

## The Bobby Winegeart story

# There's hope

by Monica Cantu

In January, I wrote a story about a young man in our Twin Cities, Bobby Winegeart, who had been injured in a vehicle accident and was paralyzed from the waist down.

In April 1998, he was on his way to work in Farmington when he veered off the road, over-corrected, flipping his welding truck and severing his spine. Bobby is a 1994 Texico High graduate who graduated with honors, was a student council representative and was named Outstanding Athlete of the Year.

After that article, Linda Thompson, Bobby's mother, received a call from a man who lives in East Texas who had read my article and who knew the name of a doctor who specializes in spinal surgery and who might possibly could help. He called Mrs. Thompson with the information.

So Mrs. Thompson wrote Dr. Carl Kao, who practices in Washington, D.C., telling him about Bobby but hadn't heard anything until a couple of weeks ago. On Tuesday, Dr. Kao came from Denver to see Bobby in Texico.

Dr. Kao assured Mrs. Thompson that Bobby could walk again with surgery. He brought a videotape of a similar procedure and explained everything to Bobby.

According to what Mrs. Thompson told me, all together, the surgery will cost around \$30,000, and will be performed in Ecuador.

If all goes to plan, Bobby will have surgery done in November of this year. He will stay in Ecuador for two weeks and three days, then come back to the States and go through more rounds of physical therapy.

Mrs. Thompson said that Dr. Kao is licensed to practice this surgery here in the States, in Ecuador and Taiwan. But since it's a lot less expensive to do this outside of the U.S. and the least expensive place is Ecuador, that's what plans call for.

Dr. Kao assured Bobby that at first he will be walking with a walker, then he will gradually make his way to crutches.

When I asked Mrs. Thompson how Bobby was after he spoke with Dr. Kao, she told me that neither she nor Bobby have "come out of the clouds."

Unfortunately, Mrs. Thompson and her husband are moving to Virginia later this month and will be doing all of their preparations long-distance.

After the first article I wrote came out, the community started helping and offering their support in any way they could. Now, these wonderful people need your help again.

Funds are needed to send Bobby to Ecuador to have this surgery done. If you have any suggestions on fund-raisers, or would just like to help out, give Mrs. Winegeart a call at 763-4612. And there is also an account set up at Citizens State Bank in Texico for Bobby for those wishing to donate.

### An excellent experience

Last Sunday, I enjoyed hearing about the mission trip that some of the youths and adults at Hamlin Memorial United Methodist Church took recently.

They worked and cleaned at a homeless shelter in San Antonio.

Some of us think of "homeless" as a bunch of bums who don't want to work. That isn't the way it is. Most homeless folks would prefer not to be but, due to circumstances, find themselves in a bad position.

It could happen to any of us.

What was going through my mind as I was listening to some of the kids report on their mission trip was how nice it was that they were doing God's work -- showing love, showing compassion.

Now doesn't that sound easy? To love? To show compassion?

Then why is it that the opposite is so often true -- that we hate, that we seek to get even, that we want revenge. Why is it that these miserable traits so often entrap us?

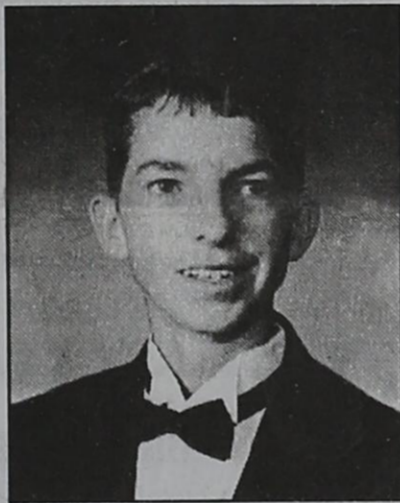

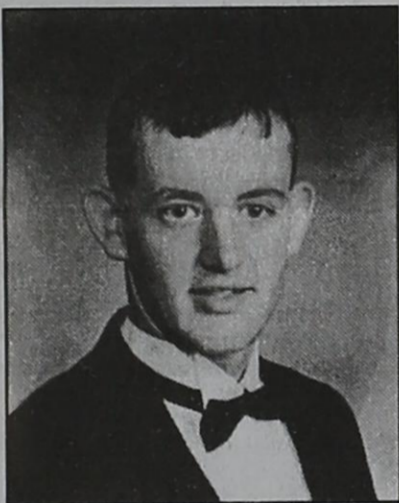

Let me tell you a story of how God helped me learn about these things.

The incident occurred the first year I arrived in the Twin Cities. To make a long story short, a man (now deceased) did something really, really nasty to me.

Boy, was I angry! Within seconds of the incident, I swore never to have anything to do with such a jerk, etc. Boy, was I going to show him!

But within a couple of minutes, as I turned my car back onto 3rd Street, heading back

### Scholarships awarded

Five Area Telephone Cooperative and West Plains Telecommunications have awarded 12 scholarships of \$600 apiece to graduating seniors, including two from Lazbuddie: Garrett Magby, right, son of Skip and Debbie Magby, plans to attend Angelo State University. Laramie Wood, left, son of John Mitchell and Shera Wood, plans to attend West Texas A&M.

## Finally -- rain!

A lengthy drought period was broken in our area the past few days with some folks getting a lot of moisture, but, unfortunately, some others got little to none.

Shirley Steinbock, at the Sherley-Anderson elevator in Lazbuddie reported over 2 inches of rain in her area, although none fell on Monday night.

While the areas south of Lazbuddie had more than 3 inches, areas west of Clay's Corner received none or little.

At the Sherley-Anderson elevator in Lariat, Yolanda and Lonnie McFarland reported about an inch of rain.

But to show how the rains fell, there were areas of Oklahoma Lane that received absolutely no moisture over the

### First loads of wheat brought to area elevators

The first load of wheat arrived at the Sherley-Anderson-Pitman grain elevator in Farwell on June 1.

It was brought in by Eldon Embry. The wheat contained 11.5 moisture and had a test weight of 57.1.

Heathington Farms brought in the first load of wheat on May 30 at the Sherley-Anderson elevator in Lariat. The moisture content was 8.6, and the test weight was

57.5. Don Heathington got the \$50 bonus for first load.

At the Sherley-Anderson elevator in Lazbuddie, the first load was brought by Eddie Beene on May 31. The moisture content was 9.9 and the test weight was 59.4.

Over the weekend, the Muleshoe area got a lot of rain, with some estimates as high as 5 inches.

And the preceding week saw the Friona area get more than an inch of moisture.

All told, Fred Chandler, at the Sherley-Anderson elevator here, reported over an inch of moisture. Totals elsewhere in town were closer to 1 1/2 inches.

The western part of Parmer County was fortunate on Tuesday night as a storm came litterally down the state line.

## Dairy opponents discuss report

About 20 folks attended a meeting on Monday at the Texico Community Center to discuss the possibility of having a dairy move close to Texico.

At the previous meeting, it was suggested the city councilmen do "their homework" on this matter and that is exactly what they did.

Councilman Doug Scioli gave a presentation on the negative aspects of bringing a dairy this close to town. Although the primary concern was water, it seems that the waste may be of even more concern.

Scioli reported that apparently there are two methods to dispose of waste from a dairy. One is similar to a septic tank which is somewhat expensive and the other is to leave it, which could cause health problems and contaminate the water.

Resources the disposal of waste could harm were outlined, including global warming and nitrogen oxide.

Other points were stressed such as the fact that Texico cannot handle the amount of water used by a dairy.

There are many factors that determine how much water a cow needs a day such as temperature, body weight, the amount of milk produce and so forth. The council estimated that 100 gallons of water a minute is not that far off a figure and could be even more.

As it is now, Texico says that the dairy would hurt Farwell more than it would Texico because of the way they are going to set up.

Apparently, the dairy will be drawing water directly out of the reservoir that Farwell sits on. Texico has only a branch coming from this line.

"In essence, this dairy will affect everyone around us," said Councilman Oran Jay Autrey.

Many other questions and points were brought up during the meeting such as how far away they plan to release the waste water, how do we compare feedlots with dairies, and if perhaps this dairy could stop economical growth towards the west.

Also, the council suggested that folks who have not sent their letter to the state or have not turned in their letter to city hall do so and put a request stating that you would like to have a public hearing to oppose this dairy directly.

The council wants someone from Santa Fe to come here so that they can hear for themselves the opposition to a dairy close to the city limits.

Those who attended the meeting were very opposed to the proposed Martin Grain Dairy near the Texico cemetery.

Kay Vannatta spoke out several times against it as well as many others.

Judy Kovitch said, "I'm not against dairies but you can only put so much on a wagon before you break the wheels."

Police Chief Kelley Brophy pointed out that the dairy will

be close to the Tourist Welcome Center.

"The tourist welcome center will be close to this dairy... I don't think that's a very good welcome. And the people that do come won't stay very long that's for sure," he said.

## BTD plans continue

The Border Town Days Committee met on Monday to continue plans toward this year's main event.

A discussion was held with Texico Police Chief Kelley Brophy about possible changes in the parade route. He suggested an alternate route starting in Texico which would enhance the safety of the parade participants. No decisions were made and it will be looked into.

Here's a wrap-up of the various events so far for Border Town Days:

**Concessions:** Cynthia Thigpen is taking reservations for concessions at the Day in the Park. She can be contacted at Farwell City Hall, 481-3620. Signed up so far have been:

To sign up, call Ryan Williams at 481-3494. He will be assisted by Greg Atkinson.

**Entertainment:** Singers and musicians are needed to perform at the Day in the Park activities. So far signed up are Trish Hawkins, Charlie Phillips, Melissa Gilbreath, Lupe Vidaurri and Sagebrush Sounds. To sign up, contact Mike Pomper at 481-3681.

**Bicycle Contest:** Linda Moss and Joy Stanton head this event. Signups will get under way at Texico City Hall in July. The theme will be "We Are the Champions." Cash prizes will be given winners. All participants will receive free train rides on the Border Town Express. And the top champions will receive special prizes -- brand-new bicycles donated by Tedson Trailers and Master Tech Auto Service, both of Texico.

**Arts & Crafts:** Lynne Mahaney, the Farwell postmaster, is in charge of this event. Folks wishing to sign up for a booth are asked to call her at 481-3601 or write her at P.O. Box 471, Farwell, TX 79325.

**Queen's Contest:** Without any girls signing up for this contest, it appears it will be dropped this year.

**Charlie Phillips Concert:** As a fund-raiser for the Farwell Convalescent Center Auxiliary, Charlie Phillips of "Sugartime" fame and his band will provide dance music on Friday, July 28, at the Clovis Holiday Inn starting at 9 p.m. cst. For more information, contact Frances Kube at the Beauty Box, 481-3441.

There will be no class reunion held in conjunction with the dance concert this year, said Mrs. Kube. However, the Holiday Inn will accommodate folks for dinner before the concert.

**Giveaways:** The Texico Community Activities Organization will have a giveaway for a beautiful BBQ grill, half side of beef, and other prizes. Proceeds will be used to start a bank account toward building a new city swimming pool.

**Buttons:** Richard Laverty is handling the buttons. They will be made by Southwest Sports, of Texico. Four hundred will be numbered on the back. They will be sold for \$2 apiece as the chief fund-raiser to cover BTD expenses. A number will be picked at the conclusion of BTD activities and if the person is present, he will win \$50 cash. Buttons will be placed at several local businesses in July.

**Merchants Giveaway:** Folks can sign up at participating merchants for dozens of free prizes to be given away at BTD. You must be present to win and must be at least 12 years old to enter. Jerry Adams and Willie Dannheim handle this event. They have begun contacting local merchants to sign them up for this contest.

**Antique Cars & Tractors:** Phyllis Arnold, 482-9264, is in charge of this event. Persons wishing to participate are asked to contact her.

**Banter**

to the Tribune, when I realized the trap I had fallen into.  
 Is that what Christ teaches? To hate, to get even, to get revenge?  
 How stupid I was.  
 So I turned my car back around and headed back to see that fella. I walked in, put my arms around him in a hug, and told him that I loved him.  
 He was in shock. And he started stuttering as I walked out.  
 But when I left, I had the

biggest smile on my face. I had no hatred, no thoughts of getting even. I had simply turned to Christ's teaching, and the answer was easy.  
 Loving thy neighbor is something each of us says he believes in.  
 But do we really?  
 That's why a mission trip to help homeless people is a wonderful thing. Hats off to the participants.  
 \*\*\*  
 Last weekend, I also got to

hear the pitter patter of raindrops. Fan-tastic!  
 Water is so vital to us, not just on the plains but everywhere.  
 I realize that ground water still falls within the various states' domains. But I predict that down the road ground water will be "federalized."  
 In other words, it will be up to the federal government to decide how ground water is distributed. That has to come. Water is too vital to every community for states' rights to be supreme.  
 Think it won't happen? I remember a few years ago when some states said they would never take trash from other states. Well, that's been "federalized." EPA standards have superceded states' rights. I forecast the same thing happening to water.  
 I've always found it interesting in life how people get hung up on what I call trivial problems.  
 "Hey, there's a pothole in the street!!"  
 "Hey, the mail is 10 minutes late!!"  
 "Hey, we ordered our dinner 30 minutes ago and it's still not delivered!!"  
 I try not to get anguished over the small stuff, but try to focus on major problems.  
 Well, folks, as easy as we have it in the good, ol' U.S. of A., the fact is that water should be our No. 1 priority.  
 This is my second attempt at writing this column -- I tore up and threw away my first draft because I got too nasty.  
 So let me sum up: it would behoove (I love that word) our political leaders to work diligently to ensure the long-term water usages for Texico and Farwell.

(Continued from Page 1)  
 received by us, it was put in the only available space open in that particular issue of the paper.  
 Better judgment would have been to hold the obituary until the next paper, but we thought we needed to get it in for that issue. We are re-running Jerry's obituary with the correct information in this issue.  
 Jerry was a fine man and a good friend to many in our community. We know that your loss as his family and friend is great and we are truly sorry for any added feelings our poor decision may have caused.  
 \*\*\*  
 From Monica Cantu:  
 Well play auditions were Thursday and Friday of last week and I'm so tired!  
 Competition was fierce and everybody that tried for a part was really good.  
 We had singers, dancers and actors come out to audition from Clovis, Portales and the twin cities of Texico and Farwell.  
 Couldn't tell you right now who all made what but there were several from the vicinity that got parts in the musical.  
 I, however, have given up my acting career for the summer.  
 I decided that I was too busy to constantly be in Town Hall rehearsing, learning my lines, perfecting my dance steps and in general developing a premature ulcer for my efforts.  
 Don't get me wrong -- I would love all of the above... if I had enough time.  
 Oh well, it's all good. I don't know if I would have gotten the part but you know how these things go.  
 Anyway, I think I might end up being backstage manager and therefore not have to be at rehearsal 24-7.  
 Hey, what can I say? Getting 4 credit hours and not having to be at rehearsal constantly?  
 Heaven.

# Farwell goes Hollywood

Farwell is going Hollywood.

Naval Cmdr. Will Anderson, an attache at the U.S. Embassy in Quito, Ecuador, and his family are going to be in a major motion picture.

Castle Rock is producing "Proof of Life," starring Meg Ryan and Russell Crowe.

It's about a woman whose husband is kidnapped by South American narco-terrorists. Since the U.S. government won't help her save him, she turns to friends.

The film's shooting ends this month and it is scheduled for release in December, in time for the Academy Award nominations for this year.

Will's wife, Ginger, got the biggest part in her family. She plays tennis with Ms. Ryan.

The director, Ridley Scott, was looking for a woman to play the wife of a Texas oilman. Ginger was tested and hired on the spot.

Since she didn't know how to play tennis, the movie folks have paid for two months of lessons for her.

Ginger and her two chil-

## Local calling extension asked

West Texas Rural Telephone Cooperative has filed a request with the Public Utility Commission of Texas to provide extended local calling services between the subscribers of the Dawn, Frio, Hub, Milo Center, Oklahoma Lane, Parmer, Summerfield, Tharp and Westway exchanges at no additional fee.

The proposed effective date for this service is Aug. 3.

If approved, the Oklahoma Lane exchange would have extended local calling to Frio, Hub, Milo Center, Parmer, Tharp, Westway and Summerfield.

If approved, the Parmer exchange would have extended local calling to Dawn, Frio, Hub, Milo Center, Oklahoma Lane, Summerfield, Westway and Tharp.

This scene was shot many times. Twice "cut" was yelled because of baby Claire. Once, she moved a lanyard; another time, she announced she needed to go potty.

Some of the movie was filmed at the U.S. Embassy and Will is in one scene, portraying a typical arrogant U.S. bureaucrat (as an extra).

Later in the movie, he plays another extra -- an arrogant naval attache! This scene was a blast, he reports, because all the naval attaches in town were invited to be in it.

Most of the attaches look like they have on the same uniform because many of the nations base their uniforms

on the British prototypes.

This is not the first time that the Andersons have "starred" in Hollywood productions.

Will's dad, Bob, was in a War Bonds movie in 1942 while attending Texas A&M, before he enlisted in the Army during World War II.

The movie was called "We've Never Been Licked" and starred Robert Mitchum and Noah Berry.

Will tells the story that Mitchum was interviewed on a late night TV show a few years back and was asked what he considered the best and worst movies during his long career.

As for the worst, Mitchum could only recall "those war bond movies at some (darned) college in Texas."

Soap box derby racers

The Royal Ambassadors group at First Baptist Church of Texico recently demonstrated the abilities of their hand-made racers in their annual soap box derby. Their theme verse was 2 Corinthians 5:20 -- "Therefore, we are ambassadors for Christ, as though God were entreating through us, we beg you on behalf of Christ, be reconciled to God." Twenty-two boys attend this Wednesday evening ministry, which will resume in the fall with their annual overnight camping trip. R.A. leaders include Ken Waters, Roger Odegaard and Mark Englant.

**Body & Soul**

"Body and Soul," featuring the art of Lazbuddie's Adeana Carlyle is being shown at Gallery Fifteen, at 1500 Pile St. in Clovis, through June 16. Mrs. Carlyle's paintings and drawings of the human figure read like lyrical poems, according to another artist. Pictured above with her portrait of "Robby" is Mrs. Carlyle. Pictured below with another of Mrs. Carlyle's portraits, entitled "Biker 3", is gallery owner Teresa Curry, of Texico.

Florence Cockrell

**Cockrell turns 105**

Florence Cockrell, a resident at the Farwell Convalescent Center, turned 105 years old on Tuesday. He was born June 6, 1895, one of 13 children in Kansas. Later the family moved to Oklahoma where she taught school. She married Claude Cockrell and they had 5 children. Although up in age, her memory is still excellent. She remembers the time when the only mode of transportation was a horse and wagon. And she recalls when her family first got a telephone -- in 1908. When asked what she attributes her longevity to, she said, "The golden rule -- do unto others as you would have them do unto you."

**Father's Day cookout planned**

The Farwell Convalescent Center Auxiliary was busy during the months of April and May with the many activities they coordinate and participate in at the Center. The Auxiliary purchased an Easter Lily for the chapel, bought Easter cupcakes for the resident's Easter dinner and helped with the children's Easter egg hunt held at the Center. For this month, the Auxiliary is planning a Father's Day cookout on June 15. They are also looking ahead to their annual Bake Sale at Border Town Days in July. They also voted at their May meeting to buy two wrought iron table and chair patio sets for the Center's patio. Memorial gifts are always appreciated and can be made to the Auxiliary by mailing them to Farwell Convalescent Auxiliary, Katherine White, Treasurer, P.O. Box 633, Farwell, TX 79325.

I would like to thank all the folks I have had the pleasure to work with over the past seven years while being the nurse at the Fawell Clinic.

I have taken a position with Covenant Health Care in Clovis, but wanted to take this opportunity to show my appreciation to you.

Will Anderson called from Quito, Ecuador, on Monday.

He will be sending a check to buy nuts for the squirrels in the Farwell Park.

Rachel Embry, of Farwell, was named to the dean's list at Lubbock Christian University for the spring semester of 2000.

Eunice Crume, of Farwell, penned the following poem in honor of Flag Day, June 14:

### Old Glory

That magnificent banner waving on high  
The "Stars and Stripes" against the sky  
Is more than a banner of cloth to me  
It represents our country, strong and free.

When I look upon the flag, I see  
The men who fought to make us free.  
Washington, Grant and other brave men  
who loved our country and fought to win.

When I look at the flag I also see  
A wonderful land for you and me,  
The majestic mountains and canyons grand,  
The rolling prairies and rich farm land.

The red is for valor of our brave men  
Who fought in battles our country to defend,  
The red of a sunset at the close of day  
Poppies growing in Flanders far away.

The blue is for loyalty, the color of skies,  
The ocean, blue lakes and blueberry pies.  
White is for purity, church spires and snow,  
Fluffy white clouds, and daisies that grow.

My flag! Old Glory, I see in you  
A place where dreams do come true,  
A symbol of freedom, love and liberty,  
Yes, you mean all this and more to me.

## Crime Stoppers confab held

by Teresa Mesman

The Parmer County Crime Stoppers were well represented last month at the 12th Annual State Conference of Crime Stoppers. The conference was held May 15-17 in Corpus Christi.

Representing the local Crime Stopper organization were Frances Kube, president; Murlene Smith, secretary-treasurer; Darrell Crook, board member and Parmer Co. Deputy Sheriff Michael St. Clair. They were among the over 500 members of Texas Crime Stopper organizations attending the state conference.

The group attended different sessions aimed at helping Crime Stopper boards improve their programs. These sessions included promoting your Crime Stopper program, telephone interview techniques, legal issues, fundraising, child exploitation on the internet and developing a school campus Crime Stoppers program. Deputy St. Clair also attended a session that dealt with the problem of and handling of prison gangs.

"The state conference is extremely helpful to us as a local organization, in that there is a great exchange of ideas with other Crime Stopper groups across the state. We all learn a lot and come back more motivated to work harder in our community to make our program even more successful," Frances Kube stated.

One of the main issues that the local Crime Stopper's would like to stress to our community is the fact that if you have any information about a crime you retain total anonymity when calling into Crime Stopper's.

"The caller is not known to even the deputy taking the call," said Frances. "The caller is immediately given a code number and all conversation is completely anonymous. If the criminal or criminals are caught and the case goes to trial, the anonymous caller never has to testify in court. Any and all cash rewards are also collected anonymously through the use of the code numbers assigned."

Frances also wanted to stress that all calls are handled directly and that no Caller ID technology or traces are used

Representing Parmer County Crime Stoppers at the 12th Annual State Conference of Texas Crime Stoppers were from left: Darrell Crook, board member; Frances Kube, president; Murlene Smith, secretary-treasurer and Michael St. Clair, Parmer County Deputy.

for the calls.

Parmer County is fortunate to have such a dedicated group of Crime Stopper volunteers that are willing to serve our communities in this important effort. Communities that have Crime Stopper organizations in place tend to have a lower incidence in crime, according to statewide statistics.

The number to call if you have information on a crime is 1-800-774-TIPS (8477). This links you directly to Parmer County Crime Stoppers and you will remain completely anonymous. You will not have to testify in court and you may receive a cash reward.

If you would like to help fight crime in Parmer County by donating to the Parmer County Crime Stoppers reward fund, please send your donations to Parmer Co. Crime Stoppers, Inc. P.O. Box 151, Farwell, TX. 79325. Your donation is tax deductible and much appreciated.

## Officials say electricity in our area is in good standing

There have been reports of expected blackouts of electricity this summer in parts of the U.S., such as the Midwest and Northeast.

This apparently is due to much higher electrical usage, caused by this year's heat wave, plus higher use of air conditioning units and other electrical devices.

But local officials are confident that no such problems will occur in our area.

Lance Adkins manager for Farmer's Electric Co-op. said they are not anticipating any problems with blackouts in

this region. Electricity as far as they can tell is definitely in good standing and the only problem would be something unforeseen such as a problem with a generator.

Deaf Smith Electric Cooperative concurs that electricity in our area is in good standing.

"We can't speak for the eastern part of the state, but as far as it goes the capacity is good and all is running fine," says Tommy Weems of Deaf Smith Electric.
