Here's how Parmer County invests its funds

Recent news media reports have focused on financial problems in Orange County, Calif. due to their investment policies. And this has caused counties throughout Texas to review their own financial investments.

Parmer County Treasurer Anne Norton says Parmer County is in solid financial shape and the future of the county investments are in stable environments.

"Currently, the county investments are in interest bearing NOW accounts and Certificates of Deposit at Friona State Bank," Mrs. Norton reported. "We are in a two year banking contract with them and the accounts are earning competitive interest rates. Our contract is up with them as of April 1, 1995 and bids will be taken as of Feb. 27 for a new banking contract that will commence as of April 1, 1995 and end March 31, 1997."

The county's investments are not anything to be taken lightly. The monies earned are the lifeblood to the operating of all county offices. All decisions for investment are handled by the Parmer County Commissioners, the County Judge and the County Treasurer. The Treasurer is deemed the investment officer, but makes no independent investment decisions. All options are laid out before, discussed and approved by the Commissioners Court.

"We view the investment decisions based on the safety and liquidity of the investment," Mrs. Norton said, "we try our best to invest the taxpayers' money wisely and to increase revenues for operating the county."

One recent example of keeping the taxpayers' interests in mind was the move to pull all investments from the state backed TexPool. In January, the decision was made to withdraw Parmer County funds from this due to some bad publicity that the organization was receiving.

TexPool is an investment service that was set up as a result of the 1989 Investment Act passed by the Texas State Legislature. It operates under the Texas Treasury Safekeeping Trust Company and is run by the Office of the State Treasurer.

It is a service for local governments including school, water, hospital and appraisal districts, counties, cities and various municipal urban districts. Its function is to consolidate all the money it receives from these entities and invest them as a whole group in order to gain higher interest rates. It is the only pool operated by the state for local government purposes.

"It was a sound investment group for Parmer County and no one has ever lost any money with it, but due to some long term investment problems that it ran into, we decided to withdraw the county money from it and invest it into a more local base. The state of Texas backs every dollar that is in TexPool and guarantees your money, but we still thought it better to stay out for awhile," Norton stated.

Other counties within the state have not fared as well as Parmer County with their investment decisions. Tom Green County and Taylor County are examples of counties that have had millions of dollars lost because of long term investments on market sensitive investments or "on book" losses in investment portfolios.

It will cost you

The Tribune received a news release from the U.S. Postal Service recently that I wanted to share with you:

"The U.S. Postal Service is hiring for full time and part time employment. Hourly salaries start at \$25 an hour. For employment information, call 555 1212"

Have you seen advertisements like this one in your local newspaper?

Postal inspectors warn that if you should call these promoters for "employment information," you are probably going to get clipped.

In most instances, you find out that you are going to have to pay about \$30 to receive information of dubious value. They may lead you to think you are talking to someone from the U.S. Postal Service, but no postal jobs will be offered.

Frequently, the con artists promoting this service offer to provide you with training which is supposed to help you pass a required entrance exam. Further, graduates are often promised placement in postal service jobs upon successful completion of the training. Naturally, this training will cost you money for tuition and books.

Postal inspectors say that other promoters offer job opportunities that guarantee that you will be placed on a register with the U.S. Postal Service from which new hires will be selected. Inspectors say beware of any "opportunity" to get postal job information which is going to cost you money.

Here at the Tribune, we receive classified ads each year from agencies outside our area.

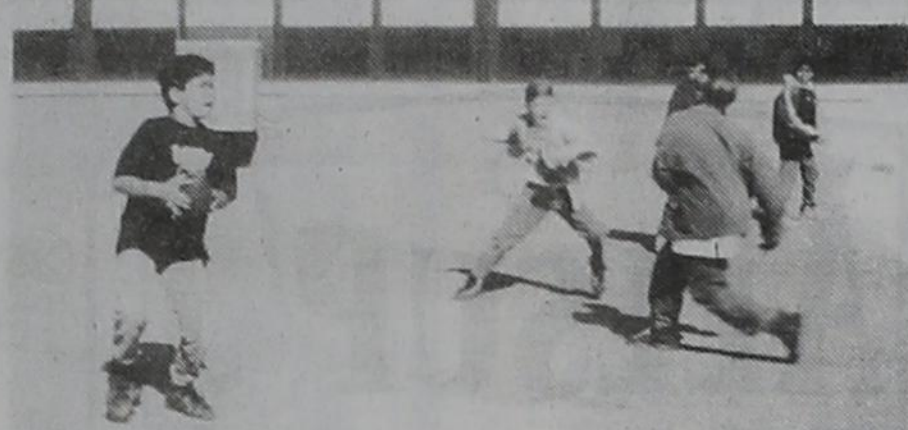

We discard the ones that seem to be scams. I've torn up a lot of good checks over the years that come with those potential ads.

But it's very hard for me to believe that you can earn \$1,000 an hour stuffing envelopes. If that's true, sign me up.

I realize that this policy is very different from some other publications that run all sorts of what I consider scams. That's the way it is.

But I've always had a problem with ads that offer "information." They are legitimate in that they do as they say - offer information. The catch

is that they charge you for information that quite likely has little value for you. Just like that U.S. Postal Service news release points out.

Thus, we carry those ads.

You see, a newspaper is a public vehicle. And any group, or individual, has the right to offer their wares through it. It shouldn't be the newspaper's decision to pick and choose.

But \$1,000 an hour for stuffing envelopes? Give me a break...

On another topic: The Texico Livestock Show went very well Saturday.

Hats off to Bill Morrison, FFA advisor, for running a very fine show.

Memorial contributions may be made to Farwell Church of Christ.

Ever wonder how the Tribune can misspell names? Here's one reason:

We now have four girl students in Texico-Farwell with the following first names:

- Britney
- Brittini
- Brittany
- Brittane

I'm sure we will never misspell them...

A subscriber, who didn't give her name, sent us a copy of a Lubbock newspaper editorial entitled "Public Too Trusting." The editorial ends with, "Perhaps congressional reform is an illusion that keeps being pictured as reality to a credulous public."

I guess that's the theme I've been sounding lately. I hate to appear so skeptical, but I feel like Missouri - "show me."

So far, in the first 50 days of the reform Congress, we've seen one passage - that Congress has to operate under some of the laws that apply to other Americans. That's one.

Carlyle's contract renewed

The Lazbuddie School Board Wednesday renewed high school principal Hardy Carlyle's contract for two years.

The board had met Feb. 15, then continued the meeting on Wednesday. Quorums were present both times but it was hoped everyone would be present for some of the decision-making.

The board: - Appointed Marvin Mimms as the election judge in May. Absentee voting can be done at the school superintendent's office.

- Approved seeking bids for a metal roof for the cafeteria.

- Opened bids on windows and doors for the high school but tabled a decision until March due to financial reasons.

- Discussed hiring a construction manager for the proposed renovation of the two restrooms at the elementary school.

- Approved the annual summer participation in the JTPA program.

Sickness closes school

Lazbuddie schools were cancelled last Friday due to the high number of student and teacher illnesses and absences.

On Feb. 16, 30 percent of the students were absent due to illnesses. Lazbuddie schools have 230 students.

They used a snow day

which the schools had originally planned to use in May.

Most of the students had flu-like symptoms with coughing and temperatures.

The majority of the students who were absent on Thursday were in pre-kindergarten through 5th grade.

Gory!

Scripture emphasizes the shed blood of sacrifice. It is the necessity of substitutionary death for the believers' redemption. The modern world is often offended by reference to sacrificial blood, but from God's point of view there is no safety except for those under the blood.

Here's One Big Reason Why You Should Be In Church Next Week.

Your children. Whatever their ages, there's so much they can learn in church. Principles that will serve them well throughout life. And help them to be better human beings. Because our church is a place where positive life values find expression. Where the enduring love of God is taught. Where the nature of life and the meaning of happiness are conveyed through simple yet profound Bible stories.

That's why we're inviting you to join us in worship. So that your children can experience the love that only God can give. So please come.

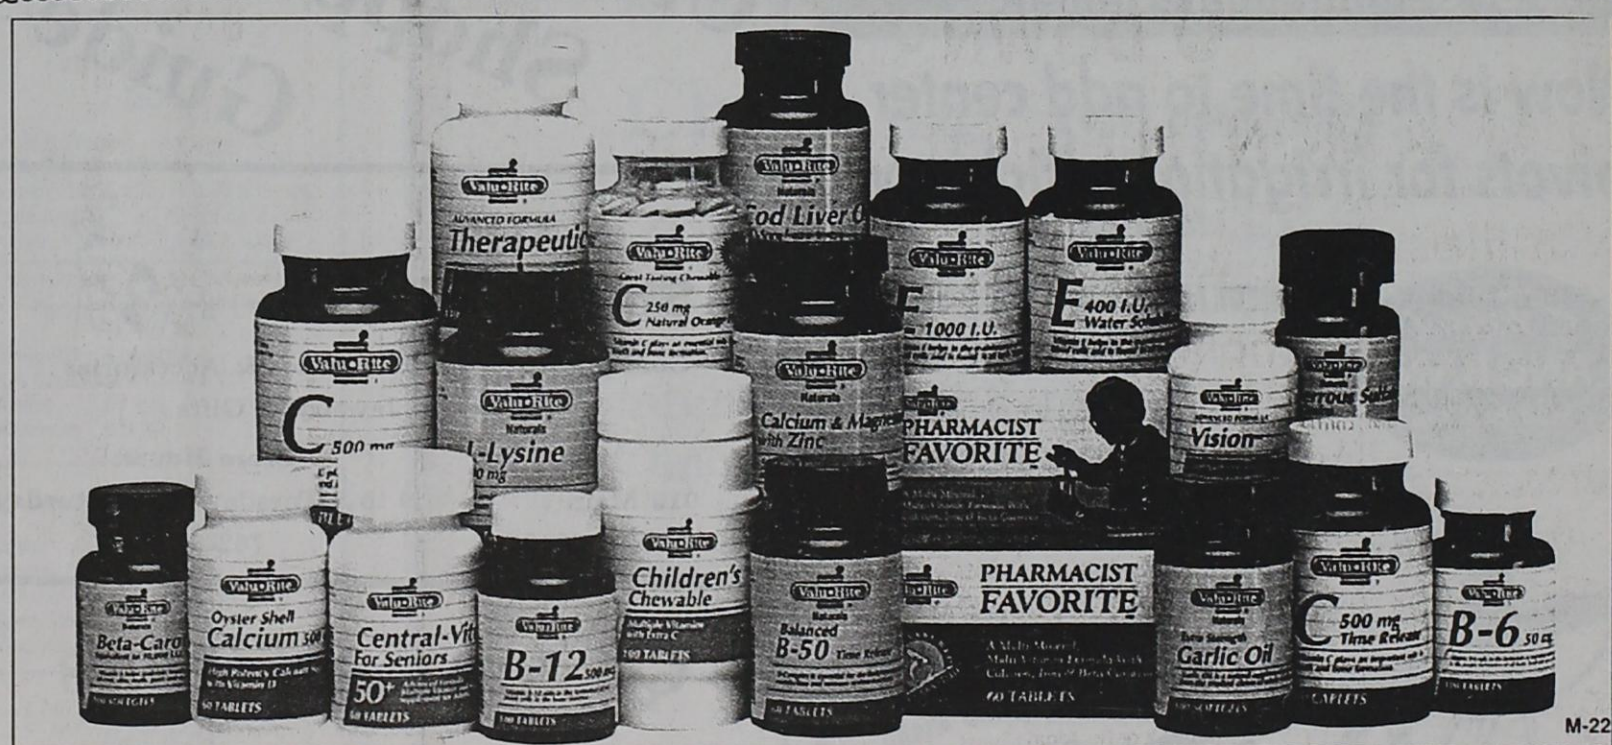

Whatever your age, there's hope that you might learn something too, because Jesus cares for you.

It's time to lobby

The Panhandle's biennial trip to lobby the Texas Legislature has been set for March 28.

It includes a full day of lunch, lobbying and concludes with a barbecue dinner on the

capitol lawn in Austin.

A charter plane departs Amarillo at 10:30 a.m. and arrives in Austin before noon. Buses will provide transportation to a lunch with Gov. George W. Bush or Lt. Gov.

Ramsey Bennett relaxes with "Garfield" after the Yorkshire Pig Show at San Antonio.

Jarecki shows reserve champion hamp at San Antonion show

Several Parmer County youth participated in the San Antonio Stock Show representing their school FFA and county 4-H groups.

According to Farwell FFA Advisor Richard Montgomery, the show this year was a tough one.

"About 4,040 hogs were entered and only 300 of them sold," he reported.

J'Lon Jarecki of Friona had the reserve champion Hampton pig.

Jessica Smith of Friona took 5th place with her Duroc

pig and had a 20th place medium wool sheep.

Ramsey Bennett of Farwell had a 13th place Yorkshire pig.

"This was a good learning experience," said Gary Patterson, Parmer County Agriculture Extension Agent. "And learning is part of our program - win or lose. The moms, dads and the kids are all disappointed when we don't do well at a show, but all we can do is pack up and go on to the next show at Houston."

Bank offers new credit card

Bank of America has introduced a secured credit card for consumers with little or no credit history, such as young people and those recently divorced or widowed, announced bank officials.

The card is secured - or backed - by a BofA savings account in an amount equal to the credit line, which can range from \$500 to \$5,000. The principal balance can't be withdrawn while the customer has the card. If a card member fails to repay the debt, the bank collects from the savings account.

The new card has an annual fee of \$18, but is waived if the customer has a BofA checking account.

To apply for the secured card, customers must be at least 18 years old, have a U.S. address, never have filed for bankruptcy, and all credit accounts must be current. After 18 months of continuously making payments on time, customers will be eligible for a Bank Americard without the required savings deposit.

Bob Bullock.

After lunch, participants will divide into legislative teams and visit legislators and state agencies to discuss issues of concern to the Panhandle region.

Eleven cooking teams from throughout the Panhandle will prepare the barbecue dinner for the entire legislature.

Buses will return participants to the airport for an 8:30 p.m. departure from Austin, arriving in Amarillo at 9:40 p.m.

Cost for the trip, including both dinners, will be under \$290. Interested parties should contact Farwell Chamber of Commerce President Ralph Franse at 481-3316 or Chamber secretary Gwen Hughes at 481-9477.

The reservation deadline is Feb. 28.

Farwell Convalescent Center Chit Chat

By Debbie Parmer

Feb. 14 was a day to remember. We began it with much TLC by having Hug Day.

Staff got enjoyment watching residents getting hugs from staff, visitors and other residents. Several residents really worked hard trying to get the most hugs.

Valentine's Day wouldn't be complete without a King and Queen. This year we had staff and resident Kings and Queens. Hug Day winners, and Kings and Queens, were announced at the Valentine's party.

Residents Joe Ray and Amy Magness won the Hug Day prizes. Joe had a total of 45 hugs and Amy had 56. Each received cuddly, white teddy bears from the auxiliary members. Great job, Joe & May!

Resident King was Gibbs Rucker. The Queen was Jo Sheehan. They were crowned, received flowers from the center and candy from the auxiliary.

Staff King was Ralph Gutierrez. Queen was Cecelia Steelman. After being crowned, they received flowers and a white teddy bear from the center. This is the first year we have had staff King & Queen. It made Valentine's Day more special.

Congratulations to all the winners!

Valentine's Day wouldn't be complete with candy and music. All residents received a Valentine's box of candy from the auxiliary.

Music was provided by Mr. and Mrs. Harold Carpenter. It was great!

Many thanks to auxiliary members Mr. and Mrs. Carpenter and to volunteers who brought cookies for our party.

We look forward to our monthly birthday party today (Friday) at 3 p.m. Happy Birthday this month to Mae Calvert, Ruth Colwell, Martha Cooper, Mable Crow, Jessie Ingram, Era Matthew, Jo Sheehan and Fairy Stovall.

Have a good week!

Bill opposed

Eastern New Mexico Rural Telephone officials announced their opposition to New Mexico House Bill 934, which proposes changes such as voting by proxy or by mail, and restricting members from voting for directors in districts other than the specific district where the members live.

The legislation applies only to cooperatives with over 5,000 members - and ENMR is the only co-op in New Mexico it would apply to.

ENMR officials said "there is particular concern that these changes could significantly impact the vested ownership rights of the members without the opportunity of informed consent. It was the members themselves who previously disallowed proxy voting for this very reason. No counsel from ENMR's board of directors, management or staff was sought in advance of the introduction of the proposed legislation.

"No reason or justification is cited for the proposed changes. The board of directors, management and staff of ENMR are firmly opposed to the change. They are asking all members to please contest their elected representatives to voice their opinion."

A potato loading dock in Farwell?

A possible railway potato loading dock in Farwell was discussed at Tuesday's Farwell City Council meeting.

Cramer Produce is interested in setting up a dock along the railroad somewhere between 6th and 8th streets. It's basically a July through August business.

Several questions were raised, such as right of way problems, odors, and potential problems for adjacent property owners.

The council will seek more specific information before making a decision. Adjacent property owners will be checked with. And the council would want to meet with Cramer officials.

In other business, the council:

- Approved five building permits: Waverly Coates, 410 6th St., fence; Richard Stag, 504 8th St., storage building; Janie Timm, 200 8th St., storage addition; Millard Murray, 600 9th St., house; and Vernon Symcox, 604 9th st., house.
- Ordered the city election for May 6.
- Okayed buying between 10 and 12 Christmas lights, at about \$300 each, to replace defective lights. These are placed along Avenue A in December. Mayor Chris Gikas said he has received many positive comments about how well the area looks with lights on both sides of the highway.
- Plans to put a longer "no parking" area along Avenue A just east of Red's Barber Shop. Councilwoman Ysleta Kittrell said she had received a complaint of the difficulty of

motorists on 3rd Street seeing eastbound traffic on Avenue A when vehicles are parked near the corner.

It was said that Red's will be allowed to use a vacant lot owned by Johnny Stewart just west of the barber shop for customer parking so the longer "no parking" area shouldn't be a problem.

Also, the council last year banned parking in that area on the north side of Avenue A west of 3rd street.

- Heard street Supt. Dee Hammitt report that trees have been trimmed near stop signs, more water is being pumped due to the drought, and alley holes are being filled in.

Dear Farwell friends:

What a great place to live! Thank you for all the concern and love you have shown us these past weeks. We appreciate all the visits, calls and food, but most of all we covet your prayers. Thank you

Bill & Lynn Roberts & family

Lazbuddie beats Hartley

The Lazbuddie Longhorns had a tuneup Monday for their state playoff opener Feb. 23.

The Longhorns beat Hartley, 81-43, at Vega.

It was no contest as Lazbuddie raced out to a 21-4 lead after the first quarter. Lazbuddie is now 16-14 overall.

Top scorers were Josh Warren, 20, and Cody Clark, 17.

Lazbuddie starts the state playoffs at 7 p.m. on Feb. 23 against the state's No. 1 ranked team, the Sudan Hornets, at the Farwell High School gym.

Renovations discussed

Texico School Supt. R.L. Richards discussed the track and football field renovation at Wednesday's Texico-Farwell Rotary Club meeting.

The all-weather track will have 8 lanes. There will be long jump and pole vault pits and a high jump area.

The home bleachers will be on the west so fans no longer have to face the sun during some games.

The new 80-ft. light poles are similar to Farwell's.

Trade your electric water heater for propane and get up to \$200 back.

A new propane water heater for your pad means you'll never run out of hot water in the middle of a shower. Icy showers can be quite a shock. And so can those high electric bills. When you choose a new propane water heater you could save up to \$1,400 during the life of the heater.

And during this limited time rebate offer from the Railroad Commission of Texas, you could qualify for up to \$200 back when you replace your existing electric water heater with propane or install a propane water heater in new construction. Hop on over and get all the details on safe, clean-burning, energy-efficient propane and this rebate rebate.

Farwell Convalescent Center opens Alzheimer's unit

The Farwell Convalescent Center had a ribbon cutting ceremony Tuesday for its new 14-bed certified Alzheimer's Unit.

The "E Wing" has been re-designed and renovated. It now includes a lounge room, extra kitchen and dining area, nurses' station, walk-in shower and other features.

Center administrator Ron Kilgore said it's the only certified Alzheimer's unit in the Texas Panhandle. It's been named "Jericho Road," from the Bible story of the Good Samaritan. "This also follows with the Good Samaritan Society's philosophy," he said.

On hand for the ceremony were staff, relatives of residents, board members, auxiliary members and Good Samaritan officials.

At the Farwell Convalescent Center ribbon cutting ceremony were, from left, center administrator Ron Kilgore, Auxiliary president Frances Kube, Vin Bruflat, of the Good Samaritan Society; center board member Mike Ratke and center board president Jerry Monk. Partially obscured is center board member Tom Nichols.
