The American public, through its elected representatives, is about to succumb to the unjustified wishes of a few. However, these few are fueled with a burning desire to "do good" and are laboring under a protective cloud of blissful ignorance. In their endeavors, they are aided by man's most advanced propoganda machine, the TV networks. This makes almost an unbeatable combination for the average citizen to try to prevail against.

Unfortunately, other of Mother Nature's creatures are not impressed with emotion, rhetoric or pear-shaped voices crying doom. They are taking advantage of the situation and shamelessly going ahead and doing the thing that they have been doing for centuries -namely causing a great deal of human misery and death.

Following hysterical and illinformed attacts against DDT, a phase-out program against DDT was taken in this country and in other countries around the world, "Great!" cried Man. "Great!" cried the mosquito also as he immediately began to multiply and spread malaria throughout the world. "Great!" cried other insects as they, too, began to eat trees, crops, foliage and man's fibers.

So great has been this onslaught that some countries, among them that great haven of draft-dodging delight, Sweden, have been repealing or amending their laws against DDT. Well, who really cares if additional thousands of faceless souls around the world die as long as the liberal lobby and their annointed politicians are considered right in the good old United States.

Well, we in the good old United States had better begin to care about the truth of some of the scare subjects we are being bombarded with. We know that most of our streams are not as crystal clear as they were when America was young, but cholera, yellow fever, and typhoid are not coming from those streams as they did in 1793 when 20 per cent of the population of Philadelphia died of such diseases, from their "crystal clear" water.

We had better delay hasty action by politically panicky legislators until we actually know we will be bettering ourselves and not re-exposing ourselves to pestilence long since thought to be conquered.

We would hope that reason will return, but are afraid it is not politically profitable for sanity to find a roosting place on the Potomac.

We are going to need all the food and fiber we can produce to sustain our oncoming generations because every 8 1/2 seconds a new American is born and begins to scream loudly in a voice that will, on the average, be heard for the next 70 years. The owner of that voice will be demanding 56 million gallons of water, 21,000 gallons of gasoline, 10,160 lbs. of meat, 28,000 lbs. of milk and milk products, 9,000 lbs of wheat, and a great storehouse

of other foods and nutriments. All this cannot be provided with a farming program and a pest and insecticide program geared to 18th century methods of thinking. Something is going to have to give to provide for mankind's future. As we have said in the past, if it comes to a question of me or the pollywogs, the pollywogs had better watch out. We are opting for

Last week's Tribune carried a note about the drive to obtain a new fire truck for Farwell and already we have heard many favorable comments. The comment we appreciated the most was pinned to a donation to the department. Andy Sutter of Clovis is both the donor of the check and this bit of verse.

If you'd like to live in the kind of a town,

Like the kind of a town you'd You needn't slip your clothes

And take a long, long hike;

You'll only find what you left behind, There's nothing that's real-

ly new; You knock yourself when you Knock your town-

It isn't the town, it's you! Real towns are not made by men who are afraid Lest some one else gets

A \$93,281 town budget was approved by the town of Texico and state officials in an open hearing recently.

At a regular meeting of the Town Trustees, the group discussed working on getting a new Santa Fe pumphouse. Nance Construction Co. will be in charge of building the new structure.

In other business, a \$35 Bookmobile library contract was approved to buy new books. The trustees approved the May police report for \$265. Several other bills were approved for payment.

The trustees discussed the construction of sidewalks on Texico streets, but no action was taken. Salary increases for city officials beginning June 1 were approved. A building permit for parking a trailer was issued to Bill McIntosh, Discussion was held concerning the purchase of an addresso-

Portraying Area Homemakers

Farwell area who has recently moved to Amarillo, Mrs. Clytie Dial, has been chosen as area homemaker this week. Mrs. Dial moved to this area in 1944, settling in Lariat and moving into Farwell in August 1951. Her husband, Murray Dial, died in October 1955. She has recently moved to Amarillo where she will enter nurse's training.

There are four Dial children, including Valarie (Mrs. A. C. Henneman) of Amarillo; Ronny Dial of Albuquerque; Gloria (Mrs. Tommy Hightower) of Norman, Okla.; and Benjy Dial who has made his home in Farwell during the past several walking on crutches until his months. Benjy played football at Eastern New Mexico University and also played professional ball with the Pittsburgh Steelers for a time. Now that the present school term has ended, Benjy will report to another pro ball club in Canada where he plans to continue his career. He has taught in the Farwell School System during the last semester.

In 1956 Mrs. Dial built and operated the Three D Drive Inn (Dial's Dairy Drive Inn), After selling the business about a year later, Mrs. Dial became active as a nurse, working for Dr. T. J. Glenn at Farwell Clinic and also assisting Drs. M. F. Green and S. E. Neff in Clovis. She also worked as a nurse at Memorial Hospital.

In 1963 she bought the variety store in Texico which has been known for many years as Stone's Variety. She recently sold the business to Mrs. Buck Yell and now she plans to give full time to earning a registered nurse's degree.

Clytie attended First Baptist Church, Farwell, where she taught a Sunday School class and was active in the Women's Missionary Union of the church. She is past president of the Farwell Study Club.

When Benjy was playing ball with Pittsburgh, Clytie drove with Benjy's wife, Carolyn, to Providence, R.I., to see a game and while in the area, toured the Eastern Seaboard, A highlight of the trip was swimming in the ocean near the Lighthouse on Cape Cod.

In the fall of 1968 when Benjy and Carolyn's second son was born, Clytie journeyed to Philadelphia to greet him and also enjoyed a tour of New York City. When their third son was

Brad Jordan Graduates At NMMI

Brad Ray Jordan of Farwell, son of Mr. and Mrs. A. R. Jordan, graduated from the high school of New Mexico Military Institute in ceremonies held on that campus May

As a member of the Seventy-Eighth Graduating Class, his graduation exercises climaxed the Institute's traditional final week activities, which are noted not only for the color of their military pomp and circumstance, but for their emphasis on academic achievement. These activities included the ROTC Awards Parade, the Annual Alumni Polo Games, a Ca-det Awards Assembly, the Fi-nal Review and Final Ball, and Final Formation on Saturday morning for commencement ceremony, which featured as its of Staff, the school year for with the command, "Gentle- from the Texico Schools. men, you are dismissed."

During his third class or senior year, Cadet Jordanachieved the rank of Cadet Sergeant First Class. While at the Institute, Jordan was named to the school's highest honor roll, the superintendent's list, the commandant's list based on exemplary discipline, and the dean's list based on academic achievement. Cadet Jordan has been active in NMMI Polo, a sport having great tradition at the Institute.

READY FOR A DAY'S WORK -- Former students of Mrs. Lauretta Pool, who recently completed 25 years as a teacher in the Farwell School system, honored their former teacher by presenting a skit in an assembly as they portrayed activities of an average day in her classroom. Members of the skit shown as they settle down to begin their day's "work" include: Carolyn Langford, Meredith Anderson, Doris Darby, Marsha Lovelace, Melody Roberts, Jerry Dee Owen and Johnny Armstrong.

A LITTLE TOO FAR -- "Young man, you have pushed me just a little too far by your continuous fighting in class," states Mrs. Pool (Grace Snider) as she commands student Don Geries to rise and receive his punishment. Other second grade students of yesteryear, Pudge Rose and Dorris Donaldson White, seem amused by it all.
