

First Bomb Shelter Luncheon in U. S.

A luncheon served on air line trays publicly opened the bomb shelter by a large rubber concern at Akron, Ohio. This is a shatterproof flexible structure of the type tested by the war department. It is made of strong corrugated plates forming a gas and water-tight cylinder, and is large enough to accommodate 50 people.

If You Like Politics, Remember these Dates

Candidates for election office in Texas have until June 1 to enter the Democratic primary election. If the office they seek is no larger than county-wide they have until June 13. These and other dates important to candidates have been assembled by Ernest Boyett, secretary to Gov. Coke R. Stevenson. In his list, Boyett names Sept. 1 as the date for the Democratic State Convention at which candidates selected by the primary elections of July 25 and Aug. 22 will be certified as party nominees. The convention, however, is not likely to be held until Sept. 8. A conflict in laws permits the convention on either of those days. It has been customary to select the latter date.

The politically important dates of 1942 are given in the following political calendar:

June 1—Last day for candidates for State Offices and District offices, in district containing more than one county, to file requests to have their names placed on the ballot.
June 8—Meeting of State Executive committee.
June 13—Last day for county and precinct candidates and district can-

didates, in districts composed of only one county, to file requests to have names placed on ballot.

June 15—County executive committee meets to determine the order of names on ballot and estimate expense of election.

June 20—Last day for candidates to pay assessments for ballot.

June 22—Primary committee meets to prepare ballot.

June 25—First day for filing first campaign expense accounts for first primary.

June 30—Last day for filing first campaign expense accounts.

July 5—Absentee voting begins. Ends July 22nd.

July 13—First day for filing second campaign expense account for first primary.

July 17—Last day for filing second campaign expense accounts for first primary.

July 21—All voters living in a city of ten thousand inhabitants or more, who have moved their residence within the city or from without the city to the city, must report to the tax collector not less than four days prior to the election.

Of Interest to Farmers

By Keltz Garrison, Sec'y. Parmer County AAA

A great many farmers who have received their cotton crop insurance notices as to the yield and premium rate have not understood thoroughly the figures appearing on the notices. The first figure appearing on the notice is the number of pounds of cotton per acre which the Corporation will insure. This figure represents only 75% of the seven year average, 1934 through 1940. The second figure, which is the premium rate, is the number of pounds of cotton per acre which it will cost each individual to insure. This has no reference to any money, as the cotton insurance application and notices refer to pounds of cotton and do not refer to any specified amount of money. By multiplying your cotton allotment times the yield, as shown on the crop insurance notice, you will arrive at the number of pounds of cotton insurable on your farm; likewise, you may multiply the premium rate times the acreage allotment and arrive at the maximum premium for the farm.

The closing date for accepting these applications for cotton crop insurance for 1942 is March 31. This date will not be extended, and all producers interested in obtaining such insurance on their 1942 cotton crop should make application before the closing date. Whether you are interested in cotton crop insurance or not we will be glad to explain any particular case to you, and then let you be your own judge as to whether you should take it or not. A great many farmers have already signed applications for insurance, who did

not intend to take it until it was fully explained to them. Within the next week or ten days we expect to have a letter out to all farmers in the county to explain their individual setup, however, it is possible that questions will arise in the minds of a great many producers that this letter we expect to send out will not clear the questions for them. We realize that there are some farmers in the county with premium rates so high and insurable yields so low that it is not practical for them to participate. In these cases we have been very frank in telling a farmer that we did not think it would pay him to take out cotton insurance; however, in the vast majority of cases we believe cotton crop insurance will assure some farmers of a cotton crop income regardless of any unavoidable hazards which they may encounter. Any farmer who farms in such a manner to be able to collect the insurance will come out on the little end of the horn, because any cotton farmer with any ambition at all would make an honest effort to make more cotton than he is insured for; however, in the event the 1942 cotton crop turns out as it did in 1941, nearly any farmer in Parmer county would do well to have cotton crop insurance. We have no insurance that this same thing will not happen again this year. With this thought in mind, we would like to have every cotton farmer in Parmer county understand thoroughly just what he is guaranteed and the exact amount of pounds of lint cotton it will cost him to be guaranteed for a stipulated amount.

Seeking Solution Of School Matters

Excellent Quality at Junior Stock Show

With competition particularly keen in the swine division, the annual Parmer County Junior Livestock Show was held for the eighth time in Friona, last Friday and Saturday. A fairly good crowd visited the show, despite the inclement weather.

"Some of the best swine I've seen" was the comment voiced by both T. A. McCusker, local ag teacher and County Agent Lee H. McElroy. Also on display were several fat calves, but interest in this division of the show lagged somewhat this year, it was admitted.

Visiting judge for the show was M. U. May, county agent, from Dharrington, who placed the various entries on Friday afternoon.

Winners of the registered Hampshire gilts offered at the show were Tuett Johnson and Clayton Taylor, both of the Friona community, who exhibited the grand champion and reserve grand champion of the swine division, respectively.

Johnson's entry of a Hampshire sow and litter captured the grand champion title of the show, McElroy announced, while Taylor's Duroc bred gilt came in for the reserve champion rating.

All other awards were made in the form of defense stamps, on a graduated scale, according to the various rankings.

Winners Listed
Winners in the various divisions of the show, as announced by officials, were as follows:

- Fat Calves**
1st—Donald Norton, Bovina
2nd—C. R. Calaway, Rhea.
3rd—John McFarland, Friona.
4th—Perry Barnes, Lazbuddy.
5th—Glen Hightower, Farwell

- Fat Pigs**
1st—Bill Buchanan, Friona.
2nd—Floyd Rector, Friona.
3rd—Floyd Rector, Friona.
4th—Clayton Taylor, Friona.

- Fat Litter**
1st—Clayton Taylor, Friona.
(Only one entry).

- Open Gilt**
1st—Clayton Taylor, Friona.
2nd—Neal Warren, Friona.
3rd—Weldon Garrett, Lakeview.
4th—Eldred Brown, Friona.

- Bred Gilts**
1st—Wayne Manderscheid, Friona.
2nd—Anthony Jesko, Midway
3rd—Wayne Manderscheid, Friona.
4th—Robert McLaughlin, Friona

- Sows**
1st—Clayton Taylor, Friona.
2nd—France Welch, Friona.
3rd—Truett Johnson, Friona.
4th—France Welch, Friona

- Sow and Litter**
1st—Truett Johnson, Friona.
2nd—Harold Southward, Friona.
3rd—Leroy Johnson, Friona.
4th—Jim Baxter, Friona
5th—Gerald McLaughlin, Friona.
6th—Glenneth Herrington, Rhea.

Draft Board Moves To Reclassify 3-A Men

The Parmer County Selective Service Board, in session the first of the week, took the initial step looking forward to moving a number of local registrants out of lower classifications into class 1-A.

Most of the registrants affected in the reclassification shuffle are now in class 3-A. Beginning at the lowest order number, the first 199 questionnaires were examined by the Board, and the clerk was instructed to mail supplementary questionnaires to 28 registrants now in lower classification brackets.

On the basis of the information contained in these supplementary questionnaires, the classification of each registrant will be reconsidered in the near future, possibly at the next meeting, Sunday afternoon.

Serial Numbers Given
Serial numbers were given the 354 men who registered in the third registration on Feb. 16. The manner in which these registrants will be mailed questionnaires will be determined by the national lottery, to be held in Washington on March 17.

Sixteen Called
Sixteen Parmer county men will be inducted on March 21st, it was announced at the office of the local board the first of the week.

These men will be taken from the ranks of those passing their final physical examination in Lubbock during the past month. Several of this number may volunteer before the induction date, but they may still apply on the March quota.

Texico Girls Take Tournament Trophy

JAMES R. CALDWELL, son of Mr. and Mrs. J. R. Caldwell of the Oklahoma Lane community, who recently finished his second period of instruction as a Flying Cadet at Gardner Field, Calif.

Crow Rites Conducted On Monday Afternoon

Funeral services for J. M. Crow, manager of the Texico Hotel, were conducted at the Methodist church here Monday afternoon, with Rev. E. J. Sloan, pastor, officiating, assisted by Rev. W. C. Wright, of the Baptist church.

Burial was made in the Clovis cemetery, with the Steed Mortuary in charge of the arrangements. Mr. Crow passed away Thursday afternoon at the Memorial Hospital in Clovis, where he had been removed that day and placed under an oxygen tent. He had been in failing health for more than three years.

He was born May 16, 1870, at Sherman, Texas, and was married to Alice Myrtle Maxey of that city on Oct. 26, 1893. Three children were born to the union, all of whom survive.

Mr. and Mrs. Crow came to Texico in October of 1926, and took over the Texico Hotel where they have remained since that time. They came here from Roswell, but formerly lived near Grady in Curry county.

Pallbearers at the services were W. C. Triplett, O. B. Pipkin, Jack Wallace, Charles Little "Chick" Gilliam and Murry Edwards.

He is survived by his widow, one daughter, Miss Fay Crow, Texico; two sons, Briggs Lee Crow, Albuquerque; and Capt. Wm. Bryan Crow, Savana, Ga. One sister, Mrs. Florence Hodges of Hagerman, Texas, also survives.

All of the named survivors were present for the funeral except Capt. Crow, who was not allowed a leave to attend the services. Other relatives from a distance who were present for the last rites were: Mr. and Mrs. Fred Guylloud, Hagerman, Texas; Mr. and Mrs. Jim Gorrell, Portales; Mr. and Mrs. Morris Gorrell, Portales; Mr. and Mrs. Lev Haile, Dumas; Dave Blaker, Amarillo; Jim Hodges, Borger.

Fire Threatens Large Feed Stacks Tuesday

Prompt service of the Texico Fire Department probably saved several hundreds of dollars' loss to the Plains Grain & Seed company at noon Tuesday.

A small stack of heads, piled loosely on the ground at the house occupied by the G. F. Cornell family caught fire from a trash pile, and threatened to spread to the large ricks of feed owned by the Plains Grain & Seed company.

A brisk wind from the west increased the hazard, and the ricks of feed were in imminent danger when the fire department arrived.

Mrs. Cornell gave it as her opinion that an ignited piece of paper was blown from a trash barrel, setting fire to the feed.

Brazil's purchases in the United States last year totaled \$130,055,000.

Coming out ahead in both games played, the Texico girls took the New Mexico girls' basketball title the past weekend, when they competed in the tournament at McAlister.

Since in New Mexico only the eastern side of the state has girls' cage squads, the annual McAlister tourney is accepted as the state meet. Coach A. D. McDonald said, which meant that by winning the meet, the local girls brought home the state crown.

Only four teams participated this year, with Rosedale and Grady dropping out at the last minute because of illness. The teams entered in the tourney included two from McAlister, Texico and Field, the coach reported.

Facing the second-string McAlister six in the opening bracket, Texico breezed through to an easy 45-5 win, Coach McDonald said, with the girls breaking easily through the weak defense of their opponents.

The second game, however—the final of the tournament—was a horse of a different color, when the locals faced the top-string McAlister division, with the final score standing at 20-22, thanks principally to the heads-up playing of Edna Earle Thompson, Texico guard.

Thompson so efficiently muffled Green, star forward of the McAlister division, that the latter scored only four field goals during the game, as compared to some 29 points taken when Field played McAlister.

At the end of the first half, the locals trailed by two points, but came out ahead early in the third quarter, to hold a scant lead the rest of the game.

On All-Tourney Team

In addition to winning the coveted trophy for first place at the meet, Texico placed two girls on the all-tournament team. Thompson's stellar performance rated her the rank of best guard at the meet, while Bettye Lou Flye was named as forward on the mythical six.

Lila Boss, guard for the locals, also came home with one of the individual gold basketball awards, having been voted the best sport of the tournament.

The trophy won by the girls is on display at the school, McDonald said.

Texico To Elect New Officials, April 7th

The voters of the Town of Texico will go to the polls on Tuesday, April 7th, and cast their votes for a complete set of new city officials, including the mayor, four trustees and a clerk-treasurer.

Notices calling for the election have been posted in Texico during the past week.

The voting will be conducted at the Town Hall between the hours of 9 a. m. and 6 p. m., Central Standard war time. Clarence Houston and W. N. Phillips have been named election judges, with Mrs. Silas Jones and Mrs. A. C. Green acting as clerks of the election.

The new officers will be elected for a term of two years.

A committee representing the Texico and Farwell school districts left here early Tuesday for Santa Fe, N. M., to meet with the State School Budget Auditor, with reference to matters affecting the two school districts.

It was the plan of this committee to lay before the budget auditor the proposition of transferring the high school pupils of the Texico school to the Farwell school for the ensuing term.

A joint meeting of the Texico and Farwell school boards was held at the Texico school Friday evening, but the Texico board was not represented by a quorum, and only a discussion of the transfer was taken up, with no definite action being taken.

Votes Consolidation

The Texico board, in session Tuesday of last week, voted to consolidate with the Farwell district, a matter that has been under consideration for the past few years. The Farwell board, meeting Thursday, took the position that the better plan would be to transfer the Texico high school pupils to the Farwell school for at least one season, as a "try out" experiment, looking to final and total consolidation of both districts.

Farwell school officials expressed themselves as in favor of submitting the consolidation move to the voters should it develop that a transfer of the Texico high school would not be approved by the state auditor.

As yet, petitions calling for the election have not been circulated in the Farwell district. A sufficient number of signers has already been obtained in the Texico district to call the consolidation election, it is understood.

Wheat Prospects Go Up With Moisture

Already wheat farmers are looking forward to a wheat crop this year, as the result of moisture received from snow over this area during the past two weeks.

Abundance of moisture at planting season last fall has kept wheat fields growing throughout the winter months, and now farmers say that only a limited amount of rain between now and harvesting time will assure a good yield.

One grower remarked this week that three inches of rain between now and July 1st would insure a good crop of wheat.

The wind erosion hazard to wheat fields this season is expected to be at a minimum, since practically all of the fields are well covered and the crop has developed sufficient root systems to withstand ordinary windstorms expected during the spring.

New Fire Truck Due To Arrive Next Week

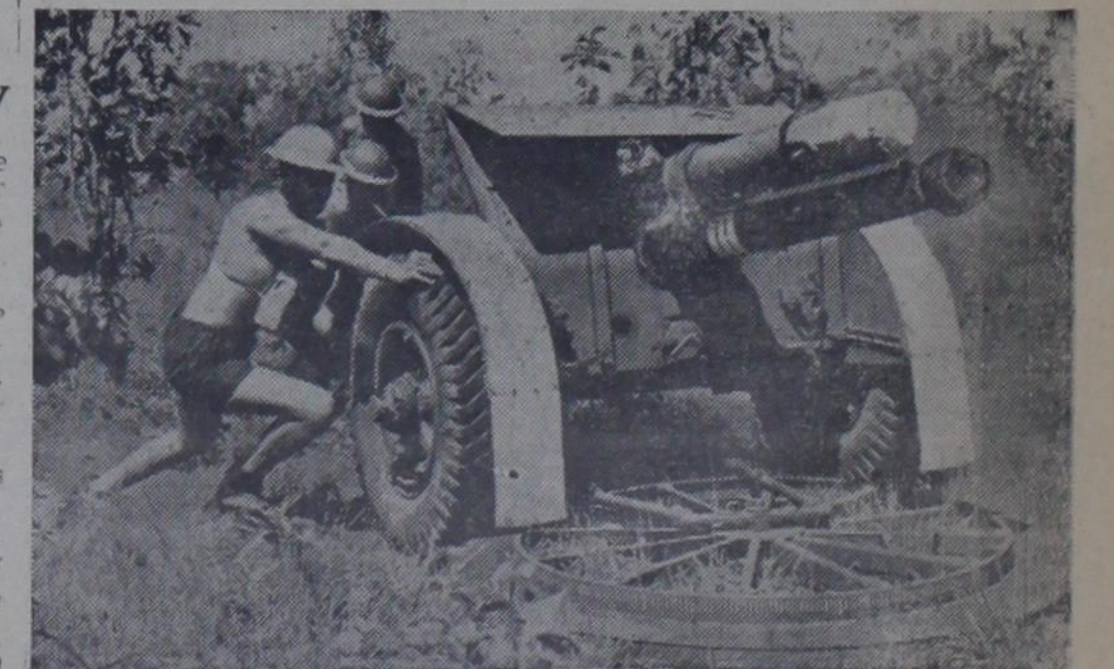

Fire Chief Ira Selman stated today that he planned to go to Amarillo before the close of the present week to accept the new fire truck recently purchased from the city of Electra, Texas.

Selman said that the new truck would be held over in Amarillo for a few days, during which time it would be thoroughly overhauled and a new coat of paint added.

He said that the truck, with all equipment in first-rate condition, should be in service here by the latter part of next week.

Bovina Happenings

Mrs. Ella Akman, of Hereford, visited in the Joe Langer home, Sunday.

Mrs. Walter Pruessner, of Fort Worth, visited her brother, Joe Langer, Saturday.

Mrs. Frank P. Wilson is spending this week in Denver, with her daughter, Wanda.

Mr. and Mrs. Bob Williford and Mr. and Mrs. J. W. Parker visited in the I. W. Quicke home, Sunday.

Mrs. W. J. Sides and Mrs. Sam Sides visited Mrs. J. Sam Gaines, Sunday afternoon.

Mrs. Bill Venable, Mrs. Homer Martin, Mrs. Norman Wilson and Mrs. Bob Williford visited in Clovis, Monday.

Miss June Hart, of Amarillo, visited her parents, Mr. and Mrs. A. M. Hart, the past weekend.

Bro. Jones, of Ponca City, Okla., is holding a revival meeting at the Pentecostal Holiness church here, having started Sunday evening.

Mrs. Boyce Belew and son, of Santa Fe, are visiting friends and relatives here this week.

Mrs. Loya McQuarter underwent an appendectomy, Thursday evening, in the Memorial Hospital.

Mr. and Mrs. Bob Blalock moved to Dumas, Sunday, where he is to be employed.

Carl Steelman is now employed at the Consumers' Fuel Association.

Mrs. Clifford Leake motored to Clovis, Monday, where her small daughter received medical care.

J. B. Belew and daughter, Bonnie Jean, of Amarillo, spent the past week visiting in the Shaw Belew home in Texico.

Week of Prayer Friday
The ladies of the Baptist Church observed the Home Mission Week of Prayer in an all-day session, Friday. Guests of the day were members of the Woman's Society of Christian Service from the Methodist church. A very worthwhile program was presented. A lovely covered dish luncheon was served at the noon hour.

Demonstration Club
The home demonstration club will meet in the home of Mrs. Ward Thompson, Thursday afternoon, March 12. All members are urged to be present. Visitors are invited.

Have Charge of Services
The young people of the Methodist church had charge of the services, Sunday evening. A number of vocal numbers and several good talks were enjoyed by all present.

Congratulations To
Mr. and Mrs. J. T. Swim, of Roaring Springs, Texas, on the birth of a son, March 5. Mrs. Swim will be remembered as Imogene Hastings, daughter of Mrs. Tom Hastings of Bovina.

Mr. and Mrs. Ed Allen on the birth of a daughter, Bonnie Faye, Thursday, March 5. Mrs. Allen was formerly Miss Faye Thompson.

CHICKERY OPENS

The Farwell Chickery, operated here by Mrs. Tye Young of Muleshoe, opened for the season the first of the week. Mrs. Young says the place of business will be open only two days a week—Mondays and Thursdays. Chickens hatched in their hatchery at Muleshoe will be delivered here on those days.

For plumbing see Lovett. 7tf.

FOR SALE—Weeping willow trees, 6 to 8 ft., 25c each. Sonny Graham, Farwell.

FOR CASH RENT—160 acres, 3 1/2 miles from Farwell. Fair improvements. See Mrs. Minnie Leftwich.

FOR RENT—Apartment in Farwell. See Mrs. Minnie Leftwich. 5-tf.

FOR SALE—Improved wheat farm of 480 acres, located in north part of Curry. 230 acres summer tilled wheat. Price, \$14.00 per acre, government loan of \$3,600.00. See us for cheap farm and ranch lands. M. A. Crum, Priona. 1tp.

LOST—Some weeks ago, between my farm and Bovina, a heavy log chain. Suitable reward for its return. C. E. Foster.

AMBULANCE PHONE 1000 Johnson-Bayless Funeral Home, 921 Pile, Clovis

VOLUNTEER WHEAT ACREAGE

In a long war it is likely that food will be one of the decisive factors. Bread grains—especially wheat—have always occupied first rank in war or peace. But in an era dominated so largely by chemistry, wheat and other grains become raw material for industrial uses—to be distilled into ethyl alcohol, or perhaps into substitutes for rubber, or used as a base for plastics. It is folly to think of wheat, in these times, as merely human food. That is why the acreage of volunteer wheat assumes increasing importance.

In an interview in The News the other day, A. W. Erickson, farmer and noted grain-crop reporter of Minneapolis, who frequently is nearer right in his forecasts than the government, called attention to the desirability of letting farmers harvest their volunteer wheat on some 6,000,000 acres of the Southwest and Midwest, because its destruction is tantamount to depriving 6,000,000 soldiers or civilians of a loaf of bread a day for two years. Erickson's slogging around muddy fields and counting wheat stalks, or what is left of them after alternate freezing, heaving and subsequent thawing tells him that it is dangerous to interfere with Nature's effort—never knowing whether drouth or floods lie ahead.

There is a place for all the grain that might be raised in the war in which we are now engaged, especially in view of the serious shortages in so many branches of industry. Organic chemistry looks upon all plant and animal growth as just so much raw material to be used in whatever form it is most urgently needed. It would be a pity to be caught short after Nature has tried her best to head off a deficit.—Dallas Morning News.

TAKES FBI EXAMINATION

Sam Aldridge, of the firm of Aldridge and Aldridge, local attorneys, went to Dallas last Saturday, where he took the examination for service in the Federal Bureau of Investigation. He returned home the first of the week with the announcement that he was confident he had passed, but had not been informed of his grade. Aldridge said if he entered the FBI service he would likely be called within the next month and sent to some unannounced destination.

Supt. W. L. Edelman of the Priona schools, and E. W. Boedecker, also of that school, are said to have taken the same examination last weekend.

CORRECTION

Announcement was made this week that the First Aid course being conducted in Oklahoma Lane, was open to both men and women. Mrs. Ed McGuire called attention to the fact that the announcement in The Tribune inferred that the class was for "women only", and urged that all men interested attend, since there are more than welcome. Meetings are held on Thursday night at the school building, at 8.30, with Clarence O. Smith, of Bovina, in charge.

Tomato Oyster Stew

is almost a meal in itself

says Dorothy Greig

FIRST time I served tomato-oyster stew one of the guests sighed happily and said, "Beyond doubt, the most scrumptious oyster stew I ever ate in all my life."

Like all fine oyster stews this one is made with rich whole milk and is lavish with plump oysters.

But the touch that gives extra dash is nothing more or less than condensed tomato soup. The soup brings to it appetizing color and zesty tomato flavor. Of course, it makes the stew more nourishing, too.

Set steam-plumbed bowls of this tomato-oyster stew on the table, and watch the members of the family sniff in anticipation. They love it before they even taste it! And, like many other deeply nourishing soups, it can be served as the main course of a light meal. Here are the directions for making the stew:

Tomato-Oyster Stew

- 4 tablespoons butter
 - 1 tablespoon onion, grated or finely chopped
 - 1 pint oysters and oyster liquor
 - 1/2 teaspoon salt
 - 1/4 teaspoon pepper
 - 2 cups milk, scalded
 - 1/2 cup condensed tomato soup, heated
- Cook the grated or very finely chopped onions in the butter. Pick over the oysters, removing bits of shell, then drain and reserve liquor. Add the oysters to the onion and butter with the salt and pepper. Cook until the oysters are plump and the edges begin to curl. Next add the hot milk and oyster liquor, and heat to the boiling point, but do not boil. Then add the hot condensed tomato soup. Mix and serve at once with crackers. Serves 4-6.

Peanuts rank as one of the richest food sources of thiamin, or vitamin B1. They also contain abundant phosphorus and fair amounts of calcium and iron.

This year cotton will have the greatest promotional fund ever available. The National Cotton Council says its nickel-a-bale fund has been approved by firms which handle more than 90 percent of the 1940 crop.

RUBBER ON THE FARM

COLLEGE STATION—Motorists—and aren't we all?—have been so busy worrying about the tires on their cars that rubber on the farm has not received much attention.

Rubber has played an increasingly important part in food production in recent years. Rubber tires for tractors and farm implements; rubber tubing in milking machines; rubber rings for canning in glass jars—the list is almost endless.

The following suggestions for care of rubber on the farm are offered by M. R. Bentley, agricultural engineer of the Texas A. & M. Extension Service:

Block up the wheels to keep weight off tires when machines and implements are out of the fields for any considerable period.

If rubber-tired implements are stored on cinder floors, block up the tires or place planks under them. The sulphur in the cinders breaks down the rubber.

Excessive slippage of tractor tires causes heavy wear, just as skids and quick stops do on automobile tires. Over-loading the tractor is one cause of slippage, and pulling in snow or mud without chains is another.

Keep rubber-tired implements out of the sun when not in use.

Under-inflation damages both rubber and fabric in the tires.

A solution of calcium chloride to

prevent freezing is recommended for northern areas of the state if water is used in tractor tires to add weight.

Rubber tubing in milking machines will last longer if it is kept clean. After each cleaning and sterilization, the tubes should be hung up to drain and dry.

LEGAL NOTICES

SHERIFF'S SALE
THE STATE OF TEXAS
 County of Parmer
 BY VIRTUE OF AN ORDER OF SALE issued pursuant to a judgment decree of the 69th District Court of Parmer County, Texas, by the Clerk of said Court on the 6th day of March A. D., 1942, in a certain suit No. 1130, wherein THE STATE OF TEXAS is plaintiff, and THE FARWELL INDEPENDENT SCHOOL DISTRICT is Intervener, and Impleaded Party Defendant, and J. W. Sellars, Mrs. L. M. Anderson and her husband if married, S. G. Myers, R. D. Sedwick, W. M. McCandlish, William Harvey, Trustee; J. H. Hiver, and the unknown heirs of said defendants, and the unknown heirs of the said William Harvey, Trustee, and the beneficiaries under said trust, and the unknown owners or beneficiaries, and the unknown owner or owners of the hereinafter described land, defendants, in favor of said plaintiff, Intervener, and/or Impleaded party defendant, for the sum of Two Hundred Sixty-Two & 80/100 (\$262.80) Dollars for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent. per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, Intervener, and/or Impleaded party defendant by the said 69th District Court of Parmer County, on the 15th day of January, A. D. 1942, to me directed and delivered as Sheriff of said Parmer County, I have seized, levied upon, and will, on the first Tuesday in April A. D., 1942, the same being the 7th day of said month, at the Court House door of said Parmer County, in the City of Farwell, Texas, between the hours of 2 o'clock P. M. and 4 o'clock P. M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate levied upon as the property of said defendant, the same lying and being situated in the County of Parmer and State of Texas, to-wit:

Lots Eleven and Twelve (11 and 12) in Block Number Fifteen (15), in the original Town of Farwell, Parmer County, Texas, as shown by recorded map or plat of said town of Farwell, Parmer County, Texas, to which said record reference is here made for all purposes, or, upon the written request of said defendant or his attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder if any, to be applied as the law directs.

Dated at Farwell, Texas, this the 5th day of March, 1942.
 EARL BOOTH,
 Sheriff Parmer County, Texas.

SHERIFF'S SALE
THE STATE OF TEXAS
 County of Parmer
 BY VIRTUE OF AN ORDER OF SALE issued pursuant to a judgment decree of the 69th District Court of Parmer County, Texas, by the Clerk of said Court on the 21st day of February A. D., 1942, in a certain suit No. 1123, wherein THE STATE OF TEXAS is plaintiff, for itself and the County of Parmer, including the Common School District No. 3, Rhea, within the boundaries of Parmer County, Texas, Plaintiff, and George Wallentin and wife, Mary Wallentin, H. L. Dodds, and John H. Krekle, whose residences are unknown, and the unknown owner or owners, and the unknown heirs of the said George Wallentin and wife, Mary Wallentin, and of the said H. L. Dodds and John H. Krekle, and of the said unknown owner or owners of the hereinafter described land, all of whose residences are unknown, defendants, in favor of said plaintiff, for the sum of Two Hundred Forty-Six and 82/100 (\$246.82) Dollars for taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent. per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, Intervener, and/or Impleaded party defendant by the said 69th District Court of Parmer County, on the 15th day of January A. D. 1942, and to me directed and delivered as Sheriff of said Parmer County, I have seized, levied upon, and will, on the first Tuesday in April A. D. 1942, the same being the 7th day of said month, at the Court House door of said Parmer County, in the City of Farwell, Texas, between the hours of 2 o'clock P. M. and 4 o'clock P. M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following

Lots Number Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), and Eighteen (18), in Block Number Fifteen (15), of the Original town of Farwell, Parmer County, Texas, as shown by recorded map or plat of said town of Farwell, Texas, of record in the Deed Records of Parmer County, Texas, to which said record reference is here made for all purposes.

or, upon the written request of said defendant or his attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties, and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

WHAT'LL THEY THINK UP NEXT?

A trade magazine announces that a product made from fresh cream, to which has been added edible vegetable stabilizer to keep the milk solids from separating, is ready for market. The product is said to retain much of the flavor of fresh cream and has no "canned milk" taste. It is packed in two types similar to fresh cream: Whipping cream and "coffee" cream. Its purpose is to supplement the cream the milkman leaves on the doorstep.

Production Financed By Emergency Loans

Crop production, vitally important this war year, is being financed by the Emergency Crop Loan section of the Farm Credit Administration through loans to farmers in need of credit assistance. These loans, usually known as "seed loans", are the oldest form of Federal aid to farmers in producing crops, having been successfully administered by this pioneer agency for many years.

In addition to cash crops, this bureau has always urged its borrowers to follow a balanced program with ample acreage of feed and food crops. Planting a home garden has been a prime requirement in securing a bigger and better home garden is being emphasized more than ever before, according to W. E. Farwell, regional manager of the Dallas office, which administers these loans in Texas.

"Not only is this verbally impressed by our field supervisors and application writers, but every check disbursed to a borrower is accompanied by a message on this subject, printed on orange paper which cannot be overlooked," says a recent statement from Farwell. "Food For Victory is more than a slogan. With in another year no one in America will need to be convinced of it. With our organization it is receiving top consideration now during the planting period," the statement concludes.

C. C. Gibson, who supervises these loans in Parmer county, states that applications for seed loans, and also for loans to purchase feed or produce feed for livestock, may be made at the courthouse in Farwell and the Friona State Bank in Friona. Advances are made for seed, fertilizer, feed, and necessary incidental expense. Eligibility rules are the same as in the past, according to the supervisor.

Conservation of Bags Urged For Defense

"Conserve burlap sacks as a safeguard against a probable shortage," Olan N. Schleuter, chairman of the Parmer USDA war board, urged county farmers this week.

Shipping between the United States and India, from which burlap is imported almost exclusively, has been reduced because of war in the Far East, the chairman pointed out. "At the same time buying of burlap has been reduced, our uses have

been increased," Schleuter went on. New uses include the packaging of foods for the army and navy, certain chemicals, and other articles, as well as items shipped abroad under the Lend-Lease Act.

Approximately 80 percent of total burlap imports go into manufacture of bags, and about three-fourths of all burlap bags are used to package commodities which farmers buy and sell. About 459 million yards of burlap were used in sales of purchases by farmers during 1939-40, the chairman said.

To off-set probable shortage of burlap, efforts are being made to expand production of coarse cotton fabrics as substitutes. Heavy demands for tents, uniforms and sandbags have already been placed on cotton fabric manufacturers and appreciable increases for other uses cannot be expected too quickly, he said.

"Handling bags more carefully so they can be used again, returning bags to dealers for re-use, and repairing slightly damaged bags are practical ways farmers can off-set the shortage," Schleuter said.

Sensational New VALUE!

PHILCO Super-Quality REFRIGERATOR

The new models now on display... see them today!

Look at these MODERN Features!

- ★ LARGE 6.3 CU. FT. STORAGE CAPACITY.
- ★ SIDE-MOUNTED, OVERSIZE FREEZING UNIT. Makes up to shelves more usable.
- ★ PHILCO SUPER POWER SYSTEM. Precision built and hermetically sealed. Quiet, dependable, economical.
- ★ EXTRA-LARGE SLIDING CRISPER. Porcelain, glass covered.
- ★ FULL LENGTH EVAPORATOR DOOR. Stays open, swings shut at a touch.
- ★ PLUS Many Other New Features, including Vegetable Bin, Temperature Control, Acid-Resisting Porcelain Interior.

Natural Gas Service isn't news to you, according to that definition. We make it our business to see that it isn't news. You have come to take Natural Gas Service and its dependability for granted. That is what we want—it shows we are doing our job.

It would be news if you got up tomorrow morning and the gas wouldn't come on. It would be news if the flow of gas into your home were interrupted several times during the day. It would be news if we telephoned you and told you we had run out of gas and wouldn't have any more until sometime next week.

None of that happens. Natural Gas Service is regular and dependable. That's why it isn't news.

THE WOLVERINE

Publication of Texico High School

JUNIOR NEWS

The Texico Junior play is to be given Friday night, March 13. The admission is 25 cents for adults and 15 cents for children.

This will be the last play of the year and a good one. If you want real enjoyment come and see the junior play, "Winning Winnie."

I am sure you have all heard of the members of different clubs sending letters and cards to Army boys. If you are in need of lessons come to the Texico Junior play and hear of our "Jolly Bachelors" correspondence. I am sure you could get ideas. All who are interested in seeing a good play come see "Winning Winnie".

FOURTH AND FIFTH

Sickness caused several of the boys and girls to be out of school last week.

Fred Curtis spent the weekend in Hereford.

Buddy Pearce visited with his sisters in Portales, Saturday.

Grace McDaniel was in Portales, Sunday, visiting her aunt, Alta Lou McDaniel.

Roy Wayne Thompson is the proud possessor of a pet goat now. We are all keeping up with the adventures of this pet and we wonder when he is going to follow Roy Wayne to school.

HOME EC

The Homemaking classe are hard at work on another project of the clothing unit. The homemaking II girls are making silk "dressy" dresses for their Easter occasions, while the homemaking I girls are making print school dresses. Both classes have a home project of various kinds. We are finding that more than ever now, during war times, it is much more important to be able to design and make our own clothes. They are more durable, often more attractive, and are less expensive. This money saved on clothing can then be used for a worthier cause.

We are glad to welcome two new students into our classe: Mary and Jane Mendoza.

AG I NEWS

The Ag. I boys have been working on practice project books, so we will know how to fill out project books.

We have begun identifying grain and have found that we know some of it fairly well. We are also beginning to get ready for the State judging contest at Las Cruces. We are going to take a few more field trips now, and learn to judge better. The boys want to judge different things—dairy, beef, cattle, swine, sheep and poultry.

WFA

We have received our new chapter books. They are very "snazzy" and we are all proud of them.

The lathe is fixed and there is quite a scramble to see who gets to use it. Bunk and Wendell seem to think they are pretty good hands at running the mechanism.

At our last meeting there was a

general discussion of events to come. We regret that some of the members couldn't attend.

Here is a general idea of how one of the Ag II classes is run:

Mr. Richards: Do you use fertilizer on strawberries?

Billy Bob (very seriously): No. Cream and sugar.

GOSSIP

We wonder what McDonald said to the girls, Friday, to make them win the tournament?

Did Dorothy hit Billy Bob, causing him to have a patch on his eye?

If anyone loses or finds anything and wants information, go to Melvin Doolittle.

Say, Bunk, you had better keep your phone call to Jane Lokey to yourself.

I wonder why the girls are keeping quiet about the election. It couldn't be because they want the boys to beg them, could it?

We wonder why Mrs. Osborne was yelling on her way to school, Monday morning?

Mary Lee gets such interesting letters. So the high school seems so thick.

Why is Albert Lane so interested in bringing Pearl to play practice?

Peggy, why the blush? And by the way, which way was your finger pointing Friday afternoon?

Why was Mary Frances so interested in the rounds of the fight going on in a car behind her? It couldn't be that she was taking lessons from someone herself, could it?

We wonder why some of the Clovis boys got lost going to the McAlister tournament, Friday afternoon? And by the way, who did they go to see?

We wonder why it is that Peggy doesn't like Mike?

We wonder who Mr. Richards meant when he said: "We have another man in the crowd!" Because there were only five girls and himself.

POPULAR and HANDSOME. This is Billy Bob. We wonder why he couldn't have gotten just a few more votes where he could have been at least one of them.

FRESHMAN NEWS

A new pupil, Mary Mendoza, has been added to the freshman class, which now totals 18, the largest class in high school.

In general science, we are taught first aid, on which we have been given examples of fractures and other serious accidents. In literature, "The Lady of the Lake" seems to be the poem which has been giving us a lot of trouble.

FIRST GRADE

My first grade pupils take a greater interest in coming to school clean, when they know the reward is to stand in the "clean line", after being pronounced "clean" by the inspector, who is the "doctor".

In March, the month of tulips and windmills, we are studying the interesting country of Holland. We want to learn about the homes, habits, customs and life in general of the Dutch people.

Margie Ann Harrison spent Sunday in Clovis, visiting her uncle.

Jean Kleeman spent Saturday with his grandmother, who lives in Portales.

Jim Duran spent Sunday with his aunt, in Clovis.

Paula Sue Arnold spent Sunday visiting her uncle.

Kayton Howard spent Sunday with his grandfather, who lives in the country.

THIRD AND FOURTH

What We Can Do For Defense

No doubt you are already helping by buying defense stamps, taking good care of scarce material, and guarding your health. These are among the first duties of our citizens.

But here are other things we may do: Join organizations which have definite programs of war-time activity. Organize school groups to collect scrap materials.

Offer the various services of the school to the community.

Start school or neighborhood gardens.

Strengthen school safety programs.

Give thought to your future, and if possible start learning some skill or trade which will be of special use to your country.

Learn more about the things we are fighting for and discuss the kind of peace we should like to see.

Alpha Mae and Dorothy Harrison visited the Wheeler dairy last week-end.

Roy Threet went to Portales, Sunday, to see his grandmother.

Delores Goldsmith visited her aunt, Mrs. Effie Young.

Lacy Gant and Leon Doolittle were Clovis visitors, Saturday.

Tommie Vigil, Jimmie Ray Powers, Betty June Lewis, Alpha Mae Harrison, Delores Goldsmith and Billie Marie Curtis have been on the sick list but are back in school.

An individual was visiting an English school one day and was asked to quiz the children on geography. He began: "What is the capital of 'olland?" "H" was the crushing rejoinder from someone in the back row.

SOPH NEWS

We are glad to have a new pupil in this class, Jane Mendoza. She comes to us from Chicago.

Two sophomore boys are VERY anxious to consolidate with Farwell. It won't do a bit of good, boys, she's moving soon.

We say with Fibber McGee: "Buy a bond, and slap a Jap across the pond!"

What did Mr. Powers tell his geometry class about "the longest way home"?

STUDENTS ELECTED

Last Thursday the school voted on the most popular girl and boy, the prettiest girl and the most handsome boy.

some boy. The Wolverine staff offers them their most hearty congratulations. The following were winners:

Most Popular Girl

Born at Texico, Jan. 26, 1924. She started school in 1929 at Texico and will finish this year. She is 5 ft. 6 in., has green eyes and dark hair, and an olive complexion.

She held several offices in grade school and graduated with high honors from the eighth grade. When in her freshman year, she was president of the class, as a junior she was vice president, and now as a senior holds the office of president. She is also president of the F. H. A. club.

She has been in several beauty contests. When a sophomore she was runner-up for queen, and also when she was a junior she ran for queen of the carnival.

This girl also plays on the baseball, volleyball and basketball teams. She was voted the best sport of the McAlister tournament, which Texico won. Her name is Lila Boss.

Most Popular Boy

The most popular boy was born Feb. 28, 1926, at Texico, where he began his school career, and has attended 10 years. He has brown curly hair, blue eyes, is 5 ft. 9 in., tall. He is Calvin Blain, a sophomore.

Calvin is a member of the FFA, of which he is president. He is one of our best athletes, playing hind catcher on the baseball team and forward on the basketball team. He has the comedy part in the junior play.

Prettiest Girl

Born August 1, 1927, at Clovis. She started to school in Clovis and transferred to Texico when in the third grade. She is a freshman now. She is 5 ft. 6 in., has brown hair and eyes. She held many class offices in grade school, and is secretary-treasurer of the freshman class now.

When in the 8th grade, she was put up for Queen of the Carnival. She is a member of the F. H. A. She plays on the baseball and volleyball teams and also played on the winning basketball team at McAlister. She was voted one of the best forwards at the tournament. Her name is Betty Lou Flye.

Most Handsome Boy

Born June 30, 1927, at Phoenix, Ariz., he has black hair and eyes, is 5 ft. 7 in. He started to school at Texico, where he has gone for 9 years. He is a member of the FFA, played second base on the baseball team, forward on the basketball team and is the reporter of the freshman class. He is liked very much by his fellow students and teachers.

Billy White is just plain "cute and handsome".

Texas Wheat Farmers Will Vote May 2nd

COLLEGE STATION—Put a circle around Saturday, May 2, because it's an important date, according to Geo. Slaughter, chairman, state AAA committee.

On that date, the nation's wheat farmers will vote on marketing quotas for the second consecutive year. To be in effect on this year's crop, quotas must be approved by two-thirds of the farmers voting. Last spring, farmers approved quotas by an 81 percent majority, the chairman said.

"We'll be wasting labor, machines and materials if we increase wheat acreage this year," Slaughter said "because we have enough wheat on hand now to supply our needs well into 1943."

Further increases in wheat production also will disrupt transportation and clog storage facilities already filled to capacity, he added.

"We need foods like eggs, milk, fats and oils, meat, vegetables, poultry and dairy products to help whip the Japs, the Nazis, and the Itali-

CAREFUL PLANNING MEANS BIG POULTRY PRODUCTION

Now is the time for careful planning in poultry production for producers next fall and winter when egg prices are high, according to L. H. McElroy, county agent.

Early hatched chicks make the best layers because they have time to develop sufficient body weight and maturity required for heavy production.

When considering brooder baby chicks be sure not to overlook the following:

1. Buy chicks from reliable hatcheries.
2. Buy chicks only from blood tested flocks.
3. Buy chicks from parents with high production if you are raising chickens for eggs.
4. Check operation of brooder before chicks arrive, then follow a strict sanitation program.
5. Last, but definitely not least, proper ventilation in the brooder house.

"We all know that we should do the above mentioned points, but we overlook them very often," he said. "Each of the above points will be necessary to meet the increased Food For Freedom growth in poultry," the agent added.

According to McElroy, more chicks in Parmer county die from overheating and improper ventilation than from chilling, as most commonly thought. Providing this year has as much rainfall as last, coccidiosis will certainly appear again. The feeding of sulphur is a definite preventive for coccidiosis. The disease usually appears in chicks six to eight weeks old, and can be identified by droopy wings, diarrhea and loss of appetite. This disease may be prevented by feeding 2 1/2% sulphur in mash. This should not be fed if the chicks do not have access to some mash, and should not be fed to chicks under two weeks of age.

That's the biggest production job we've got for this year," the chairman explained.

The present supply of wheat is estimated at 1,428 million bushels on the basis of a July 1, 1942 carryover of 635 million bushels and a 1942 crop of 793 million bushels, which includes a preliminary estimate for 1942 winter wheat of 631 million bushels and average production for spring wheat of 162 million bushels.

"That's nearly 100 million bushels more than a year ago, or the greatest supply on record," he said.

Aim of quotas is to divide a limited wheat market fairly among all wheat farmers, Slaughter said. Farmers who overseed their acreage allotments are asked to make the same adjustments in marketing that AAA cooperators make when they seed within their allotments.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending March 7, 1942 were 20,829 compared with 19,023 for the same week in 1941. Received from connections were 8,769 compared with 7,199 for the same week in 1941. The total cars moved were 28,698 compared with 25,222 for the same week in 1941. The Santa Fe handled a total of 29,106 cars during the preceding week of this year.

SERVE EGGS OFTEN

By Elsie Cunningham

Home Demonstration Agent

Eggs are one of the "protective" foods needed in every diet, say the nutrition experts.

Eggs rate as a "protective" because they are a source of important minerals and vitamins needed to safeguard health. The yolk of an egg is one of the best sources of iron, a mineral in which diets are often low. Eggs also are a good body-building food, because they contain protein of high quality.

There are hundreds and hundreds of good egg recipes. I am giving a few of the easiest and least expensive in this column this week. In most cases, these recipes will yield six servings.

Baked Eggs

Break the desired number of eggs into a hot, well-greased shallow baking dish. Add butter or other fat, sprinkle with salt and pepper. Bake in a moderate oven until eggs are set. With cheese—Before baking, pour enough milk over eggs to cover. Sprinkle with a mixture of soft cheese and dry bread crumbs. Bake in moderate oven until eggs are set and crumbs are brown.

With Rice—Put a layer of hot, cooked rice in a shallow, greased baking dish. Drop raw eggs carefully into nests made in the rice. Pour over this mixture a medium thick sauce made with milk or tomato juice. Sprinkle over the top with grated cheese and bread crumbs and bake in a slow oven until eggs are set.

Creamed Eggs And Fish

6 hard-cooked eggs, 3 tbs. fat, 3 tbs. flour, 2 cups warm milk, 1 cup canned salmon or other fish, salt and pepper.

Make a sauce by melting fat and adding flour. Mix thoroughly. Add milk slowly, stir, cook until thickened in a pan over hot water. Then cover and steam for about 10 minutes. Stir in fish and eggs, which have been sliced. Season.

Diluted evaporated milk may be used, or, if dry skim milk is available, combine 1 cup with 2 cups cold water.

Scalloped Eggs and Macaroni

6 hard-cooked eggs, 2 cups cooked macaroni, 2 cups white sauce, chopped onion, to taste, 1/2 cup grated cheese, if desired, 1 cup bread crumbs, 2 tbs. melted fat.

Cut eggs into quarters. Mix the cooked macaroni with the white sauce, as in recipe for creamed eggs and fish. Add onion, and cheese if desired. Add eggs and pour into greased baking dish. Mix bread crumbs with melted fat and spread over top. Bake in moderate oven until crumbs are brown.

Help-Yourself Canning Centers are Considered

COLLEGE STATION—Help-yourself canneries for rural and urban homemakers, patterned after the help-yourself laundries popular in Texas, may be one development of the government's all-out Food For Victory drive.

This cooperative community service likely will develop because of the shortage of materials for food preservation equipment and because it will be necessary to make maximum use of the equipment now available to homemakers, says Grace I. Neely, extension service specialist in food preservation.

Recently, surveys have been made in 143 Texas counties, revealing that there are 87 commercial canning plants in these counties, plus 61 community canning centers which were in operation during 1941. Many of the centers were operated to supplement food supplies for community school lunch projects; some are WPA-operated canning centers originally set up for the Federal meat canning program in 1933 and 1934, which now can other surplus foods for families receiving public assistance.

As a result of the earlier meat canning work, Texas counties still own 178 retorts and 456 small pressure cookers, 307 can sealers and other canning equipment, the survey shows. An effort will be made to locate all such equipment, get it ready immediately, and make maximum use of it this year, Miss Neely says.

Approximately half of the home demonstration club women in Texas 24,234 to be exact—have home-owned cookers. In addition to these, others will be needed. Loans for cooperative purchase of food preservation equipment are made by the FSA. County home demonstration agents serve as consultants on setting up community foodpreservation centers.

The average tractive power of locomotives has increased almost 40 percent in the past 20 years, according to the Association of American Railroads.

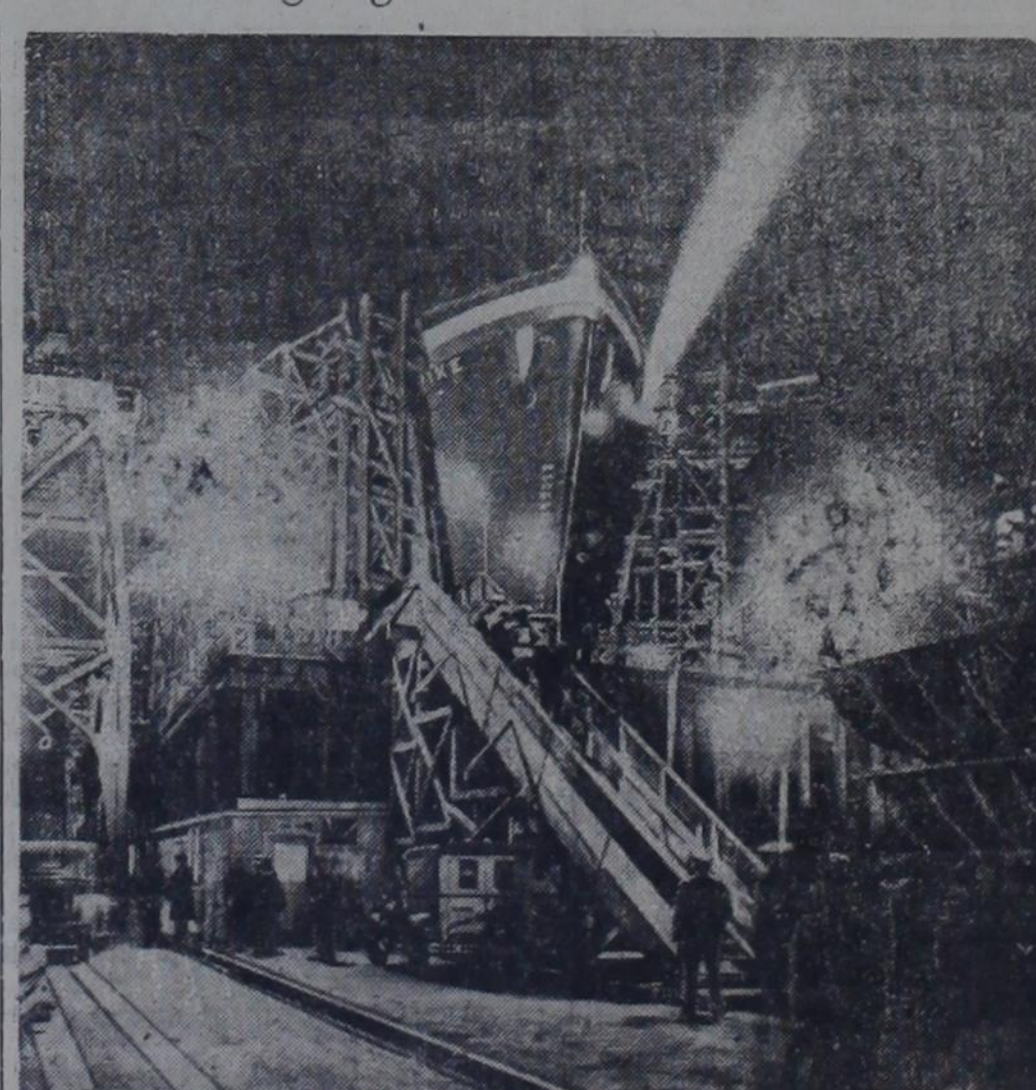

All kinds of **PRINTING**

DONE BY EXPERTS AT LOW PRICES

GOOD PRINTING is an essential to most business men and to many private individuals. The State Line Tribune, equipped with modern printing machinery manned by experienced printers, is in a position to offer good printing at unusually low prices. You'll find printing done to the most exacting standards when it's done in our job department . . . and you'll find also that it's done economically!

State Line Tribune

Racing Against Time—And Tide

Time and tide wait for no man, we're told. So the Zebulon Pike, a new freighter, was launched at five in the morning because the next tide would be at 5 p. m. That would have meant a 12-hour delay in laying the keel for the next ship, and in this war, time is important. The launching was made at the California Shipbuilding yard, Los Angeles.

Local Happenings

Club Holds Regular Meeting, Tuesday

With an unusually large group in attendance, the Texico-Farwell Woman's Club held a regular meeting in the home of Mrs. J. D. Thomas, Tuesday afternoon.

Taking as her topic, "Am I A Good Mother?", Mrs. Roy Bobst gave an excellent paper outlining the characteristics of a "good mother". Mrs. J. P. Macon, scheduled to appear on the program, was unable to attend because of illness.

Principally, the afternoon was devoted to a business session. Mrs. Loyd Cain tendered her resignation as president, and Mrs. Mose Glasscock, vice president, will serve in that capacity for the remainder of the fiscal year.

Election of delegates to the annual New Mexico Federated meeting, to be held in Albuquerque, March 23-24-25, was taken up, with Mrs. Glasscock named as delegate and Mrs. Marty Ezell as alternate. A discussion on the annual husband's party was held, and invitations to attend guest day programs at Muleshoe and Friona were read.

Two committees were named, Mrs. Marty Ezell, Mrs. E. E. Booth and Mrs. J. T. Carter being selected as the nominating committee, while Mrs. Warren Powers, Mrs. J. D. Thomas and Mrs. Johnnie Williams will have charge of preparing the yearbook for the club.

At the conclusion of the afternoon the hostess served coffee and cake and coffee. Guests at the affair were Mrs. Jess Coleman and Mrs. Aubrey Sprawls.

JUNIOR PLAY SLATED FOR FRIDAY NIGHT

Officials at the Texico school again this week called attention to the fact that the annual junior play would be presented from the stage of the auditorium, on Friday evening of this week, March 13th. The play is a three-act comedy entitled "Winning Winnie", and is a guaranteed round of laughs from beginning to end. Admission will be 15 and 25 cents, with the curtain to rise on the first act at 8:30.

Frank Spring, of Friona attended to business matters in Farwell, Monday.

Pig Roast Arranged For FFA Group

Replacing the customary father and son banquet, a pig roast will be held by the Farwell FFA group on Friday evening of this week, at which time fathers and other special guests will be honor attendants, sponsor T. A. McCuiston said today.

As a preliminary to the evening's activity, the group will hold judging contests on poultry and farm shop during the afternoon, with the announcement of awards as the highlight of the evening's program.

Following is the program: Song, "America", group. Welcome, James Martin. Reading, Charles Holland. Oath of allegiance, group. Reading James Stanley.

Talk, Agent Lee H. McElroy. "Four-Year Farm Practice Program," C. E. Knowles. Talk, Supt. J. T. Carter. Remarks, T. A. McCuiston. Announcement of awards, C. E. Knowles, poultry chairman; Frank Ford, farm shop chairman.

Song, group. McCuiston stated that the judging affair would include boys in the local FFA department, while Texico chapter members have been issued an invitation to participate.

The banquet will be prepared by members of the home-making department under the direction of Miss Dorothy Shaw, and will be served buffet style. The affair will be held in the auditorium of the school at 8:30.

Women's Circles Will Hold Joint Meeting

Announcement was made this week that a joint meeting of the Wesleyan Guild and the Women's Christian groups of the Methodist church would be held on Wednesday night, March 25th, in the home of Mrs. B. N. Graham. Miss Jennie Lee London will be associate hostess.

Miss London stated that members of the Guild were requested to use the change in time of the meeting, previously scheduled for March 18th, while members of the older circle are asked to observe that the meeting will be held in the evening, rather than the afternoon.

FLORA LEE WILLIAMS, who recently was crowned queen of Texas Tech's annual junior prom by Kenneth Robbins of Dallas, class president.

Miss Williams, a junior journalism major and member of Las Vivarachas social club, is the daughter of Mr. and Mrs. Johnnie Williams, of Farwell.

Safety Program Will Be Given at PTA

With representatives from the Texas Highway Patrol as guest speakers, the Farwell Parent-Teacher Association will hold its regular meeting in the school building, on Thursday evening, March 13th.

Lenton Pool, grade faculty member, is responsible for a number by the students. The meeting will begin at 8:30, and a liberal attendance is urged.

Teachers Enjoy Social Meeting At Friona

Representatives from several Parmer county schools met the past Wednesday night in Friona, where a social meeting was sponsored by that faculty, in lieu of the annual county teachers banquet.

A short business session was held at the beginning of the evening, after which various games were arranged for entertainment. Refreshments were served at the conclusion of the evening.

Attending from Farwell were Supt. J. T. Carter, Lester Rogers, Lenton Pool, Jeff Hooper, T. A. McCuiston, Mrs. Fleeta Higgins, Mrs. A. W. Johnson, Misses Dorothy Shaw, Velna Sheriff and Lynnette Cain.

Married in Oklahoma

On Thursday, February 26th, Mrs. Effie Owens, of Granite, Oklahoma became the bride of Dave Whitley, of this city. The nuptials were performed at 3 o'clock by Rev. J. V. Parks, Baptist pastor of Granite.

The couple are making their home at the Whitley residence in Farwell.

Leave For Navy

DeVere Roberts, son of Mr. and Mrs. D. K. Roberts, and Raymond Hall, son of Mr. and Mrs. W. W. Hall, left Tuesday morning for Denver, for acceptance in the United States Navy. They made application several days ago, and received their orders to report on Monday.

Mrs. Bessie Lee Henneman, clerk of the local draft board, was called to Texhoma, last Saturday, to attend the funeral of a relative, Henry Springman, who was buried there on that day.

Frank Seale, former FSA supervisor here, left the first of the week for the coast, as a recruit in the U. S. Navy.

Mrs. Lee Thompson was called to Cleburne, Texas, last week to inspect her first grandchild, Bonnie Fay, daughter of Mr. and Mrs. Ed D. Allen, who arrived on the evening of March 5th.

Mrs. Ruth Ezell, who recently sustained a major operation at Clovis was removed to Friona the past weekend, and is reported recovering satisfactorily. Her daughter, Ruby, who lives in Farwell, spent the weekend in Friona with her.

Mr. and Mrs. Willie Magness returned the last of the week from Vernon, Texas, where they had spent several days visiting and attending to business matters.

Miss Janie Carr, formerly of this city, is now working in Clovis.

Mr. and Mrs. W. W. Vinyard were Amarillo visitors, Sunday.

Clifford Kyker, of Carlsbad, visited here last week, and on his return was accompanied by his sister, Mrs. Lee Bradshaw, who spent several days in the Kyker home.

Mr. and Mrs. Gene Lovelace and family returned the first of the week from Tipton, Oklahoma, where they had visited for several days.

K. J. Edwards, district extension agent, will make his regular visit in Parmer county on Friday morning.

Seven Are Certified As County Instructors

Completing a special instructor's course in Clovis the past week, seven Parmer county applicants were certified as instructors in Red Cross First Aid work.

Included in the group are Jewell T. Tate, W. O. Cherry, Melvin Stagner, Mrs. Clarence O. Smith, Otho Hammonds, Fred Henry and Miss Elsie Cunningham. To receive the rating, the applicants were required to complete the beginners', advanced and special instructors' course, Miss Cunningham announced.

The Clovis class was taught by Karl A. Kretsch, Red Cross field representative out of the St. Louis office, with some 38 people from five counties being certified as teachers.

League Activity Dates Given For Schools

At a meeting held the past week in Friona, several dates on which interscholastic league events will be held in Parmer county were set, Supt. J. T. Carter, of the Farwell school, reports.

According to Carter, the literary events will this year be staged in Bovina on Friday, April 3rd, with the one-act play presentations that evening in the Farwell auditorium.

Asked about track and field events, Carter said it was not taken up at the meeting, but was of the opinion they would be held April 4th in Friona. Other dates remaining to be set include those for playground ball and tennis.

Local Principal Has Given Resignation

The resignation of Lester Rogers as principal of the Farwell high school was made public this week, to become effective at the close of the current school term.

Mr. Rogers has resigned his position here in order to accept an offer from the Amherst school, where he will serve in the same capacity as in Farwell, as high school principal.

Mr. Rogers became connected with the local schools some two years ago, and his resignation is received with regret. He and his family plan to move to Amherst following the conclusion of school this year.

Several Sign Up For First Aid Class Here

Since the opening of registration, a number of persons have made known their interest in securing a First Aid class for Farwell. Mrs. Florence Wallace, chairman of the Parmer county unit of the AWVS, said here today.

Registration for this course was opened last week, with Mrs. Wallace announcing that members of the state Highway Patrol stationed in Hereford, had offered their services as instructors, should there be a sufficient number to justify a class locally.

Nothing further has been announced, but Mrs. Wallace stated that she urged all who would to sign up for the course, and added that definite arrangements would likely be made on Thursday.

The course is open to both men and women, with the men especially urged to attend, with officials announcing that a popular misconception was prevalent, to the effect that First Aid classes were for women.

R. B. Ezell was here from Floydada over the weekend, for a visit with home folks.

Mrs. Garlon A. Harper and small daughter, Sue, spent the weekend with her parents, Mr. and Mrs. J. C. Banks, Sr. They returned to their home in Floydada on Sunday afternoon.

Miss Addie Lee Linosey, who is employed in Lubbock, was a weekend visitor in the home of her parents, in Farwell.

TO TEACH NURSING

Mrs. V. Scott Johnson, local registered nurse, announced this morning that she had received authorization from the Red Cross to conduct a class on home nursing in this county. Material is being sent Mrs. Johnson, and she asked that persons interested in such a class contact either her or Mrs. Florence Wallace, in order that plans could be made. Announcement concerning the opening of such a class is expected to be made by next week.

TO MEETING

County Agent Lee H. McElroy announced today that he and Judge Lee Thompson had made tentative plans to attend the Farm Bureau meeting, which will be held in Lubbock this Saturday, March 14.

Club met Feb. 26 in the home of Mrs. J. E. Johnston. The afternoon was spent in embroidering quilt blocks for the hostess. After the club meeting, refreshments of cake and cocoa were served to the following

members: Mesdames C. R. Hurst, Billie Alderson, J. D. Stevens, Earle Stevens, Kenneth Wise, Albert Drager, T. E. Daniel, and the hostess, Mrs. J. E. Johnston. Club will meet with Mrs. Albert Drager, March 12.

MOVING TO ROSCOE

The J. O. Nix family, of the Lariat neighborhood, is this week moving to Roscoe, Texas, where they plan to make their home. Nix stated this week that he had secured a small tract of land near that city, where he planned to raise chickens and attend a few dairy cattle.

FOOD

will help win the war!

It's the patriotic duty of every American farmer to increase the production of all food supplies this year.

This applies particularly to chickens, eggs, cream, beef and pork.

But it cannot be done in a haphazard way . . . you must have adequate facilities . . . good barns, good brooder houses and housing facilities.

Come in and let us help you plan for those improvements. We can help you arrange to finance farm improvements.

The 48th State Legislature, all of whose house members and 15 of whose 31 senators will be elected this year, will meet for its regular session on January 12, 1943.

The governor and lieutenant governor, elected this year, will be inaugurated Jan. 19 1943.

County Saves On Fire Insurance Reduction

Parmer county realized a substantial saving in the fire insurance rates on the courthouse and jail properties in this city, Monday, when the Commissioners' Court voted to cancel the fire insurance policies now in force and have them rewritten.

Insurance representatives who hold the policies on the county property were present, and explained to the county officials that such an action would save the county 25% on the present premiums. The commissioners voted to renew the policies for a five-year period with the same companies now carrying the risks.

Reduction in Farwell
Due to the low fire loss in Farwell over the past five-year period, all property in the city has earned a 25% reduction in rates. Officials contacted here Tuesday were unable to state the saving to be realized, except to say that it should amount to "several hundred dollars."

The Farwell school board recently took a similar action and saved approximately \$250.00 during the next five years. Local insurance men explain that all fire insurance policies written in Farwell during the next 12 months, ending Feb. 28, 1943, will be subject to a discount of 25% under former rates charged here.

Tribune Job Printing Is Best

Interest Lags In Track Activities

Coach Jeff Hooper announced this week that only a small group had reported for track activities at the Farwell school, and added that with inclement weather conditions and lack of proper track shoes, the first practice had not been held, as of Monday of this week.

At the time he was interviewed, Hooper listed only four men as current prospects, but added that he thought several others "might turn out this week."

Smookey Gast and Paul Roberson were named as prospective 100- and 220-yard dash men, with Gast as a probable hurdle entrant. The other two men, James Stanley and James Martin, had not been definitely listed as to entry, Hooper added. At present, there is not a "weight" man listed for the squad.

STOCK SHOW

(Continued from page 1)

7th—Tom Childs, Priona

The show was sponsored by the Priona Lions' club, and those cooperating announced that they were well pleased with the quality of stock shown, as well as the attendance given the affair.

No announcement was made here as to whether any of the county winners were exhibiting at the Amarillo Fat Stock Show, which opened Monday.

If a feeder lamb gets stiff or bloated, give it a four ounce syringe of mineral oil. Exercise also will help the bloot.

Making Progress On Plan To Get New Hose

Ed Eason stated today that favorable progress was being made in Texico-Farwell to buy at least 500 feet of new fire hose to add to the Texico Fire Department.

He said that practically all of the local businessmen had expressed their willingness to contribute liberally to the fund now being solicited for this purpose. Eason said that the chief difficulty encountered thus far was with the "big firms", some of whom were not disposed to raise their "ante" as high as would be necessary to obtain sufficient money.

"We are still working on the deal, however," Eason said, "and I believe we will get the necessary funds."

CARL HILL RESIGNS

Carl Hill, district Farm Debt Adjustment specialist, was here over the weekend, and while here announced his intentions of resigning his office on April 1st.

Hill, who is a brother of Grover Hill, assistant U. S. Secretary of Agriculture, stated that he planned to give his time to the operation of his farm and ranch near Bushland, adding, "I don't see any use of drawing a check once a month and doing nothing."

HOME FROM PANAMA

Mrs. Leon Cantrell, daughter of Mr. and Mrs. Sam Randol, is expected to arrive here Thursday from Upham, Panama. She has been located there since last October, with her husband, a Navy man who is stationed in Panama.

Mrs. Cantrell's return to the States is in keeping with the government's policy of removing all women and children from that area "just in case".

GOLDSMITH PRODUCE

To the Farmers

We will have 3,500 bushels of Hy-Bred and Half and Half Cotton Seed delivered to us this month and will be distributed from either of our gins at Lariat or Farwell.

We have bought only seed that are proven to be pure in variety and with germination of 80% and above, and will be offered at lowest possible prices.

Our delinting and treating plant will be in operation after the 15th of this month, and we will be in a position to treat and clean all kinds of sorghum grains as well as cotton seed.

We are operating a Feed Mill and Mixing Plant in connection this year and will do custom grinding and handle a complete line of Commercial Feed for cattle, hogs and poultry at the Lariat Gin. This plant will also start operation March 15th.

Farwell and Lariat Gins
