

TRUCE TALKS RESUME ON FRIDAY

U. S., European Troops Smash Enemy Attack

By FORREST EDWARDS SEUL, Sunday, April 19 (AP)—American and European infantrymen smashed a many-pronged Chinese Red attack along a two-mile front before dawn today.

Lunch Time For UN POWs On Road To Freedom

A Communist convoy of some 23 trucks, carrying sick and wounded United Nations personnel to freedom at Panmunjom, pauses near a bridge at noon today for lunch.

Storms Rip Wide Areas Of Nation

Destructive April windstorms and heavy rain lashed through parts of Alabama, Arkansas and Georgia Saturday, killing two persons, injuring more than 50, and causing property damage believed in the millions of dollars.

At least four traffic deaths were attributed to the weather, which brought sleet, snow and freezes in eight states. The freezing temperatures caused heavy fruit crop losses in parts of California, Kansas, Missouri, North Carolina, Oklahoma, Utah and Virginia.

French, Laotian Troops Set For Indochina Stand

HANOI, Indochina, April 18 (AP)—French and Laotian troops chose the Des Jattes Plain today for a stand against Communist-led Vietminh columns leading toward the heart of Laos.

Four Red POWs Killed, 45 Hurt In Yoncho Riot

PUSAN, Korea, Sunday, April 19 (AP)—Chanting, rock-hurling North Korean prisoners in eight compounds staged a riot at Yoncho Island Friday night forcing Allied guards to fire shotguns to restore order, when vomiting tear gas and concussion grenades failed.

LESTER PEARSON

UN Finally Gets Unanimous Vote

By FRANCIS W. CARPENTER UNITED NATIONS, N. Y., April 18 (AP)—Elated over its first unanimous vote on the Korean question, the United Nations Assembly today dispatched to the warring forces in Korea its fervent hope that new talks at Panmunjom will result in an early armistice.

30 Americans In First Swap Group

By GEORGE A. MCARTHUR MUNSAN, Korea, Sunday, April 19 (AP)—The U. N. and the Communists today agreed to resume full-scale Korean armistice talks next Saturday, a move that could lead to the end of nearly three years of grim fighting on this tiny Asian peninsula.

munjom today that the stalled truce talks be re-opened on Wednesday, April 23. The Communists said they would prefer the April 25 date, and the U. N. group accepted. Time of the meeting was set for 11 a. m. (9 p. m. Friday EST).

record as being confident that "a just and honorable armistice in Korea will powerfully contribute to alleviate the present international tension."

Malik Takes London Post Of Gromyko

MOSCOW, April 18 (AP)—The Soviet government made a major diplomatic switch today. It recalled Andrei A. Gromyko from his post as ambassador to Britain and made him a first deputy foreign minister. He will be replaced in London by Jacob A. Malik.

Two other groups of 25 will be returned by the Reds, beginning at 2 p. m. tomorrow (12 midnight, Sunday, EST) if they stick to the schedule they proposed yesterday.

Eighty Army Commander Lt. Gen. Maxwell D. Taylor also may visit the U. N. reparations center during the exchange.

Dulles Believes Foes Now Seek Armistice

By JOHN M. HIGHTOWER WASHINGTON, April 18 (AP)—Secretary of State Dulles declared tonight that strong foreign policies of the Eisenhower administration had forced Russia to go on a "peace offensive" which may bring a Communist agreement to an armistice in Korea.

ship would be doomed to sure defeat," he said in a speech prepared for delivery to the American Society of Newspaper Editors.

Pending evidences of a basic change in Soviet foreign policy, he declared, the West will persist in building its strength—in such a way as to maintain resistance against Red pressure indefinitely.

CIRCUS ATMOSPHERE

Tidelands Talkfest Resumes In Senate

WASHINGTON, April 18 (AP)—Sen. Taft (R-Ohio) chided opponents today for "obviously engaging in a filibuster" but the Senate—in a circus atmosphere—made little progress in its 12th session on the submerged lands bill.

Sen. Hill (D-Ala.) has been one of the most determined foes of the legislation. Taft said: "Anybody who filibusters a bill, assumes the responsibility not only of delaying this legislation but of delaying the entire program of the Senate."

Reviewing The Big Spring Week

Clean-up week starts Monday. Winter winds, drifting paper against brush and fences, and light showers sprouting weeds, have added to the need of the annual spring effort.

Transport To Arrive

SAN FRANCISCO, April 18 (AP)—The big transport Gen. Gordon is due Monday with 2,802 U. S. combat veterans from Korea.

CLEAN-UP CAMPAIGN IS READY; TRASH PICKUP STARTS THURSDAY

All public facilities which will be required were ready for the city's annual clean-up, fix-up campaign by the end of the week.

20 Persons Arrested

LOS ANGELES, April 18 (AP)—Federal agents arrested 20 persons in California and Phoenix, Ariz., today and seized a large quantity of opium in a narcotics roundup at Los Angeles federal narcotics agent said.

Most Spectacular Atomic Blast Of Year Witnessed By Marines

LAS VEGAS, Nev., April 18 (AP)—Twenty-two hundred Marines maneuvered today with an atomic blast, the most brilliant and spectacular of the spring series, which set afire hundreds of Joshua trees across the desert.

Point 4 Gets Boost

NEW YORK, April 18 (AP)—Eric Johnston, president of the Motion Picture Association of America, said today he had "never seen the expenditure of so little money to do so much good for so many people" as America's Point Four program.

Old Governor's Home Due To Be Restored

AUSTIN, April 18 (AP)—The old stone mansion at First and Red River Streets, longtime home of E. J. Davis, the "carpetbagger" governor of Texas, found a champion today.

Fire Rages Atop Dallas Skyscraper

DALLAS, April 18 (AP)—Spectacular, roaring flames suddenly engulfed part of the steel skeleton of the new 40-story, 20-million-dollar Republic National Bank Building late today and a stiff wind whipped flaming sparks and slivers of wood over a wide downtown area.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy to cloudy and warmer today. High today 70, low tonight and Monday 55.

WARMER

Tourist Industry Also Aid To City

A business that brings Texans nearly three times as much revenue each year as the cattle industry rolls through Big Spring is most continuously on two of the nation's longest transcontinental highways—U. S. 80 and International 87, which intersect here.

That gives Big Springers a "local" industry they may not be conscious of.

The tourist industry, which drew 8,500,000 motoring visitors to Texas last year, did a volume of \$776,844,000. Out-of-state travelers spent \$379,844,000 of the total. Texans, out on a recreational tour, invested the remainder in accommodations of various kinds—tourist courts, cafes, service stations and vacation attractions.

No figures are available on the volume of tourist trade or traffic in Big Spring, but close to the two popular highways which cross at Third and Gregg and you can rest assured there'd be a recession hereabouts.

With that fact in mind, and also to encourage an increase in tourist traffic for this area, several Big Springers are cooperating with businessmen in other Texas cities to publicize International Highway 87.

J. H. (Jimmie) Greene, local Chamber of Commerce manager, also would like to see the development of tourist attractions here, which would make Big Spring more than just a refueling stop on the two popular vacation routes.

Statistics on the volume of recreational travel in Texas come from D. C. Greer, state highway engineer.

Calling attention to the fact that "tourism" is "big business" throughout the state, Greer also warns that the industry is on the wane in Texas. In 1952, he says, there were eight per cent fewer visitors who left 15 per cent less money in the state than in 1951.

Since 96 per cent of the tourists travel by automobile, the highway engineer sees the state's roads as

"backbone of the recreational travel industry."

Encouraging tourists to use the two highways through Big Spring is the object of the Tourist Development Committee of the Chamber of Commerce which is sponsoring local efforts to promote travel on Highway 87. The role individual businessmen are to play in the development of tourist trade is to provide tourist attractions and accommodations, Greene believes.

The average tourist in Texas last year spent \$7.32 per day, traveled 926 miles in the state, and stayed 5.4 days.

Tourists spent an average of 13 cents a day more than in the previous year, but the total number of tourists declined 740,000 and their visits to Texas were seven hours shorter. The "economic loss" due to the decrease in tourism in 1952 amounted to \$42,516,000, according to highway department figures.

Negro Church Group Notes Gains During Meet Here

Substantial gains were reflected in reports to the 65th session of the El Paso district of the African Methodist Episcopal Church, concluded here Friday.

Special appeals were voiced, too, for stronger support of the denomination's college, Paul Quinn, at Waco.

The Rev. T. B. Reese, El Paso, presiding elder, sounded the plea for more backing of the college. He also delivered the opening sermon Thursday morning. At the Thursday evening session, the Rev. A. Wilson, Lubbock, spoke on "Somebody Touched Me." Friday noon, one of the women ministers, Mrs. C. S. Smith, Brownfield, spoke on "Spiritual Fruit." Mrs. I. Z. Chance, Amarillo, stressed importance of evangelism in the Sunday School in one of the Friday panels. In another, the

Banquet Speaker

Louis E. Throgmorton, vice-president and director of public relations for the Republic National Life Insurance Co. of Dallas, will be the guest speaker at the annual banquet of the Martin County Chamber of Commerce at the Stanton High School Auditorium, April 28. Throgmorton, who is active in civic and religious affairs in Dallas, makes an estimated 200 speeches a year. A native of Arkansas, he formerly lived in Shreveport.

Legislature Windup Hopes Are Jolted Over Teacher Pay Issue

By DAVE CHEAVENS
AUSTIN, April 18 (AP)—A punch-throwing deadline on the teachers pay-new tax issue looms for the final days of the Legislature.

Most hopes for a compromise and an early windup of the session have blown sky-high. Gov. Shivers says increased pay for teachers that would require new taxes, along with other "worthy projects" should not be acted on this session.

That runs head-on into demands of the Texas State Teachers Assn. for a flat \$600 a year pay boost, and views of a Legislature faction backing it along with some new form of tax increase to foot the bill.

The situation came to the boiling point at the end of the session's busiest week when Shivers sharply criticized Charles Tennyson, spokesman for the teachers, for what he called Tennyson's "all or nothing" attitude on the pay boost.

Rep. Doug Crouch of Denton replied to Shivers in a statement saying he is "trying to defeat the \$600 per year teacher pay raise by the use of slur tactics and personalities."

"The need for increased teacher salaries is an economic fact and is not, as Shivers would have us believe, an infamous scheme of a high pressure lobby," Crouch said.

"The real enemies of the people are the big industry lobbyists. Has Shivers ever called them by name as he recently did the executive secretary of the Texas State Teachers Assn.?"

Tennyson had made no reply. But pressure from the teachers on individual legislators continues unabated.

Fleets of lawmakers were predicting the battle could hold the Legislature in session until July. Shivers insisted he was not opposing the \$600 or even a \$1,000 increase for teachers "if it's justified and if there's money to pay for it."

He said that question and other "worthy" state needs should be held up until the courts finally rule on validity of last session's gas pipeline tax that has tied up

around 45 million dollars in state revenue.

The teachers pay faction wants the \$600 raise now and will fight any effort to defer it. They oppose the governor's plan to revise the public school finance structure to pay for a lesser raise without a new tax on the state level.

Floor and committee action this week brought these major developments:

1. Final passage and certification of the bill to pay general state expenses for the next two years. The comptroller figured it totaled 167.5 million dollars and there was just barely enough money in hand or in sight to balance the budget at that figure. The total budget is more than a billion dollars, but the Legislature has a direct say on just the 167.5 million part of it. It would not require new taxes.
2. Final approval of an amendment setting the terms of county and district officials at four years instead of two, to be voted on in the 1954 general election. It was the session's first approved constitutional amendment.
3. The Senate passed the \$600 a year teachers pay bill backed by teachers association, action Shivers called an "empty gesture" since money is not in sight to finance it.
4. The House rules and lack of a teachers pay faction majority big enough to set them aside continued to block all efforts to speed action there on teachers pay.
5. A judicial redistricting bill for the entire state was approved by a House committee and sent to the floor.
6. More of the governor's proposed water legislation finished the committee stage and went to the floor for debate.
7. An investigation of District Judge Woodward Laughlin in the Woodward Laughlin in the politically-turbulent 79th South Texas District was asked, and start of hearings on it set for next week.

HD Club Has Meet In Skalicky Home

Members told of their most embarrassing moments when roll call was answered at the meeting of the Fairview Home Demonstration Club Friday.

Mrs. W. H. Ward gave the devotional and the group met in the home of Mrs. J. F. Skalicky.

A meal from a food freezer was completed ready to serve in 45 minutes by two of the members.

Plans were made for a book review and tea to be held May 8 at the Prairie View Church. Mrs. Clyde Angel of Big Spring will present the review, "40-Odd."

Mrs. Daisy Sutherland gave the council report and Mrs. O. D. Engle and Mrs. Sutherland were appointed to attend the course in basket weaving.

The next meeting will be May 15 in the home of Mrs. Frank Wilson at which time two 4-H Club girls will give a table setting demonstration.

Farm Safety Week

AUGUSTA, Ga., April 18 (AP)—President Eisenhower designated the week of July 19 today as national farm safety week.

lars, but the Legislature has a direct say on just the 167.5 million part of it. It would not require new taxes.

2. Final approval of an amendment setting the terms of county and district officials at four years instead of two, to be voted on in the 1954 general election. It was the session's first approved constitutional amendment.

3. The Senate passed the \$600 a year teachers pay bill backed by teachers association, action Shivers called an "empty gesture" since money is not in sight to finance it.

4. The House rules and lack of a teachers pay faction majority big enough to set them aside continued to block all efforts to speed action there on teachers pay.

5. A judicial redistricting bill for the entire state was approved by a House committee and sent to the floor.

6. More of the governor's proposed water legislation finished the committee stage and went to the floor for debate.

7. An investigation of District Judge Woodward Laughlin in the Woodward Laughlin in the politically-turbulent 79th South Texas District was asked, and start of hearings on it set for next week.

Free Book On Arthritis And Rheumatism

HOW TO AVOID CRIPPLING DEFORMITIES

An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 2317, Excelsior Springs, Missouri. (Adv.)

But The Stork Didn't Get Lost

HOUSTON, April 18 (AP)—Mr. and Mrs. J. E. McCain were rushing to the new Pasadena Hospital today on a pressing maternity errand when they got lost.

The stork had not lost sight of Mrs. McCain, however, and by the time they reached 509 Bearll St., a good mile and a half in the wrong direction from the hospital, the stork swooped down from his celestial vantage point.

McCain rushed into the home of Mr. and Mrs. Comer Whittaker at 503 Bearll, for aid. Police were called, too.

A baby boy was born right there in the car on Bearll Street about 9:30 a. m.

A police car and an ambulance came driving up soon after, too late to offer anything but congratulations.

Population On Rise Again At Ft. Hood

FORT HOOD, April 18 (AP)—Fort Hood's military population is on the upgrade again.

A year ago 120,000 troops were in the area for Exercise Long Horn. That was the high mark. Manpower requirements overseas since then caused the population to drop as low as about 20,000.

Now—it's on the climb again. Brig. Gen. L. D. Dean said today. He commands Fort Hood and also the First Armored Division.

Fort Hood will be host to three National Guard and two organized reserve divisions this summer. Each will have a two-week training period.

The 90th Division and the 112th Armored Cavalry Regiment (Texas National Guard) will lead off, arriving May 31. The 49th Armored Division (Texas National Guard), the 36th Division (Texas National Guard), the 75th Division and the 45th Division (Oklahoma National Guard) will follow in that order at two-week intervals.

Restoration Of Wild Life On Reservation Aim Of Army Officer

FORT HOOD, April 18 (AP)—Fort Hood's commanding officer would like to see wild life on the big reservation restored.

Deer would be brought in to repopulate the area and hunting of certain types of wildlife would be banned for five years under proposals advanced by Brig. Gen. L. D. Dean.

Dean, also commander of the First Armored Division, asked officials of the Fourth Army and Bell and Coryell County to help.

"We at Fort Hood are willing to take the lead in the restoration of wild life in this area if the people in the surrounding communities are in favor of such a program," Dean said.

CARD OF THANKS

Our deepest thanks go to the firemen, police, physicians, and all others who labored so valiantly to save our son and brother, Gene, and to the friends without number whose kindness helped us through the shock and despair of losing him. Although we cannot know all who helped, we are nonetheless grateful to everyone.

Mr. and Mrs. Earl Reynolds, Jane and Whitney.

Fines In City Court This Week Total \$863.50

Fines totalled \$863.50 in city court during the past week and for the first time in months drunkenness failed to account for at least half of a week's aggregate.

The police department's drive to clean up a big stack of "pending" traffic cases helped boost the total fines for other than intoxication to \$495.50.

Five persons were fined for traffic violations after being hauled into court by police. Several others, learning that warrants had been issued for their arrest, "volunteered" to report to court.

And six additional warrants were issued by Judge William E. Greenlee during the week. All the warrants—approximately 100—have been issued in the past few weeks—due for the arrest of persons who have not cleared their tickets for traffic violations.

One man was fined \$75 for driving without license. He appeared in court after having been served a warrant.

Fines of \$20, \$10, \$20, \$25 and \$20 were also assessed against persons whose arrests had been ordered as a result of not showing in court. Two fines of \$100 were assessed on disturbance charges. A \$25 levy resulted from assault charges. Affray was responsible for a \$10 fine.

Other traffic fines included four for \$35 for running a stop sign, two for \$10.50 for running a red light, \$25 for passing on a viaduct, and \$25 for allowing an unlicensed minor to drive.

Transferred to other authorities from city court were two persons accused of robbery and attempted murder, one charged with murder, and one charged with driving while intoxicated.

Church Finance Problem Brings Injunction Suit

Building finances for The Baptist Temple, new structure on 11th Place, has resulted in an injunction suit being filed in 118th District Court.

The church asserted it filed the suit to keep a number of firms from bringing materialmen's liens against the new building.

Defendants named are Baker Willis, who contracted for construction of the church, and all creditors of Baker Willis. Approximately 11 firms are named as Willis' creditors.

The church petition alleges that Willis contracted to do a "turn-key job" for \$129,300. That is, the church was supposed to pay the full amount on completion of work. According to the petition, Willis was to pay for all outstanding material and labor costs in his position as independent contractor.

Yet, the church claims that two firms furnishing material have indicated they will file materialmen's liens for payment of supplies.

Church officials, according to the petition, believe that all the creditors of Willis are about to file materialmen's liens against the property.

The petition is to keep the creditors from filing mechanic's or materialmen's liens against the property or from doing any act tending to cloud church title, to land.

So far, the church claims it has paid Willis \$127,504.15, according to the petition. Another \$3,424.83 was in the treasury for payment to him, but the remaining money has been deposited in court for disbursement.

The church claims it would be obligated to pay Willis the money if he had paid the materialmen and laborers. But it is alleged that Willis has not paid all his creditors, and the church proposes to let the court make disbursement.

The church alleges that Willis failed to complete the building, and that \$500 extra expenditures were necessary to do so. The court is asked to refund the \$500 to the church on disbursement.

The petition alleges that each of the materialmen sold materials to an independent contractor—Willis—and has no right to make demands against the Baptist Temple.

Church property consists of lots one through six, subdivision A, block 25, Fairview Heights Addition, and lots one through six, block 25-B, Fairview Heights, with a small tract between.

Tom Adams is the attorney for The Baptist Temple.

Damage Suit Is Filed In Court

Mrs. Laura Anderson filed a \$4,500 damage suit in 118th District Court Saturday against Collins Construction Company.

She alleges that damage resulted from the "unwarranted, willful and malicious conduct" of a company employee while 3rd Street was being paved in February.

She was a passenger in a car being driven on Johnson by her son, Gene Anderson. When they approached 3rd Street, a workman waved a flag at them.

Anderson, according to the petition, thought he was being waved onto the road. It is alleged that the flag man hit the windshield with the stick when the car moved forward, broke the glass, and showered Mrs. Anderson with particles of glass.

She is asking \$2,000 for pain and mental anxiety suffered, \$250 for hospitalization expenses, \$300 for loss of one month's services, and \$2,000 exemplary damages. Gil Jones is Mrs. Anderson's attorney.

Some Good Reasons

Convincing proof that a clean-up is in order are the three scenes above. The picture, made by Sanitarian Lige Fox of the City-County Health Unit, show conditions in three different sections of the city. One of the pictures was made within two blocks of the heart of the business district. Carelessly discarded trash and garbage caught Fox's eye. Uncovered garbage cans, half-barrel containers and old tubs used for storing the refuse fail to meet specifications of the city sanitation ordinance. Fox joins Chamber of Commerce and city officials in urging all-out participation in the city's clean-up campaign which starts in the morning. Then, the sanitarian says, keep your premises cleaned up and get some fly-proof garbage disposal containers.

Summer Recreation Program Nearly Set

Stage is set for organization of the summer recreation program for Big Spring youth, John Coffee, chairman of the Chamber of Commerce Welfare Committee, reported Saturday.

All but \$100 of the \$3,250 needed has been pledged to finance the program, Coffee announced.

The Chamber committee leader said YMCA Director Grover Good will be in charge of organizing and implementing the supervised recreation plan. Good said Saturday he is ready to go on the project as soon as formal authorization and instructions are received from the committee.

As tentatively set up, an extensive program of playground, gymnasium and swimming pool activities will be unrolled during the months of June and July. Various parts of the program will be conducted in different sections of the city, assuring all local youth the opportunity to participate.

A paid supervisor, with assistants in charge of various phases

Theft Is Reported At Service Station

Delbert Lee, night attendant at the Roy Bruce Service Station, reported theft of two \$10 bills from the station cash register about 1:30 a.m. Saturday.

He said a man traveling in a black car took the bills. Mrs. Helen Canterbury, 201 NE 3rd, reported theft of her billfold, which contained \$8. She said the purse disappeared while she was shopping in a downtown store.

Accident Is Reported

An accident at Third and Presidio Saturday morning involved cars driven by Billy Ray Oaka, Ackerly, and Leo Ray Smith, 104 NW 3rd, police reported. No one was injured.

Court Orders KTXC Records To Be Shown

Taylor and E. W. Anderson were ordered Friday to present all financial records for radio station KTXC to Clyde and George Thomas.

The order came in a 118th District Court ruling. Judge Charlie Sullivan has not yet signed the order designating the place and time of presentation, however.

Motion for the action was made before the court by George Thomas. Thomas and Thomas have filed suit for the appointment of a receiver for the radio property, and the motion was part of the suit.

The Andersons own 85 per cent of the stock in the station, and 15 per cent belongs to the Thomases, according to the petition.

The suit filed by George and Clyde Thomas asks that the partnership be dissolved, and that the station be sold at a private sale to the highest bidder.

The plaintiffs allege that the station is dangerously close to losing its permit to do business and is experiencing financial difficulty.

It is further alleged that the charter of the radio station has been forfeited since August 10, 1951. Reason submitted is that stockholders did not pay all capital stock within two years as required by state law.

Plaintiffs allege the charter was allowed to expire and was not redeemed. It is further alleged that the defendants made no attempt to liquidate the assets of the property or to pay debts or divide assets among the stockholders.

The court hearing here Friday

Barbecue Is Planned By Local Policemen

Big Spring policemen and their families will hold a barbecue and get-together Monday evening at City Park.

The event is to start about 6:30 p.m. for officers who go on duty at 8 p.m. and will continue past 8 o'clock for benefit of those coming off work at that hour.

Man Posts \$1,000 Bond In Check Case

Manuel Luevano, local Latin-American, was released from county jail Saturday after posting \$1,000 bond on charges of altering a check.

He allegedly changed a \$9.35 check to \$19.35 and passed it at a local tailor shop. Luevano was arrested by sheriff's officials Friday.

To Attend Reunion

Clyde Thomas Sr., local attorney, will attend a high school class reunion in Rogers, Bell County, next Sunday. There will be seven people present from the class of 1902, he said. There were only seven graduating that year, and all are expected to be present.

followed announcement by the Secretary of State that a charter for the Big State Broadcasting Corp. had been issued to Taylor Anderson, E. W. Anderson and Lucy Anderson, with a capital stock of \$10,000.

The Big State Broadcasting Corp. had operated KTXC here under a previous charter granted in 1949.

CANINES TRY A NEW WAY

Police discovered a new angle in Big Spring's dog problem Friday night.

Officers were called to a residence where a woman reported someone was trying to break in.

Investigation disclosed two dogs—on top of the house. Apparently the canines had gone up an outside stairway that led to the roof.

Condition Said Good

Mrs. Addie Pelcher, 2201 Johnson, was reported in satisfactory condition at Malone & Hogan Hospital where she was taken Saturday morning following a fall.

She suffered a fractured hip in the mishap about 10 a.m. She was moved to the hospital in an Eberley-River ambulance.

The Bureau of Indian Affairs maintains 62 hospitals and 10 dispensaries.

In every State of the 48 ...

TRUCK USERS BUY MORE CHEVROLET TRUCKS

than any other make!

FIRST IN DEMAND ...IN VALUE ...IN SALES

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make!

It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion: Chevrolet trucks must be better, must enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify.

So before you buy any truck, see how much more Chevrolet trucks offer you. Stop in and see us soon. Continuation of standard equipment and trim illustrated is dependent on availability of material.

Taxpayers Get Something For Their Money!

By ARTHUR EDSON
WASHINGTON, April 18 (AP)— Cheer up, taxpayers. The government isn't all expense with nothing coming in.
Let us turn today to the U. S. National Museum. Its annual report shows it's collecting things at the rate of a half million items a year. Its total collection—33,184,494 specimens, including almost 12 million insects.
That's quite a few bugs, but more are coming in all the time. Look at what we taxpayers have been getting:
Dr. Manuel P. Castro of Buenos Aires, Argentina, has thoughtfully supplied us with four mosquitos.
Tokiharu Abe of Tokyo has sent along a couple of eels.
The estate of Gertrude Abbott of Philadelphia has contributed a walking stick used by Napoleon at St. Helena.
Fred A. Bianchi of Honolulu has sent four "trips"—a type of insect—from New Caledonia.
Walter A. Aufferberg of Gainesville, Fla., has sent in a blacksnake; Glen C. Sanderson of Marion, Ia., has come through with a white-footed mouse, and James Beavers of Alexandria, Va., a black widow spider and her black widow babies.
Brig. Gen. Albert C. Dalton of Washington has given a coat made from the skin of a buffalo killed by "Buffalo Bill" himself.
From Dr. Colvin Gibson in Guatemala come 39 horseflies, and from Dhirubhai Mehta, in far off Ghatkopar, India, four Mahatma Gandhi post cards.
From nearer home, Cleveland, Mrs. Paul Visscher sent "approximately 10,979 barnacles."
Most of the contributors appear to be scientists or ordinary citizens who have found something out of the ordinary.
But one contributor got to be pretty well known during the years he lived here. That piece of rock from Corregidor, the report says, was sent in by Harry S. Truman, then of Washington, D. C.

Reserve Officers Association

Immediately following their installation in ceremonies at the Webb AFB Officer's Dining Hall, the new officers of the Webb-Big Spring chapter of the Reserve Officers Association conduct their first order of business. Left to right are Lt. Col. John L. Campbell, Webb AFB, executive vice president; Col. E. V. Spence, Big Spring, president; Capt. Robert A. Keener, Webb AFB, treasurer; and Lt. Mary S. Herring, Big Spring, executive secretary. The newly formed association adopted a resolution at the meeting to form a ladies' auxiliary for their chapter. Meetings will be held at Webb monthly. The membership is composed of active and inactive reservists of the Army, Navy, Air Force and Marines. (Official U. S. Air Force Photo).

Three Aliens Are Found In Bed Of Truck

A secret compartment in the bed of a truck gave up three aliens when Border Patrol officers stationed in Big Spring gave the vehicle a routine check in a northside service station.
The immigration officers asked the driver a "hunch" question about the passengers in his truck. He readily showed them the hidden compartment and the three aliens.
The driver was to have been charged in federal court in Lubbock Saturday with knowingly concealing aliens. His three passengers are being held in Big Spring as witnesses.
The truck driver, a citizen and resident of Weslaco, was enroute to Colorado where the best harvest is underway. Three other passengers who are citizens of this country were allowed to continue to Colorado, but they also will be called as witnesses when the man comes to trial.
The hidden compartment had been constructed in the front of

the truck bed, Household goods—mattresses, boxes and baskets—had been stacked over the false floor and in the rear of the truck.

1/2 BLOCK NO. OF SETTLES HOTEL

Meet Discusses Crop And Hail Insurance Here

The Mark Wentz Insurance Agency of Big Spring yesterday sponsored a meeting of 125 representatives of insurance agencies throughout West Texas engaged in writing hail insurance on crops.
The meeting, held in the ballroom of the Settles Hotel, and including a luncheon at noon was attended by agency representatives from such distant points as towns at the top of the Panhandle and from El Paso, from other Rio Grande Valley points and elsewhere over the area.
The purpose of the meeting, it was explained by Mark Wentz, was to give these agency representatives a complete explanation of the new standard form hail insurance being offered farmers this year for the first time, and to provide these insurance men and women with information which will better enable them to explain the program to the farmers and to better serve policy holders.
The speakers were from the Cravens, Dargan Co., of Houston, a general agency managing the business of several companies in 18 states.
Among these speakers were A. P. Boyd, assistant general manager of the Houston agency; Mrs. Ethel Bennett, manager of the farm and ranch department; Price Johnson, manager of the crop-hail insurance department, and Jud Briscoe, supervisor of the crop-hail section.
Following the explanations of the program questions submitted by those attending were answered. Many of these questions were hypothetical assuming various complicated situations that might arise from hail damage early in the season.
Wentz said he believes the hail insurance program being offered farmers this year is the best plan that has been worked out yet and one that will give the crop owners a more complete and satisfactory protection than has been given before. He also pointed out that those who attended the conference are now probably better equipped to explain the program to farmers than ever before.

Church Starts Its 'Building By Faith'

Congregation of the Trinity Baptist Church is "building by faith" and already has a good start on a new auditorium at 810 11th Street.
Foundation is down and part of the steel framework is up for a 70x120-foot structure. Roof trusses will go on next and the church hopes to have roof and front and rear walls in place by the summer, so the future auditorium can be used as a tabernacle.
Members of the church hope to have the side walls in place by the end of the year.
Work is progressing on an "as money is available" basis, and all plans for the building aren't complete. Leaders hope to construct a brick veneer type building, however.
The new auditorium will seat approximately 1,000 persons. When it is completed, the church's present sanctuary will be converted to an educational building.
Permit for construction of the new auditorium was secured from the city building inspector Friday. It shows cost of the project will be \$25,000.

Capacity Crowd Sees PE Show

A capacity crowd witnessed the varied exhibition of the junior high physical education and music departments Friday evening.
All seats in the Junior high gym were taken and throughout the program other spectators were standing.
Girls staged a mass folk dance demonstration, then gave an exhibition of tumbling, and finally a series of tap dance routines.
Boys gave a calisthenic drill, then put on a tumbling act.
Another highlight was a series of numbers by the girls' choral club, members wearing their black and gold vestments.
Sammy Sue McComb climaxed the demonstrations with a series of acrobatic numbers.
Master of ceremonies was John Freeman, assistant principal. Approximately 200 pupils took part in the demonstration.

Safeway Income Up

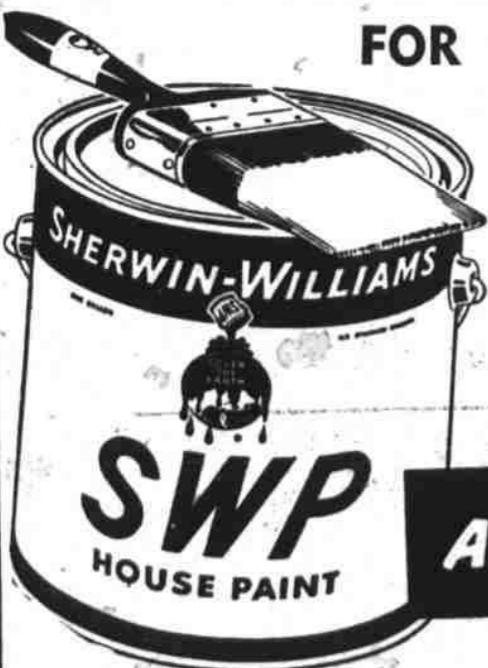

NEW YORK, April 18 (AP)—Safeway Stores reported today net income of \$2,738,841 in the 12 weeks ended March 21. That compared with \$1,585,075 a year ago.

PROUDLY PRESENTS

Free Home Trial

OF THE FAMOUS

Westinghouse AUTOMATIC DISHWASHER

Before you buy any dishwasher, try this Westinghouse Portable Model for a few days without charge or obligation. Just call us and ask for a free home trial.
Prove to yourself that this dishwasher will save you 7 hours of work a week. Find out how perfectly it washes and dries dishes, pots and pans and glassware. Notice its capacity to hold more and larger pieces than other dishwashers.
This Portable Model requires no installation and is identical in design and operation to other Westinghouse Models made for easy, low-cost permanent installation—the Cabinet Model, Under-Counter Model and Dishwasher-Sink.

You'll Want These "BEST BUY" Features

FRONT OPENING—TOP LOADING

Work surface above dishwasher is always usable. Dishwasher is easy to load and unload.

PERFECT WASHING AND DRYING

No pre-rinsing by hand. Dishes are rinsed, washed, double-rinsed and dried automatically.

GREATER CAPACITY

Holds 15% to 30% more than other makes. Washes a complete dinner service for EIGHT at one loading.

EASY, LOW-COST INSTALLATION

The cost of permanently installing a Westinghouse Dishwasher is low—it connects to standard sink plumbing.

Westinghouse LAUNDROMAT

OUT- SAVES 'EM ALL!

Washes up to 10 gallons or more of water with every wash . . . also substantial soap savings! Saves endless hours of grinding toil . . . to any nothing of wear and tear on clothes.

- New and Bigger WEIGH-TO-SAVE DOOR!**
New, exclusive Jumbo-sized Weigh-to-Save Door accurately measures size of load . . . Small, Medium, Regular.
- New, Automatic WATER SAVER!**
Regulates exact amount of water needed for washing! Saves time, money! And soap and softener, too!
- Exclusive WASHWAY, RINSEWAY ACTION!**
Famous Inclined Basket gets clothes cleaner! Drains dirty water away from clean clothes—never through them.

See the Famous "500 Test" at Your Westinghouse Retailer's!

MAKE WASHDAYS COMPLETELY AUTOMATIC WITH AMERICA'S FAVORITE LAUNDRY TWINS!
What a handsome pair—the '53 Laundromat* and the Electric Clothes Dryer! New—a Singing Signal "Croons a Tune" when clothes are dry. New—3-Way Dry Dial. New—larger loading shelf. See the "Twins"—today.

Detroit Loses Pair Of Games To Brownies

DETROIT, April 18 (AP)—The St. Louis Browns scored two runs in the eighth inning, the second coming on a freak passed ball, to edge the Detroit Tigers, 3-2, in the second game of a doubleheader today and make a sweep of the two games.

The Browns won the opener, 3-7, in the eighth inning when Tiger outfielders Jim Deland and Bob Nieman collided under an easy pop fly and let two St. Louis runs pour across the plate.

The triumphs moved the surprising Brownies to the head of the American League race. Shoddy fielding got the Bengals each game.

In the eighth inning of the night-cap, pinch hitter Hank Edwards opened up with a long double to left. Dick Kokos, another pinch hitter, sent Edwards across with a single to right and took second on the throw to the plate.

Neil Berry ran for Kokos and moved to third on a sacrifice. Then Tiger catcher Johnny Busch committed his costly passed ball.

With Bobby Young at the plate, the Browns tried to work a squeeze play. Berry was running all the way and would have been a sure out if Busch held the ball, which was a perfect strike.

But the ball popped out of his glove like a Mexican jumping bean and Berry crossed the plate with the winning run.

Scout Hughes and Milt Walden blasted home runs for Midland but each caused a minimum of damage, occurring when the sacks were deserted.

Mandy Diaz crashed out an inside-the-park round tripper for Big Spring in the sixth to propel home three tallies.

OF LAMESA MEET

Wright Defeated In Quarterfinals

LAMESA, April 18 — Bobby Wright, medalist from Big Spring, lost in the quarterfinals of the annual Lamesa Invitational Golf Tournament here Saturday afternoon to Rex Brown, Floydada, 1 up.

Bronc-Hubber Go Cancelled

The Big Spring Broncs head for Abilene today and their last road exhibition game of the season.

The Steeds will be seeking their second straight win over I. A. Palmer's Blue Sox and their seventh success of the year. Abilene absorbed an 16-11 defeat at the hands of the Broncs here the past week.

The score was tied at 2-2 going into the fifth, when McKnight, Midland hurler, ran into a streak of wildness and the War Birds picked up six runs.

Bob Fry paced Abilene's six-hit attack with three blows.

ABILENE — 200 051 0-8 6 MIDLAND — 200 000-2-5 Spradley, Newton and Oliver; McKnight, Snead, Steele and Rutledge.

Bob Gross Third In Discus Throw LAWRENCE, Kansas, April 18 — Big Spring's Bobby Jack Gross, a student at Texas A. & M. won third place in the discus throw and fourth in the shot put in the annual Kansas Relays here Saturday.

McLaughlin appears set in pitching and the infield, the outfield is adequate; but the short-stopping could be improved and the catching is weak. The hitting will be dangerous at all times and the defence will hold up fairly well.

Three other receivers are banging heads in an all-out drive for the job. Rookie Bill Lee, who came to camp on a look-see basis and hung around to work the pitchers because no one else was available, is the sentimental choice of the fans and probably is as good a receiver as any in camp.

Paving Contractor's Error May Send Price Up A Bit

The price of paving may go up as a result of city commission-paving contractor discussions Friday.

Officials of H. B. Zachry Company, successful bidder on the 183-block paving program for Big Spring, told commissioners an error had been made in preparing the bid. They asked for an adjustment amounting to about \$14,000. The commission rejected the request, then offered Zachry a proposition whereby a different type of paving would be installed—at a cost \$41,000 lower than Zachry had asked for that particular kind of paving but higher by \$19,000 than the bid which had been accepted for quadruple penetration pavement.

The city engineer figured the alternate-type paving (asphaltic concrete, or "hot mix") would be at least 17 cents per front foot higher than cost of quadruple penetration paving for which Zachry's bid had been accepted.

The engineer had recommended the penetration-type paving. Delbert Ward, president and chief engineer for the Zachry Com-

pany, was given until Monday to submit his reply. He said he would need that much time to re-calculate cost of the job.

The discussion of Zachry's two bids—for installing either the penetration-type or hot mix pavement—involved a complexity of "errors" which Ward said his engineers had made.

In figuring cost of putting down the quadruple penetration paving, the engineer allowed for only one course of rock. Ward told the commission. Provision should have been made for four courses.

As a result, the unit price shown on the bid was five cents per square yard—where it should have been 21 cents, he said.

The mistake amounted to \$58,000 for the entire project, Ward said. However, there was another error which was partially compensating.

The engineer had added \$28,000 to the total bid to cover cost of supervisory engineering. This should not have been included, as the city had made different arrangements to cover the cost of supervision, Ward explained.

Consequently, he said, the "net" error, which would wipe out the contractor's profit margin, amounted to \$28,000. Ward asked that the city "split" the \$28,000 difference so his company wouldn't "be doing the job just for experience."

If the commission wouldn't make the adjustment, Ward proposed, how about shifting from the penetration to the hot mix type of paving, for which his company also had submitted the lowest bid?

Ward offered to knock a nickel a yard from the price of the hot mix, if the city would okay the bid for that kind of paving.

The commission turned down the proposals. Then, in a conference while Ward and his associate, Attorney Chester Johnson, were out of the room, commissioners decided on the alternate proposition.

They reasoned that since the penetration bid contained a \$28,000 mistake in favor of the contractor the hot mix offer probably contained a similar mistake.

Commissioners decided to accept the nickel-a-yard-lower hot mix bid if contractor would also deduct the \$28,000 which had been er-

ronously added to the offer for engineering.

"Can I have until Monday to figure the job?" Ward asked. "I think we can make that deal."

Commissioners agreed and recessed until 2:30 p.m. Monday for the contractor's answer.

If the proposal is acceptable, total cost of the paving program (with hot mix surfacing) will be about \$554,000, \$41,000 less than Zachry had bid on the hot mix paving. The aggregate cost will be about \$19,000 higher, however, than the \$535,000 bid which the commission had accepted for quadruple penetration paving.

Commissioners Willard Sullivan and Jack Y. Smith said they favor the hot mix to the extent they would be willing to pay the higher price for that type paving.

City Engineer Cliff Bellamy estimated the difference would amount to an increase of about 7 cents per front foot in the unit price of the paving for a 30-foot street.

This would raise the cost to property owners (on a 30-foot street) from about \$3.87 to approximately \$4.04 per front foot of paving. The increase would be slightly greater for wider streets.

Nominated By Ike

AUGUSTA, April 18 (AP)—President Eisenhower nominated George Beach of Albuquerque today to be U. S. marshal for New Mexico.

To Be Deactivated

COLORADO SPRINGS, April 18 (AP)—The Strategic Air Command's Air Force Security School at

Camp Carson will be completely deactivated by July 1 after training more than 3,000 men since July, 1951. The closing was announced today by its commander, Lt. Col. Jack Murphy.

14 Big Spring (Texas) Herald, Sun., April 19, 1953

Strike Hurts Output Of Vital Jet Engines

By NORMAN WALKER
WASHINGTON, April 18 (AP)—A strike has cut down production of the fastest type of jet fighter engines needed for the Korean air war during the past month, but as yet the Pentagon seems unworried. The strike halted production of the General Electric Company's souped-up engine—the type supposed to make U. S. Sabre jets equal to the Russian MIG—at GE's Evendale, Ohio, plant near Cincinnati.

Asked if the walkout of 5,250 AFL and CIO workmen was reducing output of the speedy fighter planes, a Defense Department spokesman said today:

"We have not lost any aircraft production yet, but if it persists a few more weeks the situation could become critical."

Inquiry about the strike's effects was prompted by reports that the Defense Department had changed

its mind about the seriousness of the work stoppage.

It was learned reliably that the department first told the Federal Mediation Service the strike was critical and should be settled at all costs. Later, however, the department told the mediation service it had overstated the urgency of the strike.

Several factors are involved. One is that GE is producing some of the speedy J47-27 engines at its Lynn, Mass., plant.

Another is that the North American Aviation Company, the major producer of the finished Sabre jets, told the Air Force it has enough of the new jet engines to "last through June."

However, another government official familiar with the situation said privately it was his opinion "there would be a scandal" because the Cincinnati strike has been permitted to go this long.

The Evendale plant produces several types of jet engines, including those for bombers, of which there is apparently over-abundant production.

The new fighter jet engine, which is the most critical item made at Evendale, puts out 5,800 pounds of thrust, compared with 5,200 pounds for previous models. This added power enables the Sabre jets to compete with the Russian MIG at all altitudes and speeds.

The strike is over wages.

San Jacinto Fiesta Set At San Antonio

SAN ANTONIO, April 18 (AP)—This colorful city, home of the Alamo, frolics next week in "the greatest fiesta of them all."

It's the Fiesta San Jacinto—to San Antonio what the Mardi Gras is to New Orleans.

Everybody in Texas and the nation has been invited by Reynolds Andricks, president of the Fiesta San Jacinto Association.

"Our unique and colorful patriotic celebration—including seven parades in six days—is growing bigger and finer each year," Andricks says.

Features in 49 events during the week-long program this year include:

Appearance by the queen of the Tournament of Roses, Miss Leah Feland, and other royalty from the California festival, in the Fiesta Flambeau, one of the nation's foremost night illuminated parades, Saturday.

Monte Montana, trick roping artist, to entertain children and appear in the fiesta river pageant Monday night during which King Antonio will be introduced.

The Gainesville Community Circus Friday and Saturday.

"Texas Under Six Flags" parade Tuesday afternoon.

A "Western Style Show" Wednesday night.

Artie Shaw, clarinetist, at a supper club.

The "Noches de Fiesta," a nightly feature on Haymarket Plaza.

Cattle Sent For Summer Feeding Freeze To Death

NOWATA, Okla., April 18 (AP)—Eighty to 90 head of Brahms cattle, brought here only Thursday for summer boarding on Oklahoma's blue stem pastures, were trampled and frozen to death overnight on the Brent Ranch west of here.

Jess McNeil, South Texas owner, estimated the value of his lost cattle at \$8,000.

Don Tyler, owner of the ranch, said this happened:

A herd of 263 of the short-haired cattle, in weakened condition and weighing about 390 pounds each, were shipped in for summer feeding.

When snow and sleet started falling last night as a cold wave hit Oklahoma, the cattle started stampeding to the south.

The cattle ran against a fence and began stacking up. Some were trampled to death and others were frozen.

Veteran cattlemen said it is the first time in their recollection cattle shipped for summer feeding had ever been frozen to death.

Mardi Gras of Dallas

Delightful, young two-piecer... its blouse of crinkled organdy print, its full, full skirt of embossed cotton. Choose green, purple or navy in sizes 10 to 18.

Joining In Clean-Up Campaign

It's Clean-Up, Paint-Up and Fix-Up Week in Big Spring, but many people have busted themselves in advance in the annual chore of beautifying the home place. A lot of it is women's work, as evidenced in the pictures on this page.

Whether it's washing windows, raking trash, transplanting flowers, pulling weeds, or painting, householders are doing their part to make the city cleaner, more healthful and more attractive. With water in prospect after a "dry" summer last year, a record amount of yard and garden work is being done in Big Spring this year. And it's due to pay off.

WASHING WINDOWS . . . always a spring chore, couldn't be left out of the Clean-Up Week campaign. Mrs. Tom Watkins, 1513 Sunset, left, makes her windows sparkle.

RAKING THE YARD . . . also is a good time for the children to get some sunshine, believes Mrs. Ray T. Clark, 1506-B Wood, right. Enjoying the chance to be outside are Stevie, left, and Kathleen.

TRANSPLANTING FLOWERS . . . Mrs. Clarence Percy Jr., 208 Princeton, left center, takes advantage of a warm day to get her flower beds in order.

PAINTING THE TRELLIS . . . Painting isn't work when you have the help that Mrs. Noble Kennemur, 306 NW 9th, lower right, has. Daughter Nancy holds the paint can for her mother and brother, Danny.

PULLING WEEDS . . . After recent rains, weeds abound in Big Spring. Mrs. Harold Hall, 407 Hillside, lower left, has the assistance of two of her sons, Donnie, left, and Mike, in getting the weeds out of the backyard.

SOCIETY

Wanda Petty To Be Cotton Ball Duchess

Wanda Petty has been selected by the Baylor University Student Council to represent Baylor as a Duchess at the annual Cotton Ball and Pageant to be held at Texas A&M College April 24.

Miss Petty is the daughter of Mr. and Mrs. B. F. Petty, 1502 Nolan. Her escort to the event will be R. D. Rabon of Houston.

A voice and music major, Miss Petty is soloist and honorary lieutenant colonel for the 56-piece ROTC Band and soloist for the ROTC Glee Club. She sings in the Baptist Religious Hour Choir, now on tour to Monterrey, Mexico. She is a member of the Athenian Club and was secretary-treasurer of the Freshman class.

WANDA PETTY

Nurses To See Film

A film on chest surgery will be shown at the Registered Nurses Study Club meeting Tuesday at the Veteran's Hospital nurses home at 8 p.m. All registered nurses are invited to attend.

Mr. and Mrs. Harry J. Black of Sacramento, Calif., will return home Monday. They have been visiting their son and his wife, M-Sgt. and Mrs. R. R. Black, 1411 Sycamore.

American designer's pattern

1084 *Tina Leser*
PLEATS ENHANCE

This Easy-To-Make Design Will Win Compliments

Tina Leser won fame as an outstanding American designer with her beautiful creations. Cool and comfortable, this easy-to-make design will win compliments for you. Soft tiny pleats enhance the bustline, flattering every figure. The top stitched band that graces the neckline is cut to wear on the shoulder or off, adorned with tiny bows. Originally made in cotton print, it is adaptable to linen, nylon, shantung, or any sheer cotton.

Available in Standard Pattern Sizes 10, 12, 14, 16, 18. Size 12 requires 4 1/2 yards of 39-inch material. To order Pattern 1084, address Spadea Syndicate, Inc., P. O. Box 535, Dept. 164, G.P.O., New York 1, N. Y. State size. Send \$1. One week delivery. Air Mail handling 25 cents. Pamphlets 7 and 8 available at 15 cents each.

Dr. Mays Is Speaker At GC Meeting

GARDEN CITY, (Sp)—"Beware of fake cancer doctors and their treatment," warned Dr. Floyd Mays Jr., medical advisor for the Glasscock County Cancer Association, when he spoke in Garden City Thursday evening in the high school auditorium.

The Rev. Lorin McDowell, county chairman, introduced the speaker following the showing of two films, "The Traitor Within" and "The Doctor Speaks His Mind." A question and answer period followed Dr. Mays' talk.

A date for the showing of the film, "Breast Self-Examination," will be set within the next few days. A doctor or a nurse will be present for its showing and all girls and ladies in the county are urged to attend.

Clyde Reynolds presided when the Garden City Christian Brotherhood met at the Methodist Church recently.

The Rev. Hugh Magee was speaker for the evening, and he chose for his topic, "I Can Do All Things Through Christ Who Impoverishes Me." The organization voted to set up a special fund for the aid of ministerial students.

World Community Day Program Set

The United Church Women of Big Spring will sponsor a World Community Day observance May 1 beginning at 11 a.m. at the First Methodist Church.

Bill Mead will speak at the morning program and a covered dish luncheon will be served at noon. Mrs. Hayes Stripling will be the featured speaker during the afternoon session.

Musical numbers will be presented by members of the Big Spring Music Study Club and Elizabeth Cope, music instructor at Howard County Junior College, will sing a solo.

Further announcements concerning the observance will be made later, according to Mrs. J. Fred Whitaker, local president.

HI--TALK

By Margie McDougle

About the most important thing happening this week was the election of the student body officers. We had an assembly program Thursday morning and the campaign speeches were made. The nominees for president were Jimmy Porter, Robert Angel and Robert Brown; vice president, Anne Mary Gray and Glen Rogers; Joyce Anderson, Allee Ann Martin and Libby Jones; secretary, The votes were counted and the run-offs looked something like this: For president, Robert Angel and Jimmy Porter; Glen Rogers will serve as vice president next year; Libby Jones and Joyce Anderson are in the run-offs for secretary. The outcome will be announced as soon as the votes are counted.

Checks were presented by Roy Wootley in assembly Thursday to Mary Ellen Hayes, first place, and Martha Winans, second, for the winning essays in an area wide contest. The El Rodeo staff for next year was named at the staff banquet held Wednesday night at Morales. Nina Fryar was named editor of the annual for 1953-54. The co-associate editors will be Libby Jones and Mary Ellen Hayes. Joyce Anderson will be art editor and Ann White will be the senior editor. Frank Long will be the sports editor and Kirk Faulkner will be the photographer. The staff assistants will be Nancy Smith, Janice Nalley, Peggy Hogan, Shirley Ward and Virginia Hatch. Next fall three new members will be added to the staff. Frank Long will select an assistant sports editor and a sophomore boy and girl will be added to the staff.

This year's staff members that are graduating include Janice Boardman, editor; Shirley Wheat, associate editor; Joyce Gound, art editor; Iva Hampton Jones, senior editor; Lou Ann Lamb, class section editor; Beverly Vaughn Kay, staff assistant; Bobby Hayworth, sports editor.

The centerpiece for the table was made gladioli. The staff members presented Mrs. Erma Steward, the sponsor, with a traveling clock. Mrs. Steward presented the staff members with personalized stationery.

Friday the Shorthand Club and El Rodeo Staff journeyed to Fort Worth to attend the Ice-Capades and tour the business buildings. The group left at 1 p.m. on char-

tered buses. The Senior Class received an invitation from the Lasso Club at HCJC inviting the senior girls and their mothers to attend a style show to be given at the college auditorium April 21 at 1:15 p.m.

The senior class have been issued the tickets to the senior play "Night Must Fall," to be given April 23-24 in the High School auditorium. The student tickets are 50 cents for students; 1100C, Junior High, Senior High and Webb Air Force Base. Adult tickets are 75 cents. Tickets can be purchased from any senior class member or they can be purchased either night of the play. The money taken in will be used for the Senior trip.

The Kid day and theater party scheduled for last Friday has been re-scheduled for May 8 due to the election and everything that

has been going on this past week. B.S.H.S. presented an assembly program at Forsan Wednesday. Included were members of the A Cappella Choir, the Triple Trio, and the Boy's Quartet. Next week the choir, trio and quartet will present a program in Colorado City. Mary Herring and J. B. Whiteley are sending out letters to all students eligible to take DO or DE. If you are interested in taking DO or DE get in touch with one of the teachers.

Wednesday at 11:15 a.m. the Wallace Chime Ringers will present an assembly for the students of B.S.H.S. The duo is well known for their unusual and beautiful percussion music.

Over a ton of equipment will be used. Their instruments include the Triple Octave Chimes, a set of Swiss Hand Bells, a four Octave Imperial Marimba, and the Vibraphone.

The advanced speech class presented a one act play in assembly Thursday at HCJC. In the play were Don Anderson, Jody Miller and Junior Sutor. Also the senior play cast gave some skits of the senior play. Everyone be sure to come to the senior play.

Making Final Plans

For the Big Spring Garden Club's flower show and pilgrimage to be held this afternoon beginning at 3 are left to right, Mrs. R. E. Satterwhite and Mrs. D. S. Riley, co-chairmen of the arrangements, Mrs. Norman Read, in whose home tea will be served, and Mrs. John Davis, who is one of the members assisting with the tea at Mrs. Read's.

'Glory Of Spring' To Be Theme Of Garden Club Show And Pilgrimage

Flower arrangements and specimens will express the "Glory of Spring" when the Big Spring Garden Club holds a flower show and pilgrimage Sunday at 3 p.m. with that theme.

Awards will be made in two divisions. One tri-color award will be made in the horticulture division and one blue ribbon award for

each type in the flower arrangement division.

Classes in the horticulture division will be roses, peonies, iris, tulips, lilacs, annuals, perennials and biennials, potted plants and flowering shrubs, trees or vines.

Modern flower arrangements accenting foliage will be shown in the home of Mrs. J. Gordon Bris-

ton, 554 Hillside Dr. Classes will be all-foliage arrangements, arrangements in natural containers such as drift wood, root of rock; line arrangements suitable for dining rooms, and kitchen arrangements.

Period arrangements will be exhibited in the home of Mrs. Norman Read, 503 Washington Blvd. They will be roses in a silver container suitable for a dining room; Early American arrangements in pewter, copper or pottery containers; Victorian arrangements and arrangements for a bedroom.

Webb Band Plays At Military Ball

The Skyliners, Webb Air Force Base band, provided the music at an informal military ball Saturday at the Aviation Cadet Open Mess. Warrant Officer Doug Williamson directed the band.

Servicemen in a special Air Force bus escorted local girls from the Servicemen's Center to the dance. Mrs. Ann Gibson Houser was chaperone.

Air Cadet John C. Hunt and Air Cadet Clifford Fitzgerald were in charge of general arrangements. M-Sgt. Charles R. Fletcher was in charge of refreshments.

Look What's Cooking At Cafeterias

Nutritious lunches have been planned for next week for school children who like to have lunch with their friends at the school cafeterias.

MONDAY: hamburger steak, jello salad, mashed potatoes, raisin squares.

TUESDAY: Chop suey (turkey), green beans, lettuce and tomato salad, chocolate cake.

WEDNESDAY: Hash (potatoes, onions, meat), English peas, cabbage salad, apple cobbler.

THURSDAY: Wieners with cheese, lima in tomato sauce, corn bread, turnip greens, lemon pudding.

FRIDAY: Meat balls with spaghetti, waldorf salad, grapefruit slices, cookies.

Vincent HD Club Sees Demonstration

Mrs. Jim Hodnett gave a demonstration on preparing a meal from the deep freezer at the meeting of the Vincent Home Demonstration Club held Thursday in the home of Mrs. Claude Hodnett.

Mrs. Jim Hodnett, who was also a co-hostess, prepared ham surprises, ice cream pie and a special salad during her demonstration.

Mrs. Edd Carpenter presided. Attending were 12 members and one new member, Mrs. Vernie Barr, and two guests, Mrs. James Coates and Betty Davis, both of Coahoma.

The next meeting will be May 7 at 2:30 p.m. The members will meet in the home of Mrs. Alfred Cate at that time before going on a pilgrimage of table settings.

CAMPUS CHATTER

By Darlene Sneed

The Lasso Club has been very busy this past week working on the style show they are giving Tuesday night. Special invitations have been sent out to all senior girls and their mothers, the NCO Wives Club, and the Officers Wives' Club. Others will be welcomed. Mrs. Janell Davis will be the commentator for the show and Nan McGahey and Pat Dillon will furnish the continuity. It promises to be a very good show.

The baseball boys have had two conference games this week. They made a trip to Borger Thursday. Those who went were Casey Jones, Lonnie Muse, Charles Warren, Jack Lee, Cecil Hoggard, Ed Hartman, Bobby Malines, Larry Shortes, Dallas Williams and Richard Gilmore. Marvin Baker accompanied the team in the absence of Coach Harold Davis who is recuperating from the measles.

The track team journeyed to Gorman for a meet Saturday. Those boys making that trip were Weldon McElreath, Robert Cobb, Ben Hitt, Carl Preston, Bob Baker, Jackie Gilbert, Don Edwards and Jimmy Seay. Baker also accompanied this group.

B. M. Keese, registrar and dean, went to Lubbock Friday to attend an adult education meeting. Dr. W.

A. Hunt attended a YMCA meeting in Amarillo Friday.

The sophomore class met Tuesday to hear committee reports on a gift suitable to give to the school. Most of the class is in favor of putting up a neon Jayhawk sign over the gym.

All boys on the campus had an assembly Tuesday to learn about summer jobs and permanent jobs after graduation.

The high school speech department put on two very enjoyable plays Thursday in assembly. Don Anderson, Junior Suter and Jody Miller were the cast of a one act play, "Finger of God." Jody Miller and John Lawrence gave a skit from the Big Spring High School senior play, "Night Must Fall."

A movie was shown about cancer. The students heard instructions on the importance of detecting cancer in its early stages.

The Blue Notes, a girl's sextet composed of Jonell West, Mary Sue White, Diana Farquhar, Lou Ann Nall, Bobbie Adams and Francis Rice, have changed their radio broadcast to station KTXC. The program will be on Tuesday nights at 8:15.

The Rodeo Club met Saturday to discuss plans for the San Angelo College Rodeo which they plan to attend next month.

The Jayhawker annual staff met Saturday morning also. Details of the meeting were not disclosed.

Bobbie Adams visited her parents in Andrews over the week end.

The Marine recruiter, Capt. Harrell will be on our campus April 24.

David McClanahan contributed a seven-toed sparrow to the biology lab.

The economics classes of Charlotte Sullivan are contemplating an educational field trip.

A division entitled "My Favorite Flower Arrangement" will be shown in the home of Mrs. E. V. Swift, 603 Edwards Blvd. The "Always a First Time" class is open only to members who have never exhibited in a flower show before.

Other classes in the division are "As You Like It," for any type of arrangement the exhibitor chooses to make, and arrangements smaller than 10 inches.

A third division, conservation, will not be judged.

Only Garden Club members are eligible to enter.

The yard of Mrs. J. E. Stokes, 1701 Runnels, will be shown. Horticulture specimens will be exhibited in the home of Mrs. Allen R. Hamilton, 1807 Main.

Hostesses will be: Mrs. Marvin Sewell and Mrs. A. C. Bass in Mrs. Stokes' home; Mrs. P. D. O'Brien, Mrs. Ross Boykin and Mrs. A. M. Compton in Mrs. Hamilton's home; Mrs. J. E. Hogan, Mrs. J. P. Dodge and Mrs. M. R. Covington, at Mrs. Swift's; Mrs. Don Penn at Mrs. Bristow's; Mrs. Robert Stripling and Mrs. L. B. Mauldin at Mrs. Angel's; Mrs. J. B. Knox, Mrs. J. D. Elliott, Mrs. J. E. Hardesty, Mrs. J. D. Benson and Mrs. John Coffee at Mrs. Read's.

Tea will be served in Mrs. Read's home. Mrs. John Davis, Mrs. John Balch and Mrs. W. G. Wilson are in charge of the tea.

Judges will be Mrs. Otis Grafa Sr., Mrs. L. B. Baird, Mrs. R. E. Satterwhite and Mrs. D. S. Riley.

Tickets are on sale for the show and pilgrimage at \$1 each. The public is invited to attend.

Cub Pack To Meet

Films will be shown at the meeting of Cub Scout Pack 14 at the East Ward Scout Hut Monday at 7:30 p.m. for boys and their parents. Medals will be awarded.

Crocheted Orchids

By CAROL CURTIS

Crocheted in purple, lavender and green chenille. Crochet the individual petals, mount the corsage on a pale blue velvet bow. Pretty is no name for it—looks like a million on your waltz lapel, on the shoulder of your best dance or dinner frock. Makes a mighty handsome, unusual trousseau or party gift, too!

Send 25 cents for the Chenille Orchid Corsage (Pattern No. 193) complete crocheting and finishing instructions, sketches of all stitches used. YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Leaders To Meet
Big Spring Girl Scout Leaders will meet Tuesday at 2 p.m. at the Girl Scout Little House to make final plans for the Court of Awards to be held May 17. All Brownie and Intermediate leaders are urged to attend.

Circles To Have Guest Day Monday

All circles of the WSCS of the First Methodist Church will meet at the church Monday at 3 p.m. for a guest day program and completion of the study on Africa. Following the completion of the study, a film will be shown in fellowship hall and later tea will be served in the church parlor.
Mrs. W. A. Underwood and Mrs. Frank Wilson, officers of the general WSCS, are in charge of arrangements for the affair.
In the receiving line with Mrs. H. H. Stephens, acting president of the society, will be Mrs. Jordan Grooms, wife of the pastor; Mrs. Orion W. Carter, wife of the district superintendent; and Mrs. Walter White, wife of the associate pastor.
Lucille Hester, educational director, will pour. Assisting will be Mrs. Martin Staggs, Mrs. H. M. Rowe and Mrs. Frank Powell, other officers of the general society. Mrs. Hayes Stripling will have charge of the program. Guests will be women from the Park and Wesley Memorial Methodist Churches in Big Spring and the Methodist Church in Lamesa.

Panel Discussion Is Held By Forum

Mrs. W. A. Laswell was moderator for the panel discussion, "This Is Our Problem," at the meeting of the Modern Woman's Forum Friday at Smith's Tea Room.
On the panel with Mrs. Laswell were Mrs. Sam Baker and Mrs. F. W. Bettle.
During the business meeting, tickets for the Big Spring Concert Association were distributed and Mrs. Orion W. Carter and Mrs. L. C. Mauldin were elected to membership.
Members voted to hold the next meeting on Thursday rather than Friday because of World Community Day which will be held May 1 at the First Methodist Church.
Brownies Elect Officers Friday
Shelby Lewis was elected president of Brownie Troop 21 at a meeting at the Girl Scout Little House Friday.
Other new officers elected were Barbara Ann Davis, vice president; Mozelle Groebel, secretary; Guendolyb, Sue Sitar, treasurer; Winnifred Greenlees, reporter. Rex Browning served as troop leader for the meeting in the absence of Mrs. John Sitar.

35 Delegates Will Attend Conference

A luncheon honoring members of District 16 of the P-T-A will open the district Spring Conference to be held Monday and Tuesday in Lamesa.

MRS. H. G. STINETT

department at McMurry College, Abilene; Dr. Cecil Yarborough, superintendent of schools in Snyder; and Charles Matthews of Midland.

Attending from the City Council will be Mrs. Alton Underwood and Mrs. W. N. Norred, president. Don Richardson and Pat Beckham, high school students, will attend to evaluate the meetings.

Sessions will be held at the First Methodist Church and Mrs. H. G. Stinnett of Plainview, state president, will give the main address. Her topic will be "Safe-guarding Our Freedoms Through Responsible Citizenship," which will be the theme of the conference.

A group of women from Big Spring, Mrs. LaCroix, Mrs. Irons, Mrs. Elvis McCrary, Mrs. W. M. Vaughn, Mrs. Thomas and Mrs. Homan, will present a skit demonstration, "How to Organize a Study Group."

Mrs. J. J. Black of Midland, district president, will be in charge of the meetings and new officers will be elected.

Demonstration workshops will begin at 11 a.m. Tuesday and continue after luncheon at 2 p.m. Frank Monroe will summarize the workshops. Discussion topics will be leadership training, program planning, legislation and study discussion groups.

Following registration which begins at 8:30 a.m. Tuesday, the Lamesa High School stage band will play. C. W. Tarter, superintendent of schools, will greet the delegates. Mrs. H. C. Whiteley will give the response.

The Lamesa High School A Cappella Choir will sing at the luncheon in the high school cafeteria before the workshops are concluded. The choir has accepted an invitation to give concerts in Brussels, Belgium, in July.

Two Are Initiated At Auxiliary Meet

Mrs. J. L. Heron and Mrs. J. T. Myrick were initiated as new members of the Ladies Auxiliary to the Brotherhood of Railroad Trainmen Friday night in the WOW Hall.

A covered dish supper preceded the meeting. Twenty-four attend-

ZALE'S

forecasts a wonderful new "texture and gleam" look in fashions for your table and announces the new 'Gorham Sterling' pattern.

Idea for you: play the gleam of crystal against the texture of a place mat...

A luxuriant pattern... sculptured, massive, bold in its rhythmic design, yet essentially feminine. A forward-looking pattern, created for our mid-century home decorating trend—a balance of texture and gleam... A pattern for today and for all time.

Gorham Sterling "Decot" with piercing at its tip is made with a one-piece knife handle—which means it resists denting, won't rattle, even after repeated washings in boiling water... An exclusive Gorham feature.

The Little Shop

You Can Save Most By Thinking About Job Before You Paint

Haste makes waste, said an old house painter. With all of his experience he ought to know. The home owner bent on saving a few dollars in this spring clean-up, paint-up season—should be able to see that tip. With the price of good paint what it is today, there's no economy in a slap-dash job.

So we asked an authority in the paint industry. He tells us we can save the most by using our heads

before we try out brushes. He says "Think" is worth a gallon of paint any day. He's Douglas C. Arnold, head of Keystone Paint and Varnish.

Arnold lists these five points for any householder's profit:

1. Use a high quality paint. Cheap paint may look fine when applied, but it can chalk excessively, or harden to a finish that will chip and peel. Good paint is

engineered to "breathe" in accordance with its requirements. It will last longer and forestall frequent redecoration.

2. Use the right paint for the right surface. Trim and woodwork subject to wear, need a gloss or semi-gloss enamel, although flat paint may suffice for the wall. But never use indoor paints outdoors. They won't stand the weather.

3. Prepare the surface properly and carefully. The best paint in the world will not hold or look well over old paint that is peeling and cracking. Cracks in a surface must be filled and smoothed and the surface must be filled and smoothed and the surface thoroughly cleaned before even a priming coat is applied.

4. Apply paint properly. Brush it in narrow strips from top to bottom indoors, taking care that the edge of the strip does not have time to set before the next strip is painted. Outdoors, paint in horizontal strips following the clapboards or shingles.

5. Accurately estimate the amount of paint needed. It is better to have a little too much than not enough. But you won't go overboard if you use your head. The number of square feet you can cover with a gallon of paint (see table) depends on the material being painted, on the paint and on its dilution.

"Several thin coats of paint will look better and last longer than a lesser number of heavy coats," says Arnold. "A thin coat will dry more quickly. It is important that a previous coat of paint be allowed to dry thoroughly before the following coat is applied."

Estimating the amount of paint needed for any area is fairly simple once measurements are taken. Multiply the distance around the house by the height to the eaves line. Make no deductions for windows and doors—unless windows exceed more than 100 square feet each—since these openings will be cancelled by board edges, eaves and other details.

Gable ends are measured by multiplying the width at base by half the height. For a gambrel roof add 25 per cent to this figure. For double hip, Gothic or barrel roofs, add 50 per cent.

For dormer windows, use a quick estimate of 100 square feet, regardless of width. Eaves are discounted unless more than a foot wide. When beams or rafters project under eaves the area is doubled.

The trim around the average window or door is usually calculated as 35 square feet. Balustrades and lattice work are figured by measuring the front area and multiplying by 4.

The number of square feet which can be covered by one gallon of paint averages as follows for each coat:

| | 1st or 2nd | 3rd |
|-------------------------------------|------------|-----|
| Surface primer coat | 468 | 530 |
| Frame Siding | 468 | 530 |
| Exterior Trim | 850 | 900 |
| Asbestos Wall Shingles | 378 | 400 |
| Wood Shingle Siding | 342 | 423 |
| Interior Smooth Plaster Walls: | | |
| Flat Oil Paint | 630 | 540 |
| Gloss or Semi-Gloss | 630 | 540 |
| Calcimine | 720 | 240 |
| Casement Water Paint | 540 | 700 |
| Interior Doors and Windows (Enamel) | 603 | 405 |

(All figures are for brush painting.)
If the above simple rules are followed, the home owner will get much more for his paint dollar," Arnold contends.

IT HAS BEEN BROUGHT TO OUR ATTENTION

That Telephone Operators have been reporting a No Answer on our telephone. Due to the accident to the telephone cable our phone has been out of order. We trust that the Telephone Company will have completed the repair to their cable by this time; so that we may again promptly serve our many phone customers.

How To Help With Trash Collection

1. The City is requesting that all trash material to be disposed of be piled out before special pick-up trucks start their runs. Since such a large area is to be covered, it will be impossible for trucks to go back over routes covered.
2. No restrictions are placed on type of materials to be picked up, so long as it is placed adjacent to the location where garbage is usually picked up. The trash may be in boxes, barrels or stacks, so long as it is accessible.
3. If you have large drums or other non-regulation containers you wish to keep, place these containers back in the yard and off public property. The city commission has instructed that all non-regulation containers left on alleys or streets be picked up and disposed of.

For Beauty, For Health - Join In Clean-Up Week

CITY OF BIG SPRING

E. C. BELL

Bell Acquires Drug Business

E. C. Bell, who has spent most of his life in Big Spring and who is well known throughout the area, has announced acquisition of a drug business on Eleventh Place.

Henceforth the business, at 1003 Eleventh Place, will be operated under the name of Bell's Pharmacy.

Bell took his initial degree in biology from Texas A. & M. College, and subsequently earned his degree in pharmacy from the University of Texas pharmaceutical college.

He had three years of experience here with the Westernman Drug Company.

In taking over operation of the business, Bell is adding a prescription department which will be open from 8:30 a.m. to 10:30 p.m. week days and from 10 a.m. to 10:30 p.m. on Sundays.

The firm will, of course, continue its complete line of drugs, cosmetics, gifts, and its fountain service.

Bell is the son of Mrs. W. T. Bell, a pioneer resident of this city.

Plans Made For Armed Forces Day At Webb

First plans for Webb's gigantic participation in Armed Forces Day on May 16 have been released by Maj. Charles Brewton, Webb project officer for the nation-wide observation.

Besides the largest ground exhibition of Armed Forces equipment and weapons ever to be staged locally, Big Spring will be treated to five separate flyovers of aircraft in close formation.

Maj. Brewton said that the aerial review will begin at 10:06 a.m. May 16 with a formation flight of eight B-25 Mitchell bombers. Next will come eight T-33 jet trainers at noon.

Ten minutes later, nine B-29 Superfortress bombers will circle the area. At 2 o'clock, eight T-28 propeller-driven training planes will fly over the spectators.

The last fly-over will be held at 3:13 p.m. by eight T-33 jets.

Officials at Webb expect the largest number of spectators since the dedication of the air base last spring.

Public Hearing On S. Texas Judicial Issue Is Wednesday

AUSTIN, April 18 (AP)—South Texas politics plays a return engagement in the Legislature Wednesday.

That's when a public hearing will be held on a resolution by Sen. William Shireman of Corpus Christi, calling for an investigation of Woodrow Laughlin of Alice, judge of the 79th District.

It will be held before the Senate Civil Jurisprudence Committee at 3 p. m.

House hearings continued on proposed tax increases, with oil and gas taxes scheduled for Monday and beer, manufacturing and gasoline processing taxes Wednesday.

The House Revenue and Taxation Committee has set its first hearing on a separate natural gas tax bill, one by Rep. George Hinson of Mineola, for April 27.

Youth Day Set May 1; Contest Is Also Slated

Youth Day—May 1—and a youth leadership contest will be sponsored here by the Elks Club.

Final details of the special day have not been shaped as yet, but W. D. Berry, chairman of the observance for the club, said that a full program of activities was contemplated.

The club is stressing its youth leadership contests and is offering a pair of \$25 U. S. savings bonds to the boy and girl winners. In addition, the winners will be entered in the state contest, and should they win there, they would be entitled to compete in the national contest which has first, second and third prizes of \$400, \$300 and \$200 in U. S. Defense Bonds for both the boy and girl divisions.

Any youth up to 19 years of age is eligible to participate in the contest. Applications will be handled by Wilder A. Roe, guidance director of the Big Spring Senior High School. Competition is not restricted to high school students, for only the age limit of 19 years (as of May 1) is the governing factor.

Cardinal points for judging include: Leadership—Initiative, organizational ability, influence. Americanism and Citizenship Appreciation—Based on community betterment participation. Interest in privileges of citizenship; concern over maintenance of heritage of freedom. Perseverance, Stability and Resilience.

48 Unemployment Claims Are Filed

Forty-eight claims for unemployment compensation were filed during the week, according to Leon M. Kinney, manager of the Big Spring office of the Texas Employment Commission, who also said that during the week 31 new applications for jobs were made.

During the week, he reported, 53 persons were referred to non-agricultural employment and that of these 45 were placed in jobs. Office visits by job seekers and employers totaled 284 for the week he stated.

sourcefulness—Based on records in school, church, organizations, attention to duty, responsibility, ability to overcome obstacles in spite of adversity.

Sense of Honor—Based on integrity, sincerity, honest, general character and reputation.

Youths may enter their applications personally, or churches, organizations, clubs, etc. may enter their names and supply information on them.

The Elks hope to make the contest, as well as the day, an annual activity.

LET'S ALL JOIN IN THIS YEAR'S CLEAN-UP DRIVE

APRIL 20-25

Look around your home, your garage, your property now . . . time to turn out all hands to join in Clean-Up, Paint-Up, Fix-Up drive April 20 to 25. The heart of this drive is your home, and without your wholehearted support, Clean-Up week would not be possible. Resolve now to support the drive by cleaning completely around your property . . . be the first in your neighborhood to enjoy the results of a cleaner, better Big Spring.

THE GRUB LINE

With Franklin Reynolds

Ray Hastings, county agricultural agent at Stanton says it now looks like only three of the Martin County 4-H Club members will have calves on feed for the show ring this year.

John Paul Cave is putting two calves from the Tee Knox herd on feed; Bobby Owen Kelly has a trio, one that the Kellys raised, one from the J. C. Sale herd, and one from the Willis Ranch in Midland County. Bobby Sale, son of Mr. and Mrs. J. C. Sale, has an outstanding steer in the pen and a few more might be added to make a show string.

Hastings' office is now handsomely ornamented with the champion steer trophy won by Bobby Sale with a top Hereford at the San Angelo Fat Stock Show. This trophy is a floating one but Bobby also won for his permanent possession a small replica of it.

Hastings was scheduled to be in Alpine yesterday with a grass judging team from the Martin County 4-H Club.

The district judging contest were held there. Hastings is also getting other teams, including a rifle team, ready for other contests that are coming up later. Members of the grass judging team contesting at Alpine are Bobby Caville, Gordon Stone, Leon Hogg and Elms (Jugy) Britton.

Jack Sloan, visual aid educational specialist from the Texas Extension Service at A&M College will be at Stanton Tuesday to

meet with the county agricultural agents and home demonstration agents from Upton, Midland, Glasscock and Martin Counties in all-day school on the use of visual aid educational facilities, including the making of pictures.

The conference will be held in the home office building of the Cap Rock Electric Co-Operative where special facilities will be made available to the group.

The annual Martin County 4-H Club's Fun Festival will be held in the gym at the Courtney School the evening of Thursday, April 30. It has been announced by Mrs. Mildred Elland, home demonstration agent.

This occasion will also be the final phase of the county dress review. The dress review will be judged this coming Wednesday, but the last word will be said at the Fun Festival and the winner will be eligible to enter the district show at Odessa on May 9.

The Fun Festival, Mrs. Elland says, will consist of exhibitions of talent; is open to boys and girls alike, and the kids may do anything they wish, or think they can do. She says there will probably be from 25 to 30 different events on the programs, some of which may be skits in which eight or nine kids may participate. There will be all sorts of song and dance numbers and musical features.

The public is invited.

The Fun Festival winner will also go on to the district show at Odessa.

be one hoe hand or pick-sack in the field.

In explaining his "goose" project he said that geese are grass-eating animals and that while other poultry gets about 25 per cent of its nourishment from grass, geese will live 100 per cent on green growing plant life. He said geese make good pets, lay 120 eggs a year and like nothing better than Johnson Grass.

Ferdinand King, who lives east of Lamesa in Dawson County, has 11 acres of irrigated barley and oats. He has carried nine cows, four calves and one bull on this 11 acres since February, and in addition to these has carried 43 more cows for the past month.

He now plans to run for fertilizer tests on this seven acres of oats and four acres of barley. He plans to remove all the stock and treat a part of each crop with 0-45-0, and other parts with a 16-20-0, so he can check these fertilized areas with those portions which will not be fertilized to see which plot will make the greatest grain yields, and to what extent it will be heavier.

Jess Jenkins of the Lamesa unit of the SCS says Dawson County interest in Blue Panic Grass and Guar is growing by leaps and bounds. He is advising those who plan such plantings to get their seed now but to wait until the ground gets good and warm to plant it.

Dawson Countians have so far indicated they will plant at least 700 pounds of Guar, Jenkins says. Some of the latest to order the seed of this summer-growing legume that improves soil fertility are U. Z. Middleton and D. L. Adcock Jr., who have each ordered 30 pounds. Earl Barron had previously ordered 10 pounds.

Guar, as Jenkins points out, can be planted with regular planters and harvested with a regular grain combine.

A great many West Texas farmers who tried Guar last year have been happy with the results obtained in view of the drought. They just don't think it had a fair chance (and what did) with the short moisture in 1952 and they're going to try it again in 1953.

The Grub Line Rider has been trying to rake up a relationship between this Jess, Jenkins at Lamesa and the late Jess Jenkins who ranched near Dalhart and Corona, New Mexico, but the Lamesa man says "they ain't no kin."

The Dalhart-Corona Jess Jenkins, who passed away a few years ago, was one of the real rugged stalwarts. A real plainsman and cowboy, and a man who loved a good horse race and a good race horse as well as the next one. In time he came into possession of the famous Bob Wade, a genuine old-fashioned Quarter Horse that

R. S. Brennan Jr., a co-operator with the Mitchell County Soil Conservation District on his ranch four miles north of Westbrook has recently planted an old 40-acre farm to King Ranch Bluegrass. He planted it in three-foot rows with his farm tractor, and planter equipped with cotton plates. The grass was seeded at the rate of two and one-half pounds per acre.

Brennan removed all sweeps from the planter except the small opening plow, and a small chain was tied behind on the covering plow braces to drag and cover the seed slightly. Any regular cotton planter which has a picker wheel attachment, to pull the seed through, will satisfactorily plant trashy seed such as KR Bluestem, according to Painter Wylie, SCS specialist at Colorado City.

This is the beginning of a large reseeding program planned for the Brennan Ranch. He has about 300 acres of old fields to seed to grass and several bare areas in the native range to overseed. He plans on grazing his KR Bluestem in rotation with other pastures that are in native grasses.

Also in Mitchell County, D. D. Potter, district co-operator in the southeast Buford area, has planted five acres of deep sandy land to Buffelgrass. He used his regular farm planter and planted this in three-foot rows at the rate of two pounds of seed to the acre. If this planting is as satisfactory as he hopes and plans he is counting on enlarging his Buffel acreage and plant several permanent pastures to it.

Marion Everhart, work unit conservationist with the Big Spring station of the Soil Conservation Service, believes that in many instances weeds are too valuable to the rancher to be grazed by cattle and sheep.

He says that when there isn't any grass the weeds provide very valuable food. Their roots get more moisture into the soil; that they hold land against blowing, and the dead weeds provide needed organic matter. Besides this the weeds effectively prevent such grass seed as naturally shows up from being blown off the ranch and are a sort of nurse crop for the grass of the future.

The man who allows his weeds to be grazed, says Everhart, is just that much further away from a stand of good grass. He explains that in nature's ultimate plan the weeds are intended to cover the ground when the grass dies, and that in the scheme of things they are the forerunners of grass.

If a rancher wants to re-establish grass on his pastures, Everhart says he can make a much better start with weed-covered pastures than with bare ground. He says we must have weeds before we can have grass.

He advocates, therefore, that the ranchers rest their pastures while at the same time turning them out to the weeds.

In addition to this, says the conservation specialist, the rancher should consider seeding his pasture with adapted perennial grasses, and that this should be done with a grass drill pulled behind a range-pitting machine. This pitter makes oblong pits that will hold a good one inch rainfall on sloping ground and a two-inch rainfall on level ground with very little, if any, runoff.

"It isn't the amount of rain that falls that counts," comments Everhart, "but the amount that the rancher saves and puts to work."

Unless the cotton industry grows more and better cotton and can sell it cheaper, some new synthetic fibre will price it out of the market, Deane Stahmann of Las Cruces, N. M., told members of the Texas Cotton Ginners Association meeting at Dallas.

Stahmann, who uses 150,000 geese to "chop" weeds from his 16,000 acres of cotton, told the convention that someday a new synthetic will appear which will be better than rayon and cheaper than nylon. He said that mechanization is one of the answers to the problem of providing cheaper cotton, and that the farmer should aim for the day when there will not

A Bible Thought For Today -

David made plenty of mistakes but that was not one. David encouraged himself in the Lord his God. — 1 Sam. 30:6.

Social Customs Change, Perhaps Toothpick May Be Coming Back

Getting something in the eye is a painful experience; even a tiny speck can feel as big as a plum seed. Only slightly less annoying is getting something between the teeth, and being unable to get it out without the public use of a toothpick, which direct action is frowned on by the looks on etiquette. People who wear false teeth assure us that these obstructions are as annoying to them as to people with natural teeth.

Forty and 50 years ago the problem of relieving oneself of foreign substances between the teeth was a simple matter, with no social significance whatever. A great many people carried their own toothpick about with them, usually in the form of a properly-fashioned goose quill. The more well-to-do and showy citizens carried gold toothpicks attached to their watch chains, but these disappeared along with watch chains. It was considered quite correct to use these implements in company, without bothering to conceal the operation behind a napkin. For that matter we are told that in some parts of the world the highest compliment you can pay a hostess is a reverberant belch.

Whatever Else Results May Be, Clean-Up Makes Us Feel Better

By now, most people ought to be sufficiently impressed with the fact that our annual spring clean-up, paint-up and fix up week is starting Monday.

collected trash and refuse on the curb-line. In the second place, they have no responsibility. So if your place is to look as good or better than the one next door, you are the one who will have to do it.

Dairymen Set Meet For Tuesday Night

A meeting of dairymen of this area will be held at the Settles Hotel at 10:30 a.m. Tuesday, it has been announced by R. P. Mayfield, president of the Tri-County Producers Association.

Around The Rim - The Herald Staff

Re Weeds And Flowers: Be Sure You Don't Pull Up Wrong Ones

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald-Editor's Note.

If you think this got it, you are crazy. All this did was pull the foliage off, leaving the root. Go get the spike.

Stinkus erectus (or one of those big babies that grows right up. Probably the sunflower family, or something). You get this one by stealthily creeping up from behind, while it is leaning in the other direction, make a quick grab right at the ground surface. You try this with your right hand and nothing happens. You try with your left hand and grunt, and still nothing happens.

The Florus Beautimus (or, that one looks like a flower to me). You approach the Florus Beautimus and scrutinize it carefully, fondling the leaves and sniffing at its aroma, to be for certain that you don't pull up a flower. You call the wife and solicit her judgment. She is skeptical, but you yourself are so sure that it might be a flower that you decide to wait at least a few days and see what develops.

Spreadus aroundus (or a lot of foliage running out from one root). You handle this one by scraping around under the edges of the foliage, gathering it all up into a bunch in the fist, like you would clasp a bouquet, and pulling all at once.

The last time I worked in my yard nearly every piece of growth I looked at was strongly reminiscent of the Florus Beautimus. I am going to wait a few days and see.

of the stock market. "Why do they do it?" he wanted to know.

TAXES: Senator Johnson favors President Eisenhower's view that taxes should not be cut until substantial reductions are made in spending - bringing about a balanced budget.

One newspaper printed in parallel columns the underwriter's point of view and the Commission's. The heading was, "Who's Right on This Oil Deal?"

Uncle Ray's Corner

Sunday Talk: Phases Of Moon

A puzzled reader, Mrs. J. D. Guerrant, asks me about the phases of the moon in the following letter: "No one—not even those who plan by the light and dark of the moon—seems to know anything about the second and third quarters of the moon."

Without counting a fraction of a day, we can say that the moon takes seven days to finish the first quarter of its trip. 14 days to finish the second quarter (when full moon is reached), and 21 or 22 days to complete the third quarter.

Use This Coupon to Join the New Scrapbook Club! To Uncle Ray, Care of The Big Spring Herald, Big Spring, Texas. Dear Uncle Ray: I want to join the 1953 Uncle Ray Scrapbook Club, and I enclose a stamped envelope carefully addressed to myself.

Most V. Texas Legislators Are Against Cross-Filing

AUSTIN, April 18—If and when the issue on cross filing candidates in elections comes to the floor of the House indications are that the West Texas delegation will be voting against it.

Two bills that would prohibit cross filing were reported favorably to the House by the Privileges and Elections Committee last week.

One, House Bill 622, was a revision of the election code passed by the 52nd Legislature. The other, House Bill 50, was simply the repeal of the section of that code that allowed cross filing.

Of a dozen West Texas legislators questioned only one, Rep. John Kibbrough of Kaskabel, definitely favored cross filing.

Six were opposed and five were of the fence or not commencing.

Rep. Joe Burkett Jr. of Kerriville opposed cross filing if it in any way applied to the primaries. In the general election he thought it would work all right to fill out the ballots.

Burkett had definite ideas on primary elections, however.

"I would like to see them set up two primaries for the same day and hold them at the same polling places," he said.

"To keep them legal, well Democrats a green poll tax and Republicans a red poll tax. If they changed their mind after they had purchased their poll tax—well that is just too bad," he said.

He would also have the state foot the bills for primary elections.

Rep. Obie Bristow, Big Spring, foresaw Texas coming up with dozens of political parties if cross filing were allowed to continue.

"I think government should be conducted by political parties with each candidate responsible to his party," Bristow said. "It is the party's job to police its candidates," he added.

Under cross filing he believed that a candidate would feel responsible only to himself and in time pressure groups would split away from the main party and form a political party of their own.

"You just can't ride two horses at the same time," was the comment of Rep. Dolph Briscoe Jr., Uvalde.

Mrs. Dorothy Gurley, Del Rio, said that as far as she could see there had been no damage done by cross filing so far.

"I could go along with a general revision of the election code that eliminated cross filing, but I don't believe I would vote for

Angelo and C. F. Sentell said they were in opposition to cross filing. Stroman said he wanted more facts on past results before he made a final decision.

"Although both bills including the cross filing ban are out of committee there has been doubt expressed if either will make it to the floor of the House for discussion this session.

House Bill 622, if left to wait its numerical turn is virtually certain to be untouched when the legislators head home. Either or both bills could be hurried by using parliamentary procedure methods to get them on the daily House calendar.

"Although perhaps not too much in West Texas, opposition is certain to be strong when the time comes for debate.

Texas has been operating under the cross-filing provision the last two years. Under it either party can put the candidate of the other party on its ballot unless the candidate objects.

EAT PLENTY AND TAKE OFF UGLY FAT

If you have decided to reduce, here is a way to do it sensibly, easily and safely. Just go to your drugist and get a four-ounce bottle of Barrestrate. Pour into a pint bottle or jar and fill with grapefruit juice. Then take two tablespoons twice a day. The improved Barrestrate contains also contains grapefruit seeds which help to loosen the fat. Over four and a half million bottles of Barrestrate have been sold in Texas in nine years. There is no starvation diet or back breaking exercises with the Barrestrate diet.

If the very first bottle doesn't show you the sensible, easy way to take off unwanted weight and help you regain youthful slenderness, just return the empty bottle for your money back.

Lost 75 Pounds
"I have lost about 75 pounds and reduced my waist line eleven inches, taking Barrestrate," writes Mrs. A. H. Henderson, 3108 Tabor Street, Paris, Texas. "I feel much better since I got rid of the excess weight."

11 Pounds Lost
Mrs. W. T. Burns, 111 Jacksonboro, Texas, writes as follows: "I think Barrestrate is a grand medicine. I have lost eleven pounds taking it."

First Car To Start Economy Run On Monday Morning

At 12:01 Monday morning, a Nash Ambassador will be the first car across the 1953 Mobilgas Economy Run starting line at the General Petroleum Garage, Eighth and Flower Sts., Los Angeles.

Entered by the Nash California Company, Los Angeles, the car won the post position at a drawing conducted by Mobilgas officials, the AAA contest board and newspapermen. Members of the press made the selections.

After A. C. Agajanian, official starter, gives the signal for the Economy Run to begin, the Nash will be followed at two-minute intervals by other contestants.

Twenty-six strictly stock 1953 passenger automobiles have been entered in the Mobilgas Economy Run. Selected by AAA officials who supervise every technical angle of the famed automotive event, the cars were chosen without advance warning during the past three weeks from factories, dealers' showrooms and even boxcars. They represent almost every U. S. make.

Entrants will compete in five price classes — low, low-medium, upper-medium, high and special lightweight — in both standard or overdrive and automatic transmission divisions.

ADMIRAL TAKES IT SLOWLY NOW

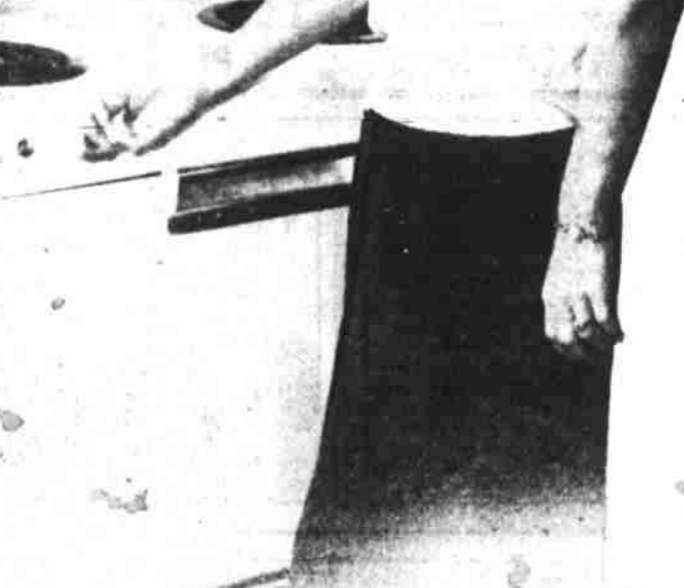

NEW YORK, April 18 (AP)—The cigar-smoking sailor said to the admiral, "Slow down, Mac."

The admiral said, "Yes, sir."

Maybe these weren't the exact words exchanged, but Rear Admiral Roscoe Hillenkoetter, third naval district commandant, apparently got a call-down for speeding yesterday in New York harbor.

Reporters were watching as the admiral and party in a new Navy PT boat raced about, demonstrating the craft's speed and maneuverability. The Coast Guard, the harbor's traffic cop, sent out a launch and intercepted the speeding Navy boat.

A cigar-smoking Coast-Guardsman spoke briefly to the admiral. The Navy boat moved off at a slower pace.

“COOKING WITH ELECTRICITY IS LOTS Cooler”

—says Mrs. Max Caddell,
1225 Cedar Street,
Colorado City

"My kitchen stays comfortably cool even when I'm baking and roasting . . . and I do a lot of baking. It's really wonderful during the hot summer months. And electric cooking is so clean, too. I wouldn't consider cooking any other way.

Mrs. Caddell, like thousands of other West Texas women, has found that cooking is a pleasure in a cool kitchen. The heavy, wrap-around insulation of an electric oven keeps the heat inside for faster cooking . . . and high speed surface units contact directly with cooking utensils so that very little heat escapes into the air. Enjoy electric cooking that puts heat into the food, not the kitchen.

Cook cooler this summer . . . select your electric range NOW! See your favorite electric appliance dealer.

WOMEN WHO KNOW . . . COOK ELECTRICALLY!

GRUB LINE

(Continued From Page Three)

never was beaten in a race so far as anybody ever knew. He kept this station on the New Mexico ranch and there are still many horses of the Bob Wade blood in that state as well as in Texas, Arizona, California and elsewhere. They might not have been the best dispositioned horses in the world, but there never were better cow ponies for a real cowboy. They'd hardly do for a tenderfoot to start out with, and they sure as hell wouldn't do for farm chores, but for the man who wanted a real horse under his saddle—they couldn't be topped. Once upon a time, and indirectly because of one of them, the Grub Line Rider lost his right thumb to a rope. But he still stays there weren't any better cow horses.

At the last meeting of the supervisors of the Dawson Soil Conservation District they ordered some new equipment to be used by farmers and ranchers who need it.

This new equipment includes another four-row grass drill, a spangling meter and four small engineering levels. The spangling meter is used to check the flow of water from irrigation wells, and the levels will be loaned to farmers to run irrigation ditch lines and other small jobs requiring the use of an accurate level.

Among Dawson Counties who have recently gotten approval for new conservation plans for their places are J. B. Meeks and Audrey Davison of Arvans; Jack McLoughlin of the Sand Community; Lum Holder, who is farming the Dennis Nix place, three miles south of Pumpkin Center; A. L. Goode, whose farm is located five miles west of Pumpkin Center; A. C. Goode, who is operating two farms in the Pumpkin Center neighborhood, and Herbert Green, whose farm is located three miles south of O'Donnell.

MISTER BREGER

"All right, little man, now watch the XF132A supersonic jet fighter..."

Circus Style

Betty Hutton and Charlton Heston are shown above in a scene from "The Greatest Show on Earth," set today through Wednesday at the Ritz. Miss Hutton plays a daredevil acrobat and Heston has the part of the Big Top boss. The movie concerns the behind-the-scenes life in a circus and was filmed in connection with Ringling Bros.-Barnum & Bailey Show. Other stars include Cornel Wilde, Dorothy Lamour, Gloria Grahame and James Stewart.

Before Parting

Marlon Brando tells Jean Peters of his plan in the above scene from "Viva Zapata," scheduled at the Terrace tonight and Monday night. Also starred in the production are Anthony Quinn and Margo. Quinn received an Academy Award for his performance in the movie, which tells the story of Mexico's bandit who became a legend. Brando plays the part of Zapata—the tiger on a white horse.

DeMille Epic Returns For Another Showing

Cecil B. DeMille's star-studded Technicolor production, "The Greatest Show on Earth," will start its second Big Spring showing today.

Set for the Ritz Theatre, the movie will be here through Wednesday. This time there will be no boost in prices.

"The Greatest Show on Earth" showed at the Ritz several months back at road-show prices.

The drama dealing with behind-the-scenes circus life stars Betty Hutton, Charlton Heston, Cornel Wilde, Dorothy Lamour, Gloria Grahame and James Stewart.

Filming was made with the cooperation of Ringling Bros.-Barnum & Bailey Circus. Many of the scenes were taken during actual circus performances.

The movie might best be described as a big-time Big Top show. It concerns the complete movements of one of the nation's largest circuses during one season of operation.

More than \$4,000,000 and almost three years of work went into production of "The Greatest Show on Earth." Some 1,500 people were actively engaged in the project, and 80,000 crowd extras were recruited for parade sequences.

Everything that goes into a regular circus is in the movie—clowns, animals, aerial artists, "con" men, dancing girls, acrobats, and performers of all types.

Miss Hutton plays a trapeze beauty who is a rival of Wilde for the top aerial billing in the circus. He is a famous European star, and she is well known in America.

Both Miss Hutton and Wilde do their own stunts on the trapeze in the movie.

Heston plays the part of the hard hitting circus manager, whose job it is to see that things go on despite his personal feelings. Miss Grahame is an "elephant girl" in the production, and she supports an elephant's foot on her face in one scene.

James Stewart plays Button, the clown who never takes off his make-up—and for a reason. The story comes with a four-way mix-up in romance. Miss Hutton

Midland GI Wounded
A Midland soldier is among the wounded listed on the latest casualty list from the Korean front.

He is Sgt. Joe K. Kirkle, son of Mr. and Mrs. Vernon J. Zirkle, 1711 North Bryant, Midland.

European Custom

Doris Day and Ray Bolger are starred in the movie, "April in Paris," which will show at the Jet theatre today and Monday. In Technicolor, the movie concerns the escapades of a "strict" diplomat and a "hep" chorus girl. Nine songs and dances are presented in the movie. Claude Dauphin has the top supporting role. Above, Miss Day and Bolger are shown in typical Paris fashion.

Widmark, Monroe Starred In Movie

The pressure-cooked personalities of Richard Widmark and Marilyn Monroe are joined in the Tuesday and Wednesday selection at the Lyric—"Don't Bother to Knock."

Widmark gets an invitation to come over and see Miss Monroe without bothering to knock. The invitation comes after they see one another in facing rooms of a hotel.

Miss Monroe's strangely twisted impulses create terror and suspense. The dialogue is on the steamy side, but bright and crisp comedy is common.

Anne Bancroft, who plays a songstress in love with Widmark, is the only supporting actor with a major role.

HIGHLIGHTS ON KBST

Robert Cummings Star Of New Show

"The Hunted," a spine-tingling story of suspense by well-known author Milta Geiger, will feature popular movie star Robert Cummings in the leading role as ABC Playhouse, a 13-week series of dramatic and non-dramatic shows, premieres over the ABC Radio Network and KBST today, from 2:00 to 2:30 p.m.

Cummings was signed for the starring role on the first ABC Playhouse offering following lengthy negotiations between Blair and Don Sharp of the Desilu Playhouse organization, producers of the premiere broadcast.

While his principal claim to fame is the movies, Cummings in recent years has gained wide praise for his TV and radio work. "My Hero" is steadily winning him the accolades of the TV critics.

In subsequent weeks, ABC Playhouse will spotlight such leading performers as Cesar Romero, Gary Merrill, Bert Lytell, Neil Hamilton, Michael Redgrave, Alan Mowbray, and Everett Sloane in shows which are geared to variety and which insure entertainment for the entire family.

A new show over KBST, "Eddy Arnold, Story Teller," may be heard from 2:55 to 3 p.m., Monday through Friday, beginning Monday, April 20th.

That top show, "Top Guy," will

be heard at a new time, beginning today. The time 6 p.m.

The baseball bug really puts the bite on Harriet Nelson when she decides to learn about the great American pastime in order to be able to converse with the 3 men in her family during "The Adventures of Ozzie and Harriet" over the ABC Radio Network and KBST on Friday, April 24, at 8 p.m.

Harriet becomes such an expert that she receives a very surprising offer not from the Yankees or the Milwaukee Braves, but a bona fide offer. Ozzie, Harriet, David, and Rickey Nelson play themselves on "The Adventures of Ozzie and Harriet" which is directed by Ted Toll.

'Lydia Bailey' Slated At Jet

Adventure in Haiti during the revolt against Napoleon is centered in Lydia Bailey, which will play at the Jet Theatre Tuesday and Wednesday nights.

Dale Robertson and Anne Francis have the top roles in the Technicolor drama. William Marshall, Negro stage actor, and Charles Korvin have lead support parts.

California Action

Ricardo Montalban and Cyd Charisse are shown in a scene from the action-packed "Mark of the Renegade," which will show today and Monday at the Lyric. Also starred in the production are J. Carrol Nash, Gilbert Roland, Andrea King and George Tobias. The movie concerns pirate and bandit raids in Los Angeles in the days when it was a pueblo.

'Mark Of Renegade' Plays At The Lyric

A combination of pirates on ships, bandits on horseback and romances in dance halls will be shown at the Lyric theatre today and Monday.

And the mixture—in Technicolor—will come in the movie, "Mark of the Renegade."

Ricardo Montalban and Cyd Charisse have the top roles in the production. The supporting cast is headed by J. Carrol Nash, Antonio Moreno, Gilbert Roland, Andrea King and George Tobias.

The movie concerns an attempt to loot Los Angeles in the days when it was a struggling little pueblo. The time of the movie is 1824.

Opening scene shows Montalban being shipped from a pirate ship onto the shores of Southern California.

formia, Tobias, the pirate leader, sends him to "scout" Los Angeles before a pirate attack.

However after arriving on shore, Montalban is contacted by Nash, overpowered, and taken to Roland. Both Nash and Roland have the parts of crooks bent on dictatorship, and they want to use Montalban.

It is found that Montalban has an "R" branded on his forehead, meaning he is a renegade from Mexico. He has to do some quick "escaping" by horseback.

Miss Charisse has the part of the belle of Los Angeles. Miss King is seen as the proprietor of an early day night club. And the two women find themselves in direct competition for Montalban's affections.

Combined with the action is a dance sequence between Miss Charisse and Montalban.

Shick Entering 21st Year As City Postmaster

When Nat Shick, Big Spring's ninth postmaster, goes to his office tomorrow morning he will be entering in upon his 21st year on that job.

He first assumed these duties April 29, 1933, and has held the office longer than any other postmaster since the local office was established Oct. 2, 1882. The man who served the next longest term of 17 years, one month and 20 days was George H. Sparenberg, the fourth postmaster, who was appointed in 1889.

Shick has witnessed a tremendous change in the postal service, in facilities and receipts and employment—since he took over the post. The first three months of this year, for example, receipts of \$53,708.19 exceeded by \$10,884.74 the total receipts for 1952, the first year he was in the office. Receipts for 1952 totaled \$211,876.71, the largest year in the history of the office, which has shown a steady growth from the 1933 receipts of \$42,818.45.

When Shick became postmaster, and up until the service was moved into the present building, the Postoffice occupied rented quarters on West Second Street in the building where the Brooks Appliance Co. is now located.

On April 20, 1933, the office had nine regular clerks and it now has 17; there were then two carriers while this number has now been increased to six; in 1933 there were four substitutes while there are now 18.

In 1933 the total number of office employees was 20 while 55 are now employed. In 1933 there was one part time custodian while there are now three full time workers in this department, and then the motorized postal service here was one part time pickup while now three full time trucks are in service.

Where one mail messenger between the Postoffice and the railroad was working in 1933, two men are now required to handle the increased volume of mail. In 1933 there was one rural route and three star routes. There is still but one rural route but the star routes have been increased to four.

The growth of the service is further evidenced by the fact that in 1933 there were no sub-stations while now there are two, the one at the Hemphill-Webb store and the one at Webb Air Force Base, and while in 1933 only 86 city blocks were covered by delivery service, now 998 blocks are served daily by carriers.

Between the time Big Spring was founded in 1881 until the local office was established more than a year later, Shick says he doesn't know what arrangements the people here had to get their mail unless they went to Colorado City for it.

The first postmaster was Joseph M. Anderson, who was succeeded by John Snoddy in 1884. Charles W. Willis was appointed in 1895 and he was succeeded by Sparenberg four years later.

Burney Reagan became postmaster in 1916 and was succeeded by J. W. Ward in 1922, who surrendered the post to E. E. Fahrkamp in 1928. H. L. Bohannon occupied the office from 1932 until succeeded by Shick the following year.

Shick's assistants now are E. C. Bostler, assistant postmaster; A. A. Förter, superintendent of mails, and A. S. Smith, chief clerk. Rural and star deliveries from the local office cover 815 miles daily.

Candidates For Queen

These three candidates are in the run-off in the local GI Forum's queen contest. Left to right are Emma Puga, Mary Lou Garcia, Marcela Gonzales. The winner will represent the Big Spring Chapter of the GI Forum in a district contest. Winner in the district competition will then go to a state contest which will be held in connection with the GI Forum's Texas convention, next July 30 in Fort Worth.

Plans For Lake Road May Take Shape Shortly

Definite plans for developing a road system around part of Lake J. B. Thomas may take shape within the next few days.

This was the report brought back by members of the Howard County Commissioners Court who sat in on a session at Odessa on Friday with commissioners of Borden and Ector Counties.

The commissioners of the three counties hope to make an inspection at the lake site soon, possibly next Friday or Saturday.

"There was every indication that something will be worked out to develop the roads around the lake as tentatively planned," Howard County Judge R. H. Weaver reported.

Howard County Commissioners had conferred with Borden County commissioners at Gail on Thursday, and then both the Howard and Borden groups went to Odessa on Friday to continue the discussions with Ector County Commissioners.

Ector County commissioners indicated they had not fully understood details of the road proposal previously. However, following the Friday discussion they said they felt that something could be worked out. The three counties, along with the Colorado River Municipal Water District and the State Highway Department would develop a paved road partially around the western portion of the lake, according to the proposal.

Howard County already has pledged itself to construct a road from Highway 350 (the Snyder road) to the Borden County line via Vincent. Borden County has planned to build some roads in the lake area and Ector County has indicated that it will help out some, since the City of Odessa is in the CRMWD. Scurry County is planning some roads on another portion of the lake.

However, heretofore the tentative plans had not been coordinated, and Howard County commissioners took the initiative during the past week in an effort to crystallize the proposal.

"The commissioners of Borden and Ector Counties indicated that they are anxious to cooperate and expressed surprise that they had not been presented with detailed information earlier," Weaver said.

Famed Casino Ruined

NEWPORT, R. I., April 18 (AP)—A general alarm fire ruined the north wing of the historic Newport Casino building early today. Deputy Fire Chief William H. Conner-ton estimated damage at \$75,000.

Roping Match Slated Today For 2:30 P.M. At Rodeo Bowl

Some of the Southwest's top ropers will appear in the jackpot roping at the Cowboy Reunion Association's Rodeo Bowl this afternoon following the 10-calves-each match between Toots Mansfield of Big Spring and Shoat Webster of Nowata, Okla.

Among those who will contest in the fast jackpot event will be Troy Fort and Buddy Fort of Lovington, N. M.; Walter Poage of Rankin; N. A. Pitecock of Aspermont; Don McLaughlin of Fort Worth; Dan Taylor of Doole; John D. Holleyman of Ozona; Royce Sewall of Brownwood; Lanham Riley of Fort Worth, and others.

The jackpot ropers will have one calf each, and after the afternoon program the Brahma calves, which were brought here from South Texas especially for this exhibition, will be offered for sale to any interested individual or roping club. The calves are estimated to average about 250 pounds.

The show will start promptly at 2:30 p.m. It has been announced, with admission \$1.50 for adults and 75 cents for children.

Fever Cases Are Listed For Week

A case of undulant fever and one of scarlet fever were listed on the report of communicable diseases diagnosed here during the past week.

It was the second recent case of scarlet fever reported recently, but the first time in several months that undulant fever has been included in the diagnosis report. Life Fox, city-county sanitarian, said source of the undulant fever had been determined as a cow, which has been disposed of.

Other contagious infections shown on the Big Spring-Howard County Health Unit report were tonsillitis and laryngitis, 20 cases; pneumonia, 12; measles, 38; mumps, 30; diarrhea, 11; shingles, three; influenza, five; tuberculosis, one; whooping cough, three; chicken pox, four; and gonorrhea, one.

The U. S. Geological Survey is currently working on 4,000 quadrangles, covering parts of every state, for its Topographic Atlas.

Return To Ruidoso

Frances Douglass, formerly of Big Spring, and Katherine Loughridge have returned to their homes in Ruidoso, N. M., after undergoing surgery in a local hospital.

Will Be Sworn In

CARACAS, April 18 (AP)—Col. Marcos Perez Jimenez will be sworn in tomorrow as the constitutional president of Venezuela. He was elected yesterday by a unanimous vote of the national assembly.

The U. S. Reclamation Bureau built 110 storage dams and 63 diversion dams from 1902 to 1952.

sloners took the initiative during the past week in an effort to crystallize the proposal.

"The commissioners of Borden and Ector Counties indicated that they are anxious to cooperate and expressed surprise that they had not been presented with detailed information earlier," Weaver said.

Prince Valiant
IN THE DAYS OF KING ARTHUR
by Harold R. Foster

Synopsis: PRINCE VALIANT PERFORMS MANY FEATS OF MYSTERY AND WONDER WHILE HE MUTTERS A PRAYER OF THANKS THAT HE LEARNED SO WELL THE MAGIC OF MERLIN AND THE TRICKERY OF HIS FRIEND SLITH, THE JUGGLER.

EVEN AS VAL PLAYS HIS ROLE OF WANDERING MINSTREL, THE KING PLOTS TREACHERY WITH THE SAXON INVADER. THEN AN INSPIRATION COMES AND VAL SINGS A VIKING BALLAD.

IT IS A FUNNY SONG THAT ALWAYS BROUGHT ROARS OF LAUGHTER FROM THE MEN OF THULE, BUT NOW ONLY THE SAXON LAUGHS. SO, HE IS THE ONLY ONE WHO UNDERSTANDS THE VIKING LANGUAGE!

VAL SINGS ANOTHER CHORUS, BUT THE WORDS ARE CHANGED. "TRUST NOT THE CORNISH KINGS. THEY PLAN TREACHERY TO THE SAXON!"

NIGHT FALLS AND THE SAXON SENDS FOR THE MINSTREL. "WHAT IS THE MEANING OF YOUR WORDS?" HE DEMANDS. "A WARNING," ANSWERS VAL. "KING ARTHUR IS AT TINTAGEL THIS VERY MINUTE WITH ONE HUNDRED KNIGHTS. DO YOU THINK HE WOULD BRING SO SMALL A FORCE TO FACE THE SAXONS IF HE WERE NOT SURE OF HELP FROM THE KINGS OF CORNWALL?"

FOR THREE DAYS VAL LIES HIDDEN IN THE BRACKEN. HE SEES THE SAXON SCOUTS RETURN FROM SPYING ON TINTAGEL, SEES THE SAXON ARMY COME SWARMING UP THE VALLEY AND THE FIERCE ATTACK ON THE HILL-FORT OF RESTORMAL.

THE SAXONS PAY A GHASTLY PRICE FOR VENGEANCE ERE THE CASTLE FALLS. VAL HAS ACHIEVED TWO THINGS: NOT ONLY HAS HE CREATED DEADLY ENMITY BETWEEN THE INVADERS AND THEIR ALLIES, BUT HE KNOWS THEIR STRENGTH AND THAT THEIR FLEET LIES IN FOWEY BAY. THEN HE MOUNTS AND SETS OFF ACROSS THE WILD MOORS TO HIS NEXT CALL.

NEXT WEEK - Laungrston.

RUSTY RILEY

I TOLD YOU THOSE HORSES WOULD HAVE TO HAVE OATS... THEY LOOK LIKE THEY'RE READY FOR THE GLUE FACTORY!... S'POSE THAT KID TELLS DOOLEY?

ALL RIGHT... SEND HIM DOWN TO THE FEED STORE WITH THIS CHECK, AND TELL HIM TO BRING BACK THE CHANGE.

WE DON'T WANT HIM WRITING TO DOOLEY YET... IN TWO WEEKS WE'LL HAVE THE OLD GAL CLEAN AS A PLUCKED GOOSE... THEN HE CAN SQUAWK HIS HEAD OFF!

HERE, RUSTY, MISS DOOLEY SAYS TO TAKE THIS CHECK TO THE FEED STORE IN HONEY HOLLOW, GET A BAG OF OATS AND BRING HER THE CHANGE... TAKE THE STATION WAGON... YOU CAN DRIVE, CAN'T YOU?

OKAY, MEL... SURE, I CAN DRIVE.

I'M GOING TO PUT BOTH OF THESE HORSES OUT IN THE FIELD WHERE THEY CAN GET SOME SUN... HOW DO I GET TO THE FEED STORE?

IT'S RIGHT BY THE BRIDGE, AND JIM WOODS IS THE NAME. HURRY RIGHT BACK NOW!

LATER IN JIM WOODS' FEED STORE

I WANT A BAG OF OATS AND A COUPLE OF BALES OF HAY... IT'S FOR MISS DOOLEY, AND SHE SAYS TO TAKE IT OUT OF THIS CHECK.

YOU'RE NEW OUT THERE, AIN'T YOU? THE OLD LADY STILL TOO SICK TO COME INTO TOWN, IS SHE?

WHY DOES EV'RYBODY CALL MISS DOOLEY AN "OLD LADY"? SHE ISN'T OLD AT ALL... AND SHE ISN'T SICK!

LOOK HERE, SON... I'VE KNOWN THE DOOLEYS EVER SINCE DENVER BOUGHT THAT FARM... AND I KNOW THAT SALLY DOOLEY WON'T EVER SEE SEVENTY AGIN'!

HERE'S THE CHANGE FROM THE CHECK, MEL... MR. WOODS SEEMS TO THINK MISS DOOLEY IS SICK! AND HE SAYS SHE'S REAL OLD-- OVER SEVENTY!

OH, THE OLD GOAT'S GOT HER MIXED UP WITH SOMEBODY ELSE!... FORGET IT, AND UNLOAD THAT FEED!

LISTEN, TRIxie... I THINK THE KID'S GETTING TOO CURIOUS... THOSE YOKELS IN TOWN HAVE BEEN ASKING ABOUT "THE OLD LADY," AND YOU DON'T LOOK LIKE ANY GRANDMA!

I WAS AFRAID OF THAT! WELL, MEL, THE TIME HAS 'COME TO TAKE CARE OF THE OLD LADY AND CLEAR OUT!

4-19 -- TO BE CONTINUED

DONALD DUCK

HUH? WHOOSAT?

HUH... WHO SAID CLICK-CLACK...?

CLICK-CLACK!

OH, GEE... ALMOST FORGOT!

SSHHH... PUT UP THE LADDER!

OKAY, PAL! HOW Y' LIKE MY PEBBLE TOSSING?

SSHHH... IT'S A CINCH! GOT 'EM ALL WRAPPED UP!

OKAY! OKAY!

HURRY UP... AND BE QUIET!

HERE! THE LAST LOAD!

IT BETTER BE! I'M BEAT!

GOOD LUCK, PAL!

AW, PIPE DOWN!

UNCA DONALD! WAKE UP! A CATASTROPHE!

New FAB WASHES WHITER

WHITER WITHOUT A BLEACH THAN ANY OTHER PRODUCT WITH A BLEACH!

BLEACH IF YOU LIKE... BUT WHETHER YOU DO OR DON'T, FAB WASHES CLOTHES WHITER THAN ANY OTHER PRODUCT WITH A BLEACH!

AND FAB WASHES CLOTHES CLEANER THAN ANY SOAP ON EARTH!

CUT DISHWASHING TIME IN HALF!
Fab makes dishes, glasses, pots and pans shiny clean! If a bit of food clings, the dishcloth whisks it off. Just a quick rinse and dishes drain sparkling clean. No hard scouring, no wiping - with Fab!

WASHABLE COLORS LOOK BRIGHTER, TOO!

NOTHING WHITENS LIKE FAB! You'll actually find that Fab washes most of your clothes whiter *without* a bleach - whiter than any soap, whiter than any washing product known with a bleach in the wash water.

IF YOU ADD A BLEACH TO FAB! For your few stained, extra-soiled clothes, they'll come whiter, too - far whiter than with any other product and a bleach. For new Fab's exclusive whitening action is not affected by bleach.

WHAT'S MORE - FAB OUTCLEANS any soap! Washes out dirt, leaves no dulling soap scum. And you will find Fab gives you the *sweetest-smelling* wash in the world!

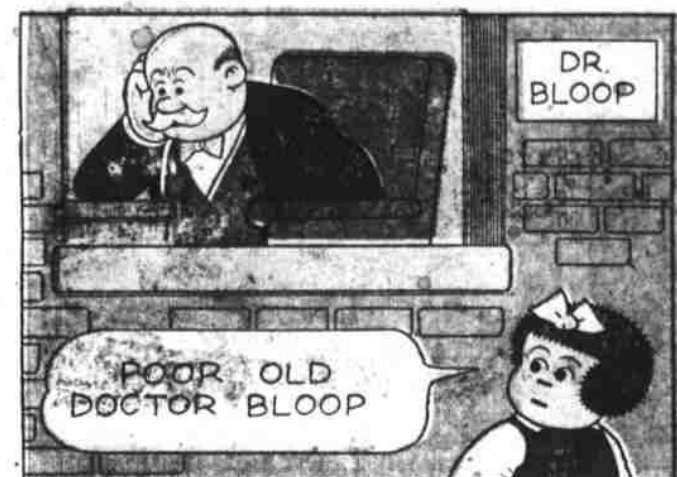

SAVE WORK! SAVE HANDS! Fab immediately loosens dirt - no soaking is needed! No dulling soap scum to rinse out - even in hardest water. And Fab is wonderfully mild to hands!
