The Farwell Chamber of Commerce deserves a big pat on the back for the successful banquet last Friday evening. Those who attended were treated to one of the most enjoyable talks ever to be presented here. The committee who planned the evening is to be commended on keeping the usual Chamber activities to a bare minimum and letting the main speaker entertain the crowd. We have been to functions like this where local introductions, local entertainment and endless trivialities have exhausted the crowd long before the guest speaker gets a chance to say a word.

The message was an adroit mixture of humor and a repeat of the truths we all know but do not take time to practice. All of us know how to be better than we actually are, but we enjoy someone to point out our shortcomings as long as he does it in a humorous and impersonal way.

Have you ever wondered why you may earn more but are able to buy less? Have you ever wondered why everything you buy goes up while your pocketbook goes down? I am sure that you have, and you probably assigned the reason as "inflation." Have you thought about inflation and its causes, or has the idea just scared you off as too big and too involved?

It is not a simple thing to consider and we cannot in this space offer a treatise on economic factors, but we can call two items to your attention that, in themselves, are contributing factors of why you are coming out on the short end of the economic loaf.

One cause of inflation is when there is an excess of money in circulation and people use it to bid up the price of scarce goods and services. Or to put it another way, when people get paid more for what they do without a corresponding increase in what they produce. Which leads me to say, the chiefs of the United Auto Workers Union are fixing to knock our pocketbooks with a healthy bite and produce nothing more in return.

Let me review a few of their proposed demands to be presented at the next bargaining meeting some time in July: A "guaranteed" annual income.

A 35-hour work week.

A bonus from any of the company's "excess" profits.

A holiday in any month in which there is not now a recognized holiday.

A bonus of at least 50% on top of regular pay when one is on vacation.

And, the gearing of pensions to the cost of living.

Friends out in the West, we are going to get it, but good, from our unionized brethren in the east. This is a prime example of one of the many instances of additional compensation without corresponding additional productivity.

Another move to increase the amount of money in circulation was made recently by the Federal Reserve Board when it reduced the cash on hand requirements on time deposits held by national banks. This means that a national bank needs only to have on hand in cash, \$30 for each \$1,000 in savings accounts. Again, more money but nothing constructive to compensate for it.

These items plus many more in our Great Society's bag of tricks is the reason you are working harder and enjoying it less.

Have you noticed the faint tinge of green beginning to show on our trees? Well, have hopes, last year after everything was budded and in blossom, we had a nice wet snow on the 5th of April. Anything, just anything, for some moisture.

NOTICE

Fred Chandler announces that tryouts for the Texico-Farwell Pony League baseball teams will be held at the Lions Club baseball park Friday afternoon (today) at 5:15 p.m. All boys between the ages of 13-15 (inclusive) are invited to COME and TRYOUT for the teams.

You Are Invited --

Athletic Banquet Saturday Night

YOU, and this does mean YOU, are invited to attend the athletic banquet at Farwell High School Saturday night, March 18, and honor the outstanding athletes in the school. Price of admission to the affair is \$1.50 and tickets may be obtained from any member of the Pep Club or Miss Donna Clapp, Pep Club sponsor. Time of banquet is 7:30 p.m. and will be held in the school cafeteria.

Speaker for the banquet will be Fred Taef, offensive line coach at Texas Tech and formerly head coach at McMurry College.

Following the meal, awards will be presented by the coaches and high school principal to the outstanding blocker and tackler; the outstanding football player; outstanding girl and boy basketball players; and baseball and

track award. In addition, awards will go to the football player with the highest scholastic average (principal's award); and the Chamber of Commerce award will be presented to a student who has lettered in at least one sport, has a B average, and does not have a grade below a 70 on his or her transcript.

Recipient of the Chamber award is chosen by a committee for the Chamber of Commerce from names of students submitted by the high school principal. Also, a sportsmanship award will be presented by the Student Council to a boy and girl.

A musical program will be presented by Clyde Powell and his sister Paula, W. M. Roberts, school superintendent, will preside as master of ceremonies.

Indian Crim --

Weather Forecast Set Wednesday

The annual weather forecast by J. W. (Indian) Crim, is set for next Wednesday, March 22, at sunrise. The event will be held at the Crim home in the Lazbuddie community as has been the custom for many years. Friends and neighbors are invited to attend the event.

Each year Crim along with sons and grandsons gather wood for a huge bonfire for many days prior to the annual forecast. At the proper time on the stated day the wood is ignited with Crim reading the weather forecast from the direction the smoke takes as it wafts its way skyward.

According to the weather prophet, "If the smoke from the fire is carried west or southwest there will be a bumper crop; if the wind is from north to northwest and carries the smoke southeast the crop will be average, but 'woe' to the farmers if the wind is from the west, south or southwest for this means a 'very poor' crop year indeed."

With the near drought of the past few months many friends and neighbors of the prophet are waiting anxiously to see

what he will have to say about the coming crop season after reading the smoke signals on Wednesday.

Absentee Voting In Progress

According to Mrs. Janie Bowery, Farwell city clerk, persons wishing to cast an absentee ballot in the forthcoming city election may do so. Final day for casting an absentee vote is March 31, Wednesday was the first day an absentee ballot could be cast, according to Mrs. Bowery.

Painting Demonstration

Mrs. G. T. Watkins announces that Mr. and Mrs. Jurcak of Plainview will be in Farwell on Thursday, March 23, to demonstrate painting of ceramic pottery and figurines. They will be located in the building east of Truitt's Barber Shop (old cafe) all-day from 10 a.m.

Mrs. Watkins, a ceramic artist, invites all area persons to come, select ceramic pieces, and learn how to paint them.

Please - Please --

Help Us Locate This Lost Cat

The following letter addressed to the SPCA (or) the City of Farwell arrived in Farwell last week at the office of the city clerk, Janie Bowery.

22 Webster Ave.
Elm Grove, W. Va, 26003

Dear Sir;

I lost our cat at the park just outside of your town February 27th. I spent the entire day unsuccessfully looking for him and had to move on.

My children are very upset and I must make one more attempt to locate him. I do not hope to get him back because I am unemployed and can not afford the cost involved. I just hope someone has taken him in because he is a very good natured pet.

He is a very large male cat, 12 to 15 pounds, primarily black with white markings. His hair is long and thick, Angora like. Name is Bozzo. Possible you could place an ad in your local paper for me so we could be assured he is OK.

Thank you for whatever you can do.

Yours truly,
John R. Schmid

Although the writer of this letter is unemployed, he was so distressed by the grief of his children over losing their pet in a strange area that he sent a small sum of money to try to assist in locating the animal. If you have seen or heard of such an animal in the vicinity, would you please contact Mrs. Bowery at the city offices or call anyone at the State Line Tribune office -- or let the family know that their pet is in good hands.

Mrs. Bowery and the staff at the Tribune office are hoping that the animal has been found and can be returned to the owners. Won't you help us locate a child's pet?

TIMOTHY WAYNE SMITH

Accident Claims Life Of Timothy Wayne Smith

A tragic accident on Highway 60, in front of the home of Mr. and Mrs. Albert Smith, on Sunday evening at approximately 7:15 p.m., claimed the life of their small grandson, Timothy Wayne, son of Mr. and Mrs. Arlin Lee (Tex) Smith of Texico.

The accident occurred when the two and one-half year old child, who was staying with his grandparents while his father was at National Guard Training and his mother at work, wandered away from the house and onto the highway.

Edward J. Wandasiewicz a serviceman stationed at Tucson, Ariz., and driver of the 1963 vehicle which struck the child, did not see the child in the twilight until too late to avoid the accident. No charges were filed, according to Sheriff Charlie Lovelace who said, "The accident was unavoidable."

Survivors in addition to the parents, Mr. and Mrs. Arlin Lee Smith; are a six month old brother, Justin Albert; grandparents, Mr. and Mrs. Albert Smith, Farwell, and Mr. and Mrs. W. A. Riggs, Belen; also great-grandparents, Mrs. Dora Smith, Farwell, Mrs. M. L. Riggs and Mrs. W. F. Stubblefield.

Funeral services were held from Hamlin Memorial Methodist Church on Tuesday, with Rev. Hardin Atkins, assisted by Paul Wilkinson, Church of Christ minister, officiating. Burial was in Lawn Haven Cemetery at Clovis directed by Steed-Todd Funeral Home.

Serving as pallbearers were Manford Turnbough, George Hanson, Jerry Reid and Terry Summers.

PTA Sets March Meeting

Texico PTA will meet in regular session Tuesday, March 21, 8 p.m. The meeting will be held in the old gym. Students from the speech class of Mrs. Ramey will present a program of short skits.

During the business session, officers will be elected for the coming year. Present officers include Mrs. Howard Leavell, president; Mrs. Sterling Lockmiller, secretary-treasurer; and Mrs. Howard Whitener, vice-president. All other business will be of a routine nature, says Mrs. Leavell.

A good attendance is encouraged.

Ex-Student Meeting Set

Mrs. Mabel Reynolds of Farwell announces that an all-day Fellowship meeting of West Texas State College ex-students of the years 1911-1917 will be held in the home of Mr. and Mrs. C. W. Dixon 509 West 10th Street in Friona, on Saturday, April 8, beginning at 10 a.m.

Any ex-student who plans to attend should notify one of the following committee members: Mrs. C. W. Dixon, Friona; Mrs. Mabel Dean Reynolds, Farwell; or Luther R. Ham, Rte 3, Muleshoe.

Ernest Hillock Services Held

Funeral services are being held today (Thursday) for Ernest Lee Hillock, 60, who passed away suddenly around noon Tuesday. Although Mr. Hillock had been in ill health for a number of years, his death comes as a shock to family and friends since he had been doing "fairly well" in recent weeks. At time of his death he had gone to a local drive-in for the noon meal.

Rev. Hardy Cole, pastor of Oklahoma Lane Methodist Church, officiated at the final rites assisted by Rev. J. L. Bass, pastor of Farwell First Baptist Church. Burial was in Oklahoma Lane Cemetery directed by Steed-Todd Funeral Home.

Mr. Hillock was a member of the Oklahoma Lane Methodist Church and the Farwell Volunteer Fire Department. He had been quite active in projects for the Farwell Youth Commission. A retired farmer, he had lived in this area since 1925. Following his move into Farwell from the Oklahoma Lane Community some years ago he had driven a gasoline transport truck and served as night watchman at Gifford-Hill Western until ill health forced his retirement.

Members of the Farwell Volunteer Fire Department served as pallbearers and honorary pallbearers.

Survivors include one sister, Mrs. Dorothy Eason; three brothers, Myron Hillock, Farwell, Otto Hillock, Clovis, and Lewis Hillock, Metairie Falls, Wash.; an aunt, Mrs. F. E. Knowles, Enid, Okla.; and 11 nieces and nephews.

For Water District Officials --

Importing Water Topic Of Meeting

"Water can be imported to the Texas High Plains," Tom McFarland of Lubbock, manager of the High Plains Underground Water Conservation District told members of the Farmer County board, their wives, and representatives of Farmer County newspapers Thursday night at a dinner meeting at Bovina Restaurant.

McFarland said that it's possible the people of the Plains will be asked in the next six to eight months if they want water imported here. It will be necessary to vote a tax on the entire area to bring the water here, he said.

McFarland handed his audience an information sheet which listed the following pre-conditions:

1. The Engineering can be done.
2. The price will be feasible.
3. The crops will be needed.

PAT PATRICK, Farwell Chamber of Commerce president, Gil Patchke, who introduced the banquet speaker, and Rev. Hardin Atkins III, master of ceremonies, visit with Dr. Charles W. Jarvis, banquet speaker, and his daughter, Pamela, following the Chamber banquet on Friday evening.

Chamber Banquet Well Attended

"The most dynamic speaker heard locally in years," is the consensus of opinion of the 253 persons who attended the Farwell Chamber of Commerce banquet on Friday night and heard Dr. Charles W. Jarvis, San Marcos dentist and noted after-dinner speaker and humorist.

Dr. Jarvis stated that the American today is seeking a complicated happiness when the real happiness is his for the taking. He gave this prescription for happiness: 1. Enjoy this moment for it's the only one you've got; 2. Enjoy your health and quit looking for that knocking; 3. Make a smile your trademark. He challenged his listeners to participate in activities locally.

Dinner music was provided by Ed Hardage at the organ. Rev. J. L. Bass gave the invocation and Rev. Hardin Atkins III was master of ceremonies. Gil Patchke of Radio Station

KZOL introduced the speaker, and outgoing and incoming officers and board of directors were introduced by I. W. Quickel, Rev. Herbert F. Peiman pronounced the benediction.

James W. (Pat) Patrick, 1966 president, will again be president of the Chamber in 1967. Other officers for 1967 include Gil Patchke, vice-president; Jim Wiman, vice-president;

I. W. Quickel, secretary; and R. W. Anderson, treasurer. Serving on the 1967 Board of Directors are Walter Kaltwasser, Buck Gregory, Joe Jones, John Getz, Billy Watts, and Hurshel Harding.

Hurshel Harding is a retiring vice-president and outgoing board members include Jerry Bradshaw, Joe Blair and Woodrow Lovelace.

Set By MYF --

Sunrise Easter Service

A sunrise Easter service will be held at the draw on the W. J. Matthews farm, six miles south of town on the Stateline Road, beginning 30 minutes before sunrise Easter Sunday morning, March 26.

The service is being sponsored for all junior high, high school and college students, by the Methodist Youth Fellowship.

The program will consist of scriptures, songs, and a devotional. Following the service, the group will return to the fellowship hall of Hamlin Memorial Methodist Church for a light breakfast of rolls and juice.

Mrs. M. A. Snider, Jr. and Mrs. Glenn Phillips are sponsors of the MYF group.

Boys from the MYF have been busy this week erecting crosses on the side of the draw. The crosses are symbolic of the three crosses on Calvary on the first Easter.

Young people of all faiths are invited to attend the devotional and take part in the fellowship hour.

Schools Set Easter Vacations

Both of the local schools have announced dates for the annual Easter vacation. Students in the Farwell school will be dismissed from classes on Wednesday, March 22, and will not return to classes until the following Wednesday, March 29, according to Supt. W. M. Roberts.

In Texico the students will not have quite as long a holiday. They will be dismissed from classes on Wednesday afternoon, March 22, and return to classes the following Tuesday, March 28, according to Supt. A. D. McDonald.

Church Sets Pre-Easter Revival

A pre-Easter revival is scheduled at the First Baptist Church in Farwell, announces Rev. J. L. Bass, church pastor. The revival will be held beginning Sunday, March 19, and continue through Easter Sunday, March 26.

Services will be held each morning at 10 a.m. and again each evening at 8 p.m., preceded by a prayer service at 7:30 p.m. A nursery will be provided for the convenience of parents at each service.

Evangelist for the services is Rev. Alton Green of Albuquerque, who has held a previous revival in the local church. Music director for the services will be Milburn Moore, also of Albuquerque.

WATER TALK -- Ross Goodwin, left, of Muleshoe, a member of the board of directors of High Plains Underground Water Conservation District explains to Henry Ivy, a member of the Farmer County board, how water can be imported to the Texas High Plains following a meeting Thursday night in Bovina. Goodwin represents Farmer, Bailey and Castro Counties on the district board.

Entered as second class matter at Farwell, Texas, 79325, under the act of March 3rd, 1879, Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$4.00 per year; elsewhere, \$5.00 per year Payable in advance.

No Reason In Politics, It's Powell Or Else --

Latest word is that James Meredith, who was opposing Adam Clayton Powell for the latter's vacated seat in the House, has withdrawn from the race. This election was necessitated when the House of Representatives decided that they had seen enough of Powell's antics and barred him from taking his seat. Powell has vowed to regain his seat, which was denied him, as he put it, simply because of his color. When Powell is re-elected, a new crisis will be precipitated and whether the House will then seat him is a matter of conjecture.

Meredith's entry into the race was an unknown factor, the reason for which was not clear. Perhaps Meredith, a member of the Martin Luther King school of underprivileged civil rights, felt that by opposing Powell, he could have won at least a moral victory for the so-called "moderate" wing of the civil rights movement, thereby enhancing their position in the eyes of the general public. Whether or not a "moderate" victory is desirable is another question.

The appearance of good ole Stokely Carmichael in the picture puts the crowning touch on the whole affair. Stokely as you will remember is the head of the Student Nonviolent Coordinating Committee, a "peaceable" organization dedicated to the "peaceful" complete and utter destruction of the American way of life, or at least the white man's way of life. It was Stokely who first popularized the term, "Black Power." Stokely has injected the Black Power issue into the election by proclaiming that he will do everything within his power to help Powell get re-elected. In reality, Powell needs Stokely Carmichael's help about as much as a rattlesnake needs the assistance of a scorpion, but Powell, trying to be as obnoxious as possible, certainly will not refuse Stokely's offer.

Powell's campaign has already taken on all the familiar aspects of the Black Power movement. Carmichael started the ball rolling by charging that "pure, unadulterated racism" was the reason for Powell's exclusion from Congress, and said that "Never before has there been such an unholy alliance by white liberals and white racists as that which caused Mr. Powell's exclusion. They wanted to get themselves a nigger."

The fact that Powell was guilty of gross misuse of public funds, living like a king at the expense of the American public, was conveniently overlooked, as usual. Not only did Powell use public funds for his own personal comfort, but he added insult to injury by flaunting it in the faces of Congress. What did he expect -- three slaps on the back of the hand?

One can only interpret the charge of "pure, unadulterated racism" as meaning that public misconduct on the part of colored people should be forgiven, only white men should be punished. Powell doesn't like being discriminated against because of his color, but he doesn't mind falling back on it as an excuse for living high on the hog with taxpayers' money.

As usual, where there's smoke, there's fire, and Powell's campaign is no exception. Floyd McKissick, head of the Congress of Racial Equality (CORE), another militant civil rights organization, flew to Bimini island (Powell has a little shack there) to throw his support behind Powell. Since birds of a feather flock together, it is not surprising that Powell has announced that other supporters will arrive on Bimini next week, amongst which will be such solid civil rights as Julian Bond, Negro member of the Georgia House of Representatives, and Dick Gregory, Chicago comedian turned Black Power advocate. For something to pass the time, they will probably sit around and stick pins in white voodoo dolls.

Personal anonimities aside, I am glad that it was the population of Harlem, and not the population of this part of the country, prior to Meredith's withdrawal, that might have had to make the choice between Powell and Meredith. I would sooner have to choose between Ivan the Terrible and Attila the Hun for the presidency of the YMCA, than choose between these two for a seat in the United States Congress.

Letters To The Editor

Dear Editor,
Please change our address to Box 34, Sandpoint, Idaho 83864. We enjoy getting the paper and keeping up with all the people we remember there.

Mr. and Mrs. L.R. Vincent (my sister) sent us the paper-it is a gift one can enjoy all year long.

We have retired and moved here and are going into a floating pontoon grocery store boat on the Pend Oville River.

So if anyone is up this way on vacation, be sure to stop in and see us.

I remain --
Sincerely,
Mrs. Bill Anderson
(Fran)

NEW CASE 1660 COMBINE
Big 52-Inch Cylinder Capacity
Biggest In The Field!

Here's the giant of the grain fields! 52-inch feeding and threshing to handle heaviest yields -- fast! Big 52-inch cylinder with four solid cast heads and massive rub bars! 50 square feet of separating area ... 32 square feet of cleaning area!

And the new Case 1660's big harvest capacity is more than 52-inches-wide threshing-separating.

It's the 100 hp V-8 engine with plenty of reserve for tough going ...

It's the 100-bushel grain bin with fast discharge auger that means less time unloading, more time combining ...

It's convenient on-the-go controls that let you make feeding and threshing adjustments without stopping ...

It's Case built-in quality and strength that keeps drives and cutting parts aligned, keeps you combining when the crop is ready ...

All these add up to big harvest capacity measured in extra acres and bushels harvested at day's end. Get the big Case 1660 story from ...

UIL Solo And Ensemble Contests --

Band Members Receive 25 First Division Ratings

Fifty-six members of the Farwell High School concert band were in Lubbock Saturday to participate in the solo and ensemble UIL contest. Several of the students participated in the two events for a total of 73 entries.

Charles Turner, band director, stated "The kids have been working hard getting ready for the contest, making appearances at the Study Club and presenting an all-school concert." This is the greatest number of students to participate in the contest in recent years and they all received higher ratings than in the past several years. Some two-thirds of the band received first (superior) and second (excellent) place ratings with most of the additional members receiving third (good) place ratings.

Students receiving first place ratings in the solo group were: alto saxophone, Travis Everett; base clarinet, James Hobbs; base horn, Donald Jones; base clarinet, Meredith Anderson; clarinet, Sharon Williams; trumpet, Greg Meeks; trumpet,

Greg Hargrove; baritone, Kirt Martin. Ensembles receiving first ratings included: baritone trio, Bobby Hart, Kirt Martin, Greg Martin; base choir, Ted Glenn, Gary Erwin, Larry Jones, Bobby Peugh, Bob Haseloff, Johnny Hughes, John Long; woodwind ensemble, Gwen Rundell, Sharon Williams, Cheryl Boling, Meredith Anderson; flute trio, Deb Hargrove, Roberta Chisman, Kandy Meeks.

Second division solos were: alto saxophone, Barry Williams; tenor saxophone, Gary Capps; tenor saxophone, Debra Wardlaw; clarinet solo, Cheryl Boling; cornet, Mark Williams; clarinet, Marion Busbice; cornet, Doug Harriman; base horn, Eddie Winegeart; trombone, James Symcox. Second division ensembles included:

clarinet trio, Marion Busbice, Donna Kirk, Vicki Lunsford; clarinet trio, Trummie Christian, Jean Kirk, Randy Jones; brass sextette, Patty Tatum, Gene Sheets, Johnny Hughes, Bob Haseloff, Tim Martin, Rosetta Chisman; clarinet trio, Gene Sheets, Jerry Herington, Gary Erwin; saxophone quartet, Brad Jordan, Terri Edwards, Debra Wardlaw, Sharron Busbice; flute trio, Cheryl Kaltwasser, Ellen Herington, Camille Hobbs.

Third division solos were: clarinet, Roy Dunn; clarinet, Randy Jones, base horn, Dennis Ensor; flute, Gwen Rundell. Third division ensembles included: clarinet trio, Cindy Head, Randy Stewart, Beverly Jones; cornet quarter, Greg

Hargrove, Greg Meeks, Doug Harriman, Mark Williams.

Bobby Hart received a fourth division rating on a baritone solo; and a cornet quartet composed of Ted Glenn, Jimmy Birchfield, Larry Jones and Randy Chandler also received a fourth division rating.

Junior High School and Elementary bands will participate in the sight reading, concert, solo and ensemble contest on April 15 in Muleshoe, and the high school band will participate in the UIL sight reading and concert band at the Frenship school later in April. A spring concert is also planned by band members, according to director Charles Turner, who says, the band students have been working early and late to get ready for the contests.

HOME DEMONSTRATION

National 4-H Week was observed by Farwell Lucky Clover this week. Food display needed in event of a disaster was featured. Eating a good basic diet to maintain good health during a disaster is important. These girls learn through their 4-H Food Project work why certain groups of food are important to the proper growth and maintenance of the body. The display shows a balanced diet of foods needed.

These girls of the Lucky Clover Club are to be commended for the display.

Another item of interest to 4-H members of food groups and their leaders is the date for the District Food Show. This has been set for Saturday, April 22, in the Canyon High School beginning at 9:30 a.m.

Both Junior and Senior County winners will participate in the District Contest.

Today's homemaker should be aware of the many new time labor saving appliances on the market. With solid state electronic devices, Permanent Press materials call for new methods of washing and drying. New clothes dryers now have controls on recent models for turning off the dryer based on actual moisture content of clothes preventing wrinkles.

CLOTHING AND GOOD LOOKS
 "The concept of the total look has become firmly entrenched in women's fashion. Proportion and complete silhouette have been emphasized by designers."

This point was emphasized by Mildred Ryan, Director of McCall's Pattern Co., New York City in a meeting Thursday in Amarillo.

The way we look tells people about us. Can they tell--
 --That you have good health?

School Lunch Schedule AT TEXICO

MONDAY: Salisbury steak, gravy, candied yams, buttered hominy, hot rolls, butter, fruit salad, milk.

TUESDAY: pizza, buttered potato, lettuce wedge, carrot sticks, Easter muffins, milk.

WEDNESDAY: chicken and dressing, giblet gravy, green beans, stuffed celery, loaf bread, ice cream, chocolate milk.

THURSDAY AND FRIDAY: Easter Holiday

--That you try to look nice?
 --That they would like you?
 --There is a total look appropriate for every occasion--that casual look should be planned. Don't mistake "Casualness for sloppiness." SAM BARNES is shown at his desk in the superintendent's office at Lazbuddie where he has been chief administrator for two years.

Meet Your Teachers

Sam P. Barnes is serving his second year as superintendent of the Lazbuddie schools. Prior to coming to Lazbuddie he had seventeen years of experience in the education field. From 1948-49 he was high school principal, assistant coach and teacher at Frisco, Tex. Then he went to Gunter, where he was high school principal, head coach, and teacher until 1953. From 1953-61 he was at Anna, acting as high school principal, coach, and teacher for two years and then as superintendent for six years. The next six years from 1961-1965 were spent as assistant superintendent and business manager at Dumas.

Barnes graduated from high school at Anna in 1942 and then served a tour of duty with the Air Force until 1945 where he

advanced to the position of Staff Sergeant. He received a B. S. degree from North Texas State College in 1948 majoring in secondary education, social studies, and physical education. In 1950 he received his masters degree from North Texas State majoring in public school administration. Courses he has taken above his masters include modern mathematics, and workshops sponsored by the Texas Educational Agency on administrative problems of the school.

Barnes and his wife, Hester, were married in November of 1943. They have four children, three boys and one girl: Sammy Ronald, 22; Marilyn Joy, 16; Monte Lee, 14; and Mark Alan, 12. Mrs. Barnes is also a member of the faculty at Lazbuddie. The Barnes family attends the Lazbuddie Baptist Church.

Visiting in the home of Mr. and Mrs. Riley Goodnough this past week was Mrs. Ludie Chote, who is Mrs. Goodnough's mother.

Barnes is a member of several professional organizations including American Association of School Administrators, NEA, Association of School Business Officials of the U. S. and Canada, Texas Association of School Business Officials, TSTA, Panhandle School Leaders Association, Panhandle School Business Officials Association (past President), District IX, TSTA, and PTA.

And when he has time -- he enjoys traveling with his family and fishing.

4-H Leader Association Meets

4-H Adult Leaders Association of Parmer County held a meeting on March 7 at the Bovina Bank. A tentative date of July 31 through August 3 was set for 4-H summer camp.

Officers were elected by reinstating last year's officers who are: Roy Miller, president; Mrs. Earle Hise and Franklin Bauer, vice-presidents; and Mrs. John Christian, secretary and treasurer.

It was decided to designate April as fund raising month.

PIONEER SORGHUMS

Win in 10 of 13 Tests-- Beat Next Best Hybrids by 414 Pounds!

Think what this extra yield could do for your sorghum profits!

County Agents in six counties -- Wilson, Matagordo, Live Oak, Bee, Milam, and Victoria-- supervised 13 variety plots in 1966. Pioneer entries made the highest yields in 10 out of the 13!

What's more, these winners outyielded the next best competitive entries by an average of 414 pounds per acre. That's about a ton of extra grain per bushel of seed planted.

Figure what performance like this could do for your profits. Then see me for Pioneer hybrid grain sorghum--and for 985 sorghum-sudangrass hybrid to feed more cattle per acre.

John Christian Conducts Fertilizer Demonstration

For the second consecutive year, John Christian, Farwell farmer, in cooperation with the Parmer County Agricultural Agent, Ronny McNutt, and the experiment stations at Bushland and Lubbock, is conducting a fertilizer demonstration.

Purpose of the demonstration according to the County Agent is to determine the effect on milo yields of different rates and times of application of nitrogen. Christian will continue the demonstration through the 1968 crop season, according to McNutt.

Christian has been a crop result demonstration cooperator for several years and through his cooperation in conducting off-station demonstrations, the Bushland and Lubbock experiment stations have gained valuable and useful information concerning this area.

It is through this type research (result demonstration) that many questions and problems are answered concerning the growing of various crops and livestock, says McNutt.

Many other Parmer County farmers are also conducting result demonstrations in cooperation with the county agent. These demonstrations supply useful information concerning grain sorghum varieties, cotton insecticides, and fungicides, grain sorghum planting rates, cotton varieties, fertilizer rates and many others, according to the county agent.

A result demonstration handbook of all demonstrations conducted in the county will be complete and available from the County Agent's office by April 15.

THE SOIL TEST -- Wendell Robertson and Dean Schickedanz of the Experiment Station at Bushland make a soil test prior to applying the second application of fertilizer.

HERBICIDES FOR WEED CONTROL

Weed control through the use of herbicides can be profitable provided the correct selection and application of the herbicide is made.

The seven steps to satisfactory results in using herbicides are as follows (1) carefully read the manufacturer's instructions or precautions (2) careful sprayer calibration, (3) use proper herbicide rates, (4) careful seedbed preparation (5) thorough incorporation of materials, if recommended (6) good planting methods and (7) careful follow-up with mechanical or additional chemical weed control practices.

READ MANUFACTURERS LABEL

Be sure and read the manufacturer's label. Certain characteristics or facts about the use of the herbicide can be found here. For example, only corn, sorghum or winter wheat should be planted the year following the use of Atrazine.

SPRAYER CALIBRATION

1. For 40-inch rows measure 100 feet. Then time the number of seconds it takes your tractor to travel 100 feet going the speed to be used on the sprayer.

2. Collect fluid and measure in ounces from all nozzles used per row for the number of seconds required to travel 100 feet.

If the spray is broadcast, catch spray from the nozzles used to cover 40 inches (usually 2)

3. The number of ounces collected is equal to the number of gallons applied per acre of crop. If gallonage is not suitable, small adjustments can be made by changing pressure. Larger adjustments in gallonage must be made by changing tips.

4. When treating bands, the amount of chemical to be mixed with the gallons required per acre is a function of the area treated. For example, To apply 0.2 of a pound of diuron per treated acre, with 10-inch bands in 40-inch rows, the chemical rate per acre is 10/40 or 1/4 x 0.2 = .05 pound of diuron per acre of crop. With 35-inch rows the fraction of acre treated will be 10/36.

PROPER HERBICIDE RATE

The herbicide rate depends mainly upon three factors, (1) time of control (2) type of weed to be controlled and (3) the type of soil where herbicide will be applied.

For example, for season-long control of both grass and broad-leaf weeds, use 1, 1 1/2 and 2 pounds of Propazine per acre active ingredients on fine sandy loam, loam and silty clay loam, respectively.

SEEDBED PREPARATION

According to the South Plains Research and Extension Center at Lubbock best results have been obtained when pre-plant herbicides to control weeds in cotton are applied to dry flat soil prior to bedding for pre-irrigation. Heavy crop residues should be worked into the soil prior to spray-application. The herbicide must be incorporated 2 to 4 inches deep.

INCORPORATION
Some herbicides need thorough incorporation into the soil before effective control can be acquired. The herbicides that need thorough incorporation are pre-plant and pre-emergence chemicals for weed control in cotton.

PLANTING METHODS
Sorghum planted in 10 inch rows is difficult to weed mechanically but with the use of proper herbicide they can be profitably controlled.

Cotton should be planted on top of the bed or in a shallow furrow to avoid moving herbicides to the middles, thus leaving the cotton row unprotected.

FOLLOW-UP WEED CONTROL

The rolling cultivator or the broadcast rotary hoe are very effective for controlling weeds mechanically following a chemical weed control program. Along with mechanical weed control successful results can be gained by using additional chemicals as post-emergence.

At Texico School --

Cindermen Begin Training

With basketball a thing of the past in the local schools, track is the sport which is occupying the time of most of the boys in Texico school.

Coach Johnny Green has some 20 boys coming out for the cindermen squad. Fifteen of the boys are returnees from the 1965-66 squad. Three of the group, Keith Crook, Manuel

Martinez and Allan Breitenbach, earned the right to compete in the state track meet last year. Crook competed in the half-mile run, Breitenbach in the pole vault, and Martinez in the mile run.

Other boys returning from the 1965-66 squad are Jackie Billingsley, Larry Burns, David Farmer, Lynn Hughes, Roy Mc-

Daniel, Roddy Pearce, Bobby Spearman, Rickey Stanley, Bobby Joe Steward, and Jim Webb. Newcomers to the squad are Red Williamson and Paul Urioste. Melvin Ridgley will be assisting Johnny Green with coaching duties.

Fort Sumner and Elida are two of the schools who are expected to have good cindermen teams in District 6B.

Pleasant Hill Pals Plan Fund Raising Project

Pleasant Hill Pals 4-H Club met in the home of J. D. Kelley last week with Carolyn Langford presiding over the business meeting.

Names of favorite presidents of the United States was given in answer to roll call. One new member, Susan Murrell, was welcomed to the club. Plans were made to sell knives as a fund raising project.

Serving on the window display committee were Anita Dennington, Sherry Clark, Glenda Kelley and Arlan Davis. On the yearbook committee are Arlan Davis, chairman, Diane Kelley and Regina Kelley. A film on

Mr. and Mrs. Ros Blankenship and family and Mr. and Mrs. Kenneth Johnson spent the weekend in El Paso, Tex., and Juarez, Mexico, returning home by way of Ruidoso.

PLANNING

It will be well worth your time and money to sit down and plan a chemical weed control program over a period of years.

Red Sez

On the job application blank was the question: "Have you ever been arrested?" Red put "No." The next question was "Why" -- meant for those who had been arrested. Not realizing this, Red put down, "Never been caught."

Delta Kappa Gamma Sponsors Melrose Girl For College Grant

In a business session presided over by Mrs. Zelfa Younger, Delta Kappa Gamma president, the chapter voted to sponsor Miss Chloe Carmichael of Melrose, daughter of Mrs. Ruby Carmichael, for a \$500 grant to be given by Theta State.

Miss Carmichael, a 1967 graduate of Melrose High School, was adopted chapter baby by the Zeta chapter when she was an infant. She has attended practically every chapter banquet in this capacity.

In other business Mrs. Barbara Wall, was appointed second vice-president to fill the vacancy created by the resignation of Mrs. Lona Mae Stark.

Delta Kappa Gamma members saw examples of creativity in physical movement and rhythm when Mrs. Jackie Garrison, physical education teacher at Clovis High School, appeared on the program with girls from her classes and those of A. V. Wall's choir to demonstrate that rhythm is creative.

"Movement of the body is creative and emotional," said Mrs. Garrison, using the example of the way children on a playground sway rhythmically if not repressed.

Mrs. Garrison's class created their own routines. Members participating were Gerri Hardy, Connie Standefer, Terri Wallace, Jeanette Messer, Jackie Hon, Etta Lane, Frances Cassilas and Phyllis Gillispie. Marianne Jones presented two ballet numbers, "The Anniversary Waltz," and "The Fire Dance." Terri Foster did a free exercise routine.

30,000 Cattle --

Feedlot Facility Scheduled Here

Plans for a cattle feeding operation to ultimately handle 30,000 head has been announced by a newly-formed corporation which includes G. D. Anderson, Jr. of Bovina.

The feedlot will be located on the south side of Highway 60 on land purchased from Jack Dunn of Clovis. The site is four miles southwest of Bovina and eight miles northeast of Texico-Farwell.

Owners of the cattle feeding operation will be Anderson, who is co-owner and manager of Sherley - Anderson - Pitman grain elevators in Parmer County; John Douglas Pitman of Hereford, Owen Seaman of Hereford, and A. R. Dillard Jr. of Wichita Falls in conjunction with Dunn.

Also a stockholder in the corporation will be Casper C. "Cap" Naegle of Roswell, who will manage the feedlot here. Construction on the facilities is expected to get underway within the next 30 days, Anderson announced this week.

A grain-preparation mill will be installed to handle a capacity of 30,000 head. Pens for approximately 10,000 will be constructed this year with others to be added as they are needed, according to present planning.

"We would like to have the plant in operation in six months, but the beginning time is uncertain now," Anderson commented.

Name of the corporation installing the feedlot, which will be primarily for custom cattle

feeding, is Parmer County Cattle Co., Inc.

Installation of the feeding facilities will provide another major industry for the Parmer County area. When the feedlot is operating at capacity, 20 or more people are expected to be employed.

In addition to the payroll, the increased use of locally produced feed will make a stronger market for milo and ensilage. This, too, can be of economic benefit to the area.

Naegle, who will be general manager of the operation and a stockholder in the organization, is presently managing Janss Cattle Co. feedlot in Roswell, N.M.

Naegle is highly regarded by cattlemen throughout the country. "We wanted the best man to manage the feedlot here and we feel that we have him," Anderson said.

A native of Arizona, Naegle is a graduate of the University of Arizona. He is married and he and his wife are parents of two children.

Naegle is expected to move here after school is out this spring.

He has been with Janss Cattle Co. for the past 11 years and has also managed a feedlot in California for the firm prior to managing the Roswell operation.

"This area is as good as any from the standpoint of feed production," Anderson said. The plans for the feedlot have been under consideration for a year or more.
