**Sheets & Son Plan
New Building Soon**

Sheets & Son Blacksmith and Welding in Texico announced plans this week for a new steel industrial-type building for their business which will be erected in the near future.

Harry Sheets, co-owner of the business with his father, Ted, this week said plans are to construct a 40x75 steel building on the site now occupied by their present frame structure, which will be dismantled.

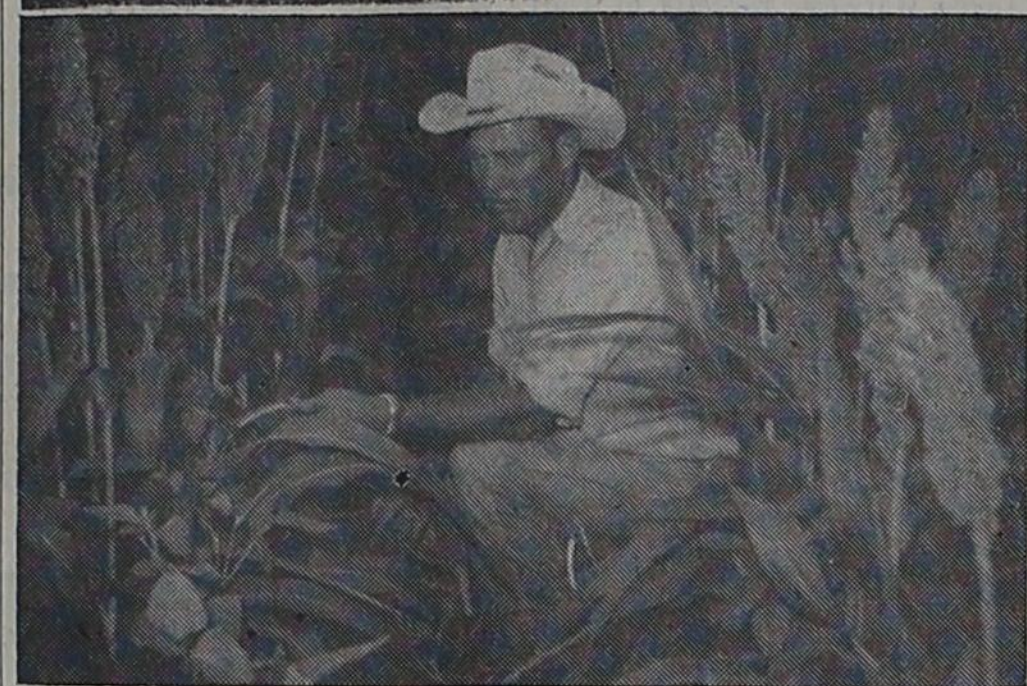

In connection with the improvements, Sheets said plans are to increase the company's stock of steel and plastic pipe, and fittings used for installation of natural gas lines to irrigation wells.

Mr. and Mrs. Roy Barker of Sacramento, Calif., will arrive here today (Thursday) for a week's visit with his parents, Mr. and Mrs. Claud Barker.

INTER-ROW SEEDER AVAILABLE

This is one of three inter-row legume seeders available through the Parmer County Soil Conservation District. A. L. Black, chairman of the county ASC committee, is shown in the picture.

BENEFIT SOIL, DON'T HURT MAIZE

A. E. Redwine of Oklahoma Lane tried out inter-planted legumes last year. This picture gives an idea of what the soil-building practice looks like.

**Planting Time? Yep,
For Inter-Row Crops**

Further proof that farming on the High Plains is getting to be a year-round vocation is the fact that it's planting time again.

Planting time, did you say? Wheat harvest is just over, and the cotton and feed are growing like weeds. What is there to be planted in August?

The answer: inter-row legumes. A considerable number of farmers in Parmer County gave this soil-building practice a try last year, and most of them became "believers" and can be expected to start the program again in 1955.

Just what is inter-row planting? Inter-row planting means just what the name suggests. Farmers make use of a specially-constructed planter to go into their grain sorghum and cotton fields after growth of these crops is well along, and drill in a legume such as hairy vetch, clover, winter peas, or even alfalfa.

Farmers don't plant the legumes until the feed or cotton is advanced far enough to protect the tender young legume shoots when they sprout in the hot weather, but neither do they wait too long to do their planting.

They can wait only until the development of the cash crop in the field is so large that it might be damaged when the tractor and planter are driven through. That's the deadline, and the calendar doesn't have too much to do with it.

It was really nice for us in the mountains, and we didn't get rained on a time. That's something to knock on wood about, because it's sure been staying wet up there, the natives tell us.

The nearest to getting wet the writer got was the night Ronny slept in bed with his mommy and daddy. Fortunately for the columnist, the young son was snuggled against his mother when his nocturnal accident occurred.

We can't remember when the Western country has looked so prosperous. We don't mean the mountains so much as we do the big ranches and small farms up in that neck of the woods.

Several times we stopped and asked about conditions, and all confirmed that things had never looked better.

Being from the irrigated Plains, we had our eyes peeled for the type agriculture we have around here, but found little that offered comparisons. There are numerous irrigated regions, of course, but all of them are from streams.

We passed through Tucumcari and noted the project there, where about 500 farms are watered from the lake impounded behind Conchas Dam. The Tucumcari project has plenty of water this year, folks up there tell us, and their farms indicated this to be true.

We observed minor projects along the upper Pecos valley, but they were limited. Virtually all the mountain country, that is devoted to farming, is in hay.

This, of course, works well with the big ranching industry. The fact that these high areas are so far away from good markets also limits their operations, too, no doubt.

There is a small project near Las Vegas, where a dirt dam forms

**Planting Time? Yep,
For Inter-Row Crops**

However, average planting times for inter-row legumes is from now until about Oct. 15—the late date applying to cotton only.

There are good reasons for this practice, and most farmers who have tried it agree that it puts money in their pockets in the long run.

The young legumes will provide a good cover crop for the land during cold, dry, and often windy winter months after the feed has been combined off or the cotton stripped. The legume plants don't "do much" in the fall and winter, but just live and provide cover. They also provide some winter grazing.

**Okla. Lane Revival
Begins Sunday**

Rev. R. C. Cantrell, pastor of Hamlin Memorial Methodist Church, will be evangelist at a revival to begin Sunday night at the Oklahoma Lane Methodist Church.

Rev. Vernon Willard, pastor of the Oklahoma Lane Church, announces that services will be held at 10 o'clock each morning, weekdays, and at 8 o'clock each evening.

Mrs. E. G. Snodgrass is in charge of singing, and David Willard is organist. The public is invited.

Paving Program Completed

The last of a "volunteer" paving project in Farwell is shown here being completed by Contractor Odell Poteet of Ralls. Poteet, who is scheduled to begin curb and gutter work on Texico's paving in the near future, said he still has some minor projects left in Farwell to complete, such as driveways and parking areas.

**ASC Community Vote
To Start Next Week**

Ballots for the Parmer County ASC community committee elections will be placed in the mails sometime next week, announces Joe Camp, county ASC office manager.

Manager Camp reports that about 2500 persons are qualified to vote in the county, and that they will elect fifteen persons from three "communities" in the county in the election.

Those elected will, in turn, have delegates to the county ASC convention, and at that time (which will follow the community election by a week), the official county ASC committee will be named.

Voters will decide on an all-new slate of nominees this year. They

include:
COMMUNITY "A"—Deon Atry, Oscar Baxter, Doyle Elliott, Jimmy Jesko, Jack Patterson, E. G. Phipps, James Proctor, Steve Struve, R. L. Truax, and J. W.

**Neice Joins Sikes
As Car Salesman**

Lloyd Neice, who for the past five years has been employed at the state Port of Entry station in Texico, this week announced that he has accepted a position as retail salesman for Sikes Motor Company, Farwell.

Neice, who resides in Texico, began his new work Aug. 1.

Wright.
COMMUNITY "B"—Thomas Beauchamp, V. H. Bewley, D. L. Carmichael, W. J. Coffman, Ronald Davis, Ben Foster Jr., Clyde Monk, Jimmie Seaton, Leon Smith, Archie Tarter.

COMMUNITY "C"—J. B. Barrett, Wendol Christian, Claude Coffey, H. T. Edwards, Henry Hasehoff Jr., Arthur Kent, Truman Kent, Ernest Kube, Joe McWilliams, and L. D. Rundell.

The top five vote-getters will be elected, and the person from each community receiving the highest vote will become chairman and a delegate to the county convention.

The present county committee is composed of A. J. Phillips Jr., Jack Smith, and Roy Euler.

Gospel Meeting Starts Sunday

CURTIS CAMP

Evangelist Curtis Camp of Amarillo will conduct a gospel meeting at the Church of Christ, Farwell, beginning Monday of next week.

Eugene Sofford, minister of the church, is to be song leader for the meeting, which will continue through Wednesday, August 17.

Services will be conducted twice daily, at 7 o'clock in the mornings, and at 8 o'clock in the evenings.

Minister Sofford has extended an invitation to the public on behalf of the church.

PARMER COUNTY TOPS

Voters of Parmer County led the state in number of ballots cast in the wheat referendum last month, the ASC office has revealed. There were 457 ballots cast, of which 381 were in favor of marketing quotas.

11 Entrants in Queen Contest

Mrs. Roy V. Miller, Parmer County Chairman of the third annual Farm Bureau queen contest, announced Wednesday that eleven Parmer County girls have been entered in this year's contest. The contest will be held on Friday night, August 12, in Friona school auditorium. Deadline for entering the contest is Monday, August 8. Sponsors of entrants should submit the girl's name, age and community to the local chairman in the community she will represent.

Those entered in the contest at this time are Ruby Mallouf, Lazbuddie; Elizabeth Ann and Bennie Grubbs and Marilyn "Chuck" Fairchild, Lakeview; Barbara Deaton, Black; Lillie Ellison and Ella Berry, Bovina;

Eugenia Landrum and Evelyn Ray, Friona; Agnes Meissner, Farwell; and Margaret Verner, Oklahoma Lane.

Judges for the contest will include Judge Robert Estes, Marvin J. Simms and Mrs. Ruby Jones, all of Dimmitt.

Emcee for the program will be Tom Dycus of KDUB-TV.

**Construction Begun
On New Pipe Plant**

Construction work on the new Gifford-Hill Western concrete pipe plant in Farwell was underway this week, and foundation for the new office is expected to be run tomorrow (Friday).

Gifford-Hill is installing a mammoth pipe plant capable of producing 3000 feet of concrete pipe daily. It is used mostly for irrigation purposes.

Their eight-acre site in the industrial area between the Santa Fe tracks in northeastern Farwell has undergone heavy filling operations with a caliche base.

A. C. "Buck" Clark, manager of the new plant, reported this week that the steel office building should arrive and be erected within three weeks, and that the floor of the plant itself probably will be run next week.

Some equipment for the plant already has begun arriving. Overhead material bins are setting on a siding adjacent the building site.

Completion of the entire plant is expected in mid-September or early October, Clark estimates. He said everything has gone smoothly on the work so far.

**43 Wells Completed
In County in June**

Irrigation wells in Parmer County that were completed and filed with the Lubbock office of the High Plains Water District totaled 43 in June, it was disclosed this week.

Parmer County fell behind Lubbock and Hockley in wells completed in that month, they having 69 and 52 new wells, respectively.

Completed wells in neighboring counties: Bailey, 17; Castro, 39; Deaf Smith, 27; and Lamb, 30.

The judges will base their decisions in choosing a winner on the following points: poise, personality and appearance. Clothing for the contest will be formal.

Each girl will be asked to make a talk on "Why I'm Glad My Family is in Farm Bureau."

Qualifications for entrants are as follows: 1. Entrant must be the daughter or sister of a Farm Bureau member. 2. Single. 3. Age 16-22 on September 1, 1955. 4. Not eligible are daughters of state directors, employees, county officials, county directors or previous state winners.

Winner of the Parmer County contest will receive \$100 for clothing and accessories to be worn in the district contest at Lubbock early in September.

**Roth Anniversary
To Be this Weekend**

The seventh anniversary of Roth's Grocery and Market in Texico will be observed this weekend, announces Mrs. T. E. Roth, owner of the store.

She announced plans for a special sale in observance of the occasion, and revealed that prizes would be awarded during the event. Seven baskets of groceries valued at \$15 each are being given away Friday and Saturday.

In addition, bubble gum and balloons will be passed out to the kiddies, and there will be a talking parrot in the store for the entertainment of customers.

**Singing Instruction
To Begin Monday**

Several individuals of Texico-Farwell have announced this week that the churches of the community are sponsoring a singing school, which will begin Monday, Aug. 8, and continue through Aug. 20.

Hugh Tucker, who with Walter Hardage, Bob Douglas, and Ben Smart helped formulate plans for the school, reported this week that L. L. Dunn of Littlefield has been engaged as singing instructor.

The sessions, which will be held

The district winner and an attendant will receive an all expense paid trip to the Texas Farm Bureau Convention in Ft. Worth sometime during November.

The state winner and matron escort will be allowed \$500 expenses to the American Farm Bureau Convention in Chicago in December.

**Rites Held Sunday For
Retired Texico Farmer**

J. V. Raulie, a Texico resident since 1908, died in Roosevelt County Hospital in Portales on Friday, July 29. Raulie, a retired farmer, had been in poor health for several months.

Rev. R. C. Cantrell, pastor of Hamlin Memorial Methodist Church, officiated at funeral services held Sunday afternoon at The Rose Chapel of Wolf and Roberts Funeral Home in Clovis.

Interment was in Mission Garden of Memories. Pallbearers were Olan Schlueter, Lonnie Haynes, Lee Doshier, Raymond Mears, Roy Ford and Les Means. Serving as honorary pallbearers were Bill Newberry, Phillip Lyons, Val Baumgart, W. D. Mack, Earl Fulgham and Charlie Murphy.

Raulie is survived by three brothers, C. A., W. W. and Ray, all of Texico, and one sister, Gertrude Raulie, also of Texico.

Miss Mary Belle Aldridge left Saturday morning for Dallas where she plans to start work soon.

THE TRIBUNE'S EDITORIAL COMMENT

This Story Sort Of Sneaked Up on Us

The drouth is over.

Have you seen that headline on the front page of The Tribune—or any other newspaper—in recent months? We know you haven't seen it in The Tribune, and doubt if you have in any other paper.

Yet, there are few who will deny that the Plains are looking their best in years, indicating perhaps, that the long drouth may at last be at an end.

That would be earth-shaking news in any man's paper—but it's all come about so quietly that we've scarcely realized it. There hasn't been any dancing in the streets or tooting of horns like you'd expect, but everybody just sort of agrees that dry weather is gone for a while.

It didn't leave us with a spectacular display of cloudburst, but with scattered, persistent, continuing showers. The steady stream of small squalls that everybody notices almost every day is breaking the back of the drouth.

Isn't it strange that such a great news event should come so quietly that one scarcely realized when it happened?

The only way to ever keep yourself sold on the High Plains is to leave 'em. You'll come back—and be glad to.

Is there anything more beautiful than a drive through mile after mile of beautiful crops in the High Plains irrigated district? We doubt it.

Grain & Feed Trade Gives "Poor" Farmer Program Bronx Cheer

An editorial in a recent issue of the Grain & Feed Journal indicates that the grain trade is not inclined to think so highly of a newly-announced program for helping low-income farmers.

Under the heading "Cracker Farmers To Be Forced Into Raising More Unwanted Grains", the trade publication lashes out at the USDA experiment. It should be noted that the editorial does not necessarily include opinions of those associated with the grain business in this immediate vicinity. We haven't sounded them out on their ideas.

We did think you might want to read this, however, even if it does make you mad:

For over 100 years, historians have noted that farmers have been coddled, babied, pampered, encouraged to take cheap money with which to expand or buy new equipment, et al. But the latest move by the uninformed administration really "takes the cake" for all times.

Here we have over two years' supply of most grains in storage—and new crops about to be harvested. Everyone in the grain business knows that war-time high price grain supports were supposed to have expired in 1948. But for seven additional years these unwanted and unneeded surpluses have been allowed to pile up under both political parties strictly for vote-getting reasons.

Now the "cracker" farmer is being placed on a pedestal and glorified with taxpayers' money. Tomorrow this tiller of marginal land will be among the millionaire "suitcase" farmers enjoying winters in Florida—even if the government has to pay every

cent of his way.

"Cracker" farmers are those lazy, shiftless souls who haven't the ambition to pick up a dime somebody else earned and accidentally dropped. Mentally they have the hook-worm so badly they'd even rather not talk.

Now the socialists in USDA have decided to make another noble experiment with these ambitious folks. And the result will doubtless be more millions of unwanted surplus grains to store, get infested, and otherwise deteriorate—all at taxpayers' expense.

One million and a half farmers supposedly are lagging behind in their share of the blessings attendant upon progress in this nation and have less than \$1,000 cash left at the end of the year. It is of no consequence that over 90 per cent of the rest of the population does not fare as well. "Poor, down-trodden farmers" always make so much better front page newspaper headlines.

These people do not benefit from the price support programs, President Eisenhower recently told Congress. Poor farmers, he said, generally don't accomplish very much for themselves. So now, after more than a year's study by numerous socialistic government agencies, a pilot program will be undertaken in fifty or more of the 1,000 American counties in which these low incomes are prevalent.

Many kinds of assistance will be forthcoming—most of which are not the government's function—and all of which doubtless will add unnecessarily to the present burdening grain surpluses. Teaching nutrition and better management to these marginal "cracker" farmers is about as futile as interesting a coon dog in gold fish.

After experience is gained from working with these experimental "crackers", the scope of the plan would be extended to bring its benefits to other low-income grain producers, says a release issued over Seey. Benson's name.

We still say that if every department in Washington were cut 90 per cent, and those dreamers made to go into productive work, our taxes could be so substantially reduced that the rest of the population might have \$1,000 cash left over at the end of the year, too. Besides that, we'd have no ridiculous grain surpluses of unneeded magnitude to keep us worrying nights. Then we really could enjoy living.

Safe Recovered, Two Minor Wrecks During Past Week

A small narcotics safe stolen Sunday night from the Prescription Shop in Clovis was recovered 1½ miles northeast of Farwell Tuesday noon, reports Sheriff Chas. Lovelace.

The safe, which was discovered by a highway maintenance crew from Bovina, had been broken into and looted of its contents. Lovelace said evidence at the site along Highway 60, indicated it had been broken open there.

Charles Phillips of Farwell was injured only slightly about noon Wednesday when the pickup which he was driving overturned west of the W. E. Martin farm on Highway 70-84.

Phillips was alone at the time, and received a bump on the head when he lost control of the vehicle on a sandy shoulder and it turned on its top.

A minor collision involving a car full of colored people and a Clovis man was also reported by Sheriff Lovelace. None were injured in the mishap which occurred near the roadside park southeast of Farwell on Highway 70-84.

Lions Club Breakfast Grosses Only \$72.85

A crowd of disappointing proportion showed up at the third Lions Club breakfast Sunday morning at the Farwell school cafeteria. The gate receipts totaled only \$72.85.

Lion John Getz, who is chairman of the project, reported that the goal of the Club is about \$60 more than has been received to date. The Lions have been attempting to raise money this summer to sponsor a youth recreation program.

He reported that the remainder of the cash needed would be made up by private contributions.

Pickup Overturns Near Farwell

Charles Phillips was confined to Farwell Clinic for a few hours yesterday (Wednesday) after having been injured when the pickup he was driving overturned on a dirt road 2 miles southeast of Farwell.

Sheriff Chas. Lovelace says the vehicle apparently hit a soft shoulder on the dirt road causing the mishap.

The accident occurred at approximately 12:30 and Phillips was released from the clinic late yesterday afternoon.

The Department of Commerce and Labor was added to the Cabinet in 1903.

As Ronny (the two-year-old) says, our baby brother can't walk and he can't talk—but after only six weeks, he has achieved his place in our household that no one else or all the work in the world can fill.

We returned from the mountains a short while ago, and things seem so quiet here, even with Ronny wheeling his tricycle through the house. The baby is in Silvertown with his grandparents, and by tomorrow morning, we will be ready to go get him.

There are times when the house seems small, when there are so many activities and both children demanding attention, but with one of the boys gone, our rooms immediately get larger and emptier.

Clyde Warwick, recently of The Canyon News, says "There are people in the world who believe that a cash contribution is all that they are required to do for their communities."

We have a few here that don't even do that much. They seem to think their presence in our community is enough.

Going to the mountains gives us renewed respect for the pioneers who went over country as rugged as that in covered wagons and with Indians and other dangers stalking them all the time.

Our cook this week is Doris Hariman. We were over at the drug-store recently and asked Doris what her favorite recipe would be. Contrary to what you might think, it wasn't ice cream soda or any of the other delicacies Doris mixes up over there. It is orange coconut cake. Directions for this luscious dessert are given below. Thanks Doris—one of our most youthful cooks.

Orange Coconut Cake

- 3 1-3 cups sifted all-purpose flour
- 2 cups sugar
- 4 teaspoons baking powder
- 1½ teaspoons salt
- 1 cup vegetable shortening
- 1 1-3 cups milk

- 1 teaspoon vanilla
- 1 teaspoon lemon extract
- 1 teaspoon grated orange rind
- 4 medium eggs

Sift dry ingredients together into mixing bowl. Add shortening and milk. Beat with electric mixer at low speed to blend thoroughly. Beat 2 minutes at moderate speed, being sure to use rubber scraper to guide batter into beaters while mixing. Add extracts and orange rind. Add eggs, one at a time, mixing on low speed after each addition. Beat 2 more minutes at moderate speed. Spread evenly in 3 well-oiled and lightly floured 9-inch round aluminum cake pans. Bake in moderate oven (350° F) about 35 minutes. Remove to cooling rack. Let cool 10 minutes and remove from pans. Complete cooling. Spread Fluffy White Frosting between layers. Swirl attractively on sides and top of cake.

Fluffy White Frosting

- 2½ cups sugar
- 3 egg whites (room temperature)
- Few grains salt
- ½ cup plus 1 tablespoon water
- 6 tablespoons light syrup
- ½ teaspoon each vanilla, lemon extract
- ½ cup coconut

Place water in lower part of large double boiler and set over

high heat. Combine sugar, egg whites, salt, water and syrup in upper part of double boiler. Beat 1 minute at medium speed on electric mixer. Place over boiling water. Cook, beating constantly, about 7 minutes until mixture will stand in peaks having curved tips. Remove from heat. Beat about 1 minute longer at high speed, or until thick enough to spread. Add flavorings. Blend. Use as directed. Sprinkle with coconut.

Tom Wagner Goes To Cabinet Meeting

The cabinet of Lions International of District 40-X met in Elida Tuesday with District Governor Cleo C. Ainsworth to set up activities for the coming year.
A membership goal of 1300 members for district 40-X was set for the year. Plans were completed for the annual contest of the 25 clubs in the district.
Lion Carl Rodolph past district governor, and now chairman of the board of governors, was present and told the group some of the work of his new job and of the board meeting which will be held in Santiago, Chili in September.
Those attending the meeting were Bernis Carmichael, cabinet secretary of Elida; John Kelt, deputy district governor, Tucumcari; Brad Hays, deputy district governor, Roswell; Tom Wagner, Texico-Farwell; Ted Siedel, Santa Rosa; and Ed Vandiver, Hobbs, were the zone chairmen present; Clyde Anderson, Portales, International councilor and Duane Fisher, past cabinet secretary from Hobbs.
The next cabinet meeting is scheduled to be held in Portales.

Summer Youth Program Nears Completion Now

Calvin Murray, co-instructor of Texico-Farwell summer youth recreational program, announced this week that activities of the program are all completed for this summer with the exception of movie matinees which local children have been attending on Wednesdays. Murray says that this phase of the program will be continued until their season tickets have expired.
A bus will continue to leave Farwell at 9:30 each Wednesday morning to take the youth to Clovis for the movies.
One game of Little League baseball remains on the schedule. The local nine will play the team from Ranchvale sometime this month to make up a game which was cancelled because of rain.
The summer youth program started in June and has been termed successful by citizens in Texico and Farwell.
The public and everyone in Parmer County is invited to attend. Demonstration will be held in the high school auditorium of Friona school at 2 p. m.
Miss Brannen will also present a demonstration on flower arrangement at the same program.
Door prizes will be given and Miss Patsy Rymer, home economics teacher at Friona, extends a cordial invitation to all interested parties to attend the demonstration.

Record happy family memories on color movie film to enjoy through the years.

Home Movies—Fun to Shoot and Show

Every day more families are becoming aware of the wonderful fun of home-movie making and showing.
Family activities, vacations, travel, sports events, parades, fishing, boating, the children at play—in all of these there is a wealth of movie material unrivaled by even the best of Hollywood scenarios. Not that today's home-movie maker expects to compete with Hollywood. He doesn't—simply because his aims are different. His prime purpose is to record personal experiences, adventures, achievements and developments—and then to show them at home to family and friends who'll enjoy sharing happy times and intimate highspots as the reels unwind.
Home movies, however, can be just as smooth as the professional product. There are a few simple techniques of continuity and interest to be learned—and from then on, you won't have to make any apologies for the quality of your movie-making. Instead of being merely yards and yards of "animated snapshots," your movies will tell a story smoothly, clearly and colorfully. And pretty soon

you can expect to have "Standing Room Only" every time it's movie-night at your house!
Instead of isolated shots, your movie camera should shoot in sequences—telling a story in motion and color just about the way you would tell it if you were relating an incident to a friend. This will give your movie story its needed continuity. For interest, you will do well to remember pace and distance. In other words, one shot may require twelve seconds to establish a certain point; another, only three or four. Some of your shots should be taken at a greater distance; others will be more effective as close-ups. And always plan on using plenty of film, so that you can edit if necessary without losing any essential parts of your story.
If you use 8mm film, your movies need not be shown on a screen much more than a yard wide. That's plenty large enough for the average home-movie presentation to a relatively small group of people. Movies made on 16mm film can be projected for much larger livingroom groups or church and club get-togethers.

Mullinax-Pool Vows Read in Morton

Miss Norma Jane Mullinax, daughter of Mr. and Mrs. J. A. Mullinax of Morton, and Jerry S. Pool, son of Mr. and Mrs. L. S. Pool of Farwell, exchanged wedding vows in the First Missionary Baptist Church of Morton at 2 o'clock Sunday afternoon, July 31, before altar decorations of white gladioli and palms. Brother Curtis Carroll read the ceremony.

Miss Erma Long of Morton sang "I Love You Truly" and "Always," accompanied at the piano by Mrs. E. L. Willis, aunt of the bride.

Given in marriage by her father, the bride wore a ballerina length dress of white lace over taffeta. The fitted bodice was designed with a sweetheart neckline, cap sleeves and a voluminous skirt. Her veil of silk illusion was attached to an open crowned cap of lace outlined with rhinestones. She carried a bouquet of white roses mounted on a white Bible.

Something old and borrowed was her Bible, belonging to her grandmother. Something new was her pearls; something blue was a garter; and she wore a lucky penny in her shoe.

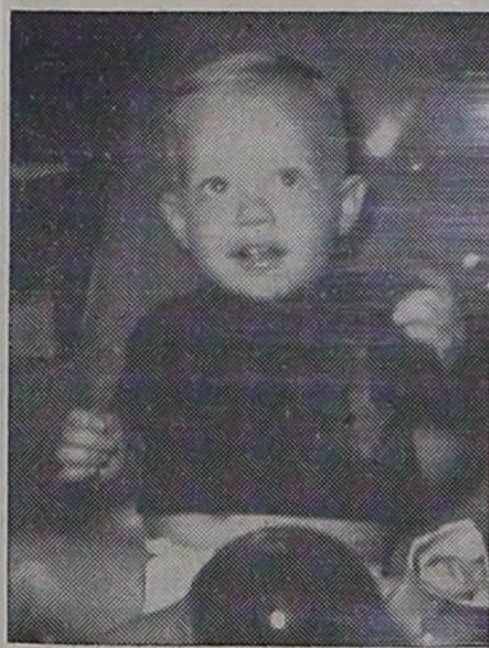

Mrs. W. J. Hodge, sister of the bride, was matron of honor. She was attired in a dress of light blue and white nylon organdy, styled with a high neckline and full pleated skirt. She also wore an open crowned cap of lace trimmed with rhinestones. She carried an arrangement of blue carnations showered with long streamers.

Bridesmaids, Miss Doretta Simpson of Tullia, cousin of the groom, and Laverna Christian of Farwell, wore identically styled dresses of organdy, one yellow and one white, with white picture hats. They carried bouquets of white carnations.

Flower girls were Brenda Kay Mullinax, sister of the bride, and Betty Jade Simpson of Tullia, cousin of the groom. Their dresses of white organdy were styled identically. They carried bouquets of white carnations with blue streamers.

Don Pool of Farwell served his brother as best man. Ushers were Derald and Gerald Dutton of Portales, N. M.

Scene of the reception was in the home of Mrs. W. L. Miller, grandmother of the bride. The serving table was laid with white net over blue, decorated with the attendants'

Terry Joe Craft was honored on his first birthday on Thursday, July 21, in the home of his parents, Mr. and Mrs. Bill Craft.

A fried chicken supper and birthday cake were served to Mr. and Mrs. W. R. Kittrell, Ken and Kay "O" Lynn of Muleshoe, Mr. and Mrs. T. J. Kittrell, Mrs. Travis Brown, Mr. and Mrs. D. K. Kittrell, and Mr. and Mrs. T. P. Kittrell and Truman, all of Farwell.

bouquets and centered with a two tiered wedding cake topped with a miniature bride and groom.

Mrs. Floyd D. Golden of Portales, N. M., aunt of the groom, and Mrs. W. E. Childs of Morton, aunt of the bride, served cake. Mrs. Arlin Mullinax, aunt of the bride, presided at the punch bowl. Miss Pat York of Portales presided at the brides' book.

For going away, the bride chose a smoke blue dactron and wool suit with white accessories.

After a wedding trip to parts of New Mexico, the couple will be at home in Belen, N. M. where he is presently employed by the Santa Fe Railroad. They will be at home in Phillips this fall where Pool will teach science in Phillips High School.

The bride is a graduate of Morton High School and attended ENMU for one year. Pool is a graduate of Farwell High School and was graduated from ENMU this spring.

Variety Club Meets In McGuire Home

The Variety Club met Tuesday afternoon in the home of Mrs. Cora McGuire for a regular monthly meeting. The group hemmed pillowcases and worked on aprons during the afternoon.

Miss Carolyn Adams of Kermit will arrive in Texico Friday to visit with Miss Susan Levins. Carolyn will be here to accompany the MYF group to Methodist senior camp at Sacramento, N. M.

Mr. and Mrs. C. D. Kelley of Farwell attended the final breakfast for Texico-Farwell youth program benefit Sunday morning.

Outdoor Cookery Is Theme of 4-H Camp

Fifty-two 4-H Club girls and leaders participated in the girls' 4-H Club camp held in the Delinting Plant at West Hub Gin on Thursday and Friday, July 28-29.

Peggy Whitesides, Kay Looney and Virginia Rea assisted Mrs. J. E. Whitesides of Bovina with registration as the girls arrived at the camp site on Thursday afternoon.

Wilma Norton and Sharon Coffman of Farwell directed outdoor games while supper was cooking in coffee cans. Lexie Stevenson and Celia Berry of Bovina Sr. club directed singing around the campfire following supper.

Lazbuddie clubs were in charge of a candle-lighting ceremony which was held inside due to rain. Mrs. Jack Smith, leader, was assisted by Eva Dean Ivy, Beverly Smith, Donna Redwine and Wilma Norton.

Friday morning's breakfast was cooked on tin can stoves using buddy burners. Aside from a few burned fingers the girls enjoyed the outdoor cookery.

Hammered bracelets were made in the craft period in the morning followed by a demonstration on selection, care and use of electrical irons presented by Miss Ernestine Gary, home service advisor, Southwestern Public Service Co., Clovis.

Following the lunch, help in keeping 4-H Club records was given by the HD agent, Miss Corinne Stinson.

Friona Jr. Club girls, under the leadership of Mrs. Evert Bales, were in charge of a farewell ceremony. Adabeth Akens, Patty Fallowell, Mary Ruth Riley and Janet Whitten helped with this program.

Girls attending the camp included Peggy Whitesides, Sharon Kay Looney and Virginia Rea of Bovina Jr. Club; Melody Coffman, Marilyn Wallace, Kaye Kube, Iris Goldsmith, Carolyn Watts, Gari Lynn Crook and Margaret Hasehoff of Farwell Jr. Club;

Patricia Barker, Karen Bales, Mary Ruth Riley, Adabeth Akens, Janet Whitten and Patty Fallowell of Friona Jr. Club; Janice Darling, Beverly Smith and Eva Dean Ivy of Lazbuddie Jr. Club; Lexie Stevenson, Janice Richards, Celia Berry and Barbara Rea of Bovina Sr. Club; Sharon Coffman and Wilma Norton of Farwell Sr. Club; Margaret Mabry and Janet Snead of Friona Sr. Club; Katherine Smith, Donna and Minnie Redwine of Lazbuddie Sr. Club; Zell Billingsley, Virginia Willard, Paula Winegeart and Judy Billingsley of Oklahoma Lane Club; and Lindy Dean and Cynthia Patterson of Rhea Club.

M-m-m-m! Strawberry Time!

Ever feel as if you want to eat strawberries three times a day? Even if you aren't that crazy about strawberries, here is one recipe that you will decide is worthy of frequent repetitions.

Make the filling in advance—in the morning, or the day before... chill thoroughly. Assemble the pie just before serving—then whip up the fluffy topping, spread it over the pie and garnish with fresh strawberries nestled in coconut as snowy white as the meringue itself. But no need to start the oven for this meringue!... and remember room temperature for egg whites makes for higher meringues.

Coconut Cream Strawberry Pie

- | | |
|---|------------------------------|
| 1/2 cup sugar | 2 egg yolks, slightly beaten |
| 1/2 cup sifted flour | 2 teaspoons vanilla |
| 1/4 teaspoon salt | 1 tablespoon butter |
| 3 cups milk | 1 pint strawberries |
| 1 cup shredded coconut, cut, if desired | 1 baked 9-inch pie shell |
| 2 egg whites, unbeaten | 3 tablespoons water |
| 1/4 cup sugar | 1/2 teaspoon vanilla |
| 1/4 teaspoon salt | 1/2 cup shredded coconut |

Combine 1/2 cup sugar, flour, and salt in top of double boiler; add milk gradually, stirring until smooth. Add 1 cup coconut. Cook over rapidly boiling water 15 minutes, stirring constantly. Mix small amount of mixture with egg yolks, return to double boiler, and cook 2 minutes longer. Remove from heat. Add vanilla and butter. Cool. Slice 1 cup of berries and place in pie shell; then add filling.

Place egg whites, sugar, salt, and water in top of double boiler; beat with egg beater until thoroughly mixed. Place over rapidly boiling water and beat 1 minute; then remove from heat and continue beating 2 minutes, or until mixture will stand in peaks. Add vanilla. Pile lightly on filling. Sprinkle with 1/2 cup coconut and garnish with remaining strawberries. Serve at once.

CITIZENS OF FARWELL

We are nearing completion on the work of the paving project which was begun in Farwell several weeks ago. I wish to take this means of expressing for myself and my employees, our appreciation to you for your cooperation which has enabled us to add an improvement to the town for which you will long be proud.

We have done our best to provide you with a high-quality product that will meet rigid specifications, and we feel confident that you can look forward to years of good service from this paving, together with curbing and guttering.

In a short while, we will begin the installation of curb and gutter in Texico's new paving project, and in the meantime, if there is any additional work to be done in the nature of driveways, parking areas, or the like, we will be glad to discuss the possibilities with you. Our equipment is all here and ready to go.

THANK YOU FOR YOUR INTEREST.

Shot Requirements For Farwell Children

Superintendent of Farwell school, Jack Williams, announced this week that it will be necessary that all beginning pupils have some form of certificate showing the correct date of birth. "This is a must and we will not be able to enroll students unless we have this information," says Williams.

The certificate required does not necessarily have to be a birth certificate, but it must be one of the following: birth certificate, hospital certificate or certified letter from attending physician.

State auditors specified that this action should be taken beginning this year, according to Williams.

All beginners must also have received the following shots: smallpox, diphtheria, whooping cough and tetanus. The three latter came in one shot.

Texico Farm Bureau To Meet Monday

Texico Farm Bureau will meet in regular session on Monday night, August 8, at 8:30 in the school lunchroom. Presiding at the meeting will be Olan Schleuter, local chairman. Minutes of the last meeting will be read by Barney Harding.

After a business session, the program committee will be in charge.

All members are urged to be present and visitors are welcome. Refreshments will be served at the close of the meeting.

If a child has received the above mentioned shots before this year, parents should consult their family physician to learn whether or not booster shots are necessary.

Fall From Scaffold During Past Week Injures Local Men

Roy A. Threet and son, Ben Albert, were released from Clovis Memorial Hospital Wednesday morning after having been confined there for treatment of injuries received in a fall from a scaffold at El Rancho Milling Company in Clovis on Saturday morning.

Threet suffered a fractured skull, scalp lacerations and bruises and an injured left shoulder.

Ben Albert received lacerations to the lower lip and chin. He lost an upper tooth and injured several others in the fall.

The Threets fell some 13 feet when one end of the scaffold broke about 9:30 a. m.

Family members report that their conditions are much improved at the present time.

the Storrie Lake. Farmers irrigate a small valley below it.

Farmers use nearly all of the water in the Mora valley for their fields, and it's the same over near Taos where the Pueblo tumbles out of the hills.

The big farms between Cimarron and Springer have just about drained Eagle Nest Lake dry this year.

It was the lowest we have ever seen it, and it seems hard to believe that old Eagle Nest, where we caught so many beautiful trout when a lad, will ever be the same.

The writer has no prejudices against any type of music. What appeals to certain individuals is pure noise to others, but we try to be broad-minded on this subject.

Our own taste is for popular and light classics, and we've never been known as a Western fan.

However, when riding in the car the other day and tuning in some music, we remarked to our wife who was along with us that the particular Western artist who we happened to dial in was "quite a gi-tar picker."

Whereupon she reminded the writer of the Western-loving backshop Tribune crew and their famous loud radios. It's an outright case of brain-washing, she says.

Looks as if we have some folks on our side of the fence for a change. We received a nice letter from Mrs. J. T. Eubanks last week that arrived too late to be included in the paper.

As the letter has reference to our column of two weeks ago wherein we deplored the many unneeded government services which are showered upon us, what she says needs no additional explanation:

Dear Mr. Graham:
In your last week's (July 21) column you conveyed some very interesting information to us, your readers, about bulletins our government is publishing.

I think most everyone has received these "nuggets of wisdom," and hurriedly aimed them at the wastebaskets.

But one has been published recently that has really touched off my fireworks. I think it limits us as sane people.

This bulletin may be obtained for 10 cents from our Government Printing Office and is No. 41-1954 and reads as follows:

"The time to replace shoes is when the child has outgrown them."

"Ballet slippers, loafers, moccasins, and high-heeled cowboy boots are designed for a special

purpose."
"When a child is learning to walk, he needs to have shoes that allow him to make natural use of his feet."

"The widest part of the shoe should fit the widest part of the foot."
J. T. and I enjoy reading our paper each week "Jottin's from Jeannie" is never missed. Might

send my favorite recipe sometime.

and farmers who have livestock may be interested in this feature. Being a legume, they of course supply vital nitrogen to the soil, which will be used by the next crop which is planted. Thus, in a sense, they do the same thing on a small scale as commercial fertilizer.

By adding organic matter to the soil, they will improve soil tilth, and further prepare the field for better cropping conditions the coming year.

The presence of the legumes in the grain sorghum or cotton surprisingly has little effect on the growth of the cash crops. Since the legumes are growing in the shade and sort of "holding their own," they require little moisture at this stage, and do not amount to a parasite for their host crop.

Too, past experience indicates the little plants don't get in the way when harvest time comes, and the grain is cut or the cotton pulled. Harvesting machinery does not kill them out, either.

The general custom is to plow these legumes under late the next spring, after they have served the primary purposes for which they were planted.

It is recommended that they be permitted to thrive—which they will do in the spring—until insect infestation sets in. At this point, the farmer should plow the crop under.

Two Teachers Hired At Farwell School

Farwell School faculty for the 1955-1956 term was completed Tuesday night when Mr. and Mrs. A. B. Daniel were hired to fill the final two vacancies.

Daniel will teach high school English and will be in charge of the high school library. He will also be director for high school plays. Mrs. Daniel will teach in the first grade department.

Mr. and Mrs. Daniel both hold their Master's degrees. He has had 12 years of teaching experience and she has taught school for 11 years.

They both received their college training at the University of Oklahoma, Southwestern Tech College in Weatherford, Okla., and Eastern New Mexico University.

For the past three years the Daniels have been employed at the Flomot school system.

Seven Local Girls Attend 4-H Camp

The Lazbuddie delegation was in charge of a candlelighting ceremony held Thursday night. Leader, Mrs. Jack Smith, and Beverly Smith, Donna Redwine, Wilma Norton and Eva Dean Ivy presented the meaning of the 4-H club motto and emblem.

Those attending from Lazbuddie besides the above mentioned were Mrs. J. L. Ivy, Johnnie Ivy, Katherine Smith, Minnie Gail Redwine and Janice Darling.

Seven 4-H Club girls and two leaders from the Lazbuddie 4-H Clubs attended the 4-H Club camp held at West Hub Gin on Thursday and Friday, July 28 and 29.

Girls attending the camp enjoyed outdoor cooking and participating in camp activities presented by various clubs of the county.

Reporter, Katherine Smith, says that all the girls who missed this two day camp really missed an enjoyable time.

Parmer Water Supply Exceeds Deaf Smith's

Parmer County's underground water storage capacity apparently is greater than Deaf Smith County, even though the latter area is almost twice the size of Parmer County.

This significant revelation was made this week after another step in the ground-water inventory of the High Plains was completed by Water District officials.

The data on Deaf Smith indicates that there lies under that county approximately 13,700,000 acre-feet of ground water in storage available for pumping. This water is contained within the Ogallala formation.

The same formation in Parmer County is estimated to contain 16,300,000 acre-feet, according to the first leg of the survey which was completed about three months ago.

Deaf Smith County is an old and respected irrigated part of the High Plains. Its original develop-

ment near Hereford began many years ago, and about coincides with the development of the Plain-view and Muleshoe shallow water areas.

In recent years, the development spread from around Hereford to the extremes of the district in Deaf Smith, just as it has done in Parmer and other counties on the Plains where good water has been available.

In a number of ways, Deaf Smith County's underground resources are considerably different from Parmer County's. Nearly all of Parmer County has been developed for irrigation, while in Deaf Smith, there is a very large area to the west and to the north that does not have irrigation water which farmers may tap. These areas of Deaf Smith are largely given over to ranching instead of cultivation.

The following report prepared by the Water District office at

Lubbock will contain more detailed figures on Deaf Smith which no doubt will interest those interested in irrigation on the Plains:

The map in plate 1 shows the thickness of the water-bearing strata between the water table and the redbeds in 1938 before an appreciable amount of water had been pumped from the reservoir. The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1955.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

This data shows that 15,000,000 acre-feet of water was in storage available for pumping in 1938, and that 1,300,000 acre-feet of water has been removed from storage since 1938.

In other words, 8.7 percent of the volume of the available water has been removed from storage since 1938.

Approximately 900,000 acre-feet or about 70 percent of the volume of water removed from storage was pumped during the 5-year period from January 1950 to January 1955.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent.

Suppose the farm consists of 320 acres and has 200 feet of water-bearing strata underlying it, then 320 acres x 200 feet x 0.15 equals 9,600 acre-feet of water available for pumping. An acre-foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

Indians End Season With Dimmitt Win

Friona Indians came home with a win Sunday after a game played with Dimmitt there, by a score of 6-4. This gave Friona the undeniable first place slot with Dimmitt and Hereford tied for second place.

Stan Barrett went all the way for the Indians as winning pitcher while Alvin White was the losing pitcher. Barrett had 11 strike outs and White had two.

Dimmitt took the lead in the first inning with one run. Renner, for the Indians, popped one over the left field fence in the bottom half of the third to tie the game up only to have Dimmitt come back in the top half of the fourth to score two more runs making the score Dimmitt, 3 and Friona, 1.

The Indians came back in the fourth with four runs to put them ahead by two runs, 5-3. Dimmitt managed to score a run in the sixth and the Indians scored one in the seventh to end the scoring for the day at 6 for the Indians and 4 for Dimmitt.

Dimmitt had eight hits during the course of Sunday's game while Friona had 11.

Bill Woodley was outstanding hitter for the Indians with three hits.

Lions Club Elects Vice-Presidents

Friona Lions Club met in regular session Thursday evening at the club house with 24 members, club sweetheart, Sandra Brock, and two guests present.

In the absence of boss lion, Steve Bavousett, first vice-president, Jimmy Baxter presided.

A Boy Scout program was presented by J. Sanders of Friona, and Bruce Miller of Hereford. The pair showed a film, "Trail of Citizenship," which dealt with Boy Scout work.

Two vice-presidents were elected at Thursday's meeting. A. L. Black was named second vice-president and J. L. Marcum was elected to the position of third vice-president.

Baxter gave a report on a meeting of secretaries and presidents of this district which was held in Amarillo on July 26. Steve Bavousett and Steve Messenger accompanied Baxter to the Amarillo meeting.

Next regular meeting of the organization is scheduled for August 11.

Woodley made an outstanding catch in the top half of the ninth with two men on to end the Dimmitt threat and the game. Wesley Barnett, Jimmy Oliver and V. H. Veazy all played good ball, says the Indian Manager, John Renner.

Dimmitt and Hereford will either toss a coin or have a play-off to see who will play the Indians in the first game of the Shaughnessy playoffs at the Friona diamond. John Renner did not know at the time of this report which team the local men will face.

Youth Activity Week Ends Friday At Friona Methodist Church

Youth Activity Week came to a close at the Friona Methodist Church on Friday evening with a special commitment service with Rev. Hugh Blaylock in charge.

Average attendance for the week was 65.

Special guests during the week were Judge Glen Williams who spoke on "Walking in the Will of God In Choosing Our Vocation" on Wednesday. Mrs. J. T. Gee, Friona, gave the program on Monday entitled, "Walking in the Will of God Through Prayer Life" and the speaker Thursday evening, family night, was Mrs. Emmett Kerr of Anton, who gave a talk on "Walking in the Will of God Through the Ages." The youth gave their own programs on Tuesday and Friday evenings.

Mrs. Hugh Blaylock said that youth of Friona and surrounding territory responded very well to the special week and it is hoped that it can be held again next year.

Bi-Wize Drug Adds To Fountain Service

Bi-Wize Drug Store in Friona, owned and operated by Ralph Roden of this city, is adding on to their present fountain service. The store recently made an addition to the building.

When completed, in about a week or ten days, says Roden, customers will be able to secure complete fountain service and sandwiches will also be available. Along with these items, coffee will be served and the establishment will have four booths for the comfort of its customers.

Hear Report On School Of Missions

Friona Methodist Church held their Mission Sunday evening service last Sunday at 8.

The Commission on Missions gave a report on the churches' missions and Mrs. Howard Ford gave a special talk on the recent School of Missions in Arkansas which she attended as a delegate from the local church.

Friona Post of the American Legion Auxiliary held their installation service Tuesday evening at the Legion Hall.

The nominating committee, consisting of Mrs. Modena Thornton, Mrs. Marlene Drake and Mrs. Decimae Beene, counted the ballots last Saturday and new officers installed were June Brummett, president; Jewell Wells, first vice-president; Virgie Jordan, second vice-president; Christeen Mann, secretary-treasurer; Movelda Fortenberry, historian; Orma Flippin, sergeant at arms; Ethel Bengier, assistant sergeant at arms; Waneta Taylor, chaplain; and Marlene Drake, reporter.

David Neelley Has Fourth Birthday

David Neelley, son of Mr. and Mrs. Bert Neelley, was honored on his fourth birthday Saturday with a party given in the home of Mrs. T. B. Armstrong. Young David was staying with Mrs. Armstrong while his parents went to South Dakota to get his brother, Robert.

The serving table was laid with a colorful plaid cotton cloth centered with an angel food cake decorated in a western theme and bearing the inscription, "Happy Birthday Cowboy." Plastic toy horns with the inscription, "Happy Birthday" were given as favors to those in attendance.

Pictures were taken of the group as David opened his many gifts.

Refreshments of ice cream and cake were served to Cindy and Tommy Crump, Carol Lou Stokes, Peggy Drake, Chloe Ann Ford, Johnny Martinez, Jay and Ramey Beene, Debbie Day, Mrs. Arthur Drake, Mrs. O. J. Beene, the honoree, David and the hostess, Mrs. Armstrong.

WMU Has Special Feature On Tuesday

WMU of the Friona Methodist Church met last Tuesday afternoon at the church for a special stewardship program with Mrs. Truitt Pool in charge.

The program consisted of a playlet, "Aunt Tilly Learns to Tithes," with Mrs. Roy V. Miller in the title roll. Those assisting her as nieces in the playlet were Mesdames W. S. Crow, Joe Talley, Curtis Murphee, Johnny Mars and C. M. Fields.

Sandra Brock was the featured pianist at Tuesday's meeting.

A good crowd and one out-of-town guest, Mrs. E. J. Keith of Farwell, was present, says Mrs. Fields.

Notice is hereby given that on the 22nd day of August, A. D. 1955, at 1:00 o'clock p. m., at the courthouse door of the Courthouse in Farwell, Texas, I will sell for cash to the highest bidder the following described real property in Parmer County, Texas, to-wit:

All that certain tract or parcel of land out of the Northeast Quarter (NE 1/4) of survey or section number Two (2), Block "C", of a Capitol Syndicate Subdivision of Parmer County, Texas; described by metes and bounds as follows: BEGINNING at a point in the North line of said section number Two (2), 471 feet West of the Northeast corner, the center of a 60 foot road;

THENCE along a curve having a radius of 220 feet and an angle of 90° a distance of 345.6 feet to a

point; THENCE along a curve, in the reverse direction, having a radius of 500 feet and an angle of 180° a distance of 1570.8 feet to a point; THENCE along a curve, reversed, having a radius of 220 feet and an angle of 90° a distance of 345.6 feet to a point on the North line of said Section Number Two (2); THENCE East with the North line of said Section 1440 feet to the place of beginning; containing 15.16 acres of land;

Save and except the North 75 feet of said tract as more fully described below;

Such sale and conveyance thereunder will be made subject to all of the conditions and restrictions that are contained in the deed of conveyance to this county, which deed is recorded in the volume 32 at page 596 of the Deed Records of Parmer County, Texas; and subject also, to the reservations by Parmer County of a strip of land Seventy-Five feet (75') in width, running along the North line of

said property as described above, from the East boundary line of the said tract to the West boundary thereof. It is the intention of this reservation to reserve a Seventy-five Foot (75') right of way for the farm-to-market-road which runs along the North boundary of said tract of land.

THIS SALE will be made by me under authority of an order entered by the Commissioners' Court of Parmer County, Texas, on the 25th day of July, A. D., 1955, appointing me as commissioner to sell such real property, and the sale will be made under and in all respects conform to, the provisions of said order and Article 1577 of the Revised Civil Statutes of the State of Texas, as amended.

In accordance with the provisions of said Order of the Commissioner's Court of said County, the sale of said property and any and all bids received for said property will be subject to the acceptance and approval of the Commissioner's Court

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Mr. and Mrs. J. T. Jones, Mr. and Mrs. Aubra Ellison, Bovina, and Mr. and Mrs. L. F. Bruns of Lazbuddie are spending the first three days of this week in Mineral Wells. There, in the Baker Hotel, they are attending classes conducted by Farm Bureau and Extension Service Personnel on farm leadership. This is the Annual Farm Bureau Institute.

For the benefit of some who might believe that Farm Bureau claims credit for legislation it favors, just because it happened to pass, we tell you this: Of the twenty-one bills Farm Bureau claims to have had a major part in passing in the State Legislative Session just passed, eighteen were

written by Farm Bureau Legislative Representatives. They were written in compliance with the resolutions presented by various county Farm Bureaus, and approved by delegates at the state convention. Briefly, here is the report that indicates the strength you have, legislative-wise, through Farm Bureau: Texas Farm Bureau supported 21 bills that passed; supported 8 bills that failed to pass; opposed 4 bills that did not pass, and opposed a 5th bill until it was replaced with a compromise bill, which did pass.

Keep these facts in mind when you receive your invitation to Farm Bureau Membership meetings, where legislation favorable to our area originates. Remember that the Texas Warehouse Act, which became law last year, originated in Parmer County. It came as a result of unscrupulous specu-

tion with farmer's grain stored in warehouses not federally bonded, which cost some of our farmers thousands of dollars.

The Queen Contest is coming along nicely. It will be held in the Friona School Auditorium next Friday night, August 12th.

Consider this: A prudent man foreseeth the evil, and hideth himself; but the simple pass on, and are punished. Proverbs 22:3.

It's thought to be lucky for people to stand during the home team's half of the seventh inning at a baseball game.

Remaining Bonds Cancelled By Vote

The voters of Bovina voted to cancel the remaining \$125,000 school bonds at an election Saturday at the American Legion hall.

The vote was 108 for cancellation and 41 against. The election didn't itself cancel the bonds but it gave the board of trustees the authority to do so.

The \$125,000 was the remainder of a \$750,000 bonds that were voted in November 7, 1953. The remaining bonds were unused and uncollected. Had the voters decided to not cancel the bonds another election would probably have been called to decide what to do with them.

The bonds were left over because the school building was constructed for less cost than had previously been estimated. Also, the furnishings for the building were obtained cheaper than had been figured

at the time of the original bond election.

If the bonds hadn't been cancelled, they could have been used for any school improvement that the board of trustees saw fit. The cancelling of the bonds will not decrease taxes but will only make the present taxes run for as long a period of time as would have been necessary had they been issued and sold.

Sewer Election To Be in City Hall

The city hall will be the site of the \$100,000 bond election that the city commission has called for August 13 to determine whether or not the voters want a sewer system for Bovina.

Plans are being made by the Central Investment Company of Lubbock and The Columbian Securities Corporation of Texas at Amarillo to put the bonds on the market if the people vote "for" the sewer system. If the vote is in the affirmative voters won't be molested in any way because all of the bonds are of the revenue type which means that they will be paid by the profits derived from the sewer system and the water system.

Emmett Tabor, a member of the city commission, explained that if the sewer system is constructed that a property owner doesn't necessarily have to tie on to it.

The bonds would carry three and one-half percent interest for the first five years, four percent interest for the next ten years, four and one-quarter percent for the next ten years and four and one-half percent for the next five years. (Editor's Note—The Blade incorrectly reported the amount of interest the bonds would carry.)

The bonds will be in the denomination of \$1,000 and are to be after 20 years from their date. In other words, it is possible that that only five years of the four and one-quarter percent interest would

have to be paid and none of the four and one-half percent interest.

Lions Eat, Discuss Club Picnic Aug. 11

Discussions of the sewer bond election and the election to decide what to do with the remainder of the school bond were carried on after the dinner at the Lions Club regular meeting, Thursday, July 28.

O. W. Rhinehart spoke on the sewer system that is proposed for Bovina. Troy Fuller, H. J. Charles, and Wendol Christian, school board members were in charge of the discussion about the school bonds.

Bedford Caldwell, Lions president, reminded the group of the picnic for Lions and their families August 11. Each family is to bring a chicken to be fried and a covered dish. The cooking of the chicken will start at 6:30 p. m. and the group plans to eat at 7:00 p. m.

The Boys and Girls Committee will have games for the children to play at the picnic. Caldwell appointed Joe Wilson, Ovid Lawlis, and Aubra Ellison to the Foods Committee. Wilson is to be president of the committee.

Various ways that a meeting could be made up if it was missed were discussed. Some of the ways are exceptional service on any committee, committee meetings, directors meetings, and by attending a meeting of another Lions club.

Program Chairman Al Kerby will be in charge of the program at the picnic. Kerby is considering continuing the rolling pin throwing contest that was rained out at the July 4th picnic.

Equipment Being Moved to New School

Desks, books and other equipment is being moved into the new school building, says W. H. Willoughby, superintendent. The moving will probably take two or three weeks at the rate it is going, Willoughby said.

Billie Sudderth, who had contracted the yard work around the building, has completed the sodding of the grass and it is now being watered. The playground equipment will be installed next week.

Prince Albert introduced the Christmas tree into England.

Locals Finally Win, Beat Olton 9 to 3

Darrell Read pitched shutout ball for eight innings Sunday as Bovina trounced Olton 9-3 in an Irrigation League baseball game at Bovina.

Read had faced only 27 batters going in to the top of the ninth. Olton came up with three runs on two hits and two errors in that inning but it was too late to get them back in the game.

Neither team could push a runner around until the fourth when Billie Malcome walked, Art Mast walked, Robert Read was safe on a fielder's choice and Gene Elston singled through the box to score Malcome. With the bases still loaded, Jerry Rogers struck out, Ed Hutto lined out to the center fielder, and Darrell Read popped up to the second baseman to retire the side.

Olton threatened in the third when Catcher Preast tripled to deep right centerfield with one out. However, Read struck out the opposing pitcher, walked Laduke and then got Macon to ground out pitcher to first to retire the side and end Olton's only scoring threat until the eighth.

Bovina added another run in the fourth. Malcome doubled down the right field line and Art Mast brought him home with a short single through the middle.

Bovina loaded the bases again in the seventh on a single by Robert McCormick, a hit batsman, and a walk to Robert Read. Elston, who had driven in the first run came up and hit a three-run triple down the third base line. Seven runs on five hits were scored in that inning.

Darrell Read went the distance on the mound for Bovina. He struck out 14, walked one, allowed four hits and his teammates made four errors behind him. Shortstop Elston made three of the four errors.

Maddox was the losing pitcher. He allowed nine hits, walked eight, struck out nine, hit one batsman and Olton made three errors. Maddox found a "cousin" in the form of Bovina leadoff hitter Adrian Martin. Martin counted for four of the nine strikeouts Maddox had.

Malcome and Elston led the winning hitters with a double and a single apiece. Darrell Read had a triple, McCormick, Mast, Jerry Rogers, and Ed Hutto each had singles.

This was the final league game of the season for the locals.

Little Leaguers Edge Lazbuddie 4-1

The Bovina Little Leaguers edged Lazbuddie 4-1 Friday at Lazbuddie in a game that featured only seven hits. Lazbuddie had three and Bovina four.

The loser got two of their hits, a triple and a double, in the third inning to push across their only run. Bovina picked up their runs in the first two innings, two runs in each inning. In the second, first baseman Jerry Rigdon hit a two-run home run for Bovina that put the game out of reach for the Lazbuddie boys.

Burford Stanberry, who is ordinarily a catcher, went all the way on the mound for the winners. He struck out four, walked three and allowed three hits.

Twelve Bovinans struck out, two walked and three were hit by the pitcher. Don Cumpston had a double, Stanberry a single, Rigdon a home run and Delbert Hall a single to account for the Bovina team's hits.

The same two teams play again Friday in Bovina.

Local Teachers Appointed to Audio-Visual Committee

Six local school teachers were appointed to a library and audio-visual committee Monday morning at a faculty meeting, according to W. H. Willoughby, superintendent of schools.

Mrs. Frank Truitt, Miss Grace Paul, Mrs. Willie Williams, Mrs. June Rhodes, Mrs. J. T. Hammonds, and Mrs. Hazel Rigdon are members of the committee. The group will go to West Texas State College at Canyon Thursday to plan for an audio-visual library for the local high school and also one for the grade school.

Books and films for use in the library and classrooms will be selected while the group is in Canyon.

Rain Helps, Hail Could Have Been Worse

The rain that fell in the Bovina area the past week left smiles on the farmers faces. The amount varied from two to four inches across the area but it was slow and soaking.

The hail that was reported Northwest of town was severe in places but it was spotted and didn't cover a large area.

Crops throughout the area are looking as good or better than they have in years, several farmers have reported. Irrigation farmers welcomed the rain in that it will help lower the cost of production and it will, of course, be even more help to the dry land farmers.

J. R. Ellison To Receive Degree

J. R. Ellison, son of Mr. and Mrs. J. R. Ellison, will receive his Bachelor of Science degree from New Mexico A&M at Las Cruces at summer commencement exercises on August 6.

Ellison, a general agriculture major, will also receive his commission as a 2nd Lt. in the United States Army at commencement.

Chuck Ellison, son of Mr. and Mrs. J. R. Ellison, who has been visiting with Mr. and Mrs. A. J. Ellison in Bovina will go with his grandparents to attend the graduation program.

Bovina Widows Club Has Surprise Party

On Thursday, July 21, The Bovina Widows Club fared forth to a meeting place unknown, except to the club chauffeur.

They came to the new home of Mr. and Mrs. Wilbur Charles where they were entertained by Mrs. Charles and her sister-in-law, Mrs. Virginia Charles, who with her son Reed has been visiting in the Charles home.

After a luncheon, they began an impromptu program about China. There was a small display of jewelry, a near-jade box decorated with dragons, and fans—mostly from Japan.

Mrs. Margaret B. Caldwell rendered a Chinese selection on the piano.

Mrs. Virginia Charles gave a very interesting account of two Chinese boys who came to Arkansas to attend school where she has taught for several years. They seem to learn English very quickly and have a very strong sense of humor, as well as a strong sense of loyalty to the country they have learned to love.

Those present were: Mesdames J. G. Charles, Maidee Brown, Margaret Caldwell, Della M. Ezell, J. Sam Gaines, J. R. Glover, Tom Hastings, J. F. McCuchan, Sally Potts, Maggie Timms, Lucy Wilson, and Misses Ellen Remmsnider and Rita Caldwell (their permanent guests), and JoAnn Byler, granddaughter of Mrs. Wilson.

The next meeting will be with Mrs. Margaret Caldwell, on August 18.

The Tribune has ALL the news.

BOVINA BUTANE SERVICE PRESENTS KNOW YOUR NEIGHBORS

Mr. and Mrs. J. T. Jones and children, Joe and Mrs. Jerry Rogers, who live five miles south of Bovina on the Oklahoma Lane road, are the neighbors for this week.

Mrs. Rogers, nee Dorothy Jones, lives in Bovina with her husband but was visiting with her mother at the time of this interview so was included in the interview.

Mrs. Jones' maiden name was Tessie Martin and her parents are the late Mr. and Mrs. John Martin.

Tessie was born in Monticello, Ark., but moved to Edinburg with her family when she was eight years old. Mrs. Jones has four brothers and the same number of sisters.

Her brothers are George Martin, who resides in Los Angeles, Calif.; Ray, Mission; and the other two brothers, Weldon and Bartley live in Edinburg. Her sisters are Mrs. F. E. Rooks and Mrs. L. E. Davis, who both reside in Edinburg, Mrs. L. E. Novotny of Austin and Mrs. M. L. Schafroth of San Juan.

Tessie's hobby is raising flowers (She has some beautiful ones) and collecting Eversharp pens. She says that she has a box full of the latter. She adds that she was a den mother for three years but no longer carries on this work.

J. T. was born in Turnisville, Tex. in Coryell County and moved to Edinburg in 1927 when he was 16 years old. J. T.'s mother, Mrs. M. D. Jones, lives in Austin. His father is deceased.

J. T. has three brothers and two sisters. His brothers are Hermon, Anchorage, Alaska; Dan, Springdale, Ark.; and Bob who resides in Oxnard, Calif. His sisters are Mrs. W. I. Skinner, Austin, and Mrs. H. M. DeVill of Corpus Christi.

The Joneses met while attending

school in Edinburg and dated for three years before their marriage on June 17, 1934 in Pharr. The couple lived in Edinburg until 13 years ago when they moved to Parmer County. They lived on the Giles Williams farm, now known as the Eddie Redden farm, for a number of years before moving to their present location nine years ago.

J. T. has no important hobbies but he does hold an office in the Parmer County Farm Bureau.

Both of them come from farm families and Mrs. Jones says that her mother was part Cherokee Indian, but she is not sure how much.

Pete, the parakeet, is also included in the Jones family but was too timid to have his picture taken.

The Joneses attend the First Baptist Church in Bovina.

J. T. farms three fourths of a section, part of which belongs to Charlie Gray, and another part is rented from Lucy Wilson. J. T. owns a quarter section of grass land and a quarter of farm land. He raises cotton, maize, sudan and wheat.

He has two irrigation wells, both of which are on natural gas. Butane from Bovina Butane Service gives J. T. fuel for his two tractors. The Joneses plan to have their car changed over to butane but have not done this as yet.

Butane is also used for the home appliances and the brooder which Mrs. Jones uses for the chickens. As a last note, Mrs. Jones says that the crops have been doing quite well in the last two years.

As for Bovina Butane, Mrs. Jones says that they have been very nice to them and will come out to the place whenever they are called.

BOVINA BUTANE SERVICE

Springlake Pounds Bovina 27 to 9

The Springlake Women Softballers scored 18 runs in the last inning to defeat Bovina 27-9 Thursday at the local diamond.

Bovina scored eight runs in the bottom half of the last inning but couldn't compare with the number Springlake put across. The losers had been held scoreless up until then except for the second inning when they managed one run. They were put down in order in all the innings except the two they scored on.

Springlake pushed across at least one run in every inning except the fifth. They scored one in the first, two in the second, two in the third, and four in the fourth.

Jody Horton was the losing pitcher. Other players were Sara Wilkerson, shortstop, Pat Read, first base, Pauline Lloyd, second base, Rene Hardage, catcher, Dot Looney, right field, Ruth Haney, center field, Dorothy Rogers, right field, Rosey Pruitt, left field, Bobbie Pierce, third base.

—From Paul—

One thing about growing old is that you don't feel your oats as much as you do your corns.

By the time some men learn to behave themselves, they are too old to do anything else.

An old-fashioned husband is one who expects his wife to help him with the dishes.

The difference between an optimist and a pessimist is droll: The optimist sees the doughnut. The pessimist sees the hole.

LAZBUDDIE—

(Continued From Page 1)

Mrs. Claude Heath, Mrs. Olen Ivy and one visitor, Mrs. Daniel of Ada, Okla. She is the mother of Roy Daniel.

Waterskiing ?? Here??

Viewers around Lazbuddie saw a sight Sunday night which is not often beheld in this dry territory. In the lake just back of Mrs. McCurdy's house, several persons could be seen, of all things, waterskiing!!

This is a sight that will never be forgotten by people in this area. Some will even tell their grandchildren that they actually saw people waterskiing at that dry hole at Lazbuddie.
