

Jews Declare Egypt Advance Is Wiped Out

Abdullah Is Hailed King Of Jerusalem

CAIRO, May 27. (AP) — The Jewish Army said today it wiped out an Egyptian advance position northeast of Gaza, on the coastal plain below Israel.

At Jerusalem Arab legionnaires and Egyptians attacked in the new city. King Abdullah of Trans-Jordan visited the old walled city and was hailed by Arabs as "king of Jerusalem."

A Hagana unit struck at Beit Hanoun, four miles northeast of Gaza in Arab territory, killed 39 Egyptians and seized or destroyed three heavy guns of the Egyptian artillery, the Israel communique said. It added a great number of light arms were captured.

The communique said Jewish planes last night lashed at Arab positions in the Ramallah sector, northwest of Jerusalem, and at positions around the Holy City itself. Other planes attacked Arab concentrations and artillery emplacements near Kfar Biddo, along the Tel Aviv-Jerusalem road, from which shelling had been directed at a Jewish settlement, the communique said.

Arab forces paced by Egyptians and including Arab Legionnaires and irregulars mounted an attack from the outskirts of bloody Ramat Rebel, between Bethlehem and Jerusalem, against Jewish positions in the new city of Jerusalem, Arab officials in Cairo said. They struck at the Katamon, Talpoyot, Mekor Haim and upper Baqaa sectors.

West German State Seen

LONDON, May 27. (AP)—A six-nation deadlock over Western Germany's future was broken today and negotiators appeared headed for full agreement on setting up a provisional German government.

Diplomatic officials said the break-in an economic impasse—came last night when the delegates concurred on broad powers for an international control board over the mineral resources of the Ruhr.

The deadlock, caused by French objection to the plan for reshaping Western Germany's future, had threatened to cause failure of the talks—involving the United States, Britain, France, Belgium, The Netherlands and Luxembourg.

Informants said France agreed to the Ruhr international authority for control over allocations of iron ore, coal and coke after the United States made concessions on French demands that safeguards be set up against the possibility that expanded German production might be used as a war potential.

The chief concern of France—twice ravaged by war with Germany in 25 years—has been for her own security.

Last night's agreement was reached after British Secretary Ernest Bevin intervened. Bevin conferred Tuesday with U. S. Ambassador Lewis W. Douglas, chief of the American delegation, and Rene Massigli, French ambassador and head of the French delegation.

E. C. Dodd Will Direct Forum

Moderator for the World Government Forum to be held at the municipal auditorium Tuesday will be E. C. Dodd, president of Howard County Junior college.

Dodd, Thursday, accepted an invitation to preside for the program, which is entirely free and to which the public is invited. The Forum is being sponsored locally by The Herald as a public service, and is devised simply to bring to the people of this area full information on various systems proposed to bring about lasting world security.

Dodd will introduce three visiting speakers—Dr. W. H. Elkins, president of San Angelo college; James P. Speer, director of the San Angelo College Institute of World Government; and Dr. August O. Spain, associate professor of government at Texas Christian University. These men are to give analyses of world problems of today, and of means open for the establishment of world government that would assure peace.

The program is to start at 8:15 p. m.

RECIPROCAL TRADE

One-Year Extension Carries Demo Hopes

WASHINGTON, May 27. (AP)—Administration hopes for a longer than one-year extension of the reciprocal trade agreements act faded today.

The only question is whether the Senate will go along with the House in curbing the President's tariff-making powers.

Democrats promised a "very hard fight" — first for a full three year extension and, if that fails, for a single year extended without the checks which the House insisted upon by a 234 to 149 vote late yesterday.

Bitter debate preceded the House roll call. It ranged all the way from Secretary of State Marshall's whereabouts the night before Pearl Harbor to Alf M. Landon's plea last week to abandon the Republican cause to abandon their own bill.

But the outcome was never in doubt. The GOP leadership was in full control.

Administration supporters were more hopeful in the Senate.

Democratic Leader Barkley of Kentucky told a reporter: "I believe the Senate atmosphere is more friendly to the trade program."

Both Barkley and Senator George, top-ranking Democrats on the Finance Committee which will handle the bill, said they will battle to give the expiring trade act a three-year lease on life.

But George conceded the outlook for that is dim.

"I would be willing to go along with one-year extension—as is— if we can eliminate the crippling amendments," he said.

Sen. Taft of Ohio, chairman of the Republican Policy Committee, made it plain that is about the most the administration can hope for.

"I favor a one-year extension," he said.

Rep. Knutson claimed that Democratic opposition came from "blindly following the pattern laid down early in the New Deal."

Educators Hit Negro Law School

NORMAN, Okla., May 27. (AP)—The dean of the Harvard Law School and three other leading educators agreed here yesterday with Mrs. Ada Fisher that Oklahoma's law school for Negroes is inadequate and unequal.

They took the witness stand in district court one after another to support the 24-year-old Negro woman. She is renewing her two-year fight to enter the all-white University of Oklahoma Law School here.

Mrs. Fisher claims Oklahoma has not obeyed a United States Supreme Court order to give her equal facilities for a law education.

"The two schools are so unequal there is no basis for comparison," said the Harvard dean, Dr. Erwin H. Griswold.

U. S. Labels Peace Drive 'Propaganda'

Belated Action Against Soviet Official Move

WASHINGTON, May 27. (AP) — The United States pinned a belated but official "propaganda" label today on Soviet Russia's spring peace offensive.

Charles E. Bohlen, State department counselor and Secretary Marshall's principal adviser on dealings with Moscow, charged flatly that:

1. Foreign Minister Molotov "mutilated" Ambassador Walter Bedell Smith's re-statement of United States policy to make it sound like a proposal for direct negotiation of Soviet-American differences.

2. The way in which Moscow published the Smith-Molotov exchange—and Premier Stalin's response to Henry A. Wallace's open letter—showed Russia "was acting in the propaganda field and not in the realm of serious policy."

Bohlen furthermore predicted in a commencement address at the University of Arizona last night that Russia will resort again to the same tactics of "distortion" in an effort to confuse people of the United States and the western democracies.

Bohlen thus went beyond President Truman and Secretary Marshall in declaring that the United States never intended to try to settle differences with Russia by means of the big power deal.

With sparks from the Molotov-Smith exchange still flying, diplomatic authorities said Russia apparently is planning a new fishing expedition into other troubled international waters.

Moscow announced yesterday that the Soviet Union has agreed to exchange consuls with the Indonesian republic, disregarding terms of a truce which a United Nations Good Offices Commission arranged in January between the Indonesians and the Netherlands.

This provided that the Dutch should handle international relations should handle international relations. Netherlands officials here said Russia never before had a consul in the East Indies. They added that if a Soviet consul goes to Jogjakarta, the Indonesian capital, The Netherlands will file a vigorous protest.

Lyndon Johnson Is Hospitalized

DALLAS, May 27. (AP)—Rep. Lyndon Johnson will probably "be in the hospital for two or three days," his physician said last night after the candidate for U. S. senator had been hospitalized suffering from a kidney stone.

Dr. R. E. VanDuzen said Johnson apparently had passed the stone yesterday and was running a low fever.

Johnson entered the hospital in mid-afternoon. The hospitalization interrupted his speaking tour which included a speech at Wichita Falls last night. Paul Bolton of Austin was named to deliver the speech in Johnson's place.

Claude C. Wild, chairman of the Johnson for senator committee, said in Austin yesterday that Johnson for senator committee, today, a few hours before he made the speech opening his campaign.

Two Thousand Are At Cattle Sale

SAN ANTONIO, May 17. (AP)—Three hundred head of breeding cattle, hailed as the top Hazelton-blooded herd of Herefords in the nation, were being sold at the Essar ranch today.

A crowd of more than 2,000 cattlemen from over the country and Canada, including Gov. Roy Turner of Oklahoma, were on hand.

LIONS SHOW HAS PROFESSIONAL TOUCH

Three-score performers — costumed and in black face — will take Big Springs back today to the day's when bustles were first in style.

The occasion will be the first Lions club minstrel—an event the club hopes to make an annual affair. The time is 8 p. m. promptly, and the place the city auditorium.

A second and final showing is scheduled for the same time Friday.

"We are going to make every effort to break all precedents in West Texas and raise the curtain right on the dot at 8 p. m.," said Harold Steck, first vice-president of the Lions club. "The whole show is designed to start on time, and keep moving at a machine-gun pace so that there will not be a dull mo-

Legion Leader Tells Of Red Front Threat

Says 100,000 Are In U. S. Quisling Group

Griffith Gives His Testimony At Hearing

WASHINGTON, May 27. (AP)—An American Legion leader told senators today "100,000 trained and seasoned Quislings of the Communist Front" now threaten the United States.

Paul Griffith, past national Legion commander, made the statement before the Senate Judiciary Committee. He asked speedy Senate approval of the House-passed Mundt-Nixon bill to curb Communism.

"We have today in our midst the largest fifth column of potential spies, saboteurs, demoralizers, traitors, and wreckers ever seen in modern times," Griffith said.

Griffith testified the Communist Party is "collecting a war chest" of \$500,000 in an attempt to defeat the Mundt-Nixon bill.

As the three-day hearing opened, Chairman Wiley (R-Wisc) ruled out "any political speeches"—by Henry Wallace.

Wallace, third party presidential candidate, has asked to testify against the measure.

Wallace has repeatedly blasted the House-passed measure. He is scheduled to appear before the committee Saturday.

Wiley said he intended to see to it that the hearings do not provide an opportunity "for some folks to get political advertising."

He also said the hearings "will not be turned into a three-ring circus."

Doland Riechberg, lawyer and former New Deal administration official, was the first witness. He told the committee it seemed "obviously necessary" to have some legislation against Communist activities in this country.

He said the Mundt-Nixon bill attempts to deal with an organization "that is notoriously engaged in what is a conspiracy against all other forms of government to establish a single form of government."

Former Officer Shot To Death

SAN ANTONIO, May 27. (AP)—Raymond Barr, 39, former Army captain stationed at Fort Sam Houston, was shot to death early this morning at his residence, police reported.

Justice of the Peace Frank Vaughan returned an inquest verdict of suicide.

Officers today asked the aid of Houston police in notifying Barr's father, C. B. Barr, who lives in the neighborhood of that city.

Cattle Disease Report Is Made

SAN ANTONIO, May 27. (AP)—The nearest approach of foot and mouth disease in Mexico to the United States is 328 miles, according to an official report received today by Dr. E. L. Peck, veterinarian in charge of the United States Bureau of Animal Industry here.

"This represents the distance from the nearest infection in Mexico to the nearest point on the U.S. border," Dr. Peck said. He explained that this point in the United States is near the Gulf coast where Texas has its southernmost edge.

"But the foot and mouth disease quarantine line in Mexico is 256 miles from our border. That leaves a safety gap of 78 miles that the disease must traverse before it gets to the quarantine line," he added.

Symington Lauds AAF As Defense

FOR SUDDEN WAR

DALLAS, May 27. (AP)—Secretary for Air W. Stuart Symington said last night that the "planned air force can and will provide against sudden and stunning defeat."

The top man of the Air Force is to visit Austin and San Antonio today and go to Longview tomorrow.

Symington said the Air Force was working on a plan to enlist industry's equipment and skilled instructors in the future.

He also announced the 455th Bomb Group at Hensley Field was being attached to the Strategic Air Command for training purposes. It has been under the Air Defense Command.

Symington said the 70-group force will not be an actuality before five years.

'YOUNG, STRONG MAN' IS PREFERRED TO PENSION BY 90 YEAR-OLD BRIDE

BRUSHTON, N. Y., May 27. (AP)—A bride nearly a century old settled down today with the "young, strong man" she prefers to a pension.

It was a gay "fusterin'" wedding yesterday for tiny, crippled Mrs. Eliza Murray and 37-year-old Clarence McGee, even though her wedding ring cost only 50 cents.

The lanky farm hand and his bride spent their wedding night at her modest home in this rural northern New York village near the Canadian border. The day was a special holiday for the 500 residents, by proclamation of the mayor.

McGee planned to fix a broken wheel on his buggy so that they could have a honeymoon ride.

They weren't doing any public kissing.

Three thousand spectators crowded in and around the little Methodist church in nearby Moira while McGee slipped the 10-cent-stone ring on his bride's finger.

"I couldn't kiss her with all of these people lookin' on," he said, bashfully.

There had been some trying circumstances.

First, the buggy wheel broke and they had to ride in a neighbor's automobile to the church.

Then they had to wait 12 minutes for the district superintendent to sanction the marriage. They sat in the car while the crowd milled about.

The Rev. Lewis McConnell, pastor, quieted the crowd with this admonishment:

"This is just as sacred as if a queen were being married, or as if the richest persons in the world. Let us keep it that way."

State troopers kept order outside after the ceremony, as the couple made their way through rice and confetti.

Smoothing down her blue and white print cotton dress, the bride declared:

"I'm so happy. I never thought we would have a wedding like this."

McGee, who began courting her shortly after her first husband died last February had little to say.

Mrs. McGee thinks she may lose her old-age pension but would "rather have a young, strong man than a pension." She's going to "see to it" that he shaves every day.

She has born seven children. Two of whom died in a highway accident. She lost her left leg in the accident and now has an artificial one.

Privately, Mrs. McGee admits she must be more than 90, but for the marriage license record she made it 80.

Deny Benes Gravely Ill

PRAGUE, Czechoslovakia, May 27. (AP)—The Czech government denied today a report from abroad that President Eduard Benes is gravely ill and not expected to recover.

To the contrary, an Information Ministry spokesman said, the 64-year-old president walked with his wife in the garden of their country home last night and appeared to be in a happy mood.

Another informant here, who cannot be identified by name, said, however, that the president's doctors are worried about his condition and are taking every precaution to prolong his life.

The Information Ministry spokesman, Arnost Limbersky, said he had "official information" that Benes' condition is no worse now than it has been at any time since he suffered a stroke last fall. (The reports from abroad said Benes had suffered another stroke since then and also is afflicted with hardening of the arteries.)

An official Czechoslovak diplomatic source in London said yesterday that Benes was gravely ill and not expected to live. Limbersky said that was false.

New Jersey May Support Vandenberg

TRENTON, N. J., May 27. (AP)—New Jersey's delegates to the Republican convention, having looked over the three leading GOP presidential contenders, were reported ready today to throw their support to a fourth—Sen. Arthur Vandenberg.

The parade of aspirants for the nomination came to an end last night when Gov. Thomas E. Dewey spoke to the delegates at a closed dinner meeting. In the past month

they also had heard Sen. Robert A. Taft and former Gov. Harold E. Stassen.

Party leaders maintained official silence on the course the 35-vote delegation will follow after a first-ballot vote for Gov. Driscoll, but there appeared to be little change in pronounced sentiment for Sen. Vandenberg.

Because he is not an active candidate, Vandenberg declined the state organization's invitation to speak here.

LONG-TIME BATTLE

Reciprocal Trade Fight Continues

WASHINGTON, May 27. (AP)—The term "reciprocal trade" will be in the headlines for the next few weeks. That's because the Reciprocal Trade Act passed by a Democratic Congress in 1934 and renewed by later Congresses will expire June 12 unless the present Republican Congress extends it. This act has an important bearing on United States business, manufacturing and farming. If it is not extended the "platform" upon which the U. S. has been conducting much of its international trade collapses.

Here's the background:

In 1930 a Republican Congress passed the Smoot-Hawley law. It set up some of the highest tariffs in U. S. history. This law said to foreign nations: You must pay this government a certain price to bring certain products into the United States for sale. The effect of this was to increase the price the U. S. public paid for some imported goods. This protected United States citizens who had the same kind of goods to sell but wanted higher prices than foreigners asked in this country.

After we did this other nations set high tariffs on the goods we wanted to sell them. This increased the prices the public in foreign countries had to pay for American goods. Thus, fewer American goods were exported. The 1934 Democratic Congress changed our system. This was during the depression when this government wanted to start world trade going again. The Democrats set up reciprocal trade agreements. Under this plan, since 1934, we have lowered tariffs by as much as 75 per cent on some goods. Other nations lowered some of their tariffs in return.

Thus we can sell our goods at cheaper prices abroad. Some other nations can sell their goods cheaper in this country. The theory is that this stimulates trade and prosperity. Such trade agreements now can be approved by the President without consulting Congress.

One argument against the act has been this: Some business has been damaged by competition let in under the law. One of the act's chief opponents, Rep. Gearhart (R-Calif) chairman of a House Ways and Means subcommittee, has been holding closed hearings on extending the act. One proposal is that Congress be given authority to review foreign trade agreements, instead of only the President.

The possibilities are these:

1. That Congress may kill the act. This is considered unlikely.
2. That the act will be extended, but nobody knows for how long. President Truman has recommended three years. The Republicans have proposed to extend it only one year, so Congress then may investigate the situation more thoroughly.
3. That the act may be extended but important changes will be made.

A trade conference was held in Geneva all last summer. Twenty-three countries, including the U. S., attended. They worked out a number of agreements. The United States already had proposed a permanent international trade organization (ITO) under the United Nations. Fifty-four nations met in Havana, Cuba, in a conference that lasted from the fall of 1947 until March 1948. They signed an agreement to set up the ITO. But this organization won't exist until Congress and the other nations ratify the agreement and Congress won't act on it until 1949.

U. S. MOVES

May Boost East-West Europe Trade

WASHINGTON, May 27. (AP)—New U. S. moves to boost trade between Eastern and Western Europe appeared likely today, following the partial reopening of American markets to Finland.

Officials said such actions would be designed to speed recovery of the non-Communist countries and ease the strain on our own economy.

That was their interpretation of Secretary of Commerce Sawyer's unexplained order yesterday allowing Finland to buy \$3,800,000 worth of generator parts, machine tools, and steel products.

Finland, which stayed out of the U. S.-financed European Recovery Program under Russian pressure, is a prime potential source of timber which some ERP countries now rate their No. 1 need.

By letting Finland get equipment here to increase her production of timber and other goods, the U. S. will enable the Finns to export more to Western Europe and thus ease the strain on our lumber supplies.

These officials said the next logical step might be renewed shipments of equipment to increase coal production in Russian-dominated Poland.

They pointed out that Economic Cooperation Administrator Paul G. Hoffman has advanced money to Austria to buy coal from Poland, and that ECA's roving ambassador, W. Averell Harriman, favors more trade in non-war goods between Eastern and Western Europe.

Harriman told a Senate committee yesterday that Russia and her satellites have timber, coal and grain which are vital to Western Europe's recovery and that trade in these goods should be encouraged.

Will Ramsdell Suffers Defeat

By JACK HAND
Associated Press Sports Writer

Life in the Polo Grounds is just a series of nightmares for Manager Eddie Dyer of the St. Louis Cards. As far as he's concerned they can bring back polo any day.

All last year his favored Red Birds fluttered and played dead when they hit New York. It looks like more of the same in 1948.

Dyer's latest experience was enough to try the patience of a saint. His league-leaders were rolling along last night behind a nice 7-2 lead with Howie Pollet, the unbeaten star of both leagues, doing the pitching. It looked like money in the bank.

Then the Giants started to break out of their hitting slump. They hit and hit and hit some more. Before the eighth inning was over, eight runs had crossed the plate and the 7-2 lead had changed to a 10-7 deficit.

Bobby Thomson doubled and singled for two hits in the big inning as the Giants chased Pollet. George Munger and Gerry Staley before coasting to a half for Ken Burkhardt. Pollet escaped his first defeat because Dyer called in Munger at the first sign of serious trouble. Munger was felled for his second loss.

Still the Cards show the way with a 1 1/2-game lead over New York, despite last night's disaster.

Across the river in Flatbush, Brooklyn customers were more concerned with immediate problems. Outfielder Pete Reiser and Catcher Bruce Edwards were lost for an indefinite period and the club blew another.

Shortly before midnight the Dodgers again plunged into the cellar as the result of their 4-1 loss to Chicago and Cincinnati's 8-5 win over Boston.

Willard Ramsdell, the knuckle ball pitcher just recalled from Mobile, was nipped for homers by Bill Nicholson and Hal Jeffcoat in the Dodger defeat. Johnny Schmitz calmed the Brooks with six well-scattered hits.

Outside of a homer by Gil Hodges, the small night crowd of 22,853 had little to cheer.

Hank Sauer's 10th homer helped Cincinnati sneak out of last place. The Reds routed Warren Spahn, Boston's southpaw ace, to come from behind.

The Pittsburgh-Philadelphia night game was postponed because of threatening weather.

Once again the American League race is all snarled up in percentages. Cleveland, actually trailing Philadelphia by a half game in a strict application of the won and lost principle, still holds first place by two percentage points. It's the same old story of a difference in games played.

Cleveland was shut out for the first time this season, collecting only three hits in bowing to Washington, 2-0.

Philadelphia combed the Chicago White Sox, 7-1, in the afternoon behind Joe Coleman's five-hit pitching. It was the fourth straight victory for the rebounding A's.

Detroit "walked" to a 7-3 nod over the New York Yankees when the Yank pitchers passed 10 men. Although touched for 12 hits, Dizzy Trout took the decision from Spec Shea.

It took a double error in the 10th by Catcher Les Moss to enable Boston's Red Sox to down the St. Louis Browns, 5-3. Sam Mele doubled in the 10th and scored when Moss fielding Dom DiMaggio's attempted sacrifice, fumbled the ball and then threw wildly past first base. Joe Dobson was the seventh winner over Frank Biscan.

Sir William Johnson was rewarded by George of England for his services in the French and Indian War. The reward was a baronetcy, the first and only one granted on American soil, which occupied large areas of what is now northern New York state.

The first written use of the expression, "hair of the dog," is believed to be contained in an English translation of a French book published in 1616, when "haire of the beast that hath made thee ill" is prescribed as a cure for "the head that complaineth itself of too much drinke of wine."

Dallas Beaten By Tulsa, 6-2

Tulsa gained ground last night but the rest of the Texas League found it too wet to play.

Harry Perkowski notched his seventh victory of the season and equalled a Tulsa strikeout record in humbling Dallas, 6-2.

Rain postponed the Fort Worth-Oklahoma City, Shreveport-Beaumont and San Antonio-Houston games.

Perkowski struck out 12 Rebels to tie the mark set by Mace Brown in 1934. He gave up but two hits in the first seven innings and limited Dallas to a total of six.

Russell Burns knocked his ninth home run of the season in the second inning with none aboard. Tulsa went ahead with two runs in the second and added four more in the fifth inning. Dallas' two

runs came in the seventh.

The defeat left Dallas with only a game margin over fifth place Tulsa as the two teams meet again tonight. Other games tonight match Fort Worth at Oklahoma City with Beaumont moving to Houston and San Antonio to Shreveport.

Despite having been rained out two nights in a row, Fort Worth's Cats hold a four and one-half game lead over second place Houston. The Buffs are a half game in front of the San Antonio Missions.

Lifebuoy with its Purifying Ingredient GETS SKIN CLEANER STOPS "B.O." as no other leading soap can!

DOCTORS PROVED with 820 scientific tests the truth of this amazing statement...

The cleaner you get your skin, the doctors found, the safer you are from "B.O." (body odor). Any soap will remove all the grime and perspiration you can see—yet leave "invisible dirt" on your skin to form a foothold for "B.O."!

Doctors compared the effects of daily baths with different soaps. The results are amazing! When you bathe with any other leading soap, you are simply not as clean, not as safe from "B.O." as you are when you bathe with Lifebuoy. After 820 scientific tests doctors say Lifebuoy's purifying ingredient makes the difference! And it is this same purifying ingredient that makes Lifebuoy so mild.

Use Lifebuoy daily. It is made from a special oil blend that gives you such an abundant, refreshing lather. Remember: Lifebuoy gives you cleaner skin... stops "B.O." as no other leading soap can!

Hiding Light Won't Win

Ever consult your Waterbury for the time of day? Well, it was really your "Waterbury," which, like as not, was an Ingersoll made in Waterbury, Conn. Right now U. S. Time Corp. is at Waterbury, Conn. an example of decentralizing industry. Only Tuesday announcement was made of the decision to locate a branch factory in Ahlens.

Why did U. S. Time Corp. settle on Ahlens? We don't know the full story, but we suspect that it was for two reasons: The company contemplated further decentralization, and Ahlens was ready to follow up through Ahlens, Inc., which is really its chamber of commerce industrial committee.

At the outset, the factory will employ around 300 or more and ultimately may require something like 600 employees. This would make it easily the largest employer in Ahlens.

There ought to be a double lesson in this case—when it's at all isolated. One is that many industries in the North and East are looking to other areas, and particularly the Southwest, as possible locations. The other is that it is incumbent upon communities which desire to progress (which includes Big Springs, we trust) to get the attention of those contemplating moves. Having done that it is then up to the individual community to present its advantages.

It can't be done by hiding the light under a bushel.

Fun And Good Cause Tonight

Today the first of two shows will be presented in the municipal auditorium by the Lions club minstrel.

Folks looking for good entertainment and a good cause ought to find it made-to-order. All indications are that the show will be a fast moving affair, timed with precision, featuring variety and change of pace as well as good humor and good music. It should be worth the price of admission from an entertainment point of view.

Beyond this, however, the Lions club is undertaking to finance a \$1,200 obligation for purchase of uniforms for the high school band. It is depending heavily upon the proceeds of the minstrel show to pull it through.

If you saw the band members perform with great pride in the closing concerts of the year, you have an idea of what the uniforms have done to boost morale of the rapidly developing unit. Within a short year the band can do as much for community morale.

So your investment in tickets tonight or Friday evening will not only be a lot of fun, but it will be a big help to a fine cause.

New Rail Proposal

By JAMES MARLOW
WASHINGTON, May 26. (AP)—The three railroad unions, which threatened a strike, are up against a stone wall. Now they've suggested a way out for themselves.

They talk of "real" government seizure of the roads and even, in a vague kind of way, speak of the need for the government to buy up and own the railroads.

All this was said at a news conference called Wednesday night by the heads of 20 railroad unions. They are backing up the three which threatened to strike.

Here is some background: The three unions—Engineers, Firemen and Switchmen—have been in dispute with the railroads since last fall.

President Truman appointed a board of fact-finders which suggested a wage settlement. The unions said it was not enough, and threatened to strike.

Then on May 10 President Truman:

1. Ordered the government to seize the roads. So far this has been only a paper seizure. The railroad companies continue to run the roads, keeping whatever profits they make.

2. Ordered the government to get a federal injunction against a strike. That was done and it stopped the strike.

Since that seizure May 10 the unions have been unable to talk the roads into giving them any more than Mr. Truman's fact-finders recommended.

This has put the unions over a barrel.

So the union heads at last night's news conference suggested:

The government should "really" seize the roads now—instead of letting the companies run them—and not only settle the present dispute but, in so doing, fix a policy for settling similar disputes in the future.

If the government didn't do this now and fix such a policy, they said, then the government ought to buy up the railroads and run them itself.

Government ownership of the railroads in this country, which prides itself on free enterprise, would be a big step toward socialism.

But deep within it is a question which the union heads didn't answer to this writer's satisfaction. American labor unions want what is called "free, collective bargaining"—and that includes the right to strike—without any compulsory arbitration.

The union heads said last night they don't want compulsory arbitration. But suppose the government steps in now and settles this dispute, giving the unions what they want whether the railroads like it or not.

That would be compulsory arbitration working one way: for the unions and against the railroads.

But under government ownership, the union would have to accept the government's final wage offer without a strike. That, in effect, would be compulsory arbitration although that's what the union heads said they don't want.

Death Kills More People

"Pardon Me, Mister—Do You Know What Time It Is?"

Washington Merry-Go-Round—

Housing Bill Proves Lobby Power

WASHINGTON.—For several days last month the House of Representatives was tied up in the famous oleo-butter debate. It created a national sensation.

The oleomargarine bill, pigeonholed by the dairy interests in committee, was forced out by a petition signed by 218 congressmen, half of them from the South. Then the debate started. For several days it raged, with full attendance on the house floor urged by both parties.

The argument of the oleomargarine congressmen was that they were battling for the housewife. But actually they weren't. Many of them were battling because the powerful cottonseed lobby in the South had put on the heat. Campaign contributions, not housewives was the motivating force.

Today, another sort of battle looms in the House of Representatives—only this time the situation is reversed. This time not only the housewife is involved, but her children, her husband, and the future of the American family.

But this time, the Southern congressmen who rushed in to sign the oleo petition aren't signing up. Neither are the Republicans. For this time the petition has to do with housing.

REAL-ESTATE LOBBY PIGEONHOLES

The Taft-Elender-Wagner housing act, stymied for two years, has now passed the Senate, and is pigeonholed in the House Banking and Currency Committee. Its opponents on this committee include Rep. Charles Fletcher of San Diego, Cal., and Rep. John Riley of Sumter, S. C., both members of the real-estate lobby and both placed on the committee with the help of Lobbyist Morton Bodfish, now under indictment.

In addition, Chairman Jesse Wolcott of Michigan, sometimes called No. 1 tyrant of the House of Representatives, is determined not to let the housing bill out of his committee.

To override Wolcott and get the bill out requires 218 signatures on a petition, and Congressman Helen Gahagan Douglas of California has courageously undertaken to get these 218 names. First she went to genial ex-Speaker Sam Rayburn of Texas.

"I've never signed a petition in my life, Helen," replied Rayburn. "But I'm with you in spirit and I'll help you. Go to John McCormack and get his name on there first."

Mrs. Douglas went to McCormack, who comes from a congested part of Boston. He too, had made it a practice not to sign discharge petitions but in this case he made an exception. His name heads the list.

Mrs. Douglas has patiently, painstakingly, valiantly made the rounds of the House, has now collected 125 names. She needs 93 more. But they don't seem to be forthcoming—despite the fact that the bill has already passed the Senate.

Significant fact is that only 15 Southern congressmen out of the total 110 Southerners in the House, have signed the petition in favor of housing despite their frantic anxiety to sign a similar petition to get the oleomargarine bill out of committee.

The difference is that in the case of oleo, an active lobby was on the job, buying drinks, buttonholing congressmen, putting on the pressure at home. But when it comes to housing, only the people are concerned—many of them poor people, uninformed people, people

unfamiliar with exerting pressure on Congress. There are several million of these people, but politically speaking they aren't important. They don't contribute to political campaigns. They're not organized. They just want homes.

So, in these days when the country is worried about communism, it might pay Congressman Wolcott of Michigan and his G. O. P. henchmen, plus some of the Southern legislators, to remember that nothing is more effective in combating communism than a roof over your head and someplace where a mother can hear her children's prayers alone at night.

NOTE.—Southern congressmen who have recognized the need of housing by signing the discharge petition include: Jones of Alabama; Mills of Arkansas; Price and Smathers of Florida; Lanham of Georgia; Boggs and Morrison of Louisiana; Deane of North Carolina; Stigler, Albert and Morris of Oklahoma; Dorn and Bryson of South Carolina; Kefauver of Tennessee; Patman of Texas.

STEEL FOR ARABIA

Secretary of Defense James Forrestal gave his word to Congress recently that he would hold up steel shipments to Saudi Arabia until his military chiefs passed on whether a pipeline from the oil fields to the Mediterranean was necessary to American security. The commerce Department, which controls export licenses of steel, also agreed.

Nevertheless, despite these promises, this column has learned that

the American-Arabian Oil Company is planning to pick up 16,000 tons of steel for shipment to the Near East on June 11, 12, and 22. The company also has started to lay the pipeline across the desert although, previously, company officials promised to hold off until they got the green light from Congress.

NOTE.—Secretary Forrestal's old banking firm has done the financing for some of the companies backing American-Arabian oil.

PROTOCOLS OF THE WISE MEN

Senator Harley Kilgore, fourth West Virginia Democrat, has asked the Post Office Department to investigate whether rable-rounder Gerald L. K. Smith violated the postal laws in using the mails to circulate a document, purported to be a Jewish master-plan for conquering the world.

A copy of the document, so called "The Protocols of the Learned Elders of Zion," was mailed by Smith to each member of Congress. These protocols have reappeared whenever propagandist wanted to impose on a gullible public. The old Czarist regime in Russia published them, as did Henry Ford and later Adolf Hitler.

To settle the question of their authenticity, Senator Kilgore called upon the Library of Congress and received a detailed summary which branded the protocols as "rank and pernicious forgeries." He has now asked the Post Office Department whether it is permissible to send them through the mails.

Studios' Television Plans Are Surveyed

By BOB THOMAS

HOLLYWOOD. (AP)—Television is becoming the prime topic among shop-talkers and in the high councils of the film companies. I surveyed the top producing companies to determine what each is doing about the new medium.

Much of the studio activity in video is top secret. Here are the policies companies are admitting at present:

Paramount—Years ahead of other studios. Has two stations (Los Angeles, Chicago), owns percentage of three Dumont-run stations in the East. Has conducted extensive research. Permits own stars on television (on Paramount stations, of course). Big plans for theater television.

MGM—No definite policy. Owns television rights to personalities and story material, but hasn't released either. No stations planned.

U-I—Releasing some 16 mm. short films. Requests stars to stay off television now. Made a special ad trailer for "Senator Was Indiscreet" and found good results. No stations.

RKO—No stations planned; no star appearances.

Warner Brothers—Some activity in "scientific stage," but studio is hush-hush about it. Applied for a station in Chicago. No star appearances.

Twentieth Century-Fox—has some plans for stations. Experiment with WB and RCA on telecasting on big screens. Used video to advertise "Iron Curtain." Does not permit stars on television except in news reels.

Columbia and Republic—watching and waiting.

Affairs Of The World—

Turkey Worried

By DEWITT MACKENZIE

The Turks, who are men of action but few words, are doing some quiet worrying for fear the Jewish-Arab conflict may result in Russian troops being sent into the Middle East as part of a United Nations force to reestablish peace.

The advent of Bolshevik fighting men under such circumstances in that strategic area isn't very likely, since America, Britain and France would be dead against it. Still, Turkey's anxiety is understandable because, with Muscovites on her south and Russian-dominated Bulgaria on her northern frontier, she would be in a powerful Red vise. And the Turks regard Russia as unfriendly, which is rather a euphemistic understatement of a harsh truth.

As a Moslem nation Turkey opposed the United Nations plan for a partition of Palestine between the Arabs and the Jews. Since then the Turkish government has set tight lips just now when Foreign Minister Necmeddin Sadak declared during a speech:

"We wish with all our heart that without bloodshed, without setting up in this region a continuous element of disorder and insecurity, a lasting solution could be found leaving the Arabs masters of their rights."

Then Sadak shot an arrow which observers thought was aimed at Moscow:

"Our purest objective is that threats of aggression, designs aimed at domination and conquest, be eliminated between peoples, and relations of friendship and mutual cooperation based on the principles of honor and dignity be established, that none should interfere in the internal affairs of another, and that each be left in peace in his territory and sovereign rights."

The foreign minister didn't interpret this statement, but its significance is clear enough when you know the background, which briefly is this:

Russia is bent on establishing herself as a Mediterranean power. In order to achieve this she seeks domination of the Dardanelles strait, which now is controlled by Turkey.

Demos Are Still United

By WILLIAM C. BARNARD

The Democratic state convention at Brownwood ended in a spirit as sweet as Mother's Day.

Bob Calvert, Hillsboro, chairman of the State Democratic Executive Committee, announced that Brownwood's Methodist ladies in charge of the convention snack bar had too many pies left.

"They are selling them wholesale," said Calvert. Delegates rushed out and bought a couple of hundred home-made pies at 50 cents per pie.

And Albert Sidney Johnson, permanent chairman of the convention, announced as follows:

"Brownwood officials want me to thank you for coming, and to say that if any of you got tickets for parking in red zones to just take them home and frame them."

And M. D. Eldson, Brownwood chief of police, who had thought up the angle of just forfeiting traffic tickets, told us:

"This really was a wonderful convention. As sergeant of arms I didn't have to bounce anybody or quiet anybody down, and we didn't put a single delegate in jail—didn't even arrest one."

Delegates interviewed at the convention closed yielded the following quotes: Tom Deberry of Red River County and Austin:

"Nothing violent happened but I think we did everything possible to show the national convention where we stand."

Henry Leonard, Cuero: "Things came out fine—My delegation lined up with Gov. Jester all the way."

James Whittemire, Hillsboro: "I thought there'd be more fight. There was much less friction than I expected."

Mrs. Leely Huffines, Richardson: "It was terribly slow and draggy but very educational."

Charles Gravett, Corpus Christi: "If they abide by all the things they say they are going to abide by the convention was a success."

F. W. Welch, Mexia: "It was the most orderly of all the conventions I have attended. Limestone County is pleased."

P. C. Prestar, Childress: "This meeting shows that we're still a democracy."

W. B. Murphy, Kaufman: "Everybody got along all right, everybody stood as he pleased and now we are going away to support the nominee of the party."

George R. McDonald, Midland: "I'm over 90 and have been attending county, state and national conventions since I was 14. The only thing I am disappointed about was that youth was not better represented. Apparently all the young people of Texas are not aroused by politics."

C. L. Harris, Lubbock: "I would call it democracy in action."

Mrs. Price Daniel, Liberty: "I had a very nice time."

George Hinzick, Palestine: "Officials were fair on every question. Delegates who wanted to say anything were allowed to say it."

Eugene Hendrickson, Corpus Christi: "We hoped to get an instructed delegation for President Truman, but I feel sure he'll be nominated anyway."

Around The Rim—By The Herald Staff

Peace Push Is In Grass Roots

Last Friday I traveled down to Reagan County high school at Big Lake to see my brother-in-law graduate. The commencement speaker was Dr. J. R. Hawkins, president of Sul Ross Teachers College.

The Alpine administrator spoke on "Education as a Force for World Peace." From his lips came the pleas for world brotherhood, for providing equal opportunities for all here at home, for relying on God—not new ideas by any standard. Yet the graduates and the others present were listening intently.

As I sat there, I began to wonder if America is defeating "war pessimism". I thought of the many graduation stories and others I had edited during the past three weeks.

World peace - world peace - world peace—from all sides had come that cry. Not only from our national leaders, our great national magazines, issued the phrase I'm talking about now. It has been spoken from the commencement platform, from the pulpit, at the luncheon club. I've heard it in the drug store, the grocery, and in the Herald office.

The words that reached me didn't transport thoughts of fear but probes of action. "People have to be right for the world to be right" and "civil liberties aren't all that they could be. We need to make them work" are direct quotes of some of the phrases that have come to my attention.

Next Tuesday at the city auditorium, three experts on world government will give their views and conduct a forum of the people on what we can DO to achieve world peace.

I have read—and I think it's true—that if we are ever going to have a peaceful world, it's going to have to come from the "grass roots". I have been greatly encouraged by what I've seen recently. I believe that, slowly maybe, we're getting down to just that. When the desire really sticks in our hearts, no pressure on earth will stop our leaders.—ADRIAN VAUGHAN

Today And Tomorrow—

Agreement Seen At GOP Meet

By WALTER LIPPMANN

Of the three active contenders for the nomination none will come to the convention having proved himself to be the decided choice of the great majority of the Republican voters. The choice will have to be made by an agreement among the leading delegates and party managers.

They will begin with certain facts which are now clearly established. One is that Mr. Stassen, though he has considerable popular strength, has nothing like the popular strength needed to override the determined opposition of Taft and Dewey and of a very large part of the Republican organization. Mr. Stassen's campaign has not been successful. He has estranged the party managers without winning the support of more than a part of the rank and file. As a result he cannot be nominated for President, almost certainly not even for Vice-President, and his real problem today is to keep his place among the Republican leaders who will have to be considered in the formation of a Republican administration.

A second fact is that Mr. Taft, though he has grown greatly in reputation and public esteem and, therefore in political influence, could not—even if nominated—be elected without a bitter and doubtful campaign. Against him Mr. Truman would have a good fighting chance, and, moreover, it is quite conceivable that General Eisenhower might be persuaded to accept the Democratic nomination to run against him.

A third fact is that Mr. Dewey, while a much stronger candidate than Mr. Taft or Mr. Stassen, could not get the wholehearted support of all factions of the party, and would surely rouse the Democrats to a spirited campaign. His record in foreign affairs is not yet good enough to win him the confidence of the two million or more Republicans, largely conservative in domestic politics, who voted for Roosevelt in 1944.

Moreover, having been three times an active candidate for the nomination, he has made enemies as well as friends. The Stassen-Dewey relationship is one of those personal and factional feuds which are not easily healed. Yet Mr. Stassen is not only himself young, energetic, and ambitious but his active supporters are very active men. They are in fact a large part of the new generation of Republicans. The party must have them if it is to govern the country effectively. But they could not now be brought easily into an administration led by Governor Dewey.

The case for Vandenberg is, subject to one consideration—that of his running-mate—usually compelling. Senator Vandenberg is not a "dark horse." There is nothing dark about him. He is the best known and most eminent statesman of his party. He is not only the man who divides the Republicans the least but he is the one who can most surely unite them.

George Vineyard Is Guest Speaker Wednesday Morning At Garden Club

George Vineyard was principal speaker at the Big Spring Garden Club Wednesday morning using as his subject, "Landscaping."

He stressed the study and planning of landscaping to match the style and design of the house and land. It is just as important to have the outside of the house properly arranged and landscaped as it is the inside furniture. Trees and shrubs should be planted in the proper places where they are to grow permanently and low plants for low houses should be used as well as tall plants for tall houses.

Low growing plants should always be planted under the windows and the taller ones at the columns. It is important to plant several evergreen flowering shrubs. Cydonia and Forsythia blend well. Trees and hedges make a good background for the back yard as well as absorbing unnecessary noise.

A large basin should be made around the trees and shrubs when they are planted and the ground should be loosened lightly the following day after they are watered. Sometimes crepe myrtle do not produce leaves for one to three years after planting, so they should not be destroyed.

The meeting of the club was held in the St. Mary's Episcopal parish house instead of the lawn of the R. L. Tollett home as was planned, due to inclement weather.

The next session will be held in

the home of Mrs. R. C. Pysatt, 308 Dallas street at 9:30 a. m. June 30th.

Those present were Mrs. A. C. Bass, Mrs. W. G. Wilson, Jr., Mrs. James T. Brooks, Mrs. Louis G. Bradley, Mrs. Otis Grata, Mrs. Cooper Brown, Mrs. A. F. Johnson, Mrs. J. E. Hogan, Mrs. John Rat-

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infections and disease.

To get real relief you must keep your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get belly with gas, blood and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you rest better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh all over below places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps build sturdy health.

SHOVEL AND HOE

Sometimes a long line of hedge can be re-inforced from one side or the other by a simple formal arrangement of evergreens and flowering plants. Such a planting came to our attention recently.

The hedge-line formed a background of a large garden from the inside, the outside faced a road. There was enough space between hedge and road for large specimen plants of Cannarti Juniper set about twenty feet apart. Between each Juniper was a Pillar Rose flanked on either side by Pfiffner Junipers sheared to desired height and spread.

Such a planting on the inside of a garden would make a complete border. For smaller gardens, plants could be drawn closer together and Dooryard Roses such as Maybelle Stearns might be substituted for the Pfiffner Junipers. Any good, upright evergreen could be used instead of the Cannarti Junipers.

Where large beds of Iris are out of bloom, Gladioli bulbs can sometime be planted in-between, also Poppies or Salpiglossia. Iris tops can be cut back several inches. Plant Nasturtiums in poor soil, they bloom better.

When we speak of good soil, we do mean good, the kind that needs no fertilizer to grow anything. We hope you have that kind. Seeding plants on average soil benefit from fertilizer at this season. Apply nitrate of soda at the rate of one handful to each twenty-two feet of row.

Oriental Poppies will last longer, if cut in the early morning and their stems are singed by flame to seal them. Any flower will keep better, when plunged immediately into water and set aside in dark, cool place for a few hours before being arranged.

Discourage slugs with lead arsenate spray on vegetables and flowers that show holes in their foliage. Blight and anthracnose on tomatoes can be checked by early and frequent use of some of the copper sprays for that purpose.

Every ten days, or more often in rainy weather, is not too much.

Ant hills can undermine plants and be a nuisance in the garden. Fumigation will destroy these hills. There are many ant killers on the market. An old method is to enlarge opening of the hill, probe down about eight inches, pour in some carbon bisulphide and seal opening with soil. Do not breathe fumes or strike matches while performing this operation. We know a gardener who tried this trick for moles. After the runs were soaked for a while, he punched a new hole, stuck in a match and ripped up half of his lawn, but—he got the mole.

That "new look" can be erased from small frame houses the first year through the use of window boxes containing vines or other trailing plants. If you did not get a foundation planting this spring, try beds of annuals around the base of your new house.

Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, aching joints, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Lost 47 Pounds

"When I commenced to take Barcostrin I weighed 212 pounds. I now weigh 165. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thank to Barcostrin."—Mrs. George Gregg, Chalmers Courts 4, Apt. 1, Austin, Texas.

Lost 20 Pounds

"I lost 20 pounds taking four bottles of Barcostrin and I feel fine."—E. M. Gales, 212 25th Street, Corpus Christi, Texas.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug-gist and ask for 4 ounces of liquid Barcostrin. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if pediculous pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lions To Back Riley For Post

More than a dozen Lions will support Schley Riley in his bid for Lions district 2-T-2 governor this weekend.

They will carry his campaign to Fort Stockton where the annual district convention opens Sunday evening and continues through Monday.

So far as is known, Riley will be the only candidate for the office, but Jack Y. Smith, campaign manager, and others are taking no chances on a surprise entry.

In event Riley is elected, he will succeed M. O. Woolam of Andrews as head of the district. Among those planning to be in Fort Stockton for either one or two days of the convention are Don Burk, Joe Pond, K. H. McGibbin, A. V. Faulkner, Jack Smith, M. J. Chisholm, Schley Riley, Dan Conley, H. P. Steck, O. A. Hickman, Joe Pickle.

Markets

WALL STREET. NEW YORK, May 27. (AP)—The stock market moved into higher levels on a fairly strong mixed market.

Advances of fractions to a point were interrupted here and there by scattered losses. After the first rush of business leaders fell back in some cases under profit-taking.

A fairly quiet opening was soon displaced by a sudden rush of activity that put the high speed ticker tape behind floor transactions for a brief spell.

PORT WORTH, May 27. (AP)—CATTLE: 2,000 calves 500; hogs and sheep declined, cattle and calves mostly steady and fairly active, beef scarce in morning run. Good yearlings 20.00-30.00; common to medium grades 15.00-20.00; beef cows 18.00-23.00; canners and cutters 12.00-15.00; hams 15.00-20.00; common choice fat calves 26.00-30.00; common mediums 18.00-25.35; culls 15-17.50; few other calves and yearlings 2.00-25.00; stocker cows 16.00-19.50.

HOGS: 700; butcher hogs and sows mostly 1.00; good stocker pigs strong; top 24.00 paid for good and choice 16.00-20.00; good and choice 270-375 lb. 21.50-23.75; good and choice 150-175 lb. 22.25-23.75; sows 17.00-18.00; good stocker pigs 17.00-22.00.

SHEEP: 9,000; short lambs and yearlings steady to 50c lower; spring lambs mostly steady. Cased sheep 50c down; medium to choice spring lambs 21.00-25.00; common to medium kinds 17.00-20.00; good and choice 14.00-22.00; slaughter ewes 8.00-12.50; old bucks 8.50-9.50.

Former Resident To Receive USC Degree In June

Mrs. Frances Dewberry, former resident and sister of two Big Spring women, is to receive a degree in June from the University of Southern California.

She is to receive her bachelors degree in journalism on June 12.

Mrs. Dewberry will be remembered to many friends here as Frances Smith, who worked for the King (Lone Star) Chevrolet company from 1929-32, and for the Big Spring Motor company from 1932-36.

In the latter year, she moved to California, entering the University of Southern California in 1944 to give expression of a long desire to develop an effective writing talent.

She was on the staff of the Daily Trojan, the college newspaper, and served in various capacities, chiefly feature writer and copyreader. One of her first features, on Dr. Thomas Clements, geology professor and earthquake authority, was quoted widely by press services.

Mrs. Smith is a member of Theta Sigma Phi, honorary women's journalism fraternity, and has contributed as a free lance writer and photographer to several publications including the Los Angeles Times and the Southwest Wave.

Currently she is continuing her free-lance career.

Mrs. Dewberry is a sister to Mrs. Elmo Knightstep and Mrs. M. J. Allen of Big Spring.

G-E Raises Wage Question

NEW YORK, May 27. (AP)—The General Electric Company has announced it will reopen voluntarily the question of wage increases for 125,000 CIO employees today.

A company spokesman said last night the decision of General Motors Corporation to raise its wages by 11 cents an hour led G-E to "take another look" at its position that its wages should remain at their present level.

L. R. Boulware, G-E vice-president in charge of employee relations, did not, however, commit the company to higher pay.

Engineers, Auxiliary To Hold Banquet

The engineers brotherhood and its auxiliary will honor members with 50 and 40-year service records on June 1.

Occasion will be a banquet set for 7:30 p. m. in the Settles ballroom with the Brotherhood of Locomotive Engineers (division 212) and the G.I.A. (its auxiliary) as joint hosts.

Arrangements are in charge of Bill Sims, and reservations for plates may be made with him or Charles Vines, Sr., chief engineer.

McIntires Hurt In Motor Accident

Mr. and Mrs. George McIntire of the U ranch west of Sterling City, and A. B. Knickerbocker, 52, Austin, and his companion E. R. Osborn, Houston, were injured in a car mishap Wednesday.

Injuries grew out of a head-on collision near the Sterling City road. McIntire sustained a broken wrist, leg and bruises and Mrs. McIntire escaped with minor injuries as did Knickerbocker, former adjutant general of Texas. Osborn's injuries were more serious. Victims were hospitalized at San Angelo.

Mahon's Big Bend Proposal Floored

WASHINGTON, May 27. (AP)—Texas had a cold shoulder turned on her plea for money to buy road right-of-way at Big Bend National Park in Texas yesterday when the house appropriations committee turned down the request presented by Rep. Mahon (D-Tex.).

But Rep. Regan (D-Tex.) said he plans to carry the fight to the House floor.

Mrs. Morrison Ill

Mrs. S. H. Morrison, a leading religious worker for years in Big Spring, continues gravely ill at Cowper-Sanders hospital. Mrs. Morrison suffered a stroke last Friday evening and showed some improvement until Wednesday evening when her condition worsened again.

Minor Mishap

A minor accident which occurred some 18 miles north of Big Spring at approximately 11:30 o'clock last night resulted in injuries to no one, state highway patrolmen said today. A vehicle from New Mexico was involved in the mishap with a car from Vealmoor.

Draws DWI-Fine

Wyman B. Dunlap was fined \$100 and costs in county court this morning after he had entered a plea of guilty to the charge of driving while under the influence of intoxicants. Dunlap was arrested Wednesday by members of the sheriff's office on East Highway 80.

CASE DISMISSED

A 70th district court case, styled S. L. Carrioco vs Richard Lee Bull et al, suit for a note, has been dismissed on the motion of the plaintiff.

Second District Medical Meet Gets Underway

More than 50 had registered at noon Thursday at the Settles for the second annual Second District Medical Society meeting.

Dr. G. V. Brindley, Sr., Temple, president elect of the Texas State Medical association, headed a list of dignitaries and specialists here for the one-day parley. He is to address the 7:30 p. m. banquet session on "Problems Confronting Organization of Medicine in Texas."

Speakers on professional subjects during the morning and afternoon were four members of the Baylor College of Medicine. They were Dr. Elliott B. Hay, assistant professor of surgery, Dr. James A. Greene, professor of medicine, Dr. Herman Johnson, professor of obstetrics and Dr. James Greenwood, Jr., professor of neuro-surgery.

At the luncheon, technical questions raised by doctors, were discussed. A business session, including election of officers, was scheduled for 5:30 p. m., said Dr. R. G. Cowper, Big Spring, president.

At 5:50 p. m. the Scurry, Dickens, Kent, Garza, Borden, King and Stonewall county society was to have a special meeting of its own.

The banquet, with Roy Hickman, accompanied by Helen Duley, giving a whistling novelty, and Eddie Lou Haug, vocalist, was to be preceded at an informal reception at 6:30 p. m.

Wives of visiting doctors had luncheon at 1:30 p. m. in the Settles ballroom, and at 4:30 p. m. there was to be a tea honoring Mrs. S. M. Hill, president of the state women's auxiliary, at the home of Mrs. R. B. G. Cowper.

Mrs. S. J. Cooper was to be co-hostess for the affair.

There were registrations from Roscoe, Lorraine, Sweetwater, Abilene, Lamesa, Snyder, Stamford, Midland, Monahans, Fort Davis, Rotan, Lubbock, Houston, Temple, Odessa, Brownfield and Big Spring.

MARTIN STICKS TO SCHEDULE

Roadblocks Threaten Draft Bill On Both Sides Of Capitol

WASHINGTON, May 27. (U.P.)—Roadblocks threatened draft bills on both sides of the capitol today, but Speaker Martin (R-Mass) stuck to his schedule of starting House debate next week.
He discounted reports that draft opponents are trying to stall the bill in the House Rules Committee in the hope that adjournment next month for the national conventions will crowd the draft off the legislative timetable.
Chairman Gurney (R-SD) of the Senate Armed Services Committee said he deplored a threat by Sen. Langer (R-ND) to tack President

Truman's entire civil rights program onto the Senate draft measure. Such a move would be certain to provoke a filibuster by Southern Democrats.
House Rules Chairman Leo E. Allen (R-Ill) said his committee could hear at least 10 more draft opponents today "unless something important comes up."
A Republican leader who declined to be quoted by name said some House members are urging that Rules Committee to stall on the draft bill in the hope the Senate will kill the legislation before it reaches the House.

BRITISH COCOS

Too Many People On Island Paradise

SINGAPORE, May 27. (U.P.)—One of the smallest units in Britain's empire, the Cocos Islands, today has 1,000 more people than it needs. This was the estimate of Sir Franklin Gimson, governor of Singapore, after a recent visit to the oral islands 1,100 miles south-east of Singapore.

Also known as the Keelings, the islands have been leased for the past 120 years to the Clunies-Ross family, a member of which originally discovered and settled them. The crop from about one million coconut trees is the only commercial product of the little islands, although an important cable and wireless relay station is located there, and the Royal Air Force built a landing strip which was abandoned after the war.
The governor said the islanders now totalled about 1,800, mostly Malay stock, but the coconut industry as now operated required only about 800. There are no educational facilities, the food supply is "extraordinarily limited", and the community has "no hopes of advancement or improvement in the standard of living or of obtaining a wider educational and political outlook," the governor said.
"The people are simple, very happy, and extraordinarily reluctant to leave Cocos," he continued, "but however contented they are, they cannot be deprived of the chance to fit themselves into the present-day world."

Emigration, the governor observed, offers several problems other than financial. The islanders have no desire to leave the home where they have been happy under the paternal wing of the proprietary family; wherever they go they must settle close to the sea or "they will die of melancholia"; and they are untrained in any except the simplest handicrafts, making employment limited. In addition, he said, the islands are so "very healthy" that the emigrants would be unusually susceptible to diseases of the outside world.
"Work" for the islanders consists of picking up coconuts (they don't even climb the trees to shake them down) and delivering them to the copra center. The people keep one-fourth of the coconuts for their own use and are credited at the island commissary with the equivalent of about 25 U. S. cents a day as wages.

The Clunies-Ross family has subsidized food prices, so that costs are held down, and many islanders have good credit balances at the commissary. They hope to buy consumer goods in Singapore when present high prices drop.

The governor said an agricultural expert who accompanied him found the soil very poor, suitable only for coconuts, so crop diversification will not solve the problem.
One answer, he said, may be development of coconut byproducts, as the usable husks and fibres now

are discarded. He hopes to interest trustees of the Clunies-Ross estate in this possibility.

But, Martin told reporters: "The bill will come out of the Rules Committee) all right. I still think we can get to it some time next week."

Langer proposed his civil rights maneuver at a news conference yesterday. He said he would offer Mr. Truman's 10-point program as an amendment to the draft bill, and would hold the Senate to a roll call vote on it.

Later Gurney told reporters he hoped Langer would not carry out the plan. He said the draft bill is not a proper place for civil rights legislation.

The House Rules Committee, meanwhile, was in the midst of another dispute over plans to build a \$12 million airport for the naval academy at Annapolis, Md.

Allen called for a showdown vote on a \$208 million Navy construction bill which includes authority to build the new field for the midshipmen.

The measure has been before Allen's group since last summer. The Senate passed a similar bill last year.

AMAZING RESULTS WITH MERTOX TONIC

Mrs. Ben Grossman of Houston writes us as follows:
"For a long time I have had occasional bilious spells. My head would hurt and I would vomit my food. My last spell was very severe and I just thought I would die. My appetite was poor and I couldn't sleep at night. I was so troubled with my limbs stiffening just before I would have a spell of gas and bloot. I would be dizzy and I would have a severe headache. My food soured and it just seemed as if everything was wrong with me. To anyone suffering like I was, I recommend MERTOX highly."
This splendid medicine, containing 25 ingredients, works fast to eliminate poisonous matter from your system. Helps to build rich, red blood. Relieves constipation within a few hours and helps to create a more rhythmic bowel action. Get MERTOX Compound today from any Texas druggist at the new REDUCED price.

Action Sought On DP Proposal

WASHINGTON, May 27. (AP)—Republican leaders drove for final Senate action today on a bill to admit war refugees to this country. Acting Majority Leader Wherry of Nebraska told reporters he might order a night session in an effort to send the bill on to the

House. But nearly a score of amendments still remained to be disposed of. The bill was designed to permit the entry into this country over the next two years of 100,000 displaced persons, above regular immigration quotas. A number of senators are backing a proposal to increase the number to 200,000 and to ease some of the restrictions on entry.

From where I sit... by Joe Marsh.

It's Leap Year, Girls!

First girl in our town to "get her man" on Leap Year was the Cuppers' daughter, Jane, who wed Bill Webster's boy last Saturday. When I asked Bill Jr. if it was true that Jane really did the proposing, Bill said: No, but she made it plain she'd make an ideal wife. Instead of looking for diversion or excitement every evening, she was content to chat beside the fire. "I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

I know it's usual for older folks to shake their heads over the younger generation. (It's gone on for hundreds of years, now.) But from where I sit, young people of marrying age today are every bit as commendable as their elders were—in their temperance (a glass of beer for instance), tolerance, and common sense. So to Jane and Bill—the best of luck!

STATE DEPARTMENT LASHED

Sputtering Senators Label 'Voice Of America' Sabotage

WASHINGTON, May 27. (AP)—Sputtering mad senators called the State Department on the carpet today for a full story behind Voice of America broadcasts they labeled as sabotage, slander and libel. Sample broadcast excerpts: "New England was founded by hypocrisy and Texas by sin." Nevada's two main cities compete with each other because "people get married in Las Vegas and divorced in Reno."

From Sen. Hatch (D-NM): "Drive, nonsense and downright falsehoods." From Sen. Ferguson (R-Mich): "A demand that Congress rescind the \$27 million appropriation it voted for next year to finance the world-wide radio programs intended to portray the democratic way of life in this country." From Sen. Capehart (R-Ind): "A promise to introduce a resolution calling for a top-to-bottom congressional inquiry into the State Department's operation of the information program." From the National Broadcasting Company, which handed the programs under contract with the department: "The writer who turned out the scripts has been fired and

the supervisor who reviewed them has been "relieved of his post." This, however, failed to dispel the storm. It broke in the Senate late yesterday when Capehart read excerpts from a series of programs broadcast late in 1947 and early this year to South and Central America. The Indiana senator said they purported to deal with life and history in the 48 states as seen through the eyes of two travelers.

One script on Utah referred to Brigham Young, the Mormon leader, as "carrying a bottle of whisky in one pocket and a cud of chewing tobacco in the other." But, said the script, Young used neither. Quoting further, Capehart read that Alabama's Birmingham was "constructed in a hurry and they have not had time to improve it." The same broadcast called Alabama the "darkest" of all the states: "In no other part of the United States have the colored people suffered and struggled as much as here." "This whole thing is saturated with malice," shouted Sen. Connally (D-Tex). "They are saboteurs. They are traitors to their country."

"SITUATION WANTED" — Mrs. Dorothy Lawlor (above), 28-year-old divorcee offered a "Situation Wanted, Female" classified ad to Newsday from her home in Hempstead, N. Y., in which she offered herself "For Sale" as a wife to a man with \$10,000 and willing to support her and her two children, Dorothy, 11, and Tommy, 10. The newspaper published her story in which Mrs. Lawlor claimed that her former husband whom she married at 15 and divorced eight years ago, refused to support her and her children. She works part time as a registered nurse and has a job as night club hat check girl. (AP Wirephoto).

Harmonica Virtuoso Is Sued For Divorce

LOS ANGELES, May 27. (AP)—Boh Minevitch, harmonica virtuoso, has been sued for divorce by his estranged wife, former Stage Actress Betty Bruce Henry.

Mrs. Minevitch charged cruelty in a superior court suit yesterday. The complaint states that the couple married in Newark, N. J., May 31, 1930 and separated Sept. 15, 1946. Mrs. Minevitch adds that she and Minevitch signed a financial settlement in 1943 under which she was to receive \$300 a month for herself and \$125 a month for support of a daughter, Lydia, now 16. Mrs. Minevitch asked that terms of the settlement be incorporated in the divorce.

New Huk Fighting Breaks In Philippines

MANILA, May 27. (AP)—Fighting between the constabulary and the outlawed Hukbalahap broke out again today—the first clashes since the recent, unsuccessful surrender negotiations. Constabulary headquarters said the fighting occurred within the past 24 hours in the Cagayan Valley.

Anti-Red Spy Drama Opens Today At Ritz

The picture that has captured more headlines than any produced in many a year is "The Iron Curtain," which is brought to the Ritz theatre for a Thursday-Friday-Saturday showing close on the heels of its release date. Newspaper readers know that "The Iron Curtain," a documentary film dealing with the Soviet undercover work in Canada where atomic bomb secrets were stolen, has brought down the wrath of Communist elements, who have even resorted to violence to stop its screening at some points. This Red opposition has served only to boost the box-office take of the picture.

But, as the newspaper Variety points out "picture is a corking spy melodrama, and would have rated a large payoff on that count alone, even without the timeliness and importance of its news story." The picture is packed with eye-opening details of Soviet treachery. Its story is the personal one of Igor Gouzenko, former code clerk in the U.S.S.R. embassy in Ottawa. A devoted communist when he arrives at his new post, Gouzenko is gradually aware of what it means to live without fear, and, to help insure his son's future, exposes the Soviet spy network to the world in a story that filled the front pages in 1946. Gouzenko, his wife and son still live in Canada, under protection of the government.

Dana Andrews plays the role of Gouzenko, Gene Tierney appears as his wife. A Selznick production, the picture was directed by William A. Wellman.

Sheriff Held In Murder Case

COOPER, May 27. (AP)—County Attorney Sam Ratliff said a charge of murder had been filed against Delta County Sheriff Nolan Maynard in the fatal shooting yesterday of Dorothy Palmer, 35, of Cooper.

Ratliff said the sheriff had been taken to the Hunt County jail at Greenville. He said the shooting occurred between 1 and 2 p. m. He said District Attorney Eugene Brady of Greenville had filed the charge in Justice of the Peace Will Bell's court. State Highway Patrolman Ross Kemp said the woman was brought to the hospital here and was dead on arrival. He said she had a bullet wound in the throat.

Kemp said Maynard was arrested in the sheriff's automobile parked along the roadside about three miles from Cooper.

Kitchen Shower Plans In Honor Of June Bride

By CECILY BROWNSTONE
Associated Press Food Editor

If you have a "shower for a June bride" on your party list there are lots of interesting ways you can vary this proverbial entertaining. When a young friend of mine married recently I gave her a kitchen towel shower which was lots of fun. About a dozen friends came for supper and the bride-to-be got a most attractive and practical assortment of dish towels. I like the one I found for her—it had a recipe printed on it!

If you want ideas for showers there are two good books on the subject. One is called "The Cokesbury Shower Book" by Katherine Fite and Garland Clawson Paine, published by the Abingdon-Cokesbury Press, New York and Nashville. The other is "Showers for Brides and Babies" by Nina L. and Eudora V. Pond, published by the Medford Publishing Company, Medford, Okla.

Another fine kind of party to give a bride is a cookbook shower. The hostess might start off by giving the guest of honor a copy of the recent "Cookbook for Brides," by Dorothy Malone, published by A. A. Wyn, Inc., New York. Although in my estimation the perfect cookbook for brides has not yet been written there are lots of good things about this one. The author adds her own personal comments throughout the book which will not only be of practical help to the new housekeeper but will give her much-needed moral support.

Here is a recipe for a canape or sandwich spread from Miss Malone's book which you might like to serve at a shower.

Snappy Canape Spread
3/4 pound American cheese
1 tablespoon grated onion
1/2 teaspoon salt
1/2 teaspoon nutmeg
1/2 teaspoon allspice
2 teaspoons prepared mustard
1 teaspoon Worcestershire sauce
Dash of cayenne pepper, or 1/4 teaspoon
1/2 cup mayonnaise
2 tablespoons thick sweet cream
1 teaspoon lemon juice

Either put the cheese through the food chopper, or crumble it to bits and then mash it fine with a good strong fork. Add all of the rest of the ingredients in order, blend-

ing thoroughly. When you're finished, you ought to have a creamy spread, just stiff enough to hold its shape. The flavor, you will find, will be superb. Again, you can toast the crackers, or if that seems like too much work on the eve of entertaining, spread it on ready-made toast, or plain saltines, and you can feed a multitude. This is an inexpensive spread which is not only good for about 50 canapes, but makes wonderful sandwich filling. This mixture can also be used to stuff table celery. Top the stuffing with a whole pecan.

And here is another recipe, from a test kitchen devoted to perfecting chocolate recipes, for a delicious shower dessert.

Brownies
1/2 cup sifted enriched all-purpose flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1 package semi-sweet chocolate bits
1/2 cup butter or fortified margarine
2 eggs, well beaten
1-3 cup sugar
1 teaspoon vanilla
1/2 cup walnut meats, chopped

Mix and sift flour, baking powder and salt. Melt chocolate and butter or margarine over hot water. Beat eggs slightly, add sugar and vanilla and beat until very thick and light colored. This will take from 5 to 10 mins. Add dry ingredients to egg mixture and blend. Stir in melted chocolate mixture which has been cooled. Add nuts and mix thoroughly. Pour into greased 8 or 9-inch square pan. Bake in moderate hot (375 F.) oven about 30 minutes or until done. Cut in 9 or 12 large squares. Serve topped with vanilla ice cream and chocolate syrup.

Chocolate Syrup
1 package semi-sweet chocolate bits
1 cup sugar
1 cup hot water
1/2 teaspoon salt

Melt chocolate over hot water and stir until smooth. Add sugar, hot water and salt and blend well. Place over direct heat and boil 3 minutes. Makes 2 cups syrup. Store in refrigerator.

Chicken Gumbo

From way down New Orleans way, where cooking becomes culinary art, comes this delicacy that's fit for a king. It's rich in both flavor and nutrition, so try Louisiana Chicken Gumbo (With oysters when they are in season... or shrimp alone at all seasons of the year)

4-5 pound chicken, jointed
Salt, pepper
1-2 lb. ham, cubed
4 tbs. fortified margarine
4 tbs. shortening
1-2 cup onions
3 qts. boiling water
4 tbs. cornstarch
2 tbs. cold water
1-2 lb. okra
1 tb. minced parsley
1-4 tsp. thyme
1 bay leaf
1 dozen oysters (when in season)
1 dozen raw shrimp, shelled and cleaned

Salt and pepper the chicken. Sauté to golden brown with the cubes of ham, in the melted margarine and shortening. Add onions, turn heat very low and continue to sauté gently until onions are soft. Add boiling water. Cut okra into inch-long pieces, dropping into the boiling pot, as you cut. Mix cornstarch with the cold water to smooth paste. Add parsley, thyme, bay leaf. Add oyster liquor, if oysters are to be used. Cover and simmer gently 1 to 1-2 hours until chicken is very tender. Add seafood. Cook gently another 6-8 minutes. Serve steaming hot with boiled rice — or with boiled grits. Serves 6-8.

Diet To Receive Bigger Jap Budget

TOKYO, May 27. (AP)—Japan's largest postwar budget, 386 billion yen (\$796 million) will be presented to the Diet shortly. Much opposition is expected from members. The cabinet has approved the budget, which is 184 billion yen (\$360 million) more than last year. The largest expenditure will be the cost of allied occupation which runs 25 per cent of the total budget.

Green peppers are more plentiful right now than they have been for some time. They are excellent in salads and when used raw are rich in vitamin C.

AT DURKEE'S MEETING — Frank Martin of Martin Distributing company, Big Spring, was among the Texas distributors of Durkee's margarine who met in Austin recently to discuss the introduction of Durkee's yellow Margarine in quarter pound prints. At the meeting, called by Durkee's sales manager, C. F. Widmer of Chicago (front row, second from right), plans were revealed for running large space advertisements weekly through June 24th in the Big Spring Herald and 22 other leading Texas newspapers. At the same time arrangements were completed for bringing quartered yellow Durkee's to Texans. Martin is at the left end of the front row in the picture above.

Weizmann Off For Europe

NEW YORK, May 27. (AP)—Dr. Chaim Weizmann was en route to Europe today, ready to assume his role as president of the new state of Israel. The 73-year-old provisional head of the Jewish republic said yesterday before sailing aboard the Mauritania that he hoped his country soon would live in friendship with the Arabs and Great Britain. Dr. Weizmann said he and his wife, who sailed with him, would spend several weeks in Paris before proceeding to Palestine. Mrs. Weizmann told newsmen the couple decided against a stop-

over in London because of Britain's stand on the Palestine issue. "It is a sense of chagrin for us that the country we owe so much to and to which we have given the best we had has failed to recognize Israel," she said. "We don't wish to come to England on sufferance." Dr. and Mrs. Weizmann still are British citizens. They will become Israeli citizens on reaching the Holy Land.

Off To Middle East

PARIS, May 27. (AP)—Count Folke Bernadotte, the Palestine mediator for the United Nations assembly, left by plane today for the Middle East. It is believed he will stop at Athens before going to the Holy Land. The count is head of the Swedish Red Cross.

SOIL CONSERVATION Rye Provides Crop, Field Protection

E. H. Hatch will harvest 60 acres of Abruzzi rye for seed this year on his farm five miles north and three miles west of Big Spring. Hatch planted the rye for cover crop last fall as part of his coordinated soil conservation program to control blowing on a sandy field.

E. C. Russell, who farms the Hatch place, says the rye had only an inch and a half of rain after it was planted. The rye cover crop kept the land from blowing. Russell says, and will make a fair yield of grain. He plans to use the rye for cover crop on his cotton land this fall.

A. J. Pirkle completed a farm conservation plan last week on his place eight miles northwest of Big Spring in the Moore soil conservation group. Pirkle plans to use Abruzzi rye and hairy vetch in his conservation crop rotation to control blowing on his sandy land and build up the soil by adding organic matter and nitrogen. This is only one of the conservation measures planned by Pirkle in cooperation with the Martin-Howard Soil Conservation District.

Lines were run last week for terracing a 90 acre field on the farm of C. B. Lawrence, district cooperater in the Luther soil conservation group. This will complete the terracing needed on the Lawrence place to hold all the water on his cultivated land.

Floyd Jones built up the terraces last year on his farm in the Ackery soil conservation group. Jones, whose farm is two miles east and one mile south of Ackery, used a whirlwind terracing plow to make his terraces wider and maintain the height in order to hold all the rainfall that falls on his farm. He says that since the land was terraced in 1942 a lake on his farm has had water in it only twice. Most of this water ran off the road and an adjoining farm which is not protected by terraces, Jones says. Before he terraced his land, the lake filled up every year from water running off his fields.

Construction started last week on a tank on the ranch of Noble H. Reed, rancher cooperater with the district. Reed, who lives in Coahoma, is enlarging an old stock tank on his ranch in the Wild Horse soil conservation ranch group to make a more permanent water supply for his livestock. He is enlarging the tank 6200 cubic yards. Assistance in designing and laying out the tank was furnished by the Soil Conservation Service.

R. L. Warren will start construction soon on a 6700 cubic yard stock tank on his ranch east of Coahoma to provide stock water on a section of pasture land. The tank was located, designed and staked last week by the Soil Conservation Service. Warren will also build a 1400-foot diversion terrace to add more drainage to the stock tank.

U.S.S. Salt Lake City Takes Tough Shelling Before Sinking

WITH THE U. S. FIRST TASK FLEET, May 27. (P)—Two swift, clean torpedo hits sank the U. S. cruiser Salt Lake City after bombs, shells and rockets had battered her sturdy hull for hours.

The end came at 1:52 p. m. Tuesday after five hours of intermittent bombardment with everything 15 ships and scores of planes had to offer.

The famous old swaybacked fighting ship went down without protest—almost gracefully—as if she welcomed death under fire to desecration in a junk yard.

She rolled over and hid her grotesquely twisted masts and other wounds in the kindly sea. Her stern rose and then she slid beneath the waves, bow first.

Her grave is in the great depths, 130 miles off the Southern California coast. She went down in 2,000 fathoms, more than two miles of water. There no diver can ever disturb her.

Adm. C. D. Ramsey, commander of the Pacific Fleet, who witnessed the sinking, said: "In general the functioning of material was excellent, the Salt Lake City, a grand veteran of war and peace, has completed her last service. A final job well done."

The early stages of the bombardment were limited in order to prolong the practice.

Machine gun bursts and rockets stripped the cruiser of her frills. Five, six and eight-inch shells were hurled—some missing but many scoring hits. One-hundred,

500 and 1,000-pound bombs tore chunks from her sides and superstructure.

She was still riding the waves, with only a slight list to port, until the first torpedo struck at approximately 1:30 p. m. It tore a hole in her port bow and she gradually keeled over. Fires broke out fore and aft.

Her main deck was almost awash when the second "fish" hit amidship—fired by Cmdr. E. P. Madley of the Bronx, New York, from the submarine Blenny.

Bus Hearings Continuing

WAXAHACHIE, May 27. (P)—Railroad Commission Examiner W. P. Danforth was scheduled to continue the Texas Electric Railway Company's hearing on an application to institute motor coach service from Denison to Waco through Dallas here today.

A two-day hearing on the application was finished at Hillsboro yesterday. Additional argument here tomorrow will conclude the hearing.

Forty witnesses from towns along the interurban line now operated by the railway company testified yesterday they need and would use the commuter bus system proposed by the company.

The railway company proposes to discontinue interurban service in favor of motor buses, operated on about hourly schedules.

The Southwestern Greyhound Bus Company is opposing the proposed new line.

Huge Stamp Theft Told

NEW YORK, May 27. (P)—A band of burglars—crude at cracking a safe, but with an eye for value in collectors' postage stamps—has engineered the largest theft known in the trade.

Stamps valued between \$70,000 and \$80,000 were stolen last week end from the New York Stamp Company, police disclosed yesterday.

Peter G. Keller, executive officer of the American Stamp Dealers Association, a protective trade group, said it was the largest theft of collectors' stamps he could recall.

Seven safes in the offices were filled with stamps, but only the two containing the most valuable were plundered. The burglars "knew what they were taking," Keller said.

LECTURE IS DISLIKED

JACKSON, Miss., May 27. (P)—A hitchhiker told state highway police that he was shoved from a moving automobile and then run over by a motorist to whom he had given a lecture on the evils of strong drink.

State Highway Patrolman Billy Jones reported that the hitchhiker, 27-year-old Hollie Leroy Meets of Ashland, Ky., was found unconscious with back and chest injuries on a highway late yesterday.

The hitchhiker, Jones said, told him later the motorist became irritated when he countered the offer of a drink with a lecture on the evils of liquor, pushed him from the car, which he then put into reverse, and ran over him.

State police set up roadblocks in North Mississippi in an effort to apprehend the motorist.

Gene Autry Will Be With Rodeo Set For Lubbock

LUBBOCK, May 27.—West Texans by the thousands will have their second opportunity in as many years to see the famous cowboy movie star, Gene Autry, with a personal appearance in Lubbock four nights beginning June 9. Autry stars in the world's championship rodeo, opening on that date and continuing through June 12, with nightly performances starting at 8 p. m. in the new Clifford and Audrey Jones Stadium at Texas Tech. The American Business Club again will sponsor the show, proceeds of which will be placed in the capital fund of the Lubbock Boys' Club.

The four days of rodeo action will be launched with a huge parade, headed by state dignitaries and other notables. Vehicles of the old West, and appropriate floats will be included in the procession. To date, Price Daniel, Attorney General of Texas, and Coke Stevenson, former Texas governor, have signified they will be among those distinguished persons to be recognized on the opening night's performance.

Gene Autry's appearance will be his second in Lubbock, and one of a number to be made outside California this year. The western star's famous horse, Champion, Junior, will also perform.

Grape juice mixed with ginger ale and a little lemon or orange juice makes a refreshing drink. For a mid-afternoon snack serve thin crisp crackers spread with cream cheese with it.

Jelly Rolls Of Veal With Apricot Stuffing

No need to be economical one way when you can cut costs two ways—and come out with these savory "jelly rolls" of veal with golden apricot stuffing.

Our two ways—an inexpensive cut of veal and stuffing that extends the meat. Breast of veal can be had for around 25 cents a pound before boning.

A sure-to-be-hearty meal is yours with whole wheat muffins on the table. Their crusty wholesomeness comes at low cost, too.

VEAL ROLL.
APRICOT STUFFING
 2 lbs. breast of veal
 Salt and pepper
 1-2 cup celery, chopped
 2 tablespoons fat
 1-2 cup dried apricots, chopped
 1-4 cup hot water

1 cup bread crumbs
 1 cup water
 Remove bone from meat and season.

Brown celery slightly in hot fat. Let apricots stand in hot water a few minutes to puff. Add apricots and liquid to bread crumbs, celery and seasonings.

Place filling in center of meat. Roll and fasten with skewers or toothpicks. Brown slowly in drippings, add 1 cup water and simmer gently until tender about 2 to 3 hours. Serve with brown gravy. Serves 4.

Dab orange marmalade on muffin tops before baking—for an attractive touch which uses up leftover jellies.

FOOD TIPS: Now that salad greens are plentiful, tossed salad should be a frequent choice for dinner.

Fact is that lettuce, chicory, escarole, endive and all the other salad greens bring good food nutrients to our table. They provide that green, leafy vegetable which nutritionists urge us to eat daily.

And there's nothing monotonous about tossed green salads. You can have a different one each day of the week—by just varying the dressing.

Crumble a little blue cheese or Roquefort, for instance, into a French dressing—for a special tang with bland main dishes.

Add zest to your dressing with a little horseradish. Or use finely chopped chives and tarragon for a delicate, distinctive flavor.

IT'S GOOD TO KNOW Mrs. Tucker's HOME MAKING HELPS

The silent fall of a cake can cause thunderous repercussions

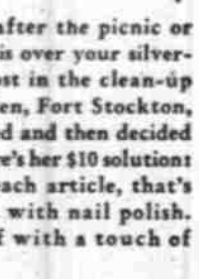

All of us know that MRS. TUCKER'S SHORTENING does not pop or spatter when heated for frying. But sometimes the food itself is the spatter matter, because it's too cold or moist when dropped into the hot fat. Mrs. A. G. A. Gustafson, Austin, Texas, covers the matter nicely so that even those notorious trouble makers, chicken livers, become un-pop-ular.

\$10 for: Place a colander over the frying pan. The holes allow the escape of steam so the food is crisp and brown, yet the fat cannot get out.

It's no picnic when after the picnic or covered dish luncheon is over your silverware and dishes get lost in the clean-up shuffle. Mrs. A. J. Allen, Fort Stockton, Tex., must have seen red and then decided to put it to use...for here's her \$10 solution!

Initial or in some way identify each article, that's not easily recognized as yours, with nail polish. Once you're home, it comes off with a touch of polish remover.

Summer is sandwich season for our money and \$10 of it goes to Mrs. Frank Bosche, Muskogee, Okla., for these intriguing suggestions of how to glorify two pieces of bread:

Cream 1 pound MEADOLAKE MARGARINE, but do not melt. Gradually beat in, a few drops at a time, 3 tablespoons warm milk or water. Beat until light and fluffy. Use this as a foundation spread for sandwiches, thus preventing the bread from becoming soaked with filling, or may be used as filling for small sandwiches.

- Variations:**
1. Add to the creamed mixture or a portion of it: Grated cucumber, lemon juice and green coloring.
 2. Orange juice, lemon juice, powdered sugar, grated orange rind.
 3. Chopped ripe olives.
 4. Flakes of shrimp, lemon juice and paprika.
 5. Peanut butter, bananas and mayonnaise.
 6. Dates or raisins and nuts, mayonnaise.
 7. Chopped spinach, onion juice, grated nutmeg.
 8. Cream cheese, orange marmalade and cream.

Your favorite recipe or home-help may mean a new bonnet by Postal Patent's Mrs. Tucker's Homemakers' Dept., Sherman, Texas, pays \$10 for each used.

Tasteful MEADOLAKE MARGARINE comes dressed for the party table in a GOLDEN-YELLOW gown already colored, ready to serve, as well as regular.

Butterscotch Sauce

3-4 cup dark brown sugar
 1-3 cup light or dark corn syrup
 1 tablespoon butter or fortified margarine
 1 tablespoon light or heavy cream
 1-2 teaspoon vanilla

Place brown sugar and corn syrup in heavy saucepan. Cook over low heat until brown sugar is completely dissolved. Remove from heat. Add butter or margarine and mix until melted. Add cream, a teaspoon at the time, and vanilla and mix until sauce is well blended. Serve hot. 4 to 5 servings.

Note: To store, place in tightly-covered jar in refrigerator. Sauce will harden. To reheat, place jar in boiling water until sauce is melted.

DECLARE PACT SOUGHT
Reds Say British Offered Adolf Hitler A Free Rein

MOSCOW, May 27 (AP)—Russia has published new documents claiming that in August, 1939, Britain offered Adolf Hitler free rein in Europe in return for the British-German alliance.

New Times quoted Dirksen as saying the British Foreign Office told the Germans in 1939 they would scrap guarantees to Poland, Turkey and other nations if a comprehensive British-German treaty was achieved.

Dirksen is said to have told his government he conferred with Prime Minister Neville Chamberlain's confidential adviser, Sir Horace Wilson, Aug. 3, 1939. He is said to have stated that Wilson promised with the conclusion of a British-German entente, British policy guarantees would be "factually liquidated" and Britain would back out of her guarantees.

Wilson is said to have insisted that further talks on a British-German non-aggression pact be held secretly "in Switzerland or elsewhere".

Dirksen said he also talked with the British foreign minister, Lord Halifax, who, he said, told him "the English side will go very far in order to obtain an agreement with Germany".

At the time of the talks, New Times said, a British military mission was in Moscow conferring with Soviet authorities.

New Times said Dirksen reported secretly to the German Foreign Office that the British mission to Moscow "rather has as its problem the establishment of the fighting ability of the Soviet army than the conclusion of an operative agreement".

After Germany invaded Poland, New Times said, Dirksen wrote in a memorandum that the British offers were taken by the German government "as further evidence of English weakness".

HANDLES COMPLAINTS
Blind Vet Helps With GI Benefits

MONTGOMERY, Ala., May 27. (AP)—The big guy glared across the desk at smiling Chuck Delong. "Look, he demanded. Look at this hand. Rheumatism. Got it in the Army. How do ya think I can make a livin' with this? How can I?"

Suddenly, the distraught World War II vet stopped short. He realized Delong wasn't looking at anything. He's blind.

Charles J. Delong's affliction has a quieting effect on ex-servicemen who bring their complaints to the Veterans Administration where he's employed as a contact representative.

The 26-year-old Hammond, Ind., high school graduate says as far as he knows he's the only blind contact man in the VA.

His disability makes other ex-GI's stop and think. If they notice it. But many of them don't. Delong makes it as inconspicuous as possible.

He doesn't tell them, either, that there's hardly a place on his body as big as your hand that's not torn by shrapnel. His job is to hear their complaints and help them if he can.

The handsome former Air Force man has ways of concealing his blindness. Little things like keeping every object on his desk where he can reach it at an instant. A sharply trained memory and a wife who reads him the newest VA directives keep him posted on regulations about GI benefits.

Montgomery was just another southern city to Delong when he joined the AAF in 1939 after graduating from Hammond High school. A native of Flat Rock, Ill., he had lived in Indiana with his parents, Mr. and Mrs. Samuel E. Delong, since he was nine years old.

The Air Force brought him to Montgomery to train at Maxwell Field, and at Montgomery he met Laura Gallaspie. Three years later they were married.

It was a Le Mans, France, that Delong lost his sight when a Nazi booby trap went off.

After the army discharged him, Delong returned to Indiana, but soon journeyed back to Montgomery on a visit with his wife and decided to stay. He got the VA job after a competitive examination.

Now after office hours he studies English and history at the Alabama University center, and walks the eight blocks from the VA building to school through the heaviest downtown traffic of the day and does it unaided.

Discharged Vet Says Stabbings Caused By Film

SHELBY, N. C., May 27. (AP)—A medically-discharged combat veteran stabbed his wife and himself in a theater last night because, he said, bombing scenes in the motion picture drove him "nuts."

Policeman Paul Stamey said Arthur Bumgarner, 26, pursued his 18-year-old estranged wife Meldonia to the balcony, threw her down, and stabbed her eight times with a pocket knife. He then turned the knife on himself and inflicted three wounds in his chest before an usher kicked the knife from his hands, Stamey added.

Police said Bumgarner told him he went "nuts" when he saw the movie "Homecoming," which depicts the bombing of a Normandy Hospital.

Bumgarner's mother said her son was wounded while serving as an infantryman in Normandy and was taken to a hospital which subsequently was bombed.

Bumgarner and his wife were taken to a hospital where attendants said early today their condition was fair.

Madrid Appears Winner In Panama

PANAMA, Panama, May 27. (AP)—With the unofficial tally virtually complete, Arnulfo Arias Madrid seemed assured of victory today in the Panama presidential race.

The former president had an unofficial total of 71,594 votes, with the count complete in all but 29 of 576 precincts, compared to 68,430 for his nearest competitor, Domingo Diaz Arsenama, a former vice president running on the Liberal (Government) Party ticket.

ACTRESS DIES WHILE ON STAGE

ATLANTA, May 27. (AP)—Mrs. Eleanor Mitholland, 58, portrayed the role of a patient consulting a doctor in an amateur play here last night.

She collapsed during a scene in the first act. The audience at the Moreland Avenue Baptist Church thought it a part of the play. A physician was called and pronounced her dead of a heart attack.
