Awards To Highlight Texico C Of C Dinner

Presentation of awards, which includes Man and Woman of the Year, will highlight the Texico Chamber of Commerce banquet Tuesday, April 17, at 7:30 p.m. in Texico school cafeteria.

A. D. McDonald, Chamber vice-president, will serve as master of ceremonies. Bill Christian, Chamber president, will give a progress report on the city of Texico and Chamber of Commerce activity during the evening.

B. D. "Bill" Chandler, administrative director for the Southwest District of Phillips Petroleum Company, headquartered in Odessa, will be principal speaker.

Chamber officers and directors will be introduced during the banquet. Ed and Juanita Hardage will provide dinner music. The meal, which features barbecued ham, is being catered by a Clovis firm.

The principal speaker is past director of the board in Odessa Chamber of Commerce. He is a member of Toastmasters International, having served in all offices and won his own area speech contest.

He has served his community through the United Fund and Boy Scouts and is an active member of First Baptist Church in Odessa. Chandler is known as a speaker for those who like a

serious subject well sprinkled with humor. He has spoken at a variety of functions in Texas and Oklahoma. Banquet tickets for \$3.00 per person may be purchased from any Chamber member.

Magness, Kalbas Elected To Farwell School Board

3 Elected At Lazbuddie

Ted Magness and Wilbert Kalbas were elected Saturday to serve as school trustees for Farwell Independent School District and incumbent Gilbert Kaltwasser was re-elected.

The three were chosen to fill the expired terms of Kaltwasser, Donald Chrisitan and Harold Travis.

One hundred seventy-five votes were cast in the school trustee election at Farwell. The number is the same as votes cast in last year's school board election.

Magness received 125 votes; Kaltwasser, 117; Kalbas, 106; Troy Christian, 72; Joe Jones, 66; and Don Gerles, 28. Donald

Christian received one write-in vote.

For county trustee from the Farwell precinct, Clyde Magness received a total of 108 votes.

Farwell School Board re-organized Monday night during their regular monthly meeting. The board meets the Monday after the first Thursday of the month.

Gilbert Kaltwasser was re-elected Monday night as president of the board. Billy Mayfield was re-elected as vice-president. R. J. Garner was elected secretary.

Marvin Mimms, Wayne

Clark and incumbent Elvis Powell were chosen Saturday by Lazbuddie voters to serve on Lazbuddie Independent School Board.

Powell received 72 votes; Mimms, 63; Clark, 59; Ray Precure, 53; Billy Weir, 46; and Marshall Williams, 14. Three write-in votes, one each for Alfred Hicks, Jerry Don Glover and Raymond McGehee, were received.

One hundred ten votes were cast in Lazbuddie's school trustee election.

Lazbuddie school board members met for the first time Monday after Saturday's election. The board meets the second Monday of each month.

Closed Today

The State Line Tribune office will be closed today (Friday) all day and will be open again as usual Monday morning.

Staff members are in Amarillo attending the annual convention of Panhandle Press Association over the weekend.

Lucky '13' Tournament Today (Fri.)

A Lucky Friday "13" Pro-Am golf tournament will be played today at Farwell Country Club, according to Martin Reeves, golf pro. Shotgun starts are at 9:30 a.m. and 2 p.m.

Low gross and low net winners in the amateur class will be chosen. Entrants must be pre-registered in order to play. Entries were to be in by 6 p.m. Thursday, Reeves said. A \$9.00 entry fee is charged for amateurs.

Reeves commented that ladies group golf lessons at the Club have been cancelled for the rest of April, but they will be re-scheduled in May.

Coyote Or Cougar??

A coyote appeared to be the object of a search Monday by Texas Department of Public Safety officers and residents of the Oklahoma Lane community, although when the search started the group was reportedly hunting a cougar.

Department of Public Safety officers and the Parmer County Sheriff's office in Farwell have been unable to confirm a report that a motorist passed through Bovina about two weeks ago and accidentally allowed what was believed to be a cougar escape.

The unconfirmed report, plus an apparent sighting of an animal, believed to be a cougar, by two Oklahoma Lane farmers, sparked the search.

The only animal discovered in the search by the group turned out to be a coyote. According to DPS officers from Farwell, no definite signs of a cougar were ever found and it has not been determined whether a cougar is loose in the area.

Farwell Band Leaves For Six Flags Monday

Farwell High School band will leave Farwell at 7:30 a.m. Monday, April 16, for a trip to Six Flags Over Texas near Arlington.

According to Jack Williams, high school principal, approximately 70-75 bandmen are expected to go on the trip which is being sponsored by Farwell Band Boosters. Farwell School Board approved the trip for the band and will allow them to take school buses.

The band is expected to arrive at Kings Inn in Arlington by 7 p.m. Monday. They will stop at noon to eat sack lunches. Soft drinks are to be

furnished by the band parents. Tuesday the band will spend all day at Six Flags, arriving at 10 a.m. and leaving by 10 p.m. Wednesday morning at 7:30 the band will leave Arlington to return to Farwell. They are to eat at a restaurant at noon and return home by 7 p.m.

Easter Break Starts Today

Farwell schools will dismiss today (Friday) at 3 p.m. for Easter vacation. School will resume at the regular time Monday morning, April 23.

AWARDED TOP HONORS at Farwell High School's All-Sports Banquet Saturday night at Farwell school cafeteria were, left to right, Doug Johnston, Steer of the Year; LaShawn Sheets, Farwell Chamber of Commerce award for Most Outstanding Athlete; and Kevin Hargrove, recipient of the Principal's Award for Highest Scholastic Achievement. Farwell's outstanding athletes in football, basketball, track and baseball were honored during the evening.

Outstanding Athletes Feted At Pep Club Sports Banquet

Farwell High School athletes were honored Saturday night with an All-Sports Banquet in the Farwell school cafeteria. The banquet was sponsored by Farwell Pep Club. Mrs. Joyce Hargrove is Pep Club sponsor.

Charles Hargrove started the "First Half" off with a prayer. W. M. Roberts, Farwell school superintendent, was in charge of "Pre-Game Activities" which included a welcome to athletes, coaches and guests.

Vernon Scott was unable to attend the banquet because he was snowed in at Channing with the Junior Little Dribblers team, so the "First Quarter" was substituted with the "Second Quarter".

During the "Second Quarter", banquet goers enjoyed a meal of barbecue and the trimmings. Tables were decorated with tiny plastic football helmets and cardboard and paper football players, footballs and megaphones in blue, white and red. Blue streamers ran the length of the tables.

The walls of the cafeteria were decorated with blue and white streamers and multi-colored balloons. Along one wall was a large sheet of blue paper with Farwell athletes and professional athletes names in white. On the opposite wall, uniforms of each sport in which Farwell students participate and items used in playing the sports were hung. A tissue paper world surrounded by colored lights also hung on the wall.

Above the head table, a large banner of blue paper with silver writing proclaimed: "World's Greatest Athletes". Farwell coaches' names, Booth, Nicholas, Scott, Owen,

McDorman and Alana, were also written on the banner in silver.

Large white and blue paper and cardboard balls hung from the ceiling along with blue and white crepe paper streamers. In the center of the ceiling, a multi-colored paper bag held balloons which were released

at the end of the banquet. "Half Time" entertainment was Babs Tatum, Miss Wayland Baptist College, who sang songs by Carol King and The Carpenters. Miss Tatum was accompanied by Jimmy Taylor and Debra Martin on guitars.

SPORTS HONOREES - LaShawn Sheets was named Girls' Most Valuable Forward at Farwell High School's All-Sports Banquet Saturday night. She also received the Farwell Chamber of Commerce award for Most Outstanding Athlete. Jack Kirkland was honored as Outstanding Trackman for 1972. Kirkland is a 1972 graduate of Farwell High School and Miss Sheets is a senior at Farwell.

NEWLY-ORGANIZED SCHOOL BOARD - After Saturday's school board election, Farwell school trustees met Monday evening to re-organize. Farwell Independent School District trustees are, left to right, seated: R. J. Garner, secretary; Gilbert Kaltwasser, president, re-elected Saturday; Billy Mayfield, vice-president; standing: Walter Hughes, Ted Magness, new member; Charles Aycock and Wilbert Kalbas, new member.

L L Player Drafts Saturday, Monday

Little League player draft is scheduled to begin at 1:30 p.m. Saturday at Texico-Farwell Lions Club ballpark, according to Little League President Jim Walker.

Walker said the player draft is for those boys who aren't already on a Little League

team. Boys who have never played before should attend if they want on a team, and also those boys who are in between teams because of their ages should be in attendance.

For those boys who are unable to attend the first player

draft, there will be a second draft on Monday at 4:30 p.m. in the ballpark.

Little League season will start sometime around May 15 and will be kicked off by the annual Lions-Rotary ballgame.

Hypoglycemic Group Slates Meet Sunday

The fourth meeting of the Clovis Hypoglycemic Group will be Sunday, April 15, at 2:30 p.m. (MST) in the Community Room of the First Federal building, 801 Pile in Clovis.

Dr. Wm. C. Smith, gynecologist, from Lubbock will be guest speaker. Dr. Smith has specialized in low blood sugar since his wife was diagnosed, after many futile efforts, to be hypoglycemic.

Lerice's Grand Opening

Bernice Norton, owner of Lerice's, formerly Bobbie's, announces the dress shop's Grand Opening will be Tuesday, April 17, all day. Since purchasing the store from her sister, Bobbie McFarland, several weeks ago, Mrs. Norton has had the building re-modeled and re-decorated. The primary color used in

decorating is pink with red accents. Red and pink carpeting and red curtains in the dressing rooms will provide a cheery atmosphere for Lerice's customers, Mrs. Norton hopes. Drawings will be staged hourly and door prizes will be given away. Refreshments will be served. The shop is located at 812 Avenue A in Farwell.

FOOTBALL, BASKETBALL AWARDS - These Farwell High School students were honored Saturday night at the Pep Club's All-Sports Banquet for being the best in their sport. They are, left to right, Harold Jones, Best Blocker and Tackler; Ray Norton, Most Outstanding Football Player; Jamey Craig, Girls' Most Valuable Guard; and David Dannheim, Boys' Most Valuable Basketball Player and recipient of the KGNC Player of the Area award. LaShawn Sheets received Girls' Most Valuable Forward award.

PURELY PERSONAL by John

What a Saturday night April 7, 1973, turned out to be. For several hours we experienced as bad a blizzard as we can readily recall. Fortunately the weather did not continue as had been predicted. This undoubtedly held the loss of livestock in our area to less than complete disaster proportions. However, we understand that there was at the very least considerable loss in this respect.

At the height of the storm we could not help but wonder if some of the fuzzy-headed meat boycotters really understood the complex hazards inherent in the industry that provided this country with the most plentiful supply of good food in the world. Obviously not.

There are still some mighty silly statements being issued by the misinformed people responsible for this ill-advised venture. We hope that the farm and ranch industry will continue their programs of public education and information.

Generally speaking, the American public will adopt a reasonable attitude if fairly presented all the facts in a given situation. The big rub here is the sensation-mongering press in many parts of the country who have not so presented the facts in the current meat situation.

In addition to an investigation of meat prices, we need an investigation into who actually has aided and abetted this nonsense. We would risk a "Bob" or two that these so-called housewives were being "used" by various pressure groups for their own selfish ends. These ends being high wages for their close knit memberships and low prices and wages to everybody else.

Remember that the farm and ranch folks no longer control the votes but the metropolises with their teeming millions now have the political clout to get legislation passed which furthers their aims. As a general statement we think these aims are inimical to the interests of the rural areas, and rural folks must adopt voting patterns on a more realistic basis than has been demonstrated in past years.

Speaking of our farm production... the present international situation wherein the United States and Russia and China are beginning to reach an era of understanding is possible only because the American farmer has produced the abundance of food which these other countries now so desperately need. Make no mistake. America can call the world tune if we but wisely use our vast granary of food.

Today we are actually keeping the Russian giant from starving to death. We will soon be doing this for Red China. We must use this unprecedented leverage to obtain lasting concessions around the world.

Were we to firmly tell Russia today that unless North Vietnam immediately stopped the "Cease Fire" violation we would halt all grain movements to her, you would find North Vietnam quickly obeying her solemn agreement. Were we to tell Russia no grain unless Chile fairly and quickly reimbursed our investors in that country, you would find Chile immediately begging to be allowed to pay us our rightful debts.

Yes, a firm hand now on the food spigot could solve many of the world's problems. And this could be only because the American farmer and rancher is the world's most productive individual working within the world's most productive system.

How much better it would be to produce world peace by the bushel and carcass rather than by the bullet and bomb.

Let us hope that our many national organizations and their leaders recognize this great opportunity made possible by the farmer and rally to his help rather than support a D...n F...l boycott.

As a parting thought, we express our appreciation to all the line repair workers who have kept our light burning, our phones ringing and, yes, our boob tubes glowing in this stretch of most unusual bad weather.

Farm Welding Course For Adults Planned

A farm arc welding short course for adult farmers has been scheduled May 7-10 in Farwell. The course is under sponsorship of Farwell Agriculture Department, according to W. M. Roberts, Farwell school superintendent, and Jerry Mathis and Danny Ivy, vocational agriculture teachers.

Bill Hollenback, welding specialist with the Agricultural Education Adult Specialist Program headquarters at Texas A&M University, will instruct the course.

Hollenback has a B.A. degree in Agricultural Education from Oklahoma State University and an M.S. degree in Agricultural Education from Texas A&M University. He was a professional welder for five years with headquarters at

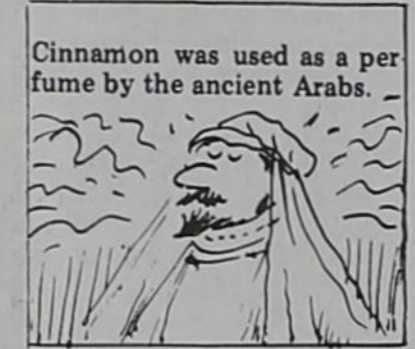

Tonkawa, Okla. He taught Vocational Agriculture seven years prior to joining the Adult Specialist Program.

The short course will begin May 7 at 7:30 p.m. in the vocational agriculture department at Farwell High School and continue each night through May 10.

During the dates the short course is in progress, Hollenback will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Mathis.

Farmers interested in attending the short course should write or call Roberts at the superintendent's office or contact either of the Vocational Agriculture teachers at Farwell. An entry fee of \$5.00 will be charged. Farm Welding Short Course Certificates are

to be presented to each enrollee who attends all the training sessions.

director and football coach, introduced Rev. J. L. Bass of Odessa, formerly of Farwell, who addressed the athletes on "What It Takes To Make A Champion".

Rev. Bass said it took four things to make a champion, whether it be as a Christian or any other phase of life. The four things he mentioned were: 1. faith in God, faith in ability, in ourselves and in our fellow man; 2. training; 3. goals; and 4. the will to win.

The "Fourth Quarter" was the most exciting for banquet goers since it included awards to the outstanding athletes.

LaShawn Sheets was named "Most Outstanding Athlete" at Farwell School. She was presented the Farwell Chamber of Commerce trophy by Chamber president Charles Aycock. This is an award made annually by the Chamber.

Kevin Hargrove was presented a plaque by Jack Williams, Farwell High School principal, for winning the Highest Scholastic Achievement award.

Steer of the Year award was given to Doug Johnston. He received a trophy from Williams.

Booth presented the Best Blocker and Tackler award to Harold Jones and the Most Valuable Football Player a-

ward went to Ray Norton. David Dannheim was honored as Most Valuable Boys' Basketball Player. He also received the KGNC Player of the Area award. Doug Johnston presented the award on behalf of Scott, boys basketball coach.

Miss Sheets was awarded Girls' Most Valuable Forward by Gayle Nicholas, girls basketball coach. Jamey Craig was recognized as Girls' Most Valuable Guard.

Track award for 1972 went to Jack Kirkland. Baseball award for 1972 went to Brett Hargrove.

Jerry D. Owen, Farwell coach, recognized Jessie Cantu as Clutch Player award recipient. The Clutch Player award goes to the most improved athlete.

Gifts were presented to each of the coaches on behalf of their teams. Recognition was given to Farwell football team members, Farwell 3-A District golf champions, Farwell 3-A varsity girls basketball champions and "B" girls basketball champions. Farwell track team and All-District and All-South Plains players and honorable mentions.

Everyone joined in the school song at the end of the banquet. Carrie Haseloff, Pep Club president, tore open the bag of balloons hanging from the middle of the ceiling as the song was finished. Owen gave the benediction.

PX 50A HYBRID CORN
harvests early - 14 to 21 days quicker than full season hybrids

YIELD CHAMPION MATT IRWIN - TEXLINE

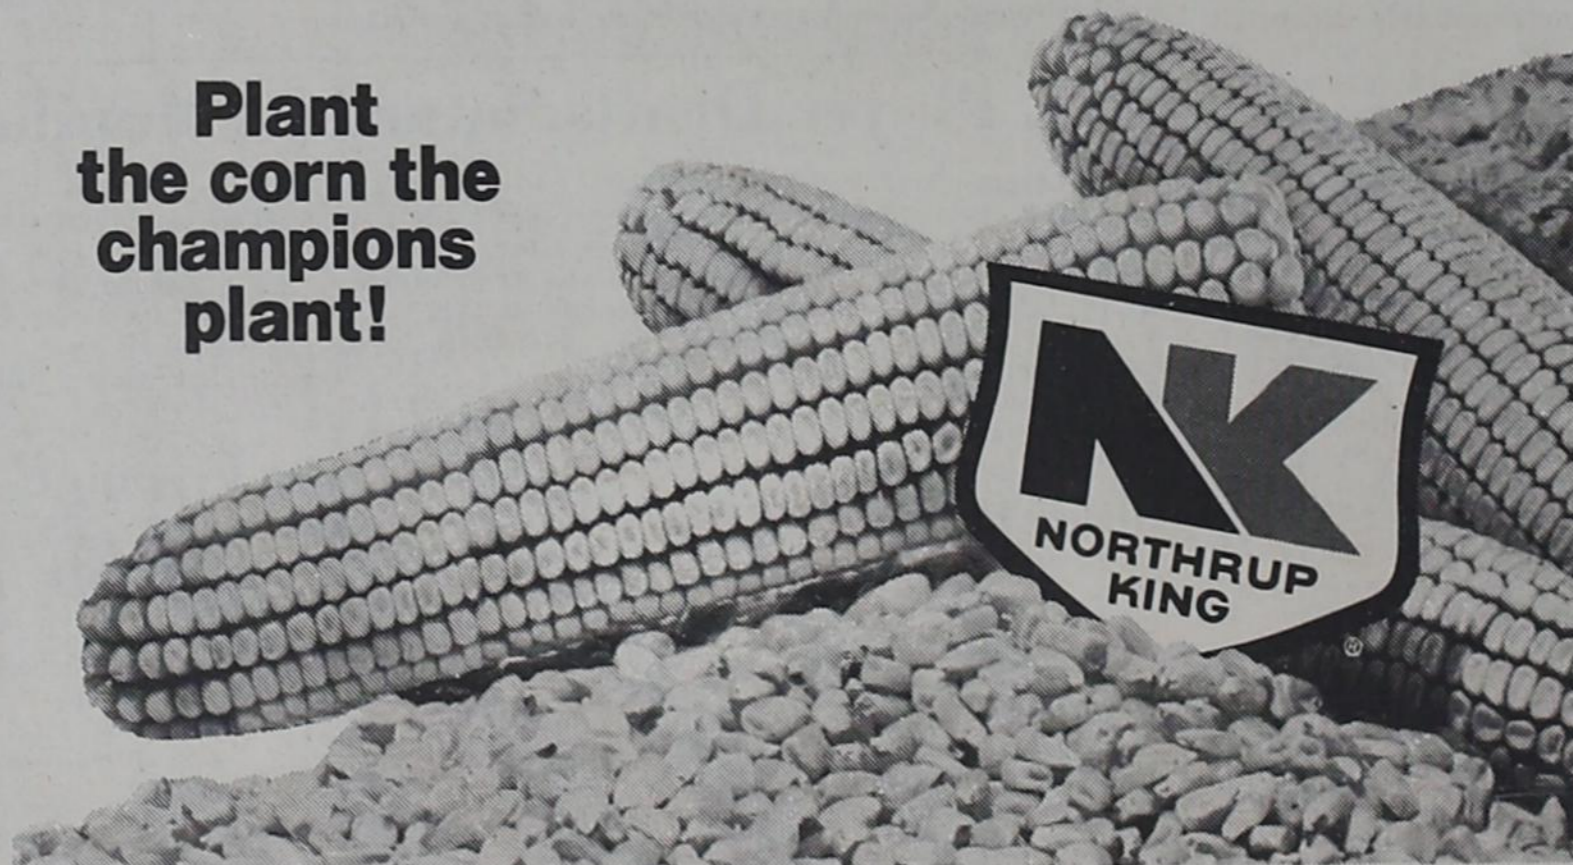

Matt Irwin knows that it takes a good corn hybrid for intensive management to produce champion yields. Last spring he went with PX 50A. "The 207.08 bushels per acre is the highest yield I have raised."

On April 10th Irwin preplanted 200 lbs. of NH3. Five days later he applies 600 lbs. per acre of 4-10-10 and 1 lb. of boron, 2 lbs. zinc and 3 lbs. of manganese. In mid-July he added 75 lbs. per acre of 28-0-0 to the soil through his pivot sprinkler system. He irrigated 8 times. Weed and insects were controlled with chemicals.

Likes Harvestability of PX 50A. "I like the way PX 50A dries down early in the season", (16.2%), stated Mr. Irwin. "Standability was good. It threshes good with no problems. After harvesting was completed on October 18th he let his cattle in the stalks - "for that extra profit".

Five Trackmen Competing At Regional Track Meet

Five Farwell High School tracksters are competing today and tomorrow (Friday and Saturday) at the Regional Track Meet in Lubbock at Coronado High School.

The five are Robert Sierra, mile; Carl Kirkland, 220-yard dash; Donnie Garner, 880-yard run; Mike Woods, high jump; and Jessie Cantu, pole vault.

The boys won the right to compete in the regional meet after placing first or second in their respective events in the District Track Meet Saturday in Springlake.

Farwell accumulated 89 points in the District meet to tie Hart for second. Springlake-Earth won district honors.

Coach Toby Booth said there was a vast improvement in the track team since the beginning of the season.

"We were lacking in depth in field events this year, but the effort was great. We look for a great track team next year," he said.

Farwell's sprint relay team, Winfred Long, Mike Woods, Carl Kirkland and Jack Foster, placed third. Woods placed third in the 100-yard dash. Garza placed third and Gene Christian placed fifth in the 440-yard dash.

Garza tied with Woods for second and third places in the high jump. Since Woods won the toss, he is competing in the

regional meet. Kirkland won second in the 220-yard dash. Sierra won first in the mile and Garner won first in the 880-yard run.

Cantu placed second in pole vault. Charles Hargrove placed sixth in the 880-yard run and Kent Gast placed eighth. Eldon Embry and Juan Jaime didn't place in the mile, but made a good effort, according to Booth.

"If they had an award for the best individual effort, it would go to Gene Christian. Although all the boys put out a good effort in the District meet, Christian was outstanding," Booth said.

LITTLE DRIBBLER ALL-STARS are, left to right, front row: Randy Geries, Steve Owens, Mark Owen, Robin Roberts and Stanley Goldsmith; back row: Rowdy Chandler, Steven Scott, Steve Hargrove, Clay Roberts and Kayle Watts. The All-Stars team was picked after Little Dribblers season. They will be competing in a regional tournament April 19-21 in Friona. They are scheduled to play Springlake-Earth at 7:30 p.m. Thursday, April 19. Coaches for the All-Stars are Carl Kirkland, Greg Taylor and Mike Woods.

Jr. High District Meet Re-Scheduled

Farwell Junior High boys track team was to host the Boys Junior High District Meet Thursday, April 5, but the meet has been re-scheduled for April 27.

According to James Craig, Junior High principal, the track was too wet to run on. Farwell High School and Junior High girls teams were to host the District Girls Meet here this Thursday if the track was dry enough.

The District Junior High Boys Meet will be staged April 27 instead of Farwell Junior High Relays. The Relays had been re-scheduled on that date after inclement weather postponed it once.

Craig said the Relays might be re-scheduled if a later date can be set.

COMPETING AT REGIONAL - These four Farwell High School tracksters and Jessie Cantu, not pictured, will be competing in the Regional Track Meet today and tomorrow (Friday and Saturday) at Coronado High School in Lubbock. Left to right, they are Robert Sierra, mile; Carl Kirkland, 220-yard dash; Donnie Garner, 880-yard run; and Mike Woods, high jump. The boys placed first or second in their respective events at the District Track Meet Saturday in Springlake. Cantu will compete in the pole vault event.

Loss To Dalhart - -

Junior Dribblers Place Second At Regional Meet

Farwell Junior Little Dribblers placed second in the Regional tournament over the weekend in Dalhart. Farwell was defeated Saturday in the finals by Dalhart 36-32.

In their first game Friday night, Farwell Junior Little Dribblers shredded Bovina 40-20. In games Saturday, Farwell was defeated by Dalhart 50-24, but the team came back to beat Dimmitt 29-28.

Junior Little Dribblers are Nicky Liethen, Brent Green, Gary White, Boyd White, Mark Clifton, Richard May, Randy Herrington, Byron Mayfield, Richard Carpenter and John Scott. Coaches are Gary Green and Billy Roberts.

Vernon Scott, Little Dribblers organization president.

said the team, coaches and several parents were snowed in Saturday night in Channing after trying to return to Farwell. The group came back to Farwell Sunday.

Farwell Girls "Putt" Hands On Championship

Farwell High School girls golf team captured the District 3-A girls golf championship Tuesday in a meet at Farwell Country Club.

Texico Girls To Compete In Tatum

Texico high school and junior high girls track teams are in Tatum today (Friday) to compete in a track meet, according to Coach Charles Stockton.

The team had a score of 313 to win the title. Team members and their individual scores are Patty Martin, 74; Jamey Craig, 77; Lee Ann Williams, 77; Claire McFarland, 85; Tami Haseloff, 88; and Karen Foster, 93.

Only five of the six girls are eligible to play in the regional girls golf meet next week. Miss Foster is not eligible because of her high score Tuesday. Only the top four individual

scores from each team were used in tabulating the results of district play Tuesday.

Report From The Sheriff's Office

Two persons, David Shackelford and James Chaney, both of Friona, were arraigned this week and bonds set after they were charged with the theft of a saddle belonging to John White, north of Clovis.

One saddle and two bridles were recovered, according to Parmer County Sheriff Charles Lovelace. Lovelace said three saddles were taken in the theft. He said the saddle and bridles were recovered at High Plains Feed Yard before they were reported stolen.

Two juveniles were also implicated in the theft and were taken care of by authorities in New Mexico. The two Parmer County men will be bound over for Grand Jury action.

Hubert Tigues was arrested in McKinney on a Parmer County warrant charging him with the theft of a car from Friona about a month ago. Tigues made \$2,500 bond and will be bound over for Grand Jury action. The car was recovered.

Officers from Parmer County are investigating the break-in last week of Parmer County Implement Co. in Friona. An undetermined amount of cash was taken after a couple of doors were forced, Lovelace said.

Monday Sherrill Lumber Yard in Bovina was burglarized after a door was torn open, reported Lovelace. He said an undetermined amount of cash and approximately \$200 in merchandise, mostly tools, were taken.

Officers are also investigating a missing John Deere quick-way hitch which was taken from the yard at the Kenneth Hall sale one mile south of Clay's Corner Monday.

Lovelace said the hitch belonged to R. C. Davis and had been purchased by Darrell Dickson of Kress. He said anyone who knows anything about the disappearance of the hitch should contact the Parmer County Sheriff's office.

INTRODUCING INTERNATIONAL 500 CYCLO PLANTER

The Only Planter That Plants With Air Power
Toolbar Mounted For 4 And 6 Row Planting

No other planter plants so accurately...
no other planter is so simple and convenient...
because no other planter plants with air power

Air power is the heart of the International 400 CYCLO Planter. It's a completely new concept. It's a totally different method of planting. Controlled air takes the seed from the master hopper and gently delivers it to the furrow... equally spaced and planted at uniform depth.

Simplicity is the key to this revolutionary system. Only three moving parts. A blower that supplies air pressure. A revolving seed drum with perforated seed pockets. And rubber seed release wheels.

And talk about convenience. One centralized master hopper holds over 11 bushels of seed, enough to plant half a day, non-stop. And all you do to switch from one crop to another is change the drum. In less than three minutes you're ready to plant your second crop.

Air power planting is simple, accurate and reliable. From hopper to furrow seeds are given the "kid glove" treatment. No seed bounce... no scatter. Just fast, high production planting. Planting that gives you full stands, bigger profits.

Plant any size seed-sized or unsized-

Here's how it works. Seed from the master hopper is automatically fed, in just the right amount, to the revolving seed drum. As the drum turns, seeds lodge in the perforated pockets and are held in place by air escaping through the perforations. A soft bristled brush carefully cleans off any excess seed. When seeds reach the top of the revolving drum, seed-release

wheels block the escaping air and seeds fall from the pockets and drop into the delivery tubes. Air takes over again and carries the seeds through the tubes and delivers them into the furrow with speed and precision. The amazing simplicity of air power planting is your guarantee of reliability season after season.

First Big Drag Race Slated Easter Sunday

High Plains Race Club will sponsor its first big drag race Sunday, April 22, on the roads leading into Curry County Fairgrounds in Clovis, according to Harry Wellborn, reporter.

The one-eighth mile track will be open at 8 a.m. Sunday. Eliminations will begin at 1 p.m. Entry fee is \$2.00. Time trials and ETs (estimated time) will be staged, says Wellborn.

Prizes will be awarded winners in each class, he added.

Clean-up days have been scheduled Sunday, April 15, and Saturday, April 21, at the track. Everyone, members of the Club and non-members interested in racing, are urged to come out and help so the track will be ready for the big race.

High Plains Race Club is also sponsoring a drag race Sunday at Cannon Air Force Base track for military personnel. According to Wellborn, civilians can't race on the Base track because the Base doesn't have civilian insurance.

Base personnel can enter Sunday's race for \$3.00. Everyone is urged to come out and watch the race. Wellborn adds.

High Plains Race Club was to meet Thursday, April 12, at 7:30 MST in the auto mechanics shop at Clovis High School.

The use and care book accompanying my refrigerator advises unplugging the cord from the electrical outlet when cleaning or changing a light bulb. Turning the control to "off" is easier—why isn't it recommended?

Turning the control to "off" is easier but does not disconnect power to the appliance. For complete safety in cleaning any appliance powered by electricity it is best to unplug the cord from the outlet.

Day Receives Service Medal

CMSgt. Harrell J. Day, son of Mrs. Nora M. Day of Texico, was awarded the Meritorious Service Medal at a retirement ceremony at Tactical Air Command Headquarters, Langley Air Force Base, Va., March 31. CMSgt. Day served as administration officer for the 1st Aerial Port Group at Langley AFB from Feb. 3, 1972, until his retirement. His military career included tours of duty in Europe, Canada, the Pacific and Vietnam. Day and his wife, Jennie, are presently visiting with his mother in Texico. Day has attended Texas Tech University and the University of Maryland. He plans to complete degree work at the University of New Mexico.

Mrs. Bertha Foster - -

Tribune Prize Winner Still Winning Awards

Second place winner in a subscription-selling contest for the State Line Tribune in 1927, Mrs. Bertha Foster of Clovis is still a winner. She was recently notified that she was appointed by New Mexico Gov. Bruce King as a Colonel Aide-de-camp to his staff. The same day, Atty. Gen. David Norvell of New Mexico notified her of her honorary membership to the attorney general's staff. Mrs. Foster remembers when she entered the contest at the Tribune in 1926 or 1927,

W. H. Graham, Sr., was in charge. She says four or five others were selling subscriptions for the contest. "I went to all the elevators in the area. They were harvesting grain at the time and all the farmers for miles around were there," she stated. Mrs. Foster was awarded a wrist watch for her efforts. Winner in that long-ago contest was Bill Smith of Clovis. Mrs. Smith is now manager of a motel in Clovis. She received a car, as Mrs. Foster remem-

bers. In the second contest Mrs. Foster entered, in the 1930s, she won first prize. A furniture store in Clovis was in charge of the contest. People coming in to the store voted for Mrs. Foster. She won a bedroom suite. A local pie-baking contest in 1957 brought Mrs. Foster a second place. Mrs. Reuben Nieves was first and she went on to compete on the state level. The contest was for the national Mrs. America finals. Mrs. Foster came to the Clovis-Texico-Farwell area when she was four years old. She was born in Oklahoma in Indian Territory and kidnapped when she was three, but was returned to her parents. After threats she might be kidnapped again, her family decided to move. Her mother's parents were

EAGER CONTESTANT -- When the State Line Tribune had a subscription-selling contest in 1927, Mrs. Bertha Foster of Clovis toured all the areas drumming up business. She won second place and a wrist watch for her efforts. This picture of Mrs. Foster was used in the Tribune at that time to announce the winners of the contest.

Begins Duties As Highway Patrolman

James Symcox of Farwell began his duties Friday, April 6, as a highway patrolman stationed in Childress, Tex. Symcox graduated from Texas Department of Public Safety Law Enforcement Academy in Austin April 6. A 1969 graduate of Farwell High School, Symcox attended Amarillo College prior to going into the Academy.

She has lived in Clovis since 1921. For a time, she ran a cafe at 4-C's Cattle Barn which was called "Cattle Capitol". The name "Cattle Capitol" is now widely used in designating Clovis and the surrounding area. A real worker, Mrs. Foster is president of Curry County Democratic Women. She is past president of both the B.P.O. Does and B&PW organizations and is an active member of both. She is also a past president of ESA. Mrs. Foster's name appeared in the 1971 edition of Personalities of the West and Southwest which honors America's leaders.

Essay Winners Honored At SWCD Meeting

Parmer County Soil and Water Conservation District met for its regular meeting Tuesday, April 3, in Friona. The conservation essay winners for the district were present to receive their awards. First place winner was Rhonda Rhodes; second place, Larry Wiseman; third place, Christie Trimble; and fourth place, Evana Johnson. All winners were from Bovina High School and were accompanied to the meeting by Margaret Durben, a teacher at Bovina High. Following the awards presentation, the regular business meeting was conducted. The SCS accomplishment report was made by Herb Evans, District Conservationist, a conservation plan was approved, Great Plains Conservation Program applications were approved and the Running Water Draw Watershed status was reviewed.

ACTIVE IN CIVIC AFFAIRS -- since 1927 Mrs. Foster has packed a few more contests under her belt. She has graduated to memberships in several worthwhile organizations in Clovis which take up most of her time. She is president of Curry County Democratic Women and is an active member of B.P.O. Does and B&PW. Mrs. Foster recently received notification from the office of New Mexico Gov. Bruce King that she was appointed Colonel Aide-de-camp to his staff. The certificate she holds indicates her appointment. She also received an honorary membership to New Mexico Atty. Gen. David Norvell's staff.

Woman's Committee Has Leadership Confab

The District Two New Mexico Farm and Livestock Bureau Women's Committee held a leadership conference in Clovis recently. Women from DeBaca, Roosevelt and Curry counties were in attendance.

"Understanding the Farm Bureau Women's Committee Program" was presented by Mary Blakley, State Chairwoman. A report was given by Robert Storey, Legislative Director, on the 1973 legislative session. A report on Farm Bureau programs was given by

John Augustine and Bob Porter, staff members.

The women were asked to help finish the annual membership drive which the members have been working on in the past weeks.

Those attending from Curry County were Beverly Pierce, Gladys Pierce, Pauline Davis, Cleo Qualls, Evelyn Hadley, Helen Kelley, Stella Barrow and Barbara Miller.

State staff members attending were Dorothy Sullins, Information Director; Bob Porter, Director Field Services; Robert Storey, Legislative Director; John Augustine, Executive Secretary; Ken Hargheiser and Bill Crawford, area field men.

LEADERSHIP CONFAB - District Two New Mexico Farm and Livestock Bureau Women's Committee members, who staged a leadership conference in Clovis recently, included, left to right, seated: Mary Blakley, State Chairwoman from Roosevelt County; and Curry County members, Barbara Miller, county chairwoman; standing: Beverly Pierce, county vice-chairwoman; Helen Kelley and Gladys Pierce. Women from DeBaca, Roosevelt and Curry counties were in attendance. They were asked to finish the annual membership drive which they have been working on in past weeks. Mesdames Pierce, Pierce and Kelley represent Pleasant Hill Farm Bureau.

Church Has New Pastor

Lynn Ezell of Elk City, Okla. will be preaching at Calvary Missionary Baptist Church in Farwell beginning Sunday, according to G. T. Watkins.

The new minister and his family are to arrive here today (Friday). Watkins said Ezell has just recently been ordained into the ministry.

Sunday worship services are at 11 a.m. and 7 p.m.

Nutrition Notes

Ready to go on a diet so you can be certain to squeeze into last summer's swim suit? Before you do, try this easy means of cutting down on daily calories: list all the extras that you eat during the day - the Danish at coffee breaks, the tidbits as you feed the baby, the cold drinks in the afternoon, the many "nibbles" as you prepare dinner, and the "just a snack" at bedtime. When you total these calories, you may be surprised how they count up and add to your daily total. Just cutting out these "in-betweens" may be a good way to lose some weight before swimming days arrive without depriving yourself of necessary nutrients.

GIRL SCOUT INSTALLATION - Junior Girl Scout Troop 121 recently installed new Patrol Leaders and other Troop officers. Those installed were, left to right, front row: Tonda Fulcher, Scribe; Debbie Prather, Susan Meeks, Robin Vinton and Sharmy Christian, Patrol Leaders; back row: Betsy Black, Treasurer; Judith Schilling, Tami Guthrie and Cindy Ronquillo, Assistant Patrol Leaders.

General Soil Map Available For Sale

A multi-colored general soil map of Texas has now been published and is available for sale to the public, a local conservation official said this week.

Herb Evans, district conservationist for the U. S. Soil Conservation Service at Friona, said the 36-by-45-inch map can be seen in his office. It shows soil information compiled from years of detailed

soil survey work by the Soil Conservation Service in cooperation with the Texas Agricultural Experiment Station.

Evans said the map lists basic soil information which should be useful to teachers, planners, conservationists, contractors, engineers, developers, realtors, farmers, ranchers, researchers and others.

The map gives color deline-

ations of the 73 major soil associations (containing 161 separate soil series) in the state and their extent. It also lists special limitations of the soils that affect their use.

Published cooperatively by the Texas Agricultural Experiment Station and the Soil Conservation Service, the map is available in two sheets or printed front and back. Printed front and back, the map may be purchased for \$3.00. Printed on two separate sheets, the map costs \$4.00.

The map may be purchased from the Department of Agricultural Communications, Texas A & M University, College Station, Texas 77843.

Order blanks can be obtained from the SCS office at Friona or from the County Extension Agent's office in Farwell.

Council Compiles Information On Organized Crime In Texas

EDITOR'S NOTE - This is the first in a series of five stories dealing with the rise of organized crime in Texas and the steps being taken to combat it. Education of the public to the dangers of organized criminal activities is one of the prime goals of the Texas Organized Crime Prevention Council. Statistics used in these stories were made available through the Council in conjunction with the Texas Department of Public Safety. This first story deals with a broad view of the problem. Subsequent stories will deal in specific types of criminal activity. Atty. Gen. John Hill and Col. Wilson E. Speir serve as Co-Chairmen for the Texas Organized Crime Prevention Council. This series is a part of a public education program developed by the Texas Organized Crime Prevention Council with assistance from the Texas Criminal Justice Council, the Law Enforcement Assistance Administration, the Texas Department of Public Safety, the Office of the Attorney General of Texas and local law enforcement agencies.

statewide. The "take" in Texas on illicit drug traffic is almost impossible to reduce to dollars and cents, partially because of strong indications that in addition to supplying users in the state, the pushers also supply the markets in at least nine other states.

Texas drug rings are known, for example, to supply connections in Chicago, New York and Miami.

This unsavory phase of gangland is highly profitable, however. It also leaves in its wake thousands of broken and shattered lives and death. Violence comes easy in the uneasy world of the drug pusher.

Poetically, or jokingly, dubbed the "Wheels of Crime," no less than 40 auto theft rings have been uncovered in Texas. Last year in Dallas alone car theft hit near the \$7 million mark.

Statewide there were 48,323 auto thefts reported in 1971. Valued at over \$50 million, these hot cars were "fenced" in Arizona, New Mexico, Oklahoma, Alabama, Mississippi, Louisiana, California, Mexico and even Europe.

Not only are cars stolen to be stripped of their valuable parts but also resold after changing the true identification. Texas law enforcement officials state flatly that stolen vehicles figure heavily as transportation for crooks involved in armed robbery, kidnapping and other offenses.

The thieves don't limit themselves to automobiles by any means. Campers, motorcycles, mobile homes, heavy equipment, boats and motors - just about anything and everything on two or four wheels is fair game.

In the theft area, the problem of the "fence" is a major one. Many of them recruit newcomers, especially youths for a car heist, with the thieves thus launched on criminal careers.

Narcotics, car theft rings, the "fence" (purchaser of stolen goods), and bookmaking are areas in which law enforcement officials feel stronger laws are needed. Specifically, they refer to the political hot potato of electronic surveillance.

Federal court ordered electronic surveillance, which includes but is not limited to wire tapping, is legal under the Federal Omnibus Crime Control Act, but the Texas Legis-

lature has yet to authorize it in this state by statute.

"While not in favor of just opening it up entirely, we badly need such a law. But we must see that proper controls such as a court order based on probable cause, proper supervision and discretion are used," said Col. Speir.

"Uses of electronic surveillance must be carefully limited and the penalties for abuse of this power must be high. No bill will ever have my support which does not protect law-abiding citizens from the invasion of their privacy," Gov. Briscoe told the Legislature.

Atty. Gen. Hill is also cautious about "bugs" and wire taps. He concurs, though, with Gov. Briscoe and Col. Speir that tightly regulated electronic surveillance can be effective in investigating certain conspiratorial, organized criminal rings - who plot their criminal plans by telephone.

"In seeking this type of limited law to assist our law enforcement personnel, we must be certain to build in adequate penalties for those who would undertake to illegally invade the privacy of law-abiding citizens," Hill pointed out.

"The Numbers" long has been a key part of mob business throughout the United States, but apparently it isn't that big a threat in Texas yet.

Poor people are the major customers for numbers racket operators. Loan sharking has not found too fertile a field in which to operate in Texas, although there is some evidence it exists. Organized crime also has quietly moved in legitimate businesses in Texas in recent years.

Symptoms of criminal schemes to take over legitimate business operations surfaced in Texas during 1972.

A major Texas newspaper reported one "text book" example in a coastal city.

The owner of a small company was lured into joining a "mob-controlled conglomerate" by fantastic offers of credit, stability and dizzy promises of rapid financial success.

In the end, the firm's assets were raided (transferred and milked) and the company was left bankrupt.

Lawsuits pending in Texas courts list charges of "fraudulent advertising of assets resulting in an increase in stock prices," "conspiring to gain

control," and "attempting to dissipate the assets of both the company and the holding company."

In recent months several Texas banks were defrauded in an illicit securities scheme that began in San Francisco and had ramifications in New Jersey.

"Cities hit in this one scheme included Houston, El Paso and Lubbock," investigators said.

One of the oldest tools of organized crime is the application of pressure to coerce potential victims.

Operators within criminal ranks will resort even to murder if the purpose suits their bosses.

Even office holders are not immune from being the object of criminal conspiracies.

For example, one office holder found himself the target of an alleged plot which resulted in indictment of three South Texas men at the conclusion of a two-month investigation.

"The conspiracy involved the attempt to hire someone to commit murder," said a court spokesman.

Although it may not sound like it from the above facts, Texas organized crime really isn't rampant at this point.

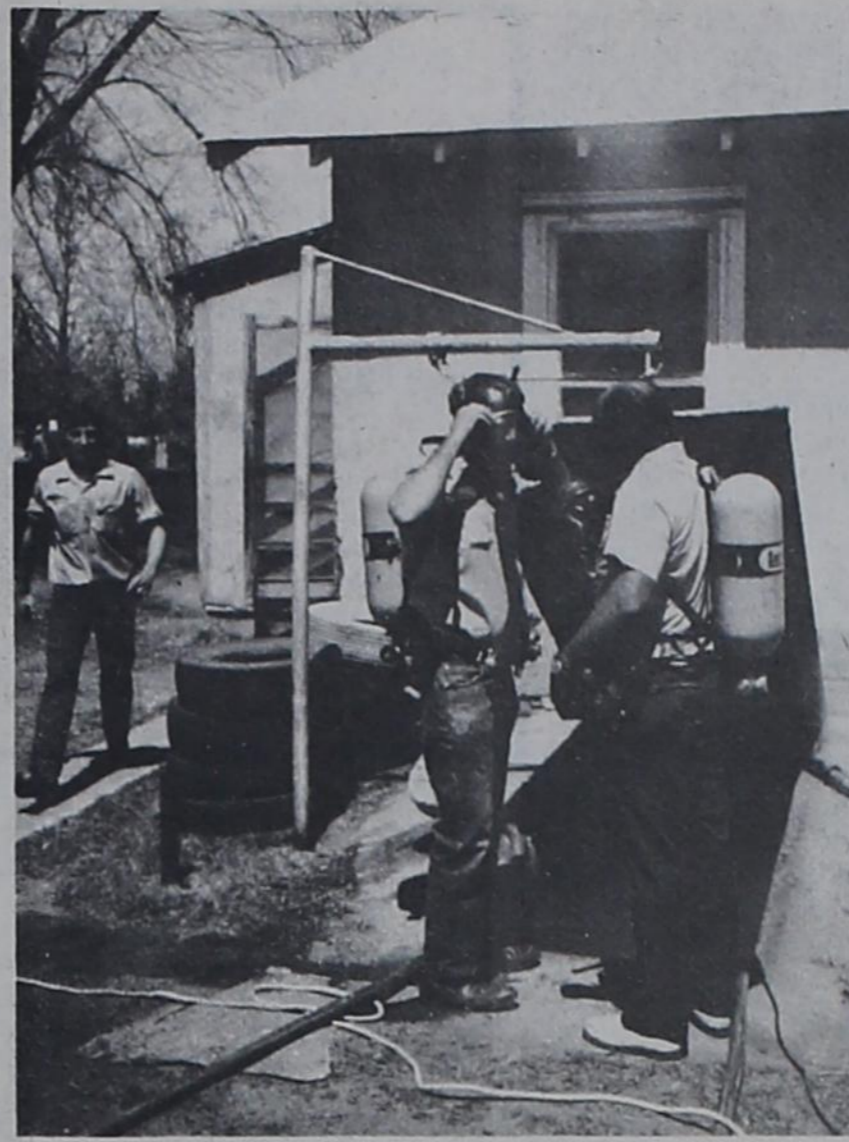

"In general," said Col. Speir, "it consists of unlawful activities of the members of a highly organized, disciplined and sophisticated association engaged in supplying illegal goods and services."

The Colonel added, "Home-grown criminal organization frequently employs the same tactics used by those in the more classic organized criminal operations."

Atty. Gen. Hill puts it another way. "We know the problem exists, and all segments of the criminal justice system are working on it. Texans deserve nothing but the best efforts of us all - they have been and will continue to get nothing less to make sure their lives and property are protected."

This series of articles will continue with specifics in each of the major organized crime fields and will outline what is being done about it.

Citizen support in the fight against organized crime will be explored as well as some causes and effects. The next story deals with auto theft.

BASEMENT POSES PROBLEMS - When an old rug in the basement of the George Zientara home in the 600 block of Garwood caught on fire Friday, April 6, Texico Fire Department members donned their oxygen masks before delving into the dark to put out the flames. Texico Fire Chief Don Caillouet, left, and J. D. Carson, fireman, right, assist each other in putting on the equipment. James Pierce of Texico, who owns the house, said little fire damage was done, but smoke damage was considerable.

SCS Encourages Farwell To Solve Wind Erosion In City

Sand doesn't blow in town because most of the area is paved. Wait a minute - anybody who has been in town when the wind was blowing during the last few months knows better than that, remind officials of Parmer County Soil and Water Conservation District.

There has been a lot of sand

When people want to know... Four out of five read a newspaper as the "best way to find out" - for everything from political news and convention hoopla to community happenings.

blowing in town lately. Where does it come from - neighboring fields? Not likely. Most farmers are aware of the hazards of blowing soil and are equipped to prevent this from happening. The blowing sand has to come from town itself, say the conservationists. Bare lawns, vacant lots, and building sites are the culprits.

These areas are not hopeless. They can be protected and at the same time be made more attractive. Grass is a tremendous weapon against traveling soil, but grass is only one answer. There are many solutions.

Friona and Bovina in Parmer County have recognized this problem and have requested assistance from the local environmental specialist, the Parmer County Soil and Water Conservation District.

Individuals in the City of Farwell and in the country are also encouraged to contact the District through the Soil Conservation Service in Friona for assistance in controlling wind erosion.

County SWCD Serves As Environmental Agency

Pollution comes in many forms.

So do pollution fighters.

There are the alarmists - and alarm does not provide the best atmosphere for finding rational solutions to worrisome problems. Overdramatization serves to deflect attention from the genuine ecological issues we face and blind us to the solutions that are workable, say officials of the Soil and Water Conservation District.

There are those who search for an easily identifiable villain to censure. Some in this group regard modern technology as the intruder on the naturally ordered systems that support us.

And there are some who simply yearn for a return to nature at its pastoral, unused and untouched best.

Then, fortunately, there are people who accept the fact that there is another way out of the environmental crisis: more work and less emotion.

Environmental problems have not been invented by

visionary ecologists. They are very real. To overcome them, we must seek out their origins, link these with the economical and social processes that govern how we live in the world, and learn how to change these processes so that they conform to the needs of the environment and of the people.

The Parmer County SWCD is your local environmental agency.

"Never leave well enough alone. It generally isn't good enough." Clarin D. Ashby, The Utah Basin (Utah) Standard.

"Good heavens - how do you keep it all dusted?"

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

BETHLEHEM AND CALVARY

"Sweet Name come down from heav'n above,
To win our heart's deep tender love;
As Bethlehem and Calv'ry prove:
My Jesus."
How true this old hymn is! Bethlehem and Calv'ry do indeed prove that the Lord Jesus Christ came from heaven to win us to Himself.
St. Paul's declaration: "Christ Jesus came into the world to save sinners" (1 Tim. 1:15) takes in both Bethlehem and Calv'ry. At Bethlehem Christ showed His love for man, not merely by coming to be with us, but by becoming one of us.
Luke, "the beloved physician," wrote the famous "Gospel According to Luke" to show how truly man the Lord Jesus Christ was. Apart from sins, our Lord experienced all the emotions, the sorrows, the joys, the pains, the pleasures that we do. The Son of God actually became the Son of Man that the sons of men might become the sons of God.
But His life alone could not save us. His holiness would only expose our sin and condemn us. This is why the Apostle Paul declares that "Christ DIED for our sins" (1 Cor. 15:3), and that "we have redemption through His blood, the forgiveness of sins, according to the riches of His grace" (Eph. 1:7).
Those who believe this and trust Christ as their personal Savior rejoice in the truth of the above poem. Their hearts have been won to the Blessed One who came from heaven to Bethlehem and Calv'ry because He loved them.

Baked Ham And Cake Make Great Easter Meal

EASTER FOOD FARE -- Glazed ham and vegetables or fruits with a festive cake shaped in Bonnet fashion is the basis for a family gathering at Easter time brunch.

minutes. Meanwhile, mix together corn syrup, orange rind and mustard.

Remove ham from oven; score, making cuts about 1/8-inch deep and 1 1/4-inches apart across fat surface of ham. Brush ham with 1 cup of the syrup mixture.

Bake in oven about 45 minutes, basting frequently, until ham is well glazed and heated thoroughly. Remove from oven and insert one clove in center of each square marked on ham. Baste once more and heat in oven 10 minutes.

Arrange 8 servings each of cooked yams and small white cooked onions in shallow baking pans. Baste frequently with remaining syrup mixture about 30 minutes or until heated and well glazed. A 13-pound ham will make about 25 generous servings.

Pineapple Glazed Ham: Prepare as directed for Glazed Ham, adding 1 (1 lb., 4 oz.) can crushed pineapple to syrup mixture, making cuts in ham

1/4-inch apart instead of 1 1/4 inches.

EASTER BONNET CAKE

- 1/2 c. margarine
- 1 1/2 c. sugar
- 3 eggs
- 1 t. vanilla
- 1/2 t. almond extract
- 3 c. sifted cake flour
- 3/4 t. baking powder
- 1 t. salt
- 1 c. milk
- 1 recipe White Frosting

Grease and lightly flour 1 (9-inch) and 1 (8-inch) round cake pan. Mix margarine and sugar. Add eggs, one at a time, blending until smooth. Stir in flavorings. Sift together flour, baking powder and salt.

Have you ever considered sheets when decorating on a budget - they're economical, colorful and versatile? Today's sheets are available in a wide variety of colorful solids, prints and designs.

Home decorators should find several possibilities to fit family tastes and fancies.

additions alternately with milk, beginning and ending with flour and mixing just until smooth. Pour into prepared cake pans.

Bake in 350° F. (moderate) oven 30 to 35 minutes or until cake springs back when touched lightly. The 8-inch layer may require slightly longer baking. Layers may be split and filled if desired before frosting.

Note: This cake may be baked in 1 (13 x 9 x 2-inch) cake pan 35 to 40 minutes or in 30 medium cupcake cups 25 to 30 minutes.

White Frosting: Beat 2 egg whites and 1/8 teaspoon salt until soft peaks form when beater is raised. Mix 1 cup light corn syrup and 1/4 cup sugar in small saucepan.

Cook over low heat, stirring constantly, until sugar is completely dissolved and mixture just reaches full boil. Beat hot syrup into egg whites, a little at a time.

Beat in 1 1/2 teaspoons vanilla. Continue beating until mixture holds stiff peaks. Makes 4 1/2 cups or enough to frost tops and side of 2 (8 or 9-inch) layers.

Sheets make numerous decorating accessories - indicating their versatility.

For example, they make excellent cafe curtains and full draperies. In fact, a home decorator can achieve complete window coordination by cutting a motif from a sheet and appliqueing it onto a windowshade.

Chair and sofa cushions, extra pillows and throw pillow covers all can be constructed from sheets.

They're ideal covers for round and oval tables since they're wide enough to form circular, floor-length tablecloths.

Turning to bedroom accessories, dust ruffles add a dressy appearance.

To make dust ruffles, cut an old sheet the size of the box springs. Cut the ruffle from a new sheet, allowing enough width to reach from floor to top of box springs. Attach ruffle to old sheet and place between springs and mattress.

In addition, sheets make attractive quilts. A decorative sheet is used as the quilt top, with machine stitching around the major motifs - as in doing quilted upholstery.

A luxurious appearance can be accomplished simply with creative thinking and a little effort.

It requires a period of about five years from the time it is started to complete a major highway building project.

Word Quiz!

Do you know the meanings of the modern terms "artsy-craftsy," "Beta fiber" and "biodegradable"?

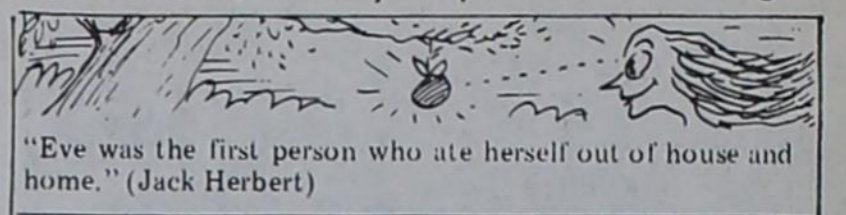

If your present dictionary does not enter these terms, you probably need a new, up-to-date one such as the Second College Edition of Webster's New World Dictionary, the newest of the college dictionaries and the only one to be published in the 1970's. Here are the words and their meanings:

ARTSY-CRAFTSY: having to do with arts and crafts; usually used in a disparaging sense to connote faddishness, dilettantism, superficiality...

BIODEGRADABLE: capable of being readily decomposed by biological means, especially by bacterial action; said of some detergents with reference to disposal in sewage...

BETA FIBER: a non-flammable glass fiber made into fabrics, insulation...

Thousands of other terms which you might encounter in your everyday reading are explained in this valuable volume.

Precautions For Tornadoic Weather

It's tornado time in Texas. . . . Recent tornadoes in various areas of the state attest to the grim fact that tornado season is here once again, says Parmer County Extension Agent Mack Heald.

And virtually every county is a potential target for the devastating "twisters" that can develop rapidly with the "right" weather conditions, he adds.

Heald states that everyone should be familiar with safety precautions for tornadoic conditions. Prompt action can mean the difference between life and death, he warns.

Thunderstorm clouds often signal tornadoic conditions. Tornadoes generally move from a westerly direction, traveling from 25 to 40 miles an hour. Most tornadoes occur between 3 and 7 p.m. but have occurred at all hours.

If turbulent weather conditions prevail, keep tuned to a

local radio or television station to receive the latest weather information.

Both Texico and Farwell Fire Departments have designated specific signals to inform local residents of the danger of a tornado.

Texico Fire Department will give one whistle to indicate the possibility of tornadoes in the area. If a tornado is sighted and heading toward town, a whistle will be sounded continuously.

Farwell Fire Department will blow its whistle for two complete cycles. There will be a total of 10 rings during the two cycles. At this warning, residents should seek shelter.

Once a tornado warning is sounded, residents should seek shelter in a cellar, basement or underground excavation for the best protection.

The most dangerous places during a tornado are near windows, in or near parked cars,

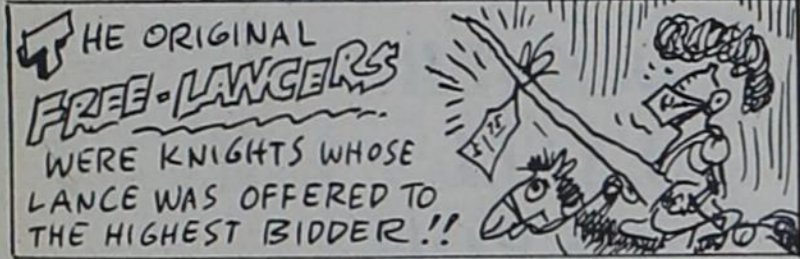

CATTLE KILLED BY TRAIN - Many head of cattle reportedly were killed Saturday night during the blizzard which covered Texico-Farwell and the surrounding area. These cattle were killed during the night by a train. Several more were killed by passing motorists. Cattle in this area have had a hard time this year. Many animals have been lost or strayed and killed during the frequent snowstorms.

and in auditoriums, gymnasiums, house trailers and tall office buildings.

If driving a car, move at right angles to the path of the storm. If there is no time to escape and no underground shelter is available, lie flat in the nearest depression, such as a ditch

If you're in a home or other building without a cellar or basement, seek cover under heavy furniture against inside walls. Open doors and windows on the sides of the building away from the tornado to help equalize air pressure and reduce damage to the building.

SURE 'NUFF BLIZZARD - Residents of the Texico-Farwell area who had never seen a blizzard didn't have any trouble identifying Saturday night's snowstorm as such. The storm stranded motorists in the area and caused a number of cattle to stray. This pickup bed filled with a drift of snow during the night. The swirling wind left most of the roads dry, but the wind itself, was hard to cope with if you were traveling any distance.
