

# 'Consider the Lilies of the Field...'

by Pastor David J. Wilkins  
Pleasant Hill Baptist Church

As we draw close to the end of the 20th Century, we have the privilege of looking back over this past century and see that a lot of great events have taken place and a number of tremendous feats have been accomplished.

Some of those events and accomplishments include: the introduction of the automobile into our lives; the turning on of the television for the very first time in our homes; the walking of man on the moon; the successful transplant of vital organs from one person's body to another; the curing of many diseases such as polio, scarlet fever and smallpox; and the introduction of computers into many of our homes.

Just the other day, I saw a commercial on TV for a car in which they are installing a computerized road map that tells you how to get to your destination. Now, we men won't be able to blame our wives for getting us lost because of their inability to read a road map.

All of these events and accomplishments are great and have greatly impacted our daily lives in a tremendous way. It is not unusual to find ourselves being attracted to the great and out-of-the-ordinary events, because the great and tremendous occurrences in life have a tendency to captivate our attention and etch themselves into our memories.

Yet, as I think about the accomplishment of these great events, I ask myself, "What was the process that took place in order for these events to be able to take place? How did we get to where we are?" The answer is quite simple: the same way an inch-worm travels a mile - one inch at a time. There had to be a lot of common things that took place that were built upon one another until the great feat could be accomplished.

I am reminded that when Jesus walked with His disciples, He also accomplished many great feats (i.e., turning water into wine; walking on water; healing the

blind, the lame, the sick; raising people from the dead; etc.). Yet, I also remember that Jesus didn't teach His disciples to focus all of their attention upon these great accomplishments and miracles so much as He pointed to the beauty of the fields in which they walked almost every day. He even told them to "...consider the lilies of the field..." Matthew 6:28

Why does He not point to all of the great things that He has accomplished? I believe it is because Jesus knew that lifting the common things of life

into perspective required a greater understanding and gratitude for that which God has blessed us with. Jesus knew that the vast majority of people would probably never become famous or do anything really famous. He knew that life is more of a matter that consists of the common things in life rather than the out-of-the-ordinary events. Jesus knew that getting in touch with God is more "down to earth" than it is "out of this world." Someone even called Jesus "the Christ of common things."

As we enter into the holiday season, it would do us all well to pause and give thanks unto God for the common things in life and what He is able to do for us through the common things of life.

First, we should give thanks for the common things because they sustain us. A few years ago, our country anxiously held its breath for a couple of days and then gave a big sigh of relief and thanks to God when little baby Jessica was rescued from a small well shaft in which she had fallen while playing in her yard in Midland, Texas. We all rejoiced that God had chosen to spare the life of that little girl after all the great, heroic efforts were given to try and save her.

Yet, I challenge you to not wait until the dramatic rescues take place before we recognize God and rejoice. I challenge you to remember that your lungs take in and expel air, your heart beats on a regular

basis, and all your major organs operate and work without us giving it a second thought. We should occasionally pause and thank God for simply sustaining our lives and keeping everything inside us, working like it's supposed to.

Occasionally, I have the privilege of going to a restaurant, eating a big, thick, juicy steak smothered in barbeque sauce, a huge baked potato drowning in butter and sour cream, a large salad with almost every item from the salad bar, a big soft roll, all topped off with a big slice of deep-dish apple pie with vanilla ice cream melting on top.

No doubt, this is a meal fit for a king. However, I don't get to eat like that every day. Most of the time, I find myself sitting down to a lavish meal of warmed-up leftovers from the previous couple of meals. Notice that Jesus didn't teach His disciples that banquet meals be served every time they sat at the dinner table? Instead, He taught them to pray, "Give us this day our daily

### Over 600 entrants in contest

Once again, I'm happy to report we had a very successful and most interesting Area Merchants Football Contest again this year.

And before I forget, a special "thank you" to the local and area sponsors who allow us to present this fun game for the Twin Cities area.

We finished with 605 participants, up from last year's 575 total. I don't know how many folks enter other such contests, but I'll stack up that total with the Lubbock or Amarillo newspapers any day of the week. And those cities are "slightly" larger than our area.

What was interesting this year was that one participant - Stan Stroebel, Farwell High football coach, held the lead for so long. Normally, folks lead one week, then someone else takes over the lead the next.

Stroebel held the lead from the beginning of the leader board (the 3rd week) until the 11th week. For awhile, it looked like he was ready to run away with the victory.

But in Week No. 8, Gregory, who was 5 behind the leader at that point, scored a "10" to get within a point of Stroebel. Then he overtook him three weeks later.

Gregory averaged 8.7 points a week for his win. That's a high total. Last year, Brett Curtis won with 8.0. And, normally, it takes about 8.3 or 8.4 to win.

Since he didn't take the lead until Week No. 11, it didn't come easy for him. Scott Brown, manager of the Sherley-Anderson grain elevator at Lazbuddie, was nipping at his heels. Brown lost by a solitary point.

In fact, if Brown and Gregory had tied, Brown would have won it on the tie breaker. That's why it's always impor-

### Veterans honored

A Cannon Air Force Base honor guard held a special flag ceremony at the Farwell Convalescent Center on Veterans Day in honor of the nation's veterans.

### 'Christmas on Parade'

The annual "Christmas on Parade" open houses were held by several Texico - Farwell businesses last weekend. Pictured at A Touch of Country are Melissa Schwertner, left, and Lupe DeLeon. Also, arts and crafts shows were held at the Texico and Farwell community centers.

Recipes are needed for the Christmas edition of the State Line Tribune.

Anyone who has a favorite recipe is encouraged to share it with their friends and neighbors.

Just drop them off at the Tribune office, 404 Third St., or mail them to The State Line Tribune, Box 255, Farwell, Texas.

# Dardanella Helton wins 12th tilt

The last week of this year's Area Merchants Football Contest was obviously a toughie, with scores on the low side.

But of the hundreds of entrants in the 12th week, only one managed to get 10 games picked correctly - Dardanella Helton. For that feat, she won the first place cash prize of \$10.

Eight contestants got 9 games picked right. By virtue of being closest to the tie breaker (Sudan 48, Eden 0), the second place cash prize of \$5 went to Colby Carthel, of Friona. He was 1 off the tie breaker.

Others with 9 right, and their totals off the tie breaker, were: Aaron Christian, 60; Gay Goettsch, 14; Claire Brown, 3; Doug Hill, 59; Sammy Herrera, 16; Joe Jaime, 34, and L. J. Rudd, 56.

Results of last week's games were: Wink over Plains, Kress over Nazareth, Guthrie over Lazbuddie, Ohio State over Michigan, Alabama over Auburn, UCLA over USC, Virginia over Virginia Tech, Kansas over Missouri, Indianapolis over Cincinnati, Kansas City over Cleveland, Chicago over Detroit, and Buffalo over Green Bay.

It was a long 12 weeks, but well worth it for Larry Gregory, principal of Farwell High School. Although a longtime

participant in the annual Area Merchants Football Contest, he managed to be the Grand Champion for the first time.

Gregory had 8 right the final week to finish with 105 points, barely one point ahead of second place finisher Scott Brown, manager of the Sherley-Anderson grain elevator at Lazbuddie.

After Friday's and Saturday's games, Brown and Gregory were in a tie for first place. And a check of the tie breakers showed that if they finished in a tie, Brown would win the Dallas Cowboys package.

Brown and Gregory picked the same teams on the Sun-

day pro slate with one exception - Indianapolis vs. Cincinnati. Brown picked Cincinnati. Gregory chose Indianapolis - which won by 4 points. Thus, Gregory nipped Brown by a solitary point - 105 to 104.

So Gregory received \$50 in cash, two tickets to the Dallas Cowboys - Cleveland Browns game on Dec. 10 at Cowboy Stadium, overnight lodging for two at the well-known Radisson Hotel, a pre-game breakfast and transfers to and from the ball game.

It was an interesting contest again this year, with more than 600 participants. Stan Stroebel held the lead

## Thanksgiving

(Continued from Page 1)

bread." Matthew 6:11 In other words, we should give thanks for the common things because it is the common things in life that sustain the biggest part of our lives.

Secondly, we should give thanks for the common things because of what they teach us. There was a song writer several years ago who wrote, "Stop and smell the roses." There are many lessons to be learned from the common things in life. Wise old Solomon wrote, "Go to the ant, thou sluggard; consider her ways and be wise."

It is good to have dreams and far-reaching goals for our lives. However, we must guard against focusing all our attention on those dreams to the extent that we lose touch with the reality of life. One thing that Jesus spoke a lot about with His disciples that many of us can identify with was grains of wheat. Wheat was a common thing in His day. It was the staff of life for hungry bodies. And out of a common thing, Jesus taught great lessons about life and death, using the common things of seed and soil.

Thirdly, we should give thanks for the common things because they test us and reward us. We live in a society and era in which we desire to be successful. We want to be successful in our businesses, on the football field, on the basketball court, in the classroom, in the band, and everything else that we involve ourselves with. None of us wants to be a failure at anything. Yet, if we will be honest with ourselves, we must admit and agree that success in the big things come when we are able to pass the tests of the everyday, ordinary experiences of life.

We recall the parable of Matthew 25 in which one of the stewards who had been entrusted and tested with five talents was greatly rewarded because he had passed the test of responsibility. The test with five talents was not unusually great because he had already proved himself worthy of handling that amount. see v. 15 The steward didn't consider it a small thing to have been entrusted with five talents. He valued the responsibility and found it worthy to be given his very best effort.

We need to have the attitude of this steward in regards to the responsibilities that we have been entrusted with. We need to realize that the responsibilities that God has entrusted us with, no matter how small and seemingly insignificant, should be valued by us to be worthy of our very best effort. There is a tendency by many of us to measure success by the attitude that we have and show in dealing with the common things in life. The steward proved himself responsible with the common things and was rewarded with a much greater reward see v. 21

Yes, it's true that the dramatic, the exciting, the adventuresome, the glamorous, and the out-of-the-ordinary attract a lot of attention. And, yes, it's true that some people are willing to sell their lives and souls in search of the glamour and excitement of life and are never thankful for what they have achieved. Yet, we should not promote boredom and monotony, either.

However, we need to be thankful for the common things of life. Thank God for the air you breathe, the food you eat, and the talents that you have been blessed with. Invest your life in the common things of life. Consider the lilies of the field.

# Disaster signups start

Preliminary information suggests the soon to be announced 1994 disaster program will pay producers 100 percent of their calculated disaster payment.

Based on information received earlier in the week, the 1994 disaster program will be fully funded, not pro-rated like past programs. Previous programs paid only 50 cents for each dollar a producer was eligible to receive.

Another provision likely to remain in the final package is a three tiered payment schedule. The schedule is based on whether a producer harvests, abandons or was prevented from planting their crop. It appears eligible producers who harvest acreage with qualifying losses will receive 100 percent of the calculated disaster payment.

Producers who abandon their acreage and do not harvest will receive 70 percent of the calculated payment and producers prevented from planting their crop will receive 45 percent of the calculated payment.

"The tiered payment schedule included as part of the 1994 disaster program seems to provide a strong incentive to harvest disaster stricken acreage in order to receive a 100 percent payment rate," explains Donald Johnson, Executive Vice President of Lubbock based Plains Cotton Growers. "Qualifying for the program will be much the same as in past disaster programs."

Producers with federal crop insurance coverage will qualify with losses greater than 35 percent of expected production while producers without insurance must prove losses in excess of 40 percent of expected production.

He adds that many of the details are still being worked out in areas such as the setting of de minimus yields.

Sign up for the program is currently scheduled to begin December 1, 1994 and run through March 31, 1995. Final program provisions are expected to be released prior to the beginning of the sign-up period.

Another holdover from previous programs is that producers still cannot receive a disaster payment and a deficiency payment on the same pound or bushel of an eligible crop. Producers need to be aware that an adjustment will be necessary at sign-up to make sure double payments are not made.

The Jim Bouse family lost all its furniture, clothes, antique items, special quilts, etc., in a fire which struck the moving van the items were in.

Bouse is the former band director at Farwell High. He and his wife have moved to Ardmore, Okla. They went ahead to paint their new house, and the moving van was to show up this week with their personal items.

Reportedly, the truck had an axle problem and was taken into a shop near Clovis for repairs, where the fire struck.

## Longhorns nipped in state playoffs

In an action-packed state playoff game last Friday, the Lazbuddie Longhorns were nipped by the No. 1 ranked Guthrie Jaguars, 52-46, in Six-Man football play at Silverton. Lazbuddie finished a most successful season with a 7-5 mark, coming on strong after starting the season at 1-4.

It was a close game all the way as both teams moved the ball up and down the field. Guthrie totalled 369 yards - 327 on the ground and 42 via the air. Lazbuddie had 376 yards - 156 through the air and 220 rushing. Guthrie had 14 first downs to Lazbuddie's 16. Guthrie hit 3 of 8 passes. Lazbuddie connected on 14 of 22.

Here's a rundown on the scoring:  
The Longhorns jumped into the lead when Jon Colby Miller tallied on a 60-yard TD run. The kick failed. After Guthrie took an 8-6 lead, Miller scored again, this time on an 11-yard TD pass from Justin St. Clair. Miller kicked the extra points and Lazbuddie led at the end of the first quarter, 14-8.

It was the second quarter that did Lazbuddie in. Guthrie scored 4 touchdowns - totalling 28 points. Meanwhile, Lazbuddie put 18 points on the board - a 55-yard TD run by Miller, a 70-yard kickoff return for a TD by Hector Reyes and a 17-yard TD pass from St. Clair to Josh Warren - good for a total of 18 points since all three kicks failed. Thus, Guthrie led at the half, 36-32.

Guthrie added two points to its lead in the third quarter.

The Jaguars scored on a 13-yard run, with the extra points kick. Lazbuddie tallied on a 1-yard TD plunge by Miller, but the kick failed. So Guthrie was ahead, 44-38 at the end of this stanza.

Both teams again scored once in the final period. Lazbuddie took the lead with just over eight minutes left in the game when Miller scored his fifth TD, this time on a 2-yard flip from St. Clair. Miller kicked the extra points. But with over a minute to go, Guthrie scored on a 20-yard TD pass, followed by the extra points kick.

## Thrifty.

Everyone who owns a home of any size in Texas has asked those timeless questions, "How can I lower my home energy bills? How can I lower my taxes?" One answer is propane. Propane is the fiscally correct energy fuel that cooks your food, heats your water, dries your clothes and warms your home. Propane won't waste your hard-earned dollars and it won't pollute our Texas skies. Propane. The clean choice. The clear choice. It can lower your home energy bills. We'll get back to you about those taxes.

### A Thanksgiving Message

We are thankful for our friends, who help us to look forward to every day ... for our neighbors, who make life pleasant ... for our churches, which give meaning and hope to us ... for our schools, which help build our next generation toward better lives and higher accomplishments ... for our community, in which we find comfort and safety ... for our land, which provides sustenance to us all ... for our freedoms, which give meaning and value to our individual lives. May we never take these blessings for granted.

This Thanksgiving I'm thankful for the Pilgrims that started the first Thanksgiving celebration in America. If they hadn't held a celebration, we would not have this holiday. I enjoy this holiday because I can eat good food.

Cody Dean

I am thankful for my family. One reason is because they all love me and I love them too. When I'm feeling sad, they come and cheer me up or make me happy. They are always there for me and help me with many different things, like my homework. Another reason is that they provide food and shelter for me.

Angel De La Cruz

Today I'm thankful for my teacher because she is nice. She lets us take off our shoes and sometimes we win push pops and Jolly Ranchers. Sometimes she is even nicer 'cause we get to go to recess early. When the day is over, we draw for candy if we're quiet. That's why I am thankful for her because she is nice.

Carlos Garcia

tant for participants to put in the tie breaker scores each week. Leave one out, and you're out of luck if you tie for first place.

This was the first contest grand championship for Gregory, a longtime participant. Yes, he was happy. And so was his family!

Some other notes:  
- Tonya Gartin finished third this year, three behind

the leader. Last year, she finished second, one point out. I think she may be due to win next year...

- As always, we keep all the ballots from the 12 weeks at the Tribune for anyone to check. So if you want to double check any scores from any week, just stop by the Tribune during regular business hours and I'll get out the ballots for you.

## German girl studies here

Imke Scheibner of Wittenberg, Germany is living in Texico with Tim and Bessie Engram, and their children Amanda and Tim this year. Imke arrived in Texico on Aug. 13.

Her first impression of the High Plains was: "It was hot." Then she quickly added: "I love it."

"Texico is much smaller, but it's more fun," she notes.

Her first few weeks were filled with activity, since school was about to start when she arrived. She will be taking English, algebra II, U.S. history, world history, physics and athletics this year.

Imke attended a public school in Wittenberg, the city famous for Martin Luther's 95 Theses. Imke may find Texico Schools a little different from the school she attended back home.

Back in Germany she belonged to a sports club so that she could participate in gymnastics. Texico does not have a gymnastics program, but she will be able to find plenty of things to keep her busy.

Back in Germany Imke enjoyed going to the movies, shopping, and being with her friends. She will be able to do most of those things here, although she will have to make new friends.
