Farwell City Council accepts petitions

The Farwell City Council on Tuesday received a petition from Judy Murray seeking curbs and gutters for FM 292 (Ninth Street).

The petition, with close to 100 names, will likely be passed on to state officials in the hope that state funds will finance the work.

Mrs. Murray noted the potholes in the street near the drug store, and the ditch problems near the school.

In other business, the council:

-- Discussed progress in clearing Farwell of sub-standard structures.

Javier Galvan, of Hereford, owner of a house at 602 6th St., told the council he will board up the windows now, then fix up the exterior later, followed by interior work. His son plans to live there.

-- Ordered the city election for May 3.

-- Heard reports from water Supt. Dee Hammit and police chief Roy McGaa.

ACLU agrees to handle Gustin's suit against the Farwell Schools

The American Civil Liberties Union (ACLU) has agreed to handle the Gustins' lawsuit against the Farwell School Board.

Carrie Sperling, ACLU regional director for the northern district of Texas, told the Tribune Tuesday that the state chapter will handle the suit.

She said a temporary restraining order would be sought in federal court in Amarillo within a week or so to allow Charlie Gustin back in extra-curricular activities pending the outcome of the case.

In addition, the ACLU also will file with the court the fact that it will be handling the case.

Ms. Sperling said other attorneys, possibly from Dallas and Amarillo, will handle the lawsuit.

On Jan. 27, Mary and Donnie Gustin of Farwell, on behalf of their son Charlie, filed

suit in Amarillo.

Charlie, a Farwell High senior, has refused to go along with the school district's new drug testing policy for students participating in extra-curricular activities.

His father said, basically, the suit asks the school board to reinstate Charlie in extra-curricular activities. Charlie has lost a role in the one-act play, his place on the computer science team and UIL competition.

The Gustins have stressed that they believe Farwell's drug testing policy "goes way out of bounds in regard to student rights." And their son believes the policy is in direct conflict with the U.S. Constitution, noting the 4th amendment protects folks from "unreasonable searches and seizures."

The school board met Feb. 10 in executive session with its attorneys, and took no action in open meeting.

Filing period opens

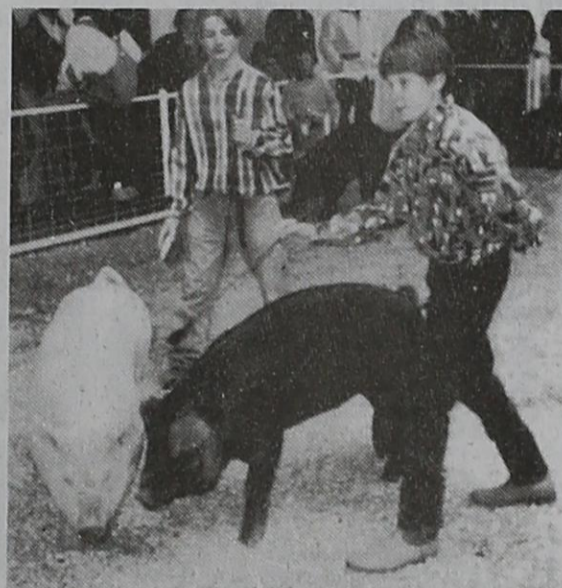

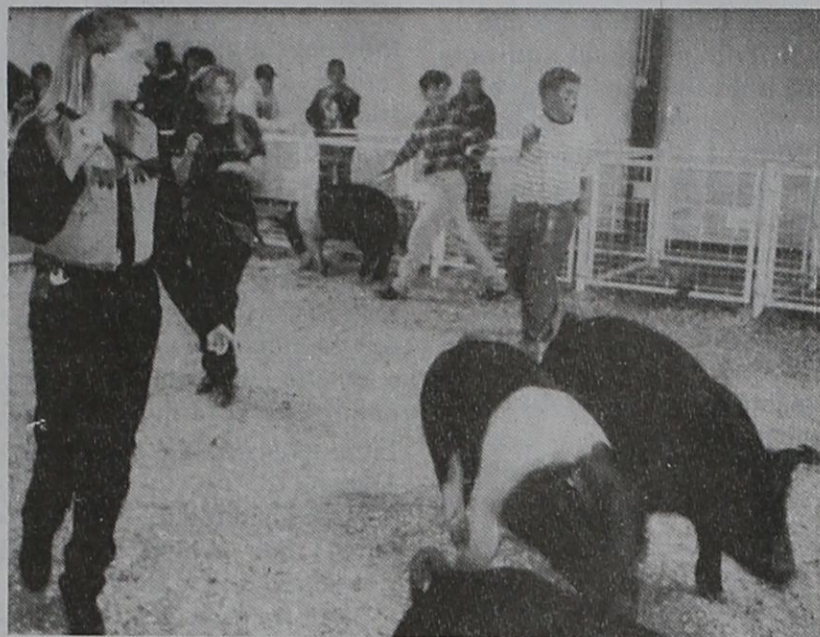

The filing period has opened for local Texas elections. The filing deadline is March 19. Here's a look at this year's races:

Farwell City Council -- On the ballot are three posts, that of mayor and two councilmen. Incumbents are Mayor Jimmie Mace and councilmen Jerry Stover and John Carlson.

Farwell School Board -- On the ballot are three school board posts, currently held by Teresa Ancira, Katherine White and Steve Kaltwasser.

Lazbuddie School Board -- On the ballot are three school board posts, currently held by Randy Thomas, Gail Morris and Tommy Martin.

Farwell Hospital District Board -- Marge Watkins is the board secretary. It wasn't known at presstime which posts are open.

Scenes from the Texico Livestock Show

A tip of the hat to Farwell High

A tip of the hat to Farwell High School Principal Larry Gregory and his staff for earning "exemplary status" on this year's TAAS tests.

That's an outstanding achievement.

I know that some folks worry about what type of education their children can get in a small town. Well, in my opinion, just as good as a big city -- if not better.

What I've found out since living in Texico-Farwell is that our community boasts two top-rated schools. That's super! But in the final analysis, it's still up to the individual student to see how high he or she can achieve. But the opportunity is here.

One worry some parents have is whether a child graduating from a small school like Texico or Farwell can do well in a major educational institution.

A groundless fear.

My son Rob is now a senior at Texas A&M, one of the finest academic schools in the U.S.

Rob was not the valedictorian of his Farwell graduating class. He was not the salutatorian. He was not the class historian. He was not a member of the National Honor Society. He was not a class offi-

cer.

Rob played basketball and football.

And the tools he received at Farwell High were more than enough to ensure he could make it at a major university -- if he applied himself.

All a school can do is properly prepare a youth for his or her future.

It will always be up to the youth himself or herself to use those tools.

But it sure is nice to know that when your school's standards are checked, like they are through the TAAS tests, that your local school stands tall.

Good job, Mr. Gregory.

A hearty "thank you" from the Tribune to J.R. Ivins, our great photographer.

His photos of the Farwell, Texico and Lazbuddie basketball teams in action during the season were a great plus for us.

Thanks, doc!

I thought this would be a good time to comment on the advertisers who support this newspaper, especially those who sign on for our team "signature" pages, such as the one for the Farwell Steers and Lady Blue in today's is-

sue.

I cannot say strongly enough how important it is for a small, weekly community paper like the Tribune to have this support -- and it is deeply appreciated.

Y'see folks, newspapers like ours don't get the big ads from chain stores that grace daily newspapers. Most chains don't put ads in weekly papers, unless in a special circumstance.

Thus, a small weekly has to depend on small ads, plus legal ads, plus "signature" pages, etc., to provide the financial structure for it to survive.

Just because the Tribune has been in existence for 85 years doesn't mean it will reach its 86th birthday. That will only occur with continued support from the business community.

To say the Tribune has been

blessed with such support is an understatement. This support accomplishes three things:

1) It advertises the business. That, in itself, comes first. Continued, periodic advertising is essential for most businesses.

I remember reading a few years ago that Coca Cola spends \$100 million a year on advertising.

Why would Coke, a refreshment probably every person in the world knows about, spend that huge amount of money on ads each year?

To keep, and strengthen, its market share. Very intelligent.

Yet, I bet there are some business folks reading this who would say, "Heck, if I were in charge, I'd cut that quick and keep the rest as profit." That might work well short-term, but not long-term.

2) The "signature" pages show support for our community. They honor the athletes who carry the torch for our community.

The fact is, most of us identify with our school teams. When they do well, we feel good. When they don't, we suffer, too.

I remember telling my son Rob when he was playing for the Steers, that he didn't just do it for himself, but that he represented his school and his community. And what an honor that was. One not to be taken lightly.

So the Tribune likes to produce "signature" pages when our teams do well. We feel it's our responsibility.

Yes, we make a profit on them. But if we didn't, there wouldn't be a Tribune. But we discount all these pages and try to keep them affordable to all.

3) The Tribune tries to be a

product that is useful to everyone in our readership area -- Parmer County and eastern Curry County.

Our surveys have shown that most folks read the paper closely, thus benefiting our advertisers.

I know that some papers advertise that they reach so many thousands of homes, etc.

They may be available to more homes, but I would love to see what the readership is of each and every page in their papers as compared to the Tribune.

I bet we would more than hold our own!

So what I wanted to say, I guess, is that I sincerely hope that all our readers and supporters check out the ads in each Tribune issue, and note which businesses are cited on the "signature" pages.

Without them, there would be no weekly community newspaper for our area.

I thank them.

A note on our special page honoring the Farwell varsity basketball teams featured in today's issue:

Normally, I don't run these special pages unless one of our teams makes the state playoffs.

Neither Farwell team did this year. Unfortunately, they were in the toughest Class A district in the state of Texas.

But I personally felt that these teams were really special this season and deserved

proper recognition.

The Lady Blue defeated Nazareth this season for a historical first en route to having a sparkling 21-7 record.

The Steers also were 20-game winners, while capturing two tournament championships.

So I broke my personal rule this year but, by gosh, the Farwell teams were deserving.

On the subject of basketball, we have got to do something about getting Farwell and Lazbuddie out of the same district.

That causes me a real headache.

Heck, I know the kids and their parents on both teams so who do I root for when they have a playoff game?

Plus, a lot of the kids are friends, and often are related to each other.

I remember an incident that happened about 4 or 5 years ago. Both the Steers and the Longhorns were in the state playoffs -- they were in different districts that year.

By chance, both teams were eating dinner in the same restaurant before their ball games.

The Lazbuddie boys finished their dinner first and got up to head to their bus.

Right then, the Farwell boys jumped up and formed a Victory Line for their Lazbuddie friends.

And the state put them in the same district this year!

Yuk!

Anyway, I can now wish the best for the Longhorns as they enter the state playoffs this weekend.

Longhorns open playoff drive

The Lazbuddie Longhorns, with two practice games under their belt this past week, begin a run in the state playoffs tonight (Friday) at 7 p.m. against Texline at Amarillo High School.

Last Saturday, the Longhorns fell to Grady, N.M., 66-63, at Grady.

It was Grady's 50th consecutive home victory.

The Longhorns had a 6-point lead with 1:20 left in the game but a couple of turnovers gave Grady its chance to come from behind for the win.

Top scorers were Jason Thomas, 18; Israel Lopez, 11; Chris Smith, 16; Justin St. Clair, 7, and Josh Morris, 8.

On Monday, the Longhorns defeated Abernathy, 59-54.

Abernathy, a Class 2A school, also is in the playoffs.

Scoring were Blake Mimms, 2; St. Clair, 13; Morris, 9; Smith, 6; Lopez, 14, and Thomas, 15.

Lazbuddie is now 21-8 on the season.

Plains Cotton Growers gives update on Conservation Reserve Program

Confusion and uncertainty are the prevailing attitudes when it comes to the reauthorization of the Conservation Reserve Program and provisions governing the bidding and acceptance of land during the 15th CRP sign-up.

According to Lubbock-based Plains Cotton Growers 77 percent of the land currently enrolled in the CRP will have to be resubmitted in order to continue in the Program. Contracts on over 1.5 million acres will expire at the end of September 1997.

According to information recently released by the United States Department of Agriculture (USDA) there will be no rolling over of current contracts and all bids received nation-wide during the 15th CRP sign-up will be evaluated and ranked.

"There will be no regional or local preferences shown and each contract will have to make the cut in order to be enrolled in the CRP," says PCG Executive

Vice President Donald Johnson. "Some priority areas within the state of Texas have been identified and acreage in these areas will be eligible for the bidding process even though they may not meet all of the eligibility requirements currently being considered."

Johnson notes that the most confusing aspect of the upcoming CRP sign-up is that all the rules governing the process have not been finalized at this time. The sign-up period for producers to submit their bids will begin March 3 and end March 28.

More detailed information should be available at local Farm Service Agency (FSA) and Natural Resource Conservation Service (NRCS) offices by March 3.

Using an average rental payment of \$39 per acre, the CRP provides over \$75 million dollars of income to producers and landowners each year. It has already been determined that rental payments will be reduced during the next contract period.

"It is important to remember that the acreage being targeted during the next CRP sign-up is the land that does not need to be put back in production," explains Johnson. "Our main concern is that the rules governing selection of land to be enrolled adequately evaluate the tremendous benefits to air and water quality and wildlife habitat that would result on the Texas High Plains."

"Our priorities are often different from those in other areas of Texas and the Nation and PCG's efforts have been focused on making sure our problems are considered equally."

Chamber plans annual banquet

The Texico Chamber of Commerce announced Monday that the annual chamber banquet will be April 15.

Tickets will again be \$10 each. A steak dinner will be served.

The Chamber will honor some special members of the community this year in addition to the Man and Woman of the Year awards, Workshouse award, and scholarship recipients.

March 1 is deadline for ordering seeds

The Parmer County Soil & Water Conservation District wants everyone to know the importance of multiple-row windbreaks.

In addition to reducing soil erosion, they increase land value, crop yields and reduce livestock weight loss and mortality.

Prior to planting, you need to establish the protection needed, species adaptability, and dimensions of the break, whether it's for homesteads, livestock, field or wildlife.

Each tree row should be planted 20 feet apart.

Multiple-row windbreaks are better than a single line of trees. Species composition can be diversified as an aid to battling insects and diseases.

The deadline for ordering seedlings is March 1. For more information, call the SWCD at 247-2220 or stop by 1306 W. 9th St., Friona.

-- Made plans for the annual Golf Challenge for June 28 at the Farwell Country Club.

-- Voted to buy some new restaurant quality silverware for the community center. They hope the new center will be ready for the banquet, with all the plates, silverware, pots, pans and appliances in good working order.

Lazbuddie defeats Farwell in playoff

There was a huge crowd on hand in Muleshoe Feb. 13 as the Farwell and Lazbuddie varsity boys' basketball teams battled for the right to go into the state playoffs.

Both teams had finished with 5-3 district records, and had split their games during district. The deciding game ended in Lazbuddie's favor, 64-55.

Both Farwell and Lazbuddie worked hard to get the ball inside. And both were successful. But the Steers, who had experienced a shooting slump the past few games, only could hit 32 percent of their field goal attempts, and were 37 percent from the free throw line.

Some Lazbuddie strategy involving their big center, Jason Thomas, worked out well for the Longhorns. Thomas picked up his second foul early in the second quarter. Then coach Gary Grahn, using the pro style, began putting him in for offensive series, then pulling him out when he could when the Longhorns went on defense.

Both teams traded baskets at the beginning of the game, and a driving layup by Josh Littlejohn put Farwell up, 7-6. It was Farwell's last lead of the game. Lazbuddie's Jason Thomas struck back quickly with two buckets. Combined with baskets by Justin St. Clair and Israel Lopez, Lazbuddie led at the end of the first quarter, 16-11.

Farwell's Mark Lunsford started off the second quarter with a driving layup and a free throw. But buckets by Lopez and Thomas moved the Longhorns ahead, 21-14. Farwell went through a short cold streak, and Thomas and Lopez baskets upped the lead to 10. After Farwell closed the margin to 6 on baskets by Russell Williams and Logan Nichols, Lazbuddie's Josh Morris hit a 3-pointer. Lazbuddie went into the halftime intermission ahead 31-20.

The action was furious in the third quarter as Lunsford led Farwell's attack and Chris Smith led Lazbuddie's. Smith scored 11 of his team's 17 points in this quarter, including a 3 pointer. Lunsford scored 8 of Farwell's 13 points in this quarter. Midway through the period, Lazbuddie went ahead by 16 points, as the teams traded baskets. The 3rd quarter ended with Lazbuddie ahead, 48-33.

The final period opened with Farwell on the attack. A rebound bucket by Lunsford, a 3 pointer by Nichols, and free throws by Nichols and Lunsford closed the gap to 48-41 with 5:13 left to go.

That 7 point gap stayed constant the next few minutes as Lazbuddie capitalized on free throws to offset baskets by Nichols and Brock Anderson.

With 1 minute left, Williams scored a rebound basket to close the gap to 58-53. Then Josh Littlejohn put in another rebound bucket to make it 58-55 as both teams battled hard under the basket.

But that was as close as Farwell could get, as free throws by Smith, Brice Foster, Lopez and Thomas increased the Longhorn lead back to 9 points as the game ended.

Scoring for Farwell were Lunsford, 14; Nichols, 9; Anderson, 8; Littlejohn, 9; Scott Meeks, 2; David Everett, 3; Williams, 8, and Brett Curtis, 2.

Scoring for Lazbuddie were Smith, 15; Foster, 3; Lopez, 18; St. Clair, 6; Thomas, 19; and Morris, 3.

Texico Council discusses HPWMA suit

The Texico City Council held a special meeting last Friday to discuss the suit filed against state officials by the High Plains Waste Management Association.

Texico is a member of the association.

The entire meeting was held in executive session, due to litigation, with Chet Wyant, manager of the HPWMA.

Mayor Nathan Tharp reported that no actions were taken after the executive session ended. Only a discussion was held.

The HPWMA is still a viable entity. But Tharp noted that, essentially, it's the city of Tucumcari filing the lawsuit.

It deals with the state's refusal to grant a key \$1.5 million loan to the HPWMA to help it construct a landfill to serve area communities, including Texico.

Texico officials note that there are other alternatives -- for example, Texico's trash can be hauled to Clovis, where it goes now.

Farmers' Corner

An ounce of accomplishment is worth a ton of or
more of good intentions.

Don't Spend A Dime!

Not until you consider
using this year's profits
to buy "crop insurance"
for the next 20-30 years.

Watch out for the dry year
that's bound to come. Protect
your investments in seed, fertil-
izer, pesticides, herbicides--you
name it--and yes that includes
protection from the most debil-
itating of all--drought.

No other farm equipment can
offer you the assurance of pro-
tecting, and growing, your bot-
tom line. It may just take one dry
year for a Valley to pay for itself--
and then some.

So when it comes to making
any major purchases this year,
don't spend a dime. Not until
you fully consider the safety net
we offer you and your farming
operation.
