Russians Again Endorse Peace Pact By Big 5

MOSCOW (AP)—The Soviet government again has endorsed the Communist-sponsored proposal for a peace pact by the "Big Five" powers—the United States, the United States, the Soviet Union, Communist China, Britain and France.

Faces Charges

First Lt. Sheppard Carl Thairman, of the Medical Corps and the Fort Devens, Mass., Army installation, appears before a General Courts Martial board on two charges involving alleged association in Communist activities.

Federal Ownership Side OKs Decision

WASHINGTON (AP)—The Senate agreed today to bring the bitterly fought submerged bill to a vote at 1 p.m. (CST) Tuesday, May 5. Foes, who have been conducting a filibuster-type fight against it, proposed this when confronted with a threat from Republican Leader Taft that the Senate would be kept in continuous session until there was a vote.

and 26 minutes, charged Taft with forcing a filibuster by the continuous sessions. "There is no better way to defuse the Senate into a filibuster," Morse asserted. Morse suggested it would be better "collective bargaining" if Taft would sit down and negotiate a voting schedule...

BY THE HOUSE 79th Court District Break-Up Approved

AUSTIN (AP)—The House refused today to change a committee recommendation for a break-up of the politically turbulent 79th Judicial District. The vote was 67-52. The Senate decided to meet tomorrow at 2:30 p.m. as a committee to consider a resolution calling for an investigation of the 79th District Judge, Woodrow Laughlin of Alice.

The Senate passed and sent back to the House a proposed amendment to require women to serve on juries in Texas. The House had approved the idea, but the Senate changed the wording to "require" jury service for women. Instead of "permit" it as the House had approved it.

Both houses took a noon recess and scheduled afternoon sessions. A bill to make lobbyists register and tell where they get and spend money is dead for this session. The House Committee on Rules knocked it in the head yesterday. Judicial redistricting was pending business when the House recessed until today. No final action had been taken on the measure re-aligning court districts when the House quit.

It began debate on redistricting after advancing and modifying Rep. Marshall Bell's bill to remove or label subversive or Communist literature in the schools. Congress, he suggested, has the right to reverse the court to correct an "injustice," especially after the "Supreme Court has reversed the Supreme Court."

VIETMINH ADVANCES French Pour Arms, Troops Into Laos

By LARRY ALLEN LUANGPRABANG, Laos (AP)—French planes poured troops and munitions today into this royal seat of the little Indochinese kingdom of Laos, threatened by Communist-led Vietminh troops reported only 12 to 25 miles away. French and Laotian soldiers dug trenches and constructed barbed wire entanglements around the little town of 6,000, hereditary home of aged, ailing King Sisavang Vong.

But the Vietminh, bypassing the plain, has aimed three powerful columns from the northwest, northeast and east directly at Luangprabang. Its capture would represent an enormous political victory. The Red columns already have slipped off a third or more of the kingdom of 90,000 square miles. At Vientiane, seat of the Laotian government 140 miles south of the royal home, defense preparations were under way also. Evacuation plans for the town's 15,000 civilians have been drawn. General mobilization of all able-bodied men 18 to 35 was stripping the government service of its youth employees.

Swiss Red Convicted

BASEL, Switzerland (AP)—Emil Arnold, a member of the Swiss Parliament and a leader of the Swiss Labor (Communist) Party, was convicted yesterday by a court of endangering Swiss security and was sentenced to eight months. The court declared Arnold had told a Communist meeting in Budapest in 1951 that Switzerland was the center of American espionage in Europe.

Staking Of Phone Lines Is Underway

STANTON (SC)—Staking of lines for the Wes-Tex Telephone Co-operative was started Monday. It involved working for Jack Covington, Abilene, the concern's engineer, launched work with his four-man crew in the Lenorah area.

Ex-Red Says He Stole U.S. Secret Plans

WASHINGTON (AP)—Thad Mason, a self-identified former Communist spy, testified today he stole secret U. S. plans for a military diesel engine during the war. The witness said the thefts were from a General Motors plant in Cleveland and not from a Detroit plant of General Motors as reported previously by the Senate Internal Security Subcommittee before which he testified.

South Koreans March, Demand Unification

SEOUL (AP)—South Koreans marched through Seoul again today demanding unification of all Korea. About 3,000 members of Korean trade unions and the Dal Han youth association displayed signs saying, "Give us unification or give us death." "Peace without unification is death to the nation," and "Let's march north for the unification of the motherland."

Senate To Debate Laughlin Charges

By MARHA COLE AUSTIN (AP)—The entire Senate will be asked to consider the charges against Judge Woodrow Laughlin of Alice before action is taken on ordering an investigation. The decision was reached informally yesterday by the Senate Committee on Civil Jurisprudence. Laughlin, judge of the 79th District, was present at the committee, but spoke not a word. "All I want is a fair hearing," he said afterwards.

defendant and then vote on whether to instruct the governor to remove the judge. Shireman said the procedure had been used only once, in 1874 to remove four judges. Committee members got out copies of the state Constitution and argued over procedure. Chairman Wardlow Lane of Center said, "I have a feeling that this is not the place to try out the facts," meaning the committee. Sen. R. A. Weinst of Seguin suggested that the matter should be referred to the Senate as a committee of a whole. "Let the senators decide it; we can't decide it for them, anyway," he said. Weinst said he would make the motion today "or some other time" to refer the resolution to the whole Senate to be considered at a definite time. Small said he preferred the impeachment procedure if the Senate wants to try Laughlin. Under that the House would start the proceedings and the Senate would sit as a judge.

Forbids Shipments

THE HAGUE (AP)—The Netherlands forbade today all shipments of armaments and war materials to Red China and North Korea. The decree followed the same lines as recent British and French bans.

Scurry Rent Average Is Highest In State

DALLAS (AP)—Midland County had the highest median value of owner-occupied dwellings, \$8,519, of any county in Texas on the basis of the 1950 census, the Department of Commerce said yesterday. The value of owner occupied homes ranged down to \$1,374 in Zavala County. The average rents in Texas ranged from a low of \$13.43 a month in Newton County to \$54.13 in Scurry County.

School Trustees Re-Elect 183 Faculty Members For 1953-54

Big Spring school trustees re-elected 183 faculty members at a brief called session Monday night. Approval of the entire list, as submitted by Supt. W. C. Blankenship, came unanimously immediately after the superintendent had reiterated his recommendations. Salaries have not been set, pending action on teacher pay proposals now before the state legislature. However, the board said that all faculty members approved for re-election would be notified immediately of the board's action and that forami contracts with salary scales included will be proffered as soon as possible. "We can't establish definite salaries until we know what they are going to do in Austin," Board President Marvin M. Miller observed. He noted that the board delayed its decision on salaries until August last year to determine exactly what could be expected from the Foundation Program. The local board finally added \$300 a year to the minimum Foundation scale for the 1953-54 year. Regardless of the outcome at the state level this year, the board indicated that local teachers can be reasonably certain that they will receive at least as much as they have been paid this year. Several teachers who are on the official list for action last night. These are teachers who do not fully meet qualification requirements of the Gilmer-Aikin program. "The absence of their names does not mean that these teachers have been fired, or have been requested to resign," Blankenship emphasized. He explained that special permission must be obtained from the state agency each year for such teachers and that such permission is granted only when the school is unable to fill posts with persons who meet fully all qualifications. "We have several of these teachers who are serving on a 'supply' basis and they are doing a fine job," Blankenship said. "We probably will have some of them back next year, but we can't get approval until we convince the state agency that we have made every effort to fill the positions with persons who meet fully all qualifications. See TEACHERS, Pg. 2, Col. 2

THE WEATHER BIG SPRING AND VICINITY: Clouds to be partly cloudy with scattered showers today, tonight and Wednesday. Some showers due today. High today at low tonight 89, high tomorrow 90. TRIPLE-TRIO WITH HIGH SCHOOL CHOIR

'TUNE TWISTERS' TO BE HEARD THURSDAY EVE

### Musical Groups To Be Heard At HS On Thursday

Some novel ensembles are in store as highlights of the song program to be given Thursday night by the Master Singers—Big Spring High School chorus.

The group's annual presentation will be at the High School auditorium beginning at 8 o'clock.

A feature of the program will be the Girls' Triple-Trio, who have been heard by several service clubs, in many concerts and have appeared with and without the choir in programs throughout the city, to warm acclaim.

The ensemble includes Carrie Lawson, Annabelle Lane, Angela Fausel, sopranos; Dolores Sneed, Nola Colwell, Nancy Conway, second sopranos; and Beverly Edwards, Martha Winans and Arlene Mitchell, altos.

Another group to appear Thursday night will be the Tune-Twisters, a barbershop quartet, which will be heard in such favorites as "Nut Brown Maiden," "When You Were A Tulip," and similar harmonic numbers. These singers are Richard Hughes, Jackie Shirley, E. B. Hall and Jerry Brooks, who have achieved fine vocal blending through their many rehearsals.

These groups and the choir will be under direction of Harry Lee Plumley. The concert will be presented at the admission price of 60 cents for students and adults.

### Plane Fails To Show Up For 43 GIs

DALLAS, Tex. (AP)—A group of rookie Army engineers, 43 strong, sped toward Ft. Lewis, Wash., today after a disappointing wait here for an airplane that never showed up.

The GIs, all from Central Texas points, waited at Love Field here eight hours yesterday for a plane they thought they had chartered from a San Antonio booking agent a month ago at Ft. Hood, Tex.

They had planned a few extra days at home after completing their basic training and before going to Ft. Lewis.

But the plane didn't show up and the ticket agent phoned he couldn't get one. Things looked pretty bleak, even after the agent refunded nearly half their money. It looked as if they might be AWOL.

But military police said the bewildered GIs would not be held responsible for the civilian snafu even if they were late getting to Ft. Lewis. That's when they chartered a bus and got on their way.

The agent, who offered no reason for the plane's nonappearance, promised Dallas police he would make full refund of the GIs' money later.

### Urges Young Doctors For Smaller Areas

HOUSTON (AP)—Small communities with no doctors should try to get young physicians to locate in such areas, the president-elect of the Texas Medical Association said today.

Dr. George Turner of El Paso also recommended that a course in vocational nursing be added for Texas high schools.

Turner spoke to the association. Turner said communities with less than 2,000 residents are having the most difficulty in obtaining doctors.

"It is no longer considered that including physicians to locate in places needing them is the sole responsibility of the profession," he said. "Well trained young physicians will go readily to communities in which they are able to practice medicine of the high quality learned during their medical school and hospital training provided the community will help."

Such help, he said, should include assistance in setting up hospital facilities, adequate living and educational facilities, and satisfactory surroundings in which to raise a family.

Turner said the TMA House of

Delegates already has approved a resolution urging the state commissioner of education to install a vocational nursing course in high schools.

Officers elected by medical organizations include:

Texas Society of Gastro-Enterologists and Proctologists: Dr. Edward Lefebvre, Galveston, second vice president.

Neuropsychiatric Association: Dr. John Otto, Galveston, relected secretary-treasurer.

Diabetes Association: Dr. Raymond Gregory, Galveston, president.

Texas Chapter, American College of Chest Physicians: Dr. Samuel Topperman, Tyler, second vice president.

## Texas Repatriate Tells Of Wild Fight On Old Baldy

By STAN CARTER

TOKYO (AP)—A Texas artillery officer who lived through the Chinese assault on Old Baldy last month told today how he held off Red attackers for five hours with two carbines, a .45 automatic and three dozen grenades.

Lt. Albert de la Garza Jr., 22, of San Antonio was a forward observer with Colombian troops holding the summit of Old Baldy Hill in Western Korea.

When the Reds struck March 23 the lieutenant ducked in a bunker in which three Colombians were manning a machine gun.

Within 15 minutes Chinese poured into the trenches outside, and shots through the bunker fatally wounded the Colombians.

De la Garza, freed by the Communists last week in the exchange of sick and wounded prisoners, told from a Tokyo hospital bed what happened then.

"I ended up sitting on one of the Colombians," he said. "I had no alternative. It was the only place I could cover both of the approaches. He was hurt pretty bad. It was dark and I had no way to help him."

A Chinese came into a part of the bunker separated from De la Garza's section by a doorway covered with an Army parka. The Chinese fired three times through the parka. Two shots missed. The third ricocheted into De la Garza's hip.

The Chinese pulled aside the parka and De la Garza shot him.

"I know for a fact I killed a few," De la Garza said. "For three hours straight it was like daylight outside because of the flares. They were perfectly silhouetted on the hill. I shot at them and saw them fall. I know I got at least a couple or three there."

De la Garza kept lobbing grenades at another bunker about 10 feet away, which was occupied by

Chinese. Once, he said, there was a secondary explosion inside the other bunker.

"About 2 a.m. I was lucky enough to seal up the entrance to their bunker with one of their own grenades," De la Garza said.

"They threw it at me, one of those big potato masher grenades. I picked it up and threw it back at them. The entrance to their bunker crumbled."

"I was cornered and out of ammunition, so I figured it was time to get out. I ran out on the slope. I saw that the small arms fire had stopped. Mortar and artillery was coming in but there didn't seem to be any more fighting."

"I thought the main force of Colombians was still up on top of Baldy. So I ran up through the main trench toward the top. I didn't have any weapon or helmet."

"They (the Chinese) lost a lot of people. All the way up I was running over bodies. The Chinese wounded were sitting there in the trench, dressing their own wounds. They didn't even look up when I went by. x x x"

"I ran into two Chinese digging. They were digging like mad with shovels. One looked up and grunted something, so I grunted something. Would you believe it? He turned around and started digging again, for maybe 15 seconds. I started to run the other way but I guess he did a double take. He grabbed for his burp gun and aimed it at me. That was that. I was a prisoner."

The Chinese took De la Garza into a bunker and dressed his wounds.

"My pants were wet from

blood," he said. "I guess I collapsed. I was weak."

Limping sometimes, and sometimes being carried by stretcher, De la Garza went with the Chinese from cave to cave. Behind the Communist lines, he said, he rode in a truck to a wide river he thought was the Imjin, was ferried across the river, and was taken to a Korean village the Communists used as an interrogation center.

At the village, he said, there were 22 Colombians who had been

taken prisoner on Baldy. He stayed there five days.

"They questioned me all one day. Then I had to act as interpreter for the Colombians," he said.

He was transferred to another POW camp, where he stayed two weeks, and then was sent to a Chinese underground hospital. After five days there, he was repatriated at Panmunjom.

## Making Big News in Performance and Price!

## The New Packard CLIPPER

There hasn't been so much interest in a medium-priced car in years

Five months ago Packard announced the new CLIPPER line.

Five months ; ; ; yet wherever you go today . . . in hotels, in restaurants, on trains, at parties, in meetings . . . wherever people gather, you hear them say: "That new Packard CLIPPER is the buy of the year!"

How come?

Well, first there's Packard engineering, traditionally fine, historically dependable. It's largely responsible. Packard, remember, is the oldest maker of fine cars in America.

Second, Packard's manufacturing position is unique. Packard alone with 54 years' experience in fine-car building combines craftsmanship of the highest character and

modern mass production techniques that result in greater dollar for dollar values throughout the car.

And in addition to Packard's own exclusive manufacturing process, the new CLIPPER is a thrilling car to drive. And what thrill is more important to a man who really loves a car!

There's the Packard engine, famous since the Year One in automotive history. This wallowing big powerhouse with a reasonable appetite can purr like a kitten and pull like an elephant.

There's the Packard ride! Smooth, luxurious . . . it will make you want to load 'er up and head for the wide open spaces.

There's Packard's contour styling that is setting the new trend in automotive design.

There's everything you want your family car to have today. In all, around 70 big-car features!

See! Compare! Drive!

In fact, if you'll go to one of the CLIPPER dealers listed below and check the big-car features of this new car, we feel that you'll add your voice to the thousands who are saying: "Packard Clipper! It sure is the buy of the year!"

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars." Ask the man who owns one—today! And re-discover the thrill of driving a Packard!

The Scent Tells

Perfume is important, says Lisa Ferraday. In an interview with Lydia Lane, Lisa talks about projecting your femininity with the use of perfume.

# HOLLYWOOD BEAUTY

By Lydia Lane

HOLLYWOOD — European Lisa Ferraday, who has lived in many parts of the world, feels that as a whole the American girl fails to make the most of perfume. "A French woman would buy it instead of lunch — it's that important to them," Lisa told me. "Perfume is a way of projecting your femininity. And in the United States, femininity is something the average girl should think about. "In perfume the thing to consider is how much it pleases you and those around you," she continued. "It is a great mistake, too, to judge perfume when it is wet. For the true fragrance, you must wait until the alcohol has evaporated." "Do you have a favorite scent?" I asked. "I love perfume, and for a while I wear one more than another, but I like to change perfume with my mood or the occasion." "Yes, I like to spray cologne all around, but I like to use perfume on a few pulse spots. You can't expect your scent to last very long if you only use it sparingly." "But don't you think some people who use too much perfume become more offensive than those who don't use enough?" suggested.

into trouble. "A fine perfume," Lisa continued, "remains the same no matter how long you wear it, but there are some scents which are not true and after a while the smell makes you ill. It is only a person who knows nothing about perfume at all who would buy a cheap scent." "Are you saying that a perfume must be expensive to be desirable?" "No, many good perfumes are not expensive," she explained. "There is a difference between 'cheap' and 'inexpensive' types. A good example is violet. If you like a floral scent, you can get a very true violet fragrance for very little, because this is one scent which can be made from synthetic oils. "At one time violet scent used to be the most expensive of all," Lisa added. "But now that science has learned to duplicate this fragrance, you can be pleasantly scented for very little." **PERFUME PERFECT** Perfume is an important part of beauty. If you don't have a copy of leaflet M-26, "Perfume: How to Choose and Use It," you should get one. Added, Lucille Ball's own reducing diet. Get both bits of information by sending 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Herald, Big Spring, Tex. Remember to ask for leaflet M-26.

## Jimmie Lee Pitts To Give Varied Program

Jimmie Lee Pitts, young Negro contralto, will present a varied program of music in a concert tonight at the Municipal Auditorium 8. Miss Pitts is working for her

## THIS IS GOOD EATING

**HOT BISCUIT SQUARES**  
Ingredients: 2 cups sifted flour, 3 teaspoons baking powder, 1/4 teaspoon salt, 1/4 cup sugar, 1/4 teaspoon cinnamon, 1/4 teaspoon allspice, 6 tablespoons shortening, 1/4 cup raisins (rinsed in hot water and dried), 1 egg, 2-3 cup milk.  
Method: Sift together flour, baking powder, salt, sugar, cinnamon and allspice. Cut in shortening with pastry blender until fat particles are tiny. Add raisins. Beat egg slightly, add milk and beat enough to combine. Add to flour mixture, stirring with fork only enough to moisten flour. Turn out on lightly floured board or prepared pastry cloth. Knead 30 seconds. Roll and shape into square about 8 by 8 inches and about 1/4 inch thick. Cut into 16 two-inch squares. Place on baking sheet. Bake in hot (425F) oven 12 to 15 minutes or until lightly browned. These are good when served with the following:  
Macaroni and Cheese  
Green Chutney Salad  
Hot Biscuit Squares Beverage

## Circles Meet For Work Days And Bible Lessons

The Mollie Phillips Circle of the East 4th Baptist WMU met in the home of Mrs. Troy Harrell, 101 E. 20th for a work day Monday. Mrs. O. B. Warren gave the devotion from John 4:35. Mrs. Emrie Rainey led a prayer. Mrs. W. L. White was welcomed as a new member and Mrs. Louise Ray was a visitor. Eight members attended. The Lucy Belle Circle met in the home of Mrs. R. L. Reeves for a work day, Mrs. Clyde Dial led a prayer. Ten members attended. Mrs. R. C. Armstrong is a new member. The Ruth Circle of the First Christian Church met in the church parlor Monday. Mrs. Clyde Nichols led the opening prayer. Mrs. W. D. McNair gave the lesson from Hebrews 6:8. Mrs. Dan Feather and Mrs. Curtis Driver were hostesses. Mrs. Ray Shaw led the closing prayer. Seventeen attended. Circle 2 of the Women of St. Paul's, Presbyterian Church met Monday night in the home of Mrs. Harry Banker, 1602 Stadium. Mrs. D. T. Evans presided. Mrs. James Alexander gave the Bible study from Mark. Mrs. Evans

## 5 New Members Are Welcomed By Lodge

Five new members were welcomed when the Pythian Sisters of Sterling Temple 43 met Monday evening at Castle Hall. The new members include Mrs. Ruth Wilson, Mrs. Jacqueline Wilson, Mrs. Bobbie Peters, Mrs. Eloise Baird and Mrs. Hazel Beaman. Gladys Choate presided and Mrs. Annabelle Huddleston receive her past chief pin for three years service as planist. Refreshments were served by Juanita Fannin, to 11 members.

**Cool And Casual!**  
You'll be as comfortable as you look in this uncluttered sleeveless success! Depending on fabric used (perhaps a print or sheer), this simple silhouette will serve for day or date!  
No. 2897 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16; 4 1/2 yds. 35 in. or 3 1/2 yds. of 39-in. material. Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.  
Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.  
THE SPRING-SUMMER FASHION BOOK is now available. From cover to cover it's agog with simple-to-make vacation favorites. Scores of smart original designs for all occasions, all ages, all sizes and all members of the family. In COLOR. Price just 25 cents.

## Dance Club Has Election Of Officers

New officers were elected at the recent meeting of the Circle Eight Square Dance Club at the YMCA. Edwin Spenrath was named president; Jarrell Jones, vice president; Dick Mitchell, treasurer; Mrs. James Felts, secretary-reporter. Masters of ceremonies were Charlie Harwell and Spenrath. Jim King and his Cosden Playboys furnished the music for the five dance sets. Callers included Jimmy Felts, Mrs. Spenrath, Mrs. Sam Wilkerson, Oscar Nabors, Tommy Whitley, Roy Crim, George Amos, Garner McAdams and Earl Reid. Guests were Mr. and Mrs. Sam Wilkerson and Mr. and Mrs. R. K. Rogers of Stanton, Mr. and Mrs. J. W. Majors of Big Spring and Mrs. Ila Mae Keathley of Garden City.

## Semi-Formal Dance Set For Thursday

A semi-formal Cadet dance will be held Thursday from 9 p.m. until 1 a.m. at Webb Air Force Base. Members of the Girls' Service Organization are being urged to attend. The girls are asked to meet at the Servicemen's Center at 8:30 p.m. Thursday. Mrs. Ann Gibson Houser will accompany the girls to the dance.

## Mrs. Franklin's Work Has Plenty Of Variety

Isn't such a problem finds Mrs. Farrell Schaffer, a newcomer, when she has the assistance of Mrs. Sue Franklin, receptionist at the Chamber of Commerce. Track for foot races. They were found. Then a woman wrote the Chamber saying that there would be quite a few cats in the crowd planning a picnic at the City Park and wondering if they were allowed. "Two or four-legged variety?" grinned Sue. School children contribute much to the volume of the day's mail. Many are interested in learning more about the city. Tourists, and local residents frequent the office to take advantage of the maps and other information on faraway places. Aside from her regular duties, Sue also takes notes at the directors' meetings, registers guests and banquets and attends some of the committee meetings. She also keeps lists of the officers of the civic, service, study and fraternal groups in the city. Too, she gathers statistical data for the office and maintains a file on available housing. That pleasant voice that greets you when you call the office is likely to be hers and she also sees that callers are entertained until they can see the officials. In the afternoon, Mrs. L. Deanne Everett assists with the work by doing the bookkeeping.

## Altar Society Has Social Meet Monday

Members of St. Thomas Altar Society met at St. Thomas Catholic Church Monday evening for their regular monthly social meeting. Hostesses were Mrs. Eunice Goolsby and Mrs. W. E. Blanchard. It was announced that \$300 was netted for the building fund at last week's church supper. The Catholic women will serve as hostesses at the Servicemen's Center May 31, Aug. 2, and Nov. 29. Mrs. Blanchard, who presided, reported on the recent meeting of the Diocesan Council of Catholic Women held in Midland. During the social hour, winners at games were Mrs. J. E. Settles, Mrs. Bob Wilson, Mrs. L. D. Jenkins, Mrs. Allen Roam, Mrs. W. E. Wightman, Mrs. Goolsby, Mrs. Blanchard and Father William Moore.

## Mrs. Bryans Honors Husband With Party

GARDEN CITY, (Sp) — Mrs. Edward Bryans entertained her husband with a surprise birthday party Saturday evening in the Roy Carter home. Jenny Lynn Bryans presented her father with his gifts after dinner was served. Mrs. L. L. Watkins and the honoree won the high score prizes in canasta. Each guest was given a prize with a verse attached. Others attending were the Rev. and Mrs. J. P. Boswell, the Rev. and Mrs. W. W. Kitterman, I. L. Watkins and the Carters.

## Dinner Party Planned

The Newcomers Bridge Club will have a dinner party for their husbands Wednesday at the parish house of St. Mary's Episcopal Church at 7 p. m. Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

## Crocheted Shrug

More Fish For Fifty-Four

More fish—100,000 big mouth black bass—were put into Lake J. B. Thomas Monday. The State Game and Fish Commission furnished the fish, which should be ready for opening of the season May 1, 1954.

Jayhawks Win First Place In Zone Meet

Robert Cobb Top Scorer

LUBBOCK — Marvin Baker's HCJC tracksters ran off and hid from Clarendon Bulldogs in the 1953 West Zone meet here Monday, scoring 82 points to 23 for the opposition.

LOOKING 'EM OVER

With Tommy Hart

Some of the local fans have long since tagged Al Valdes with the affectionate name of "Sluggo" for much the same reason a non-talkative person is often called "Gabby" and a man with a bovine appearance is referred to as "Pretty."

If Al, the peer of all catchers in the Longhorn League, has a few more days like he enjoyed Sunday against Midland, the nickname will take on new significance, though.

The good-natured Cuban catcher, who speaks adequate English, deposited two of the pitches delivered up to him beyond the palings for home runs and wound up with seven runs-batted-in.

It was the second time in five games Valdes had collected three hits. It raised his RBI total for the year to eight, compared to only 50 for the entire 1952 season.

It was heart-warming, too, to see the fans show the lettuce leaves through the screen to him. All too often, a hard-working battery is overlooked in favor of a slugger who might hit one ball out of the park.

Leon Brinkopf, generally classed with Big Spring's Potato Pascal as the best third baseman in the history of the Longhorn League, continues to have tough luck in the major leagues.

The ex-Odesa hot-corner artist, who hit 27 home runs for Los Angeles in 1952, has been placed on the disabled list of the Chicago Cubs, due to a back ailment. He'll be out 60 days.

Bill Valentine, the Longhorn League umpire, was a bat-boy for the Little Rock Travelers of the Southern Association, at one time.

Bill Cearley, outfielder for the Odesa Oilers last year, is now patrolling the gardens for the Laredo club of the Gulf Coast League.

Danny Concepcion, the former Bronco, is with Lake Charles of the same circuit again this season. One of his teammates is Bill Dossey, who used to catch for Ballinger.

And Charley Tuttle, former Sweetwater fly-chaser, is down at Port Arthur.

Norman Pilgrim, who brought the Sheppard Air Base baseball team here to play Webb Air Base last season, is now playing second base for the Sheppard baseball team.

He's a former cage great for Oklahoma A & M.

Mel Jewell, who recently quit as basketball coach at McMurry to look after farming interests in Arizona, had had notice he would not be retained as Indian mentor.

The job is not an enviable one, since the man who holds it also has to spend so much time with football, and basketball—especially college basketball—has now become a job that demands year-round attention.

It's probable Midland's Gerald Tucker will become the next Phillips 66 (Bartlesville branch) basketball coach, after Bud Browning steps down, and Bud is only supposed to remain for one year.

Big League Teams Take A Look At Distant Cousins

By BEN PHELAG AP Sports writer Today the ball clubs take a look at their distant relatives for the first time this season.

The American League's Eastern teams go West while the National League views the sights in the East. This first inter-regional play is always particularly important.

It shows how the leagues are balanced.

It also gives the rookies their first glimpses of some new parks. And it gives a better line on whether a club can be depended upon to win away from home, since it is a prolonged trip rather than the short opening junkies to nearby cities.

Zaharias Sent Cash By Group

BEAUMONT — Babe Didrikson Zaharias looks good and she still wears a big smile.

That is the word of newsmen who yesterday got to see and talk to the Babe for the first time since her April 17 operation.

"My big desire is to get well," she told reporters. "I'm going to get well."

Newsmen were allowed to interview the Babe briefly while she posed for pictures with a thousand silver dollars sent to her from Las Vegas, Nev.

She had nothing to say about returning to sports. But Bill Spurlock, sports editor of the Beaumont Journal, said she "looked good."

"She wore a blue bell jacket, her hair was all fixed up and she had a big smile on her face," Spurlock related.

Newsmen had been barred from her hospital room since five doctors removed a malignancy from Mrs. Zaharias' lower rectum April 17.

But yesterday Abe Schiller of Las Vegas showed up with 1,000 highly polished silver dollars from the Damon Runyon Cancer Fund of Variety Club members at Las Vegas. He presented the money to Babe for the hospital here.

Steers, Bulldogs Skirmish Today

High school baseball teams of Big Spring and Midland have at it in a 4 p. m. game here today.

The Steers will be seeking their third victory in seven conference starts. Midland has won only once in six games.

Steers Linksters Swamp Texas A&M

COLLEGE STATION — Texas University golfers whipped Texas A&M linksmen, 5 1/2-4, here yesterday.

The win put the Longhorn golfers just a half point back of the up-leading Southern Methodist and set up Friday's match between Texas A&M and SMU as a championship affair.

Indians Crowd Past Cayuses By 17-7 Tally

The question of whether the Big Spring Broncs would be bopped by Midland's Rhythmic Nine here last night was settled as early as the fourth inning, when the visitors waltzed to four runs.

What had started as a live session for the Steeds turned into a funeral dirge as the Indians scored early and often to grab a 17-7 verdict and escape with the odd game of a three-game set.

The Warriors made merry at the expense of three Big Spring hurlers, Ray Machado, Cliff Kurando and Glenn Grooms, although the latter did very well once he settled down.

At no time was Machado any mystery to the visitors, although some nifty fielding on the part of his mates saved his bacon until the Indians staged a barbecue in the fifth inning, at which time they played ten runs.

Kurando came in on relief and the Tribe trapped him like a long-lost relation. His left-handed slants were feasted on by right-handers and portlanders alike.

The Broncs led early in the game 2-1, but Midland's four-run fourth, highlighted by Lou Dawson's two-run single and a four-master by Julio Delatorre changed all that.

Scouter Hughes crashed out his second home run in two days and Tom Stephenson hit a triple in Midland's big fifth.

Men Soto pitched all the way for Midland and did a creditable job, although the Steeds ganged up on him for three runs in the eighth.

Midland's 19 - hit attack was paced by Roger Della Betta and Stephenson, each of whom had four hits. Every player in the visitors' lineup collected at least one blow.

RAMBLINGS — George (Pat) Murphy made an auspicious debut in the Big Spring lineup, driving out a double on the first pitch delivered to him. He later had a triple.

Both teams were handicapped by a high wind. Manager Hack Miller of Big Spring gave Umpire Happy Sykes a verbal going-over in the third inning after the arbiter had ruled Joe Riney's fly ball that hit the fence in left was a foul ball.

Miller insisted it hit just inside the line. It would have been good for three bases and scored a run. Riney then proceeded to sky out.

Midland's lineup: Della Betta 2b, Hughes 3b, Dawson 1b, Soto 2b, Stephenson 3b, Kurando 2b, Grooms p.

Broncs' lineup: Soto 1b, Della Betta 2b, Hughes 3b, Dawson 1b, Stephenson 3b, Kurando 2b, Grooms p.

Standings: Longhorn League, Carlsbad 1st, Roswell 2nd, Big Spring 3rd, Midland 4th, Artesia 5th, Odesa 6th.

National League, Philadelphia 1st, Brooklyn 2nd, Milwaukee 3rd, St. Louis 4th, New York 5th, Cincinnati 6th, Pittsburgh 7th.

Hiskey Is New Eagle Champ

DENTON — Marion Hiskey is the new champion of the TSCW Invitational Golf Tournament.

Hiskey beat his North Texas State teammate, Stan Mosel, 4 and 3, yesterday in the all-N.T.S.A. finals.

Hiskey Is New Eagle Champ

DENTON — Marion Hiskey is the new champion of the TSCW Invitational Golf Tournament.

Hiskey beat his North Texas State teammate, Stan Mosel, 4 and 3, yesterday in the all-N.T.S.A. finals.

Steers Linksters Swamp Texas A&M

COLLEGE STATION — Texas University golfers whipped Texas A&M linksmen, 5 1/2-4, here yesterday.

The win put the Longhorn golfers just a half point back of the up-leading Southern Methodist and set up Friday's match between Texas A&M and SMU as a championship affair.

Wags Club Cisco

FORT WORTH — F.C.U.'s Irishman baseball team yesterday racked up its ninth win in 10 starts with a 16-6, 15-inning victory over Lincoln Junior College here.

LITTLE SPORT

Czar Campaigns Against Gaming Among Players

NEW YORK — A combination of alertness and innocence is being professed by club managers and officials in reaction to Baseball Commissioner Ford Frick's official warning against high-stakes gambling among major league personnel.

Frick incorporated his warning in a bulletin which he ordered to be posted in all clubhouses. It emphasizes the evils of permitting card games among players "where the stakes are high."

The commissioner also said in an announcement in New York yesterday that players would have to stay out of gambling places where, he charged, some have been seen frequently.

Frick commented that an increasing amount of gambling in connection with baseball games prompted the bulletin, which he insisted was a routine notice.

The team managers, held responsible by the commissioner for stamping out gambling, generally agreed that (1) Frick was right in stressing the point, (2) they were calling the attention of their players and staffs to the bulletin and to the penalties and (3) there was no such thing going on on their respective squads.

Manager Marty Marion of the St. Louis Browns and New York Giant Vice President Charles Feeney, speaking for team officers and Manager Leo Durocher, made it particularly clear they were in complete agreement with the edict.

Brooklyn Vice President E. J. (Buzze) Bavasi and Cleveland Manager Al Lopez were quick to respond that their teams had rules against card playing for anything but minor stakes.

Feeney and Managers Lou Boudreau of the Boston Red Sox, Phil Cavaretta of the Chicago Cubs and Eddie Stanky of the St. Louis Cardinals were no less confident that playing going on in the clubhouses and hotel rooms they occupied.

Cincinnati General Manager Gabe Paul said he knew nothing of high stakes gambling among the Redlegs and Marion indicated there was no gambling by his players on road trips.

Broncs Leave For Odesa

The Big Spring Broncs hit the road today, moving first to Odesa, then to Midland.

Hack Miller's team plays a three-game series in each place. The Broncs will not return here until May 4, at which time they host Odesa.

Southern Methodist Widens Lead In Southwest Circuit

By The Associated Press Southern Methodist had a widened lead over Southwest Conference baseball teams and the Texas A&M Cadets still had a fighting chance for the title Tuesday.

SMU crushed the Rice Owls, 14-4 and the Aggies edged Texas Christian's Horned Frogs, 3-2, in Monday's games.

Hollis Morton, ace of the Mustang pitching staff, hurled seventh ball over the route and received strong support at the plate as the Ponies beat out 11 hits.

The defeat was Rice's eighth in nine conference games and left SMU still leading the field with a 2-2 record against a 5-2 mark for second-place Texas.

Only one Owl runner got as far as third base in the game at Houston until the eighth inning when singles by Pinky Nisbet and L. V. Cox, plus two Mustang errors, accounted for both Rice runs.

SMU crushed the Rice Owls, 14-4 and the Aggies edged Texas Christian's Horned Frogs, 3-2, in Monday's games.

HC Hawks Play Odesa Today

Harold Davis takes his HCJC Jayhawks to Odesa today for a baseball twin bill with the Odesa JC Wranglers. First game was to start about 1:30 p. m.

If the Hawks can win a pair of decisions there, they can finish in second place in West Zone standings. The Wranglers have copped only one decision in conference activity but pose a threat for the Big Springers.

HCJC's record in league play is now three wins and three losses. They lost two to Frank Phillips of Borger, broke even with Clarendon and won two from Amarillo.

Davis indicated he would pitch Tommy Randolph and probably Casey Jones against the Odesans. If Jones doesn't start, Lonnie Muse will get the call.

Complete Cast For Derby To Be Selected Today

Complete Cast For Derby To Be Selected Today

By ORLO ROBERTSON LOUISVILLE, Ky. — Selection of the complete cast for the 70th running of the Kentucky Derby, America's foremost horse-racing spectacle, was expected to be completed today in the mile of the \$10,000 Derby Trial at Churchill Downs.

The Trial, dwarfed by the Derby itself in both purse and importance, attracted a field of 15, at least three, and maybe more, than is expected to start Saturday in the mile and one-quarter run for a share in the \$100,000 added purse and a garland of red roses.

Owners and trainers of at least six of the Trial nominees are more interested in seeing their horses set in a good workout than winning. Of course, they have no objection to banking the winner's share of the \$10,000.

For the other nine, however, the edit is "show something" or stay in your stall Saturday when the bands send the strains of "My Old Kentucky Home" reverberating over the ancient downs before more than 100,000 persons.

The six who need not win or necessarily be close, in order to qualify for the big test include Royal Bay Gem, the come-from-behind horse, owned by Eugene Constant Jr., Dallas oil refinery operator.

In fact, trainer Clyde Trout was outspoken in saying he had entered the Chesapeake Stakes winner in the Trial more for the workout than for the money.

"Of course we would like to win," he said, "but the distance may be too short. Regardless of what he does today he'll be in Saturday's lineup."

The other five who are using the Trial chiefly as a workout are the G. C. Stable's Money Broker, Edward M. Goemans' Louisiana Derby winner Curragh King, Mrs. J. Payson Adams' English-bred Blue Repeater, Mrs. Ada L. Rice's Mr. Paradise and Mrs. E. E. D. Shaffer's Hit the Spot.

In the group who must prove themselves as Spy Defense, Berseem; Sir Mango, Dark Star, Red Speed, Ram o' War, Thaxter, Warless and Bleniam.

If any of today's field steals the show Saturday from the leading actors, Alfred Vanderbilt's unbeat-en Native Dancer and Mrs. Gordon Gutherson's Correspondent, it is expected to be Royal Bay Gem.

Leading TV Grid Draws May Not Be Filmed This Fall

KANSAS CITY — The college football teams that attracted the greatest television audiences last season may not appear on the net-works next fall if the program proposed by the 1953 National Collegiate Athletic Association Television Committee is carried to the limit.

The new plan, released yesterday, has been sent to the NCAA member colleges for approval. It will go into effect when it gets a two-thirds majority by a mail vote. With a few exceptions, it is much the same as the one-game-a-week television program of 1952.

In drawing up the conditions, the committee specified that "in the selection of games, preference will be given to colleges which did not participate in network telecasting in 1952."

That would seem to rule out such top-flight teams as Notre Dame, Oklahoma, Michigan State, Alabama, Princeton and Southern California along with the others which work part of the 11-game TV program last fall.

The sponsors, however, have the last word about what games they want to show—subject to the com-mittee's approval and the principles laid down—and it is hard to imagine a sponsor passing up the Notre Dame-Oklahoma game for a lesser attraction on the same day.

The principal difference between the 1953 plan and the one followed in 1952 is that the new one calls for a "panorama experiment" on two or three dates. Instead of telecasting one game in its entirety, parts of four games at widely separated geographical locations would be shown. Probably one quarter of each game would be aired.

Another change is that at least one of the 10 or 11 complete games televised must originate in each of the eight NCAA districts. Lack of facilities made it impossible to put on games played in the South-west and Mountain States areas last fall.

The 1953 program calls for net-work television on 12 Saturdays—probably from Sept. 19 through Dec. 5—and Thanksgiving Day. Post-season games aren't included and games played on other days are affected only in that the one-appearance rule shall apply and permission must be obtained for telecasting such games.

Lamesa Nudges Carlsbad, 1-0

By The Associated Press Carlsbad's Potashers finally have lost a game and things are looking up in the Longhorn League.

They're still ahead by a half-game, since second-place Midland has played one fewer game.

Lamesa put the whitewash on Carlsbad Monday, edging the Potashers 1-0 with a run in the ninth. It was the first victory for Lamesa. Bryan McGoldrick limited Carlsbad to two hits.

Midland moved up with a 17-7 thrashing of Big Spring, battering three Bronco pitchers for 19 hits. Moco Soto gave Big Spring 11.

Roswell missed a chance of tying Midland for the runner-up spot as Artesia blasted across five runs in the eighth to whip the Rockets, 9-3. Fidel Alvarez gave up eight hits, three in the final frame when Roswell got two runs.

Odesa licked San Angelo, 9-3, with two big innings, five runs in the second and three in the seventh. Jim Carson scattered seven Colt hits.

Marshall Tourney Begins Thursday

MARSHALL — Mrs. William Rountree, defending champion, and Mrs. Mary Perrin, five times Arkansas state champ, have accepted invitations to the Marshall Women's Invitational Golf Tournament. Qualifying rounds, officials said today, are scheduled Thursday with match play running Friday through Sunday.

# Pravda Widely Read By People In Moscow

**EDITOR'S NOTE:** Here is another in a series of stories by Miss Rebecca F. Gross summarizing observations made during a week's visit to the Soviet Union. She was one of a party of 10 tourists granted visas for the unexpected trip. She wrote this chapter in London, while en route home to Lock Haven, Pa., where she is co-publisher of the Express.

By REBECCA F. GROSS  
Written for The AP

**LONDON (AP)—**Moscow is a city of newspaper readers—and the newspaper is Pravda. I did not learn to read much Russian during the week I spent in the Soviet capital as one of a party of American newspaper and radio editors; but it took only a day or two for me to recognize Pravda.

Although I thought I was an early riser all that week, I never got downstairs in time to find a copy of Pravda left at the newsstand and postoffice substitution in the hotel lobby. But I never came down the corridor of the hotel from my room in the morning, without finding the girls in charge of the keys bending over their copy of the Communist party's official newspaper.

There are other newspapers in Moscow, of course. We saw copies of Izvestia, the official voice of the government, and the evening paper, posted with Pravda on bulletin boards throughout the city. Invariably there were people standing in front of the boards at almost any hour of the day. Always, the newsstand sold out quickly.

There was plenty of news, too, during our week in Moscow. Each day we had to find someone to tell us what Pravda had to say, for the first events hinting at a softened Soviet attitude toward the rest of the world had occurred just before our arrival. While we were in Moscow, the most spectacular news event was the announcement that the group of doctors "charged with wrecking, espionage, and terrorist actions against active leaders of the Soviet state" had been found to be "honest Soviet people" and "eminent figures of Soviet science" victimized by "falsified evidence by officials of the Ministry of Internal Affairs."

News of the release of the doctors and the punishment of the officials accused of their wrongful arrest was published in Pravda on two successive days, followed by a long editorial April 6 which contained the significant announcement that "no one can be subjected to arrest except by decision of a court or with the sanction of the procurator."

Eager to find out whether citizens of Moscow were pleased by this apparent guarantee against arbitrary arrests, I asked some of our tourist guides what they thought of the case of the doctors and the editorial in Pravda. They answered with a paraphrase of the editorial itself, that the Soviet government would punish mistakes and rectify errors. One added, rather cautiously, it seemed to me, that the news made the people of the city happy, because it was another proof that they could trust the government to do the right thing always.

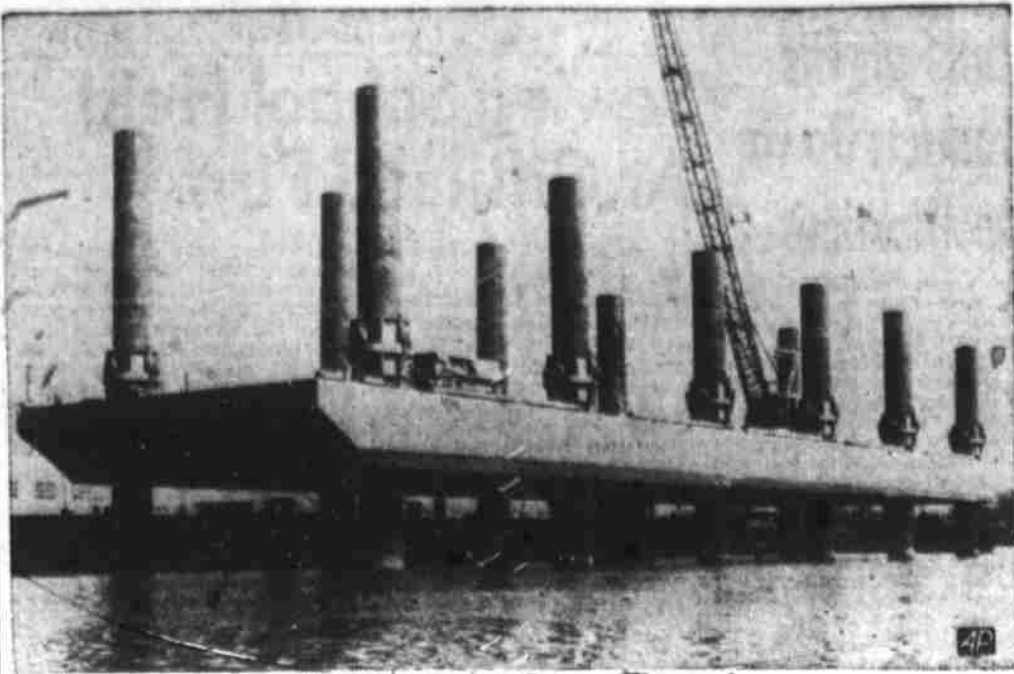

I stumbled on another interpretation of the order releasing the doctors, when, exploring the city at some distance from the center of town, I came upon a group of people excitedly rejoicing at what may be the only synagogue in Moscow. The celebration, it appeared, was due to the belief of the Jews that the release of the doctors meant that the Soviet government did not intend to pursue a policy of anti-Semitic persecution, which they had feared from the time the doctors were arrested. At the office of Pravda itself, we watched the process of publication of this four-to-eight page newspaper which is probably one of the most powerful influences in molding the thought and opinion of Soviet citizens. We exchanged views with Romanchikov, director of the printing and publishing activities associated with Pravda. In addition to the newspaper, with a circulation Romanchikov said was 3 1/2 million copies daily, the Pravda plant publishes a newspaper for young Communists, 16 magazines and periodicals, ranging from the Soviet Woman to Crocodile, the humor magazine, and many books, pamphlets and reprints.

The printing plant, said Romanchikov, a stocky man who used many impulsive gestures as he showed us through the establishment, works day and night. The daytime work goes into the books, magazines and booklets; at night, Pravda is printed. Half the edition is published in Moscow, the other half in 32 of the largest cities of the country, such as Leningrad, Kiev and Lvov.

Airplanes carry the mats for Pravda's pages from Moscow to the other publication points so that the entire nation can read the same newspaper simultaneously. With a payroll of 3,000 workers, Pravda has its own apartment house for them, a rest home near Moscow, a sanitarium in the Caucasus, and a technical school teaching a four-year course in printing for youngsters who have completed the middle school. The Pravda spokesman continued. He added that the printing machinery we saw in the plant was manufactured in the Ukraine, the paper was supplied by Soviet mills, and the typesetting machines, many of them bearing the name Linotype, made in Leningrad.

In a discussion of political matters which followed our Pravda visit, we asked Romanchikov whether he thought the Russian government would be willing to join in an exchange of visits by newspaper people, students and others, between Russia and the United States. We also asked him if he thought communism and capitalism could exist peacefully side by side for an indefinite period.

To the second question, perhaps the most important put to any Soviet official during our visit, Romanchikov replied that co-existence was certainly possible if both sides were willing to co-operate on a friendly basis. The implication was—or so several of us thought—that Russia was willing to co-operate but the U. S. perhaps was not.

Mobile Dock Barge Tested

A huge mobile dock barge is shown undergoing tests at Orange, Tex., before delivery to the U. S. Army. It is the first of six of the structures being completed by the Consolidated Western Steel Co. Each is 300 feet long, 90 feet wide and 13 feet deep. They can be towed to destination and then converted into a dock. (AP Photo).

## Family Automobile Is A Major 'Dependent' Of Most Americans

Just where, in the family-size economic system, does the family automobile fit?

Nobody seems to know, for sure, but at the best it's an expensive dependent.

Airplanes carry the mats for Pravda's pages from Moscow to the other publication points so that the entire nation can read the same newspaper simultaneously.

With a payroll of 3,000 workers, Pravda has its own apartment house for them, a rest home near Moscow, a sanitarium in the Caucasus, and a technical school teaching a four-year course in printing for youngsters who have completed the middle school. The Pravda spokesman continued. He added that the printing machinery we saw in the plant was manufactured in the Ukraine, the paper was supplied by Soviet mills, and the typesetting machines, many of them bearing the name Linotype, made in Leningrad.

In a discussion of political matters which followed our Pravda visit, we asked Romanchikov whether he thought the Russian government would be willing to join in an exchange of visits by newspaper people, students and others, between Russia and the United States. We also asked him if he thought communism and capitalism could exist peacefully side by side for an indefinite period.

To the second question, perhaps the most important put to any Soviet official during our visit, Romanchikov replied that co-existence was certainly possible if both sides were willing to co-operate on a friendly basis. The implication was—or so several of us thought—that Russia was willing to co-operate but the U. S. perhaps was not.

McCarthy Complains At German Papers  
WASHINGTON (AP)—Sen. McCarthy (R-Wis.) has complained that some of 96 German newspapers receiving U. S. financial aid have been "highly critical" of President Eisenhower, Secretary of State Dulles and himself.

In a letter to Dulles Saturday, McCarthy said two investigators he sent to Europe, Roy Cohn and David Schine, had uncovered this and other data. Cohn and Schine are employed by the investigations committee McCarthy heads.

McCarthy said the funds were supplied the newspapers through the State Department's international information program to make sure the German people were kept abreast of U. S. foreign policy. Instead, he said, some of the papers criticized "President Eisenhower, yourself and the undersigned."

McCarthy also protested expenditure of three million dollars to finance an information program newspaper, Neue Zeitung, in Germany.

Next year, it's liable to need a battery, a new fuel pump, brake linings, tires, or something else."

In this third year, or around 40,000 miles, the car may need a general overhaul, the mechanic adds. Cost of this ranges upward from about \$85 for a six-cylinder, "low-price" car.

A set of tires and tubes, first line grade, will cost in the neighborhood of \$85, allowing for trade-

ins. A brake job might cost anywhere from \$15 to \$50, depending on what is required.

Not allowing for depreciation, or maintenance, cost of operating an automobile amounts to about two cents a mile.

Say you drive 15,000 miles. You'll buy about 1,000 gallons of gas—at a quarter to 28 cents a gallon. That's \$250 to \$280.

You'll need at least a dozen oil changes during the year. That'll be another \$24. Add \$36 for wash and grease jobs, and \$1.50 for having the front wheel bearings greased, which you probably won't get around to doing.

Allowing \$250 for fuel, the total is \$311.50—a little over two cents a mile.

Just for the misery of it, assume that depreciation and maintenance each year amounts to a fourth of the value of the car (new price). If you drive a \$2,000 car, add another \$500 to the overhead and operating expenses column.

It has cost you \$800 to own and operate your car a year, if you drove 15,000 miles. Of course there'll be \$75 to \$100 to put out for insurance, \$10 to \$13 for license plates, a dollar for the state inspection sticker, and—maybe that's all, as long as the city doesn't collect the personal property tax and if there's no interest or carrying charges.

Maintenance alone probably wouldn't run much over \$100 per year, over life of the car. Assuming that's all, volume of garage business alone in Howard County would amount to nearly \$1,000,000 annually.

There are more than 9,200 passenger cars registered in the county for 1953.

### POW Exchange Brought Disappointment To Many

By The Associated Press

The prisoner of war exchange brought happiness and relief to a comparative handful of American families but for thousands of others it meant disappointment and more dreary days of waiting.

In the seven-day period last week, 149 Americans regained their freedom in Korea.

But there are an estimated 3,000 more still in Communist hands. The end of the exchange Saturday dashed the hopes of their relatives who had waited tensely throughout the week for word their servicemen might be among those freed.

Thirteen Americans were in Saturday's trade.

Among the lucky relatives were Mr. and Mrs. Henry Clay Dean of Douglass, Kan. They are parents of Air Force Capt. ach Dean, released after two years.

"I'm wonderfully happy," Mrs. Dean told a reporter. "At first I cried but the tears are all gone now."

At Lawton, Okla., Mrs. Cleola Green, wife of Army Capt. Martin W. Green, said:

"I'll bet if you could take my heart beat right now it will be going 90 miles an hour."

Mrs. Jose Villegas, who lives near San Antonio, Tex., said through an interpreter she, her husband and their eight other children often prayed at a small shrine erected in honor of their son, Cpl. Elias B. Villegas, 24. He was freed after two years and five months.

"I knew my boy would come home," said Mrs. Villegas.

News of Pvt. Earl L. Beck's release momentarily stunned his mother, Mrs. Nellie M. Koopman of Wheeling, W. Va. Then she exclaimed:

"Bless God. I've prayed every day. Bless God."

Mecca For Gift Shoppers

This is part of the gift department at the R&H Hardware, located at 504 Johnson Street. Dozens of items which are timely for most any occasion are in stock and on display. The firm also keeps a large stock of other hardware and household articles.

### Pruit Puts His Products Up To Specifications

In the past, you may have heard a lot from Fruit Concrete Company on "concrete where you want it."

There's a counterpart to that slogan—and an important one, too. It's simply "concrete how you want it."

If delivery was all that concrete had to recommend it, the customer could order anywhere with impunity, pointed out Ward Hall, who with Andy Pruitt operates the firm.

But concrete needs to be strong, to be able to stand certain weight and stress. It needs to be just like the job requires or like the contractor or owner specifies.

That's why Fruit Concrete Company puts such emphasis upon the compounding of cement to your exact specifications.

There are ways of getting concrete to fill your special needs. Pruitt or Hall are available to advise with you on what type of mix is best for the kind of job you have in mind. Or, if you are a builder or contractor, you know what you want, or what the project specifications set up.

You can be assured that your order will be like you intend it, for various grades of sand and aggregate are carefully weighed, just as the cement is, to give correct proportions. Water then is measured and the mix delivered to one of the company's fleet of five trucks.

These trucks are equipped with three-yard mixers which keep the concrete completely stirred until ready for the pour. They have delivered concrete up to a radius of 40 miles, the top figure being an example of how Fruit Concrete Company goes out of the way to serve the needs of its customers.

An evidence of the type of product processed by this concern is in the many jobs which come to it. Two major points currently getting service are the new Coca Cola building and the Court House.

### Sewing School Held At Gilliland Firm

A sewing school, covering every phase of the tailor's craft, is being conducted by the Gilliland Sewing Machine Exchange, 113 East Second.

Classes are held each Thursday evening, starting at 7 o'clock. During the two-hour sessions, students receive instruction in every phase of garment making and general tailoring.

A. F. Gilliland, owner of the sewing machine business, has instituted the school as a service to his customers and not as a merchandising proposition. Expert instruction is offered.

No charge for the lessons is made for persons who have ever purchased a sewing machine from the Gilliland Sewing Machine Exchange. For others there is a small charge, although the tuition will be applied against the cost of any future purchase.

Training is offered in embroidery, hemstitching, monogram work, dressmaking and general tailoring. Gilliland reports. Trainees will use machines provided by the concern, and the only thing they are required to bring to class is scissors.

If the student seamstress desires, she may bring material and patterns and receive assistance in making whatever garment she desires, said Gilliland.

Instructors for the course are Gilliland, Mrs. Lena Faye Franks, Mrs. Laverne Green, and Mrs. Gilliland.

Gilliland Sewing Machine Exchange is distributor in this area for the increasingly popular Necchi and Elma sewing machines, which

**No Red Faces In Kremlin, Oklahoma**

KREMLIN, Okla. (AP)—Tourists pass daily through this city and smirk at its name.

But residents here refused to get red-faced.

They explain Kremlin is a breed of saddle horse, as well as a place in Russia. They add not only was the town named after a horse, but it was named by the daughter of a "capitalist" railroad executive who admired that particular kind of horse back in 1894.

Wanna fight?

### Service Station Important Part Of Community

A concern which plays a very important role in the life of any modern community is the service station, which keeps the wheels of that community turning.

The station is equipped to re-tire its vehicles, re-fuel them and service them, when ever the occasion demands.

One such concern here is the Harland Magnolia Service Station, located at 1000 Lamesa Highway in Big Spring.

The establishment is owned and operated by Grady Harland, who has devoted much of his adult life toward that kind of business.

Harland's station not only stocks such famed Magnolia products as Mobil-Tires and Tubes but has batteries and other types of automotive equipment, as well.

Personnel of the station is trained to expertly service vehicles, whether they are to be greased, washed or have crank-case oil changed.

In addition, employees of the Harland station offer automobile polish jobs that prove A-1 in every respect and serve to make old vehicles look like new ones.

Automobiles often, need a change in weight and grade of oil. Personnel at Harland's station can offer proper suggestions on just the right type to use, as well as keep the motorists informed on how often to change it.

Harland's also maintains an emergency service for motorists who might be stranded in the area and in need of such things as a tire change or tank fuel.

Business telephone number of the concern is 9787.

### Hot Weather Items Are Now On Display

A complete line of "hot weather" items is now in stock at Big Spring Hardware Company.

J. W. Atkins, manager, states that anything the customer wants toward making a "cool" and "comfortable" summer is available.

All types of air conditioning units are in stock. Lawn beautification facilities and outdoor camping aids are also available.

Wright, Show Breese, and Philco air conditioners give the customer a wide range of selection. The units are of the evaporative cooler and electric fan types, and are for residences and trailers.

The three-quarter and half ton refrigerated air conditioning units are available in the Philco line. Atkins also stated that pads and tubing are in stock for people who must do repair work on old units.

People who are starting to work on their yards can get any tool they need at the hardware store. Lawn mowers (both electric and push), hoses, rakes, shovels, weed pullers, etc., are plentiful.

A new flexible triple-tubed "lay-flat" plastic sprinkler has been added to the yard supplies. Atkins said that he has never seen anything like the sprinkler.

It looks like a garden hose, except it has three small tubes. The three tubes make it lay flat on any surface, Atkins said. The sprinkler can also be used as a soaker.

Double use is possible because

the small holes are only on one side, Atkins said. This with the holes up, it is a soaker. Since it will not turn over after set, the buyer can use it as he wishes.

Outdoor broiling and cooking units are also plentiful stocked at Big Spring Hardware. Atkins said that the prices range from \$3.49 to \$49.95. Some are so small that they can be used on camping trips. Others are designed for "outdoor kitchens."

A complete line of camping equipment has been stocked, including all types of fishing tackle. Folding lawn chairs are also being sold.

For the kiddies, wading pools and sand boxes are stocked. All types of lawn play swings and equipment can be obtained at the store too.

Atkins said that the usual line of baseball gloves, bats and balls are also available for the Little Leaguers.

### Soviet Spies May Be Increasing Their Work Under Wraps

WASHINGTON (AP)—Soviet spy activity in the U. S. and other free countries might be stepped up behind the cloak of Russian peace overtures, says a Senate Foreign Relations Subcommittee.

The subcommittee report, compiled before last week's statements in the Kremlin-controlled-Moscow press, was published Saturday.

In it, Chairman Wiley (R-Wis) cautioned against friendly gestures by the Russians. He said they may be "but one of the zig-zagging phases" to be followed by "open antagonism."

The Moscow newspapers pictured Russia as sticking to its foreign policy but with a readiness for "businesslike" discussions with the West.

### Dulles Will Speak

NEW YORK (AP)—Secretary of State John Foster Dulles has joined President Eisenhower on the list of speakers for the annual dinner of the New York Republican State Committee May 7.

**It's A Matter Of Splitting Seconds . . .**

Fast time in calf roping is a matter of breaking the seconds down into smaller periods of time—a fraction of a second for this, and a fraction of a second for that and the other.

Shoat Webster of Oklahoma had to be fast (as he was) in beating Toots Mansfield in their recent match here.

This picture of Webster and one of his fast calves that afternoon was taken from the timer's stand at 1-600th of a second. The calf had made quite a run down the arena from the chute at the left before Webster got a rope on him. The cowboy was half way down the rope before the horse could stop and while the calf, right at this split-second hadn't hit the end of the rope hard, he was just taking the slack out of it. Note Webster's right stirrup thrown up in the air above the saddle seat by the horse's quick stop—something the good roping horse doesn't have to be told when to do.

Some of the country's top calf ropers will be seen in action here in August when Tommy Steiner of Austin produces the annual Big Spring Cowboy Reunion Rodeo.

The more I think about it the more thoroughly convinced I become that at the Dorward Day celebration at Gail Sunday, one Shine Phillips and I played a trick, unintentionally, on an unsuspecting young gentleman from Austin, who journeyed to Gail for the event.

In the course of a three-way conversation this gentleman said to Shine:

"If you've been in this country long you'll remember . . ."  
"Beef in this country long," I interrupted. "Why, Shine is the man who ran the last herd of thirsty buffalo away from the Big Spring."  
"Is that right?" the gentleman questioned in surprise.  
"That's the truth," Shine answered very seriously. "I've been here a long time."

"Well, well, that's very interesting," commented the visitor, and then the conversation turned to other things.

All the way back to Big Spring and I kept saying to myself: "Why, that man believed us" and to this day I do believe he did.

I haven't yet checked with Shine on this point. Maybe it was the gospel truth after all. Anyway, we do know that the buffalo and Indians didn't run Shine out of the country.

David Dorward, who was born in 1872, moved to Borden County in 1892 and who has been a druggist in Gail since 1901, won his pharmacist's license about 1904 after studying at home, with the help of his wife and books loaned him by a drummer for a wholesale drug house.

Sunday he and Shine Phillips recalled that when Dorward won his license he did it by taking an examination in the Big Spring drug store that is now Cunningham and Phillips No. 1, presently located at 905 Johnson.

Shine was working in the store the day Dorward took that examination.

In those days there weren't any such things as all these specialties and proprietary medicines just patent medicines and those long rows of glass stoppers, big-mouth and small-mouth jars and bottles that contained salts of the various elements, powdered and liquid extracts of the medicinal plants, tinctures and such. Old-timers will remember those bottles and jars with their fancily-enameled and decorated labels, all in Latin (so they could be used anywhere in the world, the druggist explained—and also so the patient wouldn't know what he was taking).

That was the day when medicine was taken by mouth and not by the needle.

When the physician back there

then wrote a prescription it was likely to be a shotgun affair with eight or 10 ingredients in it, which meant that the druggist had to be a real pharmacist because he truly "compounded" prescriptions. All this meant that instead of pouring from the factory's bottle to the patient's bottle, as is the custom now, the druggist had to drag down eight or nine of those glass-stoppered, prettily-labeled bottles from the shelves and get out his scales and graduated and weigh and measure each separate ingredient and then mix them.

If the concoction blew up in his face, it was his fault—he should have remembered that just before dinner that day "Old Doc" appeared to be getting a thick-tongued. Yes sir, a man had to know drugs and dosages in those days and not just how to pour from one bottle to another without spilling the profits between making banana splits and fixing soda waters.

A lot of times back there then those old-time pharmacists didn't fill the prescriptions just exactly like they were written, either. More than one physician made a mistake in calculating a dose and made it too heavy. The pharmacist, who really had to know maximum doses on all drugs in those days, would catch the error, correct it, fill the prescription according to the correction, tell the old doctor about it, and the doctor would be buried in silence.

The big mistakes that the old-time druggists didn't catch were buried in the ground.

And today when there are hundreds of bottles of factory-made pills on drug store shelves and all a druggist has to do is take down a bottle, count out the required number and put them in another bottle or box and label them according to the directions, the fact is apt to be overlooked that it wasn't always this way.

The day 50 years ago when a pretty good sized boy named Shine Phillips stood around and watched a very young man named David Dorward take his examination for a pharmacist's license, he watched Dorward measure out and mix the ingredients and make pills and suppositories, the latter with a cocoa butter or soap base, just to prove he could do it.

And those pills that druggists had to make then—there wasn't any way to coat them then as now and so the druggist shaped them with his fingers and then rolled them in Lycopodium, a fine, yellowish, inflammable powder that was used in the manufacture of fireworks and in pioneer medicine. In either event it was usually "the fireworks."

The purpose of the Lycopodium was to keep the pills from sticking

together until they could flush out a urinary tract or shake a liver like a stick of dynamite.

In those days, too, there was a big book called the "British Pharmacopoeia" that was supposed to tell everything that anybody then knew about all drugs and parts of drugs. This volume, about the size of a giant edition of Webster's Dictionary, was the faithful friend of the early-day apothecary whose store was then decorated with big jars of colored water, and who made his carbonated soda water by pouring acid on marble dust while hoping to High Heaven the damn thing didn't blow him to Kingdom Come.

Yes, Shine Phillips and David Dorward have witnessed a lot of changes, and they talked about these things—at Gail Sunday.

**\$135 Billions Left On Jan. 31 For U. S. In Unspent Money**

WASHINGTON (AP)—A Senate-House committee reported today the federal government had more than 135 billion dollars in unspent appropriations on Jan. 31.

Of this, \$82,400,000,000 was available for military spending and \$13,300,000,000 for foreign aid.

Chairman Byrd (D-Va.) of the Joint Committee on Reduction of Non-essential Federal Expenditures has estimated that 102 billion dollars in unspent balances still will be on hand when the 1953 fiscal year ends June 30.

Military and other officials argue that appropriations must be made far in advance for many big defense items which take several years to produce.

**Eisenhower View Metropolitan Opera**

WASHINGTON (AP)—The Eisenhowers went Bohemian last night—in a white tie and low-cut red evening gown.

The occasion was the annual appearance in Washington of the Metropolitan Opera Company. The opera was Puccini's "La Boheme," sung in Italian.

Eisenhower's psychological warfare consultant, C. D. Jackson, said afterward that the President "loved it" and that "he had a wonderful time."

**Strike Is A Failure**

HOUSTON (AP)—A threatened student strike to protest the resignation of President A. W. Kemmerer failed to develop yesterday at the University of Houston.

**35 Former Yank Prisoners Now On Way To U. S.**

By OLEN CLEMENTS  
TOKYO (AP)—Thirty-five American soldiers, freed from Communist prison camps in Korea last week, boarded a big hospital plane here today and headed eastward across the Pacific toward home.

The plane will land in Honolulu, across the international date line, this afternoon, Hawaiian time. After resting about 24 hours the men will leave for California on the left leg of their homeward flight.

No definite schedule was announced, but the plane probably will land at Travis Air Force Base, 40 miles northwest of San Francisco, early Thursday.

The lucky 35 picked for the first home r-d-bound plane were moved shortly after noon from two Tokyo Army hospitals to Haneda Airport, where the big transport was waiting. Some were litter carriers.

Two Texans were included. The Army refused to let newsmen talk with the former prisoners at the airport.

Another 114 Americans freed last week at Panmunjom still are under treatment at Army hospitals in Japan. There has been no announcement when a second plane would leave for the U. S.

**Murphy Will Advise UN Armistice Unit**

By ROBERT EUNSON  
TOKYO (AP)—Robert Murphy, whose job as ambassador to Japan ends today, says he will remain as a special political adviser on armistice talks to Gen. Mark Clark U. N. commander.

Murphy, who arrived a year ago today, made the announcement at a luncheon in his honor at the American Chamber of Commerce in Japan. It was to have been a farewell luncheon.

Murphy was political adviser to President Eisenhower while Eisenhower was military commander in Africa and later Germany.

"If you see anyone around here in the next few days looking like Hamlet's ghost," the tall, genial ambassador explained, "don't be surprised. It will be me."

He said he received a message from Secretary of State John Foster Dulles four days ago asking him to remain in Tokyo and advise the U. N. commander.

He will not become a member of the U. N. armistice delegation.

Several members of the United Nations have suggested that Clark name a civilian member of the delegation.

The United Nations commander—Clark and his predecessor, Gen. Matthew B. Ridgway—have insisted that the truce talks sought a military armistice only.

Murphy said Dulles asked him "to be Gen. Clark's political adviser for a brief period."

He said his wife and daughter would leave for the States tomorrow as planned.

Murphy will be replaced as ambassador to Japan by John M. Allison, former assistant secretary of state for the Far East.

Murphy will become assistant secretary of state for United Nations affairs when his position with Clark is terminated.

A spokesman for Clark said Murphy would aid the Far East commander in "analyzing and assessing the political implications of the armistice negotiations."

**MISTER BREGER**

"Poor Fred - he hasn't succeeded in breakin' through the sound barrier YET!"

# National Primary Urged By Senator

By JOE HALL  
 WASHINGTON (AP)—Sen. Smathers (D-Fla.) said today selection of presidential candidates should be taken out of the hands of "a few haggling, ambitious, back-room barons."  
 He made the assertion in a statement prepared for a judiciary subcommittee hearing on his proposed constitutional amendment to set up a national presidential nominating primary.  
 The amendment would eliminate the national convention system of choosing presidential nominees.  
 Instead they would be selected at state primaries held on the same day throughout the nation.  
 "The people of America saw the inefficient, archaic, and disgraceful method of selecting presidents at the conventions which were held in Chicago last year," said Smathers. Last year's conventions were the first ever televised.  
 "There is no doubt but what the people of the U. S. did not like what they saw," Smathers continued. "They don't believe that it is good democracy to leave the selection of presidential candidates in the hands of a few haggling, ambitious, back-room barons of professional politicians."  
 "The President of the United States is too important to leave solely in the realm of politicians," the Smathers amendment has

these two other provisions:  
 1. Changing what he called "the archaic electoral college system" used in national presidential elections to provide proportional division of the electoral votes from each state.  
 2. Providing that a vice president who succeeded to the highest office on the death of a president could serve a maximum of two years and 90 days. A new president chosen at the next congressional election, if a president died in the first two years of his term.  
 Under the first provision, a nominee for president would get the same proportion of electoral votes in each state as he received in the popular vote. Now a nominee gets all of the electoral votes from a state if he wins a plurality of the popular votes.

## T&P Men Finish First Aid Course

Fifteen employees of the Texas and Pacific Railway Company in Big Spring have just completed an advanced Red Cross first-aid course.  
 The men will now act as a first-aid team. They were instructed by G. P. Morrison and F. G. L. Snow. Instructor in previous training was M. H. Shock.  
 Those completing the course were: W. C. Bell, R. H. Cantrell, M. J. Dehlinger, F. P. Early, M. C. Lawrence, R. H. Miller, G. R. Pool, J. C. Rogers, A. J. Ryan, L. V. Schattell, H. H. Squires, B. E. Winterrowd, A. E. Sundry, N. L. Childress and C. R. Dunagan.  
 Each of the men have been awarded an advanced first-aid course certificate by the Red Cross.

In Hot Row

James A. Wechsler, editor of the New York Post (above) and Sen. Joseph R. McCarthy (R-Wisc.) denounced each other in a face-to-face meeting in Washington when Wechsler was called before McCarthy's investigating subcommittee. The committee session was held behind closed doors, but reports told of the row Wechsler and McCarthy entered into. (AP Wirephoto).

## 2 Persons Die, 4 Injured After Train Accidents

DENVER (AP)—Two train accidents 300 miles apart—one involving a passenger streamliner—killed two Union Pacific Railroad crewmen and injured four others yesterday.

The passenger train, the Union Pacific's westbound San Francisco Overland Limited, crashed into a gasoline truck outside Denver and spewed flaming fuel over two cars. Another car carrying a cargo of explosives hastily was towed out of danger and all 200 passengers escaped injury.

The other accident was a Union Pacific freight derailment at Red Desert in southwestern Wyoming. It blocked the railroad's double main line, causing the Chicago-to-San Francisco passenger train to be rerouted via Denver.

Both deaths occurred in the Wyoming derailment. Trapped and killed as a big steam locomotive toppled over were engineer Leo G. Murry, 42, and fireman Lawrence Endres, 23, both from Rawlins. Brakeman James R. Anderson, 37, of Rawlins, also was pinned in the locomotive. Workers using torches and hacksaws finally freed him more than 10 hours later. He suffered burns and a leg injury. The cause of the derailment had not been determined.

In the truck-train collision, three trainmen suffered injury. The truck driver escaped injury. Officials said a large amount of the mail was destroyed before two Denver fire companies put out the flames.

## Dow Aide Asks To Retain 'Buy American' Law

By STERLING F. GREEN  
 WASHINGTON (AP)—A prominent industrialist today sought to persuade the U. S. Chamber of Commerce not to take its proposed stand in favor of lowering tariffs and repealing the "Buy American" law.

Leland I. Doan, president of Dow Chemical Company, told the Chamber's 41st annual meeting here that, in an extreme liberalization of tariffs, some industries "would be most seriously damaged or even destroyed."  
 "Much as we dislike—and are trying to circumvent—its necessity, there is one thing in favor of tax-supported foreign aid," Doan declared. "The burden falls equally upon the American people and upon American industry."

The "Buy American" law requires U. S. firms to be given preference in government purchases unless foreign suppliers submit markedly lower bids. The Chamber's Policy Committee has prepared resolutions for a convention vote tomorrow, calling for the lowering of customs barriers to foreign imports.  
 Doan, from Midland, Mich., argued in a prepared speech that there is "plenty of evidence" that American tariff revision will not boost friendly nations to economic self-sufficiency or substantially relieve the U. S. tax burden.  
 Granting the desirability of helping other nations out of their economic difficulties, Doan said, "Tariff reductions are something to be worked out slowly, judicially and very selectively by qualified experts using economic and stability, rather than emotion, as their guide."

## Local Board Quota For May Set At 18

May induction quota for Local Selective Service Board No. 71 is 18 men.  
 The 18 registrants from Howard Martin and Mitchell Counties will be sent to Abilene May 26 for entry into the armed forces. The call will be No. 36 for the local board since outbreak of hostilities in Korea nearly three years ago.  
 Pre-induction physical quota for the tri-county area for May is 37 men. The group will be examined May 12 also in Abilene.

# Office Costs Average \$584 Per Legislator

WASHINGTON (AP)—House members drew \$128,684 in cash during the last six months of 1952 from the \$481,800 fund they voted themselves for stationery and similar expenses.

The cash withdrawals, Controller General Lindsay Warren reported in an audit of the stationery room, were made by 220 members of the 82nd Congress and averaged \$584 for each of these members. Warren's report, dated April 24, was made available to The Associated Press today.

The report, covering the period from July 1, 1952, to last Jan. 3, didn't show what the members did with the cash they withdrew. They don't have to use it for stationery, and they don't have to account for it.

Several members listed as having made cash withdrawals said they had used the money for various office expenses.

For example, Chairman LeCompte (R-Iowa) of the House Administration Committee said he believed he had bought two typewriters for an office he maintains in his district. He noted that the

only requirement imposed by the House is that the money be used for office expense.

Rep. Thomas (D-Tex.), in a separate interview, said he withdrew the stationery expense money as fast as it becomes available, and then pays his expenses by check. He said that method makes it easier to keep track of office expenses.

Each year an appropriation is made for stationery, and it stays in the fund until used. Heavy withdrawals in cash came after the House voted an additional \$300 stationery allowance during the 1952 session for each of its members on the ground there had been an "unanticipated increase in expenses." Previously it had voted \$800 per member for the year.

As of Jan. 3, Warren reported, 80 House members had overdrawn their stationery accounts by a total of \$7,575, and former members owed \$2,407.

For the present 83rd Congress, each member started with a new stationery allowance of \$800. That amount could be increased later in the year.

## Rotary Holds Meet At State Hospital

The local Rotary Club was to meet at the Big Spring State Hospital today with members to be guests of Dr. Roy Sloan, superintendent.

A women's club from Midland also was present for the luncheon and a tour of hospital facilities. There was no charge for the luncheon but Rotarians were to drop the customary luncheon fee, or more, in a "kitty" for hospital patients' recreation.

# No. 1 in Texas

First in sales among premium gasolines

First in Quality

**HUMBLE**  
**Esso Extra**  
**GASOLINE**

There's a friendly Texas welcome waiting for you at the Esso Extra pump under the Humble sign in your neighborhood.

A friendly welcome... and the No. 1 gasoline in Texas! Esso Extra stands No. 1 because more Texans use Esso Extra than any other premium quality gasoline.

It stands No. 1 because Texans have discovered that Esso Extra gives them:

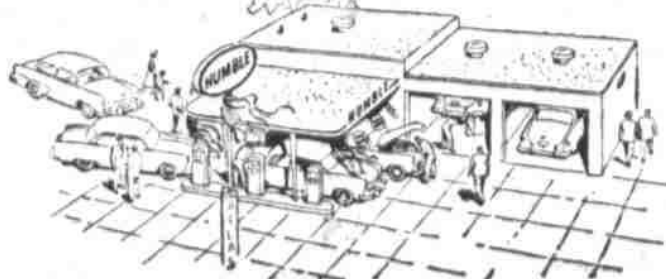

Extra anti-knock performance; extra quick starting; and extra power—plus a patented solvent oil that keeps engines extra clean.

Ask any user; he'll tell you that Esso Extra stands No. 1 with him—that he prefers the extra performance that Esso Extra gives his car.

So will you. Enjoy your car: fill up with Esso Extra gasoline at the Humble sign in your neighborhood.

Coming **HUMBLE**  
**WELCOME WEEK**  
 throughout Texas

The Humble dealer in your neighborhood has made special preparations to show you how very welcome you are under his Humble sign. Look for the announcement of Humble Welcome Week—soon.

An outstanding gasoline at regular price  
**HUMBLE MOTOR FUEL**  
 Just as Humble Esso Extra is the quality leader among premium gasolines, continuously improved Humble Motor Fuel leads in the regular price field... Which ever you use—premium grade or regular—fill up with a better gasoline under the Humble sign in your neighborhood.
