

me wish I were a kid again."

Inez Sullivan -- "Really nice, but I think our float should have been first."

Dora Nittler -- "I was happy to participate in the parade even though the wheelchair did not fit me. I also enjoyed the bubble gum."

Floie Copeland -- "Look out, judges, next year we are out to win."

Special thanks to Ronnie Mitchell for spraying the trees and garden and to the women's Sunday School class at the First Baptist Church in Farwell for purchasing several permanents.

Rev. Carrell Watkins, pastor of Calvary Baptist Church in Farwell, officiated at the July 31 services, with 35 in attendance. Mrs. Copeland is presently working on the schedule for the next three months beginning in September. If anyone is interested in conducting the services and is not already on her list they are to contact Mrs. Copeland at 481-9027 by next week.

Maude Wilson recently enjoyed an outing with her family, the Bert Williamses, of Farwell. They all went to Clovis to eat Chinese food.

Floie's Quote: "God gave us memories so that we might have roses in December." James M. Barrie.

Everyone enjoyed a hot dog supper out on the patio Wednesday evening. Special guests were honored and homemade ice cream was served.

Dutch Quickel representing the Farwell Chamber of Commerce, donated several watermelons to the Center. One weighed about 40 pounds.

Jim Couzourt of Canyon, a social worker for the Texas Department of Public Welfare, took several slides of the residents preparing their float for the BTD parade and of the parade itself. At a future date he will return to the Center for a showing of the slides.

Rev. Russell Martin, pastor of Hamlin Memorial United Methodist Church, conducted Sunday afternoon worship services August 7.

An open house will be held Sunday, Aug. 14, from 2-4 p.m. CDT to commemorate the Center's first anniversary. All are invited.

Sunday was a special day at the Center as three generations of the Whitener family celebrated their wedding anniversaries. They observed the special occasion with dinner at the Center and a party at Pleasant Hill. Sunday was Mr. and Mrs. C.H. Whitener's 53rd anniversary. Their son and wife, the Howard Whiteners, celebrated their

25th anniversary, and their grandson and wife, the Gerald Whiteners, observed their first anniversary.

All are enjoying the fresh cut flowers which Trumi Christian Wiloth donated from her wedding decorations.

On August 3 all enjoyed a hot dog supper out on the patio. Special guests were honored and homemade ice cream was served. Farwell Varsity twirlers Roxie Chandler and Brenda Jones performed several routines for the audience.

James Symcox, son of Mr. and Mrs. Vernon Symcox, presented a special gospel music program Tuesday evening.

## WIFE To Meet

### Fender Bender

Officer Emmitt Sparks of the New Mexico State Police investigated a two-vehicle accident Tuesday at the Pleasant Hill road and airport road intersection. No injuries were reported. Officer Sparks issued citations to the drivers of both vehicles. Johnny Fulgam of Texico, driver of the truck, received a citation for having defective equipment and Cella Johnson of Texico, driver of the car, was cited for improper passing.

 "Sales and Loans Are Our Service"

**TWO MINUTES WITH THE BIBLE**  
 BY CORNELIUS R. STAM, PRES.  
 BEREAH BIBLE SOCIETY  
 CHICAGO, ILLINOIS 60633  
  
**ONENESS WITH CHRIST**

"I am crucified with Christ" (Gal. 2:20). Salvation is actually coming into oneness with the Lord Jesus Christ.

"The wages of sin is death" and "the soul that sinneth shall die," but Christ was not a sinner. After having examined Him carefully, even Pilate said: "I find no fault in Him" and "I find no cause of death in Him."

It was therefore not His death that He died at Calvary. It was ours. He had come from heaven to be born into the human race as one of us to die our death.

It is when we view that death at Calvary and say: This is not His death He is dying. It is mine - it is then that, by an act of faith, we become one with Him. His death was ours; the penalty for our sins, but it is not applied to us until by faith we accept His death as ours. Thus the Apostle Paul declares by divine inspira-

tion: "I have been crucified with Christ" and he adds: "the life which I now live in the flesh I live by the faith (the fidelity) of the Son of God, who loved me and gave Himself for me" (Gal. 2:20).

Since the believer has been united with Christ in death, he is united with Him in resurrection life too. Col. 2:12 says that believers are "buried with Him in baptism." This is not baptism by water. This is a divine baptism, the work of the Holy Spirit, for he goes on to say: "wherein also ye are risen with Him through the faith of THE OPERATION OF GOD."

Little wonder the apostle begins this lesson for believers with the declaration: "For in Him dwelleth all the fullness of the Godhead bodily, and YE ARE COMPLETE IN HIM" (Col. 2:9,10).

**Rain Scenes**

Tuesday evening's long awaited and much needed rain called a brief and pleasant halt to the heat wave which has gripped the area for the past several weeks. These rain scenes were taken through the front windshield of a car. The first picture depicts part of Third Street which was turned into a "lake" soon after the showers began. In picture No. 2 a brave traveler plows through the excess water which plagued drivers along the highway through Farwell. Picture three was also taken along the highway. The black line in the photo is really a windshield wiper. The picture shows another vehicle edging its way through the torrents of rain and small lakes which collected during the storm. Most of the area received from one to one and one-half inches of rain which greatly benefited crops.

Tetanus immunization is not kid stuff. Adults need its protection, too. More than half of the reported cases of tetanus occur in persons 50 years of age or older. Tetanus -- also known as lockjaw, can often be fatal. It is caused by spores of bacteria which can enter the body through a wound. The spores are almost everywhere, but particularly

in manured soil. Because the tetanus germ cannot grow in the presence of air, deep puncture wounds or cuts are a favorable growing environment for the germ. Once in the wound, tetanus germs secrete a toxin. This toxin is so powerful that one-fourth teaspoonful is enough to kill 100,000 people.

For children, protection against tetanus usually starts with the basic immunization series -- in which the tetanus toxoid is given in combination with diphtheria toxoid and pertussis vaccine -- at two, four, six and eighteen months with a booster when they start school. To continue the protection, physicians generally recommend a booster every

10 years. Adults should consult their physician or local health department about their immunization status. Everyone should be protected against tetanus, but it is particularly important for pregnant women and agricultural workers and adults in occupations in which tetanus-favoring injuries are frequent.

**AROUND THE TWIN CITIES**

Farwell City Council will meet Monday, Aug. 15, at 5:15 p.m. CDT at the City Hall. Center. There will be a special called meeting of Texico City Council Tuesday night, Aug. 16, at 6:30 p.m. MDT at the City Hall to discuss water line extensions for W.D. Howard and Texico Schools. Farwell Hospital District Board will meet Tuesday night, Aug. 16, at 8 p.m. in the Farwell Convalescent

# Local Dog Second In Portales Show

Lee's Lucky Chance, a Golden Retriever owned by Dr. and Mrs. Lee Clayton of Farwell entered his first dog show July 17 at Portales and won second place in conformation. Dr. Clayton explained that in that category Chance was judged against all the other dogs of his breed entered in the show.

During the obedience phase of the judging the local dog made a fatal error which cost him all his points. Chance managed to heel on leash, stand for examination, heel on leash, recall and long sit, but during the long down, he sat up and that cost him all the points in the

competition.

But Dr. Clayton is not disgruntled as this was Chance's first competition and he is only eight-months old. Besides, the local dentist says, he mainly got involved with the obedience school and subsequent dog shows "because it is fun and an enjoyable pastime."

The show in Portales was not an official AKC competition, says Dr. Clayton, adding "it was more like a warmup for future events." Perhaps Chance will be given another chance to prove his mettle at a future show, but for the most part the Golden Retriever is a family pet who will probably accompany his master on future hunting expeditions.

Dr. Clayton purchased his dog from Mike Norris of Texico several months ago. Last May they enrolled in an obedience school offered through the YMCA in Clovis. Instructor Lonnie Leslie worked with the students and their dogs, showing them how to teach their pet to obey hand and vocal signals. "We were taught in theory

how to do it," says Dr. Clayton, "but the actual practice sessions were held individually outside of regular classroom instructions."

Every day for at least 30-45 minutes the local dentist works with Chance, putting him through his paces and reinforcing all the commands. "Practice, practice and more practice," says Dr. Clayton, "is the key to success." "Chance has to have the commands reinforced time and time again in order to remember them," he adds.

Apparently all the weeks of work and practice have paid off as Chance now is beginning to respond to hand signals as well as vocal commands. Dr. Clayton explained that Golden Retrievers are easier to train than some other breeds. He says he is having fun working with Chance and is not really sure if he will pursue future obedience schools with his dog. "The important thing for now is that Chance is learning the rudiments of following commands," he says.

## Obedience Scholar

Dr. Lee Clayton of Farwell and his eight-month-old Golden Retriever, Lee's Lucky Chance, are pictured demonstrating the official heel off leash position which they learned while attending a recent obedience school in Clovis. To prove that he has mastered the technique, Chance must sit immediately as soon as Dr. Clayton stops walking and he must remain in that position without moving until he receives either a vocal command or hand signal allowing him to move again. Chance was entered in the Portales Dog Show July 17 and earned second place honors in the conformation category.

You can tell a fresh cranberry is really ripe when it bounces.

## Texico-Farwell Booklore

The site now occupied by Farwell is associated with two historic institutions: the XIT Ranch and the State Capitol.

The XIT Ranch has been billed as the largest ranch in the Old West and the largest fenced range in the world. The State Capitol at Austin, an imposing structure of granite, is probably the largest statehouse in the country.

On Feb. 20, 1879, state legislators decided to sell some Panhandle land with proceeds paying for a state capitol. Not until 1882 was a bid accepted to build a new capitol in exchange for 3,000,000 acres of land.

Taylor, Babcock and Company of Chicago acquired the contract from the successful bidder and completed the capitol building in 1888.

This company, which came to be known as the Capitol Syndicate, was composed of Abner Taylor, A.C. Babcock, John V. Farwell, and Charles B. Farwell.

When the town of Farwell materialized soon after the turn of the century, it was named in honor of the brothers John and Charles.

The XIT Ranch, established by the Capitol Syndicate on the huge parcel of land patented by the state in exchange for the new capitol building, sprawled over portions of Dallam, Hartley, Oldham,

Deaf Smith, Parmer, Castro, Bailey, Lamb, Cochran, and Hockley Counties.

Folklore persists that XIT stands for "Ten in Texas," referring to these ten counties. However, it is doubtful that Ab Blocker had any such notion when he originated the brand in 1885.

Parmer County was more nearly covered by this vast ranch than was any of the other nine counties, as illustrated by a map of "The XIT Ranchlands" in the 1967 edition of *The XIT Ranch of Texas and the Early Days of the Llano Estacado* by J. Evetts Haley of Canyon.

This same map is reproduced in *A History of Parmer County Texas*, a 1974 book edited by Nelson Lewis for the Parmer County Historical Society.

Parmer County, in fact, was entirely enveloped by the early-day ranch except for a minute portion in the northeastern corner.

Because of this extensive

acreage in the county, Farwell became the location of a thriving land office when colonization began as the successful climax to twenty-eight years of operation by the XIT Ranch.

Notwithstanding a lapsus calami locating Running Water Draw south of Farwell instead of Bovina, Haley's book about the XIT Ranch is an indispensable source of local and area history.

It was first published in 1929 and then appeared in a slightly revised edition in 1953-1954. The Western Frontier Library Edition (1967) is one of four notable volumes by Haley being kept in print by the University of Oklahoma Press. - C.C.C.

On the average, there are five right-handers for every left-hander.
