

Judge Quizzes Juror Prospects For Ross Trial

LA GRANGE, June 16. (AP)—Over defense protests, Judge James R. Fuchs today began examining prospective jurors for the insanity trial of Dr. Lloyd I. Ross.

The judge hopes the procedure will speed up selection of a jury which will determine whether the condemned slayer is to die in the electric chair or be committed to a mental institution.

Judge Fuchs said it is the first time in history for the procedure to be used in Texas courts.

"It has never been done before," he said, "but it is under the law."

Attorneys are not permitted to ask questions but may suggest subjects to be included by the judge.

In explaining this action, Judge Fuchs told the attorneys:

"I think I'm doing both sides a favor and doing a distinct service while carrying out a responsibility. You have been antagonizing the jurors with your questions."

The judge had become displeased with the slow progress made by state and defense attorneys the last two days in finding qualified jurors among 54 men examined.

It took the judge 15 minutes to dispose of the first three prospective jurors today. This is the approximate average time for each juror when examined by the attorneys.

All three were dismissed for definite opinions on the case.

Late this morning, 23 jurors had been qualified, 22 dismissed for opinions, 16 dismissed for illness or other cause, and 11 remained to be examined.

Defense Attorney C. C. Jopling entered a protest.

Jopling said the procedure denies the attorneys the right of cross-examination.

Fred Blundell of Lockhart, another defense attorney, joined in the protest.

"The case is not dragging. The original trial was held here and we could naturally expect to have difficulties in finding qualified jurors."

The judge replied: "I am going to try it out."

Truman Wants Brannan Plan Enacted Now

WASHINGTON, June 16. (AP)—President Truman said today he wants the Brannan Farm Plan enacted at this session. He predicted Congress will do it.

The President added at a news conference that all of it may not get through this session, but he contended that some of it already has gone through.

He disagreed with some press reports from the Democratic Party's Des Moines conference early this week that the plan would be deferred until next year for campaign purposes.

The program calls for subsidies to farmers and lower prices for consumers.

Mr. Truman said some news reports had given the impression that delay was in the cards, but the conference took no such stand.

He said that it is not the objective at all—that farm legislation is part of the Democratic platform and he is trying to get that through.

Mr. Truman made his comments on farm legislation as bi-partisan support but in Congress behind a bill that would bypass both the administration measure and the Aiken Law due to go into effect Jan. 1.

The new proposal would continue rigid 90 per cent of parity price supports on major farm products for another year. The Aiken Law sets up a flexible system of supports at 60 to 90 per cent of parity.

Parity is a price calculated to be fair alike to producer and consumer.

Bee Sting Kills Man

HAMILTON, June 16. (AP)—Joe Baggett, 65, was stung by a bee while taking honey from a hive near here yesterday. Thirty minutes later he died.

High School Frats, Sororities Outlawed

AUSTIN, June 16. (AP)—A bill outlawing high school secret societies was signed today by Gov. Beauford H. Jester.

The bill was similar to one he vetoed last session.

"The governor vetoed the latter bill on the ground that in his opinion the regulation of such organizations was clearly within the authority and responsibility of local government. The governor still holds that view," Jester said in a statement.

He noted then that in at least one county, a district court has granted an injunction restraining school board interference with high school fraternities and fraternities.

Also, he said the State Teachers Assn. has endorsed the ban and there has been a new election of senators and representatives since last session's veto.

"The people chose their repre-

CONDONS ARRIVE FOR COPLON TRIAL—Dr. and Mrs. Edward U. Condon arrive at the U. S. District Court in Washington, answering calls to be defense witnesses in the espionage trial of Judith Coplon, former Justice Department worker. Dr. Condon, head of the Bureau of Standards, has demanded a personal apology from FBI Chief J. Edgar Hoover for reference to Mrs. Condon in FBI reports made public during the Coplon trial. (AP Wirephoto)

WHEARTY ON STAND

Delay In Coplon Appearance Seen

WASHINGTON, June 16. (AP)—Judith Coplon denied today that she ever was a Communist, engaged in subversion, or was guilty of "any offense against the United States."

Specifically she denied that she ever took information on espionage in the United States from confidential Justice Department files.

WASHINGTON, June 16. (AP)—Detailed questioning of one of Judith Coplon's prosecutors indicated today that her appearance on the witness stand to deny she engaged in espionage may be delayed until tomorrow.

Miss Coplon will take the stand as her own star witness as soon as Defense Atty. Archibald Palmer finishes questioning Prosecutor Raymond P. Whearty.

During a brief morning recess, Palmer told reporters he might keep Whearty on the witness stand all day. Yesterday he had indicated the defendant would be called this afternoon.

Palmer called the prosecutor an "important" defense witness.

He tried without success to obtain the FBI report covering the investigation which led to Miss Coplon's arrest.

The report was brought into court by FBI Inspector Howard Fletcher, but when Palmer demanded that it be put in evidence, Federal Judge Albert L. Reeves ruled against him.

Palmer argued that he wanted the report to contradict testimony of witnesses and shouted that Whearty and John M. Kelley, Jr., another prosecutor, were "trying to keep it secret."

"We have a right to be confronted by a witness," Palmer shouted. "So far we have been confronted by a spook—a confidential informant."

Kelley said the report was "wholly incompetent."

Judge Reeves upheld him. As the time drew near today for the tiny brunette to become her own witness, she told reporters:

"I am confident of my vindication and that when I take the stand my innocence will be proved."

BULLETIN

WASHINGTON, June 16. (AP)—Congress completed action today on a bill giving President Truman broad powers to streamline the executive branch of the government.

The Senate, by a voice vote with no opposition, approved a compromise version of the bill which was worked out by a Senate-House Committee yesterday.

The House passed it a few minutes earlier.

Senate action struck the measure on its way to the White House after a month of bitter wrangling.

Jester Asks Group To Study Taxation

Emergency Status Given To Matter

AUSTIN, Tex., June 16. (AP)—The Senate today accepted with one restriction a House plan to cut 45 million dollars out of pending appropriation bills.

Then it voted 24 to 6 to end the 51st session of the Legislature at 12 noon June 28. The House would have to agree to this.

The economy restriction was that the 22 million dollar state hospital building program and buildings for higher education must not be ditched.

AUSTIN, Tex., June 16. (AP)—Gov. Beauford H. Jester asked the Legislature today to name a committee to study state and local taxation and report back late this summer or this fall.

He submitted the matter as emergency legislation. The effect of the request was to give emergency status to a major point in Speaker Durwood Manford's suggestion for solving the state's financial muddle.

Manford said Saturday there was no time to develop all the facts necessary to a long-range solution of the spending-taxation issue. He suggested a committee to develop all the facts and report back to the 51st Legislature in special session before Sept. 1 or soon thereafter.

Jester's message followed a long conference yesterday and last night between the governor, Manford and Lt. Gov. Allan Shivers.

It apparently was his answer to the question of what the legislature should do to balance the budget. The legislature has approved or has before it appropriation bills that are millions of dollars in excess of estimated revenues.

Jester told the Legislature that the tax study commission he named earlier this session will have a comprehensive report "ready by the latter part of the summer."

"It seems desirable that a committee be established to review the findings of this commission and make recommendations for the consideration of the Legislature," the governor's message said.

The governor said the present tax structure is a "hodge-podge."

"Many taxes are imposed which yield little revenue but which are costly to collect and burdensome to the public," he said.

"There is a growing demand on the part of the public for expanded services of the state."

"County and municipal governments are faced with perplexing problems in financing their activities."

"Reasonable and equitable integration of federal, state and local taxes should be planned co-operatively and by the several levels of government."

Earlier this session Jester left the entire matter of how far it should go in spending for such "expanded state services" and now it would pay the bill, up to the legislature. He said in effect there should be no new taxes until a full study of the tax structure was made.

WASHINGTON, June 16. (AP)—The CIO-United Steel Workers have their fourth round cards on the table. They want a general wage increase, plus pensions and insurance benefits.

Specific dollar and cents figures were not disclosed and U. S. Steel Corp. officials gave no indication as to their reaction after a two hour negotiation session yesterday.

However, the corporation is on record as having told the union it would not discuss pensions this year.

BLUE EYES OR BROWN?—Brown-eyed Priscilla Tomlinson, 20, and blue-eyed Hugh T. Gardner, 24, University of Washington students, await, in Los Angeles, their marriage which they hope will settle an argument over heredity. The bride contends brown eyes will predominate in their offspring; Gardner says it's the other way around. They decided to marry to settle it but Priscilla stressed "don't think that's our only reason for getting married." (AP Wirephoto)

DIAL SYSTEM PROMISED

Midland Faces Hike In Telephone Rates

An increase in rates in return for promise of a dial telephone system is in prospect for Midland.

An increase in Midland phone rates, the first since 1928, was adopted on first reading Tuesday night by the city council. The rate would become final after second reading at the next council meeting. It would go into effect July 1.

In return, Southwestern Bell Telephone promised to have a complete dial telephone system in operation within two years, the Midland Reporter Telegram said.

Telephone officials were quoted as saying equipment for the costly conversion would be ordered immediately.

The rate hike has been under study by the commission for the past two months. Officials of the company opposed a proposed phone franchise, not in principle but on the grounds of precedent it would establish in other communities.

Alterations involving the compromise of rates for the dial pledge were approved.

Cost of the expansion program (including work done since the beginning of 1948) would be around \$2,200,000 in Midland, according to C. S. Slatton, Dallas, legal counsel for the company. It will involve construction of a new building.

Slatton said that the company now operated at a \$2,500 monthly loss. Since 1928, when there were 1,100 phones in Midland, revenues have increased 481 per cent. Expenses have increased 553 per cent, said Slatton. Midland has an estimated 7,500 phones.

New rates will be \$8 per month for business phones. Straight residential lines will cost \$3.25; two party lines \$2.75. A special four party service will be offered at \$2.50. Rural charges are \$4.75 business and \$2.75 residential with a mileage charge beyond five miles.

SHADES OF TAFT-HARTLEY HOVER OVER SENATE LABOR LAW DEBATE

WASHINGTON, June 16. (AP)—A freedom of speech, short of threats or promises of benefits, in labor relations; and (3) require both unions and employers to file annual financial reports.

Those provisions are not in every case identical to reactions of the T-H law, but the differences generally are slight.

The big test is yet to come, on a substitute offered by Sen. Taft (R-Ohio) and two other Republicans. It would keep all the basic Taft-Hartley provisions, including labor-hated injunctions to halt national emergency labor disputes, and the ban on the closed shop.

128 Million Die In Bomber Attack

WORLAND, Wyo., June 16. (AP)—Affable Archie Geiser, who riddled a lot of C-54 transports over the hump during the war, went on a bombing mission and killed 128 million of the enemy.

His victims were grasshoppers. His bomb load was 7,350 pounds of poison brew. In 25 minutes over the target area he wiped out enough of the vicious insects to reach end-to-end from New York to Los Angeles.

This happened on a single flight yesterday. Archie is making about eight a day and will continue this schedule for 30 days, which certainly should make him number one on the grasshoppers' blacklist.

Geiser pilots a C-47 which is the spearhead in the government's air war to head off a new grasshopper invasion of the grain belt about 35

other smaller planes are being used. The 128 million is a theoretical but conservative figure. Ground investigation after previous flights have shown a kill of 90 to 95 per cent of the 'hoppers in the area pelted with poison.

Geiser was bombarding a section in which experts had estimated the 'hopper population at a minimum of 20 to the square yard. He sprayed 1,470 acres in the single flight.

Leo Iverson, chief of the ground survey, said that adds up to a minimum of 128 million dead 'hoppers.

Geiser will be here through today and move on to another base. He and other pilots are expected in the coming month to wipe out the grasshopper menace over an area of 35 million acres.

Truman Blames 'Hysteria' For Red Spy Furore

WASHINGTON, June 16. (AP)—President Truman today attributed the furore over spy investigations to post war hysteria. He said it occurs after every war but eventually dies out.

When the subject was raised at his news conference, Mr. Truman suggested that reporters read the history of the alien and sedition laws in the 1790s.

He said people will be surprised at the parallel of those laws with today's events. He also advised reading how those cases came out.

Asked how the lesson of the earlier days might be applied today, he urged the reading of the history in the Jefferson administration.

He said the hysteria in those days died out; that the country didn't go to hell at all, and it's not going to now.

When a reporter said the first thing Jefferson did was to release 11 newspaper publishers, Mr. Truman laughed and said Jefferson probably made a mistake. He added that Jefferson also released a federal judge.

He recalled that the Ku Klux Klan wanted to clean up the country after the First World War.

Responding to other questions, Mr. Truman said J. Edgar Hoover, head of the FBI, had not resigned. He said Hoover reports to him from time to time and he frequently takes up matters with him through Atty. Gen. Clark.

"Does Mr. Hoover have your confidence?" a reporter asked.

The President replied that Hoover has done a good job.

The questions dealt with a published report of a quarrel between the FBI boss and Clark.

Milk Producers Get Warning Against Danger Of Fever

Warning to home milk producers against the danger of undulant fever was issued today by Dr. F. E. Sadler, director of Big Spring-Howard county health unit.

Raw milk consumers are urged to have personal milk cows or goats tested for Bangs disease at least once every 12 months. One case of undulant fever, reported here last week, has been definitely diagnosed, Dr. Sadler said.

The disease may be transmitted by direct contact with the animal, through the milk supply, or from one person to another, the health unit director stated.

"Undulant fever has been on a definite decline for the past several years due to the increased consumption of pasteurized milk," Dr. Sadler said.

"Everyone is urged to use either pasteurized milk and milk products or know that the cows providing the milk supply are tested regularly for Bangs disease."

There is no raw milk being sold legally in Big Spring, according to Dr. Sadler. However, there probably are persons securing some milk from neighbors who have a surplus of home produced milk.

"Butter manufactured from raw cream is apt to be more dangerous than fluid milk due to the fact that the organisms causing the fever tend to concentrate in the butter fat of raw milk," Dr. Sadler warned.

Truman Keeps Mum On Political Plans

WASHINGTON, June 16. (AP)—President Truman had no comment today on a report that he will not run again for President in 1952.

Royal Oil Company Employees Honored At Picnic Held In Big Spring Park

FORSAN, June 16 (Sp1)—Employees of the Royal Oil Company were entertained with a picnic in the Big Spring City park Friday evening. Attending were Mr. and Mrs. J. B. Hicks and Harold, Mr. and Mrs. L. M. Hayhurst and Dan, Mr. and Mrs. A. O. Jones, Sue and James, Mr. and Mrs. Roland Howard, Ronnie and Dewey, Mr. and Mrs. S. C. Cowley, Mr. and Mrs. Earl Jenkins, Mr. and Mrs. R. T. Hale, Charley, Tom, Barbara and Patsy, Mr. and Mrs. R. A. Sparks, Janice and Larry, Mr. and Mrs. R. D. Hale and Cindy, Mrs. Amy Reid, Mr. and Mrs. B. C. Coplin, Mary and Bill, Big Spring, Mr. and Mrs. Harley Grant and Jimmy Lee, Charles Ray Howard and Sonny Wimberly.

Mrs. H. L. Tienerrand entertained the members of the Pioneer Sewing club in her home Tuesday afternoon. Secret pal names were exchanged and pals were revealed. Sewing comprised the entertainment. Refreshments were served to Mrs. B. A. Farmer, Mrs. Pearl Scuday, Mrs. J. E. Thompson, Mrs. Claude King, Mrs. John Cardwell, Mrs. Jess Overton, Mrs. G. W. Overton and Mrs. H. L. Tienerrand.

Bernie John was honored with a party on his fifth birthday anniversary by his mother, Mrs. Woodrow Scuday, Tuesday evening. Games were entertainment and refreshments were served. Present were Phillip Moore, Joe King, Sharon Starr, Beverly Sue Williams, Sue Averett, Johnnie Bob Ashby, Hubert Wayne Bardwell, Ginny Dee Scuday, Mrs. L. M. Limbocher of Monahans and Mrs. Bobby Asbury.

B. D. White of Imperial is a patient in the Malone-Hogan hospital. White was a former resident of Forsan.

Mrs. H. L. Newman and daughter of San Antonio joined her husband, The Rev. H. L. Newman, here for the closing days of the revival meeting.

Mark Nasworthy is reported ill in the Medical Arts hospital in Big Spring.

Mr. and Mrs. T. D. Briethaupt and Karen of Odessa were guests in the home of her parents, Mr. and Mrs. John Cardwell, Sunday. Another daughter, Beverly Jo, returned home with her parents.

Mr. and Mrs. D. W. Robertson and family visited relatives in Mineral Wells over the week end.

Mr. and Mrs. C. T. Tyler of Odessa visited her parents, Mr. and Mrs. L. B. McElrath and Mary Lou recently. Mary Lou accompanied the Tylers home for a short visit.

Mrs. Claude King, Mrs. M. L. Tienerrand, Mrs. E. N. Baker and Mrs. J. E. Thompson were shopping visitors in Abilene Wednesday. Garry Don Hughes of Big Spring is spending the week with Lloyd Ray Hale.

Mr. and Mrs. Jim Slate and sons of Big Spring were Sunday guests of W. O. Averett.

Mr. and Mrs. J. N. Edens of Dallas will arrive Sunday, to join the John Cardwells in a vacation to California.

Mr. and Mrs. S. C. Cowley will leave for Pecos Friday where they will join Mr. and Mrs. Jimmy Hager and Donna in an extended

Helps You Overcome FALSE TEETH
Looseness and Worry
No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth.

Handcraft Workshop Held For Homemakers

A workshop of handcrafts for high school homemaking students of Area III was held in Midland High school Tuesday and Wednesday. Instruction was given in leatherwork, textile painting, glass etching and shellcraft.

Mrs. Faye Massey of the Midland faculty presided for the workshop opening Tuesday morning, and Clyde Parmley of Midland had charge of registration. Directing the Tuesday afternoon session was Edith Thompson of Big Spring.

Teachers who presided Wednesday were Mrs. Ivah Lou Ashley of Colorado City and Virginia Tompkins of Odessa.

Eleanor Brown of Odessa was the instructor in textile painting. Mrs. C. E. Davis of San Angelo in leatherwork and Mrs. Elizabeth Smith of Monahans in shellcraft. Florence McAllister, area supervisor, led a discussion Tuesday afternoon on problems of homemaking departments and the Future Homemakers of America organization.

Marilou Goldner Is Party Honoree

Marilou Goldner, daughter of Mr. and Mrs. C. W. Goldner, observed her fifth birthday with a party held at the Williams Pre-School, 1211 Main, Wednesday morning.

Table decorations carried out a circus theme. Games were played and gifts presented.

Refreshments and favors were given to the following: My Frances Malone, Penny Power, Patty Power, Sonny Power, Ronnie Denie, Keith Denie, Sylvia Bradley, Sara Sue Goldner, James Ramsey Beckham, Jeanette Martin, Connie Nichols, Mary Ann Attaway, Mrs. E. E. Power, Mrs. Edna Denie, Mrs. J. E. Bradley, Mrs. C. W. Goldner and Mrs. Helen Williams.

Irene Glover Becomes Bride of R. L. Smith

Irene Glover and Robert Leslie Smith were united in marriage at a ceremony held in Midland Sunday.

The bride is a former resident of Houston and the groom is a former resident of Fort Worth.

Mrs. Smith is employed by the CAA in the Aviation Safety Office in Big Spring. Smith is with the Farwell Company.

Farm Practices In County To Bring \$40,877.69 Total

Agriculture conservation practices qualifying for payments totalling \$40,877.69 already have been completed and checked in the county this year, according to a report from the local AAA office.

The county's allocation for the year totals \$74,100.

Several other conservation practices have been completed but not in time to be checked by AAA field men before the current report.

Those completed and checked include 60 terrace systems, four earthen dams, four water wells, diversion terraces on three farms, cactus elimination, deep plowing and chiseling.

Pair Fined \$1 Each

Antonio Rodriguez and Arturo Marquez were assessed fines of \$1 and court costs after pleading guilty in county court this morning to charges of displaying a pistol.

Smith Fined \$25

Robert Frank Smith was fined \$25 and court costs in county court this morning after he pleaded guilty to a charge of driving a motor vehicle while his drivers license was suspended.

Mrs. Jessie Graves Elected President

Mrs. Jessie Graves was elected president of the Past Matrons club at a meeting held in the home of Mrs. Pearl Ulrey, 308 Aylford, with Mrs. Ollie Smith as co-hostess. Mrs. Beatrice Carroll presided during the business session.

Other officers elected were: Mrs. Gladys Dalmon, vice president; Mrs. Ethel Lees, secretary; Mrs. Ruth Pitman, treasurer and Sylvia Lamun, reporter.

Mrs. Graves appointed the following committees: visiting, Mrs. Ortry Boatler, Mrs. Nettie Mitchell and Mrs. Blanche Hall; telephone, Mrs. Willie Mae Dabney, Mrs. Frances Fisher and Mrs. Verda Mae McComb. Mrs. Mae Hayden and Fannie Stephens were named hostesses for July.

New star sisters were drawn and old star sisters revealed.

Those attending were: Mrs. Agness Young Beulah Carrick, Mrs. Ruby Reed, Mrs. Ruth Pitman, Mrs. Rose Stringfellow, Mrs. B. Carroll, Mrs. Mae Hayden, Mrs. Edith Murdoch, Mrs. Nettie Mitchell, Mrs. Leona Benson, Mrs. Ruth Eason, Mrs. Minnie Mitchell, Mrs. Ethel Lees, Mrs. Blanche Hall, Mrs. Frances Fisher, Mrs. Peggy Davis, Mrs. Brownie Dunning, Mrs. Sylvia Lamun, Mrs. Ortry Boatler, Mrs. Dorothy Hull, Mrs. Eula Hall, Mrs. Willie Mae Dabney, Mrs. Nora Williamson, Mrs. Jessie Graves, Mrs. Fannie Mae Eaker, Mrs. Ann Eberly, Mrs. Ladona Cook, Mrs. Verda Mae McComb, and three guests, Mrs. Vern Gross, Dorothy Driver and Thelma Helton.

Doris Jean Glenn Is Named Honoree Wednesday Night

The garden at the home of Mr. and Mrs. R. R. McEwen, Sr., 1106 Wood, was the setting for a kitchen shower honoring Doris Jean Glenn, bride-elect of Dewey Stevenson, Wednesday evening.

Mrs. Dan Krause of Chicago, daughter of Mrs. McEwen, served as co-hostess.

Refreshments were served from the table covered with a red checked cloth and centered with an arrangement of vegetables and greenery.

Attending were Mrs. D. D. Douglas, Jr., Muriel Floyd, Mrs. Dick Fielder, Patti McDonald, Mrs. Taylor Rowe, Louise Ann Bennett, Robbie Piner, Natalie Smith, Cordie Selkirk, Mrs. James Duncan, Mrs. Otis Grafa, Jr., Mrs. Bob McEwen, Mary Jo Thurman, Gay Hilburn, Mary Nell Cook, Mrs. J. W. Purser, Betty Collins, Mrs. Gene Nabors, Margaret Murdoch, Mrs. T. D. Weaver, Dot Caudle, Mrs. Granville Glenn, mother of the bride-elect, Doris Jean Glenn, the honoree and the hostesses, Mrs. McEwen and Mrs. Krause.

High Heel Club To Be Usherettes

Members of the High Heel Slipper club will serve as usherettes at the Betty Baby program Coronation pageant under the auspices of the VFW Auxiliary at the Municipal Auditorium tonight at 7 p. m.

Usherettes will include Janelle Beene, Jo Bledsoe, Judith Beene, Mary Jane Collins, Beverly Jones, Mona Moad, Lou Ann Nall, Billie Jean O'Neil, Betty Jo Raley, Nancy Whitney and Peggy Carter. Babyland court will be ruled by kings, queens, princesses, dukes, duchesses, counts, countesses, lords and ladies-in-waiting, all of whom will be dressed in jeweled crowns, royal robes and 18th century costumes. Prizes will include loving cups, trophies, Oscars and royalty certificates. Betty Farrah's Dance studio will entertain the royalty at the coronation.

The audience will select the Misses of the Big Spring '49 by their applause. Admission price is 30 cents and tickets may be purchased at the door. Proceeds from the event will be used toward the VFW building fund.

Shrimper Explodes

HOUSTON, June 16 (Sp) — The 26-foot Shrimper Judy exploded at its pier in Seabrook at 4:30 o'clock this morning and sank at her moorings, sending three seriously burned men to a hospital.

Owner Clifford J. Landry, 80, of Houston, Capt. Biss Hart, 59, of Seabrook, and Deckhand Leonard Priest, 17, of Seabrook, were the victims.

They had gone out to prepare for the day's shrimping and had started the motor. The boat blew up and sank under steam.

Deputy Sheriff Jake Bussey of Baytown, said the explosion probably was caused by an accumulation of gasoline in the bilge.

WEATHER

BIG SPRING AND VICINITY: Fair to partly cloudy and slightly warmer this afternoon, tonight and Friday.
High today 84, low tonight 61, high tomorrow 85.
Highest temperature this date, 112 in 1924. Lowest this date, 59 in 1917. Maximum rainfall this date, 0.94 in 1914.

EAST TEXAS: Fair this afternoon, tonight and Friday. Not much change in temperature. Gentle to moderate variable winds on the coast.

WEST TEXAS: Partly cloudy this afternoon, tonight and Friday. Slightly warmer in the Panhandle and South Plains this afternoon and tonight.

Forsan Church Passes Another Banner Day

FORSAN, June 16 (Sp1)—Sunday was another banner day in the life of the Forsan Baptist church. Members of the church went in a group to the Baptist Encampment grounds near Big Spring for the morning worship and picnic luncheon. The Rev. A. L. Byrd, pastor, brought the sermon-subject, "Forsan Baptists Advancing With Christ In Vision, Venture and Victory."

Sunday evening services were devoted to the young people. The youth of the church composed the choir, played the instruments and directed the song services. The Rev. Byrd spoke on the subject, "Flaming Youth Or Youth Afame."

Following the services, baptism was observed. There have been 70 additions to the church this year and 29 accepted by baptism. A new parsonage is under construction and nearing completion. Plans call for a new educational annex to begin construction after the completion of the parsonage.

Because of the absence of the pastor, who is conducting a revival in Crandall, J. G. Bunyard of San Angelo will bring both messages at the church, Sunday, June 19. Local youth under the direction of Mrs. Jess Overton, will conduct the prayer services each Wednesday night for the succeeding two weeks. Wayne K. Williams of Big Spring will serve as guest speaker at the church Sunday June 26.

Double Deck Club Has Final Meet

Members of the Double Deck Bridge club met in the home of Mrs. Dub Harkrider, who binged, for their final meeting of the summer months. The next regular meeting will be held September 13 in the home of Mrs. G. A. McGann.

Mrs. McGann won high on Mr. N. W. Norred, second high. Mrs. G. B. McAllen was introduced as a new member.

A plate lunch was served to the following: Mrs. N. W. Norred, Mrs. G. A. McGann, M. E. E. Reynolds, Mrs. Fred Thompson, Mrs. G. B. McAllen and two guests, Mrs. Conn Isaacs and Mrs. Joe Burrell.

EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barconstrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barconstrate is the original grapefruit juice recipe for weight reduction.

Just go to your druggist and ask for four ounces of liquid Barconstrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls every 3 days. That's all there is to it. If the very first bottle doesn't show you the results, you may be sure of only \$1.

Lost 56 pounds
Here is what Mrs. L. J. Bryant, P. O. Box 88, Waterwright, Texas, wrote us: "I want to tell you what Barconstrate has done for me. I weighed 265 pounds when I started taking it. I now weigh 111."

"I have taken my dress size down from size 48 to 44 and never felt better in my life and everybody tells me how much they love to see me. I look like I did."

"I am still taking Barconstrate as I want to get my weight down to 145 or 150 pounds."

Savory Rice Full Of Flavor And Food Value; Is Flattering Mirror

Some people contend that rice is a flattering mirror for other foods. It never grabs the center of the stage, but rather stands back to compliment all foods with its fluffy whiteness and delicate flavor. In this recipe, rice takes another turn.

Shrimp Wiggle Makes Tasty Dish For Friday Menus

Shrimp Wiggle*
Crisp Chinese Noodles
Romaine and Green Pepper Salad
Bread and Butter
Fresh Pear and Gruyere Cheese Beverage
(Recipe for Starred Dish Follows)
SHRIMP WIGGLE

Ingredients: 1 pound medium-size fresh shrimp (about 36), 1 1/2 cups boiling water, 2 pounds fresh young green peas, 3 tablespoons butter of margarine, 3 tablespoons flour, 1 teaspoon salt, 2 cups milk and liquid from peas, 1 teaspoon finely grated onion, 1 teaspoon Worcestershire sauce.
Method: Wash the shrimp under cold running water and drain. Put them in a small heavy saucer with 1 cup of the boiling water and bring to a boil again over high heat; reduce heat, cover, and simmer about 5 minutes, until cooked through. Drain, cool, and peel off shells with fingers; remove black veins down backs of shrimp with a small sharp pointed knife and wash under cold running water. Slice each shrimp in two lengthwise and set aside. Shell peas and put into small saucepan with remaining 1/2 cup boiling water; bring to a boil again over high heat, reduce heat to moderate cover and cook until just tender, about 5 to 10 minutes; set aside. Melt butter or margarine in a small heavy saucepan; remove from heat, add flour and salt, and blend well. Add milk and liquid drained from peas (to make 2 cups) slowly, stirring until smooth after each addition. Add grated onion and Worcestershire sauce; return to moderate heat and cook, stirring constantly, until thickened and bubbly; cook 2 more minutes. Add shrimp and drained peas and heat slowly. 4 to 6 servings.

It comes out richly dark and with a delicious subtle but commanding flavor. With the bouillon flavor, it is good for a meatless meal or, with meat, one would have something similar to two smart conversationists hitting on all cylinders—a give and take proposition with fun for all present.

Ingredients
1 cup uncooked rice, 2 tablespoons salad oil, 2 tablespoons butter or margarine, 1 small onion, minced 1 whole garlic, 1 tablespoon lemon juice, 1/2 teaspoon salt, 1 teaspoon paprika, 1 teaspoon minced parsley, 1/2 teaspoon savory, 4 bouillon cubes, 4 cups water.
Method
Do not wash rice. Mix and heat salad oil and butter or margarine in a skillet or casserole that will take top stove heat. Add to the oil and fat the minced onion, garlic and rice. Cook, stirring very frequently, over a slow fire until the rice is nicely browned but not scorched. Remove the garlic clove and add lemon juice, seasonings and herbs.

Dissolve the four cubes of bouillon in the four cups of water and add one cup of this mixture to the rice. Stir once, then cover tightly. Cook slowly until the bouillon is absorbed by the rice. Add another cup of the bouillon to the rice. Continue this until the rice is tender and all the bouillon has been added. Don't stir but the one time. Makes four large delicious servings, or will serve more if part of a meat meal.

Corn Bake Tastes Good In Texas

2 tablespoons fat, 2 tablespoons flour, 1 cup milk, 2 1/2 cups cream style corn, 1/4 cup chopped green pepper, 1/2 teaspoon salt, 1/2 teaspoon sugar, 2 eggs, beaten, 1/4 cup buttered crumbs, Pepper & dry mustard to taste, 1 center slice pre-cooked ham.
Prepare sauce of fat, flour and milk. Add corn, green pepper, salt, pepper, mustard and sugar. Add eggs. Pour into greased casserole. Top with crumbs. Place a center slice of pre-cooked ham on top of this mixture. Set in pan of hot water and bake until firm. Use custard test.

Finns Learn How To Feed Athletes Of United States

AP Newsfeatures
DENTON, Tex.—American athletes who go to Finland for the 1952 Olympics will get home cooking with a Finnish accent. Teuvo "Teppu" Hakkarainen will be in charge of food procurement at the games. Right now she's at the Texas State College for Women to learn the secret of the hot dog and ham on rye. The 32-year-old Finnish woman is on a year's scholarship to watch the American diet.

"Americans are used to having fresh vegetables and fruits all the time," she says. "They are difficult to get in Finland. Also, you have everything in cans."
"Teppu" came to Texas last September on a scholarship sponsored by the TSCW home economics club.

"I have worked for a while in the college bakery, meat shops, cafeteria, dining halls and everywhere they serve food," she explains.
Bron in Kolari, Finland, "Teppu" studied in the best Finnish schools of home economics. She has received several degrees, including one from the Pedagogic school for Home Economics at Helsinki, the best in Finnish food education.

During World War II, she worked in the Lotta Svard organization as inspector of provisions for canteens and working places. Then she became managing director of Tyomaahuolto Oy, which has charge of meals in industrial establishments all over Finland. This establishment directed the feeding of 50,000 sportsmen who took part in the 10-day long Fin-Festival games in 1947.
"Teppu" wanted to learn the American way of mass feeding before tackling the job of fixing foods at the Olympics. Her job demands that she supply the proper foods to cooks of 57 different nations. So she applied through the Institute of International Education for a scholarship in America.

WATERPROOF HAT—A Hattie Carnegie hat of Lace-lon, a plastic that sheds water, is demonstrated in New York.

Veal Rolls Add To Dinner Menu

Veal Rolls*
Mashed Potatoes
Buttered Asparagus
Bread and Butter
Pineapple and Strawberry Cup
Cookies Beverage
(Recipe for Starred Dish Follows)
VEAL ROLLS
Ingredients: 6 cups soft white bread cubes, 1/2 cup finely cut onion, 1 1/2 cups butter or margarine, 2-3 cup chopped ripe olives, 1 teaspoon celery salt, 1 teaspoon poultry seasoning, 1 1/2 cups broth, 3 thick veal rounds, salt and fresh-

ly ground pepper, flour, fat (for frying).
Method: Fry bread cubes and onion in butter or margarine until bread is slightly browned. Remove from heat and stir in olives, celery salt, poultry seasoning, and 1/2 cup broth. Get each veal round crosswise into two pieces, remove bone and pound meat to flatten. Sprinkle with salt and pepper. Place a portion of the dressing on each veal round and roll up; pin together with picks. Roll in flour and fry in a small quantity of hot fat to a golden brown. Add remaining cup broth and simmer about 20 to 30 minutes or until meat is tender, basting frequently. 6 servings.

Ham-Mushroom Shortcake Is Buffet Dish

Celery and Ripe Olives
Ham and Mushroom Shortcake*
Mixed Green Salad
Hot Biscuits and Butter
Fresh Fruit Compote with Sherbert Beverage
Ham and Mushroom Shortcake
Ingredients: 1/4 cup fat, 2 tablespoons finely diced onion, 1/4 cup finely diced celery, 1-3 cup flour, 1 cup well-seasoned chicken broth, 1/4 cup milk, 1 three-ounce can of chopped broiled mushrooms, 1/4 teaspoon pepper, 1-16 teaspoon powdered marjoram, 1/4 cup finely diced green pepper, 2 cups coarsely diced cooked ham, 2 cups biscuit mix, 1/4 cup parsley, 2-3 cup milk (about), 1 tablespoon softened butter.
Method: Melt fat in top of double boiler over moderate heat. Add onion and celery and cook until barely tender, about 5 minutes stirring frequently. Stir in flour. Add chicken broth, milk, and contents of can of mushrooms. Stir in pepper and marjoram. Place over hot water and cook, stirring constantly, until sauce thickens. Add green pepper and ham. Cover and let stand over hot water for 30 minutes, or until thoroughly hot. Meanwhile prepare biscuit mix according to directions on package, blending in parsley before adding the milk. Roll out in two 8-inch circles. Place one circle in 8-inch baking pan and brush with softened butter. Top with second circle. Bake in hot (425°F.) oven, until browned and done about 20 minutes. Arrange biscuit and mushroom mixture shortcake style on serving platter. Serve immediately 4 to 6 servings.

Cabbage Salad Is Easy To Make

Country Sausage
Orange-glazed Sweet Potatoes
Creamy Cabbage Salad*
Bread and Butter
Berry Cobbler Beverage
(Recipe for Starred Dish Follows)
CREAMY CABBAGE SALAD
Ingredients: 1 1/2 cups shredded cabbage, 1/4 cup finely diced celery, 1/4 cup shredded carrot, 1/4 cup commercially prepared sour cream, 1 1/2 teaspoons wine vinegar, 1 tablespoon lemon juice, 1 1/2 teaspoons finely minced scallion, 1/4 teaspoon salt, 1 1/2 tablespoons sugar, freshly-ground pepper (to taste).
Method: Put the cabbage, celery and carrot in a mixing bowl. In a small bowl put the sour cream, vinegar, lemon juice, scallion, salt sugar and pepper; mix well. Toss the vegetables together, add the sour cream dressing, and mix well. Chill if not served at once, 3 servings.

New, Homogenized Swift's Jewel Shortening Challenges the Costliest... Costs Much Less!

Simple Test Proves Jewel "Smoke-Point" 40° higher than costliest shortenings!
WON'T SMOKE UP OR SMELL UP KITCHENS

In a recent test, the "smoke-point" of new Jewel was compared with the three costliest shortenings on the market. And in every single instance, Jewel demonstrated a marked superiority.
The test itself is so simple that it can be done in any home kitchen. Equal amounts of Jewel and any costliest shortening are placed in two pans. A cooking thermometer, (two, if you have them) will help to verify exact temperatures. As heat is applied, the expensive brand begins to smoke and give off odors.

SPECIAL PECAN PIE RECIPE FROM SWIFT'S FAMOUS MARTHA LOGAN
Families who go for pecan pie (and what family doesn't!) will give a cheer for this special recipe featuring new Jewel Shortening. It's easy, too! Just follow the 3 magic steps which Martha Logan has indicated for your convenience. 1. Line an 8-inch pie pan with pas-

try made with Jewel Shortening. 2. For the filling, beat 4 eggs slightly. Add 1 cup sugar, 1/4 tsp. salt, 1 cup white corn syrup, 3 tbs. melted Jewel Shortening, 1/4 cup whole pecan nut meats and 1 1/2 tsp. vanilla. 3. Fill prepared pie shell and bake in a moderate oven (350°F.) about 1 hour, until an inserted knife comes out clean.

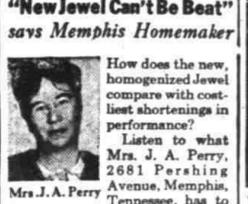

GIVES "MAGIC" RESULTS IN COOKING, BAKING, FRYING. YET SELLS FOR 5¢ TO 7¢ LESS PER POUND THAN COSTLIEST SHORTENINGS!

Thanks to the skills and ingenuity of the famous Swift Research Laboratories a new, homogenized Jewel Shortening has just been introduced. Created to a new formula, the new Jewel employs a controlled homogenization process in the blending of its fine vegetable oils and meat-food fats. The result is a remarkably smooth and even-textured product of highest quality.

No Other Shortening Is More Digestible Or More Nutritious!
Don't be fooled—say scientists. Just because a shortening costs more doesn't make it any more nutritious or digestible. Actually, any fats—including the fine vegetable and meat-food fats found in Jewel—are among the most completely digested foods.

Furthermore, all fats are important in good nutrition. For they yield 2 1/2 times as many energy units per pound as either carbohydrates or proteins. In other words, money can't buy a more nutritious or digestible shortening than new Jewel. Not even if you pay \$10 a pound!

"New Jewel Can't Be Beat" says Memphis Homemaker

How does the new, homogenized Jewel compare with costliest shortenings in performance? Listen to what Mrs. J. A. Perry, 2881 Parrish Avenue, Memphis, Tennessee, has to say on the subject. "I've tried the new Jewel," says Mrs. Perry. "There's nothing better for all fine frying and fancy cooking. For example, just recently I made a Jam Cake with the new Jewel that would melt in your mouth. It's also especially good for frying chicken." In conclusion, Mrs. Perry reported: "New Jewel can't be beat... and it costs less too!"

Jewel a long-time favorite of the South

To hundreds of thousands of Southern homemakers, there's "magic" in the name of Jewel. First introduced in 1898, Jewel's fame spread quickly. Today, generations have come to know and to depend on its high quality—its uniform creamy-smoothness—the truly amazing results it brings. With the introduction of new, homogenized Jewel Shortening the fame of this fine product is destined to reach new heights.

From where I sit... by Joe Marsh
Don't Fence Yourself In
Every spring, Handy Peterson and Easy Roberts patch up the stone wall that separates their farms. They walk along talking—Easy on one side, Handy on the other—picking up the fallen stones and putting them back.
Afterwards, over a friendly glass of beer, Easy says, "You know, wall-mending is a nice neighborly custom, but we really don't need that wall. We keep it up just because it happens to be there."
"Yes," says Handy, "a lot of walls and fences and boundaries keep on separating people for no good reason. Maybe we'd all be better off if some of them were torn down, instead of kept standing."
From where I sit, Handy said a mouthful. Take the "walls of intolerance" that people build up against each other. I like a temperate glass of beer now and then, you may prefer buttermilk—but that's no reason for me to criticize you, or you, me. Let's live and let live together—making more friends and fewer "walls."
Joe Marsh

Ramos Takes 11th Victory As Locals Rap Indians, 6-1

Bronc Southpaw Fans 15, Allows Only 18 Hits

MIDLAND, June 16—Julio Ramos, the little pitcher with the blazing fastball and the cork-screw curve, made it No. 11 here Tuesday night as the Big Spring Broncs romped over the Midland Indians, 6-1.

Ramos, who has not lost a Longhorn league game this season, settled after a shaky first inning and the Indians were all but eating from his hand for the last eight frames.

Meanwhile, Ace Mendez and Potito Pascual were leading a 10-hit attack on Lefty Ernie Nelson whose slants were a mystery to the league leaders most of the way. Nelson probably would have made an air-tight duel of it, except for erratic fielding by his mates. The Webb men committed six errors.

The Broncs went in front to stay in the second inning. Mendez, who seemed to like Nelson's tosses, sent one screaming over the boards in that round with nobody on. The Bronc centerfielder also had a double and a single before he was

scholarly horse in the ninth, forced from the game with a charley horse in the fifth. The Broncs scored once in the first and the Indians came right back to knot the count when they bunched three singles. Thereafter Ramos had them on his hip, striking out 15. He whiffed six in a row midway of the game.

Pacific Coast Athletics Get A Purity Bath

PORTLAND, Ore., June 16.—College athletics in the Pacific Coast Conference emerged freshened today by a \$21,105 purity bath.

Total fines to this extent for athletic code violations the last twelve months were slapped on the ten members of the big circuit in the far west. The faculty members of the organization went all out yesterday in winding up affairs of the spring convention here.

Some of the penalties were man-sized. The University of Washington drew the largest fine—\$5,500. The university of Idaho was a runner-up with an assessment of \$4,010.

Behind Washington and Idaho, the fines graduated down as follows: Washington State College \$3,720; Stanford \$2,890; Southern California \$2,370; Oregon \$1,390; the University of California at Los Angeles \$555; California \$350; the University of Montana \$200; Oregon State College \$120.

Many penalties were inflicted for highly technical reasons. Commissioner Victor O. Schmidt said a number of violations that brought fines to the coast group would not have been considered infractions under the so-called "sanity code" which governs the National Collegiate Athletic Association.

Specific violations by the schools were not made public. They occurred in 26 categories.

Eagles, Sports Resume Bitter Series Tonight

By The Associated Press
The eyes of Texas League baseball are on the tense, bitter series between the first-place Dallas Eagles and the second-place Shreveport Sports that continues in Dallas tonight.

The Eagles and the Sports split a double-header last night. Both games went extra innings. The opener, scheduled for seven innings, went one extra frame before Dallas won, 5-3. The Sports copped the nightcap, 5-4 in ten frames.

Dallas holds a game and a half edge over Shreveport, after taking one of the three-games in Shreveport.

The third-place Fort Worth Cats, only two games behind Dallas, swept a three-game series with the Beaumont Exporters last night with a 7-6 victory.

Fifth-place Oklahoma City gained a full game on the fourth-place San Antonio Missions, downing the Missions, 12-2.

The cavalcade of pitchers continued in the loop last night. A total of 23 hurlers toiled in the five games.

The weatherman promised "partly cloudy" weather but none of the rain that caused the postponement yesterday.

Long after the Michigan State Boxing Commission first ruled that no new weigh-in was necessary, the two managers got together and agreed to let their boys step on the scales a second time. They "made up" only after hours of wrangling into the early morning.

Jo Longman, the excitable Parisian manager of Cerdan, talked about an "international incident" and the danger of losing the title to a "light heavyweight" when it appeared that Jake and Marcel would not have to weigh in after the postponement.

LaMotta hit 159 yesterday noon and it was agreed he would have trouble getting under the 160-pound class limit again today. For that matter, Cerdan, too, will have difficulty although he got in comfortably at 158 yesterday. Both are well thinking no second weigh-in would be necessary.

Floyd Stevens, chairman of the state commission, summoned reporters to a hotel suite early today to announce the change of plans with the weigh-in at 10:30 a. m. and each fighter to make the required weight by 2 p. m. (EST).

According to Al Silvani one of La Motta's handlers, Jake became alarmed when he heard the Frenchmen talking about losing the title to a lightweight.

"If that's what they want, okay I'll weigh again," Silvani quoted La Motta. Silvani said he then contacted the commissioner with the news.

Cerdan remains the favorite but the 5 to 8 price, however, might melt as much as two points by ringtime for the 15-round battle scheduled for 10:00 p. m. (EST). Nick Lodes, promoter for the International Boxing Club which is sponsoring the fight, loudly maintained early this morning that there was a time last night when Longman threatened to WITHDRAW Cerdan from the fight if the fighters were not required to weigh-in again.

Stevens said NBA rules provide for no second weigh-in in cases where there is a 24-hour postponement.

WRANGLE OVER WEIGHTS

Cerdan, La Motta Will Try Again At Detroit Tonight

Detroit, June 16.—To avoid the threat of an international boxing incident, both middleweight champion Marcel Cerdan of French Morocco and challenger Jake La Motta of New York's Bronx will weigh in again at 10:30 a. m. (EST) today for tonight's once-postponed title bout at Briggs Stadium.

The weatherman promised "partly cloudy" weather but none of the rain that caused the postponement yesterday.

Long after the Michigan State Boxing Commission first ruled that no new weigh-in was necessary, the two managers got together and agreed to let their boys step on the scales a second time. They "made up" only after hours of wrangling into the early morning.

Jo Longman, the excitable Parisian manager of Cerdan, talked about an "international incident" and the danger of losing the title to a "light heavyweight" when it appeared that Jake and Marcel would not have to weigh in after the postponement.

LaMotta hit 159 yesterday noon and it was agreed he would have trouble getting under the 160-pound class limit again today. For that matter, Cerdan, too, will have difficulty although he got in comfortably at 158 yesterday. Both are well thinking no second weigh-in would be necessary.

Floyd Stevens, chairman of the state commission, summoned reporters to a hotel suite early today to announce the change of plans with the weigh-in at 10:30 a. m. and each fighter to make the required weight by 2 p. m. (EST).

According to Al Silvani one of La Motta's handlers, Jake became alarmed when he heard the Frenchmen talking about losing the title to a lightweight.

"If that's what they want, okay I'll weigh again," Silvani quoted La Motta. Silvani said he then contacted the commissioner with the news.

Robertson-Curry Team Paces Mixed League Bowlers

Mary Robertson and Marcus Curry turned in a three-game aggregate of 1304 to lead bowlers in the Mixed Doubles League Wednesday night at the West Texas Bowling Center.

Finishing second were Olive Cauble and J. D. Robertson with a three-game total of 1190. Mary Robertson had high game

for women bowlers and high series, 203 and 545, respectively, while Olive Cauble was second in those two departments with 201 and 492.

The Cauble-Robertson team had the high individual team game of 376, while Robertson-Curry had the second best, 338.

E. B. Dozier Jr. turned in a 202, which was high game for men, while Pat Malone was second with 198. High series for men was posted by J. D. Robertson, 539. Malone's 513 was second high series.

In England during the Middle Ages, all men between 16 and 60 years old were required by law to practice archery.

Women Golfers Begin Tourney

LUBBOCK, June 16.—Mrs. Frank Goldthwaite of Fort Worth, who set a course record in the qualifying round with a two-over-par 76, met Mrs. Sibyl Fournoy of Midland today in the opening round of match play in the West Texas Women's Golf Tournament today.

Mrs. Flourney had an 89 in the qualifying rounds yesterday. Defending champion Mrs. Sam O'Neal of Odessa, who did not have to qualify, met Mrs. Herschel Ezzell of Midland, who shot an 88.

Mrs. Henry Loustein of Odessa was second in the qualifying with an 82. She met Mrs. J. W. Ross of Amarillo, who had an 89, in the first round.

Other pairings in the first round today were: Pat Garner, Midland, 87, vs Mrs. G. V. Little, Odessa, 91; Mrs. T. L. Sampson, Lubbock, 92, vs Bonnie Autrey, Odessa, 88; Mrs. Carl Mahon, Abilene, 91, vs Mrs. Spear Ellison, El Paso, 87; Mrs. Ted Huggett, Odessa, 87, vs Mrs. Bill Powell, San Angelo, 90; Mrs. E. A. Dietz, Fort Worth, 88, vs Mrs. R. B. Leavett, Abilene, 92.

Illness has kept A. Fierro of the Big Spring Tigers baseball club on the sidelines recently, but he has pounded the ball at a 500 clip in the two games he has played to lead the Bengal hitters.

Fierro plays shortstop. In second place among the Tiger hitters is Centerfielder Arista with a robust .434, while E. Subis comes next with .428 and Bert Baez follows with .400.

Regular league play is scheduled to start June 23. Two games will be played each Thursday evening until a double round robin schedule has been completed.

Teams listed in the V-Church Softball league are the First Presbyterian, East Fourth Baptist, North Side Baptist, First Baptist and First Methodist.

'Win For Waitkus' Is Phil Battle Cry

By JOE REICHLER
Associated Press Staff

"Win for Waitkus" has become the new battle cry of the "Fightin' Phillies" of Philadelphia.

Shocked by the shooting of Eddie Waitkus, the star Philly first baseman, his teammates were determined today to do their best to boost the morale of the stricken athlete. Waitkus was shot and seriously wounded by a girl fan in a hotel room early yesterday.

"I'm sure a batch of Philly victories would hasten Ed's recovery as much as any medicine," a member of the club said yesterday. "And that's what we aim to do."

The Phillies wasted no time in carrying out their promise. They swept a doubleheader from the Chicago Cubs, 4-1 and 3-0, to move into a virtual tie with Boston for third place in the tight National League race.

The twin triumph gave the Phils a four-game winning streak and a record of 10 victories in their last 13 games. They trail the first place Brooklyn Dodgers by only three games.

Kenny Heintzelman and Hank Borowy, a pair of castoffs, allowed only one run between them as each gave up only five hits. Del Emrie furnished the batting punch, driving in a pair of runs in each game. He collected a double and triple in the opener, and a pair of two-baggers in the nightcap. Dick Sisler, subbing for Waitkus, collected three hits.

The Dodgers' eight-game winning streak came to an end last night when the St. Louis Cardinals whipped them, 9-5, and cut their first place margin over the Redbirds to two games. Nippy Jones enjoyed his biggest day in the majors with a perfect four-for-four. He smashed a home run, two singles and a double to bat in six runs.

A crowd of 22,131—largest of the year at Sportsman's Park—saw Gerry Staley come to the aid of faltering Al Brazie in the fifth and pitch shutout ball the rest of the way to earn his fourth victory.

Pittsburgh's Pirates duplicated Tuesday's feat by coming from behind with a four-run rally in the last of the ninth to nip the Braves, 8-7. Danny Murtagh's single off Bobby Hogue drove in the tying and winning runs with two out in the ninth but Dino Restelli, a rookie outfielder, took Pittsburgh betting honors with two homers and a single.

The American League leading

New York Yankees opened up a four-game lead over Detroit, whipping the Chicago White Sox, 9-4, while the Tigers were losing a 2-1 game to Philadelphia. Cleveland sunk the Boston Red Sox deeper into a rut, drubbing the Sox 8-5, and Washington stayed in fifth place shutting out the St. Louis Browns, 9-0.

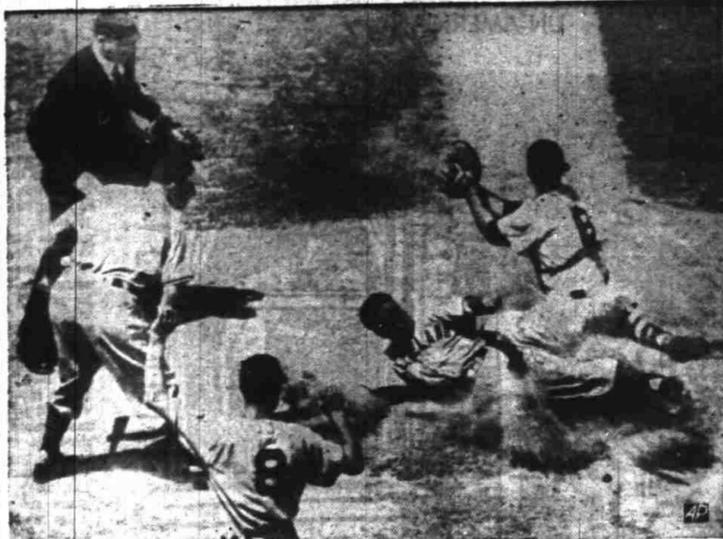

Yogi Berra and Bobby Brown paced a 12-hit Yankee attack against Randy Gumpert and Allen Gettel with home runs.

Rookie Ray Boone, who has replaced Manager Lou Boudreau at shortstop, clouted his first two major league home runs to lead the Indians to their second straight victory over the Red Sox. His eighth-inning homer off Walter Materson started a three-run uprising which enabled the Indians to overcome a 4-3 deficit. His second four-bagger came in the ninth with one on. Gene Bearden was the winner.

Eddie Joost's 14th home run won for the A's. The blow came off Ted Gray in the fifth. Dick Fowler scattered six hits for his fifth win, his fourth in a row. Vic Fertz homered for the lone Tigers' run.

Rae Scarborough allowed only two hits in shutting out the Browns. The Senators' righthander gave up his first hit in the fifth driving in a pair of runs in each game. He collected a double and triple in the opener, and a pair of two-baggers in the nightcap. Dick Sisler, subbing for Waitkus, collected three hits.

The Giants were rained out at Cincinnati.

SCORES FROM SECOND—Allie Clark of the Cleveland Indians scores from second on Larry Doby's double to left fielder Ted Williams in first inning of their game with the Boston Red Sox in Boston. The relay from Williams to Johnny Pesky at third to Sox catcher Birgitte Tebbetts was a bit late to nip Clark. Ray Boone, who scored the first run of the game just ahead of Clark is No. 8. At left is Joe Gordon, No. 4, next batter, and umpire Ed Rommel. (AP Wirephoto)

Girl Charged In Shooting Of Phils' First Baseman

CHICAGO, June 16. (AP)—A teen age girl was summoned into felony court today on a charge of assault with intent to murder in the shooting of Eddie Waitkus, the Philadelphia Phillies star first baseman.

Waitkus, shot near the heart with a .22 caliber rifle bullet by the girl who was secretly in love with him but whom he did not know, was reported in "fair to poor" condition.

Oxygen and blood plasma were administered to the 25-year-old ball player but physicians delayed operation to remove the bullet still lodged in his chest.

His physicians at Illinois Masonic Hospital said Waitkus rallied from several low spells yesterday. A lung specialist described his condition as "most improved but still guarded."

Ruth Steinhagen, 19-year-old typist, in statements to police related how she shot Waitkus, her baseball hero, after she lured him to her hotel room Tuesday night. The tall, dark-haired girl told and retold her story of the shooting in the 12th floor room at the fashionable Edgewater Beach Hotel.

Told by state's attorney John S. Boyle that the shooting was a serious offense, she replied: "Oh, it was just a simple one." Asked if she was sorry, she said:

"I'm not really sorry. I'm sorry Eddie has to suffer so. I'm sorry it had to be him. But I had to shoot somebody. Only in that way could I relieve the nervous tension I've been under the last two years. The shooting has relieved that tension."

Ruth's mother, Mrs. Edith Steinhagen and her girl friends said she had a secret crush on Waitkus, who is single, ever since the first saw him play ball with the Cubs in 1947. Waitkus was with the Phils for three years, going to the Phils in a trade last winter.

Mrs. Steinhagen said her daughter

or had visited two psychiatrists who told her "nothing was wrong with her except that she should forget about Waitkus."

Waitkus, currently leading in the vote for National League first baseman for the all-star game next month, was stopping at the Edgewater Beach Hotel with the Phils who came to Chicago Tuesday for a series with the Cubs.

He went to Miss Steinhagen's room late Tuesday night in response to a note she sent him that she had something "important" to tell him. Some of her girl friends said she had written Waitkus many letters and telephoned him when ever he was in Chicago. But her letters and telephone calls went unanswered until Tuesday night.

The shooting occurred shortly after Waitkus arrived at her room and after she told him, "I have a surprise for you." As she grabbed a loaded .22 caliber rifle from a closet, Waitkus shouted, "For heaven's sake, what's going on here?" She said: "For two years you've bothered me. Now you're going to die." After she shot him, she told police, she started to reload the rifle and shoot herself but she "blacked out." She called hotel authorities and reported "I just shot a man."

Looking 'Em Over

by Tommy Hart

By WACIL McNAIR
(For Tommy Hart who is vacationing)

We heard earlier in the week that a goodly portion of Odessa's sports fans were working on the problem of "how to beat Big Spring" and now Dick Snider, who chronicles sports for the Odessa news-
paper made a suggestion. The problem gained significance last Saturday night and Sunday when the Broncs swept a two-game series from the Odessans in Oiler park. It was the eighth victory in a row for the Broncs over the Oilers and the Odessa crew still is looking for its first 1940 triumph over the league-leading Hosess.

Snider's suggestion involves some complications. He would have some South American country declare war on Cuba, and then get all of Big Spring's Cuban pitchers appointed generals in the Cuban army. Then the other players could be drafted.

Even that complex strategy might not work, however, Snider admits.

"Considering the fact that Bronc Manager Pat Stasey is the nearest thing to a one-man team in the league, this might not be too big a hardship, after all," the Odessa writer opines.

For Snider's information, Stasey was some shakes as a pitcher himself several years ago before his heavy work with the willow dictated a change to keep in the lineup every day. And Bronc bat boy Bobby Mears, just might be able to catch if the occasion demanded it. Bobby has had considerable practice second guessing some of the backstoppers around Steer park this season.

(Snider noted that with the Cubans gone, Big Spring still would have a manager, president, bat boy and groundkeeper.)

The Broncs have been leading their Longhorn league opponents in fielding as well as games won for several weeks, but the locals were sadly outclassed in the execution of double plays during the early part of the season. It is encouraging to note that the Hosess are doing something to remedy their twin killing deficiency. They have averaged a double play per game for nine games (through Tuesday's doubleheader) since the last official averages were released.

Potato Pascual, Bert Hernandez and Eddie Ramirez initiated two twin killings each during the nine game streak, while Gumbo Helba, Felix Gomez and Pancho Perez started one apiece. Local fans saw doubleplays from first to second to first, and from pitcher to the plate to first in the Roswell series.

If you're wondering about that form reversal at Sweetwater, this may account for it: Four of the Swatters are sweating the pellet at better than 400 and two more Sweetwater names grace the .300 ranks. Dick Gyselman, Harry Bartolomeo, Pat Lorenzo and Dick Butcher are the leaders.

The San Angelo Colts have a new lefthanded outfielder named Jesus Llamas who came from the Arizona-Texas league. He reportedly has made quite a hit with Colts fans.

'Big Deal' Fails To Materialize As Major Loop Deadline Passes

NEW YORK, June 16. (AP)—The deadline for major league deals passed at midnight last night, but the "big deal" never came off.

Nobody was sure what the "big deal" would be. But anybody who put any stock in the hundreds of rumors that were floating around must be surprised to find so few changes.

These were the deals completed in the final hours:

Pittsburgh bought outfielder Ed Sauer from the St. Louis Cardinals and then peddled him to the Boston Braves for catcher Phil Masi. The Pirates promised the Cards a

Father And Son Week Points To Opportunity For Rich Experience

Weeks—special weeks—are a dime a dozen. They go and come without particular notice. There is a probability that this fact has been National Father and Son week, which points up to the observance of Father's Day on Sunday.

For some reason Dad doesn't get excited over a special day and possibly for this reason it doesn't generate the observance that Mother's Day does. Perhaps emphasis on the father and son angle might add a measure of appreciation to the occasion.

Dad is past puffing up, practical and busy as he is in the every day business of making a living. But maybe "ad gets too concerned with the material side of his family life. Maybe he forgets his fatherly obligations to his children, and particularly to his sons.

We never did go in for this super-pal business between father and son. There is something richer and deeper than the superficiality of a pal association. With

the most meagre of efforts, a Dad can plumb into the depths of his son's experiences. He has only to spare a moment and demonstrate a mild interest to strengthen his son's firm belief that his Dad is the greatest guy in the world.

Without intruding on the normal pursuits of growing lads or trying to play like he is a big brother, Dad can cement a bond of dignity and mutual respect with his boys. Out of it will come a tremendous respect and loyalty.

There is the other side, too. A constant playmate attitude can invite a familiarity which knocks the edge off the relationship. Complete indifference can turn a boy to other adults for guidance—too frequently an unwholesome guidance. Dad has a "elicit" responsibility not to overdo his companionship, to make it what it ought to be and earn a respect that begets confidence and ultimately the sort of character that Dad would like to have been.

Traffic Changes May Not Be Easy, But Could Be Helpful

Some traffic changes approved by the city commission Tuesday could have a wholesome effect from a safer and more expeditious flow of traffic.

The erection of stop signs at several intersections, notably on Eleventh Place to make this street and its extension (Martha) a through street, will find acceptance largely as a matter of routine. Habits can be changed more easily in this respect.

Less easily will the habits of turning left at Third street at the Runnels, Main and Scurry street intersections be changed. There may be some resistance to this move. It is not inconceivable that a few businessmen will feel it effects their trade potential.

Perhaps an understanding of what this is aiming toward will be helpful. Its purpose of speeding U. S. 80 traffic, which is a vexing problem to city and highway officials alike, through the downtown district. One of the most troublesome practices now is the left turns at these busy intersections. Left turns invariably stack up traffic until only two or three cars can make a green light at a time. Elimination of left turns could double the number.

For a time it may seem unhandy. But soon motorists will anticipate the rule when driving downtown and can plot their course just as easily as now. In the interest of a smoother flow of traffic, circulating the block is not too much to ask.

Notebook—Hal Boyle

Hal Brushes Up On Geography, History Of The Old Country

SHANNON, IRELAND. — OH IT was high up in the air were 8,000 feet above the great Irish Sea.

Inside the cabin of the American Overseas Airlines flagship America, were some 30 correspondents returning from a tour of the European battlefields and outside was a thick cloud making a mystery of the land below and the sky above.

We had run into the clouds after taking off from London. Some of the passengers dozed in their seats, quietly digesting one of merrie England's postwar austerity meals and wondering if God ever made anything more courageous than the English.

BUT SOME OF US WERE LOOKING out impatiently waiting for the clouds to clear. We were semi-professional Irishmen in the crowd, seeking to know with our eyes the things our mouths had gabbled about all our lives.

Just then a starboard engine gave a tug at a cloud and swallowed it whole and through the mist there gleamed a river beneath us. And far away, sure it was a fair river—as if the Lord had taken the milky way and poured it star by star between the green banks and all the stars had melted and ran together in a silver

flow.

There was one among us, Cornelius Ryan, who had been born here and was seeing his homeland again for the first time in eight years.

"There is Ireland's tallest mountain—Cahirciveen," he said.

"Now over there, the Irish Central Plain," said Ryan. "See how few roads there are and notice how small the farms are."

AROUND EACH FARM IS A STONE wall. They were built in the days when the Irish used to say "we may not have any ammunition to fight the British, but we have plenty of rocks to throw at them."

Our plane landed at Shannon Airport and we picked up a souvenir of Irish earth at the edge of the runway. Then we went into the lounge. We had only an hour before our plane left and we spent it learning about Ireland.

It seems there are two rival dairies here. One is run by a fellow named Bushmill. The other is operated by a guy named John Jameson. They both bottle beautiful brown milk.

What else can you learn in an hour about Ireland, Mavourneen? It was too dark to look for shamrocks.

Today And Tomorrow—Walter Lippmann

End This Disorderly Conduct On Part Of Investigating Groups

It is about time to consider whether, as the showy investigations are now conducted, we are combating Communist propaganda or providing it with superb material to frighten our friends and cheer up our opponents.

By various proceedings, all of them under official auspices or one kind or another, the world is now being told that (1) our principal military weapon, the atomic bomb, has been under incredible mismanagement, that (2) the principal means of delivering the bomb in case of war may have been selected by a combination of bad judgment and political corruption, and that (3) the government of the United States is permeated with spies.

It would be misleading, I agree, to test the effect of all this by what we would think and say if the impossible happened—in Moscow investigating committees appeared which began to announce that the Red Army was incredibly mismanaged, that its tanks, artillery, or jet fighters were wrongly designed and mixed up with financing the party, that the Politburo and the bureaus of the govern-

ment were full of Fascist spies and capitalist fellow travellers. We should say hurrah, the monster is sick, victory is just around the corner, only fools will fear him, only fools will rely on him.

We should have some ground for our jubilation because such an assault on the prestige of the Soviet government could not happen unless the police state was in fact cracking up. In a free society like our own, when the prestige of the government is assaulted, it does not mean that American system is cracking up. It means only that a fair number of crackpots have gotten further in our public life than they ought to.

It is however, not misleading to ask ourselves what we should think and do if, let us say, comparable charges were being made in the House of Commons. Suppose that in rapid succession we began to see Parliament setting up elaborate and spectacular investigations which impugned the competence, or the honesty, or the loyalty of the departments charged with the inner and vital defenses of Britain.

How would we feel about the value of an alliance with a Britain which the British Parliament felt it must deal with in that fashion? And how ready would Senator Hickenlooper and the other guardians of our national virtue be to put their trust in the British partnership? Would they not be issuing mimeographed statements and shouting over the microphone to beware, beware, beware?

After everything has been said about the good work that good investigations have done, and how much better it is to publish everything rather than to suppress anything, the fact remains that these investigations are running hot wild. They're injuring not only individuals but the name and honor of the United States, and the very principals of free government.

For if the principles of freedom do not mean loyalty to truth and justice, responsibility to the public interest, a decent respect for one's neighbors, and some charity, then freedom will perish in its own home, having become nothing more than the license to subvert the moral foundations of freedom.

"HELLO-F.B.I.? MY NEIGHBOR IS WALKING AROUND IN THE UN-AMERICAN"

Merry-Go-Round—Drew Pearson

Production Of B-36 Bomber Curtailed By Prolonged Strike In Vultee Plant

WASHINGTON. — B-36 SLOW-down—While Congress has been investigating possible finagling on B-36 contracts, the inside fact is that consolidated Vultee has been forced to curtail production of the giant bomber—because of a prolonged strike in one key plant.

The strike is at Bendix, South Bend, Ind., which supplies vital airplane parts throughout the industry. Effect of the strike has been so severe that the Air Force is running short of spare parts for some of its most expensive squadrons and may be forced to cut down on flying time.

Meanwhile, the FBI is checking reports that strike leaders are Communists, infiltrating into this key industry because of its sons of the American Revolution, which caused the sons to tip off the FBI. G-men advise congressmen who receive such mail not to open the envelopes, on the chance that the writer's identity can be established from fingerprints.

MERRY-GO-ROUND

Dwight Palmer, under White House consideration as head of the National Security Resources Board, is an active battler against bigotry and discrimination. Head of the General Cable corporation, he practices what he preaches among the 5,000 employees of his firm. The Vinton committee to investigate the B-36 will subpoena all records of the Navy League to find out where the money's coming from to battle the B-36. Sen. Johnson of Colorado is holding hearings on installing radio telephones in trains—an important safety measure. Landlords by the hundreds of thousands are

applying for rent increases under the new law guaranteeing them a fair return. Many are entitled to raise rents. Bill O'Dwyer will rejoin his old law firm, O'Dwyer & Bernstein, when he retires as mayor of New York.

NEW U. S. CITIZENS — Attorney General Tom Clark has been waging a quiet, consistent campaign to make naturalization ceremonies more important. He feels that when a foreigner takes on the obligations of American citizenship, it should be accompanied by a ritual as impressive, though not so secretive, as an initiation into a high fraternal order. Clark has published an enlightening book, "Gateway To Citizenship," on the obligations of American citizenship. It's worth reading. A nine-judge panel in California does one of the best jobs of naturalizing citizens. In Washington, D. C., Judge Alexander Holtzoff rates high.

BEHIND THE IRON CURTAIN — The Red Army high command has just completed a highly secret meeting with Army chiefs of staff in the satellite countries. The Army commanders from Hungary, Poland, Czechoslovakia, Roumania and Bulgaria all were present. Purpose of the conference was to map co-ordinated military strategy—just in case. U. S. diplomats report the Russians have discovered a tremendously important deposit of radium, and possibly uranium, just outside Archangel, Siberia. Hundreds of Russian engineers and geologists have been sent to open up active mining. The deposit is believed to be one of the largest in the world.

Around The Rim—The Herald Staff

Life In The Desert Is Not So Bad As City-Dwellers May Think

I find myself in sympathy with that bearded hermit, pictured in Monday's Herald, who came to the conclusion that the desert was too crowded, and hid himself to Long Beach, Calif., there to take a ship to some lonely South Sea island, where he once more could enjoy the solitude he craved. Perhaps he is carrying the thing to extremes, but it would be a mistake to set him down as a crank just because he prefers the wilderness to human society.

The wild places of the earth always have exercised a powerful fascination over a certain few in each generation. One man feels at home on the sea; another in the mountains, and a third in the forest. But it is in the desert, I think, that man comes closest to his Maker, and indeed the whole history of religion would seem to bear out this contention. I sometimes wonder what the world would be like today if it had not been for those gaunt and ragged monks of the Theban desert who kept alive the feeble, flickering flame of Christianity when the Roman world was being overtaken by the barbarians from the north.

The Arabs have a lovely name for the desert. They call it the "Garden of Allah," and so it must seem to the wanderer who strides across its vast spaces at night, when there is no sound but the soft sining of the wind and the whispering of the sand under his feet, while the big white stars seem to bend down at his passing like the magic blossoms of the magnolia grandiflora.

Living is a very simple matter in the desert. Many of the Theban monks attained great ages on nothing more than a daily handful of vegetables of their own growing, with a cup of cold water to wash down the frugal repast. A cave was their

home and a hard pallet their bed. Of personal property, they had none, with the exception of a few books. An hour or two of labor each day sufficed for the gaining of their livelihood, and the rest of the time was theirs for study, prayer and meditation. A wretched existence, some will say; yet how different from the lot of man in modern civilization who comes from a home from a long, annoying day at the office to find that his wife has run up another huge dressmaker's bill, wants to move into a more fashionable neighborhood, and—"Why can't we have a new automobile like the Joneses?"

Most of us have gone far afield from the philosophy of St. Paul, who thought that a man ought to be content with food and raiment. Desert-dwellers long ago learned that great possessions do not spell happiness, but rather turn into a millstone about the owner's neck. One should have only enough to enable him to live without becoming a burden to others; any surplus above that is just so much excess baggage. It would be well if rich men would remember that they will carry none of their treasures out of this world, and that the money they leave their heirs probably will do them more harm than good.

Desert life, of course, is not for the majority of people, especially the jitterbug type who are used to a giddy round of parties and dances. The loneliness of the great sandy wastes, which is like a healing balm to some men, would make raving maniacs of others within a week. I do not know why things should be thus, but I do remember that I was more lonely among the teeming millions of New York City than I ever was in the desert.—R. G. MACREIDY

Nation Today—James Marlow

Trail Of Communism Is Leading Probers Into Education Field

WASHINGTON. — IN ITS SEARCH for Communism and Communist influence the House Un-American Activities Committee is now going into the field of education.

The committee has picked at random about 100 schools, big and small, and asked for a list of their textbooks in general use.

What caused this? The mainspring was a petition from the Sons of the American Revolution, which claims 20,000 members who had ancestors serving this country in revolutionary war days.

The organization had a convention in Florida last month and approved a resolution to send the petition to the Un-American Activities Committee, asking for an investigation of school textbooks.

A NUMBER OF TOP EDUCATORS ALREADY have protested the move taken by the committee but the chairman, Rep. Wood, Georgia Democrat, says:

For a couple of years the committee has been receiving complaints that some of this country's school books are slanted in favor of Russia. From whom did those complaints come? From parents, children, and others.

So, Rep. Wood says, when the petition came from the Sons of the American Revolution the committee decided to act and sent out its letter asking for the names of the textbooks used.

The committee needs only the names, for it can get copies of all the books listed from the nearby library of Congress, Wood says. But who'll check the books, looking for Communist propaganda?

Wood says that can be done by the staff of about 35 people who do research for the committee and put together the various pamphlets on Communism issued by the committee.

Rep. Nixon, California, Republican and a member of the committee, explains that this is only a check and that if it turns up something the committee considers worth investigating, it will then investigate.

THE PETITION FROM THE SONS OF the American Revolution says in part: "This is an appeal to the Congress of the United States in the form of a constitutional petition for redress of grievances. It is maintained to support an investigation of conditions threatening the national security. . . .

"We are confronted with a subversive textbook problem, national in scope. It is part of an interstate traffic in propaganda originating from Communist front organizations and other pressure groups. . . .

"The public schools are being dominated by a group of so-called 'progressive' educators in the schools of education of our leading universities. Propaganda originating from that source is being introduced in high schools and even in the elementary grades. Much of this material is slanted to favor Socialism and Communism. Some of it is designed to convert this country into a social welfare type of state."

In its letter to the committee the Sons of the American Revolution said the "propaganda" in schools is trying to set up a "proletarian form of government."

DR EDMUND EZRA DAY, PRESIDENT of Cornell, said he took upon the committee's request for a list of textbooks as a "witch-hunt." Day said universities are in danger of:

"Infiltration, not by those attacking Communism, but by those who, under the guise of attacking Communism, attack something quite different." He said he referred to academic freedom.

Dr. George F. Zook, president of the American Council on Education, told the committee its survey raises "very grave issues."

The committee asked Wellesley College for a list of its books and the retiring president, Mrs. Mildred McAfee Horton, who was wartime commander of the Navy's Waves, commented on this.

She spoke of the "fear which permeates our age" and said we are "surrounded by Red-baiters and black-haters."

Hollywood—Bob Thomas

Betty Grable Reveals She Almost Retired

HOLLYWOOD. — Now it can be told—about how Betty Grable almost retired after her last picture.

The beautiful blonde from St. Louis, Mo., told me she almost quit the movie business after her recent western. The reason: a behind-scenes feud with triple-threat genius Preston Sturges.

"I was so mad I left the set after the last scene of the picture without even saying goodbye to anybody in the crew," she said. "That's the first time I've done that since I've been in the business."

It seems that Grable and Sturges disagreed on the story and almost everything. Betty, who has usually placed her film fate entirely in studio hands, carried her beef to production boss Darryl Zanuck.

She's a happy gal again. She's now doing "Wabash Avenue," which is the kind of thing Grable fans like. In fact, it's her "Coney Island" vehicle with the locale switched to Chicago at the time of the 1893 World Fair.

It's another costume picture, but this time Betty isn't wearing corsets.

"They were hurting my back," she said. "So I took off some weight in the right places and

now I don't have to wear them."

Humphrey Bogart tried to borrow Lauren Bacall for his own production. "In A Lonely Place," but got a flat "no" from Warner.

Family Quarrel In East Europe Communist Bloc Coming To Head

FOR A CHANGE WE APPARENTLY are about to witness a wide-open fight in the eastern European Communist bloc to settle a family quarrel which finally has become too serious to be kept under cover.

Russia is reliably reported about to take heavy direct action against politically rebellious Yugoslavia, headed by tough and independent Marshall Tito. Moscow and its independent satellite states are said to be preparing to launch a great offensive against Yugoslavia to inflict "economic strangulation" on that premier Balkan state.

This drastic program is said to have been laid down at a meeting of the "Cominform" (successor to the Comintern, or General Staff for World Revolution) which has been meeting in Poland. July 1 is the date said to have been fixed for the opening of the grand offensive.

THE TROUBLE BETWEEN MOSCOW and Yugoslavia is that this Balkan state is fiercely nationalistic and Tito epitomizes this spirit. That of course contravenes the Communist code, which maintains that sovereignty rests in Moscow. Belgrade has refused to surrender her sovereignty.

Yugoslavia was expelled from the Cominform a year ago, after her government was accused of a policy hateful to Russia and of other deviations from Marxist-Leninist theory. Tito himself was roundly castigated.

Yugoslavia was one of the brightest stars in the Russian crown. If you will look at your map of Europe you will see one vital reason. This big state lies on the Adriatic Sea which gives access to the Italian

coast across the way and to the Mediterranean. In other words, Yugoslavia is a military base of tremendous value, and so long as the country was under complete control of Moscow, it was to all intents a Russian base.

NOW THE STRATEGY OF THE ECONOMIC offensive against Yugoslavia is to cut that country off from all trade with Russia and the satellite countries of eastern Europe.

Today's Birthday

HELEN TRAUBEL, born June 16, 1904, in St. Louis, Mo., in a family American for two generations, but speaking German at home. Her mother had given up a concert career at marriage. Helen led school and studied voice for seven years. She made her debut with the St. Louis Symphony in 1925 and sang in New York's Lewisohn Stadium that summer under Stock and the Philharmonic. She then became soloist at the Worcester festival and with the Philadelphia, Minneapolis and St. Louis symphonies. In 1935 Walter Damrosch wrote a special soprano role into his "Man Without a Country" for her. She made her Metropolitan debut in "Die Walkuere" in 1939. In private life she is Mrs. William Bass and an enthusiastic baseball fan.

How To Torture Your Husband

County Pioneers Still Are Sending In Names

Howard county's "pioneer" list keeps growing. Names of all those who have been in the county for 40 years—since 1909 or more—have been requested for a "centennial" year compilation. The old-timers are invited to use the Herald coupon, and to make comment on anything of interest pertaining to the city and county of years gone by.
Most recent names received:
Mrs. J. P. Cauble, 1898; Lorin S. McDowell, Jr., 1891; J. R. Parks, 1892; Miss Lillian Rhoton, 1893; Mrs. J. R. Parks, 1895; Robt. T. Piner, 1901; Wallace Gunn, 1904; Bertha Merrick Bell, 1905; Joe Roberts, Jr., 1907.

Flying Preacher Will Use Plane As Pulpit

LOCK HAVEN, Pa., June 16 (UP)—A 42-year-old former test pilot, turned preacher, is planning to use an airplane as his pulpit.
Curt J. Wetzel, who assists at the First Baptist Church here, has rigged out a two-seater plane with a sound system to broadcast his message from the air.
Wetzel said he plans to glide over the country side this summer and "deliver a few remarks wherever I see a crowd gathered."
"It is amazing how well the sound carries from the air," Wetzel said. "Of course, if it is windy or the weather is bad that gum's things up a little."
"I made a few experimental trips over a nearby town recently," Wetzel said, "played the 'Old Rugged Cross' and a few other selections, and a good many persons reported hearing the music as clear as a bell."
Wetzel's plane has a powerful 16-inch loudspeaker attached to the bottom of the fuselage. The plane also has a turn-table pickup for records to permit playing of religious music. The system is powered by a storage battery.
When he sees a crowd, Wetzel said, he puts the plane into an easy circling glide at about 1,000 feet, slows the motor, and goes into action.
Wetzel, who has been flying practically all his life, was a former test pilot for the Piper Aircraft Corp. Here. During the war, he served as an Army flight instructor.
He said he had "an urge" all his life to enter the ministry, and after the war he decided to make it his life work. He completed his theological studies at the Bob Jones University, Greenville, S. C., where he taught 30 student missionaries how to fly.
Wetzel said he is now awaiting his formal license as a Baptist minister. He is married and has four children.

Exploration May Have Missed Pay In Pennsylvanian

Seaboard No. 1 Clayton & Johnson, deep exploration six miles northwest of Gall, appeared today to have missed Pennsylvanian pay. The venture was drilling at 8,375 feet in the Pennsylvanian series after drillstem testing from 8,302-59 for 68 minutes. Recovery was 2,440 feet of salt water. There were no shows of oil and gas. Operators felt that chances for pay in this zone were remote. Location is 668 feet from the south and west lines of section 37-31-40, T&P. In the Veslmoor pool, Seaboard No. 5 H. N. Zant was completed for 288 barrels flowing from 7,812-22 feet. Flow was through 14-64ths choke and there was no water. This new well is 662.8 feet from the north and 660 feet from the east lines of the southwest quarter of section 28-32-3n, T&P.
Caraway Drilling Co. No. 1 Cantrell, in extreme northwest Borden county, had resumed drilling after a repair job and was at 8,670 feet in shale. No shows have been reported. Location is 660 feet from the north and east lines of section 22-32-6n, T&P.
Sinclair No. 1 Sterling Williams potential discovery in northwest Borden, swabbed new oil at the rate of 15 barrels per hour from perforations at 9,915-45 feet, natural. All drilling water and mud had not swabbed out. Since the venture has not shown a tendency to flow, operator may acidize. Some observers are now calling top of the Ellenburger at 9,910 feet. This was not officially confirmed. The section from 9,910 feet has been called the Mississippian by some. The wildcat is 660 feet from the north and west lines of section 45-32-6n, E1&RR.
Seaboard No. 2-D Shafer, one location out from lower Permian production in the Spraberry pool, flowed 72 barrels of oil in two hours and 40 minutes from the zone at 6,464-6,664 feet. The section had been jarred with a nitroglycerin shot. Some of the oil was load and some new. Location is in the center of the NW NW of 48-34-5n, T&P. Operator is moving to new location 660 feet from the north and west lines of the section. The pool is 15 miles southeast of Lamesa.
Superior No. 1 Dockery, Mitchell county deep wildcat, was reported unofficially to be at 7,450 feet in shale. The well is being drilled tight. So far as is known, there have been no shows. The No. 1 Ebie, northeast Mitchell exploration, has been abandoned dry at a total depth of 7,565. There were no shows.
The skills of the glassworkers who make American handmade glass tableware are handed down from grandfather to grandson. At least ten years of intensive training are required before a man is regarded as skilled.

COMMUNISM ON DEFENSIVE NOW
WASHINGTON, June 16 (UP)—State Department officials found evidence today that even the Communists feel they are now on the defensive in the cold war in Europe.
The clue to what may be a radical turn in Communist leadership estimates of the East-West conflict came in a bulletin of the Communist International Information Bureau.
As reported from Bucharest, Romania, where it is published, the bulletin declared it is now the "cardinal task" of Communists to block the spread of Americanism.
Officials here took an interested look at the defensive nature of this declaration. They said that this, coupled with the charge that the United States is trying to "poison" working classes with American ideas, indicates the Soviet-led Cominform is deeply concerned over the West's success to date in fighting Communism.

CHIGGERS WINNING IN GORY BATTLE OF CAMP HOOD, SAYS CAPT. HARRIS

The chiggers had just won the battle at last accounts from battery B, 132nd field artillery battalion, Big Spring's National Guard, expounded at North Camp Hood. In a letter to the Herald, Capt. Thomas A. Harris, Jr. said that in spite of the chiggers and elements, "morale is very high."
There are 28 men currently in camp, he said.
The Big Spring unit left here the evening of June 4, arriving at Camp Hood the following morning. The sight of acres of tents was impressive as they marched to their camp, according to Capt. Harris.
During the first week of training, battery B completed one overnight bivouac and a sham battle for South Camp Hood. During this past week members have been firing pistols, carbines, 50 calibre machine guns, bazookas. Three days will be devoted to service practice on 105 mm howitzers.
The battery will be paid Friday and leave camp on Saturday. Arrival here is set for 5:30 a. m. Sunday, said the commanding officer. Twelve men will remain behind to bring the truck convoy to Big Spring on Monday.
"The ever-present chigger, mosquitoes and rain have made all the training rough," wrote Capt. Harris. "The chiggers have just about won the battle as there seems to be no defense against them."

SLAIN GIRL RIDICULED PREGNANT SISTER, BABICH MURDER JURY TOLD

MILWAUKEE, June 16 (UP)—Shortly before she disappeared, slain Patricia Birmingham, showed a friend a mannequin doll of a pregnant woman, laughed, and said, "this is Kay."
Patricia's sister, Kathleen Birmingham Babich, 18, described the event in municipal court yesterday at her husband's first degree murder trial.
Nineteen-year old Milton Babich, a former honor student, is accused of murdering Patricia Feb. 16. The high school girl's weighted body was found in the Milwaukee River, March 28. Three days earlier Kathleen and Milton eloped to Kalamazoo, Mich., and were married.
In a statement introduced into evidence, Babich told police he picked Patricia up on her way home from school. He said he produced a 22 calibre target revolver to frighten her so she would not tell about Kathleen's pregnancy.
Babich claimed Patricia picked up the gun and laughed. He said he grabbed for it and it went off. He said he became frightened, procured a concrete building block, tied it to Patricia's feet and dumped her body in the river.
The prosecution ended its five-day attack on Babich's accidental death claim after calling 28 witnesses and introducing 90 exhibits into evidence.
A pathologist, Dr. L. J. Van Hecke, testified that two shots were fired into Patricia's head. He said the first was not fatal and that "at least one minute" elapsed between the shots.
Prof. J. H. Mathews of the University of Wisconsin, a ballistics expert, said an attempt had been made to fire a third shot from the gun, but that it fell when the firing pin broke.

Opportunity Bond Sales In County Hit \$92,900 Mark

Howard county's bond total is running above \$90,000.
Added to state headquarters reports of June 1, sales during the week have boosted the figure to approximately \$92,900.
Ira L. Thurman, county bond chairman, was hopeful that the end of the week would see Howard county at the \$100,000 mark. Quota for the Opportunity Drive, which continues through June 30, is \$176,000 for Howard county.
The rate of purchases of the E bonds must be stepped up sharply if the county is to fulfill its obligations on this campaign, said Thurman. In this area Coke county has hit 205 per cent on its quota, Dawson 134 per cent, Ector 142 per cent, Gaines 96, Glasscock 15, Martin 37, Midland 72, Sterling 58, Scurry 143.
AUSTIN, June 16 (UP)—The House refused, 66-50, today to consider a resolution calling for final adjournment of the Legislature tomorrow.
Rep. Jack Ridgeway of San Antonio, author of the resolution, said he would be willing to set a later date, but the House indicated it is not yet ready to decide on a definite time for quitting.
"We don't want to be stamped into taking action that would bring on a tax bill, when we might avoid new taxes by staying a few days longer," Rep. Lamar Zively of Temple said in opposition to Ridgeway's request.

House Turns Down Adjournment Bid

AUSTIN, June 16 (UP)—The House refused, 66-50, today to consider a resolution calling for final adjournment of the Legislature tomorrow.
Rep. Jack Ridgeway of San Antonio, author of the resolution, said he would be willing to set a later date, but the House indicated it is not yet ready to decide on a definite time for quitting.
"We don't want to be stamped into taking action that would bring on a tax bill, when we might avoid new taxes by staying a few days longer," Rep. Lamar Zively of Temple said in opposition to Ridgeway's request.

Big Spring-Big Lake Distance Shortened

Three score Big Spring "Good willers" returned Wednesday evening from the south revitalized and with new friendships.
They were part of the 20-car motorcade which rolled to Garden City and Big Lake on the occasion of the linking of Howard, Glasscock and Reagan county seats with an all-paved road.
Ideal roads over the 71-mile route made the trip pleasant and prompt. L. K. Willis, San Angelo, representing the state highway department district engineer's office, estimated that the distance between north and south points had been sliced by at least 25 miles.
In time there was hardly basis for comparison. At 50 miles per hour the trip is less than an hour and a half from Big Spring to Big Lake.
Big Springers were enthused by development in Glasscock county and around Big Lake. The latter city has doubled its population in the last two years. Rev. O. F. Kattner, Methodist pastor, said that a religious census indicated a population there of about 4,500. Jim (Mike) West, publisher of the Big Lake Wildcat, said postal authorities estimated that this was a possible population in and around Big Lake. The town abounds with new sections, a welter of new business buildings, a new hospital and high school cafeteria are under construction.
After the barbecue given by Big Lake officials and businessmen, in recognition of completion of state ranch road No. 33, Big Spring people visited in the city. Mayor Woodrow W. Munn and County Judge J. Wiley Taylor extended a welcome on behalf of Big Lake people.
Enroute home, several cars in the motorcade swung westward in southern Glasscock county to inspect the new farming community of St. Laurence, Mr. and Mrs. M. M. Thompson, who operate the co-op store, said that 1,700 acres of cotton were up to a good stand and promised to turn out well over 1,000 bales. Considerable acreage to feed is up to good stand.
Cecil Thixton and R. K. Mullens, motorcycle escorts, tailed by Highway Patrolman Jack Taylor kept the motorcade on schedule. Greetings were exchanged over a speaker system provided by Elton Taylor. At Garden City Judge T. E. (Gene) Carr, J. O. Dighy and Bruce Hanson joined the group for the trip to Big Lake.
Harmon Morrison, assistant chamber of commerce manager, was red faced. He figured in a minor traffic mishap at Big Lake. Chamber officials described the motorcade as "one of the best of its kind ever to represent the city."

Locally Made Feeds Gain In Popular Use

Increasing popularity is being accorded a product whose makers are proud to live with it. Reference is to Tucker's Best feeds, processed and compounded right here at home where they are consumed.

Since a new plant was put into operation by the Tucker-McKinley Grain company a couple of months ago, production has been stepped up progressively to meet a widening demand.

The formulae have been specially turned by commercial feed experts and are produced according to rigid state specifications. Moreover, the feeds are sacked in cotton print bags. Housewives find these gay patterns and durable material suitable for many purposes, including aprons, dresses, pajamas, sun suits, etc.

A complete line of dry and mixed feeds is provided, with special emphasis on chick starter, laying mash and dairy feeds. Where the formula specifies, corn and other materials are mixed in proper proportions by automatic machinery. Again, according to specifications utilization is made of home produced feeds, substantiating a market for Howard county products.

The feed is but one of several services at Tucker & McKinley. Others include a year-around market for grains—wheat, barley, oats etc., grain sorghums. Tucker & McKinley also is a popular place for producers who want plentiful quantities of clean, certified seed for grain plantings.

FACTORY QUALITY—Although requiring exacting conditions, factory quality is exactly what Quality Body Shop on the Lamesa highway in Big Spring achieves in its new painting department. Skillfully prepared for new finish, the cars are painted in a dust-free room; they are treated in the oven-baking room which gives an even and rapid dry to retain the perfect smoothness achieved in the original finish. (Jack M. Haynes Photo)

Dust-Free, Oven-Baked Jobs Turned In Car Painting Here

Automobile painting is an exacting business—that is if any attempt is made to match the original quality of finish. Such precision work, however, has become more or less routine at the Quality Body Shop, located on the Lamesa Highway in Big Spring.

The automobile painting process there involves the use of two special installations. One is a "baking oven" which enables the local firm to cure oven-baked enamel just as the automobile factories do it. The enamel dries rapidly and evenly in the oven.

Another important installation is a dust-free spray room where the paint is applied. Dan Scott, manager of the Quality Body shop made a careful study before the dust-free room was added to its local establishment. He finally came up with a design of his own and all of the construction work was performed at the site. Automobile painting experts from throughout the Southwest have inspected the spray room and pronounced it one of the best ever designed.

Proper application of baked enamel is important these days because many car manufacturers are turning again to that type of finish. "If a person takes a fancy to the color of a certain automobile, we can make his own the same if he will give us the make and approximate model of the car he likes," says Scott.

The Quality Body Co. can furnish auto paints in some 350 different shades. The local concern does not claim to turn out an auto finish that merely resembles a factory job. They are equipped to make it an exact duplicate.

With the baking oven, a car can be painted and delivered in about nine hours, as compared to a period of two or three days without such equipment.

The Quality Body Co. also specializes in fender straightening general automobile body repairing trim work and upholstery.

Cleanliness And Comfort Stressed

The customer shops in delightfully cool comfort when he or she patronizes the O'Brien Grocery one of Big Spring's most modern suburban stores, situated at 1201 Eleventh place.

When George O'Brien, proprietor and manager designed his store, he stressed two essential things he felt would make established customers out of new shoppers: Air conditioning and cleanliness.

The ever-growing trade of the concern is proof enough that the shopper who patronizes the O'Brien line of goods is satisfied with the surroundings and the treatment he or she receives from the establishment's personnel.

All the nationally advertised canned goods and cereals are displayed on the shelves at O'Brien's. In addition, the best of cuts in fresh meats and cheese can be examined at the modern meat counter.

O'Brien's also maintains a frozen food locker which stocks a complete line of that kind of foods, including everything from strawberries to chickens.

Fresh vegetables are made available to the store's customers two and three times a week. The perishables are trucked in both from the Texas Valley and California.

Floor polishers can be rented through O'Brien's by the day. The concern maintains a complete line of the finest in floor polishes and waxes.

Delivery service anywhere in the city is also offered by the establishment. The store is as near as the nearest telephone. Business telephone number is 1622.

Stevenson To Drop Contest

SAN ANTONIO, June 14. — The attorney for Coke Stevenson in his contest of Lyndon Johnson's right to a seat in the United States Senate says the contest will be dropped.

James F. Gardner made the announcement yesterday, declaring that the Senate election committee would pigeon-hole the plea before July 31. Johnson defeated Stevenson by a narrow margin in the election last year.

But Gardner added that he will attempt to upset these plans. He said the news came to him unofficially but he thinks it is correct. He said his informant stated that the dropping of the contest was the result of a bi-party trade. The name of Homer Ferguson, Michigan Republican, whose seat in the U. S. Senate is also under scrutiny, figures in the reported deal.

According to the report reaching Gardner, both the Ferguson and Johnson contests will be dropped by agreement to insure solidity of both parties' strength in the Senate. Congress is due to adjourn about July 31. Gardner was advised, and both contests would be dropped on the eve of adjournment.

Ample Grain Seed Supply Is On Hand

With wash-outs creating planting problems, a number of farmers in the area are turning larger acreage than originally contemplated. They needn't worry about the supply of good seed, Tucker & McKinley has an ample supply of sudan, better types of beans, and milo including such combine favorites as Martin, Capt. Rock, Plainsman, etc.

Robert (Red) Rolfe scored runs in 18 consecutive games for the New York Yankees in 1939, an American League record.
