### Texico School Needs Three Teachers To Complete Faculty

Texico School is still in need of three teachers to complete its faculty for the 1963-64 school term, according to A. D. McDonald, superintendent.

Needed are a junior high school mathematics teacher, an English teacher and an elementary teacher, preferably one with a PE major. The elementary teacher will possibly be used in sixth grade and for grade school physical education.

Teachers hired by the board at the July 11 meeting were Mrs. Glenna Cooper of Portales, who will teach science and English. She has a Master's degree from the University of Oklahoma and has had five years experience in teaching.

She taught one year at Oklahoma University and has taught at Roswell and Carlsbad. She is the mother of two children. It is not known at this time if the Cooper family will move to Texico or if Mrs. Cooper will live in Portales.

Mrs. Mattie Mae Looper, wife of the Texico First Baptist pastor, and mother of an eight-year-old daughter, was hired to fill one of the vacancies in the elementary school. She recently received a BA degree from WTSC, Canyon with a major in elementary education. She and her family have recently moved into the Baptist parsonage. This will be her first teaching assignment.

Also hired was Mrs. Mary Mullins of Dora who received her BA degree from Eastern New Mexico University this year. She will teach business and some English classes. Mrs. Mullins is the mother of two children, one of whom is a jun-

ior high school student and will possibly be enrolled in classes at Texico. Her husband is a farmer in the Dora Community. They are undecided about moving to Texico and may remain in Portales for the present.

Other vacancies recently filled on the faculty were: Eddie West, hired to teach agriculture, and James Pierce, who will serve as the high school principal. West comes

here from Grady where he taught agriculture for five years and Pierce moved up from his position of agriculture teacher to high school principal in the local school. He has taught there for the past four and one half years.

The resignation of Mrs. Ruby Doran was accepted by board members. She has been teaching some English classes and (Continued on Page 2)

### Helton Softball Team Leads Clovis League

The softball team sponsored by Helton Oil Co. and a member of the Clovis league is leading league play with eight wins to their credit with the same number of games played. They have won four games from Swift and Co. with the Swift team scoring only one run against the local boys. Other wins have been from the Clovis Jaycees and the Independents, from whom they have won two games each.

Saturday Helton's playing a double header at the Clovis Air Base took two wins from the Air Base team in practice sessions winning the first game 5-0 and shutting out the Cannon team 14-0 in the second game of the eve.

During the July 4 tournament which is played in Portales each year the Helton team placed third losing games to a Lubbock team and Booth Pharmacy of Portales. They won three games during tournament play.

The past two seasons the Helton team, which is managed by

Albert (Blackie) Smith has been successful in winning the Clovis league play and have gone to the state tournament where they have won two games and lost two each year. They are hoping for a chance at the state championship again this year.

Members of the league leading team are Ray Carter, Bob McKinney, Si Koenig, Jerry Henson, Raymond Hadley, Gene Echols, Harrell Fulcher, Arlin Lee Smith, Eddie B. Smith, N. D. Kelso, Bob Butler, Dolph Moten, Glenden Sudderth, Hal Ed Helton, Jimmie Joe Robinson, Buddy Prince and Don Gillis. Albert Smith, team manager, also plays when necessary.

Gene Echols and Glenden Sudderth have been out of play due to injuries for a large part of the season.

The team will be playing two double header games this week on Tuesday and Friday nights. All games are played at the Clovis Jaycee softball park.

Helton Oil softball team, which is presently leading the league in season play, are shown here with manager, Blackie Smith, holding the trophy won for third place at the Portales tournament July 4. Back row, 1 to r: Blackie Smith, Si Koenig, Ray Carter, Gene Echols, Buddy Prince, Raymond Hadley.

Hal Ed Helton, Bob Butler, Gary Koenig, Arlin Lee Smith, front row 1 to r; Glendon Sudderth, Harrell Fulcher, Jerry Henson, N. D. Kelso, Eddie B. Smith, Don Gillis and in front bat boy, Bobbie Lee.

## Proclamation

By  
Loyde A. Brewer, County Judge  
Parmer  
Farwell, Texas

WHEREAS all the citizens of Parmer county are concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities; and

WHEREAS farm accidents result in over 150 deaths and thousands of disabling injuries in Texas each year; and WHEREAS farm accidents are responsible for needless suffering and incapacity, and greatly effect the economic well-being and progress of our agricultural population in our county, state, and nation; and

WHEREAS the President of the United States and the Governor of Texas have designated the period of July 21-27, 1963, as FARM SAFETY WEEK; and

WHEREAS throughout this special week, a statewide farm accident prevention and educational program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Texas Safety Association, and the Parmer County Farm Bureau with the theme "Inspection plus Correction Equals Protection"; and

WHEREAS records show a notable and steady decline in the number and rate of accidents among farm people as a direct result of such worthwhile safety education program.

NOW, THEREFORE, I, Loyde A. Brewer, County Judge of Parmer County, do hereby designate the week of July 21-27, 1963, as FARM SAFETY WEEK and urge all farm families, persons, and organizations allied with agriculture to engage in a purposeful concerted effort to reduce further the number of farm, home, and highway accidents.

IN OFFICIAL RECOGNITION THEREOF, I hereby affix my signature this 15th day of July, 1963.

*Loyde A. Brewer*  
Loyde A. Brewer  
Parmer County Judge

## Dorans To Teach At Cobre

Mr. and Mrs. Buck Doran, who recently resigned from the Texico school as superintendent and school counselor, respectively, have announced that they will be teaching in Cobre, near Silver City, with the beginning of school.

Doran has been hired as English teacher in high school, which has some 860 students. Mrs. Doran will be curriculum advisor in the five elementary schools in the Cobre district and will also work with the junior high school and high school students.

The school district has some 3000 students in the five elementary schools, junior high school and high school. It has

recently completed a new junior high school building and all other schools in the district have new additions in the past several years.

The Dorans will move to Cobre in the near future and will begin their work there August 1.

Kent Foster, who resigned as science teacher in Texico recently, has announced that he has accepted a position as assistant to the New Mexico State Chemist at New Mexico State University, Las Cruces. He will begin his work there around the first of September. He is now attending summer school at ENMU.

## Burglary Unsolved

The burglary at the Louis Welch farm home, July 3 remained unsolved early this week, with law enforcement officials reporting that the only lead in the case is a light colored old model pickup, which was seen at the scene of the crime at approximately the time of the breakin.

The farm home which is located seven miles north west of Friona had a portable TV, a polaroid camera, a ladies purse with a set of keys in it, and a pair of handmade cowboy boots taken in the burglary.

Value of the articles has been placed at approximately \$350-\$400.

## Local Woman's Mother Buried At Sherman

Mrs. L.A. Atnip, mother of Mrs. Jack Watts, Texico, was buried at Sherman Monday afternoon. Mrs. Atnip passed away in a rest home at Sherman Saturday night, following a lengthy illness.

In addition to the local daughter she is survived by her husband, and several other sons and daughters as well as numerous grandchildren and great-grandchildren.

Mr. and Mrs. Jack Watts went to Sherman Saturday night.

## Fined For Possession And Sale Of Beer

Perry Boyd 38 years of age, who is employed as a ginmer, was arrested and charged with the possession and sale of beer over the weekend.

He was arrested in the early hours of Sunday morning by Rex Cowart, deputy sheriff at Friona and Bill Morgan, Friona police chief.

Boyd was tried by Judge Loyde Brewer in county court Monday and was fined \$150 and court cost.

## Lions-Bovina Wheat Growers Teams Tied For League Lead

The Texico-Farwell Lions little league team, and the team sponsored by the Bovina Wheat Growers, are tied for first place in little league play for the summer with a little more than half of the season over. Both teams have six wins and four losses in season play.

Lions had jumped into an undisputed lead in league play last week by taking a win from First National Bank-Lawlis Gin team; however the Wheat Growers beat the Lions Monday night to even up the standings. Last week in the little league story it was erroneously stated

that the Lions had five losses for the season, which was incorrect. We are sorry boys.

Members of the Lion aggregation are Ronnie Tipton, Manuel Garcia, Allan Breitenbach, Robin Mahaney, Greg and Bret Hargrove, Johnnie and Doug Autrey, Marty White, Terry Armstrong, Junior and Arturo Ortiz.

Coaches of the team are Ray Dean and David Axe.

## State Art Contest Is Announced

All amateur artists in Parmer County are invited to enter the state citation art exhibition, sponsored by the Democratic Women of Texas.

Mrs. Leon Smith of Route 1, Friona, is Parmer County chairman for the contest. Mrs. Loyde Brewer is Friona chairman.

The exhibition is open to any artist resident of the 31 senatorial districts in Texas. Scholarship awards of \$500 for advanced study in visual arts will be given to artists who are freshmen through senior age (1963 graduates included).

Amateur artists not of school age are urged to enter the contest for a merit award.

Parmer County's district contest will be at Tulla August 16. Anyone interested in enter-

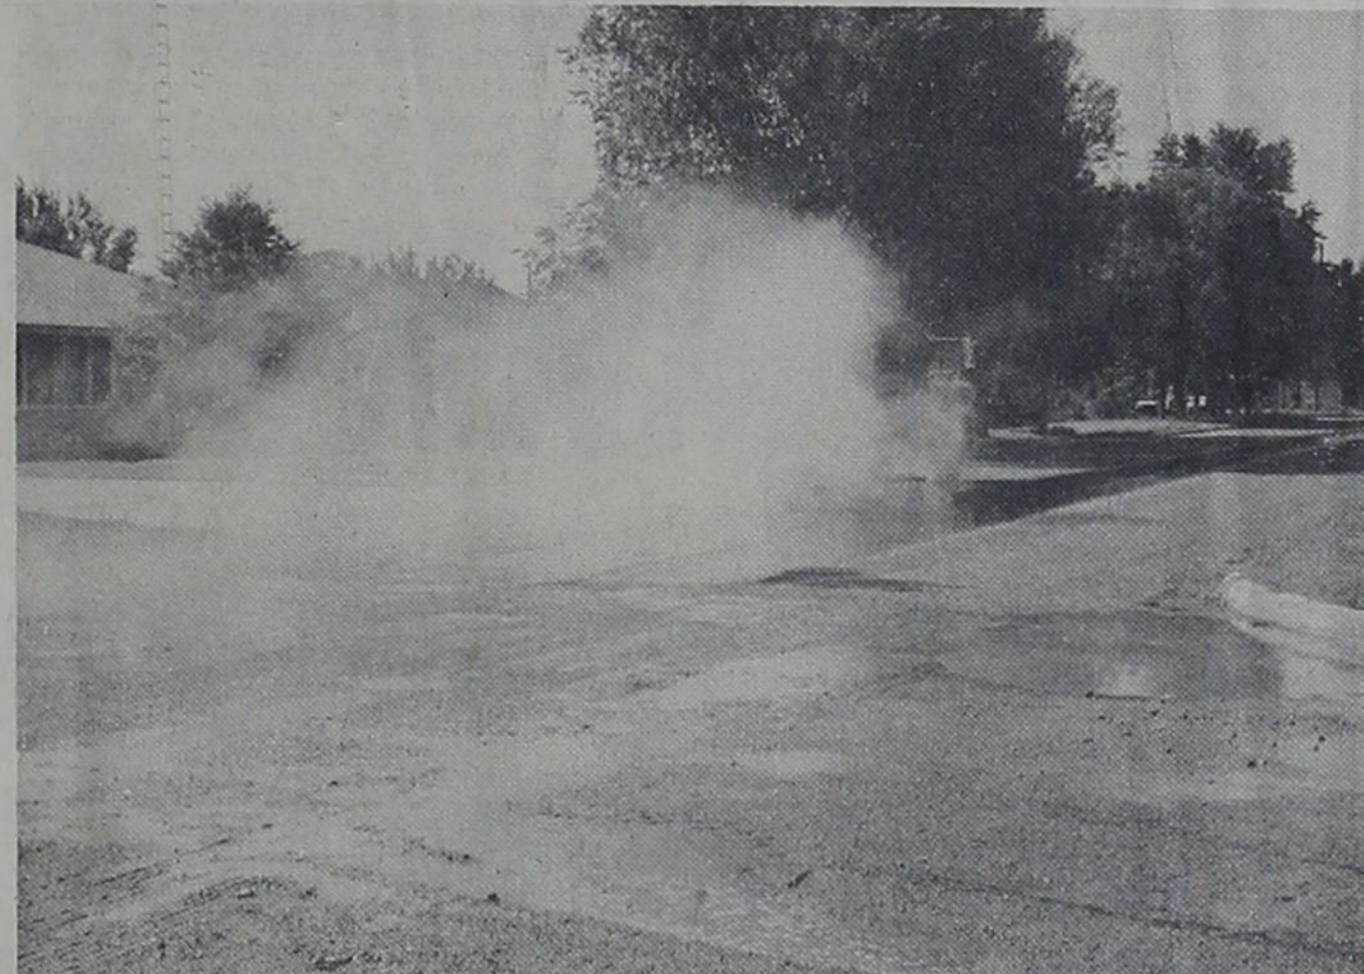

ing the district contest should contact either Mrs. Smith or Mrs. Brewer for an application blank.

Entries, which must have been completed within the past two years, may be in the following divisions: oils, pastels, tempera, casein, drawings (pen and ink, pencil, charcoal); watercolor or a combination.

In the state citation exhibition, each district may submit as many as four major entries for the scholarship award with accompanying drawings, and two major entries for the merit award without drawings.

Scholarship entries must be accompanied by a pen and ink, charcoal, or pencil sketch, to show evidence of ability in subjective delineation.

Work done under supervision is not eligible for the contest.

### Resealing Project Completed:

Work which was begun the middle of last week on the resealing of paving projects one and two in Texico was completed Monday by Odell Poteet, Ralls, who originally paved the Texico streets. He did the work for a cost of 17¢ per square yard or approximately \$4000. His bid was 13¢ per square yard less than the nearest bidder. Shown in picture 1 is the steam rising from the hot mixture which was applied to the streets while picture 2 shows a heavy roller packing the gravel into the hot mixture.

Since you can expect almost anything from John Getz, perhaps you won't be shocked to hear he was in court recently, but before you jump to any conclusions which would be a reflection on salesman Getz's character, let me assure you he was on the side of right--and, it turned out--might.

John tried his hand at being a lawyer, and I do declare that he ought to take the bar exam to see if he could pass it and thereby make himself legally entitled to pick up a few bucks now and then trying cases in his spare time.

Barrister John must have been doing some cramming on procedure before he stepped into Magistrate Sam Lewis' court, because he seemed perfectly at home.

John pitted his incisive logic against the city attorney's (Harry Patton) and when all the evidence was in the verdict was acquittal. There was much rejoicing in the halls after court was dismissed, since being found not guilty on a traffic citation charge is a feat within itself, even when you have the ablest legal minds in the profession out on fee, but the victory was monumental since John did his own lawyering.

Gordon Greaves at Portales is our favorite "thinking" editor. There are some others around, but precious few talk sense more consistently than Greaves. He is uncommonly intelligent on multifarious subjects, and eminently unprejudiced in his viewpoints. Whether it helps or hurts--whether he laughs or cries--Gordon prints what he believes to be the truth. It would surprise and perhaps disappoint you to find how many editors are not this intellectually honest.

Occasionally when the opportunity presents itself, I stick my head in and say hello to Gordon when in Portales. He is usually busy, but always finds time to stop and chat awhile.

A mailing sent out by the High Plains Water District this week reminds me of some comments Gordon made to me not too long ago. They are pertinent for the Texico-Farwell and Parmer County area as well as residents of Portales because fundamentally we're all in the same boat--living off of a predominantly agricultural economy which in turn is almost wholly dependent on ground water irrigation for its prosperity.

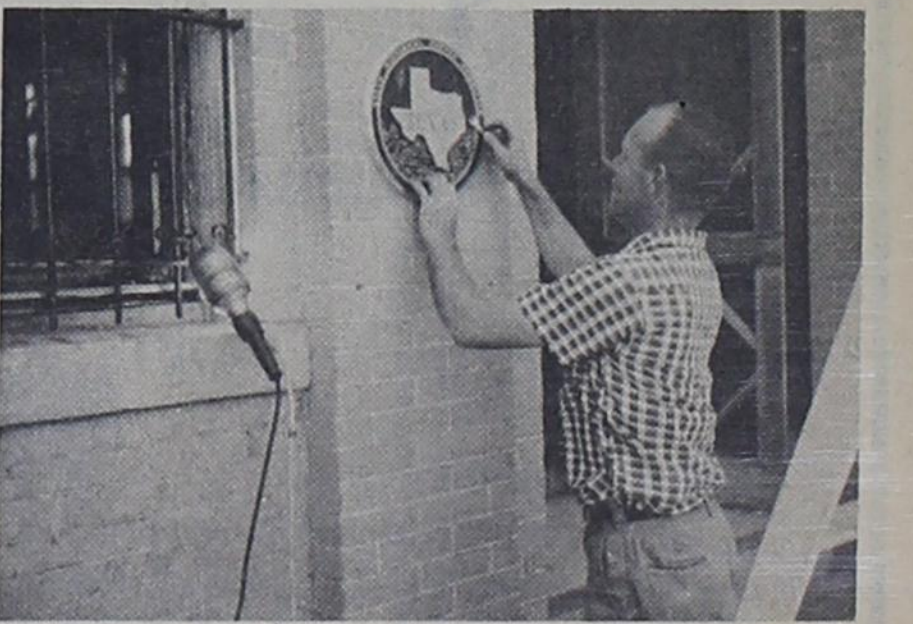

The thing that makes the Portales valley worth watching is that they are 20 to 40 years farther down the road on their water depletion than we are. You might say that we can see what will eventually come in our own area by watching our neighbors in that area.

The Portales valley is over a geologically isolated deposit of water-bearing sand that ranges to about 130 feet in depth. The saturated zone is typically 30 to 40 feet in thickness. When they pump the table down to the bottom at 130 feet they have "had it" as Gordon says.

Some of the farms are now passing through that point of diminishing returns when pumping water to irrigate is no longer profitable. The water is down there, according to Greaves, but not in sufficient quantity to assure steady pumping through the growing season.

Because of the unavailability of the supply, some farmers are abandoning their irrigation practices and the farms are reverting to dryland cropping or are being taken out of production entirely.

This is a sad state of affairs, but serves to remind us that our own area will some day have to face the problem. This fact makes water conservation so obvious that it seems altogether unnecessary for anyone to have to point this out. (Continued on Page 2)

### Historic Medallion Installed

Curtis Birchfield of Farwell Plumbing is shown installing the historic medallion commemorating the old First National Bank, now the home of Capitol Freehold Land Company, in Farwell, as a building of historic significance to the area. The building was one of the first erected in Farwell.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

### The Editor's Letterbag

The Tribune encourages its readers to express themselves through the columns of this newspaper. All letters must be signed. We cannot be responsible for returning manuscripts. We reserve the right to judge whether a letter is suitable for printing.

Dear Chris,

Hi, I sure miss all you wonderful Farwell and Texico gals. I get my paper on Sunday and hastily scan through it to see what you've all been doing.

Just thought I'd let you know that Viane made a tan colored sheath wool dress for dress revue this year in 4-H. She came out second place competing with 20 girls. Reba made a blue cot-

ton and was a blue ribbon winner.

Peggy went on public speaking again this year, rewording the one she gave last year, "What Freedom Means To Me." She gets to go to state. She was counted off on her southern accent.

The girls have a group of six first year 4-H girls they are the leaders of. Viane and Reba helped them to make their aprons and Peggy has started teaching them to cook.

We are happy here but still miss you wonderful friends.

Sincerely,  
Lyne Lesly

EDITOR'S NOTE: The Lesly family recently moved to Lordsburg where they seem to be continuing their work with 4-H Club, in which they were all active here. Mrs. Lesly was a local leader for a number of years. Thanks Lyne, for the letter.

Chris

### Visit In Glasscock Home

Mr. and Mrs. Woodrow Glasscock and daughters, Nina Jeanell and Jeannie, Albuquerque and Mrs. Lorene Cunningham and son, Gene, Lubbock

### To Train As Air Policeman

Airman Jesse Charles Hicks who enlisted in the air force a short time ago has been selected for technical training as an air policeman, at Lackland Air Force Base where he has recently completed basic training.

He is the husband of the former Ginger York, who resides with her parents, Mr. and Mrs. Hardy Jones in Farwell. His parents are Mr. and Mrs. Jesse Hicks, former Farwell residents.

Airman Hicks is a graduate of Mancos High School, Mancos, Colo.

### Sgt. Hughes Has Completed USAF Course

Staff Sergeant Marlon G. Hughes of Farwell, Tex., has completed the United States Air Force management course for supervisors at Hurlburt Field, Florida.

Sergeant Hughes, an air traffic controller, was given classroom and practical instruction in the principles and techniques of effective management and use of resources.

The sergeant, son of Mr. and Mrs. Jim C. Hughes of Farwell, is a graduate of Farwell High School. He and his wife, the former Onelta McMath, also of Farwell, have three children.

### Gas Company Sets 450th Meter In Farwell

Southern Union Gas Company installed its 450th meter in Farwell, July 17 at the residence of Mr. and Mrs. Ray Vandiver, 307 7th St.

Employed by Dwight Sheriff, Ray Vandiver moved here March 18 with his family from El Reno, Okla.

The number of gas meters in Farwell has nearly tripled in the past 15 years, says Elmer Teel, local manager for Southern Union. According to Teel, some 150 customers were being served here at the end of 1948.

Teel has been local manager for the gas company since 1957. He came here from Portales, and says he has seen many changes made during his time here.

### Bonnie Cochran To Take

### Secretarial Course

Bonnie Cochran, a 1963 graduate of Farwell High School and daughter of Mr. and Mrs. E. L. Cochran, Farwell, has enrolled at Draughon's Business school where she will major in secretarial work.

Bonnie was a representative to Bluebonnet Girls State during her junior year in school, was a member of Future Teachers Club, homecoming queen, voted senior class favorite, was a member of the girls basketball team, served as cheerleader for four years and was head cheerleader during her senior year.

Elmer Teel, local Southern Union Gas Co. manager, is shown installing the 450th meter in Farwell at the home of Mr. and Mrs. Ray Vandiver, Wednesday.

### Dickie Williams Employed By Humble Oil & Refining Co.

Richard Dee (Dickie) Williams is working this summer in Baytown for Humble Oil & Refining Co. research and development department.

He received his BS degree in chemical engineering from Texas Tech in June and will

enter Princeton University in September to continue his studies in this field.

Dickie is a 1959 graduate of Farwell High School and is the son of Mr. and Mrs. Jack Williams. His brother, Bert, will complete his studies at Princeton in January where he will receive a doctor's degree in chemical engineering.

### Teachers --

(Continued from Page 1)

has served as the school's counselor. She has not announced her future plans.

Opening and closing date for school were set with school to begin August 26 and close May 22. Other holidays were set and will be announced later. Next meeting date for the board is August 1, with other vacancies in the faculty to be filled at that time.

### Vacation in Colorado

Mr. and Mrs. W. M. Roberts and son, Charles were in Gunnison, Colo. last week for a vacation.

They joined Mr. and Mrs. Amos Tatum and Patti who had been in Colorado for the past two weeks, for a bit of sight seeing and trout fishing. The two families returned home Sunday.

### Hopper --

(Continued from Page 1)

Yet we persist in wasting substantial quantities of water regularly, and often apparently without much loss of sleep.

Another thing this phenomenon makes clear, however, is that we will never have to face the possibility of simply "running out of water". There always will be water down there. Enough to drink. Enough to bathe in. Perhaps enough to water our lawn. The reason is that economics will ultimately force us to save the last portions of our water supply.

Perhaps then, when our children have the benefit of hindsight, they will wonder why we couldn't have been a little bit more careful with the supply while it was in such great abundance.

It looks like the banking business has sharpened the mind of ex-county agent Joe Jones, and

that selling life insurance has developed the mental powers of Wilfred Quickel. At least they came up with an uncommonly cunning solution to a problem recently.

About 30 watermelons were left over from the Chamber of Commerce 4th of July feed, and the question was what to do with them. Some suggested selling them to local stores, or going knocking on doors and giving them away, or hauling them off and dumping them.

But Jones and Quickel, in a flash of brilliance when they perhaps remembered their own youth, had the best solution: do nothing. So the rinds of the eaten melons were carted off and the park policed up, but the surplus uncut melons were left bobbing in the tanks.

The next morning Jones and Quickel showed up to survey the success of the plan, and sure enough, not a melon was in sight. All they had to do was tip the tanks and empty the water on the grass and that was that.

## Is The Bulwark of Our Way of Life

DON W. TARBET

### SET YOUR AIM HIGH

The archer, trying to hit the target in the distance, has set his aim higher than at close range. In order for the arrow to reach the target, it must be aimed high because of the distance and lack of strength behind the arrow; but if proper aim is taken, the target will be reached.

The life of man is the arrow that must seek the target in the distance. Man himself must pull the bow and do the aiming "toward the mark for the prize of the high calling of God in Christ Jesus." (Phil. 3:14). For us to reach heaven, we must set our aim high.

First, we must aim above EARTHLY PLEASURES. "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him." (1 Jn. 2:15). If we aim at earthly pleasures, we will not reap "everlasting life." (Gal. 6:7-8).

Secondly, heaven cannot be reached by aiming at MAN'S APPROVAL instead of God's approval. Jesus condemned the Pharisees by saying, "But in vain they do worship me, teaching for doctrine the commandments of MEN." (Matt. 15:9) The chief rulers, who believed in Christ, refused to confess Him "for they loved the praise of MEN more than the praise of God." (Jn. 12:42-43). To hit the target of "pleasing men" does not mean we have hit the target of "pleasing God."

Finally, we must aim TOWARD HEAVEN in seeking to do heaven's will in all things. To those in Colosse who had been buried with Christ in baptism and risen with him (Col. 2:12) Paul said "If you then be risen with Christ, seek those things which are ABOVE, not on things on the earth." (Col. 3:1-2). Jesus said, "Lay not up for yourselves treasures upon earth, where moth and rust corrupt, and where thieves break through and steal; but lay up for yourselves treasures in HEAVEN, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasures is, there will your heart be also." (Matt. 6:19-21).

HOW HIGH ARE YOU SETTING YOUR AIM?

# Miss Bradshaw, Larry De Fever Candlelight Ceremony Unites

Miss Dyalhia Bradshaw and Larry De Fever of Denver, Colo., exchanged nuptial vows Saturday evening in a candlelight ceremony at First Baptist Church at Bovina.

Parents of the couple are Mr. and Mrs. H. D. Bradshaw of Bovina and Mr. and Mrs. Marion De Fever of Pampa.

Rev. John Ferguson read the double ring ceremony.

The couple exchanged vows before an archway of white velvet with a background of palms. Enhancing either side of the archway were white candleabras.

Given in marriage by her father, the bride wore a street length gown of white eyelet. Accenting the bodice were ruffled elbow length sleeves. The bouffant skirt fell from a fitted bodice. Her shoulder length veil of illusion fell from a crown of white eyelet encrusted with an

MRS. LARRY DE FEVER (Photo by D. R. Bushnell)

heirloom pin of sapphires. She carried a bouquet featuring a white orchid surrounded by white summer daisies atop a white Bible.

Carrying out the traditional something old the bride wore the sapphire pin belonging to her grandmother, her wedding ensemble was new. She borrowed her mother's diamond earrings and wore a blue garter.

Mrs. Ella Rawls, sister of the bride, from Atlanta, Ga., attended as matron of honor. She wore a white eyelet dress and a daisy topped crown. She carried a basket of white long stemmed daisies.

Miss Jean Pearson of Littlefield was bridesmaid. Her costume was identical to that of matron of honor.

Miss Theresa Rawls, niece of the bride, from Atlanta, Ga., served as junior bridesmaid. She also wore a white eyelet dress and carried a basket of long stemmed daisies.

Miss Debbie De Fever, niece of the groom was flower girl. Joe Peterman of Denver, Colo., served as best man. Groomsmen were DeWayne De Fever of Pampa and Rodney

De Fever of Amarillo, brothers of the groom.

Ushers were J. F. Bradshaw of Lubbock, brother of the bride and Raymond Driscoll of Pampa.

For her daughters wedding Mrs. Bradshaw chose a mint green suit and complimented her ensemble with black patent accessories. She wore a corsage of white summer daisies.

The groom's mother chose a pink suit and wore a corsage of white summer daisies.

Immediately following the wedding the brides parents hosted a reception at their home honoring the couple.

The table was laid with a white cloth and featured a tiered wedding cake and baskets of daisies. Silver and crystal appointments completed the setting.

For her wedding trip to points of interest in Colorado the bride chose a summer knit dress of gold and peach highlighted with black patent accessories. She wore the orchid from her bridal bouquet.

Following their trip the couple will be at home in Denver, Colo.

The bride is a graduate of Bovina High School and West Texas State University in Canyon. She is presently teaching in the Denver Public Schools.

The groom was graduated from White Deer High School and West Texas State University in Canyon. He is serving in the Medical Corps at Fitzsimons General Hospital in Denver.

## Brenda Mason Is Shower Honoree

Brenda Mason, bride elect of Gene Walker was honoree for a miscellaneous bridal shower, Thursday afternoon at the Oklahoma Lane Community center.

Approximately 65 guests were registered by Mrs. Richard Hawkins. Alternating at the serving table were Dorris Donaldson, Pat Chitwood, Mary Fay Rigney and Linda Nelson.

The serving table was laid with a white cloth and centered with a large white wedding bell surrounded by pink roses. Further carrying out the chosen colors of the honoree, pink punch was served with white cake squares. Silver table appointments were used.

The honoree, her mother, Mrs. Lee Mason and sister of the groom to be, Mrs. Bill Jennings were presented corsages of pink roses. They also assisted Miss Mason with opening gifts.

Mrs. John Agee, presented a short program and Mrs. Wayne Peterson sang "I Love You Truly" and "Wedding Bells are Breaking Up That Old Gang of Mine."

Helping with hostess duties were Meses, Lora Brown, Dee Brown, Bernard Nelson, Dee Chitwood, Jackie Brown, Jess Pendergrass, Wayne Peterson, James Robinson, Walter Vermer, Raymond Houston, Sterling Donaldson and Claude Watkins.

Hostess gift was an electric mixer. Gifts were received from many people who were unable to attend the shower.

## Announce Marriage Of Daughter

Mr. and Mrs. G.D. Anderson announce the marriage of their daughter, Marilyn Edwards, to Howard Cohea, of Albuquerque.

The double ring service was read in the parlor of Hamlin Memorial Methodist Church, Friday, July 12, with Rev. Robert O. Tomlinson officiating.

Attending her sister as matron of honor was Mrs. Raymond Tapp of Lubbock. Attending the groom as best man was Howard Herbert of Albuquerque, a close friend.

Mrs. Cohea is a graduate of Texas Tech in Lubbock and has been associated with Radio Station KZOL. The groom attended EMNU in Portales and the University of New Mexico, Albuquerque.

Mr. and Mrs. Cohea will be at home in Albuquerque where he is president of Financial Assurance Group.

## Coffee Honors Mrs. C. Curry On Birthday

A surprise coffee hosted by Mrs. Gayle Aurbach of Redondo Beach, Calif., honored Mrs. Claude Curry, mother of Mrs. Aurbach, on her birthday, Tuesday morning in the Curry home.

Gifts were presented to Mrs. Curry and birthday cake and coffee were served from a table laid with a lace cloth centered with a floral arrangement. Informal visiting was enjoyed.

Attending were Meses, Layton Woody, Tom Martin, Bernard McGregor, Malvin Curry, Russell Johnson, the honoree, Mrs. Curry, and the hostess, Mrs. Aurbach.

## VISIT IN COX HOME

Mrs. Leota Moore, Amarillo a cousin of Mrs. Guy Cox, accompanied by Mr. and Mrs. J.E. Moore of Houston visited in the Cox home Saturday.

W. E. MARTIN

## Party Marks Birthday Of W. E. Martin

A party marking the 70th birthday of W. E. Martin was hosted by his children at the Farwell school cafeteria Saturday night, July 13. Approximately 49 family members and friends were present, including five generations of the family.

His mother, Mrs. Blanche Martin, Petersburg, was a special guest. Birthday cake, decorated with yellow icing, was served with homemade ice cream from a

table centered with an arrangement of white daisies and yellow snapdragons. Silver appointments were used.

Guests were registered by two granddaughters, Mrs. Gail Jones, Clovis, and Alta Gail Locker, Muleshoe.

W. E. Martin was born July 14, 1893 in Petersburg and was married to Miss Lantie Hankins, Dec. 27, 1916. The couple moved to Grady in a covered wagon, February 20, 1917 where they made their home until approximately 30 years ago when they moved to Texico. They have lived at their present home east of Farwell for a number of years.

Mr. and Mrs. Martin are the parents of eleven children. Children of Martin attending the party were Mrs. Roy Dunn, Clovis, Mrs. M. D. Locker, Muleshoe, Preston Martin, Mrs. Harry Sheets and Duane Martin, all of Farwell. Other children are Mrs. Jack Savage, Atlanta, Ga., Mrs. Kenneth Thompson, Morton, Mrs. Elaine Williams, El Paso and Albert Martin, Clovis.

Also attending the affair were four of his six brothers with their families. They included Virgil and Albert, Hale Center, Oran, Medford, Oregon and Marvin, Clovis.

Visiting, picture taking and games of 42 were enjoyed throughout the evening.

## Makes Fathers Acquaintance

Thelma Lewis, who lives in California, has an unusual story to tell as it was only recently that she learned that her father, Raymond was living in Lubbock. Her parents were divorced shortly after she was born 13 years ago and she had heard nothing of her father through the years.

Upon learning the story of the divorce, and where her father is now living she made the trip by train from her California home to Lubbock to visit him.

She was in Texico to visit with her grandparents, Mr. and Mrs. Sam Lewis over the weekend and to make the acquaintance of other local relatives.

## Former Residents Visit

Visiting in Texico with friends recently have been Mr. and Mrs. Curtis Miller and son, Mike. The Millers, who formerly taught in the Texico school also did some repair work on their home in Texico.

They visited with Mrs. Miller's mother in Whiteface, with his parents at Forrest and with friends at Midland while in this area.

The Millers left for a vacation to points in New Mexico Friday, before returning to their home at Aztec, where they now teach.

Mr. and Mrs. T.H. Richey, Texico are visiting in the home of their daughter and son in law, Mr. and Mrs. Joe Murphy in Belen. They were joined for a visit by another daughter, Mrs. Ernestine Motova of Seattle, Wash.

Mr. and Mrs. Bill Dotson, Tuscon, Ariz, former local residents, were visiting in Texico-Farwell Monday with old friends. They are visiting in the home of Dotson's sister, Mrs. Otis Thompson in Clovis.

## College Friends Have Reunion

Four friends held a reunion at the home of Mrs. W. H. Graham Monday. The four had been college roommates. The women enjoyed a noon meal and visiting throughout the day. It was the first time all the friends had been together at the same time in four years.

Here were Mrs. George Hill and children of Hobbs, Mrs. C. D. Kirk and daughter of Arlington and Mrs. Joe Montague and son of Silverton.

## Grace Class Has Business Meet, Social

Grace Class of Farwell First Baptist Church met in the home of Mrs. Darrell Norton, Monday evening for a regular business session and short social.

A devotional was brought by Mrs. Wayne Hill on "Works of God." Mrs. Carliss Woods, class president presided over the business session at which time new names were drawn for secret pals.

During the social hour Bible games were directed by Mrs. Howard Whittener. Refreshments of party pie, and soft drinks or coffee were served to Meses, Carliss Woods, Clyde Magness, Wayne Hill, LaVon Jones, T. J. Kittrell, Howard Whittner, Bob Dollar and the hostess, Mrs. Norton.

MARKET IS "FAIR"

# Parmer's Potato Harvest Off To Good Beginning

The potato harvest is off to a good start in Parmer County. Both county processing plants, Friona Growers and Shippers in Friona and Gregory Produce Company in Larlat, were picking up steam as the harvest moved into its second week this week.

About 75 acres of the approximately 400 acres near Friona had been harvested as of the first of the week. The potatoes were making about 200 sacks per acre, according to Kenneth Neill, manager of Friona Growers and Shippers.

At Larlat, the yield is about the same. "We're making from 175 to 200 sacks of number one potatoes to the acre", said T. W. (Buck) Gregory, who has about 325 acres of potatoes this year.

Gregory described the market as "not strong, but we're moving some potatoes."

The market is running from around \$2.35 per hundred to \$2.50.

"This is lower than you'd like to see the market at the start of harvest. But some shipments from this area earlier contained some junky potatoes, and this may have hurt the market some," Neill said. He added that such potatoes had not shown up in the Friona area as yet.

Harvest operations began near Friona on July 5. Gregory Produce began operations on July 10. "We're still not going full speed. We like to let the potatoes mature completely before starting," Gregory said.

The Larlat producer said he had about 100 additional acres of fall potatoes which would mature some time in October.

The vegetable income in Parmer County amounted to close to a million dollars.

"We're going to have to make something off the potatoes, having lost our cotton to hail," Gregory said.

Prices Rise

Demand for fed cattle was strong during June and prices moved upward from the lows established in May. Demand was particularly good for cattle under 650 pounds and toward the end of June there was a marked improvement in the demand for heavier cattle. Prices generally were up 50 cents to a dollar per hundred.

## THE HIGH PLAINS FARM AND HOME

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

"We must realize that our party's most powerful weapon is racial tension. By propounding into the consciousness of the dark races that for centuries they have been oppressed by the whites, we can mould them to the program of the Communist Party. In America, we will aim for subtle victory.

While inflaming the Negro Minority against the Whites, we will instill in the Whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige the Negro will be able to intermarry with the Whites and begin a process which will deliver America to our cause."

The above is quoted from "A Racial Program for the 20th Century", a book written in 1913 by Israel Cohen, a Communist Party Functionary in England.

It is important to farmers and all other Americans that racial strife be avoided in this country for the welfare of all. It therefore seems that we should steer clear of the ideas stressed in the quotation above, without regard for who may be either innocently or knowingly promoting them.

### At Home In Parmer County

By CRICKET B. TAYLOR County HD Agent

With the 4-H County Dress Revue close at hand--July 18, the 4-H girls taking clothing projects have been working hard, getting ready for the big event.

Leaders have given freely of their time to assist with this work, and they will be rewarded as these pretty young girls model their dresses on Thursday in the Farwell High School Homemaking Department.

The girls in 4-H learn many things in their clothing project other than the construction of a garment. How to choose fabrics, color and design best suited to their individual needs; they

learn also about the many different pattern types and how to choose the right pattern for their figure type. In addition to learning good techniques in sewing and how to judge a good outfit, choosing appropriate accessories to complete the costume.

Work Smarter; Not Harder--can apply to sewing as well as other jobs. Doing a job in less time does not mean working harder or faster to get it done. It does mean working and leaving out the unnecessary motions and trips. Take sewing for instance. Where is your work area and what equipment will you need to do the job? Is this area conveniently arranged to save steps or motions, and reduce energy and time doing the job?

One way is to organize work centers for sewing, arrange everything within easy reach, use the best tool possible for the job (good scissors, ironing equipment for pressing and other small tools), sit in a comfortable position, wear comfortable clothing and take a rest break at intervals to keep up energy and moral.

We mention gas tax exemptions once more, as several have not yet filed for refund of this money. Your wife can file if you're too busy, and may there's something she'd like to buy with the money.

CONSIDER THIS: The Lord by wisdom hath founded the earth; by understanding hath he established the heavens. Proverbs 3:19.

### On The Farm In Parmer County

By DERYL COKER County Agent

The 4-H Club members are reminded that the County Camp date has been set July 29 through August 1. All 4-H club boys, or prospective 4-H club boys are encouraged to attend.

I will need to know by July 22 if you plan to attend, so as I will know how many groceries to buy and how much transportation to arrange for. All adult leaders are encouraged to contact the members in their area and help get ready for camp.

A great number of people have become concerned about the sorghum Midge. Let me remind you that we probably won't have to worry about this insect until after the first of August.

To date sorghum Midge have never affected early sorghum, so we won't have to worry about the feed that is heading out now.

As we go along I will try to keep you informed about sorghum Midge in my column or on radio station KZOL in Farwell.

The Internal Revenue Service has asked me to bring the following to your attention:

It has been evident through auditing that farmers have the wrong idea about re-investing the proceeds of a sale. Many farmers believe that if they sell their farm, their tractor, or any of their other capital assets

that they do not owe any tax as long as they re-invest the proceeds in like property. This, of course, is not true in the case of a voluntary sale. There are some non-taxable trades allowed under the law, but the regulations governing non-taxable trades are very restrictive, and "like property" means like property.

The only benefit that farmer would gain from a voluntary sale of his farm--even if he bought a new farm with the proceeds--is a possible capital gain. Many farmers would not sell their farm if they knew the tax facts. Our advice is to get the tax facts before engaging in any transaction.

**Early Damage Isn't Midge, Says Coker**

County Agent Deryl Coker said this week that some maize farmers may be becoming prematurely concerned about sorghum midge.

"Some people are concerned with damage to early-heading maize, and are calling this midge," Coker said, "I think that it will be around the first of August before midge will make an appearance in our county," he added.

**Hereford's Harvest Festival Begins**

Hereford is preparing to welcome all guests to its 5th Annual Harvest Festival from July 18 through July 27th.

Again this year the city will have its best decorations out to greet everyone as they come to enjoy a gala time. Events for the affairs will include a Queen Contest, Carnival, Amateur Rodeo, Barbecue and Parade.

The Hereford Jaycees will conduct their Queen Contest, Thursday, July 18th, at 8:00 p.m. Dan True, KFDA-TV personality, will perform the Master of Ceremonies duties at the pageant. The judging will be done in the Hereford High School Auditorium. At 7:00 o'clock, July 19, 20, 22 through the 27th the gates will open for rides, games, eats and treats for the Hereford Lions Club Carnival. No charge will be required for admission through the gate.

The Hereford Riders Club will sponsor the Amateur Rodeo, July 25, 26 and 27 at 8:15 each night in the Riders Club Arena. The rodeo, produced by M & R Rodeo Company of Tahoka, Texas, will feature Calf Roping, Bull Riding, Bulldogging, Bareback and Saddle Bronc riding and a Girls' Barrel Race.

At 4 p.m. on Saturday, July 27, the Harvest Festival Parade will be held featuring floats, bands and horses.

The county agent explained that it was his theory that the damage being experienced by early maize was caused by cold temperatures during the rains during June, which were followed by hot weather, throwing the young plants into "temporary distress."

It is a plant's natural tendency to bear fruit when in distress, Coker explained, and this might explain the early heads having a damaged appearance.

"Now, there have been definite cases of midge reported to the south of us, but I think it's too early for the midge in our county," Coker said.

He added that farmers would be able to tell midge, by the appearance of the orange, knat-like flies.

"I think most of the early damage is a physiological damage of some kind, due to the weather and planting season," Coker re-iterated.

**News From LAZBUDDIE**  
 BY MRS. C. A. WATSON

Mr. and Mrs. Albert Fuller and children, Patsy, Albert Jr., and Nancy have moved into the residence of the superintendent at the school. Fuller who is a graduate of Howard Payne College and Southwest State college will be superintendent of Lazbuddie school this year. Patsy is a junior, Albert Jr., is a freshman and Nancy is in seventh grade. The community extends a sincere welcome to the family.

All teachers with the exception of a music teacher have been hired for the Lazbuddie school.

Cynthia and Janie Harvey have been visiting in the W. R. Harrison home near Muleshoe.

Mr. and Mrs. J. B. Wright spent the week in Lovington visiting with the Roy Lovejoy family. Mrs. Lovejoy is a daughter of the Wrights.

Eight year old Rickie Hardage, son of Mr. and Mrs. Wayne Hardage suffered bruises to his leg Sunday afternoon when he was pinned between the bumper of his father's car and the boat which was being pulled be-

**Georgina Lambert Enrolls At Draughon's Business School**

Georgina Lambert, daughter of Mr. and Mrs. V. L. Lambert, Texico, has enrolled at Draughon's Business school in Lubbock and will take secretarial training.

She is a 1963 graduate of Texico High School and was salutatorian of her graduating class. She was a member of the school's honor society, serving as vice-president, was a member of the FHA Club, serving as president, and was a member of press club, serving as secretary.

to Muleshoe to catch a plane to California where he will vacation for two weeks.

Scotty Windham, Ronald Ashford and Sammie Harlin were in Amarillo last week attending an electric welding school sponsored by Southwestern Public Service Co.

Mr. and Mrs. Billy Dean, Halfway were guests Sunday in the Clyde Monk home.

Benny Watson was a Saturday night guest in the home of Wister Ray Harrison in Muleshoe.

hnd the car. Two Latin American men bumped into the boat causing the accident. The men fled the scene of the accident but were apprehended soon afterward. Rickie was treated at a Muleshoe hospital and released. He is resting well at the home of his parents.

The Templer family reunion was held at the Clovis Park Sunday. Among those from this area attending were Mr. and Mrs. Wayne Clark and children, Irma and Jerry Templer, Mr. and Mrs. Walter Baker and Anna Templer. Approximately 50 attended the reunion.

Mr. and Mrs. Albert Clark announce the arrival of a son, Saturday, July 13. He weighed 8 lb. and has not been named.

Visiting in the Frank Hunt home Sunday were their daughters and their families, Mrs. Charles Hipp, Lubbock, Mrs. Bill Hollar, Lubbock and Mr. and Mrs. Don Littlefield, Hub.

Birthday greetings: Gary Johnson, Marilan Fred, Mary Maxwell, Victor Schuman, La Rita Wenner, Charlotte Seaton, Kinda Hodges, Linda Holt, Johnace Seaton, Lube Flores, Suzanne Crooks, Benny Watson, Billy Joe Eubanks, Linda Gleason, Juan Garza, Benny Marrow and Doyle Crim.

Recent visitors in the home of Mr. and Mrs. Pete Jesko have been Mrs. Jesko's parents, Mr. and Mrs. Frank Musil, Stamford and Leon Musil, Dallas.

Mr. and Mrs. T. L. Byrd celebrated their anniversary July 18.

Mr. and Mrs. Bob Jones accompanied by Mr. and Mrs. Dub Harlin took Billie Jones

**Guilty of Self-Embezzlement?**

It's a serious charge. But lots of us are guilty . . . although very few people cheat themselves intentionally. Yet that's just what we're doing when we fail to shop our home stores before we buy.

Often enough the deals are better at home, dollar for dollar. Always they're better when you consider that Trade Builds Communities . . . and that Trade is the sole source of prosperity for an area and for those who live within it. Even great natural resources benefit only a few people if that wealth gets away from the community's regular trade channels.

When we buy from those who buy from us . . . either our labor or our products . . . when we trade with the neighbors who help us to support our local social facilities . . . when we spend our money where Trade creates opportunities for us and our children . . . then we're getting full value for the money we work to earn.

**There's A Tiger In Your Field!**

If you knew for sure a tiger was crouched in your field, would you go into that field without protecting yourself? Would you deliberately ignore the deadly animal? Would you poke a stick or your hand in the tiger's mouth? Of course you wouldn't!

Well, there is a tiger in your field. It paces relentlessly down your cotton rows . . . back and forth . . . waiting for you to get careless. It snaps and growls through jaws fully as dangerous as those of a living tiger.

Your cotton picker is a tiger! Quick as a cat, your picker can snatch you. Terrible as a tiger, its teeth can rip and tear your flesh. Vicious as a wild animal, your picker can kill you. It is stalking you constantly . . . head down, tall high . . . waiting to strike.

This is to remind you that your cotton picker "tiger" cannot harm you unless you give it a chance. Now, as you enter your field with that dangerous machine, is the time to solemnly resolve you will not provide that chance.

Take time to shut off the power when you must approach the tiger's jaws. Stay alert and stay alive. No minute of time is worth a leg or a life.

## Farwell 4-H Club Has Cookout Moved

The home of Mr. and Mrs. Leon Billingsley, east of Farwell, was scene of a cookout for members of Farwell 4-H Club Tuesday night.

Guests gathered at the Billingsley home where they made stew by placing hamburger meat, potatoes, carrots, onion and seasoning in aluminum foil and cooking it over coals in a pit in the backyard.

Dessert of Smores was prepared by roasting marshmallows, placing them on Graham crackers and adding a piece of chocolate candy and topping with another Graham cracker. Fruit punch was served with the meal.

Attending the affair were Kathryn Gober, Janis Billingsley, Larry Jones, Nell Christian, Debra Garner, Trummie

Christian, Tina, Sherry and Gay Rundell, Mrs. Johnnie Rundell and Mr. and Mrs. Leon Billingsley.

Janis Billingsley and Kathryn Gober assisted the younger club members in preparing their meal.

### JOTTIN'S By Jeanne

Lee Ann Williams, preschooler of the Bert Williams family, had a trio of pet rabbits, a big placid white one and two baby cottontails. She named them all by herself -- and she certainly exhibits originality. She called the little ones Jar and Lid.

But she parted with one of the baby pets and the Orle Jones children decided to change Lid's name. It took three or four tries before they found a name that pleased all three children, according to Mama Peggy. The rabbit now goes by Susie -- she thinks!

And I liked the comment of the four-year-old in the family when he spied a picture of a deer-- "Hey Mama, see the deer with the sticks on his head."

If you talk to someone for five minutes, you probably don't cease the conversation without some comment on the heat of the past several days.

Someone reminded me that in another six weeks, the kids will be back in school. And summer has just begun.

### Visit In Texico-Farwell

Visiting in Texico-Farwell with their parents over the weekend were Mrs. Shirley Hunden, Huntington Park, Calif. and Mr. and Mrs. Kenneth John Doshier Orange, Calif. They left for their homes Monday morning accompanied by their parents, Mr. and Mrs. Frank Doshier, who are moving to California.

Also visiting in the Doshier home over the weekend were Rev. and Mrs. Jimmy McGuire and children, Sandhill. Mrs. McGuire is also a daughter of the Doshiers.

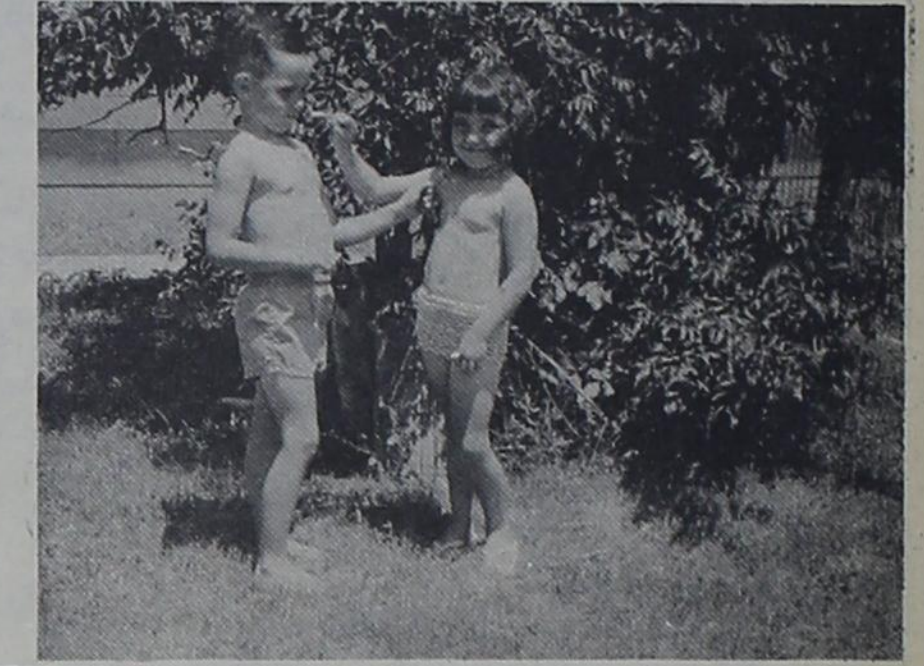

### Marriage Licenses Issued

- July 6 -- Bill Donald Taylor, Friona, and Cynthia Ann Guinn, Friona.
- July 9 -- Joe Francis Reeve, Friona, and Wanda Nell Ready, Friona.
- July 11 -- Weldon Burchett, Portales, N.M., and Phyllis Borden, Floyd, N.M.

SUMMER TIME IS FUN TIME: A brother and sister team are Rickie, six, and Debbie, four, children of Mr. and Mrs. Elmore Hendrix, Texico. The picture shows them fresh from a swim, picking flowers from a vine in the yard at their home. Wherever Rickie goes Debbie is never far away. She seems to be telling her brother, "My, don't these flowers smell good?" Another threesome who are never far away from each other are Gay, left, Alice, right, and Dawn children of Mr. and Mrs. E. R. Coffman. They are shown in their playhouse in the backyard at their home having breakfast with their favorite dolls.

Proper ingredients in the right proportions are the secrets in making delicious brownies, says Beverly Winkles as she demonstrates her ability to a reporter early this week. She was winner of the district contest held in Lovington Friday.

## Beverly Winkles Wins Blue Ribbon At District 4-H Meet

Beverly Winkles, 13-year-old daughter of Mr. and Mrs. Perry Winkles and a member of the Texico 4-H Club, was a blue ribbon winner at the southwestern district meeting held in Lovington Friday.

She was entered in the junior division and gave a foods demonstration on preparing and serving brownies. She presented posters telling why brownies should be a part of the family diet often and also giving the recipe for the delicious confection.

Reasons listed by Beverly for serving the food often were: 1. delicious, 2. quickly made, 3. nutritious, and 4. economical. Beverly was especially proud

of her blue ribbon at the district meeting as she had been named alternate to attend the meeting at the recent Curry County contest.

Beverly attended the district meeting last year as a member of the county judging team and won a blue ribbon and a gold medal for her efforts then. She lost the gold medal this year by a scant margin of points.

This is Beverly's third year in 4-H club work and she is enrolled in Home Living III, textile painting I and II, baking II and needlecraft I and II. She will be a freshman at the Texico school.

Other girls from the Texico club attending the district meet-

ing were Jeanette Mullins, who was a member of the Curry County judging team; who came home with a red ribbon, and Janet Wilson, who was entered in the public speaking contest.

She delivered a speech on "The Constitution In a Changing World" and was winner of a white ribbon. Jeanette is the daughter of Mr. and Mrs. Luther Mullins, Texico, and Janet is the daughter of Mr. and Mrs. Loren Wilson, Pleasant Hill.

Junior winners are not eligible to enter state competition. Patricia Smith, daughter of Mr. and Mrs. Clarence Smith, Pleasant Hill, represented her club at the district contest presenting a demonstration table setting. She was winner of a red ribbon.

## Farm the Land Without a Hand?

Wheeling your tractor around while pulling the trip rope to the plow is one of farming's simple jobs. But . . . how simple would it be if you had only one hand? Go ahead . . . try it! Pretend the chair you're sitting in is your tractor seat and put one arm ahead as if you were steering that power-packed machine. Now close your other hand into a tight fist and reach back for the trip rope. Try grabbing and pulling the rope with your wrist. Can't do it? Then you'd have a hard time farming with one hand!

Sure, you could get a hook like the man in the picture. You could tie a knot in the trip rope to catch the hook. But that's only one of the problems. Try tying baler twine or wiring a gate with one hand. Try putting a repair part on your machinery. You are deliberately asking to farm with one hand unless you are constantly alert.

Verney Townes Owner

## There's a Gun At Your Head!

Any farmer would move carefully, slowly and as directed . . . if he knew a gun was pointed at his head. Yet there is a gun at every farmer's head . . . unseen . . . whenever he is operating farm machinery. The hand on the trigger is yours. A moment of carelessness and you've lost your arm or your life. The National Safety Council says it is human failure that is the basic cause of farm safety. Never push your luck too far . . . the stakes are too high for gambling. You can commit suicide with a farm implement!
