

Everyone Tied For Lead - -

12-Week Football Contest Kicks Off Today

One, grab a pencil; two, grab an entry blank; and three, GO!

Fun, frustration, winning and losing are all part of the 16th Annual Area Merchants Football Contest which kicks off with this issue of the Tribune.

Each week for the next 12 weeks three lucky persons will be awarded first, second and third place prize money for their efforts in the weekly competition with their eyes on the Grand Prize and second prize to be awarded at the end of the 12 weeks of the annual event.

Grand Prize will be two tickets to the Cotton Bowl Game New Year's Day, 1975, and \$50 expense money. Second prize consists of two tickets to the Sun Bowl in El Paso and \$25 in expense money. Weekly winners are to receive \$5 for first place, \$3 for second, and \$1 for third.

Ten high school, college or professional games are to be listed each week in the Tribune. All entrants must do is pick the team they will believe will win in each game and circle or otherwise indicate the winner's name. A score must be selected for the Game of the Week and placed in the appropriate blank on the entry form. Games of the Week or tie-breakers will be used to determine the weekly winners in case of a tie. This game does not count in the weekly won-lost standing. The point spread method will be used in calculations.

It is possible for the entrant to predict the winner of the Game of the Week incorrectly, but still win the weekly money by being closer in the point spread. Should a tie occur at the end of the contest, the point spread will be figured for the

entire 12 weeks and the entrant with the smallest point spread will be the winner.

In order to participate in the game one must be 12 years of age or older. Entries must be

brought to the Tribune office by 5 p.m. each Friday or, if mailed, the entries must bear a Friday postmark. Only one entry blank will be accepted from any individual each

week. Tabulation will be kept all season and will be available for public inspection.

Among the sponsoring merchants this year are Farwell Equipment Co., Security State

Bank, Worley Mills, Inc., Pay-N-Save, Interstate Fertilizer, Sherley-Anderson-Pitman

Grain Co., Oklahoma Lane Farm Supply and Gin, Farwell Fertilizer, Leric's, Castor

Feed Yards, Farwell Builders Supply, Rose Drug and Gift (Continued On Page 2)

First Game - -

Steers Are 'Ready' To Face Friona Chieftains

"We will be giving up size and experience to Friona but I feel like our boys are ready to play," commented Farwell Head Coach Eugene Jennings in reference to the Steers' opening game of the 1974 season. Farwell's Steers will be hosting their first opponents, Friona's Chieftains, tonight with kick off slated for 8 p.m. CDT in Steer Stadium.

"Friona is supposed to have one of the better ball clubs around the area and we are looking forward to playing them. We need to play tough opponents before district," the coach further stated, reflecting, "As far as the passing game goes, Friona has a fine tight end-quarterback combination. Their backs run hard but they are not real strong."

Friona battled Canyon in a pre-season scrimmage last week with statistics revealing close session. According to the Jennings, "The scrimmage should speak for itself as far as Friona is concerned."

Jennings, who will be coaching his first Steer season clash, remarked, "I feel if we can hold their running game to a minimum inside, we have a good chance to play. Their pass attack and inside running game are strong. We are going

to have to control their ball passing enough to keep them honest in the secondary and to avoid the stack on the run."

Farwell will begin action against Friona with two starters out. Gerald Hardage dislocated his knee in Friday's scrimmage at Morton and Mark Haseloff underwent surgery on his right knee.

Jennings predicted that Hardage will return to the line-up for the third game and, if treatment progresses well, he may see action next week. Haseloff will be out of action for approximately six weeks.

"We will go into Friday night's game with two players back after being out. Jack Foster will be back at 1/2 to 3/4 speed and Travis Bibbs will be playing again," related Jennings.

MORTON SCRIMMAGE

In the second and final pre-season scrimmage of the Farwell Steers last Friday against Morton, "We hit a lot better than we had before," said Jennings.

According to Jennings, the coaching staff of Farwell was pleased with the running of George Garza and the quarterbacking of Lesley Curtis, as well as the pass catching of Brad Jones and Gary Green.

"Our line blocking was better but it still has a long way to go," said Jennings. "Our defense looked better but it is still our weakest point and it still needs work. Our secondary on defense looked better than anything during the scrimmage."

The coaches also commented that the B team looked real good against Morton.

Coaches Jennings, Alana, Owen, McDorman and Scott urge all Steer supporters to turn out for the first game of the 1974 season. Game time is set for 8 p.m. and ticket prices for the Varsity clash have been set at \$1.75 for adults and 75 cents for students.

GERIES GRIDIRON GUESSERS - Some people need all the help they can get and the two younger Geries children, Lisa and Steve, are helping Mom, Dad and big brother and sister all they can in an effort to win tickets to the Cotton Bowl Game to be played New Year's Day, 1975. Last year, both Mr. and Mrs. Don Geries and their two older children, Dondra and Randy, all entered the Area Merchants Football Contest and plan to enter again this year. And, as anyone can see, Steve seems to have a look of total confidence which is lacking from the faces of the other family members.

Wolverines Prepared To Take On Hagerman

With all injuries healed and the Wolverines warmed up for the opening game of the 1974 football season, Texico will host Hagerman for their first season clash at 7:30 p.m. MDT Friday (tonight).

According to Texico Head Coach Ray Manly, all of Texico's Wolverines will see action in tonight's game including James Steward who was injured in the final game of the 1973 season.

In commenting on the upcoming clash Manly stated, "We must be able to control their outside running and passing attacks. Hagerman is real fine on both of these points."

The coach related that Hagerman is boasting a south paw quarterback and "this really makes a difference." Hagerman's quarterback, Archie Regalado, is larger than his Wolverine counterpart Tommy Galvan but being left-handed is the greatest advantage Regalado can claim over Galvan.

"Stopping the Bobcats' passing and outside attack will be our main goal," stated Manly. "They are both effective and Hagerman has good receivers and speed to the outside. If we can stop this, then we can stop the Bobcats."

Hagerman has an experienced line, with three of their four backs being returning lettermen. But, according to Manly, Texico and Hagerman are comparable, about all the same age. "They are not all solid veterans but not all of them are young. I believe it will be a close ballgame; hopefully, with us on the long end of the scoring," said the coach.

Manly reported there have been no changes in the prospective starting line-up for tonight's game. The coach feels that with his offensive line, which includes returning veterans Roger Pace at tackle, Steve Harrington at end, Spencer Turner at the other end, Ernest Woods and Ronnie Ruiz at guard, combined with his speedy backs, will be a very effective offensive squad.

A veteran line and better than average speed will be contributing factors for the Wolverines during competition both against Hagerman and throughout season competition.

SCRIMMAGE PLAY

The Texico Wolverines conducted an inter-squad scrimmage Friday, Aug. 30, pitting player against counterpart. "Coach Shaw and I were fairly well pleased with the boys during the scrimmage," Manly stated. "We could have had a better scrimmage; but, with all things considered, we were pretty pleased."

Both Coach Manly and Coach Shaw invite all Wolverine supporters and football fans to be at Wolverine Stadium tonight to boost the Texico team on to their first victory of the 1974 season.

Light Turnout - -

Texico Voters Approve Two Bond Propositions

Qualified registered voters in Texico went to the polls in two separate bond elections Tuesday, Sept. 3, and Saturday, Aug. 31, to give approval for the construction of a new junior high school and improvements to the city's sewage disposal facility and a resurfacing project.

A proposition of the Board of Education of the Texico Municipal School District for the issuance of general obligation bonds in the amount of \$150,000 was passed by Texico voters in the Tuesday bond election. A total of 113 registered voters cast ballots, with 94 voting for and 19 voting against.

An extremely light voter turnout decided the fate of two propositions presented to voters on Saturday, Aug. 31. Two separate issues totaling \$36,000 were voted on by a total of 33 persons, with 20 voting for and 13 voting against.

Issues voted on were improvements to the sewage disposal facility in the amount of \$12,500 and the resurfacing

project in the amount of \$22,500.

The \$150,000 approved by voters in the school bond election will be earmarked for the construction of a new junior high school, including six classrooms, restrooms and a music room. The district has been allotted \$125,000 from the Capital Outlay Fund that does not have to be refunded. The district will have available \$275,000 to build the building but bond indebtedness will be increased by only \$150,000.

Approval by voters of the city's portion for improvements to the sewage disposal plant in the amount of \$12,500,

means that the federal government will make up the difference between \$12,500 and the total cost of the project which is \$89,977.50.

Texico City Clerk Clara Wiehl stated the number voting in the school bond election was "about the usual number that vote in school bond elections."

However, in the city's bond election, she commented that the turnout "was the lightest in the 12 years that I have been at City Hall."

Texico City Commissioner Bill Thigpen said he was "glad to see the propositions pass, but I was disappointed in the voter turnout."

Texico Baptist Church Plans Revival Sept. 8-15

The First Baptist Church of Texico will conduct a revival the week of Sept. 8-15 at the church. Morning services will begin at 10 a.m. and the evening services at 7:30 p.m.

Evangelist for the revival will be Rev. James J. Estep of Kannapolis, N.C. Rev. Estep has pastored five different churches in North Carolina and is presently the pastor of Lane Street Baptist Church in Kannapolis.

A number of activities have been scheduled during the revival. Kicking off events, the youth department is planning a bicycle rodeo on Saturday at 5 p.m. from Pleasant Hill to Texico. Five persons will make up each team and each person will ride two miles.

Following the bicycle rodeo, races for all ages will be held at the church including blind-fold obstacle race, relays, calf roping, wagon races and flag races.

Sunday, Sept. 8, church members are invited to bring their lunch, after which, Rev. Estep will show slides of the Holy Land, followed by singing. On Wednesday, Sept. 11, the women of the church will meet at 7 a.m. for breakfast at the Fellowship Hall and a devotional to be given by Rev. Estep.

Also on Wednesday, Sept. 11, the youth will meet at the church immediately following school for a get-together. On Friday, Sept. 13, the "Out-of-Schoolers" Class will have a breakfast in the Fellowship Hall, followed by a devotional. A "Man and Boy" breakfast will be held Saturday, Sept. 14.

Broom Sale - -

Lions Club Plans 'A Clean Sweep'

The Texico-Farwell Lions Club is conducting its annual broom sale today and tomorrow (Friday and Saturday) in an effort to make a sweeping drive through the two cities to benefit the Lions' philanthropic project, sight conservation.

Distribution points will be the post offices in both Texico and Farwell and, according to club president, Johnny Curtis, the two points will be manned by Lions club members all day both days.

Co-chairmen for the broom sale are Otis Huggins and Jim Walker. Members of the committee are Joe Helton, John Dempster and Lee Hutchins.

The Texico-Farwell Lions Club is continuing its efforts to help the blind citizens of Texas help themselves and at the same time raise funds for sight conservation projects through a community-wide sale of blind-made products.

All kinds of cleaning products will be available at the sale including house brooms, warehouse brooms, whisk brooms, house mops, dust mops, rubber mats, grass mats, dust clothes, dish and tea towels, utility sponges, pot holders, dust pans, lawn rakes, wax applicators, push broom handles, fly swatters, liquid crayons and much more.

A CLEAN SWEEP - The Texico-Farwell Lions Club is making a clean sweep of persons and businesses in the area who may need any type of broom and related cleaning product, as its annual broom sale is in progress today and tomorrow (Friday and Saturday). Distribution points will be the post offices in Texico and Farwell and Lions volunteers will man the points all day both days. Ready to clean the two towns in an effort to aid the Lions' philanthropic project, sight conservation, are, left to right, Johnny Curtis, club president; Otis Huggins and Jim Walker, co-chairman of the broom sale.

URELY
PERSONAL
by John

It's here, it's here! The annual "Fall Football Madness." Last year for the opening week of the merchants football contest, over 260 local fans fell victim to the mania. Before the contest period was over, in excess of 400 local folks got into the running for the various prizes.

This season, it is widely predicted that the malady will strike over 300 persons by 5 o'clock this Friday. The Department of Football Hysteria at the Tribune is preparing to treat over 500 rabid fans during this sixteenth running of the Daffy Derby.

Last year, the Geries family entered en masse and Dandy Don set the pace for his family with a total of 75 correct picks for the season. However, on the other hand, the Willie Dannheim family contested and Larrupin' Lorene laid it on Weary Willie by an 80 to 71 count.

The great Tribune football melee certainly has to be one of the leaders in the massive "fem lib" movement, as over the years it has been the distaff quarterbacks in the family who have managed by hook and probably crook to garner the preponderance of high scores.

We do feel easier about this statistic this year as Jolting Gene Hardage has already said that this is his year and Runner-Up Willie Roberts has promised him a close race.

Yet dynamite comes in small packages, and as usual Elaine Wardlaw may blow all the men folk out of the contest tub. Another tough female competitor each year is Doris Herington. Her 80 points last year make her a formidable opponent in any football guessing scrimmage. Of course, we hate to mention it but, another pigskin whiz named Jo ran up and down husband Jim's turf to a sound 83 to 66 victory in that family.

Mr. and Mrs. Albert Johnson will probably enter the contest, and Mrs. Albert is better than an even bet to best him. He runs strong in the Friona and Bovina races but has yet to cop a kudo in the tough Tribune tussle.

All this is by way of saying that anybody has a chance to go to the Cotton Bowl game or to the Sun Bowl festivities. All that is necessary is to get started this first week, enter every week, go to church regularly and maintain an 80 percent average for the season.

This weekend, the Texico-Farwell Lions Club is staging its annual broom-mop and household item sale. All of the goods sold are manufactured or fabricated by blind folks at the "Lighthouse For The Blind." It provides them with constructive work and a profit on their labor.

The money realized by the local club goes to buy glasses for local needy children and also toward the operation for the New Mexico Eye Bank Program. Is there any better deal than to purchase a quality item that you can use day to day in your home and at the same time provide a job for a blind person, help buy a pair of needed glasses for a child with sight impairment, or to restore sight to an elderly person through a corneal transplant?

Come next to the post offices in Farwell and Texico Friday afternoon or Saturday and buy something from a worthwhile organization that is striving to provide useful goods and services rather than accept a handout. You will feel better for it.

Lazbuddie Schools Enroll 305 Students

Figures released from the Lazbuddie Independent School District as of the first day of school on Monday, Aug. 26, indicate a total enrollment of 305 students in grades Kindergarten through twelfth grade.

This total enrollment includes 227 elementary students and 78 high school students, somewhat of a drop as of the first day of school last year, according to Janie Johns, secretary to superintendent Sam P. Barnes.

Pep Rallies Scheduled At Local Schools

Members of the Texico and Farwell pep clubs and the cheerleading units of both schools invite Wolverine and Steer supporters and football fans from across the area to attend their pep rallies to kick off afternoon activities for the opening games of the season. Both the Texico and Farwell teams will be hosting their first opponents of the new season Friday (tonight). Game times have been slated for 7:30 p.m. MDT for Texico and 8:00 p.m. CDT for Farwell.

Classes will be dismissed at 1:15 p.m. for Texico students with the pep rally to be conducted in Wolverine Stadium. Students will not return to classes following the pep rally but will be dismissed for the remainder of the day so they may attend the Curry County Fair.

Texico Varsity cheerleaders are Gia Crooks, Debra Stephens, Cheri Sharp and Carol Eshleman.

Beginning at 3 p.m. this afternoon students, pep club members, bands, football players, coaches, faculty members and fans of Farwell schools will gather in the gymnasium for the Steers' first pep rally of the season.

Two afternoon classes will be shortened by 15 minutes each to allow 30 minutes for the rally which is to conclude at 3:30.

Farwell Varsity cheerleaders are Joi Meeks, Lisa Kittrell, Cindy Watts, Pam Erwin and Cary Marsh.

Make your plans now to attend the pep rallies and display your support for your team.

Texico Commission To Meet Tuesday

The Texico City Commission will meet on Tuesday, Sept. 10, at 6:30 p.m. MDT in City Hall for a continuation of discussion on the mobile home zoning ordinance number 185, according to City Clerk Clara Wiehl.

Texico Chamber To Meet Sept. 9

The Texico Chamber of Commerce will hold its regular meeting on Monday, Sept. 9, at 7:30 p.m. in the citizens Bank Branch in Texico.

Lazbuddie Football Schedule

The Lazbuddie High School 1974-75 football schedule has been announced by Jimmy Campbell, football coach.

Lazbuddie meets its first opponent tonight (Friday) at 8 p.m., playing at Whiteface.

Other games include Sept. 13, Texico at Lazbuddie, 8 p.m.; Sept. 20, at Bovina, 8 p.m.; Sept. 27, Nazareth at Lazbuddie, 8 p.m.; Oct. 4, at Amherst, 8 p.m.; Oct. 11, Matador at Lazbuddie, 7:30 p.m.; Oct. 18, at Sudan, 7:30 p.m.; Oct. 25, Valley at Lazbuddie, 7:30 p.m.; and Nov. 1, at Happy, 7:30 p.m.

The Lazbuddie - Matador game on Oct. 11 in Lazbuddie will be the school's homecoming game.

Booster Clubs Slate Meeting Dates

Officers of the Texico and Farwell Booster Clubs have issued an appeal and invitation to all Wolverine and Steer fans to attend the regular meetings of their respective clubs.

Texico Booster Club will conduct an organizational meeting Monday, Sept. 9, beginning at 7:30 p.m. in the high school cafeteria. At this time officers for the 1974-75 year will be elected and new memberships will be accepted. Membership fee for one year is \$5.

Also on tap for the Monday meeting will be a review of the Texico-Hagerman clash which is to be staged tonight (Friday) at 7:30 p.m. at Wolverine Stadium.

Farwell Booster Club has changed its regular meeting date from Mondays to Tuesdays with the first Tuesday meeting scheduled for 8:30 p.m. at Clara's restaurant Sept. 10.

Members of the club will review the Farwell-Friona game to be played tonight at Steer Stadium beginning at 8 p.m. and will accept any new memberships for \$10 a year per family.

Charges Filed - -

Seven-Year-Old Girl Kidnapped And Shot

According to Parmer County Sheriff Charles Lovelace, charges have been filed against Russell Lee Curry, 31, in the attempted murder Thursday, Aug. 29, of Diane Dominguez, seven, who was kidnapped about three miles southeast of Lazbuddie, and later shot and dumped along a road in Bailey County.

Curry is lodged in the jail at Dimmitt on kidnapping charges, with bond set at \$50,000 on the charge.

The girl reportedly was walking home from her grandmother's house, when a white male stopped his vehicle and pulled her into the car. Sheriff Lovelace stated the girl had been shot twice when she got out of the car and began running from her assailant. The girl walked to a nearby farmhouse and officials were alerted.

Contest . . .

(Continued From Page 1)

Shop, Watts Oil and Tire Co., Inc.

Also, Texico Feed Lots, Capitol Foods, West Texas Pump Company, Williams Fertilizer, Nickels Gin and Compress, Texaco, Inc., Kelly Green Seeds, Watts Machine and Pump Co., Farwell Pipe and Iron, Booth and Roberts Insurance, Gifford-Hill Co., Inc. and Fairfield Farms.

Contestants are urged to submit an entry each week, as the contest has never been won by anyone who did not enter each week, proving that consistency counts. However, the contest has had a grand prize winner who never got into the weekly prize money.

This might be your year to win...so all you armchair quarterbacks, drug store coaches and gridiron prognosticators should sharpen your pencils and wits and get ready to turn in that entry blank.

So, limber up your arm and get your entry blank turned in. First time guessers are as apt to win the top prize as an old "pro" if past performances are any indication.

Man Injured At Worley Mills

Joe Garcia of Clovis, 20, was injured in an early morning accident on Wednesday at Worley Mills in Farwell.

Details of the accident are sketchy, but according to Bill Thigpen, manager of Worley Mills, Garcia was in the process of moving some railroad cars when a cable slipped off and hit him in the back of the head at approximately 8:20 a.m.

Curtis Smith saw Garcia laying on the ground, found him unconscious when he went to investigate and called the Farwell Fire Department for an emergency vehicle. Garcia was transported to Memorial Hospital in Clovis.

There were no witnesses to the accident. According to Thigpen, as of presstime, Garcia's condition was unknown as he was still in x-ray at the hospital.

Two Injured - -

Car-Motorcycle Wreck Kills Two

Two persons are dead, two are injured and a 24-year-old Muleshoe man is lodged in Parmer County Jail on charges of murder with a motor vehicle and failing to stop and render aid after an accident, as the result of a car-motorcycle collision at approximately 1:55 a.m. Sunday, Sept. 1, on U.S. Highway 84, about 1.1 miles east of Farwell.

According to Royce Keck, investigating officer from the Department of Public Safety office in Friona, a car driven by Victor Manuel Arzola, 24 of Muleshoe, was going east on the highway and crossed the median into the west bound lane colliding with two motorcycles.

The first motorcycle carrying David Davis, 19, and his wife, Dolores Davis, 16, both of Snyder, struck the car's fender and lights on the driver's side. They were injured.

The second motorcycle driven by William L. Davis, 15, of Snyder, brother of David Davis, struck the passenger side of the car caving in the door and shattering the window glass. Davis was pronounced dead at the scene by Farwell Justice of the Peace Ray Mears.

A passenger in Arzola's car, identified as Alfredo Macias Cadona, died a short time after the accident and was pronounced dead on arrival at a Muleshoe hospital.

Texico, Farwell and Friona emergency vehicles responded to the emergency calls. Farwell and Texico emergency vehicles transported David and Dolores Davis to Clovis Memorial Hospital.

Approximately one hour after the accident, Texico City Marshal Mickey Penn stopped the fatal car at Lariat. Officer Keck stated the Arzola car traveled 8.4 miles down a dirt road with two flat tires following the accident. Cadona was still in the car and was transported to a Muleshoe hospital where he was dead on arrival.

The driver of the car was not injured in the accident and did not require hospitalization, according to Officer Keck.

Parmer County Sheriff Charles Lovelace said that Arzola had been charged on two counts: murder with a motor vehicle and failing to stop and render aid after an accident. Arzola has been arraigned by Justice of the Peace Mears, and has been bound over for

grand jury action. Mears set bond at \$20,000 on each charge. Arzola is presently lodged in the Parmer County Jail.

According to a spokesperson at Memorial Hospital in Clovis, Mr. and Mrs. Davis are both listed in "fair condition" as of mid-Tuesday afternoon.

Funeral services for William Davis were held at 4 p.m. Wednesday in Bell-Seale Funeral Home Chapel in Snyder. Burial was in Hillside Memorial Gardens in Snyder.

Davis was born in Spring-

dale, Ark., and was a freshman at Snyder High School.

Survivors include his parents, Mr. and Mrs. Al Davis of Snyder, three sisters, two brothers, a half-sister, his grandmother and step-grandfather.

Services for Cadona were pending as of presstime.

Fire Calls

Both the Texico and Farwell Fire Departments reported no fire calls during the past week.

Emergency vehicles from both Texico and Farwell answered emergency calls Sunday Sept. 1 at approximately 1:55 a.m. to the scene of a car-motorcycle accident, which claimed the lives of two persons and injured two. Both emergency vehicles were used to transport the injured to Memorial hospital in Clovis.

The Farwell emergency vehicle was called to the scene of an accident at Worley Mills at approximately 8:20 Wednesday morning. Joe Garcia of Clovis was injured and was taken to Memorial Hospital in Clovis by the Farwell emergency vehicle.

SCHOOL BOND ISSUE - Texico City Commissioner Bill Christian prepares to cast his vote in Tuesday's Texico Municipal School District bond issue. Texico voters went to the polls to cast ballots on a bond issue totaling \$150,000 for the construction of a new junior high school. Assisting with the election were, left to right, Mrs. Jerry Tharp, judge; Mrs. Mae Stone, judge; Mrs. Bertha Kelley, clerk; Mrs. Lois Hudnall, clerk; and Mrs. Evelyn Hadley, judge. Not pictured is Mrs. Teresa Curry, clerk.

Men's Club Championship Scheduled For Sept. 7-8

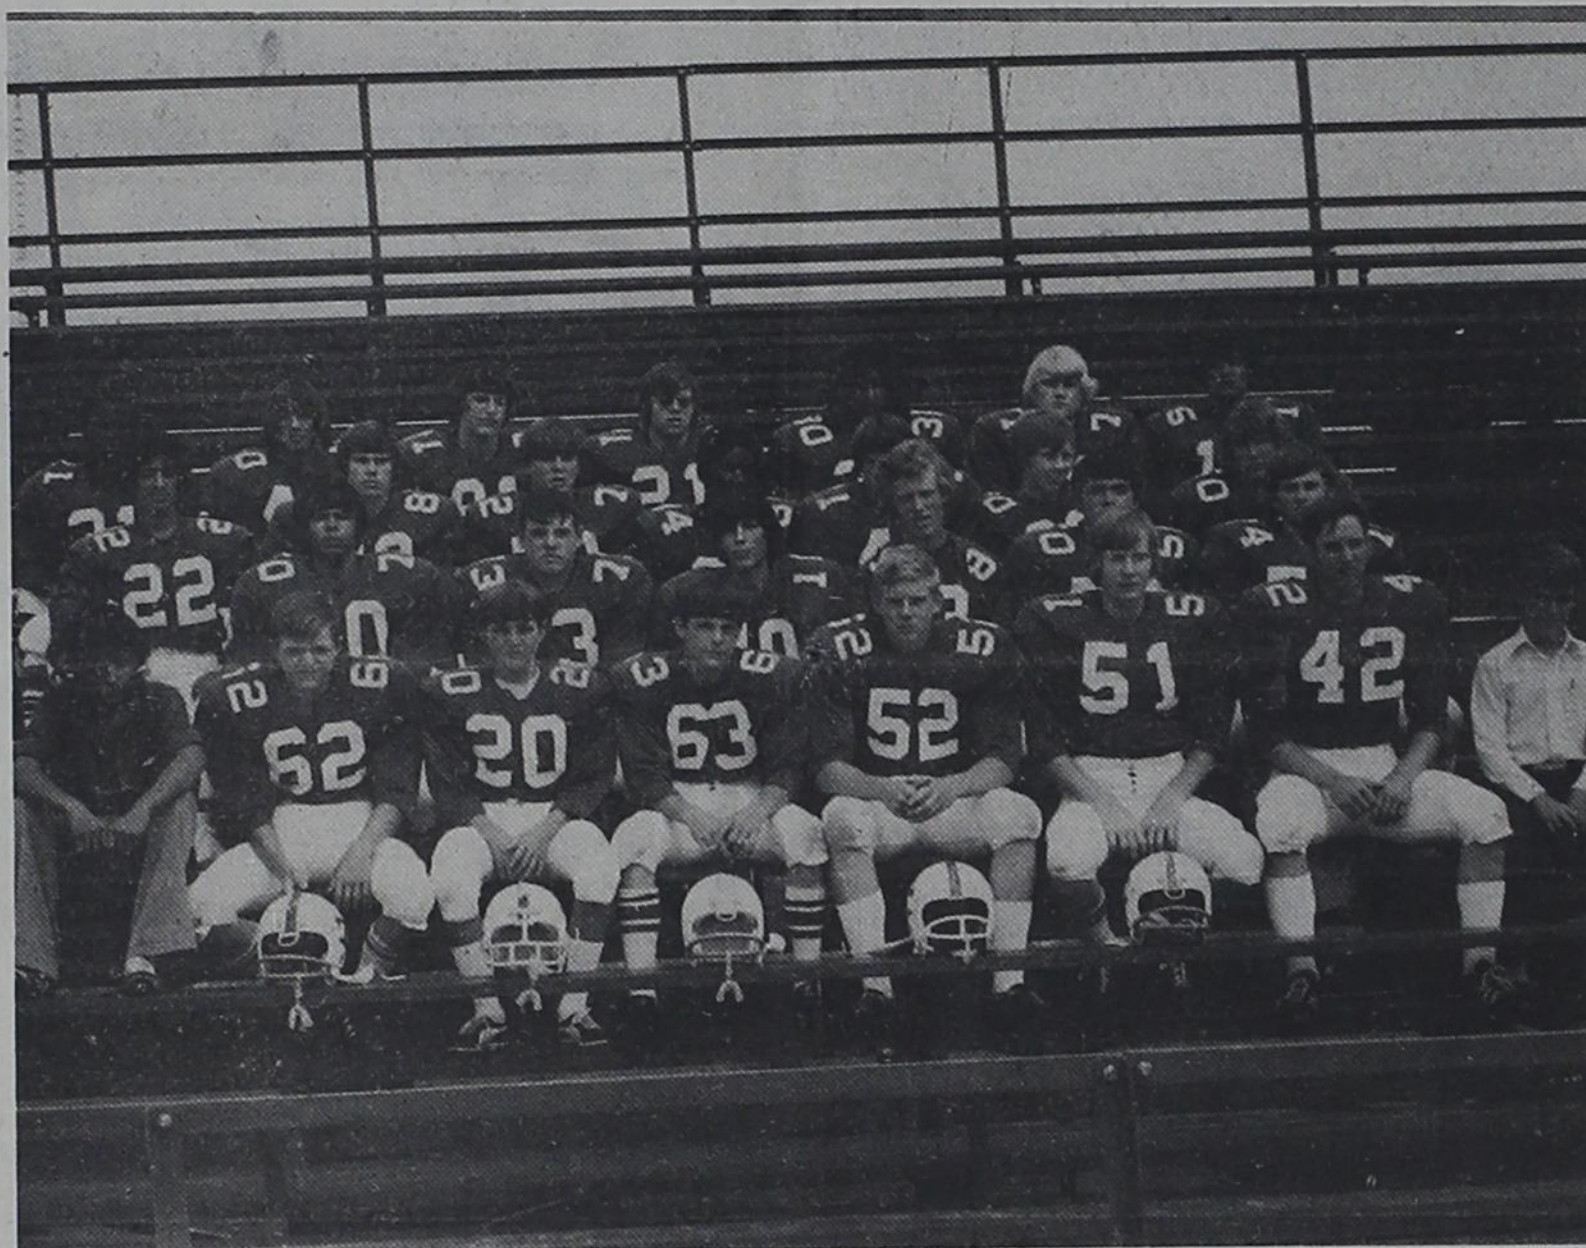

The Farwell Country Club Men's Club Championship will be held Saturday and Sunday, Sept. 7 and 8, according to Joe Lamberson, golf professional at the club. Tee off times for both days will be 1 p.m.

The championship was originally scheduled for Aug. 24 and 25, but was rained out.

Competition in the tournament is open to club members. Those desiring to enter may contact Lamberson at the Farwell Country Club. Prizes will be gift certificates redeemable at the club.

Many people prescribe horseradish as a cure for toothache.

Both are employees of the Soil Conservation Service in Friona.

At Home In Parmer County

By Jana Pronger
County Extension Agent

Making jams, jellies and preserves is a good way to use fruits with size or shape unsuitable for canning or freezing.

Follow a tested recipe and be sure to use the proper amounts of fruit, pectin acid and sugar to make a satisfactory product of good jell consistency.

Pectin is the substance in fruits that when heated and combined with fruit acid and sugar causes the mixture to "jell."

Some fruits, such as apples and plums, contain pectin and combine well with other fruits that do not contain as much natural pectin.

Jellies and jams can be made without commercial pectin, but they must be cooked longer than those with added

pectin.

The business of food - from growing through retail to the range - occupies about 12 to 13 per cent of the total U.S. energy requirements.

The homemaker can contribute to energy saving by preparing fuelsaving meals.

Plan to bake several things in the oven at one time. The oven only needs 10 to 12 minutes' of preheating, but preheating is often unnecessary at all.

For meats, turn the oven off a few minutes before the meat will be done and let the residual heat finish the cooking.

One-dish meals cooked on top of the range are energy savers, too.

THE HOME WORKSHOP

An attractive silverware holder can be easily made, as both its design and construction are simple. The holder is made of 3/8-inch thick wood, such as poplar.

The holder's corners are formed by what is known as a compound miter treatment. This type of cut is best done on a table saw, such as Rockwell's new 9-inch Homecraft model, an ideal tool for both big and small jobs.

When you get the plans, lay out the patterns on a sheet of heavy paper. Then cut them out with scissors. Using these templates as a blade-setting guide, set the angle of the table-saw blade to coincide with the angle of the patterns. Then rip one edge of the lumber at this angle. You should cut enough to make the two side and two end panels. After this bevel has been cut, return the blade-angle to 0 degrees.

The next step is aligning the bottom edge of the pattern with the beveled edge of the wood,

so that you can then trace the outline of the pattern on the wood. This procedure should be followed for both ends and both sides.

The divider should be traced onto a square piece of wood. A jig saw is then used to cut all curved parts. After all the wood has been sanded sufficiently, you are ready for assembly. Join the pieces together with glue and small brads. Set the nails, and fill the holes with wood putty or a similar filler. Finish the tray with stain and several coats of shellac. Or, if you like, you can try an antique finish.

To obtain a copy of the plans, write The Home Workshop, P.O. Box 982, Pittsburgh, PA 15230.

TRIBUNE RIVIA

from across the desk of Joann Getz

Received a subscription renewal and check from Cricket Taylor who moved to Long Beach, Calif., several months ago. She included a note saying, "Hello there: Enjoy news from home very much but the paper seldom reaches me before the next Thursday. Could be the slow mail service? Yes, Cricket, it is the slow mail service - the papers are in the local post office each Thursday afternoon."

To those of you who have called the Tribune during the last three weeks and keep getting the busy signal, please try again. Our telephone has been out of order much of the time. The Tribune line stays busy, but not that busy.

When we pick up the phone to make a call, instead of a dial tone we get "this is a recording - the number you have dialed is not a working number," etc., and it repeats and repeats. The problem: we have not dialed a number because we cannot get a dial tone. The person trying to reach the newspaper office simply gets nothing but a busy signal.

Work on the telephone lines and the wet weather have evidently caused out-of-order problems throughout the community, according to reports we have received.

The staff is getting "geared-up" for the Merchants Football Contest which is set to launch this week. Publisher husband has commented on several stalwart contestants, but can't let the contest begin without challenging Don Williams. Are you making any wagers this year, Don?

Mrs. Paul Skaggs says she is not going to forget to enter this first week this year. Says she might have won either of the last two years if she hadn't forgotten to get her entry blank in the first week of the contest.

Anyway, we do have fun during the 12-week contest. We see persons from both towns that we seldom see the rest of the year. Family members challenge each other and many families have their own little contest going. The traffic on Third Street is going to be heavy for the next 12 weeks.

Butterscotch Drops For Back-To-School Bunch

Bake a big batch of Back-To-School Butterscotch Drops - great for lunches, snacks and desserts.

If your kids have the back-to-school blues, give them a lift this fall. Bake a big batch of Butterscotch Drops. There will be plenty to pack in lunch sacks and to fill the cookie jar for a perfect snack or fast dessert. These cookies are rich and full of butterscotch flavor. Velvetized evaporated milk makes them tender.

For the best cookies, remember a few baking tips. Watch the baking time carefully to avoid underbaked, doughy cookies or overbaked, hard ones with dark edges. Cookies dropped on a shiny cookie sheet will brown more evenly. Mound the dough on cool cookie sheets when you drop it to prevent excessive spreading. And be sure to cool your cookies on racks to prevent sogginess.

Back-To-School Butterscotch Drops (Makes about 12 dozen cookies)

- 1 cup softened butter
- 1 cup shortening
- 1/2 cups firmly packed brown sugar
- 1/2 cups granulated sugar
- 3 eggs
- 1/2 cup undiluted Carnation Evaporated Milk
- 1 tablespoon vanilla
- 4 1/2 cups sifted flour
- 2 teaspoons baking powder
- 1 1/2 teaspoons salt
- 2 teaspoons baking soda
- 1 cup (6-ounce package) butterscotch morsels
- 1 cup chopped walnuts

Cream butter, shortening and sugars until smooth and creamy. Add eggs, evaporated milk and vanilla; mix well. Sift flour, baking powder, salt and baking soda together. Gradually add flour mixture to sugar mixture, beating constantly on low speed. Scrape sides of bowl frequently. Stir in butterscotch morsels and nuts. Drop rounded teaspoons of dough on lightly greased cookie sheets. Bake in moderate oven (375° F.) 9-10 minutes or until cookies are golden brown.

FmHA To Guarantee Emergency Livestock And Poultry Loans

Financial assistance to livestock and poultry producers under the Emergency Livestock Credit Act are available through a new loan guarantee authority of the Farmers Home Administration (FmHA), a rural credit service of the U.S. Department of Agriculture.

Billy R. Boling, FmHA County Supervisor, said the agency will be prepared to implement the recently-enacted law by guaranteeing up to 80 percent of possible loss on loans made by legally organized lenders to livestock and poultry producers.

Under terms of the act, the loan guarantee program will be in effect through July 25, 1975. It may be extended for six months beyond that date if the Secretary of Agriculture determines that it is needed to help the livestock industry obtain sufficient credit.

The law calls for loans to be made by banks or other legally

organized lenders. Boling said interested producers are urged to make applications to, and complete loan arrangements with lending institutions. The lender in turn will ask FmHA for a loan guarantee if one is required. The lender will process the application, close the loan and service it.

The maximum loan to any single borrower that can be assisted by an FmHA guarantee is \$250,000. Loans will be repayable in from one to three years, although renewal for two years may be authorized. Interest rates will be determined between borrower and lender.

Boling said the agency is authorized to guarantee up to 80 percent loss a lender may incur on loans to bonafide farmers and ranchers who breed, raise, fatten or market beef and dairy cattle, hogs, sheep, goats, chickens and turkeys. A majority of the borrower's income must come

from the operation, and a majority portion of the borrower's time must be devoted to the livestock or poultry production.

In the case of a corporation or partnership, assistance can be extended only when the majority partners or stockholders are primarily engaged in livestock or poultry production.

FmHA guarantees will be made only when the bonafide livestock farmer or rancher cannot obtain financing without a guarantee. Loans may not be used to expand operations.

Boling said the county FmHA office servicing the area where the borrower's livestock or poultry operations are conducted will handle requests from lenders for guarantees, or supply information on the loan guarantee program.

The FmHA Office serving Parmer County is located at 207 Avenue D, Farwell, Tex.

DOES YOUR FERTILIZER CONTAIN SULPHUR?

Smith-Douglass Pelleform does!

You used to take sulfur for granted. You can't afford to anymore. Environmental controls have reduced the amount of sulfur in the air. You don't get carry-over you once did from sulfur dust insecticides and fungicides.

How can you economically furnish sulfur to your crop? Use Smith-Douglass Pelleform. It gives you not only nitrogen, phosphorus and potash but sulfur... plus Trel. Smith-Douglass' exclusive formula of trace elements. And it's all combined in every clean, green pellet. Pelleform's easy handling, even spreading.

Rely on Pelleform Bermuda Booster to produce high-yielding pasture. The sulfur in Ber-

muda Booster is important to cattle. The Texas Plant Food Institute Newsletter reports that sulfur helps control nitrate accumulation to minimize losses from grass tetany and nitrate poisoning.

Pelleform comes in a special analysis for peanuts. Extra amounts of calcium and potash help produce good yields of firm, heavy, high-quality nuts.

You'll like Pelleform. It's the kind of complete and balanced fertilizer you need to make money from farming today. Talk to your Smith-Douglass man!

Smith-Douglass makes the growing greater!

YOUR SMITH-DOUGLASS MAN IS READY TO HELP YOU.

Mr. and Mrs. Bill Meeks went to Denver recently to visit Mrs. L.L. Dorris, Mr. and Mrs. Dale Dorris and family, and Mr. and Mrs. Bernie Dorris and family. Then over the Labor Day weekend they had Mr. and Mrs. Charles Verner and family, Mineral Wells, visiting in their home, as well as in the homes of Mrs. W.E. Verner and the Ray Verners.

.....

Welcomed guests in the home of Mr. and Mrs. Fred Curtis and Lesley recently were Mr. and Mrs. Robert Curtis, Amarillo. Their time was spent visiting and comparing notes on their summer vacations. Also visiting with the group was W.E. Curtis, Tempe, Ariz.

.....

Visiting in the home of Mr. and Mrs. L.S. Pool this weekend were their son and daughter-in-law, Mr. and Mrs. Sam Pool and family, Alamo-gordo.

.....

Kent and Kelby Bradley, sons of Mr. and Mrs. Carl Bradley, Dimmitt, were visitors in the home of Mr. and Mrs. Vernon Scott over the weekend. The boys are nephews of Mrs. Scott.

.....

The young people of the Hamlin Memorial United Methodist Church sponsored an ice cream and cake supper at the church Sunday night. Lots of good eatin' and good fellowship!

.....

Visitors in the home of Mrs. Alvina Cox this weekend were Al Phillips, Morton, and Billie Phillips, Lubbock.

.....

The Terry Parr family went to Childress this weekend to visit with the Grady Parris. Boy, that sure is HOT COUNTRY! I'll take good ole Farwell any time!

.....

The I.W. Quickels had lots of houseguests this weekend. Their grandson, David Quickel, a niece, Evelyn Price, Mrs. Quickel's sister and her husband, Mr. and Mrs. Rondal Price, Amarillo, and her father, J.R. Thornton, Hereford. Then Mr. and Mrs. I.W. Quickel, Sr., Bovina, came Sunday afternoon for a visit.

.....

Mr. and Mrs. Floyd Embry and Eldon went to Scottsdale, Ariz., last week to visit Mr. and Mrs. H.F. Croom. The two men are army buddies who still like to keep in touch. While they were in Scottsdale they visited Metro-Center and Thomas Shopping Mall, two huge shopping centers there, and Legend City, which is similar to Six Flags, only smaller. The Embrys returned to Farwell via Tucson, Ariz., where they toured Old Tucson and the Arizona Sonora Desert Museum. Mrs. Embry reports that they had a real nice, interesting trip.

.....

Mrs. Linnie Mae Crook had part of her family home this weekend. Her daughter and grandson, Mrs. O.D. Jones and Dean, Mesquite, were here until Monday. Her son, Randy,

4-H Can Have A Lasting Effect

was in and out, from Muleshoe, and Mr. and Mrs. French Crook, Bovina, came over, too. Linnie Mae took her daughter, Jaquetta, to Canyon Monday, where she will attend West Texas State University.

.....

Visiting Mrs. B.N. Graham this weekend were her son and daughter-in-law, Mr. and Mrs. John Graham, Abilene, and their daughters, Sarabeth, Abilene, and Kathy and their son and daughter-in-law, Mr. and Mrs. Dennis Graham, all of Lubbock. Kathy brought with her a friend, Mike Chauveaux, also of Lubbock.

.....

Misses Cindy, Jill, and Bob-bye Brewer, Ft. Worth, were visitors in the home of Mr. and Mrs. Charlie Hromas this weekend. The girls are Charlie's nieces, and are daughters of Mr. and Mrs. James Brewer, and I'm told that they really added pulchritude to the congregation at church Sunday.

.....

Another news item from the Hromas family -- their daughter and son-in-law, Mr. and Mrs. Mike McManigal, have recently moved from Waco,

.....

These are just a few examples of what former 4-H members are doing. One thing all these and many others have in common is the learning by doing experience," points out Miss Garcia. "That is the foundation of a 4-H education, and that is what gives young people the chance to learn practical things useful for everyday living."

.....

According to the 4-H specialist, Mrs. Odus Wittenburg of San Angelo received several recognitions as a 4-H member in McLennan County. After serving as a county Extension agent, Mrs. Wittenburg helped organize a Women's Department for the San Angelo Stock Show. She was also the first woman director of the San Angelo Stock Show and Rodeo Association. She is active in civic and community affairs and was recently named to the San Angelo Commission on Women.

.....

"Interest in 4-H livestock projects had an effect on Dr. W.L. Anderson, Dallas County veterinarian," notes Miss Garcia. "He is recognized for his large animal practice. Anderson has served as president of the Texas Veterinary Medical Association and is both a member of the Texas Animal Health Commission and an official veterinarian for the State Fair of Texas."

.....

Demand for paper products is expected to increase by about seven million tons over the next three years.

.....

State Mission Program Set At First Baptist Church

The First Baptist Church of Farwell will conduct its state mission program at the Sunday, Sept. 15, Sunday School and worship service. Sunday School classes will begin at 10 a.m. with the worship service following at 11 a.m.

The program will be given by members of the First Baptist Church, with Gladys Kaltwasser serving as leader.

The state goal for the state mission program has been set at \$1,111,111.11, with the local church's goal set at \$600. Offerings taken during the Sunday School classes and worship service will be contributed toward this \$600 goal.

Three mission programs are conducted each year benefiting state, home and foreign missions.

Guests Visit In Home Of Mrs. John Hightower

Mr. and Mrs. Ken Wooley and children, Jim and Tina, and Joe O'Neal spent the weekend of Aug. 17-18 with Mrs. John Hightower of Texico, grandmother of Mrs. Wooley and O'Neal.

They had visited with Mrs. Bettie O'Neal, mother of Mrs. Wooley and O'Neal, in Huntington Beach, Calif., for two weeks and were en route home to Fort Smith, Ark.

While in California, the group went to Disneyland, Knott's Berry Farm, Farmer's Market and several other places of interest. The Wooleys returned to Fort Smith on Sunday Aug. 18.

Joe O'Neal remained with Mrs. Hightower and will be staying in her home while attending college at Eastern New Mexico University in Portales.

.....

Kim Snider, daughter of Mr. and Mrs. M.A. Snider, Jr. of Farwell, moved to Amarillo Sunday, Sept. 1, to begin dental hygienist training at Bio-Medical Center, which is associated with Amarillo College.

At the same time she is undergoing training, she will be attending classes at West Texas State University where she is a junior student.

Pot Luck Dinner, Games Enjoyed By Church Group

Members of the Pastors Pals and Companion classes of the First Baptist Church of Texico gathered at the Fellowship Hall of the church for a pot luck dinner and game night Friday, Aug. 30.

Games played by those attending included tattle tales, pile on and barnyard. In charge of the game session were Mary Bradley and Joe O'Neal.

Plans for the evening were coordinated by Jean Smith, Connie Elliott, Donald Haile and Keith Scott. Next gathering of two groups will be the Christmas Party. Planning committee for the event will be Jo Walker, Joe O'Neal and Mack Madden.

.....

Those attending Friday's affair were Mr. and Mrs. Jim Walker, Mr. and Mrs. Tom Harlan, Mr. and Mrs. Pete Harrison, Mr. and Mrs. Mack Madden, Mr. and Mrs. Eddie Dunsunworth, Mr. and Mrs. Keith Scott and family, Mr. and Mrs. Bill Thigpen, Mr. and Mrs. Chuck Bradley, Mr. and Mrs. Vernon Thigpen, Mr. and Mrs. Dee Brown, Mr. and Mrs. Eddie Smith and Shelia, Joe O'Neal, Connie Robertson and Mr. and Mrs. Doyle LaRue.

Have A Football Fiesta For \$5.00

Once school starts, Friday night means just one thing; another high school football game. How about an after-the-game party at your home? It's easy, inexpensive and fun. In fact, your own high schoolers can do the whole thing themselves and feed eight hungry fans for just \$5.00.

Since economy is the name of the party game this fall, make party decorations out of objects you already have around the house. The theme is Mexican; so raid cupboards and closets for objects with a Mexican look. A Mexican casserole makes a festive centerpiece. Fill it with fresh chrysanthemums or straw-flowers. Wrought iron candlesticks take on a fiesta look when the bases are wreathed in real or artificial flowers. Large straw hats make superb wall decorations.

What the hosts wear to their party will be dictated by local teenage custom. They'll probably want to wear bluejeans and layers of sweaters to the game. Embroidered shirts are currently popular with everyone; so if there aren't any embroidered shirts in their wardrobes, help make some. Enlist all the nimble fingers in the family to sew a few flowers on the back yokes and cuffs of their favorite denim shirts.

The menu for this post-football fiesta features Mexicali Quiche. The dish is partly like a traditional French quiche with its layers of cheese and a creamy custard of eggs and velvety evaporated milk, but this one has a Mexican twist that appeals to hearty young appetites. The bottom layer is a mixture of ground beef and green chili peppers. After baking, it's cut into rectangles and topped with a zippy sauce made from

chopped chiles simmered in fresh-tasting Contadina tomato sauce. Serve a basket of tortillas, warmed in the oven instead of bread. A green salad provides nutritional balance and refreshes the palate to keep the fans coming back for more.

Here's a recipe that guarantees the food will vanish like a boot-legged ball.

Mexicali Quiche
(Makes 8 servings)

1 pound ground beef	6 eggs
1 cup chopped onion	1/2 cup flour
3/4 cup (7-ounce can) diced green chiles	1 1/2 cups undiluted Carnation Evaporated Milk
1 teaspoon salt	1/2 cup water
1/4 teaspoon pepper	1 1/2 cups (15-ounce can) Contadina Tomato Sauce
3 cups (12 ounces) shredded Jack or Cheddar cheese	

Cook ground beef and onion in frying pan until meat loses its pink color and the onion is tender. Break up large chunks of meat with spoon. Drain off excess fat. Remove 2 tablespoons diced chiles from can and set aside. Add remaining diced chiles, 1/2 teaspoon salt, pepper and 1 cup shredded cheese to meat in pan. Mix lightly. Spoon into 13 x 9 x 2-inch baking dish. Level with back of spoon. Sprinkle remaining 2 cups shredded cheese over meat mixture. Beat eggs, flour and remaining 1/2 teaspoon salt with rotary beater or mixer until well blended and smooth. Gradually beat in evaporated milk and water. Slowly pour over cheese in baking dish. Bake in moderate oven (350°F.) 25 to 30 minutes or until knife inserted near center comes out clean. Quiche will be lightly browned around edges. Let stand out of oven while heating topping. Finely chop the reserved 2 tablespoons diced chiles. Add to tomato sauce in small sauce pan and heat to boiling. Reduce heat, cover and simmer 3 to 4 minutes. Cut quiche into eight large rectangles and spoon about 3 tablespoons sauce over each serving.

KARROLL RHODES

Karroll Rhodes Receives Honor

Karroll Rhodes, a senior at Farwell High School, has been notified that she is to be featured in the eighth annual edition of "Who's Who Among American High School Students, 1973-74," the largest student award publication in the nation.

Karroll is the daughter of Mr. and Mrs. O.L. Rhodes. She has participated in basketball, band and track.

by MARY LEE THOMPSON

Almost 40 million homeowners will improve their homes this year. Most of them will be on remodeling budgets. Many will try to shave costs—sometimes through "false" economies.

With labor charges continually rising, work that homeowners do themselves can represent substantial savings. But, do-it-yourselfers should be sure they have the time, patience and degree of skill needed for the project. It can cost more to undo an amateur's mistakes than to call in a pro at the start.

Area Families Gather For Reunion In Arizona

Mr. and Mrs. Truman Kittrell and children, Sabrina and Steven of Texico; Karen Hadley, daughter of Mr. and Mrs. Raymond Hadley of Texico; Mr. and Mrs. Darrell Norton and Mr. and Mrs. T.J. Kittrell, all of Farwell, traveled to Tombstone, Ariz., over the Labor Day weekend to meet D.K. Kittrell of Lawndale, Calif.

Accompanying the group to Tombstone was Mrs. D.K. Kittrell and children, Gary and Sandy, who had been in the Texico-Farwell area visiting and to attend the Lunsford-Norton wedding.

Mrs. Kittrell traveled to Tombstone with the Darrell Nortons, Sandy with the Truman Kittrells, and Gary with the T.J. Kittrells.

Mrs. D.K. Kittrell is a sister of Mrs. Darrell Norton and Mr. Kittrell is the brother of T.J. and Truman Kittrell.

During their stay in Tombstone the group visited the O.K. Corral, Boot Hill cemetery and various museums. At the O.K. Corral they saw an enactment of the famed gun fight, and at the Schiefel Theater they viewed a history of Tombstone. The group also spent time visiting and swimming.

The sightseers took a trip across to Naco, Mexico, which is across the Rio Grande River from Tombstone.

The Nortons returned to Farwell via El Paso and Juarez.

Cheapest Cut Not Always The Best Buy

AUSTIN—What is the best buy at the meat counter? Sometimes the cut with the higher price.

"Cost per serving is the way to figure price when buying meat," said Agriculture Commissioner John C. White. "Often more expensive cuts will provide more meat and reduce the cost per serving."

According to TDA home economists, the number of servings per pound usually depend on the cut. A chuck blade or arm roast yield two servings per pound but a pound of boneless chuck or sirloin tip yield three. Ground beef, sausage and poultry breasts usually yield four servings a pound.

Dividing price per pound by number of servings per pound equals cost per serving. An arm roast at \$1.19 a pound costs 60 cents a serving. A sirloin tip at \$1.59 a pound costs 53 cents a serving.

Leslie Fern Norton Becomes Bride Of Micky G. Lunsford

Leslie Fern Norton and Micky Glen Lunsford exchanged marriage vows in a double-ring ceremony on Sunday, Aug. 25, in the First Baptist Church of Farwell. Rev. J.L. Bass of Odessa officiated at the rites.

The bride is the daughter of Mr. and Mrs. Darrell Norton of Farwell. Parents of the bridegroom are Mr. and Mrs. B.L. Lunsford, also of Farwell.

Decorations in the church carried out a garden wedding theme. The entrance was framed by tall topiary trees, evonymus foliage, white winter carnivals mums and pompons. The wedding party walked down a bridal aisle carpet to the altar.

The altar was centered with garden baskets of springer filled with multi-colored pastel flowers on tall antique finished pedestals. Framing this were brass spiral candelabra holding white cathedral tapers. On either side were large fanned

arrangements of white gladioli and large mums in garden-like urns on Grecian pedestals. Other candelabra were entered with box wood garlands furthering the garden effect. The couple knelt on pre-dieu benches for their nuptial vows. Family pews were marked with white satin bows.

The bride, escorted to the altar by her father, wore a formal gown of white English net over bridal taffeta designed with a fitted Empire bodice. Her shadow neckline and short cap sleeves were entirely edged by Venise lace in small flowers design. The bodice was covered by English net with an overlay of Venise lace of flowers and leaves. The A-line skirt fell to a band of lace, swept to back fullness and cascaded into a full chapel train of sheer English net. The entire skirt was trimmed in Venise lace which traced a scalloped pattern around the gown. Appliques of lace in flower and motifs enhanced the gown.

The bride wore a matching Camelot cap covered by Venise lace. Her veil of English net fell to a fingertip length and covered her cap. The veil was edged by matching lace. Appliques of lace in flower and motif design enhanced the veiling by tracing a pattern over it.

The bridal bouquet, a stylized cascade of phalopsis orchid, stephanotis and springer fern, was arranged on a Bible given to the bride by her maternal grandmother, Mrs. Everette Christian.

In keeping with tradition, the bride wore the gold wedding band of her great-grandmother Sheets, which now belongs to Mrs. Herman Gerles, as something old. Something new was her wedding gown. Something borrowed were a diamond pendant belonging to Mrs. L.L. Norton, the bride's paternal grandmother, and diamond earrings belonging to the bride's mother. Something blue were a handmade garter and hand tatted Bible marker, a gift from Mrs. Charles Gibson of Friona. The bride wore pennies minted in the years of the couple's births, given to her by her aunt, Mrs. John McFarland.

Maid of honor was Lori Norton, sister of the bride. Attendants included Debbie Sewell and Susan Symcox, both of Farwell. Flower girls were Tiffany Bowers, cousin of the bride, Lindsay, Calif., and Noelle Jamison, cousin of the bride, Omaha, Neb.

The attendants wore long gowns in colors of yellow, green and pink. The fitted Empire bodices were enhanced by deep shadow necklines of wide, white Venise lace in a flower and leaf pattern. The bodices were marked by white ribbons. The slightly gathered skirts fell to a brush length. The attendants carried parasols with clusters of multi-colored sweetheart roses, daisies and pompons. The tips and handles were accented with cascades of multi-colored ribbons. The flower girls carried semi-open white lace parasols filled with arrangements of blue daisies spilling over the side.

Buddy Lunsford of Farwell served his brother as best man. Groomsmen were Denny Lunsford and Ricky Lunsford, brothers of the bridegroom. Ushering were Ray Norton,

David Norton, Mack McFarland and Terry Craft, all of Farwell. Todd Gerles of Texico, cousin of the bride, was ringbearer. Serving as candle-lighters were Ray Norton, brother of the bride, and David Norton, uncle of the bride, both of Farwell.

Wedding selections were provided by Mrs. Charles Hargrove and Lynn Blankenship. Mrs. Donald Christian was organist.

For her daughter's wedding, Mrs. Norton chose a long nylon jersey dress of aqua. The dress had a high neckline, long sleeves and a cummerbund. She wore a phalopsis orchid corsage with accents of stephanotis.

Mrs. Lunsford was gowned in a floor length apricot knit dress with long sleeves and an Empire waist. Light blue embroidered flowers enhanced her dress. She wore a phalopsis orchid corsage accented with stephanotis.

Following the ceremony, a reception was held in the church's Fellowship Hall. The bride's table was covered with a candlelight peau and lace cloth and centered with a candelabra epergne holding mint green tapers in an arrangement of pink elegance pixie carnations, blue pompons and yellow daisies. From this arrangement extended garlands of springer and multi-colored flowers that encircled a silver punch bowl and the wedding cake. The four-tiered cake was topped with pink sweetheart roses. Also on the table were silver goblets presented by Mrs. Billie Kittrell.

A tall rice tree graced one corner of the reception area. The tree had rosebuds of satin in the bride's chosen colors and held rice bags, which were distributed to guests by Gerri Bowers and Cathy Clancy.

The guest book table featured an Edwardian bouquet of the bride's chosen colors. Guests were registered by Charla Norton.

The bridegroom's table was centered with a memory candle and featured a gold coffee service. The memory candle was placed on a golden tray and surrounded with green ivy. The couple lit the memory candle prior to cutting the wedding cake. The bridegroom's cake was of red velvet with a white icing, trimmed in avocado green and gold. A cloth of white embossed over mint green complimented the table.

Presiding at the bride's table were Mrs. Candy Barton, Leslee and Claire McFarland, Cindy Watts and Joyce White. Serving at the bridegroom's table were Mrs. Roger Johnson, sister of the bridegroom, Mrs. Ricky Lunsford and Mrs. Denny Lunsford.

Other members of the house-party were Christi and Cindy Clancy. Hostesses were Mmes. Gerald Norton, Herman Gerles, Mina Watts, Doyle Ford, Troy Christian, Melborn Jones, Charles Bowers, Roger Johnson, John McFarland, Gerald Clancy, Durb Kittrell and Leon Jamison.

The bride's going-away corsage was pink sweetheart roses. The couple will be at home at 601 Ave. B, Farwell.

The bride is a 1974 graduate of Farwell High School. The bridegroom graduated from Farwell High School in 1972, and is associated in business with his father.

MRS. MICKY GLEN LUNSFORD

Denver Resident Attends Wedding

Mrs. Joe Crume of Denver, Colo., visited recently in the Texico-Farwell area for one week. She was here to attend the Norton-Lunsford wedding.

Mrs. Crume stayed in the home of Eunice Crume during her visit. She also visited other relatives and friends, including her brother and sister-in-law, Mr. and Mrs. B.L. Lunsford.

Mrs. Crume is a former resident of Farwell.

Marriage Licenses

Six marriage licenses were issued recently by the County Clerk's office.

Licenses were issued to Leland Roy Jennings and Vickie Gaylene Kunsman, Micky Glen Lunsford and Leslie Fern Norton, Eneedy Hector Lujan and Sylvia Natividad, Ronald Dean Marchbanks and Velma Joan Hines, Carl Don Kirkland and Rhonda Lynn Hager, and Raymond Charles Dennis and Debra Denise Hancock.

Tom Williams Family Visits Over Weekend

Dr. and Mrs. Tom Williams and children, Scott and Laura, from Fort Smith, Ark., visited over the weekend with his parents, Mr. and Mrs. Jack Williams of Farwell, and with her parents, Mr. and Mrs. Bill Prince of Clovis.

The Williams family has recently moved to Fort Smith from Galveston. Dr. Williams has entered into medical practice and is associated with a clinic in Fort Smith. He specializes in cardiology.

Also in Farwell over the weekend to visit with her parents and her brother and family was Sharon Williams from Lubbock. She teaches in the field of special education in

the Lubbock public school system.

Mrs. Shuman Has Visitors

Recent visitors with Mrs. Hope Shuman have been Mr. and Mrs. Mike Wilkinson of Vernon, Mr. and Mrs. Horace Campbell and Mrs. Tavie Simmons of Frederick, Okla.

Gail Dixon, Kent Blain Solemnize Nuptial Vows

Patricia Gail Dixon and Garlon Kent Blain were united in marriage in a double ring ceremony Saturday, Aug. 31, at the First United Methodist Church of Bovina.

The bride is the daughter of Mr. and Mrs. John F. Dixon of Bovina and the bridegroom is the son of Mrs. Billie Blain of Farwell and the late Mr. Blain.

The musical program was provided by Cynthia Carter, organist, and Vickie Davis, sister of the bridegroom, soloist. They were assisted by Annette Stevenson.

The couple was led in their vows by Rev. Howard Marcom before a setting of green candles in two spiral candelabra and an arch candelabrum which was centered behind the communion table. Two large urns of white gladioli and mums were centered between the three candelabra. A tall green memory candle was lighted by the couple with the light carried from the center section of the altar decoration. The kneeling bench was designated by white mums.

The bride was given in marriage by her father and was attired in a formal gown of candlelight English net applied in Irish lace. The gown was designed with a fitted empire bodice, Victorian neckline and long tapered sheer sleeves. Her A-line skirt fell to a bordered hemline which swept into back fullness and cascaded into a chapel train. Her matching cathedral veil of Irish lace was held in place by an English net coil made by Pricilla. She carried a cascade bouquet of white starburst mums, baby's breath and white roses centered with a lift-out corsage of white roses.

For something old the bride wore a pin belonging to her mother while a necklace presented her by the groom served as something new. Something borrowed was her wedding dress and the pin belonging to her mother was worn as something blue.

Maid of honor was Linda Carter of Pampa and bridesmaids were Kim Langer and Mary Marcom, both of Bovina. Shana Blain, sister of the bridegroom, acted as candle-lighter. Guests were registered by Karyn Blain, sister of the bridegroom.

The bridal attendants were each attired in individual pastel colors of blue, green or lilac. Their dresses were designed with scooped necklines, bishop sleeves and fitted waists. Their full gathered skirts were finished with a

wide ruffle at the hemlines. Each carried a basket of assorted flowers.

Serving as his brother's best man was Gary Blain of Amarillo. Groomsmen were Gary Davis, brother-in-law of the bridegroom, and Jimmy Birchfield. Ushers were Mike Dixon of Bovina and David Dixon, both brothers of the bride.

For her daughter's wedding, Mrs. Dixon selected a long green crepe dress with empire waistline with a matching green lace bolero featuring long sleeves. She wore matching accessories and a corsage of glameillas.

Mrs. Blain was attired in a long blue double knit empire waisted dress with long lace sleeves. She wore white accessories and a glameilla corsage.

A reception in the Fellowship Hall of the church immediately followed the wedding. The bride's table was set with gold appointments and the centerpiece was tipped carnations

and green candles in a gold candelabrum. The three-tiered white square cake was decorated with white doves and garlands of white roses and was topped with a gold cross and interlocking rings. Guests were served green banana punch and mints in three colors which were made by Mrs. Dean Hastings. Hostesses for the reception were Mmes. Frank Langer, Dean Hastings, Bedford Caldwell and Oakley Stevenson.

For a wedding trip to New Mexico the bride selected a blue pant suit with a beige flowered blouse and beige accessories. She wore a rose corsage lifted from her bridal bouquet.

The bride is currently employed as a secretary for a sporting goods firm in Amarillo. The bridegroom is attending West Texas State University in Canyon.

The couple is now at home at 2217 S. Polk, No. 30, in Amarillo.

Mrs. Clara Wiehl Visits In Nevada And California

Mrs. Clara Wiehl of Texico returned home Sunday, Sept. 1, from a week-long trip to Nevada and California. This was Mrs. Wiehl's first visit to California.

Mrs. Wiehl was accompanied to Las Vegas, Nev., by her granddaughter, Sheneen Buck who, along with her mother, Mrs. Karen Buck, resides in that city. Sheneen, who will be nine years old in December, had been in Texico since mid-June visiting with her grandmother.

During her stay in Las Vegas, Mrs. Wiehl won \$10.00 in the nickel slot machines. She also went to see the Fats Domino Show at the Sahara Hilton. On the same program was a performance by an oriental group from Seoul, Korea, called the Kim Brothers. They sang and played all types of instruments including a bagpipe.

Mrs. Wiehl also went on a sightseeing excursion to Hoover Dam and to Mt. Charleston, about an hour's drive from Las Vegas. Mrs. Wiehl, daughter and granddaughter picnicked in the area. Mrs. Wiehl stated that "it was cold up there and there was a real difference from the climate in Las Vegas."

Following her stay in Las Vegas, Mrs. Wiehl drove to Santa Maria, Calif., where she

visited her sister, Mrs. Jim Love. "Santa Maria is a beautiful little town," stated Mrs. Wiehl, and is located about 150 miles north of Los Angeles.

"It was real cold at night," she said, "and the flowers were absolutely beautiful." Mrs. Wiehl then drove down the Santa Barbara coast to Los Angeles. "The coast drive was fabulous," Mrs. Wiehl commented, "but the smog in Los Angeles was unbelievable."

Heltons Visit In Abilene, Ruidoso

Mr. and Mrs. Joe Helton of Texico accompanied her mother, Mrs. J.E. Whatley of Amarillo, to Abilene on Aug. 23 for a visit with Mrs. Whatley's brother and sister-in-law, Mr. and Mrs. I.A. Roach. They returned home Aug. 24.

Over the Labor Day weekend, Mr. and Mrs. Helton and son, Hal Helton of Clovis, went to their home at Alto, north of Ruidoso for three days. They played golf, went to the horse races and attended an open house during their stay. The Heltons returned home Monday evening.

RANDY LYONS

Randy Lyons To Coach Basketball And Track

Randy Lyons has been employed as head basketball coach and assistant track coach at Texico schools. He will also assist in coaching junior high football. Additionally, Lyons will teach English, speech and physical education.

Lyons is a graduate of Roswell High School where he played basketball for three years in high school and on the varsity for one year. He also played in the seventh, eighth and ninth grades. Lyons graduated from Eastern New Mexico University in Portales in 1970 with a Bachelor of Science

degree in physical education. His past experience includes one-half year in Salome, Ariz., where he taught English and was head baseball coach and assistant basketball coach. At Hagerman he taught English and physical education and was assistant football, basketball and track coach for one and one-half years.

For two years, Lyons was head basketball and head track coach in Des Moines, N.M., and he taught English, speech and physical education.

Lyons and his wife, Debbie, live at 900 Hereford in Texico. They have a dog named "Missy."

Sheriff's Report

Parmer County Sheriff Charles Lovelace reported the recovery of several pieces of farm equipment in a farm theft at the John Dixon farm, north and west of Bovina. Among the recovered items was a welder.

Two suspects in the theft are lodged in the Clovis jail. The men are Reuben Baldiva, 29 of Clovis, and Alberto Herrera, an alien from Mexico. They have not signed waivers to be returned to Texas, according to Sheriff Lovelace.

What's Cooking

Farwell School

MONDAY - Pinto beans, tamales, buttered spinach, pickles and onions, plain cake with chocolate icing, corn bread with butter, milk.

TUESDAY - Burritos, chili, grated cheese, lettuce and tomatoes, peach cobbler, bread, milk.

WEDNESDAY - Hamburgers, lettuce and tomatoes, pickles and onions, cheese slices, potato chips, chocolate pudding with cream, milk.

THURSDAY - Meat loaf, buttered corn, cream potatoes, lettuce and tomato salad, jello with peaches and cream, bread, milk.

FRIDAY - Fish crispies, tartar sauce, macaroni and cheese, blackeyed peas, cole slaw, hot rolls with butter, applesauce, milk.

School Lunch at Texico

MONDAY - Pinto beans, barbecue wieners, cole slaw, cornbread, peach cup, milk.

TUESDAY - Hamburger casserole, green beans, hot rolls, banana, milk.

WEDNESDAY - Hot dogs, chili, onions, pickles, tater tots, fruit jello, chocolate milk.

THURSDAY - Turkey and dressing, giblet gravy, cranberry sauce, loaf bread, ice cream, milk.

FRIDAY - Salisbury steak, buttered rice, tossed salad, hot rolls, chocolate cake, milk.

Farwell Students Listed On Texas Tech Deans' Lists

A total of nine Texas Tech University students from Farwell were recognized for academic achievement during the spring semester and were listed on the deans' honor rolls. To qualify for the recognition, students must achieve a grade average of 3.0 on a 4 point scale.

Included on the honor rolls were:

Agriculture - Susan C. Patschke, 911 4th, and Mark D. Williams, Rt. 1.

Arts and Sciences - Debra D. Hancock, Box D; Gregory P.

Meeks, Box 396; Gralee P. Parr, P. O. Box 177; and Martha K. Snider, 500 3rd.

Business Administration - Greg S. Hargrove, Box 473.

Education - Loy B. Christian, Rt. 1, and Debra J. Wardlaw, 111 Manana.

Approximately 21,500 students are enrolled in the six colleges and two schools at the university: Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering, and Home Economics and the Graduate School and the School of Law.

Texico, Farwell Schools Announce Enrollments

A total of 451 students had enrolled in the Texico Independent School District as of Tuesday, Sept. 3. High School enrollment totals 254, with elementary students numbering 186. Eleven students have enrolled in special education classes.

Enrollment in the Farwell Independent School District as of Wednesday noon totaled 599, according to superintendent W.M. Roberts.

This figure includes 246 students in the elementary school, 172 in the junior high school, and 181 in the high school.

Family Attends Portales Rodeo

Mr. and Mrs. Bert Williams and family and Mr. and Mrs. Orrie Jones and family, all of Farwell, attended a junior rodeo in Portales Saturday, Aug. 31.

Among the winners were LeeAnn Williams who won first place and a belt buckle in the

flag race and barrels. Tracy Williams took second place in the flag race and fifth place in poles in her age group.

Eric Williams, six, won the calf scramble and received a belt buckle. Brenda Jones took fourth place in pole bending.

Farwell Students Receive Degree

Two students from Farwell received degrees at Texas A&M University's summer commencement exercises. A record 814 degrees were awarded, including 405 undergraduates, 307 master's and 103 doctorates.

Farwell students receiving undergraduate degrees were

Alertness, Balance, and Care are the ABC's of Avoiding Falls.

Robert H. Haseloff, animal science, son of Mr. and Mrs. Henry Haseloff of Rt. 1, and Eddie L. Winegeart, animal science, son of Mr. and Mrs. Paul Winegeart of RFD 1.

Cub Scouts - -

Troop Has Active Summer

Members of Troop 213 of the Cub Scouts of America have been very active during the summer with scheduled events including a swimming party and wiener roast followed by a kite flying contest. A skating party was held in August for Cubs and prospective members.

A membership drive for Texico-Farwell was kicked off Thursday by Jim Cowman, district Boys Scouts of America representative from Clovis, talking with all third and fourth grade boys followed Thursday evening with a conference with parents of the boys. It was reported that

membership will remain open for all boys eight to ten years of age.

Scouting has "a very rewarding" program for both boys and adult leaders. Weekly meetings for the boys and a monthly pack meeting for the entire family provide not only fun, games and crafts but help shape the character of each boy. A fee of \$1.00 per year will enable a boy to belong to the "greatest youth organization going today." Scouting for 1974-75 will begin Monday, Sept. 9.

If you would like to be a Cub, contact Maria Lopez at 482-9957 in Texico or Gwen Hughes at 481-9114 in Farwell.

Cross Family Attends Funeral

Mr. and Mrs. Don Cross and children, Stanley and Krystala, of Texico left Tuesday, Aug.

27, to attend the funeral of Mr. Cross' brother-in-law, Virgil Avery in Danville, Ark.

Mr. Avery was 55 years old and a resident of Danville. Funeral services and burial were conducted in Danville.

He is survived by his wife, Margie; two sons, Lloyd of Danville, and Floyd of Louisiana; and one daughter, Carol of Russellville, Ark.

The Cross family returned to Texico Sunday, Sept. 1.

Local Lions To Host Fall Round-Up Meet

The Texico-Farwell Lions Club will host the fall round-up of clubs in District 40-X on Saturday and Sunday, Sept. 14 and 15. James Craig is district governor of 40-X and is a member of the Texico-Farwell Lions Club.

Approximately 80 persons are expected to attend the meeting. Registration and a banquet will be held the afternoon and evening of Sept. 14 in Clovis. Training-business session will be conducted the morning of Sept. 15 in Farwell, to be followed by a luncheon.

*Right now, Southern Union Gas Company will help YOU prepare for winter by lighting your furnace and checking your heating equipment without charge as a part of its normal service to customers.

If, however, you call after October 11, there will be a service fee, as the Company's fall light-up program will then no longer be in effect.

When chilly weather arrives Southern Union is flooded with light-up calls. As a result, you may have to wait several days for service. So have a gas company serviceman come to your home now — and avoid the rush! CALL SOUTHERN UNION TODAY!

Jesse Landrum And Son Shape Wood Into Beauty

"My hobby is altogether different from what I do all day," comments Jesse Landrum, "and I enjoy making useful things." Landrum, along with his son, Mike, makes an assortment of wood craft items from jewelry boxes, to grandfather clocks, credenzas and tables.

Landrum and his son began wood working about three winters ago as a pastime to while away long winter evenings. Mike wanted to make his wife a jewelry chest, so they started from scratch and began creating jewelry boxes for each member of the family.

The jewelry boxes are completely glued together including the framework and draw-

ers. No nails are used because of the chance of splitting the wood. Landrum uses a specially made C clamp to hold the corners together until they set.

He and his son have made jewelry boxes out of walnut, birch, cherry and Philippine mahogany. "Walnut and cherry work best," says Landrum, "but my favorite is walnut." They obtain wood for their projects from places in Lubbock and Clovis and have ordered some wood from a firm in Chicago.

Working in the evening in their spare time, Landrum and his son have hand drafted approximately a dozen jewelry boxes. Their work times usually are in the fall and winter

months, as it is too warm in the summer to work in their workshop, behind the Landrum home at 500 Ave. B.

Landrum's wife, daughter and daughter-in-law also have a hand in the jewelry box crafting as they finish the drawers with several different colors of crushed velvet to give a professional touch to each piece. The velvet is glued to the inside of the drawers.

Dominating one corner of the living room of the Landrum home is an elegant grandfather clock, handcrafted by Landrum and his son. The movement and wood were obtained in a kit from the Emperor Clock Co., in Fair Hope, Ala.

The impressive clock is made from solid walnut and the pieces are put together with glue and screws. The weight-driven, eight-day movement has three brass cylinders which are weights. The clock chimes four times on the quarter hour, eight times on the half hour, 12 times on the three-quarter hour, and 16 on the hour. Then it strikes the correct hour.

The middle weight controls the time portion, the weight on the right controls the chimes and the weight on the left controls the hour striker.

Wood for the clock came in the natural state and Landrum and his son applied the finishing themselves. In the finishing process, they use several different kinds of sanding paper for a smooth finish. Then fine steel wool is used after the first coat of sealer is applied. Finally, wool wax is used to smooth the

blemishes.

Landrum estimates that it took he and his son approximately two weeks of sporadic evening work to put the clock together. "Lots of sanding on all projects" is involved to complete a piece of wood craft, states Landrum. Their next project is a grandfather clock for Mike. The kit is in the Landrum workshop awaiting cooler weather.

Gracing the entry way into the Landrum Home is a five-sided credenza which father and son also crafted. The credenza has one shelf inside, is of walnut and is finished and similar to the clock.

The Landrums obtained an idea for a monastery table from a mechanics magazine, and based their design on the same principal, adapting specifications to their own desires. The table pictured in the magazine is designed to be disassembled for storage. However, Landrum and his son, using the basic idea, created "a table to stay, not to be disassembled."

The table of walnut has one and three-fourth inch thicknesses on top and boards were glued together to achieve this thickness. The table was built in approximately one week, the Landrums working an hour or two each evening.

Elaborate equipment is not needed to pursue this kind of hobby. According to Landrum,

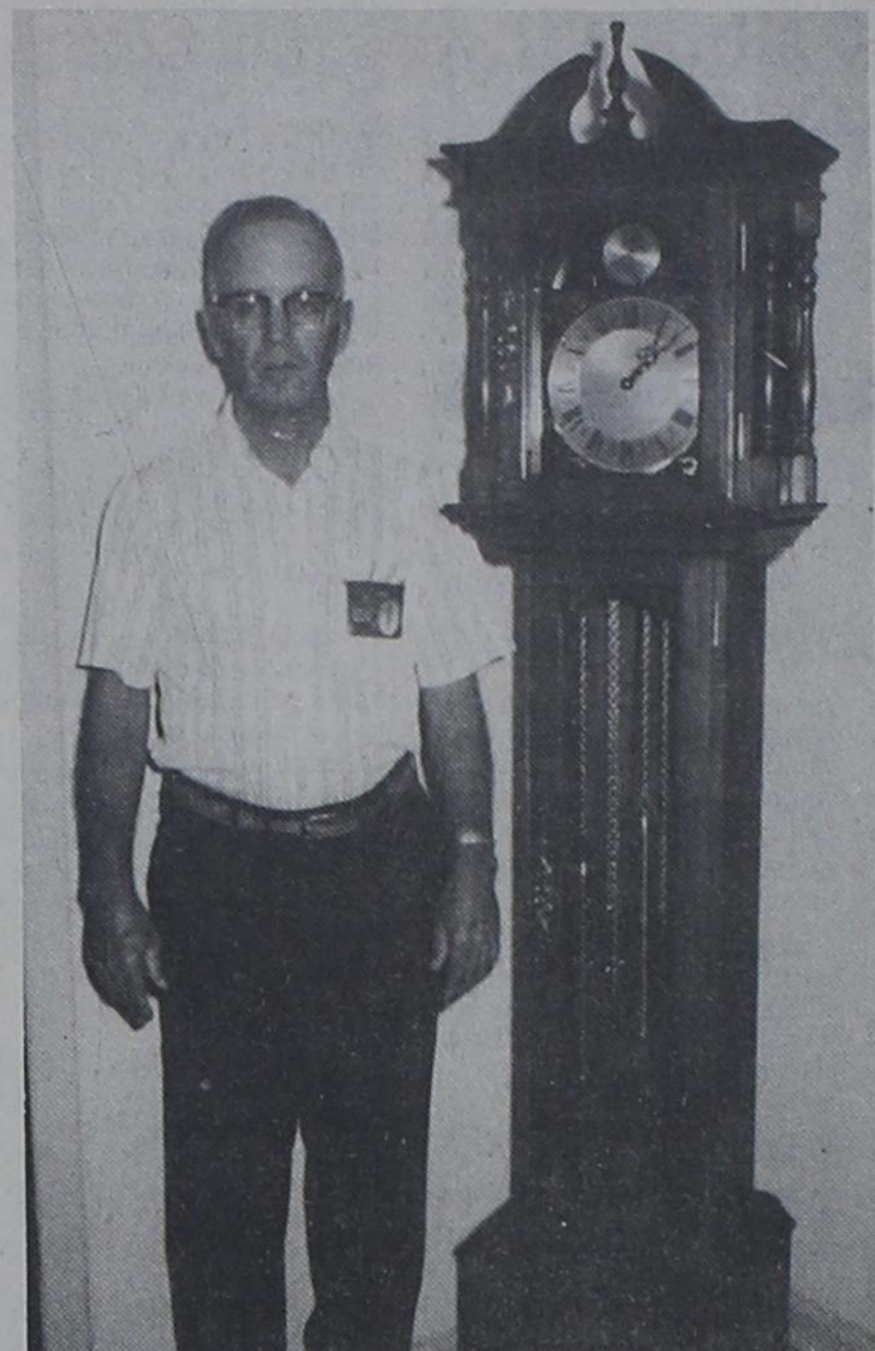

he and his son use a router, table saw and saber saw as basic tools.

"It is very satisfying," says Landrum, "to take a piece of walnut in its natural state and make it into a finished product. Wood working is quite relaxing except when your finger gets caught in the saw," he observed.

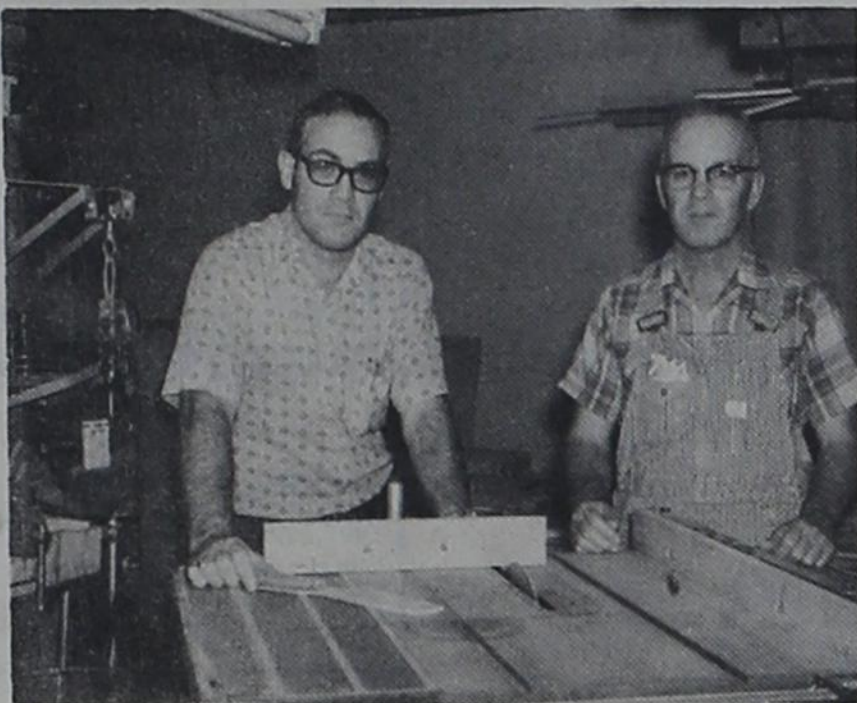

Landrum, originally from Saltillo in East Texas, came to Farwell in 1920 with his family who farmed near here. He graduated from Farwell High School in 1934 and attended business college in Plainview. He has lived in Farwell since 1920 with the exception of his military service and a job in La Tuna, Tex., at the Federal Correctional Institution.

He entered the Calvary and completed his military service in the Adjutant General's office in Washington, D.C. He also served overseas for five years. Following his release from service, Landrum worked at La Tuna. He returned to Farwell in the fall of 1947.

Mrs. Landrum, Margaret, is originally from Olton, Tex. The Landrums were married in Plainview on Dec. 3, 1941 and have two children, daughter Pat and son Mike, who works at Worley Mills in Clovis. He is married to the former Judy Kelm of Farwell. Landrum works as a legal secretary for Aldridge, Harding and Aycock Attorneys.

GRANDFATHER CLOCK - Jesse Landrum poses beside the grandfather clock which he and his son Mike built from a kit. The clock is made from solid walnut and the pieces are put together with glue and screws. The weight-driven, eight-day movement has three brass cylinders which are weights. The middle weight controls the time portion, the weight on the right controls the chimes and the weight on the left controls the hour striker.

CENTER OF ACTIVITY - Jesse Landrum, right, and his son, Mike, prepare to work on one of their many wood craft projects in their workshop located behind the Landrum home. During the fall and winter months, the workshop becomes the center of activity for the men as they work on their crafts.

JEWELRY BOXES - Jesse Landrum displays some of the jewelry boxes that he and his son Mike have crafted for family members. They have made the boxes from walnut, birch, cherry and Philippine mahogany. Mrs. Landrum, her daughter, Pat, and Mike's wife, Judy, assist by lining the boxes with crushed velvet.

Peanut Butter Was Early Health Food

Peanut butter was developed back in 1890 as a so-called "health food." It was invented by a St. Louis physician who was seeking a nutritious, easily digested, high-protein food for his patients.

Today, more than half of the nation's peanut crop is used each year to make peanut butter.

SWCD NEWS

by Herb Evans

Pasture grasses are still a good bet for more diversity in farming. Many producers in Parmer County believe that grass can be a positive benefit in farming operations.

The natural gas crisis put many in a real bind. Irrigation wells were stopped that should have been running. The equipment shortage and high prices for materials crippled many row crop producers.

With proper management, grass takes very little maintenance. If irrigation wells are shut down for a couple of weeks it is not critical like it is with corn. After grass is established operations with machinery are cut practically to nil.

A large investment in livestock is not always necessary for grass to pay for itself. Generally there is a demand for pasture and grass leases are at a premium.

Grass is not only a cash crop, it is land improving crop. Land under grass does not

deteriorate, it improves. Just think how much more productive new sod land is than land that has been cropped for years.

Charles Bass, J.P. Sims, and John Hays are three farmers that believe in grass. They are in the process of establishing grass on their farms. Their goal is diversification of operations and conservation of their natural resources with a profit. Grass seems to fit the bill.

Now is the time to seed cool season grasses. If you have a question or need assistance with your grass planting contact Herb Evans at the Soil Conservation Service in Friona.

Hail Takes Crop Toll
Crop losses to hail average \$400 million annually in the United States. Biggest losses are in wheat, corn, soybeans, and cotton.

TIPS ON SAVING ENERGY

Heavy automobiles and appliances that need rich diets of gas and electricity aren't the only offenders in the energy crisis. Many persons unwittingly waste energy around the house without realizing what's consuming so many kilowatts.

During the heating season, aluminum storm windows will cut in half the heat energy that is needlessly lost through windows of a house. The National Bureau of Standards advises that an investment in storm windows (or thermally insulated windows) will pay for itself within a decade. You'll enjoy greater comfort in your home, and also save scarce fuel supplies.

Clever cooks save gas and electricity by applying production line efficiencies to food preparation. They don't

heat up a 30-inch oven to bake a pie. Four pies will bake in the same time and energy it takes for one. Surplus pies get wrapped in aluminum foil and popped into the freezer during evening hours.

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Hopes for a no-new-taxes session of the legislature soared with surprise predictions of a \$910.4 million general revenue surplus at end of the fiscal year next August.

Lawmakers, according to Legislative Budget Board estimates, actually will have \$1.5 billion for "extras" over and above.

Maintaining programs at present levels, giving state employees a 23.8 per cent pay raise, adding \$800 million to the foundation school program, allocating \$393.8 million for emergency measures and allowing for possible loss of \$124 million in federal revenue sharing funds.

LBB staff members reported sales tax revenue, spurred by inflation, soared 20.3 per cent during fiscal 1974. Normal growth rate is 9.6 per cent.

The energy crisis also boomed oil and gas production taxes. The oil tax income jumped 65.7 per cent, and the natural gas tax 38.8 per cent. These taxes normally are expected to increase 1.1 per cent and 7.3 per cent annually.

Indications are the legislature, without raising taxes, can expand state aid to local school districts and many other state services.

Full impact of inflation on state operations cannot be measured precisely, how-

ever. The forecast prompted Sen. Tom Creighton of Mineral Wells, to announce he will introduce legislation to reduce the state sales tax from four per cent to three per cent.

SCHOOL AID PROVIDED—Gov. Dolph Briscoe announced a plan for advance payments of foundation school funds to districts this month to ease financial strain.

Legislative Budget Board went along with the plan which usually is paid in 10 monthly installments. This goes along with regular payment of a tenth of 1974-75 salary and transportation allocations.

State payments to schools in September thus goes up from \$81 million to \$154 million.

"This early payment... will allow the school districts to proceed in an orderly manner without having to resort so heavily to short-term borrowing in anticipation of later receipt of state and local revenues," Briscoe said. "This, of course, will save the schools the interest costs they would otherwise be forced to pay and will alleviate some of the borrowing problems caused by the present tight money situation."

Lt. Gov. Bill Hobby recom-

mended a future statute providing that the plan can be used again only with specific legislative approval.

MORE MED SCHOOLS "UNNEEDED" — A preliminary report of a Texas College and University Coordinating Board advisory committee found no immediate need for additional medical and dental schools.

The tentative report concluded Texas will have "sufficient medical manpower for the decade ahead" with anticipated expansion of present schools and foreseeable trends.

Final action is scheduled October 16 by the committee. One recommendation will call for financial aid to medical students who agree to practice in rural areas.

AG OPINIONS — State employees must be paid for overtime work or given compensatory time in the same pay period, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- The federal government is constitutionally immune from state sales taxes.
- When a motor vehicle held for rent is converted to personal or business use of its owner, the vehicle sales tax is due.
- A car owned by a dealer and used for his personal purposes is subject to the sales and use tax even though it still has temporary carboard tags.

- Election petitions under the fire and police employee relations action must be signed by five per cent of qualified voters who voted in the last general election in a political subdivision, or 20,000.
- List of bidders on laboratory chemicals sold to the state must be released on demand.
- There is no statutory authority for a county official to take a leave of absence without pay to work for the state.
- A commissioners court has limited powers to regulate utility rates, building or house codes, door-to-door salesmen or home builder bonding.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM PRES.
SEREAN BIBLE SOCIETY
CHICAGO, ILLINOIS 60635

TWO SIDES OF ONE COIN

"I will very gladly spend and be spent for you; though the more abundantly I love you, the less I be loved" (1 Cor. 12:15).

The true man of God will faithfully serve the congregation which the Lord has entrusted to him without thought of reward. Like Paul, he will "gladly spend and be spent" for them even if his toil and sacrifice go unappreciated. Where the congregation is too small to support him fully he will cheerfully engage in enough secular work to supply the deficiency. This is as it should be, for he is serving God in ministering to His people.

But there is another side to this coin, for Christian assemblies should appreciate the ministries of their pastors in their behalf. This is especially so where the minister gives himself unstintingly for his flock.

It is a sad fact that too many ministers are grossly underpaid. Most of the members of the congregation would not be willing to live on the low economic level on which they keep their pastor living for years on end. He must be willing to sacrifice, but they must not be deprived of any of the luxuries to which they are accustomed. They do not realize how discouraging it can be for the pastor and his family to constantly have to do without, while the better-off members of the congregation hardly notice.

This is why the Apostle Paul reproved the niggardly Corinthians and declared: "Even so hath the Lord ORDAINED that they which preach the gospel should live of the gospel" (1 Cor. 9:14). And this, too, is why he wrote to the large-hearted Philippians: "I can do all things through Christ which strengtheneth me. Notwithstanding ye have well done, that ye did communicate with my affliction.... Not that I desire a gift, but I desire fruit that may abound to your account" (Phil. 4: 13-17).

Where true, Bible-believing pastors are concerned, let's not be Corinthians; let's be Philippians.

District 3-A Coaches, Committee Have Meet

The Executive Committee of coaches of District 3-A met at Springlake-Earth on Wednesday, Aug. 28, with the meeting led to order by W.M. Roberts, chairman. Schools represented at the session were Bovina, Farwell, Hart, Jess, Springlake-Earth and Ga.

During the business session, Roberts was elected chairman and Jack Williams was appointed secretary for the 1974 football season.

Among the items of business discussed by the Executive Committee were: Admission prices for Varsity games were set at \$1.75 for adults and 75 cents for students and admission for other games will be \$1 for adults and 50 cents for students.

Game time for all games was set for 8 p.m. CDST and 30 p.m. CST. All November games will begin at 7:30 p.m.

Four officials shall be used for each game and officials must be members of a Texas Officials Association.

No third party shall fill a game without the written consent of the two teams involved. Coaches agree to exchange films of two previous games.

Both offensive and defensive All-District teams shall be selected by the coaches of the district. Each coach shall present a team of players and may not be allowed to nominate players from his own team. Selection shall not be made known until after the district champion has been eliminated in the play-offs.

Students who have established residence and eligibility in a district will remain eligible for participation if the parents move out of the district and the student remains. No financial assistance can be given and all the other requirements for eligibility set forth in the University Interscholastic League must be met.

Home teams are to wear light colored jerseys and the visiting teams are to wear dark colored jerseys.

Motion was made by Lee Welch of Kress and seconded by Don Dorman of Vega and these, along with several other items, were adopted by the district.

Home teams are to wear light colored jerseys and the visiting teams are to wear dark colored jerseys.

On The Farm In Parmer County

By R. MACK HEALD
County Agent

Texas farmers and ranchers increased their beef breeding cows by a huge seven per cent during the past year. Beef cows and heifers that had calved increased by 450,000 head from July 1, 1973 and July 1, 1974.

While almost every section of the State recorded gains, the southern end of the Panhandle and Far West Texas reported smaller numbers. The largest increase came in South Central Texas.

The Texas calf crop for 1974 is estimated at 6.2 million head, five per cent greater than last year's crop. That means the Texas crop represents 12 per cent of the national calf availability.

Concentration of beef cow herds in eastern and southern parts of the state will have a marked effect on the beef picture in the United States in the coming months.

Pollution control facilities and equipment for farm and business machinery may qualify for rapid federal income tax depreciation if installed and certified before January 1, 1975.

Farmers and businessmen may amortize or depreciate the cost of certain pollution control facilities and equipment over five years (60 months) even if the equipment has a longer, useful life.

Such facilities must have been installed and appropriately certified by state and federal pollution control certifying authorities after 1968 and prior to 1975. Also, the Internal Revenue code provides that the facility must be "a new identifiable treatment facility used in connection with a plant (or other property) that was in operation before 1969."

Any facility that is used to control the pollution or contamination of air or water is eligible, if the other conditions

are met. Many recent pollution control investments are viewed in two parts—one that qualifies for the fast write-off and one that will not. Thus, the same investment may end up with two depreciation schedules. This may complicate book-keeping a bit but will be well worth the tax savings.

For additional details and information, contact any Internal Revenue Service office for a copy of IRS Publication No. 577, "Amortization of Pollution Control Facilities."

GREAT SCOT!
By Jack House, The Director
Teacher's Scotch Information Centre

Scots Throw Money Away
Scots are traditionally known to be canny when it comes to dealing with money, but the Teacher's Scotch Information Centre reports one place in Scotland where Scots actually throw money away!

If you are crossing the famous Forth Bridge, which carries the railway over the Firth of Forth, you will see Scots standing at the open windows of the train and throwing coins into the sea. Ask them why and they'll tell you, "For luck."

Ask them again how this superstition started and, almost certainly, they won't be able to tell you. But Teacher's Scotch Information Centre can.

The custom is hundreds of years old and existed in a different form long before the Forth Bridge was built. It originates from the offerings which travellers were wont to make in the Chapel of St. James at South Queensferry before hazarding the dangerous crossing of the Firth of Forth by small boat.

Incidentally, Queensferry gets its name from a traveller who crossed the Forth by boat over 800 years ago. She was Saint Margaret, Queen to King Malcolm III of Scotland.

Alongside the railway bridge is the new Forth Road Bridge. But nobody throws coins from it. They have already paid a toll and, to a Scot, that's quite enough.

County Cancer Unit Organized; Meet Set

The newly organized Parmer County Cancer Society will meet Sept. 12 at 8 p.m. in the Friona State Bank building. Everyone is encouraged to attend this meeting.

The unit needs "people who are," according to Mrs. Johnny Atkinson, so the group can fight cancer and so the organization will be successful.

Those interested in attending need a ride or serving on committee should call Mrs. Atkinson at 481-9272.

The main purpose of the unit is to inform the people in Parmer County about cancer, its warning signals, educational programs, rehabilitation programs and "to help wipe out cancer in our lifetime," according to Mrs. Atkinson.

There are many rehabilitation programs supported by the Cancer Society, which are designed to help the cancer patient if he needs treatment, funds or therapy.

The Parmer County Cancer Society was organized Aug. 22 at a meeting in Friona of an interested group of county residents. The organization hopes to find enough people interested in helping to fight cancer. "There needs to be a sincere effort to support this county unit," stated Mrs. Atkinson.

Members of the Farwell Independent School District Board will meet Monday, Sept. 9, at 8 p.m. in the office of Superintendent W.M. Roberts.

At this meeting the School Board will call for a bond issue in the amount of \$260,000 for numerous school improvements including a new band hall, improvements to the junior high gymnasium and to the wood shop located in the gymnasium, improvements to the lighting at the football field, moving the bleachers to a new location at the track, air conditioning of the dining area of the cafeteria, repairing of parking lots and bus loading area and possibly a new concession stand at the football field.

The bond issue is scheduled to be held on Tuesday, Sept. 24. Registered voters in the Farwell School District will be eligible to vote at the polling place, the Parmer County Court Room, between the hours of 8 a.m. and 7 p.m. CDT.

Absentee voting will be conducted in the office of school tax assessor-collector Dorothy Eason.

Absentee voting will be conducted in the office of school tax assessor-collector Dorothy Eason.

The appointment of Hermilo Martinez Jr. as safety supervisor for the New Mexico Division of the Southwestern Public Service Company, has been announced by Joe Key, division manager for the electric company in Roswell.

Martinez began his SPS career in 1967 as a part-time employee in the Lubbock substation department as an electrician helper. He became a fulltime employee in 1971 as a second year electrician apprentice and also served as a radio operator in the operations department of the company in Lubbock. In January of 1974, Martinez was transferred to the company's system office in Amarillo as assistant training manager.

Martinez will assume his new position Sept. 1, and will be responsible for the safety and training programs throughout the New Mexico Division for Southwestern Public Service Company.

A native of Post, Tex., Martinez holds a Bachelor of Business Administration degree in management from Texas Tech University. He and his wife, Martha, have one daughter, Sheila.

Absentee voting will be conducted in the office of school tax assessor-collector Dorothy Eason.

Hospital Notes

Mrs. Erasmo (Olga) Rodriguez of Farwell underwent surgery at Clovis Memorial Hospital Tuesday afternoon. Mrs. Rodriguez reports that she is feeling "real good and had a good night's rest." She will be in the hospital for approximately six to seven more days.

Mrs. Ira Selman of Clovis, aunt of Mrs. Don Cross of Texico, is "slightly improved" at Memorial Hospital in Clovis. She has been confined to the hospital since she and her husband were injured in a car accident in Clovis on Aug. 1. Mr.
