## Border Town Days plans move ahead

The Border Town Days Committee held its monthly meeting Monday at BJ's Diner in Texico. Things are moving along for this year's event -- but participation is still needed in several areas. Here's a wrap-up of the various events so far:

**Concessions:** Cynthia Thigpen is taking reservations for concessions at the Day in the Park. She can be contacted at Farwell City Hall, 481-3620. Signed up so far have been:

\* Pleasant Hill 4-H -- hamburgers, chips, pickles, homemade pie, tea, lemonade and Dr Pepper.

\* TCAO -- ice.

\* Beta Sigma Phi -- Coke, diet Coke, Dr Pepper, sno cones.

\* Texico 4-H -- hot dogs, Pepsi, ice cream, diet Pepsi, orange.

\* United Pentecostal Church of Texico youth group -- burritos, Coke, diet Coke and barbacoa.

**Parade:** Leigh Ann Woods, who works at Kirkland & Kirkland, CPA, is in charge of the parade. She can be contacted at 481-3321. The parade theme is "Wide World of Sports." Cash prizes are given the top four floats.

**Volleyball Tournament:** The 6th annual volleyball tourney will feature 6-man teams. The teams can be coed. The tourney will start at 3 p.m. cdt. It will use the Rally format, where a point is scored each time the ball is served. There will be no time limits because games go quicker. The cost is \$40 per team. To sign up, call Richard Carpenter at (806) 225-4055 or Ryan Williams.

**Entertainment:** Singers and musicians are needed to perform at the Day in the Park activities. If you would like to participate, call Mike Pomper at the State Line Tribune, 481-3681.

**Bicycle Contest:** Linda Moss and Joy Stanton head this event. Signups will begin in mid-July at Texico City Hall. The theme will be "Wide World of Sports." Cash prizes will be given winners. All participants will receive free train rides on the Border Town Express. And the grand champion will receive a special prize, to be announced later.

**Arts & Crafts:** Lynne Mahaney, the Farwell postmaster, is in charge of this event. Folks wishing to sign up for a booth are asked to call her at 481-3601 or write her at P.O. Box 471, Farwell, TX 79325.

**Queen's Contest:** Laurie Vandiver and Susan Williams are in charge of this event. Details are listed in an adjacent story.

**Charlie Phillips Concert:** As a fund-raiser for the Farwell Convalescent Center, Charlie Phillips of "Sugartime" fame and his band will provide dance music on Friday, July 24, at the Clovis Holiday Inn. For more information, contact Frances Kube at the Beauty Box, 481-3441.

**Giveaways:** It's the Texico Volunteer Fire Department's turn this year. They are offering three prizes: 1st place, a 7-day cruise for two to Alaska worth \$7,500. It will include air fare from Albuquerque to the starting destination. The second place winner receives a trip to Las Vegas, worth \$750. The third place prize is 150 New Mexico scratch-off tickets and 150 Texas scratch-off tickets.

Tickets can be purchased for \$10 each or 3 for \$25 from any member of the Texico Fire Department. Tickets also are available at Citizens Bank in Texico, Hughes True Value, Farwell Hardware, Tri County Tire, Texico City Hall or anywhere there is a sign posted.

**Buttons:** Richard Laverty is handling the buttons. Five hundred will be numbered on the back. They are sold for \$2 apiece as the chief fund-raiser to cover LTD expenses. A number will be picked at the conclusion of LTD activities and if the person is present, he will win \$50 cash. Buttons will be placed in boxes at several local businesses in July.

**Merchants Giveaway:** Folks can sign up at participating merchants for dozens of free prizes to be given away at LTD. You must be present to win and must be at least 12 years old to enter. Dave Sallee, Marina Meeks and Willie Dannheim handle this event. They will be contacting businesses who wish to participate later this month.

## Roberts turns back Robbins' challenge

New Mexico's primary election was held Tuesday and Earlene Roberts won her battle over Gary Robbins to represent Texico in the state House of Representatives District 66 by an 898-776 vote.

In Texico, Mrs. Roberts beat Robbins, 36-16. In Curry County, Mrs. Roberts won, 46-17.

Thus, Mrs. Roberts won the GOP nomination and is unopposed in the fall.

Other Republican results for Curry County were:

Bill Redmond won the nomination for U.S. Representative for District 3. He had one opponent, Padraig Malachy Lynch. Redmond won 1912 to 0. In Texico, Redmond won, 51-0.

Gary E. Johnson won the GOP nomination for re-election as governor with 1914 county votes and 49 Texico votes. Johnson had no opponent.

William Brower won the GOP nomination for County Assessor. Brower had one opponent, Eddy Hiner. County results were: Brower, 1179; Hiner, 728. Texico results were: Brower, 23; Hiner, 20.

Roger Hatcher won the GOP nomination for County Sheriff. Hatcher had three opponents, Mike Gear, Randy Johnson, and John Mares.

County results were: Hatcher, 1086; Gear, 479; Johnson, 400; and Mares, 148.

Texico results were: Hatcher, 25; Gear, 11; Johnson, 6; and Mares, 5.

In the Democrat primary, Tom Udall won the nomination for U.S. Representative of District 3. Udall had seven opponents,

## Moisture lack hurts area's wheat crop

Wheat is not going to have a good year in our area, according to Farmer County Extension Agent Cody Hill.

People had expectations for wheat at the beginning of the planting season. But the dryness has hurt the crop.

It looked like they were going to get at least 50 bushels per acre. Now Hill says dry land farmers are going to be lucky to get 20 bushels per acre.

After all the precipitation last winter dry land farmers had high hopes. But now their wheat crops are being cut in half because of the lack of rain and the high temperatures that we have been having since the 1st of May.

Hill says it is the driest it has been in the past few years.

He said the farmers who are irrigating are doing fine though. They are just having to water more than normal.

### It's time to sign up for the LTD queen's contest

Would you like the opportunity to earn a scholarship for college between \$350 and \$500?

That's what is being offered to Farwell and Texico high school girls who are invited to participate in the annual Border Town Days queen's contest.

Girls interested in being part of the fun and excitement at LTD this year are asked to come to a barbeque on Monday, June 8, at 6 p.m. cdt at Joey Fly's home, 700 Third St., Farwell.

If a girl cannot make that appointment, she may drop off the entry form alongside this story at the State Line Tribune by June 8.

If you have any questions, or to sign up early, contact LTD queen's contest co-chairwomen Laurie Vandiver, 389-1289, or Susan Williams, 481-9100.

#### Miss Border Town Days Queen Contestants' Rules

1. Entries are open to any girl residing in Texico or Farwell school districts and attending Texico or Farwell High School next year. Those who are attending Texico or Farwell High School but live outside the school districts shall be starting their third consecutive school year at one of these schools.

2. She cannot be over age 18

3. Entrant must be of good health and of good moral character.

4. There will be a scholarship awarded to the queen upon completion of high school and enrollment to further her education or training.

A. She will be given a certificate at the park when she is crowned Queen during Border Town Days activities.

B. The scholarship account will be set up as Border Town Day's Queen with her name and the names of the President and Secretary of Border Town Days.

C. The scholarship must be used within 3 years of completion of high school.

D. The Queen must attend a college, university, trade or vocational school.

E. The scholarship check will be made payable to school or choice of the Queen.

F. The Queen will forfeit the scholarship if she does not maintain a C average through high school, further her education after completion of high school or complete her term as Queen.

G. Interest built up in this account will be used for future scholarships.

5. There will be an automatic forfeit if the Queen does not complete high school, transfers to another school, marries or becomes pregnant during her year as Queen.

6. If substitute serves as Queen, then she cannot be contestant that year, but will be eligible for the next year.

8. Each year the Bordertown Days Queen Committee has the right to set guidelines for judging, activities and prizes.

### Being part of the gala can be fun!

A little bit of this and a little bit of that today, folks:

As you can see from the stories elsewhere on this page, Border Town Days is in full swing.

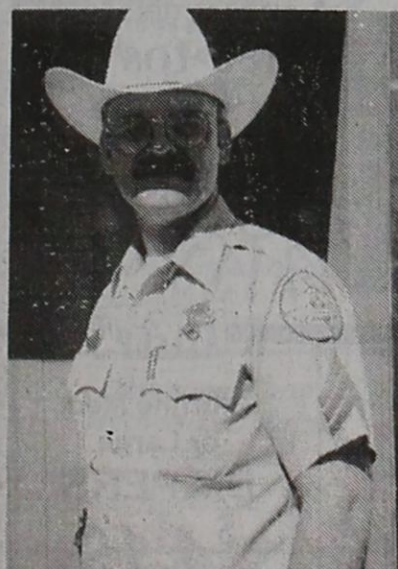

Please be a part of it. Join in the festivities, the fun.

Isn't it just great that our little Twin Cities have such a super event each year, one that is admired by others near and far?

So often we bemoan the lack of family activities in our present society. But LTD is one day where we can all stand together, young and old, and have a fun time.

Please mark your calendar now for our annual fun time. And if you can participate in

### Blair promoted

Farmer County Sheriff's Deputy Gary Blair, of Farwell, has been promoted to the rank of sergeant. He will be the field supervisor and ID technician for the department. Blair has been a member of the department for three years. He also is shown in the new uniform that all sheriff's department deputies are now wearing.

# HOT

By Greg Qualls

It is **HOT** and there is no question about that. Temperatures have been soaring into the hundreds and there is no sign of them going down very much.

I called the Cannon Air Force Base Weather Station on Tuesday to find out the current temperatures. They told me they had the information, but they couldn't give it to me until I had the appropriate clearance from the public affairs office.

Now I don't understand the link between the temperature and how it can affect our national security. But I'm only a ci-

She died May 28 at High Plains Nursing Center. She was born Nov. 4, 1913, in Vian, Okla. She married Maurice Clark on Aug. 16, 1931, in Clovis. They lived most of their married life in the Pleasant Hill community, moving to Clovis in 1987.

She was a member of First United Methodist Church, having been active in Circle and teaching in years past.

Surviving are her husband; a son, Donald, of Pleasant Hill; 4 grandchildren; 10 great-grandchildren and 2 great-great-grandchildren.

She was preceded in death by a son, Paul, in 1989.

Pallbearers were Weldon Embry, Steve Cunningham, Brandon Embry, Dawson Embry, Calloway Clark and Ronnie Clark.

Memorial contributions may be made to the First United Methodist Church.

**Lester Sears**

Graveside services for Lester C. Sears, 73, of Farwell, were Tuesday at Sunset Terrace Memorial Gardens with the Rev. Richard Laverty officiating.

He died May 29 at Lubbock Methodist Hospital. He was born March 15, 1925, in St.

Joseph, Mo., to Arthur and Stella Sears.

He married Dovie Wright on Dec. 2, 1946, in Muleshoe. He resided in Farwell for 25 years.

He was in the construction business.

Surviving are his wife; a daughter, Carla; 2 sisters, Lorraine Hall and Jody Fulgham.

He was preceded in death by a daughter, Nancy.

Memorial contributions may be made to a charity of choice.

**Orris Eshleman**

Services for Orris Eshleman, 90, of Pleasant Hill, were Monday at Steed-Todd Chapel with the Rev. Jesse Shaver officiating. Burial was in Lawn Haven Memorial Gardens.

He died May 28 at Clovis hospital. He was born July 30, 1907, in Grier, N.M. He married Hazel Lee Bingham on Oct. 10, 1927, in Texico.

He lived and farmed in the Pleasant Hill and Texico communities his entire life.

Surviving are his wife; 2 sons, Jay, of Texico, and Jack, of Clovis; a daughter, Wanda Kelley, of Pleasant Hill; 9 grandchildren and 10 great-grandchildren.

Pallbearers were Steve Hamilton, Clint Tharp, Doug Bowman, Roger Thorn, Gerald Whitener and Ted Richardson.

Memorial contributions may be made to Baptist Children's Home or Farwell Convalescent Center.

**Heat**

vilian in high school so this probably way over my head.

So here is the confidential information. Spread it around as much as possible but don't let the Commies know.

May 26 - 86 degrees, May 27 - 94 degrees, May 28 - 95 degrees, May 29 - 99 degrees, May 30 - 99 degrees, May 31 - 95 degrees, June 1 - 104 degrees, June 2 - 105 degrees.

When I'm driving around in my car it's kind of hard to beat the heat. All I have is a "2-55 air conditioner" (2 windows down and going 55 miles per hour). I do manage though. I just don't drive unless I have to.

Now there are many other ways to beat this heat. One quick way that we all now about is to go swimming. Farwell Country Club's pool has been open since May 23 to all members. Guests can only go swimming once.

Texico's pool will open in a week to 10 days. Some repairs are needed so the Environmental Department can say it's all right to open it.

Travis Hall of Texico has another way to stay cool. "I just buy a 44 ounce drink and chill out in an air conditioned spot," he says. Carla Johnson of Farwell says, "I'm staying indoors, getting me a tall glass of lemonade, and turning the air conditioning on high."

According to Dr. Nancy Chasteen of the St. Mary's Family Healthcare Center in Farwell, Travis and Carla are correct in what they are doing. Dr. Chasteen says people need to get plenty of fluids like water, juice, and tea. She said sports drinks are all right but they contain a lot of sodium.

Dr. Chasteen also said people need to stay in during the hot part of the day. If you have to do some work, do it in the morning or evening. If you don't have an air conditioner, she said not to exert yourself if at all possible.

Some symptoms that you have been out in the heat for too long are:

1. You stop perspiring.
2. You have a head ache.
3. You begin to get light headed.

If you have these symptoms you should seek some shade and rest. Get plenty of fluid and get yourself wet to bring your

body temperature down. If your symptoms are serious enough, you need to go to the hospital.

The Animal Medical Hospital in Clovis gave some suggestions on how to keep your animals cool. Make sure your animal has plenty of cool water, plenty of shade, and feed them twice a day.

Speaking of animals, don't leave them in parked cars during this heat. It gets hot enough in there to kill them in less than hour even with the windows cracked. This goes for small children, also. So, please, if you have to leave them in the car just leave them at home.

And what about feed yard cattle? Bob Tabb, manager of the Farwell Feed Yard, said they aren't doing much to cope with the heat. They're just moving the cattle in the morning instead of during the day.

How unusual it this heat for this time of year? SPS's Tommy Bonner says electrical usage is 38 to 40 percent higher than normal than the same time last year.

**Election**

(Continued from Page 1)

Eric Serna, Roman Maes, Tony Scarborough, Patricia Lundstrom, Carol Cloer, Eric Treisman, and Francesca Lobato.

County results were: Udall, 1461; Serna, 26; Maes, 74; Scarborough, 149; Lundstrom, 331; Cloer, 295; Eric Treisman, 27; Lobato, 31.

Texico results were: Udall, 46; Serna, 26; Maes, 1; Scarborough, 6; Lundstrom, 8; Cloer, 12; Treisman, 1; Lobato, 3.

Gary King won the nomination for governor. King had six opponents, Martin Chavez, Jerry Apodaca, Ben Chavez, Reese Fullerton, Robert Vigil, and Frances Salas.

County results were: King, 1514; M. Chavez, 890; Apodaca, 199; B. Chavez, 61; Fullerton, 208; Vigil, 162; Salas, 0.

Texico results were: King, 64; M. Chavez, 13; Apodaca, 7; B. Chavez, 2; Fullerton, 6; Vigil, 15; Salas, 0.

Margie Crooks, of Texico, won the nomination for re-election as county assessor with 2626 county votes and 102 Texico votes. She was unopposed.

Charles Vannatta of Texico, won the nomination for County Sheriff. Vannatta had three opponents, Alvin Dubose, Raymond Miller, and Chet Spear.

County results were: Vannatta, 1146; Dubose, 459; Miller, 824; Spear, 617.

Texico results were: Vannatta, 67; Dubose, 7; Miller, 18; Spear, 20.

some way, such as with a booth at the arts and crafts fair, or a food stand at the Day in the Park, or with a float in the parade, please join in. I guarantee you will enjoy!

And a special note -- we really enjoy having our local talented singers and musicians perform at BTJ. If you would like to help entertain, please holler at me!

This note is very difficult for us to report -- again.

Back in April, we reported that it appeared the case involving the missing hundreds of thousands of dollars from the now-defunct Parmer County Teachers Credit Union was about to be finished up by the U.S. attorney general's office.

The word was that a final announcement would be made in early May.

Now, the "authorities" say it will be late June when the case will either be wrapped up or go to grand jury.

I'd rather not publicly comment on the lack of speed in this case for fear of saying the wrong thing.

I realize that only a few folks really care about what their local governments do, as long as it doesn't involve them.

And there isn't much of a drier subject than city zoning.

But, in my opinion, the Texico city council needs to vote to eliminate its zoning ordinance.

I'm not going to go into detail on how zoning has been a major catastrophe for Texico over the years. It's obvious to one and all.

Do I sound too drastic? Based on what I have observed the past 14 years -- and I have attended more Texico city council meetings than anyone else during this time -- I think it's a fair assessment.

If you have an ordinance, you should enforce it. If you don't want to -- or can't (witness last year's court verdict that spanked Texico on a zoning controversy) enforce it, then why pretend to have it?

Does anyone disagree with the fact that water is the most important thing for folks in our area?

I don't recall now when the Ute Lake Water Project, which would bring water down to our area, was first brought up.

Ten years? Twelve years?

And what has been done during that time? Does anyone know?

If you want to talk about a lack of political leadership in our Eastern New Mexico area, I think the lack of progress on this most important project would be an excellent indication.

Please tell me I'm wrong.

A note from Judy Pomper:

If you went to the Farwell cemetery for Memorial Day, you probably noticed that the grass was trimmed very neatly by city workers.

Many, many graves had flowers on them, and it was obvious that someone had worked hard to make the cemetery attractive.

From Judy Pomper:

Recently, I read a book where the author wrote about neighbors and former teachers of serial killers who said the same thing, "He was such a nice boy. I can't believe he'd do something like that."

The author said that when psychologists investigated further, they found meaning-

## Sabbath or Lord's Day?

The Lord's Day is Sunday. It is the first day of the week. Saturday is the seventh day. God worked in creation for six days; he rested on the seventh and hallowed that day (Gen. 2:1-3). At Sinai, God made known the holy sabbath (Exod. 20:8; Neh. 9:13,14). The sabbath was institutionalized and incorporated into Moses' law, which law was abolished at the cross (Eph. 2:15; Col. 2:14; 2 Cor. 3:13). Sabbath keeping was incumbent on Jews only. It was part of God's covenant with Israel (Deut. 5:1f). Christians observe the Lord's Day, the first day of the week.

On the first day of the week Christ was resurrected (Mark 16:9). On this day, Christ became the firstborn from the dead (Rev. 1:5). On this day, the stone became the head of the corner; that is, Christ became the chief cornerstone (Acts 4:11). "This is the day which the Lord hath made: we will rejoice and be glad in it" (Psa. 118:22,24).

The church was established on the Lord's Day. On the first Pentecost following Christ's resurrection, God sent the Holy Spirit. Literally, God breathed upon the apostles and the church became a living body. Peter refers to this day as "the beginning" (Acts 11:15). Pentecost always fell on Sunday. Pentecost means "fiftieth." Fifty days elapsed between Passover and Pentecost. "And ye shall count unto you from the morrow after the sabbath (Sunday)...seven sabbaths shall ye complete" (Lev. 23:15f).

Three thousand souls were added to the church on the first Lord's day. A vast multitude heard the gospel. This was the first time the gospel had been preached in fact. Prior to this the gospel had been proclaimed in promise, in prophecy, in preparation, etc. The facts in the gospel are the death, burial and resurrection of Christ. These could not have been presented as factual until after they had taken place (1 Cor. 15:1-4). What resulted on Pentecost? "They then that received his word were baptized..." (Acts 2:41).

The early disciples met for worship on the Lord's Day (Acts 20:7).

John was in the Spirit on the Lord's Day (Rev. 1:10). This is the day honored and observed by true Christians (1 Cor. 16:2).

We invite you to visit the church of Christ that meets at Fifth & Ave C in Farwell. For information call 481-3833 or 481-9153. Welcome.

### Banquet -- with a twist!

Lazbuddie's annual FFA spring banquet had a twist this year.

Instead of being held at the school cafeteria, it was hosted by Gail and Marca Morris at their home.

The banquet featured basketball, volleyball, swimming and a hamburger cookout.

### Letter To The Editor

Dear Mike,

I recently attended the 49th reunion of the 94th Infantry Division that I fought with in World War II, and it was wonderful to see all the old buddies again. Even after all these years, there is still an almost unexplainable bond among those of us who fought together. It isn't just friendship that binds us together. I think it goes back to knowing that when things were really tough, we stuck it out and lived through it.

It is knowing that we have been to hell and back together. I have attended many other kinds of reunions, but never do I feel the bond of brotherhood that I feel when I am around my combat buddies. Even though we have all changed a lot physically in the last 53 years, it seems like just yesterday that we were fighting together, and deep within all of us is the same sense of brotherhood that we had during those horrible days of war.

As we visited, the memories began to come back, memories of things that we have tried to forget because remembering is painful. We all tried not to let on how deeply we cared about each other, but when the memorial service was over and Taps had been played, there were lumps in our throats and tears in our eyes as we remembered those that we fought beside who didn't make it back.

On the way home, I told my wife, "Gee, it was good to see them again." And it was. Old Willy may have put on 40 pounds but he sure could fire that M-1 rifle. John moves slower and is in bad health, but he was quite a sergeant in those days. Yes, the memories flooded my mind as I headed for home, and because we are all getting older, I can't help but wonder who might be missing next time.

No one knows the feeling except those of us who were there. Fighting in the war was hell and we have many terrible memories of death and destruction, but the bond between those of us who shared that hell is not like any other friendship. The friendship of combat buddies is something that the passing years doesn't affect. It is a friendship that lasts forever.

Jack Patterson

ful patterns existed all along. My reactions were strong. First of all, there had not been many serial killers when I was a child. Secondly, I know all too well why teachers would not say much about the students they had taught because I taught for 13 years.

When I was a student in the 1950's and 1960's, report cards were printed with spaces for teachers to fill in with meaningful comments. The same remarks went into the student's permanent record file.

We saw notes about such important character traits as "Judy didn't turn in her science notebook on time" or "Bobby fell asleep in class" or "Bruce was giggling at the photos in the National Geographics!"

For most students, the comments didn't amount to a hill of beans. But for a few, the remarks might be very telling.

In the late 1960s when I was teaching, staffers were told that the comments were very important -- they branded students unfairly. We were told that if we looked up the written records on our students, we might treat them like thugs because they didn't get along with a former teacher.

We were told to make our own judgments, treat each child fairly, and not discuss students or their conduct with other teachers. The courts, we were told, seal juvenile records because even the best of kids act up from time to time.

Principals told their staffers not to write negative remarks but try to find something positive about each student. Accent the positive, eliminate the negative -- that was the only way to go.

Now imagine that a psychologist looked at a student record that said, "In 1959, Jerry hit Tommy on the arm." "In 1960, Jerry hit Fred on the face." "In 1961, Jerry killed the gerbil in the class science room." "In 1962, Jerry broke Charlie's ribs with a baseball bat."

The psychologist would have no trouble seeing a clear pattern. The student had exhibited several types of violent behavior, which got more violent as time went on.

By the 1970s, many report cards were printed without spaces for teacher comments,

(Continued from Page 3)

and the permanent record cards were locked in the school office. Teachers might check out a record if they signed for it and waited for a secretary to find it.

We were told that these changes were made because of the number of court cases involving student records. When comments were removed from student records, the psychologist or the police investigator would have to find the old teachers and ask for comments about the students. They had to hope the staff members had good memories.

There was one other reason why some schools stopped showing comments on report cards and student records -- school officials computerized record keeping. Some of the first attempts were horrendous.

Teachers were given a list of character traits or comments. They could pick a few which would be printed on the report cards.

At one school, the first time the computer was used, the math teacher selected a comment like, "Student didn't bring textbook and materials to class." Instead, the computer produced a report card which read, "Didn't shower after gym class." It was embarrassing for all involved.

I don't know why neighbors all chose to say nice things about serial killers, but I sure know why teachers did.

Ed Corn, of Farwell, has started a new company that features a state of the art, computer controlled applicator rig.

It has the capability of multiple application rates on the go. In other words, when you find a problem spot, the rates or chemicals and/or water can be increased for the specific area.

The company is called E.C. Ag. He can be called at 481-9520 (home) or (505) 799-9535 (mobile and voice mail).

**Vacation Bible Schools start**

It's summer again and that means that it's time for Vacation Bible School, too. Here are the dates and themes for the local churches:

First Baptist Church of Farwell's is June 1- 5 from 6 to 9 in the evening. Their theme this year is "Star Quest -- a Galactic Good News Adventure."

Hamlin Memorial United Methodist Church's is June 22 and 23 from 9 a.m. to noon. Their theme is "Celebration Park."

St. John Lutheran Church's is July 6- 10 from 9 a.m. to noon. Their theme is "The lighthouse adventure. Jesus lights the way."

First Baptist Church of Texico's is July 27- 31 from 8:30 to 11:30 a.m. Their theme this year is "Space Mission Bible Camp."

**Lions sponsor garage sale**

The Texico-Farwell Lions Club is sponsoring a rummage/garage sale on June 6 from 8 a.m. to 2 p.m. at the old Lindop automotive building at Fourth Street and Avenue A in Farwell.

Lions clubs around the world focus their work on eyesight preservation. The Texico-Farwell chapter uses its funds to buy eye glasses for area folks in need, supports the New Mexico Lions Eye Bank where treatment is free of charge to those who need it, and supports local community projects.

Club members ask your support in this fund-raiser. The club will happily receive any donated items for their sale, and will pick up the items from your home or business.

Even if you are not a regular garage sale "go-er", club members invite you to stop by on June 6 and look around.

And if you don't have any items you wish to donate for this sale, the club is offering a "do it yourself" kit for \$7.50 that includes pricing stickers, a get-organized list, a sign for your yard on the sale of the sale, and group advertising (posters, newspaper ads, fliers, etc.).

The more sales we can get organized for June 6 will mean a bigger draw of customers, said Lion Donna Ratke, in charge of the sale.

If you have any questions, contact Mrs. Ratke at 481-9100 or Hal Helton, at Helton Oil 481-3222.

**Courthouse Notes**

The following warranty deeds were issued in the Parmer County Clerk's office last week:

F T Mortgage Co. - Federal National Mort., Lot 19, Blk. 1, Ridgeview Add, Friona.  
Trene Valadez - Luis Senchez, N 1/2 Lot 1, Blk. 7, Bovina.

**Marshal's Report**

Motorists driving without seatbelts on have been targeted by the Texico marshal's office.

On May 28, from 1:30 p.m. to midnight, all three Texico officers were checking on this violation -- and 75 citations were issued, reported marshal Kelley Brophy.

Pleasant Hill Baptist Church's VBS is June 8-12 from 6:30 to 8:30 p.m. Their theme is "Hooked on Jesus." Classes are planned for pre-school children through high school youth. In addition to the Bible study, there will be recreation, refreshments, music and drama. For more information or a free ride, call the church at 389-5334.

**Sorority members attend Founder's Day**

Alpha Rho Lambda chapter of Beta Sigma Phi met in the home of Leigh Ann Woods on May 26. Members traveled to Golden Corral for dinner and returned to Leigh Ann's.

There were 15 members present and five absent. They had a short discussion about the summer cookout, set for July 16. Cynthia Thigpen will relay more information at a later date. A gift exchange was held.

Founders Day was held on April 30 at The Landing at Cannon Air Force Base. It was attended by Kristen Kasel, Kim Gates, Brenda Logan, Anne Norton, Nedda Travis, Rhonda Kirkland, Debbie Phillips, Tori Meeks, Michele Kirkland, Joyce Ketcherside, Peggy Goettsch, Lynne Mahaney, Colleen Stover, and Cynthia Thigpen.

The group presented Kendell Burch with a scrapbook. Kristen Kasel won Girl of the Year. Lynne Mahaney received a pin for Perfect Attendance. Stephanie Cullison won Program of the Year by a Member. Charla Meeks and Rhonda Kirkland won Program of the Year by an Outside Speaker.

**Attention, Producer!**

Did you ever wish someone could spray those problem spots while he was already out there?

Do you ever compromise by putting more chemical than you really need on most of the field for those few really bad spots?

This might be an answer to a problem. E.C. Ag has a start of the art applicator rig with the capability of multiple application rates on the go.

We can also spot spray problem areas on the go. By using computer controlled direct injection of chemicals into the spray stream, problems with excess tank mixes are avoided.

The best thing about it is that it isn't a bit more expensive than conventional application -- and you can save yourself a buck or two on chemicals!

## Area cotton producers on a roller coaster

From Plains Cotton Growers: Life is normally a series of ups and downs. However, West Texas cotton producers are on a roller coaster ride this year with far more downs than ups.

Low rain fall, high temperatures, low prices, high input costs, low yield prospects, high boll weevil pressure are all making for a nerve-wracking 1998 growing season.

With one of the driest April/May periods on record for the High Plains of Texas, irrigated and dryland cotton farmers alike are struggling to get a crop started. Above average temperatures and drying winds are taking a toll on available moisture.

Cotton prices have remained depressed since the turn of the year with little hope, at this time, for an upturn in the market for the 1998 crop. Dollar costs of land preparation, fertilization, seed, weed, and insect control, cultivation and general crop care are continually climbing.

Overall weather and insect conditions have most growers concerned about their land's ability to produce the pounds of lint per cotton acre it will take to break even on their operational costs.

From the looks of things around the Texas High Plains it appears that the majority of the 1.5 million acres of dryland cotton normally planted in the area will go in the ground without the benefit of adequate planting moisture.

Plains Cotton Growers notes that this opens the door to possibly record abandonment in the area unless significant amounts of rainfall are received in short order.

Growers now must decide whether to go ahead and dry plant or wait for the 1.5 to 2 inches of rainfall necessary to adequately wet the upper 10-12 inches of the soil profile.

For growers with Federal Crop Insurance the difference between dry planting and exercising the 45 percent prevented planting provision in their insurance policies is not a hard one to make.

Cotton is still suffering from tremendous inequity in prevented planting coverage compared to most other crops. PCG and other national and state organizations have been working to correct these inequities but the battle is far from over.

If a grower were to exercise the prevented planting provisions FCIC has in place for cotton they would only receive 45 percent of the coverage they paid for in their insurance policy. Compared to the 60 percent prevented planting provision for most gain crops, the inequity for cotton is easy to spot.

In addition, cotton producers making a prevented planting claim are bound by the FCIC's "black dirt policy" and are prevented from planting a follow-up crop for the remainder of the crop year.

If cotton producers exercise the prevented planting option they are essentially locked out of any opportunity to take advantage of later rains and produce a secondary crop that might allow them to salvage an otherwise unprofitable growing season.

# Dog bites a problem in Texico

by Greg Qualls

There has been five reported dog bites since the beginning of the year in Texico.

This might not sound like a lot, but Texico Fire Chief Lewis Cooper says this is pretty serious. According to him, in the past 30 years there has been only two reported dog bites that he knows of.

Now there has been five

dog bites to children between the age of four and 15 in the past five months.

None of the bites have required hospitalization yet, but that doesn't mean that it couldn't happen.

If a dog does bite you, you need to identify the dog so it can later be picked up by Texico Animal Control director Darrell Hampton. Then call 911 so the injury can be

taken care of.

Hampton can be contacted through the Texico City Hall. Once he picks up a dog, it can be held for 10 days for observation.

Please help protect children from dog bite injuries. Keep your pet fenced or leashed. Check the gates to make sure they are locked. Never leave your dog alone with strangers or small children.

Dogs bite when their territory is invaded or when the dog feels threatened. Be careful bending over dogs

while they are lying quietly.

Be extremely careful immediately after approaching their territory, teasing or waking them, or playing with them until they become overexcited.

Statistics show that 44,000 facial injuries occur each year from dog bites. Most of these occur to children five and under. Half are bitten by their own dog and 90 percent are bitten at home. So please help your children to understand that not all dogs want to play.

# Massage Therapy Clinic

Sharon Hildebrand

Sharon Hildebrand opened the Massage Therapy Clinic at 1200 Ave. A in Farwell in November 1994. The phone number is 481-3673.

As a massage therapist, Mrs. Hildebrand offers several types of massage: myofascial therapy, craniosacral therapy, reflexology, soft tissue release, and Swedish massage, used to acquaint the body with the hands-on healing techniques.

Massage is used to relieve pain of the neck, shoulders, upper and lower back, jerky legs, aching feet, nighttime muscle cramps and T.M.J.

Mrs. Hildebrand, a native of Illinois, came to our area in 1970, and to Clovis in 1982. She works by appointment. Walk-ins are welcome, and many of her patients are referred to her by physicians.

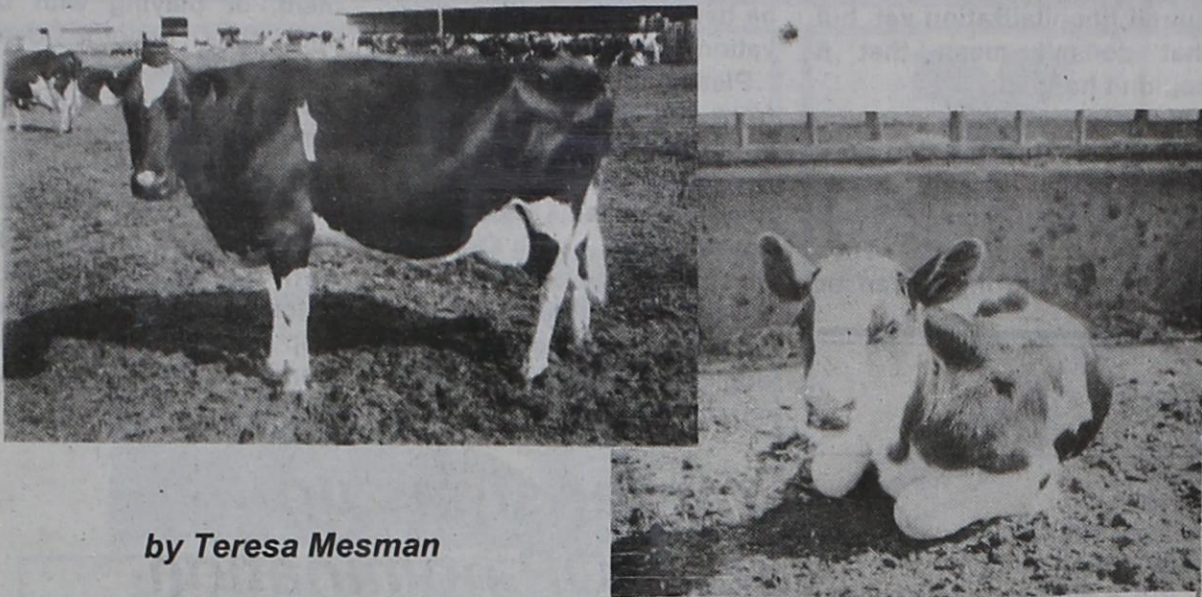

The clinic is open Monday through Friday from 9 a.m. until night time.

Mrs. Hildebrand continually stays up on her education, and will be going to a special school in Utah later this year dealing with craniosacral therapy. She is a massage therapist with credentials in the state of Texas.

# Saluting the DAIRY INDUSTRY

JUNE IS DAIRY MONTH

by Teresa Mesman

June celebrates National Dairy Month and it is fitting that an entire month be tagged to commemorate the many facets of this thriving and growing agri-business.

In the days of yesteryear, people would hardly call milking cows a "big business." Milking the cow (or cows) twice a day was often times the most begrudgingly done chore on the family farm. Milking cows often evokes vivid memories of cold mornings, spilled milk buckets and sore hands and knees from when "Bessie" would kick.

Milk cows were a necessity and rarely looked at as a prime source of income. They provided milk to drink and cook with and cream to churn for butter.

Through the years, however, milking cows has taken on quite a dramatic change. Automation and high technology have replaced the milk stool and bucket. Herringbone milk parlors equipped with automatic milking machines have since become the standard. Sixteen to twenty cows milked at a time have become the minimum numbers, while 32 or 48 cows at a time have become the standard. The milking barns of today are gleaming examples of concrete, stainless steel and hydraulic engineering.

Marketing milk and other dairy products has also become a science of sorts. Milk cooperatives aggressively seek processing opportunities and selling points to distribute dairy products. Milk, cheese and ice cream have become three of the most competitively marketed products in the food business. Each product has had to find its own niche in the particular markets they are sold in. Milk is no longer just "milk." It must compete as a drink, a staple in the food pyramid and as a wholesome, healthy product that is multi-marketed as whole, low-fat and skim milk. Cheese enters into these arenas as well.

And what about the people who choose to earn their living by dairy farming? Some may call them crazy for choosing the long, arduous hours that are required to operate a dairy, but most dairy farmers have willingly and earnestly chosen the profession.

The majority of American Dairy Farms are owned and operated by families that have generations of experience in the field. The dairy farms in this area are a prime example of this fact. However, there are some farms that are operated as privately and publicly owned corporations.

This region has seen a growth "boom" in the last six years that is in a word: "phenomenal." It has gone from a handful of medium-sized dairies located in the area, to a virtual dairy capitol. The largest influx of new dairies has been from California dairymen leaving the tight confines of a growing and somewhat overpopulated state to an area of vast land and opportunity to grow.

And grow they have. The standard size of most of the new dairy facilities being built in the area is of the size to milk 1200 to 2400 cows; not to mention including the space to pen and house calves and heifers. The small family farm has become a major industry in itself.

The dairy industry has had to go with the flow of change in recent years. The government has put many restrictions and requests on dairies in the areas of waste management, usage of medications and antibiotics, importing and exporting policies and participation in the commodity programs.

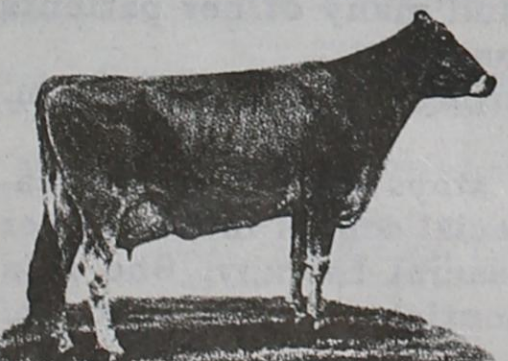

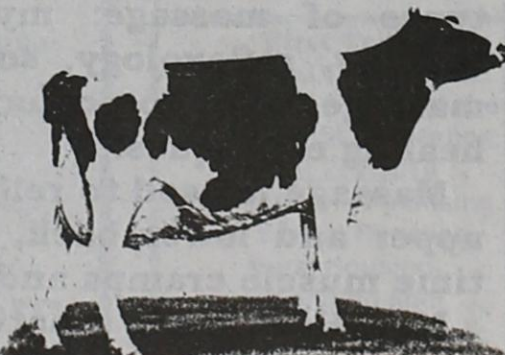

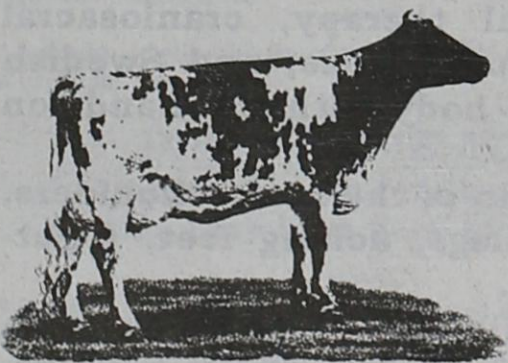

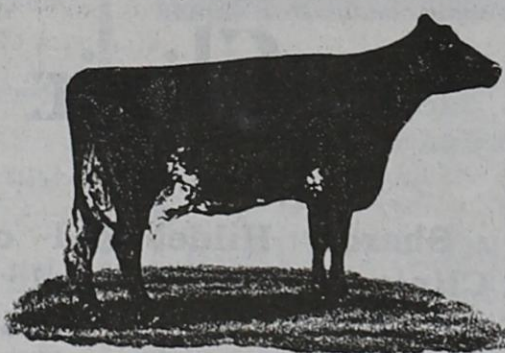

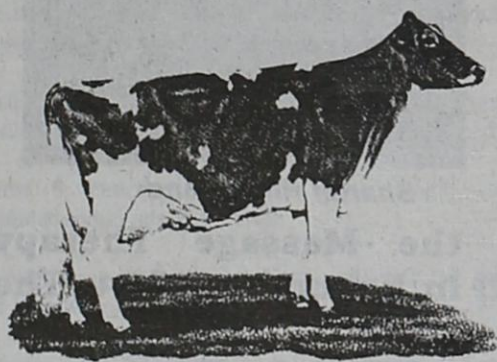

The industry was at one time more competitive among the milk cooperatives than it is at the present. The cooperatives have had to band and work together in order to have fair and profitable marketing of dairy products and government cooperation. The formation of the National Milk Producers Federation has been a huge step in the advancement of milk regulating and marketing. Individual coop's have also stepped up their efforts to deal with the federal and state governments on an individual basis.

Many area businesses have been given new opportunities and growth due to the dairy industry. Sales of feed products, heavy-duty trucks and feed wagons, and much more have been at an all time high. The area dairymen have found solid, friendly foundations in the area businesses that support the dairy industry.

The area dairies work hard at their industry and are proud of their accomplishments. A typical day for many is up at sunrise and down at "some time after everything is done" - that's if no calves have to be pulled or milk pumps go out! The rewards are not just financial in this industry.

It is a fitting time to salute this industry and the hard-working people that keep it going. In a day and age of getting something for nothing, it is refreshing to commend such a fine group of farmers and businesses for proving that hard work and determination can pay off and be rewarding to all those involved.
