Yank Planes Reported Flown To Nationalists

Several Lives Lost In Flight Operations Said Ordered By War Department

CHUNGKING, Nov. 27 (AP)—Chinese nationalists today heard that some 700 American planes are being flown into China, presumably for their use, as central government troops drove to within 90 miles of Mukden, vital rail center in the battle for Manchuria.

Associated Press Correspondent Richard Cushing wrote from Shanghai that virtually every flyable American plane in India and Burma was being flown into China in an operation which already has cost several American lives. There were 11 crashes last Thursday when 22 P51s flying from Kunming to the Shanghai area encountered a weather front.

Cushing was told the flight was ordered by the War Department and that the 10th Air Force was bringing transports and the 14th Air Force fighters. Ranking officers told Cushing the aircraft undoubtedly will be given to the Chinese Nationalists.

U. S. Air Force officials said it is vital that the United States protect Allied gains in China, Cushing wrote, but the men flying the aircraft "are debating angrily whether they ought to be risking their lives three months after the end of the war."

Chungking newspapers said Nationalist forces advanced 40 miles along the Peiping-Mukden railroad to Kowpangze, 90 miles from Mukden. There was no report of opposition.

Simultaneously, unconfirmed press reports indicated the Russians will permit the Nationalists to garrison Manchuria.

Russia will adhere to the spirit of the Sino-Soviet Friendship and Alliance Pact, these reports declared, but will postpone withdrawal of Soviet troops from Manchuria until January.

Iran Separatists Said To Control Zenjan Province

TEHRAN, Nov. 27 (AP)—A traveler from Northern Iran reported today that forces of Azerbaijan Province Separatists had occupied Zenjan, 174 miles north-west of Tehran, in military operations thrusting south along the main railway line.

He said all government buildings in Zenjan, capital of Khamseh Province, were in Separatist hands and that telegraph lines were cut.

There was no official confirmation here. The Iran government previously has acknowledged that the Separatists were operating in Khamseh, armed with weapons which were distributed by "unknown people."

If the report is true, only two principal railway stations now separate the Azerbaijan forces from the capital.

Iranian troops which were dispatched last week to quell disturbances in Azerbaijan were halted by Soviet Russian authorities at Karvin and have not been allowed to move north. Russian troops occupy the zone.

In Moscow it was reported in informed quarters that the Soviet Union was preparing a reply to British and American notes on the situation in Azerbaijan.

In Tehran, youthful patriots appealed to the Shah for authorization to form a national guard to fight in Azerbaijan. Other patriotic groups offered to fight to preserve the unity of the nation.

The Separatists have announced that they were demanding autonomy within the Iranian state, and have denounced reports that they were demanding complete separation from Iran.

Local Legion Post Will Host District Meet Next Month

The Howard county post will be host to the District No. 19 American Legion meeting on Dec. 15-16, post leaders announced at a meeting Monday evening.

District Commander A. C. Jackson, Lubbock, who had just returned from the national convention in Chicago, was speaker for the evening.

"I care not where or in what capacity he served," said Jackson. "Our country owes any man who wore the uniform of the USA a debt of gratitude." In turn, he said, "we owe our country a duty we must and will perform."

The matter of re-organizing the post along with the election of officers was deferred until Monday, Dec. 3. Members of the post are making an effort to get out as large a number of returned veterans of World War II as well as veterans of World War I.

Time and place of the meeting is 8 p. m. Settles hotel.

Javanese Open Counterattack; To Evacuate City

BATAVIA, Java, Nov. 27 (AP)—Indonesians in Soerabaja launched a counterattack against British troops in that battered city today, and an official British report told of new attacks in Ambarawa and Bandoeng.

In Batavia, prominent Dutch leaders and Red Cross workers asked in a petition to the Netherlands East Indies government that 200,000 women, children and the aged and sick be evacuated from Java pending "the return of normal times."

The petition claimed that the same people who had suffered under the Japanese were now being attacked by Indonesians and declared "the people who have suffered so much already cannot stand the strain any longer."

The Indonesian counterattack in Soerabaja was mounted by a force of 50 Indonesians with the aid of a small Japanese tank. A British Indian patrol near the hospital area was forced to withdraw.

The Indonesians also attacked the released internees' camp and police station at Ambarawa, 30 miles south of Semarang. The British yesterday sent three RAF Mosquito bombers into the battle for Ambarawa and the planes, using machineguns and cannon, strafed troop concentrations and attacked roadblocks, warehouses and transport columns.

In Bandoeng a British company returning from the airfield area was overdue and believed to have been held up by roadblocks. Aron Gutwirth, local chairman for the Netherlands East Indies Red Cross, said when the mass evacuation petition was presented to the government, that "people are disappearing daily. We never hear of them again."

Gutwirth also voiced a special appeal to America for aid. "xxx we appeal especially to America, which is one of the few countries that didn't suffer from an invasion. We appeal to America to send us ships and other help in getting these people away, and to all Americans to grant us hospitality until times become normal here again."

Capt. Eddie Morgan On Terminal Leave

Capt. Eddie L. Morgan has arrived in Dallas on terminal leave to be with his wife, the former Edith Dow Corbill, and sons, Chris and Tim. He telephoned his mother, Mrs. J. M. Morgan, that he arrived in the States Saturday, and said that they will be here for Christmas.

Morgan served for more than three years with the ATC, and was stationed for more than a year in Casablanca, Africa.

Mrs. L. D. Jenkins is Capt. Morgan's sister.

One Body Found In Icy Lake DIVERS SEARCH FRUITLESSLY FOR SCHOOL BUSLOAD OF DEAD

CHELAN, Wash., Nov. 27 (AP)—Chelan today was a city of sorrow, its town hall ready for duty as a morgue, its beautiful Lake Chelan icy once which had swallowed a community of children when an inbound school bus left the road yesterday and carried 15 youngsters and its driver to death in the deep waters.

Six persons, five children and a woman passenger, escaped, Mrs. Ted Brown, the passenger, said driver Jack Randle, 26, stood up and fought the wheel when the bus struck a rock in the snow-swept road and swerved over a 20-foot bank into the lake.

The bus sank slowly, the air trapped inside delaying its descent. The survivors escaped through broken windows broken either in the plunge down the bank or by the frantic children.

Divers who rushed from Grand Coulee dam and Seattle were to resume their search for the sunken bus and its grim load this morning after two of them, Brothers Colin and D. S. O'Donnell, went down 180 feet last night without locating the vehicle. At 130 feet they found one body, that of 16-year-old Henry Davis.

Hirohito Makes Election Reform First On Agenda

By RUSSELL BRINES
 TOKYO, Nov. 27 (AP)—Emperor Hirohito, in a colorful reading of an imperial rescript, today made election reform the number one function of the current diet and insured some revision of current laws.

Standing before the imperial throne in the ornate house of peers, the emperor read the brief rescript in formal, heavy tones while members of both houses bowed deeply. The Japanese ruler was flanked on the right by princes of the blood and imperial household officials and on the left by Premier Kijuro Shidehara's cabinet.

Specific mention of election reform in the rescript insured action thereupon and made this the principal diet issue. Simultaneously the rescript statement limited to the house of representatives such reform, indicating there probably will be no change in the current appointive status of the house of peers despite considerable newspaper agitation.

The emperor wore his new official non-military uniform. Solemnly, he entered the hushed chamber and walked stiffly to a position fronting the throne on a dais above the rostrum utilized by the chamber president and peers.

In an absolute hush after the emperor ascended the four steps to the throne, Premier Shidehara walked slowly toward him with the rescript, then backed away reverently while all bowed. The emperor read the document held at arm's length.

The principal business of both chambers for the balance of the day was formulation of an official answer to the rescript.

All windows above the first floor were curtained to prevent any subject from gazing downward upon him.

Directors Board For Local YMCA Elected At Meet

Election of a board of directors for a local YMCA was accomplished at a meeting of more than three score representatives at the USO club Monday evening.

At the same time the group voted to organize along lines recommended and left up to the board the matter of a budget for the operation of the Y program in Big Spring. Under terms of the organization, emphasis would be placed on a program for youth between the ages of nine and 25 years.

Named to the board, which might be enlarged subsequently, were Mrs. H. W. Smith, Walter Reed, Dr. W. B. Hardy, Rev. H. Clyde Smith, Loy House, Ted Phillips, G. W. Dabney, Arsh Phillips, R. T. Piner, Jack Smith, Dr. R. B. G. Cowper, J. B. Mull and Helen Duley.

Don Newton, Dallas, regional representative of the YMCA, was here at request of local leaders, in an advisory capacity.

Next step in the plan is to organize the board, pass on a proposed budget, organize a campaign committee, and select a professional worker, quarters, etc. Bill Dawes presided over the organization session.

TANK GUARDS NUERNBERG TRIAL SCENE—American soldiers man the guns of a tank standing guard in a bullet-spattered archway of the Nuernberg Palace of Justice as the Nazi war crimes trial opened there Nov. 20. (AP Wirephoto).

Trial Reveals Nazi Activities

NUERNBERG, Nov. 27 (AP)—Secret German activity to violate the Versailles peace treaty by the undercover construction of a navy and air force was disclosed today by American prosecutors at the war crimes trial of 20 Nazi leaders.

Documents were laid before the four-power tribunal as evidence that, from his earliest days of power, Hitler falsified public reports of battleship tonnage, built submarines and trained U-boat crews in isolated hideouts in Spain, Finland and Holland and rebuilt the German air force under the guise of a commercial aviation program.

Reichsmarshal Hermann Goering and Grand Admiral Erich Raeder grinned broadly at one point as Assistant Prosecutor Sidney S. Alderman read from a list of instructions to Nazi diplomats on ways to parry questions of other countries about the reich's rearmament program.

The instructions "apparently cause the defendants considerable amusement," Alderman commented to the court.

Charging that German scheming to violate the Versailles treaty started "soon after World War I," Alderman submitted documents which he said proved that in the very month that Hitler came into power, the German navy proposed building a great arms industry by selling munitions to other nations.

Alderman also presented a secret document detailing early plans to re-occupy the Rhineland in violation of the Versailles treaty—an act which Hitler carried out without opposition in 1935.

Listing step by step German plans for reich domination of Europe, Assistant US Prosecutor Sidney S. Alderman said the early schemes were of "modest origin and fantastic nature" but developed into a real threat with the rise of Hitler.

German war preparation, Alderman asserted, "could have been interrupted at several points."

Seven distinct phases of aggression listed by Alderman were: One, period of preparation from 1933-36, absorption of Austria; three, grabbing of Czechoslovakia; four, invasion of Poland and beginning of actual war; five, expansion of war to Scandinavia and the low countries; six, attack on Russia; and seven, collaboration with Japan and Italy in aggression against the United States.

A new phase of the trial—under the count of the indictment which charges the Nazi leaders with crimes of murder and abuse of civilians—will be opened tomorrow when the court and the defendants will see films of Nazi horror camps.

Robert T. Piner has been chosen by the board of trustees of the Howard County Junior College district to be first head of the board.

Other officers named were L. H. Thomas, vice-president, and Mrs. J. E. Brigham. The board in turn named Harry Hurt to serve as treasurer.

Besides Piner, Thomas and Mrs. Brigham, other members of the board who were given the oath of office by County Judge James T. Brooks were: Dr. P. W. Malone, Leroy Echols, A. J. Stallings and Otis Graft.

GM NEGOTIATIONS FALLEN THROUGH

Hurley Resigns, Claims Foreign Policy Failure

WASHINGTON, Nov. 27 (AP)—Major Gen. Patrick J. Hurley today announced his resignation as United States Ambassador to China, and asserted American foreign policy had failed in Asia.

In a 1500-word formal statement, Hurley charged that the United States had "finished the war in the Far East furnishing lend-lease supplies and using all our reputation to undermine democracy and bolster imperialism and communism."

The retiring ambassador to Chungking said he agreed entirely with the outline of American foreign policy which President Truman made in his Navy Day address, but stated that "professional diplomats in the lower echelons were frustrating attainment of announced policy aims."

Hurley said that when he was assigned to China he was directed by President Roosevelt to prevent collapse of the Chiang Kai-Shek government and keep the Chinese army in the war.

"From both the strategic and diplomatic viewpoint the foregoing constituted our chief objective," he said, "the next in importance was the directive to harmonize the relations between the Chinese and military establishments and between the American embassy in Chungking and the Chinese government."

"Both of these objectives were accomplished."

E Bond Purchase Slow; Lions Lead Clubs In Sales

E bond sales crept forward at a snail's pace Monday with a total of \$6,000 reported.

Of this amount, the Rotary club got credit for \$4,200, boosting its total to \$50,775.75, and making more secure its place of leadership in the interclub contest. The Lions club increased slightly to \$37,350, the ABCU to \$24,956.25, the Kiwanis \$11,863.75, and the B&PW \$6,675.

Here for a talk to the Rotary club at noon Tuesday was Lt. Margaret C. B. Bowen, army nurse returned from combat zones. She also was due to speak at the Ritz theatre at 8:27 p. m. today.

Total E sales to date amount to \$192,423.75 and there was reason to believe the \$200,000 mark would be reached during the day.

This was 59.2 per cent of the \$330,000 quota and compared with 44 per cent shown in the latest regional tabulation which put Howard county in 34th place for the Fort Worth area.

Overall sales amounted to \$487,935.75, but this figure was due to jump with new allocations due to be reported. These included Midland Production Credit \$5,000, Standard Oil \$2,000, Sears Roebuck \$2,000, American Airlines \$5,000, and Texas & Pacific Railway \$140,000.

CAUSE OF FIRE

A burned out electric motor was the cause of firemen making a call at 3 a. m. Tuesday to Walgreen's Drug. Residents of the Lester building were disturbed by the smoke and called the firemen to investigate the source of it.

Piner and other members of the board said it was probable that a president or administrator would be secured first before a building program was considered. Board members reiterated the belief that it may be a year or more before the college can be opened to receive its first students.

FEDERAL GOVERNMENT EXPECTED TO MOVE IN FOR ARBITRATION

DETROIT, Nov. 27 (AP)—Government intervention appeared as the next step in the General Motors strike today following another breakdown in efforts to resume company-union negotiations.

Accusing the CIO United Automobile Workers of "creating a situation of lawlessness" at strike-bound General Motors plants, the corporation notified the union last night that a settlement could not be negotiated "while such a situation exists."

In its reply to the union's request for resumption of wage talks, the GM management assailed what it termed the "illegal picketing" to prevent office employees from entering their plants.

Further widening the rift was the question of what should be discussed at any negotiating sessions relative to the union's 30 per cent wage increase demand.

"It should be clear to you and all others that we will not negotiate with your union regarding our selling prices and profits," said GM Vice President H. W. Anderson in a letter to the UAW-CIO.

Anderson continued: "Unless you are now prepared to modify your unreasonable wage demands, abandon your attempt to negotiate wages on the basis of our past profits, assumed future profits and our selling prices, and are now prepared to discuss wage adjustments on their merits, we do not think that anything can be gained by further discussion of the wage issue with your union at this time."

Walter P. Reuther, UAW vice president, promptly replied that "negotiations without discussing the company's ability to pay are not negotiations."

Reuther said the union, which filed charges of unfair labor practices against the corporation before the strike was called, would notify the National Labor Relations Board "of this further violation" of the Wagner Act by "refusing to negotiate at all on our wage demands."

As some 225,000 workers, by company estimate, were idled by the six-day-old strike, the auto industry looked to the federal government as the only possible source for an early settlement.

Secretary of Labor Schwelienbach has indicated his intention to call representatives of both parties to a conference in Washington later this week.

The idle total was swelled by reinforced picketing which the company said kept more than 50,000 GM salaried employes from their offices yesterday.

The Ford Motor Co. reported it would lay off 40,000 workers for several days later this week because of a shortage of parts.

M. L. Bricker, Ford vice president, said the production curtailment was due to work stoppages in 15 supplier plants, not the GM strike.

"An Infamous Charge"

WASHINGTON, Nov. 27 (AP)—Cordell Hull today branded as "an infamous charge" the inference in an Army inquiry board's report that the note he handed Japanese "peace" ambassadors Nov. 26, 1941 touched the button that started the Pacific war.

The former Secretary of State, testifying before a Senate-House committee inquiring into the Japanese attack on Pearl Harbor, as-erted in vigorous language the interpretations made by the Army board.

"Any reasonable person knows that the Japanese were bent on attack and knows that we could not have stopped them unless we had laid down like cowards," Hull claimed.

Hull earlier testified he had only an unverified report of the attack on Pearl Harbor when he conferred with the Japanese peace envoys at 1 p. m. Dec. 7, 1941.

Hull told the Senate-House committee investigating the attack that the White House had called him about noon of that day with the report that the Japanese had struck, but his informant was unable to confirm it definitely.

The question arose, Hull said, whether he should receive the Japanese at all or whether he should leave open the one chance in 10 that the reported attack had not taken place.

Hull said he went into the meeting to find that the Japanese delegates were talking "peace, peace, peace."

Because of the report he had received, Hull said he "felt like taking liberties in talking with them about their government that would have been a little undiplomatic in ordinary times."

Rep. Cooper (D-Tenn) asked Hull for his estimate on Saburo Kuroiso and Kichisaburo Nomura, the Japanese envoys.

The former secretary said it was his belief that both knew during the negotiations that "they were here primarily to prevail on us to abandon our doctrines and policies and yield entire control of the Pacific west of Hawaii, including India and the trade routes to Japan."

Hull Denies Peace Note Pushed Button To Start War In Pacific

Auxiliary Has Study Of Psalms

Rev. James E. Moore conducted the Bible study at the meeting of the Presbyterian Auxiliary Monday afternoon at the church, taking as his subject the 110th Psalm.

Explaining the scriptural meaning verse by verse, Rev. Moore stated that the Psalms are truly the creed of David. Taking the second and third verses in particular, he described them, telling that they predicted the second coming of Christ. He showed how all enemies should be used as footstools. The lesson was closed with a prayer.

Mrs. D. T. Evans, secretary of spiritual life, presided and gave the invocation. The group sang, "We've a Story to Tell to the Nations," accompanied by Mrs. A. B. Brown.

Those attending were Mrs. Pat Kenney, Mrs. P. Marion Sims, Mrs. Moore, Mrs. T. S. Currie, Mrs. Steva Tamsitt, Mrs. James E. Moore, Mrs. W. R. Settles, Mrs. J. C. Lane, Mrs. E. C. Boatler, Mrs. D. A. First Baptist Ladies Hear Reports From Circles

All circles of the First Baptist church WMU met at the church Monday afternoon for the regular business session, with the new president, Mrs. P. D. O'Brien, in charge.

The meeting was opened with the song, "Come Thou Almighty King." The prayer was offered by Mrs. R. C. Hatch, and Mrs. O'Brien read the Scripture from Psalms 125.

Reports from the circle leaders and chairmen were heard, and it was reported that two boxes of clothing have been sent to the Buckner orphans' home. Ladies were told that Thanksgiving baskets were given to local needy families, and that flowers have been sent to members who have been ill. Other contributions from the organization included an \$85 increase to the state missions offering, and all circles are making dresses for the Red Cross.

Mrs. W. R. Creighton was made social chairman, and Mrs. J. B. Jack was appointed mission's chairman.

The First church WMU observe annual week of prayer from December 2 through December 6. Mrs. Jack will review a book at the Monday session, on Wednesday the young people of the church will have charge of the program, and the Pollyanna Sunday school class will have the Friday program.

Mrs. W. J. Alexander closed the meeting with a prayer.

Press Representatives Eat Meal With Hitler's Silver

By WILLIAM C. BERNARD
TEXARKANA, Nov. 27 (AP) — A couple of army men from the State War Finance Committee arranged for me to eat breakfast Saturday with Adolf Hitler's silver service.

Fifteen knives, forks and spoons are aboard the army's Victory Loan train which invaded Texas today via this border city. The C-47 which brought Press Association representatives here from Dallas developed engine trouble and I didn't get any breakfast. It may be recorded, however, that under the watchful eyes of about six guards I managed to get one spoon in a cup of cold coffee before it was snatched away from me, carefully polished, and put back under lock and key.

MEN! GET PEP... Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula. Collins Bros. and all other druggists. (adv.)

The spoon was light in weight, decorated with an eagle, a swastika and the imposing initials 'A. H.' and looked a little worn from being counted so often.

The Victory Loan train had seven cars and contained exhibits of everything from howitzers to C rations. There was plenty of Jap and German equipment, including a buzz bomb, uniforms and weapons. A US Army tank, anti-aircraft guns, the biggest searchlight ever built and hundreds of other items, large and small, are aboard.

Col. James Rudder, the train's commander, said the exhibits are not just to sell bonds but to show citizens how bonds they bought in the past helped to lick our enemies. He led us to a railroad car which turned out to be the car railroad magnate Jay Gould presented to his daughter for her honeymoon. It was full of gilt and carvings and in it was a dinner table with spotless tablecloth and gleaming china.

In a moment a chef came in bearing a big plate of thick steaks. Two soldiers brought a package wrapped in black cloth. Under its folds were 15 pieces

of silverware, once the property of Hitler and seized at Nazi headquarters in Munich.

Newberry carefully counted the silver and it was apparent that several other soldiers who had come in and were standing around also were counting it. Newberry put one knife, fork and spoon at each place around the table.

Then the photographers came in. For 20 minutes they snapped pictures of us looking at that silverware. The steaks got cold. So did the coffee.

When the photographers finished, the chef came out suddenly and took away the steaks. Then I looked around and my spoon was gone. The guards had gotten it and the rest of the silver and were back at their counting again.

That was too darned much. "Give me back that spoon for a minute," I said.

The soldiers looked at me a little coldly. Rudder smiled. "He wants his spoon," he told the soldiers. The guards hesitated a moment and then decided to trust me. I took the spoon and stirred a cup of cold coffee. Then I used the spoon to take one sip of coffee.

The army men got the utensil away from me then and polished it and counted the whole works again.

TODAY'S VICTORY LOAN STATEMENT

WASHINGTON, Nov. 27. (AP) "We have fought the war and won. Soon our fighting men, my own son among them, will be coming home. We are going to have to do things for these men. Victory bonds will help with the rehabilitation of our veterans. Then there is the mustering out pay, veteran education and the G. I. Bill of Rights. I would say that buying Victory bonds is not only a duty, it is a great opportunity."

Hungarian Lab Paces Industrial Comeback

FUZFO, Hungary (AP) — New industrial experimental laboratories, directed by Dr. Laszlo Demeny, one time Rockefeller fellow at the University of California, have been set up in a modern factory here as one step in aiding tottering Hungarian industry to get back on its feet. The laboratories were instituted by the Hungarian oil companies.

"We're interested chiefly in producing sugar from starch, alcohol from cheap grapes, acetone from methane gas of which we have large deposits, and the conversion of sunflower seed hulls in furfural for fine lacquers," Demeny said.

Fact-Finding Not Approved As Aid For Strikes Yet

WASHINGTON, Nov. 27. (AP) — Fact-finding as a remedy for industrial strife still lacked approval of the labor-management conference today, but the government prepared to give it an early test.

Secretary of Labor Schwelb proposed a three man board to investigate the long-standing oil workers' wage dispute which precipitated the first major post-war strike on union demands for 30 per cent higher pay. Fifty-three refineries finally were seized by the Navy.

A Labor Department spokesman said the CIO Oil Workers union offered no objections to the fact-finding scheme but that "varying reactions" were coming in from ten oil companies whose properties are under federal management.

The spokesman indicated the government plans to go ahead in any event, in an effort to hasten settlement of the wage case and get the refineries back into private operation.

The fact-finding commission would be made up of Dr. Frank P. Graham, president of the University of North Carolina; Otto Seyer, labor relations adviser for TVA and other federal agencies, and Paul De Liel, professor of Industrial Relations at Stanford University.

A fact-finding plan for use in major disputes threatening the public interest was handed to the executive committee of the labor-management conference yesterday, after a subcommittee failed to agree on such machinery.

A management proposal, it has not yet gained acceptance of the labor delegation and there were signs it would run into opposition. Some labor delegates criticized provisions calling for a total of 50 days "cooling off" time before, during and after the fact-finding investigation. In that period, strikes and lockouts would be barred.

Charged With Murder

CHILDRESS, Nov. 26 (AP) — Wade Bradford, 32, of Childress, today was charged with murder in the fatal stabbing of Marvin C. Waldrip, 41, at a residence six miles northwest of here yesterday. Charges were filed by County Attorney Leonard King.

Rankin Only Letterman Among 33 Candidates Taking Cage Drills

Thirty-three candidates reported to Coach John Malaise as the second week of basketball drills got underway at the high school field house Monday afternoon.

Of the army of prospects that suited out, only one letterman put in his appearance. He is Horace Rankin, a speedy operator who could not practice last week because of his football commitments.

Another numeral wearer, Hugh Cochran, watched from the sidelines. Hurt in a football game in Abilene some weeks ago, little Hughie will not be ready to function until after the Christmas holidays, Malaise said.

The team has its share of height but tallest youngsters on the squad are J. Y. Blount and Jim Thomas, both six feet three inches. Blount is a senior but has had no previous experience on the hardwoods. Thomas has two years of eligibility remaining.

Other rangy hopefuls are Wayne Underwood, who wanders six feet, two inches into the stratosphere, and Jim Bill Little, who betters six feet by an inch.

Four of the lads checking in with Malaise will not be eligible for varsity competition until after mid-term exams. They are Billy Bob Whittington, Gil Barnett, Gerald Burrus and Cecil Gilstrap.

D. D. Douglass, who won a monogram last season, was out of town. He isn't expected to report until next week.

Those answering the call for workouts included Jackie Barron, Fred Phillips, Bobo Hardy, Ike Robb, Ensor Puckett, Jim Bill Little, Jim Shafer, Neil Fryer, Gordon Madison, Eddie Houser, Harold Jones, T. J. Cain, Clarence Shafer, Pat Lamb, Harold Berry, Don Williams, Reed Collins, B. B. Lees, Donnie Reaves, George Worrell, Murph Thorp, Jack Durham, Elisha Cyper, Bill Black, Henry Adams, Bill Gill, Blount, Little, Rankin, Gilstrap, Burrus, Barnett and Whittington.

Tide, Indiana Trail Cadets And Middies

NEW YORK, Nov. 27 (AP)—Eighty of the sports writers participating in the Associated Press poll to determine the country's ranking college football teams rated the Army machine in first place. Only two critics differed with that decision.

Tom Stephenson of the Ekhar, Ind., Truth, explained his first place vote for Indiana with the statement that "Army and Navy are in a class by themselves, somewhere between the colleges and pros." He listed neither of the service schools among his first ten.

Harold Harris of the Knoxville, Tenn., News Sentinel, continued his campaign to lift Alabama into first place in the poll, a spot Army now has occupied since Notre Dame abdicated in mid-season a year ago.

Harris penciled Army into the second place spot and the Cadets thus wound up with 809 points, gaining 10 points for each of their first place votes and nine for their lone second.

Navy, whom the Army hopes to make its eighteenth consecutive victim Saturday in Philadelphia's municipal stadium, grabbed second in today's tabulation with 664 points.

Alabama is third and is followed by Indiana, the Big Ten's new champion; Notre Dame; Oklahoma A & M; Michigan; Pennsylvania; St. Mary's of California, who meet the Oklahoma Aggies in the Sugar Bowl Jan. 1; and Texas, leader for the Southwest Conference race.

Holy Cross, the East's representative in the Orange Bowl, is thirteenth, the second ten being headed by Duke with Ohio State in twelfth place.

The Buckeyes' 7 to 3 setback by Michigan Saturday dropped the Ohioans from seventh place to the also-rans. That made room for Pennsylvania, a former member of the elite group which slipped badly a week ago after allowing to Army, 61 to 0. The Quakers came back Saturday with a 59 to 6 victory over Cornell for the Ivy League title.

Hogan Wins Title At Montgomery

MONTGOMERY, Ala., Nov. 27 (AP)—For the fourth time in as many months, Ben Hogan of Hershey, Pa., carried off first money when he won the \$10,000 Montgomery invitational golf tournament.

Hogan carded a four-under-par 68 in yesterday's playoff to edge out Harold (Jug) McSpaden for the \$2,000 first prize in Victory bonds and bring his golf winnings since leaving the Army last August to \$23,353.

Davis, Blanchard Have Chance To Outscore Trojanowski

NEW YORK, Nov. 27 (AP)—By Saturday night the University of Connecticut's Walter Trojanowski will know whether or not his 132 points will give him the nation's individual football scoring championship.

Only Army's Glen Davis and Doc Blanchard, who are tied for second with 96 points, have the slightest chance of catching up with the 23-year-old former soldier. Connecticut has completed its campaign and Army will finish out its schedule against Navy Saturday.

Kiwanis Meeting
FORT WORTH, Nov. 27 (AP)—Officers from 135 Kiwanis clubs in Texas and Oklahoma meet here today for the annual mid-winter Texas-Oklahoma district. An attendance of 260 is expected.

LOOKING 'EM OVER

With ANGUS LECESTER
Lt. Bob Coe, member of the Hondo AAF football team that pinned back the ears of the Southwestern university afternoon, 19-7, here last Saturday afternoon, intends returning to the coaching game shortly after he is separated from the service. That, he thinks, will be soon.

Coe was in the coaching game for nine years before the service assumed his option. He's only 31 years of age now. He attended College of the Pacific at Stockton, California, where he rated strong support for the All-Pacific Coast mythical team.

Members of the ABC club, which sponsored the game, are unanimous in the hope that an annual game of such proportions can be arranged here. The crowd was not as big as anticipated but the game made money and the West Side Park fund, which received all profits, benefitted handsomely.

If ABC does make such a bout an annual institution, they'll profit by their apparent mistakes. One of those is to not book the game on Saturday afternoon. Saturday might be a traditional day for college games throughout this land but here it is not so pretty good.

Too, the tilt should be played earlier in the season, preferably some weekend when the high school team is on the road.

Pete Hull, the Coahoma lad who was bent all out of shape in the Bulldog-Water Valley six-man football game last weekend, suffered a dislocated arm and not a fractured limb as was originally feared.

However, the aggressive little wing will not be able to play for John Albers' crew in its bi-district test this week.

This corner is indebted to Glenn Smith of Big Spring and John Tarleton college for his play-by-play report on the SMU-Tarleton football game two weeks ago. Unfortunately, it arrived too late for publication.

Best football back performing in the National professional league at the present time is perhaps George McAfee, who only recently was divorced from the service.

Had George, a member of a famous brother act that starred for North Carolina some years back, been with Chicago all season, the Bruins would probably have won the loop title.

We saw George beat the Brooklyn Tigers practically single-handedly in September, 1941, with an eleventh hour 65-yard run. Glenn Davis may be as good as McAfee but he is no better.

Jack Smith, president of the Big Spring Athletic association, invaded the hunting grounds around Mason over the weekend to bag a deer.

He was accompanied by Luke LeBleu, who apparently went along only for the ride. Luke carried his cannon with him but didn't fire a shot.

Lions To Depend On Good Offense In Tyler Battle

Winners in seven of eight games to date, the Lakeview Lions climb into the "big leagues" in search of stronger competition Thursday night when they tangle with the powerful Tyler Negro high school eleven at Steer stadium. Game time is 8:00.

The Lions have rolled up 286 points in those eight games, which makes for an average of something like 33 points in each outing. Meanwhile, the Lakeview defense has held the foe to 49 points.

Big Spring's claims to a West Texas championship cannot be challenged. Frank Miller's crew have beaten Odessa and Midland twice each and Sweetwater, Lubbock and Abilene in single tries. The locals' only loss was to San Angelo, which fielded a college team against them.

Whether or not the Lions can lay claim to the state prep title will be decided Thursday night. The Tyler clan is the East Texas champion and rated one of the most powerful in the state.

TEXAN OUTPOINTED
OMAHA, Nov. 27 (AP)—Don Lee of Edison, Neb., outpointed Billy Deeg of Corpus Christi, Texas, in a ten-round bout here last night. Lee weighed 148 1-2, Deeg 148.

Watch Rigney 1946 A Season For Unknowns In Baseball?

By HUGH FULLERTON, JR.
NEW YORK, Nov. 26 (AP)—Sure Joe DiMaggio will be back in big league baseball next summer — and Howie Pollet and Johnny Mize — but who wants to bet that the big star by midsummer isn't some kid who was virtually unknown before he went into service? . . . Most of the clubs will be trying out youngsters who were just about ripe for the majors when Uncle Sam tapped them. For two or three years or more they've been maturing and developing and often playing a lot of baseball on Army and Navy teams. . . . Take a look at a few:

Question Marks—
Ever hear of Bill Rigney? He's the kid shortstop who looked so good in the Coast league that the Giants gave Dolph Camilli and other valuable considerations for him even though they knew he was going to be in the Navy a few years. He's out now and they're figuring on him as a regular next season. . . . And how about Don Schmidt or Herb Karpel? They're pitchers who'll get Yankee trials. . . . Schmidt, who belongs to Newark, gets high praise from Joe DiMaggio, who batted against him in Hawaii. Karpel pitched a no-hitter in the Eastern league in 1940 and was with pennant-winning clubs his first four years in the minors. . . . Then there's Eddie Waitkus, who has had a look at a few big league games. The Cubs think he may force them to shift Phil Cavarretta next summer. . . .

Monday Matinee—
The University of Miami has the Ghaul to bid for an Orange Bowl spot vs. Holy Cross. The Ghaul (first name Harry) has scored touchdowns in all but one of Miami's games this fall and won that by kicking the point after a touchdown. . . . When Lee Carey of Tucson, Ariz., high school ran 90, 61 and 51 yards for scores against Phoenix, his mother's explanation of his speed was "deer meat." Lee's dad had shot a buck and provided a venison dinner before the game.

Coahoma Plays Toyah Bisons Here Friday

COAHOMA, Nov. 27—The bi-district six-man football championship, involving titlists of District Nine and Ten, goes on the line in Big Spring's Steer stadium at 7:30 o'clock Friday night.

John Albers' Coahoma Bulldogs, who last week drubbed Water Valley, 25-12, to clinch honors in District Nine, will be pitted against the Toyah Bulldogs of District Ten in the contest.

The Bulldogs are in fairly good shape for the contest, although one of the regular ends, Pete Hull, is out for the season.

Carrier's HELP SPEED LONG DISTANCE

A big help in our job of providing urgently needed long distance circuits is a device called a "carrier."

Resembling somewhat the equipment inside your radio, carriers send or "carry" several long distance calls over one pair of wires at the same time. Some carriers handle 3 calls, some 12, others many more.

By installing carriers as fast as they're available, we're trying to provide as many new circuits as we can, as quickly as we can, to handle today's heavy load of long distance calls. Meanwhile, if any of your calls are delayed, we know you'll understand why.

Few Army-Navy Ducats Available

PHILADELPHIA, Nov. 27. (AP)—Tickets to the Army-Navy game are rarer than Uranium, but a few ducats are available if a person wants to pay as high as \$35 for a \$4.80 seat behind the goalposts, the Philadelphia Record reported today.

Most of the expected 105,000 persons who will jam-pack the giant oval will be members of the Army and Navy Athletic Associations, high government officials, Congressmen, Philadelphia city officials — and their friends.

The Nation Today— Strikers Get Help, But No Pay, From Union, None From Employer

By JAMES MARLOW WASHINGTON, Nov. 27. (AP)— Striking auto workers get help—but no pay—from their union.

How can they afford to strike against the General Motors? How do they live?

Officials of the United Auto Workers (UAW), parent organization of about 100 local unions, give this answer:

Neither the parent nor the locals are able to give strikers any weekly pay.

The strikers have to live off their savings, try to extend their credit, and perhaps seek help from their friends.

The locals set up soup kitchens for strikers and their families, providing them with three meals a day.

And the union steps in with financial help for needy cases. For instance:

A striker about to be thrown out of his home because he can't pay his rent, or lose his gas, lights or heat because he can't pay, or who needs medical care and can't pay for that.

UAW says it has approximately \$4,000,000 in its so-called war chest. The locals have funds of their own, amount unknown, set aside for strike purposes.

If UAW attempted to give weekly pay, say to 200,000 strikers, the

\$4,000,000 wouldn't last long. It would be used up in one week if each of the 200,000 strikers received \$20 a week.

UAW dues are \$1 a month. Of that money the local keeps 60 cents and turns over 40 cents to the parent UAW.

But can't strikers draw unemployment pay from the states in which they live? There's no single clear cut answer to this. The UAW is striking against General Motors in a number of states.

Under the Social Security Act employers, but generally not employees, have to contribute to an unemployment fund to help workers who have lost jobs.

The money is turned over to the federal government. It's administered by the Social Security board. But each state has a board or commissioner which decides individually who can or can't get unemployment pay.

Argument For Both Sides

Does Bowl Lose Luster With Circuit Tieup?

NEW ORLEANS, Nov. 27. (AP)—There's plenty of ammunition for both sides this season in the perennial argument about whether a New Year's day bowl football game gains or loses from a tieup with one of the college conferences.

The Rose Bowl is committed to play the Western conference champion, and thus will wind up with a two or three-times beaten home team against mighty Alabama.

The Sugar Bowl however, stayed clear of an entanglement with the Southeastern conference, and as a result lost Alabama, the year's top prize.

Cotton Bowl sponsors, allied with the Southwestern conference, have watched the Sugar Bowl grab off Oklahoma A. and M. and St. Mary's—ranking eligibles outside of Alabama—while three

Texas teams have been fighting it out for the championship and the right to be host at Dallas Jan. 1.

The question of a conference alignment is almost acute now at Miami, where the Orange Bowl is under pressure to match the non-affiliated University of Miami against Holy Cross, already selected as the invader.

The Orange Bowl always has stuck with the Southeastern conference without any official treaty, and some spectacular games have resulted.

Money still talks in landing the teams with no commitments.

Alabama didn't waste much time choosing the Rose Bowl offer, with a purse of about \$100,000, over the Sugar Bowl, which pays each team about \$70,000.

Border Loop Looks To Vets' Return

EL PASO, Nov. 27. (AP)—Nine schools of the Border Interscholastic Athletic Conference are ready for the pre-war brand of athletic competition.

Faculty representatives of the schools yesterday re-established conference championships in football and basketball and set eligibility rulings.

The football championship will be renewed with the 1946 season.

For the coming basketball season the conference will be divided into three divisions; East—Texas Tech, Hardin Simmons and West Texas State Teachers; Central—Texas College of Mines, New Mexico University and New Mexico A. and M.; West—University of Arizona, Arizona State College at Flagstaff and Arizona State College at Tempe.

Track will be revived in the Spring.

The main eligibility change was the approved ruling that veterans who enrolled in a school after the first three weeks of a term may participate in all intercollegiate sports during the balance of that term. This ruling was approved for the 1945-46 term only.

Holy Cross Signs For Orange Bowl

MIAMI, Fla., Nov. 26. (AP)— With Holy Cross signed on the dotted line for a New Year's day Orange Bowl date, Miami and up-staters to begin beating the team in earnest today for the University of Miami as the other contender in the 1946 football classic here.

George E. Whitten, president of the Orange Bowl committee, announced that Holy Cross had accepted an Orange Bowl bid yesterday a few hours after the purple powerhouse from Worcester, Mass., trampled Boston College, 46 to 0.

"I told them between halves they were going to a bowl and to go out and look like a bowl team," said Coach John (Ox) Daggross of Holy Cross when informed of the announcement. "Well, they scored 26 points in the last half."

Sun Bowl Opponent For NMU Sought

EL PASO, Nov. 27. (AP)—The straws pointed today to Denver University as New Mexico's opponent in the Sun Bowl here January 1.

I. W. (Bus) Gillet, chairman of the selection committee, reported the committee was preparing to announce its selection today and that the field had narrowed to Denver University and Wake Forest.

At Wake Forest, N. C. Coach D. C. Walker said there was "little likelihood" of the Deacons' accepting because of financial considerations.

EL PASO, Nov. 26. (AP)— The Sun Bowl selection committee today names an opponent for New Mexico in its third appearance in the January 1 football classic here.

Before the committee convened, New Mexico coaches — Ted Shipkey and Willis Barnes — reported that the decision lay between Denver University, Wake Forest, Southern Methodist and the University of Virginia.

Save Virginia which has not been heard from, they said, all of the teams have expressed interest in a bid.

New Mexico received and accepted an invitation to be host team in the Sun Bowl Saturday after snatching a 6-6 tie with a fighting finish against Texas Tech.

Johnson, The Boy Bandit, Now "Venerable Vandal"

NEW YORK, Nov. 27. (AP)—The Iron Hat — better known outside the fight mob as James Joy Johnson — will be 70 years old tomorrow, and as his only concession to age, he no longer wants to be referred to as the boy bandit.

"From now on, if you don't mind, just make it the venerable vandal," requested the little guy who has practically the entire history of modern boxing stuffed into that derby. He's been in the fight business in one way or another now for 55 years, but he insists he didn't help the Marquis of Queensbury write the book.

Manager of six fighters who held nine world championships, James Joy still moves around pretty good, as they say on Bash Boulevard.

LONDON, Nov. 27—The war is over (or is it?) but the people of England are finding fresh reason to recall the historic warning by Winston Churchill...

Yesterday Mrs. Mac and I told you that the people of England are mighty tired and more than a bit discouraged because there is no sign of any relief in the way of better food or other necessities.

And now the government has decided to devote most of its manufactures to foreign markets. In short, it is calling on a very weary population for a lot more sacrifice and sweat.

One thing that has impressed Mrs. Mac especially is the large number of pinched faces one sees, and I had noted that too.

For example, the food ration allows each person only 24 cents a week for meat, although there are three ounces of bacon besides.

As for clothing, you can whistle for it. Everything is out of style and shiny. Runs in stockings are the order of the day.

Not Much Done In Texas Prisons To Rehabilitate First Offenders

By MARY L. KENNEDY AUSTIN, Nov. 27 (AP)—More than 90 per cent of the men sent to prison eventually return to society. This makes it essential to do something for them in prison to make their return permanent.

"If we did more in our prisons to educate and improve a man, I would favor leaving him there longer," says Halle. "But under our present set-up, he is made worse, not better the longer he stays in the penitentiary."

In a modern prison the cornerstone on which parole is built is the classification bureau. Its task includes: Segregation of prisoners as to first offenders who may be rehabilitated, from persistent incorrigibles; weeding out of homosexuals and drug addicts; studying the aptitude of each prisoner and channeling him into work which will help him earn an honest living after leaving prison.

Washington Merry-Go-Round—

Medicos Battle Politicos Over Health

By DREW PEARSON WASHINGTON—Just a few minutes before word came of the paralyzing General Motors strike in Detroit, President Truman was asked at his news conference whether he was hopeful about the labor-management conference which he had called in order to bring a new era of industrial peace.

On the way out of his office, newsmen thought they found the answer to Truman's puzzling cheerfulness. Hanging on the wall was a newly framed parchment making Truman a life member of the "Optimists International."

There are politics in almost everything these days—even health. And behind the president's important, progressive message to congress on national health appear to be some back-stage politics.

The Hill-Burton bill now before the senate was eased out of committee, some senators suspect, in order to get in ahead of the Truman health program.

Most essential part of the Hill-Burton bill is that it siphons off \$375,000,000 from the federal treasury and puts it largely under control of the so-called "hospital crowd," namely the American Hospital association, the Protestant Hospital association, the Catholic Hospital association, with their ally the American Medical association.

Interesting fact was that the Hill-Burton bill lay quietly in the senate committee on education and labor until Sept. 6, when President Truman announced that later he was going to send a special message to congress recommending a national health program.

Until then, the authors of the bill, Senator Lister Hill of Alabama and Senator Harold Burton of Ohio (now supreme court justice) had done little or nothing to push it.

Lister Hill Wakes Up But suddenly, after Truman's Sept. 6 announcement, the medical lobby got busy. Putting the heat under democratic Senator Hill, they arranged for him to cooperate with arch-republican Senator Taft of Ohio, and jacked the bill out of committee over the protests of committee chairman Jim Murray of Montana.

Senator Murray, who always favored a national health program, was put in an embarrassing spot.

He favored several portions of the Hill-Burton bill, among them a survey of the country to see where hospitals are needed, and the general idea of a federal subsidy of \$75,000,000 a year to states, communities and non-profit corporations to build hospitals where they are needed.

But here is the chief joker in the bill. This federal money is to be allocated not by the federal government which raises it, but by an outside council on which the American Medical association lobby and the so-called "American hospital crowd" would appoint a majority of the members.

In other words, the federal government, after putting up the money, would have the privilege of sitting by and watching private institutions dole it out without any authority over how the money was used.

This is the same scandalous proposal which has raised such a furore in two other recent cases: (1) the atomic bomb bill, which places control of the bomb's secrets in a committee of \$1-a-year businessmen not answerable to the federal government; and (2) the federal aid bill for scientific research.

It is also the same principle at stake in the U. S. Employment Service, whereby the U. S. government puts up the money and the 48 states have the privilege of spending it—with all the lush political patronage that goes along. Building up a local political machine at the expense of the federal government is the fashion these days in congress.

Interesting thing to watch will be whether the senate now rushes the private hospital bill through, or waits to consider Truman's comprehensive health program for the benefit of the entire country.

Senator Overton's Office Help Senator John Overton of Louisiana is a mighty liberal man when it comes to paying his staff, especially when they happen to be relatives. For some years both his daughters, Katherine and Ruth, were on the congressional payroll.

Mrs. Kearns' son has just returned from two years overseas with the Marines, where he was in many major battles including Iwo Jima. However, when it came time for Mrs. Kearns to go back to Louisiana to visit the boy she had worried so much about, the senator limited her to exactly one week, though the railroad trip alone takes four days.

Franco's Ambassador There is one ambassador in Washington whom both diplomats and high officials are watching more carefully than all the rest. They are especially interested in his health and his tenure of office.

He is genial, roly-poly Brazilian ambassador Carlos Martins. Reason for the interest in Martins is not his pink shirts or his lovely wife—though both are spectacular—but because, if he resigns, the fascist envoy of Dictator Franco is likely to become dean of the diplomatic corps.

At present Ambassador Martins is dean of the diplomats. He has served in Washington longer than any other ambassador, therefore precedes all others at dinners, and has the right to be their spokesman. Popular despite his pink shirts and passion for bridge, Martins has been a real friend of the United States. Many people would regret his departure.

But aside from personal popularity, they would regret even more having Spanish Ambassador Juan Cardenas become dean of diplomats and cock of the walk in the diplomatic corps.

At present Venezuelan Ambassador Diogenes Escalante is in line to become dean, but has been seriously ill; in addition to which a new Venezuelan president has just come into power. So it is doubtful if Escalante can remain active in Washington.

That is why, with the exit of Brazilian President Vargas, State Department officials are hoping that the new head of Brazil will keep Ambassador Martins in Washington. (Copyright, 1945, by the Bell Syndicate, Inc.)

Late President Early Interested In Atomic Bomb

WASHINGTON, Nov. 27 (AP) — The late President Roosevelt became interested in the possibility of an atomic bomb as early as the autumn of 1939, a witness declared today in the first open hearing of the senate atomic energy committee.

The witness, Alexander Sachs of New York, said he carried the news of the latest scientific developments to the president.

After the conversation at the White House Oct. 11, 1939, Sachs said Mr. Roosevelt called in his secretary, General Edwin M. (Pa) Watson and told him: "This needs action."

Sachs said he long had been interested, as a layman, in theoretical physics and was a friend of numerous scientists, including Dr. Albert Einstein. Acting as their spokesman, he arranged to apprise the president of the latest developments in uranium experiments.

He said he informed the chief executive "that I was convinced there was sub-atomic energy all around us and that it was our job to develop it, and see that it was not all used to blow our neighbors up."

He then quoted the president as having said: "Alex, what you're after is to see that the Nazis don't blow us up."

Sachs said the potentialities of the atomic bomb were "very much in the mind of the president" and that he left him with a copy of a letter written by Einstein on the subject Aug. 2, 1939.

Einstein's letter described the new phenomenon which had resulted from recent experiments, and said he suspected uranium could be turned into a new source of energy in the near future. The refugee scientist recommended that American experimental work in the field be speeded up.

Committee Rejects Bill Consideration

WASHINGTON, Nov. 27 (AP) — The House expenditures committee today rejected a proposal to resume consideration of the administration's so-called "full employment" bill.

Instead, the committee voted 17 to 3 to continue study of a substitute version setting as a federal goal "a high level of employment." The substitute was drafted by an expenditures sub-committee.

Chairman Manasco (D-Ala) said the committee would meet again tomorrow, but that he doubted whether an agreement would be reached on the legislation until "late this week."

The original administration measure, by Rep. Patman (D-Texas), would have enunciated a government policy of supplementing free Enterprise, if necessary, to assure jobs for all able-bodied Americans who wanted them. The substitute version says the federal policy shall be to create "maximum opportunities for employment" and to maintain "a high level of employment, x x x production, and purchasing power."

President Truman has criticized the expenditures group for what he termed "damaging delay" in handling of the legislation.

County Unit Attends Farm Bureau Meeting

A Howard county representation headed by Durward Lewter, county agent, has gone to Waco for today's opening session of the Texas Farm Bureau Federation's annual meeting.

Others in the local party are Frank Lovelace, C. H. DeVaney and B. O. Brown, all of Coahoma; and R. E. Martin, route 1, Big Spring.

Speakers at the session were to be Edward A. O'Neal, president of the American Farm Bureau Federation, and J. Walter Hammond, state president.

The group will return Thursday.

Mexia Textile Mills In Operation Again

MEXIA, Nov. 27 (AP) — The Mexia textile mills hummed again for the second day in six weeks as practically all of the 200 workers ended their walkout and returned to their jobs. A few stragglers, not returning to work yesterday, reported for duty today, officials announced.

Local union representatives made no statements concerning negotiations during the past week which led to the decision to return to work. The walkout failed to force the management to bargain collectively with the employees. The walkout was called because of the management's alleged non-compliance with a War Labor Board order to sign contracts with the workers.

Backing Russia In Another War, Wheeler Asserts

WASHINGTON, Nov. 27 (AP) — Senator Wheeler (D-Mont) told the Senate today this nation was backing both Russia and England in a mad rush into another world war that might end civilization.

"The only aggressors today are our beloved and noble peace-loving Allies," the veteran Western Senator said in a prepared 27-page speech opposing participation in the present United Nations organization.

Making an admittedly "gloomy" review of recent world events, the veteran Western Senator sharply criticized the results of the war to date, the international policies of the United States leaders, and the United Nations organization.

"I will not believe that Russia wants war," the Senator said. "We must quit appeasing Russia and let her know once and for all we did not fight this war to let her enslave the people of Europe. She agreed to our high principles in her hour of distress. She must abide by them now."

Wheeler, leader in the prewar isolationist group in this country, suggested that the United States "have the courage to call a real peace conference and let us do it with or without Russia's participation."

Such a conference, Wheeler continued, should consider:

1. Universal abolition of conscription.
2. Progressive multilateral disarmament.
3. International control of the atomic bomb "patterned after the Truman-Attlee-King formula."

Republicans Hurling Pork-Barrel Charge At Democrat Drive

By WILLIAM F. ARBOGAST

WASHINGTON, Nov. 27 (AP) — Republican contentions of "pork barrel" today greeted a democrat-backed drive in the house to add \$128,475,000 in river and harbor-flood control funds to a \$1,131,452,312 appropriation bill.

"It's worse than pork barrel," said Rep. John Taber of New York, ranking republican member of the house appropriation committee which yesterday approved the deficiency supply bill without the river and harbor money.

Taber directed his remarks at a move launched by some democratic committeemen to restore to the measure the \$128,475,000 knocked out by a close committee vote.

A showdown is unlikely before tomorrow or Thursday because today's house meeting has been set aside for a general discussion of the bill and its scores of separate items.

"On some of these river and harbor and flood control projects," Taber told a reporter, "even the sponsors and the army engineers can't agree. They are millions of dollars apart on the potential value of the projects."

The real "take-home"

If wages go up and output does not—living costs rise. Then a man may be no better off than he was in the first place.

As a matter of fact, he may be worse off. Because that's the start of the inflation spiral with its mounting cyclone of confusion. And once the spiral starts, prices usually keep two jumps ahead of wages.

It doesn't help to have \$2 to spend instead of \$1, if eggs go to \$1, then \$1.50, then \$2 a dozen—and butter and bread and shoes and shirts double, then triple, in price.

That's the trouble with the theory that you can increase buying power simply by raising wages.

The most important thing isn't what a man makes in wages per week—

The most important thing is how much he can buy with the wages he makes.

The "take-home" that really counts isn't what you take home in pay, but what you can take home from the store!
