

In Home Debut

The Big Spring Broncs (pictured above) will try to make it two wins in a row at the expense of San Angelo in their first Longhorn League game of the 1953 season here tonight. They beat Angelo with a great ninth-inning rally last night in Angelo, 5-4. Game time tonight is 8:15. Pre-game entertainment is on tap.

# Canadian Water District Approved By State House

By MARTHA COLE  
AUSTIN (U.P.)—The House passed the Canadian River Water District Bill today, providing municipal water supplies for 12 Panhandle and West Texas towns. The vote was 134-1. It already had been approved by the Senate, but the House put on some amendments to make sure that the district won't bother underground water. The bill has to go back to the Senate for approval of those changes. The House started to work at 10 a.m. all by itself while the senators rested from their first filibuster this session, one that lasted until 4:15 a.m. No formal Senate session was scheduled for today. The Canadian River bill will allow the construction of an \$5 million dollar dam near Pampa. The stored waters would be meant for Amarillo, Lubbock, Plainview, Pampa, Borger, Littlefield, Brownfield, Tahoka, O'Donnell, Slaton, Lamesa and Levelland.

By MAC ROY RASOR  
AUSTIN (U.P.)—Weary senators slept off today the after-effects of this session's first filibuster—a 7 1/2 hour affair that temporarily stalled consideration of a water tax proposal. The measure, a proposed constitutional amendment, is the keystone of the administration's endorsed water program. Adjournment came at 4:15 a.m. A quorum was broken twice. Rangers and police were called in to help round up fleeing members. The House stayed at work through the night, passing 78 bills. Two hit at indecent taverns and narcotics addicts. Most of the others were local and minor. Two veterans of filibuster tactics, Sens. Rogers Kelley of Edin-

burg and George Moffett of Chillicothe, led the Senate attack on the water proposal. Kelley talked for more than seven continuous hours on a resolution calling for adjournment in recognition of San Jacinto Day. Moffett took up where Kelley left off, making two speeches that tallied 3 1/2 hours. Together, and with the help of long questions from other senators, they forced the Senate beyond a midnight deadline into a new calendar day reserved for House bill consideration unless the House grants an exception. The Senate asked the House for that permission before it quit until 10 a.m. Thursday. It tacked the request onto a House resolution that had asked the Senate to let the House suspend the same rule to consider election code revisions. The Senate's quorum was broken shortly before 1 a.m. It took until 3:05 to restore it. Encouraging the lawmakers to stick it out were a barbecue chicken supper in an adjoining committee room at 2 a.m. Kelley and Moffett spent most of their time in historic accounts of the San Jacinto battle but interspersed their debate with frequent blasts against the water measure to leave no doubt of their target. Kelley called it an "insidious tax" that could be saddled on the people of Texas only through a constitutional amendment. By Sen. John Bell of Cuero, the amendment would authorize the state to levy fees on the use of public waters, the proceeds going to guaranteeing bonds on local water conservation projects. It would bring in an estimated two million dollars a year. It would have to be approved by voters to become effective.

# City May Open Part Of West 2nd Street

City officials Tuesday agreed to look into the possibility of opening West Second Street from Lancaster to San Antonio. First step will be a survey of property records to determine if any portion of the proposed street has been dedicated for public use. Any subsequent action will hinge on results of the check of records, city commissioners said. "The commission decided to study the matter after receiving a resolution from the Chamber of Commerce Board of Directors requesting that Second Street be opened from east to west city limits. Presenting the resolution were Horace Reagan, J. W. Elrod and Otis Grafa of the Chamber's Highway and Streets Committee. Commissioners also agreed that Developer Otis Grafa may assign to the city funds owed him by the city as partial payment for installation of utilities in the Stanford Park Addition. The City of Big Spring is due to return to Grafa this year about \$9,500 of some \$30,000 he deposited for utilities in another project. Commissioners said the cost of utilities in Stanford Park. The developer is bearing the total expense of water and sewer lines in the new addition. Utilities were put in earlier on a "five-year plan" whereby developers put up the money with the understanding it would be returned over a five-year period. Installation of water and sewer

lines may start soon for Stanford Park. City Manager H. W. Whitney reported engineering work for the utilities, as well as streets, is well along. Material is on hand for laying the lines. Work probably will start as soon as developers advance balance of approximately \$23,000 to finance the lines. The city manager also reported that low water pressures in the south central part of town is being corrected by extension of the "high pressure" distribution system centered at the Edwards Heights reservoir. A new, larger pump has been installed which will extend the high pressure system to serve the area south of 14th Street, and west of Main. Some areas east of Main in the extreme south part of the city also will benefit from the improvements, the manager said.

# Aid-Request Cut Can Mean Early Slash In Taxes

By ERNEST B. VACCARO  
WASHINGTON (U.P.)—Sen. Ferguson (R-Mich.) said today reported reduced foreign aid requests by President Eisenhower and sharp cuts in military spending raised prospects for a balanced budget and early tax cuts. Ferguson referred in an interview to reports from officials that the administration has tentatively decided to cut foreign aid fund requests by two billion dollars under former President Truman's recommendation for \$7,600,000,000. These officials said the final figure submitted to Congress for fiscal 1954 in the year starting July 1 will depend to some extent on whether North Atlantic Treaty nations meeting in Paris accept an American plan to stretch out their defense goals over a relatively long period. Ferguson, a member of both the Senate Appropriations and Foreign Relations Committees, declared, "On that basis, and on the cuts we can make in trimming the fat from the military budget, we ought to balance the budget and be able to cut taxes." Meanwhile, budget requests for \$130,521,337 for the State Department are being studied for possible cuts by an appropriations subcommittee. It plans to discuss them with Secretary of State Dulles. Ferguson complained to one State Department official yesterday about requests for his division which would reduce its payroll by "8 per cent out in employees." Ferguson said, "I understand Dulles once had in mind cutting the State Department personnel in half."

Other early morning temperatures included: Dallas and Austin 60, Amarillo and El Paso 57, Dalhart and Texarkana 54, Laredo 68, Houston 58. Forecasts indicated the trans-Pecos showers would move eastward from the river tomorrow as a gentle warm-up continued. There'll also be wind.

# Paving Cost To Residents Is Determined

Paving to be installed this year by H. B. Zachry Company will cost property owners \$3.90 to \$5.90 per front foot, depending on width of the streets fronting the various lots. City Engineer Clifton N. Bellamy figures the front-foot cost at \$3.90 for a 30-foot street. It ranges up to \$5.90 for a 55-foot street. Property fronting on a 36-foot street will be assessed at the rate of \$4.38 per foot, that facing a 40-foot street will receive paving valued at \$4.70 per front foot, and on 45 and 52-foot streets the cost will be \$5.10 and \$5.66, respectively. Actual work on the paving is expected to start about July 1. However, in the next few weeks preliminary work such as property assessments, public hearings, signing up property owners, etc., will keep contractor and city officials busy. Total contract price for the 183-block paving program is \$554,700.

# Little Rain Falls Over The State

By The Associated Press  
Showers fell west of the Pecos River Valley Wednesday while most of Texas was clear to partly cloudy. A beaming hot sun, hinting at the summer ahead, burned out ground fog in the College Station vicinity before mid-morning while temperatures rose from early morning lows. The low temperatures at 5:30 a.m. ranged from 51 at Lufkin to 72 at Brownsville. Other early morning temperatures included: Dallas and Austin 60, Amarillo and El Paso 57, Dalhart and Texarkana 54, Laredo 68, Houston 58. Forecasts indicated the trans-Pecos showers would move eastward from the river tomorrow as a gentle warm-up continued. There'll also be wind.

# Scattered Showers Prospect In Area

Scattered showers again are in the weather forecast for the Big Spring area. The Weather Bureau station here predicts scattered rain tonight and Thursday. Cooler temperatures also are expected, but not until tonight. Anticipated maximum temperature this afternoon is 90 degrees. Low forecast for tonight is 52 degrees, 10 below last night's minimum. There'll also be wind.

# Cancer Research Tour Group To Visit Texas

AUSTIN (U.P.)—Reporters touring the nation to report on cancer research will visit Texas Thursday and Friday. They will interview scientists at the University of Texas M. D. Anderson Hospital and the University's Medical Branch at Houston and Galveston.

# TRASH COLLECTION IS THURSDAY; CLEAN-UP DRIVE GOES SMOOTHLY

Satisfaction with progress of Big Spring's clean-up drive was expressed this morning by J. H. Greene, manager of the Chamber of Commerce, sponsor of the campaign. Green said he toured the city Tuesday and found evidence of clean-up work in virtually every block. Vacant lots are being cleaned, along with yards, streets and alleys in most sections, he reported. All residents are urged to have accumulations of trash ready to be hauled off Thursday morning. City trucks will remove the rubbish, free of charge, if the waste is placed in the customary garbage disposal areas. City and health officials are urging that the clean-up be maintained the year-round for prevention of diseases and elimination of fires and other accidents. Evidence of the clean-up has been reported by workers in the garbage and trash collection department. Volume of rubbish being thrown away has increased steadily during the past few days as some citizens got their spring housecleaning underway.

# Crop Decrease Seen

LAREDO (U.P.)—A slight decrease in the 1953 Mexican cotton crop was predicted today by O. L. Longoria of Nuevo Laredo, president of the Mexican Confederation Cotton Association. He estimated this year's production at 1,281,000 bales, compared to the 1,300,000 in 1952.

# UN May Request Reds To Return More POWs

## Ex-Prisoners Tell Of Death March, Other Horrors

By WILLIAM C. BARNARD AND SAM SUMMERLIN  
TOKYO (U.P.)—A slow-talking sergeant from Oklahoma said tonight American soldiers were "punched with bayonets, clubbed with rifle butts and left to die" by their Communist captors on a bitter 13-day march through North Korea in sub-zero cold. "I saw men that looked like they couldn't go any farther shoved over embankments and left to die," said Sgt. Odie Lawley of Medicine Park, Okla. "Lots of men just dropped while they were walking. The Communists shoved them off the road and left them to die." Lawley's story and those of other men under treatment in Army hospitals here added new horror to the accounts of brutal Red death marches which returning POWs said cost the lives of nearly 1,000 Allied soldiers. Another young American released from Communist activity Monday at Panmunjom said Chinese Red guards hauled away to a labor camp, beat up and once bayoneted American prisoners who defied Red rule. But, said Cpl. Donald K. LeGay of Leominster, Mass., prisoners who went along with the Communist line "got a little better treatment."

SEN. LEHMAN

## Meeting Is Called For This Evening

PANMUNJOM, Korea (U.P.)—The U. N. called tonight for a meeting with Communist liaison officers tomorrow, touching off speculation that the Allies might again ask the Reds to return more disabled captives. The U. N. prisoners already freed have told of many sick and injured Americans and other prisoners still in Communist prison stockades. The announcement said only that the meeting was called "to discuss matters in connection with the current repatriation operations." The session is set for 10 a.m. (7 p.m. Wednesday CST), an hour after the Reds start turning over 14 more Americans and 86 other prisoners. The exchange began Monday. American and U. N. captives in Japan on their way home Wednesday added bitter new accounts to the stories of death in Communist stockades and 84 brutal marches. The figures added up to 1,500 dead. The Reds made propaganda capital of the sick and wounded exchange, describing prisoners returning from Allied camps as "mutilated, emaciated wrecks." The request for Thursday's session was unexpected. Full-scale negotiations on overall prisoner exchange, the last major barrier to a Korean armistice, are to resume Saturday. When the Communists said they would return 605 U. N. prisoners, including about 120 Americans, the U. N. called the figure "incredibly small." Since then there have been increasing indications that the Reds are not honoring their agreement to exchange all sick and wounded. The U. N. was believed to have about 200 more Chinese sick and wounded at Pusan. The return of 14 Americans tomorrow will bring to 79 the number of U. S. soldiers freed in the exchange. Sixty-five were returned Sunday and Monday. All now are in Tokyo hospitals. Wednesday's exchange involved 100 Republic of Korea soldiers for 500 Communists, including 150 Chinese. It brought to 700 the Chinese returned to their own country. The U. N. Command said would be included in the return of 5,800 Reds for 605 Allied sick and wounded. Wednesday's groups of Chinese went up the dusty road toward the "Bamboo Curtain" figuratively beating propaganda cymbals of happiness. A U. N. interpreter said they had been coached carefully to sing and shout slogans to prove their happiness at returning to communism. To show their feelings toward the Allies—real or staged—the Chinese ripped new uniforms given them only a few days ago, tousled their hair, threw away food rations and dropped propaganda leaflets in sight of their Communist welcome committees. Then the Red prisoners—appearing unkempt—paraded before Communist newsmen and newspaper cameramen. One prisoner cast away his American-made crutches and hopped on his one leg into the Communist reception center. Allied repatriates, meanwhile, told blood-chilling stories of their months behind Communist lines in North Korea. Pvt. William G. Moreland of Atlanta told of a 300-mile march during which 411 of 700 U. N. prisoners perished. Other Americans told of at least three other marches which claimed the lives of at least 136 Americans and 200 South Koreans. A Turkish prisoner said starvation killed at least 100 Americans in his prison camp. As returning prisoners told of hundreds dying on long marches over frozen North Korean highways and of disease and hunger a U. S. congressman demanded an international inspection of Red prison camps. Rep. Dewey Short (R-Mo) said reports that the Reds will not exchange all sick and wounded prisoners should make inspection of their prison camps a prelude to resumption of truce talks. Full-scale negotiations are scheduled to resume here Saturday shortly after the Communists have completed the return of 605 sick and wounded.

# Test Vote Set In Tides Issue

WASHINGTON (U.P.)—Majority leader Taft told the Senate today he will move to force a test vote at 8:30 p.m. CST on state-vs-federal ownership of the tidelands. Taft said he will make a motion, not subject to debate, to "lay on the table" Sen. Anderson's substitute providing for federal administration of off-shore oil leases. The Republican Senate leader predicted a 20-vote margin in favor of sidetracking the federal control proposal. Opponents did not dispute this, but said their debate will continue on the bill to give states ownership of off-shore lands within their boundaries. The Senate has been debating for three weeks a bill backed by the Eisenhower administration to declare the states have clear title to the lands involved. White House Press Secretary James Hagerly said today President Eisenhower's position has been "so clearly stated there is nothing further to say." Hagerly's statement was in response to queries about a letter sent the President by 25 senators who oppose state ownership. The letter asked whether Eisenhower approves of state ownership beyond three miles offshore. Opponents of state ownership cried "gag rule" and called the Taft maneuver "unjustified," "arbitrary" and "indefensible." Taft told newsmen other senators objected so strenuously "to the time" that he may not make his motion for another day or two. He conceded that killing the amendments will not shut off debate on the bill itself. Taft said his purpose is to show how the Senate is divided on the issue. Opponents of the GOP-backed state ownership bill continued to deny the majority leader's filibuster charge. They say they want to educate the public on a proposed "giveaway" of oil lands worth billions. Sen. Humphrey (D-Minn.), preparing to lead off on the fourth week of debate today, said the opposition will permit the bill to come to a vote when all senators have had a chance to make their speeches. He estimated that might be sometime next week. Taft's announcement of his intention to force a test of strength on a motion to table a federal control amendment by Sen. Anderson (D-N.M.) followed a seven-hour speech by Sen. Fulbright (D-Ark.). Sen. Gore (D-Tenn.) called Taft's announcement "an unjustified, unilateral, arbitrary decision." Sen. Lehman (D, Lib-N.Y.) said it was an "unusual and unjustifiable position to try to choke off debate on a question as vital to the American people as the education of their young people." Lehman is an advocate of the amendment by Sen. Hill (D-Ala.) to devote revenues from offshore oil to a program of federal aid for education. He said the Taft move "is not going to choke off debate." Fulbright launched another two-hour speech in which he called the Taft decision "razz rule." He held the floor overnight, following a 12 1/2-hour session, which lasted until 11:30 p.m. last night. Meanwhile, 25 senators opposing state ownership of the offshore lands made public a letter asking President Eisenhower whether he supports state claims to boundaries beyond the three-mile limit. They referred specifically to the claims of Texas and Florida to lands extending 10 1/2 miles into the Gulf of Mexico.

# Investigation Started Into Red Atrocities

WASHINGTON (U.P.)—Chairman Bridges (R-NH) summoned top State and Defense officials to the capitol today for a full fledged Senate Appropriations Committee investigation of atrocities against U. S. prisoners in Korea. Bridges asked Gen. Walter Bedell Smith, undersecretary of state, to appear with top advisors to report on the "top ranking" defense officials to come in an hour later. "Bridges said the officials would be questioned at a closed session. "We want to get all the information they have about the Red atrocities against U. S. and U. N. prisoners, all the background we can get on such treatment and what they are doing about it now," Bridges said. "We have to find out the truth about reports that the Reds are releasing only a small part of the sick and wounded prisoners they are holding and see what can be done about getting more of our people out of Korea if this is to mean anything." Bridges, acting on atrocity accounts given by returned war prisoners in Korea, demanded sharp protests to the Communists. The reports from the Far East also prompted calls in Congress for renewed efforts to obtain inspection of enemy stockades. "This nation cannot tolerate such carryings-on and I trust that we will not do so," Bridges said of reports brought back by exchanged Americans. These included stories of "death marches" over frozen North Korea in which hundreds of captured men died, bayonetings and beatings, food shortages and poor medical treatment, and of seriously ill men left behind.

# Amendment Is Ready For Vote Of People

AUSTIN (U.P.)—The first proposed constitutional amendment to make it through the Legislature this year was ready today for the people's vote. Gov. Shivers signed Senate Joint Resolution 4 by Sen. Jop Fuller of Port Arthur, providing four-year terms for elective district, county and precinct offices. They have two-year terms. The vote will be in the 1954 November general election.

# City To Get A New Insecticide Fogging Machine In Few Weeks

Order was placed today for a new insecticide fogging machine for Big Spring. City officials expect delivery of the machine in two or three weeks. It will be put in operation as soon as it arrives. Provision for the new fogging machine was made in the city's new budget. City Manager H. W. Whitney has delayed purchase of the equipment for the past three weeks while he investigated efficiency of the various types of machines on the market. Cost of the new machine is \$1,200. Old fogging equipment owned by the city has been worn out, the city manager reported.

# Rail Commission Head Defends Giant Spraberry Field Shutdown

By BO BYERS  
AUSTIN (U.P.)—Field-wide shutdowns of the giant Spraberry oil reservoir in West Texas to stop gas flaring was "a new assault on waste," the chairman of the Texas Railroad Commission testified today. "This is a frontal attack," Chairman Ernest Thompson said in 9th District Court as oral testimony began in a suit testing validity of the Spraberry shutdown order. Attorneys challenged Thompson on the commission's right to shut down all wells irrespective of whether they are flaring or non-flaring wells. Thompson said the commission did not consider individual operators' problems, but shut down oil production in the entire reservoir to protect correlative rights. Under questioning of W. P. German Jr., of Midland attorney for Arthur Harvey, Thompson said his idea of correlative rights in this case was "the right to recover from the reservoir his proportionate share of what underlies it." Time and again attorneys tried to draw from Thompson an answer on whether an operator should be allowed to produce oil if none of the gas from his wells is being wasted. Invariably Thompson replied that the commission was "dealing with a reservoir, not an individual operator." "I think we're through an evolutionary process of learning how to prevent waste," said Thompson. He must leave tomorrow to attend the Interstate Oil Company Commission meeting at New Orleans this week end. Attorneys for two intervenors, Standard Oil of Ohio and Phillips Petroleum Co., indicated they were in accord with the commission's view that if any part of the

Spraberry were to be shut down, then all of the reservoir should be closed down. "Will you get a better job, a quicker job of eliminating gas flaring if the whole field is shut down?" asked attorney J. W. Stayton for Phillips. "That's absolutely right," answered Thompson. "It's wonderful that co-operation we have when the whole field is shut down." Thompson testified as trial began of five suits testing validity of the order shutting down the Spraberry field. Three dozen companies have joined the suits, which will be decided individually by Judge Charles Bettis. Bettis has granted a temporary injunction against enforcement of the order with respect to operators who brought suit on the ground they are not flaring any casinghead gas.

# THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and warmer this afternoon. Dully with scattered showers tonight and cooler tonight and Thursday. High today 90, low tonight 52, high tomorrow 74. Highest temperature this date 88 in 1945; lowest this date 28 in 1927; maximum rainfall this date .75 in 1918.

# WARMER

High today 90, low tonight 52, high tomorrow 74. Highest temperature this date 88 in 1945; lowest this date 28 in 1927; maximum rainfall this date .75 in 1918.

### Living Costs Up After Dropping For 3 Months

WASHINGTON (AP)—The government reported today that living costs edged up fractionally between mid-February and mid-March. This reversed a three-month downward trend. The Bureau of Labor Statistics said its consumers price index rose two-tenths of one per cent over the month. This brought the index to 113.8. The index uses average prices of 1947-49 as a base of 100. The living cost level is presently only about one-half of one per cent off the record established last November when the index was 114.3. Actually living costs have remained stable and changed very little since last fall. The bureau reported today that removal of government price and wage controls has had "little effect on retail prices into April." Summing up the price situation, the bureau said: "There were sizeable increases (after controls were ended) in the retail prices of cigarettes, coffee, gasoline and fuel oil, but no other important cost of living items were affected at that time. The groups which are predominantly service groups have continued to edge upward, but food, apparel and house furnishings are generally lower than a year ago."

### Bethel BTU Has Social At Gay Hill

LUTHER, (Sp.)—The Bethel Baptist Training Union sponsored a social at Gay Hill School recently. The program included songs, a movie and games. Ninety attended. Church members have voted to buy venetian blinds for the windows.

Mrs. Anna Mae Williamson of Hennespen, Okla., is visiting Mr. and Mrs. E. O. Burchett and children visited her sister, Mr. and Mrs. Bill Jackson in Abilene recently.

Mr. and Mrs. Van Owens have been entertaining her father, H. H. Morrison of Denison. Mr. and Mrs. O. R. Crow, Connie and Sandra visited Mr. and Mrs. O. R. Phillips and Mr. and Mrs. Jim Dunn in Midland recently.

O. R. Crow received word Monday that his father, J. F. Crow of Itasca has had a minor heart attack.

Mr. and Mrs. Bonnie Puckett, Mr. and Mrs. Neil Spencer and Skipper attended the funeral of the infant son of Mr. and Mrs. Durward Williams in Amarillo.

### Rebekahs Win Cup For Degree Work

The Big Spring Rebekah Lodge 284 won first place for degree work at the associational meeting held in Pecos April 18. It was announced at the lodge meeting Tuesday at the IOOF Hall. The group won the first place cup for the third consecutive time and now has permanent possession.

Members packed a box of linens to be sent Mrs. Jennie Kimbrough, Rebekah member at Ranger, whose home was destroyed by fire recently. Twenty members attended.

### Mrs. J. W. Arnett Leads Bible Study

Mrs. J. W. Arnett gave the Bible study on "Stewardship of the Title" at the Hillcrest Baptist WMU Tuesday. The lesson was taken from the Bible study book, "Consider Thy Stewardship."

Mrs. D. W. Overman presided and led group singing. Mrs. Sherman Sheffield, a visitor, led the opening prayer.

### Scout Roundup Set To Open Thursday

All preliminary work for the 27th annual Big Spring Boy Scout Roundup has been completed. "Everything is in readiness for the boys to move in tomorrow about 4 p.m.," it was announced by Jimmie Hale, local field executive.

Professional staff members of the Buffalo Trail Council are due to arrive early Thursday. Hale said. Some came in today.

The professional staff will set up headquarters on the Roundup Grounds south of the city in the morning. Hale stated that a complete display of equipment to be used by local Scouts during the National Jamboree will be set up.

All the meat for the Saturday noon barbecue has been received from local business men, Hale said. And mosquito wood for the actual barbecue is now being hauled to the grounds.

Water connections were made Tuesday, and Hale said arrangements have been made to hook up the electricity and public address system early Thursday. The Big Spring Nurses Association has made out a schedule to assure medical care at all times during the three-day outing. Boy Scouts will start pouring in about 4 p.m. Thursday, and the

## Wildcat Location Is Reported In Borden, Southwest Of Gail

With the exception of a wildcat location being reported in Borden County, area oil developments were largely confined to drilling today.

The new Borden wildcat is McElroy Ranch Company's No. 1 J. L. Higginbotham, located about 12 miles south and slightly west of Gail.

McElroy Ranch No. 1 J. L. Higginbotham, C SE NE, 18-31-30-T&P survey, is a new wildcat location about 12 miles south of Gail. It will be a rotary venture set for 7,750 feet.

Superior No. 3-518 Jones, C NE NW, 518-97-H&TC survey, is preparing location.

Green No. 1 Slaughter, C NW NW, 34-33-30-T&P survey, is reported at 7,095 feet in lime and shale.

Herimerich and Payne No. 1 Durward, 330 from the north and west of line, 10-32-50-T&P survey, got down to 4,750 feet in lime.

Vickers No. 1 Orsop, C NE NE, 11-33-50-T&P survey, drilled to 9,095 feet in lime and shale.

Brinkerhoff No. 1 Clayton C SE SE, 48-33-40-T&P survey, hit 7,603 feet in shale.

Stanford No. 1 Classen, 330 from south and 990 from east of line, northeast quarter, section 95, block M, E.L.R.R. survey, reached 7,059 feet in lime and shale.

Magnolia No. 1 Eiland, C NE NE, labor 33, Igarua 273, Glasscock CSL, is drilling at 4,130 feet in anhydrite and lime.

Vega and Universal No. 1 Fowler, C SW SW, 111-M-EL&RR survey, is still waiting for order. This well will be drilled from daily reports until operations resume.

Sinclair No. 1 Cox, C SE SE, 32-33-45-T&P survey, drilled to 10,104 feet in lime and shale.

Cosden No. 1 Crawford, C SW SW, 47-32-10-T&P survey, is today drilling below 2,952 feet in lime.

Brown and Wheeler No. 1 Morrison, C NE NE, 28-36-10-T&P survey, bored to 3,150 feet in lime and shale.

Pan-American No. 6 Breedlove, 4,620 from south and 690 from east of line, league 258, Briscoe CSL, got down to 11,545 feet.

Phillips No. 1-C Schar, 1,320 from south and 700 from west of lease lines, 324-LaSalle CSL, is reported at 12,869 feet.

Gulf No. 4-B Glass, C SW NW, 20-28-10-T&P survey, is now coring from 10,413 feet in Pennsylvania lime. Operator cored from 10,413 to 10,415 feet and recovered 50 feet of lime and shale with no shows of oil or gas.

Sun No. 3 McCabe, C NW SE, 225-1A-H&TC survey, reached 2,870 feet in shale.

Sun No. 1-A Anderson, C NE NE, 238-1A-H&TC survey, is drilling at 6,090 feet in shale.

Humble No. 1 Cooper, C SE NW, 25-19-LaVaca survey, is still fishing at 7,088 feet in lime and shale.

Humble No. 1 Trulock, C NW NW, 6-28-10-T&P survey, went a little deeper to 1,995 feet in lime.

Sohio No. 1 Yarbrough, C NW SE, 67-25-H&TC survey, is today at 6,648 feet in shale.

Lawley, formerly of the U. S. 7th Division, was captured six miles south of Chasin Reservoir Nov. 30, 1950. He is 45—but tonight looked far older—and very weary.

LeGay, 23, a prisoner for 29 months at Pyokong camp, said, "One time we had a little riot." He did not recall what started it, but said the prisoners occasionally "decided to refuse to work, wouldn't eat or fall out for roll call."

That night he said, "they doubled the guards on us." The prisoners attended a motion picture. As it ended, the captives started to file out.

"The first three or four were bayoneted by Chinese guards, LeGay said. "They didn't kill them, just put them in the hospital." He said the rest of the prisoners stopped and refused to go out until an English-speaking guard led the way.

After such disturbances, LeGay said, the Chinese usually "picked out an instigator." He said these men and others who "were against them (the Communists) all the way" were sent to a labor camp. "We didn't see them again," he said.

## James Barber Rites Thursday

Thursday was to have been the 60th wedding anniversary for James William Barber, 83. Instead, it will be the day for his funeral.

Mr. Barber, 212 N. Gollard, a retired farmer and long time resident of the county and city, died in a hospital here today on the eve of the date three score years ago when he and Mrs. Barber were married.

Rites are to be held at the Eberley-River Funeral Chapel with T. H. Tarbett, minister of the Church of Christ at E. 4th and Benton, officiating. Burial will be in the City Cemetery.

Surviving Mr. Barber, who had been in ill health for quite some time, are his wife; seven daughters, Mrs. A. W. McPherson, Burtburnett, Mrs. Ora Hamilton, Big Spring, Mrs. Martie Reynolds, Fort Worth, Mrs. Clara Young, Cross Roads, N. M.; Mrs. Luella Lockhart, Big Spring, Mrs. Martie Sisson, Monahans, Mrs. Moxelle Taylor, Corpus Christi; three sons, Louis Barber, Aaron Barber and Bill Barber, all of Big Spring. Also surviving are 32 grandchildren and 72 great-grandchildren. Three children are deceased.

Mr. Barber also leaves two sisters, Mrs. Bertie Blais, Gladewater, and Mrs. Maud Baker, Overton.

## Thief Breaks Down Two Doors To Get Into Liquor Stocks

It apparently was a thirsty burglar who broke into Nat Scott's Liquor Store, 301 N. Bell, last night.

The thief tore down two doors to get to the liquor stocks. Then he looted up.

Three "fifths" of whiskey, eight pints of whiskey, and six pints of gin were stolen, C. C. Aaron, city detective, reported this morning.

Rear-door to the liquor establishment was forced open and then the burglar broke down door in an inside partition to get to the spirits. Police discovered the break-in about 2:15 a.m. today while on a routine patrol of the area.

## Baby Bond Savings Plan Starts Here

Signing of participating merchants in the Baby Bond savings plan was started here Wednesday.

Dan Hudson, formerly of Big Spring, was here making the contacts.

The plan is provided by Baby Bonds, Inc. of Texas. It provides for a Baby Bond of 2 cents value for each \$1 of merchandise purchased at a cooperating concern.

(The ratio is one cent per dollar at food stores). These Baby Bonds can be deposited at the First National Bank to the account of any child under 13 years of age.

Current rate of interest is paid on the account, compounded semi-annually. Withdrawals may not be made except when the child attains the age of 15 years. McEwen Motor, for servicing, was the first firm to sign for participation, said Hudson.

Hudson was manager of the Settles Hotel here more than a decade ago. Subsequently, he moved to Midland, entered the service, later managed the Midland Petroleum Club and then went to Fort Worth as sales manager of Western Hills Hotel.

## Perry Lynn Boyter Funeral Thursday

Funeral will be held at 10 a.m. Thursday at the Nalley Chapel for Perry Lynn Boyter, baby daughter of Mr. and Mrs. R. E. Boyter, 609 NE 6th.

The baby, born May 1, 1952, died at a hospital here Tuesday after a brief illness.

Chaplain Grant Mann of Webb AFB will officiate and burial will be in the Babylonian section of Trinity Memorial Park.

Besides the parents, survivors are eight brothers, James, Bryan Ray, Jerry Wayne, Stephen Ralph, Jack Robert, Harry, Clyde Henry Boyter of Big Spring and Harold Leon Boyter of New Orleans, La.; four sisters, Mrs. Peggy Jo Womble and Alice Faye Boyter, Kathryn Jane Boyter of Big Spring, and Mrs. Cantonis, Shreveport, La.

## Stray Cow Is Found

A stray cow has been found on the Hipps Guitlar Ranch about 12 miles northwest of Big Spring. Sheriff Jess Slaughter said that anyone missing the cow could contact him. The cow has a brand on the right hip which resembles a heart, but the loops are not joined at top. The cow has a seven under bit on the right ear.

## Registered Nurses See Film On Heart

A film on foreign bodies in the heart and surgical removal of them was shown at the Registered Nurses Study Club meeting Tuesday at the Veterans Hospital Nurses Home.

The group planned a bake sale to be held May 9 to raise money for the scholarship awarded to Eva Mae McElrath, student at Hendrick's Memorial Hospital.

It was announced that \$45 was cleared for the scholarship at the benefit bridge party sponsored by the club.

Mrs. S. E. Webb of Arp has returned home after visiting her sister, Mrs. J. T. Culpepper, and family, 1508 Seury. She also visited her son and his wife, Mr. and Mrs. Garland Webb.

## Wildcat Location Is Reported In Borden, Southwest Of Gail

With the exception of a wildcat location being reported in Borden County, area oil developments were largely confined to drilling today.

The new Borden wildcat is McElroy Ranch Company's No. 1 J. L. Higginbotham, located about 12 miles south and slightly west of Gail.

McElroy Ranch No. 1 J. L. Higginbotham, C SE NE, 18-31-30-T&P survey, is a new wildcat location about 12 miles south of Gail. It will be a rotary venture set for 7,750 feet.

Superior No. 3-518 Jones, C NE NW, 518-97-H&TC survey, is preparing location.

Green No. 1 Slaughter, C NW NW, 34-33-30-T&P survey, is reported at 7,095 feet in lime and shale.

Herimerich and Payne No. 1 Durward, 330 from the north and west of line, 10-32-50-T&P survey, got down to 4,750 feet in lime.

Vickers No. 1 Orsop, C NE NE, 11-33-50-T&P survey, drilled to 9,095 feet in lime and shale.

Brinkerhoff No. 1 Clayton C SE SE, 48-33-40-T&P survey, hit 7,603 feet in shale.

Stanford No. 1 Classen, 330 from south and 990 from east of line, northeast quarter, section 95, block M, E.L.R.R. survey, reached 7,059 feet in lime and shale.

Magnolia No. 1 Eiland, C NE NE, labor 33, Igarua 273, Glasscock CSL, is drilling at 4,130 feet in anhydrite and lime.

Vega and Universal No. 1 Fowler, C SW SW, 111-M-EL&RR survey, is still waiting for order. This well will be drilled from daily reports until operations resume.

Sinclair No. 1 Cox, C SE SE, 32-33-45-T&P survey, drilled to 10,104 feet in lime and shale.

Cosden No. 1 Crawford, C SW SW, 47-32-10-T&P survey, is today drilling below 2,952 feet in lime.

Brown and Wheeler No. 1 Morrison, C NE NE, 28-36-10-T&P survey, bored to 3,150 feet in lime and shale.

Pan-American No. 6 Breedlove, 4,620 from south and 690 from east of line, league 258, Briscoe CSL, got down to 11,545 feet.

Phillips No. 1-C Schar, 1,320 from south and 700 from west of lease lines, 324-LaSalle CSL, is reported at 12,869 feet.

Gulf No. 4-B Glass, C SW NW, 20-28-10-T&P survey, is now coring from 10,413 feet in Pennsylvania lime. Operator cored from 10,413 to 10,415 feet and recovered 50 feet of lime and shale with no shows of oil or gas.

Sun No. 3 McCabe, C NW SE, 225-1A-H&TC survey, reached 2,870 feet in shale.

Sun No. 1-A Anderson, C NE NE, 238-1A-H&TC survey, is drilling at 6,090 feet in shale.

Humble No. 1 Cooper, C SE NW, 25-19-LaVaca survey, is still fishing at 7,088 feet in lime and shale.

Humble No. 1 Trulock, C NW NW, 6-28-10-T&P survey, went a little deeper to 1,995 feet in lime.

Sohio No. 1 Yarbrough, C NW SE, 67-25-H&TC survey, is today at 6,648 feet in shale.

## MARKETS

WALL STREET—The stock market opened mixed on the downside today. Gains and losses were in the small fractions. Trade was restrained.

Pacific Western Oil opened up. Lower oil prices were a factor. A.P.C. Chicago, Douglas, Montgomery Ward, Pennsylvania Railroad and Republic Steel.

LIVERPOOL—Cotton futures were slow and steady. Prices were 1/16 higher for May and 1/16 lower for June. The market was quiet for the rest of the day.

NEW YORK—Wheat futures were 1/16 higher for May and 1/16 lower for June. The market was quiet for the rest of the day.

## Democrats Await Word From Ike To Save Public Housing Program

By WILLIAM F. ARBOGAST WASHINGTON (AP)—House Democrats tuned their ears to the White House today, hoping that some word from President Eisenhower might save the public housing program from a GOP-dug grave.

But they didn't really expect to hear anything before the House votes, late today, on a Republican recommendation that no new public housing projects be started after July 1.

This recommendation is embodied in an appropriation bill providing \$451,022,483 to finance 23 independent executive agencies for the government year starting July 1. The amount is about 61 per cent, or \$271,423,697, less than former President Truman requested in his January budget. Most of the cut is in civil service retirement funds.

Some Democrats call it a phony one, contending the money will have to be voted later. A request that the President make clear his position on public housing was made yesterday by Rep. McCormack of Massachusetts, assistant Democratic leader. Rep. Cotton (R-NH), an Appropriations Committee member, had said it would not "offend" the President if the program was killed.

"I haven't been able to find one single word to show that he (the President) values this socialistic experiment highly," Cotton said. McCormack replied that every "progressive piece of legislation" of the past 20 years has been labeled "socialism" by some Republicans. He said it is incumbent on Eisenhower to state his position.

Cotton said he wasn't impressed by the request of Albert Cole, former Republican House member from Kansas and now head of the Public Housing Administration, for housing units in the next year. In 1949, Congress authorized a six-year program to build 810,000 low-rent public housing units. Last year it cut the authorization to a maximum of 35,000 units.

Rep. Yates (D-Ill.) said he would offer an amendment to continue the 35,000 authorization into next year. Even if the House votes to end the program, the Senate may receive it. The Senate has in recent years favored a more extensive housing program than the House, and prominent senators are known to want the program kept alive.

## Goodlett President Of Local A&M Club

W. S. Goodlett Jr., was elected president of the Big Spring Chapter of the Texas A&M Ex-Students Association at the annual Aggie Muster Tuesday evening.

Other officers for the new year are R. C. Anderson, vice president, and James Tidwell, secretary-treasurer. The meeting was opened by Jack Cook, former president.

Approximately 60 people attended the muster. Next meeting was set for the second Thursday in May, with the place to be announced at a later date.

Two committees were appointed Tuesday evening. One will be to plan monthly meetings and programs. The other is to investigate the possibilities of establishing a scholarship fund in the local chapter.

## Negro Is Hauled Into Court On Old Charges

Robert Jones, local Negro, was taken into custody by sheriff's officials again Tuesday on old charges of transporting alcoholic beverages.

Jones previously pleaded guilty to the charges in County Court and was fined \$100 and costs. He paid part of the fine and was released after making arrangements to pay the other.

However, he wasn't prompt in paying the final portion of the fine. So he was put back in jail. Sheriff Jess Slaughter said that Jones will lay out the remainder of the fine—about \$20—in jail.

## Mrs. Emma Wilkes Funeral Is Thursday

Services for Mrs. Emma Wilkes, 50, will be held at the Church of Christ, 4th and Benton, at 2 p.m. Thursday.

T. H. Tarbett, minister, will officiate, and burial will be in the Trinity Memorial Cemetery.

Mrs. Wilkes, mother of Mrs. L. I. Stewart, died Tuesday.

Palbearers will be Earl Plew, Chester Burton, Dave Carter, S.A. Bradford, Earl Brownrigg, and J. H. Johnson.

## County Officials Back From San Angelo

Three county officials returned from San Angelo Tuesday after having attended a two-day convention of the West Texas County Judges and Commissioners Association.

They were Earl Hull, Arthur Stallings, both commissioners, and County Judge R. H. Weaver. Approximately 500 people attended the convention from West Texas counties. Problems of county administration were discussed.

## Local Girl A Member Of ACC Orchestra

Margaret Ann Nichols of Big Spring is a member of the Abilene Christian College symphony orchestra which is being heard on 17 radio stations this week.

The ACC orchestra, conducted by John D. Anderson, recorded the series of 30-minute programs which are being reproduced over radio stations in Texas, Oklahoma and Illinois. Some of the programs feature piano and vocal solos, in addition to numbers by the full 33-piece orchestra.

## Missing Youths Found In Dug-Out Near City

Police found two missing boys Tuesday in a dug-out east of Big Spring. They were Billy McIntyre and Clyde Benjamin. The two teen-age youths had been missing since Monday afternoon following school.

Police turned the boys over to Juvenile Officer A. E. Long, who in turn, took them home. The boys said they did not want to go home. They told Long they had been eating food purchased after selling some Coke bottles.

## Wildcat Location Is Reported In Borden, Southwest Of Gail

With the exception of a wildcat location being reported in Borden County, area oil developments were largely confined to drilling today.

The new Borden wildcat is McElroy Ranch Company's No. 1 J. L. Higginbotham, located about 12 miles south and slightly west of Gail.

McElroy Ranch No. 1 J. L. Higginbotham, C SE NE, 18-31-30-T&P survey, is a new wildcat location about 12 miles south of Gail. It will be a rotary venture set for 7,750 feet.

Superior No. 3-518 Jones, C NE NW, 518-97-H&TC survey, is preparing location.

Green No. 1 Slaughter, C NW NW, 34-33-30-T&P survey, is reported at 7,095 feet in lime and shale.

Herimerich and Payne No. 1 Durward, 330 from the north and west of line, 10-32-50-T&P survey, got down to 4,750 feet in lime.

Vickers No. 1 Orsop, C NE NE, 11-33-50-T&P survey, drilled to 9,095 feet in lime and shale.

Brinkerhoff No. 1 Clayton C SE SE, 48-33-40-T&P survey, hit 7,603 feet in shale.

Stanford No. 1 Classen, 330 from south and 990 from east of line, northeast quarter, section 95, block M, E.L.R.R. survey, reached 7,059 feet in lime and shale.

Magnolia No. 1 Eiland, C NE NE, labor 33, Igarua 273, Glasscock CSL, is drilling at 4,130 feet in anhydrite and lime.

Vega and Universal No. 1 Fowler, C SW SW, 111-M-EL&RR survey, is still waiting for order. This well will be drilled from daily reports until operations resume.

Sinclair No. 1 Cox, C SE SE, 32-33-45-T&P survey, drilled to 10,104 feet in lime and shale.

Cosden No. 1 Crawford, C SW SW, 47-32-10-T&P survey, is today drilling below 2,952 feet in lime.

Brown and Wheeler No. 1 Morrison, C NE NE, 28-36-10-T&P survey, bored to 3,150 feet in lime and shale.

Pan-American No. 6 Breedlove, 4,620 from south and 690 from east of line, league 258, Briscoe CSL, got down to 11,545 feet.

Phillips No. 1-C Schar, 1,320 from south and 700 from west of lease lines, 324-LaSalle CSL, is reported at 12,869 feet.

Gulf No. 4-B Glass, C SW NW, 20-28-10-T&P survey, is now coring from 10,413 feet in Pennsylvania lime. Operator cored from 10,413 to 10,415 feet and recovered 50 feet of lime and shale with no shows of oil or gas.

Sun No. 3 McCabe, C NW SE, 225-1A-H&TC survey, reached 2,870 feet in shale.

Sun No. 1-A Anderson, C NE NE, 238-1A-H&TC survey, is drilling at 6,090 feet in shale.

Humble No. 1 Cooper, C SE NW, 25-19-LaVaca survey, is still fishing at 7,088 feet in lime and shale.

Humble No. 1 Trulock, C NW NW, 6-28-10-T&P survey, went a little deeper to 1,995 feet in lime.

Sohio No. 1 Yarbrough, C NW SE, 67-25-H&TC survey, is today at 6,648 feet in shale.

## KIDS GET BRONC TICKETS FROM OBIE BRISTOW

Obie Bristow, one of the area's top sportsmen as well as being a Texas legislator from this district, will be at tonight's Bronc Baseba opening "in spirit."

Obie has a special invitation to participate in opening-game ceremonies, but was unable to leave Austin. However, he did purchase 50 tickets for the San Angelo-Big Spring game, and instructed that they be distributed to kids. He'll be represented in tonight's crowd.

## New Service Station Due At 16th, Gregg

Building permit has been granted Standard Oil Company for construction of a new service station at 16th and Gregg.

Construction is to be valued at \$18,000, according to the permit. Work probably will start immediately. Some material and equipment already is at the site.

Jail Sentence Given By Garden City JP

GARDEN CITY — Elton Grant, 36, Andrews, drew a 30-day jail sentence here Tuesday

# Milk Marketing Order Is Talked By Dairymen

For a little more than three solid hours yesterday the current federal milk marketing order was discussed and debated in a Settles Hotel meeting by about 25 dairymen; representatives of two processing plants; a marketing agent of the U. S. Department of Agriculture, and a man who represented the Midland Production and Credit Association, and who indicated his organization had several loans to dairymen outstanding.

In addition to individual dairymen who expressed an opinion on the matter, the discussion included J. K. Webb of Miles, dairyman and general manager of the Central West Texas Producers Association; R. P. Mayfield of Big Spring and Lamesa, president of the Tri-County Producers Association; Foster Lewis of Dallas, assistant marketing administrator with the U. S. A.; H. B. Schauer of Midland, manager of the Borden plant there; Johnny Kilgore from the Powell-Kilgore Creamery at Lamesa, and Robert H. Coffey of Midland, representing the Midland Production Credit Association, who was accompanied to the meeting by George Elliott of the Association's Big Spring office.

The meeting, at which Mayfield presided, was opened with the showing of a film explaining the reason for and the purpose of the federal order under which the plants are required to pay a minimum price for milk bought from West Texas dairymen, but which does not place any ceiling on the prices the plants may pay if they wish. The order which has been in effect for only a few months was imposed after being requested by a vote of more than two-thirds of the dairymen in the area. The plants opposed it when it was proposed and have consistently opposed it since. A few of the dairymen have also voiced objections to it from time to time.

Both the plant operators at yesterday's meeting expressed their opposition to it, while Coffey urged the dairymen to reach some agreement, to either agree to do away with it or to join forces and give it a fair trial. He advised them to stop wrangling among themselves.

There was less opposition to the order voiced by dairymen at yesterday's meeting than at another recent meeting held in the office of the Banner plant here. Nor was yesterday's meeting quite as heated.

Webb told the assembly that the drop in milk prices here is not a local matter, that it is a part of the downward trend of all farm prices, country-wide, but he did say that he was of the opinion that milk prices were now probably leveling off. He said the honey-mooning period in dairying is over and that the inevitable law of supply and demand has now set in to control prices.

"Prices have dropped with this federal marketing order," he said, "and they might have dropped without the order. We're wide open to outside competition from Missouri and other points. We can't isolate this West Texas market and build a fence around it."

Both Webb and Lewis, the marketing administrator, pointed out that the area is now producing more milk than is needed here as a normal spring surplus. Lewis estimates this surplus at approximately 10 per cent, but pointed out that the actual surplus is much larger than that due to the fact that some plants are bringing milk into the area from the Springfield, Missouri, milkshed.

The manager of the Borden Plant in Midland admitted this was true. He said he was buying Missouri milk as a matter of self defense, because he had been promised by his Missouri source of supply that if he will buy from them while they have a surplus, they will see to it that he gets an adequate amount of the raw product when milk is in short supply over the country.

At this point Webb, manager of the dairymen's organization, stated that he and his group had agreed that if the Borden plant will buy all its milk from West Texas dairymen instead of bringing in competitive milk from Missouri that the West Texas group would guarantee to supply all the milk the plant needs the year around.

"We have offered several times," Webb explained, "to give Mr. Schauer both a contract and a bond to this effect but he has always refused it."

At this point Schauer interposed the comment that he couldn't satisfy his customers by "delivering them a contract or a bond" if the milk wasn't there.

In answering questions from the floor he admitted that he had neither a contract nor a bond with his Missouri source of supply. "I judge them by their past performances," he said.

Webb challenged him that the Midland plant manager didn't trust the West Texas dairymen to keep their word. In reply Schauer intimated he was afraid the Central West Texas Producers Association would later develop another West Texas outlet for their milk "but not in Midland."

Schauer apparently intended this in support of a rumor that the association might later establish its own plant or persuade some other processor to establish a plant in this area.

Schauer said he was making an effort to have the price differential between Midland and Abilene wiped out. This amounts to 20 cents per hundredweight for four per cent butterfat milk paid the producer. Mitchell, Howard, Dawson, Midland Ector County pro-

# Higher Red Atrocity Figure Is Possible

By ROBERT EUNSON  
MUNSAN Korea (U)—Allied soldiers who have come back from the Communist prison stockades of North Korea this week reported the death of perhaps 1,500 comrades on forced marches and in hunger-ridden camps.

Their grim tales of death beside a freezing highway or starvation in unheated Korean huts reminded Americans of the report of Col. James Hanley late in 1951. He said more than 6,000 Americans had died in captivity.

Many of the Eighth Army Judge advocates said, were killed by their captors.

Less than a month later the United Nations issued a report from Gen. Matthew Ridgway placing the figure at closer to 8,000. The first 65 Americans and 235 other Allies returned by the Reds in the exchange of sick and wounded reported the deaths of about 1,500.

Another 55 Americans have been promised back in the exchange and 250 more from other Allied units.

Their tales may run the figure higher.

The United Nations exchanged prisoner lists with the Communists in December, 1951, and about 12,000 American soldiers then were listed as missing in action.

The Communists said they held 3,100 American prisoners, about one in four.

Death from wounds, starvation and exposure had accounted for most of the others.

U. N. losses—bodies ground under tanks, or vanishing in the awful thunder of cannon fire, have been comparatively less in this war than in others, mainly because that kind of warfare has been limited.

Probably less than 1,000 reported missing in action actually disappeared without anyone knowing what happened to them.

The fate of the many was recounted this week in Freedom Village.

Here are accounts of deaths of Allied soldiers on forced marches and in prison camps in North Korea as told by prisoners just released from Communist captivity:

Pvt. William Moreland, 23, of Atlanta, told of a grim prisoner march in late spring, 1951, in which 411 comrades perished. He said 700 started the march near Pyongyang, but only 289 reached the prison camp at Changsang.

Lt. Oh Chong Chul of Korea said 15 of 60 South Korean prisoners

ducers are considered in the Midland zone and market their milk for 20 cents per hundredweight more than is paid on the Abilene market. Under the order, Abilene in turn is required to pay 55 cents more than is paid in Dallas.

In replying to Schauer, Mayfield said it was his understanding that the Abilene plants are seeking the elimination of the price differential between there and Dallas, the overall effect of which will be, according to Mayfield, to reduce the price being paid producers in this area by 71 cents per hundredweight.

One of the questions asked was: "Why are the plants against the order and the association?"

Both Schauer and Kilgore ignored the latter half of the question in stating their objections to the order. Schauer called the order "dictatorial" and Kilgore said that while it might be helpful and profitable to him, he was against it because he didn't think it was fair to the producers.

Lewis said 501,331 pounds of Missouri milk was sold as Grade A Pasteurized in the West Texas area in March when there was enough West Texas milk being produced here to have supplied this consumer demand. The West Texas milk, in turn, he explained, was diverted to the cheese factories at a much lower price because the plants declared it to be surplus.

"West Texas dairymen are suffering from a surplus," one of the dairymen commented, "but it's a Missouri surplus and not a Texas surplus."

CARD OF THANKS  
We wish to thank all our friends and neighbors for the kindness extended at the loss of our home.

were killed or died on a seven-day march in North Korea in January, 1951.

He also said 500 South Korean prisoners died in the Chonna Prison Camp deep in North Korea mainly from tuberculosis and malnutrition... sometimes seven or eight a day.

Turkish Pvt. Davut Acar said 100 Americans died in Communist prison camps.

Sgt. Orville Mullins of Covington, Ky., said he knew of 101 United Nations troops who died from an original group of 160 captured near Pyongyang in August, 1951. Mullins said some died on a 50-day march northward from the North Korean capital and others died in camps. Mullins said Russian soldiers in North Korea tried to get Communist guards drunk so the guards would shoot their American prisoners.

Cpl. Pedro Herrera of La Madera, N. M., said some of his American comrades died on a forced march in the bitter winter of 1950.

Pvt. Roger Gerndon of Jacksonville, Fla., said 40 out of 100 prisoners died on a forced march in the winter of 1950. He said 17 prisoners slept one night in a small room in a Korean house and only two were alive when he woke up the next morning.

# Water Situation In Lower Valley Is Said Perilous

WESLACO (U)—Irrigation pumping in the Lower Rio Grande Valley remained at the bare minimum today as anxious residents eyed an all-time low flow in the nearby dry river.

Water master O. E. Vanberg warned the \$20,000 Valley residents the outlook for citrus and truck fields was very dark.

Independent pumping was cut to one 30-minute period per week and irrigation district pumping was slashed to one-quarter cubic foot per second per thousand acres.

Vanberg said the flow at Rio Grande City — 250 cubic feet per second — was the lowest in history. A 208-cubic foot flow at Laredo was also believed a record low.

The water crisis, called the most serious yet by Vanberg, climaxed 11 years of the worst drought in the watershed's history.

"Anybody who pumps from the river for the irrigation purposes does so at his own peril," Vanberg said. "The water situation is so serious we ask all water users to study the seriousness of the situation and apply it to themselves."

The water master asked L. M. Lawson of the American section of the boundary commission at El Paso to seek the co-operation of Mexican pumpers in shutting down to bare needs.

The Texas Valley normally requires a flow of 3,500 cubic feet per second for all purposes. Only two or three times in two years has the flow reached or exceeded that figure.

The pumping cut came three days after eight of the Valley's smaller water districts approved a 24 million dollar bond issue to buy a 7,800-acre site for a \$5,500,000 diversion dam near Mission, plus a 71-mile gravity canal.

**State Hospitals And Special Schools To Be Studied By Group**

AUSTIN (U)—The Texas Research League said today it would study state hospitals and special schools as its first project.

The State Hospital Board asked for the survey in 1949. It wanted to know what progress had been made, what had been overlooked, and what could be done to get fuller value from its 20 million dollar annual outlay.

The league, headed by Ben Wooten of Dallas, is made up of businessmen interested in more efficient government.

**Catholics Excused**

VATICAN CITY (U)—Pope Pius XII has excused Roman Catholics from the normal Friday requirement to abstain from eating meat on May 1—a labor holiday in many countries.

**Montague Countian Heads Judges Group**

SAN ANGELO (U)—Howard Mays of Montague County is new president of the West Texas County Judges and Commissioners Assn.

Sam Clearley, Lamb County commissioner, was named vice president yesterday; Erath County Judge Dale Harbin was elected secretary-treasurer; and Milton Ramsey, Andrews County judge, was named a director.

The convention endorsed bills pending in the Legislature which would prevent the Highway Department from withholding farm road funds from counties whose residents register their cars in a county in which they do not live.

# New Liquor Control Bill OK'd By House

By MARTHA COLE  
AUSTIN (U)—The House took a healthy swipe yesterday at indecent taverns and narcotics addicts.

They passed and sent to the Senate one bill adding about 15 more reasons for suspending a liquor or beer retailer's license.

They passed and sent to the Senate another bill authorizing a judge to employ a narcotics addict to go to a hospital and stay there until doctors say he is cured.

Those were among two of 78 bills passed yesterday. Most were minor ones affecting game and fish laws and clarifying present laws.

When they got through with them, they decided quickly to pass a resolution to let them consider the revision of the election code, with its cross-filing snags today or tomorrow.

Then they decided to set the judicial redistricting bill—with its breakup of the quarrelsome South Texas 79th District—for special order of business Thursday.

That left the backers of a teacher pay raise spinning. The backers had hoped to get the bill up for debate by Thursday at least.

"Let's slow down here and see what we're doing," Rep. Lamar Zivley of Temple, champion of the pay raise, admonished them.

The liquor bill was a lengthy one sponsored by Rep. Obie Bristow of Big Spring, a former member of the Liquor Control Board.

It says the board can suspend or cancel a license if the licensee owner has contributed money toward the campaign expenses of any candidate for office, if the place is of such a nature that it's against the public sense of decency, health, peace, morals and safety of the people.

# 'Perpetual' Calendar Is Urged By Hawaiian

By ED CREAUGH  
WASHINGTON (U)—Those Hawaiians, who want to become citizens of our 49th state, will bear watching. Even before they're admitted to the Union they want to change our calendar all around.

This far-reaching proposal is made in a bill introduced by the Pacific territory's non-voting delegate in Congress, Joseph R. Farington. If his bill were adopted, starting in 1954 the whole country would operate on a "perpetual" calendar which would do away with all Friday the 13ths.

This calendar was invented by a Honolulu man, Willard E. Edwards, who says his system "has been endorsed by scientists, business leaders and other prominent persons as 'the best timetable they have ever seen for running the world.'"

Edwards became a calendar reformer at the age of 15 when, as a high school boy in Quincy, Mass., he learned that both Julius and Augustus Caesar had stolen a day from February and added it to the months bearing their names—July and August.

Young Edwards thought this was pretty sneaky of the two emperors and he said so. He also went home and started work on a new calendar which would correct that ancient larceny and take a lot of confusion out of the existing way of recording days, weeks and months.

For more than 30 years Edwards, now a Pearl Harbor electrical engineer, has been crusading for adoption of his "perpetual" calendar.

Edwards would divide the year into four quarters of 91 days each. That adds up to 364 days. The missing day would be sandwiched in between Dec. 31 and Jan. 1. Every four years the additional leap year day would be fitted in between June 31 and July 1.

Now, then:

Each quarter of Edwards' year would start at the beginning of a week and end on the last day of a week. Each month would have 28 work days plus Sabbaths. And this tidy arrangement would continue year after year.

Besides eliminating Friday the 13th, a day some people consider unlucky, what are the advantages? The Honolulu Star-Bulletin recently published an interview with Edwards in which the inventor listed these:

1. The 1st and 15th of each month, payday for many people, always would fall on a week day. No paydays, for those people, would fall on Sunday.
2. Anniversaries and holidays would always come on the same day.
3. Numerous three-day holidays could be arranged. Christmas, for instance, would always fall on Sunday, so that Saturday-Sunday-Monday observance could be made an annual event.

Sometimes hindrances turn out to be very great helps. "They essayed to go into Bithinia, but the spirit suffered them not." - Acts 16:7.

### NATO Council Meeting Watched For Reaffirmation Of Solidarity

The North Atlantic Treaty Organization Council meets in Paris next Thursday for what may well be history-making decisions. The approach of this gathering of the statesmen of a round dozen nations allied against Communist aggression has been scarcely noticed by the American public, but it seems likely that the Kremlin's recent "peace" moves were all made for the immediate purpose of undermining the NATO's power and influence.

### Drying Up Of Housing Loans May Have Blunt Effect On Economics

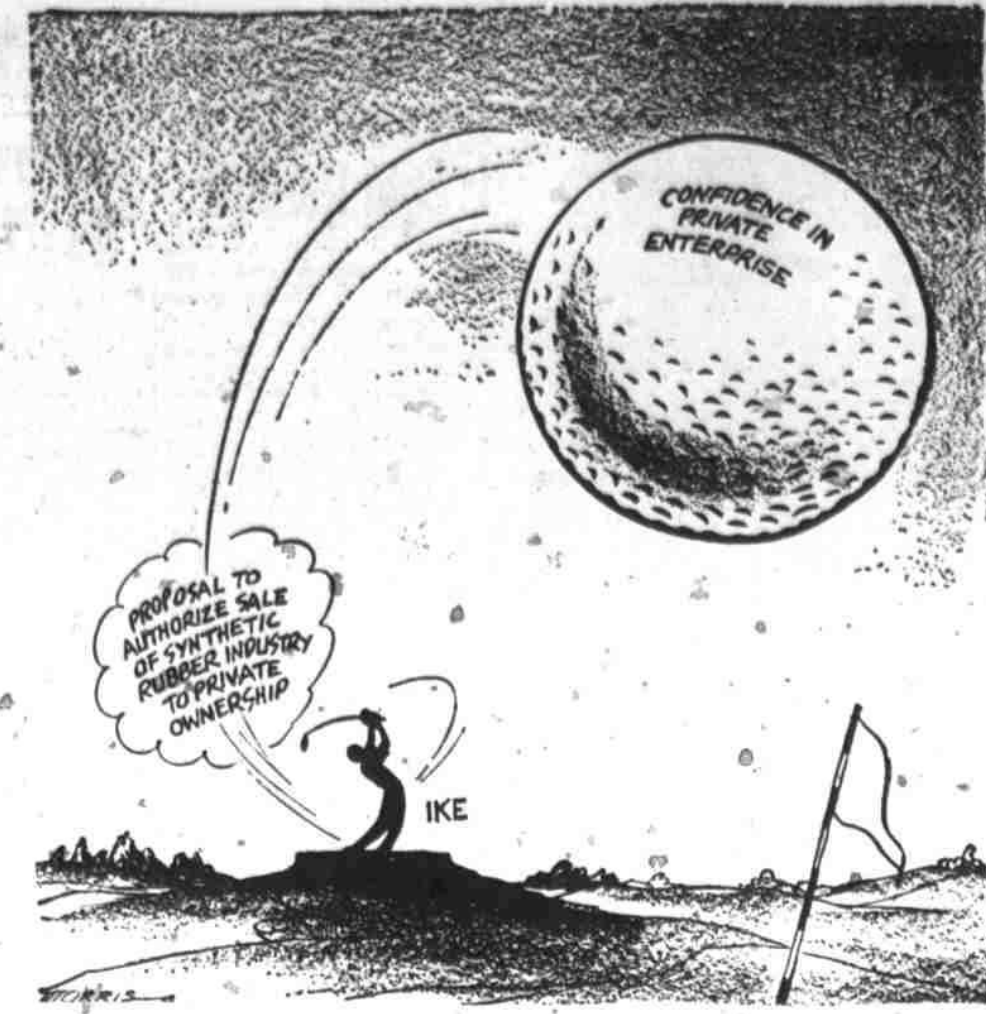

As a counter to Democratic charges that a Republican victory in 1952 would mean a depression and widespread unemployment, Candidate Eisenhower said in a speech in New York City's Harlem on October 25, ten days before the election: "Never again shall we allow a depression in the United States. The Soviet Communism is looking for one great victory. That victory is the economic collapse of our country. They want to see us go broke. Why, then, would a nation such as ours refuse to mobilize all its resources to defeat a depression as we would mobilize all its resources to defeat an invasion. One is just as serious as the other."

### Washington Calling - Marquis Childs Republicans In Congress Intend To Have Way On Appointees

WASHINGTON - In the immediate aftermath of his sweeping victory on November 4 President Eisenhower appointed to Cabinet and other offices many able men, most of them out of industry and finance. Those appointments won applause. They seemed to demonstrate the new President's determination to live up to his campaign pledge to find the best men for the big jobs of running the federal government.

### This Day In Texas By CURTIS BISHOP

Born in Mississippi on this day in 1871 was Guinn Williams, who achieved prominence in Texas as both a legislator and as a stock raiser and banker. Williams moved to Texas with his family in 1876 and settled in Wise County. After his graduation from the Decatur High School he returned to Kentucky to attend the commercial branch of Transylvania College, where he received a degree in 1890.

A Live Ball

### Notebook - Hal Boyle The Ladies Don't Waste Any Motion; Thus More Widows Than Widowers

NEW YORK (AP)—One reason there are so many widows in America is that their husbands wear down their strength in wasteful motions. Men fritter away too much of their energy doing unimportant things. Recently I pointed out how meaningless gallantry was aging many men. There is no doubt that the thousands of times in his life the average man tips his hat to women, drags them across the street on his arm, lights their cigarettes, and pushes revolving doors around for them saps his vitality.

### The World Today - James Marlow Tides 'Debate' Messes Up GOP's Senate Schedule

WASHINGTON (AP)—The votes are against them. So the band of senators, mostly Democrats, fighting the Republican-sponsored submerged lands bill, can't hope to block it altogether. They would probably consider it something of a victory if they could push the Republican leadership into a compromise—to tone down and tighten the bill to give a few states the oil-rich lands off their coasts.

### Uncle Ray's Corner Suggest Theories On Ice Ages

If I may judge by the stream of letters since I took up the subject, there is a strong and wide-spread interest in the Ice Ages and their cause. Several letters have expressed ideas, or theories, concerning the mighty glacial sheets. One boy, Edward Sennion, wrote:

### Pickpocket Offers Advice To Guards

BALTIMORE (AP)—Roevagna Woolridge, self-styled "greatest pickpocket in the East," showed his talent in police headquarters yesterday. The young Negro lifted the elevator operator's pocket of a bill-folding and replaced it during the short ride up to detective headquarters. Police arrested him in a bus station after he was seen loitering and boasting about his deft touch. He was charged with being a common thief and pickpocket.

### Concert Group Has Brought To Big Spring Some Famed Names

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

The annual membership travel for the Big Spring Concert Association is now underway. In many communities, enlisting support for these quality entertainments is perfunctory. Over the years, people have become so used to the desirability of this type of recreational activity that they automatically fall into line for another season. Some places even have a waiting list.

### Business Outlook - J. A. Livingston

### Wall Street Slump Would Test 'Flexibility' Of Mutual Funds

"Wait till the market has a really big break. Then see what happens to mutual funds." Words to that effect have been making the rounds of Wall Street ever since mutual funds—investment trusts for the little fellow—have become big business.

Back in September, Donald C. Cook, retiring chairman of the Securities & Exchange Commission, warned investors against being overdone on the liquidity of mutual funds. "If an attempt is made to liquidate on any substantial scale," he said, "it would result in disastrous price declines or in the necessity for suspending the redemption privilege."

### People Who Have Convulsions May Also Be Cured

DALLAS (AP)—Many of the estimated 8,000 adult Americans who suffer convulsions have diseases that are curable, says Dr. J. Grafton Love, neurosurgeon on the Mayo Clinic staff at Rochester, Minn. "There is a misunderstanding on the part of the lay public on convulsions," he said. "They too often call it epilepsy. We of the medical profession prefer to use the term 'convulsive disorder' until the cause of the convulsion is determined."

### On ACC Honor List

ABILENE (AP)—John Crow, Abilene Christian College Junior from Big Spring, is listed on the ACC mid-semester honor roll with 18 hours of superiors. Superior is above grade above 92. Crow made this grade in all courses he is taking.

### ABILENE - John Crow, Abilene Christian College Junior from Big Spring, is listed on the ACC mid-semester honor roll with 18 hours of superiors.

When poor health forced Williams' retirement from Congress he moved to San Angelo, where he became active in the goat industry. He later served as president of the Texas Goat Raisers Association and of the Texas Wool and Mohair Company. As a banker he was President of the Texas Production Credit Corporation. Williams died in 1948, and is buried in Decatur.

# Mrs. W. N. Norred Is Named District President At P-TA Spring Conference

Mrs. W. N. Norred of Big Spring was named president of District 16 of the P-TA at the closing session of the P-TA Spring Conference Tuesday in Lamesa.

MRS. W. N. NORRED

Other new officers include Mrs. J. R. Ashbury of Foran, vice president for Mitchell, Howard and Glasscock Counties; Mrs. Elvris McCrary of Big Spring, corresponding secretary; and Mrs. Curtis Walker of Robert Lee, vice president for Coke and Rannels Counties; Mrs. Raymond Leggett of Midland, vice president for Dawson, Martin and Midland Counties; Mrs. H. C. Whitley of Odessa, vice president for Ector, Gaines and Andrews Counties; Mrs. L. B. Vineyard of Abilene, vice president, Taylor and Nolan Counties; Mrs. Aron Weaver Snyder, vice president, Borden and Scurry Counties; Mrs. Carl Cox, Lamesa, recording secretary.

Mr. Norred is president of the P-TA City Council here. Mrs. Cox replaces Mrs. Alton Underwood of Big Spring as recording secretary.

# Mrs. L. E. Dudley To Review 'Queen's Gift'

Inglis Fletcher's historical novel about post-revolutionary North Carolina, "Queen's Gift," will be reviewed at the Thursday Review Club by Mrs. L. E. Dudley of Abilene.

The reviewer is first vice president of the Texas Federation of Women's Clubs. The meeting will be Thursday at 3 p.m. in the Howard County Junior College Auditorium.

The book recreates the political struggle in North Carolina in 1788 over whether the state should ratify the proposed Constitution for the United States.

Adam and Mary Rutledge, the main characters, disagree on the matter. Mary believes the Constitution would protect Queen's Gift, the plantation she has inherited.

# Larson Lloyds Return From Trip To Denton

Mr. and Mrs. Larson Lloyd have returned from Denton where they attended the presentation dance sponsored by the Inter-Sorority Council of North Texas State College.

Their daughter, Pat, was presented as a member of the Kappa, Kappa chapter of Zeta Tau Alpha sorority. Miss Lloyd is a sophomore music major at the school.

# New Liquid Kills Roaches and Ants

Scientists Discover Easy Way to Kill Crawling Insects  
ROACHES and ants are the most difficult household pests to control and they can be brought into the home any time. Science has recently discovered a colorless brush-on insecticide that not only kills, but controls crawling pests. It is called Johnston's NO-ROACH. Developed after years of research, NO-ROACH is an invisible, odorless, stainless liquid, so powerful that one application remains effective for months. Best of all, NO-ROACH may be brushed on, without having to move your pots and pans. It is not a contaminating spray or messy powder.

# Banquet Is Held Tuesday

Members of the Big Spring Junior High School Student Council and their sponsors had a dinner Tuesday evening in the Candlelight Room of the Wagon Wheel Restaurant.

Decorations followed a San Jacinto Day theme. Small crossed flags of the United States and Texas were placed at intervals along the table.

# Does To Have Meeting At Club Tonight At 8

The BPO Does will have an important meeting at 8 p.m. Wednesday in the Elks Club at the Crawford Hotel.

# Scene Stealer

Younger set's dainty pleated dress—cut in one piece for easy sewing, buttoned down the sides to save ironing time. Panties to match are included in this pattern.

MRS. GLENN WAYNE BAYES

# Glenn Wayne Bayeses Are At Home In Big Spring

Mr. and Mrs. Glenn Wayne Bayes are making their home at 407 1/2 Aylford following their recent marriage in Loving, N. M.

The bride attended the schools in Abilene and Big Spring and before her marriage was employed by Bell's 11th Place Pharmacy.

The Rev. Chester G. Waits officiated at the informal ceremony at the First Baptist Church in Loving.

The bride wore a blue linen dress with navy accessories and a corsage of blue orchids.

The couple honeymooned in New Mexico, Northern Texas, Oklahoma, Missouri and Arkansas before returning to Big Spring to live.

The bride attended the schools in Abilene and Big Spring and before her marriage was employed by Bell's 11th Place Pharmacy.

The Rev. Chester G. Waits officiated at the informal ceremony at the First Baptist Church in Loving.

The bride wore a blue linen dress with navy accessories and a corsage of blue orchids.

# Mrs. Aikin Simpson Elected President

Mrs. Aikin Simpson was elected president of the Airport P-TA at a meeting recently.

Other new officers are Mrs. A. McNary, vice president; Mrs. John Hughes, secretary; and Mrs. Bernice Slater, treasurer.

Second graders, under the direction of Mary Vance and Eulalia Mitchell, presented a program of songs. The P-TA voted to plan a Fun Night to raise money.

Mr. and Mrs. Max Calloway of Montreal, Canada, stopped over Monday morning, en route from El Paso back to their home, for a short visit with Mrs. J. B. M. Young.

# THIS IS GOOD EATING

**RHUBARB MARSHMALLOW WHIP**  
Ingredients: 1 pound pink rhubarb, 2 tablespoons water, 1/4 pound (about 16) marshmallows.  
Method: Clean and cut rhubarb into 1-inch lengths. Put rhubarb and water in a heavy saucepan. Cover and cook over low heat until tender, about 15 minutes. Stir to blend. Add marshmallows; cover and continue cooking over low heat until marshmallows are almost melted. Remove from heat and stir until blended. Place saucepan in pan of cold water to cool for about 15 minutes. Spoon into 4 sherbet glasses. Chill. Makes 4 servings. This is delicious when served with the menu below.

# O'Keefes Recall Past On 50th Anniversary

How would you like to run into a rattlesnake crossing Third and Main?

O'Keefe worked for the T&P for 25 years and then started working for the Missouri, Kansas and Texas Railroad in Fort Worth.

Chances aren't very good such a thing wouldn't happen today, but back in the late 1800's you might have done just that, according to Thomas O'Keefe, who came to Big Spring in 1885.

When he retired in 1944, after 22 years with the railroad, the O'Keefes returned to Big Spring. They live at 1503 Johnson.

That's just one of the big changes in Big Spring since Mr. and Mrs. O'Keefe, who celebrated their 50th wedding anniversary Tuesday, were married.

"My job now is washing dishes," he said smilingly with a side glance at his wife.

Annie Schoke became Mrs. O'Keefe in St. Mary's Catholic Church, the predecessor of St. Thomas Church, April 21, 1903. She was born in Marianfield, which is now Stanton.

The couple has one daughter, Mrs. Jack Rutherford of Wichita Falls. He is a member of the Knights of Columbus and she belongs to the Maccabees and the Auxiliary to the Brotherhood of Locomotive Firemen and Engineers.

Mr. O'Keefe had come to Big Spring in 1887 when he was only a small boy. His father worked for the Texas and Pacific Railroad.

There used to be antelopes over the hill. And there were lots of coyotes and prairie dogs," Mr. O'Keefe recalls. "We didn't have dust storms the way we do now, either. It was pure sand."

Now a retired machinist, Mr. O'Keefe had come to Big Spring in 1887 when he was only a small boy. His father worked for the Texas and Pacific Railroad.

# Mrs. Odom's Students To Give Recital

Piano and organ students of Mrs. Robert Odom will present a recital Friday at the Wesley Memorial Methodist Church at 8 p.m.

Students participating will be Cheryl Whittington, Brenda Boshek, Patricia Elliott, Sheryllyn Odom, Alice Kay Foster, Jane Jackson, Phillip Smith, Barbara Rule, Bonnie Fox, Merle Ruth Elliott, Carolyn Washington, Kathleen Thomas, Nelda Garrison, Vickie Fitzgerald, Carlene Coleman, Cleo Rita Thomas, Sandra Bloom, Ruth Alice Rosser, Charlotte Hilliger, Toni Lynn Thomas, Danny Fivesh, Sheryl Chastel and Martha Baugh.

Helena Hill and Judy Hawkins will usher. The public is invited to attend.

All entries for the County-Wide 4-H Club Girls' Dress Review are due at the county agent's office Thursday at 8 a.m.

# Thursdays Deadline For Review Entries

The review will be April 30 at 7:30 p.m. in the Howard County Junior College Auditorium. Entrants will model the garments Saturday at 8:30 a.m. for judging. Girls should bring accessories at that time.

# Mahon Urges Support Of Cottonseed Price

Support for the price of cottonseed is being urged by Congressman George Mahon, in a bulletin to the press of his district.

No decision has been made on cottonseed price support, Mahon wrote, and under the law such support is permissible but not mandatory.

A 90 per cent of parity support program already has been announced for soybeans, a competitive product, Mahon pointed out, and continued:

"Under the circumstances, I feel that a support program for cottonseed should be announced, and I think the chances are now fairly good that such a program will be provided. All cotton farmers have a direct interest in the matter. I agree that many complications are involved. A large cotton crop is anticipated and the Government already has on hand 437,500 tons of cottonseed oil."

# Demo Primary In New Jersey Is Close Test

NEWARK, N. J. (AP)—Businessman Paul L. Troast is the Republican nominee for governor today and it looks as if lawyer Robert B. Meyner will be his Democratic opponent in New Jersey's significant November election.

Troast, 58-year-old chairman of the New Jersey Turnpike Authority who never before had run for political office, won handily by more than 50,000 votes over State Sen. Malcolm S. Forbes in yesterday's primary.

The Democratic race—first of its kind in more than 30 years—was close right down to the finish line. With only 137 of the state's 3,957 election districts missing, Meyner held a slim 3,163 majority over 61-year-old Vineland chicken raiser, Elmer H. Wene.

Meyner shied away from claiming victory and Wene would not concede defeat. Wene hinted to a reporter he would seek a recount.

Meyner, 44, went into the contest with the blessing of Mayor John V. Kenny of Jersey City and other Democrats who broke with onetime boss Frank Hague in 1949.

Wene lost to Republican Gov. Alfred E. Driscoll in 1949. Driscoll did not seek a third term and did not endorse any candidate for the Republican nomination.

# Riding THE GRUB LINE With Franklin Reynolds

The supervisors of the Martin-Howard Soil Conservation District instead of naming one man as the outstanding conservation farmer in the three-county district this year, decided to name one from each of three counties or work unit areas.

Accordingly, Willis Winters was named from Howard County, B. J. Daniels from Martin County, and B. E. O'Neil from Midland County.

It is understood that each of these men will be presented with a plaque by the Lions Club in his respective community.

The outstanding conservation farmer in each district also receives an annual recognition from the Fort Worth Press.

Reports from 11 milk processing plants subject to the Central West Texas Milk Marketing Order, which covers a 26-county area including the Big Spring section, shows these plants received a total of 8,890,208 pounds of milk from Grade A producers during March, which was an increase of 7.24 per cent in the average daily production of March over February.

Daily receipts of milk from producers was 286,731 pounds in March as compared with 267,427 pounds in February. Of the 8,890,208 pounds received in March, 7,462,589 pounds was classified as Class I (fluid milk, skim milk, buttermilk, flavored milk drinks and cream) while the other 1,427,628 pounds was designated Class II and went into manufactured products.

There were 550 producers delivering milk to handlers in March, which was a decrease of three producers from February.

At the same time the handlers received 1,389,238 pounds of milk, skim milk, cream and other products from sources other than West Texas producers in March, which compares with only 1,085,883 pounds received from such sources in February.

These figures are on the basis of a report made by the U. S. Department of Agriculture's market administrator in Dallas, and according to these figures more milk was produced by West Texas dairymen in March than in February, and yet more milk was brought into the area from the outside by the plants during the same period.

We have been told we have a surplus of milk in West Texas. These figures appear to sustain that argument—but at the same time it doesn't appear that the surplus is being wholly produced in West Texas.

It may be that West Texas is suffering from a surplus of Wisconsin and Missouri milk.

It would be interesting to know just how much of this outside 1,389,238 pounds has gone into the retail trade as Grade A Pasteurized forcing that much of the West Texas-produced milk into the cheese factories at lower prices.

West Texas consumers, especially the housewives, should consider the advantages of buying milk both produced and processed in West Texas in preference to milk produced hundreds of miles from here.

A group of 56 outstanding Santa Gertrudis cattle will be shown for judging at the first annual Pan-American Livestock Exposition which will be held in connection

with the State Fair of Texas at Dallas in October, it has been announced by the Santa Gertrudis Breeders International.

This will be the first time that Santa Gertrudis cattle have been entered in a major livestock show to be judged under SGBI sponsorship. Eight classes will be shown, with a grand champion and reserve champion to be named among both bulls and cows. A screening committee of Dick Kleberg Jr., of the King Ranch; John Armstrong, a Santa Gertrudis breeder from Selma, Ala., and Prof. R. L. Reddish of Texas A&M College, will pass on all entries.

The King Ranch, which developed the Santa Gertrudis from a Brahman-Shorthorn cross, and then definitely established it as a breed, is celebrating its centennial year. This ranch will also have a separate exhibition of its cattle at the state fair but will not enter the Pan-American competition.

A Dawson County farming group, the Shumake No. 1 Neighbor Group, has won a distinct honor in the annual "Save the Soil and Save Texas" contest sponsored by the Fort Worth Press.

This group has been directed to appear at an observance ceremony at Memphis, Texas, on May 22, and receive the \$200 award for being the outstanding and best neighbor group in a 51-county West Texas area that extends to the Oklahoma line.

The members of this group are Walter Burkett, Garland Maxwell, M. E. Lauderdale, Savoy Teanyson, J. L. Spyrer, M. N. McEachern, T. L. Schultz, Arthur Little, C. C. Speck and C. A. Woolsey.

In addition to the \$200 award, Walter Burkett will receive a plaque as the outstanding farmer in the Dawson Soil Conservation District.

A number of farmers have been after Jess Jenkins, SCS work unit conservationist at Lamesa, to guess how many pounds of vetch E. P. Baxter is growing per acre on his farm on the Patricia Cut-off.

Jess says that since he is such a poor hand at guessing such things, and since he was interested in knowing exactly, he went out and clipped a one-thousandth of an acre plot with a hoe; took the clippings to town and weighed them on two separate scales so as to be sure to get the correct weight.

These clippings, he says, were taken from an average growth area, not the best nor yet the poorest, and the yield, on this basis, was 4,500 pounds of green vetch per acre.

Jess says that after these clippings have dried completely he will be able to tell approximately how many pounds of nitrogen per acre will be derived from this patch of vetch.

Among the Dawson County farmers who have recently had new conservation plans approved for their farms are Audrey Davison and J. B. Meeks of Arvana; G. H. Greenlee, who lives three miles south of O'Donnell; Orlis Cline of Pumpkins Center; H. T. Young, who lives two miles south of Lamesa on the Stanton Highway, and Jack McLaughlin, who farms near Sand.

# Evangelists Start Revival Here On Thursday Night

The Rev. Paul and Hallie Smith will begin a nine-day revival Thursday evening at the Church of the Nazarene, Fourth and Austin Streets, the Rev. H. Womack Struman, pastor, has announced.

The Thursday evening service will begin at 7:45 p. m.

The evangelists, who live in Bethany, Okla., are both graduates of Bethany-Peniel College, where they majored in subjects related to their work as ministers. Rev. Smith is known as a forceful speaker, and Mrs. Smith is an accomplished musician, playing the piano and piano accordion as well as directing the choir.

Before beginning their evangelistic work, Rev. and Mrs. Smith pastored the Church of the Nazarene in Antlers, Okla., and Mrs. Smith served as director of junior work for two different districts.

"The Church of the Nazarene in Big Spring has looked forward with keen interest to the coming of these evangelists and is anxious for its

# Youth Today Taught To Help Each Other

"What are boys in Big Spring getting that they need?" local Rotarians were asked Tuesday and leaders of two YMCA youth groups gave the answers.

Presidents and vice presidents of the Junior Hi Y and Senior Hi Y were speakers at the Rotary luncheon and all expressed gratitude for youth activities and training made possible by the YMCA and other organizations. The program was a feature of "Youth Week" being observed by Rotary International.

Rodney Sheppard, vice president of the Junior Hi Y, emphasized development of respect for the various minority groups and for the underprivileged. Today's beggars may be tomorrow's leaders. We're taught to help one another, he said.

Tom Henry Guin, Junior Hi Y president, called attention to the strengthening of home ties as a result of father-son and similar YMCA activities. Father-son understanding and moral and spiritual training are made possible by support of the YMCA, Scouts and other youth programs, he said.

Glen Rogers, Hi Y vice president, told Rotarians "we believe we are our brother's keeper." Principal value of the various youth organizations, as he sees them, is the fact that they enable youth to "increase in wisdom, stature and in favor with God."

Robert Angel, the president of Hi Y, closed the program with an outline of the recreation program to be conducted this summer by city, schools, service clubs and other organizations.

He said the city will be divided into four zones—northside, westside, junior high school area and

city park—with supervisors to be in charge of activities in the various sections of the city.

Girls' activities will be centered at the YMCA. Westside program will be coordinated with the Salvation Army's existing activities in that area, Angel reported.

The \$3,250 supervised recreation program is being made possible through outlays by city, school YMCA, Kiwanis, Lions, Rotary and American Business Clubs, and the Business and Professional Women's Club. It is scheduled for the months of June and July.

A high school quartet, led by Richard Hughes, West Texas Hi Y Conference song leader, also was heard during the program.

D. G. F. Dillon, Rotary president, reminded club members they will meet at the Big Spring State Hospital, as guests of Dr. Roy Sloan, superintendent, next Tuesday. A tour of hospital facilities will follow the luncheon.

No charge will be made for the meal, but Dr. Dillon suggested that the regular luncheon fee be placed in a "kitty" for the state hospital recreation fund.

**HARRY DOOLEY**  
Former player for the Kansas City Monarchs, famed Negro team. Harry is a first baseman and pitcher. A righthander. Managed a Negro team here in 1952.

**TIDWELL CHEVROLET**  
214 E. 3rd Phone 697

**HACK MILLER**  
Hack is the second manager Big Spring has had in the seven-year history of the Longhorn League. Pat Stasey was the only other one. He's versatile, may take a regular turn on the hill, although he broke into baseball as a catcher. Has served as manager at Lubbock, Abilene, Wichita Falls and Tyler.

**First National Bank**  
In Big Spring

**RAY MACHADO**  
A Californian, Ray is being counted on to be a big winner for the Broncs this year. Was with Lubbock last year. Sold outright to Big Spring during the winter. He's a right-hander.

**FISHERMAN'S**  
213 MAIN

**RED COWLEY**  
Cowley is a class-man contending for the shortstop's berth. He's an expert glove man, though not noted as a slugger. Has played with San Angelo and Harlingen. He's a native of San Angelo.

**Bell's 11th Place Pharmacy**  
1003 11th Place E. C. Bell Phone 2323

**JESS JACINTO**  
Jess can play anywhere but will probably wind up at second base. Fine on the double play. Walks a lot because of his short stature. He's a Californian, too, but has spent most of his ball-playing career in Texas and New Mexico. Was with Lubbock in 1952.

**PRAGER'S**  
Men's Store

**JOE RINEY**  
Joe is back in pro ball after playing 'outlaw' ball last season. Was with Wichita Falls in 1952. Can play first base and the outfield. Hits left. Hails from Nevada, Mo.

**MODERN CLEANERS**  
303 E. 3rd Phone 860

**JAKE McCLAIN**  
This veteran outfielder is being counted on to drive in a lot of runs for the Broncs. Hit 55 homers for Harlingen in 1949. Has played with San Angelo and Abilene. Is from Santa Ana, Texas, where he was a track star.

**SETTLES HOTEL & COFFEE SHOP**

**AL COSTA**  
One of the fanciest fielding shortstops of them all. Al's a Cuban has been with Big Spring the past two seasons, before that was with Rock Hill, N. C. Hit over .300 in 1951.

**Town and Country HOME FURNISHINGS**  
205 Runnels Phone 3179

**Meet The Bronc Owners**

**BILL FRANK**  
Bill's an umpire turned club operator. Decided to purchase the local club while at the Minor League convention in Phoenix last winter. He's from St. Louis, is a veteran of World War II, served in Europe.

**RAYMOND TOLLETT**  
In his own words, Tollett said he "had too many irons in the fire, already" before he decided to go into the baseball business. However, he liked the game and wanted to see Big Spring remain in the Longhorn League, so combined forces with Bill Frank to buy the club from Pat Stasey. He's serving the club in what he terms an "advisory capacity" but led the opening day ticket sales campaign and has helped in many other ways.

# Judging Practices Started By 4-H's

Practice sessions and work-outs for the 1953 4-H Club judging contests got under way here this week.

First session was held Monday night. County Agent Durward Lewter and Assistant Agent Jimmy Wren are supervising the huddles. Members of the Howard County 4-H Club will enter judging events for field crops, grass, livestock, poultry, tractor operators and farm-home safety.

Although it is not yet known which club members will be on the various teams, each team will have four members. Boys and girls who will enter each judging event will not be known until the practice sessions are completed.

Weekly session schedules are as follows: livestock team, 6 p.m. Tuesday; grass and field crops, Monday at 7:30 p.m.; poultry, Tuesday at 4 p.m.; tractor operators, Saturday.

After the sessions are completed, grades will be recorded and the first four individuals in each field will make up the teams. Sessions will be continued through May 29. The district contest will be held at Lubbock on May 30, and the state contest is at College Station on June 25. If local delegates make first or second place in district contests, they are eligible for state.

The following boys and girls are participating in the work-out sessions: Donald Denton, Robert Lomax, Darrell Robinson, Rodney Brooks, Mac Robinson, Sonny Choate, Travis Fryar, Bennie Joe Blissard, Sue White, Ronnie Davidson, Travis Dempsey, Lorin McDowell III, Jimmy Burkholder, Carl Sherman, Ann White, Barbara Lewter, Alton Long, Jane Blissard, Hux Covert, Johnny Young and Franklin Williams.

## Father Of Local Man Dies; Funeral Slated At Ft. Worth Today

Funeral service for L. L. Puckett, father of Olen Puckett, of Big Spring, was to have been held in Fort Worth today.

Mr. Puckett, 75, passed away early Tuesday morning. The service was to have been held in the Polytechnic Methodist Church in Fort Worth.

Olen Puckett went to Fort Worth Tuesday, right after he heard that his father had died. Mrs. Puckett and the children left today.

The deceased is survived by his wife, Mrs. L. L. Puckett of Fort Worth, and another son, George, also of Fort Worth.

## BLISSARD NEW 4-H PRESIDENT

Bennie Joe Blissard is the new president of the Big Spring Central 4-H Club for 1953. He was elected at the last 4-H Club meeting.

Other officers elected include: Donald Denton, vice president; Delbert Davidson, secretary; Travis Fryar, reporter; Darrell Robinson, junior leader; and Melvin Choate, adult leader.

## HCJC Sophs Set Banquet For June 1

Students completing work at Howard County Junior College will depart from the traditional commencement pattern this year.

Members of the Sophomore Class have voted to terminate their regular careers at HCJC with a banquet affair, rather than a cap and gown baccalaureate. Date for the event will be June 1. The class session, however, will be held as usual, the preceding day and Dr. W. A. Hunt, HCJC president, said the time would be set early enough not to interfere with regular worship services of the churches.

At the banquet, members of the class will be accorded a place of honor as guests. Parents will be invited to attend, as will all persons who are to receive awards for special achievement during the year.

Other students will be welcomed to attend so far as space will permit, said Dr. Hunt. Whether there will be an address to the class completing work for the associate in arts and other certificates will depend upon the wishes of the class, he added.

## Dr. Evan Reiff Is Named H-SU Prexy

ABILENE (AP)—Dr. Evan Reiff, 45, president of the Sioux Falls, S. D., College, is the new president of the Hardin-Simmons University.

Reiff succeeds Dr. Rupert Richardson, named president emeritus after resigning yesterday. Richardson, 61, will continue as a history professor also. Reiff assumes the post July 1.

# Funds To Speed Up TV Permit Hearings Sought

By JOE HALL

WASHINGTON (AP)—Sen. Edwin C. Johnson (D-Colo.) said today many U. S. cities will wait five years for television unless Congress sharply increases funds for processing applications for TV stations.

He invited his Senate colleagues by letter to join in a drive to give the Federal Communications Commission (FCC) an extra \$1,600,000 instead of the \$435,000 boost now proposed, to clear up the TV backlog by the middle of next year.

Some senators immediately said they would help. Most members of Congress have been under pressure from their home areas to try to speed up action on TV applications.

The extra money asked by Johnson would give the FCC 40 additional hearing examiners with the necessary assistants.

Rosel H. Hyde, the new FCC chairman, told the Senate Commerce Committee yesterday it would take the 2 examiners now employed at least five years to clean up the 600 pending cases.

Since the FCC lifted a four-year freeze on TV applications last year, Johnson said, about 1,025 applications have been filed.

Not all of these involve contests—that is, there may be only one applicant in a city. But, the senator said, "not one final decision of a TV application has been issued in which a competitive hearing has been held."

If all the pending applications can be acted on by next year, it would "create billions of dollars in business," he said.

Johnson said it was not sensible to give the \$1,600,000 on the grounds of economy.

"It will not cost the government any more to hear these cases next year," he wrote, than to string them out over five years.

## Navy Transport Crew Pays Enough Taxes To Cover Operation

NORFOLK, Va. (AP)—The officers and men of the Navy attack transport Deuel paid enough income taxes in 1952 to cover the ship's operating allotment for 12 months, her commanding officer says.

Withholding taxes aboard the ship amounted to \$63,500, says Capt. F. R. Putman in an article in the April issue of the Navy Conservationist. He estimates the annual allotment for operations of the Deuel—exclusive of pay, fuel, water rations and other items—at \$36,000.

# Kentuckian Urges Concessions On Limited Scale To Get Peace

WASHINGTON (AP)—Sen. Cooper (R-Ky.) said today the Eisenhower administration must be prepared to risk adverse public opinion and make limited concessions in exchange for real peace with the Communists in Asia.

Cooper, a member of the Senate Armed Services Committee and former delegate to the United Nations, said the Chinese Reds are likely to "call on us for a lot of things we can't do" in negotiations for a settlement in Korea.

But he insisted in an interview that if the "new administration adopts a 'straight-jacket attitude' and does not yield on some points, there can be little hope for any permanent settlement.

"We cannot escape the fact that some place along the line we will have to make some concessions," Cooper said. "In my opinion that is where hope lies in the new Eisenhower administration."

"The old Truman administration had reached the point where it could make no concession of any kind to the Communists without being charged with appeasement. I hope that if the new administration becomes convinced there is a chance for a real peace it will have the courage—even against adverse public opinion—to do what is necessary to be done."

Cooper and Sen. Mansfield (D-Mont.), a Foreign Relations Committee member, said hopes for the kind of unified Korea settlement President Eisenhower has called for had been dimmed by reported failure of the Chinese Communists to return all 111 American prisoners.

"I think in any dealings with the Communists we must hope for the best but expect the worst and the latter seems to be what we are getting," Mansfield commented.

Some of the exchanged prisoners said buddies who were more ill than they had been left behind by the Reds.

This led Chairman Short (R-Mo) of the House Armed Services Committee to demand that the Com-

munist be required to open up the prison camps to international inspection. He said that should be a prelude to resumption of truce talks.

On the question of a permanent settlement in Korea, Cooper said his experience with the U. N. and as a State Department adviser indicates to him the Chinese Communists will demand control of Formosa, held by the Chinese Nationalists, and seek entry to the U. N. as a minimum demand.

He said he did not believe the U. S. ever could agree to "put the people of Formosa under Communist domination." But he intimated U. N. membership for

the Chinese Reds might have to be considered.

Chairman Wiley (R-Wis) of the Senate Foreign Relations Committee told the League of Women Voters last night the U. S. must not "appease" the Communists. At the same time, he said, it must not be "unwilling to make reasonable concessions."

Sen. Flanders (R-Vt) told the Senate yesterday that steps to negotiate a Korean peace ought to be taken swiftly, even without waiting for any agreement coming out of truce talks due to start Friday. Secretary of State Dulles has insisted negotiations for a final settlement must await an armistice.

# It's Coming SOON!

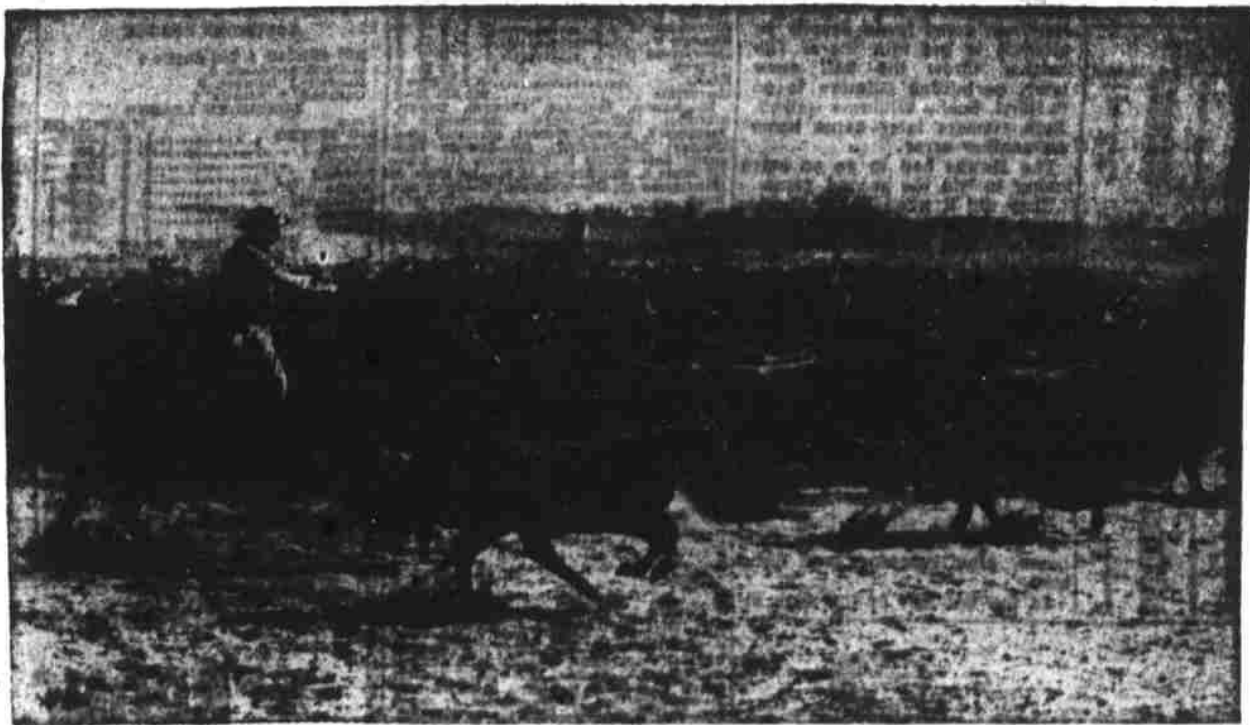

## The Story of the

# KING RANCH!

during its first 100 years!

For almost all of its 100 years, the King Ranch has been known to Texans and most of the world. Founded by Richard King in the days of Indian raids, the ranch and its history have been almost legendary. Much of its more than 900,000 acres were purchased from heirs to original Spanish land grants. The scope of its research and contributions to the livestock industry and mankind in general exceed the magnitude of its holdings.

## F-W Again Selected

FORT WORTH (AP)—The Southwestern Photographers Association yesterday picked Fort Worth for the fourth consecutive time as convention city next year. The meeting in 1954 will open April 25.

# Broncs And Colts Vie Here Tonight

## Record Crowd Due To Watch Proceedings

The Meters and the Broncs—meaning the Big Spring Broncs and the San Angelo Colts—were at it again this evening in the confines of Steer Park. Game time is 8:15 p.m.

They're playing for keeps in the Longhorn League now. The two teams came to grips for the first time in San Angelo last night. The facilities at the local arena are apt to be taxed as they never have been before. More than 3,000 ducks, priced at \$1 each, have already been sold. It should be a record crowd for Big Spring.

Webb Air Base and his honor, Mayor Dabney, will help get the proceedings off to a flying start. From 7:30 p.m., the Webb band will be there to supply music. At about 8:12 p.m., give or take a minute, Dabney will hike to the pitching rubber, crank up the soup-bone and let fly with a pitch at the plate.

Dabney has bounced them in toward the dish in other years but he claims this one is going to be a strike.

Angelo's lineup hasn't undergone as many wholesale changes as has the local roster. Hold-overs on the team include Glenn Burns, Steve Follett, John Malgarini, Cotton Russell, Lou Lozano and Charley Galina, to name a few.

Rudy Briner, who was with Artesta last season, has succeeded Mark Christian as boss of the Angelo spread.

The Colts finished out of the money in 1952 and have added such hands as Johnny Jeandron (last year with Clovis), Andy Morales, Harold Bateman and Dick Stone to their list.

Johnny Tayoan, hard-hitting infielder, will be sitting out the first days of the season for the Colts. He has tried to revolutionize baseball last year by trying to win an argument with an umpire, and failed. Loop Fryck Hal Sayles is making him stand in the corner for the breach of etiquette.

The Broncs will send Ray Machado to the mound in quest of victory tonight. The veteran right-hander is counted upon to win a lot of games for the Steeds this year.

The teams remain over for a Thursday night engagement, then return to San Angelo to complete their series on Friday. Saturday night, the Cayuses open a three-game series with Midland here.

The Villains In Tonight's Production

The San Angelo Colts (above) will form the opposition to the Big Spring Broncs in the opening home game of the 1953 Longhorn League season here tonight. They, of course, will be trying to spoil the party for the homeboys. Identification: Back row, left to right: Steve Follett, limited service outfielder; Ray Click, rookie catcher; Truman Jones, rookie pitcher; Dick Stone, rookie infielder; Ben Bonine, limited service pitcher; Park Thomas, vet pitcher, Rudy Briner, manager and vet catcher;

Middle row: Cotton Russell, vet pitcher; Glenn Burns, vet outfielder; Ray Callahan, limited service pitcher; Mario Saldana, limited service pitcher, Charley Galina, limited service first baseman; John Malgarini, limited service infielder. Front row: Bobby Gregg, limited service pitcher, Lew Lozano, limited service pitcher, Harold Bateman, rookie outfielder; John Jeandron, veteran shortstop and Andres Morales, rookie infielder.

## HC, CLARENDON SPLIT A PAIR

CLARENDON — HCJC's Jayhawks of Big Spring and the Clarendon Bulldogs fought to a stand-off in a West Zone double header here Tuesday afternoon, the Hawks coming out to win a 4-2 verdict in the afterpiece after Clarendon had copped the opener, 8-3.

The split left the Big Spring club with a 3-3 won-lost record in league play.

HCJC was held hitless in the first game but managed three runs in one inning. Ed Hartman reached first on a misplay. Cecil Hogard grounded out and Hartman moved to third. Dick Gilmore hit to the infield and Hartman came home despite an attempt to get him there. The catcher threw the ball away later, permitting Gilmore to go to third. Bobby Williams walked. Both runners later came home on another error.

The Hawks had to get an extra inning to win the second game. They did it when Larry Shortes reached first on a boot and Hogard doubled to plate him. The left fielder bobbled Hogard's drive and he moved to third. He later got to the hot-box but was waved home when the umpire ruled interference on the part of a Clarendon score.

Casey Jones, who was ailing, had enabled the Big Springers to tie the score by tripling as a pinch hitter in the fifth. Lonnie Muse went in to run for him and counted on a squeeze play executed by Jack Lee.

The Hawks scored their first run in the third when Lee stole home, after reaching base on a bunt.

In the last half of the sixth in-

## Midland Upsets Angelo, 12-2

MIDLAND — Midland surprised San Angelo by winning a 12-2 baseball decision here Tuesday afternoon. The victory enabled the War Birds to remain unbeaten after five starts in conference play. The reversal, third in five starts for Big Spring, virtually eliminated the Steers from title contention.

Big Spring counted once in the fourth and again in the sixth. Jimmy Dan Bourland and Jim Spradley divided time on the mound for Abilene, Bourland getting credit for the win.

Frank Long went all the way on the mound for Big Spring, giving up only seven hits. Big Spring collected nine.

Bourland accounted for the first Abilene tally with a Texas Leagueer that plated Bobby Jack Oliver.

Raymond Gilstrap counted Big Spring's first tally after doubling. Bobby Hayworth bunted him home. Tommy McAdams singled in the sixth, went to second on a blow-

## Abilene Decks Steers, 7-2, In District 3-AA Battle

ABILENE — Scoring all their runs in the second inning, the Abilene Eagles defeated the Big Spring Steers, 7-2, in a District 3-AA baseball game here Tuesday afternoon.

The victory enabled the War Birds to remain unbeaten after five starts in conference play. The reversal, third in five starts for Big Spring, virtually eliminated the Steers from title contention.

Big Spring counted once in the fourth and again in the sixth. Jimmy Dan Bourland and Jim Spradley divided time on the mound for Abilene, Bourland getting credit for the win.

# LOOKING 'EM OVER

With Tommy Hart

Though Midland's Indians are likely to camp in the Happy Hunting Grounds of the Longhorn League this season, no one is apt to fashion an extended winning streak early in the campaign — as Big Spring did in 1947 and San Angelo succeeded in doing in 1951.

The Broncs of seven seasons ago copped 11 straight decisions while on their way to a first-place finish. San Angelo's 1951 club breezed to 19 wins in a row to sew up first place early.

Neither in any club in the circuit apt to better Big Spring's record .576 won-lost percentage, established by that great 1948 team.

At the same time, this could be the best race of them all. Time was when all teams save Big Spring—which relied solely upon Cuban players—had to scramble for players. Now, what with the Armed Forces turning some loose and other leagues going out of business, there's an excess of help.

Some of the names which made the circuit one of the best lower minors in the country in the past—like Al Sokolowski, Ralph Blair, Lou Dawson and Jim Carson—plus the addition of established personalities like Hack Miller, Ray Machado, Merv Connors and Les Mulcahy are set to give the fans their money's worth in parks all over the league.

It should be a historic year.

Odessa is going to miss Charley Weber, who scored a lot of runs and played a lot of second base for the Oilers in 1952. Weber is sitting out this season to remain home with his parents, both of whom are ill.

Joe Riney, the infielder-outfielder purchased by the Broncs, has proved he's a handy man to have around. His attitude, as well as his ability, makes him a top hand. He'll be hitting long after some of the boys have begun to shrug their shoulders over the curfew balls and started complaining about the lights.

When Joe hit the road for Texas, another Iowa lad—Gleff Grooms—asked to come along for a tryout. Grooms' decision to return to pro ball may be one of the luckier things that have happened to the Broncs this spring.

Glenn has looked great in the last two mound stints and could develop well enough to take a regular turn on the hill.

Time was when North Carolina boasted the most professional baseball clubs of any state in the union. The Tarheels don't even rank second in that department now, though. Georgia, with 21 teams, has taken its place just behind Texas, which has 32.

**THAT 'KEEPER PLAY' WAS A CORKER**  
Sam Baugh, who stopped in here the other night with Larry Cunningham and George Hines, still remembers the "center guard" play Obie Bristow used to gain so much yardage with while coach at Big Spring High School.

The play was not exactly legal but it was rarely whistled down by the officials, because they couldn't see what was going on. The pivot man merely handed the ball to the guard—really a back moved into the line—who caught it between his legs by bending same. The backs would make like they were starting on an end sweep and the defense invariably took out after them, unaware what had happened. The guard then straightened up with the ball and start running.

Everything was confusion down on the field until the officials, hard pressed for an explanation as to how the play could click with such astonishing ease, finally descended upon Bristow and prevailed upon him to quit the procedure.

One of the guys in the striped shirts pleaded with Obie: "I don't know what you're doing, but it's wrong. You gotta stop it!"

for Angelo in the fourth and Boline drove him home with a one-baser.

Macinto collected three hits for Big Spring while Costa and Fetrow had two each.

for Angelo in the fourth and Boline drove him home with a one-baser.

Macinto collected three hits for Big Spring while Costa and Fetrow had two each.

## LITTLE SPORT

### Mustangs Rally To Defeat Baylor In SWC Encounter

The Mustangs' Boyd Linker held the Horned Frogs to six hits while fanning 10 and walking only three batters. The Steers were never threatened after the second inning when they scored two runs to go ahead.

### Bovines Work On Defenses

Big Spring High School griders begin their second week of spring workouts at Steer Stadium this afternoon.

### Indians Nudge Odessa, 5-3

The Class C Longhorn League opened its seventh season Tuesday night and Midland, Big Spring, Carlsbad and Roswell considered first performances a huge success.

### Reguera Picks Up First Win

SAN ANGELO — The Big Spring Broncs humiliated the San Angelo Solts by defeating the homelings, 4-1, in the Longhorn League's opening game here Tuesday night just when it appeared Ben Boline was in his way to a shutout triumph.

### Reguera Picks Up First Win

SAN ANGELO — The Big Spring Broncs humiliated the San Angelo Solts by defeating the homelings, 4-1, in the Longhorn League's opening game here Tuesday night just when it appeared Ben Boline was in his way to a shutout triumph.

### Reguera Picks Up First Win

SAN ANGELO — The Big Spring Broncs humiliated the San Angelo Solts by defeating the homelings, 4-1, in the Longhorn League's opening game here Tuesday night just when it appeared Ben Boline was in his way to a shutout triumph.

## TRUCK OWNERS: YOU GET DODGE HIGH QUALITY

## AT NEW LOWER PRICES!

- ★ PRICES LOWERED UP TO \$61.00!
- All the extra values at right (values that only Dodge, of the 3 leading makes, give you) at lower-than-ever costs!
- Today you get even more for your money with Dodge!
- New lower prices on Dodge and Plymouth cars, too!

- ALL THESE FEATURES:**
- GREATEST MANEUVERABILITY** of the 3 leaders—saves you time and effort.
  - 7 POWERFUL ENGINES**, with 100 to 171 h.p.—3 engines brand-new. Of the 3 leading truck manufacturers, no one offers as many engines as Dodge.
  - TRUCK-O-MATIC TRANSMISSION** with 4700 Fluid Drive, for the best in shift-free driving. Available in 1/2- and 3/4-ton models.
  - SUPERSAFE BRAKES** of the advanced dual-primary type in 1- through 4-ton trucks. Of the "Big 3," only Dodge offers these up-to-date brakes.
  - More power** in the 1 1/2- and 2-ton ranges than the other 2 leading makes.
  - More pick-up bodies** than the other 2 leaders including new 110" wheelbase 1 1/2-ton pick-up.
  - Greatest 1/2-ton payload** and cubic capacity of the 3 leaders.
  - Fluid coupling**, for smoother traction in 1/2-, 3/4- and 1-ton models, offered only by Dodge.
  - 2 fuel filters** on all models to assure cleaner fuel and cleaner engine.
  - Flushing oil intake** selects clean oil just below top; avoids sediment at bottom of crankcase.
  - Water-distributing tube** on all models directly cools valve seats . . . means longer valve life.
  - Exhaust valve seat inserts** on all models for better valve seating, longer engine life.
  - 4-ring pistons** on all engines save oil, upkeep.
  - Independent parking brake** on all models is simple, efficient, powerful.
  - Cyclobond brake linings** last longer . . . no rivets to score brake drums.
  - Oriflow shock absorbers** on 1/2-, 3/4- and 1-ton models give smoother riding.
  - Better balanced weight distribution** for extra payload.

# 'One-Party Press' Charge Is Blasted By Publishers' Prexy

NEW YORK (AP)—The president of the American Newspaper Publishers Association struck back today at charges stemming from the presidential campaign that the United States has a "one-party press."

Charles F. McCahill, publisher of the Cleveland News, replied in an address prepared for delivery at the ANPA convention to criticism of the press by some followers of Adlai E. Stevenson, the Democratic candidate.

Stevenson, in a speech at Portland, Ore., last September, expressed concern that the nation was developing a one-party press. He added, however, that he had been "impressed by the fair treatment accorded to me by most newspapers, including those aligned editorially with the opposition."

McCahill said today that he thinks, with the months gone by, "it can be said confidently that the political attack on the 'one-party press' has been effectively dispated."

"We were by no means 'one party,'" he said. "If the majority were for the successful presidential candidate, it cannot be denied that the opposition had powerful and able representation."

He said it would be a sad day if fear of anything prevented a single newspaper from declaring itself honestly.

McCahill advised publishers in the state with presenting the facts, to state legislators who resent "frank keep an alert eye" on international agreements or treaties.

McCahill's address came as an ANPA committee on federal laws reported that some federal and state legislators who resent "frank reporting and criticism" are trying to regulate the press through legislation.

The treaty question also was taken up by Carl B. Rix of Milwaukee, a past president of the American Bar Association.

He said adoption of two treaties, the United Nations Charter and the 1948 charter of the Organization of the American States, allowed Congress to override powers reserved for the states, because a treaty becomes supreme law superseding domestic law.

Rix said that only a constitutional amendment could restore the United States to "a nation of delegated powers of Congress and reserved powers of the states."

The ANPA Federal Laws Committee, headed by J. Hale Steinman of the Lancaster (Pa.) Intelligence-Journal and Sunday News, said a tendency to curb the press was evident in many bills filed in Congress and state legislatures.

None was enacted, however, in the past year.

In another report, the publishers hailed newspaper boys for character and aversion to delinquency.

Howard W. Stodghill of the Philadelphia Bulletin headed the ANPA Newspaperboy Committee which presented the report.

The association's postal committee noted that the third 10 per cent increase in second-class postal rates since April 1, 1952, would go into effect April 1, 1954.

It expressed hope that a congressional study now under way for a possible revision in rates would proceed on a practical and realistic basis, with downward revision of some "public service" charges now placed against second-class mail.

# New Regimes Are Voted In By Two Cities

San Antonio and Fort Worth voters turned their backs on veteran office-holders Tuesday and chose new administrations.

In run-off elections, old guard office holders were turned out in wholesale lots.

At Fort Worth, the Citizens Committee, in a near record vote, suffered its first "city defeat since 1937."

In San Antonio, a complete new municipal force was indicated.

Five Fort Worth candidates endorsed by the old guard Citizens Committee were beaten by a coalition of four men and a woman running under the banner of the newly organized Fort Worth Voters League.

The total vote was almost 19,000, only a few short of the Fort Worth city record cast in a recall election in 1938.

Mrs. Joe Spurlock, wife of an attorney and mother of three, was the first woman ever elected to the Fort Worth city council.

Edd Thorne, J. D. Thompson and T. L. Carleton rolled up a solid majority. The vote-getting woman ran against Mayor J. R. Edwards, a member of the council for more than 10 years and mayor for two.

It was about the same story in San Antonio. All nine council places went to "San Antonians," who campaigned against the administration on taxation, annexation and high City Hall salaries.

such a cool Approach to Summer by Betty Barclay

As Sketched: (A) Summer Romance... a Honeycomb cotton print of Fuller "Playtone" with contrasting trim of pique. As seen in April issue of "Seventeen"... in black and white, red and white, green and white. Sizes 9 to 15. 8.95 (B) Honey... a sleeveless fashion with adjustable narrow straps that tie in a shoulder bow... so beautiful in white "Ribroy" a fine corded cotton with a lustrous finish. Novelty raffia belt. Sizes 7 to 13. 10.95

# Probe To Open In Train Wreck

DILLON, S. C. (AP)—What knocked open a switch and sent an Atlantic Coast Line streamliner hurtling off the rails near here Monday night? The Interstate Commerce Commission will try to dig out the answer at a hearing Friday in Rocky Mount, N. C.

The death toll from the spectacular smashup settled at four as rescue workers and railroad wrecking crews unscrambled the Miami-New York Champion's 12 coaches, two lounge cars, two diners and baggage car. At least 125 were injured. Some remained in critical condition in various hospitals.

At Richmond, Va., a railroad official said the derailment apparently was caused by "something dragging under the train."

C. G. Sibley, assistant to Operations Vice President L. S. Jeffords, said: "Something possibly struck a switch a very heavy blow. It broke the bolts in the joint bar and badly battered the receiving end of the joint. This caused the switch to open."

# Dulles Reaches Paris For Talks

PARIS (AP)—Secretary of State John Foster Dulles arrived by plane today from Washington for the North Atlantic Council meeting. The United States, he said, has "great faith in NATO and we want to make it a success."

"Perhaps we have a few ideas on how to make it a success which we will discuss with our partners," he told reporters at the airfield.

With Dulles were Secretary of the Treasury George M. Humphrey and Mutual Security Director Harold E. Stassen.

The three-day NATO meeting opens tomorrow. Defense Secretary Charles Wilson and Gen. Omar N. Bradley, chairman of the Joint Chiefs of Staff, already are in Europe to attend.

Council sources have revealed that the ministers of the 14 nations will be asked to approve a program under which they would build 2,700 more war planes by the end of 1954. Also in the mill are plans for construction of 890 million dollars worth of airbases, fuel supply systems and communications and air warning networks to service the Allied air forces in Europe.

# Man Is Asphyxiated

TYLER (AP)—A man was asphyxiated and another was seriously stricken while attempting a rescue from an old water well on a farm near here.

# Slaton Fire Damage Costly; Two Injured

SLATON (AP)—An early morning fire destroyed the Forrest Hotel, a South Plains landmark, early today. Damage was estimated at \$100,000. Twenty-three guests escaped and only two men—one a hotel resident—were injured slightly. Most hotel guests fled in their night clothes.

Mrs. Jim Elliott, wife of the operator, was credited with saving many lives. She dashed through the burning building and warned sleeping guests.

The injured included Clyde Doherty, owner of a drug store destroyed in the blaze and a member of the Slaton Volunteer Fire Department, and H. H. Boyle, a permanent resident of the hotel. Doherty was overcome by smoke. Boyle received a sprained ankle when he dropped from a second story window after smoke and fire forced him back into his room.

The fire was discovered shortly after midnight and was brought under control in two hours. A unit from the Lubbock Fire Department answered the alarm.

# Politics Is Lauded As A Noble Career

NEW YORK (AP)—Politics, says James A. Farley, is "still the noblest of careers."

"It is no place for the timid man," adds the former Democratic national chairman, "and no place for the corrupt and dishonest."

Farley called for special training of young men "to carry the torch of leadership" in a speech last night at a dinner of the Fordham College sophomore class.
