### Steers' biggest win since 1990

I believe Farwell's 8-7 victory over Nazareth last Friday was the biggest Steers' win since the glory days of 1989-90.

Correct me if I'm wrong, but I don't remember the Steers defeating such a highly ranked football team since then.

And it was a well-earned victory. The Steers played a very tough team evenly.

The Steers didn't quit. They gave up some big 3rd down plays to the Swifts, but didn't quit.

Football is a game of emotions, quite often. It's easy to get down and give up. I was very proud of the boys for getting whipped on some big 3rd down plays by a talented Nazareth team -- but not quitting.

After half-time, Farwell adjusted to the Swifts' big line splits, and began dominating. It was a case of two very fine teams playing head to head.

And what made the difference? Some will say it was the lucky turnover and trick play on the conversion for giving Farwell the decision.

Not me. As longtime readers know, I don't like to point out individual players during the football and basketball seasons.

These sports are team efforts and that is where the emphasis should reside.

But I have to make an exception today.

I was very impressed with the performance of running back Michael Ancira.

Talk about giving 110 percent! That youngster broke tackle after tackle in leading the charge.

I believe he single-handedly broke the spirit of Nazareth, who had a devil of a time in stopping him.

The work that Ancira did in that game typifies what is possible in football if you give it your all.

This is not to take away from the rest of the team. As I said, football and basketball are team sports -- no one person can do it all.

But I believe that Ancira's effort helped boost Farwell in upsetting a very talented and highly ranked Nazareth team.

Regardless of how Farwell's season turns out, it already has been a great one!

\*\*\*  
As I write this column Sammy Sosa and Mark McGwire are tied with 63 homers apiece.

My prediction for season's end? A tie at 65!

I've had mixed emotions on the race between these two powerful sluggers.

I feel McGwire has "paid

## Texico turns down trailer park request

The Texico City Council on Tuesday denied a request from Abel Navarrete, of Clovis, to have the southeast corner of College and Wheeler rezoned as a mobile home park.

Instead, the council said it only has legal room for one trailer and others there now need to be removed within 60 days.

Originally, Navarrete wanted to place five trailers in the small space, then later said it would be three.

In other business, the council:

-- Continues to look into whether it's legal to build new municipal and shop buildings through lease-purchases. It was noted that the New Mexico Finance Authority also grants loan interest loans.

-- Heard city councilman Rick Queener note that Steve Meeks has graded Elva Avenue (southern boundary of town) and he should be paid \$325.

## Roberts captures 3rd contest

The 3rd week of the Area Merchants Football Contest was a toughie for its hundreds of participants.

Only two entrants managed to get 10 games picked correctly.

By virtue of being closest to the tie breaker (Farwell 8, Nazareth 7), the first place cash prize of \$15 went to Farwell High student Ryan Roberts. He was 13 off the tie breaker.

Winning the second place cash prize of \$7.50 was Gaye Lane, who was 20 off the tie breaker.

Ms. Lane works for the Aldridge law firm. Of the six contest winners in the first three weeks of the contest, three are employed at the firm!

With 9 games picked correctly were:

Debbie Weir, Walt Via, Shara Taylor, Willie Roberts, Randy Price, Jane Morris, William Martin, Lynne Mahaney, Jeff Lynn, Jack Allen Kirkland, Danielle Edwards, Tommy DeLeon and Cindy Castleberry.

Results of last week's games were:

Albuquerque Highland over Clovis, Petersburg over Hale Center, Muleshoe over Bornwield, Kansas State over Texas, Northwestern over Rice, LSU over Auburn, Tennessee over Florida, California over Oklahoma, Minnesota over Detroit, St. Louis over Buffalo, Miami over Pittsburgh, and New England over Tennessee.

The contest is now at the one-quarter mark, with 9 weeks to go. So it's time to begin the Leader Board, with the overall winner getting the Dallas Cowboys package.

Here is the 1998 first Leader board:

28 points -- Peggy Goettsch, Robin Gregory.

27 -- Walt Via, T.J. Kittrell.

26 -- Diane Atkinson, Scott Brown, Steve Franse.

25 -- Jeff Atkinson, Colby Carthel, Dardanella Helton, Shirley Steinbock, Weldon Killough, Jack Allen Kirkland, Matt Taylor, Glynnia Martin.

24 -- Alyson Atkinson, Bill Bizzell, Walt Boness, Scottie Brown, Rowdy Chandler, Doyle Weir, Mike Woods, Jimmy Curtis, Kendall Devault, J.R. Ivins, Tom Nichols, Mark Owen, Marshall Pool, Nancy Roberts, Ryan Roberts.

The overall winner of the 12-week contest wins a pair of free tickets to the Dallas Cowboys - Philadelphia Eagles game at Texas Stadium on Dec. 20, plus \$50 in cash, overnight lodging for two at the Radisson Hotel, and lots of other goodies.

Each week's scoring is tabulated and kept on public view at the Tribune office. Standings are posted each Monday and may be seen during regular business

hours. Ballots are kept the length of the contest so that any participant with a question can look back at them. And folks who don't enter each week of the contest still may enter any time they wish, and be eligible for the weekly cash prizes. You must be at least 12 years old to participate.

## Folks here disagree with national polls

By Mike Pomper

I was simply amazed at the huge response we received to our survey about President Clinton.

Normally, folks don't respond in huge quantities to a newspaper survey in a small town.

And we didn't exactly play up the survey. It was buried deep on Page 2 in last week's Border Banter column.

In that column, Teresa Mesman asked folks to let us know whether they favored Mr. Clinton's resignation, his impeachment or whether we should "forget and forgive."

What led us to ask for local opinions was the fact that national opinion polls have shown a strong majority of folks supporting Mr. Clinton 100 percent.

That may be true of the na-

tional polls, but not of our area.

We received 76 responses, mostly phone calls, some personal contact and a total from one group.

Of that total, 73 supported Mr. Clinton's resignation, impeachment or "either one."

Three persons said Mr. Clinton should be "left alone." It should be stressed that the Tribune poll was completely unscientific with a plus or minus correctness ratio of 99 percent.

Demographics were not involved in the Tribune poll. Whoever called was included.

So the final total was 73-3 in favor of Mr. Clinton's removal from office.

Most of the comments of the majority (at least in the Twin Cities area) were direct and to the point:

his dues," hitting a prodigious number of homers the past decade to earn the crowd's support.

But Sosa is a Cubbie, where my heart lies. And he has led his team to a possible playoff berth.

As others have said, the camaraderie shown by Sosa and McGuire during the race is exemplary. They have been great despite the pressure. I admire them.

So I hope they end in a tie for the home run lead.

Although I usually know what to expect when I attend a meeting, every now and then I am truly surprised.

Such was the case at last week's Farwell city council meeting.

I thought the place would be full of truckers to discuss a pending ordinance restricting their movements in the city.

Instead, only one trucker showed up.

So, we'll see what restrictions the council and mayor come up with for local truckers.

Whatever they are -- you truckers better not complain! You had your chance to be heard at the hearing -- and didn't take it.

Like I say, it surprised me at their lack of interest.

**Poll**

(Continued from Page 1)

"He should resign! If not, impeach him!" was the typical comment called in.

One man said, "We really owe it to ourselves and the nation to fire him, just like any hired hand who flubbed up."

One vote for impeachment came from a family of three, who were unanimous in their vote, said a lady.

A couple of callers were quite strong in their comments, featuring certain body parts, which can't be repeated in a family newspaper. But their language supported the contention that Mr. Clinton should go, as soon as possible.

"Remove him from office," said one man. "He's no better than the next person."

But the three Clinton supporters felt he should be left alone. "It's terrible the way they are making him tell all this personal stuff," said one lady.

The interesting thing about the Tribune poll is that how the responses seem to be the opposite of what the national polls are saying.

It makes one question who is being surveyed by the national pollsters.

(Continued from Page 1)

Of course, I learned years back that folks here are very, very laid back.

My biggest surprise in my 14 years in the Twin Cities involved the situation in Texico several years ago when we reported that there had been an unacceptable level of cancer-causing agents in the city water.

I thought there would be an outcry. Wrong.

Not one person publicly complained.

That taught me a lesson. If folks here don't get upset about cancer-causing agents in their water supply, they won't get angry over anything.

The legality of paying this will be checked into first.

-- Allowed city clerk Teresa Harth to attend a week-long clerk certification class in Santa Fe., with expenses paid.

-- Approved an aesthetic review (if set according to ordinance) for a mobile home Bill Autrey is placing just north of the community center, replacing the one burned down during a fire department training session.

-- Allowed the Census 2000 workers to meet at the community center without charge. Carolyn Burrows made the request; her daughter, Shannon, is Curry County crew chief.

-- Received only one bid for the city attorney's post, from current office holder Marion Ty Rutter.

His fee increases from \$400 minimum per month to \$550; and for each hour over the first five hours, it now is \$100 an hour, up from \$80 an hour.

-- Received three bids for the city engineer's post. Since two didn't include fee schedules, the topic was tabled.

The council will have a special meeting on Sept. 29 to review the city's engineers bids.

**Bollworm population peaked**

The first week of August brought lower temperatures and some much needed moisture to the area. Although rain is always welcome, it was, for the most part, too late. Area crops with limited irrigation were stressed too long without a decent rain. Farwell received 1.5 inches of rain, according to the PET weather station. September has been drier but temperatures remained above normal for the most part, giving producers the opportunity to mature late set bolls.

Cotton bollworm populations peaked from Aug. 10-26 here as moths moved from maturing corn into cotton. Some fields required two insecticide applications to make it through this extended bollworm period.

With the cooler temperatures in August, verticillium wilt was seen in area cotton fields. This wilt is characterized by brown streaking in the stem, whereas a healthy plant would have a solid white stem.

Boll weevils are making their presence known as their late season migration continues. This results in weevils traveling many miles northward from maturing fields down south in search of fields that still have squares and soft bolls to feed on. Plains Cotton Growers and the Texas ag extension service GRIP traps showed significant increases in weevil numbers starting in late August. Parmer County, with 27 traps, showed 2 last week, while Bailey County, with 24 traps, caught 181.

This is the typical pattern we have seen the last three years. These late weevils pose little threat to this year's crop but can provide earlier problems next year. Producers are encouraged to add a weevil insecticide to their harvest aid treatment to kill boll weevils if they saw boll weevil activity in their fields. Timely use of harvest aids will deny late weevils the opportunity to feed and gain enough fat to make it through the winter.

Late aphid infestations in early opening cotton posed a possible sticky cotton problems early on. However, parasitic wasps cleared out remaining populations.

Smut is very evident in corn fields throughout the area that was stressed by early hail or lack of adequate water. This was an unforgiving season on corn with limited irrigation.

Greenbug populations in sorghum peaking Aug. 10-20. Most fields received an insecticide application with remaining greenbugs soon eliminated by parasitic wasps. Some sorghum fields that were stressed did not pollinate. For those who are wondering if this season will ever end, it's coming around the last stretch and this race is almost behind our area producers.

*Letter To The Editor*

Greetings,  
I've had recent contact with a local gentleman, Dee Brown. I located Mr. Brown by way of the Texico Baptist Church, where my great-grandfather K.K. Runnels, was said to attend.

I have been told my great-grandfather participated in a column with Hop Graham

called "Sage of the Sandhills." Mainly, I am interested in archival copies of any of those articles. And if anyone has an idea of the approximate dates, that would be helpful as well.

If your local library has these on microfilm, I believe I can inter-library them from my local library here. I am also

planning a visit to Clovis soon, so I could find information near you as well.

Any help or advice would be most welcome, and if anyone knows of any other interesting history on K.K. Runnels, I'd love to hear about it. I do know about the park that bears his name, and his tenure on the school board. BUT I never seem to know enough!

I'm hoping to visit with Mr. Brown sometime soon, and hopefully by next summer. He

was quite knowledgeable about my great-grandfather, and appears to have known him quite well for almost 40 years.

Thanks again for your time and interest and feel free to contact me via e-mail if you like:

4. Mr. Clinton's lawyers say that the activities he engaged in did not meet the legal definition of sexual relations. It might take more than touching, kissing and fondling to violate the definitions.

6. The White house is Bill Clinton's home. He can expect some privacy there.

7. If his actions were legal, then he did not commit perjury of break any laws.

There are some important differences between Mr. Clinton's indiscreet behavior and Mr. Nixon's actions.

1. Mr. Nixon ordered staff members to find out what his opponents were doing. They broke into the Watergate Hotel headquarters of the Democrat Party. They entered the premises without permission, and they stole things from there. Staff members then laundered cash donations to the political party and sent them out of the country. Mr. Nixon became an accessory to one or more felonies when he tried to hide what was going on.

2. Mr. Nixon lied to the public about the actions his staff took.

3. He tried to invoke executive privilege during a time when martial law was not in force. It did not work.

Congress will be asked to determine whether Mr. Clinton committed high crimes and misdemeanors. His actions may have been wrong, but it is possible that they might not meet the definition of criminal. I vote to forgive him just as President Ford forgave Mr. Nixon.

Dear Editor,

Others on the Tribune staff have expressed their opinions about Mr. Clinton's love life. I do not agree with them.

1. Clinton lives in a goldfish bowl. The White House is open to the public; hundreds of people go through there every day.

2. Everything that happens in the White House is subject to video and audio recording.

3. If clear evidence existed that the actions that happened violated the laws, the public would have heard about them years ago.

4. Sexual relations between consenting adults are legal in Washington, D.C., I'm told.

by Glen O'Rear

Before we invest, we should determine what we want our investments to do for us.

When we invest, we're using money in the hope of making more money. I seldom receive any argument over this. However, the money we use for investing should be extra money - money that represents surplus savings or income not needed for essentials.

We might choose to invest these funds in mortgages, real estate, life insurance or securities (stocks and bonds). They're all basically different, and no one fits the needs of every person.

Since we're discussing mainly securities, let's focus on some of the reasons why we might want to invest in stocks or bonds. Many people prefer them because they can be readily bought and sold. They represent variety and flexibility of interests, as well as absentee ownership or creditorship. Securities are obtainable at varying prices, from very low to very high, and small sums of money can be invested at convenient intervals. With the help of a good broker, securities can be selected, sometimes with excellent results, by people with limited investment backgrounds.

When investing in a security, you can profit from it in two major ways. First, you may receive dividends or interest payments which, in theory, are paid to compensate you for the use of your money and any risk you assume. Second, since the market value of securities fluctuates, you also may profit by buying or selling them.

Regardless of how you profit, investing can help you achieve your long-term financial goals, such as a comfortable retirement, a child's college expenses, providing for heirs or saving on taxes. When you budget for food, bills and other expenses, don't forget to set aside some funds for investing.

# Longhorns wallop Southland, 46-0

It was a Happy Homecoming for the Lazbuddie Longhorns last Friday as they rolled over yet another opponent.

This time, the Southland Eagles felt the Longhorns' wrath, 46-0. Southland is now 0-3.

The game ended early in the 3rd quarter due to the 45-point rule.

Lazbuddie, 3-0 on the season, plays at Sands Friday (today) at 7:30 p.m. in a non-district battle.

In their first three games, Lazbuddie has outscored their opponents by a combined 179 to 52!

Lazbuddie jumped off to a 14-0 lead in the first quarter on a 13-yard run by Adam St. Clair and a 4-yard pass to Seth Black from Josh Morris. Black also kicked a 2-point conversion.

Lazbuddie put the game on ice in the 2nd quarter with a flurry of 26 more points.

Brandon Foster returned a punt 65 yards for a TD. Then Morris passed to St. Clair for a 20-yard score. Black tallied on a 17-yard pass from Morris. And Jeffery Seaton rumbled over from the 3 for Lazbuddie's 4th TD of the quarter.

Black added one kick for a 2-point conversion, and Lazbuddie went into the halftime festivities sporting a 40-0 lead.

After halftime, Jason Jesko tallied on a 6-yard run to close out the game.

Team statistics were:  
First downs - Lazbuddie 15, Southland 2; rushing - Lazbuddie, 27 for 204 yards; Southland, 26 for 131; passing - Lazbuddie, 8 for 10 and 130 yards; Southland - 1 for 6

and 47 yards; penalties - Lazbuddie, 3 for 30 yards; Southland, 4 for 20.

Southland also lost 2 fumbles and punted twice, for a 32-yard average.

Coach Scisson didn't have a lot of comments to make about the game, noting that Southland was weak.

But it gave him the opportunity to play all his backup players, which was good.

He expects a much tougher game from Sands.

The Chief's Corner

In spite of the front page warning in the Tribune, there are still about 10 people a week appearing in Municipal Court for illegally displaying New Mexico license plates.

A good number of those who have appeared in court, and paid fines, are headed back to court because they still have not obtained Texas license plates.

Failure to correct license plates within 30 days of a person's court appearance is considered prima facie evidence that said person has no intent to obey the law. In addition to higher fines these persons also risk additional charges.

Q- I hear you have been Sorority meets

Members of Alpha Rho Lambda Chapter of Beta Sigma Phi learned to make colorful greeting cards and decorative items on Sept. 22 when Anja Grimes presented a program to the ladies.

She demonstrated several types of stamps, markers, and materials which can be used to make decorative cards. Each member of the group had the opportunity to test the materials.

During the business meeting, members learned the social committee had planned an evening of bowling and pizza for members, spouses or guests on Sept. 26. There will also be a couple's social at the home of Leigh Ann Woods on Oct. 2 after the Homecoming game.

Letters have been mailed to crafters who have participated in the past to invite them to participate in this year's Christmas Bazaar which will be held at the Community Center Nov. 21-22.

told to take action against those, displaying New Mexico license plates, who live outside the city limits. How can you do this?

A- I have covered jurisdiction in previous articles but it is worth repeating. As a general rule my jurisdiction ends at the city limits. There are exceptions to that rule such as certain misdemeanors and all felonies. Writing tickets for New Mexico license plates is not one of those exceptions.

However, if a person who lives outside the city limits drives a vehicle, (bearing NM license plates) within the city limits, that person can be cited.

*Big Lick Award*

# Texico smashes Texico JV, 35-10

Coach Lynn gave this week's Big Lick award, for his work against Clovis JV, to Phil Peabody -- for both offense and defense.

by Greg Qualls

Texico beat Clovis JV for the third year in a row on Sept. 17. Past games have been close, but Texico won this game by a wide margin, 35-10.

Texico, 2-1, will play Jal tonight (Friday) at 7 mt at home. The game started with Texico returning the kick to the 30.. A few plays later, a fumble gave Clovis the ball. A pass put Clovis on the Texico 32. With 4th and long, the Wildcats went for a 28 yard long field goal and hit it. The score was 3-0.

The Wolverine defense was on the ball much of the first period, making it hard for the Wildcats to score.

Late in the first period, Clovis made their last points of the game when Wes Hatley plunged over from the 1. The extra point kick was good and Clovis led, 10-0.

Then Texico took over! Early in the second quarter, Josh Boazman took down Clovis runner for a loss of 2 yards when the ball was passed to him behind the line of scrimmage.

On offense, Eric Smith gave the Wolverines their first long run of the game, when he ran 30 yards to put Texico in scoring range on the Clovis 16.

Two plays later, Smith ran the rest of the way in for Texico's first TD. The kick, by Josh Boazman, was good and the score was 10-7.

Still in the second, Smith broke away for a 20 yard run to the Clovis 40. The Wolverines continued to work their way up the field, until Eric Stanley ran the final 3 yards for a TD. This put the Wolverines in the lead 14-10 after Josh Boazman made the extra point kick.

Clovis almost scored on the kickoff, but Albert Esparza stopped them. The next play, Stanley sacked the quarterback for a loss of 15, as the first half ended.

Early in the third quarter, Jake Boazman recovered a fumble, to give Texico the ball on the Clovis 25.

A few plays later, Ryan Autrey, with the help of the Texico offensive line, ran past the Wildcat defense for the third TD of the game. Josh Boazman split the uprights and the score was 21-10.

Later in the quarter, Stanley had a beautiful 48 yard run, zigzagging past the Wildcats to put 6 more points on the Wolverines new scoreboard. Josh Boazman did his magic again and the score advanced to 28-10.

A few plays into the 4th quarter, Texico lost a fumble at its 33. But Phil Peabody sacked Clovis's QB on a third down, forcing a punt.

Later into the quarter, Eric Stanley would run the ball in for yet another TD. Josh Boazman made the extra point and the score was 35-10.

Texico came close to scoring one more time. Clovis was at 4th and long. They punted and Shay Norvell returned it, running 50 yards past the Wildcat defense. He had one last opponent to get past when he was pushed out of bounds at the 3 yard line. Time expired before Texico could score again.

Team stats were: first downs - Texico 12, Clovis 6; rushing - Texico, 52 for 277 yards; Clovis, 38 for 35; passing - Texico, 0 for 5; Clovis, 3 for 6 and 32 yards; punting - Texico, 2 for 39.5 yard average; Clovis, 7 for 39.4 yard average; fumbles - Texico, 1 lost; Clovis, 2 lost (recovered by Josh Boazman and Jake Boazman); penalties - Texico, 2 for 15 yards; Clovis, 5 for 55 yards.

Individual stats were: rushing leaders - Eric Stanley, 15 for 124; and Eric Smith, 12 for 121.

# Farwell upsets Nazareth, 8-7

In their biggest victory in years, the Farwell Steers ran their record to 3-0 last Friday at home, upsetting the highly-ranked Nazareth Swifts, 8-7.

Farwell plays at Kress tonight (Friday) at 7:30 in another non-district game.

Both teams scored one touchdown; the difference was a trick play that Farwell used in scoring a two-point conversion.

It also was a game of halves -- Nazareth dominated the first half, while Farwell came on strong the second half. Both teams had a hard time stopping the other although the final score was low.

The game opened with Spencer Ketcherside tackling the kick returner at the Nazareth 14. Kolby Kimbrough had a TD-saving tackle on defense, and Michael Ancira had a strong tackle.

Nazareth had a 4th and 4 at the Farwell 35 when their QB was gang tackled for a 5-yard loss.

On Farwell's first play, Ancira burst up the gut for 25 yards. In Nazareth territory, Farwell went for it on 4th and 3. Tyler Chadwick hit Tobe Diaz with a 7-yard pass. The Steers got to the Swifts' 15 and had 4th and 3 again. This time, a Chadwick aerial was tipped incomplete.

On defense, Chadwick and Grant Oppliger had good tackles as Nazareth moved the ball downfield and the first quarter ended.

Nazareth faced another 4th and 3 at the Steers' 40, and a run was stopped by a foot.

On offense, Diaz gained 6 and Ketcherside raced for 17. Farwell was stopped and punted to the Swifts' 24.

Nazareth kept moving the ball as their big backs punished Farwell. J.R. Rodriguez had a good tackle. On 4th and 5 at the Steers' 10, the Nazareth QB scored on a keeper at 4:45. The kick made it 7-0.

Farwell was held and punted; the returner was tackled by Clint Corn. On defense, Demesio Mendoza defended a pass well. Matt Schwertner and Corn combined on a good tackle.

Corn had a big QB sack for a 9-yard loss. But on 4th and 17, Nazareth hit a pass to the Steers' 2. Then came another giant defensive play -- Ryan Roberts sacked the Swifts' QB on the Farwell 1 as time ran out in the half.

Kimbrough had a nifty kick return to get the ball back to the Farwell 39 as the 3rd quarter opened. Ancira ran for 7 twice. But Farwell lost a fumble on a pitch and Nazareth took over at the Steers' 32.

Once again, Nazareth had a 4th and 3 play. This time, Ketcherside blitzed and sacked the QB for a loss as Farwell took over on downs.

Ancira ran for 6 twice. The workhorse then gained 10, then another 8. Diaz scampered for 7 more. Farwell was held and punted to the Nazareth 14.

Oppliger and Roberts combined on a QB sack good for a 7-yard loss. But Nazareth hit another long pass. Corn deflected a 3rd down pass, forcing Nazareth's first punt of the game with 42 seconds left in the third quarter.

The snap went over the punter's head and Schwertner tackled the punter at the Nazareth 11. On 4th and 3, Farwell went for it -- but was stopped at the 3. Nazareth was stopped and forced to punt again. And, again, the snap went over the punter's head. This time Farwell took over on the Swifts' 8.

Ancira bulled for five hard yards. Then Diaz scored on 3rd down around end from the 4 with 6:17 left. Then Farwell decided to go for broke, trying for a 2-point conversion -- a win or a loss. On a hidden ball reverse, Ketcherside scored the 2 points.

Farwell kicked to the Swifts' 36. Schwertner recovered a fumble at the Steers' 48 with 4:44 left. Farwell then ran out the clock.

Team stats were: first downs - Farwell 9, Nazareth 15; rushing - Farwell, 34 for 175 yards; Nazareth - 41 for 142; passing -- Farwell, 1 for 4 for 7 yards; Nazareth, 5 for 9 for 73 yards; penalties - Farwell, 4 for 40 yards; Nazareth, 3 for 12.

## VA clarifies recent health-care changes

In response to incorrect information distributed by others, the Department of Veteran Affairs is clarifying recent changes regarding vets' eligibility for health care.

VA is required by law to set up an enrollment system for health-care services to be in place by Oct. 1, 1998. While vets must be enrolled to receive care, it doesn't mean

that vets who have not applied for enrollment by that date will lose their eligibility for VA health care.

Vets can apply and be enrolled at the time they are in need of VA health care. Vets who have received VA health-care services since Oct. 1, 1996, will have an application processed automatically on their behalf.
