

MEMORIAL DAY

Border Banter

By Mike Pomper

A job well done

After living in a small community for the past 12 years, I have discovered there's one job I would never want: police officer.

I've known a lot of police officers in Texico, Farwell and Parmer County during this period. Many of them have done a fine job; some haven't.

But the one universal thing I have found is that the public doesn't believe any of them work hard enough.

If I had a dollar for every time I have heard someone complain that "the cop is using the police car for private business" or "the cop is having coffee in Clovis" or "the cop is never patrolling the streets," etc., I would be a rich man.

The facts are: 1) the Texico cops spend a lot of time in Clovis doing official police work; 2) the cops patrol the streets at times when folks aren't observing them; 3) being a cop means doing a lot of paperwork -- which puts them in an office and not on the streets.

Anyway, I know I'm not going to change anyone's mind. Like I said, I would never be a cop in a small town. It's a no-win situation.

Which brings me to the point of this column item:

In the past year, there have been four reports of several break-ins and burglaries in Farwell.

And in all four cases, Police Chief Roy McGaa has made arrests -- 100 percent. That's a remarkable total. National statistics show that only about 20 percent of all burglaries are solved.

Hats off to Chief Roy -- excellent police work.

And when you see him, YOU need to express your appreciation for a job well done!

As everyone knows, fundraisers are part of a community scene. So it's nice to know how important these can be.

The proceeds from past Border Town Days pickup giveaways by the Texico Fire Department have gone to buy a \$7,000 defibrillator.

This equipment helps folks who suffer heart attacks.

The new Texico defibrillator recently made its "first cardiac save" -- in saving the life of Merced Rojas, of Texico.

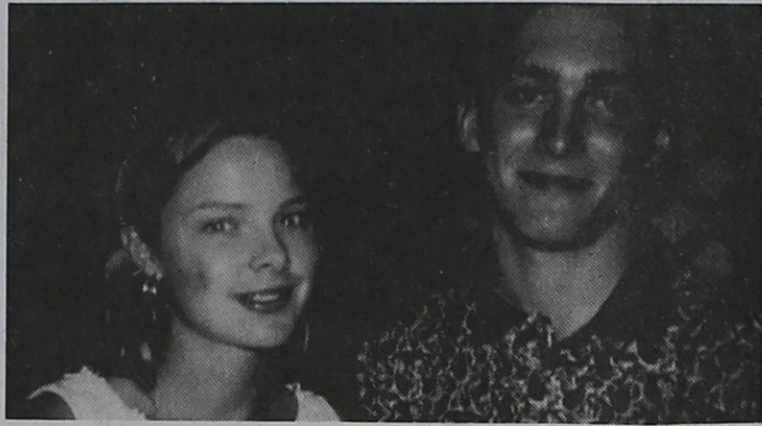

Isn't it nice to know that when you purchased a ticket for that raffle, it helped save a man's life!

And it will save others, too.

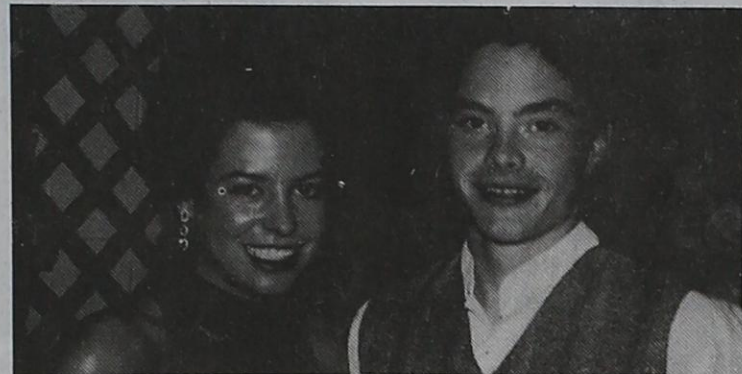

Speaking of fire department equipment, the new "Jaws of Life" purchased by the Texico firemen recently made its first appearance.

When a two-vehicle accident occurred May 14, the equipment was needed to

State officials discuss overpass

The Farwell City Council met Tuesday with representatives of the Farwell Chamber of Commerce and Texas Department of Transportation to discuss a possible overpass over the railroad tracks between Texico and Farwell.

The Chamber suggested this a couple of months ago after learning the Santa Fe plans to four-track the line, and a much heavier train traffic is anticipated.

Mayor Jimmie Mace told the representatives that the city was 100 percent supportive of the Chamber on this.

Steve Warren, director of transportation and planning in the state highway department's Lubbock office, and two area department engineers attended.

Warren explained the process:

Each year, Texas gets about \$13 million to \$15 million in federal funds for projects such as overpasses.

The state prioritizes projects and each year about 3 projects are approved.

In priority 1 phase, plans are developed, an environmental statement taken, agreements made with the New Mexico highway department and the railroad, statements of impact on the right of way and access, and preparation to compete with other projects statewide.

In priority 2 phase, long-range plans are made, property purchased and construction costs looked at.

Off the top of his head, Warren estimated at least \$5 million would be needed here. He said "it's definitely a feasible project."

He said the work would impact many buildings along Avenue A, possibly up to 3rd Street.

If the project gets to Priority 2, Farwell would have to pay for 10 percent of the right of way costs and 10 percent of the utility relocations. All other funding is provided by the state.

Warren cautioned that projects such as this sometimes take as long as 20 years to compete, but can go quicker.

Asked how the state prioritizes such projects, Warren said they look at average daily traffic, average daily train traffic, delays caused by trains, accidents/fatalities at the site, cost of project and

What happens if the drought continues?

by Teresa Mesman

Fourth in a series

Wayne Wyatt, manager of the High Plain Underground Water Conservation District Number 1 knows that cloud seeding can be and is successful at bringing precipitation to a given area. Unfortunately for this area, the basic ingredients for this project have been non-existent...clouds.

Mr. Wyatt was also quick to point out that the water situation is nearing the condition critical stage both from the standpoint of water reserves in wells and the aquifers without precipitation to recharge these sources.

But, what if the drought conditions continue and no precipitation comes our way in this region? What exactly can we expect to happen?

The obvious concern for our area is the effect that the drought is having, and will continue to have on farming. Many farmers are being forced into a tough financial corner that will leave few fighting to get out.

But aside from the effects on the farmers, many other businesses and industries will also be affected.

Ranching and the beef cattle industry is growing smaller and smaller due to the high cost of cattle and feed. The demand for beef is not as high as it once was and the lower grades of beef could become the predominant product sold in the grocery stores. The higher grades and choices of beef will have to be priced two to three times higher because of the types of feed fed to the cattle that produce them.

The feed program for beef cattle has long been patched together with wheat. This has become a precious commodity and the costs will only continue to rise in drought conditions. Wheat crops in the region aren't making enough for the area demand for wheat, if they make crops at all.

One alternative that Wayne Wyatt discussed for the beef cattle industry is to put the cattle back on grass. He feels that grass fed beef will become the predominant stock in

Eunice Crume brought in this poem. She said that she wrote it several years ago for the Farwell Study Club when it had a Memorial Day contest.

Tribute To Our Fallen Heroes

Silently they stand sentinels of white marble
Row upon row upon row.
A tribute to the brave men who gave their lives
To defend our country against the foe.

Some wore blue, others the gray,
While some died in countries far away.
Each some mother's son young and brave
Felled by the enemy to fill an early grave.

Danger they faced, hardship and cold
Terror so horrifying it cannot be told!
Yet they deserted not but bravely carried on
To protect their country family and home.

In the stillness one can almost hear the bugle call
And see the soldiers marching proud and tall.
As they pass by they seem to say
"Remember friend what you have witnessed here today."

"You who are living have a duty to perform
To protect our country and keep her from harm.
So do your part to keep our country free
And pray that your sons need not follow me."

Yes, walk softly amid these stones today
Disturb not the place these Heroes lay
Forget not the sacrifice they made
To keep their country free and unafraid.

Overpass

(Continued from Page 1)

environmental impact among other things.

The key for success is to get to Priority 2, he said.

In December, the state took a train count -- 40 a day and 8,100 vehicles a day.

Texico Fire Chief Lewis Cooper, representing Texico at the meeting, said his department took a survey recently and found 52 trains a day. It was stated that train traffic has picked up this year. And when the 4-tracking is completed, a large increase in train traffic is expected.

Asked about an underpass, Warren replied the process is similar to the overpass, but you have more drainage problems.

It also was mentioned that the overpass could veer north of Avenue A before it gets to the train track, then meet up with the Amarillo highway (the area nearer the Spur Restaurant).

After the discussions, no actions were taken.

Representing the Chamber at the meeting were president Ralph Franse, Mike Ratke, Joe Jones and Ronald Byrd.

In other business, the council:

-- Approved drilling two new wells. Mace proposed this, citing large savings and looking at Farwell's future needs.

One will be built on property purchased just south of the post office. The other site is undetermined.

While one well is needed now, the other will be needed down the road, said water supt. Dee Hammit.

-- Received a request from Farwell Police Chief Roy McGaa for a pay raise. After discussing it in executive session, a decision was delayed since the city is nearing the start of a new fiscal year (July 1) and because two councilmen were absent (John Carlson and Don Gerries).

-- Heard an offer from Floyd Robinson, former city dog catcher, that he would do the job again for \$15 an animal and if the city furnishes a pickup and fuel.

The council and mayor felt this would be too costly.

Meanwhile, city employee Joe Serving continues to pick up animals during working hours.

-- Approved building permits for Joe McWilliams, 902 7th St., a carport, and Millard Murray, 600 9th St., a storage building.

-- Heard Mace report on a graffiti problem at the city park and the large number of non-Farwell youths congregating there after dark.

McGaa will watch to see if alcohol is being used.

-- Okayed putting in a small road at the cemetery; a few lots will be lost.

Hole-in-one!

Richard Haseloff carded a hole in one on No. 7 at the Farwell Country Club on May 15.

He used a 3 wood on the 161-yard hole (against the wind). Observing were Fred Chandler and Jerry Herington.

gionals. Next year will be tough, though, with Lazbuddie the smallest school in a 10-team district.

-- Varsity boys' and girls' golf teams won district.

-- The girls' basketball team was district co-champions and the boys were district champs. The boys went 25-8 on the season -- an exceptionally high number of victories for a high school team in Texas. The boys beat several 2A teams, including Friona.

-- Josh Warren has been picked to play in the All-State basketball and football games.

-- The football team went 5-5. Of the 25 players, 18 were

Track MVPs were Mandy Magby, left, and Brice Foster, center. Kimberly Smith, right, was named cross country MVP.

-- Fire Calls--

Farwell's ambulance was called out 5 times this week:

On the 15th, they transported a person from Farwell Convalescent Center to Muleshoe clinic at 2:45 p.m.

On the 16th, they took a person from 906 6th St. to Clovis hospital at 9:52 a.m.

On the 19th, they took a person from 417 2nd St. to Clovis Hospital at 4:19 a.m., then went to a vehicle accident at 1:29 p.m. south of Farwell; no transport was needed.

On the 20th, they took a person from Farwell Convalescent Center at 1:34 a.m. to Clovis hospital.

freshmen or sophomores. They averaged 366 yards a game, putting them in the top 3 among South Plains 6-Man teams. But the district boasted two very fine teams this year, and Lazbuddie finished 3rd. The JV boys went 8-0.

-- About 40 Lazbuddie students were named to the All-District academic teams.

-- Some other individual honors included: Justin St. Clair, All-State honorable mention quarterback; Holly Engelking, basketball district MVP; Daniel Lueras, 12th at state in cross country; and Heather Engelking, I.C.A. All-American cheerleader.

-- The cheerleading squad took 2nd place overall in small squad division at I.C.A. camp.

Top football honors went to, from left, Guy Nickels, Brice Foster, Justin St. Clair, Edward Terry and Deon Gallman.

King & Queen

Nathan Ketterling and Lindsey Kittrell were named King and Queen of the Texico Prom last weekend.

Tennis MVPs were Sarah Watson, left, and Blake Mimms, right. Golf MVPs were Travis Barber, second from left, and Dawn Weir, second from right.

Obituaries

Jerry Wyatt

Services for Jerry Alden Wyatt, 56, Clovis, were Monday at Steed-Todd Chapel with burial in Lawn Haven Memorial Garden.

He died May 17 in Clovis. He was born June 6, 1939, in Clovis. He married Rosalee Blakely on Aug. 16, 1989, in Belen, N.M.

He worked for G.I. Martin, K. Barnett and S. Stephens construction firms. He drove cattle trucks for different firms.

Surviving are his wife; a daughter, Michelle Holguin, of Texico; his mother, Josephine Wyatt, of Clovis; 3 brothers, Ralph and Alvin, both of Clovis, and Wayne, of El Paso; and a sister, Ruth Smith, of Albuquerque.

USDA offers early termination program for C.R.P. acreage

An early termination program for farm acreage enrolled in the federal C.R.P. is being offered by USDA and is drawing keen interest.

Additional incentives included in the new Farm Bill make it important that farmers look carefully at this "early out" option before May 31, say economists with the Texas Agricultural Extension Service.

The decision is especially critical for High Plains farmers who have in the C.R.P. some 45,000 acres with a history of high yielding corn production, says Dr. Jackie Smith, extension service ag economist.

"The most complicating factor in deciding whether to use the early out is uncertainty about the C.R.P. program future," he said.

Producers who terminate their C.R.P. contracts under this early out program can also sign up for and receive a transition payment, he said. But to receive the transition payment for 1996, a producer must file by May 31 the request to terminate the C.R.P. contract. All landowners with a C.R.P. contract that has a crop acreage base will be eligible to sign a production flexibility contract and receive transition payments for 1996.

"This means that for 1996 only, those who request the early out by May 31 will, if approved for termination, receive most of their 1996 C.R.P. payment as well as their transition payment under the new Farm Bill," said Smith.

What FFA means to me

By Kristi Neie

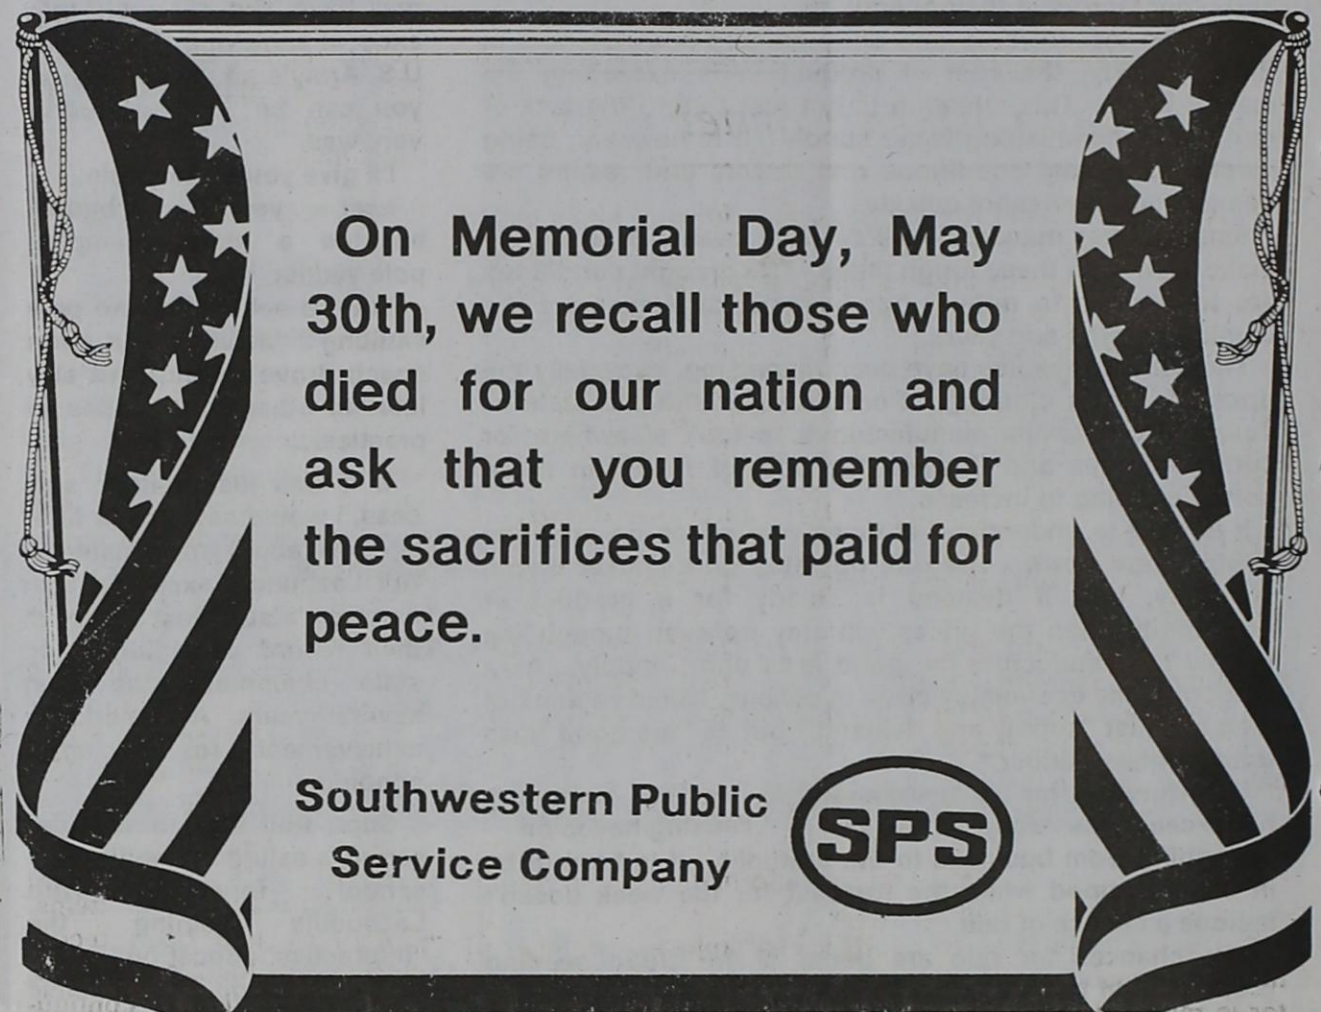

What FFA means to me:

I have been in FFA for three years. I used to be apprehensive about talking in front of a large group of people. I participated in judging dairy cattle and we had to give reasons. At first it was difficult to give reasons to the judges. But after practice, I improved my reasons and public speaking.

My first actual public speaking contest was the creed contest and my second was the chapter public speaking contest. Both have helped me develop better writing skills, ability to speak in front of groups, and gave me a better understanding of FFA.

It has given me the ability to be a better leader. I have been on many trips while being in FFA. They included the district judging contests, other judgments, state FFA judging, FFA leadership camp and national FFA conference.

I have shown pigs and dairy heifers under FFA at the Curry County Fair and the Texico Spring Show for 8 years. I have met lots of new people and gained many friends through FFA and the many places we have gone.

On Memorial Day, May 30th, we recall those who died for our nation and ask that you remember the sacrifices that paid for peace.

Lazbuddie offers summer school

Summer school is being offered for Lazbuddie high school and junior high students. The art class and computer class will be offered as adult education classes. If interested, call the school at 965-2152 or 965-2156. Classes will run from May 29 through July 14, starting at 9 a.m. and ending at noon. Lunch will be provided all students attending.

The following classes also will be offered:
 -- Art (instructor Adeana Carlyle) for students in 7th through 12th grades. High school students will be able to meet the fine art credit for graduation. It will count as an elective for all other high school students.

-- Math (instructor Dick Moore) for students in 7th through 12th grades. It will consist of an introduction to probability and statistics with emphasis on problem solving and math fundamentals.

-- Micro computer applications (instructor Jonessa Brockman) for students in grades 9 through 12. It will meet the computer requirement for graduation or be an elective.

Lazbuddie also will continue to offer the SMART program in math and geography from 5 to 9 p.m. Tuesdays from June 11 to Aug. 8. The math ("power math") is a pre-algebra course for 6th, 7th and 8th graders. The geography course is for 8th and 9th graders and will meet a semester credit for high school world geography. The second half of the class will be offered the following summer. Students will need both semesters' credit to meet graduation requirements.

Transportation will be provided for summer school and the SMART program.

The Chief's Corner

Farwell Police Chief Roy McGaa wants folks to know about the stages in the criminal justice system. The following is a summation. Complete information is available at the police office in City Hall. McGaa has a video tape available for loan.

Here's what happens when a crime is committed:

1. Police investigate the case. If there's not enough evidence against a specified person, the case may be closed.
2. If police feel sufficient evidence points to a person, they give it to the district attorney or county attorney, who determine whether there's enough evidence to charge the person with the crime.
3. The "complaint" is the affidavit that charges a person with a crime.
4. If the defendant (the person charged with the crime) is not already in jail, the judge may review the complaint and issue a warrant for the arrest of the defendant.
5. The defendant appears before the judge. In most cases, bail is set.
6. In felony cases, the legal document is called the "indictment." It's returned by a grand jury. In misdemeanor cases, the charging document is "information" and is prepared by the prosecuting attorney.
7. Once a case goes to court, it may appear a number of times on the docket before trial is set. At the trial, the prosecutor is required to prove "beyond a reasonable doubt" to the defendant's guilt.
8. If the defendant is found guilty, the judge or jury sets punishment.
9. Persons convicted have the right to appeal. Plus, they may be sentenced to jail or get probation.

The Latest

Amanda Engram, a freshman business administration major, is the 1996-97 recipient of the General College of Business Scholarship at Eastern New Mexico University.

Plains Cotton Growers Inc. reports that 70 and 80 percent of the area's irrigated crop has been planted.

Dryland acreage is also being planted although at a much slower rate. Most dryland cotton being "dry-planted" has little chance of germinating without a timely rain to offset the lack of moisture at the top of the soil profile.

The dry weather pattern that has been in place since September 1995 continues to be the biggest factor in planting progress.

Overall, the High Plains is expected to plant around 3 million acres of cotton in 1996. PCG expects most of this acreage to be planted at least once.

Police Report

Here is the weekly report from Farwell Police Chief Roy McGaa:

Two Farwell juvenile girls and a juvenile boy will be charged in connection with the Farwell Schools' burglary last month.

They are between the ages of 13 and 16.

McGaa said there will be 1 count of burglary, 2 counts of criminal conspiracy, 2 counts of tampering with physical evidence and 1 count of possession of marijuana.

Taken were a computer, calculators and other items. Everything has been recovered except for 2 calculators. The investigation is continuing.

In other police news, a motor vehicle was burglarized on May 9 in the 300 block of Second Street.

Laney to present Lazbuddie award

Texas House Speaker Pete Laney will present the Innovative Public School Award on behalf of the Today Foundation to the Lazbuddie High School CLASS program during graduation exercises at 8 p.m. today (Friday) at the school auditorium.

A check for \$1,000 accompanies the award. Lazbuddie has taken an in-

novative and aggressive approach in making academic success the school's top priority.

The school formed CLASS (Character, Leader, Attitude, Sportsmanship and Scholarship) which recognizes high achieving students.

This places the good student along with the good athlete, and stresses to the athlete the

importance of being a good student. The school also started an academic banquet, which has become so popular that students work hard to earn an invitation to it.

The school also began offering letter jackets to good students. As the CLASS program became successful, more and more athletes also earned academic letters.

In 1990, before CLASS was begun, the school had only four students in academic UIL competition.

After one year, the school was the regional literary champion. By 1993, Lazbuddie was runnerup state champion.

The school has had the state champion accounting team and computer team for the last three years.

Last year, for the first time, classes were offered in calculus.

In the last two years, students have earned more than \$165,000 in scholarships and this year they have already earned \$127,000. And this is for a graduating class of 28.

Recipe of Week

HOT & SOUR BROCCOLI BEEF

- | | |
|---|--|
| 3/4 pound tender beef steak | 1/8 to 1/4 teaspoon crushed red pepper |
| 1 tablespoon cornstarch | 3 tablespoons vegetable oil, divided |
| 3 tablespoons Kikkoman Soy Sauce, divided | 1 medium onion, thinly sliced |
| 1 large clove garlic, minced | 2 teaspoons vinegar |
| 1/2 teaspoon sugar | Hot cooked rice |
| 1 pound fresh broccoli | |
| 4 teaspoons cornstarch | |

Cut beef across grain into thin slices. Combine 1 Tbsp. each cornstarch and soy sauce with garlic and sugar; stir in beef. Let stand 10 minutes. Meanwhile, remove and cut broccoli flowerets into bite-size pieces. Peel stalks; cut diagonally into thin slices. Combine 4 teaspoons cornstarch, crushed red pepper, remaining 2 Tbsp. soy sauce and 1 cup water; set aside. Heat 1 Tbsp. oil in hot wok or large skillet over high heat. Add beef and stir-fry 1 minute; remove. Heat remaining oil in same pan. Add broccoli and onion; stir-fry 2 minutes. Sprinkle 1 Tbsp. water over vegetables; cover and cook 2 minutes, stirring occasionally. Add soy sauce mixture and beef; cook, stirring, until sauce boils and thickens, about 1 minute. Remove from heat; stir in vinegar. Serve with rice. Make 4 servings.

Lazbuddie UIL teams excel at state competition

(Editor's note: The Tribune reported the results of Lazbuddie High's showing at the state UIL two weeks ago, but here is more information about it.)

The past four years, Marsella Jennings and Hardy Carlyle have coached UIL accounting and computer science teams to district, regional and state championships.

On May 2 in Austin, the accounting team, coached by Mrs. Jennings, was named state champion with Cameron Turner, son of Vernon and Tammie Turner, tying for first place. Chris Smith, son of Debbie Gallman and Tim Smith, tied for 3rd; and Melissa Aguirre, daughter of Elizandro and Oralia Aguirre, was 9th.

At the regional contest, the accounting team won the title with team members placing 1st, 2nd and 5th, respectively. At district, Lazbuddie won again with members placing 1st, 2nd and 3rd, respectively.

The computer science team consisted Heath Brown, son of Scott and Claire Brown; Edward Terry, son of Edward and JoDonna Terry, and Blake Mimms, son of Clay and Reta Mimms. The team was 2nd at state UIL, missing by 1/4 of a point below rule for the title. The team won district and regional.

Julie McDonald, daughter of Donnie and JoAnn McDonald, placed 5th at the state contest. She was only the second in Lazbuddie history to compete in the state UIL ready writing contest. She was 3rd at regional and was district champion. She was coached by Rebecca Williams.

Overall, Lazbuddie placed 4th at state UIL this year.

The state championship accounting team was coached by Marsella Jennings, left: Cameron Turner, Chris Smith, Melissa Aguirre and alternate Don Burch.

The computer science team, coached by Hardy Carlyle, left, took 2nd at state: Heath Brown, Edward Terry and Blake Mimms.

Julie McDonald, right, finished 5th at state UIL in ready writing. Her coach was Rebecca Williams.

OLD FASHIONED AMERICAN PRIDE

There was a time in this country when the things we made, we made by hand. Skilled craftsmen who cared about the work they did took the time to do the job right. And every object they made was stamped with pride.

That spirit of endeavor is not lost today. You'll find it in Americans from coast to coast — men and women who still care enough to do their best. From artist to accountant, farmer to factory worker, Americans can be proud of the work they're doing. Just as they can be proud of the country that work has built.

It may sound corny today to say it, but we're proud of America — proud of the old-fashioned values this country stands for and still has. America, you're the greatest!

Sorority plans two cookouts

Members of Alpha Rho Lambda of Beta Sigma Phi ended the 1995-96 formal business of the year with a short, informal meeting at the home of Rhonda Kirkland on May 20.

The agenda included discussing a family cookout on Father's Day, June 15 and the annual cookout to plan participation in Border Town Days on July 18 at the home of Charla Meeks. The social committee will meet to firm up plans for these events. During the meeting members also filled out the Yardstick report for Beta Sigma Phi international.

Outgoing President, Tori Meeks, received a scrapbook filled with pictures and mementos from her year as president. The cover featured an embroidered design to depict the "Catch That Dream" theme for the year.

Prior to the meeting, members enjoyed a dutch treat dinner at a restaurant in Clovis and returned to Kirkland's for an assortment of pies.

Attending were: Peggy Goettsch, Rhonda Crozier, Nedda Travis, Charla Meeks, Debbie Phillips, Rhonda Kirkland, Lynne Mahaney, Leigh Ann Woods, Joyce Ketcherside, Kristin Kasel, Anne Norton, Colleen Stover, Cynthia Thigpen, Tori Meeks, Michele Kirkland and Judy Pomper.

Terry, Morris, Redwine win top Lazbuddie FFA honors

Edward Terry, Cade Morris and Brice Redwine took top honors at the Lazbuddie FFA banquet May 20.

Terry received the Lone Star FFA Degree. Morris was recipient of the Star Greenhand Degree. And Redwine earned the Star Chapter FFA Degree.

Three adults also were honored. Kim Puckett and Roxanne Hurst were awarded Honorary FFA Degrees. And Bob Hurst and Parmer County Implement Co. were thanked for sponsoring the banquet for the past several years.

FFA officers for next year will be: Brice Redwine, president; Heath Brown, vice president; Cade Morris, secretary; Edward Terry, treasurer; Dustin Weir, reporter, and Seth Black, sentinel.

Officers for the current year have been: Dawn Weir, president; Brice Redwine, vice president; Heath Brown, secretary; Edward Terry, treasurer; Regina Jones, reporter; Guy Nickels, sentinel; and Mandy Magby, historian.

Ag teach Jim Bob Bradley told of the successes the youths had at the stock show competitions and leadership conferences. Lazbuddie took three 2nd places at district (16 teams competed) -- Cade Morris and Brice Redwine, in public speaking categories; and the radio broadcasting team of Dawn Weir, Blake Mimms, Brice Redwine and Edward Terry.

Brice Redwine also has been named the new Littlefield District president.

FFA'ers honored were, from left, Brice Redwine, Star Chapter FFA Degree; Edward Terry, Lone Star FFA Degree; and Cade Morris, Star Greenhand Degree.

Three adults were honored, from left: Bob Hurst, for sponsoring the banquet; and Honorary FFA Degree recipients Kim Puckett and Roxanne Hurst.

Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

Folks need to continue being on the lookout for suspicious vehicles in the rural areas of Parmer County because the rack of burglaries and break-ins are continuing.

Williams said police are "getting closer" in their investigation. The Texas Rangers are helping sheriff's offices in Parmer, Bailey, Curry and Roosevelt counties.

Breaking this case is Williams' top priority.

Last Sunday, an attempted burglary was reported at a home in Oklahoma Lane. The same day, daytime burglaries were reported in Bailey County and in the Hub area of Parmer County.

If you see anything suspicious, call the sheriff's office at 481-3303.

Tory Snyder, 23, Friona,

was arrested on May 15 by the sheriff's office on a charge of DWI 2nd. The case is pending in county court.

On May 13, Alfredo Alonzo, 25, Bovina, was arrested by Bovina police on charges of DWI 2nd and retaliation. The charges are pending in county court.

Shayna Lewis

Tim Jobe

Lewis valedictorian at Texico Junior High

The Texico Junior High graduation will be at 7 p.m. mdt May 23 at the educational complex.

The valedictorian is Shayna Lewis, daughter of Bobby and Arlin Lewis. She was Student Council president and the 1996 spelling bee champion. She received numerous awards at the academic and athletic ceremonies. She plays volleyball, basketball and runs track.

Tim Jobe is salutatorian. He is Student Council vice president and was elected 8th grade class favorite. He lettered in track by placing 2nd at state in the 1600 meter medley relay. He is active in basketball and senior league baseball. He is the son of Mr. and Mrs. Johnny Jobe.

Breanne Black will read the will. She is the daughter of Phillip and Bonnye Black. She received the Patrick Gilmore

Award, was 1995 spelling bee champion, Highest Academic Band Award and Highest Academic Award.

Kristen Roberts, daughter of Don and Vickie Roberts, will read the prophecy. She was on the "All A" honor roll her 8th grade year. She participated in volleyball, basketball and track. She got the basketball MVP award and "outstanding" award in track and was named Best All-Around Girl. She was a cheerleader and band member. She received the academic award for excellence in math and was March Student of the Month. She is a member of Eastside Church of Christ.

Gober to head Farwell 4-H

The Farwell 4-H met in April to elect officers for the upcoming year:

Kirk Gober, president; Ginger Sides, vice president; Ramsey Bennett, secretary; Karissa Foster, treasurer; Shane Roberts, senior council delegate; Jade Mahaney and Devin Goettsch, junior council delegates; Jason Crawford, parliamentarian; Tara Schilling, refreshment chairman; Nikki Gober, recreation chairman; Khallie Foster, reporter.

At the April meeting, Tara Sanchez reported on the consumer decision making project. Jason Crawford reported on livestock judging activities. As part of the program, Jade Mahaney gave her illustrated talk on consumer fraud. Devin Goettsch gave his illustrated talk on after-school snacks relating to food and nutrition.

The club will adjourn for the summer and resume its monthly meetings in August.

Volunteers of the Year

Named Volunteers of the Year at the Farwell Convalescent Center banquet April 22 were Mr. and Mrs. Bill Burch. They do the weekly sing-along for the past 10 years. At left is FCC administrator Ron Kilgore.

Texico residents hear about HIV curriculum

About 75 persons attended a meeting May 15 at the Texico educational complex to hear about the planned HIV (AIDS) curriculum that will be introduced into the Texico Schools.

Supt. R. L. Richards said the meeting went well, with community members presenting their points of view.

Three speakers came from the HIV speakers' bureau to tell about their situations and their lives.

Farm sign-ups under way

Sign-ups for the 7-year production flexibility contract, as part of the new Farm Bill, began May 20 and will end July 12.

This will be the only sign-up time for the entire 7-year period.

Producers who miss this one-time sign-up will not be eligible to enroll the farm at a later date.

For more details, contact the county extension service.

Questions were raised about the moral issues involved in teaching about AIDS in the schools.

Concerns also were raised as to how it will be taught, and whether to have outside speakers participate in a local curriculum.

Richards said the Texico educators need to know how best to teach about AIDS while taking into account the moral views of the local community.

HIV's incorporation into the health curriculum has been mandated by the state. It will be introduced into Texico Schools either this fall or, more likely, in September 1997.

Next up is for the committee planning the curriculum to discuss the points of view raised at the May 15 meeting and how to incorporate those concerns.
