sonnel. Deborah and Coy were Council Delegates to the camp. During the week they met with other delegates in District I to help plan various upcoming 4-H activities.

Farmer County was responsible for the entertainment one night, which involved all three youngsters.

## More Farmers Receive Farm Program Payments

Approximately 25 per cent of the farmers of Farmer County have received payments for participating in the 1970 wheat, feed grain or cotton programs, according to John Agee, vice-chairman of the County ASC Committee.

Payments will continue to be made as rapidly as farmers continue to certify program compliance, and as fast as records can be processed through computers at the data processing center in New Orleans and checks returned to the county ASCS office for distribution, Agee said.

"The bulk of payments should be made by late August if farmers who signed up complete the necessary certification in-

dicating that they have complied with all of the program provisions," Agee stated. This is earlier than payments have been made in previous years. Agee pointed out that these payments to farmers have an impact on the entire community because most of the money remains in the local area where farmers pay for the things they need to buy. Participation by producers in farm programs helps even out the year-by-year flow of farm products to market, which also helps stabilize food and fiber prices, a benefit to consumers, he said.

"Farmers earn payments by diverting part of their cropland to conservation uses," Agee explained. "This helps keep a balance between supply and demand for food and fiber, preserves the excess acres for future use when they are needed, and provides an orderly supply of farm products to consumers." The farm programs in which they participate help achieve a balance between commodity supply and demand. They also help producers work together to curb excess production and strengthen markets.

Agee said success of the early-payment plan has hinged on close cooperation by farmers, and results have been gratifying. Virtually all Farmer County participants are accurately certifying their compliance with farm program requirements as soon as they can.

1970-Crop Wheat Marketing Certificate Value to be \$1.57 Per Bushel.

Domestic marketing certificates for eligible 1970-crop wheat will be worth \$1.57 per bushel, 5 cents per bushel more than for the 1969-crop certificate value. The certificates are based on wheat parity price as of July 1, 1970.

The certificate values based on the difference between July 1, 1970, wheat parity price of \$2.82 per bushel and the 1970-crop national average loan rate of \$1.25 per bushel. Certificate payments to farmers are based on projected production on 48 per cent of 1970 wheat acreage allotment. For 1969-crop wheat, certificates worth \$1.52 per bushel were issued on 43 per cent of the projected production of the allotted acres.

## Border Town Days --

# Celebration Plans Near Completion

Final plans are nearing completion for the fourth annual Border Town Days celebration which is slated to be kicked off in the Twin Cities Thursday, July 30, with a gigantic parade in downtown Texico-Farwell.

Fred Chandler will again act as parade marshal. He states that all persons who are going to participate in the parade should be gathered west of the Burger-Barn Drive in Texico no later than 3 p.m. on Thursday. Several area riding clubs are expected to participate in the parade and all business firms in Texico-Farwell and the surrounding area are also invited to enter floats in the parade. In addition, civic and religious groups are also asked to participate in the parade. Prizes for the most outstanding float in each division will be presented by the Chamber of Commerce.

The parade will start at the Burger-Barn in Texico and move east through Texico-Farwell disbanding at the Farwell Roping Arena in east Farwell. The Border Town Days celebration is being sponsored by the Farwell Chamber of Commerce and Agriculture and the Farwell Roping Arena Association.

Each of the three nights during the celebration, a rodeo will be held at the roping arena beginning at 8 p.m. (sharp). Announcer for the rodeo will be Herbert Williams, who has done such a fine job during the past three years, say sponsors of the rodeo, Williams of Lubbock is a former Farwell man.

Grand entry will begin each evening promptly at 8 p.m. with all of the queen contestants participating. They will be introduced each evening. On the final evening of the celebration, Saturday, August 1, the 1970 Border Town Days Queen will be crowned. Until the final night Miss Celia Trimble, 1969 Border Town Days Rodeo Queen, will be reigning over the festivities.

Mrs. Bernice Norton is in charge of the queen contest this year and all girls who are interested in participating should contact Mrs. Norton at 825-2558 before Monday, July 27. Final deadline for entering the queen contest is July 27. Late this week four girls, Becky Lockmiller, daughter of Mr. and Mrs. Sterling Lockmiller; Deborah Harding, daughter of Mr. and Mrs. Hurlshel Harding; Connie Jones, daughter of Mr. and Mrs. Orle Jones, and Sheila Garner, daughter of Mr. and Mrs. Delbert Garner; had entered the contest. Mrs. Norton is planning several events for the contestants' entertainment during the week. There is no entry fee for entering the contest this year.

The Junior Riding Club will participate in the grand entry each evening during the celebration posting the flags and carrying the colors. Each night during the celebration a pair of cowboy boots will be given to the holder of the lucky program. Donors of the boots are Mil and Mary's, Holiday Store and Acme Boot Company.

Saddles for the best all-around cowboy and best all-around cowgirl have been donated by Worley Grain-Herb Potts, local manager, and Farwell Equipment - John Dempster, manager.

## Assistant Coach Needed --

# Three Teachers Hired

Three teachers were hired at a recent meeting of the Farwell School Board and one teacher resignation was accepted. Danny Ivy, a graduate of Texas Tech, was hired to fill the vacancy in the agriculture department left by the resignation of Jon Scott earlier in the year.

Ivy is a native of Paint Creek in Haskell County. While attending high school he was active in all phases of FFA work and served the state association as vice-president. While attending Texas Tech he was active in the college FFA chapter and the rodeo club.

His wife, Valerie, is employed as a licensed vocational nurse.

Mrs. Michael Hogan, whose husband is stationed at Cannon Air Force Base, has been hired to replace Mrs. Marilyn Mace, who recently resigned from the Junior High faculty as English teacher. Mrs. Hogan, a graduate of the University of Iowa, has one year teaching experience.

Mrs. Joyce Hargrove, who is completing requirements for a master's degree at Eastern New Mexico University this summer, has been hired to teach high school English. She has three children who will be attending Farwell School.

Larry Taylor, who has served as chemistry, physics, and general science teacher and assistant coach for the past two years, tendered his resignation. The resignation was accepted since Taylor is returning to college to do graduate work. The school is accepting appli-

cations for a science teacher who can also serve as assistant coach to replace Taylor, according to W. M. Roberts, superintendent.

Roberts also announced that school will begin on Monday, August 24. Student enrollment will be conducted on Thursday, Aug. 20, and Friday, Aug. 21. Roberts states that he will announce the enrollment hours at a later date.

Only three persons appeared before the Tax Board of Equalization meeting at the school this year. The tax rate remains the same \$1.85 per \$100 and no adjustments were made by the board.

Mrs. Floyd celebrated her 90th birthday in March and until time of the final illness had been in good health and made her home alone in Crescent City. She passed away on July

URELY PERSONAL

By John

Vacations are wonderful things, but the first day back on the job is not so wonderful. It is surprising how easy it is to develop a liking for loafing and how difficult it is to re-establish the daily working routine. Ah well, it was fun while it lasted and we will look forward to a similar experience next year.

The publisher spent his lazy days in the steamy, sweltering coastal area of Houston. Needless to say we are again convinced of the superiority of the climate of the great Golden Spread. Big cities are good places to go for visits but it seems they would be difficult places for permanent living. Again, we are apparently holding a minority view as the huge cities are continually adding to their populations at the expense of rural areas. Well, we are satisfied with the Twin Cities and we hope you are also.

Recently, the Congress passed and the President signed the bill lowering the voting age to 18. This is now being challenged in the courts and the final verdict will not be in for some time; yet the states must go ahead on the assumption that it will stand as law. Texas is going ahead with plans to register the 18 and up age group this year. This will add an estimated 395,000 voters to the Texas registration rolls. This group could be plenty potent at the polls, particularly if they vote in the larger percentages than the over 21'ers have done in the past.

As a thought to you persons age 45 and up -- this could be a blow to your social security rights. As we have often stated, social security could be dropped by Congressional action at any time and all payments lost by the people. There is no vested right or interest by the people in the system. Therefore, if the very young were to decide that 45 or so years was too long to pay somebody else's taxes, they could just possibly elect enough Congressmen to eliminate the entire program. In fact, in a few years the older persons are going to be at the legislative mercy of the younger generation. We don't know if this will be good or bad, but it will be different.

For years the State of Texas has had a constitutional ceiling on welfare spending. Recently, last year, we voted to raise that ceiling by 33 1/3 per cent. Yet today, the cry is to remove the ceiling. As it now stands it looks as though a welfare budget of over \$2,000,000,000 will not be sufficient for the next state fiscal biennium.

There is a clamor now in the liberal ranks to appropriate welfare money "according to need." It is mind-boggling to think of how many needs a politician could think of, especially if it might possibly influence a vote.

We understand that the aspiring Ben Barnes told his Senate Interim Committee that its request for removal of the ceiling was commendable. Somehow we might have predicted that reaction from Mr. Barnes.

The battleground will probably be the Texas House of Representatives and our front line fighter will be staunch Bill Clayton from Springlake. In your next letter to Bill you might state your views on the burgeoning welfare budget in Texas. But just remember that Houston alone will have more representatives in Austin than the entire Panhandle. It does look bleak for the taxpayer.

## NOTICE

# Portraying Area Homemakers

by Chris Moss

Mrs. Mitz (Arena Nell Gunn) Walling has never taught reading, writing or arithmetic, but she has sewn many a fine seam and has cooked many a meal since arriving in Farwell to make her home in 1946.

Nell, as she is familiarly known to friends in the Twin Cities, is a native of Forrest, N.M., and a daughter of the late Mr. and Mrs. C. L. Gunn. She attended school at Forrest and was graduated from that institution. Following high school graduation she attended Draughon's Business College in Lubbock.

After returning to Clovis from Lubbock, Nell was employed by various business firms for a few years. During World War II she was employed by the Rent Control Board. While working in Clovis, Nell was a participant in two beauty contests. As a direct result of entering one of the beauty contests, she met her future husband.

Her sponsor in the contest had taken her out to dinner when she spied a red-headed cowboy sitting at the next table. Imagine her surprise when he asked to be introduced to her later in the evening. She quips, "I wasn't particularly anxious to be introduced but later I was sure glad about the whole thing."

Mitz and Nell were married in December of 1942 after Mitz had been inducted into the Army. However, since he was stationed at Wichita Falls she continued to work in Clovis at the Rent Control Board office for the next six months and spent the weekends in Wichita Falls.

In June of 1943 the couple decided that Nell would move to Wichita Falls. There Nell worked on the base as a dental assistant for the next two years, until Mitz was discharged from the service.

After his discharge from service the couple lived at Forrest for a few months; then moved to a farm near Farwell in January 1946.

They later moved to the home they now occupy in Farwell. Nell is mother of two children, Mrs. Edith Ann Campbell and Milton Lee Walling. She also has two grandchildren, Jeffrey Scott and Mitz Lee Campbell.

Nell is a charter member of Theta Rho Chapter of ESA Sorority in Texico-Farwell and was also a charter member of the American Legion Auxiliary (now defunct). She has served in most of the offices of the ESA Sorority and has been nam-

ed chapter outstanding girl and has also twice been named district outstanding girl. She is a member of Farwell First Baptist Church and has worked in vacation church school on many occasions.

Although Nell has done some antiquing of furniture and other woodwork, has made many floral arrangements, and has made many candles for special occasions, through the years her favorite hobbies have always been cooking and sewing. She says, "I guess I just like to be a homemaker." Her latest sewing has been making several articles of clothing for her grandchildren. "It was just like sewing for a doll," stated Nell after completing the children's garments.

However, Nell has always enjoyed cooking more than any of her other accomplishments. Although she does not cook as much as she formerly did she says, "I still enjoy cooking for special occasions and when the children and grandchildren come home."

Some of her favorite recipes are Pecan rolls (handed down from mother to daughter), Mexican cornbread, and sour cream fruit salad, all of which she is kind enough to share with our readers.

**MY MOTHER'S PECAN ROLLS**  
1 cake yeast  
1 cup warm milk  
1/3 cup sugar  
1/3 cup butter  
1 teaspoon salt  
2 teaspoons vanilla, maple or lemon extract  
2 eggs (well beaten)  
3 1/2 to 4 cups sifted flour  
Soak yeast with 1 tablespoon sugar in 1/4 cup warm water, use sponge method. Let rise until double in bulk, then add

remaining flour and knead until smooth. Place in greased bowl, grease top and cover; let rise until double. Work down and roll to 1/4 inch thickness, brush generously with butter, sprinkle thick with sugar and cinnamon. Roll up and cut into one inch slices. Place in pan on top of butterscotch-pecan mixture, touching each other; brush with butter. Let rise until double in bulk and bake at 375 degrees for 20-25 minutes. Turn rolls out before cool so butterscotch mixture will run down between rolls.

**BUTTERSOTCH MIXTURE**  
1 cup brown sugar  
1 cup honey  
1 cup melted butter  
Mix well and cook about five minutes, do not let candy. Pour into pan and place pecan halves upside down. Mixture should be 1/4 inch thick in pan. Place rolls on this mixture and let rise, bake. Yields two large pans -- very good.

**MEXICAN CORNBREAD**  
1 egg  
2 teaspoons baking powder  
1/2 teaspoon sugar  
1 teaspoon salt  
1 cup milk  
Enough meal to thicken.  
Add:  
1 can corn  
1 cup grated American cheese  
1 can Ortega chilies (diced)  
Bake in 450 degree oven 10 minutes. Flip and bake 10 more minutes.

**SOUR CREAM FRUIT SALAD**  
2 cans Mandarin oranges  
1 large can pears (chunk)  
1 large can pineapple (chunk)  
1/2 cup coconut  
1/2 cup nuts  
1 cup small marshmallows  
3 tablespoons sour cream  
Mix well and serve.

FUN-FUN-FUN is the way these five members of Troop 121 Girl Scouts describe their week at Camp Rio Blanco. Girls making the trip, left to right, are Carol Vinton, Jan Bradshaw, Jayme Berry, Beth Black and Deana Williams.

# Girl Scouts Camp At Rio Blanco

Five members of Troop 121 Girl Scouts spent several days recently at Camp Rio Blanco, east of Crosbyton in Blanco Canyon. This is the camp for which the profit from the annual cookie sale is used. Members of the local troop attending the camp include Deana Williams, Carol Vinton, Beth Black, Jan Bradshaw and Jayme Berry.

At the camp the local girls were members of the Chippewah unit, which was made up of three patrols. Jan Bradshaw was a patrol leader and Jayme Berry was a patrol scribe. Activities of the Chippewah unit were hiking, swimming and arts and crafts, including blow painting, working with clay and charcoal. The Chippewah unit had the honor of being named the honor unit (for keeping its unit area the cleanest). In addition to the local girls, 20 other girls were in the unit.

During the week the girls slept in tents three nights, in a tree house one night, and outside on the ground one night. "Lights out" was at 10:30 p.m. and "rise and shine" was at 7 a.m.

On the various hikes, the girls saw such sights as Windmill Wonders-windmill, frog pond, horse tank; Sherwood forest-Cottonwood forest; Green Cathedral-open air chapel under a tree; Tree house-big platform on stilts attached to a tree; Echo Canyon; Friendship

leaves-leaves which stuck to the girls and in turn were stuck on their friends; Big Sandy-dry river bed. Wildlife sights included snakes, tarantulas, turkeys, rabbits, mountain boomers (lizards), spiders and "jillions" of grasshoppers. An animal theater was a part of the river bed shaped like a big theater at White River.

The girls got plenty of exercise since they were required to walk everywhere they went. Some of the meals were taken in Bridwell Lodge; however, a part of the meals were cooked out of doors. On the first day of the camp, a big campfire was lighted with a girl from each troop represented putting a log on the fire and making a wish for a good time for all of the girls present.

Also a feature of the camp was a Miss Rio Blanco pageant,

with contestants judged on originality of hair style, original costume, evening gown and swimsuit. A winner was named in each category. Miss Rio Blanco was chosen from the winners of each division who participated as finalists. Jan Bradshaw participated in the original hair style division; Deana Williams participated in the original costume division as did Jayme Berry. Beth Black and Carol Vinton entered the swimsuit contest.

All of the local troop members agree, "we did indeed have a good time!"

## Fire Calls

Texico Fire Department answered a call at 12:15 a.m. Wednesday morning to an area two and one-half miles west of Texico where a trailerhouse was burning. By time the department was called the trailerhouse had been demolished. Owner of the house is not known; however, firemen estimate the total loss at around \$10,000.

Farwell Fire Department has had a brief rest this week following the extensive fire at the McDaniel Furniture Store last week. No calls have been received by the department this week.

#### CORN IRRIGATION GUIDELINES AIRED

The heat is on corn again this year, increasing irrigation demands to keep production potential up. The hot, dry weather combined with current peak water requirements for most corn makes the situation critical. Adequate soil moisture is vital now and will be for the next four to five weeks.

Adequate moisture is most essential during the silking and pollinating stage. Moderate to severe moisture stress at this time can limit the number of kernels set on the ears and could result in a 40 to 50 percent yield reduction.

High soil moisture should also be maintained during the three to four weeks following pollination. Water requirements remain high during the blister, milk and soft dough stages of grain development. Grain weight increases rapidly during these periods and adequate moisture must be available for high production. Water requirements de-

crease considerably by the time the crop reaches the hard dough stage. Drier soil near maturity will have very little effect on the final yield.

High quantities of water do not have to be applied to produce top corn yields. Applying smaller amounts when water requirements are highest have produced yields equal to those where large quantities of water were applied. Pumping costs are also less with smaller applications, thereby leaving a higher profit potential.

Alternate furrow applications can be used to apply small amounts of irrigation water on mixed soils. Irrigation may need to be more frequent (9 to 12 days from tassle through soft dough), but the irrigating rate is faster. This allows for timely irrigation on more acres.

On drier clay soils alternate furrow irrigation may be difficult to manage. So smaller amounts of irrigation water can be applied by increasing the number of furrows normally irrigated during a set.

Before broiling, season with salt and pepper and brush with barbecue sauce or melted butter and lemon juice. "Chunks of meat will cook faster and more evenly if they are not crowded on the skewer."

Here are some kabob combinations:

1. Franks, canned pineapple or apple chunks and bacon squares.
2. Luncheon meat, pineapple and banana chunks.
3. Ground lamb shoulder, tomatoes, green pepper and onion.
4. Beef Steak, mushrooms and sliced onions.
5. Luncheon meat, quartered tomatoes, small cooked onions.
6. Chicken livers, small bacon squares and mushrooms.

Spectacular skewer cookery is fun for guests, so reduce your own cooking job and let each person construct and grill his own kabob.

Kabobs require the use of meat and vegetables which will cook in about the same time. This may mean that some vegetables, such as potatoes and onions, will have to be partially cooked before being placed

★ Be ever mindful and thankful to GOD for ... ★

## HEALTH and FOOD

In our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid.

"As we have therefore opportunity, let us do good unto all men." GALATIANS 6:10

THE CHURCH ENCOURAGES LOVE AND COMPASSION FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

TO WED -- Mr. and Mrs. Odus Waiser, formerly of Farwell, announce the engagement and approaching marriage of their daughter, Kathy Rene, to Steve Stanley Wisniewski, son of Mr. and Mrs. Johnny Cubine of Kermit, Tex. The couple will be married on August 22 in the First Baptist Church in Dougherty, Tex. The bride-elect is a 1969 graduate of Farwell High School and is attending West Texas State University. Her fiancé is a senior at West Texas State University. The couple plans to continue their education at the university in September.

## Altha Lowery Bride Of Jerry Herington

In a quiet ceremony at the home of Mr. and Mrs. T. W. Lowery, parents of the bride, Altha Kay Lowery of Lubbock became the bride of Jerry Wayne Herington, also of Lubbock, son of Mr. and Mrs. Grady Herington of Farwell, on July 3 at 7:30 p.m.

The double-ring ceremony was read by Leonard Ginnings of Clovis, uncle of the groom, before a setting of lighted tapers and an arrangement of pink and white carnations. Candles were lighted by Debbie Ginnings of Clovis and John Herington of Lubbock. Miss Ginnings also played the traditional wedding marches.

The bride, given in marriage by her father, wore a street-length dress of white whip cream material and carried a cascade bouquet of pink roses and white stephanotis tied with white ribbon bows and accented by ribbon streamers atop a white lace and satin covered Bible. Her finger-tip veil of white imported illusion was held by a crown of pearls.

Following bridal tradition, something old was a wedding band borrowed from her mother; new was her bridal dress; borrowed was the veil from the groom's sister, Mrs. Judy Wagner of Dimmitt; blue was the garter. For luck, she carried pennies minted in the year of her birth and that of the groom. Accenting her wedding attire was a strand of pearls, a gift from the groom.

Attending the bride was her sister, Mrs. Brenda Carpenter of Clovis. Bruce Billingsley of Farwell was best man. Mrs. Carpenter was attired in a pink knit suit accented by a white carnation corsage. Her accessories were white.

For her daughter's wedding, Mrs. Lowery wore a pink dress with black patent accessories. Her corsage was white carnations.

Mrs. Herington also wore a pink knit dress with black patent accessories and a white carnation corsage.

A reception was held at the home of the bride's parents immediately following the ceremony. After the bride and groom cut the three-tiered wedding cake, it was served with nuts, mints and punch. Mrs. Judy Wagner of Dimmitt and Mrs. Bertha Grigsby presided at the serving table.

When the newlyweds left for a trip to the Ozarks and a visit

in Waynesville, Mo., Mrs. Herington wore a blue three-piece knit suit accented by white accessories. Her attire was complemented by a corsage of pink roses lifted from her bridal bouquet.

The bride is a 1968 graduate of Farwell High School and is employed in the office of Dr. T. H. Tipton in Lubbock as a dental assistant.

The groom, a 1964 graduate of Farwell High School, is employed at Lubbock Manufacturing Company.

Following the wedding trip, the couple are now at home in Lubbock.

On July 2 a rehearsal dinner was held in the home of Mr. and Mrs. Grady Herington, parents of the groom, with ten guests in attendance.

# Program Details Announced For '71 Crop Wheat Referendum

All wheat producers, as well as a number of other persons, are interested in knowing the details of the question being voted upon in the 1971 Wheat Referendum to be held during the period July 27 through July 31. Facts are as follows:

1. The referendum is mandatory under current law in the absence of new legislation for the 1971 wheat crop.

2. Any person having a legal interest in a wheat allotment

of record will be eligible to vote in the referendum. This includes the spouse of eligible voters.

3. If two thirds or more of the producers voting in the referendum indicate "yes" to marketing quotas, the national average price support loan rate will be \$1.15 per bushel and domestic certificates will have a value of \$1.39 per bushel making the price support on the domestic portion of the crop \$2.54 per bushel or 90 per

cent of parity as of July 1, 1970.

4. If producers vote "yes" in the referendum, a penalty would apply on wheat grown in excess of a farm's allotment.

5. If the referendum fails to carry, the loan rate is mandatory at 50 per cent of July 1971 parity. This would amount to \$1.41 per bushel based on parity as of July 1, 1970.

6. Either way, the wheat allotment on the average farm in Parmer County will be about

3 per cent less in 1971 than in 1970. A producer must, whether the vote is "yes" or "no," plant within his farm's allotment to have his wheat eligible for price support.

What does this all mean on an average farm in Parmer County?

a. Let us take a farm in Parmer County, assume the farm has an 80-acre allotment and a program yield of 50 bushels per acre. If marketing quotas are approved: The operator of the farm could plant 80 acres of wheat (the domestic acreage would be 47 per cent of the allotment - in this case 37.6 acres) and would be required

to divert 29.2 acres (36.5 per cent of the farm allotment) to a non-crop use. This would cause him to be eligible for price support on all the wheat produced on the farm. In addition, the farm would be eligible for certificate payments on 47 per cent of the projected production on the allotted acres for the farm. In this case the certificates for the farm would have a value of \$2613.20. This results from multiplying the 80-acre allotment x 50 bushel yield x 47 per cent x \$1.39. This \$2613.20 plus - whatever the wheat crop brings gives us the gross receipts for the 1971 wheat crop.

Now - If marketing quotas are not approved and the planting of wheat (on this example farm) does not exceed 80 acres, all the wheat produced on the farm will be eligible for price support loan at \$1.41 per bushel and there would be no acreage diversion required.

Also - If the vote is "no," there would be no cash penalty if the wheat acreage on the farm exceeded the allotment for the farm. Of course, the farm's allotment would be reduced by 7 per cent in 1973 and the wheat produced would not be eligible for price support.

## Soybean Referendum Certified

The Texas Department of Agriculture certified the Texas Soybean Association of Plainview recently to hold a referendum. Commissioner John C. White announced the certification after a public hearing in TDA offices.

Soybean producers will vote in 23 counties for or against an initial assessment of one-half cent per bushel collected at the point of processing or first sale. If approved, these funds would be allocated for research, disease and insect control and sales promotion of soybeans. Also on the ballot is a proposal for a nine-man commodity producers board to administer the program.

Soybeans are produced in the High Plains, Northeast and Southeast Texas.

Under Texas' new Commodity Check-off Law passed by the last legislature, the referendum must be held within 120 days from date of hearing.

Commissioner White listed the following counties for participation in the referendum: Deaf Smith, Parmer, Castro, Swisher, Brisco, Bailey, Lamb, Hale, Floyd, Lubbock, Crosby, Bowie, Red River, Lamar, Delta, Fannin, Orange, Jefferson, Chambers, Liberty, Hardin, Harris, and Galveston.

Brothers from Levelland were winners in the Junior Championship Golf Tournament in the 12-13 age bracket recently at Farwell Country Club. The boys, sons of Mr. and Mrs. D. E. Travis, finished with David Travis, 13, in first place with a score of 89. His brother, Robbin, 12, had a score of 96. David is now eligible to compete in the Texas Junior Championship Tournament at Odessa in August. The boys have been golfing for approximately two years.
