

Border Banter

By Mike Pomper

Need \$\$?

Hard to believe that school is just around the bend, doesn't it?

Summer always seems so fleeting. But it's time to get those back-to-school clothes and supplies.

Hey, kids, I got an idea! Are you short on funds for getting some of those cool sweats and sneakers you want?

Here's how you can afford it easily:

Turn in a druggie!

The highly successful drive that raised \$2,000 for Parmer County Crime Stoppers is available to you.

And it's easy to use. You call in the tip anonymously. If you qualify for up to \$500, you get it quietly without anyone knowing who you are.

All you have to do is call the phone number -- 1 (800) 774-TIPS.

It couldn't be simpler -- and nobody every finds out who you are. And think of all the great back-to-school items you can get with \$500!

Not only that, you help rid our area of a druggie. We really don't want those druggies here. Let 'em go to Clovis or wherever. But we need to work together to get those jerks out of here as fast as possible.

So that's my tip to you, kids. Call the hot line number (1-800-774-TIPS), make some good money and help our area -- all at the same time.

Works for me!

I got some information about raffles in Texas that I wanted to pass on because I know a lot of groups like to do them for fund-raisers.

The following information comes from the Texas Attorney General's office.

The state act allows qualified organizations to hold up to two raffles per year.

Qualified groups include religious organizations, volunteer fire departments and EMS, and non-profit groups that meet certain criteria.

An organization holding a raffle can offer any prize except money.

If the organizers are offering a prize they have bought, the value of the prize may not exceed \$50,000. If the prize was donated to the organization, there's no value limit.

Prior to conducting the

Texico council discusses planned Ave. F annexation

The Texico City Council on Tuesday discussed the planned annexation of properties along the southern boundary of Avenue F.

The council expects all the landowners in that area to agree to the annexation since they had indicated they would do so if Avenue F was improved, which has been accomplished.

The petition for those residents to sign has not been drawn up yet. Survey work is being done.

In other business, the council:

-- Allowed Timothy Garcia to take out an older mobile home and replace it with a new mobile home on Florence Street.

-- Approved a fence permit for Karen Wible.

-- Heard Border Town Days vice chairman Mike Pomper commend the Texico police for their assistance at BTM, and thank Dean Henninger for his help with the Border Town Days Express.

Pomper also said he was disappointed that no Texico city official rode in the parade or helped give the welcome at the gazebo as has been the tradition.

City officials explained they were unavailable this year.

-- Okayed street Supt. Matt Meeks ordering 24 water me-

ters at a cost of \$34.50 apiece.
-- Discussed planting more trees at the new part of the city cemetery.

Lazbuddie tax situation improves

The Lazbuddie School Board went over its tax situation on Tuesday and the news is looking better. However, Supt. Hardy Carlyle remains cautious and doesn't want to be too optimistic.

But it's evident that Lazbuddie officials have worked at its budget problem -- and have been successful at maintaining its program strength.

Last December, the school board learned that about \$70,000 needed to be cut from its budget for the 1999-2000 school year. This is a hefty sum for a small school like Lazbuddie. What made this especially difficult was that the school tax rate was at the state maximum -- \$1.50. Thus, the board couldn't raise taxes to help with the upcoming problem.

This week, the board was told by Parmer County Appraisal District officials that since valuations were up, about \$3 million, it appears the tax rate will be down a couple of cents, putting it below the state maximum.

Thus, the board will have the option at leaving it at the new total, or even going back to \$1.50, generating more funds. The budget hearing will be Aug. 26 (see legal ad elsewhere in today's Tribune for details).

(Continued on Page 2)

School tax rate is topic

The Farwell School Board went over tax appraisals on Tuesday with Curby Brantley, of the Parmer County Appraisal District office.

The board learned that tax valuations are up, which likely will mean that the current school tax rate of \$1.245 will be down about one cent when the tax rate is finalized.

In other business, the board:

-- Toured the construction will took place over the summer, including heating and air

Lazbuddie

(Continued from Page 1)

Where has Lazbuddie been able to make the necessary cutbacks to eliminate that \$70,000 problem? The main reason is there are four less school personnel this year. One real plus is having the new industrial arts teacher double as band director. Also, the home economics program was cut to half-days.

The bottom line is that it appears that Lazbuddie will be "in the black", all things being equal.

Carlyle stressed that no program was eliminated although some were reduced. For example, band is still offered although beginning band isn't.

"We are still on a fine line so I prefer to put a 'positive attitude' on hold," he explained. "Our fiscal year ends Aug. 31 and the auditors will be here in September. Then we will know exactly where we stand."

Much has to do with student enrollment. It appears the enrollment has gone well and more students will be arriving the first day of school than the number who left in May. But you never know. Some students who sign up may move by the time school opens.

Carlyle emphasized that, even in facing that deficit last year, there was never any threat that Lazbuddie School would have to close its doors. But what the board and school officials have tried to do is to maintain the programs currently in place, and the superintendent feels they have done that job.

In other business at the Tuesday meeting, the board:

- Changed a policy for teachers using school-provided housing. Teachers who leave or are discharged will have to pay a rent of \$10 a day if they stay in the housing after July 1. This would amount to about a \$300 a month rent.

- Approved the transfer of a student from Muleshoe.

- Received two bids for health insurance coverage. They will be looked into before one is accepted. The cost is going up.

- Approved Code of Student Conduct changes, which clarifies actions to be taken about students who break it.

- Accepted the resignation of elementary music teacher Nancy Welker.

- Sold "weighted ADA" to Sudan Schools. This is a transaction done annually under the state formula to get funds spread from richer school districts to others. Lazbuddie will receive about \$35,000 or more for technology programs through this process.

Views sought on club expansion

The Farwell Country Club board of directors has appointed a committee to gather information to determine the feasibility of adding another nine holes to the golf course.

On the "expansion committee" are Walter Hughes, Jack Allen Kirkland (chairman), Hal Helton and B.J. Charles.

Landowner Randy Ware has offered to give the club land on which to build another nine holes.

But the club would need fund to build the new nine holes, plus maintain them.

Cost considerations in-

Farwell

(Continued from Page 1)

conditioning units; weight room; art class; bus building and parking lots.

- Accepted the resignation of band director Roz Vastano, and hired Verne Jacoby to replace her.

Texico

(Continued from Page 1)

- Heard that 1,100 tons of ash have been hauled in so far to repair the alleys, with another 600 tons expected.

- Heard that city hall telephone service was disrupted for a couple of days after lightning struck the telephone box on the building.

raffle, the organization must have the prize in its possession or it must post a bond for the full value of the prize with the county clerk.

The organization may not pay anyone to conduct the raffle or sell tickets. Proceeds from the raffle must be used only for the charitable purposes of the organization.

From Judy Pomper:

Have you noticed the dead trees in our area this year? Last year's drought is one of the causes of this problem. Trees that were not watered or fertilized enough last year could die this year because insects and disease attack stressed plants more than unstressed ones.

This year, the elm trees are bothered by European bark beetles. Ash trees are being attacked by borers, according to Cherinell Riley, the Parmer County extension service entomologist.

She said prevention is far better than trying to right a problem once it has attacked the trunk of the tree.

Pick a tree that will grow well in this climate. Fertilize it. Water it regularly. Ms. Riley estimated that some local trees might have lived another 5 to 10 years if they had properly been cared for.

Once a tree dies, the thing to do is to remove it and its

dead limbs, and dispose of it.

Ms. Riley also said you don't want to water a tree next to its trunk. The root system extends much further than that. Water an area from the longest branch out. It's the feeder roots that are looking for water. They extend at least as far away from the trunk as the tree is tall.

Plant pathologist Harold Kaufman said trees that do best in this area are pecan, red oak, Chinese elm, Siberian elm, fruitless mulberry, Chinese pistachio, red bud, cedar elm, juniper, Mexico pinyon pine, black pine, bur oak and Austrian pine.

Several trees in our area need iron. They include Bradford pear, silver maple, weeping willow, globe willow, catalpa and sweet gum. Using a fertilizer that includes this common mineral can help your trees to live longer.

Rain falls

The Sherley Anderson grain elevator in Lariat reported 1 29/100 inches of rain for last week.

The Sherley Anderson Pitman grain elevator in Farwell reported 2 3/10 inches, and the Sherley Anderson grain elevator in Lazbuddie reported 1 1/2 inches of rain.

The Friona area reported having 1 1/10 to 3 inches of rain.

Judge Herrington discusses higher ticket workload

by Greg Qualls

If you've driven through Texico lately you've noticed an increase of the amount of motorists getting pulled over for speeding.

Municipal Judge George Herrington of Texico commented on the recent increase.

He said that last month the marshal's office (four officers) gave out about 260 tickets. The fines added up to a total of \$10,770.

He said that most of these tickets come from people traveling through, and they come from all over the place: New York, New Jersey, Florida, Virginia, Indiana, Utah, California, and Arizona.

Judge Herrington said that

the main excuse given for the speeding is that they thought the speed limit was 75 mph.

The stretch between Texico and Clovis is one of the last four-lane highways in New Mexico that is 55 mph. Most four-lanes are 65 to 75 mph now.

The reason for it being 55 mph is it is the worst strip of road in New Mexico, according to Judge Herrington. Even with the cosmetic job they did on it recently, it is still not safe to drive high speeds on it.

The state is talking about repairing it someday, though. But when it happens they will have to tear it down all the way to the base and start all over. Then maybe the speed limit can be raised.

Helen Webb, formerly of Pleasant Hill, will celebrate her 90th birthday on Saturday, Aug. 14 at Parkview Elementary, 13th & Hickory, in Clovis. Helen was born Sept. 15, 1909, in Plankinton, South Dakota. She has 3 children, 9 grandchildren and 6 great-grandchildren. The family will have a covered dish luncheon at 11:00 and wish to invite those who can join them. The celebration will be a come-and-go reception from 2 to 4. Helen's children, Ilene Webb Cash, Odell Webb and Leon Webb will host the celebration and request that no gifts be brought.

Farwell High changes bell schedules

A reminder for all new students attending Farwell High School:

All students will meet in the high school auditorium for orientation at 8:06 Monday morning and will receive their class schedules, school handbook, tardy policy, bell schedule, school calendar, lunch forms and student insurance forms.

Parents should check with their children and sign these forms so they can be returned promptly to the office.

If you have had a change in address or phone number, please remind your child to notify the office so that the correct changes can be made.

A change has been made in the bell schedule and is as follows:

8:06	first bell
8:10 to 8:55	1st period
8:59 to 9:44	2nd period
9:48 to 10:33	3rd period

(critical period for atten-

dance), please do not schedule appointments during this time)

10:37 to 11:22	4th period	1:03 to 1:50	6th period
11:26 to 12:15	5th period	1:54 to 2:41	7th period
12:15 to 12:59	lunch; students cannot leave campus without an "Open Campus Consent" form signed by parent in the office	2:45 to 3:32	8th period

The Latest

Word has been received of the death of Paul Brock, father of Jeannie Heacock.

Jeannie's husband, Larry, is a former minister at Hamlin Memorial United Methodist Church.

Special note to Texico motorists:

Some of the stop signs have been reset in Texico to slow traffic down.

A bridal shower is planned to honor Ginny Mitzelfelt, bride-elect of Rick Botello, on Aug. 14 from 10:30 to 11:30 a.m. at the First Baptist Church of Farwell parlor.

The Tribune reported last month that Texico city employees received 2.5 percent pay raises.

It was learned this week that there was an exception to that:

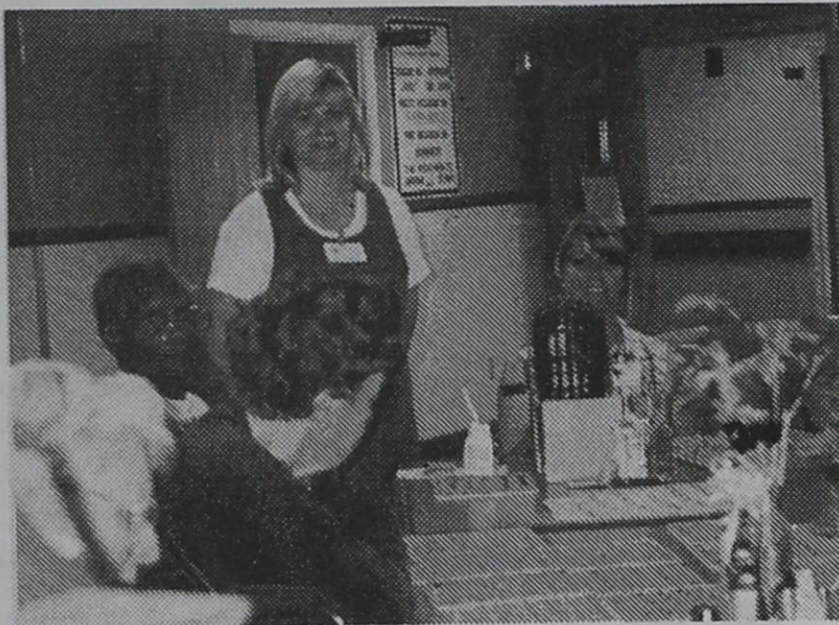

A higher pay raise was given city marshal Kelley Brophy.

Mayor Marie Christian said that higher pay hike was agreed upon last year when Brophy was hired, thus the reason for the exception.

The time and date for the annual Texico-Farwell football scrimmage had not been finalized at newspaper deadline time this week.

It will be held either Aug. 20 or 21.

The time and date will be announced in next week's Tribune.

Bingo!

Activities Department personnel Debbie Parmer, director, and Debbie Markham, assistant director, play Bingo with residents at the Farwell Convalescent Center.

Reading program begun

by Greg Qualls

Farwell Schools are starting a new reading program in the elementary school this semester.

It's focused on kindergartners through second grade.

The purpose of the reading program is to get all of the students reading at their own grade level by the time they reach third grade.

This is to solve many problems that come along later in school and life from not being able to read.

School Supt. Larry Gregory stated that the new reading

Hoopsters rated

The first Texas Association of Basketball Coaches rankings are about to come out and Farwell teams are right up there.

The Lady Blue are ranked 3rd in Class 2A, while the Steers are ranked 6th.

Farwell Supt. Larry Gregory believes this is the highest both teams have ever been ranked (at the same time).

program will be using two new types of ways to teach reading: "Reading Recovery" and "Balance Literacy."

These two teaching styles are based on the latest research that tells how children become literate.

There will be two teachers instructing these styles this year, Kim Cates and Twila Bickel.

Mrs. Cates has already taken one year of schooling at

West Texas A&M University toward getting her certificate to teach the new program.

And Mrs. Bickel is starting her classes this year.

A considerable amount of money has already been put toward the new program also. The school has spent \$10,000 on the books alone.

But it is all worth it, if it will make the students better in the long run, noted Gregory.

Business of the Month

Presented by the Farwell Chamber of Commerce

Steve Pierson

Priscilla Herington

Rodney Herington

Oklahoma Lane Ag Center

Oklahoma Lane Ag Center, Inc., opened in January 1995 on Highway 1731, about 6 1/2 miles south of Bovina. The manager is Steve Pierson. Employees are Rodney, Priscilla, Lisa and Sarah Herington.

The business opens at 8 a.m. until "whenever," as Pierson jokingly put it. The phone number is 825-3600.

Oklahoma Lane Ag Center sells tillage tools, harvest machines, spray equipment, grain karts and boll buggys.

Its major suppliers are Sunflower Manufacturing Co., Orthman, Bush Hog, Sam Stevens, and Dickey-John.

In their parts department, you can find a large variety of supplies: spray parts, sweeps and points, bearings and seals, hand tools, parts for Sunflower, Orthman, Bush Hog and Dickey-John, bolts, oil and filters, and farm diesel supplies.

"C'mon by and say hello," says Pierson. "We'd be glad to help you with your farming needs."

Farwell Convalescent Center is here to serve you and your family. Whether you are a senior citizen needing a beautiful, affordable apartment, or a person of any age needing physical, occupation or speech therapy, we are here for you. Farwell is also known throughout the region for quality loving care for those who need nursing home care. We are here for you. Call today for more information!

Top Ten Reasons

why you should get rid of your answering machine and get ENMR • Plateau Voice Messaging.

10. When your spouse leaves a message saying, "I love you," no one else can listen to it but you.
9. The school nurse called, but couldn't leave a message because the power was out.
8. The electrical storm last night fried your machine ... again.
7. Ed McMahon called to tell you that you won ten million dollars, but your machine didn't pick up because you were already on the phone.
6. E.T. phoned home, but the tape was full.
5. Your machine totally stopped working and you have no idea what you did with the User's Guide (which you never understood anyway!).
4. Right after your boss's message said, "... and I want it on my desk by ...", the tape jammed.
3. The message from the IRS said, "This is the fourth time we've left a message about your return." You wonder who took the first three and didn't tell you!
2. The dog chewed up the tape before you could hear your in-laws' message telling you they were arriving tomorrow for a surprise visit.

Steers at practice

43 turn out for Steers' practice

by Greg Qualls

Farwell Steers Football Head Coach Brent Terry says he is hoping for good things this year, but anything can happen.

Coach Terry said things are looking good for the Steers this year. The district champs, who were 9-2 last year, started practice Aug. 4 and had had a good turnout.

Coach Terry said that they had about 43 kids show up this year.

"We've got a bunch of kids with good attitudes," he said. The workouts are a lot better this year because of that fact.

Coach Terry also said that he had more kids lifting weights this summer than the whole time that he has been coaching here.

There will be six seniors coming back on defense and five on offense.

Tyler Chadwick will be the Steers quarterback again this year. Chadwick passed for

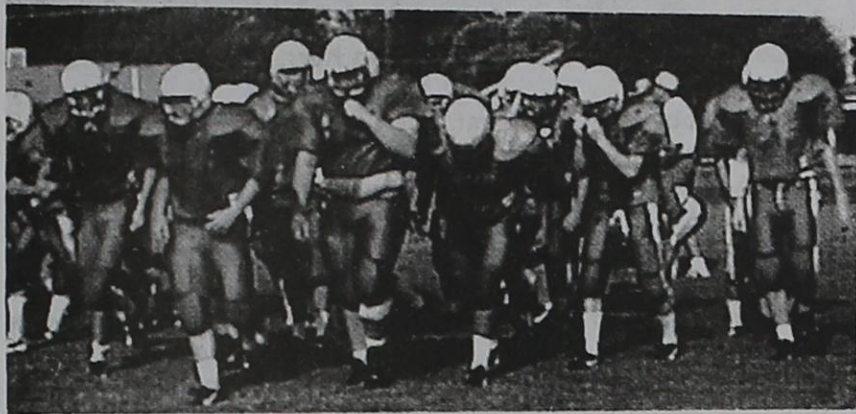

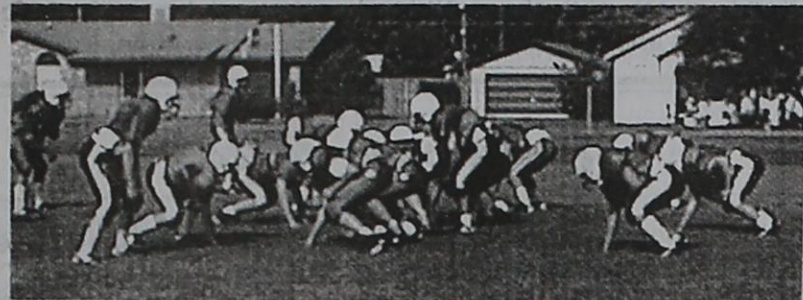

over 800 yards last year.

Coach Terry said that this year's defense is going to be based primarily on their line. The defensive line is composed of Grant Opplinger,

Clint Corn, Joel Barrett, and Paul Franse.

"They're going to be the playmakers," the coach said. Overall, he is looking forward to a good year. He said

that it is already getting to be fun as some of the sophomores and juniors are pushing for positions, putting some pressure on the seniors.

Extra dispatcher approved

The Parmer County Commissioners on Monday approved hiring an additional dispatcher for the sheriff's office.

The commissioners also are looking into having the trees on the courthouse lawn pruned.

They also met with county appraisal district honchos Ron Proctor and Curby Brantley to discuss upcoming tax values.

Brantley reported on the

effective and rollback tax rates and calculations will be finalized shortly.

The Tribune will carry the amounts for governmental entities in next week's issue.

Fire Calls

The Farwell ambulance took a person from the Farwell Convalescent Center to Clovis hospital on Aug. 10.

It's a Boy

Michael and Elva Gloyna announce the birth of a son, Zachary Michael, on June 6.

He weighed 7 lbs. 8 oz.

He has a sister, Madison Rae, 2.

Maternal grandparents are Bill and Sally Whitesides of Farwell.

Paternal grandparents are Agnes Aitken of Austin and Emmett and Debarah Gloyna of Edna, Texas. A great-grandmother is Helen Meissner.

Thank you

On behalf of our area law enforcement agencies and Parmer County Crime Stoppers, we would like to thank Daren Sudderth and all who helped him in the recent highly successful fund-raising drive for Parmer County Crime Stoppers. And we especially thank those folks who contributed to the fund-raiser. It was sincerely appreciated.

Walt Yerger
Parmer County Sheriff

Opinion cited

On June 18, Les Barnes, 30, of Lazbuddie, was found dead in his truck in San Bernardino, Calif.

He was a truck driver for Artic Coastal Transport Express.

The San Bernardino County chief medical examiner has given the opinion that the cause of death was chronic drug abuse.

Combest reports on 1999 agricultural bill

From Cong. Larry Combest:

The U.S. House Committee on Agriculture on Aug. 3 finalized proposed improvements to the federal crop insurance program, designing a bill to attract more farmers and ranchers purchasing policies through improved crop protection and the development of new coverage for lost market revenue and livestock losses.

H.R. 2559, "The Agriculture Risk Protection Act of 1999" meets the commitment of Agriculture Chairman Combest to affordable, flexible coverage based more closely on productive capability than the financially harsh APH (Actual Production History) formula. Instead, the committee bill allows farm-

ers to exclude the recorded yield in any crop year when such yields are below 60 percent of the transitional yield and to replace it with a yield equal to 60 percent of the applicable transitional yield. Combest said improved coverage and increased federal premium assistance provide incentives for producers to reach out to a strengthened farm safety net.

"Too many producers are forced into the financially risky decision to work without a crop insurance safety net, judging that policies are not effective in coverage nor cost," said Combest. "Unpredictable weather damage and fluctuating world markets threaten farm families with a financial free-fall. This bill's insurance against crop, livestock and revenue losses offers more secure anchors for a stronger safety net that producers need and want."

Premium assistance levels would increase as follows: for 50/100 coverage from the current 55% to 67%; for 55/100 up from 37.8% to 64%; while 65/100 assistance increases from the current 41.7% to 59%; for 70/100 assistance rises from 31.9% to 59%; for 75/100 assistance goes from the current 23.5% to 54%; for 80/100 the assistance rises from 17.3% to 40.6%; and for 85/100 coverage the premium assistance increases from 13% to 30.6% under the legislation approved by the Agriculture Committee. (As an example, a 65/100 policy is shorthand for 65 percent yield coverage that sets a 35 percent deductible for the farmer, that will pay 100 percent of the USDA-set price for the yield.)

Included provisions of the "Agricultural Risk Protection Act of 1999"

-- Affordable coverage at every level, with strong incentives to purchase higher levels of protection and new flexibility for producers to choose the level of coverage that best meets their needs.

-- More affordable policies to protect farmers against price and income loss, in addition to production loss.

-- Encouragement of greater flexibility and diversity of coverage by expanding policy development and providing incentives for the creation of new policies.

-- Introduction of a livestock pilot program to test the effectiveness of risk management tools to protect livestock producers.

-- Strong compliance and enforcement provisions against fraud, waste and abuse through substantial sanctions for violations and monitoring by the Farm Service Agency.

Sheriff's Report

Here is the weekly report from Parmer County Sheriff Walt Yerger:

In the pre-dawn hours of Aug. 5, the Parmer County Special Operations Group executed a search warrant on a home 1.5 miles west of Friona.

Amando Perez, 21, of Friona, was arrested by the sheriff's office and charged with manufacturing and delivery of a controlled substance. The case is pending before the grand jury.

Evette Bautista, 18, of Friona, was arrested by the sheriff's office on a charge of possession of a controlled substance. The case is pending before the grand jury.

Officers from the sheriff's office and Farwell Police Chief Roy McGaa seized less than 2 ounces of marijuana, \$120 in cash and about 19 grams of cocaine with an estimated street value of \$1,910.

The warrant was the result of an investigation which began on July 20.

In 287th District Court with Judge Gordon Green presiding on Aug. 3:

-- Hugo Federico Holguin, 29, who has been in the Parmer County jail, was sentenced on a charge of possession of a controlled substance, receiving 3 years in the Texas Department of Corrections, probated for 3 years; \$266 court costs, \$500 fine, and loss of driver's license for 180 days; and was sentenced on a charge of aggravated assault of a peace officer, receiving 7 years in the Texas Department of Corrections, probated for 7 years; \$266 court costs; \$1,000 fine; \$438 restitution; and 320 hours of community service.

The Parmer County clerk's office issued marriage licenses last week to Jeremy Roth and Amanda Pope; Jeffrey Williams and Rebecca Moore; and Christopher Cariker and Miriam Vasquez.

PEOPLE YOU KNOW, COMMUNICATIONS YOU TRUST.

This is another picture of Texaco Oil and Gas. If you notice the fence between the horse barn (left) and the office (right) isn't there today. That's because some horses got spooked one day and ripped it out of the ground. You can even see the tracks where the train use to drop off the oil in the back of the office.

This is a picture of Texaco Oil and Gas from 1920. If you look to the right of the picture you can't see Farwell. Where is Farwell Hardware and Security State Bank? And look, Avenue A is a dirt road. Also, the tank to right on the picture is hand made. It holds 20,000 gallons of gas and each rivet on it was put in by hand.

Texaco Oil & Gas business goes back a bunch of years

by Greg Qualls

If you had to stop and think about it, what would you say is the oldest business still running in Farwell? I'll give you a hint; it isn't the newspaper. The oldest running business in Farwell is the Texaco Oil and Gas Co. Otherwise known as the former Lovelace Oil.

Texaco Oil and Gas has been around since 1910, when it was originally owned by the Texas Company. J.L. Walling was the company's first manager back in 1910. Following him was a Mr. Williams. No one knows what his first name was; they just know him as Mr. Williams.

After Mr. Williams, Richard Hunter became the manager. Hunter ended his job as manager in 1942, a suicide. Pat Howard, the current manager, says that there was still a bullet hole in the corner of the office from when Hunter tested to make sure his gun shot.

Bill Moss was the last manager at the business before Woodrow Lovelace bought it and changed the name to Lovelace Oil. A few years later Lovelace's nephew, David Snider, bought it from him and kept the name. The business last changed hands in April of 1996 when Helton Oil Company bought it and changed the name to Texaco Oil and Gas Company.

Just recently, Howard noticed the outlines of some of the old signs that were painted on the side of the building and talked to Hal Helton about restoring them. Helton had his son, Kyle, and Val Vause restore the signs. The restored signs can now be seen on the side of the office and the old horse barn.

Howard and Helton showed me around the place and you could just see the history that runs through it. From the bite marks in the wood beams in the horse barn to the building that was raised to the height of a horse wagon you could see that this business has been around awhile.

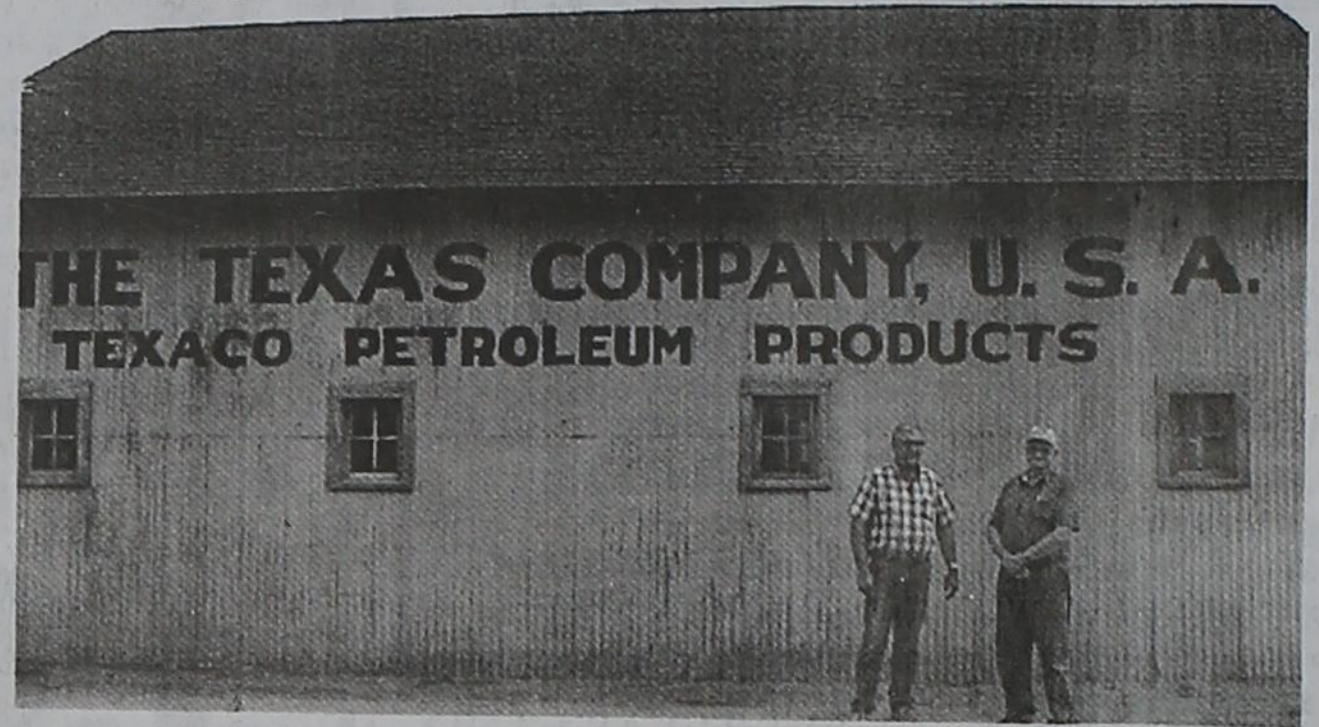

Crops tour planned

The Parmer and Bailey county extension services will have their annual crops tour on Aug. 20.

It will include field sites such as Bt cotton plot, 15 vs. 30 inch row cotton, Roundup Ready Variety trials, tour the new Parmer County Cotton Growers Cooperative gin east of Farwell and have guest speakers.

The tour will start at Mule-shoe Co-op Gin and registration is from 8 to 8:30 a.m. No fee is included. Lunch and CEU's are provided.

For more information, call the extension office.

The Latest

Linda Porter, of Farwell, found a black puppy last week. If you think it is yours please call her at 481-9537.

The Pleasant Hill Pals met at the Farwell park on July 31. Instead of a meeting, they set up a concession stand for the Border Town Days celebration. They sold hamburgers, pickles, homemade pie, and drinks. The concession stand was a big hit.

A Farwell resident was recently the target of a scam which made the rounds of the Panhandle about 7 years ago. Folks receive a letter from "the senior brother of the former Minister of Finance in Nigeria" and they need someone to help hide \$500 million in the U.S. For helping, you will get millions, too. You can help by giving your name, bank account number, etc.

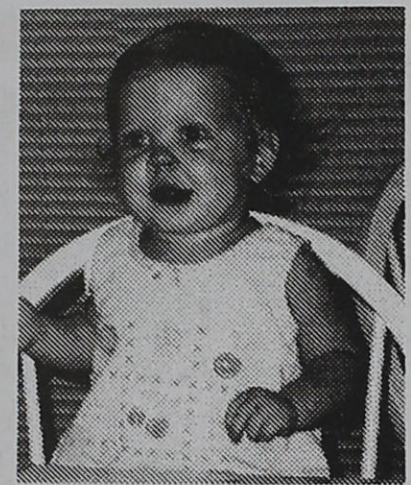

The scam letter is so stupid that it says the \$500 million is for the "provision of relief materials to troubled sports in West Texas Sub-Regions."

However, when the scam first surfaced years ago, several Texas residents gave out their bank account numbers -- much to the delight of the criminals who took advantage of them.

The Parmer County 4-H Awards Banquet will be Aug. 31 at 7 p.m. at the Farwell Community Center.

Having fun at a monthly birthday party at the Farwell Convalescent Center were, from left, clown Liz Worm, a charge nurse; resident Ora Justus, and Doreen Lucero, activity assistant.

1st birthday

Megan Castleberry, daughter of Lance and Amy Castleberry, of Benbrook, Texas, recently celebrated her first birthday.

Attending were her parents and her sister, Lexi; James, Cindy, Taylor and Cole Castleberry, of Benbrook; and Betty Jean Kelley.

Grandparents are Randy and Betty Jean Kelley, of Farwell; Barney and Gwen Rush, of Denver City, Texas.

Great-grandparents are Johnye Eubank, and Ray and Pauline Castleberry, all of Farwell; and Norman and Mabel Schlenker, of Shiner, Texas.

AGENDA
PARMER/BAILEY COUNTY CROPS TOUR
AUGUST 20, 1999

8:00 a.m. - 8:30 a.m.	Registration at Muleshoe Co-op Gin
8:30 a.m.	Stop 1 Depart and view Cowpea Variety Trial near Gin
	Stop 2 Cowpea Inoculation Trial on Hwy 84 Calvin Trostle Extension Entomologist-Lubbock
	Stop 3 Pix, Pix Plus, Pix Ultra Strip test on narrow row cotton 2 miles east of 1731 on Hwy 84 Tim Culpepper, BASF
	Stop 4 Bt cotton vs conventional 1 mile west of intersection of 1731 and 3125 Jim Leser, Extension Cotton Entomologist-Lubbock
	Stop 5 Ultra narrow row cotton vs 30" cotton variety trial 1/4 mile south of Farwell on Stalene Road Randy Boman, Extension Cotton Agronomist-Lubbock
11:30 a.m.	Stop 6 New Parmer County Coop Gin, East of Farwell on Hwy 84 Tour new gin Ron Riley, Gin Manager Boll Weevil Update Northwest Plains Eradication Zone Noon Meal 3 CEU's provided

For definite Stop Times, call County Agent Cody Hill at 481-3619 for further information.

Speaker will be Dr. Lance Keith, a professor at Texas Tech University in the ag education department.

An orientation was held on Tuesday for the new Life in Christ Academy pre-school.

Board chairman Gary Haseloff said there are three openings left -- one for a 3 year old and 2 for 4 year olds. Classes start Aug. 17. There is a \$25 registration fee and tuition is \$60 a month.

The fee, first month tuition and all immunization records are due by the first day of classes.

For more information, call Haseloff at 481-9453 or the St. John Lutheran Church at Lariat office at 825-2409.

The Border Town Days Committee held its wrap-up meeting on Monday to pay bills and discuss ways to make next year's event bigger and better.

The Lazbuddie Longhorns will have their first scrimmage on Friday, Aug. 20, at 5 p.m. against Groom at Silverton.

The second scrimmage will be on Aug. 27 at 6 p.m. against Wilson at Lazbuddie.

Marshal's Report

Here is the weekly report from Texico Marshal Kelley Brophy:

Texico police will man two checkpoints in town, checking for DWI, insurance and registrations, twice between Aug. 16 and 29.

Time Your Cotton Harvest to Maximize Bottom Line

With cotton harvest, timing is everything. Harvesting a week late can mean nearly \$30 an acre in yield and grade loss to your bottom line. That's why it's important to use a cotton harvest aid that stimulates the maturing process of cotton bolls and desiccates crop and weed foliage for a quicker, more efficient harvest.

Connie Banks
 Zeneca Ag Products

CYCLONE® harvest aid stresses the cotton crop and forces the transfer of nutrients from leaves to bolls to accelerate maturation. This allows growers to harvest more mature cotton with open bolls earlier in the season.

In addition, Cyclone acts as a desiccant, killing foliage abruptly so leaves fall from plants and weeds. Cyclone reduces unwanted cotton foliage and kills weeds for a faster, cleaner harvest.

- When used in a harvest aid program, Cyclone allows growers to:
- increase cotton yields by cracking more mature, unopened bolls
 - schedule cotton harvest and reduce harvest problems
 - reduce regrowth of cotton foliage after cutout
 - eliminate late-season weed problems
 - improve lint quality and gin turnout by reducing levels of green foliage at harvest.

Apply a tankmix of Cyclone with phosphate or chlorate defoliant when bolls are 80 percent open and remaining bolls to be harvested are mature. When tank mixing with other defoliants, such as Def®, Folex®, Dropp®, Harvade® and Prep™, treat when bolls are 60 percent open and remaining bolls are mature.

After cotton has been properly defoliated, use Cyclone to open mature bolls and desiccate green weeds when 75 percent or more of the bolls are open and the remaining bolls are mature.

Let Cyclone help you plan your harvest aid program. The better your timing, the more lint you'll put through the gin. For more information about Cyclone, contact your local ag chem retailer.

Exceed Your Expectations at CCC This Fall!

Fall 1999 Registration
August 17 - 27
 Classes begin August 23

Enroll in any of 30 Associate Degree & eight Occupational Technology programs.

Football drills are under way

Wolverines start workouts

The Texico Wolverines started practice on Aug. 9. Coach David Lynn said he is optimistic about this year, but at the same time cautious.

Coach Lynn said that they are further ahead than they were last year at this time. It is a little easier for him since he has been here for a year now.

The Wolverines have one of the fastest teams in the state in certain positions, according to Coach Lynn. Also, they have a pretty good sized line this year. That is a bit surprising since there are only two seniors on the team.

The Wolverines are looking forward to having Ryan Autrey back at quarterback. Autrey missed much of last season after he broke his collarbone.

Coach Lynn said they are looking for big things from Josh Boazman, who will be playing tight end.

Eric Smith is also going to be a key player for the team at the running back position.

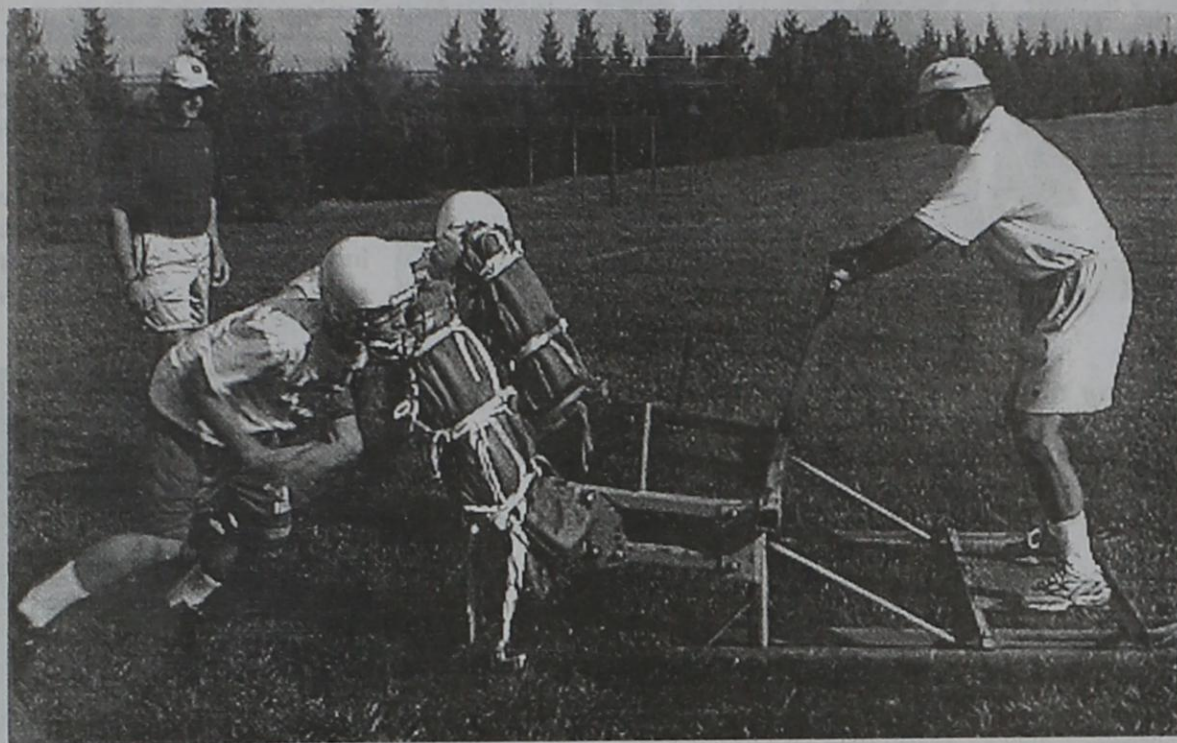

Overall the team is looking good on offense.

Coach Lynn stated that they are a little inexperienced

at the linebacker and defensive end spots for defense. The team is going to have to have four to five players step up and take over those positions.

Other than that, Coach Lynn said that the secondary and the line are looking good.

He said that the team is going to pretty much play a simple defense this year. The main goal is to get a lot of people to the football.
