

Tempers Flare Over Bohlen As Vote Set Friday

By ERNEST B. VACCARO WASHINGTON (AP)—The Senate took time out today in the Eisenhower administration's first open foreign policy fight with Sen. McCarthy (R-Wis.), centering on Charles E. (Chip) Bohlen's nomination to be ambassador to Russia.

Tempers flared angrily during yesterday's debate. Senate Republican Leader Taft of Ohio and Senate GOP Policy Chairman Knowland of California united to champion President Eisenhower's appointment.

McCarthy and Sen. Bridges (R-NH), co-leaders of the fight on Bohlen, conceded his confirmation by a big majority when the Senate votes. A vote is likely tomorrow; the Senate is in recess today.

Bohlen's opponents have raised questions about his security and have said he was intimately linked with Democratic foreign policies which, they contend, were repudiated in the 1952 elections.

The controversy reached its peak when Knowland, his face flashing anger and resentment, challenged what he interpreted as a reflection by McCarthy on his truthfulness.

The question was raised whether former Ambassador Hugh Gibson had joined ex-Ambassadors Joseph C. Grew and Norman Armour in recommending assignment to Moscow of the 48-year-old Bohlen, a veteran foreign service officer and Russian specialist.

Sen. Dirksen (R-Ill.) said Gibson had told him by telephone he had made no recommendation on Bohlen, as reported by Secretary of State Dulles to the Foreign Relations Committee.

Knowland then produced what he said was a Jan. 29 memorandum to Dulles signed in ink with the names of Gibson, Grew and Armour.

This memorandum referred to an attached list of recommendations for diplomatic posts. Knowland declared, and added that an inspection of the list showed that next to Russia was the name of Bohlen.

Knowland said he was not at liberty to read the entire document.

While Democrats chuckled, McCarthy brought Knowland to his feet again by suggesting that Dirksen be allowed to see the letter since he was a "good security risk."

The Californian furiously announced he had "not misrepresented the facts," and added that if McCarthy thought it was necessary for Dirksen "to verify what I told the Senate," Dirksen was free to see the letter.

"There's no need to get excited," McCarthy declared. "No doubt you told us the truth."

Knowland said he did not propose to question every communication sent up by the secretary of state.

"If we have so destroyed confidence in the men chosen to serve in high places in our government," Knowland declared, "God help our country if that's the basis we are going to operate on."

McCarthy's voice rose in turn as he shouted back that "the mere fact that Dwight Eisenhower nominates someone doesn't mean we should blindly confirm him."

The exchange ended with McCarthy insisting that Knowland should clear up Gibson's stand. An attorney for Gibson said the former ambassador would have no immediate statement.

Sen. Ferguson (R-Mich.) read into the record a letter from Grew stating "there is no shadow of doubt in my mind that he (Bohlen) is the best man for the (Moscow) job now."

Taft apparently had succeeded in removing as a big issue in the prospective vote the question of whether R. W. Scott McLeod, new State Department security officer, clearance by Secretary of State Dulles.

The majority leader said he had a letter from McLeod saying that the only file he saw on Bohlen was the FBI summary sent over to the State Department.

Washington (AP)—President Eisenhower said today the ammunition situation in Korea now is perfectly sound as compared with the type of operations going on there.

The President made this statement at a news conference during which he also defended his nomination of Charles E. (Chip) Bohlen to be ambassador to Russia. He said Bohlen, who has come under fire from a group of Republican senators, is the best qualified man and the nomination sticks.

Eisenhower's remarks about the ammunition situation were touched off by questions about the differences between the Pentagon and Gen. James A. Van Fleet.

Van Fleet, retiring commander of the Eighth Army in Korea, has declared there were serious, sometimes critical, shortages of ammunition during his 22 months in Korea.

Weary Warrior

Exhausted by a night and day-long fight with Chinese Communists on Old Baldy in Western Korea, a United Nations soldier takes his rest where he can find it—alongside a pile of ammunition boxes. The Chinese Communists launched one of their heaviest assaults in months against Old Baldy over the week end and the fight still continues. (AP Wirephoto via radio from Tokyo).

Water District Awards Contract For Bull Creek Diversion Dam

Colorado River Municipal Water District directors awarded contracts totalling \$262,785 this morning for construction of a pump station and a diversion dam on Bull Creek.

O. J. Broughton of Dallas got the contract for the pump station on a low bid of \$39,987. The pump station will serve Snyder.

Broughton's contract specifies that the project will be completed in 75 working days. His bid was only \$12 under the second low quotation submitted by J. C. Oliver.

In all there were five bids on the pump station. The highest figure submitted was \$64,482.

Contract for the Bull Creek diversion dam and channels went to Dean Skinner of Austin. He submitted the low bid of \$222,895.

The Bull Creek project, which has been designed to move water from that stream into Lake J. B. Thomas, will require moving of approximately one million cubic yards of dirt.

Skinner proposes to complete the job in 125 working days.

His bid was \$60,000 under the nearest offer. Fourteen bids were submitted on the diversion project.

It came about over Senate Bill 213 by Kilger Coplin of Lubbock, a bill which would validate the Martin County district.

The bill was passed through Sen. Dorsey Hardeman's water rights committee as a local bill. No opposition appeared. The bill was put on the senate's local and uncontented calendar.

Sen. J. T. Rutherford of Odessa one of the three towns making up the Colorado River District, and Sen. Harley Sadler of Abilene representing the other two towns, Big Spring and Snyder, filed their protest and promised a floor fight if the bill does not come off the uncontented list.

Telegrams of protest came

Colorado River Municipal Water District directors meeting here today were to discuss S. B. 213 this afternoon.

The board had a full agenda this morning opening bids for construction work. However, it expected to remain in session most of the afternoon.

Officials said there had been no comment on Sen. Corbin's bill this morning. In fact, they said the board had no knowledge that such a bill had been submitted until a week ago.

Hiss may be called To Testify At Probe

WASHINGTON (AP)—A proposal that Alger Hiss be called from prison to testify about the hiring of United Nations staff members comes up for consideration today by a House Judiciary Subcommittee.

It was made by Rep. Byron Rogers (D-Colo.), only Democratic member of the group investigating alleged Communist infiltration of the U. N. staff.

J. B. Thomas on July 1 had been confirmed. However, Freeze said actual use of water by SACRO probably would not start on that date.

The engineer said Lake J. B. Thomas now has enough water impounded to supply Snyder and the SACRO project for the remainder of the year. A normal rainfall, however, would put about four times that much water in the lake.

The directors will continue their session this afternoon.

CRMWD-Martin Dispute Flares Up

AUSTIN—The dispute between the Colorado River Municipal Water District and the Martin County Underground Water District erupted Thursday in a new place—the Texas senate.

It came about over Senate Bill 213 by Kilger Coplin of Lubbock, a bill which would validate the Martin County district.

The bill was passed through Sen. Dorsey Hardeman's water rights committee as a local bill. No opposition appeared. The bill was put on the senate's local and uncontented calendar.

Sen. J. T. Rutherford of Odessa one of the three towns making up the Colorado River District, and Sen. Harley Sadler of Abilene representing the other two towns, Big Spring and Snyder, filed their protest and promised a floor fight if the bill does not come off the uncontented list.

Telegrams of protest came

The board had a full agenda this morning opening bids for construction work. However, it expected to remain in session most of the afternoon.

Officials said there had been no comment on Sen. Corbin's bill this morning. In fact, they said the board had no knowledge that such a bill had been submitted until a week ago.

Hiss may be called To Testify At Probe

WASHINGTON (AP)—A proposal that Alger Hiss be called from prison to testify about the hiring of United Nations staff members comes up for consideration today by a House Judiciary Subcommittee.

It was made by Rep. Byron Rogers (D-Colo.), only Democratic member of the group investigating alleged Communist infiltration of the U. N. staff.

He said Hiss should be asked about earlier testimony that he unofficially relayed to the U. N. hundreds of names of job seekers in 1945-46.

Hammett To Talk

WASHINGTON (AP)—Dashell Hammett, author of "The Thin Man" and other novels, was called to testify today before senators investigating the State Department's propaganda program.

Reds Open New Drives After Taking Old Baldy

Old Baldy Hill Appears Like A Smoking Volcano

By GEORGE SWEERS Associated Press Photographer ON A HILL OVERLOOKING BALDY, Korea (AP)—Old Baldy was a smoking mess today.

Once, when a Marine Corsair swooped low to bomb the flat top of Baldy the explosion looked like a slow motion movie of a volcano eruption.

Flames shot up from the center of the bare mountain. Smoke rose slowly, gathering in a great black cloud about a mile overhead. On the scarred surface of Baldy, Chinese soldiers scurried about, trying to get out of the way of United Nations air strikes and thundering American artillery fire.

One group of eight Chinese hid from the Allied planes under a sort of bridge covering a trench line. Under the bridge they were directly in front of the sights of a 90-millimeter gun on a Patton tank on the hill where I was standing.

The tank fired three times. The bridge and everything under it appeared smashed.

Some Chinese hid in an abandoned American tank on the southern slope of Baldy.

One of the tanks where I was on a hill southeast of Baldy, set after the stricken tank, with the Chinese in it, with eight rounds of 90-mm fire. The tank's gasoline went up in a flash.

Nobody got out. It didn't look like anything could live above the ground on Baldy. But the Chinese were probably deep inside positions dug by American and Colombian soldiers.

I watched the shelling and bombing of Baldy for about two hours. U. S. Air Force Thunderjets or Corsairs came in regularly dropping bombs.

The Corsairs dropped bombs at about 50-foot intervals along the ridge.

U. S. artillerymen marked targets for the fighter-bombers with white phosphorous shells, then pounded them when the planes left.

Troops of the U. S. 7th Division withdrew this morning from their last foothold on the southeast slope of Baldy, which was overrun by some 900 Chinese.

A division officer said one reason for the withdrawal was to enable planes to plaster the hill freely.

When the Americans held a knob of the hill, the officer said, pilots could not distinguish which positions were American and which Chinese.

Absentee Vote Ballots On Hand

Ballots were on hand today for the start of absentee voting in the Big Spring Independent School District trustee election, John L. Dittrell Jr., secretary, announced.

Absentee voting in the school election will continue through next Tuesday, Mar. 31. Three trustees will be chosen Saturday, April 4, from a field of eight candidates.

Absentee balloting in the city commission election has been underway more than a week but only five persons had cast their votes up to noon today. The deadline for absentee voting in the city election is Friday, April 3, and two commissioners will be named as a result of voting Tuesday, April 7. Five candidates are in the race for the posts.

Running for school board seats are Dr. Akin Simpson, Dan Conley, Allene Read, Helen McCrary, E. McKinney, David Elrod, H. L. Shirley and Clyde Angel. Only Conley is an incumbent.

In the municipal race are Willard Sullivan and G. W. Dabney, both seeking re-election, and Mack Rodgers, W. W. Mosser and Paul Kasch.

Scattered Showers Possible For Area

With a trace of moisture already on the records, conditions were favorable at noon today for scattered showers in the Big Spring section this afternoon.

Observers at the local Weather Bureau said showers or thunder-showers might dot the area during the afternoon or early tonight. Heaviest clouds are expected to swing to the east of Big Spring, however.

Grieving

The Duke of Windsor, eldest son of the dead Queen Mary, leaves her Marlborough House residence in London. The 85-year-old grandmother of Queen Elizabeth II died after a prolonged battle with a gastric ailment. (AP Wirephoto via radio from London).

County Engineer George E. Bean Resigns Post

Howard County Engineer George E. Bean has submitted a letter of resignation to the commissioners court.

Bean gave no specific reason for his resignation, but stated in his letter that his "association with the court and with the other county employees has been a pleasant one, and it is with regret that I find it necessary to leave."

Although no official action had been taken on the resignation, County Judge R. H. Weaver said he assumed that it would be accepted.

Bean has asked that his resignation become effective April 1.

Commissioners received the letter of resignation Monday, but made no announcement at that time. Weaver said he had not had an opportunity to discuss it with other members of the court since he returned from a trip to Austin on Tuesday night. The county judge attended the Attorney General's "crime conference" on Monday and Tuesday.

Bean is the second man to hold the post of county engineer since the County Unit Road Plan was adopted by voters here in 1948.

His employment for the post was announced last June 16 and he began his duties here a week later. At that time the county engineer's post had been vacant since Aug. 1, 1951.

Bean came here from Lubbock where he had been employed by the city engineering department and by private contractors.

Economy Forces Plan New Motion

AUSTIN (AP)—No-tax economy forces planned a new push today to get the Legislature's "must" big money bill into conference committee for final writing.

They failed yesterday but promised a quick new motion to reject the Senate's 166 million dollar general spending bill.

If the House goes along, that would send the appropriations bill to a joint House-Senate committee which could get to work on the rewriting job during the week-end recess.

The House bill calls for spending about six million dollars less than the Senate. Economy leaders in both House and Senate want to keep spending within income and thus sidestep new taxes.

While the Legislature still grappled with the spending-taxing issue, it heard more bad news from the Railroad Commission. It shut-down production in the huge Sprberry Trend area of West Texas, further slicing into oil tax revenue.

This was expected to be made up in part by future production adjustments, however.

The House stayed in session all day and cleared its calendar of 83

UN Planes Blast Enemy Atop Hill

By GEORGE A. McARTHUR SEUL (AP)—Chinese Reds slashed out with new attacks in Western Korea late Thursday, while Communists holding shell-rubbed Old Baldy, 25 miles away, took terrible punishment from U. S. guns and war planes.

One attack by about 750 Reds was stopped on Bunker Hill, five miles east of the truce talk village of Panmunjom; early reports said.

Allied troops on a nearby outcrop beat off another assault by a force of about 150 Reds.

At two other outposts in the area, fighting raged on four hours after the first attacks. There was no estimate of the number of Reds involved. Reds and allies fought hand to hand at the positions.

The attack in the Bunker Hill area could be a Red diversion intended to relieve the deadly pressure on Old Baldy, almost obscured by the dust and smoke raised by allied artillery and mortar fire and bomb bursts since American troops abandoned it to victorious Chinese.

All day long the Western Front hill rocked under intense fire as the Americans tried to root out the stubborn Reds who handed U. N. troops their worst beating since they were thrown off the Kumhwa ridges five months ago.

The U. S. 7th Division pulled out in today's early darkness, dynamiting their trenches and bunkers.

There was no immediate report on the size of the attack.

Both sides have taken bitter losses in the slugfest match for the red-dirt peak overlooking the Imjin Valley gateway to Seoul.

The Eighth Army said the Reds lost 1,859 men—including 145 counted dead and 434 believed killed—in the first two days. U. S. casualties were not announced.

As dawn broke today U. S. warplanes began battering Baldy with 1,000-pound bombs, hitting again and again. Artillery made the hill a smoking mess.

Associated Press Photographer George Sweers, watching from a nearby hill, said, "It didn't look like anything could live above the ground."

But the Chinese were up there on the bare peak, some dead and wounded, others probably deep inside bunkers and trenches.

A Colombian officer, whose men held the first Chinese attack until they ran out of ammunition, said the Reds acted as if they had been doped. He said he found brown pills on some of the Chinese dead.

At dawn today the American warplanes roared U. S. 6, artillery gashed the Reds into a big gun duel that was still raging in midafternoon. American tanks joined the fight.

They had dynamited their trenches and bunkers into rubble.

Then came the U. S. fighter-bombers—Thunderjets, Panther jets and propeller-driven Corsairs.

By midday, Baldy had shuddered under 100,000 pounds of explosives.

The planes and roaring U. S. artillery gashed the Reds into a big gun duel that was still raging in midafternoon. American tanks joined the fight.

A crown of smoke and dust capped the peak in spite of a bright, clear day.

Latest estimates placed Chinese on the hill at about two companies

—some 350 men—but officers said they could have been reinforced last night.

Front-line officers say they do not think the Baldy fight is the start of a big attack.

The 7th Division commander, Maj. Gen. Arthur Trudeau, said yesterday, "We have no doubt we will retake Old Baldy—and soon."

Elsewhere along the 155-mile front, action was minor, but the air war picked up as Red jets and U. S. planes clashed over North Korea.

The Korean War's first jet ace, Maj. James Jabara of Wichita, Kan., probably destroyed one Red MIG jet and damaged another, the Air Force said. Jabara has started his second tour.

Food Price Drop Brings Decline In Retail Costs

WASHINGTON (AP)—Retail prices as measured by the government dropped four-tenths of one per cent between mid-January and mid-February. It was the largest price decline in any month of the past year.

Falling food prices were mainly responsible.

The Bureau of Labor Statistics (BLS) said the retail price of food, clothing, housing and hundreds of other items bought by moderate income urban families was 113.4 per cent of the 1947-1949 average.

With the figure at 113.9 for Feb. 15, the government's consumer price index has now declined for three consecutive months from a record peak reached last November.

The decline in one month of five-tenths of one point on the index works out to four-tenths of one per cent. This because the change is from a base of 113.9—whereas the percentage decline is worked out from a base of 100.

The drop in the index left it at 11.4 per cent above the June, 1950 figure, just before the Korean War started.

The BLS said the price of food dropped 1.4 per cent over the month and that food prices averaged lower in all 46 cities surveyed. This put the average price on food at its lowest point since January, 1951—one per cent below a year ago and 10.9 per cent above June, 1950.

The month's sharpest food price decline—2.9 per cent—was recorded in the meat, poultry and fish category.

The index published today was the first since the lifting of all price controls but that action was not completed until after the sampling of prices for the Feb. 15 index.

Dutch Student To Be Allowed To End Kilgore JC Term

KILGORE (AP)—Robin Groninger, 24, facing deportation to The Netherlands will be permitted to complete his term at Kilgore Junior College, a congressman said yesterday.

Rep. Brady Gentry (D-Tex.) said the Immigration Service assured him Groninger would be permitted to stay in the U. S. until June.

Groninger was arrested as he attended church. He admitted jumping ship at New Orleans last summer.

The Rev. Deckert Anderson of Kilgore's Eastview Baptist Church said 1,000 signatures have been obtained in Kilgore on behalf of the young Dutchman. Members of the church congregation posted \$500 bond for him.

Groninger is working as a teacher usher for \$21 a week and attending classes at the college.

THE WEATHER
BIG SPRING AND VICINITY: Fairly rainy today with some change in temperature tonight and Friday. Scattered showers or thunderstorms Saturday, Sunday and early tonight.
High today 85, low tonight 55.
Minimum tomorrow this date 55 in 1951; maximum rainfall this date 48 in 1951.

Legislators Warn Of REA Policy Issues

WASHINGTON (AP)—House Minority Leader Sam Rayburn (D-Tex.) told a group of rural electrification leaders from Texas that "you are up against a continuing fight" to continue REA policies unchanged.

Rayburn told the group from the Brazos watershed that opponents of public power enterprises have influence with the Republican administration.

Rayburn said he was among those who believed that there is a need for co-ordinated operations of public and private power systems.

Sen. Johnson (D-Tex.), Senate minority leader, declared Congress as a whole favors the REA and would vote against a prohibition of REA loans.

"However," Johnson told the group at a luncheon, "in view of the developments of the past 60 days I feel grave concern about the generating and transmission loans in the future."

Johnson said through administration orders officials of the REA could issue restrictive requirements and other regulations that would curtail operations.

Sen. Daniel (D-Tex.) said he supported President Eisenhower with the understanding that Eisenhower supported such farm programs as the REA.

Rep. Clark Thompson, Galveston, said:

"I must repeat what Mr. Rayburn said, we're not in as friendly a house now as we used to be."

Rep. W. R. Poage, Waco, said public and private power companies in Texas "are getting along fine" because of a mutual respect for each other.

Noting that the Brazos Co-operative both buys and sells electricity from private utilities in Texas, Poage said the "terms would be harsh" if the co-operative didn't own its own steam generating plant to supplement power from the government-built Morris Shep-

LOUIS CHAPIN

Louis Chapin Dies; Funeral Set Friday

Louis Collier Chapin, 73, veteran Coaden employe and the first to leave the company under its new retirement plan, died in a hospital here Wednesday afternoon.

Mr. Chapin had been ill for the past two years and in a critical condition since Sunday.

Funeral has been set for 3 p.m. Friday at the Nalley Chapel with his minister, the Rev. Bill Boyd, St. Mary's Episcopal rector, officiating. Burial will be in the Trinity Memorial Park.

A native of Marietta, Ohio where he was born on Sept. 17, 1879, he was graduated from the schools there and attended Marietta College for two years. Later his family moved to Toledo.

When the Spanish-American War came, he enlisted as a sergeant with the Toledo Cadets, 121st Infantry. Following the war he came to Texas, settling at Beaumont and working in the fabulous Spindletop oil field.

Mr. Chapin was a worker on the first oil well in Texas to pump oil. Later, he was associated with

the old Coaden Company in some wildcatting ventures in Oklahoma.

In 1917 he enlisted in the Canadian service for action in World War I, transferring into the British service three months later. He trained in England and served in Italy at the Ausseago front until end of the war.

It was in 1927 that he was married to Mrs. Bertha Elizabeth Meeks in Fort Worth. The following year they came to Big Spring, and he was employed by Coaden in the construction of its first Jenkins stills. Over the years he held various jobs and retired on Nov. 1, 1931 as a watchman.

Surviving are his wife; three step sons, Gordon Meeks, Houston, Tommie Meeks and Buddle Meeks, Big Springs; three step-daughters, Mrs. C. O. Key, Houston, Jana Sue Meeks, Houston, Mrs. Raymond Gillette, San Bernardino, Calif. He also leaves a brother, Walter Chapin, of Wellington, Ohio, and a nephew, William Rogers, Fort Worth.

Pallbearers will be L. E. Maddux, Jack Tibbs, W. L. Sandridge, W. D. Willbanks, Raymond Tollett, Jack Y. Smith, C. A. Tonn and J. C. Tonn.

Prospects For Oil Discoveries In W-T Noted

HOUSTON (AP)—Prospects for new oil discoveries in Western Washington and in the Delaware Basin area of West Texas and Southeastern New Mexico were described today.

Technical papers prepared for delivery before 6,500 petroleum scientists also included reports by U. S. government representatives on recent oil explorations in two Alaska areas.

It was the final day of a five-day joint meeting by the American Assn. of Petroleum Geologists, the Society of Economic Paleontologists and Mineralogists and the Society of Exploration Geophysicists.

W. L. Stanton, Sacramento, Calif., said most geologists who have studied the Western Washington area believe oil and gas in commercial quantities will be discovered there.

T. F. Harris, Midland, Tex., said important petroleum discoveries are in prospect for the Delaware Basin which lies beneath more than 10,000 square miles of West Texas and Southeastern New Mexico.

Harris, a consulting geologist, said the Delaware Basin is similar in many ways to the West Texas Midland Basin where large petroleum reserves have been found.

Tests in the Delaware Basin have been much less frequent than in the Midland Basin but Harris said sustained production from deeper zones is imminent.

"The most important discoveries are expected to result from prospecting all pre-Permian reservoirs within reach of the drill, down to and including the Ellenburger Dolomite and Early Ordovician Age," he said.

Life-Like Characters Seen In 3-D Movie

A development in movie production that may rank with the addition of sound in importance is the three-dimensional or Natural Vision type of screen presentation. This, of course, adds the illusion of depth in vision so that characters on the screen appear to be completely life-like.

The milestone film that has set the pace in 3-D is Arch Oboler's "Bwana Devil," first feature length film to be made with the Natural Vision features.

This picture comes to Big Spring for an extended run beginning April 2, and will be seen at the State Theatre. Special projection machines will be set up in the State for this filming.

Persons viewing "Bwana Devil" will be given special polaroid spectacles to wear, to create the illusion of the third dimension. This device of presentation—which may change the whole course of movie making—is attracting record crowds where ever the picture has been shown.

The revolutionary new color presentation, starring Robert Stack, Barbara Britton and Nigel Bruce, is the initial production ever made anywhere in 3-D, and is the exciting culmination of over two decades of intensive research in the field of three-dimensional cinematography and projection by many of Hollywood's top technicians.

It was producer-writer-director Arch Oboler, famed as the "Master of the Unusual," who arranged to make the first three-dimensional feature utilizing Natural Vision, and "Bwana Devil" is the result.

The unique picture, photographed by veteran cameraman Joseph Biroc, tells the true-life dramatic story of the building of the first railroad across British East Africa at the turn of the century.

Murph Thorp knows point. (Adv.)

Scotland Yard Hunts For Killer Of Women

LONDON (AP)—Scotland Yard pressed grimly ahead today with an inch-by-inch search of the drab "murder flat in Rillington Place," which already has yielded up the bodies of four strangled women—one of them six months pregnant.

Police in all parts of the British Isles, meanwhile, were on the lookout for John Christie, dapper, 55-year-old mystery man who had lived for 15 years in the seedy little tenement apartment in London's rundown Notting Hill district.

The gruesome discovery recalled

testimony of a 1949 murder defendant purporting to link Christie with the strangling of a woman and child in the same house. Christie denied the accusations and the defendant, the woman's husband, was executed.

The latest rash of murders promised to rank in British annals with the horror-crimes of last century's Jack the Ripper, mutilator of street women, and John George Haigh, post-World War II killer who drank the blood of his female victims through a straw and dissolved their bodies in acid.

One of the dead women in the Christie apartment was identified last night as Hectorina MacLennan, 25, a London servant girl. Her brother said she had been missing from her home for about a month.

The other three victims—identities still unknown—were a brown-haired girl of about 25, the pregnant one, believed dead for about three months; a blonde of about 20, dead two to four months, and a fair-haired woman of about 45, dead three to four months.

All four had been strangled with a thin cord or wire.

The partly clothed bodies of the younger women were crammed into a niche of the pantry in Christie's ground-floor lodging, concealed behind several thicknesses of wallpaper. A prospective tenant broke through the paper and discovered the corpses Tuesday.

Detectives unearthed the older woman's body from under the living room floor boards yesterday. They said she might be Christie's wife Evelyn, who was last seen by neighbors around Christmas-time.

Neighbors reported Christie sold his meager furnishings late in January but was seen at the house as recently as last Friday.

They described him as a "polite little man," always immaculately dressed and carrying a briefcase, who never failed to tip his pearl gray fedora to a woman.

He said he was a clerk. Although often out of work for long periods, other tenants said, he never seemed to lack for money.

Christie was a witness in 1949 against another tenant in the tenement, Timothy J. Evans, who was charged with strangling his wife Beryl and their 14-month-old daughter.

Evans protested his innocence to the end but was found guilty and hanged.

Diversion Of Reserves Lost Old Baldy Hill

WESTERN FRONT, Korea (AP)—The commander of the Colombian battalion, which was knocked off Old Baldy Monday night by a crushing Chinese attack said today he could have stuck there if American reserves promised him hadn't been diverted to save Pork Chop Hill.

The commander, Lt. Col. Alberto Ruiz-Novoa of Colombia, told reporters that before the attack he had a U. S. company in reserve for defense against any strike at Old Baldy.

But when the Chinese roared in, he said, he learned for the first time that higher headquarters had ordered the company to support American troops embroiled in a similar attack on nearby Pork Chop Hill.

The Americans on Pork Chop won their fight, but Old Baldy's crest fell to the Reds. The Americans abandoned Baldy today.

Ruiz said the Communists had 10 to 15 artillery battalions in the Old Baldy area alone and "our defenses cannot withstand such fire."

Ruiz said the present trench-fighting requires plenty of reserves.

The Colombian commander said today in a Spanish-language message to the people of Colombia that he joins in the sorrow of families who lost men in the battle.

More Testimony Due In Color TV Probe By Group

WASHINGTON (AP)—Pressure for another look at the problems of color television was building up today under the Federal Communications Commission.

The House Commerce Committee called for additional expert testimony from Richard Hodgson, president of Chromatic Television Laboratories, Inc., New York, and Allen B. Du Mont, head of the Du Mont Laboratories at Clifton, N. J.

The committee already has heard demands for the FCC to move as quickly as possible to get color television to the public.

Chairman Wolverton (R-N.J.) said he believes the hearings will "prove the necessity for the FCC to reach an early decision."

Five Are Seeking Glasscock Posts

GARDEN CITY — Five candidates are in the race for three posts on the Glasscock County Independent School District board of trustees.

Incumbents who announced before the deadline are Bryant Harris, seeking his second term, and Edwin Bednar, who "has served part of a term by appointment."

Others in the race are J. B. Calverley and L. C. Hardy of Garden City, and Fred Hoelcher of St. Lawrence.

Rennell McDaniel, the other board member whose term expires this year, is not seeking reelection. He has been on the board for the past two years.

Ballots are available at the county clerk's office for absentee voting.

London Paper Says Duke Should Return

LONDON (AP)—As Britain prepared to bury its beloved Queen Mary, Lord Beaverbrook's Daily Express said today the death of the royal matriarch is a cue for her eldest son, the Duke of Windsor, to return to England to live.

"Let the mourning end his exile," declared the heading over an Express editorial. The newspaper did not mention the duke's American-born duchess, the former Wallis Warfield Simpson, but presumably it favors her returning with her husband.

Windsor is now in England, having cut short a Florida vacation to rush to his mother's bedside when her fatal illness was first announced. The duchess remained in New York. She has never been received at the British royal court since the duke gave up the throne 16 years ago to marry her. Most observers consider Queen Mary—a stickler for conventions—at the bottom of the boycott.

In a moving tribute to the queen

grandmother, who died Tuesday night at 85, Prime Minister Churchill declared she "was loved and revered far and wide, as perhaps nobody has been since Queen Victoria."

"Queen Mary will long live mellow and gracious in all our memories and in the annals of these tumultuous times," the 78-year-old government chief said in a broadcast last night to the British Commonwealth. The address, heard also in the United States, termed her "this last great link with Queen Victoria's reign."

Messages of condolence flowed into the royal court from throughout the world as preparations for Queen Mary's funeral Tuesday and the June 2 coronation of her granddaughter, Queen Elizabeth II, went forward.

The old queen will be buried at a private service in beautiful St. George's Chapel at Windsor Castle, the final resting place of British kings and queens since Tudor times. Her body will be placed in a tomb on the south aisle of the chapel beside that of her husband, King George V.

Before the service the body will lie in state in historic Westminster Hall adjoining the Houses of Parliament. It will be placed in the same purple catafalque that only 13 months ago held the coffin of her son, King George VI.

Queen Mary will be the first royal consort of modern times to lie in state at the hall. For hundreds of years, the aged building—famous for its 700-year-old hand-carved, hammer-beam oak roof—has been reserved for such homage to reigning monarchs only.

Her body will be taken to the hall Sunday in procession from the chapel in the grounds of her London home, Marlborough House.

Plans for the funeral were announced last night by the Earl of Scarborough, the lord chamberlain. At the same time, he disclosed that young Queen Elizabeth had ordered court mourning only until April 25. No order was issued for public mourning.

Thus the mourning period will be over well in advance of coronation day and arrangements for that ceremony will remain unchanged—in accordance with the queen grandmother's wishes.

Morrow Claims He's Still State Committeeman

DALLAS (AP)—Wright Morrow of Houston says he still is the National Democratic executive committeeman from Texas, but the national party chairman says Morrow is wrong.

Morrow, who backed President Eisenhower in the 1952 campaign, resigned his seat on the National Committee in the heat of the presidential drive. But the State Democratic Executive Committee refused to accept the resignation.

Yesterday, National Democratic Chairman Stephen A. Mitchell said it didn't make a bit of difference whether the state committee accepted the resignation.

Mitchell, in a letter to Wallace Sayage, a member of the State Democratic Executive Committee, said Morrow had notified him of his resignation and that was all that was needed. He quoted National House of Representatives rules to back up his contention. The Democratic Party operates under those rules.

"Plainly," said Mitchell, "Mr. Morrow's resignation of Sept. 20, 1952, which was notified to me was fully effective and accordingly there is a vacancy in the Democratic National Committee for the state of Texas."

Which prompted Morrow in Houston to say:

"The Democratic Party has a rule of its own—that State Executive Committees fill vacancies in the National Committee. I still consider that I am the national committeeman because the Texas State Committee refused to accept my resignation."

Mitchell, however, said Morrow resigned presumably because of the "impropriety of remaining as the Democratic National Committeeman for the State of Texas when he was in fact actively opposing the election of the presidential nominee of the Democratic Party."

Mitchell said it was held as long ago as 1896 that such active opposition was grounds for expunging from the rolls of the National Committee the name of the member involved.

Scout Leaders Meet On Friday

The first monthly roundtable meeting of local Scout leaders will be held at Howard County Junior College at 7:30 p. m. Friday.

The gathering will be for all Scouters in the district, including Explorer, Boy Scout and Cub leaders. Bill Sheppard, district chairman, expects 200 to attend.

Adult leaders will meet in the HJCC auditorium for a 10-minute assembly program. Then each group will adjourn to different rooms for planning sessions.

Jake Morgan, Cubbing Commissioner, will be in charge of the Cub leader seminar. Ideas will be discussed concerning handicraft and game work.

Scout leaders will meet with J. Jolly, district commissioner. Plans for the National Jamboree will be among items discussed. Explorer leaders will also have a special meeting, and activities for April will be outlined.

At the same time individual sections are meeting, the district committee will meet. Sheppard wants all people interested in the scouting program to attend.

Correspondents Assured Freedom In War Coverage

SEOUL (AP)—Lt. Gen. Maxwell D. Taylor has assured war correspondents of general freedom of movement in covering the Korean War.

The U. S. Eighth Army commander issued an order to all subordinate commanders that no restrictions be imposed on correspondents except those required by military security.

The order, issued Tuesday, came in the wake of complaints by correspondents of interference by local commanders. In one instance recently, Tex McCrary, National Broadcasting Company correspondent, was detained briefly while covering a story.

The order said: "The local commander will allow the correspondent to move about and talk freely with the military personnel who are willing to be interviewed and whose military duties permit being interviewed. In general, no restrictions will be imposed on the correspondent other than those required by consideration of military security and safety."

Date Is Changed To Boost Lion Candidate

Candidacy of Jack Y. Smith for district governor of Lions District 2-T-2 was carried to Terminal, between Midland and Odessa, on Tuesday evening.

Gilbert Gibbs, Clyde E. Thomas Sr. and Dr. Marshall Cauley talked it up for the Big Spring nominee. They were joined by Jim Daugherty, Midland, former district governor, in the visit to Terminal.

Three Airmen Killed

BALTIMORE (AP)—A twin-engine Air Force bomber crashed on its approach to Friendship International Airport south of the Baltimore city limits in a driving rain last night, killing all three men aboard.

Industry-Wide Strike Ban Is Sought By NAM

WASHINGTON (AP)—The National Association of Manufacturers asked Congress today to outlaw industry-wide strikes and to stop forcing employers to negotiate health and welfare plans with unions.

George W. Armstrong Jr., president of the Texas Steel Company and chairman of the NAM's Industrial Relations Committee, said in a statement prepared for the Senate Labor Committee, which is considering proposed amendments to the Taft-Hartley Act:

"Compulsory bargaining over employee benefit plans can impose an intolerable burden on the collective bargaining process, threaten its effectiveness, magnify the problems of contract administration, and open up additional areas of labor-management conflict."

Armstrong said the NAM believes the workers' right to strike should be preserved. However, he said Congress should prohibit strikes on an industry-wide basis, sympathy strikes and walkouts to enforce "featherbedding or work-restrictive demands."

The NAM also recommended that employers should be relieved of the present obligation to furnish payroll data and other information sought by unions in bargaining.

A new-born seal cannot swim and must learn the art.

Secret Red School Reported In Calif. Trained Revolutionaries

LOS ANGELES (AP)—A sinister picture of an innocent-seeming children's camp in the mountains, turned into a secret Communist party school for revolutionaries, is before the House Un-American Activities Committee today.

Stirring the spectators, Chairman Harold H. Velde (R-Ill.) made a statement which said the committee has this information:

The school was held the week end of Dec. 5-7, 1952, at Camp Tenaya, Crestline, Calif., a resort town in the San Bernardino Mountains 15 miles from San Bernardino.

Velde said the camp itself, ordinarily closed during the winter months, is operated by Joe Springer and his wife Prava. The statement preceded the calling of Springer as a witness yesterday, third day of the committee's hearings, which may run into next week.

Springer, 43, a wintertime cloak and suit-maker in Los Angeles, acknowledged that he and his wife own and run the children's camp, but he declined to answer any question bearing on the alleged secret school, because "it would mean I'm testifying against myself."

Rep. Morgan M. Maulder (D-Mo.) developed the picture further in questions, although he got no answers.

He asked whether about 25 people arrived at the camp about midnight Dec. 5, whether Mr. and Mrs. Springer were there, whether those attending were advised "because of security reasons" not to walk around in the daytime but stay in the cottages so as not to be seen, whether Springer is or was a Communist party member.

Other committeemen sought vainly for answers to questions on whether Springer had rented the camp to Communists and who the adult guests last December were. Springer did describe the camp buildings and tents, said he accommodated children 7 to 15 years old and offered them woodcraft, nature craft, hikes, ball playing, sewing and weaving.

The Post said no final decision has been made on Wilson's proposal to cut combat units in the U. S. to possibly half strength. Wilson was said to feel that the 750,000 trained young soldiers who will get out of uniform this year could be recalled quickly to fill out the units in emergency.

Wilson, the Post said, is pressing for an approximate 10 per cent cut in the present 3 1/2 million man armed services.

WASHINGTON (AP)—The Washington Post said today Secretary of Defense Wilson has proposed to skeletonize four or five of the seven Army divisions in this country—and has run into opposition from Army chiefs.

The Post said no final decision has been made on Wilson's proposal to cut combat units in the U. S. to possibly half strength. Wilson was said to feel that the 750,000 trained young soldiers who will get out of uniform this year could be recalled quickly to fill out the units in emergency.

Wilson, the Post said, is pressing for an approximate 10 per cent cut in the present 3 1/2 million man armed services.

Skeletonized Army Divisions Said Aim Of Defense Chief

WASHINGTON (AP)—The Washington Post said today Secretary of Defense Wilson has proposed to skeletonize four or five of the seven Army divisions in this country—and has run into opposition from Army chiefs.

The Post said no final decision has been made on Wilson's proposal to cut combat units in the U. S. to possibly half strength. Wilson was said to feel that the 750,000 trained young soldiers who will get out of uniform this year could be recalled quickly to fill out the units in emergency.

Wilson, the Post said, is pressing for an approximate 10 per cent cut in the present 3 1/2 million man armed services.

Moscow Notes 60th Birthday Of Italy Commie, Togliatti

MOSCOW (AP)—The Soviet Communist party's Central Committee published warm greetings to Italian Red leader Palmiro Togliatti on his 60th birthday today.

The salute, published on the front page of the party newspaper, Pravda, said: "We congratulate in your person an outstanding leader of the International Communist movement, an experienced leader of the working people of Italy in their struggle for the cause of peace and national independence; for the cause of democracy and socialism."

(Dispatches from Rome said there was speculation there that the new Malenkov regime might soon replace Togliatti with a younger and more vigorous leader because Italian Communists, the

Happy Is The Day When Backache Goes Away . . .

Wasting backache, loss of pep and energy, lassitude and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes the important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

TEXAS LADY LOST 27 POUNDS

It's simple! It's amazing how quickly one may lose bulky, unsightly fat—over money back. Here is a home recipe to help take off unsightly weights and help restore graceful slenderness. Now get the improved Barcontrate. Mix with grapefruit juice as directed on label and take according to directions. Then watch the fat almost seem to melt off from neck, chin, bust, abdomen, hips, calves and ankles. The improved Barcontrate contains, in addition to liquid, appetite curb tablets, which help to lessen the taste buds which lie on the surface of the tongue. If the very first bottle and tablets doesn't show you the way to reduce, safely and

return the empty bottle for your money back.

Lost 27 Pounds

"I cannot say thanks enough for Barcontrate. It has helped me many ways. First, I lost 27 pounds. I also got rid of the 'fullness and bloating' that made breathing difficult." (Signed) Rose Warren, Box 118, Kove City, Texas.

10 Pounds Lost

"It is a pleasure for me to endorse Barcontrate," writes Mrs. R. E. Moore, Route 4, Cleburne, Texas. "I have lost 10 pounds taking Barcontrate."

Athletic Banquet Is Held; Jimmy Crumley Is Honored

FORBES, (Sp) — A review of the school sports seasons was the main program of the annual athletic banquet in the school cafeteria recently.

Students reviewing the sports were Jerry Fowler, football; Arlen White, basketball; Dan Hayhurst, track; Deis Hahn, tennis; Peggy Knight, basketball; and Patsy Shultz, volleyball.

Arlen White gave the invocation. Sara Pike welcomed guests and announced the program. Hood Jones introduced players on the boys teams and Ann Grace, players on the girls team.

The school girls' sextette presented a musical program. Mrs. M. Fairchild was chairman of arrangements. Mrs. W. J. White was in charge of decorations.

The speakers' table was centered with an arrangement of white stock and candytuft and decorated with black pennants with school yell written in white. Miniature basketball goals were place markers.

Mike Honeycutt, son of Coach and Mrs. F. Honeycutt, was introduced as the athletic mascot.

Jimmy Crumley celebrated his 13th birthday at a party given by his mother, Mrs. Ray Crumley, Tuesday.

Games were played. Guests included Tony Starr, Gary Don Starr, Johnny Ledford, Suzie Lamb, Carolyn Everett, Medelen Pitcock, Jimmy Newcomb, Kenneth Dieffer,

Jimmy Anderson, Loy Dean Pike and James Alan Jones.

Mr. and Mrs. N. A. Fullen and Terry have been visiting Mrs. T. D. Johnson and their family in Midland.

Jerry Fullen of Lubbock visited here last week.

John Butler made a business trip to Dublin recently.

Mrs. Ray Crumley was a recent visitor in Levelland.

Pvt. Harold Pitcock, who is stationed at Camp Hood, visited his wife and parents, Mr. and Mrs. L. A. Pitcock, and other relatives.

O. D. Smith of Vealmoor was in Forbes on business Tuesday.

Mr. and Mrs. Dean Bailey of Jal, N. M., visited Mrs. Bailey's parents, Mr. and Mrs. D. E. Jacobs, and Lucie Jacobs recently.

Mr. and Mrs. Edgar Chambers, Patsy and Phyllis, visited with Chambers' parents, Mr. and Mrs. R. A. Chambers, and Mr. and Mrs. Audrey Chambers recently.

Mrs. Donald McAdams of San Angelo has been a guest of her parents, Mr. and Mrs. A. P. Oglesby, and Albert Oglesby, Mr. and Mrs. Sammy Porter and Mary Lynnell.

Mr. and Mrs. Walter Gressett have returned from a few days' visit in Borger with her brother, Irvin McCaslin.

Mr. and Mrs. James Craig and Jerry of Dollarhide have been visiting with their parents, Mr. and Mrs. J. M. Craig and Mrs. Vera Harris.

E. G. Newcomer and Lambert Miskel are visiting Mr. and Mrs. T. A. Chrestman in Wolforth this week.

Mrs. Willard Rogers left Saturday morning for Los Angeles, Calif. to visit her daughter and her family.

Mrs. O. B. Gaskins has returned to her home after being in a Big Spring hospital.

Mrs. Robert Gilne has returned from a Lubbock hospital where she underwent major surgery. She is recuperating in the home of her parents, Mr. and Mrs. J. G. Nichols.

Elks To Honor New Officers At Dance

Members of the Elks Club will honor new officers at an informal dance Saturday from 9 p.m. until 1 a.m. at the Elks Club in the Crawford Hotel.

Don Juan's Orchestra will play for dancing. Members and their guests will be admitted without charge.

Mrs. Clark Speaks At Club Meet

Mrs. Ray T. Clark spoke on "What You Can Do Personally, to Stop Communism" when the Spoudazio Forum met Tuesday evening in the home of Mrs. Charies Tibbels.

"Beliefs must be lived," Mrs. Clark said. "We must give free enterprise a pat on the back. We must get to know one person we consider inferior and we must get the 'we' feeling about the government," she concluded.

During the brief business session, Mrs. Bill Lansing was elected to membership. Mrs. Clark was named chairman of the program committee for the coming year. She will be assisted by Mrs. Tibbels and Mrs. Johnny King. Sixteen attended.

Cantata To Be Presented At Church

The last hours of Christ's life on the Cross will be depicted in the cantata, "The Seven Last Words of Christ," by Theodore DuBols Sunday at 7:30 p.m. at the First Methodist Church.

The widely-used cantata will open Holy Week at the church.

Mrs. G. H. Wood will direct the 40-voice church choir. Mrs. Champ Rainwater, organist, and Mrs. Ann Gibson Houser, pianist, will be accompanists. Soloists will be Mrs. J. W. King Jr. and Mrs. Don Newsum, soprano; Margy Beth Keaton, alto; L. Milford Fargo, tenor; W. B. Hilgers of Austin and Arnold Marshall, baritone.

The seven last words include: "Father, Forgive Them for They Know Not What They Do"; "Verily, Thou Shalt Be in Paradise Today With Me"; "Amen, So I Tell Thee"; "See, O Woman! Here Behold Thy Son Beloved"; "God, My Father, Why Hast Thou Forsaken Me?"; "I Am A-Thirst"; "Father, Into Thy Hands I Commend My Son"; "It is Finished."

Spencer Jacket

A provocative, flattering little heart-shaped knitted shrug jacket done in soft, lightweight yarn shot with golden threads is fashion tops just now! ST. JOSEPH ASPIRIN FOR CHILDREN

Seniors Net \$100 From Play Presented At School

GARDEN CITY (Sp) — Over \$100 was netted when the Garden City seniors presented their class play, "Hillbilly Wedding," Tuesday evening.

Proceeds from the play will be used to finance the senior trip.

During the intermission, Jenny Lynn Gandy and Doralee Schaefer presented a song and dance number, "Water Can't Quench the Fire of Love." Mizzi Shirley gave a piano solo, "Chicken Reel."

Following the play, members of the cast and their dates were entertained with a reception and dance in the high school study hall.

Mrs. Targe Lindsay reviewed a chapter of the book, "African Safari" when the Presbyterian Women of the Church met at the church Monday.

Mrs. John Henry Cox was study leader and speakers were Mrs. Hightower, Mrs. Doll Long of La Vets, Colo., Mrs. W. L. Lemmons, Mrs. Cecil Wilkerson and Mrs. J. M. Ratliff.

Plans were made to entertain the Federated Missionary Society March 30 at 2:30 p.m.

Mrs. Tom Ashbill led the opening prayer and conducted a round-table discussion on the Book of Genesis at the WSCS meeting.

Club Names Delegate To Convention

Mrs. J. B. Knox, president, was named delegate to the state convention when the Big Spring Garden Club met Wednesday afternoon in the music room of Howard County Junior College.

The convention will be held April 13-15 in Houston.

During the business session, Mrs. Obie Bristow, federation councillor, reported that the Big Spring Concert Association would begin selling memberships in the organization in the near future.

She also discussed the resolution protesting the sale of obscene literature.

The club appointed Mrs. Norman Read as their representative on the proposed community center project. It was announced that Mrs. Cecil Guthrie would begin a home nursing course soon.

The Garden Club will furnish hostesses for the Servicemen's Center April 6, April 27, May 18 and June 8.

Mrs. D. S. Riley announced that there would be a called meeting before the flower show and picnic which will be held April 19.

Following the business meeting, club members toured the U. S. Experiment Station. Seventeen attended.

Mrs. Cole Reports On Grand Lodge

Mrs. Maud Cole, representative to the Grand Rebekah Lodge, reported on the Grand Lodge and Rebekah Assembly held in Fort Worth for the John A. Kee Lodge 153 Tuesday night in Carpenters Hall.

Mr. Cole was commissioned district deputy supervisor for District 32 at the Fort Worth meeting. Loges in the district include Knott, Big Spring 284, Stanton, Midland, Odessa, George Knauft and John A. Kee.

The charter was draped at the meeting in memory of Mrs. Alvin Vierge.

Mrs. Martha Brady conducted a program in honor of Schuyler Colfax, founder of the order. Others on the program were Mrs. Nell Coleman and Mrs. Beatrice Bonner.

Jones Lamar was congratulated for being selected grand conductor of the Grand Lodge of Texas.

Mrs. C. W. Nevins presided. Thirty-six attended. The lodge will present a skit at the open house to be held in Odessa Monday at 7 p.m.

Newlyweds Make Home In Terminal

COLORADO CITY, (Sp) — Mr. and Mrs. Gordon Dobson are at home in Terminal after their recent wedding in Colorado City.

The bride is the former Mrs. Joyce C. Smith, daughter of Mrs. R. M. Cain of Colorado City. Dobson is the son of Mr. and Mrs. H. H. Dobson of Paris.

Mrs. Holland Fetes Pythian Sisters

Pythian Sisters had a coffee Thursday morning in the home of Mrs. Wilford Holland, 2409 Scurry, from 8:30 — 9:30.

Attending were Mrs. Charles Fannin, Mrs. Melvin Choate, Mrs. Bob Hill, Mrs. L. S. Lilly, Mrs. Jimmy Trotter, Mrs. Luke Hufstetter, Mrs. Herbert Johnson, Mrs. I. H. Davidson, Mrs. M. A. Cook and Mrs. L. J. Jeter.

Hillcrest Baptists Are Asked To Send Clothing To Homes

Mrs. Ina Montith, benevolence chairman, asked members of the Hillcrest Baptist WCU Tuesday for new and used clothing to be sent to Baptist-supported orphanages.

She reported on the needs of the Round Rock Baptist Children's Home and Buckner's Orphanage in Dallas.

The group met at the church. Chairmen prepared quarterly reports. Mrs. J. W. Arnett gave the devotional. Mrs. Montith gave the opening prayer and Mrs. D. W. Overman presided.

Couple Announces Birth Of Daughter

Mr. and Mrs. S. V. Blankenship of Dallas have announced the birth of a daughter, Eleanor Claire, March 24 at 7:25 p.m. in a Dallas hospital.

The little girl weighed six pounds, 10 1/2 ounces and is the granddaughter of Mrs. C. L. Nutmay of Big Spring. Mr. and Mrs. S. J. Blankenship of Denton are the paternal grandparents.

The younger Blankenships have another daughter, Vickie Lou, 2.

Pay Bill Better Than In Original Form, But Not Wise As Principle

The controversial firemen and policemen pay bill has been altered considerably by the Texas Senate's state affairs committee. The original proposal was for the Legislature to peg pay scales according to population brackets, and for the cities to comply.

The administration of those municipalities? It is not logical; it is not just; it is not wise. Where is the wisdom of divorcing a portion of municipal operations from the whole when in truth and in fact it is a key part of the whole?

Only So Much Can Be Endured Before The Worms Will Turn

Raymond E. Heald, a Hoosier farmer, loaded a couple of basketloads of tin cans and beer bottles into his car and headed for nearby Plainfield, Indiana. There he dumped the cans and the beer bottles in front of the city hall and headed for home.

streets of our cities are littered by odds-ends of paper cartons, shingles, bits of lumber and boards with nails in them, shaken off some careless person's truck. Broken glass is everywhere. It is against the law to throw trash, which includes defunct beer cans and white bottles, on any highway or public road in Texas.

Washington Calling — Marquis Childs

Some People Feel Presidential Figure Has Grown A Little Dim

WASHINGTON — To try to rate the Eisenhower administration on the tangible achievement of the first two months in office obviously would be unfair. The task is to formidable and the taking over too difficult after 20 years of power. The very fact that the new administrators have not tried to sweep up the sea with a broom in a single night is one of the marks in their favor.

to date. Candidate Eisenhower signed a compact with Senator Robert A. Taft defining large areas of policy not alone for the campaign but for the new administration should it come into being. Senator Taft is now majority leader in the Senate and he intends to hold President Eisenhower to the terms of the bargain they struck last August when they issued that famous joint statement in New York.

The Big Spring Herald

Published Sunday mornings and weekday afternoons except Saturday by APPEALING NEWSPAPERS, Inc. Entered as second class matter July 12, 1928, at the Post Office at Big Spring, Texas, under the act of March 3, 1879.

President Eisenhower must have the support of an effective coalition of Eisenhower Republicans and Democrats in the Senate for the measures vital to his policy. As of the present, therefore, the question becomes one of whether Taft, as an intensely partisan party man, can and will lead such a coalition, ignoring and, if necessary, disciplining the extremists.

The World Today — James Marlow

Dulles Is Winning His Fight On Bohlen But He Faces More Attacks From Foes

WASHINGTON (AP)—Weather forecast: more rain for Secretary of State Dulles. He's winning in the current crisis—getting the Senate to approve Charles E. Bohlen as ambassador to Moscow—but that doesn't mean he's heard the last of it.

Foreign Relations Committee—which had unanimously endorsed Bohlen after questioning Dulles to call McLeod for testimony on the Bohlen case. McCarthy wanted Dulles called back too. The Foreign Relations Committee didn't buy the idea. Not being a member of that committee, McCarthy couldn't push it.

McCarthy tried unsuccessfully to force a showdown between Dulles and McLeod who, before taking his State Department job less than a month ago, was an assistant to Bridges. After making his charge that McLeod had disagreed with Dulles on Bohlen, McCarthy tried to get McLeod to testify before the Senate investigating committee he heads.

Movie-Of-The-Month For The Home Is Envisioned

NEW YORK (AP)—Would you like to receive a movie-of-the-month, mass produced so cheaply you could show it in your home once and then throw it down the incinerator? This is just one of the dreams in the busy head of Sherman Mills Fairchild, one of the most agile minds of our generation.

This Day In Texas

The man sentenced to death on this day in 1902 had been convicted of murdering one of Texas' richest eccentric millionaires. The victim was William Marsh Rice; the condemned man was Albert Patrick. Rice's secretary and attorney had conspired to defraud him of a fortune made in Texas real estate and agriculture.

The Thrill That Comes Once in a Lifetime

Gliders Paved The Way For The Famed Exploits Of Helicopters

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

They're doing with helicopters in Korea what they tried to do with gliders in Europe during World War II. Hardly a week passes but what the story of some spectacular rescue-by-whirlybird comes out of Korea. The windmill pilots probably accomplish daily such "routine" assignments as rescuing some downed aviator from behind enemy lines or evacuating a shot-up infantryman.

The helicopter is saving lives and talents of scores of well-educated combatants as pilots, along with the ground troops whose lives and skills are as valuable as those who perform the headline-making feats. Military men have been shown: They say the helicopter is here to stay—the answer to the long-troublesome problem of how to move something or somebody out from between a rock and the deep blue sea in a hurry.

There was insufficient time to land a glider and crew and set up the "snatch" gear. The glider tow rope would have a big loop—about 20 feet in diameter—stretched between two upright poles. Other end would be fastened to the glider. The pickup plane would fly over at an airspeed of about 120 miles per hour. A hook would be suspended on a retractable arm beneath the plane.

In World War II, I was a yardbird in an outfit that dreamed of doing the same things with gliders. The outfit was pretty hot, and carried out some assignments with the motorless craft that couldn't have been accomplished any other way. Mostly, it was carrying men and material to the war. Thousands of troops and tons of equipment, including bulldozers, were delivered in the midst of battle, usually with glider wreckage scattered all over the landscape.

The snatch was seldom utilized for anything except to retrieve a glider which had accidentally or mistakenly set down in some inaccessible spot, but it proved its value in saved time and equipment in this respect alone. As far as I know, only one attempt was ever made to pickup a glider in a combat zone. That was in the Remagen Bridgehead, shortly before the end of the war with Germany. A few gliders were rigged up with a half-dozen stretchers each and used to evacuate wounded from behind the Rhine when Allied troops had only a slim hold on that side of the river.

Business Outlook — J. A. Livingston

Wilson Works Hard To Master Complexities Of Defense Post

WASHINGTON — At his first press conference, Secretary of Defense Charles E. Wilson is like a tight-rope walker making his debut in the center ring. He takes no chances on a slip. At the start he twists and folds a bit of memo paper. Later, as he gains confidence, he throws this prop away, as a tight-rope walker might drop his umbrella.

history would repeat, maybe he'd be in favor of knocking off the third carrier. Now a reporter wants to know if the Secretary intends to raise the pay of the armed forces. Wilson says he doesn't know where the money's to come from. Then a reporter, whom Wilson knows, put in: "Mr. Secretary, are you planning to introduce a cost-of-living escalation clause?"

Uncle Ray's Corner

Sponge Cells Grow Together

Tests have proved that a full grown sponge, if torn apart, can produce many small ones. Not the kind which are used for cleaning! The latter, as I said on another day, are the skeleton parts of sponges. If a living sponge is torn into two or three parts, most of the parts will grow into new ones.

Once he gets into questions on the industrial and engineering aspects of the defense job, Wilson is fluent and self-assured. Then, reporters, for the first time, get a sense of his power and authority. So this was why he became president of General Motors? Why President Eisenhower picked him for Secretary of Defense? He raises his two hands before him—about a foot and a half apart—and parts the air. He wouldn't train troops before their equipment is ready. He wouldn't buy components and parts months before assembly lines were running. Everything, his whole body seems to say, will be in neat, functional compartments—just like at General Motors.

Tomorrow: The Accordion. A leaflet which reduces an explanation of atoms and atomic energy to simple terms has been prepared by Uncle Ray. To obtain a free copy of ATOMS AND ATOMIC ENERGY send a self-addressed stamped envelope to Uncle Ray in care of this newspaper.

Rough Battle Is On Over \$600 Teachers Wage Hike

By BO BYERS
AUSTIN (AP)—Texas teachers, industrialists and Gov. Shivers are waging a slambang propaganda battle for and against a \$600 pay raise for teachers.

The teachers are for it; the industrialists and the governor are against it. Teachers say they are worth at least \$3,000 a year—as beginners. They now get \$2,400.

Shivers and the industrialists say a \$600 increase is too much because it inevitably would mean more taxes. There is no disagreement that new or higher taxes would be needed to pay the extra \$6 million dollars that such a salary boost would require the next two years.

You've seen or heard how the governor thinks school financing should be changed to increase the local district's share and decrease the state's share. Shivers thinks a cost-of-living increase of about 10 per cent would be enough for teachers.

Teachers, through the Texas State Teachers Assn., have been telling you that local districts

can't carry any heavier load. There's another part of the battle the general public hears little about. You might call it the behind-the-scenes pressure put on the lawmakers by those who favor or oppose the pay increase.

A systematic campaign is being conducted by teachers to put pressure on the representatives and senators from their districts from every angle possible.

Charles H. Tennyson, TSTA executive secretary, is the guiding hand. Under his direction, and with approval of the TSTA's state president and legislative committee, many of the state's 84,000 teachers have been coming to Austin to "talk to" their legislators.

School people were told to divide their counties precinct by precinct, community by community and street by street for the circulation of petitions urging passage of the \$3,000 minimum salary bill.

Tennyson, a former legislator, gave specific instructions to avoid making the petitions identical, and send them in one at a time, and

preferably to have a layman sign them.

TSTA headquarters also suggested free radio time be secured where possible to explain the legislation and the need for its passage, based on increased cost of living and the need for more teachers to handle increasing enrollments.

Equally vigorous campaigning against the raise is being waged by the Texas Manufacturers Assn. under the direction of Executive Vice President Ed C. Burris.

Burris sent TMA members a letter Feb. 19 declaring the \$600 pay-raise bills are surrounded by "emotional confusion."

"The fundamentals included in this bill are simply (A) who is going to run the public schools—the state or the local districts? (B) who is going to pay the bill?" commented Burris.

He took the stand, also voiced by Shivers, that an increased outlay of state funds for higher teacher salaries will mean a step in the direction of state control of schools.

"The agency that pays the bills will call the signals. But, remember, once the schools are run by the state, and local interest lost, it is but one step further to federal control—the road to statism," Burris wrote.

"The amount of the minimum teachers' salary is not the real issue," he continued. "The real issue is one of jurisdiction—one of responsibility. The avoidance of state domination of our public schools is, or should be, of major concern to every Texas citizen."

Urging his 3,300 TMA members to let their state senators and representatives know their views, Burris attempted to put the backers of the \$600 raise in the position of being for state control of schools.

"Some (not all) of these proponents of state control will use the tactics of the 'socializers' and the 'pinkos' by attempting to label those who are opposed to state control of public schools as being 'anti-teacher,' 'anti-school,' or 'anti-something else,'" Burris said.

Which side will win the fight is not safely predictable.

Tennyson is claiming majority support of the House. But he concedes that time may run out before the teacher-backed bill can be passed.

LOCAL OPENING

IMMEDIATE ACTION FOR 1953 NECESSARY!

Manufacturer of exclusive line of prestige merchandise has opening for woman capable of earning from \$500 to \$1,000 monthly the first year.

The person selected will be completely trained in our time-tested methods and procedures... She will administer her business from her home, office or shop... She will make a nominal investment in merchandise which is fully secured. She must possess, above all, sales ability. To such a person, we offer a most remarkable opportunity.

If you are qualified, write fully, giving address and phone number for local interview to: Mr. Martin, House of Hollywood, 777 East Gage Avenue, Los Angeles 1, California.

There's a long, long trail of Chowhounds!

A MAN'S GOT TO EAT to do his best work! And when that work is fighting, eating well is even more important. So even on a snow-patched, Korean hillside, lines are kept clear for the food to go through... hot food—the best—for men who deserve the best.

You're a part of this picture, too—every time you invest in a U. S. Defense Bond. For only an economy like ours could produce the food and the thousand other things necessary to give our fighting men the very best.

And Bonds are a vital part of our economy. It's true that Bonds are first of all financial security for you. But they are also economic strength for America in a world where peace is only for the strong.

Ask at your company's payroll office about the Payroll Savings Plan that makes saving easier because it saves something out of your pay check before you have a chance to spend it. It's simple, it's convenient, and it really works!

Here's how E Bonds now earn more money for you!

Now safe, sure U. S. Series E Defense Bonds pay an even better return than ever before... thanks to 3 brand new money-earning features announced by the U. S. Treasury.

- Now every Series E Bond you get begins earning interest after only 6 months. It earns 3% compounded semiannually, when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start!
- Every Series E Bond you own can now get an earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!
- During the 10 year extension period, every unannounced Bond earns at the new, higher interest (average 3% compounded semiannually). Your original \$10.75 can now repay you \$33.07. \$37.50 pays back \$67.34. And so on.

Start now! Invest more savings in better-paying Series E Bonds—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank!

Peace is for the strong! For peace and prosperity, save with U.S. Defense Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks for their patriotic donation, the Advertising Council and

Big Spring Herald

DOLLAR SWAP IS GOOD IDEA

Mayor G. W. Dabney of Big Spring is thinking about swapping dollars with Mayor H. V. Oltmann of Brilliant, Ohio.

Mayor Oltmann writes Mayor Dabney requesting a \$1 contribution to help Brilliant citizens build a new swimming pool. The town just doesn't have the money to do the job without some outside aid, he says.

Mayor Dabney figures Big Spring needs two swimming pools, which the city is in no position to pay for. So his honor calculates Big Spring will be a dollar ahead if he and the Brilliant mayor exchange dollars on a per pool basis.

License Plate Sale Is Brisk; Deadline Apr. 1

Four lines were in operation at the Howard County Courthouse today as local citizens were purchasing 1953 license plates.

Clerks had issued through the number CB 6,040 this morning.

Mrs. Viola Robinson, collector, believes about 8,500 passenger plates will be issued.

She said that \$63,643.67 had gone to the county coffers as a result of license sales so far. Another \$13,670.85 has gone to the state. All the money collected up to \$50,000 goes to the county, Mrs. Robinson said. After the \$50,000 mark, half goes to the state.

Mrs. Robinson expressed satisfaction with the way sales were going. She said they have been brisk at the sub-stations as well as the Courthouse.

Sub-stations are at Big Spring Motor Company and the Main Street Fire Station.

Car owners were warned by Mrs. Robinson that only five days remain to purchase the plates. Deadline is April 1. The purchasing places will be open Saturday afternoon, she said.

GI Forum To Pick Queen On Sunday

The Big Spring Chapter of the American GI Forum will select a queen Sunday to represent the chapter in district competition.

The selection will be made at a social event set for Sunday afternoon at the forum hall, located at Northwest 5th and North Bell Streets.

Winner in the district queen's contest will be named from entries of Big Spring, Lamesa and Midland chapters, and she will compete at the state convention in Fort Worth in July.

Tickets are being sold for the Sunday event, and sales will continue at the door. Selection of the queen will be based on the number of votes sold.

The candidates include Marcela Gonzalez, Mary Lou Garcia, Emma Puga, Elvira Sarmiento, Ceña Mendoza, Maria Elena Jimenez and Ida Ochotorena.

Changes In Long Term Pacts Is Aim Of Reuther

BY GLENN ENGLE
ATLANTIC CITY, N. J. (AP)—The CIO United Auto Workers convention stood ready today to pass President Walter P. Reuther some amendment to use in his current unofficial negotiations with the auto industry.

The amendment was in the form of a resolution which would threaten the industry with no more long-term contracts after 1955 unless it agreed promptly to some revisions in the five-year agreements now in force. Future contracts would be for no more than two years.

Reuther has contended that the pacts have become outdated because of inflation brought on by the Korean War, which was unforeseen when they were signed in 1950.

He has asked the auto industry to come up with voluntary revisions during negotiations of a conversion from the government's old to its new price index as a pay guide under the cost-of-living clause in the contracts.

General Motors already has agreed to make some changes, but not enough to suit the union. The other big companies reportedly have indicated they would prefer to delay action on the matter until they see what G.M. does.

The UAW has asked the car manufacturers to do this:

- Put 20 of the 25 cents an hour gained under cost-of-living boosts since 1950 into the base rates to guard against losing it if prices should drop.
- Raise the industry's pension benefits from the present average of \$125 a month—including social security benefits—to about \$145 to restore the pensioners' 1950 purchasing power.
- Raise the so-called "annual improvement factor"—a guaranteed yearly raise to cover increased productivity—from 4 to 5 cents an hour.
- Boost the wages of skilled workers to eliminate what the union calls inequities brought on by inflation.

Reuther claims the contracts, though they do not expire until mid-1955, should be interpreted as "living documents," with the companies voluntarily keeping abreast of changing times.

Col. Baker Is Put On KP And He Enjoys It

McKINNEY, Tex. (AP)—The world's No. 1 jet ace, Col. Royal N. Baker, was on KP at home yesterday and enjoying every minute of it.

He drove his youngsters to school, helped hang out the family washing and wiped the dishes for his wife.

It was Baker's first day with his wife and four children since returning from Korea, where he became the nation's top jet ace by shooting down 13 MIGs.

Wolcott Opposes Plan To Extend Rent Controls

By CHARLES F. BARRETT
WASHINGTON (AP)—Chairman Wolcott (R-Mich) of the House Banking Committee said today he opposes an Eisenhower administration plan to extend general rent controls to Oct. 1.

Wolcott, in an interview, said federal ceilings on some 4,300,000 housing units in noncritical areas in 32 states can be lifted earlier than Oct. 1—just how much earlier he wasn't sure.

The controls are scheduled to die April 30, unless extended. Acting Defense Mobilizer Arthur S. Flemming, speaking for the administration, urged an extension to Oct. 1 in a hearing before the Senate Banking Committee only yesterday.

A second administration witness, Deputy Secretary of Defense Roger M. Kyes, was called before the Senate group today to give further details of what the executive branch wants in the way of continued economic controls.

There were signs of strong opposition in the Senate and House to the proposal for a five-month extension of general rent curbs.

And another signals mixup between the White House and Congress appeared to have developed.

Wolcott said there has been no agreement between President Eisenhower and congressional leaders on the issue. After a White House conference Monday, House Speaker Joseph Martin (R-Mass) told newsmen an agreement on the Oct. 1 extension had been reached.

Wolcott, who attended the White House meeting, said this was a "misunderstanding." He added that the Oct. 1 date had been mentioned prominently but the question of whether there should be any extension at all—and if so, how long—had been left open for further consultation.

Martin agreed today that "there wasn't what you would call a fixed, ironclad agreement." He said in a separate interview that practically everyone at the conference agreed on some extension, and that Oct. 1 "appeared to be the consensus of opinion." Martin said he had pointed this out at the time.

Martin and Wolcott said Eisenhower's chief interest had been to give state legislatures time to pass rent control laws to supplant the federal law, if they want to.

Contract Is Awarded

Contract for modification of the Veterinarian's facilities at Webb Air Force Base was awarded to R. L. Latham of Big Spring who submitted a bid of \$1,964.47. Bids on the project were opened Wednesday afternoon.

Scorpion venom has no effect on other scorpions of the same species.

IOOF Lodge Hears State Meet Report

Leon Cain gave a report on the IOOF Grand Lodge meeting at Fort Worth at the regular meeting of the Mullins Lodge No. 372 here this week.

Cain said the conclave at Fort Worth was successful in every phase and was well attended by representatives from all over the state.

Grand Lodge Degrees were conferred on Gordon Gross and Eugene Thomas of the local lodge.

Two visitors from IOOF lodges in Monahan were introduced at the local session.

Red China Due For More Soviet Help

By EDDY GILMORE
MOSCOW (AP)—The Soviets today charted a big new aid program for Communist China to boost their Red ally's heavy industry. In return, the Peiping government will send raw materials to Russia.

Moscow papers announced that a new agreement and two protocols covering the program were signed here recently in the presence of Chinese Premier-Foreign Minister Chou En-lai. He came to Moscow early this month as head of the Chinese delegation to the funeral of the late Joseph Stalin.

Russia promised to help increase China's electric power capacity by expanding existing power plants and building new ones. Other assistance will be provided in equipping Chinese metallurgical, mining, machinery, chemical, transport and other industries.

The Soviet Union also will supply China with agricultural machinery, pedigreed cattle and seeds.

As her part of the bargain, China will ship her light metals, rice, vegetable oils, meat, oil seeds, tobacco, tea, fruit, wool, jute, raw silk, silk textiles, leather and other goods.

The new regime—first such under the new duties of Prime Minister Georgi M. Malenkov—appeared to Western diplomatic observers here as an indication that the new Kremlin administration aims to do everything possible to assist Communist China. These sources noted also that Malenkov's first act after he became premier three weeks ago was to appoint one of the country's ranking diplomats, Vasili Kuznetsov, as new ambassador to Peiping.

Negotiations resulting in the new aid program were begun last August, when Chou arrived in Moscow with a big government delegation for talks with Stalin and other top leaders. The first resulting agreement, signed in September, prolonged Russia's expiring lease on Port Arthur in Manchuria until the two countries sign peace treaties with Japan.

Chou and most of his delegation returned to Peiping after the opening of negotiations last summer, leaving behind a group of economic experts to work out details of the pact announced today.

The program of expanded aid to China is considered especially significant by Moscow observers because it aims to increase Chinese production of steel, coal, oil, chemicals, engineering goods and other key items. In addition, it will assist a buildup of China's rail and automotive transport systems.

Pays \$5,000 Fine

FORT WORTH (AP)—A Ballinger oil promoter, Eldridge Solomon Price, paid a \$5,000 fine after pleading "no contest" yesterday to federal charges of sending unregistered securities through the mails.

Room to Spare — inside and out

YOU'RE looking at the car that offers you more room and power for the money than any other six-passenger sedan made in these United States.

You're looking at the 188-hp Buick Roadmaster Riviera Sedan, where headroom, hiproom, legroom and kneeroom are so spacious—you can seat six full-size adults in supreme and day-long comfort.

But lest you think this premium roominess comes with a penalty in handling ease—we have good news for you.

This 1953 ROADMASTER is powered by the world's newest and most advanced V8 Engine—an engine so compact, it has permitted the building of an entirely new and far more maneuverable chassis around it.

So every inch of roominess in America's big-room sedan is retained—but now, with over three inches less bumper-to-bumper length.

Beyond that, you have easier handling from this Buick's short turning radius—shortest of any other car of equal size and weight.

When better automobiles are built Buick will build them

Jayhawks Return To Action Against Thatcher At 8:00

Moberly Ousted By Kansas Five

HUTCHINSON, Kansas—HCJC's Jayhawks of Big Spring, Texas, are to return to action in the second round of the National Junior College Basketball Tournament here at 9:30 o'clock, meeting Eastern Arizona's Monsters of Thatcher.

A victory there would send the Texans into the semi-finals of the tourney and assure them of playing at least two more games. The Hawks moved up Tuesday evening by vanquishing the Eastern Oklahoma A&M, 80-78, in a thrill-packed, double-overtime game.

Thatcher sidelined Fairbury, Nebr., 63-57, in the first round of play. Hannibal-LaGrange of Missouri and El Dorado, Kansas, moved into the semi-finals in action last night.

The Kansas quintet knocked off highly-rated East Central Mississippi State of Decatur, Miss., 64-60, and Hannibal-LaGrange kayoed Brewton-Parker of Mt. Vernon, Ga., 101-75.

First round play had been completed earlier in the day when Arkansas City, Kansas, trounced Moberly, Mo., 74-72, and Brooklyn State Tech, New York, beat Jacksonville, Fla., 67-63. If the Hawks win tonight's game, they will face the winner of the Brooklyn-Arkansas City engagement in the semi-finals at 9 p.m. Friday.

El Dorado is a slight favorite to move to the throne room. The Kansas had earlier turned back Lon Morris of Jacksonville, Tex. Lon Morris got back on the victory track in consolation round play last night, trimming Wahpeton, N. D., 84-78.

Today's Schedule: (Times Central Standard) 12:30 p.m.—La Junta, Colo., vs Concordia, Fort Wayne, Ind., loser's bracket. 3 p.m.—Jacksonville, Fla., vs Moberly, Mo., loser's bracket. 3:30 p.m.—East Central Mississippi vs Brewton-Parker, loser's bracket. 6 p.m.—Eastern Oklahoma Aggies vs Fairbury, Nebr., loser's bracket. 8 p.m.—Brooklyn State Tech vs Arkansas City Tech, championship bracket. 9:30 p.m.—HCJC vs Eastern Arizona JC of Thatcher, Ariz., championship bracket.

SW AAU Boxing Tourney Begins
DALLAS (AP)—Spirited action and TKO's featured last night's opening session of the Southwest AAU Boxing Tournament here. All matches for the opening night program were between a vice fighters. More than 100 fighters, including 22 open class boxers, are entered. The boys have at it again tomorrow night in the second program.

Senators Batter Park Hill, 12-3
Washington Place bruised past Park Hill, 12-3, in a Ward School football game played Tuesday at Park Hill. Jerry Graham was clubbed for 14 hits. Chubby Moser pitched and batted his team to victory, collecting three hits while holding the opposition to seven. Terry Stanley hit a home run for the Senators. Bill French collected three hits for the losers while Jimmy Whitefield had three for Washington Place.

Brooklyn Dodgers Blessed With Excellent Pitching
By BEN PHLEGAR
Associated Press Sports Writer
Last year the one thing the Brooklyn Dodgers lacked was good pitching. This spring they're wallowing in it. In their last four games Brooklyn pitchers have put together 30 consecutive scoreless innings during which they yielded only 14 hits—amazing figures for a team that won the 1952 pennant by clubbing the opposition to death. All the more impressive is the fact that more than half of these scoreless frames have come from rookies not even on the Brooklyn roster. Glenn Mickens, a 22-year-old right-hander with less than two seasons of organized ball under his belt, started the string last Saturday as he shut out the Boston Red Sox in the final three innings of an 8-4 victory. Carl Erskine, the No. 1 starter, shut out the Philadelphia Athletics on two scrawny hits as he went all the way on Monday. Left-hander Johnny Podres, a 20-year-old from the Montreal Royals, mowed down Montreal for seven scoreless stanzas Tuesday and Ron Negray, who came up from St. Paul late last season, continued the goose eggs in the final two. Yesterday it was Bob Milliken, just out of the Army, for six and relief ace Joe Black for three as the Dodgers edged the Milwaukee Braves, 4-0. Mickens, Podres and Milliken still are minor league chattels and Mickens, regardless of his brilliant spring form, won't be available until at least May because he has to finish his two-year Army hitch. He used a furlough to go to training camp in an effort to land a Triple A job although his previous experience is limited to a season at Ft. Worth (Class AA).

Another fine pitching job yesterday came from veteran Jim Koussisty of the Philadelphia Phils. He blanked Detroit, 7-0, on seven hits as the Tigers fell before a National League team for the first time this spring. Bob Porterfield and Julio Moreno of Washington shut out the Red Sox for 10 innings. The Senators

Big Spring (Texas) Herald, Thurs., March 26, 1953

Seeks Three-Year-Old Crown
Native Dancer, owned by Alfred Gwynne Vanderbilt, is seeking the three-year-old crown among the nation's thoroughbreds. He'll take a shot at the Kentucky Derby in May. Handling the reins in the workout here is Bernie Everson.

13 TO 7 Steers Beaten By Westerners
LUBBOCK — Ten errors proved costly to Big Spring High School as the Steers dropped a 13-7 baseball verdict to the Lubbock Westerners in a practice tilt here Wednesday afternoon. The Westerners could get only seven hits off Charley Rose but ganged up on him with a six-run third inning to salt away the decision. The win was the third straight for Lubbock over Big Spring. Lubbock counted three times in the leadoff panel when Frank Wright reached second on a boot and came home on a single by Gil Garcia. Jimmy Crawford and Wally Wilson walked to load the bases and Rose walked Don Powers and Tommy Meirs. The Steers got back in the game in the second when Jimmy Hollis walked. Rose singled, Ronnie Wooten singled and Tommy McAdams followed with a one-baser. Eleven Lubbock players went to bat in the big third frame. Wayne Medlin collected two of Big Spring's seven hits. Garcia blasted out three hits for the victors.

Flinders Fashions No-Hitter For SMU
DALLAS (AP)—Southern Methodist defeated Hardin-Simmons, 13-0, yesterday behind the no-hit pitching of Art Flinders. Flinders, a basketball player who went to the mound to show SMU Coach Alex Hooks he was good enough to make the team, was in trouble in only one inning of the inter-conference baseball exhibition.

Baseball Is Added To Tech Program
LUBBOCK (AP)—The Texas Tech athletic council, yesterday approved adding baseball to the Tech sports program starting next spring. Tech now competes in seven sports—football, basketball, track, golf, tennis, swimming and fencing.

Stolhandske Will Play In Canada
SAN FRANCISCO (AP)—The San Francisco 49ers have lost their No. 1 choice in the college football draft to the Western Canadian League. Former University of Texas end Tom Stolhandske notified owner Tony Morabito yesterday he had signed with Edmonton.

Dallas Team Wins
SAN ANTONIO (AP)—The Dallas polo team, behind the three-goal shooting of Clarence Starks, defeated Diamon B. Valley Farms, 7-4, yesterday.

Bowler Scores Unusual Split

Seagram's fell a game off the pace in Men's Bowling League standings this week by losing a 2-1 decision to one of the three co-leaders, Dairy Maid.

Lee Hanson's remained in a tie for the top spot by nudging Mathia Studio, 2-1. In other matches, West Texas Roofers edged the Eagles Club, 2-1, The Big Spring Herald-Sinclear Oil match was postponed until Friday night.

E. B. Dostier, Jr., Seagram's set a new aggregate scoring record with a 224-613. He held the old mark, 612.

Dr. C. W. Deats had second high single game with a 208. Bruce Broussard boasted the next best total with a 203-540. Deats bowls for the Eagles Club, Broussard for the West Texas Roofers.

Jim Engstrom, Hanson's and T. W. Campbell, Dairy Maid, each had a 203, only other eagles to climb to the 200-mark in single games. Lee Hanson's led team scoring with 840-2387. Hanson's also had an 839 while Dairy Maid held second high total with 2377.

Roy Osborne, West Texas Roofers, converted a 7-10 split and qualified for an ABC patch, as a result. It was probably the first time such a feat had been accomplished on local alleys.

Juniors Enter Andrews Track Meet Friday

Coach Harold Bentley will take a 12-boy team to Andrews Friday, where it will compete in the annual Andrews Junior Invitational Track and Field Meet. The cinder carnival begins at 2:30 p.m. Boys who will make the trip and the events in which they will compete are:

James Rollins, 50-yard dash, 100, 440-yard relay, 180-yard low hurdles, high jump and broad jump. Bennie Compton, 50, 100, broad jump, shot put and 440-yard relay.

Charles Saunders, 880-yard relay, 440-yard relay, high jump and broad jump. Lee Underwood, 880-yard relay and sprint relay.

Milton Davis, 880-yard relay. James Harris, 880-yard relay. Doyle Rogers, chinning the bar. Frank Powell, chinning the bar. Charles Rupard, shot put. Newlan James, discus.

LeRoy LeFever, discus. Rollins and Compton have been turning in fine times in the 100. Rollins' best time is 10.5 and Compton has been about as good. Rollins has been suffering from shin splints and will not hurdle if he is similarly bothered tomorrow. Saunders had shown much improvement in the past several days and is being counted on to win his share of points.

Underwood is only an eighth grader but has come along fast. Other schools entered in the meet include Kermit, Denver City, Seminole and the host team.

Vaught Will Play With Philadelphia
FORT WORTH (AP)—Ted Vaught, former Texas Christian end, will play professional football with the Philadelphia Eagles. The 195-pound Horned Frogs captain last season led the team in pass receiving.

AREA OIL

Spraberry Trend Area Well In Glasscock Is Completed

Sinclair's No. 10 J. B. Calverley in the Spraberry Trend Area of Glasscock County was completed with a potential of 370.10 barrels of 36.3 gravity oil.
Also a wildcat location in Dawson County and a venture in the Bada Parochial Field of Sterling County were reported today.

The Dawson wildcat in Magnolia No. 1 C. A. Elland, located nine miles southwest of Lamesa, Roche No. 1 Safah Bada is the Bada Parochial venture.

Borden
Superior No. 9-360 Jones, C NE SW, 580-97-H&T survey, is drilling at 6,534 feet in lime and shale. Green No. 1 Wolf, C NE SW, 40-25-H&T survey, is to be plugged and abandoned at 7,301 feet. Operator has been swabbing oil with water for the past two days from perforations between 6,468 and 6,487 feet in the Wolfcamp.

Dawson
Magnolia No. 1 C. A. Elland, 660 from north and west of lines, labor 33, league 373, Glasscock CSL survey, is a new wildcat location. It is flked at a point nine miles southwest of Lamesa and will go to a depth of 12,500 feet by rotary.
Texas Crude No. 1-109 Lindsey, 660 from north and 2,310 from east of lines, 109-M-EL&RR survey, hit 6,612 feet in sand and shale.
Vega and Universal No. 1 Fowler, C SW SW, 111-M-EL&RR survey, is at 6,840 feet in sandy lime and chert.
Sun No. 1 Deah, C SW SW, 22-1-Poittevant, reached 9,730 feet in lime, sand and shale.

Glasscock
Sinclair No. 10 J. B. Calverley, C SW SW, 31-36-45, T&P survey, flowed for 24 hours through a 3/4 inch choke to make 370.10 barrels of oil with a gravity of 36.3. The well was a packer on the casing and tubing pressure was 100 pounds. Flow was natural, and there was no water. Gas-oil ratio was 1,343-1. Top of pay is 6,865, total depth is 6,965, and the seven inch oil stringer was bottomed at 6,867 feet.
Sinclair No. 1 Cox, C SE SE, 32-33-45-T&P survey, has a total depth of 9,178 feet in lime and shale in the Lower Spraberry. Operator is preparing to take logs and a dilatant test. The well has been amended to go to 9,500 feet for a Pennsylvanian test.

'Grand Old Opry' Entertainers To Be Here Tonight

A good sample of the "Grand Ole Opry" entertainment — and popular entertainment it is — is made available to Big Springers tonight.
At the city auditorium at 8 p.m. there will be an Opry show that stars Little Jimmy Dickens, one of the rising stars in the realm of folk music. Although Jimmy stands four feet, eleven inches, he's got a big voice, and a lot of composing talent. He is building a big popularity with records and with his radio broadcasts.
Another entertainer will be Ray Price, another songster and folk-tune composer of note, who grew up in Texas before he joined the Grand Ole Opry aggregation at Nashville. Ray also has written several tunes which have been recorded.
Other featured players will be Ray Gabbard, a whiz on the guitar and bass fiddle who adds much to the comedy and melody of the show; and Del Wood, a young lady who can tear a piano apart.
The show is being presented here by the American Legion Post, and proceeds will go toward financing the Legion's team in this summer's Little League baseball Advance tickets are on sale at the Record Shop and will be available at the box office tonight.

Butcher Cattle Lower At Livestock Auction

Some classes of cattle were steady but butcher cattle generally ran lower in the Big Spring Livestock Auction Company's sale Wednesday.
Butcher cattle sold from 12.00 to 14.00, canners and cutters 10.00 to 11.50, fat calves and yearlings 18.00 to 21.00 and bulls 15.00 to 16.00.
Stockier steer calves went for 20.00 to 21.50, heifer calves from 20.00 to 21.00, good cows and calves for 140.00 to 170.80, plain stockers from 14.50 to 17.00 and hogs 20.00 to 20.50.
The run was estimated at 500 cattle and 100 hogs.

Howard

McFayland No. 1-35 Jones, C NE NE, 35-33-3n-T&P survey, is drilling at 6,902 feet in shale and lime. Stanoind No. 1 Anderson, C NE SW, 3-11-2n-T&P survey, reached 7,690 feet in lime.
Sun No. 3A Jones, 990 from south and 330 from east of lines. 20-26-H&T survey, is coring at 2,883 feet in lime.
Coisen No. 1 Allen, C SE SE, 57-20-LaVaca survey, is preparing hole for another drillstem-test try. Two previous attempts have failed. Hole is bottomed at 7,505 feet.
Delhi No. 1 Hamlin, 1,650 from north and 2,510 from west of lines, 17-32-2n-T&P survey, is still running pipe to get ready for test of Spraberry.

Martin

Gulf No. 4-B Glass, C SW NW, 20-28-1n-T&P survey, hit 7,964 feet in lime and sand, and a dilatant test was taken from 7,860 to 7,960 feet with the tool open two hours. Recovery was 418 feet of mud with no shows.
Pan-American No. 6 Breedlove, 4,620 from south and 660 from east of lines, league 258, Briscoe CSL, reached 9,910 feet.
Phillips No. 1-C Schar, 1,320 from south and 700 from west of lease.

Sterling

Roche Oil Company of Austin No. 1 Sarah Bada Estate, 2,972 from south and 330 from east of lines, section 22, block 22, H&T survey, is a location in the Bada Parochial field. It is 10 miles west of Sterling City. Elevation is 2,482 feet, and well will go 2,000 feet by cable tools.

Man Fined \$200 In Beating Case

Vernon B. Phillips, 1001 East 12th, was fined \$200 in Howard County Court today for beating his wife.
He was fined by County Judge R. H. Weaver after pleading guilty to charges of aggravated assault. His wife, Kanna Phillips, was hospitalized last night as a result of the attack. Sheriff's officials said today she had been beaten with a woman's high-heeled shoe.
Hospital attendants reported that several stitches were taken in her head.
She is reported in satisfactory condition today, although suffering from loss of a great deal of blood.
Deputy Dale Lane testified today that when he arrived at Phillips' house, there was a huge pool of blood under the bed. Phillips admitted using the shoe to beat Mrs. Phillips.

Baby Found Dead; Autopsy Ordered

Mable McKnight, 14-month-old daughter of Mr. and Mrs. Sylvester McKnight, Negro residents, of 808 NW 6th, was found dead this morning.
Cause of death was undetermined at noon, but Justice of the Peace Cecil Nabors has ordered an autopsy.
The baby was taken to the hospital at 6:30 a.m. after her mother discovered she was dead. McKnight, who works at Furr Food Store, did not know whether the baby was dead before he went to work at 6 a.m. or not.
Doctors stated that the baby had apparently been dead from three to four hours before arrival at hospital. There were no signs of injury, but doctors said there was a possibility of strangulation.
The baby's body is now at Nalley Funeral Home, where the autopsy will be performed.

Many People Fear Big Business In US

SAN ANTONIO (AP)—Almost as many people fear big business as fear big government, a Detroit industrialist said yesterday.
T. Russ Hill, president of the Martin-Parry Corp. and Rexair, Ltd., spoke at the final session of the Western Petroleum Refiners Association.
"Unless business meets its obligations, recognizes its responsibilities, and delivers the goods," Hill said, "this could well be the last appearance of a government friendly to business."
"No effort to sell free enterprise will stick in the face of another depression," he added.

Garden City Man Treated For Burns

GARDEN CITY — Raymond Torres, son of Mr. and Mrs. Valentine Torres, is under treatment at a Big Spring hospital for severe burns he received Tuesday afternoon.
Torres was painting the inside of a 500-gallon gasoline tank at the Shell Service Station where he is employed when there was an explosion. There were reports that Torres was blown out of the tank, but he said he climbed out.

Tire, Wheel Stolen

A tire and wheel were stolen from a Ford pickup owned by Sam Kelly, 311 N. Curry, Tuesday night. Kelly reported the theft Wednesday.

Mitchell

Magnolia No. 1 Walker, C NW NW, 229-1A-H&T survey, got down to 5,975 feet in shale. Operator is preparing a drillstem test.
Sun No. 2 McCabe, C NW SW, 22-1A-H&T survey, is bottomed now at 5,180 feet in shale.
Humble No. 1 Cooper, C SE NW, 25-19-LaVaca survey, is preparing for drillstem test from 4,750 to 4,784 feet in lime.
El Capitan No. 1 Dixon, 467 from southeast and southwest lines, section 2, J. P. Smith survey, was plugged and abandoned at 7,125 feet in lime and shale.
Wood No. 1 Dixon, C SW SW, 2-12-H&T survey, bored to 5,735 feet in shale.
Sohio No. 1 Yarbrough, C NW SE, 67-25-T&P survey, is reported at 3,441 feet in lime and shale.

Reagan, Upton and Martin Counties

State-wide order for flow for April had been permitted cut-119-336 barrels daily. Closing in the Spraberry will slash another 95,000 barrels per day.
Oil and gas operators in the Spraberry may feel the impact of the commission action for months to come. Industry spokesmen had been called on last week to show the commission why a shutdown should not be ordered.

Man Fined \$200 In Beating Case

Vernon B. Phillips, 1001 East 12th, was fined \$200 in Howard County Court today for beating his wife.
He was fined by County Judge R. H. Weaver after pleading guilty to charges of aggravated assault. His wife, Kanna Phillips, was hospitalized last night as a result of the attack. Sheriff's officials said today she had been beaten with a woman's high-heeled shoe.
Hospital attendants reported that several stitches were taken in her head.
She is reported in satisfactory condition today, although suffering from loss of a great deal of blood.
Deputy Dale Lane testified today that when he arrived at Phillips' house, there was a huge pool of blood under the bed. Phillips admitted using the shoe to beat Mrs. Phillips.

Border Patrol Aide Here Wins Promotion

Roger D. Bushner, inspector-in-charge of the local Border Patrol unit, has been promoted to investigator for the Border Patrol at Marfa.
Joseph Minton, El Paso, district director of the Immigration and Naturalization Service, announced the promotion Wednesday. Bushner has been in charge of the four-man Border Patrol unit here since an immigration service office was opened here last May. He has been in the Border Patrol since 1941.
Inspector Bushner expects to assume responsibilities of his new post immediately. His successor here has not been announced.

Gas Appliance Men Here For Meeting

Some 25 gas appliance servicemen are in Big Spring today and Friday for a clinic on maintenance of 1953 Serval refrigerators.
F. J. McNeely, Fort Worth, representative of the Ransom Gas Appliances sales agency, is in charge of the meeting. New models of the refrigerator are being shown, and technical aspects are being explained for the benefit of service and repairmen.
Representatives of various gas appliance distributors in this area are present. The meetings are being conducted at the Settles Hotel.

Three Road Mishaps Reported Wednesday

Three traffic mishaps, none resulting in injuries, occurred in Big Spring Wednesday.
Police said Jeanette C. Bogard, 304 Park, and Jesse Pearl Watson, 302 E. 15th, were operators of cars in collision at 602 W. 3rd about 1 p.m.
Horace Buford Davis, 209 Donley, and Raymond Lee Brady, 509 E. 17th, were drivers of cars which collided at Second and Goliad about 3:15 p.m. officers said. They identified William Earl Plev, Big Spring, and Lewis Ray Bennett, Pampa, as operators of vehicles in a mishap at Third and Benton about 10 p.m.

Testifies

Louis Budenz, self-described former Communist leader now a faculty member at Forham University, testifies in Washington before the Senate investigating committee. He said "a concealed Communist must have" had a hand in placing the works of American Communist writers on the shelves of libraries the State Department operates overseas in the Cold War effort. (AP Wirephoto).

CANDIDATES SPEAK OUT

This is one of the statements being made by candidates for the school board in response to an invitation by the Herald. These are being carried in the hopes of presenting the people and their views who have offered to serve schools.

Thompson Says Oil Imports Cut Domestic Output

BARTLESVILLE, Okla. (AP)—Already hurting from imports, the American petroleum producer apparently must reckon with more foreign oil in supplying domestic needs, Texas' Railroad Commission chairman said today.
And, said Ernest O. Thompson, "the more oil imports, the less domestic oil needed to fill demand."
Thompson spoke at a luncheon during the annual meeting of Phillips Petroleum Co.'s production department employees.
"With imports increasing so greatly, it is becoming constantly clearer," he said in his prepared address, "that domestic oil production cannot be maintained at current levels without causing serious oversupply."
Crude stocks already are at peak estimates and stocks of products are "more than adequate," Thompson pointed out.
"The estimates of increase in demand of petroleum and products for 1953 run about 4 per cent above the demand for 1952," he said. "But imports of crude and products increased an average of 12.8 per cent in 1952 over those of 1951."
What really hurts the oil country economy, he added, is this: "In the fourth quarter of 1952, crude imports increased 45 per cent over crude imports in the fourth quarter of 1951, and products increased 12 per cent, also."
"This is a situation that there are going to be more imports to be reckoned with in filling our demand here at home."
Since the United States became a net importer of oil several years ago, Thompson said, "we have lost our oil exports."
"Many refineries have been built in Europe since the war," he continued, "and those refineries are, of course, taking the business, and they will keep it. We furnished the funds to build competition against ourselves. Now we are of course, cannot sell our products abroad."

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions — Bobby West, Coahoma; Mike Tuley, Monahans; George Mims, 1804 Main; Charley Hunt, 707 N. Security; Norman L. Schrank, 1411 11th Place.

Bond Is Set At \$500

Floyd Edward Kinman pleaded not guilty in County Court today to charges of driving while intoxicated. Judge R. H. Weaver set his bond at \$500. Kinman was arrested by sheriff's officials Wednesday night.

Pilots Wings Involve Working, Studying

By T-SGT. JIMMIE CARROLL
Name: Robert L. James, Captain, USAF.
Occupation: Instructor Pilot, T-28 Aircraft.
Marital Status: Married with three children.
That is the way a man looks on his military service record... a name, a number, a lot of vital statistics... if you know how to dig through the double talk... but they don't really tell the complete story of a man.
They don't tell the complete story of Captain Robert L. James... the hundreds of hours of sweating and studying and working to bring himself to the fine point of perfection which qualified him for the job of pilot instructor in the 3561st Pilot Training Squadron at Webb Air Force Base. Nor do they tell of the same hours of waiting and wondering done by his family.
Captain James' story actually began, as far as his military career is concerned, in July, 1940, when he entered the Air Force. Born Dec. 22, 1920, the son of Mr. and Mrs. Jesse James of Hayward, Calif., Capt. James attended high school in Duncan, Okla., where he graduated in 1940, immediately prior to entering the military service.

Martin Jury Trials Slated For April 13

Jury trials for persons indicted Monday by the Martin County Grand Jury will be held April 13. Judge Charlie Sullivan said that a jury panel has been called for the week to try the cases. Nine indictments were returned by the grand jury.
Those to be tried will be Moody Coleson, David Willard Self, Joe Self, and Betty Joe Aldridge, all charged with robbing farm houses; Joe Andrew Gunn and Noble Kirk, indicted on burglary charges; Monroe Clayton Taylor, indicted for allegedly passing a worthless check; and Don Prather, charged with forgery.
District Attorney Elton Gilliland stated that Prather has waived jury trial and was to appear before the court today.

French-U.S. Strategy Talks Start Today

WASHINGTON (AP)—President Eisenhower said today his cold war talks with French Premier Rene Mayer will be concentrated on NATO and Indochina.
He said this at a news conference a half hour before boarding the presidential yacht, Williamsburg, to talk with Mayer and other top French officials.
The visiting French leader, assisted by a 35-man delegation which includes three Cabinet officers, was expected to outline Indochina war plans for the next day at the opening talks.
These plans, already made known to key American agencies, call for mobilization of 57 new commando battalions of Indochinese. However, bigger and faster military cargoes must be sent from the U. S. to make this possible.
American officials, who sometimes have criticized French operations in Indochina, said they are enthusiastic about the new French plans. They said the Eisenhower administration is ready to back them although this would mean diverting foreign aid funds from other areas.
The President has the right to do this under legislation approved by Congress last summer when it appropriated about six billion dollars for foreign military, economic and technical assistance. Up to 10 per cent of the money set aside for specific areas can be shifted around.
Sharing importance with Indochina in today's opening talks was France's plans for approving the long-delayed European Army treaty.
President Eisenhower and Secretary of State Dulles, anxious to translate the plan into action, were reported eager to hear from Mayer personally about prospects for its ratification by the French Parliament.
American officials emphasized it would be impossible to give Mayer and his colleagues any clear indication of how much new aid the French can expect at home and abroad. The administration will not say whether a foreign aid request to Congress for this period.
At present, American officials estimate the U. S. is allocating about 400 million dollars in military aid to Indochina. Unofficial estimates say about 600 million dollars is going additionally to France for domestic needs.

J. G. Thames Dies; Funeral Is Pending

Body of J. G. Thames, about 90, who died at the home of a daughter, Mrs. Idella Jones, in May, Texas, early today, is being returned here in a Nalley ambulance.
Services are pending but final rites will probably be held Saturday.
Thames, who farmed at one time west of Knott, had been ill for some time. His wife died here in 1935. He was born in Alabama. He moved to Howard County, in 1924.
Survivors include four sons, Hugh, Seminole, Colon, Noble, La. S. E., Seagraves, and R. E., who live some place in Missouri, and three daughters, Mrs. Nettie Smith, Riverside, Calif.; Mrs. A. J. Pirkle, Big Spring; and Mrs. Jones.

Borden County To Try First Man As Habitual Criminal

GAIL (SC) — The first man ever indicted in Borden County under the habitual criminal act will go on trial here Monday morning before District Judge Sterling Williams of Snyder, according to records in the office of Mrs. F. J. Cantrell, clerk.
The defendant is Fred Moore charged with the theft of two rodeo trophy saddles and two pairs of chaps from Bob Beale. The indictment, prepared by District Attorney Renal Rosson of Snyder, and returned by a recent grand jury, charges that Moore has heretofore been convicted of felonies in Seurry and Howard Counties.
Also charged with the theft of the saddles is Leslie Gaskin. Sheriff Sid Reeder said Moore had only been out of the penitentiary a short while before being arrested on this charge.
The two theft charges compose the entire docket for Monday morning's court term.

Banquet, Sales Meet Is Set By Magnolia Here Friday Night

Magnolia Petroleum Company agents and dealers in this area will combine their spring sales program with a banquet in observance of the company's 50th anniversary Friday night.
The banquet and business meeting will be held at the Settles Hotel, starting at 7:30 p.m. J. E. Foote, Big Spring, district agent; Harry Hobbs, Fort Worth, assistant division manager; and Merrill Croighon, local consignee, will be hosts for the event.
About 30 Magnolia dealers and agents from Big Spring, Snyder, Colorado City and Ackerly are expected.

TV Stations Okayed

WASHINGTON (AP)—The Communications Commission today authorized 11 new television stations in 10 cities. One went to KNAL Television Co., Victoria, Tex., Channel 19, and another to Alamo Television Co., San Antonio, Channel 35.

MARKETS

WALL STREET (AP) — The stock market opened steady and mixed today with price changes mixed.
Black tea was fairly frequent on the tape during the first few minutes with a downward trend in the latter part of the day. A short interest at 97 on a block of 2,800 shares, Southern Pacific was of similar size.
LIVESTOCK (AP) — Cattle 600; calves 200; steady; good and choice steers and yearlings 24-25.50; medium and choice steers 22-23.50; beef cows 13-15.50; good and choice slaughter calves 10-12.50; steady to 16 medium calves 11-12.50; common to 9-10.50; hogs 200; butcher hogs steady; choice 16-17; good and choice 15-16; rough 14-15; pigs 10-11; steady; some spring hogs 12-13; cut to good spring hogs 12-13; good and choice spring hogs 11-12; fresh stock and No. 3 pigs 11-12.50; steady and good choice slaughter lambs 10-11.50; good and choice lambs 9-10.50; medium lambs 8-9.50.
COTTON — NEW YORK (AP) — Cotton prices today were 10 cents higher than the previous close. May 25, 25 1/2; July 21 1/2 and Oct. 21 1/2.

YOUNG ROBBERS

DALLAS (AP) — A six-year-old boy told officers another youngster robbed him of \$2 yesterday at air rifle-point as he set out to buy groceries for his mother.

Kyes Files Report On His Financial Affairs

By EDWIN B. HAAKINSON
WASHINGTON (U) — Deputy Secretary of Defense Roger M. Kyes appeared today to be the first of four new top defense officials to have put his personal financial affairs "in a glass goldfish bowl."

The Senate Armed Services Committee kept a cover over the bow for the present.
Chairman Saltonstall (R-Mass) of the committee said Kyes, former General Motors vice president, has filed a report on sale of his G. M. stock and other securities.

The term "glass goldfish bowl" was used by Secretary of Defense Wilson, former G. M. president, when he agreed to sell his multi-million-dollar holdings and make a report to the Senate.

Senate confirmation of four of President Eisenhower's top defense nominees was delayed until they agreed to dispose of any interest in corporations doing defense business. A law forbids any official

from doing business with a firm in which he holds even an indirect financial interest.

Both Wilson and Kyes agreed to supply a detailed report on disposal of their financial holdings by April 1.

Saltonstall said today he would allow the full Armed Services Committee to decide whether to make public these reports. During hearings in January he and Sen. Byrd (D-Va) indicated the reports might be made public.

Wilson, it was learned, planned to leave today for Detroit to wind up disposal of some 2 1/2 million dollars worth of G. M. stock and other holdings. He plans to be gone until Monday and file his report ahead of the April 1 deadline.

Secretary of the Air Force Talbot, former Chrysler Motors executive, promised to file a report on his holdings, and those he is selling, "not later than sometime in April."

Secretary of the Army Stevens, former textile industry executive, did not fix a definite date for his report.

Army Enlistees May Pick Tech Schools Before Signing Up

Men who plan to join the United States Army can pick the tech schools they wish to enter before joining the service.

Sfc. A. M. Burt, local recruiter, stated today that any one of 54 tech schools can be selected before enlistment. Burt said individuals should check with him a couple of months before planning to enlist.

If the enlistee has the equivalent of a high school diploma and can pass the physical examinations, the tech schools are open to him. Enlistment periods must be from three to six years, Burt said.

If proper application is made, the enlistee is assured of entering the school of his choice, Burt said.

Road Repairs Accelerated By Recent Rains

Due to the recent rain, repairs on dirt roads in Howard County have been greatly accelerated.

However, due to the rotation system of road machinery, most of the activity has been in commissioner precinct one around Vealmoor.

According to workers at the County Barn, dragging and grading conditions have been better on the roads during the past two weeks than any time during the past two years.

And the road crews have been putting the machinery through some stiff paces to get the dirt roads in shape. Since most equipment is in Vealmoor, that area has benefited most.

Skidder operations have been carried on in other parts of the county, since each precinct has two or three machines with which to work. In the Vealmoor area, 10 maintainers, two graders, one shovel and four dump trucks are operating.

The main body of machinery will go to commissioner precinct four next month. Machinery is housed in each precinct for a period of three months.

Since the first rains started last September, road repair business has been up. Workers estimate that all roads have received treatment since that time.

In addition to grading, ditches on the sides have been reworked. Workers estimate the roads are in as good shape now as they have been in two years.

Many of the roads could not be dragged previously within the past two years due to the drought.

Linen And Lace In The Easter Parade

Justin McCarty buttons a bolero up to the throat, but can't quite hide the beautiful lace top of the dress beneath... perfect for Easter... for the lady with a popular schedule... Fine imported linen by Adams in natural or black.

First Speech In School 'Worse' Than Atom Test

CAMP DESERT ROCK, Nev. (U) —Remember the awful, all-gone feeling you had just before you made your first speech as a kid in school?

Well, take it from an Army officer, that's worse than waiting in a trench for an atomic device to explode 2,500 yards away.

Capt. Robert R. Collier, 29, Battle Creek, Mich., one of nine volunteer officers who were that close to Tuesday's detonation, also said: "I had no fear of going in. If I had felt ragged about it, I wouldn't have gone in. But I knew what to expect and wasn't afraid to face it."

When the flash came, he said yesterday, "we had planned to have our eyes closed, but were caught with them open and looking down into the trench. I found that there were dilatory (after) effects from the light. We were rumbled around a little bit."

"First we got the light in the trench. Then a loud noise and appreciable ground shock. This ground shock was nothing like the effects of the shock you get when you're in an automobile accident. I stumbled but did not fall down completely."

"It took me about eight seconds after the flash and blast to get square around. I checked my radiological instruments and found everything under control, but noted it was time for us to start getting out of the trench. We started trudging out."

"I haven't felt any ill effects from the experience and don't expect to."

WONDER IF OWNER KNOWS ABOUT THIS

DENVER (U) — An untripped process server came along last night and left a Cadillac barefooted, naked to the brake drums on a main Denver thoroughfare.

The car, fully tired, was suddenly and shinglingly gracing a parking spot. Along came the process server with the idea that the car was wearing unpaid for tires.

From a tire company truck six huskies hopped out and detoured the flashy coupe.

The curious rubbered and lined up to see what the owner would do when he returned.

But the process server and the tireless six got there first, jacked up the car again and retired it.

Either the bill had been paid and there was a mistake, or it was settled in a hurry.

Five minutes later, the owner came along, climbed in the Cadillac and drove away.

7 Italian Vessels Declared In Default Of Mortgages By US

WASHINGTON (U) — Seven Italian merchant ships, listed by the Defense Department as among vessels used in trading behind the Iron Curtain, have been declared in default of mortgages.

FUNDS STILL NEEDED Summer Recreation Program Approved

Approval of a newly coordinated summer recreation program in Big Spring was given at a special meeting yesterday by representatives of the City, County, School District, Chamber of Commerce and YMCA.

Full operation is dependent upon financial support from various civic and service organizations, which are to be contacted for participation.

The program calls for expenditure of \$3,250, to cover employment of a director, three men assistants and one woman assistant. These would be charged with maintaining a recreational program during June and July that would include the swimming program at the City Park, North Side, West Side Park, Junior High School gym and playground and at the YMCA.

The City and the School District are expected to contribute \$750 each toward the program (same as they have in past years), and the YMCA can make provisions from its budget for another \$750. Clubs, including Chamber of Commerce, Junior Chamber of Commerce, Rotary, Lions, Kiwanis, American Business, Business & Professional Women, American Legion and VFW, will be asked to employ some of their youth development funds to round out the budget. The Salvation Army will be asked to help with personnel.

The entire program would be unified under the director, and a \$300 monthly salary, and this director would be responsible for all phases of the program.

Final reports on the financing are due to be turned in by next week to John Coffey, chairman of the C-C welfare committee.

Price Is Named To Retail Merchant Post

Lewis Price, manager of Hemphill-Wells Company, has been appointed chairman of the new board of directors for the Retail Merchant's Association.

Mrs. Ruth Apple, manager of the association, stated that the new board was formed early this week. It consists of nine members.

All members were selected from the business ranks of Big Spring, she said. Purpose is to further cooperation between the association and business establishments in the city.

Other members appointed include A. Swartz, Mrs. Alice Cravens, Wayne Gound, E. B. Hilburn, Mrs. Velma O'Neal, R. W. Whipkey, J. B. Wiginton and H. C. Morrison.

Big Springer Plays In The Baylor Band

Youth Finds Deputy Sheriff Badge, Wins Himself Honorary Commission

From the gutter of Oklahoma City to the plains of Texas—that's the story of Deputy C. H. Forgas' badge of office.

And the story has resulted in an Oklahoma City youth being made an honorary deputy sheriff of Howard County.

The story began just before Christmas in Oklahoma City when Chief Deputy Dale Lane ordered two badges, one for himself and the other for Forgas.

Although the badges were prom-

ised by Jan. 1, they never were shipped. This month Forgas asked Lane what had happened to the badges. Lane said he didn't know.

Next day a package was received from a lawyer in Oklahoma City. In the package was Forgas' badge. The lawyer said his son—Mike Barnett—found the badge in the gutter of an Oklahoma City street.

Since the badge had the inscription, "C. H. Forgas, deputy sheriff, Howard County, Texas," on it, the

lawyer forwarded it on to Big Spring.

Forgas and Lane could not understand what the badge had been doing in the gutter. Lane wrote the concern from which he had made the order.

The dealer replied that Forgas' badge had been on display in his window and that someone had stolen it. The dealer said he was holding up Lane's shipment until a replacement could be made.

Mike Barnett had found the

badge only three days after the theft. Officers here believe the man who took the badge, lost it in the gutter.

Forgas and Lane wrote the small boy—age undisclosed—and gave him a \$5 reward. An honorary deputy sheriff's commission was also forwarded to him along with an invitation to visit Howard County.

After the badge dealer found that Forgas had his badge, he shipped Lane's badge on to Howard County. Forgas' badge, though

stolen, lost in a gutter and administered by a small boy, still beat Lane's to Big Spring.

TEXAS TECH'S TOURING CHOIR ... Coming Here Monday Night

Texas Tech Choir To Appear Here Monday

The Texas Tech Choir will be presented here Monday night under sponsorship of the Big Spring High School choral department.

The Big Spring performance is part of the choir's tour which will take the company of 60 people over 1,500 miles.

Dr. Gene Hemmie, known as one of the outstanding choral conductors in the Southwest, directs the cast of singers, dancers and instrumentalists who make up the troupe.

Dr. Hemmie has gained recognition for his activities with choral clinics in universities, colleges and high schools. He is head of the

music department at Texas Tech.

Also on tour with the Texas Tech group are Herbert Colvin, instructor in piano, and Ira Schantz, tenor and instructor in voice at Texas Tech.

The Tech choir presentation stresses colorful costuming, imaginative staging and subtle lighting, techniques conceived and developed for a recent production called "Swing, Whirl n' Play."

The music to be presented here Monday night includes some of the greatest choral music of all time. There will be sacred and secular songs, classical and popular music, folk songs and "standards."

Most Europe Crime Now On The Decline

LONDON (AP)—Better living and general prosperity have cut down on European crime — except for sex offenses.

An Associated Press survey of 10 nations shows only two—Britain and France — still battling the record crime waves that marked the early years after World War II.

With a peacetime pattern displacing the wartime disruption, such crimes as violence, murder, manslaughter and major assaults are generally on the wane. Thefts and other property offenses are slumping too.

Black markets, fostered by wartime scarcities of food and other consumer goods, now are near the vanishing point because Europe's stores are full.

Sex offenses, however, are generally up. Authorities in both Austria and Germany attribute the increase to better feeding. German officials say sex crimes boomed when food rationing ended in 1948, but now report a decline. Other nations blame a general postwar slackening of morals.

Most European crimes, the sur-

vey shows, are one-man jobs. Gangsterdom is virtually unknown except among the tough smugglers running American cigarettes via the Mediterranean and moving coffee into Germany from the Low Countries.

France blames a new abundance of liquor for at least part of a 5 per cent increase in crime during 1952. During the second world war drink was scarce and so was crime. Police note too that more people are entering asylums with mental diseases traceable to alcoholism.

Only Britain is really worried by an upsurge in crime of all kinds. Home Office men working out their 1952 statistics fear they may top the all-time records of 1951.

Latest official figures show convictions for major offenses nearly double the prewar rate. Many of the offenders are teen-agers — "goth kids," the British call them. In 1951 one in every four convictions was of children under 14.

Officials say the No. 1 cause of Britain's crime wave is a post-war depletion in the police forces.

MEN IN SERVICE

A-3C Kenneth Ray Large, who is stationed in England, is due to be promoted to Airman Second Class in April. He is the son of Mr. and Mrs. Obie Large of Big Spring, and attended school at Knott, where he was a member of the football team. He entered the Air Force in October, 1950, and has been in England since May, 1951.

Pvt. Bobby G. Merrick, son of Mr. and Mrs. J. R. Merrick of Sand Springs, is spending an eight-day furlough visiting his parents. Pvt. Merrick entered the service in 1952 and took basic training at Fort Leonard Wood, Mo., and then went to Fort Belvoir, Va. for a four-months mechanics course. At the conclusion of his furlough he will report to Camp Stoneman, Calif.

KENNETH RAY LARGE

Field Rules Hearing Off

AUSTIN (AP)—Hearing on proposed amendments to field rules for the recently utilized Canyon Reef Pool in Kelly-Snyder Field and part of the Diamond "M" Field, Scurry County, was postponed Wednesday until 9 a.m. April 27.

Postponement also was ordered on the application of Sunray Oil Corp. and Magnolia Petroleum Co. for permission to begin an injection project in the unitized area.

The delay was ordered after an hour and a half of private conference between Railroad Commission officials and opponents and proponents of the application. The applicants asked the postponement to allow them more time to prepare their case, said attorney John Rauhut for Sunray.

Gillis Johnson, attorney for opponents of the recent unitization, said his side has been granted an additional 60-day delay after next month's hearing in which to study the proposals of Sunray and Mag-

nolia before presenting final arguments against them.

Unitization of the area means operators will participate in cooperative development of the oil reservoir in an effort to recover a greater amount of oil than could be expected by individual development.

Food Prices Lower

NEW YORK (AP)—Wholesale food prices, as measured by the Dun & Bradstreet food index, were a shade lower this week for the first time in seven weeks. The index stood at 86.41 compared with 86.42 a week ago. This week's figure was 1.1 per cent lower than the 86.48 of a year ago.

HST Health Better

KANSAS CITY (AP)—The health of former President Harry Truman was better when he left the White House than when he became chief executive, his former personal physician, Dr. Wallace H. Graham, told a business association meeting yesterday.

Lent Gives Seafood New Menu Meaning

Fish and seafood take on new menu meaning annually during Lenten season because of its religious significance.

Fortunately, fish for dinner no longer is dependent on having an expert angler around the house. Today's rapid transportation and refrigeration facilities make fish and seafood available practically anywhere in the United States. In fact, fish is so plentiful in one form or another that it can be served almost indefinitely without repetition.

BUYING TIPS

When purchasing fish, it's a good idea to count on about 1-1/2 pounds of fish fillets or other boneless cuts per person. If the fish is bony, or the whole fish is to be baked or stuffed, count on buying 1/2 to 1 pound per person. Oysters and clams are bought by count in the shell and by pint out of the shell. Uncooked shrimp, crabs and lobsters are purchased by the pound unshelled. Soft-shelled crabs are usually sold by count.

A good rule to remember in preparing fish to "cook as briefly as possible and serve promptly." The protein value of fish is burned out by overcooking. Fish, like meat, is best if cooked at a low temperature. When sufficiently cooked, the fish loses its transparency and flakes easily when the fibers are separated with a fork; yet it is still moist and firm.

For a party or just a family dinner, a whole fish, stuffed and baked, is one of the most attractive ways to serve fish. Garnished with fresh green parsley, ruddy tomato wedges and bright lemon baskets, the dish is as colorful as it is appetizing. Crisp slaw with a tangy golden dressing and asparagus or green beans are good side dishes. Potatoes can be baked in the oven along with the fish or new boiled potatoes might be served with parsley butter. Try lemon pie for dessert.

BAKED STUFFED FISH

3 or 4 pound fish
1 cup sliced celery
2 tablespoons chopped onion
1 cup water
1/4 cup melted butter or margarine
1/2 teaspoon thyme
1/4 teaspoon salt
3 cups bread crumbs
Wash fish thoroughly. Prepare stuffing as follows: Cook celery and onion in water for 5 minutes. Add remaining ingredients to celery and onion. Toss lightly to mix.

Spread, heated, or 1-3 cup thick cheese sauce.
2 tablespoons milk
1 egg
1-3 cup fine bread crumbs
Shortening for frying
Combine ham, celery, onion and mustard. Heat cheese spread in a saucepan until it is thin enough to pour. Blend in milk. Add cheese sauce to ham mixture. Mix thoroughly. Shape into 8 patties using about 1-3 cup of ham mixture for each patty.

Chill until firm. Beat egg with a fork. Dip patties into egg, then into crumbs. Heat shortening in a deep kettle to 365 degrees F. Fry patties in hot shortening until golden brown (3 to 5 minutes). Serve with creamed green vegetable.

FISH SAUCE SUPREME
1/4 cup butter or margarine
4 tablespoons chopped onion
1/4 teaspoon white pepper
3 tablespoons flour
2 teaspoons fat
3 tablespoons prepared yellow mustard
2 egg yolks, beaten
1 1/2 cups milk
4 tablespoons lemon juice
Melt butter in top of double boiler. Stir in chopped onion. Cook over low heat until soft. Blend in pepper, flour, salt and mustard. Add egg yolks and milk. Cook over hot water about 5 minutes stirring until smooth and thickened. Remove at once. Add lemon juice just before serving. Yield: 8 servings.

If the fish to be stuffed is one of the 3 to 4 pound ones such as whitefish, a cucumber concoction is ideally suited to contrast the flavor of the fish. And, too, it helps extend each serving.

In place of whitefish, a similar sized fish might be selected from

supplies of salmon, mackerel, carp, lake trout or swordfish. All are fairly rich in fat and are best for baking as they do not dry out in the oven.

BAKED WHITEFISH WITH CUCUMBER STUFFING

3 cups soft 1/4 inch bread cubes
1/4 cup melted shortening
1/4 cup chopped cucumber
1/4 cup chopped onion
1 tablespoon lemon juice
2 tablespoons water
1/2 teaspoon salt
1/4 teaspoon pepper
1 three pound boned whitefish, cleaned
1 tablespoon melted shortening
Combine bread cubes, shortening, cucumber, onion, lemon juice, water, salt and pepper. Lightly stuff cavity of cleaned fish. Leave fish unskewered. Place in a greased baking pan or on an oiled plank. Carefully brush melted shortening over fish. Bake in a moderate oven (400 degrees F.) for 40 minutes or until fish flakes easily when tested with a fork. Baste occasionally with melted fat during baking. Garnish platter with lemon wedges set on cucumber slices. Yield: 6 servings.

Baked small fish are delicious, too. Trout or salmon whiting, herb baked and served in the baking dish—is excellent eating from anybody's oven.

SAUCY LEMON-BROILED FILLETS

1/2 cup fresh lemon juice
1/4 cup salad oil
1 teaspoon salt
1 teaspoon paprika
2 tablespoons sugar
1/2 teaspoon celery seed
2 pounds fillet of sole, fresh or frozen
Lemon wedges
Combine lemon juice, salad oil and seasonings. Pour over fillet or sole and let stand for about an hour. Place fish in broiler pan 4 to 6 inches from heat and broil 8 to 10 minutes on sides, brushing with sauce several times. Arrange on serving platter; pour over remaining sauce and garnish with lemon wedges.

SOUR CREAM SAUCE

3 tablespoons butter
1/4 cup sliced scallions
1/4 cup diced green pepper
1/2 teaspoon salt
1/2 teaspoon pepper
1 cup sour cream
1 teaspoon lemon juice
Melt butter in small saucepan. Add scallions and green pepper. Cook over moderate heat about 3 minutes. Add seasonings, sour cream and lemon juice. Bring to boil and let simmer a couple of minutes. Pour over broiled fish. If desired, return under broiler until lightly browned. Makes about 1 1/3 cups sauce.

SPICY TOMATO SAUCE

3 tablespoons chili sauce
1/4 cup milk
1 can condensed mushroom soup
1/2 cup yellow cornmeal
1 tablespoon butter
2 eggs separated
Combine milk and soup. Add cornmeal and cook slowly until it's the consistency of mush. Add butter. Beat egg yolks and add to cornmeal soup mixture. Beat egg whites stiff but not dry. Fold into cornmeal mixture. Bake in greased 1-quart casserole in 350 degree oven about 45 minutes or until done. Serve hot with lots of butter. It makes three to four servings.

2 tablespoons lemon juice
1 teaspoon Worcestershire
1/4 teaspoon dry mustard
1/4 teaspoon curry powder
Combine all ingredients and beat thoroughly. Pour over broiled or baked fish. Makes about 1-3 cup sauce.

The Lenten season points up the bounty of the sea and rivers. Texas Gulf Pie combines three of the salt water favorites in a tempting casserole of meaty scallops, plump pink shrimp and curly-edged oysters.

TEXAS GULF PIE

1/4 cup fortified margarine
1/4 cup minced onion
12 oysters
12 scallops
1/2 pound cooked, cleaned shrimp
1 can condensed mushroom soup
1 tablespoon minced parsley
Dash nutmeg
1 tablespoon lemon juice
1/4 teaspoon salt
Melt margarine in skillet over low heat. Add onion, oysters, scallops and shrimp. Cook gently for 5 minutes. Add mushroom soup, parsley, nutmeg, lemon juice and salt. Turn mixture into 2-quart casserole. Top with Drop Cheese Biscuits. To make the Drop Cheese Biscuits, add 1-3 cup shredded sharp cheddar to 1 cup biscuit mix or 1/4 recipe homemade biscuit mixture. Add required amount of milk to make drop biscuits. Drop biscuit dough by spoonfuls on top of casserole. Yield 6 servings.

No matter how many ways fish is cooked in a household, someone usually likes fried fish best. So, if there are "other fish to fry," a recipe calling for finger fillets might appeal to the family.

To prepare Fried Fillets en Goujon, clean fish fillets and cut into strips about the size of the small finger. Dry thoroughly; roll in flour, then in beaten egg to which a tablespoon of water has been added. Finally coat with fine bread crumbs. Fry in deep hot fat or oil until golden brown. Drain on paper towels. Serve with Tartar Sauce.

Spoon Bread

1/4 cup milk
1 can condensed mushroom soup
1/2 cup yellow cornmeal
1 tablespoon butter
2 eggs separated
Combine milk and soup. Add cornmeal and cook slowly until it's the consistency of mush. Add butter. Beat egg yolks and add to cornmeal soup mixture. Beat egg whites stiff but not dry. Fold into cornmeal mixture. Bake in greased 1-quart casserole in 350 degree oven about 45 minutes or until done. Serve hot with lots of butter. It makes three to four servings.

Crisp Bacon, Eggs Goldenrod Ideal For Easter Breakfast

Breakfast Menu

Hot Cross Buns
Butter or Margarine
Coffee
Tea
Milk

Breakfast takes on a special importance on Easter Sunday. Ideal for this occasion is a tempting combination of crisp bacon strips with Goldenrod eggs in toast cups. This is a combination simple to prepare, yet one that makes a gay appearance on your table.

For the best results in cooking a small amount of bacon, place the strips in a single layer in a cold frying-pan. Let it cook slowly, turning the meat occasionally so that it will be evenly cooked. Spoon off the drippings as they accumulate so bacon will not cook in its drippings. Cook until of the doneness your family likes, then drain on absorbent paper.

If you're preparing a large amount of bacon, then the easiest method is to roast it. Cook the strips as a roast; that is, place it in a single layer on a rack in an open roasting pan. Set your oven regulator at 300 F. and let it cook until crisp. This way you can go

on about preparing the remainder of your menu, giving little attention to the bacon.

Toast cups are simply made. Lightly butter thin slices of crustless bread on both sides, then press down into muffin pans. Let the corners extend above the pan. Toast in a slow oven (300 F.) until crisp. Serve filled with Eggs Goldenrod. Prepare by hard cooking 6 eggs for 4 servings. Separate egg yolks from whites. Add chopped egg white to 1 1/2 cups of medium white sauce. Place in toast cups, then sprinkle with egg yolk pressed through a sieve.

1 1/2 cups cooked and mashed sweet potatoes
2 eggs
1/4 teaspoon cinnamon
1/4 teaspoon nutmeg
2 tablespoons melted butter or oil
1 cup sugar
1/4 cup plus 2 tablespoons sweet milk
Cook and mash 2 medium size sweet potatoes and measure out 1 1/2 cups for use. Add eggs, beating well and add sugar, spices, melted butter or oil. Add milk stirring well. This will make a thin batter that will thicken when it cooks. Pour batter into unbaked crust and bake at 350 degrees until it is just a little soft in center when you shake rack. Remove from oven, set on rack to cool.

NEW ORLEANS DISH
... is a favorite with Mrs. G.W. Stone. It's stuffed cabbage.

Ceramics Add Charm To Mrs. Stone's Home

Mrs. G. W. Stone's hobby, ceramics, is not only fun for her but also adds charm and personality to her home at 1601 Johnson Street. She is especially proud of her Oriental figurines. "A Chinese woman always looks like a real lady," she says.

Right now she is working on figurines of a young woman and a little dancing girl, both decorated with real lace prepared in a pastiche solution.

She has also made a dresser set, bud vases and ash trays. For Christmas presents, she and her husband, who also likes to work in ceramics, gave clocks. They bought clock works and put them in ceramic cases they had made.

Mrs. Stone is a member of the Ladies Safety Council of the Texas and Pacific Railway (Mr. Stone is road foreman of engines for the railroad) and is active in St. Paul's Lutheran Church. She has a four-year-old daughter, Cheryl Ann.

Besides her ceramic work, Mrs. Stone also likes to cook. One of her favorite recipes is stuffed cab-

bage, a dish from New Orleans, where the Stones lived before they came to Big Spring two years ago.

STUFFED CABBAGE

Ingredients:
1 head cabbage
1 onion
1/2 clove of garlic
Parsley
Green onions
1 pound ground round or other good beef
2 slices stale bread
Red pepper

Method:
Parboil the cabbage. Cut a slice from the side and cut out the center. Chop it into fine pieces. Fry ground beef and add onions, garlic, parsley, green onions, small pieces of bread and chopped cabbage to make the dressing. Then spread the leaves of the cabbage and stuff the dressing between them. For a party look, put the slice of cabbage cut from the side over the open part, sprinkle with grated Italian cheese and place boiled potatoes around the cabbage.

Choose Easter Ham To Suit Family Needs

Easter is a happy season, full of fine traditions and festivity. New bonnets, bunnies, and colored eggs are all a part of Easter, and so is a beautiful baked ham, the traditional highlight of the special holiday meal.

For a perfect Easter meal, choose a ham that suits your family's needs. Most people prefer the fine flavor and tenderness of the modern cured ham that has been gently smoked over hardwood fires. Let a familiar brand be your guide to quality. Follow the directions on the wrapper for best results.

To make Easter a real holiday for you, and give you time to be with your family and guests, choose a ham that requires a minimum of effort in preparation. A fully cooked ham is the answer. It is ready to be sliced and served just as it comes from the wrapper. If you desire to serve it cold.

Because Easter is such a festive time, you'll probably want to dress up the ham with a pretty glaze and garnish. You can still serve it cold, however, and for a quick glaze, cut off the shank skin, score the fat in diamond shaped sections and spread the fat surface with your favorite glaze.

Pop into a 450 degree F. oven for 15 minutes or until browned. If you want to serve your fully cooked ham piping hot at dinner, bake in a moderate oven (325 degree F.) about 12 minutes per pound or until a meat thermometer registers an internal temperature of 130 degrees F. At the end of the heating time, remove the skin and score the fat. Spread on a glaze and return to a 400 degree F. oven for 15 minutes to brown the glaze.

For a really perky garnish, ask your meat dealer for the cheery little chick head cut-outs. Carefully remove the shell from a hard cooked egg and tint the peeled egg with food coloring. Cut off the top of the egg, leaving an uneven edge. Top with the chick head mounted on a toothpick.

You can set the chick heads up in lemon shells and sweet potatoes, too. Cut the top off a lemon, scoop out the pulp and fill with the mashed sweet potatoes. Attach the chick head to a toothpick and place on top of the sweet potatoes.

Glaze Carrots With Shredded Cheese

6 large carrots
1/2 teaspoon salt
1/4 cup honey
1 cup shredded American cheese
Pare and halve carrots lengthwise. Cook with salt in a little boiling water until tender, drain and dip into honey. Place in baking dish and sprinkle with cheese. Bake at 400 degrees for about 10 minutes or until cheese melts. Serve at once.

Left over ham lends itself to a variety of wonderful dishes. Ham Croquettes are a favorite for luncheons or supper.

HAM CROQUETTES

Yield: 8 croquettes
3 cups ground cooked ham
1/2 cup finely chopped celery
2 tablespoons finely chopped onion
2 teaspoons prepared mustard
1 5-oz. jar Old York Cheese Spread, heated, or 1-3 cup thick cheese sauce
2 tablespoons milk
1 egg
1-3 cup fine bread crumbs
Shortening for frying
Combine ham, celery, onion and mustard. Heat cheese spread in a saucepan until it is thin enough to pour. Blend in milk. Add cheese sauce to ham mixture. Mix thoroughly. Shape into 8 patties using about 1-3 cup of ham mixture for each patty.

Chill until firm. Beat egg with a fork. Dip patties into egg, then into crumbs. Heat shortening in a deep kettle to 365 degrees F. Fry patties in hot shortening until golden brown (3 to 5 minutes). Serve with creamed green vegetable.

Roast Lamb Well-Liked For Easter

Roast leg of lamb is ever a popular choice for Easter's table. Here are simple steps to follow for roasting it properly.

First of all plan your roasting time so the lamb leg will come from the oven about 30 minutes before serving time. This makes the roast easier to carve. To roast, place the leg skin side down on a rack in a shallow pan. The roast should not be covered.

If you have a roast meat thermometer, insert it in the thickest leg muscle. Roasting the leg at a temperature of 325 to 350 degrees per pound. With the roast thermometer you will know exactly when the leg of lamb is done. It will register 175 F. for medium lamb, 180 F. for well done lamb.

The felt, the paper covering over lamb, does not affect the flavor of the meat and need not be removed. In fact, the felt helps the leg keep its shape and cook in less time.

E-Z Does It Brittle

1 cup granulated sugar
1/4 teaspoon soda
1 cup peanuts (salted or parched)
Place sugar in heavy pan, over low heat, and melt to a syrup. Stir in soda. Pour quickly into well buttered platter. When cool, crack in small pieces.

Tomato Onion Gravy

Serve braised liver with a tomato-onion gravy. To prepare the gravy, cook 1 No. 2 can of tomatoes, 2 medium onions sliced, 1 teaspoon of salt and a bit of pepper for 20 minutes. At the end of this time add 2 tablespoons of butter and 1/4 cup flour. Continue cooking, stirring constantly, until thickened.

For that RICH MOLASSES FLAVOR...bake with **CH** and cane sugar **BROWN**

BROWN SUGAR AT ITS BEST!

save up to 25¢ per pound

... yet enjoy the richest coffee of all.

Smart housewives know that the true cost of coffee is measured by the number of cups a pound of coffee makes... not by the price they pay for it in the store.

Good coffee today costs at least two cents per cup. But with Maryland Club, because of its extra richness, you can use less to make each flavorful cup... thus, as many people tell us, you can get 10 to 15 more flavorful cups out of every pound... actually save up to 25¢ per pound.*

Try Maryland Club and discover for yourself how really good coffee can be economical, too! Buy coffee that saves up to 25¢ per pound.

NOW... NOW... NOW... it's more important than ever to use the coffee that gives you 10 to 15 more cups per pound MARYLAND CLUB!

Dempsey's Ex-Wife Saved From Fire

Hannah Williams, 40, former wife of Heavyweight Champion Jack Dempsey, is led to an ambulance by two police officers in Los Angeles after she was rescued from a fire in her hotel room. She was treated for burns on her hands, face and arms, and her condition was described as good. The fire, which routed 53 other guests from the four-story hotel, was attributed to a cigarette in the bedding. (AP Wirephoto).

3 1/2 Million Exposures Per Second Is Camera's Record

LOS ALAMOS, N. M. (U.S. Scientists have slowed the lightning streak of a high explosive fuse to a crawl with a new camera designed to record what happens when an A-bomb cuts loose. At the rate of 3 1/2 million exposures a second, explosives more powerful than TNT creep sluggishly before this camera's eye. The new camera, which looks more like a cannon, was developed by a University of California scientist here in the birthplace of the atomic bomb. Berlyn Britzner, its inventor, says that actually his camera won't take 3 1/2 million exposures a second. That's because it won't hold enough film for an entire second at that astronomical rate. For practical purposes, it shoots 170 pictures in one 20,000th of a second. Britzner won't say his camera is the fastest in the world. With typical caution, Los Alamos scientists say they "know of no existing camera approaching its rate of speed." Nor will Britzner commit himself that the purpose of the camera is atomic research. It was designed, he said, "to take pictures of high explosive phenomena." (Officials say the camera has not yet been used in atomic field tests.)

Beef Is Still A Big Bargain

Beef continued on the bargain counter in most retail stores across the nation this week. Among vegetables, the best buys include cabbage, carrots, celery and lettuce. Rib roast was an outstanding attraction in many stores, sometimes at the lowest prices in some years. Other meats being featured included chuck roast, round steak and ground beef. Sirloin steak prices varied, down

three cents in some areas and up as much as 10 cents in others. Pork chops headed higher, with increases ranging from two to six cents a pound. Leg of lamb was selling at about the same price as last week, although a few stores featured it at lower levels. The Agriculture Department pointed out that favorable beef prices are due to the large size of the nation's slaughter herds. Elsewhere in the retail picture this week, frying chickens showed a tendency to rise in price, with the average boost running about two cents. Eggs were up a cent in some areas but unchanged in most. Butter held at the same prices as a week ago.

American People 'Gluttons' For Self-Improvement Plans

By ADELAIDE KERR
NEW YORK (U.S. Americans are "gluttons" for self-improvement, says Marie Beyno Ray. Mrs. Ray writes inspirational books on subjects like how never to be tired and how to squeeze the most out of life. People, she finds, are working days and nights, taking courses, reading at lunch to improve themselves, live longer, better and have more fun. "The tendency is more American than otherwise," Mrs. Ray adds, "but it's beginning to spread to other countries." Mrs. Ray began writing "how" books after years as managing editor of a top fashion magazine and a long period free-lancing magazine articles. A vivid woman who radiates energy, she comes into a room as though propelled by breezes, her silver hair smartly coiffed, her eyes sparkling with zest. The wife of O. W. Ray, a distributor of phonograph records and equipment, and the mother of a married daughter, Mrs. Ray takes some themes out of her own life. Her outstanding success "How Never to Be Tired," was written when an editor, after watching her tear in and out of his office for years, finally asked, "Don't you ever get tired?" Mrs. Ray replied, "No—well hardly ever." It was agreed there should be a book in that. Out of the welter of research Mrs. Ray did to find out why other people get tired, she emerged with these convictions: "You can recover from physical fatigue in a short period of rest. Mental activity can't tire you. What does tire the sedentary worker is emotional stress and strain—anxiety, fear, sense of inadequacy or inferiority, worry, indecision, apprehension. You must replace these with constructive emotions. "The cure for fatigue is increased activity, either in work you love or play." Mrs. Ray's favorite cure for worry is physical activity. If you worry yourself with a physical

EXCITING NEW **MARDI GRAS**
MACARONI & CHEESE
(Notes 4-6 servings)
1 1/2 cups (large can) undrained Carnation Evaporated Milk
1/2 teaspoon salt
3 cups (about 5 oz.) grated or cubed process-type American cheese
1 teaspoon dry mustard
1 tablespoon fresh onion
4 cups cooked macaroni
1/2 cup chopped pimiento
1/4 cup chopped green pepper
TO MAKE CHEESE SAUCE: Simmer Carnation and salt together in saucepan over low heat to just below boiling point. Add cheese and stir until thickened and smooth (1-2 minutes). Stir in mustard and steak sauce.
MIX: Pour over macaroni, pimiento and green pepper in buttered 2-quart casserole. Bake in moderate oven (350°F.) 25-30 minutes.
VARIATIONS: Instead of pimiento and green pepper use 1 cup diced fresh tomatoes or left-over cooked meat.

Everyone Will Want Modern Home Someday

By DOROTHY ROE
Associated Press Women's Editor

Soon everybody will want a modern house, says Edward Stone, architect pioneer in the field.

This doesn't mean that all houses will have flat roofs, all-glass walls or trees in the living room. It does mean that the house of today and the future will be planned for the problems of modern living.

Stone, who has designed such spectacular buildings as El Panama Hotel in Panama City, Radio City Music Hall and other examples of the modern school, says the one thing which has sold modern houses to the U. S. housewife is practicality.

"Women have found that life is more fun when you can talk to your guests while preparing dinner in a kitchen that isn't shut off from the rest of the house, and that housework is easier in broad open space instead of small cluttered rooms. Says Stone:

"The open floor plan is the distinguishing feature of the modern house. Usually living room and dining room are combined in one general living area, and often the kitchen also is a part of it. Mom in the kitchen can enter the general conversation instead of being isolated in a cubicle.

"As customs change, houses should change. The colonial house, with its chimney in the middle and its small, boxy rooms, was built that way because people depended on fireplaces for warmth. Small rooms were easier to heat.

"Today we have central heating and the necessity for a lot of little rooms is past.

"The truly modern house is the one which fits the needs of the family, makes living easier and pleasanter and avoids wasted space. It needn't have a flat roof or a bizarre appearance. It can look any way you want it to look. But it should have a flexible floor plan, it should take advantage of all the modern materials and appliances, and it should fill the needs of each member of the family which occupies it.

Stone's latest design idea, incorporated in several houses now under construction in Connecticut and Long Island, has rooms opening on a central patio covered by a clear plastic roof and centrally heated. This gives a summer and winter living area that has all the advantages and none of the disadvantages of the outdoors.

Bosses Have More Ability To Hold Up Against Work Strain

By FRANK CAREY
AP Science Writer

ST. LOUIS (AP)—Bosses in industry have more "take-home worries" than do workers, yet there are fewer nervous breakdowns among them, a Michigan expert on industrial hygiene said today.

"Management people are under more emotional stress than workers because of their greater responsibilities in connection with the plant's work," said Dr. C. D. Selby of the University of Michigan, "but they have more ability to stand up against it. And that's one reason why they are in the management group."

He said in an interview at the annual meeting of the American Academy of General Practice that bosses actually have a higher rate of emotion-linked stomach ulcers than workers do, and he explained the apparent paradox this way:

"Such ulcers result from the working of the subconscious mind over which a man has no control. Thus the management group, being under a greater overall strain, may get more peptic ulcers than workers. On the other hand, people in this group are better able to control emotions they are con-

scious of, and hence have fewer nervous breakdowns."

In an earlier talk to the academy, Dr. Selby, formerly a medical consultant for the General Motors Corp., put it this way:

"It is suspected that they (the bosses and supervisors) become immune to the effects of problems over which they have little, or no control, or in the solution of which they have done the best they were able to do under the circumstances."

While his talk was concerned with industrial people, Dr. Selby said he felt the same situation would hold true for top-ranked, and those they supervised, in business, the professions and statesmanship.

He made the remarks in saying that certain human ailments such as nervous breakdowns, peptic ulcers, high blood pressure, heart disease and even alcoholism could be regarded as "quasi-occupational diseases" in that one's job can sometimes contribute to causing such ills.

In his formal talk and the later interview, Selby offered these further points:

1. Among industrial workers in general, more men than women get worry-linked ulcers, "but the nervous breakdown rate is 'far greater' among females than males—and for some unknown reason reaches its peak in June, July and August.

The doctor said the "seasonal" factor about the female breakdown might be linked with the hustle and bustle of getting the family ready for vacation after a year in which these women have been under a strain trying to run a home

while working, arranging for people to mind the children while they themselves were working, and so forth."

2. Industrial doctors should give management guidance on placing people because, if a man "is advanced too rapidly or too far above his former job level" he might get "a considerable rise in blood pressure." And the same thing might happen to a chap placed in a job too simple for his "native intelligence and ability."

Band Trophies
Billie Jean Jayfield, sweetheart of the Andrews High School Band, poses with trophies to be awarded at the regional band contest in Andrews on April 11. She is holding the sweepstakes trophy and on each side are event trophies for concert playing, sight reading and marching. Twenty-eight West Texas bands, including the Junior and Senior high school units from Big Spring will take part.

THE SPRINGBOARD

News From Webb Air Force Base
By A-2C FERD BORSCH

SAFETY
Webb presently holds the Flyat second place ground safety award, but there's no extra pennant flying from the base flag pole.

It appears that this base is quite unsafe for safety banners.

When Webb won the initial first place award in January, an eye-catching blue-and-gold banner symbolizing the honor was seen fluttering from the flag pole. Not for long, however. The West Texas winds, which sweep across the prairie at this time of the year, were too much for the safety standard.

When taken down for the last time, the brand new flag appeared as if it had gone through every major campaign since the landing of the Pilgrims.

The second place flag, white with green lettering and trim, is safely tucked to the wall of the Wing Headquarters lobby.

RED CROSS
Webb Air Force Base went over the top with flying colors in the 1953 Red Cross campaign. A total of \$1,769.20 had been collected with several sources still unreported.

Maj. W. W. Conner, base project officer, expressed his thanks to each and every person who contributed.

CAREER LECTURES
A career field program stressing development, purposes and concepts of the Air Force program was opened at Webb this week. Points covered at each lecture include what must be done today to realign manpower resources with Air Force requirements.

REVIEW
A formal Wing Review will be held at Webb Saturday, April 11. Reviewing officer will be Col. Ernest F. Wackwitz Jr., base commander.

Col. Henry S. Tyler Jr., wing executive officer, will be commander of troops.

Approximately 12 Distinguished Flying Crosses will be awarded to officers recently returned from Korea.

ENTERTAINMENT
The new entertainment program inaugurated by Special Services in Building 67 last week opened with a bang when 175 attended the first dance Friday night.

Under this new slate Special Services is offering three shows weekly for all enlisted personnel. Sunday is games day including table tennis, pool and chess. This gets under way at 4 p.m.

Tuesday is also a games affair starting at 8 p.m. and Friday's dance with the Skyliners on the band stand opens at 8:30 p.m.

EGG HUNT
The chickens in this area are a mighty thankful flock today because Webb will be using candy eggs for its Easter hunt.

Laying eggs is a favorite pastime for this band yard fowl but not 12,500 of 'em on short notice, which is the exact number to be used in the egg hunt to be held on the base Easter Sunday afternoon.

Between 300 and 350 children of

Air Force personnel ranging from 2 to 9 years of age are expected to participate in the hunt.

STENOGRAPHERS
Several openings for stenographers to fill positions at Webb have been announced by the base civilian personnel office. Application forms are available at the Post-office and from the board of examiners at the personnel office.

Completed forms should be mailed to the civilian personnel office in Building 7-4E. It was also announced that qualified typists would not be required to take the typing test.

DRILL TEAM
Twenty-seven airmen from Wing Headquarters squadron have signed up for the base drill team which started practice in the base gym this week. The team is practicing six hours each week to execute over 30 maneuvers with a vocal commander.

FASHION SHOW
The Officers Wives Club held its Spring Fashion Show this afternoon at the Officers Dining Hall. It was an all cotton show featuring evening clothes, bathing suits, beach clothes and children's clothes. New spot and wrinkle resistant fabrics were also shown. Margie and the Kids' Shop furnished the apparel exhibited.

CATHOLIC MISSION
The Catholic Mission, conducted at the Academic Building last week, drew an attendance of 925 according to figures released by Chaplain (Lt.) Henry Dunkel, Catholic chaplain.

SPORTS
Field Maintenance No. 1 replaced Air Police at the head of Central Bowling League standings last week. Meanwhile Supply continued to maintain a three-game advantage in the Wednesday League chase.

Income Is Reported
DALLAS (AP)—Lone Star Gas Co. yesterday reported a net income of \$8,544,720 during 1952, a decrease of \$1,151,056 from 1951.

The company's report also said it paid a \$140 per share dividend during the year.

Electric generators have been provided as attachments to power lawn mowers and gardening machines by some manufacturers for use when normal electric power is disrupted by storms or other causes.

Riding THE GRUB LINE

With Franklin Reynolds

Cotton farmers are being warned that if another large crop should be produced in 1953, the carry-over, because of present supplies, could further depress the markets and bring back control programs. Farmers are, therefore, being urged to study the present situation and plant in accordance with the expected demand.

According to J. D. Prewitt, associate director for the Texas Agricultural Extension Service, the demand for raw cotton in the United States this season and next will be only slightly less than used last season. However, exports are expected to drop at least 1.5 million bales below last season, may be even lower next season. The carry-over on Aug. 1, 1953, is expected to be, says Prewitt, about 4.3 million bales, which will be 1.5 million bales or 55 per cent more cotton than was on hand a year earlier.

Secretary of Agriculture Benson has asked the farmers to voluntarily reduce their acreage by 18 per cent. This reduced acreage, according to Prewitt, should produce between 12 million and 12.5 million bales and such a crop will meet the estimated domestic and export demands and leave enough surplus to take care of all reserve needs.

Prewitt advises Texas farmers to produce cotton in a balance with other crops and pastures, pointing out that because of the drought there is a definite demand for livestock feed, the supplies of which have been reduced to a very low level.

Gulf Reports Income

NEW YORK (AP)—Gulf Oil Corp. today reported net income rose to \$141,820,328 in 1952 from \$140,070,982 in the preceding year. On a per share basis, last year's earnings came to \$6.01 against \$5.94 in 1951.

HDF Lady Larry L25, a senior yearling heifer from the Hartsdale Herefords Farms at Fort Worth was selected as grand champion female of the Hereford division of the Louisiana State University Livestock Show at Baton Rouge.

Dr. Charles Harris also took other honors with his Hartsdale cattle. His HD Larry Domino L 9, was the best of the summer yearling bulls; his HD Lady Larry L 37 was at the top of the summer yearling heifer class he had the best pair of females; the best pair of yearlings, and took top honors in get-of-sire class.

The Fort Worth physician-Hereford breeder is well known in Big Spring where he has often visited and attended shows and sales. Cecil Walker, Big Spring druggist and breeder, established his herd with foundation cows from Hartsdale.

The Baton Rouge show was judged by H. A. Fitzhugh, manager of the Straus-Medina Ranch at San Antonio, and a brother of Max Fitzhugh now secretary of the Big Spring National Farm Loan Association and a former Glascock County agricultural agent.

The other Fitzhugh is also a former county agent, having served at both Bronte and Menard. He has been with the San Antonio ranch for about seven years.

More than 1,000 members of the 4-H and FFA are expected to attend the sixth annual Abilene Christian College Agricultural Field Day on Monday, March 30. The youths will be accompanied by their vocational agriculture teachers or county agents. Two hundred invitations have been mailed these leaders. The field day program centers around judging contests and prizes totaling \$500 will be awarded the winners. These include a registered Hereford heifer; a purebred Jersey heifer; a registered Duroc gilt; 100 baby chicks; boots; hats and plaques.

Recognition will be given the school or 4-H Club that receives the highest total points from all contests. Judging contests will include beef cattle, both Hereford and Aberdeen-Angus; dairy cattle including Jerseys and Holsteins fat lambs, hogs, poultry and grass identification.

Supervisors of the newly-organized Zones Two and Three of the Gaines-Andrews Soil Conservation District are H. R. Doty and Gordon Cox of Andrews. They were recently elected by the land owners in the area, and will serve with the members of the original board from the Gaines County portion of the district. Andrews County was recently annexed by the district.

Supervisors of the soil conservation districts are elected by the land owners operating a ranch or farm in the respective zones. They serve a term of five years during which they assist farmers and ranchers in applying sound soil and water conservation practices on their land. Technical assistance is given by the Soil Conservation Service. Educational and other kinds of help are obtained from other local, state and federal agencies or private sources.

Melvin Wimberly reports that the Blue Panic grass on his farm northeast of Midland is making rapid growth. He says he believes it starts earlier in the spring than Johnson grass.

D. H. Livingston is reworking the level border irrigation system on 50 acres of the Frank Elkin Farm just east of the Sale Barn at Midland preparatory to planting cotton. The field has been used for pasture since the irrigation system was installed two years ago in co-operation with the Martin-Howard SCD. Livingston has subdivided and flat-broke the field, reconstructed the borders, and reshaped the ditches. The borders were respaced to fit his 40-inch cotton rows, but the area in each tab was kept within the design developed by the SCS to match wa-

Airmen To Be Told Of Local Facilities For Recreation

Airmen at Webb Air Force Base will be invited to take advantage of recreational facilities available here when two Chamber of Commerce representatives start a series of programs at the air base next week.

Lloyd Wooten, Chamber membership and projects secretary, and Roy Brigg will conduct five programs in the academic auditorium at WAFB, starting next Tuesday. They will inform airmen of the facilities available for off-duty hours. These include the City park, picnic grounds and swimming pool, golf course, softball diamonds, the professional baseball calendar, annual rodeo, YMCA gym classes, Servicemen's Center, churches, and the series of fine arts programs.

Oklahoma Doctor Is Sworn In As Private

OKLAHOMA CITY (AP)—Dr. Robert Anderson of Tulsa yesterday became the state's first physician to be sworn into the Army as a buck private under the current military draft.

An induction center spokesman said Anderson was understood to have declined to accept a reserve commission normally offered doctors up for call.

He was sworn along with a score of other inductees and sent to Ft. Sill, where he was not available for comment.
