

Texas Bank's Customer Lives 7,000 Miles Away

HUDAN, Nov. 16. (AP)—The first National bank here has a customer who lives nearly 7,000 miles away, on the west coast of South America.

He is E. L. Slaughter, an official of the International Petroleum company at Negritos, Peru. He comes here to Sudan on vacation to look after his farm. It's more convenient to bank here than at Negritos, he explains.

WHY?

Why is the Pastor's Association of Big Spring sponsoring a campaign to oust Liquor and Beer from Howard County. Here is part of the answer:

- 1. Ninety percent of all crimes are influenced by drink.
2. 55 per cent of insanity is caused by liquor. In Texas according to the head of the system for mental care, we cannot build insane asylums fast enough to take care of the tremendously rapid rate of insanity, and many are now in county jails because there is no room for them in our ever-expanding system of mental hospitals.
3. Before prohibition was repealed, 28 per cent of Federal prisoners were in the penal institutions for liquor offenses, but now 52 per cent of them are there on account of liquor. The prison population has INCREASED AT THE RATE OF 25,000 annually in the years since repeal.
4. Seventy-five per cent of broken homes are caused by liquor. In a recent term of District Court in Howard County there were 104 divorce cases on file. Liquor was to blame for most of these.
5. Since repealing Prohibition, 84 people have been killed on our highways every day in the United States, by drinking drivers. More than 50% of all traffic accidents are due to liquor.
6. More than three times as many young women and girls are selling beer and liquor in the United States than are in ALL Colleges and Universities. According to investigations and statistics from J. Edgar Hoover and Courtney Riley Cooper, the average time for such a girl to remain innocent and pure, after beginning work in such occupation, is only six weeks. Of course some do remain clean and pure, but the number is tragically few.
7. Dry towns in West Texas are far ahead of wet ones in business volume, proving that Prohibition helps instead of hinders business. Abilene is a case in point. Liquor takes \$8.50 for every \$1.00 paid in taxes in the U.S. It hurts everything, and helps nothing.

Aren't you with these Religious Leaders on this question? Then TALK UP THE DRY CAMPAIGN, VOTE DRY, and BRING OTHERS OUT ON Nov. 23!

Congress Will Meet Monday

WASHINGTON, Nov. 16 (AP)—Congress, after a five week holiday for the national election campaign, will reconvene Monday to face the question of whether to take up half a dozen provocative issues or end its 11 months session.

Democratic senate and house leaders are hopeful that the legislators will agree to quit. Opposing adjournment are the republican minorities in both senate and house and some democrats who argue the uncertain state of international affairs make it advisable for congress to stay on the job.

Nominally, congress has been in session in recent weeks but, under a gentlemen's agreement has done nothing since October 11 except meet and recess for three-day periods.

Democratic leaders have not decided on the date they will propose for adjournment, although saying it will be some time next week. A decision may be reached after their weekly conference Monday with President Roosevelt. If the adjournment proposal should be defeated, leaders may be forced to give consideration to demands that the senate take up the Walter-Logan bill which proponents say would facilitate court reviews of actions by federal administrative agencies.

Chalk	7,721.44
Fairview	144.01
Richland	354.61
Green Valley	74.67
Vealmoor	189.49
Hyman	190.30

Gay Hill, Foreman, Elbow, Cauble, Moore and Vealmoor shared in distribution of delinquent funds.

1,051 Howard People Join Organization

Halfway mark in the Red Cross Roll Call in Howard county has not been reached, Mrs. Ray Lawrence, drive chairman, announced Saturday night.

To date, 1,051 members have been signed, while the quota is 2,500. In 71 business firms, 100 percent of the employes have joined.

Mrs. Lawrence issued an appeal for officials of women's clubs to hasten work of signing up club members. "This campaign is being staged almost exclusively by women this year," the chairman pointed out, "so it depends on women to show what can be done with the responsibility."

Attention has been called to a Roll Call radio station to be heard over all three major radio networks at 1:30 p. m. Sunday. Such leading radio figures as Edgar Bergen and Charlie McCarthy, Amos 'n Andy, Don Wilson, Martha Tilton, Benay Venuta will participate. The Assembly of God church has released its regular time on KBST Sunday afternoon in order that the Red Cross program may be broadcast locally.

Firms with 100 percent membership recently completed include Carnett's Radio Service, Moore school, Texas Electric Service, Hotel Settles, office of Mrs. Ida Collins, Elliott-Waldron Abstract company.

Following are part of the members signed up. Others will be published daily:

Seated Tea Given By Hyperions

Mrs. William Dingus of Lubbock was presented in a program Saturday afternoon at 3 o'clock at the Settles hotel by the Hyperion club and spoke on her travels in Europe.

Mrs. Dingus pointed out that she went to Europe not just to see the scenery but to judge events and people. She traveled through many countries last year and at that time there was no sign of war visible to the visitor in England, Denmark, Sweden or Switzerland. She traveled in Berlin where she pointed out that the stress of war was on the faces of the citizens in contrast to the carefree people of the Scandinavian countries.

Then she went to Paris where rumors of war and preparations for war were rampant.

Mrs. Dingus suggested that American young people should be taught pride in the American way of life as a safeguard for democracy.

The tea table was lace-laid over a gold background and centered with a bowl of yellow and white chrysanthemums and marigolds. Yellow tapers in triple crystal holders were on either side of the centerpiece. Silver service was at each end of the table.

Mrs. J. T. Brooks and Mrs. C. W. Cunningham presided at the service and assisted by the social committee composed of Mrs. R. T. Piner, Mrs. William Tate, Mrs. R. B. G. Cowper, Mrs. R. T. Cardwell.

Mrs. V. H. Flewelen met the guests at the door and in the receiving line were Mrs. Dingus, Mrs. Van Gleason, Mrs. R. Lee Hanson, Mrs. J. B. Young, Mrs. Lee Hanson presided at the register.

Hyperion members dressed in floor length afternoon gowns. Others registering were Mrs. J. P. Dodge, Mrs. Charles Lozano, Mildred Greath, Marjorie Taylor, Mrs. H. A. Stegner, Clara Pool, Mrs. R. E. Chittwood of Lubbock, Mrs. Seawell Smith, Mrs. King Sides.

We've built a big new car

around a world-famous engine!

SINCE we introduced the first, and still the only low-cost V-8 engine, nearly 7 million of them have rolled out to win respect for Ford performance, and win records for economy along the way!

Today, at your Ford Dealer's, you will find that famous engine in a brand new car. It is the most comfortable Ford we've ever built. And far the finest-riding.

Wheelbase has been lengthened. New bodies are so big and massive that you find as much as 7 inches greater seating width... nearly 4 square feet more glass used in sedans.

And you'll find a new Ford ride this year. New in softness. New in quietness. A ride re-engineered throughout... from softer, slower-acting springs to new and far more rigid frame.

Before you choose a car this year... get into this new Ford. Take the wheel and try its power. Look around you at its bigness. And by all means test its new kind of ride!

Thirty-Five Hopefuls Answer Call For Basketball Team

Experience Lacking In 1940 Roster

Big Spring high school's Coach John Daniels' call for basketball material has been answered by 35 hopefuls. Preparing for the season that opens with an exhibition game with the be-whiskered House of David cagers, Daniels has spent the last week in giving his basketballers a series of workouts intended to knock the rough edges off ball-handling.

Biggest problem facing Big Spring will be lack of experienced hands, only one man, Tabor Rowe from last year's first-stringers being on tap. Best looking prospects for carrying on lead-off assignments are those who had a small bit of action under fire last season.

Daniels is not looking for much trouble in taking care of the tip-off man slot, having two timber-toppers in Peppy Blount and Reeves Stuterville. Both cagers, although non-lettermen, saw competition in last year's rounds and are now giving indications of making a good showing in the coming season.

The fight for starting chores in forward positions will probably develop into a four-way scramble. James Fallon, Blake Talbot, David Lamun and Robert Smith are right now looking the best bets for Big Spring's advance men. Fallon and Smith have a height that works to their advantage, but Lamun and Talbot are a couple of compact speedsters who have shown a high degree of court maneuverability that should make up for what they lack in reach.

Bennett Reeves, Tabor Rowe and Horace Bostick are slated to place. Reeves is already turning out for drill, while the other two are due to hit training grinds at the close of football season. All three have seen service with Big Spring before.

Daniels stated he will be able to put a team on the court that will average 6-11" and might be supplied with material to make up a team of six footers.

Last year, Big Spring made a fifty-fifty showing in the district, but was beat out in the initial round in the district meet.

As yet, Big Spring has not taken up detailed workouts on plays. Daniels predicted that he would very likely base his defensive tactics on a man to man system.

Amateur Boxing Interest Grows

Interest in amateur boxing at the Thursday night boxing sessions at ABC park is increasing each week. Rope jumping, heavy and light bag-punching, callisthenics and sparring bouts between the more improved boys is the usual routine at the workouts.

The most outstanding amateurs who attend the sessions are Nosh Hull, Billy Joe Weatherly, Columbus McDaniel, Joe Kirkland, Walter Cook, Jiles Patton, George Weinkauf, Ben C. Kirkland, Don Richardson, Billie Eppler, Junior Cook, Harry Hunter, R. L. Myrick and Andy Daylong.

Boxing has been the most popular activity the past week at Birdwell playground.

TURKEYS AND GOLFERS TANGLE TODAY ON MUNICIPAL COURSE

Turkey hunters will gather today for their third annual search at Big Spring's municipal golf course, but, according to rules installed by Harold Akay, Muni pro, hunting will be done with curved-headed clubs instead of guns. This is the third year this event has been held in order to fill the larders of those more proficient, and some not so proficient, golfers.

A twenty-five cent entry fee will be charged those entering the chase. Turkeys will be awarded on the basis of blind bogey. Akay reports that greens 12, 13, 14 and 16 will be finished by the first of the year. They could be played now but there is a likelihood of the new turf not being able to stand the gaff for another month or so.

All told, the Muni course is well prepared to take care of contestants today. Akay has the turkeys staked out, the weather looks promising, and there is a demand for the Thanksgiving Day star performer, so a good lineup is expected.

Raiders Defeat Wake Forest In 12-7 Thriller

LUBBOCK, Nov. 16 (AP)—Texas Tech's Red Raiders remained among the nation's undefeated grid machines with a 12-7 victory over the big, fast Deacons of Wake Forest here today.

A homecoming crowd of 10,000 watched the Raiders thwart all Deacon scoring attempts after the first quarter and come from behind in the third to take their seventh game of the year.

Tom Douglas, junior end who replaced injured Charles Dravack, ran away with backfield honors with a running attack that split Wake Forest for long gains.

Wake Forest threatened almost continuously with Quarterback J. V. Pruitt's passes.

The Deacons were kept under control on the ground by a rushing, smashing Tech forward line led by Clarence Tilley, lanky junior end.

Wake Forest struck in the first period, after recovering a punt fumbled by Tech's C. L. Storms on the Raider 25. Tony Gallovich broke through to the 16. Then Pruitt circled the Tech left end for the touchdown. Gallovich booted the extra point.

Midway in the second period, Douglas, Red Amnett and Don Austin advanced the ball 47 yards to the 41 from where Douglas sprinted through the Wake secondary for a touchdown. McKnight's try for point was wide.

Douglas piloted the Raiders to the winning touchdown in the third with long runs, climaxed by a 15 yard sprint to the Wake Forest 3. There Roger Smith lobbed a pass over the goal line to End Bing Bingham for the touchdown. Smith's pass to Bingham failed for the extra point.

Lineups and summary: Wake Forest Pos. Texas Tech Jett ... Left End ... Preston ... Left Tackle ... Givler ... Left Guard ... Pendergast ... Center ... McCurry (C) ... Right Guard ... Rubino ... Ledbetter ... Right Tackle ... Scott ... Right End ... Pruitt ... Quarterback ... Polanski ... Left Halfback ... Gallovich ... Right Halfback ... Ringgold ... Fullback ... Wake Forest scoring: touchdown, Pruitt; point after touchdown, Gallovich (placekick). Tech scoring: touchdown, Douglas, Bingham.

Lamesa Takes 21-0 Drubbing From Abilene

Eagles Win First Home Game Since 1938 Season

ABILENE, Nov. 16 (Spl)—Lamesa's Golden Tornadoes were never able to get up full steam throughout their conflict with the Abilene high school footballers at Abilene Friday afternoon, thus letting the hosts chalk up their first victory before the home-folks since 1938 with a 21 to 0 score.

Playing without the services of their stellar half-carrier, Gus White about half of the game, the Tornadoes failed to carry out any serious threats against Abilene. During the first half Lamesa did not advance beyond Abilene's 50, and moved only to the 35 in a weak attempt in the final frame.

Lamesa's White has been ailing with a touch of flu and was below par in playing form. Abilene started battering Lamesa defenses from the opening gun. First blood was drawn in the second period, another marker was chalked up in the third canto, and final touch was made in the closing quarter.

Gene Dalton and Jim Brennan, carried ground-gaining burdens for Abilene. First tally was made for Abilene by Fullback Brennan. Abilene eliminated a drive that started on their own 45 with Dalton's dash to Lamesa's 44 by going over for the counter on a series of slashes through the Tornadoes' light line.

Abilene threw its only pass of the afternoon during these maneuverings when Dalton's heave to Tate was good for 7.

The second march by Abilene for paydirt covered 69 yards. Dalton stepped across for the strike after taking a lateral flip from Brennan. Dalton took credit for Abilene's fourth quarter score to wind up the afternoon's roundelay.

Starting lineups: Lamesa—Blair and Myers, ends; Morgan and McBride, tackles; Roberts and Oswald, guards; Carmichael, center; Barnard, quarter; Patrell and Calhoun, halves; Cates, fullback.

Abilene—Troutman and J. Collins, ends; R. B. Hendricks and Cowan, tackles; T. Collins and Hackney, guards; Patton, center; Dalton, quarter; Sellers and Jarrell, halves; Brennan, fullback.

Substitutions: Lamesa—White, Smith, Boyd, Jeter, Harris, Johnson, Merritt; Abilene—Howell, Shields, Harber, Graves, Boles, Cozart, Tedford, E. Hendricks, Clark, Tate, Black, Jones.

Tornado Squad Sees Big Game

LAMESA, Nov. 16. (Spl)—As a reward for the scrappy brand of ball played all season, Lamesa's Golden Tornadoes were witnesses at the T. C. U.-Texas ball game in Fort Worth Saturday.

Coach F. T. McCallum took his squad to Fort Worth immediately after the game in Abilene Friday as his guests.

Although the Tornadoes have only a win and tie to their credit in conference competition, this must be regarded as their most successful season in class AA ball. Lamesa lost to Sweetwater in the closing minutes after leading all the way and held Big Spring, loop leader to a 10-0 count. Midland was lucky to the 6-6 and San Angelo fell before the Tornadoes 14-6.

In every game, the Tornadoes have gone in out-weighted and underdog. However, observers have yet to say that the scrappy kids were out-fought in any game.

Sweetwater Mustangs Present Hard Test For The Title-Bound Big Spring Team

Football Game Ticket Sellout Is Predicted

Good weather will bring a sell-out of Big Spring's block of 996 tickets for the Sweetwater-Big Spring football game Thursday, W. C. Blankenship, school superintendent, predicted Saturday.

Sale of the tickets will continue until 10 a. m. Thursday, but choice seats are rapidly being reserved, he said.

A fast sale of tickets for the football special train is also reported. A minimum of 250 tickets must be sold at \$1 each for the round trip in order to assure operation of the train, said Blankenship, who voiced no doubts that at least that many fares would be paid.

The train will leave Big Spring at 1 o'clock and leave Sweetwater at 11 o'clock and leave Sweetwater trip.

Courtney Loses To Garden City By 28-18 Score

GARDEN CITY, Nov. 16 (Spl)—Garden City beat Courtney 28 to 18 Friday afternoon at Courtney with the winners taking the lead in the engagement after Quarterback Baker returned Courtney's kickoff for a tally with a series of line drives and end sweeps.

Following Garden City's boot to Courtney after the touch, M. Graham, Courtney fullback, retaliated with a strike in paydirt on the second play.

The half ended with Garden City holding a 14 to 6 advantage. In the third period, Daves flipped an aerial to Baker about in midfield, from where the Garden City full sprinted down the field for a tally. A pass, Halfback Cox to Left End Cheney in the end zone, accounted for Garden City's final marker.

Courtney pushed over for two tallies with a string of flashy runs and passes in the closing half.

Starting lineups: Garden City—Cheney and Daves, ends; Cook, center; Baker, quarter; F. Cox, halfback; Alsop, fullback.

Courtney—Howard and Wise, ends; Smith, center; Sadler, quarter; J. Graham, half; M. Graham, fullback.

Substitutions: Garden City—E. Cox, Bedell; Courtney—Kelly, Morris, Jones, Powell, McAnear.

Forsan Beats Garner Sextet By 41-31

FORSAN, Nov. 16. (Spl)—Garner went down in a 41 to 31 defeat at the hands of Forsan's six-man footballers before a homecoming Forsan crowd Friday afternoon. Garner, holder of a 91 to 0 triumph over Westbrook, district 12 top-ranker for the season, last week, took a draw for second-placed in the final conference standings by virtue of its loss to the Forsaners. Both clubs have lost a total of four contests to Westbrook's three set-backs.

Herd To Have Full Strength For Big Game

Big Spring's Steer gridsters are slated to meet their stiffest hurdle on the district 3-AA title trail Thanksgiving Day when they move into Sweetwater's bowl for a joust with a Mustang crew.

Coming out of a so-so tilt with San Angelo's Bobcats last week with a minimum of injuries, the Herd will be at full-strength for what may be the most crucial test of the season.

Come out of a so-so tilt with San Angelo's Bobcats last week with a minimum of injuries, the Herd will be at full-strength for what may be the most crucial test of the season.

Coach Pat Murphy's Herd will have Tabor Rowe back in the lineup after a two-week lay-off by the Steer quarterback because of injuries received in the Plainview conflict.

Horace Bostick, first-string halfback who filled in for Rowe in the clash with San Angelo, is hobbling on a trick foot but will likely be in condition by Thursday afternoon.

As for the rest of the Herd, coaches report that Big Spring should be able to go from the opening gun.

Sweetwater is something of an unknown quantity. Getting off to a slow start in the initial tilts of the season, then showing unexpected power for a short while, after which they dropped back into the uncertain row with a bare victory over Lamesa and a wallop by Odessa, the defending champions from last year have been touted to be in line to blast Big Spring's hopes for the crown.

The Mustangs have two aces in the hole to contest Big Spring's pile-driving line and nimble-footed Pete Treacy, leading fullback of district 3-AA.

Harold Hudgins has given a good accounting of himself in the half-carrying chores and Russel Mayfield has turned in a style of play at the wing position that has featured every engagement in which the Ponies have been involved.

Big Spring has a distinct advantage over Sweetwater in the matter of forward walls, although the Mustang defenses almost at will, but Lamesa's Tornadoes discovered that it was next to impossible for backs to charge through when a Mustang line was clicking. Last week, it appeared that Sweetwater was a bit on the

PAGE SIX Big Spring, Texas, Sunday, Nov. 17, 1940

LOOKING 'EM OVER

With Jack Douglas

It is seldom possible for six high school football teams to get together on any one subject in district 3-AA, but such a thing has happened. These camps, all grouped in an area around Big Spring, are united in the opinion that Big Spring is anything but the leader so designated by that little item—the score sheet.

Odessa is listed second in the standings—for what it might be worth. Furthermore, Odessa has been given a bit of shelling by Abilene's Eagles—for what that might be worth. But Big Spring, although holding a draw in its bout with Odessa, has not lost an engagement to a circuit foe—for what that might be worth.

Maybe we're biased, but Big Spring is better than any club met thus far in the conference, from where we're standing. We're not using any sort of a system about our findings other than two pieces of equipment which are available to most spectators—eyes and the markings on the scoreboard at the end of each game.

1940's Steers are not the best club that has been seen in these parts in years past, but they are the best offered during this particular season and will continue so—at least until next Thursday afternoon.

Oklahoma Aggies Lead Conference

STILLWATER, Okla., Nov. 16 (AP)—The Oklahoma Aggies withstood a shattering last minute aerial attack by the St. Louis Billikens today to win, 14 to 7, and move ahead of Tulsa to lead the Missouri Valley conference.

The hard-fought victory—the Cowboys' fourth straight—gave the Stillwaters a 21-13 victory over Auburn in a Southeastern conference game here today before 11,000 chilled spectators.

Dorothy Lamour Heads Cast Of Comedy In The Tropics, 'Moon Over Burma'

Robert Preston, Preston Foster Are Leading Men

A sparkling new alignment of high-priced talent, consisting of Dorothy Lamour, a "new" Lamour in a short half-do, by the way, Robert Preston and Preston Foster, gets its chance to show what it can do in the way of having fun in the tropics in Paramount's "Moon Over Burma," the picture which plays today and Monday at the Ritz theatre. Judging by the past performances of Miss Lamour et al, they can go plenty.

In equipping this trio for being sportive on the screen together, Paramount has trotted out some of its best talent to provide story and direction of high calibre. No less than three writers worked on the screen-play to fill it chockful of cracks, while Louis King turned his directorial mind to comedy situations, varied with moments of drama.

To get down to cases, we find Miss Lamour cast as an entertainer in a night club in Rangoon, Rangoon is in Burma, a province of India, just to throw in an odd fact for good measure. The boys Robert Preston and Preston Foster (don't get them mixed up, now) are seen as a couple of lively lads

DOWN BURMA WAY—Romance, adventure and drama in the East is developed in "Moon Over Burma," the featured offering at the Ritz theatre for today and Monday which stars the strong-stress, Dorothy Lamour, Miss Lamour has two men to absorb her interests, Robert Preston and Preston Foster, while Doris Nolan is the blonde in the case.

who deal in teak.

Boys meet girl when they encounter her during a trip down the river to Rangoon to pick up some money to keep the teak business

percolating. They find Dorothy in a night club, and after a time, she goes back with them to the compound whence they operate. A compound is not a formula for gunpowder or a medicine—it's just one of those places they have in India for sleeping, eating, etc.

From that point on, the story gets a lot more complicated and we're not going to tangle you up in it. But you'll find that combs menace Lamour, and there is a forest fire that really is something, we understand, not to mention a log jam that really jams thrills into the motion picture.

Others who are in the cast include Doris Nolan, seen as a young lady who falls in love with Foster, who is in love with Dorothy. But so is Preston, for that matter. And it makes for lots of romance. Albert Basserman, a fine actor, is also cast as a partner of the boys. He happens to be blind, and so can't keep track of their hijinks.

No, we haven't forgotten to tell you Miss Lamour sings in the picture. Two new songs are chanted in her best manner: "Moon Over Burma" and "Mexican Magic." From what we hear, you'll like them.

Stephen Foster Gets Memorial In Hall Of Fame

By TOBY WIANT
NEW YORK, Nov. 16 (AP)—A song writer who died penniless, obscure and broken in spirit at the age of 38 has been elected to the hall of fame.

A commemorative tablet and bust honoring his memory will be placed among those of 72 other great Americans next spring.

The name of it will be "Stephen Collins Foster."

He's the first musician ever named one of America's immortals.

He wrote down-to-earth, folksy, easy-to-sing songs. He wrote them to pay the rent, to buy a few meals. And for most of them, he got only a few dollars each.

They were never-to-be-forgotten songs. Such as "Old Black Joe," "Old Folks At Home," "Jeannie With the Light Brown Hair," "My Old Kentucky Home," "O Susanna," and "Massa's in de Cold Cold Ground."

At the age of 14, he wrote "Toga Waltz." From them until his death in New York City Jan. 13, 1864, he turned out more than 200 songs, a dozen instrumental compositions and several musical arrangements.

Dr. Harry Woodburn Chase, chancellor of New York university and director pro tem of the Hall of Fame, announced that Foster was the only one of 141 nominated candidates to receive the required three-fifths vote of the 310 distinguished Americans, who comprise the college of electors. It was the first time, since the founding of the Hall of Fame in 1900, that only one nominee was selected.

Foster's closest competitors were Walter Reed, scientist; Sidney Lanier, poet; Henry David Thoreau, author, and Booker T. Washington, negro educator.

The song writer who died thinking he was a failure received 88 votes.

Lamesa Goodfellow Campaign Started
LAMESA, Nov. 16 (Sp)—A steering committee composed of G. M. Roberts, chairman, the Rev. David Murray, Leslie Pratt, Mrs. A. G. Bearden and Mrs. J. M. Medlin has named for the 1940 Goodfellow's campaign.

The Goodfellows during the past several years have brought Santa Claus to many underprivileged children. A drive for funds will begin within a few days, along with a top pickup campaign made by the various Scout troops, service clubs and schools.

Runway Surfacing Starts This Week
Surfacing of the east-west runway at the municipal airport is due to be started this week, City Manager E. V. Spence said Saturday.

Base for the landing area is being touched up for the topping, and almost enough rock has been crushed for the job. The supply is such that transfer of rock can be hauled in to keep up with asphalt shooting. The runway is around 2,800 feet long.

Lupe Velez, Leon Errol At Queen

Funsters Again Combine Talents In 'Mexican Spitfire Out West'

Designed for laughing purposes only, "Mexican Spitfire Out West" reunites those two mirthmakers, Lupe Velez and Leon Errol, in a continuation of their gay adventures in matrimony and masquerade that started with "The Girl from Mexico" and continued in "Mexican Spitfire."

The picture is featured today and Monday at the Queen.

The new picture deals with the frantic efforts of a young advertising executive to secure the renewal of a million dollar contract from an eccentric visiting British nobleman, Engrossed in keeping the distinguished guest out of the clutch of rival advertising men, the husband forgets his first wedding anniversary.

But his fiery Mexican bride does not forget! In a flurry of fury she flounces off to Reno, where she expects divorce proceedings to bring her husband running in hot pursuit, begging forgiveness. Having virtually kidnapped Lord Epping, hubby doesn't dare leave and sends his uncle to Reno. Uncle Matt proceeds to further botch up the romance as well as muddle up his nephew's business deal. Complications grow with every flutter of Errol's expressive hands.

Again displaying Errol's amazing talents for multiple impersonation, the story requires him to play four different characters. Besides Uncle Matt and Lord Epping, he also is seen as Uncle Matt posing as the nobleman, and as a cockney valet, Higgins.

Miss Velez likewise has a spirited role as the indignant bride, Donald Woods is the harassed husband, Elizabeth Risdon is Errol's acidulous wife, Cecil Kellaway is the Britisher's advisor and Linda Hayes is a haughty society girl. Lydia Hilbrook, Eddie Dunn, Tom Kennedy, Grant Withers, Charles Coleman and Charles Quigley have other important parts.

Abilene Gets Baptist Meet

HOUSTON, Nov. 16 (AP)—Texas Baptists have launched a program that will mean gradually increasing their annual budget until it reaches \$1,500,000 in the next five years.

This was voted at the general convention which also selected Abilene for the 1941 meeting. The dates will be Nov. 11-14.

Dr. E. S. James of Vernon will be convention preacher, with J. F. Wheeldon of Denton as alternate. Hardin-Simmons university of Abilene will be absorbed by the association, taking it over from the Sweetwater district association at the latter's request.

Under the terms of the agreement, the convention will not assume the university's \$43,000 indebtedness.

The convention also voted to accelerate and expand its labors in the light of world conditions.

Russell C. White of Bryan, delivering the home mission report, said receipts for this work were showing an increase, with the mission board receiving \$544,289 last year, and foresaw, with like continued response on the part of southern Baptists, the objective of a debtless mission board by 1945.

Rev. William H. Andrew of Bryan in delivering the report on Southern Baptist foreign missions pointed out that the total income in 1939-40 was \$1,149,231.

SOUTHERN JITTERBUGGING—Sancy Jane Withers and Robert Conway cut capers in a scene from "Youth Will Be Served," a gay piece of nonsense about youngsters in the deep South. Jane is a little Georgia cracker, a homeless waif who, despite hardships, spreads joy wherever she goes. Others in the cast of the film, which plays at the Lyric today and Monday, are Jane Darwell and Elyse Cox.

FUNMAKERS TOGETHER—Slap-happy Leon Errol and the chili-pepper Lupe Velez let the bars down in a farce called "Mexican Spitfire Out West," which is offered at the Queen theatre today and Monday. Donald Woods seems a bit perplexed while the two comedians carry on a tete-a-tete. The whole screwy story is about matrimonial troubles and masquerade.

AAA Officials Will Meet In Big Spring

Leading state AAA officials, Wednesday at 10 a. m. in the Settles hotel. It is scheduled to end at noon Thursday.

Lester Young, field officer for the range program, will discuss the status of the 1940 program and changes for 1941. Fred Tennels, state committeeman, will have a look at the 1941 range program, while R. T. Price, junior field officer, will talk on the mattress program, and P. C. Colgin on the commodity loan.

George Slaughter, chairman of the state committee, and E. E. Nowotny, will lead in talks on fiscal and associational matters. L. W. Anderson, state committeeman, and G. D. Scott, assistant agricultural statistician, will explain state and county allotments and yields.

Cliff J. Day, field officer and well known to farmers in this area, is down for a discussion of the cotton situation the closing day and Holmgren is due to sum up the meeting. More than 150 county committeemen, secretaries, clerks, and county and home demonstration agents are to attend. J. D. Prewitt and Ruth Thomson, district agents will be on hand for parleys.

Market Closes Losing Week
NEW YORK, Nov. 16 (AP)—A losing week for the stock market—the first in five—was concluded today with steel, motors, aircraft and a wide assortment of industrial stocks posting closing losses of fractions to 3 points.

Brokers attributed today's reaction mainly to the revival of nervousness over foreign affairs, many traders lightening accounts for the week-end recess and fears the axis powers were planning more severe blows at the British. Business news still was on the bullish side.

The Associated Press average of 60 stocks was off 3 of a point at 45.4 and on the week was down 1.2 points.

A faintly encouraging factor in the day's proceedings was the slackening of volume on the retreat. The turnover of 488,640 shares was the first dip under the million share mark in ten consecutive sessions.

Birth Is Announced
Mr. and Mrs. A. C. Applin are the parents of a girl born Friday in their home and weighing 8 1-2 pounds.

American Business Club Holds Meeting

Members of the American Business club met at the scout hut Friday night in place of their Friday luncheon session for a "get acquainted" session with the two club sponsored troops, Troop 8 and the Sea Scout Ship Cactus.

Dinner was served and following the meal the boys and club members introduced themselves and games were played. Twenty-three club members and 25 scouts were present for the affair.

Lamesa Has Many Army Volunteers
LAMESA, Nov. 16 (Sp)—With nine volunteers already signed up and a quota of only seven men on the first draft call, Dawson county will likely have no unwilling trainees going into the army soon.

According to information released by the county draft board, about one of every six men will be placed in Class 1, available for immediate service. The board has completed assigning order numbers to all registrants and is mailing out questionnaires to determine the status of each man registered.

GERMANS ATE OFF-BRAND MEAT DURING THE LAST WAR, TOO

NEW YORK, Nov. 16. (AP) — News that dogmeat has been legalized for human consumption in greater Germany recalls stories of famine in the World-war reich.

Dog food was common then, but scarce. Horse meat, served today in some Nazi restaurants, sold then for 88 cents a pound. In April, 1917, a Dresden restaurant scored a coup by purchasing an elephant from a traveling circus to provide choice steaks and cutlets.

The last American woman to return from Germany after the United States entered the World war asserted that in Leipzig she found the piece de resistance on local menus was elephant meat, the heel being considered the greatest delicacy. The lions and tigers already had disappeared from the local zoo. Sausage, standard of the German table, was made from horse, donkey, mule, fish goat and rabbit meat and from kohlrabi, a cabbage-like plant which was colored pink and spiced.

In May, 1917, an agricultural expert at Passau, Bavaria, advised Germans to "follow the example of Neuchapansatz and eat grass." Other scientists proudly announced that certain layers of "edible earth" had been located in the lower valley of the Vistula.

Phillips Tire Company Meets Demand For New-Tread Service In Big Spring

With local motorists becoming more and more tire tread minded, the Phillips Tire company, 211 East Third street is meeting the demand by offering one-day service and satisfaction guaranteed on all Hawkinson Tread jobs.

Ted Phillips, who has had 3 years experience in the tire business, says the Hawkinson Tread business has more than doubled in the past year and shows signs of climbing even higher in the future.

"Probably one of the best ways to get a clear picture of the tremendous strides treading in the fleet operator field has made in recent years, is to study the production records," Phillips said. The unit volume of tires treaded has increased from about 700,000 tires, having a resale value of approximately \$5,500,000 in 1929 to over 7,000,000 tires, having a resale value of close to \$60,000,000 in 1940. One of the most significant things is that the use and production has more than doubled in the last five years, Mr. Phillips added.

"With the price of rubber going up, motorists are watching the price increase of all lines of tires and many persons are turning to Hawkinson Treads as a safe and inexpensive solution of the new tire problem," Mr. Phillips explained. He recalled that a large number of persons were wary of the new tread process when it was first offered to the public. They figured that putting on a new tread meant cutting new treads in an old slick tire.

"But now most motorists know that when we put a tread on a tire we make it as good as new," he added. He went on to explain how the Hawkinson Tread method added enough rubber to bring the total weight of the tire up to what it was when it was new.

"For instance," he said, "The average tire weighs about 22 pounds. Usually when it wears down to the point where it is dangerous to drive, it weighs only about 14 pounds. We add eight pounds to bring it back to normal."

Fast service had also helped the popularity of new treads for tires, says Linnie Thompson, actively in charge of the Hawkinson Tread department. "If you leave your old tires with us in the morning, we can return them to you—with a Hawkinson Tread and good as new—that same afternoon," Thompson said.

MRS. GLEN TOM IS BURIED AT STANTON

STANTON, Nov. 16 (Sp) — Funeral for Mrs. Glen Tom, was held from the St. Joseph's Catholic church Friday afternoon, here. Mrs. Tom died Wednesday, at her home in Fort Staunton, New Mexico, following an illness of two weeks.

Mrs. Tom was the former Bess Norton, of Midland, having married Glen Tom in June 1929. She is survived by her husband, one son, Bobby Glen, both parents, Mr. and Mrs. E. H. Norton, of Midland; four sisters, Mrs. E. F. Flanagan, of Seminole, Mrs. Moffett Gillbow, of Lubbock, Mrs. J. P. Carson, and Mrs. Walter Lynch, both of Midland; two brothers, Robert and Buddy, both of Midland.

The photographer took a shot of the Hawkinson tread equipment at Phillips Tire Co., which has motorists talking. Old tires are made as good as new by a special process. Ted Phillips, manager of the Phillips Tire Co. is on the right while next to him is Linnie Thompson, who is in active charge of the Hawkinson tread department. (Kelsey Photo)

Oil Hearings Begin Monday

AUSTIN, Nov. 16. (AP) — Oil operations throughout Texas today prepared to air complaints and recommendations to the state railroad commission at a statewide prorotation hearing here Monday. Protests against commission policies were reported in some quarters to have renewed the suggestion that the legislature create a new state agency charged solely with regulation of Texas' huge petroleum interests.

Friends of the commission contended crude production, through reasonable allowances, had been kept within estimates of demand and that the industry was in excellent condition. Testimony at the hearing will be the basis for a new oil order supplanting one of 80 days' duration which expires Nov. 30. The commission permitted many exceptions to nine production shut-down days per month of the general order but recently rescinded all but a few.

No Postoffice Work Ordered

No work order for improvements and alterations for the federal postoffice building has been received, Nat Shick, postmaster, said Saturday.

J. M. Morgan, contractor, has received notice that his low bid and bond has been approved, and Friday Shick got a copy of a letter to the district engineer regarding periodical inspections of the construction. But the "go ahead" signal has not been received officially. Work contemplated will cost around \$11,700 and will provide additional office space in the postoffice basement.

and I shall forget the Prince and make love to you."
"Then I must look very beautiful. It would be fun, Temu, to make you lose your head."
"You don't know whether it would or not."
She wished he wouldn't look at her so steadily. She lowered her head.
"Wear white with blue violets to match your eyes," he told her. "There's a soft, white velvet dress I brought from San Francisco."
"Tell me about it."
Her eyes became starry: "It has a train, and not too much above the waist and not too little. Really, Temu, I hardly know myself in it. I look like a dream."
"I imagine you do, Tara Lynn. I've seen pictures of you in almost everything, in cap and gown, in tennis dress, in bathing suits."
She looked startled. "Did Dick show around all those silly snapshots I sent him?"
"He gave them to the Princess Mother."
"She must have been shocked, considering how thoroughly the Chinese cover themselves."
"So was the Prince—pleasantly shocked. He has built you a swimming pool in the palace grounds."
Angry color mantled Lynn's face. "I despise a man who's so sure of himself. Why are you content to be a slave to such a person?"
To be continued.

Mead's Bakery Will Build New Big Spring Home

Work will get underway this week on a new home for Mead's Bakery. Bill Mead announces Saturday. Plans call for a 96x75-ft. building of brick and tile, exterior to be finished in white stucco.

The structure will set back several feet from property line, Mead said, and will be sited with grass and shrubs.

Plans show the 96-ft. front to include garage entrance and all trucks will be loaded inside the building. A rear exit will permit through traffic for all company cars.

In addition to a completely modern office equipped with new fixtures, much new baking equipment will be added at the Gregg street home. Included will be a traveling oven capable of turning out 352 loaves every 40 minutes, the owner said.

"Ever since my return to Big Spring, I've wanted to erect a Mead's Fine Bread, building, and now that plans are underway we hope to have one of the most modern bakery plants in all West Texas when this new building is completed," Mead said.

done toward getting a vote on it before the end of the year.

So far the schoolboy patrol is doing a good job, and so long as school authorities see that children obey the signals, the idea will make a contribution to safety. Although the lads only direct the children, they are having a good effect on traffic in general.

See where the census bureau says Big Spring had only 187 of 3,600 dwellings vacant. That's enlightening, but it would better reflect the true picture if the sort of unoccupied dwellings were described. We've a notion they are not so good.

Tax Collector J. F. Wolcott came through last week with a report on collections, showing a two per cent gain. The total was down, but number paying was up. This made it unanimous, for both city and school districts reported better collections for October.

Recognition of the Big Spring airport as important for military purposes won't hurt any. It means that future projects will merit a heavier federal share of expenditures. Right now a big project is in preparation, and the figure may be well over a quarter of a million dollars.

If you want drama, you'll find it in the cotton fields for the next three weeks. If it stays clear, the freeze was a boon. If it is cloudy and rainy, the weatherman paid us a dirty trick.

Liquor Board Reports Five Years Of Work

AUSTIN, Nov. 16. (AP)—In observance of its fifth birthday, the Texas liquor control board surveyed its ledgers today and found receipts and revenues since 1925 amounted to \$38,031,933.

Allocation of the income included \$21,923,783 to old age assistance, \$6,283,903 to the available school fund and \$372,508 to the state's general fund.

Administrator Bert Ford said that although enforcement was begun at the board's birth the "wide open" era did not end until 1927 when continuous inspection—popularly called "sit-down-operations"—brought an end to flagrant violations of sale-by-drink prohibitions.

Inspectors, operating individually and in cooperation with local officers, filed 20,644 complaints in five years, resulting in 10,769 convictions with 1,734 jail sentences. Total assessment in fines was \$984,709 which went to counties in which convictions were obtained.

In 1928 the board used a newly granted authority to suspend licenses after dealers were warned to clean up or get out and, Ford said, 2,311 suspensions and 2,817 cancellations have since been ordered. The board conducted 10,326 hearings on complaints seeking suspensions and revocations.

Palestine Has Extensive Blood Type Records

PALESTINE, Nov. 16. (AP)—When a Palestine physician needs blood for an emergency transfusion, he steps to the telephone and calls the police station.

"John Doe at such-and-such an address has the type you need," says the desk sergeant, glancing through a file.

In a few minutes, the physician has a satisfactory donor at hand. The Palestine municipal blood typing campaign—believed to be the first in Texas and perhaps the Southwest—again has paid dividends.

Larger cities have spent thousands of dollars preparing and maintaining hospital "blood banks" where various types of human blood are artificially preserved. Palestine's blood bank is the veins of its citizens.

Junior chamber of commerce members launched the drive a few years ago when each had his blood typed and recorded. Dozens of other citizens—white and black, men and women—followed the example.

Each is on call for immediate service to members of his own race.

Before his blood is approved, each must pass inclusive health examinations. Physicians type donors free of charge.

The campaign bore first fruit recently when a rapid transfusion saved the life of an aged woman involved in an operation.

Here 'n' There

This deer hunting business doesn't appear to be over after all. Another party is due to leave Monday for Kerr county for a fling at the bucks. In the group will be O. F. Frazier, J. C. Douglass, Sr., Jake Douglas of Big Spring and Rev. E. F. Cole and two other men from Lamesa. The elder Douglass, incidentally, two years ago dropped the largest buck ever to come out of Kerr county. The head of the 200-pound 10-pointer is in his hotel lobby.

And Thurston Orenbaum was overlooked in the initial round-up of the nimrods after larger game. He went with a party into the Big Bend country. Among those in the group were Andy Pruitt and Hunter Strange, both known here.

Getting back to Mr. Douglass, he came in Thursday night from his Ruidoso, N. M., mountain hide-out, feeling that he had done the right thing in beating the weather. When he left the mercury was flirting with zero at his cabin and had dipped that low farther up the canyon.

Mrs. J. T. Corcoran, who felt sorry for people who were falling in the stands at the S. M. U.-Aggie game Nov. 9 and then wound up with her ankles pinned beneath bleacher timber, is reported doing all right. She sustained bad sprains but no broken bones.

Sara Lamun and Joe Myers, both students at John Tarleton, broadcast from the school Saturday morning over WBAP in the educational hour program. Sara is a member of the glee club and is the daughter of Mr. and Mrs. Bernard Lamun. Joe is the son of Mr. and Mrs. J. A. Myers and is a member of the band. Those who heard it said it sounded mighty fine.

THANKSGIVING THEME

The Thanksgiving theme will be carried out in the program for the First Baptist Brotherhood Monday at 7:30 p. m. in the church basement. Talks will be heard from Judge Cecil Collings and J. B. Fickie, according to George Macey, president.

Only one species of deer, the reindeer, can be tamed fully domesticated and reduced to the service of man.

Local Tax Burden In West Texas Lightens From Level For 1929

By ALEX LOUIS

Herald Austin Bureau

AUSTIN.—A study of county tax rolls filed in the office of State Comptroller George H. Shepard disclosed that out of 37 West Texas counties reporting 12 lowered their property tax rate this year and 20 retained the same rate as that levied last year.

Only five West Texas counties upped their tax rates, the study disclosed. Valuations in a majority of the counties showed an increase, ranging from a slight \$7,650 in Mason county to a substantial \$87,555 in Jones county. However, the total assessed valuations in 16 West Texas counties dropped, and the local tax burden in the West Texas region generally was lightened.

Largest decrease in valuations was recorded by Winkler county where property assessments fell \$2,578,386, or from a total last year of \$26,307,255 to this year's \$21,728,869. Coupled with the lowering of valuations, the Winkler county commissioners court reduced the tax rate from 55 cents to 44 cents to slash this year's tax bill in that county by approximately \$45,000.

But the greatest reduction in Texas was made in Ector county where the commissioners court cut the tax rate 30 cents, from \$1 on the \$100 valuation last year to 70 cents this year. Property valuations were 25 per cent artificial cellulose wool.

Thirteen-Year-Old Punter Brands Snake

Clarendon, Nov. 16. (AP)—James Goin, who is a full-fledged cowboy at 13, heard a peculiar buzzing noise in a clothes closet on the Blankenship ranch.

He found a coiled rattlesnake perched on a bed roll, and killed it with his branding iron.

Snake Swallows Glass Egg—Has Tummyache

WESTON, Nov. 16. (AP)—A large chicken snake killed here was having trouble digesting an egg it had swallowed.

The egg was of the glass variety often used as a nest egg. One woman reported two or three of that kind were missing from her nests.
