

Americans Fly Canned Milk Into Berlin

Army 'C' Rations Are Promised To Aid Civilians Trapped In Russian Siege

BERLIN, June 26. (AP)—The Americans flew in powdered and canned milk and promised Army "C" rations for civilians in the Russian siege of Berlin Saturday.

A Flying Fortress brought medical supplies in the first of several such flights to bring in vitally needed goods to keep the city's economy going.

But these were makeshift measures and the British commander called on the Russians to lift their week-old food blockade of the three western sectors at once or take the blame for starving 2,000,000 Germans.

East-West relations were highlighted in this tense four-power city behind the iron curtain when American M. P.'s arrested Marshalvassily Sokolovsky, the Soviet military governor, in his anti-speeding campaign. Sokolovsky was released and tendered an apology when his identity was established.

In England Winston Churchill declared in a speech that the issue was as grave as that raised at Munich 10 years ago and warned against any "yielding to dictators, whether Nazi or Communist."

One headline in the Russian-controlled press here over a London dispatch said "England wants no war over Berlin. British government puts out feelers to Paris and Washington."

Churchill spoke as Paris dispatches reported that French Foreign Minister Georges Bidault had told a closed meeting of the National Assembly's foreign affairs committee France was willing to negotiate a settlement of the Berlin crisis with Russia.

Earlier, however, the British Foreign office formally declared "the statement that we intend to stay in Berlin holds true." The statement accused the Russians of carrying on a "ruthless attempt" to impose a "stage of siege" on the city for political advantages.

Next Paving Project May Top 100 Blocks

Seven New Units Added In Planning

Recent developments indicate that Big Spring's next paving hearing will involve well over 100 blocks.

Upon instruction from the city commission, the engineering department has included two new segments that will total approximately seven blocks, and estimated assessments for units totalling 98 1/2 blocks already have been completed.

Latest additions to the tentative plans are extensions to units on State street and South Nolan street.

Rolls will be prepared for all unpaved segments of those two streets between 11th Place and East Third street.

Nolan street already is paved as far south as Sixth, and earlier plans for the next project include Nolan from the south line of Ninth to the north line of 11th Place.

Original plans for State street included two units, one to extend from the south line of Third to the south line of Highland addition, and another from the north line of Wood street to the south line of Stadium Ave. Commissioners decided, however, that engineering work and assessment rolls should be completed on the short gap of approximately four blocks between the south line of Highland and the south line of Stadium Ave., which, if completed, would provide another all-paved thoroughfare between 11th Place and Third street.

The Stadium street project is regarded by commissioners as a particularly desirable unit since it probably would relieve traffic congestion on 11th Place. The commission also hopes to add a unit on East Second street extending from Rannels to Golland.

The new additions to the proposed fall program will increase the potential to something like 110 blocks. The total will be presented at the public hearing, which probably will be held in July. Response by signatories by homestead property owners will determine the amount of actual contract.

Flood Crest Past Laredo

Young Storm Pours Itself Over Stanton

Howard Receives Rain And Martin Trip Is Delayed

Stanton was buffeted by a young storm, floods coursed through the city park, and city lakes caught 38 million gallons of water from Friday evening thunderstorms.

While the picture was erratic, in general the southwestern quarter of Howard county received beneficial rains and the southeastern tip of Martin county was deluged.

Estimates were from three to four inches at Stanton, where water coursed down streets to turn low places into temporary lakes. Fields washed extensively, but the heavy downpour did not cover too great an area. Soaking showers fell to the south and east.

Several hundred acres of cotton were blown out by a severe sandstorm which preceded an inch-rain in the Lomax sector and replanting was rushed Saturday. Fringe areas of the community received still heavier rains.

There were unconfirmed reports of heavy rains on the Elbow creek watershed. Traffic across low places in the city park was stilled for a time Friday evening as dry creek beds became raging rivers. After soaking up a large volume of water, the dry T&P (Hughes) lake bed south of town caught a sizeable amount of water. Whether it will be sufficient for the T&P to draw from briefly is problematical.

Showers apparently were light in the southeast sector, for Moss Creek lake caught only eight inches or 12 million gallons to boost the level of 17 1/2 feet. Powell Creek caught 18 inches or 26 million gallons in reaching 11 1/2 feet.

The U. S. weather bureau at the airport gauged .55 of an inch while the shower broke sharply to show only .16 of an inch at the U. S. Experiment Farm north of town.

There were strips in north and north central Howard which reported beneficial to heavy showers.

ACKERLY, June 26.—Half an inch of rain fell over a general area in this vicinity Friday night, reviving crop prospects.

Four miles to the west the fall increased in intensity and from that point to 10 miles west it ranged up to an inch and a half. The top amount held good to the Sparenburg community in Southern Dawson county where cotton was in fine condition.

Around Ackerly, the showers literally gave young cotton a new lease on life. Much of this was in precarious condition due to heat and lack of moisture since it sprouted. Feed planted in blown-out areas to the south was said up to a good stand and with better prospects after the showers.

SIGNS CONTRACT — John L. Lewis, UMW Chief, poses with pen in hand in Washington, after signing the contract with soft coal operators. The contract gives the miners a \$1 a day raise and sets up a \$100,000-a-year pension fund. (AP Wirephoto).

International Bridge Is Put Under Water

High Mark Doesn't Top 1932 Record

The flood crest of the rampaging Rio Grande passed the border town of Laredo last night, putting the traffic level of the concrete international bridge under five and a half feet of muddy water.

The river reached a crest of 43.3 feet at Laredo at 6 p. m. and the level became stationary. The mark was 6.9 feet from the record high of 52.2 inches established in the Laredo flood of 1932, which took 18 lives.

No deaths or injuries have been reported at Laredo. However, property, household goods, livestock and poultry losses have been incurred.

The Salvation Army and Red Cross are making preparations to take care of those made homeless by the flooding Rio Grande.

Usually, the depth of the river below the Texas-Mexico span averages two feet.

The lazy Rio Grande, in some places no more than a trickle, went on the rise last Thursday when torrential rains ended a prolonged drought in the Del Rio area upstream from Laredo and in other sections of the state.

Del Rio was virtually cut off when the Rio Grande, Devil's River and Sycamore cut off communications.

The crest was expected to reach Zapata, 50 miles downstream from Laredo at sunrise today. But no major damage was expected. Residents of the little river town were given 24 to 36-hour warnings.

Low-lying sections on both sides of the river at Laredo were flooded. The river had spread approximately 250 feet into Laredo and 300 feet into Nuevo Laredo on the Mexican side.

Small residences along the river were caught in the current and splintered against the bridge. No casualties were reported.

The waters swept over cantaloupe and watermelon crops along the river near Laredo. No estimate of the damage was available. The crops were in the middle of harvesting. Some cane and grain sorghum, almost mature, were lost.

STORM RIPS LOOSE WALL — A wind and thunder storm, sweeping the Philadelphia, Pa., area, ripped loose the brick wall of this three-story house. Mr. and Mrs. George Simigo and their four children were home at the time but escaped injury. (AP Wirephoto).

POOL EXTENDED

Third Seaboard Test Makes Flow

Seaboard Oil Company of Delaware No. 1 W. C. Campbell, northeast flanker to the Vealmoor pool of northern Howard county, has flowed at the rate of 1,000 barrels per day.

The show was made on a one-hour drillstem test from only 18 feet of pay topped at 7,844. The hole was drilled to 7,864 and packer set at 7,848.

TEC SAYS

No Mexican Labor Needed For Cotton

AUSTIN, June 26. (AP)—The bumper Texas cotton crop can be picked without the help of workers from Mexico, a Texas Employment Commission official predicted Saturday.

Harvest of the entire crop will be dependent on the maximum use of Texas farm labor, and this calls for full cooperation of cotton growers, conceded Henry LeBlanc, chief of the commission's farm placement division.

Failure of the Mexican government to allow Texas benefit of "bracero" labor to harvest this year's crop will require maximum use of available Texas labor and efficient routing and directing of these workers," LeBlanc said.

The Mexican government has banned the use of its laborers in Texas because of alleged discrimination in Texas against persons of Latin American descent.

LeBlanc's attitude was made known in a letter to the 15 Texas farm labor consultants who act as advisors on the TEC farm labor program.

Another Los Angeles wife got a divorce because her husband drank too much.

"But he doesn't drink whisky," Mrs. Marie Dunn told the court yesterday about Everett Dunn. "With him, it's coffee. He has to have 15 to 20 cups of it before I can get him out of the kitchen in the morning."

The court gave her the decree.

LOS ANGELES, June 26. (AP)—If you fall within the 19 through 25 age bracket, there's one chance out of 38 that you'll be drafted in the first 12 months.

But between 200,000 and 225,000 young Americans should be putting their affairs in order—they'll be in uniform by the fall of 1949 and stay there 21 months.

Approximately 7,300,000 others between 18 and 25 should circle the date "August 16" and arrange with the boss to get off a few hours so they can register. Eighteen-year-olds must register, though they may not be drafted.

Sept. 22 is the earliest date any one can be actually drafted, however.

Green Flays Republicans

WASHINGTON, June 26. (AP)—President William Green today said the American Federation of Labor will "never" support the Dewey-Warren Republican presidential ticket.

After a 15-minute visit with President Truman, Green told White House reporters that he believed the Republicans "certainly won't get much labor support."

He said the Philadelphia convention "could have picked a stronger ticket."

Green said he based his belief on the Republican platform and on Thomas E. Dewey's record as governor of New York.

"Besides, he is weak from running too much," Green said.

The AFL leader disclosed he recommended to Mr. Truman that Ken Johnson, former governor of Kentucky, be appointed Secretary of Labor succeeding the late Lewis B. Schwellenbach.

He said Mr. Truman gave him no commitment on Johnson.

TOO MUCH COFFEE DIVORCE CAUSE

LOS ANGELES, June 26. (AP)—Another Los Angeles wife got a divorce because her husband drank too much.

"But he doesn't drink whisky," Mrs. Marie Dunn told the court yesterday about Everett Dunn. "With him, it's coffee. He has to have 15 to 20 cups of it before I can get him out of the kitchen in the morning."

The court gave her the decree.

SOMEONE HAS TO GO

Youth's Draft Chances Thin But He'd Better Make Plans

WASHINGTON, June 26. (AP)—If you fall within the 19 through 25 age bracket, there's one chance out of 38 that you'll be drafted in the first 12 months.

But between 200,000 and 225,000 young Americans should be putting their affairs in order—they'll be in uniform by the fall of 1949 and stay there 21 months.

Approximately 7,300,000 others between 18 and 25 should circle the date "August 16" and arrange with the boss to get off a few hours so they can register. Eighteen-year-olds must register, though they may not be drafted.

Sept. 22 is the earliest date any one can be actually drafted, however.

Thurber Hotel Swept By Flames

ATLANTIC CITY, N. J., June 26. (AP)—A general alarm fire swept the 120-room Thurber Hotel Saturday and an acting fire captain died while fighting the blaze.

Fire officials expressed belief that all occupants of the four-story brick-and-frame building escaped safely. The hotel had a capacity of 300 persons.

GOP Ticket Picks Scott To Run Party

PHILADELPHIA, June 26. (AP)—Govs. Thomas E. Dewey and Earl Warren Saturday picked a young Pennsylvania congressman, Rep. Hugh D. Scott, Jr., to run the victory-minded Republican party.

But the five-star general party's own hard-punching campaign for president and vice president will be Herbert Brownell, Jr., a master mind in Dewey's drive to the nomination.

The Republican National Committee ratified both key appointments.

The committee unanimously approved Scott's appointment as national chairman. It adopted a resolution specifically creating the job of campaign director for Brownell.

The national committee elected these officers, in addition to Scott: Ezra P. Whitley, Idaho; Werner W. Schroeder, Illinois; Mrs. Jorance H. Sayre, Oklahoma and Mrs. Katharine Kennedy Brown, Ohio, vice presidents.

FOOT, MOUTH FIGHT

Cattlemen Support Eradication Plan

FORT WORTH, June 26. (AP)—Directors of the Texas and Southwestern Cattle Raisers Association in session here Saturday pledged their support to the program of foot-and-mouth disease eradication in Mexico.

By resolution, the directors commended the appointment of Harry H. Johnson as assistant to the secretary of agriculture in charge of foot-and-mouth disease eradication work.

The resolution commended the spirit and cooperation of the cattle growers in Northern Mexico in the erection and operation of canning plants to care for the surplus of cattle produced in the areas not infected with foot-and-mouth disease.

C. E. Weymouth of Amarillo told of the association's work in getting the cost of meat inspection work put back on government payrolls. Two years ago this expense was passed on to the packing industry, and cattlemen have felt that the packing industry passed the expense on to the growers, Weymouth said.

The association by resolution recommended that the Texas Livestock Sanitary Commission decline to sign the proposed contract of agreement submitted by the Bureau of Animal Industry in a contemplated effort to control and eradicate brucellosis, or Bang's disease in cattle.

Ray Willoughby of San Angelo said such a program is impractical in range work and scientists themselves are not in accord as to its effectiveness. Dr. H. L. Darby with the Bureau of Animal Industry, expressed the belief that there is merit in a Bang's disease eradication program, but doubted that conditions in Texas or any other range state are right for such a program to be put into effect.

A third resolution asked the Customs Service Patrol along the Mexican boundary to be restored. Charles Stewart, rate attorney for the association, reported on the new truck rates. He expressed the belief that short-haul rates are too low and long-haul rates are much too high.

ENDORISING STEVENSON

Labor Group Stirs Up Political Storm

Political professionals wondering when Texans would begin to get worked up over the U. S. senatorial campaign and other state races got a partial answer last week.

The State Federation of Labor's unprecedented endorsement of candidates for major offices by name stirred up a storm—the first major flurry of the campaign that ends in the Democratic primary four weeks hence.

Getting the nod from the Texas American Federation of Labor group were Coke R. Stevenson for the Senate and Roger Q. Evans for governor.

This drew hard words from senatorial candidates George Peddy of Houston and Lyndon B. Johnson of Johnson City, both of whom said that "labor bosses" were trying to dictate who Texas' Junior U. S. senator would be.

Caso March, candidate for governor, said this didn't worry him because Evans wouldn't be in the run-off anyway. Gov. Beauford H. Jester gave the labor group's action the "no comment" shrug-off.

While the three major senatorial candidates and two for governor were busily beating the bushes for votes, Jester said he would campaign by attending to his business as governor. His only outright campaigning has been the release to the press of a flood of "progress reports" on state affairs, developing in detail the program he said has worked for when he formally announced for re-election.

While the Texas Federation of Labor was openly making endorsements, the State CIO Political Action Committee said it would take no such stand.

Some of the campaign stimulation came indirectly from Philadelphia, where the Republican convention's doings helped make many Texans more politically-minded.

WASHINGTON, June 26. (AP)—Democrats name their last national convention delegates next week. There are signs of weakening in the opposition to President Truman's nomination to challenge the GOP Dewey-Warren ticket.

The District of Columbia picks a six-vote delegation in a primary Monday and Virginia names the last 26-vote group in state convention Friday.

This will round out the convention roster of 1,224 votes. With 618 needed for a nomination, President Truman has 670 pledged and claimed delegates. Some of his claimed strength is disputed by Southerners and the Americans for Democratic action.

The Democrats hold their convention in Philadelphia July 12.

Mr. Truman's name is the only one on the ballot in Monday's voting here, although a space will be left for write-ins. The ADA, which favors Gen. Dwight D. Eisenhower or Supreme Court Justice William O. Douglas for president, has four candidates running for delegate. Twelve are to be named with half a vote each.

Virginia is expected to follow the road taken by many southern states and name an uncommitted delegation, though anti-Truman.

Southern states are far from a unit in the move to bolt the president if he is nominated. Signs of this were evident many weeks ago. But they became increasingly so recently.

Anti-Truman Opposition May Be Fading

WASHINGTON, June 26. (AP)—Democrats name their last national convention delegates next week. There are signs of weakening in the opposition to President Truman's nomination to challenge the GOP Dewey-Warren ticket.

The District of Columbia picks a six-vote delegation in a primary Monday and Virginia names the last 26-vote group in state convention Friday.

This will round out the convention roster of 1,224 votes. With 618 needed for a nomination, President Truman has 670 pledged and claimed delegates. Some of his claimed strength is disputed by Southerners and the Americans for Democratic action.

Eisenhower or Supreme Court Justice William O. Douglas for president, has four candidates running for delegate. Twelve are to be named with half a vote each.

Virginia is expected to follow the road taken by many southern states and name an uncommitted delegation, though anti-Truman.

Southern states are far from a unit in the move to bolt the president if he is nominated. Signs of this were evident many weeks ago. But they became increasingly so recently.

Polio Experts Plan To Confer

HOUSTON, June 26. (AP)—Representatives of 23 Southeast Texas chapters of the National Foundation for infantile paralysis meet here Wednesday to discuss means of improving an anti-polio campaign.

C. O. Bishop, Tyler, one of the state's three representatives of the foundation, announced plans for the meeting Saturday and said Miss Ruth Williams, coordinator from the foundation's national headquarters, will attend.

Bishop said polio situations in each of 23 counties will be discussed and machinery will be set up to provide speedy assistance to areas affected by outbreak of the disease.

Meanwhile, I. B. McFarland, chairman of the Harris County chapter of the foundation, reported the Houston polio outlook appears to be "more promising."

Latest polio cases here bring the total for Houston to 86 victims this year, with 19 deaths. There also have been 66 cases and three deaths in the country, and 43 patients and three deaths from outside the county.

SWITCH IN POLICY

Togliatti Promises Opposition To Aid

ROME, June 26. (U.S.)—Italy's Communist chief, Palmiro Togliatti, just back from a mystery trip behind the iron curtain, declared Saturday night the nation's 2,500,000 Communists will now wage an all-out fight against the Marshall Plan.

'Miss America' Becomes 'Mrs.' As She Planned

MEMPHIS, Tenn., June 26. (U.S.)—Miss America becomes a bride tonight.

Barbara Jo Walker, the tall Tennessee brunette who won the nation's beauty title in Atlantic City last September, and Dr. John Vernon Hummel, 24-year-old intern, will say their "I do's" in a double ring ceremony before 2,000 invited guests.

The ceremony will be performed in the First Methodist Church here amid an impressive display of flowers while floodlights flash on the church steeple. An honor guard and escort will be provided by police.

The 22-year-old Barbara will wear a wedding gown of everglaze cotton. In her arms will be a bouquet of a dozen white orchids and 200 lilies of the Valley, showered with miniature spray orchids.

Honeymoon plans haven't been revealed but Barbara said she didn't want "to go to a big city. I'd much rather go some place in the country where I can swim, rest and lounge around in play clothes." Hummel is getting a nine-day vacation.

The wedding was foretold the night Barbara captured the Miss America crown. A Sunday School teacher and choir singer, she repeatedly refused movie contracts. Instead, she said she only wanted to marry Hummel and that "private life" was more important than anything Hollywood had to offer.

Autopsy Is Set In Melvin Death

BROWNWOOD, June 26. (U.S.)—District Attorney Ralston P. Haun says an autopsy will be held at Brady next Wednesday to determine the cause of death of Albee B. Middleton, 51, whose body was found in a car at Melvin 16.

Haun said Friday the body will be exhumed at the request of relatives. He said state chemists and poison experts are to assist two Brady doctors in the autopsy.

Evidence at an inquest after the body was found showed that Middleton, a feed-store owner at Melvin, went driving with a companion and that they visited package stores in Menard and a hotel in Eden.

The companion told the district attorney that Middleton became sick. The companion said he took Middleton back to his store and put him in his own car, where he was found dead the next morning.

WAFFLE SHOP

110 W. 3rd

Mr. and Mrs. Grady Jones wish to take this opportunity to announce that they are now the new Management of the Waffle Shop. Mr. Jones was formerly the chef of the Settles Hotel Coffee Shop. They wish to invite all their friends, both old and new, to patronize the Waffle Shop... Where taste tempting food is prepared the way you like it.

Yugoslavs Free Five Americans

TRIESTE, June 26. (U.S.)—The Yugoslavs Saturday released five American soldiers arrested ten days ago when they went swimming off Capodistria in the Yugoslav zone, U. S. Army authorities said Saturday.

The State Department said Friday it had ordered the American ambassador in Belgrade to protest the long detention of the quintet.

They are T-4 George C. Wilson, Southern Pines, N. C.; T-5 Jarvis L. Saulnier, Manchester, N. H.; T-5 Augustine Santana, New York City; Pfc. Gordon J. Foster, Falls Church, Va.; Archie M. Van Why, Stroudsburg, Pa.

MCKINNEYS' GUESTS
Mr. and Mrs. J. B. McKinney have her brother, Grady Parris of McKinney, as their week end guest. They planned a visit to the Caribad Caverns before he returns.

The Week

(Continued from Page One)

rate, which now has been overruled. Thus the board has a knotty problem, and about the only encouraging thing is that a number have indicated that they want no refunds regardless of the court decision. At a time it needed to be free to consider means for providing more classroom space, the board now must find ways to secure ample maintenance funds. This becomes the first and foremost problem.

The City of Big Spring has purchased Midland's interest in the DDT spraying machine. This means that the city should be free to use it more actively (although more DDT has been put out to date than all of last year). Evidently files haven't read press notices about DDT.

Letters have gone out from the Salvation Army to several hundred people who had no part last year in the Community Chest campaign. The SA needs additional help because the Chest failed to reach its goal. Those who didn't take part in the campaign then ought to realize that they have an obligation to help—and here is an opportunity to do it.

Interest is still alive in the multi-city water project on the Colorado River. Flood flows during the past year have answered many questions about supply. Last week it was indicated that preliminary steps toward actual organization may be taken within a couple of months. This is perhaps the most important stage of the entire project.

In case you weren't contacted last week, it's not too late to get a membership (\$10 for an adult couple) in the Southern Town Hall. This organization brings better entertainment to the city during the season, and its members can attend Town Hall programs in other areas through their local tickets.

Cattle receipts are still holding up well, but the quality of animals is steadily dropping. That accounts for the break in markets here and elsewhere. Fat cattle are still steady to strong, but there are fewer and fewer of them. The stocker season for north and eastern grass points has passed its zenith, too.

Seaboard

(Continued from Page One)

Pennsylvanian lime which is the pay section in the Vealmoor field. Location is 1,986 feet from the south and east lines of section 23-Sun Oil company No. 1 Ellwood, South-Central Mitchell county prospect, 1 7/8 miles south of Colorado City, and 1,980 feet from northeast corner of section 26, block 36, SPRR survey, had reached 7,738 feet dolomite, and was coring ahead.

The project cored at 7,720-28 feet. Recovery was five feet of dolomite, with some shale and some sand. It had no signs of petroleum.

Some sources think that the project has entered the Ellenburger. That supposition has not been officially confirmed by operator. No noticeable shows of oil or gas have been found by this venture in any zone it has so far penetrated.

Sun No. 1 Schattell, seven miles southwest of Snyder, in Southwest Scurry county, and 1,980 feet from south and west lines of section 18B, block 97, H&T survey, had progressed below 6,537 feet in dry shale, and it was drilling ahead.

Hickok & Reynolds, et al, No. 1 Rawlings, East-Central Coke county prospect to test the Ellenburger, about one mile east of Bronte, and 660 feet from north and 1,980 feet from west lines of section 453, block 1-A, H&T survey ran a 23 minute drillstem test at 5,390-5,514 feet in a lime section, likely in the Pennsylvanian.

Recovery was 5,100 feet of muddy, salt water. There were no shows of oil or gas. The venture is making more hole.

NAVY PLANES HELP

Police Closing In On Chicago Mob

CHICAGO, June 26. (U.S.)—Fifteen squads of police — aided overhead by six planes — were closing in tonight on a mob of gunmen who entrenched themselves in a west suburban quarry.

The mob — surprised in a hijacking attempt of a suburban Western Spring handbook — machinegunned a Western Springs policeman.

Western Springs police said they were about to raid the handbook when the mob came out of the front door carrying the machine guns. Shots were exchanged and Sgt. Charles Peterson, 42, was seriously wounded.

The mob sped away in an automobile, closely followed by the police car. Reinforcements, summoned by radio, near to intercept the fleeing car. Near suburban Hodgkins, the gunmen abandoned the car and fled on foot toward the heavily-wooded quarry.

Six planes from the Glenview Air station aided in the search for the gunmen. They were withdrawn as spotters, however, when darkness came.

Neels Married On Radio Show

Mr. and Mrs. Duke Neel of Big Spring were honeymooning this weekend at a lodge in northern California following marriage vows Friday that were heard by radio listeners from coast to coast.

The ceremony was performed on the "Bride and Groom" program in Hollywood, which is a feature of the American Broadcasting Company.

The vows were exchanged after the usual questions concerning courtship, etc., which have helped to provide the radio program with unusual listener appeal. For their participation the couple were presented with gifts of virtually all types ordinarily associated with radio quiz shows. The gifts ranged from silverware to large electrical appliances.

Mrs. Neel, who is the former Eddie Lou Haug, is the daughter of Mr. and Mrs. Edward Neel. She is head of the music department at the Howard County Junior college. Neel is the son of Mrs. H. M. Neel of Big Spring.

Iowa Man Takes U. S. Farm Post

WASHINGTON, June 26. (U.S.)—President Truman Saturday appointed Albert J. Loveland, Iowa farmer, as undersecretary of agriculture and Elmer H. Wene, New Jersey poultryman, as assistant secretary.

Wene represented his state in Congress for three terms and in 1945 was an adviser to former Secretary of Agriculture Clinton P. Anderson.

The appointments were made on a recess basis. When Congress convenes next January, new nominations must be made subject to Senate confirmation.

Loveland succeeds former Undersecretary Norris E. Dodd, who recently resigned to take a post with the United Nations food and agriculture organization.

Wene succeeds Charles F. Branran, who stepped up to head the department upon the resignation of Anderson.

RUNNING BATTLE

U. S. Public Still Fighting Inflation

NEW YORK, June 26. (U.S.)—The public is fighting a running battle against inflation as 1948 enters its second half.

The first six months had just about everything necessary to make them among the most memorable and important in the nation's peacetime economic history.

There was a sharp drop in commodity prices in February that had economists believing inflation might be halted. And then a rise that carried them almost to pre-break peaks.

Basic industries refused wage hikes and reduced some prices for a while. Then, President Truman's rearmament program came along in March, inflation continued, prices increased, wages started up again.

The New York Stock Exchange languished in the doldrums for days on end. But a spectacular advance in May carried the price level to the highest in 21 months.

Now, at mid-year, the nation's economy is in high gear.

A third round of wage increases is well under way. Prices — both consumer and industrial — are

moving toward earlier peaks or above them.

Construction costs climb as building booms. The home buyer has a bigger selection to choose from. But houses are costing him more and mortgage money is tighter.

Everyone appears to be on a buying spree — mostly for automobiles, homes, food and gasoline, the Commerce Department says. And more retail sales are on the cuff.

Weather Forecast

BIG SPRING AND VICINITY: Partly cloudy with scattered thundershowers today, tonight and Monday. Little change in temperature. High today 94, low tonight 70, high tomorrow 96. Highest temperature this date, 109 in 1947; lowest this date, 69 in 1904; maximum rainfall this date, .75 in 1904.

EAST TEXAS: Partly cloudy Sunday and Monday, with widely scattered thundershowers. Not much change in temperature. Moderate to fresh southerly winds on the coast.

WEST TEXAS: Partly cloudy Sunday and Monday, widely scattered mostly afternoon thundershowers. Not much change in temperature.

Table with columns for CITY, Max, and Min. Lists temperatures for Abilene, Amarillo, Big Spring, Chicago, Denver, El Paso, Fort Worth, Galveston, and New York.

Dudes Have Fun In Synthetic West

NEW YORK, June 26. (AP)—The dudes are hitting the trail again, partner, to ranch life way out east.

Maybe it's not exactly like the sagebrush and hills of the west (why, one of 'em even spreads insecticide to kill bugs along its trails), but thousands of vacationists go for the rugged life. Some of them graduate to the wild west dude ranches after they've learned to climb aboard a horse.

In a section where land is expensive, even in the country, the dudes haven't nearly as much territory as western dudes over which to ride and roam. But, in their own way, they have just as much fun—lots of different kinds of it. Riding is just part of the activity on a big eastern dude ranch. On some, you can also play ping-pong, tennis, badminton and croquet; shoot archery, pitch quoits, skeet shoot, swim in a pool or lake, see movies and go on weiner roasts, picnics and hay rides. On one ranch there is also a little western town complete with a trading post and a last chance bar. This is the one which fogs many of its trails with insecticide fogging machines to destroy mosquitoes and flies.

Come Saturday night, the dudes—both men and women—get dressed up and throng to the hall for the big square dance, as the caller sings "Get Your Hair in a Braid and Let's get Going."

Sunday is rodeo day on most ranches. After a horseback ride to church and a big dinner, their dudes throng to the corral to watch the ranch hands in the mounted quadrille—a square dance done on horseback—and to see the boys "buck out" some of the rodeo stock. The flags fly. The steers bellow. The horses flash past in a cloud of dust. The cowboys yip, and the dudes cheer. Sometimes they fall off the fence.

Nobody knows how many eastern dude ranches there are. Vern Walters, western-born pioneer eastern dude rancher who runs Cimarron ranch at Peekskill, N. Y., with his Brooklyn wife, Lu, estimates there

are nearly 100. Most are in New York. There are also a number in New England and the South.

One hundred and twenty acres is good size. They take many more guests than the westerners and big ones house many of them in dormitories. They generally have fewer horses and give dudes but one ride a day.

(Dudes ride in groups, morning or afternoon, accompanied by cow-boys.)

Eastern dudes are generally young white collar workers who like a lot of activity. Hence the whirl of entertainment.

Eastern ranchers say the eastern dude doesn't spend as much money on fine clothes as some of the western variety do. Not for him fifty dollar hats and custom-made boots. He is content to wear blue jeans with inexpensive boots or shoes and a wide-brimmed felt hat. He likes a little flash in shirts, though—purple and plaid and such.

Wooten Installed In JayCee Office

Lloyd Wooten of Big Spring was installed as a regional vice-president of the Texas Junior chamber of commerce Saturday evening at Wichita Falls.

All new officers for the state Jaycee organization were installed at the ceremonies in the North Texas city, which is the home of Melvin B. Evans, new state president.

The executive session was held Saturday afternoon and a social affair followed the business agenda. Another short meeting was scheduled for this morning.

Wooten was accompanied to Wichita Falls Saturday morning by Joe B. Longnecker, El Paso, chairman of the state Jaycee safety committee. Longnecker came to Big Spring Friday and was the guest of Wooten until their departure for the state session.

Ritz Will Show GOP Meet Scenes

Shots from the republican national convention which named a Dewey-Warren ticket before adjourning Friday will be projected today and Monday at the Ritz theatre, it was announced Saturday. The shots hit highlights in activities and personalities at the GOP parley.

Helium is now used to inflate airplane tires and to treat respiratory diseases.

Nebraska Lawmen Want Man Held Here

Richard Blair, picked up here by members of the sheriff's office on charges of vagrancy, will be turned over to Spencer, Nebraska, authorities. Spencer officers notified Sheriff Bob Wolf Saturday that they wanted Blair on an unspecified charge.

Mr. & Mrs. W. E. Davis Leave On Honeymoon

'Miss Secretary' Feels Like Cinderella

LOS ANGELES, June 26. (AP)—"Miss Secretary of 1948" felt just like Cinderella today.

A movie screen test, a week's singing on a Hollywood stage, and about \$3,000 worth of prizes showed her down on petite, 19-year-old June Hill Dry, of Reading, Pa. She's quitting her job in an insurance office there, she said, to try for a singing and acting career in the movies.

Judges picked her among 52 candidates at the 1948 convention of the national secretaries' association yesterday. Qualifications were speaking voice, poise, and, an official said, "how a man would judge an applicant for a job as secretary."

The pretty, personable winner is 5 feet, 2 inches tall, with green eyes and dark blonde hair in an upsway coiffure.

"I feel just like Cinderella," she beamed. "My ambition ever since I saw my first Shirley Temple picture has been to be in the movies."

Movie actress Helen Walker, one of the judges, said she'd arrange

the screen test. Comedian Ken Murray, another judge, offered to put her in his stage show for a week at \$100. June accepted. She had just sung "Alice Blue Gown," with gestures, to the loud applause of several hundred delegates in the Biltmore hotel bowl.

Her prizes include perfume, weekends at two California resorts, two typewriters, modeling and dancing lessons, nylons, handbags and clothes.

June said she had no idea of winning. Her parents had consented to her staying to seek a movie or radio career. June said, regardless of the contest.

Her father is Edmund H. Dry, an electrical welder for the Reading Railroad Company.

MEN! GET PEP .. Do you want to feel young again? Why not? Baby youthful blossoms again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Colman's stimulating tablets. Many men are obtaining remarkable results with this amazing formula.

All Candidates Submit Fees

All Howard county political candidates seeking nominations in the Democratic primary submitted ballot fees before the deadline. L. S. Patterson, county Democratic

Payment of the fees definitely established the ballot for the July 24 primary.

The county ballot will be a lengthy document this year, with only three candidates for county offices and two for district offices running without opposition. George Mahon is unopposed in the Congressional race, while Martelle McDonald is the only candidate seeking the district attorney's post. County candidates without opposition are George Choate, district clerk; Lee Porter, county clerk; R. W. Baker, county surveyor. All of the unopposed candidates are incumbents.

Many Ask Entry In Junior Rodeo

The county agricultural agent's staff and members of the junior chamber of commerce were filling more requests Saturday for entry blanks to be used in the annual Junior Rodeo to be held here under Jaycee sponsorship next Saturday night.

Entry blanks and letters of invitation were mailed several days ago to all county agents in the state, but many inquiries have been received from individuals during the past few days. A number of entries already have been listed, all of them from out of the county. Howard county entries will be posted during the coming week. Boys and girls from any county in the state may enter the event. This is the first year the local show

has offered state-wide competition. It started two years ago as a Howard county show, and entries from adjoining counties were invited last year.

A notecard consisting of more than half a dozen automobiles visited several neighboring cities yesterday to extend personal invitations to thousands of people. The tour included stops at Colorado City, Snyder, Gail, Lamesa, Stanton, Midland and Odessa. Jaycees making the trip also took advantage of the opportunity to notify the neighboring cities of the Judy Canova show, another event to be sponsored by the organization on Wednesday night.

Saturday's rodeo will follow a field day event for Howard county 4-H club members. Demonstrations will be performed by club members and a barbecue will be served by the Jaycees at the 4-H club buildings located at the former Army Air Field.

All residents of Big Spring and Howard county and visitors from other points have been invited.

NOW IS THE TIME!

There's no excuse any longer for lagging to get work done on your car, or being satisfied with anything less than a top-flight service job. You will find a real difference in the work we do, and you will find it will cost you less in the long run. We have the latest post-war equipment—but we still render service with the old-fashioned smile. Give us a trial the next time your car needs service.

Dodd, Blankenship Make Trip To Denton

E. C. Dodd left early Saturday morning for Denton to confer with his sister, who is mother of the missing Virginia Carpenter.

Dodd was accompanied by W. C. Blankenship. Whether any lead had been uncovered in the case was not learned here immediately. Miss Carpenter, who had gone to TSCW to enroll, has been missing for a month.

One cubic foot of helium will lift a little more than one ounce.

Price Asks Rededication To U. N. Plan

SAN FRANCISCO, June 26. (AP)—Byron Price called today for a rededication to the principles of the United Nations charter.

Speaking here on the third anniversary of the signing of the charter at the San Francisco Memorial Auditorium, the U. N. assistant secretary — general declared the world organization had not lived up to expectations.

Price told a San Francisco youth association ceremony:

"The results correspond quite inadequately to the expectations, and to the explicit terms of the charter. The United Nations has not become what it was intended to be."

This is particularly true, Price said, in the field of international security measures. In the economic and social field, he said, "The United Nations and its specialized agencies have accomplished far more in international cooperation since San Francisco than has been achieved in any like period since the world began."

He added, however, "The United Nations cannot endure half success and half failure."

"The world has become too small a community to go on living half free of war and half slave to war," Price said. "This time we must triumph grandly or fall miserably."

Wallace Hits Truman For Not Pushing Civil Rights Plan

WASHINGTON, June 26. (AP)—President Truman under attack by southerners for proposing a broader civil rights program, was under equally hot attack by Henry Wallace today for not pushing that campaign harder.

The third party presidential candidate told a Washington for Wallace dinner last night that the views expressed in Mr. Truman's civil rights message to Congress "are not necessarily those of the sponsor."

Wallace charged the President with failing to press for passage of the program and commented that he scarcely mentioned either the Palestine problem or civil rights during his recent western trip.

"It wasn't amazing that Truman avoided mentioning Palestine," said the former vice president. "He has been on every side of the question. He was probably waiting for his advisors to develop a new line."

"The president didn't mention domestic civil rights issues because he has been—vocally—on every side of those issues as well. It is always a safe bet that Mr. Truman will be right 50 percent of

the time in what he says. He has spoken on both sides of just about everything."

Wallace also launched a broadside against the 80th Congress. Historically, it was "the congress that ignored the needs of the people," he said, adding that it was characterized by "almost scandalous inefficiency and complete lack of statesmanship."

He blasted both the Democratic and Republican parties and said "only the new party is dedicated to keeping the spirit of the Constitution of the United States."

"The others warp, distort and pervert the words of the Constitution to protect vested interests and to subvert the interests of the people."

Shanghai In Midst Of Money Collapse

SHANGHAI, June 26. (AP)—Shanghai was in the midst of a general collapse of currency values today. At one time this morning, the Chinese yuan dropped to a new low of 5,000,000 (M) to \$1. The official rate is 474,000 to \$1.

P-TA Congress Will Meet In El Paso

AUSTIN, June 26. (AP)—The Texas Congress of Parents and Teachers will hold its state convention Nov. 17-19 at El Paso.

"O the Highway of Tomorrow" was selected as the convention theme by the group's executive committee here this week.

Local units of the Congress will have a program of "evaluating the home" during the 1948-49 work year.

Dalhart Rancher Is Killed In Mishap

DALHART, June 26. (AP)—Funeral rites for John Alfred Burrow, Sr., 74, rancher near Dalhart for 30 years, will be held here Sunday at 2 p.m.

Burrow was killed Saturday night when he stepped from his cattle truck, apparently thinking it had stopped. He was thrown under the rear wheels and was crushed to death. Survivors include his widow, a son, John Jr., and a daughter, Mrs. Art Gossen, all of Dalhart.

WHO'LL GET ROOM?

Political Spotlight On Demo Secretary

PHILADELPHIA, June 26. (AP)—Now that Democrats are moving in behind departing delegates to the Republican convention, the political spotlight is focusing full beam on Dixie's pretty Dorothy Vredenburg.

She is secretary to the Democratic National Committee. That party's convention opens here July 12.

Even with the Republicans jamming the hotel corridors outside Democratic convention headquarters, there were literally hundreds of callers, day and night. Many wanted to know about their accommodations for the Democratic conclave. Mrs. Vredenburg handles housing ("and please tell my Alabama friends I'm doing my best, but I know I can't satisfy everybody.")

One visitor wanted a description of the beds and furniture he could expect. Another said he doesn't want to share his room with anyone who drinks.

Jammed into a fourth floor corner now, Democratic headquarters expects to move by Monday into the commodious suites which their Republican counterparts have held.

Republicans virtually overran the city during their five-day convention. But there'll be even more

democrats, because that party has 3,192 delegates and alternates coming, against the GOP's 2,188.

That, of course, doesn't ease Mrs. Vredenburg's headache.

Recently a Democratic big-wig was stricken ill. "I'm ashamed," said Dorothy, "but my first thought was: who can we put in his rooms?"

Building Contracts Are Above Average

AUSTIN, June 26. (AP)—Building contracts were above average this week, totaling \$19,553,024.

The bulk of the lettings were for non-residential structures, this category accounting for \$13,078,502 of the total, The Texas Contractor, building trade journal, reported.

Residential building awards amounted to \$5,032,024, most of that figure going for homes costing less than \$7,000 each.

There were 514 homes put under contract for less than \$7,000. Thirty-nine were over the \$7,000 mark.

The accumulative total of construction awards for 1948 now stands at \$440,451,194

PONTIAC

Adding to its Reputation!

Year after year, Pontiac's reputation grows—as owners spread the good word of its performance and dependability.

This year is certain to add special luster to the Pontiac name—for the great car illustrated here, the 1948 model, is the finest Pontiac ever built.

First, it offers the performance luxury of General Motors Hydra-Matic Drive—and it is the world's lowest priced car with this phenomenal advance in easier, more convenient motoring.

It is the most beautiful of all Pontiacs. It is the finest performing of all Pontiacs. It is the most dependable of all Pontiacs.

Consequently, we are certain that those who purchase it will be the most enthusiastic of all Pontiac owners—and their praises will add to an already-great reputation for enduring satisfaction.

Better make your own next car a Pontiac. Regardless of when you get it, you can be sure it will be a great car and a great value.

*GM Hydra-Matic Drive, Bumper Guards and White Sidewall Tires optional at additional cost.

NEWPORT MANSIONS—A five-mile-long cliff walk skirts palatial ocean front estates at fashionable Newport, R. I. The mansions from front to rear at right are "The Waves", owned by Barclay K. Douglas; "Land's End", of George Eustis Faine; "Seaverge", estate of Henrietta Hartford Pignatelli and, in the far distance, Mrs. James F. Duke's "Rough Point."

Guard Enlistment Won't Erase Draft

AUSTIN, June 25. (AP)—The National Guard will continue to enlist draft-age men but such enlistment will not now exempt them from the draft, State Adjutant General K. L. Berry has announced. Berry said national guard service would help qualify men for higher ratings in the regular service. More than 1,500 men were enlisted in Texas' National Guard in the rush to gain draft exemption by enlisting before the bill was signed, Berry said. Only those who enlisted before the bill was signed are draft exempt.

DISCRIMINATION HIT U. S. Gate Opened For 205,000 DP's

WASHINGTON, June 26. (AP)—The gates to the United States were thrown open today to 205,000 European refugees who can meet conditions labeled "flagrantly discriminatory" by President Truman. In signing the refugee immigration bill into law yesterday, Mr. Truman fired a strongly-phrased 1,800-word blast at Congress for not sending him a better measure. He said he signed the bill with "very great reluctance," and added that "if the Congress were still in session I would return this bill without my approval and urge that a fairer, more humane bill be passed." The measure discriminates against Jewish and Catholic displaced persons, the President charged, by setting up immigration conditions which most such refugees cannot meet. "It is a close question," the President's bitterly-worded statement said, "whether this bill is better or worse than no bill at all." The new law limits immigration over the next two years to those DP's who fled to Germany, Austria and Italy between Sept. 1, 1939 and Dec. 22, 1945. "By this device," said Mr. Truman, "more than 90 percent of the remaining Jewish displaced persons are definitely excluded." And, he said, it "also excludes many displaced persons of the Catholic faith" who "fled into the American zones after Dec. 22, 1945, in order to escape persecution in countries dominated by a communist form of government." The President said he hopes the next session of Congress will remedy the bill's defects—especially the December 1945 deadline. "It is inexplicable," he declared, "except upon the abhorrent ground of intolerance, that this date should have been chosen instead of April 21, 1947, the date on which Gen. Clay (American occupation commander in Germany) closed the displaced persons camps to further admissions." Mr. Truman charged that the measure, passed as a compromise on the final day of the session, combines "the worst features of both the senate and house bills." Many Arabian horses are light gray at birth and become white by the time they are four or five years old.

Samuel Horton Succumbs Here

Samuel J. Horton, 63, resident of Big Spring for more than two score years, died here Saturday at 3:20 p. m. He had been in failing health for several months and seriously ill for the past three weeks. Mr. Horton came to Big Spring 42 years ago and had been employed by the T&P railroad for 34 years. Twenty-six years ago he was ordained as a Baptist minister and had been active in religious affairs since that time. Services will be held at 5 p. m. today at the Nalley chapel with the Rev. Cecil Rhodes, West Side Baptist pastor, officiating. Interment will be in the city cemetery. Mr. Horton leaves his wife; a daughter, Mrs. Ray Shaw; two sons, Perry Horton, Ranger, and Cecil A. Horton, Big Spring. He leaves two grandchildren, Ray H. Shaw and LaJuan Horton; two brothers, Tom Horton, Big Spring, Burt Horton, Waco; three sisters, Mrs. Amanda Hughes, Brownwood, Mrs. Roxie Price, Abilene, Mrs. Mabel Bird, Lometa. Pallbearers will be Olin Hull, Ed Stringfellow, Henry Squires, Carl Rutledge, Mitchell Hoover, Hank Childers, Joe Aleman and D. B. Armistead.

Retail Coal Price Boost Is Predicted

PITTSBURGH, June 26. (AP)—A retail coal price boost of 75 cents to \$1 a ton in early July is predicted by Howard D. Gibbs, executive director of the Pittsburgh Retail Coal Merchants Association. Retailers of the Pittsburgh area, said Gibbs, already are absorbing 60 cents a ton for a truck driver's pay raise; 10 cents-a-ton freight raise and an additional 25 cents-a-ton hike in the wholesale price of anthracite. Dealers "absorbed" these increases in order to keep prices down and "boost summer business," Gibbs said.

NOTICE

Due to the Republican nomination of Dewey for President, who could be elected in the event of death of the Democratic nominee for President prior to the election in November, and rather than take chances on two calamities coming together, including a Republican President and a severe drought, I am taking no chances but fixing up my house for any eventuality and ask all who owe me to please remit at once and those whom I owe, which are of minor proportion, please send me a bill and remittance will follow. Will also offer half of my cattle for sale prior to election.

Deadline Nears For Filing For GI Flight Training Plan

Veterans have only a couple of days to qualify for flight training under the GI bill of rights, according to information received here by Cecil Hamilton.

Hamilton, who operates Hamilton Field, said that those who enroll before July 1 may complete their flight training, but those who wait until after July 1 will have to show that flight training is necessary to the conduct of their jobs or businesses before it will qualify under the GI training program. He plans to fly applications to the VA office in Lubbock Monday or Tuesday to make sure they are completed before July 1. Big Spring Flying Service also plans to give special service on GI applications through Monday or Tuesday.

The CAA Aircraft Service meeting here Wednesday of all A&E mechanics and CAA designees and operators in the Big Spring district drew a good response.

Chile Miller, chief of the non-scheduled maintenance operators out of Fort Worth regional office, presided. He was assisted by Sam Monechke, CAA aircraft agent stationed here.

The parley dealt with maintenance problems and techniques, and several films were shown, including a late CAA release, "Partners in Safety." In addition to mechanics and designees attending from San Angelo, Sweetwater, Midland, Odessa, Lamesa, Brownfield, Big Spring and other points, CAA agents R. H. Wisner and R. L. Fancy flew in from El Paso to participate.

Among craft in for maintenance were those owned by Clyde E. Thomas, Cecil Hamilton, Arch Roberts. Big Spring Flying Service also handled some transient maintenance.

High winds hampered many operations somewhat, but Navy traffic continued good. First deliveries of 145-octane gasoline were made during the week.

Materials and supplies were flown to Texas Electric Service company at Denver City after institution of its new line, Hamilton Field reported. O. A. Kraeer of Westex Oil Co. flew to San Angelo Wednesday on business.

Mrs. W. R. Newsom, not content to watch her husband do all the flying, took her first hop last week since she was a young girl. She was as thrilled as could be over her initial flight, Hamilton Field reported.

Wayne Yeager and J. N. Lloyd, Hamilton Field students, took their written exams on their commercial pilot course last week.

Gas Injection Project Slated In Ector Area

Gas injection, never utilized in West Texas, will be instituted at an expense of 10 million dollars in an experiment to prolong the productivity of Ector county's North Cowden field.

Announcement of the 20-year conservation program was made in Midland Thursday by G. H. Card, Fort Worth, divisional production superintendent for Stanolind Oil and Gas company, when he addressed the Grayburg (lime) association.

Fundamentally, the plan envisions collection of all gas produced in the field, so that it will be processed at plants in order to have its natural gasoline and casinghead gas "milked". The residue will be put under tremendous pressure and then distributed to key wells for reinjection into the Grayburg lime section to help drive and lift oil from the lime.

Cities Service Oil company is contributing its present natural gasoline plant in the field to the program and a group of operators will expand it greatly so that ultimately it will have a potential capacity of 125 million cubic feet of gas per day.

About 80 per cent of the acreage in the 27,000-acre pool which extends over 42 square miles, will be involved in the injection. Those interested in the remaining 20 per cent are expected to join the project.

Expense of the program is to be carried by participating operators. The pool, which is 12 miles long and five miles at its widest point, was discovered in 1930. Experts estimate that the injection will add at least eight years to life of the pool and will increase its recovery by at least 50 per cent. It is expected to establish a precedent for other permanent basin lime fields.

Midland Exploration Is To Drill Plugs

Gulf Oil Corporation No. 1-E Wilson Bryant, Central Midland county wildcat, 14 miles south of the city of Midland, and 660 feet from north and 1,980 feet from the west lines of section 36, block 39, TP survey, T-3-S, is drilling out plug on 7-inch casing, which had been set at total depth of 11,114 feet.

When the cement is out of the hole, operator will drill ahead in the Pennsylvanian lime and shale. No recent indications of possible oil or gas production have been reported from this venture.

Visiting Her

Miss Ann Whitsett of Jacksboro and Mr. and Mrs. Bill Williams of Abilene are visiting in the home of Miss Charlene Tucker. The three came out for the wedding of their friend, Miss Charlotte Holden, which occurred Saturday night.

'PEPPY' IS OFFICIAL NOW

Application of R. E. Blount, Jr., for a change in name to R. E. (Peppy) Blount, Jr., has been approved by Cecil C. Collins, 70th district court judge.

Blount, state representative from this district, sought the change so that his name could be legally entered on the forthcoming ballot in that way.

RETURN FROM FISHING
Mr. and Mrs. Mance Kinman have returned from a fishing trip to Menard.

WEEKLY OIL

U.S. Companies Wary Of Mexico

By MAX B. SKELTON
HOUSTON, June 26.—It's rather difficult to separate optimism from pessimism when an oil man talks about Mexican oil explorations.

There is much enthusiasm over future possibilities of the Mexican oil industry but most United States companies apparently feel there are too many "ifs."

They appear to be adopting, for the most part, a "wait and see policy" before accepting the Mexican government's recent overtures for foreign investments and explorations.

A check of major companies operating along the Texas Gulf Coast presented these observations—

Oil production potentials in Mexico are enormous.

Lack of modern methods and equipment prevent maximum production from present wells.

United States companies would like to participate in the operations but, for the present at least, many are puzzled by the types of contracts offered by the Mexican government.

Most company spokesmen expressed fear of another "closed door" policy such as Mexico's action ten years ago in expropriating all foreign oil properties.

Said one spokesman: "I understand our negotiations with Mexican representatives fell through because we couldn't tell when we had a deal and when we didn't."

Said another: "There are many lavish oil prospects in Mexico but the uncertainty of the situation is just too unstable for my company to consider."

Eugene Holman, president of the Standard Oil Company (New Jersey) last week admitted an interest in participating in oil developments below the Rio Grande but listed "musts" that will govern any contract.

"We must be assured of a good title to the oil properties, have good contractual relations and a reasonable chance to make a profit," he explained.

Meanwhile, Antonio J. Bermudez, general manager of Pemex, Mexican government oil monopoly, last week expressed confidence the new expansion program for the industry will succeed.

He also explained the two types of contracts being offered foreign companies.

The basic contract, he said, presents a "clear risk" to the contractor in that he is not permitted to remove money which he spent in operations unless he strikes oil.

"In exchange for this risk, Pemex offers to pay the contractor a bonus in the event he does strike oil," he explained.

Another contract, such as already aimed by Cities Service, calls for loans of money and materials to Pemex for drilling wells, with Pemex reimbursing the loans and selling the company oil at the world market prices.

Supply and demand:
The nation's crude oil production for the sixth consecutive week, American Petroleum Institute reports reveal, set a new all-time

daily average high of 5,492,350 barrels for the week ending June 19. This is an increase of 12,750 over the preceding week and compared with 5,114,500 barrels daily a year earlier.

The Oil and Gas Journal estimated the week's daily average at 5,490,685 barrels but credited the figure with being a new record.

Gasoline production, however, declined to 17,648,000 barrels for the week, 280,000 barrels less than the previous week.

Tidelands:
Action of the national Republican convention of placing state ownership of tidelands in its platform was accepted as very encouraging news by state officials who

have led the battle against federal government ownership.

Several state Democratic conventions have adopted state ownership resolutions instructing delegates to the July national convention to seek inclusion of state ownership provisions in that party's platform.

The stage then would be set for another battle in Congress.

Plymouth does it with a Triple Play — for Safety!

- 1. Super-Cushion Tires**
Bigger, better, softer, these revolutionary new tires soak up road shocks from the side as well as below. Super-Cushions hug the road better. The improved tread, with notches molded in crosswise, gives greater traction. Teamed with Plymouth's Safe-Guard Hydraulic Brakes, Super-Cushions make stopping easier and surer. Teamed with Plymouth's new, wider Safety-Rim Wheels, they give you the most complete tire-failure protection ever. The tires reduce chances of failure because they run cooler. But should trouble occur you have the famous Safety-Rim Wheels to rely on.
- 2. New, Wider Safety-Rim Wheels**
Safety-Rim Wheels take most of the danger out of blowouts, punctures, tire failures of any kind. As you know, ordinary rim wheels depend on air pressure alone to hold the tire in place. When the air lets go, the tire pulls away from the rim. But with Safety-Rim Wheels, the patented retaining humps are there to hold the tire straight and tight on the rim as Plymouth's Safe-Guard Hydraulic Brakes bring you to a safe, easy stop. With road-gripping Super-Cushion Tires, these features make an unbeatable safety combination.
- 3. Safe-Guard Hydraulic Brakes**
Engineers call this feature the greatest advance in car control since trail-braking. Plymouth pioneered hydraulic brakes in the lowest-priced field. Safe-Guard Hydraulic Brakes increase braking effectiveness by a third... give you maximum controllability — and that means maximum safety. Their action is accurate and non-erratic. They lighten needed foot pressure by 25%. With Super-Cushion Tires and new, wider Safety-Rim Wheels they make it possible for even emergency stops to be sure and easy. Only Plymouth has this amazing safety trio in the lowest-priced field.

Play Safe with Plymouth

PLYMOUTH BUILDS GREAT CARS... GOOD SERVICE KEEPS THEM GREAT. Your nearby Plymouth dealer will provide the service and factory-engineered parts to keep your present car in good condition while you're waiting for your new Plymouth.

PLYMOUTH Division of CHRYSLER CORPORATION, Detroit 31, Michigan

Gaines Extension respect Acidizes

Cities Service Oil company and The Atlantic Refining company No. 1 Proctor, West-Central Gaines county, possible wildcat discovery from the San Andres-Permian, had re-treated the open hole section at 5,031-5,198 feet, with 5,000 gallons of acid.

It was swabbing to clean out and test.

This project is 10 miles west of Seminole, five and one half miles west of the nearest production in the San Andres-Permian field, and 1,980 feet from north and west lines of section 355, block G, CCSD&RGNG survey.

It had shown considerable free oil on drillstem tests taken before casing was set. However, after the 5,031-5,198 foot zone had been washed with 1,000 gallons of mud acid, it swabbed down and showed no fluid of any sort. It did develop about 1,062,000 cubic feet of gas per day.

It is hoped that the 5,000 gallon acid treatment will cause the exploration to start showing some new oil, along with the gas.

All Heavyweights Eye Joe's Vacated Throne

Lesnevich Will Figure In Plans For Next Battle

NEW YORK, June 26. (AP)—Every breathing heavyweight with two arms and two legs headed toward Jacobs Beach today as the mad scramble started for the title vacated by Joe Louis.

Gus Lesnevich, the 33-year-old reigning light-heavyweight king who is now en route to London for a July 26 bout with Freddie Mills, appeared to be the key man in an involved situation.

Durable Gus, who suddenly turned into a knockout puncher after his return from war service, is the man they all want to fight. He figures to be the best box-office draw for a September outing in the Yankee Stadium.

Under the terms of the Twentieth Century Sporting Club's ball park contract with the Yankees and Giants they must put on at least two shows a summer.

Lesnevich is almost certain to be the party of the first part. Either Ezzard Charles, the Cincinnati light-heavyweight contender, or Jersey Joe Walcott, the beaten 34-year-old challenger in Saturday night's fight, will be the other.

As of now, Charles seems to have the inside edge, providing his manager, Jake Mizit, and the promoters can convince Joe Vella, Lesnevich's manager. Vella is on the high seas with Lesnevich.

The Charles camp has bombarded boxing commissions from coast to coast with challenges to Lesnevich for the 175-pound title.

Charles, normally a 173-pounder, has lost only once since his return from war service. That loss, unfortunately for him, was to Elmer Ray in his only Madison Square Garden showing. Charles later reversed that loss, knocking out Ray in the ninth round at Chicago May 7. In his last outing he won a ten-round decision over Erv Sarlin at Buffalo.

There is considerable doubt along the beach about the public reaction to another Walcott appearance. The crowd booed Jersey Joe throughout the early rounds of Friday night's slow bout.

Berg Outlasts Babe Zaharias

CHICAGO, June 26. (AP)—Patty Berg's Minneapolis professional, erased a four-hole deficit on the final six holes to defeat Babe Didrikson Zaharias, 1 up, on the 37th green of a hectic overtime battle for the Women's Western Open Golf Tourney championship Saturday.

The 30-year-old Miss Berg, in her first match-play meeting against the Babe, ruined the 35th birthday celebration of Mrs. Zaharias. The babe blew up completely on the last nine after leading most of the scrap over 4,434-yard Skycrest Country Club.

Patty's triumph matched Mrs. Zaharias' three victories in the Western Open.

Apparently nettled by a low-flying airplane which buzzed the gallery of 2,000 most of the back nine, Mrs. Zaharias saw her four-hole lead melt away under Miss Berg's stubborn battling until the match was squared on the 36th green.

Then, on the 400-yard 37th the sturdy Minneapolis redhead rang down the curtain on the Babe with a nifty par four, while Mrs. Zaharias scrambled for a five.

Mrs. Zaharias, entered Ferndale, N. Y., plainly was exasperated with the plane, which started hovering over the gallery just about the same time she commenced fading.

Musial Leads Cards To Win Over Dodgers

BROOKLYN, June 26. (AP)—Paced by the booming of Stan Musial, the St. Louis Cardinals pounded out a 5-3 victory over the Brooklyn Dodgers Saturday to even their current series at one game apiece.

Musial had another torrid day at the plate with four hits including his 16th home run and a double in five trips to the plate.

A's Clip Chisox

CHICAGO, June 26. (AP)—The Philadelphia Athletics turned five hits into their fifth straight victory when they leveled the Chicago White Sox, 4-2, before a Ladies Day crowd of 5,377 persons Saturday. The losers outhit the second place A's 10-5, but the Chicago scoring was confined to a two-run fifth.

LOOKING 'EM OVER

With TOMMY HART

Pat Stasey, skipper of the Big Spring baseball Broncs, is using three of his 1947 regulars, outside of his pitchers, in his current lineup. . . . At that, the Hosses have as many holdovers as any club in the Longhorn league. . . . Midland has three veterans back (Eddie Melillo, Jim Prince and Carroll Nipp), Vernon one (Bob Huntley); Ballinger, two (Stu Williams and Floyd Geiger); and Sweetwater, two (Mac Dunlap and Kenny Peacock). . . . Odessa is not using a single man who saw service with them last year, outside of Pitcher Ernie Faccio. . . . Big Spring's holdovers are Jake McClain, Tony Traspuesto and Stasey himself. . . . Since the league was organized, the name of Murphy has been more common in the league than any other used. . . . There have been no less than four who have answered to that last name: Ronald and Roland of Sweetwater, Ed of San Angelo and Pat of Ballinger. . . . There have also been three Davises (Arnold of Midland, Bill of Odessa and the late Stormy of Ballinger) and three Rodriguezes (Gerry and Fred of Big Spring and Bobby of Del Rio). . . . Ronald Harrison, an outfielder, and Shortstop Roy Millan are team mates of Dewey Jacobs on the Tyler Lone Star league team. . . . All three were with Ballinger in 1947. . . . Average playing time of Longhorn league games is shorter than that of the average big league contest. . . . Of five games played in the big show one day last week (three were rained out), none ran less than two hours and six minutes. . . . The longest was a nine-inning contest between the St. Louis Browns and the Philadelphia Athletics, which extended exactly three hours.

Scribe Still Snapping At Heels

The Des Moines Bears of the Western league have given up on Andy Mohrlock, the former Big Spring pitcher. . . . DM turned him back to Decatur of the IHL league last week. . . . For nearly two years now, the Big Spring professional baseball team has absorbed the repeated verbal abuse of Tanner Laine, the Midland sports writer who spews invective right and left. . . . He is locally famous for inciting riot has done his level best to agitate trouble between his city's Indians and the Big Spring team. . . . At times, he has even widened his scope and boldly suggested that the individual or group of individuals who would dare to cross swords with anything Midland must be ungrateful, dishonest and immoral and, for those reasons, unworthy of association with his darlings. . . . Being in the kind of business they're in with no implements to dispute his allegations, the Broncs have been willing to consider the source and let it go at that. . . . More recently Mr. L. has singled out our own Tony Traspuesto as his favorite target. . . . When the backdrop clashed with Pepper Martin of San Angelo in that now historic scrap in the local orchard, Laine drew his own perverted conclusions of what happened and started an ill-starred crusade for a fund which would have been employed to retire Pepper's fine executed by the league office. . . . Not even Harold Webb, the Midland skipper, could stomach the significance of that brain storm. . . . A few days ago, Laine proudly announced that he finally had concrete evidence that would ruin the Big Spring backdrop: He had caught Tony spitting in the direction of the Midland stands. . . . Furthermore, he was setting about to queer Traspuesto with all organized baseball, and that by writing to the National Association and recommending that he be banished. . . . (It didn't matter that the home plate in Midland is a good 30 feet from the nearest stands). . . . Who was it who said "man is not the prince of creatures, but in reason out Our own's" Tony Traspuesto.

Henderson Winning In New York

Henry Melillo, the former Midlander now with Lamesa in the WT-NM league, has finally started hitting. . . . At the latest report, his mace mark was 406 and that through 11 games. . . . Leon Cato, the WT-NM circuit's leading hitter last year, has been returned to Class C ball by Muskegon. . . . George Hart, former Lamesa American Legion flinger, is now twirling for a semi-pro team at Jal. N. M. . . . He plans to attend TCU. . . . Roland Vidora, the Big Spring flinger, helped to develop his control by pitching to his nine-year-old brother in Cuba, who also wants to be a ball player. . . . Clyde Robinson, freshman twirler at Baylor last season, is now with the Denver City Gassers in the Oil Belt league. . . . Creighton university has withdrawn from the Missouri Valley athletic conference, leaving that group with eight members. . . . Bill Henderson, the former Golden Gloves champion from Levelland, recently won his sixth straight professional fight in New York. . . . He beat one Bonny Root of New York. . . . The Texas lightweight is a stable mate to Gus Lesnevich, the 175-pound champion.

Tigers Invade Grandfalls

Big Spring's crack independent baseball team, the Latin-American Tigers, tie into the Grandfalls aggregation in Grandfalls at 3 p. m. today.

Tacho Martinez's Bengals will be out after their 12th victory in 13 starts to date. They made it No. 11 last week by outslugging Monahans in a bout that was all of fence.

Grandfalls will be no easy hurdle. The club trounced Midland, 5-4, in 11 innings last week.

Martinez will dispatch Gus Fierro to the pitching rubber. Fierro will be gunning for his second win in as many starts. He subdued Pecos, 2-1, several weeks ago.

Only Abilene has succeeded in stopping the Big Springers, and that by a 9-8 count.

Among Big Spring's victims this year have been Colorado City, San Angelo twice, Odessa twice, Midland twice, Monahans and Pecos.

Ritz To Screen Fight Pictures

Action pictures of the Joe Louis-Jersey Joe Walcott heavy-weight championship fight, which resulted in an 11th round knockout for Louis, will be shown at the Ritz theater Tuesday and Wednesday.

The twice-postponed match was staged in the Yankee stadium in New York City Friday night.

Horse Racing Program To Be Held July 4

A program of horse racing—an unusual attraction for Big Spring—is to be an attraction on the local July Fourth calendar.

The Howard County Sheriff's Posse will sponsor the card, slated at the Posse's arena southwest of the airfield at 2 p. m. on the afternoon of the Fourth.

A varied program of racing is on tap, although not all events are filled.

Among matched races already set will be one for 300 yards between L. J. Davidson's Susie Q and the Bud Tucker-Doyle Vaughn horse, Chief Little Gem. Hack Wright has matched his Pepper against V. A. Merrick's Smoky in a quarter-mile run, and Johnny Ray Dillard is pitting his Fly Mon against Doyle Vaughn's Piccolo Pete in a 7-8 mile event.

Dick Fitzgerald and Pete Howze are others who have horses ready for a race. Posse members said all-comers are invited to bring horses here for the race event, and that efforts will be made to make all matches to fill out an afternoon of track action.

Admission to the race program will be \$1 per person.

Swim Program Is Altered

Days have been changed on the YMCA swimming classes. Bobo Hardy, Y athletic director, announced Saturday.

The beginners—now numbering approximately 90—will have instruction for one hour starting at 9:30 a. m. on Tuesday, Thursday, and Saturday. Advance swimmers will meet one hour later on these days. Around 30 youngsters are in this class, receiving instruction in strokes and diving.

Other YMCA summer activities are progressing nicely. The tennis class, open to all who would like to learn or improve their game, had about half a dozen enthusiasts out Friday. Classes are held from 6 to 7 p. m. on Tuesday and Friday.

Some 30 boys are practicing in the gymnasium activities at 4:30 p. m. on Tuesday and Friday. Basketball, tumbling and other activities form the program. Growing attendance and enthusiasm has greeted the adult gym class which meets Monday and Thursday at 5:30 p. m. Some red-hot volleyball games have been held the past two weeks.

Monday at 7:30 p. m. the Junior Broncs softball team will tangle with a Latin-American junior softball aggregation under the city park lights. Thursday evening the YMCA church league regular schedule will be held.

Methodists Tied For League Lead

Tabor Rowe pitched the First Methodist team into a tie for the lead in Church softball league standings Thursday at the city park when he set the Main Street Church of God contingent down with two hits. The Methodists won, 11-0.

Rowe was also impressive with the stick.

The Methodists have won three games, the same record that the East Fourth Baptist boasts. Those two clubs tied in their only bout.

Thursday's other debate saw Wesley Methodist saw a m p First Presbyterian, 16-3, with Williamson and White in the starring roles.

Wesley has now won two and lost two. First Presbyterian's won-and-lost record is one and two while Main Street Church of God has yet to win a decision in four starts.

Giants Halted By Vandermeer

Reds Win, 4-0 To Even Series

NEW YORK, June 26. (AP)—Scoring all their runs in the first inning, the Cincinnati Reds, behind the air-tight pitching of Johnny Double No Hit Vander Meer shut out the New York Giants 4-0 Saturday to even their current series at one game apiece.

The Reds took advantage of wildness on the part of Southpaw Monte Kennedy and an error by Outfielder Whitey Lockman to tally four times on only two singles.

Kennedy, making his second start since his recall from Minneapolis last week, failed to get by the first three batters to face him, then gave up singles to Hank Sauer and Danny Litwhiler. When Lockman overcharged Litwhiler's hit, two runners crossed the plate. The stocky outfielder scored a moment later on a wild pitch. Vander Meer in fashioning his first shutout, scattered seven hits for his fourth victory.

Friday's Results
CINCINNATI AB R H O
Wynostek cf 4 0 1 3 0
Zientara 2b 2 1 0 2 0
Hutton 3b 4 1 1 4
Sauer lf 3 1 1 0

Schulte cf 0 0 0 0

Swain's Legion Faces Odessa

A change in plans sends the local American Legion Junior baseball team to Odessa this afternoon where at 4 p. m. they play that community's Legion team.

Earlier in the day, Odessa tangles with the Midland contingent. The Big Spring nine was originally booked to oppose Midland in Midland this afternoon.

Dr. Kenny Swain, local coach, has requested that all players contact him prior to 12 noon today.

NOW OPEN TO HIGH SCHOOL GRADUATES

THIS is important news to every young man from 20½ to 25 who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U. S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not filled.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your application to the Commanding General of the Army area in which you live. If you are selected, you will be enlisted in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may compete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army.

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer been open to civilian high school graduates. Get all the facts about it today at your U. S. Army and U. S. Air Force Recruiting Station.

MODEL PLANE CARRIERS - Four men are needed to carry a model of a Hastings four-engine transport plane for participation in the Royal Tournament at London's Olympia.

MORE TIME NEEDED State Demo Meet Endurance Test

AUSTIN, June 26. (AP)—What's the difference between a state democratic convention and an endurance contest? Nothing. Somebody should tell the people in charge of Democratic affairs in Texas—wherever they may be—that it takes more than one day to do all the things a convention has to do, or thinks it has to do.

The law says the convention must be held. It says when it shall be held. It says what it must do, both in the cases of the May and September meetings. But there isn't anything in the law saying how long the convention shall last. Usually, these meetings drag on through a 12-hour day and sometimes they go on for 18 hours, and sometimes for two 12 hour days. Usually, when there is a controversy and there is initial doubt as to which side has the votes, there is a long delay in getting started while each faction jockeys for a favorable position. There was a long delay in starting the recent Brownwood convention because delegates were slow in registering, and the list to make up the temporary roll was not ready. This session stretched out for 12 weary hours, with no formal break for lunch or dinner. Why not start the convention at noon, run it on through 8 or 9 o'clock at night, and wind it up the next day in a three or four hour session? That way everybody would get enough sleep, or at least have the opportunity to sleep if they wanted to. The outlook is for more controversy at the September convention. Much, of course, depends on what happens at the national convention in Philadelphia. The nomination of President Truman there, plus another southern revolt meeting if that happens, is almost certain to bring on an election fight. Back in 1944, you recall, the September convention's action in putting forth a new list of electors was declared legal by the state supreme court. That year the May convention's electors were only conditionally bound to vote for the national party nominee. The September convention's pro-Roosevelt majority weeded out the anti-Roosevelt electors. This set ample precedent for an effort by the extreme right wing, anti-Truman, anti-federal civil rights faction of the party in Texas to put up a list of anti-Truman electors at Fort Worth Sept. 14. The state's rights group plans to hold a meeting of as many Philadelphia convention delegates as it can muster in Birmingham July 17, after the national session, if Truman is nominated. The Texas delegation to Philadelphia is made up of many individuals who lean strongly toward the revolt pattern. It was the product of a coalition between Gov. Beauford H. Jester's middle-of-the-road group and the right wingers. There is no doubt that if Truman is nominated, the right wingers will be at the Fort Worth convention, demanding even more than they got at Brownwood. The prospects are good for a beautiful—and long-drawn-out—fight. Better stretch it out over two official convention days.

Political Calendar

The Herald is authorized to announce the following candidates for public office, subject to action of the Democratic primaries. For Congress, 19th District: GEORGE MARON State Senator: KILMER B. F. (Jim) CRENSHAW M. H. (Shorty) GRIMES For County Surveyor: RALPH BAKER

Reciprocal Trade Extension Signed

WASHINGTON, June 26. (AP)—President Truman signed Saturday the one-year extension of the Reciprocal Trade Agreements Act which Congress sent him in lieu of the three-year continuation of the administration sought. The measure changes the procedure to give the tariff commission a bigger role in the negotiation of any new duty-reducing agreements which may be sought.

L. C. Porter Is Now T&P Vice-President

L. C. Porter, assistant to the president of the T&P, has been named operations vice-president, W. G. Vollmer, T&P vice-president, announced Saturday.

The appointment is to become effective Aug. 1 with the retirement of A. J. Chester.

Porter has been assistant to Mr. Vollmer since the new president of the road took charge three years ago, and he had served in the same capacity for seven years under John L. Lancaster. In all Porter has had 38 years of experience in railroading from the time he began with the communications of the now extinct Gulf, Texas and Western Railway. He was superintendent of transportation with that road before he left it in 1917 to join the T&P.

When the T&P's giant warehouse in Fort Worth became a reality in 1931, Porter was selected as its general manager, a post he retained until he was made assistant to the president in 1938.

In his new capacity as operating head of the railroad, Porter will have direct supervision over nearly 85 per cent of T&P's 10,000 employees. This includes the people who maintain the trains as well as those who run them. The job touches not only the mechanical departments but those of maintenance-of-way, stations, etc. throughout the 1,800-mile system. Porter has been a frequent visitor in Big Spring throughout the years. Few men in the system have a wider acquaintance than Porter.

General Houston's Granddaughter Dies

HOUSTON, June 26. (AP)—Funeral services will be held here Monday for Mrs. Robert A. John, 81, eldest granddaughter of General Sam Houston.

Mrs. John, widow of the late Robert A. John, former associate general counsel for the Texas Company here, died in a local hospital at 4:30 a.m. Saturday.

Whiskey is not an antidote for poisonous snake bites, despite a widespread belief to the contrary.

Upton Test Has Some Oil Signs

MIDLAND, Tex., June 26.—D. D. Feldman, et al, (formerly carried as Oil Carriers, et al.) No. 1 Max Pray-State of Texas, East-Central Upton county wildcat had some signs of oil and gas, and no salt or sulphur water, in a drillstem test in the Ellenburger at 11,750-844 feet.

At 2,120 foot water blanket was used. The tool was open two hours and ten minutes. There was a blow of air at the surface during the entire test, but no gas or fluid came to the top while the tool was in the hole.

Recovery was 1,530 feet of straight water blanket; 90 feet of gas cut water blanket; 270 feet of oil and gas cut water blanket; 90 feet of drilling mud and 900 feet of oil and gas cut salty mud.

There was no free salt water. Informed sources think that the salty

taste in the last 90 feet of mud was from conate water which came down from a water section above the zone covered by the drillstem test. No free oil was developed. The project is drilling ahead. At last report it had reached 11,855 feet. It will probably continue for about 100 feet, and then run another drillstem test—unless some petroleum shows are encountered above that point. If that should happen the project will be tested sooner.

Hydrostatic pressure during the test was 6,100 pounds. Open flowing pressure was between 1,476 pounds and 1,515 pounds. Shutin bottom hole pressure, after 15 minutes, was 3,915 pounds.

When the tester was pulled it was found to be partly plugged with drilling cuttings.

Helium occurs in the air, but no commercial practical process for extracting it has been developed. In order to obtain enough to inflate an average size dirigible airship, more than two trillion cubic feet of air would have to be treated.

How to keep a Champ in Trim!

YES sir, there's a championship caliber all through that Buick of yours.

It's caliber that calls for mighty little "conditioning"—if the attention it gets adds up to really knowing and understanding care.

For instance, these Fireball cylinders will keep on packing all the wallop they should, if you let us compression-check them in the Buick way. Steering will stay easy and light, tire wear will stay at the minimum, if you keep your wheels lined up on our special tracking gauges.

And when wear does take its inescapable toll, we have the parts—Buick-engineered for their job—that restore factory-new standards of performance.

Even our tools are specially designed to do a typical Buick job—and for the personal, interested, specialized attention that tops off

genuine Buick care, you simply can't beat the Buick specialists in our shop

Yes, give your champ real Buick care—Buick know-how, Buick parts, Buick interest in keeping your car at its peak. Costs no more than ordinary attentions—but what a whale of a difference it makes!

Lubricare Matched-to-mileage maintenance for Buicks. Lubricare is specified for your Buick by the engineers who built the car—with the right kind and the right amount of lubricants carefully chosen for just one reason: they are best for your Buick. Lubricare is matched to the mileage your Buick has traveled—including a thorough inspection, a report of anything needing attention and a record of the service for future reference. Lubricare adds thoughtful care to complete lubrication. For protection and smooth performance, your Buick deserves Lubricare regularly. SEE YOUR BUICK DEALER EVERY 1000 MILES FOR LUBRICARE

TEXAS POLL

Jester Still Has Clear Majority

By JOE BELDEN
Director, The Texas Poll
Copyright, 1948
AUSTIN, June 26 — Governor Beauford Jester has a good chance of winning his race for re-election without the need of a runoff. In a statewide survey of voters, The Texas Poll finds that as of mid-June Jester had a majority over his six opponents. Caso March of Waco was trailing in second place and Roger Q. Evans of Denison was third. At the time the poll was taken, one-fourth of the voters of Texas were undecided. But even if all these finally decided to vote for the governor's opponents, Jester would still have a majority. Only if Jester's opponents pull away some of the voters who are not inclined to favor him will they force him into the August runoff.

The mid-June standings of the candidates are based on answers of a cross section of qualified voters only, who were asked: "On this list are the names of the candidates running for Governor of Texas in your at this time?"

Roger Q. Evans	23.5%
Charles B. Hutchinson	1.4%
Beauford Jester	35.0%
Caso March	25.0%
Holmes A. May	9.7%
W. J. Milburn	6.7%
Sumpter W. Stockton	6.4%
Would write in someone else's name	6.3%
Undecided	25.8%

If an election had been held in mid-June, Governor Jester would have probably polled three-fourths of the votes. This is indicated by the standings of the candidates when the percentages are computed leaving out the undecided voters:

Jester	74.0%
March	12.8%
Evans	2.5%
All others	4.7%

Opinions for The Texas Poll are collected by a staff of seventy-five interviewers stationed in cities, towns and villages in every section of the state. These reporters, after a period of training, conduct face-to-face interviews with a sample of voters, using a questionnaire that has been pretested to avoid biased wording. The voters included in a survey represent a miniature cross section of the entire electorate, since they are selected in correct proportions as to age, sex, standard-of-living levels, and place of residence. The Texas Poll is operated by Joe Belden & Associates, an independent market and opinion research firm. The cost of the Poll is borne by twenty-four newspapers of all shades of political opinion.

SWARTZ'S

All Sales Final, Please

Mrs. E. R. Cravens and son, Sidney, are shown above in their yard which features tall evergreens with thick hedges on the outskirts of the yard. Main attractions, of course, are the barbecue grill and yard furniture. One thing that makes this spot unique are the novel lamp posts. This yard also has a variety of flowers including dahlias, salvia, Indian blanket and other flowers.

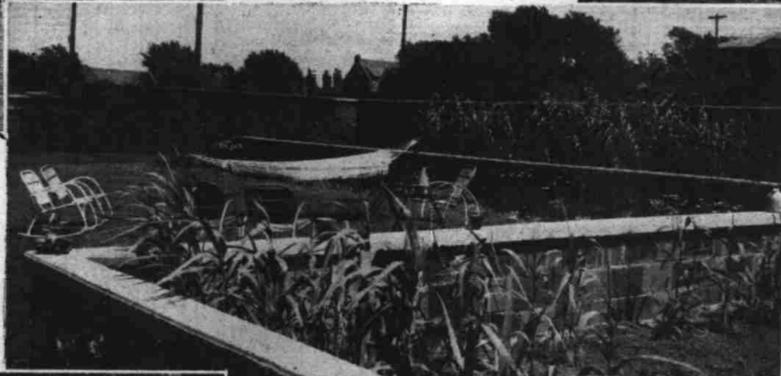

Local Yards

Yards and gardens featured in last week's garden pilgrimage by the Garden Club of Big Spring are featured in today's pictures.

Below is the yard of Mr. and Mrs. Larson Lloyd and illustrates what can be accomplished with only one year's work. Featured by the Lloyds are perennial phlox, snapdragon, carnations, day lilies, sweet peas, verbena, roses and petunia.

Mrs. Eva Fyeatt is pictured above in her yard, which is outlined with all types of trees and evergreens and has as its main scene of interest the grill in the background which has an abundance of shade. Members of the garden club convened in this yard for refreshments before beginning the pilgrimage.

Nat Shick appears above as master of his hobby yard at 510 Gregg. This yard has a rock covered foundation and exhibits a number of the postmaster's carvings. The giraffe in the background at the right is one of the largest carvings in the yard, but it has a number of companions. The yard is outlined with a zig-zag rail fence and also contains a fish pond.

Mrs. J. Y. Robb (above) is inspecting the crepe myrtle in her flower garden at 606 Matthews. The yard also has Arizona Cypress, Italian Cypress, and shasta daisies. (All Photos by Jack M. Haynes).

Mrs. Roy Townsend (above) is gathering squash from her vegetable garden in the back yard at 1701 Scurry. Otis, who has been hoeing the garden, helps her with the chore. The garden also has an abundance of ripe tomatoes, beans, peas and cucumbers that are growing and give promise of making a good yield.

Big Spring Residents Have Summer Visitors

Mrs. D. F. Bigony has returned from a visit in Dallas where she attended a family reunion.

Mr. and Mrs. Wayne Hale and Ronnie of Alpine are visiting with Mr. and Mrs. Bee Walker, Mrs. Joe Foresyth, Mrs. Loy Smith, Mr. and Mrs. R. V. Foresyth, and Mr. and Mrs. Weaver Foresyth. Hale will return today; but Mrs. Hale will spend a month here.

Mr. and Mrs. Eugene Thomas are expected to return today from a ten day vacation in Ruidoso and Cloudcroft, N. M.

Mr. and Mrs. D. R. Gertman and son and Mr. and Mrs. Dee Foster left Thursday for a vacation in Los Angeles and Hollywood, Calif.

Mr. and Mrs. L. E. Burks and children are vacationing in Mississippi and Houston and Pasadena. Mrs. E. O. Ellington is leaving tomorrow to visit with Mrs. E. C. Bove and family in Los Angeles, Calif.

Fern Wells will return Wednesday from a two weeks vacation in Brady and Sulphur Springs.

Mr. and Mrs. Herbert Whitney and children, Nancy, Bud and Beth, are visiting today in Clyde with her mother, Mrs. J. W. Couch.

Mr. and Mrs. Matt Harrington

are in Hobbs, N. M. where he has been participating in the invitational golf tournament.

Mrs. Leo C. Haynes and son, Robert Thomas, of Houston are guests in the home of Mr. and Mrs. W. C. Blankenship and of Mrs. Annie Beasley.

Mr. and Mrs. Preach Martin and daughters, Mary Elizabeth and Margaret have been visiting in Beulah, N. M. Mary Elizabeth went home with her grandmother, Mrs. John Crews, in Colorado Springs, Colo. for an extended visit.

Mr. and Mrs. C. R. Phillips have been visiting in the Preach Martin home. They are from Caracas, Venezuela.

Other visitors in the Preach Martin home recently have been Mr. and Mrs. L. S. Pombarene of Albuquerque, N. M. She is the former Norma Rogers.

Mrs. Gladys Thompson of Los Angeles, Calif., is visiting with her sister, Mrs. Ray Snyder.

Visiting with Mr. and Mrs. J. J. Dearing are his father and mother, Mr. and Mrs. H. W. Dearing who are enroute to their home in Fort Worth following a two weeks vacation in Hawthorne, Calif., with another son and family, Mr. and Mrs. H. W. Dearing, Jr.

Mr. and Mrs. J. O. Farrell and Betty Joyce of Dallas were guests in the Dale-Douglass home Thursday and Friday.

Mr. and Mrs. D. A. Douglass and daughter Babs, left Saturday for the annual Fandango in Albany. They will be joined there by Judy who has been visiting her grandmother, Mrs. J. H. Reynolds.

Mr. and Mrs. Bill O'Neal and daughter, Billie Jean returned Wednesday from a week's vacation in Red River, N. M.

Lonnie Ross Winterrowd of Houston is visiting with his paternal grandparents, Mr. and Mrs. B. E. Winterrowd and his maternal grandmother, Mrs. Mattie Lou Stroupe.

Mrs. Mary Diltz is in Dallas this weekend.

Mr. and Mrs. David Elrod are spending the weekend at Lake Sweetwater.

Museum Will Have Formal Opening

A formal opening of the museum as redecorated by the Business and Professional Women's Club will be July 4, according to announcement made Saturday morning by Mary Gilmore, chairman of the committee to redecorate the museum.

Contributions from several business firms have been accepted by the club. There is still some work to be done there, but plans have been made for the opening, on July 4.

There will be a World War II Special exhibit room as well as several other new rooms.

The public is invited to the formal opening.

Mrs. Laswell Entertains With Party in Her Home

Mrs. W. A. Laswell entertained the beginning and primary classes of the Park Methodist church with a party in her home Friday afternoon.

Mrs. Joe Faucett assisted with the party. Games were entertainment.

Refreshments were served to Veda, Zeta, and Kay Sue Myrick, Jimmy Dorton, Loretta and Greta Sue Turner, Barbara, Kenneth and Eddy Smith.

Parties Continue For Miss Gloria Strom

Marijo Thurman was hostess at a luncheon Friday noon in honor of Gloria Strom, bride-elect of Herschel Francis Ezell, thus continuing the series for Miss Strom that began Thursday.

The luncheon was in the Thurman home and was a combination luncheon and bathroom shower. Decorations were of pink and white flowers.

Attending were Mrs. Wayne Rice, Joan Rice, Robbie Piner, Helon Blount, Cornelia Frazier, Janet O'Brien, Ann McDaniel, Wynelle Miller, Mrs. W. M. Menger, Mrs. Carl Strom and the honoree, Gloria, the hostess and her mother, Mrs. Ira Thurman.

A breakfast on Saturday morning was given in the R. T. Piner home for Miss Strom.

Pink clematis in an antique silver Lady Susan formed the centerpiece.

Hostesses were Mrs. Morris Paterson, Camille Inkman and Robbie Piner.

Those present were the honoree and her mother, Mrs. Carl Strom, Mrs. Harry Hurt, Mrs. R. V. Middleton, Mrs. Jack McDaniel, Jo Ann Rice, Cornelia Frazier, Mrs. Dena Miller, Mrs. George O'Brien,

Mrs. Jack Hanson Hosts Kid Party

A kid party was given in the home of Mr. and Mrs. Jack Hanson for members of the Althean Church of the East Fourth Baptist church Friday evening.

Hostesses were Mrs. M. L. Kirby, Mrs. A. D. Harmon, Jr., Mrs. Johnny Burns, Mrs. Garland Sanders and Mrs. Hanson.

Games were played and prizes were won by Mrs. R. M. Stroupe and Mrs. Hanson.

Refreshments were served to Mrs. F. D. Williams, Mrs. R. M. Stroupe, Mrs. Harry Hunt, Jr., Mrs. Dora Miller, Mrs. Marie Pavarzi, Mrs. Tommy Malone, Mrs. John E. Brown, Mrs. C. Milton Brown, Mrs. R. C. Hendry, Mrs. Lillie Elliott, Mrs. Verlin Reed, Mrs. Doyle Grice and the hostesses.

TEL Class Meets in Varnell Home

Members of the TEL class of the First Baptist church convened in the home of Mrs. E. G. Varnell, teacher, Thursday evening.

Mrs. K. S. Beckett, class mother, led the opening prayer and Mrs. Fred Stephens conducted a short business meeting at which time the class voted to prepare and send two CARE packages.

Mrs. R. D. Ulrey gave the devotional from Psalms 104. Mrs. K. S. Beckett read the poem, "A Psalm of Life". Mrs. Varnell led the benediction.

Refreshments were served to Mrs. Alvin Vierge, Mrs. Theo Andrews, Mrs. J. L. Haynes, Mrs. J. J. Cormas, Mrs. K. S. Beckett, Beatrice Mittle, Mrs. H. H. Squyres, Mrs. Fred Stephens, Mrs. C. E. Richardson and Mrs. R. D. Ulrey.

Leslie Cathey Becomes Bride Of R. M. Haley

Leslie Cathey, daughter of Mr. and Mrs. Frank Cathey and Robert M. Haley, son of Mrs. Anne Haley, were united in marriage by a double ring ceremony read by the Rev. James S. Parks in the home of the bride's parents Thursday evening.

The bride was given in marriage by her father. She was attired in an aqua blue and white lace trimmed street-length dress and black accessories. She carried a white Bible topped with a white gardenia corsage.

The bridal tradition was carried out by a Bible as something old; her dress was something new; a strand of pearls was something borrowed and a handkerchief was something blue. She also wore a penny in her shoe.

Mrs. Robert Mann, sister of the bride, was matron of honor. She wore a white dress with black insets, with matching accessories. Her corsage was of red roses.

A. M. Haley, brother of the bridegroom, was best man. Mrs. H. M. Jarratt played the nuptial selections and "Because". The bride is a graduate of Big Spring high school and attended Howard County Junior College. She has been employed at the Bell Telephone company and will begin work in the office of Grover Cunningham on July 1.

The bridegroom is a former resident of Baton Rouge, La. having attended high school in Baton Rouge. He is now stationed in San Diego, Calif., with the Navy.

A reception was held in the home of the bride's parents following the wedding.

Those attending were Mrs. Robt. Koger and daughter, Kathryn, of Lamesa, Mrs. C. O. Bailey of Seminole, Mrs. H. M. Jarratt, Mrs. Anne W. Haley, Jo Ann Haley, Ada Mary Leonard, Mrs. Robert Mann, Mr. and Mrs. Frank Cathey and Mrs. J. S. Parks.

Mrs. Elvis Caudill Is Shower Honoree

Mrs. Elvis Caudill was named honoree at a "coming-event" shower in the home of Mrs. George Weeks, with Mrs. Lloyd Wooten as co-hostess Thursday evening.

Garden flowers comprised the centerpiece of the dining table and Mrs. Weeks presided at the punch service. Table appointments were of crystal and silver.

Gifts were opened and displayed to the attending guests. They were Emily Bradley, Jenny Miller, Bonnie Dempsey, Lola Mae Neill, Mrs. Elvis Bearden, Mrs. Harry Cauble, Mrs. A. A. Cooper, Mrs. William L. Cravens, Mrs. Raymond Dyer, Mrs. James G. Gibbs, Mrs. Granville Glenn, Mrs. Ruth Ramsell, Mrs. Tot Stalcup, Mrs. Leola Williams, Mrs. Ralph Wyatt, Hazel Griffith, the honoree's mother, Mrs. L. R. Saunders, Mrs. Winston Kilpatrick, Mrs. Clyde Denton, Mrs. Mattie B. Bodine, the hostesses and the honoree.

The Auxiliary of the Big Spring Fire Department met in the Edison Taylor home Friday afternoon.

Refreshments were served to Mrs. Riley Knightstep, Mrs. S. E. Smith, Mrs. Alvie Harrison, Mrs. Hubert Clawson, Mrs. Herman Morris, Mrs. Fred Winn, Mrs. J. D. Jenkins, Mrs. H. V. Crocker and the hostess.

Auxiliary Of Fire Dept. Meets in Taylor Home

The Auxiliary of the Big Spring Fire Department met in the Edison Taylor home Friday afternoon.

Homemaker's Class Has Morning Coffee

A morning coffee for members of the Homemaker's class of the First Baptist church was given in the home of Mrs. Roy Greene Friday morning.

The table was laid with a cut-work cloth and centered with nasturtiums.

Mrs. W. R. Puckett led the invocation and Mrs. M. E. Harlan gave a devotional on "Talents".

The class is to sponsor a Boy Scout camp here beginning Monday.

Members present were Mrs. W. R. Puckett, Mrs. T. A. Rogers, Mrs. H. W. Bartlett, Mrs. J. C. Potts, Mrs. M. E. Harlan, Mrs. Harry Billington, Mable Spears, Mrs. N. C. Shilling, Minnie Skutucky and Mrs. Roy Greene.

Visitors were Mrs. Ben Mayes, Mrs. A. T. Lloyd and Mrs. W. M. Menger.

Collection Of Japanese, Chinese Art Objects Are Shown At O'Brien's

Dr. and Mrs. P. D. O'Brien entertained with an Open House in their home on Thursday and Friday honoring their sons, Richard and Robert, who have recently returned from the Army of Occupation in Japan.

The collection of Japanese and Chinese Art objects brought recently from Japan by the twins were on display.

The guest rooms were decorated with baskets of gladioli and zinnia and Japanese geisha dancing fans. Guests registered at a table covered with a Chinese linen cloth brought from Shanghai in a lacquer box from Shanghai. The table was decorated with orchids.

The collections were displayed in two rooms and included a group of modern bone and egg-shell china tea and coffee services and decorative figurines.

One group featured Japanese brass lanterns over 100 years old, each of which has a history of being hidden in wells and gardens during Japan's numerous wars to escape being converted into bullets. Also shown were Imari porcelains, 300 and 400 years old.

Japanese lacquer pieces, kimono trays, boxes and bowls were displayed on brocade silk from Shanghai. Chinese carved lacquer ginger jars, purple wood jewel boxes inlaid with jade and Chinese silver bracelets copied from Bangkok slave bracelets were included in the Chinese collection.

The banquet table was laid with a cloth handmade in Peiping and was centered with a silver bowl containing a typical Japanese flower arrangement of zinnia. At one end of the table a real Japanese meal setting was arranged which displayed chopsticks and holders, rice and meat bowls, tea dishes and Saki bottles with cups.

Featured in the collection were oriental and cultured pearls from the world famous Mikimoto Pearl farm in Toba Japan. Many of these were presented by Mr. Mikimoto to the twins on one of their visits to the farm.

Approximately 400 persons saw the collections on Thursday and Friday evenings.

Helium, discovered in the sun, was named for the Greek word "helios" (sun).

MISS MARY LOUISE DAVIS, above, was named honoree at a tea on Wednesday afternoon in the home of her parents, Mr. and Mrs. John Davis. Announcement of the engagement and approaching marriage of Miss Davis to Wesley Deats, son of Dr. and Mrs. C. W. Deats was made at the tea with ribbon tied scrolls printed with Mary and Wesley August 21. The marriage will be solemnized in the First Methodist church on August 21 with the Rev. Alsie Carleton, pastor, officiating.

Mary Martha Class Has Lawn Party

Mrs. C. L. Lumpkin and Mrs. Dee Davis acted as co-hostesses at the combination buffet supper and lawn party of the Mary Martha Sunday school class of the First Baptist church at the home of Mrs. Troy Gifford Thursday.

Arrangements of summer flowers were placed on the individual tables and the decorative colors used were purple and gold.

Those attending were Mrs. Wayne Williams, Mrs. Leola Ciere, Mrs. J. L. Billings, Mrs. Henry Carpenter, Mrs. Inez Lewis, Mrs. Tom Cantrell, Mrs. Joe Carpenter, Mrs. T. B. Atkins, Mrs. Leona Greer, Mrs. Dee Davis, Mrs. C. L. Lumpkin, Mrs. Troy Gifford, Mrs. Boone Horne, Mrs. W. W. Pendleton, Mrs. Eva Fyessit and one guest, Mrs. Leo G. Haynes of Houston.

Training Union Has Scavenger Hunt

A scavenger hunt followed by an ice cream supper was given for the members of the Partner's Training Union of the First Baptist church Friday evening.

Winners of the hunt were Mrs. A. T. Bryant, Mrs. H. M. Ward, Loy House and Merrill Creighton. Attending were Mr. and Mrs. A. T. Bryant, Mr. and Mrs. H. M. Ward, Mr. and Mrs. Merrill Creighton, Mr. and Mrs. R. F. Davis, Mr. and Mrs. Loy House, Mr. and Mrs. C. R. Eubanks, Mr. and Mrs. Leonard Coker, Mrs. Leola Williams, Mrs. Bledsoe O'Brien, and Mrs. Lonnie Coker.

Dorothy Dean Sain And Arnold O'Neil Are United In Double Ring Ceremony

In a candle lighted double ring ceremony Saturday evening, Miss Dorothy Dean Sain, daughter of Mr. and Mrs. Samuel M. Sain, became the bride of Arnold Eugene O'Neil, son of Mr. and Mrs. Charles A. O'Neil of Perry, Okla.

Dr. P. D. O'Brien, pastor of the First Baptist church, officiated at the ceremony. The scene of the wedding was the parlor of the First Baptist church with an altar banked in ferns and palms. Baskets of callas, stock and white gladioli completed the altar decorations. Cathedral tapers were placed at either side.

Mrs. H. M. Jarratt, attired in a draped aqua crepe dress and wearing a pink rosebud corsage, played the wedding music. Candles were lighted by Mrs. John D. Austin of Perry, Okla., sister of the bridegroom. Mrs. Austin wore a blue crepe dress and wrist corsage of shattered pink carnations. D'Hardelet's "Because" was sung by Mrs. Marion Beam who wore a grey sheer dress and pink rosebud corsage. At the close of the ceremony, she sang Dunlap's "Wedding Prayer".

The bride, given in marriage by her father, wore a white sand crepe dress of ballerina length, with fitted bodice and softly draped neckline. Her mauline hat was bordered with tiny flowers in tones of her bouquet and finished with shoulder length veil. The wrist watch worn by the bride was a gift from the bridegroom. She carried a white Bible topped with an orchid and showered with satin streamers and strophantias.

Miss Lillian Hurt, the bride's only attendant, wore a bluish pink

MRS. ARNOLD EUGENE O'NEIL

linen frock with scalloped neckline and flared skirt. She carried a colonial nosegay of agapanthus and pink roses and wore floral barettes of matching colors in her hair.

Joe Rockwood of Midland attended the bridegroom as best man. Ushers were Ben Carpenter, Jr., of Midland and Joe Pickle.

Following the ceremony, a reception was held in the home of the bride's parents, 200 Dixie Avenue. The lace laid table held a centerpiece of pink and orchid asters and fern arranged with double rings. White candles stood in the crystal candle sticks at either side and the three tiered wedding cake was served with frosted punch by Mrs. T. D. Weaver of Forsan and Mrs. Jot Smyth, Jr. of Lamesa. Mrs. T. A. Harris and Mrs. John Bennett were the other members of the house party and all wore pastel nosegays.

For travelling the bride chose a mirage beige suit with creme de cocoa accessories. Her corsage was the orchid from her bridal bouquet. The bride, a graduate of Big Spring High school, attended Texas Technological College in Lubbock. She is a former member of the Beta Sigma Phi sorority in Big Spring and is now active in the Xi

Theta chapter in Midland.

The bridegroom is a graduate of Okmulgee High school and received his advanced scholastic training in Oklahoma City, Okla. He served three years in the U. S. Army, two years of which were in Alaska. He is with Avery-Stanford, architects in Midland.

Out of town relatives attending were Mr. and Mrs. Charles A. O'Neil and Mrs. John D. Austin of Perry, Okla.; Mr. and Mrs. Herbert C. O'Neil of Norman, Okla.; Mr. and Mrs. Jot Smyth, Sr. of Lubbock and Mr. and Mrs. Jot Smyth, Jr. of Lamesa.

After a wedding trip the couple will be at home at 1311 West Holloway in Midland.

Wanda Clanton Will Marry James Gortney

Announcement is being made of the engagement and approaching marriage of Wanda Clanton, daughter of Mr. and Mrs. Clyde Clanton, to James Gortney, son of Mr. and Mrs. J. F. Gortney of Roscoe, by the bride-elect's parents.

The marriage is to be solemnized on July 3, but other definite plans have not been made.

Happy Stitchers Club Gives Layette Shower

Mrs. M. E. Williams was honored with a layette shower at the Happy Stitchers Club meeting Friday afternoon in the home of Mrs. Ben Daugherty.

The next meeting will be in the home of Mrs. Howard Salisbury. Those present were Mrs. Daugherty, Mrs. Williams, Mrs. Pershing Morton, Mrs. Robert Sneed, Mrs. Howard Salisbury, Mrs. Z. S. Loftis and Mrs. Roy Klahr.

Parish Picnic Is Being Postponed

Announcement is made that the annual Parish picnic of the St. Thomas Parish will be postponed from June 30 to July 7, due to the conflicting Judy Canova show. The picnic will begin at 8 p. m. and will be conducted at the City Park.

Helium is known as the "sun element" because man discovered it in the sun many years before he knew it existed on earth.

Engagement Of Billie Elsie Kennon To Dan Fletcher Is Announced

Mrs. W. A. Kennon is announcing the engagement and approaching marriage of her daughter, Billie Elsie, to Dan Fletcher, son of Mr. and Mrs. C. R. Fletcher of Dallas.

The informal ceremony will be solemnized by the Rev. James S. Parks, Aug. 1 in the East Fourth Baptist church.

Miss Kennon is a 1944 graduate of Big Spring high school and is now employed as bookkeeper at the G. F. Wacker stores.

BILLIE ELSIE KENNON

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

If we miss anything that goes on about the town these days, it's because it doesn't go on at weddings. For that's the only place we ever seem to be evenings of late.

Latest announcement of marriage-to-be is that of Charlene Kelsey, who lived here some years ago when her parents, Mr. and Mrs. Charles Kelsey, operated Kelsey's Studio. Charlene and Allen Ray Shackelford are to be married in Glen Rose July 9. The Kelseys live on a ranch near Glen Rose.

Mary Joyce Sumner has spent the week in Odessa with Doris Thomas. The two took in the Bronco Indian game in Midland Wednesday evening. Dave Watt was to leave Wednesday night for Dallas and a vacation until mid-August when he will enter highway patrolman's school.

Faces we picked out in the reel "Our Home Town Big Spring Speaks" showing at the Ritz this week: Claire Yates, Peggy Uffoff and Cody Selink at Coston; Jimmy Rhodes and Don Richardson at the St. Thomas Catholic church; Betty Smith and Wanda Clark at Texas Electric; J. B. Stevenson and Johnny Hawks at the Settles.

Bill Merrick and Bill Van Crunk will be in Lubbock July 3-4 attending a mid-summer district convention of 20-30 clubs. George Hugo, now living in Lubbock, spent most of the week here. George is a student at SMU, Dallas.

Peggy Toops adds to the list of Big Springers receiving recognition for their talents. The Fort Worth Star-Telegram sent a reporter and a photographer out this way last week to talk to Peggy about her speedy creation of astonishingly beautiful miniatures cut out from paper. A story of her art appeared in Sunday's Star-Telegram.

Did you hear that Frances Weeg, who is becoming nationally known as a youthful horse trainer, was proffered a movie test by a talent scout in Dallas during her latest horse show? Frances declined.

Margaret and Jack Murdock are in Colorado Springs, Colo., spending their wedding trip. Announcement of the August 23 wedding of Mary Louise Davis to Wesley Deats was made at a tea Wednesday afternoon. The Dot Wasson-James Dunean marriage likely will come off in August, also.

By Sunday (today) we are well on our way through the South to Savannah, Ga., for a two-weeks respite on the beach. The next two "What Gives" are turned over to others of the Herald staff, Rhoda Miller and Bill Van Crunk.

Eight Families Are On Newcomer List Of City

Mrs. Jimmie Mason, community hostess, has listed eight new families to the roster of newcomers this week.

Mr. and Mrs. C. B. Henderson live at 509 1/2 Benton. They came from Los Angeles, Calif. and he is a chef at the Settles hotel.

Mr. and Mrs. E. C. Vandervoort at 804 Nolan came from Lubbock after he accepted the position as announcer at KBST.

The newcomers at 802 W. 8th came from Ackerly and are Mr. and Mrs. A. G. Easley. He is the cement finisher at the Veteran's hospital.

Mr. and Mrs. R. N. Bryant came from Graham and are now living at 409 Nolan. He is working for Brown and Williams appliance.

In Apartment five, 1100 Main, live Mr. and Mrs. William Kisor of Weatherford, Okla. He is with the National Seismograph company.

Mr. and Mrs. John J. Jackson, who came from Washington, D. C. live at 2002 Johnson. He is an inspector for the CAA.

Mr. and Mrs. E. J. May and Eddie, 14 months are residents at 607 Scurry. They came from Morton, Miss. and he is a fireman for the Texas and Pacific railroad.

STHA Membership Drive Is Extended

The drive for memberships in the Southern Town Hall Association has been extended to July 10, it was announced Saturday, due to the fact that so many people are away on vacations and other ticket sales under way at this time.

The drive will end on that day, however, and will not be opened again according to an announcement made by the leaders of the drive. No single admissions can be obtained at the door at the performances, so in order to see the performances, all persons who wish to do so must buy tickets now.

The drive is over one-half completed and is expected to reach the minimum goal some time this week.

The final check-up on the sale of tickets from all workers will be made at the meeting of the Big Spring Federation of Women's Clubs on July 12, after the close of the drive.

Georgia Charlotte Holden Becomes Bride Of William M. Irwin, Jr.

Before an altar formed by a trellis covered with red roses and ferns accented by palms, Miss Georgia Charlotte Holden, daughter of Mr. and Mrs. George W. Holden, and William M. Irwin, Jr., son of Mrs. W. M. Irwin, Sr. of Grand Junction, Colo., were united in marriage Saturday evening.

The Rev. James S. Parks, pastor, read the double ring ceremony by candle light in the East Fourth Baptist church before an audience of friends and relatives of the couple.

MRS. WILLIAM M. IRWIN

Miss Ann Whitsitt played the pre-nuptial piano selections, traditional marches and accompanied Mrs. John Petry who sang, "I Love Thee", and "Because" preceding the ceremony and "The Pledge" following the ceremony. "Liebestraum" was played softly during the exchange of vows.

The bride, given in marriage by her father, was attired in a gown of bridal satin with long sleeves which came to a point over the wrists. The fitted bodice was designed with a chantilly lace yoke and accented by a berth of satin. The full skirt fell into a long train. The illusion veil edged in chantilly lace fell from a heart-shaped tiara of seed pearls.

To carry out the bridal tradition, she wore a yellow gold band which had been presented to her mother on her seventh birthday and which was given to the bride on her seventh birthday. For something new, she wore a double strand of pearls, a gift from the bridegroom. She carried a handkerchief belonging to Mrs. J. D. Stittler as something borrowed and her blue garters were something blue. She also wore a sixpence, brought from England by the bridegroom, in her shoe.

She also carried a white Bible which was covered by pink delight roses and shattered carnations and a shower of satin streamers.

Miss Mary Arnett was maid of honor. Bridesmaids were Ann Waters of Big Spring and Violet Brown of Westbrook. They wore identical dresses made of blue taffeta de-

signed with fitted bodice and wide round neckline accented by a wide ruffle and a full skirt.

The bride's attendants carried dresses covered with detachable corsages of carnations and gladioli. The maid of honor's flowers were pink and the bridesmaid's flowers were yellow.

Carol Slate, cousin of the bride of Dallas, and Mary Frances Day, niece of the bridegroom of Abilene, lighted the tapers. They wore identical dresses of blue taffeta which were made with a fitted bodice, round neckline, a small puffed sleeve and full skirts. They had wrist corsages of pink carnations.

Joan McCrary, cousin of the bride of Tahoka was flower girl and Patricia Irwin of Hamlin, niece of the bridegroom was train bearer. They wore identical dresses of blue taffeta which were styled after those of the other attendants.

Don Cauble was best man. Ushers were Norman Holland of Grand Junction, Colo., and Bob Colin of Odessa.

Mrs. Holden, mother of the bride,

wore a navy crepe dress with matching accessories. Her corsage was of gardenias.

A reception was held in the home of the Rev. and Mrs. James S. Parks. The bride's table was laid with organdy and centered with a bouquet of red roses. Crystal punch service was at one end of the table and the three-tiered wedding cake topped with miniature bride and groom was placed at the other end. Billie Jo Bates and Anita Cate presided at the register. Miss Joyce Justice played piano selections during the reception.

Hostesses at the reception were Mrs. James S. Parks, Mrs. W. E. Bates and Mrs. Ora Johnson.

Those in the receiving line were the Rev. and Mrs. James S. Parks, the honored couple, the bride's parents, Mr. and Mrs. George McLellan and the bride's attendants.

Mrs. Irwin attended Big Spring schools and will be a senior at Hardin-Simmons University this fall. She served as secretary and social chairman of the Life Service Band in 1946 and 1948. She was

hostess in a girls' dormitory for three years.

Irwin graduated from Grand Junction high school and attended Mesa Junior college before entering the service. He will be a junior ministerial student at Hardin-Simmons University this fall. He has been an active member of the Life Service Band.

Following the reception, the couple left for a wedding trip in the western states. The bride wore a suit of beige crepe and brown accessories. Her corsage was of pink roses.

Out of town guests were Mr. and Mrs. E. L. McCrary, Mr. and Mrs. Bill Giles and Wayland, all of Fort Worth; Mr. and Mrs. Jim Irwin and Boyce and Jerrie Lynn, Mr. and Mrs. John Irwin, Kipper and Patricia, all of Hamlin; Mrs. Mary Day and Mary Frances, Mr. and Mrs. Hiram Arrant, Mrs. Chester O'Brien, Jr., Howard Smith, Mr. and Mrs. W. E. Martin, Mr. and Mrs. Preston Denton, Mrs. H. W. Bartlett, Mr. and Mrs. Bill Williams, Mr. and Mrs. Charlie Lickey, Mary Lou and Curtis, Mr. and Mrs. Robert McCrary, Neyland and Joan, all of Tahoka; and the Rev. and Mrs. Woodie Holden, Martha Jean and Dwain of Midland; Danny Williams and Charles Powell of Abilene; Mr. and Mrs. L. Brown and Leroy of Westbrook; and Mrs. Sam Newhouse and Jimmy of Honey Grove.

A rehearsal luncheon was given in the home of the Rev. and Mrs. J. W. Arnett for the wedding party preceding the rehearsal on Saturday.

Those attending were the bride and bridegroom, Mr. and Mrs. George Holden, Carol Slate, Patricia Irwin, Mary Frances Day, Joan McCrary, Ann Waters, Violet Brown, Ann Whitsitt, Mary Arnett, Don Cauble, Norman Holland, Bob Colin, John Petry and the Rev. and Mrs. Arnett.

A shower in the home of Mrs. Oren Waters earlier in the week honored the bride.

Hostesses were Mrs. Waters, Mrs. J. F. George and Mrs. M. W. Tolbert.

Refreshments were served from an organdy laid table by Mrs. George, Mrs. Tolbert and Ann Waters.

Mrs. Waters greeted guests. Mrs. George W. Holden and Charlotte composed the receiving line.

The refreshment table was centered with an arrangement of figurines surrounded by flowers. Four tall tapers in flower bedecked candle holders were placed at vantage points on the table.

Carol Slate presided at the bride's book which was decorated with white satin streamers.

Members of the house party wore red rose corsages.

Approximately 25 persons called during the evening.

Persuasion (the perfumes variety) reaches its highest point under the cunning hand of Schiaparelli. What woman—worthy of her sex—would dream of being found without one of these three...

Bertie Faye Hinson-Larry Shaw Wedding Is Solemnized Saturday

ACKERLY, June 26. (Sp.)—In an informal ceremony solemnized by the Rev. H. E. Snell at the First Baptist church in Ackerly Saturday evening, Bertie Faye Hinson of Ackerly became the bride of Larry Zane Shaw of Knott.

The bride is the daughter of Mrs. J. M. Hinson and the bridegroom is the son of Mr. and Mrs. W. S. Shaw.

The double ring wedding vows were repeated on a white satin-covered kneeling bench at the center of the altar. Overhead was a fern twined archway where wide white satin streamers were caught in a bow at the top about a bouquet of roses. The altar was flanked by baskets of double white daisies edged in deep pink. On either side were candelabra holding 14 white candles each.

The bride was attired in a white crepe street length dress cut with a V-shaped neck. Covered buttons fastened the fitted bodice and a peplum and cap sleeves were trimmed in white lace. Her accessories were white and she carried a white orchid atop a Bible. Something new was symbolized by a string of pearls given by the bridegroom; something old and borrowed was a handkerchief belonging to a sister.

Given in marriage by a brother, Darwin Hinson, the bride was attended by Mrs. Lewis Stump, a sister, as matron of honor. She was dressed in dusty rose silk crepe with an accordion pleated bodice, and she carried an arm bouquet of white gladioli.

Best man was Verl Shaw of Knott, brother of the bridegroom. Ushers included Marlin Shaw of Knott and Forrest Criswell.

Attired in aqua and wearing white carnation corsages, LaVerne Martin and Wanda Hodnett lighted candles. Ruth Womack, vocalist, sang "Because" and "Always." Accompanying at the piano was Nora Hambrick who also played the professional, recreational and pre-nuptial selections.

Bearing the ring on a white satin cushion with floor length streamers was Shirley Lawson, attired in pink organdy with a white lace tiered skirt. She wore a coronet of pink rose buds.

A reception at the Lewis Stump home after the ceremony complimented the bridal couple. Only relatives and members of the wedding party attended.

The bride is a graduate of Ackerly high school in 1948, where she was a member of the Golden Dreamers. Shaw, a 1944 graduate

MRS. LARRY ZANE SHAW

of Knott high school, served 13 months with the Marine Corps and is, the couple will live temporarily at Howard County Junior in Ackerly. They will later move to Knott to make their home.

Stanton Visits And Visitors Are Being Reported In Community

STANTON, June 26 (Sp.)—George Cathey of Lenorah was honored with a dinner on his 57th birthday anniversary in his home recently.

Mrs. Cathey acted as hostess to the affair. Those attending were Luke Cathey of Midland, Mrs. Alvis Barrington of Woodboro, Mrs. Betty

Joe DeWitt of Houston, Mrs. Friour Cathey and children and Mrs. A. E. Fleming.

Mr. and Mrs. James Jones entertained their daughter, Janelle, with a luncheon on her eighth birthday anniversary Tuesday.

Attending were Jeanette and Sandra Gibson, Sarah and Nettie Jane Mott, Linda and Jane Nichols, Lila Blocker, Ima Joy Williamson, Helen Bumstead, Mary Joyce Sherman, Linda Beth Bryan, Shirley Beckley, Joan Hall, Caroline Stone, Betty Berry, Ila Mae Gray and Elizabeth Smith.

Mrs. Lige Winters of Lenorah had as her recent guest her sister, Pauline Brewer of Houston.

Libby Wright of El Paso is a guest in the home of Mr. and Mrs. R. S. Higgins, Sr. in Lenorah.

Mr. and Mrs. Warner Haynie and children are vacationing in the eastern states.

Lonnie D. Pierce has returned from a short vacation in Big Spring.

Mrs. John Atchison has received word that her brother, Phony Cox, of Electra died of a heart attack Friday morning.

Guests in the home of Mr. and Mrs. Lewis Gregg and family are Mr. and Mrs. Revis Gregg and son, Larry.

COSDEN CHATTE'

Cosden Employees Are Vacationing During Summer

By PERSONNEL DEPARTMENT

Wayne Laswell, general superintendent for the "Jitters Construction company" and tank car repair foreman for Cosden Petroleum Corporation, has moved his crew on a location the past week at the Fort Phantom Hill Lake project and reports good progress on the cabins. Employees who served on his crew last week were: A. W. Reed, C. H. Hammons, B. D. Walker, George Cools and H. C. Tidwell. The only bad report from the camp so far has been the loss of a big catfish, estimated to weigh 35 pounds.

R. L. Tollett is expected back in the office Tuesday. He has been in the East, meeting with stockholders and attending a meeting of directors.

C. M. Phelan and family have spent the past week visiting in Sante Fe, and doing some fishing at Box Canyon.

L. T. King left Friday on a one-week vacation trip to Colorado.

Sam Heimer is attending a golf tournament this weekend at Hobbs.

Mr. and Mrs. J. A. Coffey and Mr. and Mrs. Roy Cornelison are spending the weekend at the company camp at Opossum Kingdom Lake where they will meet Mr. and Mrs. Felton Underwood.

Helen Duley went to Lamesa Thursday night where she was on the program at the installation of new officers of the Lamesa Lions Club.

H. C. Stipp took Mrs. Stipp to Fort Worth the latter part of the week for medical attention.

W. G. Simpson went to Fort Worth the early part of the week to attend the American Federation of Labor Conference there.

The refinery employees on vacation are: D. C. Biddison, C. H. Harrison, Bill Conger, P. E. Witt, Rip Smith, C. A. Flynt, Olan Wilkerson, L. E. Burks, W. W. Barbee, Aubra Cranfill, L. C. Chapin, Garrett Patton and H. H. Wright.

Tom Lumly and Elmer Brown with the Refinery Engineering company and Mr. Marchant with the Southwestern Engineering Com-

pany have been visitors in the office the past week. Mr. Emery of the Ethyl Corporation was also a visitor in the office.

Lyle Owens with the Universal Oil Products Company returned to Big Spring Thursday after spending about two months in Duncan, Okla.

Dan Bostick was off duty part of last week due to illness.

N. R. Harvell, Jr. had a minor operation Tuesday.

Mrs. Hugh Nixon is recovering satisfactorily from recent surgery.

Mrs. M. A. Lilly entered the hospital the past week for an operation.

New employes include, Gene Bostick, Charles Prather, Henry H. Walker, Lloyd J. Ritter, J. W. Reynolds, Jr., Edwin B. Dempsey, Fred N. Merworth, Claud Jackson, and Homer L. Willford.

Mrs. Jack Smith and daughter, Jacqueline, left Friday morning by train, on a vacation trip to New York City, N. Y. They will visit with Mrs. Smith's sister, Mrs. R. W. Fegmire.

Why Not More Water Reserve?

In terms of water 100,000 gallons is not much. That's all the City of Big Spring lacks in reaching the 5,000,000-gallon mark in its newest consumption record. City officials said the city probably could produce five million per day, but that as a sustained proposition it would jeopardize pumping equipment, which would be placed under forced draft operation.

That brings up another point which has worried us for quite some time, and that is the matter of reservoir capacity. Now there may be some law of engineering, physics or gravity or something or other which says that a town of such and such population shall have no more than one, two, three, etc. million reserve supply in its reservoirs. Right off, we don't know of many cities which have as much as one day's supply at peak demands held in its reservoirs.

Of course, there is an item of expense in developing storage to meet U. S. Public Health specifications and like as not this is the reason for pinching down on storage capacities. But we have a feeling that some concession in this direction might pay dividends in peace of mind and maybe in meeting unprecedented peak demands, not only for Big Spring but practically every other West Texas city about which we know. It might be as comfortable and convenient as a good slug of working capital is.

Big Trivialities In The Record

By FRANK GRIMES
Herald Special Writer

One of the most fascinating and entertaining publications in this country is the daily Congressional Record, which chronicles the doings of House and Senate, even to their downings and their uprisings. The Record ran to unwieldy thicknesses in the closing days of the second session of the 80th Congress, when the pressure was on and everybody was talking at once.

Take the issue of Wednesday, June 16, for example, covering the legislative day of Tuesday, June 15. The Record was 1-16th inches thick, 9 1/2 inches wide and 1 1/4 inches deep. It is printed on a good grade of newspaper, stapled. It is remarkably free of typographical errors, the Government Printing Office not sparing any of the taxpayers' money to put out a superior product.

Besides a verbatim report on everything said on the floor of House and Senate, the Record carries a huge appendix where members reproduce laudatory letters from constituents, newspaper editorials, poetry, magazine articles, luncheon-club speeches and state jokes. This particular issue runs from Page 5384 (page numbers are cumulative) to Page 5708, covering the day's proceedings. The Appendix runs from A4133 to A4188. Way over in back the Daily Digest, a sort of summary, runs from D561 to D567.

The Record for the final day's proceedings isn't in yet, but we expect it will be twice as big as this one.

Although the legislative day of June 15 found both houses struggling with momentous and world-shaking problems, you wouldn't have thought it from the way work got under way.

In the Senate, a message was received from the House reporting passage of three bills and asking Senate concurrence. The first of these was described as "an act for the relief of certain Basque aliens," and the second as "an act for the relief of Santiago Solabarrieta."

What, we wondered, could be so important to certain Basque aliens and to Santiago Solabarrieta that the August Senate of the United States must take time out for its consideration.

Over on Page 5631, at the close of the day's business, we found the answer.

Concerning the Basques, the House had stricken out all but the enacting clause and inserted this amendment: "That in the administration of the Immigration and Naturalization laws, the Attorney General be, and he is hereby, authorized and directed to permit Gaspar Ybarzabal, Pedro Ybarzabal, and Antonio Monasterio to reside in the United States as temporary visitors for a period of five years from the date of the enactment hereof, provided they remain employed in the sheep industry."

The case of Santiago Solabarrieta was couched in almost identical language, except that the Congress of the United States ordered Santiago to remain "employed in the sheep industry" in the State of Idaho.

Well, the Senate concurred, and the three Basques and Santiago the Spaniard got their visitors' permit extended for five years, unless they forget and dissociate themselves from the sheep industry.

WIFE'S LOOK ONE OF GREAT THINGS IN LIFE

By HAL BOYLE
PHILADELPHIA, (U.P.)—Convention sidelights:

There is a look that doesn't come every day into a woman's eyes. It came at 7:19 (CST) Thursday night into the eyes of one woman.

She is a handsome dark-haired woman and was wearing a pert black hat—the kind men like because it ain't foolish—a neat black suit, and a rope of pearls.

She stood on a platform in Convention Hall beside a man who had just won the Republican presidential nomination. He was also the first Republican since the party's founding in 1856 who had gained a second nomination after losing to a Democrat.

The woman was Mrs. Thomas E. Dewey, who once told an interviewer that the only career she desired was to be "my husband's wife."

And she was living up to her career. As Gov. Dewey threw up a confident hand to the cheering crowd, she turned on him the look that every husband who loves his wife sometimes hopes to see in her eyes.

Her eyes said in shiny eloquence: "Look at my man. Isn't he something? My Tom. They're chesring you again."

I don't envy Tom Dewey his title and his worrisome campaign ahead. But I do envy him that look of proud loyalty that Frances Hutt Dewey gave him.

The average man gets it from his wife only on their night out together when he tells a snooty waiter to take her steak back and cook it the way she said. Her hero! Or maybe when he reaches down their small child's gasping throat and pulls out the chicken bone choking her.

The funny thing about getting that wily look of "You're the only man in the world for me" is that you don't have to be a winner to get it.

You are as likely to get it from the old girl when the world tabs you a loser as when you are the people's crowned savior of this-or-that.

Sen. Arthur Vandenberg may have wondered at the last moment whether he shouldn't have made a real grab for the nomination that would have crowned his long career of public service. There were many, many people who wanted him to.

But I think Mrs. Vandenberg was completely honest when she said she hoped her husband wouldn't get it. Her man, after all, had given years trying to build an American and a one-world-for-all he believed in. She knew he would keep on doing that.

To her and to him, fighting for international unity is more important than to head one segment of a world—even our own big segment. I think she thought that the last best gift of life to her was his: "Honey, you're my presidency—and I've had you for a long time. Now we can have more time together."

The Nation Today

Cool 'Pros' In Politics

By JAMES MARLOW
PHILADELPHIA, June 16 (U.P.)—Thomas E. Dewey won the Republican presidential nomination with the big help of three political pros.

Those three men were his political braintrust: Herbert Brownell, Jr., 44; J. Russel Sprague, 61; and Edwin Jaecke, 53.

All three are New York lawyers. They ran his campaign for the presidential nomination in 1940, when he just missed it; again in 1944, when he got it; and now again, when he got it again.

Against their kind of carefully worked out campaign, the chances of some of the other candidates at this convention must seem like the chances of amateurs.

The Dewey forces had 25 rooms on an upper floor in the Bellevue-Stratford Hotel here and they rented the huge main ballroom on the first floor.

Delegates, convention visitors and Philadelphians who wanted a look-see at politics, could wander into the ballroom and drink soft-drinks.

But the real work of the Dewey campaign was done in those rooms upstairs and among the 1,094 delegates to the convention.

Squads of Dewey people were assigned to each of the state delegations. And that means a lot of squads since there are 48 states.

Reporters assigned to the Dewey headquarters say as many as five people were assigned to each state delegation and were able to report to Dewey headquarters at any time on how each delegate in each delegation would vote.

Brownell, Jaecke and Sprague now have had long years of experience in a drive like this one for the presidential nomination. They're true political professionals.

If you have been in the convention hall Thursday and Thursday night you would have understood how cool political "pros" like Dewey's men can be.

To win, Dewey needed 548 of the 1094 delegate votes. On the first ballot he got 434. On the second ballot he got his total up to 515, which left him needing 33 to win.

This was late in the day. And then the convention recessed.

Washington Merry-Go-Round— GOP Convention Muffs Its Chance To Wipe Out Mistakes Of Congress

By DREW PEARSON
WASHINGTON—The Republicans had a great opportunity at Philadelphia to wipe out the mistakes of the recent Republican Congress, but they muffed it. Progressive leaders of the party tried—and tried hard—during closed-door debates on the G.O.P. platform. But they lost out to the right-wingers.

The most significant platform battles were over exactly the same issues fought out in the recent Congress—public housing, tidelands oil and public power. The final platform—the principles the G.O.P. will follow for four years if elected—was a victory for the reactionaries.

Stormiest secret debate was over tidelands oil. Gordon Richmond of Orange, Cal., managed to insert the plank in the original subcommittee draft giving the control of submerged oil lands to the states—just the opposite of the ruling by the U.S. Supreme Court. But alert Sen. Cabot Lodge of Massachusetts chairman of the platform committee, caught it out. Later in the full committee meeting, Delegate Richmond tried to reinsert it.

He was opposed by Senator Donnell of Missouri, who threatened to stay up all night rather than see the tidelands oil lands go back to the states. The argument got bitter.

"That's the New Deal theory of government," shouted Richmond. "What the hell are you trying to do—favor Truman over Congress?"

Chairman Lodge supported Donnell, argued that Federal control of the coastline was vital to national defense. But Senator Baldwin of Connecticut and Governor Herbert of Ohio, plus the Texas delegate jumped in on the side of California. The final vote favored state control of tidelands oil.

PUBLIC POWER

Liberal Republicans rowing over housing also inserted a plank favoring public power in the first draft of the G. O. P. platform, but somebody leaked this draft to the press, and the power lobby got busy. That afternoon, when the platform committee met in secret session, all reference to public power was thrown out.

However, Utah Delegate Vernon Romney of Salt Lake City moved to put it back. He warned that a lot of questions would be asked, especially in the West, if the Republicans backtracked.

So as a compromise, it was reinserted, with two additional words, which tended to cut the ground out from under public power. The two words were "incidental thereto," pertaining to navigation and flood control. In other words the Republicans went on record that water power could not be developed for water power alone, but only in connection with navigation and flood control.

PUBLIC HOUSING

Another tough battle was waged over public housing. At first the right-wingers wanted to omit it altogether. But Senator Ives of New York argued that the big Eastern states had helped the Western states pay for reclamation, now it was up to the Western states to help the congested Eastern states pay for housing.

This argument struck home, and the right-wingers finally agreed to federal support for housing with a big "if" attached, namely that the states spend the money. In other words, the Federal govern-

ment supplies the housing money and the states spend it.

That seemed to make all the Republicans happy.

BACKSTAGE MOVE

MacArthur's boom—one of the most fantastic backstage moves at Philadelphia came when General MacArthur requested Senator Vandenberg to deliver the nominating speech for MacArthur.

Believe it or not but the request was delivered to Vandenberg by an office girl from MacArthur's headquarters.

It looks as if MacArthur has been taken in by his supporters' propaganda. They circulated an outdated article, printed February 12, 1944, by Vandenberg telling why he was for MacArthur. But a lot of people can change their minds between 1944 and 1948.

GOP ON PALESTINE

It didn't leak out, but the biggest backstage jockeying over principles, not politicians, at Philadelphia was regarding Palestine. The debate arose over the original plank in the G.O.P. platform which merely greeted the new State of Israel with nothing said about Palestinian borders or United Nations' support.

This was a big comedown from the GOP platform of 1944 which put the Republicans vigorously on record for an independent Palestine. Naturally when Zionist leaders heard of this, they hit the ceiling.

Senator Lodge, they found, had drafted the compromise Palestine resolution after conferring with Senator Vandenberg, who, they believed, had been in touch with pro-Arabs in the State department.

Immediately isolationists appealed to Governor Dewey and Senator Taft. Both were sympathetic. Dewey called in his chief foreign adviser, John Foster Dulles, while Taft asked Senators Millikin of Colorado, Donnell of Missouri and Brooks of Illinois, all members of the platform committee, to write a strong resolution.

When the full resolutions committee finally met, Senator Ives of New York led the move to rewrite the Lodge-Vandenberg Palestine pronouncement.

"This resolution you've got here," he said, "says less than a New Year's greeting card."

In the end, the Republicans went on record in support of the United Nations' plan for the partition of Palestine.

In Hollywood— Dan Daily Is Planning To Join Tour Parade

By BOB THOMAS
HOLLYWOOD (U.P.)—Movie stars are hitting the road and the latest to plan a nation-wide tour is song and dance man Dan Dailey.

Filmsters are touring the country to get back in touch with the public and—oh, yes—to make some money. Dailey, a tire assembly worker, had been living with his wife and two-year-old son in one room.

"I'll tour the big cities where the money is," he said. "I figure 10 weeks on the road will earn me about \$100,000."

Yvonne DeCarlo is the latest to join the Calamity Jane sweepstakes. She is supposed to play the famed frontier gun gal in "The Story of Sam Bass," for which James Stewart is being courted. Meanwhile, Warners announced a Calamity Jane film for Doris Day, and Jane Russell played the character in "Palface" with Bob Hope. And remember Jean Arthur's version in "The Plainman?"

Douglas Fairbanks, Jr., must rank as the town's top optimist, while everyone else is moaning about the new British film quota, he says it will be a healthy thing. "It will force producers to turn out better pictures," he remarked on "The O'Flynn" set.

Changes Her Mind

AUBURN, Me. (U.P.)—Mrs. George Worthley has asked for a second divorce from the same husband. She was first married in 1939, divorced him in 1947, re-married him the same year, and now has filed for another divorce.

Families Shrinking

BOSTON (U.P.)—Boston families are shrinking. The average family now includes only one and a half children, compared with two children 10 years ago. City Registrar Michael J. Manning says divorces and the housing shortage are responsible.

WACO POLICE PARTY WINS OVER CHILDREN

By WILLIAM C. BARNARD
Waco Policemen Albert Leonard and Woody Schober, cruising on patrol duty, discussed the case of a couple of boys, Johnny and Fred.

Johnny, a red-haired lad, was picked up for running away from home. He cried when the police desk sergeant asked his name. . . His mother had told him cops were boogymen.

Arrested for stealing candy, Fred, 13, cursed officers.

"We could stamp out a lot of crime if we could teach boys and girls that we're their friends," Leonard said.

Schober agreed.

And from that conversation came the Waco Police Department's unique project for winning little friends—weekly movie parties for the city's children.

Carl Freund, Waco police reporter told us about the parties. . . free to children under 15. Leonard and Schober hatched the idea and got the approval of Police Chief M. Burton and their fellow officers.

Twelve merchants agreed to underwrite the project. . . on an eight-week trial basis. That was 16 weeks ago.

"The show parties are held every Saturday," said Freund. "Lots of cartoons are shown. In between, cops get up and make short speeches along the line of crime doesn't pay. Policemen also act as ushers. Sometimes they bring in outside entertainment. . . one Saturday they had some Waco baseball players on the stage.

"The theater is always packed, but there's never any vandalism. The police use psychology. . . Every Saturday they pick the neatest and best behaved boy and girl from the audience and name them 'prince and princess of the week.' The prince and princess get a chicken dinner, a tour of the city with a motorcycle escort and prizes awarded by merchants."

Is the children's police party here to stay?

"And how!" said Freund. "During that eight-week trial period not a single Waco boy or girl under 15 was arrested for anything."

Affairs Of The World— Red Drive Unifies West

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Out of the fire comes the steel; out of the trials and dangers imposed by the Bolshevik drive to conquer the globe there undoubtedly is emerging a new unity among the free nations.

By treachery, trickery and aggression the Reds enslaved Eastern Europe before a trusting world as a whole was awake to this threat from one of the major allies. However, with the full awakening the Democratic nations are solidifying in a manner which couldn't have been foreseen. The Communist scheme of breeding division and discord is backfiring.

We see this in the fact that while idealists strove for generations to form a United States of Europe, the Muscovites unwittingly and unwillingly have set such a union well on its way in Western Europe in the brief period since the war. Moreover that's only half the story, for the Soviet policy of aggression has driven Western Europe and America together in a manner which couldn't have been foreseen by any stretch of imagination.

The nucleus of a possible United States of Europe is the recently formed Western European union. This comprises Britain, France, Belgium, The Netherlands and Luxembourg. The alliance is economic, military and political. Other countries of West Europe are debating affiliation.

Today Washington is hard at work on ways and means of associating America with this new European bloc which gives real promise of expanding. Conversations between the union and the State Department are expected to take place soon. Meantime the Marshall Plan is swinging into action and is further drawing the nations of Western Europe together for mutual advantage.

Part of the Red scheme is to drive the Americans, British and French out of Berlin, which lies in the heart of the Soviet zone. This is indicated clearly enough in the latest Soviet move of halting railway transport from the West into Berlin, thus cutting off much food and other necessities for some 3,400,000 people apart from what the Western Allies move by air. The Reds, in order to cause suffering, also have severed a great deal of the electric current which supplies Berlin.

However, Gen. Lucius D. Clay, American military governor, has declared succinctly and without emotion that the Russians "cannot drive us out of Berlin by any action short of war. . . Unfortunately the only way they can put on pressure is to make the Germans suffer."

These Russian tactics are, as remarked in a previous column, largely defensive. That is to say, their offensive has bogged down and they are trying to bolster it. But their tricks have lost their magic, and world democracy is uniting against further aggression.

It Happened Back In—

FIVE YEARS AGO—Helen Duley elected hostess for Cadet Club; Beta Sigma Phi gives tea for AAFBS personnel; O. L. Williams injures hand in oil well mishap.

TEN YEARS AGO—Talk of a dam on Concho river to increase city's water supply; Red Cross says more than \$3,000 spent in home service work at end of chapter year.

FIFTEEN YEARS AGO—1,000 farmers meet at city auditorium to hear explanation of acreage reduction plan; Merle Stewart is Los Angeles as Kiwanis representative to international convention.

RECENT BRIDE—Mrs. Jack Murdock was before her marriage on Wednesday evening, Miss Margaret Eileen Brown, daughter of Mrs. T. J. Brown. Murdock is the son of Mr. and Mrs. C. A. Murdock Sr. The marriage was solemnized before a number of friends and relatives in the First Christian church with Major L. W. Canning of Clearwater, Fla. officiating. Mr. and Mrs. Murdock are on a wedding trip to Colorado Springs, Colorado.

Service Clubs Continue Activities During Summer Months In Forsan

FORSAN, June 26, (Sp)—The Forsan service club met Thursday night at the high school gymnasium at which time a nominating committee was appointed.

Members of the committee are O. G. Ham, G. B. Hale, L. W. Moore, Robbie Godwin, and M. M. Fairchild.

Joe Masters was accepted as a new member.

Refreshments were served to G. L. Monroey, Lewis Huevel, Bob Honeycutt, O. G. Ham, J. D. Leonard, G. D. Kennedy, G. B. Hale, Wayne Nance, M. M. Fairchild, Robbie Godwin, Rip Bailey, W. B. Dunn, C. V. Wash, E. A. Grissom, B. A. Farmer, L. W. Moore, Bill Conger, R. A. Chambers.

Mrs. J. E. Thompson was hostess Tuesday afternoon to members of the Pioneer sewing club.

Refreshments were served to Mrs. C. M. Adams, Mrs. H. L. Tienrend, Mrs. John Cardwell, Mrs. O. N. Green, Mrs. Claud King and Mrs. John Kubecka.

Mr. and Mrs. Paul Gordon and Paula Sue left Saturday for a vacation in Chandler, Okla. with his mother and other relatives.

Mrs. Henry Park was dismissed from a Big Spring hospital Saturday.

Visiting with Mr. S. C. Crumley, Sr. and Mr. and Mrs. C. V. Wash is Mrs. Earl Martin of Austin.

Mr. and Mrs. Charles Martin are on vacation to Giens, Kans., Joplin, Mo. and in Oklahoma.

Mrs. Idella Alexander is visiting Mr. and Mrs. T. Cunningham in Springfield, Mo.

Mr. and Mrs. E. N. Baker and family are in Fort Worth and Mansfield on vacation.

Billie Hudson of Sterling City was a business visitor here the first of the week.

Mr. and Mrs. Leland Camp and Cleo May of Welch have been guests of the T. R. Camps.

Mr. and Mrs. H. B. Dunn and Carl of San Angelo are weekend guests of Mr. and Mrs. W. B. Dunn, Mr. and Mrs. J. P. Kubecka and other relatives.

Eddie Ray King is home from Monahans for a visit with his parents, Mr. and Mrs. C. L. King.

Mrs. W. L. Creelman is in Walters, Okla. with a sister who is ill.

W. L. Creelman left Saturday for Mineola to visit with an uncle who is ill.

Mr. and Mrs. W. K. Scudday of Garden City visited relatives here during the week.

Eldred Prescott visited his parents, Mr. and Mrs. Byron Prescott this week from Monahans.

Mrs. S. C. Crumley has returned home from a visit to Brady.

COMING EVENTS

Monday

Local Hospitals Report Birth Of Ten Babies Here

Six boys and four girls were born at the local hospitals this week.

Edward Shelton Smith, seven pound, six ounce son of Mr. and Mrs. R. Z. Smith was born June 23 at 10:12 a. m. in the Cowper-Sanders hospital.

Mr. and Mrs. W. L. Hogue are the parents of a son, Eddie Wayne, who was born June 24 at 1:25 a. m. weighing seven pounds, eight ounces.

Larry Don Lee was born June 23 at 10:10 p. m. weighing seven pounds, six ounces. His parents are Mr. and Mrs. E. R. Lee of Sterling City.

At the Big Spring hospital the Rev. and Mrs. Alsie Carleton became the parents of a daughter, Carolyn Ahnawake, who was born on June 24 at 12:45 p. m. The infant weighed eight pounds and two ounces.

Mr. and Mrs. J. C. Pierce's daughter, Carla Jean was born on June 21 at 9:45 a. m. She weighed seven pounds, four ounces.

Mr. and Mrs. N. H. Stanley of Luther are the parents of a son, Lynn Dale, seven pounds, one ounce, who was born on June 22 at 10:30 a. m.

Arriving at 6:13 a. m. on June 25, Sherry Lou Franklin weighed six pounds, four ounces. She is the daughter of Mr. and Mrs. J. L. Franklin.

A daughter, Merle Leona, was born June 25 at 12:10 p. m. to Mr. and Mrs. R. M. Balm. The baby weighed eight pounds and 14 ounces.

Mr. and Mrs. W. R. Purser are the parents of a son, William Riley, who weighs five pounds, nine and one-half ounces. He was born June 25, at 2:23 a. m.

At the Malone-Hogan hospital, Mr. and Mrs. Lee Derrell of Midland became the parents of a son, John Anthony, born June 19 and weighing eight pounds and eight ounces.

Rotarians Planning For 'Ladies' Night'

"Ladies Night" will be observed by the Big Spring Rotary club Tuesday evening at a dinner session in the Settles hotel, officials of the club announced Saturday.

Wives of Rotarians will be in charge of the program.

All club members were reminded, however, that advance reservations must be made by Monday. Reservation requests will be handled at the chamber of commerce office.

The average adult heart is about five inches long and three and a half inches wide and weighs about ten ounces.

Cub Scouts To Be Presented Awards

Several badges will be presented to members of Cub Scout pack No. 13 Monday night, Scout officials reported Saturday.

The pack meeting is scheduled for 7:45 p. m. at the home of H. C. McNabb, Cubmaster.

Youth Encampment Tents Needed Monday

Boy Scouts who plan to help furnish tents for the Baptist Youth encampment should deliver the equipment to the camp area Monday morning, H. D. Norris, assistant Scout executive, reminded Saturday.

Workers at the camp site will assist in erecting the tents, Norris said.

WHY STARVE TO TAKE OFF FAT?

When you buy Barocortin, you buy a preparation for taking off weight. You do not pay for a printed diet. Barocortin is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barocortin. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barocortin when mixed with grapefruit juice does this! First, it does your digestive for you and fatty foods, but you do not have to FORCE yourself. Barocortin takes care of your DESIRE. Second, it debars and eliminates, so that water is carried away—about like melting fat. As the same time you feel better, more power, more alive, but never starved or hungry.

Lost 22 Pounds

"I lost 22 pounds taking Barocortin and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Gertrude Hillman, Route 1, Dyer, Tenn.

18 Pounds Lost

"I lost 18 pounds taking Barocortin and now I feel much better. I eat much better in every way and I gladly say, 'It's Barocortin that's done the trick.'"—Mrs. Gayle Matthews, 926 Thunderside Street, Dyer, Tenn.

Educator And Wife Are Visiting Here

Dr. and Mrs. Seth H. Parsons of Las Vegas, N. M. are visiting with her parents, Mr. and Mrs. B. Reagan, this week end.

Dr. Parsons formerly was director of vocational education in the Big Spring high school, resigning to enlist in the army. After four years in the signal corps, he enrolled in Columbia University at New York City and obtained his Doctor of Education degree this June. His major field was in guidance and in visual aids.

At present he is professor of education and director of visual aids at Highlands University, Las Vegas, N. M.

WEEK'S BUSINESS

Residential Work Boosts Local Activity

A sudden revival of residential work gave city building figures a boost last week when 14 permits accounted for estimated costs totaling \$31,350. Included were permits for six new structures, four of them residences. Remainder of the week's list was accounted for by repair work. The total for the year, which now establishes a new record with each permit, stood at

\$6,353,940 at the end of the week. Discounting the permit for the Veterans Administration hospital, the current total for 1948 still is slightly above figures on record for the same period a year ago. New motor vehicle deliveries also gained according to registrations at the county tax assessor-collector's office. A tabulation Saturday, which included some incomplete totals for the two previous weeks as well as all for the past week, disclosed that licenses had been issued for 57 passenger cars, 18 trucks and two motor bikes. Although figures dropped slightly from the previous week, real estate transactions kept a steady seasonal pace. The county clerk's office recorded warranty deeds involving \$32,860. The warranty deed total for the year is \$1,295,815.

AODAD ADDITION — A newborn six-pound aoudad stands with his parents, Maggie and Jiggs, in Buffalo zoo. Aoudads are wild mountain sheep from North Africa.

The human heart is not laced on the left side as commonly supposed, but near the center of the body in the thorax cavity between the lungs.

WEST TEXAS OIL

Sterling Pool Is Given Extension

By JOHN B. BREWER

SAN ANGELO, June 26—West extension of the Marvin (Wichita-Albany) field in southeastern Sterling county and completion of a small discovery Strawn pumper in northern Schleicher county were among West Texas oil developments this week. Locations were staked for seven wildcats in five counties, three of them projected to the Ellenburger.

Anderson-Prichard and Vickers No. 2 Miss Marvin Frances Foster became southeastern Sterling county's second well when it flowed naturally 164.24 barrels of oil in 16 hours from 4,201-39 feet. After acidizing the Wichita-Albany with 1,000 gallons, it gauged 143 barrels in five hours. The well is 330 feet from the south, 1,650 feet from the west line of section 12-15-H&TC, 330 feet south and 990 feet east of No. 1 Foster, the discovery.

Lion staked No. 1 H. H. Kendrick-Robt. S. Foster, slated 4,500-foot test 330 feet out of the north-west corner of section 18-15-H&TC, 5-8 mile west and 1-8 mile south of No. 2 Foster.

Phillips Petroleum No. 1 Mrs. W. J. Weddell, northern Strawn lime strike which failed in the Ellenburger, pumped 36.21 barrels of 36.5 gravity, pipeline oil in 24 hours for completion through casing perforations at 5,630-5,700 feet. It had been acidized with 2,500 gallons. Location is approximately the C NE NE 72-M-GH&SA, 17 miles northeast of Eldorado.

Texaco No. 1 Hattie A. Reynolds, indicated Simpson discovery in southern Crane county 680 feet out of the east corner of section 22-3-H&TC, died on a half inch choke and was being rocked in, from 5,812-69 feet.

Cities Service and Atlantic No. 1 Proctor, Gaines county wildcat C SE SW 355 - G CCSD & RGNG, plugged back from 5,350 to 5,202 feet and cemented 7-inch pipe at 5,080 for production tests in the San Andres from which it recovered oil on two drillstem tests.

Honolulu spotted No. 1-13-B Ellwood estate in northwestern Hockley county C NE SE 13-A R. M. Thompson, half mile south and 3/4 mile east of its No. 1-13 Ellwood, Glorietta lime strike, which was taking a potential gauge. Drilling 6,500 feet is planned.

Amerada will drill No. 1 W. J. Stribling, slated 10,500-foot wildcat in Lubbock county, C SE SE 9-D7-EL&RR, 3 1/2 miles northeast of Idalou.

Bankline Oil Co. applied for a permit to drill No. 1 W. E. Ray, 5,100-foot wildcat in Terry county, 330 feet out of the northeast corner of section 12-C39-psl, four miles

north of Welch.

Andrews county gained two wildcats: Champlin No. 1-F University C SE SE 34-12-U, one mile north of Humble No. 12 J. E. Parker, new Devonian discovery; and Gulf No. 1-X University C SW NW 2-5-U, two miles south of the Gaines county line. Champlin proposes to explore 10,000 feet, Gulf 5,500.

Devonian production in the south part of the Shafter Lake Wolfcamp and Devonian field in Andrews was defined to the west with the abandonment, dry, of Skelly No. 1-D University, C NE NE 35-13-U, at 10,075 feet. It was low and had no oil or water.

Second producer south of the Colorado river in the Jameson (Strawn) field in northwestern Coke county, Sun No. 2 Central National Bank of San Angelo, trustee of the W. C. Blanks estate, pumped 42 barrels of oil and one barrel of water in early testing of an acidized section at 6,412-34 feet. It is in Jos. Leimuller survey 524, Sun No. 1 Central National, in W. F. Benson survey, in the same area, was abandoned temporarily at 7,949 feet after failing in both the reef lime and the Ellenburger. Plugging at 6,477 feet, Sun No. 1 Mary A. Bloodworth, in section 526-1A-H&TC, closed the Jameson field to the southeast.

It was finished for a potential of 600 barrels of 26.5 gravity oil; gas-oil ratio was 55-1.

Student Life
MEMPHIS, Tenn. (U.P.)—Sidney Moore, student, gave the court two reasons why he dozed behind the wheel. He had been up late celebrating a friend's graduation, and then got up early to study for final examinations. The doze cost him \$21 fine.

Man Shows How
NEW YORK (U.P.)—Joseph J. Joenig, a 41-year-old business man, was graduated from New York University's school of commerce, accounts and finance after six years of night school with the highest scholastic average in the history of the school.

Eagles Matched
DEL RIO, (U.P.)—The Eagle Club, a protective group of ranchmen along the border, bagged 98 golden eagles during 90 days of hunting. The ranchmen hired a small plane and pilot and shot the birds from the air with shot-guns. The eagles raid lamb crops.

FOUR YEARS AFTER—This is a general view of the scene as French President Vincent Auriol lays first stone for reconstruction scheme of Lisieux in Normandy, four years after D-Day. In background is war-damaged Church of St. Jacques.

Vet Hospital 'Comes Out Of The Ground'

Construction on the Veterans Administration hospital here is "coming out of the ground."

Saturday L. G. Bradley, in charge for the U. S. Corps of Engineers, estimated that the project was 12 per cent along, which is perhaps slightly better than originally anticipated.

Fifty per cent of all footings have been poured. The first floor slab on the north wing has been poured and the slab for the second floor is about ready. This will form the roof of the first. Forms for concrete columns for the second floor are taking shape so that actual concrete work here may not be too far removed.

Within six weeks, Bradley hoped, the contractors would be able to begin laying the cream colored face brick on the north end while workers moved to the south wing of the big six-story building to finish footings and pour the slab at that point.

Some 250 men are now at work on the project. Robert McKee company, general contractor, has something like 225 men on the ground and two or three other sub-contractors have crews attending to roughing in, that is inserting sleeves in concrete, for electrical, plumbing and heating work.

Hollow tile, for back up to the brick, is on the ground as is the white granite to be used for base and trim on the facing. Brick have been approved only recently and

Howard Library Adds 96 Books

Ninety-six volumes of fiction and non-fiction have been added to the Howard County Free Library shelves during the past week, Mrs. Benny H. Collins, librarian, has announced.

In addition, the Luther home demonstration club donated "Who Walk Alone," by Perry Burgess, as a memorial to Mrs. S. H. Puckett. Library traffic is increasing and patrons have expressed appreciation of the air conditioner, given by Friends of the Howard County Free Library.

ENROLLMENT MAY TOP 1000

Baptist Youth Encampment Expected To Break Records

All records may be broken this week as the Baptists of district No. 8 hold their annual youth camp here.

Prospects are that 1,000 or more youngsters in the Royal Ambassadors, Girls Auxiliary or Young Women's association—and others of those age brackets—will come here during the week.

With the district firmly committed to development of the grounds as a permanent campsite, facilities have been enlarged until workers are equipped better than ever before to handle large numbers of children.

Leadership will be increased, al-

so, for this year there will be four state workers plus a strong state of missionaries and out-of-state personalities working under direction of Mrs. E. R. Powell, Midland, district director of young people's work.

Odessa Baptists have completed

Stovall Asks County Post

W. C. (Charles) Stovall made a formal announcement Saturday of candidacy for the democratic nomination as county commissioner from precinct No. 1.

He filed a week ago ahead of the deadlines with the county executive committee.

Stovall said he was basing his appeal for support solely on his qualifications.

"I have had approximately 20 years experience in engineering and construction work with the railroads and the U. S. Engineers, and I believe I can give the people of my precinct an economical and fair administration if they honor me with the office.

"I will try to see each voter in Precinct No. 1 and I will appreciate all votes and support." Stovall is a native of Howard county, is a home owner and taxpayer.

a two-room cottage for their part of the encampment. The entire area secured on a long-term lease from the Texas & Pacific Railway company (which gave it at a token figure) has been platted and Lamesa, Klondike, Odessa and other communities have secured tracts which they will develop over a five-year period in keeping with a master plan by the district.

Improvements this year include a new 50x80 tabernacle immediately north of the mess hall. The latter unit, with additional equipment, has two new army cook stoves.

With the aid of county machinery, an old road has been reopened so that the encampment has a new private entrance from the center of its east side on U. S. 87. A sign has been placed there to direct visitors.

The City of Big Spring is co-operating by permitting youngsters to use the city's swimming pool for two hours each morning at a 10 cent per swim fee.

Boys will begin arriving Monday with all those attending due to be on the ground by 2 p. m. They leave at noon on Wednesday and by 2 p. m. of that day the girls are supposed to be on hand. The camp ends at noon Friday. Registration fee is \$2.50 and rules stipulate simply that every boy and girl must attend every class and service. Ample time is left for recreation. Youngsters are asked to bring Bibles, are told that girls can wear jeans except to services and that shorts are taboo.

Last year there were some 325 boys in camp and approximately 450 girls. This year district leaders anticipate that there will be 400 boys and possibly 600 girls.

Mrs. Anna Smith Enrolled In H-SU

ABILENE, June 26—Mrs. Anna Smith of Big Spring was among the late registrants for the first term of the '48 summer session at Hardin-Simmons University, Alton B. Lee, registrar, announced today, boosting the total summer enrollment to 1,155 students.

The summer registration is now the highest in H-SU's history by 180 students, Lee said.

Mrs. Smith, the former Anna Ward, is the daughter of Mr. and Mrs. W. H. Ward of 1808 Runnels, Big Spring.

She is the 12th student from Big Spring to register. Others were Bob Dickerson, Mary Elizabeth Arnett, W. T. Morgan, Mrs. Mabel Logan, Enzor Puckett, Walter W. Strop, William Howard Smith, H. W. Bartlett, Vera Dell Virginia Walker, H. W. Bartlett, Mrs. H. H. Rutherford and Charles R. Sikes.

On-The-Spot Filming Makes 'Kiss Of Death' A Realistic Movie

Loaded with impact achieved from the on-the-spot shooting technique, Twentieth Century-Fox's "Kiss of Death," comes today to the State. Most of the scenes in the film, which stars Victor Mature, Brian Donlevy and exciting screen newcomer, Coleen Gray, were photographed against actual settings in New York City and vicinity to gain the full flavor of realism and believability that eludes even the finest of Hollywood sets.

The original story for the straight-from-the-shoulder drama of a mobster's adventures inside and outside prison walls was written by an assistant District Attorney (Eliesser Lipsky) and is based on fact. The screen play was written by Ben Hecht and Charles Lederer, famed for their plot construction, sense of drama, and pungent, realistic dialogue. It is the story of a shocking betrayal that explodes in

a manhunt. In its telling, it unfolds the gripping drama of a gangster who is caught between three fires: the love for his wife and children, his battle to remain true to the gangland code, and the temptations put before him to accept the brand of "squealer" in turning in his "pals" who betrayed his wife while he languished in prison.

"Kiss of Death" was selected as a starring vehicle for Victor Mature as a result of his performances in "My Darling Clementine" and "Moss Rose." The complex role of Nick Bianco, the gangster who is tormented by a love that leads him to accept the most dangerous choice any member of the gang world could make, is a challenging role.

Brian Donlevy appears in one of his finest roles as the assistant District Attorney who, wise in the ways of the underworld, gambles a man's life to achieve justice.

Beautiful Coleen Gray who, after a small part in "State Fair," waited two years for a real opportunity, gets her big break playing opposite Victor Mature in "Kiss of Death." As Mature's second wife, shielding his two children from the murderous wrath of a gangster, she has a role that calls for the tops in dramatic talent.

More than forty tons of equipment and a large staff of technicians were transported from Hollywood to New York. Scenes were filmed in Sing Sing prison, the New York Tombs and Criminal Court Building, with actual criminals, court officials and the general public in attendance; in the elevator shaft of the Chrysler Building; in Washington Square and in Greenwich Village apartments; and against all the seething traffic, surging movement and skyscrapers, backgrounds of New York City.

FULL OF ACTION — The above scene is typical of the action that fills Universal-International's "River Lady," new Ritz billing. Yvonne DeCarlo, Rod Cameron and Dan Duryea are featured in the leading rolls.

RISES TO DEFENSE — Victor Mature defends Coleen Gray in this scene from 20th Century-Fox's "Kiss of Death." The film, co-starring Brian Donlevy opens today at the State.

Bowery Boys Make Racketeers Run

Fighting racketeers has become fashionable with the not-so-tame Bowery Boys who used to be known principally for their roughhouse tactics.

The manner in which they bring criminals to justice makes for many laughable and thrilling moments in Monogram's "Angel's Alley," latest Lyric film.

Leo Gorcey stars as the leader of Bowery Boys, and he does his role in customary fine style. His glib talk and fast tactics against a local racketeer add to the attractiveness of the interesting screenplay. Huntz Hall is Leo's buddy in crime-catching, and again

his mugging is one of the film's laugh highlights. Gabriel Dell abandons his Bowery pals for this film, and is seen as a petty mobster who eventually mends his shady practices, to throw in with the boys in rounding up the racketeers. Billy Benedict and David Gorcey assume their usual roles. Nestor Palma is excellent as the racketeer who heads a stolen-car racket, and gets youngsters to steal for him. Frankie Darro delivers a good performance as Leo's cousin who goes to work for Palma. Others in creditable roles are Rosemary La Planche and Geneva Gray, two girls who turn Gorcey's head—quite understandably.

Briefly, the original screenplay by Edmond Seward, Tim Ryan and Gerald Schmitzer concerns a local racketeer whose nefarious activities encourage juvenile delinquency. When one of his mobsters runs his car over a young buddy of Gorcey, the Bowery Boy and his pal determine to break up the racket. How they do it is funny, and a story filled with suspense.

William Beaudine's direction is excellent, and this Jan Grippo production is tops for the Bowery Boys series. Marcel LePicard was the cameraman, and Edward Kay the musical director.

Judy Canova Show Is Due On Wednesday

With Judy, herself, at the head of an all-star aggregation of entertainers, the Judy Canova Show opens Wednesday, June 30 at 8:30 p. m. at the Amphitheatre in Big Spring, presenting a complete program of talented singers, dancers, comedians, acrobats, chorus beauties and lavish musical production spectacles.

The show is sponsored by the Big Spring Junior Chamber of Commerce.

The scintillating star of stage, screen and radio turned down an offer of \$18,000 a week at the Palladium in London to make this tour with her own show. It is a big company of all-star calibre, and represents the first time that Judy has ever taken to the road for personal appearances on such an elaborate scale.

In the long list of top-notch stage and motion picture performers in her support are such famous acts as the acrobatic Taylor Family; "Pansy the Horse," an equine clown that frolics to the whip of its attractive trainer, Marie Mayo; Bert Henderson, "The Man Who Proves People are Funny," with an audience-participation comedy; and the Libanities, a three-person xylophone act.

In addition to her own individual song and humorous character offerings, Judy does several numbers with her sister, Annie, and her brother, Zeke. These include their old vaudeville act, a hilarious skit which they toured the country for years, piano duets, and their screamingly funny "Maw and Paw" comedy routine of life down on the farm.

With William H. King as producer and director, the Judy Canova Show also presents a line of beautiful girls who work in several big musical production numbers set off by stunning costumes and Mexican, Egyptian and Indian backgrounds. Frank Kony's orchestra furnishes the music. Judy, Annie and Zeke close the show with a wonderful co-ed dance number.

Mississippi Lumber Region Is Background For Technicolor Film

The raw breath-taking beauty of the upper Mississippi lumber region is recaptured in the Technicolor melodrama, "River Lady," which opens today at the Ritz.

The Universal-International release co-stars Yvonne De Carlo, Dan Duryea, Rod Cameron, and Helena Carter.

Miss DeCarlo plays the glamorous but iniquitous proprietress of a gambling boat which lures the rough and tumble lumberjacks. In addition she plays a bold game on the side in which she seeks to crush the community's independent lumber operators. Her partner in crime is Duryea and he tries unsuccessfully to become her marriage partner besides. But Rod Cameron, in the role of an independent lumberman, she loves and this love later boomerangs to her misfortune.

Rendering able assistance in supporting roles are Florence Bates and Lloyd Gough. George Sherman has cleverly directed the lusty spine-tingling adventure story for Producer Leonard Goldstein.

Fans will remember Helena Carter's outstanding performances in her first two Universal International pictures, "Time Out of Mind" and "Something in the Wind." In the Technicolor "River Lady," however, the young actress reveals a refreshing radiance which should establish her firmly among

Hollywood's most popular feminine performers. Sudden screen fame has not

changed the much-publicized former Cover model who, only a few seasons ago, came from her hometown, New York, to begin a movie career at Universal-International. She still resides in a phoneless Hollywood apartment (the studio must contact her through her landlady).

Sewing remains one of her hobbies, and she continues to make many of her own clothes. She prefers wearing tailored things, saying "You can't get away with funny clothes when you have freckles."

'Fourth' To Bring A Double Holiday

Independence Day will bring a double holiday to Big Spring. Since July 4 falls on Sunday this year, businesses are observing Monday, July 5, as a holiday also. This is in keeping with a traditional policy and also in line with a schedule of closings announced at the beginning of the year by a merchants committee.

Lamesa Has Opening Of Drive-In Show

LAMESA, June 26—A new drive-in theatre—the Yucca—opened here Friday evening. It is located on the Big Spring highway between the Country Club and the Y at the juncture of U. S. 87 and the Snyder roads. Mr. and Mrs. Aubrey Cox are operators of the theatre.

AS CONGRESS ENDS

Texans In Thick Of Last-Minute Fights

By TEX EASLEY
WASHINGTON, June 26 (AP)—Texans were in the thick of the heated, last-minute, preadjournment arguments in the House. Minority Leader Sam Rayburn of Bonham and Rep. J. M. Combs of Beaumont called the Republicans to task during a tense floor debate on the housing bill, accusing the majority party of trying to kill the measure. Glaring toward the left side of the packed house chamber where the Republicans sat, Rayburn said in quiet but blistering words that the Democrats "can, shall and will" make an issue of the housing bill in the November election if the measure doesn't become law.

Rep. Paul Kilday of San Antonio directed virtually all of the debate on the draft bill on the Democratic side of the aisle, assisting Chairman Andrews (R-NY). Kilday acted as the measure's principal defender when attacks were made against it. Incidentally, Rep. Overton Brooks of Louisiana announced recently he would retire from the House to run for the Senate. That would elevate Kilday next to Rep. Vinson (D-Ga.), the top ranking Democrat on the House Armed Services committee. Rep. George Mahon of Colorado City helped steer through numerous money bills in the closing days of the session, especially those for the armed forces. He's a member of the House Appropriations committee. Rep. Poage (D-Tex) found himself in debate with New York's negro democratic Rep. Powell during the debate on the draft bill. Apparently, Powell got Poage

and the problems that he faces and that sort of thing. I don't agree with him. But there are certain things that I should like to enlighten him about that are happening in this world and have already happened. "In the first place, Mr. Chairman, some very radical changes have taken place all over America, in Texas as well. "I have been in Texas repeatedly, I have been in his city. Lots of things are taking place down there that I am sure he is aware of, but maybe he forgot when he said there has been no desire for a change in segregation. (Cooley had made this remark referring to segregation in North Carolina.) x x x "He undoubtedly forgets that a very militant effort was made by outstanding white people and negroes of Texas, not we damned Yankees from the North, to get negroes admitted to the law school of the University of Texas. x x x "The gentleman from Texas also probably does not know—or forgot, rather—that negroes are voting in such vast quantities in Texas now that in the city of Houston, for instance, one of the Congressmen running there in July will be defeated or elected according to the negro vote. "There are between 30,000 and 40,000 registered negro voters in Houston, where just two years ago there were not 1,000. Changes are taking place." (Rep. Albert Thomas is the only congressman from Houston. His district comprises all Harris county.)

Legion's Baseball Fund Shows Gain

The American Legion's baseball fund was up to approximately \$175 Saturday. Additional donors kicked in another \$45 toward financing the Legion's junior baseball activity. The gifts have come from Legion members in response to appeals for gifts of \$1 up. They have ranged from this amount to as high as \$10. Among the latest donors were: J. Y. Robb, Big Spring Baseball association, Dewey Martin, T. H. McCann, Jr., Robert C. Hill, T. S. Currie, Jr., Chester Cathey, Lewis Conrad, Julia B. Fisher, J. A. Etheridge, Dr. D. W. Deats Marvin Hayworth, E. P. Driver, Jack Pearson, Richard D. Harp, Edward P. Crabtree, William E. Spies, C. Neel Bumgarner, Olaf M. Hollingshead, Kyle B. Caudle, C. W. Peurifoy, J. Weldon Bryant, C. J. Horn, Ennis Cochran, Ray Phillips, Dennis Wall.

Riley Kept Busy At Installations

Schley Riley, governor-elect of Lions district 2-T-2, faces a busy schedule before he takes office in August. As a deputy district governor, he went to Loraine last Tuesday to install officers. Thursday evening, accompanied by Roy Hickman, whistler, and Helen Duley, accompanist, he was in Lamesa to install Tracy Campbell as president of that club. Other officers installed there were D. W. Massengale, Wright Boyd and Richard Crawley, vice-presidents; C. C.

Terry, secretary; Homer Simpson, H. L. Sanders, Early Peltier and Eugene Barrett, directors; Ernest W. Peurifoy, chairman; 'Apoos'erson, J. D. Dyer, Jr. and Roy Gentry, talltwisters. On Monday evening Riley will install officers of the Lions club at McCamey. Tuesday he goes to Monahans for the same purpose and on Thursday he is slated as installing officer for the Midland Lions club. A pharos (lighthouse for guiding seamen) takes its name from the ancient light towers on the island of Pharos in the harbor of Alexandria, Egypt.
