

# Coronation of Queen, Beau To Highlight Homecoming

Highlighting homecoming activities at the Farwell school Friday night will be the coronation of a queen and pep club beau. A queen will be chosen from among the following candidates: Jane Ann Bradshaw, senior; Mikala Austin, junior; Phyllis Christian, junior; Susan Blair, sophomore; and Joyce Bass, freshman. Pep Club beau candidates are Jerry Herington, senior; Dannie Lindop, senior; Gilbert Dale, junior; Doyle Johnson, sophomore; and Bobby Fields, freshman.

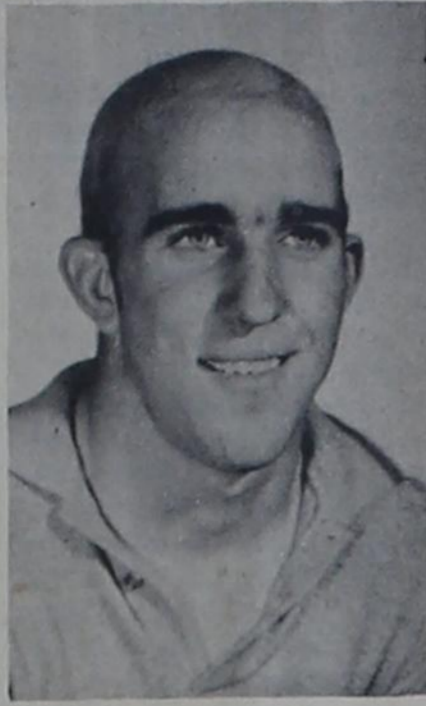

Pre-game ceremonies which will include the coronation, and a performance by the high school band will start at 7:15 p.m. Following the coronation the homecoming football game between Farwell-Plains will be played with the band performing at halftime.

Beginning at 5 p.m. Friday, seniors will be serving a chili supper in the school cafeteria. Homecoming activities began early in the week with signs distributed in the downtown area and freshman initiation being held to add to the festivities.

Thursday night (tonight) immediately following the junior high school football game a bon-fire will be held behind the school building and the cowboy, built by the freshman class as a part of its initiation, will be burned in effigy.

Friday afternoon at 2:30 p.m. a parade will be held in the downtown area with the high school band, leading the parade. Also in the parade will be queen candidates and pep club beau candidates, the pep club, football team and members of the freshman class.

At the end of the parade a pep rally will be conducted in the downtown area. All area residents are invited to attend all homecoming festivities.

## Petit Jurors Named

Names of forty-eight county residents have been listed for petit jury duty. These persons are to report to the Parmer County courthouse Monday, Oct. 14, 1:30 p.m.

Listed are T. F. Taylor, C. L. Mahaney, Howard Hays, Jimmie Dixon, Sam White, L. R. Vincent, Leroy Johnson, Leon London, Harry Lookingbill, D. G. Hand, Mrs. Myron Hillock, Charles Sanders, Mrs. R. S. Burleson, Ovid Lawlis, C. D. Noland and Earl Drake.

Also Royce G. Welsh, Kenneth Cass, Mrs. Bill Brandt, Earl Peterson, Raymond Houston, Lester Sims, Jimmie Charles, Mrs. R. D. Dale, S. A. Barbee, Eugene Ellis, Grady H. Dodd, J. V. Bouldin, Weldon Dickson, Ivan Adkins, Mrs. Carrie M. McLearn and J. E. Vaughn.

Also Robert Armstrong, A. C. Clarke, D. M. McGuire, Jesse Walling, Mrs. Joe White, J. T. Eubanks, Mrs. Jimmie Seaton, Donald Shuman, Mrs. Elmo Dean, Mark Charles, Sid Killough, Scott Gober, Ray Dean Fleming, C. V. Potts, E. L. McCutchan and Larry Fairchild.

Six civil cases are on the court docket for Monday as well as three criminal cases.

Playing stronger, better ball with every game, Farwell's Steers outshone the Portales Rams here last Friday night, 33-14. It was a satisfying victory for the local boys, who were beaten by a single point when they visited Ramland a year ago.

Portales' aerial circus failed to materialize, although the Rams did throw a few passes. The Steers had been ready to face a blizzard of passes, but most of the time the Portales team stuck to the turf. For the most part, the few times the Rams did use passing, Farwell's defense had 'em covered. Short screen passes -- none of which damaged the Steers -- were the only exceptions.

Danny Lindop got the game off to a roaring start for Farwell when he returned the opening kickoff 85 yards and had the Rams six points behind before they knew what was happening.

That was the third touchdown of the year for the fast Farwell back on the kickreturn from a handoff. Although it's a play that is slow in getting started and is sometimes perilous on a high ball, it has meant some mighty inexpensive scores for the Steers.

Leon Lovelace's kick after Lindop's touchdown went wide and Farwell led 6-0 before

## Steers Trample Portales 33-14

after collecting their senses. Taking the Steer kickoff, they churned down the field and scored before the first quarter ended. The New Mexicans, remembering that Texas rules allow two points for a run after the touchdown, moved their score to 8.

That meant a single touchdown could give them the lead, but Farwell didn't waste much time in demonstrating it wasn't about to surrender six points. The Steers, this time with the breeze to their backs, went to the airplanes for their third

score. Lovelace passed to Jerry Childs for a 24-yard touchdown play. Then Lovelace crashed over for two more and Farwell had a comfortable 21-8 lead at the half.

\*\*\*\*

The third quarter was one of the draggiest seen by local fans in some time. Penalties of all kinds were rife, and were leveled at both teams. This frustrated both offensive efforts.

Still, Farwell continued to widen its lead. Portales, kick-

## Plains Cowboys Visit Steer Corral Tonight

It was a long, dreary night three years ago down in Yoakum County. When the haggard Farwell Steers trudged off the field after the game had ended, the scoreboard showed 67-0. Farwell hadn't scored a point, and Plains had.

That was the bleakest moment in "modern" football history for the Steers and was the worst licking for any team to

ever give them on the gridiron. Farwell didn't have any party-waist team that year, but the boys had just as well stayed home--and in bed--as to have gone to Plains to play football. There were six starters out of play because of injuries or the flu, and several others who didn't feel like making much of a game of it.

For some reason, Plains has been one team that has "had Farwell figured" through the years, and the Steers always have a tough time getting by them. Plains beat Farwell last year, for instance.

This year Farwell will go into the game with the odds a little more favorable. The Steers have a fighting, winning ball club, and are in good shape. But the old nemesis of the Plains Cowboys will have to be overcome.

In addition, Farwell has an extra incentive to win the game tonight (Friday) because it is Farwell High Homecoming. The Tribune erred when it reported that last week was.

Former lettermen at Farwell are asked to register with Coach Dempsey Alexander so that they

can be recognized at special halftime ceremonies.

Of last week's game, Alexander says, "I thought we played pretty well." Farwell had feared Portales' passing, and the coach says, "I thought our pass defense was the best it's ever been."

This week the Steers will be watching Plains for end sweeps. The Cowboys have an effective ground attack based on speed around the ends. They used it to good advantage last week in beating Sudan 9-0.

Plains was beaten by Friona 15-13, but only after Friona overcame a 13-0 deficit at the half. The Cowboys average 173 pounds in the line and 169 in the backfield.

Coach Alexander will not play Allan Busbice this week, who hurt a leg in the rugged Seagraves contest. Busbice is still a little lame, and the coach does not want to risk further injury especially since this is the last non-conference game and Farwell "gets down to business" next week with Kress. That game will be played there.

## Harding, Cox File For Re-Election

Parmer County politics picked up a little more this week, with the announcement by Hurschel Harding, Farwell lawyer, that he will run for re-election to the office of county attorney in the Democratic Primary May 2.

Harding's announcement followed by one week that of Charles Lovelace, who filed for re-election as Parmer County sheriff.

Harding, of the law firm Aldridge, Aldridge and Harding in Farwell, is a graduate of Baylor Law School. He was appointed to fill the unexpired term of Bill Sheehan five years ago and is now completing his first full elected term for four years.

Also, Guy Cox of Farwell this week became the first candidate to announce for a precinct-level office in Parmer County. He is running for the county commissioners office of Precinct 3, a position which he now holds.

Their announcements are as follows:

County Attorney of Parmer County, Texas, in the Democratic Primary May 2, I appreciate the opportunity of having served as your County Attorney this past term, and would appreciate your vote and the opportunity to serve a second full term in this office.

If elected, I will continue to carry out the duties of this office to the best of my ability. I thank the people for the cooperation given me during this past term.

HURSHHEL R. HARDING

\*\*\*\*

TO THE PEOPLE OF FARMER COUNTY

In announcing my candidacy for nomination for a second term for Commissioner of Precinct No. 3, subject to the wishes of the voters in the Democratic Primary in May, I wish to express my appreciation to you for the cooperation and consideration given me during my first term in office.

If I am elected, I will try to do my best in the interest of the county.

I will sincerely appreciate your support.

GUY COX

## Four Plead Guilty: Sentenced Friday

Four persons were sentenced in district court Friday by Judge Pat Boone after pleading guilty as charged.

Receiving suspended sentences were Joe Dawkins, four years, theft; Isreal Leija, four years, forgery.

Sentenced to five years each in the penitentiary for burglary of the Cooper Gin were Billy Ray Cox and Guillermo Brinoes. They will be taken to Huntsville to begin serving their sentences in the next few days.

## Seniors To Sponsor Chili Supper

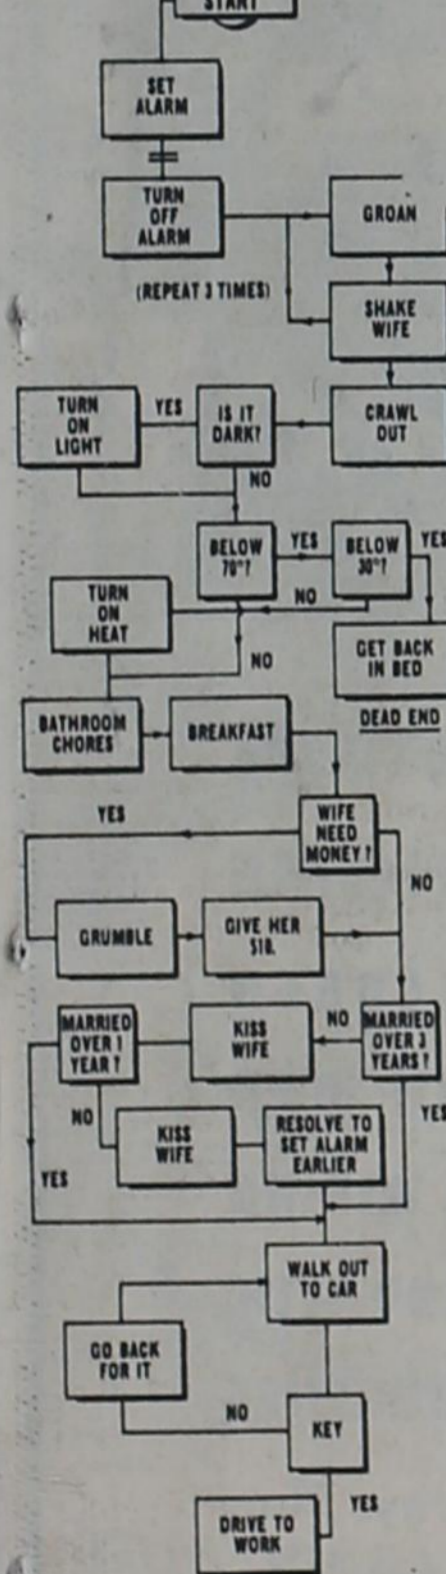

Members of the Farwell senior class will serve a chili supper at the high school cafeteria Friday, Oct. 11 beginning at 5 p.m. The supper will be served until 7:30 p.m.

Price of the meal which will include chili, crackers, pie, tea, coffee or milk is 75¢ for adults and 50¢ for children, three years of age through grade 12.

Proceeds of the supper will be used by class members to help pay for the annual senior trip.

## Decisions! Decisions!

You think you spend the day making decisions and the rest of the time is all smooth sailing? Trace the maze below and find out for yourself how many decisions you have to make even before you reach your desk!

Some things I wish I had thought of:  
If the government derives all of its authority from the people, here is a disturbing question: where does the government get its authority to do so many things that no person or group of persons has a right to do?  
--Dean Russell

Neither God nor man is served by mediocrity.  
--Motto of St. Thomas Academy

Be studious in your profession, and you will be learned. Be industrious and frugal, and you will be rich. Be sober and temperate, and you will be healthy.  
(Continued on Page 2)

Buck Clarke, Gifford-Hill Western manager, is shown presenting Mrs. Alleen Burns with a check for \$100, for the Curry County United Fund Drive now in progress. Texico's portion of the total is \$500, which should easily be reached by the end of the present week with the help of the generous donation made by Gifford-Hill Western.

## ENMU Dean Speaks To Farwell PTA

Dr. Gall Shannon, academic dean of Eastern New Mexico University in Portales discussed needs and problems of college freshmen when members of Farwell PTA convened for the first regular meeting Tuesday evening in the school cafeteria. Officers of the organization served as hosts and hostesses.

Gene Dew heads the group, with Mrs. Pike Jordan as vice president and Mrs. Ruth Meeks as secretary-treasurer. Other officers are Mrs. W. H. Graham, parliamentarian; Mrs. Bill Craft, hospitality; Mrs. Jeanie Garner, membership; Mrs. Bul Dollar, publicity; Mrs. Bob Anderson, finance; and Mrs. Gene Hardage, publications.

Mrs. Margaret Kennedy, fifth grade teacher, was presented with a check for the attendance prize. Members voted to sponsor "project Christmas card," a fund raising project, with money to be used to buy library books.

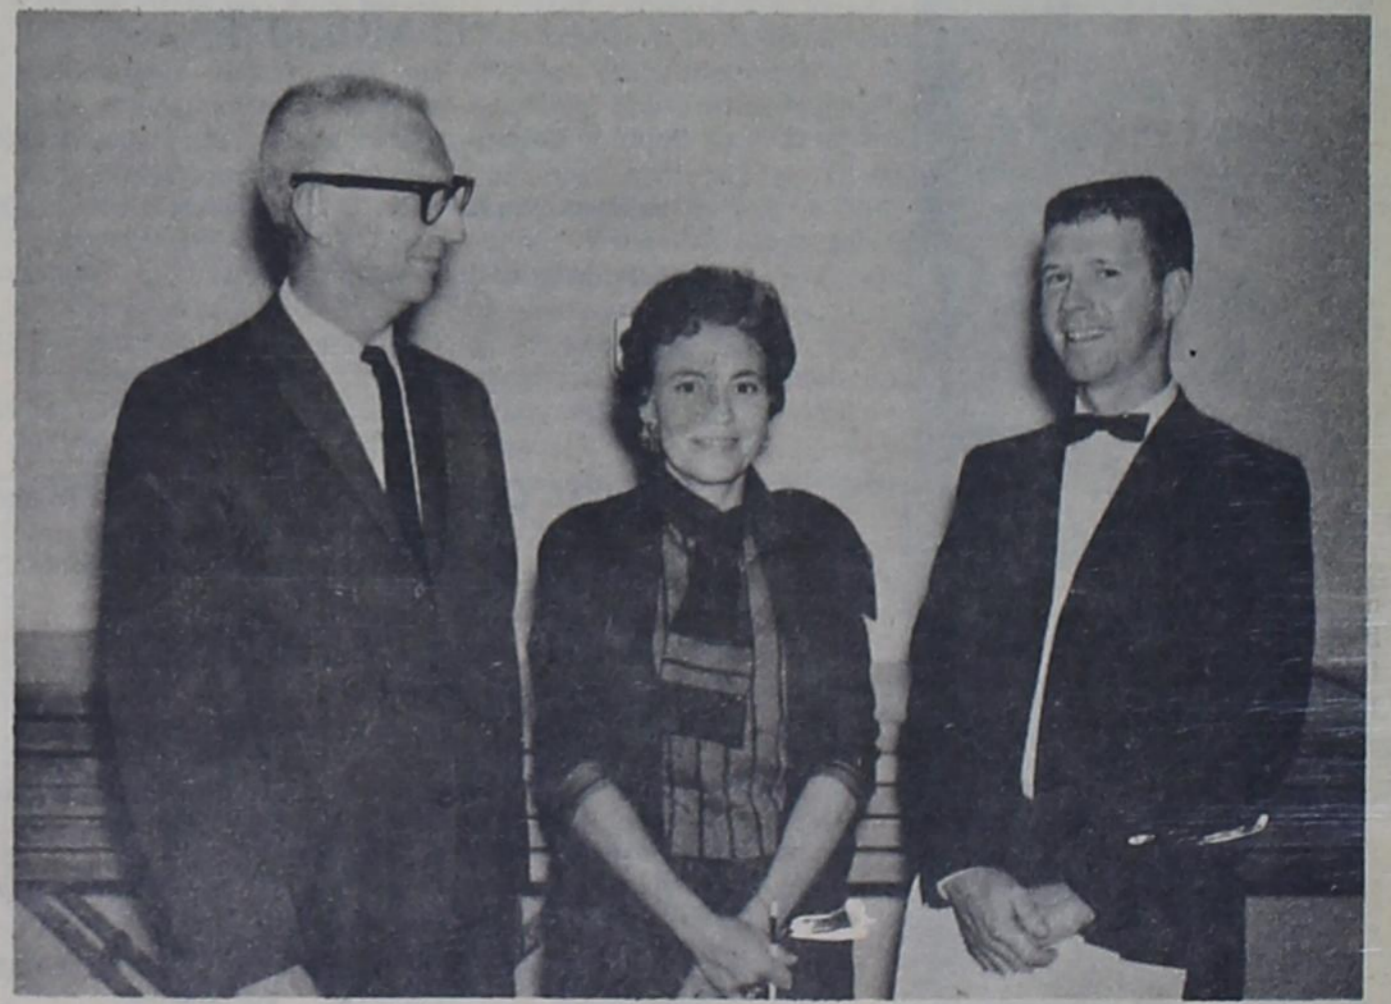

In his remarks to parents and teachers, Dr. Shannon predicted that 99 per cent of young people are homesick at college the first few weeks, though many do not admit it. He felt it wise that beginning college students not go home for the first few weeks.

He also urged parents to encourage good study habits early in a child's school life, since ordinarily, if a child does well scholastically in elementary, junior high and high school, he tends to do well on the college level. The person who does as

little as possible to get by, will have a hard time in an academic situation, he adds.

He advised that young people be given the opportunity to make decisions, to aid in maturity, and he encouraged parents and teachers to aid students in obtaining all the information possible and to plan wisely for educational pursuits.

"We have to encourage the appetite for learning," he commented.

Dr. Gall Shannon, academic dean of ENMU in Portales was speaker for the first Farwell PTA meeting Tuesday evening. He talks with Mrs. Ruth Meeks, secretary-treasurer, and Gene Dew, president of the group, following the meeting.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

## Walling: Dew Tie For First In Weekly Contest

Tying for first place honors in the locally sponsored football contest this week by calling all games right, and being the same number of points off on the tie breaker score, were Mrs. Mitz Walling and Eugene Dew.

By calling a perfect score in the weekly contest Mrs. Walling advanced into second place in the overall contest. Her husband, Mitz, called nine games right to win third place in the weekly contest.

Several people called eight games right, with most missing

the Sudan-Plains game and the Sundown-Morton game.

Mrs. Dodie Actkinson who advanced to first place in the contest last week was joined in that position this week by Weldon (Pete) Rundell, Mrs. Walling is the lone person in second place and three persons, Jim Clements, Don Gerles and Mrs. Ray Bauer with 36 games called right are in a tie for third place.

With six weeks to go in the contest interest is running high with new entries each week.

## Five Permits In Farwell

Five permits were issued by Farwell City Commission in the past few weeks, with two new houses planned, and three additions to property.

Dee Owen was issued a permit to move in a house, 40x24 on lots 21-22, Block 21. The structure is to be of wood frame construction.

S. O. Billington applied for permission to add a storage room and carport at his property and B. V. Hughes plans a double garage.

Western Way Homes was issued a permit for a new house and connecting garage of brick on Second St. Harlin Obenshain plans a wood frame storage house.

## Texico FFA Starts Swine Feeding Project

Members of the Texico High School FFA have recently started a swine feeding project at the livestock barn, north of the school.

Four swine will be fed on different kinds of rations for a given length of time, to find what kind of feed will get the most gain at the least cost to the feeder. FFA members along with their advisor, Eddie West, feel that the experiment will be of great benefit to not only class members but to livestock raisers in the community.

Two of the swine were donated to the chapter, one each by C. L. Smith and Joe Burford. The other two were purchased from Woodrow Hagler.

## Softball Team Defeats Elida 6-1; Junior Boys Play To 4-4 Tie

In two thrilling softball games played on the Elida diamond Friday afternoon the Texico High School team defeated the Elida team 6-1 while their little brothers played to a 4-4 tie with the junior high team.

In the first game of the afternoon the junior high team behind the pitching of Roy McDaniel and Larry Burns held the Elida team scoreless until the fifth inning, when McDaniel walked the first two batters; and was relieved by Larry Burns who also walked the next batter loading the bases.

The fourth batter was out on a fly ball; however the next batter up hit a double cleaning the bases and advancing to third on an error. He then scored on

a pitched ball and an error by the catcher.

Texico got three of its runs in the third inning when first batter up, Ray Valero, was walked on thrown balls. Roy McDaniel hit a double advancing Valero to third and Valero scored on a single by Rodney Lacewell. McDaniel advanced to third on the same play. Lacewell stole second and both boys were scored on a single by Donnie Morris.

Ray Valero scored the other Texico run in the fourth on a sacrifice and a fly ball.

At the end of five innings the game was tied up and remained thus for the two additional innings. The game was called at the end of seven innings by a previous agreement of the coaches.

Billy Campbell, Texico's ace pitcher and the most outstanding pitcher in the district, gave up five hits to the Elida team during the afternoon while the Texico team garnered eight hits off the pitching of Skippy Chandler.

Texico picked up four scores in the first inning. The first batter, Emmitt Autrey was out on a fly ball; however Wayne Hudnall second batter for Texico took first on thrown balls, Allan Hill and Billy Campbell singled loading the bases and Neil Lambert, fifth Texico batter, hit a grand slam homer over left field fence cleaning the bases. The next two men were out retiring the side and it was not

until the fourth inning that Texico added another run when Lambert scored on a sacrifice by Mike Spearman, and singles by Tom Rickstrew and Gary Skaggs.

The other Texico run came in the seventh when Wayne Hudnall, who hit a single, stole second and scored on a double by Lambert.

Elida's single run came in the fourth inning when Guy Creighton hit a single, advanced to third on a double by the next batter and scored on a single hit by Creighton.

Season record for the Wolverines is four wins one loss. Next game will be with Grady, there, October 15.

## Texico Hires New Town Clerk

At the Tuesday meeting of Texico town dads a new town clerk, Mrs. Clara Wiehl, was hired to replace Mrs. Juanita Autrey, who recently resigned due to poor health. Mrs. Autrey had been on a three month leave of absence and decided not to return to the job.

Some discussion of hiring a new garbage disposal man was held but no action was taken on the matter, as not enough interested citizens were in at-

tendance at the meeting to give opinions.

Three building permits, one each to N. L. Tharp, Orlando Ortiz and Grace Sanders were approved. All permits were for additions or repairs on buildings.

The report of police magistrate, Sam Lewis, in the amount of \$750, was approved for the month of September.

All other business was routine; however Mrs. Wiehl reminds all town and area residents that now is the time to register to be able to vote in the 1964 elections. Persons wishing to do so may register either at the town hall or at the county courthouse.

Prospect: "I'm a fast but excellent driver. I'm satisfied your car will do better than a hundred, but the thing I also want to know is this, will it last?"

Dealer: "Well, sir, I'll be greatly surprised if the car doesn't last as long as you do."

**ANNOUNCE DAUGHTERS ENGAGEMENT**--Mr. and Mrs. Jim Billingsley, 1414-9th Ave., Canyon announce the engagement and approaching marriage of their daughter, Marian Zell to Jimmie D. Cain, nephew of Mr. and Mrs. Ray Mears, Farwell. Vows will be exchanged by the couple November 16, 7 p.m. in the Oklahoma Lane Methodist Church. Friends and relatives are invited to attend the wedding and reception to follow in the church fellowship hall. No invitations are being mailed.

## Hadley Twins Honored With Birthday Party

Keith and Karen, three year old twins of Mr. and Mrs. Raymond Hadley were honored with a party on their third birthday recently in the home of their parents.

After the honorees had opened their gifts, games were played and refreshments served.

Each child had a birthday cake featuring a circus motif. The cakes were baked and decorated by Mrs. John R. Hadley, grandmother of the twins and Mrs. Eddie B. Smith, an aunt.

The cakes were served with punch to Richard Hadley, Allan and Jimmy Hill, Freida and Monty Leavell, Sabrina and Steven Kittrell, Jimmy Don and Jonna Louise Moss, Linda and LouAnn Hadley, Mr. and Mrs. John R. Hadley, Mr. and Mrs. John Hill, Mrs. Truman Kittrell, Mrs. J. R. Hadley, Mrs. Eddie B. Smith and Mrs. James L. Moss.

**ANNOUNCE ENGAGEMENT:** Mr. and Mrs. Clayton Barker, 1910-49th St., Lubbock announce the engagement and approaching marriage of their niece, Kay Hadaway to John L. Herington, Aztec, son of Mr. and Mrs. Grady Herington, Farwell. Vows will be exchanged by the couple, at the Eastside Church of Christ in Lubbock, November 29, 6 p.m. Friends and relatives are invited to attend. Miss Hadaway is a graduate of Lubbock High School and is employed by Sunshine Biscuit Inc. in Lubbock. Her fiance is a graduate of Farwell High School, Lubbock Christian College, and Eastern New Mexico University. He is teaching journalism and senior English in Aztec.

## School Lunch Schedule AT FARWELL

**MONDAY:** macaroni and cheese, apple - celery - carrot salad, sweet peas, french fried potatoes, pears, milk, hot rolls, butter.

**TUESDAY:** roast beef with gravy, creamed potatoes, green beans, pineapple with sliced cheese, hot rolls, butter, milk.

**WEDNESDAY:** Irish stew, mixed greens, apple sauce, cornbread, butter, molasses and coconut cookies, milk.

**THURSDAY:** hamburger, onion, pickles, lettuce, tomato and cheese slices, apricot cobbler, milk.

**FRIDAY:** salmon patties, buttered corn, tomato-lettuce salad, spinach, hot rolls, butter, fruit jello, milk.

Mr. and Mrs. Cal Newton, Oklahoma City, have been visiting in the home of Mrs. Clytie Dial. Mmes. Newton and Dial are sisters.

Bill Moss went to Checotah, Okla. Sunday to be at the bedside of his sister, Mrs. Walter Williams.

## Delta Kappa Gamma Will Meet October 12 In Memphis

"Delta Kappa Gamma on the Move" will be the theme for the regional meeting of Delta Kappa Gamma Society, international organization of women teachers, at Memphis High School, Saturday, October 12.

Dr. Lola Beth Green, Lubbock, state chairman of scholarships committee, will direct the meeting in which eleven chapters, representing all Panhandle Counties will participate.

Registration will begin with a coffee at 9 a.m. and will be concluded with a luncheon at which Miss Mildred Hulsey,

Tulia, past first vice-president of Alpha State, will be speaker.

## Visits In Home Of Sister

Mrs. Ellen Dunn, Ponca City, Okla. arrived Friday for a visit in the home of her sister, Mrs. Tena Roth. She will visit here until the end of the present week when Mrs. Roth and her son, Bill will return the visitor to her home.

## Farwell 4-H Club Changes Meeting Place

Farwell 4-H Club met in regular session at the city hall Tuesday afternoon for a brief period. During the business meeting presided over by Katherine Gober, members voted to change the meeting place from the city hall, in Farwell, to Oklahoma Lane Community center with meeting time to be the second Tuesday in each month, immediately following the close of school in the afternoon.

Janis Billingsley called the roll and a demonstration was given by Katherine Gober assisted by Janis on "Peanut Butter and Carrot Sandwiches to be Packed in the Picnic Basket." After the demonstration had been completed each member prepared a sandwich.

Mrs. Cricket Taylor, HD Agent, gave a talk on "Foods Make a Difference." Mrs. Taylor stresses the fact that since November is enrollment month all new 4-H members, and those interested in becoming members are invited to the November meeting.

Attending the Tuesday meeting were: Tina Rundell, Cheryl Kaltwasser, Sheila Garner, Debra Garner, Sheree Rundell, and one new member, Delinda King. Adults attending were Mmes. Cricket Taylor, Leon Billingsley, and Johnnie Rundell.

**ANNOUNCE MARRIAGE OF DAUGHTER**--Mr. and Mrs. Delbert Martin, Texico announce the October 3, marriage of their daughter, Alice Faye to Robert Eugene Servatius, son of Mr. and Mrs. Robert Servatius, also of Texico. The couple was married in Clovis and are now making their home at 320 Center St., Tucumcari. Mrs. Servatius is a 1963 graduate of Texico High School. The groom also attended the Texico school and served in the US Navy for a period of time. He is currently employed in Tucumcari on a construction job.

## Companion Class Elects-Installs Officers

Companion Class of First Baptist Church, Texico met in the home of Mrs. Billy Boling in Farwell, Thursday evening to elect and install class officers.

Officers elected and installed were president, Mrs. Jim Pierce; vice-president, Mrs. Donald Haile; secretary, Mrs. Dee J. Brown; treasurer, Mrs. C. H. Webb; devotional chairman, Mrs. Eddie West; class mistress, Mrs. Bill Boling and reporter, Mrs. Truman Kittrell.

Officers were installed by Mrs. Tena Roth, class teacher who used as her theme "The Entrusted Letter". As her scripture she chose Matthew 28: 18-20. Each officer was given a challenge and presented

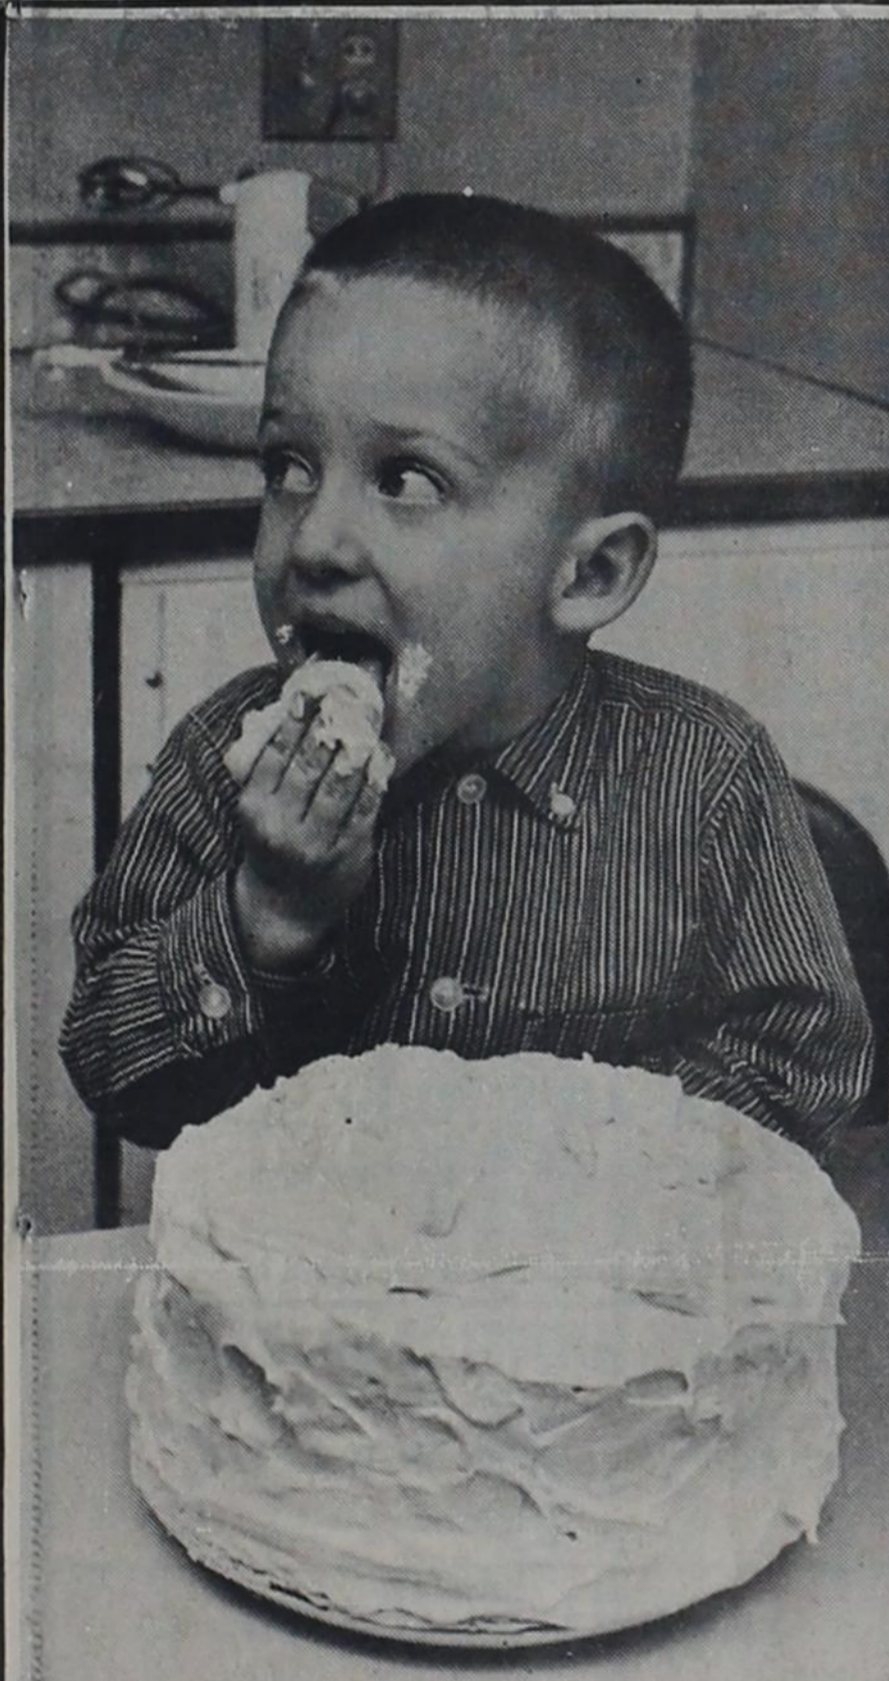

with a symbolic letter by Mrs. Roth.

No other business was transacted and after a social hour refreshments of cake and coffee or tea were served to: Mmes. Pierce, Brown, Webb, West, Kittrell, Leon London, Tena Roth and the hostess.

## Weekend Visitors In Potts Home

Weekend visitors in the home of Mr. and Mrs. Herb Potts were Mr. and Mrs. Bill Flowers and Shonda, Clayton and Mr. and Mrs. Larry Pike, Daryl and Jeffrey, Amarillo.

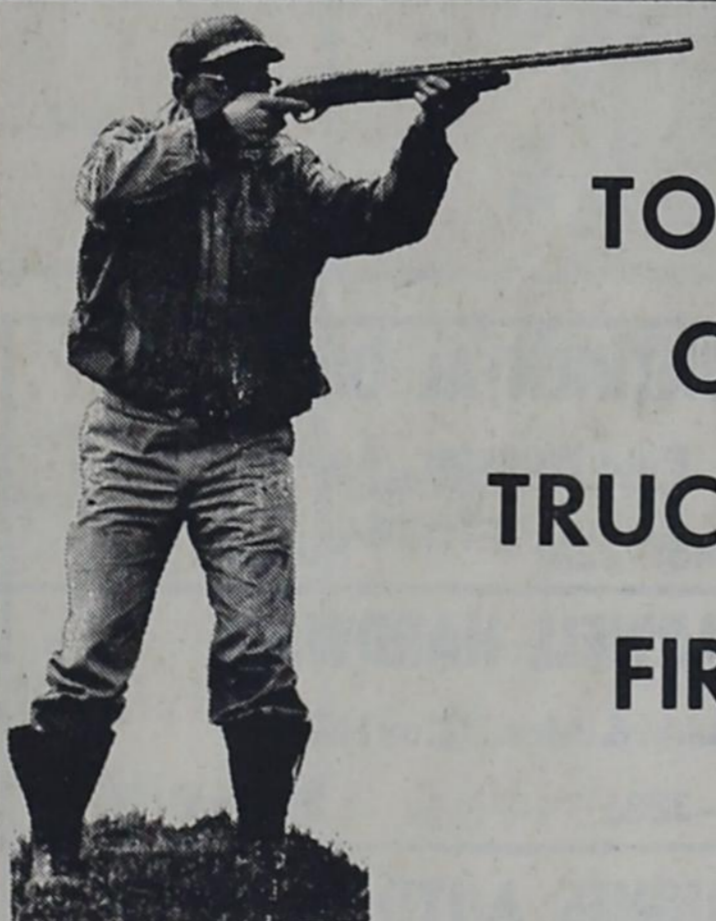

Mrs. Flowers and Mrs. Pike are daughters of Mr. and Mrs. Potts.

## Claudia O'Hair Is Bride Of Morris Reed

In a ceremony performed in Bovina First Baptist Church, Monday Sept. 30, Miss Claudia O'Hair, daughter of Mr. and Mrs. Fred O'Hair, Bovina became the bride of Morris Reed, son of Mr. and Mrs. Joe Reed, Farwell.

Rev. John Ferguson read the double ring ceremony. Susan Blair, Farwell, soloist, sang traditional wedding selections accompanied by Elaine Fuller at the piano.

Attending the bride as matron of honor was Mrs. Delbert Morris, a close friend. She wore a blue wool suit and carried a bouquet of white carnations.

Given in marriage by her father, the bride wore a street length suit of white wool. The chanel jacket featured wrist length sleeves and a rounded neck. She wore a white pill box hat to which a circlet veil of silk illusion was attached. She carried a colonial bouquet of white sweetheart roses intermingled with stephanotis.

Carrying out tradition for something old, the first wedding rings of the groom's parents were featured on the bridal bouquet, new was her wedding suit, borrowed was her hat and

MR. AND MRS. MORRIS REED

blue was the traditional garter. Attending the groom as best man was his brother, Joe Tom Reed. Serving as ushers were Harley Peoples, Farwell, and Delbert Morris, Bovina. Mrs. Doyle Wassom presided at the guest register. Mrs. O'Hair wore for her daughters wedding a blue suit

with white accessories and a white carnation corsage. Mrs. Reed chose a beige suit with matching accessories and also wore a white carnation corsage.

Immediately following the ceremony, the bride's parents hosted a reception in the fellowship hall of the church. Blue and white, chosen colors of the bride were carried out in table arrangements with the three tiered wedding cake decorated in the chosen colors. Mrs. Doyle Wassom and Susan Blair presided at the table.

Mrs. Reed is a graduate of Bovina High School and attended West Texas State University and Draughtons Business College in Amarillo.

The groom is a graduate of Farwell High School and attended East Texas State College in Commerce and is presently stationed in Virginia with the U. S. Army.

After a honeymoon trip to Big Bend National Park the couple will make their home in Ft. Belvoir, Va.

## Thorntons Celebrate Golden Anniversary

Mr. and Mrs. J. Roy Thornton were honored with an open house reception Sunday afternoon at their home 400 Ave. C, Farwell marking their Golden Wedding Anniversary.

Children of the couple with their respective husbands and wives are hosts and hostesses for the affair. They are Lt. Col. and Mrs. Julian Thornton, Colorado Springs; Mr. and Mrs. William Thornton, Dimmitt; Mr. and Mrs. Rondal Price, Amarillo and Mr. and Mrs. Wilfred Quickel, Farwell.

Guests were registered by Mrs. Quickel and Mrs. Price presided at the serving table. Individual white cakes iced in white, decorated with white wedding bells and gold leaves were served with punch, from a table laid with a gold and white cloth, centered with an arrangement of yellow roses, white mums and gold leaves. Mr. and Mrs. Robert O. Tomlinson, Mmes. Guy Cox, Albert Thomas, Bonnie Williams, Jennie Cox, Bob Hines, J. O. Ford, John J. Boling, B. N. Graham, Bonnie Warren and Alan M. A. Snider Sr., and Riley Boss.

until his retirement, at which time they moved into Farwell where they now make their home.

Mr. Thornton has served in the capacity of Justice of Peace in Farwell for a number of years.

The couple had five children, one of whom is deceased. They also have six grandchildren. Out of town guests registering were Messrs. and Mmes. Ed Donelson, Amarillo, E. E. Donelson, Carbon, Alvin Allen, Lubbock, I. W. Quickel, Bovina, Wilbur Charles, Bovina, Mmes. Sawyer Graham, Brownfield, E. A. Graham, Brownfield, Vivian Robinson, Clovis and John A. Graham, Lubbock.

Other guests were; Messrs. and Mmes. A. D. Smith, Claude White, W. J. Matthews, N. R. Harding, Hurschel Harding, Deborah and David, Lee Thompson, Dr. and Mrs. T. J. Glenn, Maude Graham and J. Roy Thornton were married in Eddy, October 6, 1913 and moved to a farm west of Texico in 1915. They lived in this location until 1924 when they moved to a farm south of Farwell. They continued to farm in this vicinity

**Pixie Dolls Made By Modern Homemakers**

Modern Homemakers Club, of Texico, met in the home of Mrs. Johnnie Green, Tuesday for an all day meeting. A sack lunch was served at the noon hour and Mrs. Green served rolls with coffee or pop during the morning session. A demonstration on making "Pixie Dolls" was presented by Mrs. John Hill. Next meet-

ing was set for October 24, in the home of Mrs. Roy Rickstrew. Gladys Hiromas will meet with club members and discuss "Buying Foundation Garments" at the next meeting.

Three visitors, Mrs. Elmer Landford and Mrs. Eric Pierce from the Pleasant Hill, and Mrs.

Morgan Billington attended the Tuesday meeting. Members in attendance were Meses. Joe Camp, Loren Wilson, Roy Rickstrew, Paul Skaggs, John Hill, Willie Hammond, W. E. Martin, C. H. Webb, Truman McKillip, Duane Herington, Eddie West and Elward Combs.

**LUTHERAN NEWS**

Regular Sunday worship at 8:30 a.m.

Sunday school and Bible classes 9:30 a.m. each Sunday.

Walthers League will meet at 7:30 p.m. Sunday at the parish hall with members of the Clovis Walthers League as guests.

Instruction classes for children are held at the Immanuel Lutheran Church in Clovis each Saturday, 10 a.m.

LWML met Thursday in the parish hall. Hostesses were Meses. Fred Ramm and Ernest Rahm. Mrs. Gilbert Kaltwasser brought the topic "How to Grow as Christians". Plans were made for the regular family night to be held at the parish hall Oct. 20, 6 p.m. Members of the Lutheran Congregation in Rhea will be guests at its time.

Attending the meeting were Meses. Otto Lingnau, C. Trimble, Adolph Haseloff, Henry Haseloff, Arthur Haseloff, G. P. Melssner, J. A. Kaltwasser, Walter Kaltwasser, Martin Kriegel, Ben Kube, Harold Norrod, Wilbert Kalbas, Ed Ramm, Gilbert Kaltwasser, Pastor Bergmann and the hostesses.

Mr. and Mrs. Alvin Kriegel have moved to Kress and will operate a grocery store at Center Plains. They will be missed and "We wish them God's Blessings in their new venture."

**Hands Are Used As Symbol By Installing Officer**

"Hands" was the symbol used by Mrs. Herbert Bergstrom, wife of the Clovis First Baptist Church Pastor, as she installed officers for the Oklahoma Lane, Farwell, West Camp and Bovina WMU's last Monday night in a ceremony at the Farwell First Baptist Church.

Carrying out the theme, the altar table was laid with an orchid net cloth and centered with a pair of porcelain hands filled with pastel flowers.

Mrs. Ralph Franse, outgoing president of the local WMU, welcomed guests and introduced the incoming local WMU president, Mrs. Roy Lovett who

brought the calendar of prayer. After the installation service a short social hour was enjoyed. Refreshments of orange sherbet and cookies were served from a table laid with a lace cloth and centered with an arrangement of fall flowers.

Attending were Meses. E. G. Williams, E. E. Hughes, True Bell, J. L. Bass, Ralph Franse, Otis Huggins, Joe McWilliams, Calvin Blain, Asa Smith, Clytie Dial, Sterlyn Billington, Bruce Blair, Joel Tankersley, Nell Stewart, Roy Lovett, Dora Johnson, Glenn Phipps, Roy Sheriff, L. T. Field, Frank Field, R. A. Quick, Addie Langham, Herbert Bergstrom, Sara Nell Bergstrom, R. T. Langston, Bernard Nelson and Ivan Tarr.

**To Attend Health Workshop In Clovis**

Mrs. Zelfa Younger, grade school principal, James Pierce, high school principal and Mrs. Margie Taylor, school nurse in Texico are making plans to attend a health workshop in Clovis, Thursday, Oct. 17.

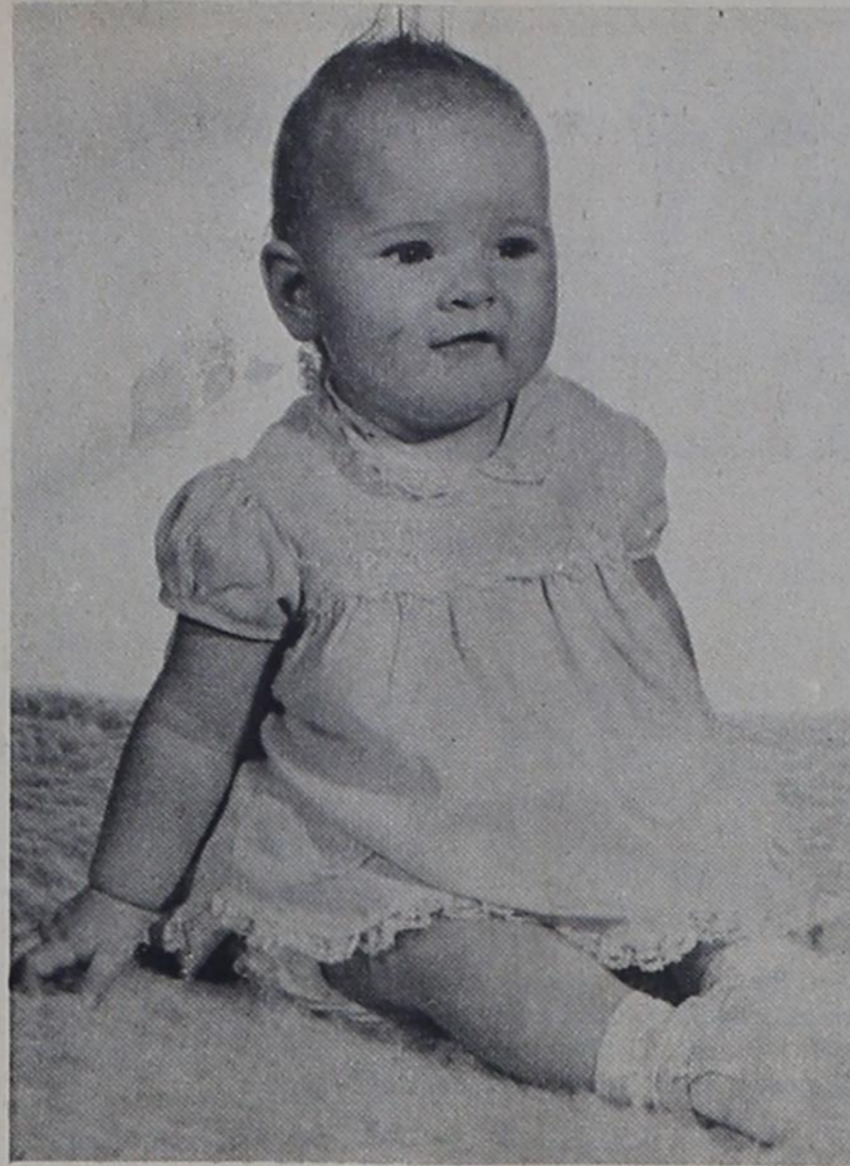

The meeting which will be held in the high school cafeteria will feature panel discussions on "Recommended Procedures and Policies,"

(Continued on page 6)

**Visit In Morgan Home**

Visiting in the home of Mrs. Cassie Morgan Saturday were Mr. and Mrs. George Storey, Amarillo, former Texico residents, Mr. and Mrs. Jimmie Morgan, Tucumcari, Mr. and Mrs. H. T. Richey and Mr. and Mrs. Perry Winkles and children all of Texico.

Mrs. Storey, who has been in poor health following an accident in which her legs were broken, is doing much better and is able to walk with the assistance of a cane.

**BIRTHDAY GIRL:** Teresa Annette Doolittle, daughter of Mr. and Mrs. Kenneth Doolittle will celebrate her first birthday Sunday, October 13. Helping her to celebrate the occasion will be her brother, Stephen, her parents, and grandparents, Mr. and Mrs. F. S. Thigpen and Mr. and Mrs. T. T. Doolittle all of Texico.

**PTA Plans Project Christmas Card**

"Project Christmas card" was approved as a project for Farwell PTA when the group met Tuesday evening, with the plan to be used for the second time to finance library books for the school.

All local residents are urged to donate money designated for Christmas cards and stamps sent locally, to the PTA, in the annual Christmas paper of

The Tribune, a giant Christmas card is printed bearing a greeting from all those participating in the project.

Work is to begin immediately on the project with deadline to coincide with the next PTA meeting scheduled about Dec. 1. Exact date has not been set.

Anyone wishing to contribute to the fund is asked to contact Mrs. Bob Anderson.

**TEL, Ruth, Gleaners, Friendship Classes Have Joint Installation**

Four adult classes, TEL, Ruth, Gleaners and Friendship classes, of Farwell First Baptist Church, held a joint installation service at the church Monday night.

Mrs. Winnie Dunn, Muleshoe was introduced by Mrs. John Porter and installed the officers of each class. She brought an inspiring and challenging message on "Trees". Class

officers were likened to the various parts of a tree in the class office which they will hold for the coming year.

Teachers of the classes are Mrs. E. G. Williams, Mrs. Mabel Reynolds, Clytie Dial and Mrs. Asa Smith.

The fellowship hall was decorated with fall leaves and flowers flowing from horns of plenty. Serving table was laid with a net cloth over gold and had fall leaves scattered over the table.

Presiding at the serving table were Mrs. Neil Stewart, Mrs. Asa Smith and Mrs. Clay Henson.

Mrs. Dunn was presented with

a gift of appreciation by members of the classes.

Attending were Meses. Winnie Dunn, Otis Huggins, Sterlyn Billington, O. C. Petree, Pansy Ross, Fairy Stovall, Raymond Martin, Doc Halle, Mabel Reynolds, Joe McWilliams, Bruce Blair, E. G. Williams, J. L. Bass and True Bell.

Also Meses. Nathan Harding, Calvin Blain, Fred Curtis, W. E. Rundell, Dora Johnson, Johnie Williams, Clyde Magness, Clay Henson, John Boling, Harrye Whiteley, Dwight Sheriff, Willie Hardage, Darel Coker, Carel Parker, Hugh Buchtel, R. T. Langston, Claude Coffey and Miss Maude Hicks.

**Texico Seniors Select Class Play**

The "Lost Horizon" a modern drama from a novel written by James Hilton has been selected by Texico seniors for their class play.

Scene for the play is in a Tibetan lamasary in the valley of Shangri-La. As the result of a plane crash, the group of people stranded in Shangri-La discover the secret of the place.

The play has much audience appeal in this atomic age.

Mrs. Mary Peyton is directing the play, which will be presented November 1.

Play cast includes: Myra-Kathleen Smith; Elizabeth-Wanda Eshleman; Wyland-Dwayne Billingsley; Rutherford-Billy Billington; Chang-Lloyd Harrison; Conway-Donald Chandler; Mallinson-Wayne Hudnall; Miss Brinklow-Callalya Roberts; Henry Barnard-Terry Niece; Lo Tsen-Jackie Hughes; Helen-Linda Campbell; The High Lama-Gary Farmer; Tashi-Susan Taylor; Al-Ling-Millie Autrey; Tibetan-Lonnie Curry.

Further details on the play will be announced at a later date.

**HOSPITAL NOTES**

Mrs. Katherine Lockhart, Farwell School nurse underwent surgery in Clovis Wednesday. No report on her condition was available at press time.

Mrs. J. R. Thornton, who was hospitalized in Friona early this week with food poisoning was released from the hospital Wednesday.

Barbara Raulie was dismissed from Clovis Memorial Hospital Wednesday. She has returned to work.

M. T. Glasscock, who has been confined to the hospital and his home, following a case of encephalitis, returned to Lubbock for a checkup Monday and the reports are that he is doing well. He is able to be out and visit with friends a little at this time.

**Band Boosters Make Plans For Year**

A large number of Farwell Band Boosters met in regular monthly session Wednesday, Oct. 2, in the band hall.

Plans were made for the club for the year. First on the agenda for discussion was the calendar sales, the deadline for which is October 10. Plans were also made to sell fruit cake prior to Thanksgiving.

Finally club members made plans to film the appearance of the band at WTSU in Canyon. Tommy Mayfield, band instructor, spoke to the group concerning his aims and goals for the band.

Next meeting for the club is November 6, 2:30 p.m. in the band hall. All persons interested in the band are urged to be present at this time.

**Mrs. White Speaks To Democrats**

Mrs. Ken White, New Mexico state Democratic committee-woman from Clovis, was guest speaker at a regular meeting of Farmer County Young Democrats Tuesday night at Hub Community Center.

Mrs. White was high in her praise for the Kennedy administration and condemned the John Birch Society in encouraging her audience to work in support of the Democratic party and its candidates.

Frank Spring, a student at University of Texas, was elected representative of the Farmer County Club to the state executive committee.

Leon Smith Jr., vice president of the organization which was formed only last month, presided in the absence of Clayton Graef, president. Smith introduced Mrs. White.

Club members voted to rotate monthly meetings of the club in various county communities in order to encourage membership. The November meeting, however, will be at Hub. Meeting date is November 12. Time is 8 p.m.

The organization is open to all Democrats between the ages of 16 through 35. Annual dues are \$2.50 per member.

## National School Lunch Week To Be Observed

The week October 13-19 has been proclaimed by President Kennedy and New Mexico Governor Jack Campbell, as National School Lunch week. In observance of this special time the Texico school plans to follow as closely as possible the suggested menus for the week.

In communities, towns and cities across the nation, children are getting well balanced lunches in school cafeterias daily. The noon meal served at school provides wholesome low-cost nourishment (1/3 to 1/2 of the daily needs). Lunches are planned according to a basic type of pattern, including a protein-rich food, fruits and vegetables, bread, butter and milk.

Some 97,960 children in the state of New Mexico alone participate in the program daily.

Texico has an average of 244 children who eat daily.

Menus for the week are:

Monday: barbecued beef on bun, buttered green beans, cabbage, green pepper salad, milk, chocolate pudding and plain cookie.

Tuesday: beef stew (mixed vegetables, pineapple grated cheese salad, biscuit, butter, milk, blackberry cobbler.

Wednesday: corny dogs, bonanza beans, spoon salad, cornbread, butter, diced pears and coconut cake.

Thursday: oven fried chicken, mashed potatoes, cherry fruit jello on lettuce, celery sticks, milk, hot rolls, butter, peanut butter brownie (top of stove cookie).

Friday: enchilados, buttered corn, green pepper rings, fruit cup, milk, cinnamon rolls.

PTA DIGNITARIES: Attending the District PTA Meeting in Texico Wednesday were this group of state and district officers; left to right, State President, Mrs. Charles Stone, Roswell; president elect-legislation chairman, Mrs. Forrest Sackett, Santa Fe; district four director, Mrs. Carl Strange, Portales; program chairman, Mrs. W. J. Sturgeon, Santa Fe; membership chairman, Mrs. L. A. Wiegman, Roswell. Some 40 persons were in attendance at the meeting.

## Officers Elected For County HD Council

In a meeting of the Parmer County HD Council held in Friona Monday officers for the 1964 club year were elected.

Mrs. J. D. Sander of Farwell, present chairman of the group presided over the session. Cricket B. Taylor, Parmer County HD Agent, spoke to the assembly and outlined some of the club work for this year.

Mrs. Sander outlined some of the more important things accomplished by the council this year naming the heart machine which was provided by the council for use at the Friona Polio Clinic and the district I meeting of the Texas Home Demonstration Clubs in Friona in May as two of the highlights during 1963.

Officers elected during the morning session were county council chairman, Mrs. Ralph Price, Black; vice-chairman, Mrs. Jack Shirley, Hub; secretary, Mrs. Henry Haseloff, Oklahoma Lane; and treasurer, Mrs. H. R. Cocanougher from the Northside club.

A salad luncheon was served at the noon hour and reports were heard from three delegates who attended the Texas HD Associational meeting in San Antonio this summer. They were Mrs. Mmes. Ralph Price, Walter Kaltwasser and Gene Welch told of attending workshops on citizenship, health and safety, civil defense, recreation, and family life education.

They also told of hearing the wife of Vice-president, Lyndon B. Johnson, speak and of meeting Lady Bird Johnson. To them this was one of the highlights of the meeting which was attended by approximately 1000 women from over the state.

Girls from the Friona High School Chorus entertained the group during the day with several musical selections.

Funeral services were conducted Sunday in Andrews for Jack Newman, brother-in-law of Mrs. Clytie Dial. Mr. Newman, who had visited here on several occasions, was well known locally, passed away Friday, following a short illness.

Mrs. Dial accompanied by her children, Benjy Dial, Portales, Mr. and Mrs. Ronnie Dial, Albuquerque, and Mr. and Mrs. A. C. Hennaman, Amarillo was in Andrews for the services. Mr. and Mrs. Sam Shelley and Mr. and Mrs. Cal Newton also attended the services.

## Brother-In-Law of Mrs. Dial Passes Away

Funeral services were conducted Sunday in Andrews for Jack Newman, brother-in-law of Mrs. Clytie Dial. Mr. Newman, who had visited here on several occasions, was well known locally, passed away Friday, following a short illness.

Mrs. Dial accompanied by her children, Benjy Dial, Portales, Mr. and Mrs. Ronnie Dial, Albuquerque, and Mr. and Mrs. A. C. Hennaman, Amarillo was in Andrews for the services. Mr. and Mrs. Sam Shelley and Mr. and Mrs. Cal Newton also attended the services.

## Hamilton Re-elected Bureau President

Directors were elected, and a set of resolutions to the state Farm Bureau convention were adopted at the 15th annual meeting of the Parmer County Farm Bureau in Friona Monday night.

One new director was elected. Don Gerles will replace Vernon Symcox in the Farwell area. Harry Hamilton was re-elected county president.

Other directors elected were Frank Hinkson (Lazbuddie area), James Norton (North Bovina area) and Charles Hough (South Friona area). Directors with a year left to serve are J. T. Jones, Bovina; Jim Dixon, North Friona; Grady King, Lazbuddie, John Armstrong, Farwell and John Henderson, Black.

A Rhea community director will be elected at the local meeting there.

The following resolutions were passed by the convention, for recommendation to Texas Farm Bureau:

NATIONAL ISSUES TAXES-- 1. Be it resolved that PCFB opposes any tax reduction proposal, such as HR

8363, which would reduce taxes while increased deficits are contemplated. Tax reduction should be accompanied by a reduction in federal spending.

GRAZING VOLUNTARILY LAID OUT LAND-- 2. Be it resolved that PCFB opposes the practice of allowing grazing of lands previously in the soil reserve, but which still draw payment on the basis of voluntary reduction of basic crop acreage.

SEDIMENTATION FACTOR IN WHEAT GRADING-- 3. Be it resolved that PCFB favors elimination of the sedimentation factor in the grading of wheat.

COTTON PROGRAM-- 4. Be it resolved that PCFB urges support of the Ellender cotton bill, and opposes alternate plans presently proposed.

LIMITING CONSECUTIVE TERMS FOR ELECTED PERSONS-- 5. Be it resolved that PCFB favors legislation on the national level limiting elective offices on all levels to two consecutive terms. This proposal would seek to give each elected official equal opportunity to

## Texico Girls To Host Tournament

Texico school will host the Curry County girls softball tournament this weekend, Oct. 11-12. All games will be played at the softball park south of the Santa Fe depot in Texico.

First game is scheduled for 2:30 p.m. Friday between the Texico Junior High School girls and the Grady Junior High School girls. Last game of the afternoon will feature the high school teams from Texico and Grady.

Play will continue Saturday morning at 10 a.m.

The Texico junior high school girls are the only softball team in the school which remains undefeated. Their season record stands at three wins and no losses. They have taken two games from Grady and one from Melrose this season.

Teams entered in the tournament are Dora, Texico, House, Grady, Logan and Melrose.

The junior high team took a 23-11 win from Grady in play Tuesday while their sister team lost to the Grady high school lasses 15-1.

## Farwell High School Band Receives Praise

Tommy Mayfield, band director in the Farwell Schools offered a word of praise for his hard working band students this week by saying "The High School band is fast coming into its own in marching and playing ability, as is demonstrated each Friday night at football game halftime."

He adds that since he is working with large numbers of inexperienced band members he is

finding that they as a group are improving and learning faster than any other group he has worked with previously.

Long hours of work go into band, says Mayfield as each high school player is putting in many hours of work daily by playing after school in individual lessons.

Also included in the Farwell band program is a 30 piece intermediate band and 25 beginners at the fifth grade level.

The high school band was in Lubbock Sept. 23 to participate in the South Plains Fair Parade. They received a third place in total judges points in marching, rating above seven other bands in Class A.

The bank hopes to reach its peak in marching performance by October 22, when the regional interscholastic league marching and twirling contest will be held in Canyon.

## Class To Attend Tech J-Day

Mrs. Lillian Allman, journalism instructor in the Texico school, will accompany a group of the journalism students from that school to Lubbock Saturday, where they will attend J-Day on the campus of Texas Tech.

The school's paper "Wolverine Tale" and the school annual will be entered in competition with school papers and yearbooks from over the area. In former years Texico has brought home several honors from the meeting.

Students attending are invited to attend a banquet and also the Tech football game Saturday night.

Envious Guest: "Look here, waiter! I've got a complaint. That fat guy over there got a steak twice as big as mine. Where's the manager?"

Wise Waiter: "Sitting right at that table, sir. That fat guy is the manager."

## Hoblitzelle Award Search In Progress

A pair of fortunate, hard working Texas farmers or ranchers engaged in unselfish tasks will find themselves next spring amid some unexpected glory reaping a bountiful harvest of green.

The two will receive the 1964 Hoblitzelle Awards for the Advancement of Texas Rural Life -- honors that will be conferred upon them during Texas Research Foundation's Awards Dinner at Renner on Wednesday, May 20.

"Search for the two men is underway through a team of statewide committees," Dr. C. L. Lundell, Director of the Foundation, said this week. "One recipient will be a junior farmer or rancher who is 35 years of age or younger. The other will be a senior who has passed his thirty-sixth birthday."

"One recipient will be a junior farmer or rancher who is 35 years of age or younger. The other will be a senior who has passed his thirty-sixth birthday."

day."  
Next May each will be presented an award of \$5,000 in cash, a gold medal and a scroll in recognition of his outstanding contribution to the improvement of rural life. The four year period of service covered by the awards is from July 1, 1959 through July 1, 1963.

Eligibility for nomination for the 1964 Hoblitzelle Awards is open to any farmer or ranchman, Dr. Lundell continued. Any organization, business, institution or person may make nominations to the proper committee. The actual plan of land improvement used by a candidate on his own land will receive prime consideration, the Director added.

"The 1964 awards change a precedent set several years ago when the rural life awards were presented only every two years," Dr. Lundell said. "Keen statewide interest in the 1963 awards prompted the decision to make them again in 1964."

There are five state regional committees -- one in each of the five areas of the State Association of Soil Conservation Districts. Nominations may be made to any member of the regional committee in the area where the candidate lives.

Members of each regional committee are the Area Vice President of the State Association of Soil Conservation Districts, a resident official of the Young Farmers of America, an Area Supervisor of Vocational Agriculture, a District Agent of the Texas Agricultural Extension Service, an Area Conservationist of the Soil Conservation Service and an outstanding banker.

All nominations for the honors must be submitted to the proper committee by December 1, 1963.

The awards are donated by the Hoblitzelle Foundation of Dallas and presented at Renner by the Karl Hoblitzelle Agricultural Laboratory of Texas Research Foundation, administrator of the awards.

The Hoblitzelle Foundation was established in 1944 by Karl St. John Hoblitzelle, Dallas philanthropist, who has been active for half a century in civic, educational, cultural, patriotic and charitable movements.

Winners of the 1963 awards were Bill Lane, Comanche County dairy-livestock farmer

of Gustine, and Richard McAadoo Riley, Travis County dairyman of Del Valle, junior and senior respectively.

NEWS FROM THE

**FARM BUREAU**

BY RAYMOND EULER

Farmers and ranchers do not need to feel inferior politically or otherwise when they look at their contribution to the economy in which they live and participate. The fact that they are a minority group should not make them feel that "There's no use in joining an organization or participating in policy development activities." Here is a

break-down of moneys spent by farmers and ranchers in Texas each year: \$449 million for hired labor and machinery hire; \$389 million for seed, feed, plants, fertilizer and lime; \$310 million for livestock bought and livestock expenses; \$301 million for machinery purchased, repairs, maintenance; \$119

million for petroleum products; \$67 million for construction materials; \$57 million for miscellaneous crop expenses; \$147 million for all other expenses including interest and insurance. The grand total is \$1 billion, 148 million. Merchants, city congressmen, etc. take note. (And they do).

Bill Wedemeyer, Texas Farm Bureau Research and Education Director, questions the advisability of selling wheat to Russia with facts and figures: The amount of the 1963 wheat crop

More grain storage is being built every year to handle the ever-increasing Farmer County production of wheat and grain sorghums and especially the latter. Here a workman is completing installation of an electric motor on an auger high above the ground near the just-completed West Friona Grain company.

placed in the loan program by wheat producers through August 31 amounts to only 79% of the amount placed in the program on the same date a year ago. Also, according to the USDA's Grain Market News publication of Sept. 20, 1963: "Hard winter wheat advanced 4-5¢ a bushel reflecting light receipts and improved demand. Red wheat gained 8¢ with a strong demand for light offerings. Spring wheat went up 5¢ per bushel in Minneapolis as county selling continued light and both exports and domestic demand was good.

Durum wheat climbed 9 to 10¢ largely due to light offerings. White wheat closed six cents higher in the Pacific northwest as export demands became active and farm marketings continue to lag." Wedemeyer also shows that if the poll tax is eliminated \$2,239,189 would be eliminated from the state school

fund; \$1,119,594 would be eliminated from the state general revenue fund. Remaining would be the 25¢ fee which provides \$559,797 local funds for collection of the tax.  
CONSIDER THIS: Let a bear robbed of her whelps meet a man, rather than a fool in his folly. Proverbs 17:12.

Gifford-Hill Western workmen were busy late this week unloading steel beams which will be used in construction of the new office building being erected at the new plant site in east Farwell.

# GIFFORD-HILL WESTERN EXPANDS PARMER PLANT

Gifford-Hill Western, which began operation in the Farwell area in July 1955, is at the present time in the midst of an expansion program which when completed will house some of the most modern offices, shops and manufacturing plants in the entire Gifford-Hill Western Co. The present plant in Farwell was built during the period July 1955 through October of the same year. At that time the plant was adequate to take care of the irrigation pipe needs of the surrounding area; however with the expansion of the irrigation program in this and surrounding counties the facilities became inadequate to supply the demand for the concrete pipe which the company manufactures and installs.

The facilities under construction (to cost an estimated \$200,000) will include office space for the manager, a bookkeeper-receptionist, dispatcher, office clerk and an inventory clerk; the plant which will be equipped to manufacture not only the old mortar type concrete pipe but also the newer lock-seal pipe, that which fits together and is sealed with a rubber gasket, and a shop where fabrication work and maintenance of equipment will

be done. Site of the construction now underway is a tract of land covering 24.2 acres lying east of the present Gifford-Hill facilities. When completed the operation will be able to handle all irrigation needs of the area in the foreseeable future says, Buck Clarke, manager of the Farwell operation. \* \* \* \* \*

The Lazbuddie folks held their community fair this past Monday and I don't believe I have ever seen a better group of exhibits. I certainly think the Lazbuddie people are to be congratulated for the way they work together and especially the way they help their young people. This year we have a good bit of grain sorghum where the kernels failed to develop complete-

ly, and to date we have not been able to completely distinguish the exact trouble. Our plant Pathologist suspected nematodes, so several soil samples have shown nematode numbers to run between 100 and 500 to the pint. These stunt nematodes can be a severe pest of sorghum. It seems that sorghum fields all over west Texas have had this trouble and to date no single cause can be found for the failure of the kernels to fill properly. It appears that anything which may affect the development of the root can later affect the head through failure to supply adequate nutrients and moisture to the plants. 2, 4-D could cause some of this trouble, by causing roots to be injured. In some cases improper fertilization and irrigation could be the trouble. There are many things that could cause abnormal kernel development and I certainly think that we should rotate our crops as much as possible. With the farm programs we have now, everybody should be able to rotate most of their crops.

operations in Farwell in July 1955 with a crew of three men, a manager, salesman, and dispatcher, located in a small office on highway 70-84 in east Farwell. All pipe sold from that location was hauled in and installed by crews contracted from either the Lubbock or Plainview plants. In October 1955 when the Farwell plant was completed the operation was enlarged to include 25 men, who manufactured the pipe and installed it in this area. The operation has expanded until at this time three salesmen are employed to cover most of a five-county area and additional offices are maintained in

Hereford, Muleshoe and Portales. Other key men in the operation are a plant foreman, two foremen of the installation crews and a dozer operator, with plans calling for a second with the completion of the new plant, in addition to the office personnel. At the present time a crew of approximately 55 men is employed during the slack season with an additional 30 men employed during the busy season, November through May. Other Gifford-Hill Western Co. plants are located in Plainview and Lubbock in Texas and in Roswell. Main office for the company is in Lubbock. The Gifford-Hill company has

plants which cover a five-state area, including Kansas, Texas, New Mexico, Nebraska and Colorado which manufacture other types of pipe and construction needs.

Raw milk can be produced with a bacteria count of under 10,000 per cc with average conditions on Texas dairy farms. And with a little extra care in washing, cleaning and sanitizing equipment it can be reduced to less than 3,000. Milk temperature, the health of the cows, milking equipment, udders and teats, and the milking parlor should be checked when unusually high bacteria counts persist.

Horse mounted patrols were employed by U. S. Marines in Santo Domingo and later in Nicaragua.

## Weight-Recording Equipment New Stockyards Law

Mechanical weight-recording equipment will be required on all scales owned by stockyard owners, livestock dealers, market agencies, and meat packers subject to the Packers and Stockyards Act, says the U.S. Department of Agriculture. The requirement is contained in an amendment to the Act effective September 30, the Department says. The amendment says that all livestock scales owned by P&S Act registrants, stockyard owners and packers must be equipped by January 1 of 1965, with a type-registering weighbeam, a dial and mechanical ticket-printer, or a similar device which mechanically prints or stamps the weight and values on scale tickets.

A good swine management program should include a boar lot of about one-fourth acre in size, with shade, water and a feeding area.

## Soil Testing Labs Being Kept Busy

The three soil testing laboratories operated by the Texas Agricultural Extension Service at College Station, Seymour and Lubbock tested 1,997 soil samples during July and August. The Service reported that the number was about normal for this season, but noted a sharp increase for August. This increase was attributed to the preparation of farmers for small grain planting and the fertilization of winter pastures. The four top counties in numbers of samples submitted for testing were Baylor with 254; Travis, 213; Throckmorton, 80; and Harris with 79. Six other counties submitted 50 or more samples and in order of numbers were Montgomery, Washington, Archer, Kaufman, Milam and Young. In addition, 9 samples were received from New Mexico, 8 from Oklahoma and 6 from Nevada. A new service, water testing by the laboratory at Texas A&M University, has been offered since September 1, 1962. A total of 471 water

samples were analyzed by the lab during the 12-month period ending August 31. Water analysis at the lab is made only on water used for plant growth or livestock consumption. Water to be analyzed for human consumption should be submitted to the Public Health Service in Austin, the lab technicians pointed out. In connection with the submitting of water samples, the technicians said that samples should be sent to the lab in plastic containers. The containers should be rinsed with the water to be analyzed at least three times before being filled to prevent contamination. The samples should be well packaged for mailing. Several samples have been broken in transit during the past year because of careless packing. The counties submitting the most water samples were Tom Green, Childress, Fisher, Nueces, Kent, Frio and Scurry. In addition to the samples analyzed for Texas, 15 samples were received from California.

# At Home In Parmer County

By CRICKET B. TAYLOR  
County HD Agent

How is your breakfast I.Q.? These cool fall mornings calls for a good breakfast, with so many activities planned for the day. A good breakfast is one that is attractive, tastes good, gives you energy and furnishes material for building the body. It will supply one-fourth to one third of your daily food requirements. One cannot feel perky on an empty stomach. At breakfast it has been 12 or more hours since the body has had food and your body needs fuel to start the day feeling full of vim and vigor. Actually food is the most urgent need of your life and the most important influence on life.

There is a breakfast pattern to meet each person's need. A teenage girl does not need as heavy a breakfast as a teenage boy or his father. The office worker who sits at a desk does not need as heavy a breakfast as the very active homemaker, but all need breakfast. Breakfast is one of the quickest meals to prepare if planned ahead.

**I Get 5% Dividends On My Money At.....**  
**FIDELITY SAVINGS & LOAN**  
416 Mitchell St. PO 2-2917  
Clovis, N. Mex.

A good breakfast includes a fruit or fruit juice which acts as an appetizer early in the morning and this is easy to prepare. This is the time to get that very important vitamin C or ascorbic acid which is needed daily for good health. Research Nutritionists tell us that Vitamin C is necessary to the healthy growth and maintenance of bones, teeth, tissues and blood. You need a daily supply because you can store only small amounts. It is true to say that Vitamin C actually holds your body together. This Vitamin (found in greatest amounts in citrus fruits and cantaloupes) is vital to the material which holds the billions of body cells together like cement holds bricks.

Milk is a part of every good breakfast for children, teenagers and adults. Over cereal, to drink or in other beverages - its high in calcium needed for bones and teeth and a rich source of protein.

Eggs are a good source of protein, vitamins and minerals. Research has proven that a breakfast including high quality protein such as egg, milk or meat is more satisfying and prevents fatigue longer than breakfast without animal protein.

Bread and cereals are a part of a good breakfast. Nothing is better to serve with ham and eggs on a cold frosty morning

than a good hot biscuit. Some women tell me that they don't always have time to prepare hot biscuits and too, with only two in the family preparing such a small amount seems impractical. Here is a good way to overcome this problem. Try Whiz Biscuits. (Brown & Serve)

**WHIZ BISCUITS**  
12 cups all-purpose flour  
6 T. Baking powder  
3 1/2 to 5 1/2 C. milk  
2 T. salt  
1 1/2 cup shortening  
Sift dry ingredients together into large bowl, putting salt and baking powder into first sifter load. Cut in shortening with pastry blender until evenly blended. Gradually stir in milk, enough to make a very soft sticky dough which pulls away from sides of bowl easily. Turn into floured board or canvas. Knead lightly until smooth enough to roll. This takes 40 to 50 strokes. Divide into 3 parts for easier rolling. Roll or pat 1/4 to 1/2 inch thick. Cut into biscuit shapes, various sizes for various uses.

Bake on ungreased sheets in very hot (450) degrees oven until faint flecks of brown shows on top, 6 or 7 minutes.

Remove to wire racks to cool. Store in plastic bags in the refrigerator or freezer. (Those you plan to serve right away, bake 12 to 15 minutes, to a golden brown.)

To finish baking the partly-baked biscuits which have been stored: Place in 450 degree oven 5 to 7 minutes, or until nicely browned.

Note: Biscuits rolled 1/4" thick bake just right for the various uses we suggest, including those you serve piping hot with butter.

Many products have been used to control pests on agricultural crops. Lime-sulphur, compounds of arsenic, lead, mercury and copper, coal tar products, soap, petroleum products, and plant extracts such as pyrethrins, rotenone, and nicotine are among them.

Small children are often injured while riding on farm machinery. They are also hurt in driveways and work areas and should be kept away from these areas unless properly supervised.

# Texans Lose Thousands Of Dollars To Termites

Few insect pests are more discouraging or annoying to a homeowner than hungry termites, says John G. Thomas, entomologist with the Texas Agricultural Extension Service. Texans lose thousands of dol-

lars each year satisfying the enormous appetite of this tiny wood-chewing pest, he says. Nothing short of financial or natural disaster is more damaging to the homes of Texans in some areas.

trolling termites is to read the label carefully and follow its instructions to the letter, warns Thomas.

Dr. Austin Smith, President of the Pharmaceutical Manufacturers Association, writes in West Coast Druggist: "Last year 50,000 substances were screened for anti-cancer activity, and about 175 were in clinical use. Progress against Hodgkin's disease and leukemia was made. Hormonal treatment in heart disease showed promise. Immunization against tuberculosis seemed possible. Oral polio vaccine became available, and a measles vaccine was in final testing. There were new developments in a dozen other areas, including multiple sclerosis, mental illness, infertility, and even the common cold. If the drug companies are proud of the road they have traveled, and determined to remind the public how much has been done through private initiative, they are equally determined to continue going in the same direction, and at a faster rate."

## Houseflies Produce Attractant

Science has moved a step closer to biological control of houseflies with the discovery that female flies produce a chemical substance that attracts male flies, says the U.S. Department of Agriculture.

Entomologists have found that the substance is highly specific in its attraction, not attracting female houseflies or flies of other species. The Department says that though more work is needed before the attractant is practical, it could be a preliminary step in developing new ways to control this insect pest.

The substance may be used to lure male flies into traps, to poison baits, or to a chemical sterilant. A prime advantage of attractants is that any chemicals combined with them do not come in contact with people, crops, livestock, fish or wildlife, the USDA explains. Scientists of the USDA tested the attractant with the use of a device which did not allow the male flies to see the females. Female flies were also frozen so that they made no sound and placed in the device and the male flies once again were attracted to them. From these tests researchers conclude that the smell emitted by the females was the attracting force.

Future work on the project will attempt to isolate, and chemically identify the substance and learn where it is produced in the female fly's body. By the use of such attractants USDA scientists hope to be able to develop insect control methods that are specific in their action and thus lessen the danger to beneficial forms of life.

Prevention is the best way to avoid trouble from termites he emphasizes. Provide good drainage, ventilation and floor clearance under houses not of slab construction. Remove wood, paper and cloth waste from around the house. Haul off excess piles of dirt and in short, remove the places where termites might live, he says.

Before the home is completed, effective control of termites can be assured by treating the soil under it with a recommended insecticide for the purpose. By working the chemical into the soil where control of the pest can be expected for at least five years, says Thomas.

For the house already infested, several insecticides are recommended. Five percent DDT and two percent chlordane are the two most common materials, but dieldrin, lindane, and sodium arsenite are also effective, says the entomologist. Injecting a .5 per cent gamma isomer of BHC in fuel oil into the tunnels of the termites is also effective, says Thomas.

A precaution on the use of any of these chemicals for con-

## Freeman Schedules 13 Rural Report Meetings

Secretary of Agriculture Orville L. Freeman will begin Sunday, September 8, a series of 13 "Report and Review" meetings with farmers and other citizens in rural America in nearly every section of the country during the next two months.

"I intend to get out and talk with dirt farmers throughout the country. I want to listen to what farmers are saying and thinking, and to find out what individual attitudes are toward the

way programs are being administered, toward farm legislation, and toward the Department of Agriculture," Freeman said.

Here in Washington, the grass roots thinking from rural America is being drowned in a babble of voices. Farm organizations disagree as to what the farmer is saying as well as the kind of program — or absence of program — he wants. The Congress is sharply divided on legislation, and has been for years. Newspapers and magazines claim they know what the farmer is thinking and what is good for him, but you can get almost as many different opinions as there are magazines and newspapers.

"As a result, we are hearing more today from those who say they know what the farmer wants than we are from the farmer himself. Since I have been in public life, I have learned the best way to find the most practical program is to go to the

people directly. Personally, I look forward to these meetings with great pleasure and expectation.

"And I hope that as I listen to farmers, other people also will listen to what the farmer on the land is thinking and saying. The farmers of this Nation — who feed us better and cheaper in proportion to our income than in any Nation today or in history — have earned the sympathetic attention of the American people.

"We are moving through a period of profound and irreversible change in American history, not only in the city and factory, but in the towns and on the farms as well.

These changes flow from the same root cause — automation and mechanization, products of an age of science and technology — but the meaning and impact of these changes on the farmer are even less well understood than the changes in

the industrial segment of our society.

"Few Americans understand the dilemma of a farmer who wants to use all his land efficiently and to produce food to his maximum ability — and yet who knows that if he does, he will produce more than can be sold at a fair profit. Yet this dilemma is being distorted, for the farmer is far too often pictured not in relation to the economic crisis he faces, but rather as a man who wants to be subsidized and pampered. The farmer wants to resolve his dilemma — and he wants to do this even more strongly than do those who enjoy the benefits of our super-efficient agriculture."

The Secretary said the meetings are being arranged in small communities in 11 States selected geographically to reach nearly every major agricultural area in the Nation.

# SUBMERSIBLE PUMPS

Left to right are Eulis Waggoner of Dimmitt and O. D. Scheller, owner and operator of O. D.'s Pump and Machine Shop of Earth. The water is 350 feet down and being pumped up by this 40 horse power motor.

Since the U.S. Submersible Pump operates entirely *in the well*, it has many advantages over the standard shaft-type deepwell turbine pump. The submersible pump can be lowered to any depth desired where it will furnish years of efficient, automatic, trouble-free service without adjustment during or after installation. Because there is no power-drive shaft, no shaft alignment is required nor are costly replacements of bearings and shaft ever necessary. Submersible pumps are especially adaptable to crooked wells and to situations where surface space is too limited to permit building a pump house. Being *in the well* U.S. Submersible Pumps are unaffected by floods or atmospheric conditions; positively cannot contaminate water and are safe from vandalism.

This submersible pump is being installed by Francis Kelley, left, and Weldon Scheller, right. This three stage pump will pump 600 gallons of water per minute from a depth of 350 feet.

### NEW PLUS-FEATURES are now available!

- ★ Vitri-glass, porcelain-lined water passages to resist corrosion and sand damage
- ★ Long bronze bearings on each side of each impeller
- ★ Extra-heavy, all stainless steel shaft to prevent vibration and give long life
- ★ High operating efficiency to keep power costs at a minimum
- ★ Hand-finished bronze impellers; balanced for smooth operation
- ★ Heavy cast iron bowls; performance-proved for years on shaft-type pumps
