## A BTD record

I think we will have a record number of class reunions at Border Town Days this year - 13 so far.

That's simply fantastic. It's a lot of fun to see friends you haven't talked with in awhile.

A special reminder to all groups: the volleyball tournament will be held at the south end of the city park, plus across the street. So if your group sets up in that area, we may kindly ask you to move a bit when the volleyball action starts later in the afternoon.

\*\*\*  
We've been reporting that among the entertainment at BTD July 30 will be the Frank Vega Band.

That's because I've been talking with Frank about the details. But I should note who else is in the band: Benito Vega, Happy Vega, David Ancira, Nino Sifuentes and David Everett.

\*\*\*  
The Texico Class of 1984 will hold its 10 year reunion at Border Town Days.

They will meet Friday night at the home of Roger and Alta Jesko to decorate the float they will ride in the parade on Saturday morning and to visit.

After the parade, they will meet in the park.

This is the 12th class reunion to signify they will meet at BTD this year.

\*\*\*  
Great news for BTD: The Bells' CAKE Train will be on hand to give rides to youngsters.

The popular train was missed at last year's BTD due to illness in the family.

As always, we appreciate the support of Pleasant Hill's Marcy and Jerry Bell.

\*\*\*  
Please don't forget to bring chairs with you when you come to BTD.

This is especially important for the older folks. There will be entertainment from 1 to 5 p.m. and that's way too long to stand.

So, please, don't forget to bring chairs.

\*\*\*  
Once again, we will have an area for handicapped parking set up near the gazebo. It's in back of the county courthouse on 4th Street and next to the old jail. Signs will signify where it is.

This was begun two years ago and has turned out very well. It gets good use.

\*\*\*  
We still have space for arts and crafts exhibitors. If you have homemade crafts to sell, please call Lynne Mahaney at the Farwell Post Office - 481-3601.

The deadline is fast approaching.

\*\*\*  
Last year was the first time the BTD parade was honored with a group of antique tractors. They were a big success.

This year, Dent & Co., Clovis, is sponsoring cash prizes for these antique tractors, in three categories: longest distance traveled, oldest tractor and judge's choice. Each winner will get \$25.

As with the antique cars, Orie Jones is in charge of the antique tractors.

\*\*\*  
Overall, if the weather does its part, it should be a super BTD on the 30th. The parade is shaping up nicely (wait til you see the miner 49'er), the variety of concessions looks yummy and the entertainment promises to be first class.

And it's all FREE!

However ... the way we pay for all the BTD fun is to sell buttons. And we have a

## 'Sugartime' Phillips to perform

Charlie "Sugartime" Phillips and the area's top western band, "The Sugartimers" will be playing a benefit dance at the Farwell Community Center July 30 at 8:30 p.m. Tickets are \$5 in advance, \$6 at the door.

This is the 6th annual benefit that Phillips will be doing for the Farwell Convalescent Center at Border Town Days.

The "Sugartimers" band consists of Jimmy Young, fiddle; Frank Hardcastle, lead guitar; Chet Calcote, bass guitar; Vick Ashmead, steel guitar, and Ted Czahowske, drummer. Young and Calcote once played with the legendary Bob Willis and the "Texas Playboys" band. Young was just recently inducted into the Western Swing Hall of Fame in California.

Phillips became famous for writing and recording the No. 1 hit in 1958 called "Sugartime". His original version was recorded at the Norman Petty Studios in Clovis. Buddy Holly played the lead guitar on the original recording. It hit the top of the country and western charts, but the McGuire Sisters' pop version gave it worldwide recognition.

Phillips was just a teen-ager in Farwell High School when he wrote "Sugartime" while driving a tractor on the family farm. Since then he has recorded a number of country and western hits. In the '60s every record he made was on the national charts. He performed on the Grand Ole Opry and toured the country with Johnny Cash, Willie Nelson, Brenda Lee, Jim Reeves, and Marty Robbins.

Advance tickets may be purchased at Stateline Drug, Hughes Auto Parts, the Beauty Box and Rip's Western Wear.

## BTD giveaway

This new pickup truck will be given away at Border Town Days on July 30 by the Texico Volunteer Fire Department. Tickets cost \$20 and are available at local businesses.

## BTD draws closer

Has your group signed up yet for Border Town Days July 30? Here's a rundown of BTD as the countdown continues:

### Giveaways

This year's major giveaway will be a new pickup truck sponsored by the Texico Volunteer Fire Department. Tickets cost \$20 and are available at local businesses.

### Arts & Crafts

Lynne Mahaney, the Farwell postmaster, is in charge of this event. She can be contacted at 481-3601. So far, 29 artisans who have homemade arts and crafts have signed up.

### Volleyball Tournament

The second annual volleyball tournament will feature six-man teams. Women can play on men's teams.

If at least four women's teams sign up, a women's tourney will be held, too.

The tourney will start at 3 p.m. on July 30. It will use a new format - Rally Volleyball. Under this format, a point is scored each time the ball is served. There will be no time limits because the games will go quicker.

Last year, 10 men's teams entered. If the same amount enters this time, T-shirts will be given to the top two or three teams.

The cost is \$40 per team. To sign up, contact Richard Carpenter at 225-4055 or Byron Mayfield at (505) 683-5229.

### Concessions

Cynthia Thigpen, Farwell city clerk, is in charge of the concessions at the Day in the Park. She can be contacted at 481-3620.

## McGaa seeks 2nd officer

Farwell Police Chief Roy McGaa made another strong plea to the Farwell City Council Tuesday for the city to hire a second police officer.

McGaa said he didn't have enough time to handle fulltime patrol plus fulltime paperwork. He discussed the amount of time it took to handle paperwork after a crime occurred. As an example, he said he had to go to places like Olton, Muleshoe (several times) and Portales to talk with folks about criminal incidents that had occurred in Farwell.

McGaa said three officers were needed to provide Farwell with correct police enforcement, but he was only asking for one more.

Mayor Chris Gikas said he would check to see if any state or national grants were available to fund a second officer. The pending national crime bill that is supposed to put another 100,000 police officers on the streets was pointed out.

In other business, the council:

- Heard Ysleta Kittrell report that she and Frances Kube, Neighborhood Watch co-chairmen, have scheduled a town meeting at 7 p.m. on Aug. 22 to find out if the community wants the program reinstated. Lubbock police will send over a specialist team that helps organize such programs to this meeting.

- Held a public hearing on an ordinance dealing with restrictions on truck parking. Mrs. Kittrell had suggested it. At the hearing, any such ordinance was opposed by Gene Christian, and Mr. and Mrs. Cotton Robertson. It was noted that several businessmen who live here use trucks. No action was taken.

- Approved a variance for a mobile home at 306 Seventh St.

- Agreed to poll the neighbors before allowing John Vidaurri to move a 4-bedroom home from rural Farwell to 8th and Avenue D.

- Changed the meeting dates for the August and September meetings to the second Tuesdays of those months.

- Agreed to seek a state grant for used oil collection with the stipulation it be placed at Tri County Tire.

- Approved the proposed 1994-95 budget. Everything is still tentative, but due to a leftover budget surplus, it's hoped there will be no tax increase next year. Included within it are salary hikes for city employees that are tired to the national cost-of-living index. This is estimated between 4 and 5 percent.

- Agreed to seek bids on liability insurance for 1994-95.

- Received two bids for the annual street work, from Eastwood Construction, Clovis, and Donahue, Lubbock. They were taken under advisement.

- At councilman John Carlson's suggestion, made a rule change involving persons seeking variances. Previously, persons seeking the variance had to come to two meetings - first to be told how to seek the variance, then to be there when the council made a decision. That first meeting is now eliminated; city clerk Cynthia Thigpen will explain to the person seeking the variance how to go about it when they come to City Hall.

- Approved two applications for peddler's licenses: Joseph Fodor, balloons and novelties at Border Town Days, and Andy's Ice Cream, whose truck goes down Farwell streets periodically.

## Bike contest signups taken

All area youngsters are reminded that registration has begun for the Border Town Days Decorate Bike Contest.

Youths must sign up at Texico City Hall.

Besides cash prizes to the winners, all entrants will get free ride tickets to the CAKE Train.

And Ted Lopez, of Tedson Trailers, Texico, is donating a brand new bike to the winner of "Best of Show" - the bike judged as best decorated regardless of age category.

This year's BTD theme is "Once Upon a Time ... Children's Stories." It's important to follow the theme since that is a large portion of the judging.

Also, an anonymous donor has provided funds for cash prizes in each category.

(Continued on Page 11)

## Estrada hired

The Farwell School Board Tuesday hired Mirabel Estrada to teach junior high math and to work in the Gifted and Talented program at Farwell Junior High.

Board members toured the construction project and noted areas which will need to be completed before school starts. School enrollment has increased by more than 100 students in the past few years, and the additions will make the school better for all of the students.

Joe Stanton reported on summer maintenance work that had been done recently. Stanton and his staff have been painting, and repairing things. The board also discussed the need to upgrade the playground used by kindergarten and pre-school youngsters. Grass is needed in the area.

The board also heard that Junior High School Principal Jerry Dee Owen and Sam Hart have been building computer tables for the new Junior High School computer room.

## Lusk buys 'cannon'

Farwell's Terry Lusk was quoted in an Associated Press story on the front page of Monday's Lubbock newspaper.

It seems Lusk Onion in Clovis, operated by Terry, his father and brother, has received the first American installation of an Anti-Hail Cannon made in Canada.

The \$130,000 system was installed to protect some 200 acres of onions.

The AP story said about 350 similar cannons have been used the past 15 years around the world, mainly protecting French vineyards and Mexican apple orchards.

The cannon hurls gas from a dozen acetylene tanks at the speed of sound into into the cloud that has potential hail. Using a hand-carried device, the farmer can start the cannon by remote control.

The sound waves, fired six seconds apart into the air for 30 minutes, block the formation of hail, according to the company. Also, they said the accumulation of shock waves and vibrations created by the cannon accelerates thawing.

## Perry to be honored

The Rev. W.T. Perry, retired minister of Hamlin Memorial United Methodist Church, will be honored with a 50 year service award when the Farwell Masonic Lodge AF & AM meets.

They will also install officers at this meeting at 7 p.m. on July 23 at the lodge hall in Bovina.

Members and guests will enjoy a brisket dinner,

**From Judy:**  
Back in the days when this part of the country was first settled, doctors were hard to find. It might have meant taking a train to Lubbock or Amarillo or Albuquerque or riding 100 miles to find a doctor. Prairie housewives had to be self sufficient doctoring the ills of the families and their livestock.

Here are a few old time remedies. We don't suggest you use them. You're better off seeing your doctor or pharmacist for up-to-date advice. But, it's fun to look at some of the old time suggestions.

- Sunburn: Old-time housewives would have said: "Stay out of the sun in the first place. Wear a bonnet or hat with a veil. Wear long sleeves if you are going to the garden."

Before the turn of the century a housewife would have suggested cool compresses, a milk bath or an oatmeal poultice to take the sting out of a mild sunburn. After the turn of the century, they might have suggested that newfangled wonder drug - aspirin.

- Splinters or thorns imbedded in the flesh: Cut off a chunk of lye soap. Soften it with water until it is goeey. Add sugar to the softened

soap. Bandage the mixture to the area where the splinter is imbedded. By morning it may be ready to be drawn out.

- Asthma attack: Drink a couple of cups of strong coffee or hot cocoa.

- Athletes Foot: Soak your feet in hot salty water. Dry the feet and rub them with baking soda. Keep feet clean and dry.

- Tick bites: Try to brush the tick off before it gets embedded. If it has taken hold, apply kerosene or benzine to the area to irritate the critter. Once it's gone, wash the area and apply iodine.

- Blisters: Sterilize a needle with alcohol. Prick the blister with the needle; drain fluid. Wash and apply antiseptic and a bandage.

- Hives: Dab on Milk of Magnesia or baking soda.

- Colds: "Starve a cold; feed a fever," the old-timers would say. What the meant is: If you have a runny nose or

cough it might be an allergy. Cut back on foods and see if the symptoms go away. If there is fever present, it's probably an infection. Give the body the food it needs to fight infection.

Chicken soup is the medicine prescribed by grandmothers the world over to relieve cold symptoms. It helps to unclog the nasal passages.

Other suggestions would have included: gargle with salt water; drink a hot toddy; rub your nose with petroleum jelly if it gets sore.

- Congested chest: Apply a mustard plaster.

- Poison Ivy: Apply calamine lotion. Apply juice from the impatiens or touch me nots in you garden to the irritated area. Leftover cooked oatmeal can also be used to help dry up the poison ivy sores.

- Aches and pains: Go out to the barn and get the horse liniment.

- Constipation: Eat prunes.  
- Gas: Stop eating beans. Have some peppermint leaf tea.

- Toothache: Dab some oil of clove right on the sore tooth.

- Melancholia, nostalgia, cabin fever: Today we'd call it depression. Often the solution in the old days was getting off the farm and going some place where a farm wife could see her loved ones. (A weekly drive into church was really something that was cherished).

Increasing activity and breaking out of a rut really helped then just as it does today.

The old homestead's garden was a treasure store of medicinal plants and herbs - it had to be with the doctors so far away. Farm wives knew the medicinal value of garlic, sage, rose hips, spinach, parsley, thyme, mint and pepper.

# Rev. Carl Treat is new minister here

by Judy Pomper

The Rev. Carl Treat once ministered to a big city church: there were 42 deaths and no weddings in the El Paso congregation in the 18 months he was there. It was frustrating to try to reach out to latch-key children and teen gang members who had left the congregation, while looking out on a congregation that was mostly gray-headed.

Treat is certainly glad to be pastor of Hamlin Memorial United Methodist Church where there are active members of all ages.

He explained that the life cycle stage of the members of a church affects the work that a minister can do with his congregation. It affects the amount of help that he can enlist when work needs to be done.

"This is where my ministry is: the smaller, rural Methodist churches," he says. "It's a joy to work with a church that

has the spread this church has," he said of the Farwell church.

In trying to reach a congregation with a large age spread, Treat's sermons may range from Bible stories to stories about Buddah or Larry Byrd. Somewhere, in all of it he tries to reach a responsive chord in as many members as possible.

Treat has seen many congregations over the past several years. He was born near Arch, N.M., and moved from there to Deming. After college at New Mexico State and Southern Methodist University, he has pastored 9 different church congregations, and has spoken to many, many others.

Each congregation had its own individuality. "Churches in a normal pattern are cyclematic," he said. The age and experience of the members affect the church dramatically.

"In some places they have to start over and bring in younger people," he noted. Churches can take an active role in eradicating urban blight.

Treat likes being in a small community like Farwell, "In bigger communities people don't all work on the same wave length. They don't all have the same value systems," he noted. Churches, families, schools and organizations all help to re-enforce the basic value system, and put the members on to the same path.

"The way to change America is to strengthen our American families," he said, with a Yoda-like twinkle in his eyes.

Treat and his wife, Helen, believe in strong families. Their six adult children: Ben, Sandra, Larry, Terrell, Jeff, and Dan and seven grandchildren are a joy to them, although he notes: "We don't get to see the grandkids as much as we like."

When possible the Treats travel to visit their children, and they enjoy visits from the kids. In his spare time the Rev. Treat also enjoys fishing, and reading poetry, and

meditating.

Mrs. Treat enjoys sewing and arranging flowers. "I like crafty things," she says. Painting sweatshirts for her grandkids has been a recent hobby. She plays the piano and sings in the church choir. He husband says proudly that she, "is involved in the work and the life of the church."

"Our goal is to help the church to continue to be a loving, accepting community. That's a basic understanding of what the Kingdom of God is all about," he said.

## Farwell stats listed

Here are some interesting statistics from the 1994 Community Fact Sheet published by SPS for Farwell: Farwell's estimated population is 1,400, up from 1,373 in 1990, 1,354 in 1980 and 1,091 in 1970. The current estimated population for Farmer County is 11,000.

The annual average temperature is 57 degrees. The January average is 37 degrees and the July average is 77 degrees. The annual average rainfall is 27.44 inches. The annual average snowfall is 7.8 inches.

Dear Friends,

In recent days, we have been overwhelmed by the many expressions of kindness. In the loss of Carol's father, your love and prayers have carried us through a most difficult time.

Then, as you helped so much with Marcus' and Angie's wedding, again we felt much love.

We have no way of knowing what everyone did. We just know that everything was done.

All the wedding preparations and the beautiful wedding was a time of rejoicing with friends and family.

In all our lives, we have never experienced a community's love such as we did this past week.

Thank you Farwell,

Rick, Carol, Marcus, Angie and Jonathan Sullivan

## Mammography unit coming to Farwell Medical Clinic

St. Mary of the Plains Hospital Mobile Mammography unit will be at Dr. Nancy Chasteen's office at the Farwell Medical Clinic on Monday to help area women discover breast cancer early. Please call the clinic at 481-3200 for an appointment.

According to the American Cancer Society, one in every nine women will develop breast cancer in her lifetime. The most successful weapon against it is early detection, and the most effective tool for early detection is mammography. Also, the hospital recommends that a breast self-exam be performed monthly and that a breast exam be performed annually by the patient's physician.

Most women procrastinate on having a mammogram for two reasons: the inconvenience and the cost. Taking the mobile unit to a convenient location and charging a modest fee eliminates both of these reasons.

Each patient receives a mammogram by a registered radiologic technologist. Information on breast self-exam is

provided on the mobile unit.

The patient and her physician receive a written copy of the radiologist's report. If the report is positive and requires follow-up, the reports are sent by certified mail.

The screening mammogram is designed for asymptomatic patients. A screening mammogram can be provided without a physician's order for asymptomatic women over the age of 40.

A patient who fits under any of the following categories does not qualify for a screening mammogram on the mobile unit:

A patient under the age of 40; a patient with a palpable lump; a patient who has had a mastectomy; a patient who has had implants; a patient who has had breast surgery within the last year; a patient who has had a mammogram within the last 12 months.

It was a long trip for Polly Weaver of Willis, Texas (a small town near Houston), but she made a once in a lifetime hole in one at the Farwell Ladies' Golf Tournament. Too bad it wasn't the week earlier when she could have won a million dollars by making the shot.

### Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

On July 13, Richard Gulley, 21, Farwell, was arrested by Farwell police on a warrant from Hockley County.

On July 17, Victor Parra, 34, Friona, was arrested by the sheriff's office on a charge of domestic violence. The case is pending in county court.

On July 18, Cassandra Baros, 26, Friona, was arrested by the sheriff's office on a Roosevelt County warrant.

### Football practices set

Football practice will begin for Farwell athletes at 8 a.m. on Aug. 3.

They will practice once a day without pads or helmets at first. Two-a-day practices begin after equipment is distributed the following week.

Texico and Farwell football squads will scrimmage at Farwell on Aug. 20.

Football and volleyball practices will begin in Texico on Aug. 8.

Girls going out for volleyball will participate in a rules clinic in Clovis on Aug. 8. Contact coach Michael Littlejohn for details.

The Lazbuddie Longhorns football team begins practice on Aug. 3.

Participants in the Ladies' Golf Tournament enjoyed a barbecue luncheon prepared by Walter Hughes.

## The First & Last Leal's Annual "It's The Boss' Birthday" Bash!

It's unusual in this day and time to find a staff that really cares as much about their employer as the staff at Leal's Mexican Restaurant feels about Laura Leal.

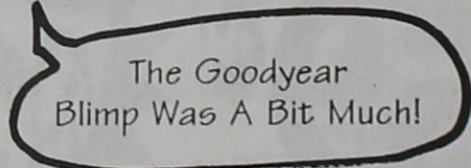

Through the years, they've tried to come up with new and exciting ways to honor her and celebrate her birthday in a special way.

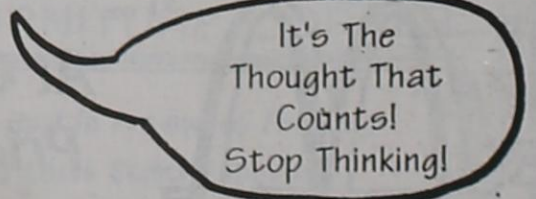

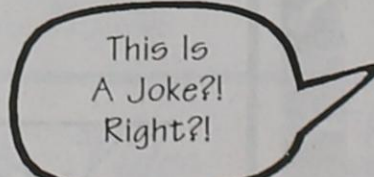

Nothing seems to work. She either finds out about the surprise birthday parties, or she conveniently leaves town to avoid the hooplah. The flowers and balloon-agrams just don't have the impact that the faithful employees want to show their boss just how much they care.

This year, they've decided to do something that would have an impact. They've given themselves a raise and taken the week off.

And, oh yeah, they've named a meal after Laura. It's even discounted in her honor!

# Have you signed up for free prizes yet?

Thirty-eight Twin City businesses are participating in the 13th annual Border Town Days Merchants Giveaway program.

The giveaway will take place throughout the afternoon of the Saturday festivities at Farwell City Park. To enter, you must be at least 12 years old and you must be present to win. Drawings start at 1 p.m.

Each participating business has a box in which customers may register for the prize to be given away by the merchant. A person may sign up once each time he is in a store until July 28, when the boxes will be picked up and taken to the park for the drawings.

A list of where all the boxes are can be found in the ad on the back page of today's Tribune.

## Farwell band to march at BTD

Farwell Band Director Pat Henry announced that the Farwell Band will participate in the Border Town Days Parade on July 30.

All band students in grades 7-12 are encouraged to participate.

"We practiced a little bit at the end of the school year with some songs that all of the students can play," said Henry.

Because of the advanced preparation, the band will not meet until the day of the

parade. They will practice from 9 a.m. until parade time.

A bus will be provided to take participants to the start of the parade route.

"If band members need to check out a school owned instrument, come at 8:30 a.m.," said Henry.

Those participating are asked to wear school colors blue and white.

Drawings will be held from each individual merchant's box and the person whose name is drawn will be allowed several minutes to claim the prize. If the winner doesn't show up to claim the prize within the allotted time, another name will be drawn so that all prizes are awarded that afternoon. It is essential that a winner be at the park to hear when his name is called.

No purchase is necessary at any of the participating merchants in order to register for the many prizes.

# Revival scheduled at First Baptist

The First Baptist Church of Farwell will have its Border Town Crusade July 24 through July 27.

The well-known Rec Team from Wayland Baptist University will be participating again this year. "We invite youths from all the area's churches to join in this fun time," said Rev. Rick Sullivan. "They will surely enjoy the Rec Team."

The Rec Team will have youth Bible study each day during the crusade from 9:30 a.m. until noon. After lunch will be a time for recreation and games, from 1:30 until 4 p.m. And the Rec Team will host fellowship following the evening services.

During the crusade, services are scheduled for Sunday at 11 a.m. and 7 p.m., and Monday through Wednesday at noon until 1 p.m. (including lunch) and at 7:30 p.m.

The evangelist will be Jerry Fields, a Farwell High School graduate. He currently is pastor at the First Southern Baptist Church in Casper, Wyo. His wife Sherry is the daughter of J.L. Bass, a former minister at the First Baptist Church of Farwell. They have two children, Lisa and Corry.

Rev. Fields has a degree from Wayland Baptist University in elementary education. He received his ministerial degrees from Southwestern Baptist Theological Seminary in Ft. Worth.

Previously, Rev. Fields was a music/youth director at churches in Wyoming, Missouri and Texas, and has been a pastor at churches in Texas, Oklahoma and Colorado. He has been in his current post since 1992.

The crusade also will feature music evangelist Ben Early. He currently is Director of Religious Education for the Wyoming Southern Baptist Convention.

Early is a Certified Deacon Trainer. He has pastored in Missouri, Montana and Colorado. He served as Dean of Students at Hannibal - LaGrange College, Director of Public Relations at William Baptist College, mayor of College City, Ark., and Director of Religious Education for 8 1/2 years for Northern Plains Baptist Convention.

He and his wife, Gloria, lead Marriage Enrichment Conferences and are known for their Sermon in Song and Drama.

## Marshal's Report

Here is the weekly report from Texico Marshal Gil Holguin:

On July 16, Alvaro Sanchez, 33, of Muleshoe, was arrested on charges of driving while intoxicated, driving without a license, failure to maintain lane, and open container.

A passenger in the same car, Gustavo Rojas, an illegal alien, was charged with open container. He was deported the following day.

Holguin reported that he had investigated an accident Saturday, but there were no injuries.

Correction from last week's marshal's report:

In the case involving Robert Green, Texico, he told police he was forced to write a check made out to Linda Green, his son Robby's wife. Last week, the Tribune incorrectly reported that the check was made out to Robby.

## The Chief's Corner

### It began in 1761

by Farwell Police Chief Roy L. McGaa

In February 1761, in a crowded Boston courtroom, a group of merchants denounced the general warrants which gave the English soldiers authority to search any ship, store or house. At that time the person, property and premises of the individual were subject to practically unlimited searches and seizures. These "General Warrants" were used indiscriminately and no showing of "probable cause" was required.

The former attorney general of the Colony of Massachusetts, James Otis, represented the merchants. He described the general warrants as "the worst instrument of arbitrary power, the most destructive of English liberty, and the fundamental principals of law, that was ever found in an English law book." John Adams heard the arguments and after he became President of the United States said, "Then and there the child of independence was born."

Fifteen years later, 1776, the colonies declared their independence. In 1789 the Constitution was ratified, and in 1791 the Fourth Amendment was adopted to ensure that the personal security and private property of the individual would be protected against invasion by the federal government. It reads: The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

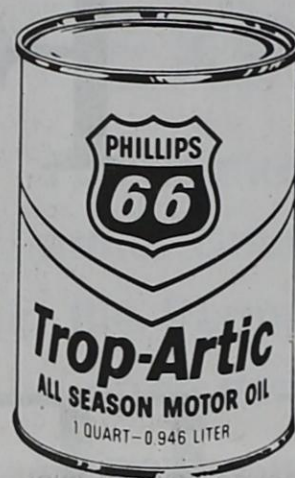

Next week: The Fourth Amendment and citizen/peace officer team work.

## Thanks, folks!

In early December, the STATE LINE TRIBUNE contracted with Teresa J. Mesman, a former partner in Mesman & Mares Advertising Agency in Clovis, to conduct an independent market survey. The method used to gather information was by random telephone response, broken down into specific groups and survey size.

Mrs. Mesman says, "The response rate was very positive; very few people turned down the request to participate in the survey. I did try to keep complete anonymity, but many people recognized my voice. This did not hinder the survey. I do feel that the respondents were completely honest and not biased in any way."

Mrs. Mesman adds, "In tabulating the results, the STATE LINE TRIBUNE shows a very positive position in the market surveyed. It is well received and widely read. The advertising is effective and is very competitive with other area papers. It is, beyond a shadow of doubt, the paper for the Texico-Farwell area."

Mrs. Mesman contacted a random sampling of about 2.5% of the residents in the State Line Tribune's major marketing area: 30% from Farwell, 30% from Texico, 30% from Lazbuddie and 10% from Oklahoma Lane.

The State Line Tribune primarily covers the Texico, Farwell and Lazbuddie school districts. Oklahoma Lane is a rural area east of Farwell which lies within the Farwell School District.

The survey consisted of five questions:

The Tribune recently ran a story about the new Mennonite church in Farwell, and I had the impression that there weren't many Mennonites around.

But a copy of J. Evetts Haley's "The XIT Ranch of Texas" tells that:

"In the middle and late '20's, this was an active region, bustling with the boom in cattle and agricultural development that ranged through Mennonite colonization and vast wheat farming to the eventual return of dust - blown fields to native grass. Before the boom burst, 62,000 acres of grazing land in Oldham and Hartley counties were sold to Julian Bivins and the Matador Cattle Company at approximately \$475,000." (p.222).
