And since I was forced to raise myself, I spent more time than normal as a youth in observing how others acted.

Back to the point:

Societies in general throughout history have always heaped esteem on those folks who earn a great deal of money, become powerful in government, etc.

I also hold in esteem some folks who have done well materially or who have risen high in the political world. But not

Because I place a stronger emphasis on the person himself (or herself).

For example, I have more respect for a day laborer who takes care of his family, has faith in God, is part of his community, is honest and has virtue than for a top politician who is an adulterer, draft dodger, questionable in his business dealings, etc. -- to use a hypothetical example.

And that puts me at odds with most folks. For the majority of folks, it seems, put out of their mind the personal side of a man (or woman) if that person achieves wealth, celebrity status, power, etc.

So it goes. We shine the spotlight on those who get their photos on the covers of magazines and admire their prowess.

I guess what it comes down to is that I prefer to be in the company of just plain folks, who live their lives according to the religious teachings Rather, it seems to me, they believe in, than to any what is more important is the celebrity who's also a drug addict, been married five times and cares little about God.

Your Bucks Go Farther Here

This is a great time of year to think about building your dream home. And naturally you want the most for your dough. So you should consider clean-burning propane gas for your home's energy needs. Propane is the dream alternative to electricity because it can warm your house more efficiently. And propane can cook your meals, dry your clothes, and heat your pool. And it can do all those things cheaper than electricity can. So you can stop dreaming, and put your money where your house is.

Did vou know....

· Propane water heaters are more energy efficient than ever. Advanced burner design, energy-saving temperature controls, and better insulation make the most of every gallon of fuel.

JoAnn and I certainly feel signs of relief now that all the Christmas decorations are down and put away. I'm sure many of you feel the same

We had so much fun in sensory stimulation last week with the Jericho Road residents. I brought several Christmas toys from home. Toys that moved, made noise, etc. One of the toys was a doll "Baby So Real." This doll looks and feels like a real baby. But most enjoyable is that she cries, laughs and makes faces that look so real.

As you can imagine, many of the women residents took this baby under their wing. They loved it, talked to it and we saw responses from a couple of the women that we rarely get any response from. However, the time did come when we had to put the baby away, especially when one of the residents commented that "something is wrong with that baby; it keeps crying, it must have the colic or something." I must say, after several rounds of crying, the baby did become a little tiring. It was a wonderful few minutes that all of us enjoyed. We will have to invite the baby back, or buy one of our own.

We are planning lunch out for several of the residents tomorrow. We have not decided where we are going yet. Wherever we decide to go, I know we will enjoy it.

We are looking forward to Mrs. Gregory and her class coming for a visit Friday. They have made snowmen to put on each resident's door. The last time we hung snow flakes, we got a little snow. Maybe the snowmen will bring us good luck.

Elaine Morrow, our inservice coordinator and assistant D.O.N., will be returning to nursing school this semester. She is going to get her R.N. degree. Elaine will continue to work part-time at the convalescent center while going to school. We are really excited for Elaine and look forward to the day when she will return full-time to us as an R.N. Good luck to you,

We have enjoyed having Mrs. Quickel with us for awhile. Mrs. Quickel has been at the convalescent center recuperating. She will be going home sometime this week. We are glad that Mrs. Quickel is to the point that she can return home. Good luck to Mrs. Quickel.

Until next time, have a good week...

Texico candidates sign up

It's going to be an exciting year for Texico voters as 8 candidates have signed up for city political races.

Here's a look at the candidates:

Municipal Judge

Incumbent Carol Snider is running against George Her-

rington. Herrington resigned the post last year and Mrs. Snider was appointed by the city council to fill it.

Councilman

Two candidates have filed for a 2-year seat on the city council that is being vacated by Ricky Qualls.

Seeking the post are Dean Henninger and Art Salguero

Qualls didn't seek election because he has joined the Clovis Fire Department, which has rules against members seeking elective office.

Councilman

Two 4-year city council seats are open, belonging to incumbents Ronnie Warmuth and Rick Queener.

Both Warmuth and Queener

are seeking re-election, along with Max Carter and Ron Pageau.

Thus, 4 candidates are seeking 2 seats -- the top two vote-getters will be elected in this race.

The election will be March 5. A lot drawing for position on the ballot will be held on Jan. 11 after the clerk has certified each candidate.

Some important dates to remember:

-- Jan. 16 is the only day for candidates to withdraw from their races. If they with to withdraw, they must do so at Texico City Hall between 8 a.m. and 5 p.m. on Jan. 16.

-- If a person wants to be a write-in candidate, they must file on Jan. 23 between 8 a.m. and 5 p.m. at Texico City Hall. If they don't file this day, they cannot be a write-in candi-

-- If a person does file as a write-in candidate on Jan. 23, then changes his mind and wants to withdraw, the withdrawal can only be done between 8 a.m. and 5 p.m. on Feb. 6 at Texico City Hall.

Morrison will work with an advisory committee on the project.

A dedication was held at the site, between the former Stuckey's and the New Mexico Welcome Center along the north side of the highway, on Tuesday. Photos will be in next week's Tribune.

The board talked about the access road going onto the highway and will seek if a highway department grant is available to place an extra lane along the highway leading to the ag farm.
