Candidates Reveal All

Politics in Texico township has picked up considerably in the past week with six candidates seeking two four-year terms on the city council; Bill Christian, incumbent, running unopposed for another two-year term on the council; Sam Lewis, police magistrate, running unopposed for that office; and two persons, Howard Billingsley, incumbent, and Perry Winkles, seeking the mayor's office.

For the first time in the history of the town, two women are seeking seats on the town council, Ladies soliciting the votes of town residents for seats on the council are Mrs. LaDonna Cross and Mrs. Monnie Longo.

Mrs. Cross stated that she feels that now is the time for a woman to be seated on the council since there is a job to do in the town and the older citizens seem "pretty self-satisfied" with the way things are.

Mrs. Longo, also seeking a public office for the first time, agrees with Mrs. Cross that there is a job to be done in Texico and she feels that a woman's point of view is needed badly.

first time, had little comment other than to say "I have lived in Texico since 1937 and I feel that I could do much to assist Texico in becoming the town it could be."

Donald Caillouet, who has served on the Fire Department for several years but who is seeking public office for the first time, said, "The council needs new blood since many of the older people in town are satisfied with the way things have always been done.

William Wesley Ingram, another young man seeking public office for the first time, said, "Since I have children and plan to raise them in Texico I feel that it is my duty to seek a place on the council and try to bring new businesses in, assist in getting a clean-up campaign underway and making the town a more attractive and prosperous place to rear a family."

C. A. Bourlon, the other candidate for a four-year term on the town council, said, "My purpose in seeking the office is to see that all ordinances are enforced with no favoritism shown; that a general clean up with everyone doing his part is begun; and to see that the town grows by making it a more respectable and attractive place

Farwell City Hall --

Animal Clinic Slated

Residents of the Texico and Farwell areas are reminded that an animal clinic will be conducted at the Farwell City Hall Friday, February 20, from 1:30-5:30 p.m.

At that time all pets in the Twin Cities should be brought to the clinic for a rabies vaccination and for licensing.

Dr. B. L. Russell, Clovis veterinarian, will be in charge of the clinic.

Pet owners are reminded that both of the local towns have ordinances which provide that all pets must have rabies shots, must be licensed and kept in their own yards.

Recently both of the towns have begun to crack down on pet owners who continue to ignore the ordinances.

J. D. CARPENTER, JR.

J. D. Carpenter, Jr., of Lazbuddie has authorized this newspaper to announce his candidacy for the position of commissioner of precinct 4, in opposition to Raymond Trelder, Jr. incumbent.

Carpenter moved to Parmer County in 1940 and settled in the Lazbuddie community on a farm. This is his first time to seek a political office.

Since moving to Lazbuddie he has served on the Lazbuddie School board for two terms and was at one time a director of the Farmers Union Co-op at Lazbuddie. He is a member of the United Methodist Church at Lazbuddie and is a member of the official board of the church.

Prior to moving to Parmer County, Carpenter worked as bookkeeper for several firms in Texas. He is married and has two children, both married. Presently two grandchildren make their home with Mr. and Mrs. Carpenter.

In announcing his candidacy, Carpenter said, "I wish to announce that I am a candidate for commissioner in precinct 4, Parmer County. I have lived in the Lazbuddie Community since 1940. If elected I will serve the people of the county and precinct in a manner consistent with good business practice to the best of my ability.

The infant was stillborn Saturday morning. Survivors in addition to the parents are a sister, Renee; grandparents, Rev. and Mrs. Harvey Hudnall of Texico, and Mr. and Mrs. John Warrick, Sr., of Tucumcari and great-grandparents Mr. and Mrs. Claud Heath of Lazbuddie.

Take Two Wins --

Persons who attended the Texico Homecoming basketball games Saturday got their money's worth as they watched the small but speedy Texico Wolverines defeat the Tatum Coyotes in an overtime basketball game.

The Texico B team also won its game from the Tatum B basketball club by a score of 41-39. They pulled the game from the fire with only ten seconds to go.

In the varsity game with two minutes left in the game and the Wolverines trailing by eight points, pandemonium broke loose when Monte Lambert hit three consecutive field goals before leaving the game via the foul route.

Wolverines Make Weekend Worthwhile

showed poise and ability to remain cool in a crisis by taking the game from the much larger Tatum Coyotes Saturday night and we are quite delighted."

He added that the entire game was an overall team performance. Monty Lambert took scoring honors with 21 points followed by Mike Casey with 17 points. Wes Clark played a superb game, grabbing the ball off the boards again and again before he left the game via the foul route.

On Friday night when the Wolverines traveled to Melrose for a game with the Melrose Buffaloes they unleashed an attack that ended the game in their favor 76-42.

Monty Lambert, who has been hampered by an ankle injury for the past week, found the basket for 14 points along with Mitchell Turnbough. Mike Casey with 15 points took scoring honors for the Texico quintet.

Johnny Autrey added 12 points to the victors' score. All other Texico players scored during the game as their tactics completely demoralized the Melrose team.

In the three-minute overtime Johnny Autrey read the coach's sideline signals and called for the ball to be stilled until 40 seconds remaining in the game. At that time Terry Armstrong replaced defensive standout Johnnie Dane in the game.

Soon after entering the game, Armstrong found the basket with an easy shot to put the Wolverines out in front 64-62. However, the lead was short lived as Tatum recovered the ball and took a long shot which found the basket to tie the game at 64-all with only seconds remaining in the game.

With two seconds left in the game, Mike Casey found the basket to put Texico out in front 66-64 and win the game. Commenting on the game Coach Mike Navidomskis said, "Coach Wyne and I are pleased with the progress shown by the Wolverines since the beginning of the season . . . they

fill vacant paramedical seats. Speaker for the Assembly will be Spencer Guimarin, Director of the Texas Health Careers Program. A noted educator and entertainer, Guimarin will speak of "You - Health Careers - And The Future," the message of challenging, rewarding careers in health care.

"EVERYBODY LOVES A LOVER" or so the songwriters say. This Saturday, February 14, is the holiday dedicated to love, and lovers everywhere will be saying "Happy Valentine's Day" in various ways.

Still sweethearts after 44 years of marriage are Mr. and Mrs. C. C. Christian, Christian has chosen a box of candy to say "I Love You" to his wife.

PICTURE PRESENTED TO SCHOOL -- Lewis Cooper, right, representing the Texico Fire Department, presented this picture of a Texico Wolverine against a background of a large green "T" to the school in ceremonies at the homecoming activities Saturday night, Danny Pearce, president of the student council, accepted the picture and expressed thanks for the gift in a short talk.

On Saturday of this week we are being treated to the fifth annual Farwell Junior Livestock Show. This will feature the project animals of the FFA boys and 4-H Club boys and girls. After many years of languishing in the doldrums, the Vocational Agriculture Department of the school has been turning out some real prize winners in the livestock division.

If you are interested in youth activities and in livestock, you can't afford to miss Saturday's show. It will be a good one. * * * * *

The active West Texas Chamber of Commerce this week sponsored a three-day tour of the High Plains feeding-packing industry by 12 of the nation's leading tanners. Leading the visiting group was Dr. Irving Glass of New York, president of the Tanner's Council of America.

We are pleased to see that businesses which are subsidiary to the feeding-packing industry are casting economic eyes in our direction. We feel that this is the first of many cattle-related industries that will eventually look to the High Plains for expansion or replacement of their old and inefficient plants.

Truly business building for the future must look long and hard at our part of the world. We are the next Eden. Oh yes, the Farwell Chamber of Commerce and two representatives who met with the touring tanners and presented a brochure on the advantages of this particular area of the High Plains. Someday these efforts by local boosters will be productive and we will have more than an agricultural economy to support this locality. * * * * *

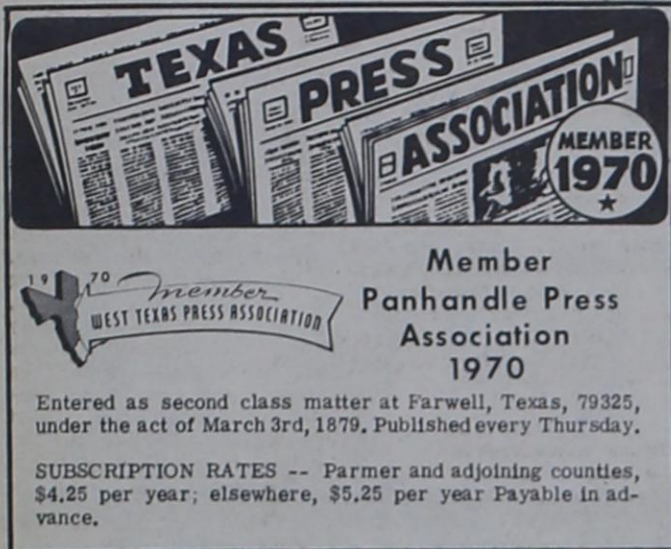

More TV "fo" instances": We heard a so-called TV funny show refer to a goat as Spiro. How odd--I do not recall a jackass being referred to as Hubert.

Don't believe everything you hear about gas.

For some reason there's a few old wives' tales kicking around about gas. With about the same validity as the one about the moon being made of green cheese. One we'd like to squash right here and now is that the vent on a gas clothes dryer is to carry away some kind of "evil" fumes. Baloney. A vent on a gas dryer is there for the same reason it's there on an electric dryer. To carry away hot air and the humidity that comes from the clothes as they're dried. An electric dryer needs a vent just as much

as a gas dryer does. To keep your laundry room from becoming a steaming jungle. What you can believe is that gas dries your clothes faster (fast enough to keep up with your washer) and cheaper (costs about a fourth as much to use). Now. Can you think of one good reason to dry your clothes any other way?

In addition to Robert, other members of the local FFA group showing and placing animals at the Southwestern International were Bruce Kaltwasser - 6th place, medium weight Here-

Ten Percent Of Vehicles Inspected

"With approximately three months left until the April 15 deadline for obtaining inspection stickers, only 10 per cent of the registered vehicles in Parmer County have been inspected," states Major C. W. Bell, Regional Commander for the Texas Department of Public Safety.

"This will be the last year for an April 15 deadline as the Texas Motor Vehicle Inspection Program has gone to a year-round inspection program. The new stickers will display the number of the month in which the vehicle was inspected and will be valid through that month of the following year," added Major Bell.

Two items have been added to the inspection list -- the exhaust system and the exhaust emission system. A car must now have a muffler and it must be free from leaks. All cars manufactured in 1968 or later coming from the factory equipped with the emission system (commonly known as the smog device), still must have the device connected and in working order.

Parmer County now has four official inspection stations that are ready and capable of handling the inspection of vehicles in this area if owners will not wait until a few days before the deadline.

Doc Conover has devoted time and energy to the growth and development of the district, and it is fitting at this time we express our appreciation for his unselfish contributions to the general welfare of the community.

Rod Mullis

This is the man behind the growth and continued progress of Plains Electronics. Having a well-earned reputation for honesty and dependability and a complete knowledge of the field of electronics far above average, Rod Mullis merits tribute in this Clovis review.

He has filled his place in the community as one of its solid citizens.

Pat O'Briant

Pat O'Briant is one of the more successful drive-in restaurant operators of Clovis who, by maintaining a constant standard of service and high quality foods, has made Pat O'Briant's Thunderbird Drive In one of the more popular eating places in the community. We are glad to give him credit for his well-earned success in a field which is so highly competitive.

Lucille Matlock

Lucille Matlock of Lucille's, has a well-earned reputation for dependability because she has consistently forged ahead in her business, never letting up in her efforts to make the service she renders to the people more valuable. This invariable policy has made Lucille's outstanding in its field, a fact that is well known to the public throughout the Clovis and West Texas area.

But Mrs. Matlock has accomplished much more than just making a success of her business and private affairs, and we take this opportunity to pay tribute to her for devoting what time she could spare to the general welfare, not only to the city, but this entire district as well.

It is such women as she, who are both successful in business, and appreciative of her civic obligation. We take pleasure in publicly giving Lucille Matlock the credit for her accomplishments which her many

Bettie Fox, Greg Martin United In Marriage

MRS. GREG MARTIN

Bettie Sue Fox, daughter of Mr. and Mrs. Lonnie Eugene Fox of Albuquerque, formerly of Clovis, became the bride of Greg Martin, son of Mr. and Mrs. Preston Martin, in a double-ring service at the 16th and Pile Street Church of Christ in Clovis recently.

Minister Robert Hawkins lead the couple in the marriage vows. Altar arrangements included a fan-shaped arrangement of white gladioli and chrysanthemums on a fluted stand surrounded by 15-branched spiral and arch candelabras holding lighted tapers. Palms of emerald greenery banked the altar.

Candles were lighted by Tim Martin and Kirk Martin, brothers of the groom, who also doubled as ushers. Other ushers were Gene Sheets, cousin of the groom, and Doug Harriman, close friend of the groom. Best man was Dicky Lynn Martin, cousin of the groom. Groomsman was Ronny Fox, brother of the bride.

Music was provided by Fred Maxey of Lubbock and Clayton Fuchs of Clovis assisted by the church choir.

Linda Cook, roommate of the bride, was maid of honor, Paula Martin, sister of the groom, was bridesmaid. Dixi Martin, small cousin of the groom, was flower girl. All bridal attendants were attired in identical floor length crepe dresses of pastel blue designed with flared chiffon sleeves and round necklines. Accenting the dresses were large chiffon bows of matching hue worn in their hair. The attendants carried cascade bouquets of miniature white carnations accented by blue velvet ribbon streamers arranged on white Bibles. The flower girl was attired identically to the other attendants. She carried a white wicker basket filled with miniature white carnations. Accenting the basket were streamers of blue velvet ribbon.

The bride, escorted and given in marriage by her father, wore a formal wedding gown of white crepe covered with lace. The gown was designed with long sleeves, terminating in points at the hands, a high neckline and scalloped ruffles with a large bow accenting the train. Her shoulder length veil fell from a cluster of petals accented by seed pearls. She carried a cascade arrangement of white roses and stephanotis surrounding phalaenopsis orchids atop a white Bible.

Following bridal tradition, something old was a lace handkerchief belonging to the groom's great-grandmother; borrowed was a wedding band belonging to the bride's mother; new was her bridal gown; and blue was the traditional garter, a gift from the maid of honor. For luck she carried in her shoes pennies minted in the year of the bridal couple's births.

Mrs. Fox wore a beige three-piece suit accented by black accessories. Complementing her ensemble was a green cymbidium orchid corsage.

The groom's mother wore a royal blue suit accented by black accessories and a beige cymbidium orchid corsage.

Immediately following the ceremony the couple was honored at a reception. Lovebirds holding a wedding ring nestled atop the tiered cake which centered the serving table. Also decorating the table was a white cupid epergne holding an arrangement of white mums and blue mums. Crystal table appointments were used and napkins bearing the names of the

bridal pair completed table decor.

Guests were registered by Lorraine Farnsworth and Marilena Maberry at tables covered with white net accented by blue bows. A single blue carnation in minute vases decorated each of the registration tables.

Mr. and Mrs. Martin are making their home at 520 W. 14th Street in Portales, where they are students at Eastern New Mexico University.

Pre-nuptial courtesies extended to the couple were a shower at the Farwell Church of Christ hosted by Mmes. Dolly Herington, Lynn Roberts, Patsy Nance, Jo Hammonds, Doris Bourlon, Loretta Fogerson, Jeanette St. Clair, Freddie Harriman, C. J. Huffaker, and Janie Day; and a shower in Clovis at the home of Mrs. Lawrence Maberry. Other hostesses for the Clovis shower included Mmes. Neil McBride, Clayton Fuchs, U. G. White cake squares decorated with red confection flow-ers and green leaves were served with the punch. Mints and nuts were also served. Crystal and silver table appointments were used. Mrs. John Lockhart and Mrs. John Hill presided at the serving table.

PROGRESSIVE BUSINESS PEOPLE OF MULESHOE

James Crane

Recognized as an authority on anything pertaining to the tire business is James Crane, owner of the James Crane Tire Co. His thorough knowledge of the business is exemplified by the manner in which he fulfills every demand made upon him in line with his business. James Crane has many friends in and around the city, and it is a pleasure to bring him before our readers in this review of progressive Muleshoe businessmen.

N. L. (Red) Johnson

Logically a man who has earned the reputation of being one of West Texas' most dependable furniture dealers would in so doing, have earned the friendship and good will of a great many people throughout this entire district. And one who justly deserves that distinction is - modest, efficient, friendly, N. L. "Red" Johnson of Johnson Furniture, who

numbers many of our readers as some of his best satisfied customers.

Mr. Johnson is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and this district, lies in the fact that he is untrudgingly zealous, and remarkably successful in the promotion of civic progress.

Whitt Watts & Rempe Implement Co.

In every community there are a number of businessmen who can be pointed out as taking part in the onward progress of their city. Three of these men are Roy D. Whitt, F. W. Watts, and Donald Rempe, who handle John Deere Farm Machinery.

They are loyal to the community, thankful for their success in business and boosters for this section of West Texas.

Clarence Jones

It is appropriate that we include in this review of progressive businessmen, Clarence Jones of Plains Auto Parts, who

not only has the reputation of being dependable but also the added one of being a willing supporter to many community affairs.

We take pleasure in expressing these few words of commendation to a man willing to promote the growth and progress of this entire region.

Roger Albertson

It is not always the kind of business which determines its importance to the community. But, more or less, the methods used in its management. The services rendered to the public, and the manner in which it meets both business and civic obligations.

The cheerfulness of the entire personnel of Cobb's Department Store, in their contacts with the public, and the ready acceptance of all responsibilities by Roger Albertson, the manager, proves conclusively that he is a man who is well-versed in the principles of successful business management.

Phyllis Beavers

It is no coincidence that more frequently than not, those who

take a progressive part in the civic and business life of the city, are the same ones who are pre-eminently successful in conducting their own private affairs. In connection with the foregoing statement, we wish to mention and pay tribute to Phyllis Beavers of Beavers Flowerland.

Mrs. Beavers has proved very ably that she is a florist of more than average ability, for it is largely due to her progressive methods, coupled with her sound and practical ideas, that the flower shop and floral service holds its high position in the public's opinion in this area. She has made the business a "profession," with the result that she is recognized as one of the more creative florists in this region, giving to her patrons an excellence of artistic service seldom equaled.

Jerry Littau

It isn't the size or volume of a man's business which determines its value to the community in which he lives, but rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Jer-

ry Littau's business to the city is a reflection of his progressiveness, and a determination to render the utmost in service, a policy which has caused Jerry's Tire Company to be so well thought of, and so widely patronized by the people of Muleshoe and the surrounding area.

James B. Glaze

Having a well-earned reputation for honesty, dependable judgment, and a complete knowledge of the real estate, insurance and loan business far above the average, James B. Glaze of the James Glaze Company, merits a brief tribute in this Muleshoe review.

Without assumption, or seeking public acclaim, he has filled his place in the community as one of its solid citizens, performing his duties of citizenship quietly, yet efficiently.

As a leading and progressive businessman, Mr. Glaze holds a high position in the esteem of the public generally. It is not only as a practical executive, whose sound judgment and far-sighted planning have brought such fine things to himself, but it is because of his inspiring optimism and loyal friendship that James

Glaze is held in such high regard by the people of this district.

Mr. & Mrs. Butler Stevens

Mr. and Mrs. Butler Stevens of the Swap Shop, are two of those progressive citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have in the past, and no doubt will continue in the future, to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

The Stevens have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity.

■ 99.997% - that's our record for reliable electric service. We'd like it to be 100% (and, we keep working toward that goal). But, a careless driver knocking down some of our equipment or lightning hitting a transformer are things over which we don't have much control and so try as we may, we haven't been able to reach that ideal 100%.

■ One thing we have been able to do - that's to make certain you will have all the power you want when you want it. Right now there are

1,812,000 kilowatts backing up your use of electricity. And, by July of next year a new generating station will add another 210,000 kilowatts. One kilowatt will run more than 3 TV sets just to give you an idea of how much power there is for your use.

■ There is plenty of electricity for your home, business, and for the area's fast growing agri-industry. Your electricity is in good hands... Reddy's hands!

Joe Jones Heads Easter Seal Appeal

The 1970 Easter Seal Appeal will open in Farmer County Monday, Feb. 23, according to Joe W. Jones, who serves as Easter Seal Representative for the county.

Jones said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

As Easter Seal Representative, he is the local contact to request rehabilitation services from the Easter Seal Society for Crippled Children and

Adults of Texas. These services include physical and occupational therapy, speech and hearing program and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 20,378 handicapped people received help from the Texas Society, Jones explained. But the costs of providing expert professional care are rising, and more money than ever will be needed, Jones said.

Funds help support 20 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs and related services are provided to those who cannot provide for themselves.

"Since 1929 the people of Texas have always responded to our needs, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year," Jones said.

Farwell Senior Receives Scholarship Grant

Charles Turner, counselor at Farwell High School, has been advised by McMurry College of Abilene that Dale McCleskey, a senior at Farwell High School and son of Mrs. Loyce McCleskey, is recipient of a \$3,600 scholarship from the Science and Mathematics Department at that institution.

The scholarship is a four-year grant, with the funds divided into equal amounts over eight semesters. Only 20 such

scholarships are granted by the college each year.

McCleskey was chosen for the grant on basis of his high scholastic rating on the ACT tests, and letters of references from his high school instructors.

Turner stated that McCleskey is a member of the National Honor Society at the Farwell School, ranks in the top 25 per cent of the senior class and is a consistent honor student.

McCleskey will major in physics.

We all thrill to a... FAMILIAR TUNE

It is so soothing, comforting, and pleasing to listen to our favorite tunes when played by capable artists. These tunes can make our minds wander back to pleasant memories of days gone by, and also awake us to new joys. Each Sunday we have the opportunity to be thrilled by the preaching of God's word, and the story of God's great love for us. Attend church Sunday and enjoy worshipping God with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny. The truth which alone will set him free to live as a child of God.

For Valentine greetings in the form of a sweet dessert, try this heart-shaped meringue filled with lemon. The recipe makes four to six small meringues or a large one.

Before preparing the meringue shell, line a cookie sheet with unglazed brown paper on which you have traced a large heart or small hearts if you wish individual servings.

Beat four egg whites until frothy, then add a half teaspoon cream of tartar and gradually add one cup sifted granulated sugar. Beat until the mixture is stiff.

Add a half teaspoon vanilla and a few drops of red food coloring.

Now, using a pastry tube or tablespoon, outline the heart design with the meringue. This makes a border. Then build up the outer edge of the border to about a half inch and in the center put just a bit of meringue for a base.

Bake in a slow oven 275 degrees until set. The large heart will take about one hour to cook--the smaller ones from 25 to 30 minutes.

To remove the meringue easily from the brown paper, lift

Howard Billingsley, the present mayor, said, "I would like to serve as the town's mayor for another two years in order to complete some of the things which have been begun in the past, namely retire the paving bonds." He also stated that when the paving bonds are retired that it will be necessary to vote water bonds in order to replace some of the water mains which are in bad condition. "I would like to stay on as mayor until this has been accomplished," he concluded.

Perry Winkles who is seeking the mayor's position in opposition to Billingsley has served on the town council for the past eight years. In seeking the mayor's post he said, "With my experience on the council I believe that I am qualified to know many of the problems facing the town and I think that every citizen should do his part to make Texico a town to be proud of. Therefore, I am willing to do my part by serving as mayor."

Howsley, who also writes the West Texas Outdoorsman column for newspapers, spoke briefly on the importance of conservation of our wildlife and natural resources and showed two entertaining films.

Approximately 125 persons attended the banquet at Farwell School Cafeteria.

Invocation was given by Dub Howard. Master of ceremonies was Claude Rose Jr, who introduced the speaker and recognized Den Mothers and Den Helpers. Den 4 was in charge of the flag ceremony and led the group in the pledge of allegiance. Den 3 won the attendance award by having every member of their den and parents of all the den

members present at the banquet. The winning den will keep the trophy until the next pack meeting.

Wolf Badges were presented by Nathan Tharp to Greg Howard, Steve Owens and Clint Tharp.

Decorations for the event, including centerpieces, placemats, napkin holders, nut cups, candles and place cards, were all made by boys of the dens with each den being responsible for decorating its own table. Crafts made by the boys during the year were also on display.

Rose, one of the committee chairmen for Cub Scouts, announced that one more den is being formed at the present time and that any boy of Cub Scout age interested in joining is asked to contact him; Cub Master Harlin Obenshain, or any Den Mother.

Portraying Area Homemakers

by Chris Moss

Many and varied have been the occupations of Mrs. Jim (Norma) Rogers whom we have chosen to salute as "homemaker of the week."

Mrs. Rogers, the former Norma Draper, is the daughter of Mr. and Mrs. J. C. Draper of Melrose. She is a native of Curry County. She was born at Melrose but moved with her parents to Roswell at the age of 12. She attended the Roswell schools and later moved to Portales and attended school. However, she returned to Melrose before entering high school and is a graduate of the Melrose school.

Following high school graduation, she enrolled at Eastern New Mexico University and attended classes at that institution for a one year period. She then returned to Melrose and was associated with the First National Bank in that city for 18 months before returning to classes at Eastern New Mexico University on a part-time basis. While attending the university the second time, she also worked as bookkeeper at the Farmers Co-op Elevator in Melrose.

She later was employed as secretary at the Hale Center School for a three-year period before returning to the university to complete work for a BA degree in English. Following college graduation she was married to Jim Rogers, also of Melrose.

Although Norma had known Jim in high school, they had never dated until their final year in college. After their marriage they moved to Hobbs. Jim was employed in the Hobbs School and Norma taught at the Monument School in the Hobbs School District. They later moved to Portales where Jim completed work on a master's degree in school administration before moving to Texico in 1967. Norma taught a special reading class at the Texico School before retiring to become a housewife and homemaker.

Norma is the mother of two children, Sheri Lynn, four years of age, and Sandi Leah, one year of age. Norma finds that much of her time is filled with the duties which occupy the time of most young mothers. However, she does find plenty of time to read many of her favorite books. Favorite reading for this busy young woman is biographies including the Life of John Adams and the Biography of Robin.

She is also interested in decoupage and antique furniture and is learning to sew. "At this time I only do simple sewing," says Norma, who is eagerly looking forward to the time

she can do more detailed sewing for herself and her daughters.

She is a member of the Farwell Church of Christ, and the Texico Woman's Club, serving as first vice-president of the club. Last year she served as treasurer of the group. She has recently been nominated by the club as one of the Outstanding Young Women in New Mexico for 1969.

Making Mexican food is one of the favorite hobbies of this young homemaker, who during the past year learned to can and freeze vegetables for her family's winter use. One of the favorite recipes used by Norma in food preparation for the win-

ter is Calico Carrot Chop-Chop for which she is sharing the recipe this week.

CALICO CARROT CHOP-CHOP
20 medium carrots, pared and cut up
4 large green sweet peppers, quartered and seeded
4 large red sweet peppers, quartered and seeded
6 large onions, peeled and quartered
2 cups granulated sugar
2 tablespoons salt
1 tablespoon dry mustard
2 cups cider vinegar
Grind carrots, peppers and onions, using coarse blade in food chopper; place in kettle and cover with boiling water;

COLLECTING COINS is a hobby of Mrs. Jim (Norma) Rogers. After polishing the coins, they are mounted on a board which has been antiqued olive green and used as a wall decoration.
