

FROM THE HOPPER

By Hop Jr.

Former residents continue to seem to be willing to help shed light on the age of Farwell. Mrs. Zuela Cooke of San Diego writes: To assist you in further checking on Farwell's exact age, how about post office records? As I remember, Miss Minnie Burton was the first postmaster, though I am not sure of this.

However, I do recall getting acquainted with Jack Dunn when we first arrived on August 18, 1906. Jack was then about 11 or 12 years of age.

The tax assessor's office should have early records. I believe D. W. Dunn, Joe Neely, and Will Stevens all owned property in Farwell as early as 1906.

The county surveyor's office might help. My own father, F. A. Cooke, surveyed out some early additions to Farwell, but I believe a little later—about a year or two.

Sam Bratton, at one time a U. S. senator, was also an early settler.

These are all interesting leads, Mrs. Cooke, and we will follow up on them in subsequent issues.

So you don't read the classics? You're quoting Shakespeare when you say:

"Not so hot"—Paulina in Winter's Tale.

"There's the rub."—Hamlet.

"Brevity is the soul of wit."—Polonius in Hamlet.

"There's method in his madness."—Polonius in Hamlet.

"Into thin air"—Prospero in Tempest.

"Neither rhyme nor reason"—Orlando in As You Like It.

"Forever and a day"—Orlando in As You Like It.

"Thereby hangs a tale"—Miss Quickly in Merry Wives.

"There is something in the wind"—Antipholus of Ephesus in Comedy of Errors.

"I'll tell the world"—Isabella in Measure for Measure.

"With bated breath"—Shylock in Merchant of Venice.

"All that glistens is not gold"—Prince of Morocco in Merchant of Venice.

"Bag and baggage"—Touchstone in As You Like It.

"Eaten me out of house and home"—Tavern Hostell in Henry IV.

"Birds of a feather"—Queen Margaret in Henry VI.

"It's Greek to me"—Cassius in Julius Caesar.

Republican claims that they have halted the decline of the value of our dollar is so much political hogwash. This fall has brought about the most severe upward adjustment of general prices we can recall in peacetime.

Prices for everything we need to produce a newspaper are jumping from 10 to 30 percent, with the average falling about in the middle. A 15 percent increase in the cost of any item is a BIG increase, and hard to recover even under exceptionally favorable conditions.

We know that other businesses are caught in the same situation, and wonder where the crazy spiral of higher wages-higher prices will end.

Growing inflation is the greatest threat to the nation's economy. It's much worse than the drought. When our medium of exchange is devalued, so is our effort that is expended to procure this currency.

The folks who are really taking it on the chin are the persons on fixed pensions who now find they can't buy half of the things they need with what was formerly considered a modest but safe income.

Another thing that disturbs us is how the continuing inflationary trend tends to discourage savings and investments. Money put into government bonds, for example, draws three percent, if held to maturity of the notes.

This three percent interest, although it is compounded, little more than keeps up with what the price index has risen during the period. If you invest \$75 in bonds, you'll get back \$100 in ten years.

How many things can you name which cost \$75 in 1946 but now sell for more than \$100? It's not surprising that people are turning up their nose at savings plans.

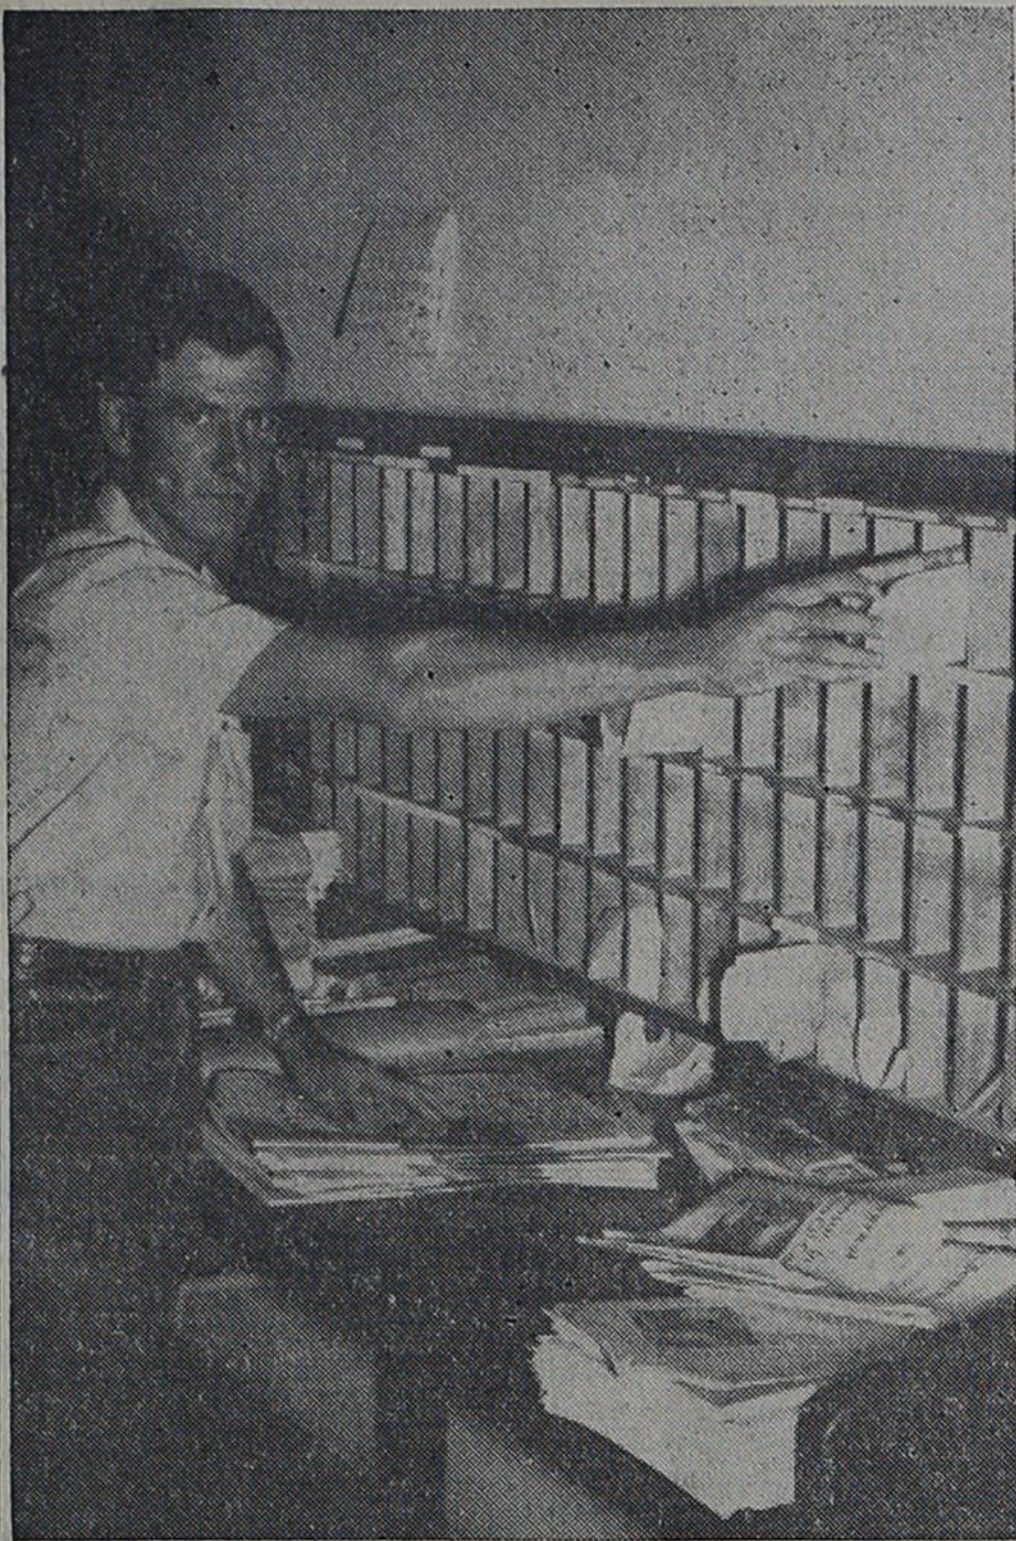

Another card from the Oliver Sikeses, this one coming from Quebec. It's downright mean of folks who can travel like they are traveling, to send us such tantalizing post cards.

Just a plain card would cause our feet to itch a whole lot less.

Local Men Leave For Elk Hunt

Leaving Friday for a trip to Colorado and an elk hunt were Lloyd and Earl Rounton, Calvin Meissner, Gilbert and Walter Kaltwasser and Henry and Adolph Haseloff.

This group of Oklahoma Laners left Friday and "they probably won't be home until they get an elk."

MAN KILLED BY BULLET

A man was killed by gunshot early Sunday morning four miles east of Bovina near Highway 60. How he was killed remains a mystery, Frank Smith, Parmer County deputy sheriff, says. The cause of death might have been murder, suicide or accidental. However, the fact that death was caused from a shot from a .22 caliber gun has been established, Smith says.

Dead is Clifford Leon Conley, 29, who has been working as a farm hand for A. B. Kent near Bovina for the past year.

Smith was awakened at his home about 3 a. m. Sunday by some Negro men. They told him

that a man had been shot on the Hopgood farm four miles east of Bovina.

Conley was dead when Smith arrived at the scene. Smith estimates that he died about 2:30 a. m.

Parmer County authorities are still investigating the accident and three Negro suspects are in custody at Farwell, reports Chas. Lovelace, Parmer County sheriff.

The three suspects were picked up Tuesday morning, and after questioning, one revealed the whereabouts of the death weapon. The weapon was a .22 caliber automatic pistol, believed to have belonged to Conley, Lovelace says.

Relatives of the victim were in Norman, Oklahoma, attending the funeral and were not immediately available to identify the gun as that of Conley's.

Conley was born May 31, 1927.

He is survived by his parents, Mr. and Mrs. J. A. Conley of Natalia; a sister, Juanita Hale of Lubbock; and a brother, Dewane Conley of Bovina.

He was a veteran of World War II.

The body was taken to Norman, Oklahoma, by a Marcum-Claborn Funeral Home coach. Funeral services will be held at Norman.

Texico Faculty To Teachers Meeting

Texico School will be dismissed on Wednesday, Thursday and Friday of next week while faculty members are attending a teachers meeting in Albuquerque, according to Agrie Jones, superintendent.

Superintendent Jones says that classes will meet as usual on Monday and Tuesday of next week and that classes will resume again Monday, October 29, on regular schedule.

Steers Rack Up Another Win

Dehorn Longhorns, 32-0, Friday Night

Led by the hard charging junior halfback, Tommy Lovelace, the Farwell Steers took their fourth straight win Friday night by upending the Lazbuddie Longhorns, 32-0. Lovelace scored three touchdowns and two extra points as the Farwell team completed half its schedule without having the opponent score the goal line.

Larry Pike started the scoring parade for the Steers, by scampering 50 yards for a touchdown midway through the initial period. Another scoring drive was halted minutes later as a Farwell fumble gave the ball to Lazbuddie 14 yards from paydirt.

Early in the second period, the Steers appeared to be heading for

another score, when a fumble again gave the Longhorns possession of the ball on the 32. Later in the period, Lovelace went across from the two for his first touchdown of the night, making the half-time score, 12-0.

The third quarter proved to be the most profitable for the visiting Steers as they tallied twice. Johnny Lovelace ran 22 yards for the first second half score, and T. Lovelace ran the point after. Later in the period, Tommy romped over from the six for his second TD, and he also ran over for the extra point.

In the late minutes of the final quarter, Farwell recovered a Longhorn fumble on the six yard line, setting up the final score of the night as T. Lovelace ran it over from that point.

Bonds Sold, Sewer Contract Let by Farwell City Officials

Officials of the City of Farwell met last Wednesday night and sold the tax bonds, approved in a recent election in the amount of \$25,500, to be used for a fire station and sewer extensions.

The bonds were sold to Columbia Securities Corporation of America, at an interest rate of 3½ percent. Columbia Securities is a New York firm with a branch office in San Antonio. The bonds are to be retired in 10

years and the first payment will be due February 15, 1958, according to Wilfred Quickel, city clerk.

Of the amount, \$20,000 goes for a new fire station and equipment, and \$5,500 will be spent for extensions to the city's sewer system. Bids are being received from two local contractors for building the fire station and a contract was let this week for the first sewer extension for the city.

Southwestern Pipe Line Clean-

ers of Floydada received the contract for installation of 1150 feet of sewer line, three man-holes, and cleaning of the system. Amount of the contract was \$3000 and work on the project is scheduled to start around November 1, Quickel says.

It was decided at a recent meeting of the city commission to receive bids on the cleaning of the system and the lowest bid received for cleaning the plant separately

was \$1350, Quickel pointed out. In addition to cleaning the disposal plant, sand will be removed from 800 feet of present lines, he says.

The sewer extensions included in the contract will be installed in the Tharp Industrial addition. The remainder of the extensions,

RAIN!

Thundershowers, which appear to have been pretty general over the Panhandle, measured 1½ inches in Texico-Farwell yesterday afternoon and last night. The showers started here late in the afternoon and continued up into the night.

No hail or high winds were reported to the area, causing damage to cotton and grain sorghum crops. At Lariat, .8 of moisture was recorded, .9 at West Camp and 1½ inches at Oklahoma Lane.

East of here, around Earth and Olton, three inches fell and there was considerable damage to cotton and grain crops from hail, according to reports.

Loren Wilson New Rural Mail Carrier

Loren Wilson, who has been acting as temporary mail carrier of Route 2, Texico, for the past several months, was appointed permanent carrier last week. The announcement was made by Mrs. D. J. Brown, Texico postmaster.

Wilson fills the position left vacant by the retirement of Chas. Bieler last February. A veteran of World War II, Wilson is married and has four children. He is a graduate of Pleasant Hill High School, and resides near that community.

Absentee Voting Started

Absentee voting for the November 6 general election got under way yesterday (Wednesday) and will continue through Friday, November 2, announces Hugh Moseley, Parmer County Clerk. Eligible voters in Parmer County, who plan to be away from their voting precinct on election day, may apply for an absentee ballot at the clerk's office.

Absentee voting for the special election, called for the Tuesday following the general election, November 13, begins next Wednesday, October 24. Persons wishing to cast an absentee ballot for this election have until November 9 to do so.

The reason for having two elections is due to a slip-up on the part of the state legislature, it is pointed out by County Judge A. D.

Homecoming Set for Friday At Lazbuddie

Homecoming at Lazbuddie Schools is this Friday night, and highlighting the activities will be the Lazbuddie-Amherst football game at 8 p. m., and the crowning of the queen at halftime, announces James Ward, superintendent.

The Amherst game will be the second District 3-B contest for the Longhorns of Coach George Washington, who have compiled a 2-2 won-lost record for the season. The Lazbuddie crew holds wins over Friona B team and New Home, while dropping decisions to Whitharral and Farwell.

Amherst will furnish rugged opposition for the Longhorns, as it

knocked Springlake, a Class A powerhouse, from the undefeated ranks last week. The previous week, the Amherst aggregation fell, 13-0, to Sudan, another top-notch Class A team.

The homecoming clash will be the next to the last home game of the season, as the Longhorns hit the road for three straight weeks, playing Happy, Hart, and Bovina, before returning home to meet Kress in the season finale.

Dosher Announces Two Farm Sales

Two general clean-up farm sales for the coming week have been announced by Col. Dick Doshier, auctioneer. On Monday, October 22, a sale starting at 10 a. m., will be conducted 2½ miles south of Hub, or 1 mile east, and 7½ miles north of Lazbuddie. Clarence Weems and John Gammon are the owners.

The following day, Tuesday, another sale is planned at the Ernest Wright place, seven miles north of Muleshoe on the Friona highway. Time of this sale is 10:30.

Fryer Offered As Door Prize

Offering of a General Electric fryer as a door prize for a grand opening has been announced this week by Les Means of Home Grocery and Market.

The promotion will be staged for starting today (Thursday), and the award will be made Saturday, October 27.

Play Morton Friday In Conference Game

With four impressive victories chalked up against Class B schools, the Farwell Steers meet their first Class A competition of the season as they take on Morton here Friday night. The conference clash sets underway at 8 p. m.

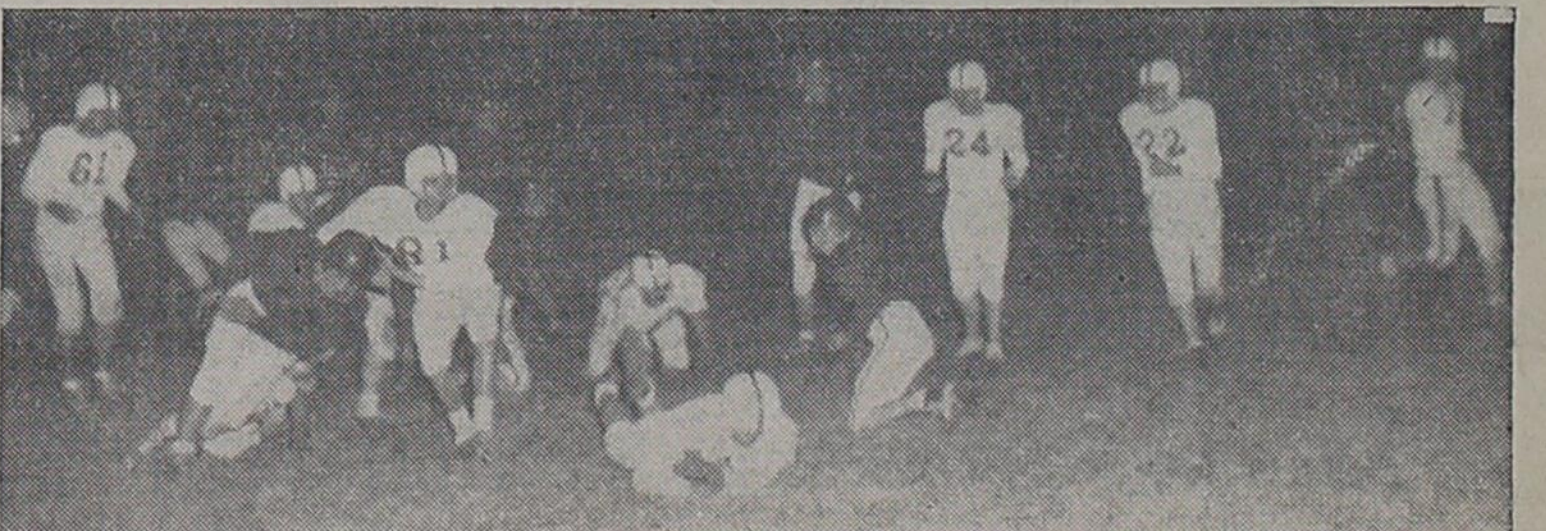

Half of the 10-game schedule has been completed by the Steers and they remain undefeated, once tied, and have yet to have an opponent cross their goal line. Even with the impressive record, though, the strength of the Farwell football team remains unknown.

The five foes of the Steers thus far this season, have been of a lower classification, and not only that, but their records indicate

THE TRIBUNE'S EDITORIAL COMMENT

National Bible Week

This week has been designated as National Bible Week. It probably wasn't set aside in hopes that people would read the Bible more during this week than any other. But, it is only appropriate that the United States set aside a week in recognition of the book containing the writings inspired by the Supreme Being.

A non-sectarian comment would be on the validity of the many different beliefs of the religious groups today. With so many different doctrines and mixed beliefs, so-called Christians should convince themselves that the path they are following is the right way.

Turning to the Holy Scriptures would be the only way to do this. Especially when it is recorded, "Believe not every spirit, but try the spirits whether they are of God: because many false prophets have gone out into the world." (1 John 4:1)

"Seek, and ye shall find." (Luke 11:9)

Farwell Juniors Win Over Sudan, 19-13

Farwell juniors managed to come from behind twice Tuesday night to defeat the Sudan junior squad 19-13 on the local gridiron.

Sudan started the scoring after Farwell fumbled on their first play from scrimmage after receiving the opening kick. Sudan scored from the 20 yard line and the extra point was good to put the guests out front 7-0.

Farwell battled back after two first downs, a completion from Tommie Williams to Carroll Huggins was good to the five yard line. Huggins went over from this point, but the extra point try failed leaving the hosts trailing by one point.

Early in the second period, Sudan was operating on the Farwell 25 after taking Mount's short kick on the 50. Sudan marched to the Farwell nine then a five yard penalty set them back to the 14. From there they failed to net a first down gain giving Farwell possession on their own six.

A five yard penalty and five yard pick up gave Farwell a first down then they racked up two more firsts in two tries. With fourth down and 11 needed for a first, Carroll Huggins faked a punt and ran to the Sudan 39 as the first half of play ended.

Sudan returned the initial third period kick to the 49 in their own territory then two plays later scored from the Farwell 41. Try for extra point failed leaving

the score at 13-6 with the visitors in the lead.

On the Sudan kick, Farwell returned to their own 44 then fumbled and Sudan had the ball in home team territory. A long run to the 20 was called back and Sudan was penalized 15 yards for holding. After four plays Farwell got the ball on downs and were operating from their own 44. After the hosts managed one first down, they needed two yards for another after three tries. Huggins again faked a punt and ran to the Sudan 30 to set up another touchdown drive. Two consecutive first downs found Farwell on the Sudan six yard line as the third quarter ended.

Tommie Williams plowed to the two yard line then Huggins went across for the TD but a try for an extra point failed leaving Farwell trailing 12-13.

Sudan was forced to kick after three plays and no gain. Huggins made it to the Sudan 35 then Benjy Dial went to the visitor's two before being nailed. Williams counted for the six pointer and Huggins ran the extra point to end the scoring for the evening.

Sudan started activity on their own 46, but after two losses, gave up the ball on downs. Tommie Williams made a four yard gain to the 50 as play ended.

METHODIST CHURCH NEWS

Rev. Willard spent the first three days of this week in Amarillo attending a series of the Denison lectures and a one-day session of the annual conference.

Rev. Willard announces that on Sunday, October 21, there will be a laymen's day at the church and that laymen will have charge of services on that day.

Naomi Circle of the WSCS met at the church Monday afternoon for a regular meeting. The meeting was opened with prayer by Mrs. Ruby Billingsley and the group singing "Thy Kingdom Is Coming." Roll call was answered with members giving their favorite scripture.

Mrs. V. E. Willard led the afternoon's study on "The Church in Southeast Asia." "The Road Is Rough" was the topic discussed by Mrs. Lee Jones, and Mrs. T. L. Kent reviewed "Christian Social Relations in the Philippines." Mrs. C. C. Christian told of the "Methodist Institutions in the Philippines," then Mrs. Sam Billingsley spoke on "The Church in Indonesia."

The study was followed by the afternoon's meditation which was given by Mrs. Melvin Sudderth and titled "Prayer."

Rev. Willard dismissed the group with prayer. Others present other than those on the program were Mrs. R. E. Blankenship, Mrs. George Douglas, and Mrs. W. P. Shelley.

Members wish to remind others that the organization will be serving dinner at the Wright farm sale two miles south of Clay's Corner. Each member is asked to send

sandwich filling and two pies.

Attendance for Sunday school this week was 109. Mr. and Mrs. Myron Hillock, Mrs. Tom Lindop and James McDorman composed a quartet to sing "God Shall Wipe Away All Tears" for special music at the Sunday evening service.

Mrs. Sam Billingsley and Mrs. Melvin Sudderth attended a district executive meeting at the Wayside church on October 9.

Club Meets With Mrs. Watkins

Oklahoma Lane Home Demonstration Club held its regular meeting on Thursday, October 11, at the home of Mrs. Donald Watkins.

Mrs. N. R. Harding of Farwell gave a demonstration on reed weaving.

Mrs. Watkins served refreshments of angel food cake, peaches and whipped cream to Mesdames Winborn Hardage, C. W. Sanders, Clarence Johnson, Gilbert Kaltwasser, John Range, Walter Kaltwasser, W. M. Turner, Vernon Symcox, N. R. Harding and one guest, Mrs. G. T. Watkins.

The next club meeting will be held at the home of Mrs. C. W. Sanders.

BAPTIST CHURCH NEWS

Sunday, October 14, was laymen's day at the church with the Brotherhood members having charge. Delbert Garner directed the song service and Harold Car-

penter accompanied the congregation at the piano.

Sterling Donaldson, Howard Garner, and Bernard Nelson spoke at the morning worship hour. Special music was presented by Howard and Delbert Garner.

Sunday school attendance was 118 with 77 attending Training Union Sunday evening. The film, "Dedicated Lives" was shown at the evening service. Walter Vermer brought the evening message after the film. Two members were

received into the church Sunday night. They are Mr. and Mrs. J. B. Sudderth who joined by letter from the First Baptist Church of Lawton, Oklahoma.

Training Union class of the junior department had a picnic dinner together Sunday at the park. Those attending were Mr. and Mrs. Lee Mason, teachers; and Jolene, Dorris and Larry Donaldson, Donny Young, Coretta Watkins, Gloria and Stephen Hillock.

Cast Is Announced For Senior Play

Coming on November 9 will be the Texico senior play, "The Birds and the Boys." William Davidson's three-act comedy is about a delightful, just married couple, Adam Martin, played by Dick Lockhart, and Cricket Martin, played by Betty Pendergrass. Their hobby of bird-watching is turned into boy-watching as the play becomes involved with three boys, including Tex, the mayor of Youthville, (a reformatory) Alex Brown; Eyes, from Brooklyn, Weldon Bell; Soapy, the country's youngest bank robber, Glen Hancock. It isn't long before they have the community in an uproar and some young delinquents turned into model citizens.

Other characters are Debbie, 18 year old next door neighbor of the Martins, Mikala Faville; Beanie, Debbie's 11 year old kid sister, Susan Levins; Mrs. Barker, their mother, Glenda Weisler; Mrs. Brown, who works with Mrs.

Barker to spearhead a drive to have Youthville moved, Glenda Richardson; Mrs. Kluckholm, who has been confined to a wheel chair for years and uses a telescope as a substitute for legs, Oneita Autry; Mibs, Hank and Marge, classmates of Debbie played by Barbara Caldwell, Carolyn Curd and Joyce Gillean; Leslie Chatterton and Hobart Worthen from "The Home and Garden" magazine, Verlene Thigpen and Joe Glaze.

Finishing out the roles will be J. C. Kelley as Jim Kluckholm, head of the reformatory; Anita Watts, photographer from "Home and Garden," and announcing and playing the part of assistant photographer will be Peggy Weeks.

TEXICO TALENT SHOW TO BE OCTOBER 22

Cash prizes may be won at the Texico Talent Show on Monday night, October 22, in the Texico School auditorium at 8 p. m. There will be a first, second and third prize for two divisions, high school

and grade school. The Texico Swing Band will entertain at intermission and between divisions. The Swing Band consists of the following boys: Dick Lockhart, Dicky Adams, Bobby Patterson and Matt Pendergrass.

To enter: Write the "Talent Show Director," Texico School, Texico, N. M.; or Phone 8-2661.

The show is being sponsored by the eighth grade and their sponsor, Mrs. Fred Danforth. Proceeds will be used to help on the eighth grade banquet. The admission will be 50c for adults and 25c for children.

Various Activities Occupy Lower Grades

Mrs. Byrd's fourth grade welcomed a new student this week. His name is Jimmy Holland who comes from Rosedale.

Five fourth graders are in the beginner's band. They are Ellen Caillouet, Jim Landon, Ronny Richardson, Cathy, Cohee, and Bobby Woodward.

They are also reading a book titled "The Happy Hollisters and the Secret Fort," says Winnie Weisler, a fourth grade reporter.

The third grade boys and girls have completed their study on teeth. Several of the children who had visited their dentists made up a play about a trip to the dentist. The first scene was in the home where one child who didn't brush her teeth was crying with the toothache. This child had the habit of eating candy instead of fruit. The mother called the dentist for an appointment.

The next scene was in the dentist's office. The dentist filled one tooth, but one had to be extracted. The nurse explained to the patient how to brush her teeth and massage her gums, then told her the need of eating the right kind of food.

The children enjoyed the play which taught them the necessity of brushing their teeth regularly and eating the right kinds of food to build strong teeth.

Mothers visiting the third grade room so far this year are Mrs. Woodward, Mrs. Goolsby, Mrs. Hill, and Mrs. Burns.

The third graders and their teacher regret that J. B. Winegeart has moved to Oklahoma and Sondra Lawson has moved to Arkansas.

Two new pupils have come to take their place. They are Carolyn Holland from Rosedale, and Richy Richardson from Speegleville, Texas. Carolyn had been in the Texico School part of last year.

Third grade booth for the Halloween Festival is "The Country Store." Tickets will be sold and the person with the lucky ticket

gets everything in the store.

New students in the second grade are Gaylia June Yell from Reydon, Okla., and Robert Richardson from Speegleville, Texas. Sabina Gonzales has moved to Clovis.

Both second grade rooms made a profit of \$15.62 on their bake sale, Friday noon. This money will go for the votes on their prince and princess candidate.

Charlene Bruning, first grader, is missed very much by all her classmates since she has moved to Kansas.

First graders are now reading in their new readers, "Tip." They are also having fun on their work sheets.

Mrs. Patterson's fourth graders have been making Halloween decorations for the schoolroom.

Carolyn Holland is a new fourth

hair and blue eyes. When asked who her favorite person is, she replied, Shelton Sapp. Her favorite food is fried chicken, her favorite pastime is riding motorcycles with Shelton and her pet peeve is "people who try to tend to my business who don't know anything about it."

Barbara recalls the night of September 10, 1956, her 17th birthday, when Shelton gave her an engagement ring as the most thrilling moment in her life.

She is also a very busy person in school since she is secretary of the senior class, vice-president of chorus, secretary of Home Ec Club, president of Pep Club, head cheerleader and is very active in all school sports.

COMMENTING
With Carolyn

Keep your locker clean! This is the recommendation of the Student Council, who is once again sponsoring a clean locker campaign. The lockers will be graded on a percentage basis with the different classes in high school competing against each other. This campaign will be climaxed next spring when the losers treat the winners with a party.

Tests seem to be a key word around THS these days. Only recently, the entire high school completed a series of achievement tests. The junior class also participated in the state-wide university tests. And of course, we can't forget those six weeks tests that we had last week.

Wanta' buy an annual? If you do, be sure and contact your favorite member of the journalism class. Any member selling 25 annuals will receive a free one. Therefore, personal competition is running high.

Speaking of annuals, staff members have been quite successful in their sale of advertising for the '57 Wolverine. In addition to this, they have selected the cover for this year's annual and are working on other necessary details.

The Whirlwinds and Wolverines are participating in the county softball tournament at Clovis this weekend. See ya' there—Carolyn

The Art of Compromising
By Betty Pendergrass

Mr. Webster tells us that a compromise is a settlement of dispute, reached by each party yielding part of his demands. A person giving up to something he considers objectionable. This does not designate or relate to any particular person or incident.

Quite often when people present their ideas, they meet with opposition. Some people accept opposition gracefully, but these people are in the minority. The majority of the people don't accept opposition at all. These are the people who should try to develop the art of compromise. They should adopt a

policy using the principles of compromising, as a reminder that they can't always be correct in everything they do. At least other people should have the same opportunity as they have had to prove their ideas.

Another type of person who doesn't accept compromise gracefully is the person who argues and never convinces his opponent of anything. A great man once said, "anywhere there is an argument there are two fools."

Don't you agree that it's very foolish to argue, if you haven't the slightest intention of changing your mind. Chances are it will be just as difficult to convince the other person.

In the future when you come to one of those situations where you think it is impossible to compromise, remember, "anywhere there is an argument, there are two fools!"

Science Study Interests Fifth Grade

Science is the leading interest of the fifth graders this week. They have finished several experiments and have a monarch butterfly developing on a milkweed in their room. They have seen several films to supplement their study.

Also, the school festival is in the limelight. A "fishing pond" is being planned for the fifth grade booth.

There were 21 pupils who had perfect attendance for the first six weeks of school.

Sixth graders are excited over the school festival and have had a bake sale to collect money for their prince and princess.

Thanks goes to Mrs. Rogers for the purchase of a set of "Compton's Pictured Encyclopedias," for use in the sixth grade room.

Jerrie Thigpen Has Letter From Pen-Pal

Jerrie Thigpen is the only eighth grade student to receive a letter from her pen pal overseas. Her pen pal is Elizabeth Knowles from England.

The eighth graders are proud to welcome another new student in their room. He is Edwin Maedgen, originally from Waco, Texas. This brings a total of 32 students

Texico Junior Teams Are County Champs

Texico junior high boys and girls ended their softball season in a great way, by winning a double victory in the county softball tournament played at Ranchvale, Saturday, October 13.

The junior girls drew Grady for their first game and had an easy victory, winning 24-0. Starting the pitching duties for Texico was Connie Tharp with LaDonna Stewart doing the catching. A new team was put in for Texico in the fourth inning, with Joan Brown taking over on the mound. The Grady team still remained scoreless and the game was called after five innings, as Texico was leading by a large score.

The girls' second game was not such an easy one. Texico managed a one point victory, winning 12-11 over House. Connie Tharp was on the mound for the entire game. Through this victory, Texico was then in position to play for the championship.

In the championship game Texico played against the Center team. This was another pretty close game with Texico winning 7-4. Joan Brown was on the mound for the Texico team throughout the game. Barbara Seal hit a home

run for the Texico girls. This game ended the junior girls softball tournament with Texico bringing home the first place trophy and Center receiving second.

The Texico junior boys really had to do some good playing to come up with their win as they had some close scores.

This group drew Rosedale for their first game and defeated them 12-10. Charles Stockton was the starting pitcher, but was later relieved by Bill Reid.

The second game found the Texico boys with a six run margin to win over House 11-5. Charles Stockton also started this game, but Larry Powell took over in the last innings.

The championship game was a thriller, with Texico getting a 10-5 victory over the Ranchvale team, after 11 innings. Ranchvale led the Texico team until the 6th inning. In the 6th inning Ranchvale had a 3-0 lead over the Texico team. There was one out as Wesley Engram came up to the plate. Wesley knocked a home run and brought in Texico's first run.

After this, Texico got two runners on base. Travis Taylor came up to bat and struck out. Travis ran to

Texans Find Ike Stands For Same Things We Do

A fellow was in our town the other day selling men's suits. He was from St. Louis, and he said he was a manufacturer's representative. Grandpa would have called him a dry goods drummer, and Papa would have referred to him as a traveling salesman. This shows you how things change with time. But actually that fellow from St. Louis was doing just about what the earlier visitors did—trying to sell suits.

You might say that he stayed in the same place but the names went off and left him. Reminded me some of the political situation in Texas.

I was reading a letter in the daily newspaper last week, from a man who said he was going to vote for Eisenhower. "I am a Democrat," he wrote to the editor of the paper, "but I feel like the party has run off and left me."

Come to think of it, a lot of conservative-type Texas Democrats are in that shape today. They haven't changed their views much on such things as local control, government spending, bureaucratic red tape, and freedom of the individual; they still travel down the same road they did 20 or 30 years ago, even if they do it at 70 miles an hour instead of 25.

They grew up believing that a man could live down nearly any-

thing except voting for a Republican. They always voted "er straight, until a good many of them jumped over the traces in '52 and went for Ike.

"I can't figure out what's happened," one of them told me. "Seems like Eisenhower talks like a Democrat and Stevenson talks like a college professor."

The other day this same fellow said: "I think I've got it figured out. Ike stands for the things us Texas Democrats have always stood for. Adlai is too thick with Walter Reuther and that crowd to suit me. I'm going for Ike again."

That's the way with most folks in our town. They decided to give Ike a try at it in '52, and they like the way he has gone about the job. There are some things they wished he'd done a little different, but by and large they think he has made us a fine President. At least all the hometown boys are back from Korea, and as far as we can tell the government is being run honestly.

Somebody asked that Missouri suit salesman how Mr. Truman was getting along, and he said he didn't know. "He isn't in the clothing business any more," he explained. "In fact, as far as I can tell, he is clear out of all kinds of business."

Yours Truly,
Jex
Weldon Hart, Director.

Local Woman's Club Divides-Texico Organizes, Applies For Federation

Texico members of the Texico-Farwell Woman's Club Monday night withdrew their membership from the organization in order to organize a Texico Woman's Club for women of that community.

Mrs. Agrie Jones read the statement of withdrawal at the club's regular meeting held Monday night at the home of Mrs. N. W. Peyton in Texico.

The main purpose of dividing the club is to give more women in both communities an opportunity to belong to a woman's club. Mrs. Fred Danforth, president of the club, states that there are enough interested women in each community to have two clubs and that the present club's limit of 35 members deprives potential members a chance to join.

Texico women are also interested in having a federated club. The present club is nonfederated. A letter of application for federation will be mailed this weekend. A call meeting of the Texico women was held last night (Wednesday) for the purpose of approving the letter of application and the constitution and by-laws and for the electing of officers.

Both clubs plan to continue to meet on the regular meeting night which is the third Monday night of each month. Mrs. Danforth says that it is hoped that the clubs will be able to get together for at least one joint meeting each year.

The Farwell club will continue with the program listed in the current yearbooks for the duration of the year and all officers, with the exception of Mrs. Danforth, are from Farwell. No announcement has been made as to what the Farwell club plans to do about electing a new president. Mrs. Bill Garrett is vice-president.

Three representatives from each club met Wednesday afternoon to discuss financial division. Meeting in this group were Mrs. Ansel

Doolittle, Mrs. Agrie Jones and Mrs. Fred Danforth from Texico and Mrs. D. W. Bagley, Mrs. Claude Coffey and Mrs. M. A. Snider Sr. from Farwell.

In leaving the present club, Mrs. Danforth says, "I have sincerely enjoyed working with all of the women from Farwell, and only through this work have I been able to meet a number of the Farwell members. Our club was off to a fine start this year and we have a fine group of women in it. It is my wish that the two clubs may work together through the years."

Texico-Farwell Woman's Club was organized in 1929 and was federated in 1930. The club disbanded in 1942 and was reorganized, but not federated, in 1951.

No other business was conducted at Monday night's meeting. Beth Ellen Peyton played several piano selections prior to the meeting and a group of Texico students, including Barbara Caldwell, Lynell Lovett, Patsy Sprows and Susan Levins, presented two vocal numbers.

Mrs. Robert Williams of Clovis was guest speaker of the evening and "Tips on Good Grooming" was her subject. Mrs. Williams, a former model from Norway, gave hints on good posture, care of the hair and nails and other points which make for good grooming.

All arrangements were featured throughout the house and an arrangement of "red hot poker" centered the serving table which was laid with lace over green. Flanking the centerpieces were black tapers in jack-o'-lantern candle holders. Open face sandwiches, hot punch and nuts were served. Mrs. Clay Henson poured. Flowers were furnished and arranged by Mrs. D. W. Bagley and Mrs. M. C. Roberts. Hostesses besides Mrs. Peyton were Mesdames B. N. Graham, Clay Henson, W. W. Vinyard and J. D. Thomas. Mrs. Peyton's mother, Mrs. Daniel, also assisted with hospitality.

Joyce Nickels Weds Arthur Haseloff

In a single-ring ceremony performed at the Immanuel Lutheran Church of Clovis on Saturday evening, September 23, at 7 o'clock, Miss Joyce Nickels, daughter of Mrs. Lila B. Nickels of Hobbs, N. M., became the bride of Arthur Haseloff, son of Henry Haseloff of

Vernon, Tex. Rev. Gene Oesch, pastor of St. John's Lutheran Church of Lariat, read the ceremony. The bride was given in marriage by her brother, Billy Nickels of Hobbs. She wore an ice blue fall suit with ice blue satin trim. Her accessories were blue and gray and she carried an arrangement of white carnations atop a white Bible.

Matron of honor was Mrs. Gene Oesch of Lariat who wore a royal blue suit with blue and white accessories. She wore a corsage of white carnations.

Henry Haseloff Jr. served his rother as best man.

Mrs. Nickels chose a dress of brown with brown and gold accessories for her daughter's wedding. Her corsage was of gold carnations.

Immediately following the ceremony, the couple left for a wedding trip to Red River, Albuquerque and other points of interest in New Mexico. They are now at home in the Oklahoma Lane community where Haseloff is engaged in farming.

The bride is a 1949 graduate of Muleshoe High School and had been employed by the Nickels gins of Farwell and Lariat and by Dr. A. E. Lewis in Muleshoe.

Haseloff was graduated from Lockett High School in 1948 and served two years with the armed forces at Camp Gordon, Ga. He then farmed near Lockett before moving to Parmer County some three years ago.

Others attending the wedding were Mr. and Mrs. Bobby Nickels of Muleshoe and Mrs. Henry Haseloff Jr.

Hobo Party Fun For ESA Group

Mr. and Mrs. Gilbert Watkins were winners of the "best dressed hoboes" awards at the ESA hobo party held Thursday night in a barn at Roberts Seed.

ESA members and their husbands and guests gathered at the barn which was lighted with candles. Further decorations which carried out the hobo theme included old coffee cans which served as ash trays.

A supper of baked ham, potato salad, pinto beans, relishes, corn bread, coffee and chocolate cake was served.

Attending were John and Joann Getz, Sonny and Jeanne Graham, Joe and Dardanelle Helton, Gilbert and Sylvia Watkins, Walter and Gladys Kaltwasser, Gilbert and Elizabeth Kaltwasser, Wilfred and Dorothy Quickel.

Also, Don and Maxine Williams, Bert and Lamoine Williams, M. C. and Rosa Roberts, Mitz and Nell Walling, Wilma Liner and Hugh Moseley, Irene Dyer and Jo Ann Williams.

Mrs. P. M. Owens Is Feted On Birthday

Mrs. P. M. Owens, who lives south of Texico, was happily surprised on Tuesday when friends and neighbors came in to prepare a birthday lunch and party in observance of her 69th birthday.

Those attending were Mrs. Owens and son Perry, and Mr. and Mrs. J. O. Landon, Mrs. Dorothy Baldock and Steve, Mrs. Wesley Ingram and Timothy, Mrs. John Hadley and Lou Ann, Mrs. J. R. Hadley, Mrs. Russell Johnson, Mrs. E. G. Blair, Mrs. Roscoe Burris, Mrs. C. E. Johnson, Mrs. W. J. Matthews, Mrs. Hancock and Uncle Tom Randol.

Those unable to attend but sending gifts were Mrs. W. H. Baldock, Mrs. Johnny McDonald, Mrs. Joe Blair, Mrs. Leon Cantrell and Gloria, Jerry and Don Johnson.

Milton Lee Walling Has Birthday Party

Milton Lee Walling was honored with a party on his sixth birthday at the home of his parents, Mr. and Mrs. Mitz Walling on Monday afternoon, October 15.

Refreshments of ice cream, birthday cake and punch were served to the youngsters attending. Favors carrying out the Halloween theme included orange paraffin whistles, plastic men holding suckers and bubble gum.

Attending were Jimmy Mace, Joyce Kay Watts, Mark and Barry Williams, Roger Patrick, Bob Chadwick, Ronny and Hal Graham, the honoree and his sister, Edith Ann. James Chadwick also sent a gift.

West Camp HD Club Entertains Guests

Members of the Progress Home Demonstration Club were special guests at the regular meeting of the West Camp Home Demonstration Club held Wednesday, October 10, at the home of Mrs. W. W. Couch.

Mrs. Leldon Phillips and Mrs. Jack Peel were in charge of the afternoon's program and games. Guests from the Progress club were Mesdames Clayton Wells, Lewis Simnacher, Lloyd R. Williams, Glenn Maltby and Manuel Self.

West Camp club members present for the meeting were Mesdames Gerald Byrd, Jack Hough, Jack Peel, William Flowers, E. A. Walker, E. E. Hughes, Leldon Phillips, Mrs. Welch and the hostesses.

Refreshments of sandwiches, cookies and punch were served. Next regular meeting will be on Wednesday, October 24, at the home of Mrs. William Flowers. Visitors are always welcome.

Win Second In Talent Show

Miss D'Rene Danforth and Ronnie and Foy Wicker placed second in a talent show at Melrose on Saturday night of last week. The threesome did a soft shoe-acrobatic routine at the Lions-sponsored show. D'Rene is a freshman at Texico High School and the Wicker boys are from Clovis.

The group voted to postpone their handwork sale from November until December. Further details on this project will be announced later.

Freshman Girls Are Initiated By FHA

Fourteen freshman girls were initiated into the Farwell Future Homemakers of America Chapter at the home economics building at the school last Monday night.

Being initiated were Joy Berry, Katherine Billington, Martha Blair, Sharon Coffman, Judy Herington, Janice and Ruby Hillock, Carol Hukill, Judy Jesko, Gwenlyne Potts, June Ritchie, Margaret Eggers, Fern Smith and Lena May Steele.

After the formal initiation services, the group enjoyed a social hour. Martha Blair, accompanied by Mrs. Erma Jobs, sang a solo and Katherine Billington played a piano selection.

Refreshments of pops and cookies were served to the group by the sophomores.

Mrs. L. B. Penick is sponsor of the local FHA Chapter.

Lutherans Observe Mission Festival

St. John's Lutheran Church at Lariat last Sunday observed its annual Mission Festival. Guest speaker for the two services, morning and afternoon, was Rev. E. J. Stelling, formerly of Clovis, now of Los Alamos, N. M.

The local congregation and guests from Clovis, Friona and Hereford enjoyed the inspirational services. A noon and evening meal were served at the church making it possible for those attending to stay and enjoy Christian fellowship between and after the services.

The local church, along with all Lutheran congregations, set aside one Sunday each fall as a day especially for mission information, inspiration and a day of special offerings for missions.

Although Lutheran congregations remit monthly for missions, these offerings are somewhat of a special harvest thanks-offering to further the work of missions both at home and abroad.

About 110 persons were present for the morning service and about 130 attended the afternoon session.

Miss Wanda Morgan Feted On Birthday

Miss Wanda Morgan, daughter of Rev. and Mrs. C. C. Morgan, was feted with a party in observance of her 11th birthday at the home of her parents on Thursday afternoon of last week.

A Halloween motif was carried out in the decorations with the plates, cups, napkins and favors bearing Halloween designs. The refreshment table was centered with a wooden bowl holding a gaily

colored arrangement of apples and Halloween novelties. A chocolate cake topped with yellow candles and other yellow decorations further carried out the Halloween theme.

After the group played several games, refreshments of chocolate cake, orange Kool-Aid, peach ice cream and Halloween candies were served.

Attending were Judy Tharp, Betty Ruth Lockhart, Beth Ellen Peyton, Wayne Watts, Billy and Jill Billington, Harry Henry, Dorothy Pruitt, Shirley Huber, Jean Morris, Kay Hall, Vicki Moss, June Gay Douglas and Myrtice Shockley.

Also joining the party to enjoy refreshments with the youngsters were Mesdames Amos Shockley, Lee Osborn, Harold Pruitt and W. T. Watson. Mrs. Watson and Mrs. Shockley are sisters of the honoree.

Lutheran Ladies Meet Thursday

Lutheran Ladies Missionary League of St. John's Lutheran Church, Lariat, held its regular monthly meeting at the Parish Hall on Thursday afternoon, October 11, with 14 members present.

Topic for study for the afternoon was "Christian Discipline" and was presented by several members of the League.

The group voted to postpone their handwork sale from November until December. Further details on this project will be announced later.

Mrs. W. U. Sawyer, national committeewoman from New Mexico, opened her home to all Democrats on the occasion. All state Democratic candidates were present. About 1500 persons attended.

Plan To Attend Twirling Clinic

Farwell's majorettes are planning to attend the third annual twirling clinic and contest at West Texas State College on Saturday, October 20. The clinic is sponsored by the Buffalo Band and usually attracts some 200 Panhandle twirlers to the campus.

The clinic, which starts at 10 a. m., will feature fundamentals,

advanced techniques, strutting routines, two and three baton twirling, and fire, sparkler and hoop twirling.

Norman Crider, 18 year old international senior men's twirling champion, will direct the clinic. Crider has appeared on television shows and is the winner of 75 open national championships. The featured twirler at New Mexico A&M for two years, Crider is cited as one of the world's top three male twirlers.

A contest for individuals and ensembles is slated in Buffalo Stadium at 4 p. m. and all contestants will be presented at half-time activities of the West Texas State-New Mexico A&M football game. First, second and third places will be announced in both solo and ensemble twirling, with first place medal and trophy going to solo and ensemble twirlers.

Attending from Farwell will be Phyllis Magness, Gwenlyne Potts, Wilma Norton, and Jeanette Hughes, majorettes, and Mrs. Erma Jobs, director of the Farwell Band.

Alan Price, drum major, and Doris Harriman, majorette, will not be able to make the trip.

Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform... a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need*... plus a new Mileage Maker Six.

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater... the price is still Ford-low.

Texico Wins Pair From Field

Collecting a total of 48 hits between them, the Texico high school softball teams took two wins over the Field teams Friday night at Jaycee Park in Clovis. The Whirlwinds took an easy 15-4 victory while the boys were taking a one-sided 14-4 win.

The Whirlwinds had scored 12 runs in 5 innings before the Field girls had scored a tally. Texico had a total of 26 hits, including home runs by Barbara Caldwell and Darlene Day. Wilma Walton was the winning pitcher giving up only two hits and one walk. She was relieved in the fifth inning by Day. D. Moberly was the loser. The Wolverines also held the

visitors scoreless until the sixth inning when the Panthers scored four runs on three doubles, a single and a walk. The Wolverines collected 22 hits including home runs by Raymond Hadley, Buddy Spears, Jimmy Moore, and Bobby Stover. Joe Berry Glaze was the winning pitcher while Jack Donham was the loser.

Texico Purchases Lots For Playground

A recent expansion in the Texico School is the purchase of two 50 ft. lots from Hames Ellis and C. E. Goforth.

The addition of these two lots, to be used by the first four grades as a playground, will be an asset to the school in many ways. It will give 1400 square feet of play area and will enable teachers to conduct classes with less interference from noise.

These lots, across from the school, will necessitate the organization of a police system to insure safety for the children. Older boys and girls will perform these duties.

The lots have been cleaned and leveled and play equipment is being moved to the new location.

Linda and Mike Nelson, Dickie and Patsy Chitwood, Billy Hardage, Brenda and Jan Mason, Mr. and Mrs. Jimmy McGuire and sons, and Mr. and Mrs. Harold Carpenter.

The Ruby Parker Circle of the WMU met Monday afternoon at the home of Mrs. Fred O'Hair for Bible Study. The circle began a new study on "The Great Prayers of the Bible" with Mrs. Harold Carpenter directing.

After the first chapter of the study, "Prayers of Moses," was reviewed, the group sang "Living for Jesus" and "Amazing Grace." They were then dismissed with prayer offered by Mrs. Irving Looney.

Mrs. O'Hair then served pops to Mesdames Walter Verner, Jack Roach, Frank Edwards, Howard Garner, Irving Looney, Sterling Donaldson and Harold Carpenter.

Mrs. Lacy Hardage was hostess to the Monday afternoon meeting of the Lydia circle of the WMU. The devotion was given by Mrs. Charles Hukill who used passages of scripture from Matthew. The title of her talk was "Lost Sheep."

Mrs. Claude Watkins directed the Bible Study and Mrs. Hardage served cupcakes and pops to Mesdames Lee Mason, Lora Brown, O. C. Richards, J. N. Pruitt, Virgil Woodson, Claude Watkins and Charles Hukill.

Thursday night, October 11, the local Brotherhood was host to the Tierra Blanca Associational Brotherhood clinic. State secretary of the organization, L. H. Tapscott, and John Rankin, district Royal Ambassador leader, and Dr. Swanner, district nine missionary secretary, were leaders of the clinic. The host church served a chili supper to 104 men of the Association attending.

Regular meeting of the Brotherhood was held at the church on Monday night, October 15, with Rev. Carl Scott, pastor of the Central Baptist Church of Clovis, as guest speaker.

Refreshments of doughnuts and coffee were served to Rev. Scott, Rev. Irving Looney, Harold Carpenter, Howard Garner, Bernard Nelson, Jesse Espinosa, Jimmy McGuire, Sterling Donaldson, Delbert Garner, Walter Verner, Bryan

Blevins and Benny Gulley.

Mesdames Frank Edwards, Howard Garner, Walter Verner and Harold Carpenter were in Canyon on Thursday, October 11, to attend the annual Tierra Blanca Associational WMU meeting. This meeting was in observance of the 50th anniversary of the Tierra Blanca Association. Dr. Hope Owen, president of Wayland College, was guest speaker of the day.

Mr. and Mrs. Clarence Johnson and sons visited Sunday afternoon in the home of Mr. and Mrs. Billy Fields in the West Camp community.

Mrs. Lloyd Routon, Janice, Julia and June visited in Munday, Tex., on Friday, Saturday and Sunday with relatives. Mrs. Lilly Green, mother of Mrs. Routon, returned home with them for a visit here.

Mr. and Mrs. Jim Walker and daughter of Hobbs, N. M., visited during the weekend in the home of Mr. and Mrs. E. L. Cochran.

Mr. and Mrs. J. B. Sudderth are once again residents of the Oklahoma Lane community. J. B. was recently discharged from the armed forces and they are now at home on their farm which was formerly the Lee Sudderth home place.

Has Surgery

Little Miss Sheree Rundell, small daughter of the M. G. Rundells, underwent surgery at the hospital in Friona on Monday of this week for the removal of a blood clot from her throat. The clot formed after Sheree fell from a trailer and hurt her throat several days ago. She is at home now and her condition is reported as fair.

Fred Bolton was in Lubbock on Thursday, October 11, to attend a directors meeting of the Lubbock Dairy Association.

Have New Daughter

Mr. and Mrs. E. H. Young announce that they are the grandparents of a baby daughter born October 2 to Mr. and Mrs. Howard Allen. The young lady has been named Karen Diane. The Allens are now making their home in West Virginia.

Henry Young of Floydada and Mr. and Mrs. Paul Young of Lubbock visited Saturday in the home of Mr. and Mrs. E. H. Young.

She has a lot of good tips for the homemaker. Any of you young brides who need the answer to a housekeeping problem, might ask her, we think she could tell you.

If you like garlic to add that extra touch to foods, you'll love the garlic cheese recipe this week. Take our word for it, it is delicious. We got the recipe from Mrs. Johnnie Williams, who in turn, had asked Myrtle Rose for the directions.

It makes a nice snack-type food and is pretty served on round crackers as open-face appetizers.

GARLIC CHEESE

Use 1 lb. of American Cheese, 2 small packages of Philadelphia

cream cheese, 2 pods of garlic cut in tiny bits, and 1 cup of nuts chopped in bits.

Grate cheese, then mix all the ingredients together. Be sure they are mixed well. Sprinkle chili powder over wax paper and shape the cheese into long rolls, which are in turn rolled in the chili powder. Wrap in wax paper and chill.

(Too Late For Last Week)

Mrs. Ethel Taylor of California, daughter of John Payne, visited recently with her father and brothers, Harley and Hubert Payne.

Mr. and Mrs. George Patton, Mrs. Jack Roach and Ernest Joiner visited Saturday night and Sunday with relatives and friends in Pampa.

Mrs. Betty Reeves of Hale Center visited last weekend in the home of her sister and family, Mr. and Mrs. Earl Routon.

Mr. and Mrs. Delbert Garner and family were Sunday dinner guests in the home of Mr. and Mrs. Dee Brown.

Miss Barbara Garner, Mr. and Mrs. Bill Black and daughter and Mr. and Mrs. Mac McGuire, all of Lubbock, visited Sunday in the home of Mr. and Mrs. Howard Garner.

Sunday afternoon guests in the home of Mr. and Mrs. Sterling Donaldson were Mr. and Mrs. Foster Harman and family of Happy.

Mr. and Mrs. Olan White of Amarillo visited Sunday afternoon in the homes of Mr. and Mrs. Wendol Christian, Mr. and Mrs. Harold Carpenter and Mr. and Mrs. Frank Edwards.

Is Recuperating

Mrs. E. L. Cochran, who recently underwent major surgery in a Lubbock hospital, returned to her home last Saturday. Her condition is reported as fair.

From Amarillo

Mr. and Mrs. J. A. Webb and Sharon of Amarillo visited Saturday night, October 6, in the home of Mr. and Mrs. Fred Bolton. Sunday, the Webbs and the Boltons were in Littlefield to visit with Mr. and Mrs. Roy B. McQuatters. An uncle of Mrs. Bolton and Webb also visited with the family on Sunday.

Deborah Class Elects Officers

Mrs. Alton Pruitt was hostess to the monthly meeting of the Deborah Sunday School class on October 9. Mrs. Jimmy McGuire presided during the business meeting at which time the following officers were elected: teacher, Mrs. Sterling Donaldson; assistant teacher, Mrs. Wayne Hardage; president, Mrs. Jimmy McGuire; secretary, Mrs. Dee Brown; and group leaders, Mrs. Irving Looney and Mrs. Delbert Garner.

Mrs. Howard Garner gave the devotion on "Are You Really a Christian?" The group played a game then secret pals were revealed and new names were drawn.

Mrs. Pruitt then served pumpkin pie and hot spiced punch to Mesdames Howard Garner, Sterling Donaldson, Jimmy McGuire, Irving Looney, Donald Watkins, Lee Mason, Wayne Hardage, Chester Johnson, Dee Brown, Harold Carpenter and Delbert Garner.

Officers Elected For Sunday School

Rev. Vernon Willard, pastor of the Methodist Church, reports that the following officers have been selected to serve in the Sunday School during the new church year which began October 7: Sunday School superintendent, Donald Christian; assistant superintendent, Wendol Christian; secretary, Larry Cooper; treasurer, L. M. Grissom; assistant treasurer, Mrs.

R. E. Blankenship; organist, Douglas Hillock; song leader, Judy Roach; children's department superintendent; Mrs. B. J. Foster, youth department superintendent, Mrs. L. L. Cooper; adult department superintendent, Mrs. Sam Billingsley;

Also, kindergarten teachers, Mesdames Donald Christian, Raymond White and George Douglas; nursery department teachers, Mesdames Jim Billingsley, Owen Patton and Floyd Embry; adult teacher, Mrs. T. L. Kent; assistant, Mrs. Sam Billingsley; Companion Class teacher, Mrs. Tom Lindop; assistant, Myron Hillock; Harmony Class teacher, Floyd Embry; assistant, M. G. Rundell; intermediate class teacher, Mrs. C. C. Christian; assistant, Mrs. Lee Jones; and junior class teacher, Mrs. Fred Bolton; assistant, Wendol Christian.

Ricky Hardage, two year old son of Mr. and Mrs. Wayne Hardage, spent a few days last week in the hospital at Clovis for treatment for a liver infection. He is at home now and is reported to be doing fine.

Pink And Blue Shower For Mrs. Farley

Mrs. Charlene Farley was honored with a pink and blue shower on Friday afternoon, October 12, in the home of Mrs. J. D. White.

Hostesses for the occasion were Mesdames Calvin Embry, Henry Ivy, David White and J. D. White.

After several games were played the honoree was presented with many lovely and useful gifts. Attending were Mesdames Ed Clark, Henry Bass, M. G. Rundell, R. L. Hobbs, Fred Bolton, T. L. Kent, Gerald Bass, Benny Splawn, Bob Jones, Claud Watkins, G. E. Redwine;

Also, Mesdames R. D. Dale, Richard Engleking, E. E. Engleking, Frank Hinkson, J. B. Jennings, Don McDonald, Alfred Steinbock, Billy Whalin and Lee Mason.

Sending gifts were Mesdames Hubert Clay, Jimmy Seaton, J. L. Seaton, Sarah Payne, Glen Splawn, Sam Billingsley, Farley and Frazier.

IN HOSPITAL

Word has been received here that Mrs. Luther Ham is in the

hospital at Coleman, Texas, and is quite ill at the present time. The doctor has not yet diagnosed her trouble.

Showers and some hail fell over the Lazbuddie Community Monday night. Some farmers report the hail damage was heavy in spots. Jim Gordon, student at Howard Payne College, spent the weekend with his parents, Mr. and Mrs. Bert Gordon.

Mr. and Mrs. J. W. Crim spent the weekend in Amarillo with Mr. and Mrs. Max Crim.

Mr. and Mrs. Sam Long and children of Hereford visited Sunday with her parents, Mr. and Mrs. W. S. Menefee.

Claude Heath took Mrs. J. L. McClain to Shawnee, Okla., on Saturday. Mrs. McClain, mother of Mrs. Heath, had been visiting in the Heath home about three weeks.

Mr. and Mrs. W. S. Menefee left on Tuesday for Corpus Christi. They expect to be gone about one month.

Mrs. J. R. Harris, who is confined to the Methodist Hospital in Lubbock, is improving, but it is still not known when she will be able to come home.

Congratulations to Mr. and Mrs. Wayne Estep on the birth of a boy on Friday, October 12.

Mrs. W. S. Menefee, Mrs. C. K. Roberts, Mrs. A. E. Redwine, and Mrs. Bert Gordon attended the annual WMU meeting held in Canyon last Thursday. The WMU of Tierra Blanca Association was celebrating its fiftieth year.

Mrs. Ira Wimberley has been confined to the Parmer County Hospital for several days.

There will be a donkey basketball game Tuesday night, October 30, sponsored by the Lazbuddie Community Club in the school

gym. All proceeds will go to help pay the cost of Little League. Everyone is urged to attend.

Extra annuals were ordered, and if you would like to have one of them, contact any member of the senior class.

here's what the **J. W. PEARSONS, 510 ANGELO CIRCLE, CARLSBAD, N. M.,** say:

They point out that a busy home requires husband and wife to share in the household duties. As Mr. Pearson says, "My wife is so busy with the children that I do a lot of the cooking. And I enjoy our electric range because it is quicker and a whole lot cleaner. Our electric range gives us a complete selection of controlled heat for any size pan, which is a big help for any cook." You'll notice the difference, too, when you start cooking electrically.

The Pearsons heat their water electrically, too. Mrs. Pearson says, "With a family of 5, including a baby, which sometimes requires as many as 3 washer loads of clothes a day, our water heater is economical, less than 10 cents a day to operate. It's completely safe, even for small children. In fact, we have put it in an open alcove in the hall." Notice in the picture, Mrs. Pearson fixes her daughter's shoe while daughter and mother obviously feel no wasted heat coming from the electric water heater. And that's because an electric water heater has no flame, and so is insulated on ALL sides.

Start now to live better electrically in your home. See your Reddy Kilowatt dealer and let him show you the wonderful electric appliances that contribute so much to modern electric living.

Cotton Gins Whir As Harvest Picks Up

In the first survey conducted this year, ginnings are running over 8000 bales this week in the Parmer County area, showing an edge on last year's reports of at least three weeks.

This is a significant development and one that farmers and ginners have been predicting ever since planting was completed in record time this spring.

Cotton farming on the High Plains is a "just barely" operation, with the number of growing days between freezes being critical in determining both quality and yield of the crop.

Last year, when a light but damaging freeze of October 6 caught thousands of acres of the crop still trying to make it, hundreds of cotton men moaned as yields and quality fell off sharply. Late planting, a cool spring and summer, a wet fall, late watering, and an early freeze played havoc with the Plains growers.

This year is an about-face, however, and the balmy fall days with plenty of sunshine have been perfect for King Cotton. Many first pullings are yielding a bale to the acre, and quality is exceptional.

Here are the reports from the field (the first of the week):

The Friona area, including two gins in that community, one at Summerfield, and two at the Hub, reports 4287 bales.

PLAINS FARMERS' GIN—Mostly strict middling and middling up to one inch. Most over 15-16, several over one inch. No stripper cotton. Do not expect to run 24 hours until stripping starts. Shortage of hand pullers hampers harvest.

TRI-COUNTY — Ginning some stripper cotton now, making one to two bales. H. O. Markley made 60 bales off of 45 acres, estimates 20 to 25 bales still in field. No

dry land cotton. 90 percent middling up. Running about 20 hours.

NORTH PLAINS—All hand pulled cotton. Harold Joe Wells pulled 21 bales from 15 acres. Most cotton 31-32, mostly strict middling light spot. Running 24 hours this week. Do not expect much stripped cotton until after frost.

FLEMING & SON—Just getting started. 75 to 85 percent of cotton defoliated. Strippers starting before frost. Yields above average, surprising owners. Hub community average about 1½ bales, turnout and staple better, about like 1954. Expect to start running 24 hours this week.

WEST HUB—Yield lot higher than expected, also grade. Averaging bale first pulling, some as high as 1½. Heavy frost will be necessary before strippers to run unless fields have been defoliated. Do not expect to run 24 hours until strippers start. De-linting operations running. Cotton lot better than 1955, about like or better than 1954.

TAM ANNE—This gin, just over the line in Castro County on Highway 86, is just now getting started. Some stripped cotton next week. Cotton better than 1955. The grade is good, mostly middling and strict middling.

Ginnings at Bovina are pushing 1000 bales. Limited defoliation practices have meant that most cotton is still being pulled by hand. Freeze that is expected soon will cause rush on gins.

Dryland crop is lost but irrigated has never been better. Most first-over pullings are running around bale per acre.

NICKLES, FARWELL — Just barely touched harvest. Expects to get rolling good by end of week. Will probably put on night crews this week. 560 bales.

WATKINS, FARWELL—Haven't started yet. Been repairing gin. Just now ready to go. Harvest barely starting in area.

SHAFER, LARIAT—Harvest estimated one-sixth complete. Plan to put on night crew this week. 777 bales.

SCOTT, LAZBUDDIE — A poor telephone connection prevented getting details. However, harvest is progressing well in the southern and southeastern parts of the county. Estimated 1200 bales in Lazbuddie.

WATKINS, LAZBUDDIE — Just getting started, with about 15 to

20 percent of cotton in. Expects peak of harvest to come about a week after killing frost.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

October 7-13 was National Fire Prevention Week.

The key to fire prevention is "Don't give fire a place to start." Why invite destructive fires on farm premises by tolerating fire hazards or incurring fire risks? Every year farm fires cost about 3000 lives and destroy more than \$150 million in property value. This loss of life and property with the accompanying grief and distress is largely preventable.

Be prepared to fight fire. Keep your fire department number posted near your telephone, and be ready with an alternate way to give the alarm in case you can't use your phone.

Have at least 3000 gallons of water storage ready for use in any weather. Have a water supply, water pump, motor, electricity, hydrants, and hose ready and located where fire cannot prevent their use when needed.

When using fire extinguishers on wood and rubbish fires, use water, foam, or soda acid extinguishers.

On oil, grease, and paint fires, use foam, carbon tetrachloride, carbon dioxide, or dry powder extinguishers. On fires in live electrical equipment, use carbon tetrachloride, carbon dioxide, or dry powder extinguishers. Have at least two types of extinguishers.

Be sure ladders are conveniently located and long enough to reach the roof of the highest building on the farm.

Have shovels, rakes and swatters ready to fight grass fires. Clean up grass, weeds, trash, and lumber along buildings and fences. Train youth as well as adults to recognize and eliminate fire hazards.

Sixty nine per cent of all farm fires are caused by either spontaneous ignition, electrical faults, lightning, and defective or overheated heating equipment.

THE HAPPY HOMEMAKER

If you are building a new home, remodeling an old one or re-doing a kitchen, be sure to look into the possibility of having a grease proof wall around your range.

The wall can be made impervious to grease splatters and easy to keep clean. The paneling to make the wall is plastic finished hardboard, which is available at many lumber yards. This material has a baked coating in wood grain and marble designs as well as solid colors.

At this time of year most homemakers begin to think about fruit cakes for Thanksgiving and Christmas. We don't have a fruit cake recipe that is especially good, but do have one for pumpkin spice cake that we like very much.

Cream ½ cup shortening and 1 cup sugar. Add one well beaten egg and blend thoroughly. Stir 1 teaspoon soda into 1 cup hot mashed pumpkin and add to the creamed mixture. Sift 2 cups flour, 1 teaspoon cinnamon, ½ teaspoon cloves and ½ teaspoon allspice together then add to the first mixture. Add 1 cup raisins and 1 cup chopped nuts and blend thoroughly. Bake in moderate oven.

Just recently we read two definitions which interested us very much. One was for a housewife and the other for a homemaker. Being a good housewife or housekeeper is much easier than being a good homemaker. A homemaker has to be a good manager in order to use her time wisely so that she may be a good wife, a good mother, and a good neighbor.

There are so many requirements for a good homemaker that it is easy to understand why a beginner would feel like giving up a lot of times. If some of you who are beginners make so many mistakes you think you will never learn, just don't give up.

Mistakes are only as disastrous as you let them be. They may even be stepping stones in the right direction if proper use is made of them. Try to remember that you are not the first one who put forth a lot of effort then failed to accomplish the task.

If there is an older homemaker in your neighborhood that you especially admire, it might help to cultivate some of her good points and use her as an example. However, it never pays to get the idea that she acquired the abilities which you admire without making a lot of mistakes.

In our opinion, there is no greater mistake than a person taking the attitude, "I've made a mistake and there's nothing left for me to do except give up." As long as you can learn a lesson from past mistakes and keep trying, you will surely benefit from the experiences.

Fall of the year always brings with it turnips and greens. We like the turnips better than the greens, but either one makes a nice addition to the noon or evening meal this time of year.

A league is about three miles.

PICK THAT CORN—A surprising number of mechanical pickers such as this one are in use in the Parmer County area this month, as harvesting of a good crop moves along. This unit was brought in from Greenville, attracted by report of the crop here which is running from 65 to 125 bushels per acre, irrigated.

"The Place Where Most People Trade" Wednesday, Oct. 17, 1956, Friona, Texas

Roy Wilson and Floyd Crume made short talks at the Progressive Study Club Tuesday. Their subject was soil and water conservation. Mr. Wilson gave some figures we thought you might be interested in. The total amount of water used in Friona in the month of July was 27,451,440 gallons. That is an average of 13,725 gallons per person or 41,175 gallons per family. The average per family of water wasted thru leakage was 2,058 gallons or 34 cents per family.

It is time to start breaking your land again. The ideal breaking plow is the No. 39 roll over. No corners or furrows are left in the field to level down. Call us for a demonstration now.

Remember we are as near as your telephone. With our radio system we can have a mechanic at your place very soon and we will deliver any machine to your field and help to get it started—Call 2091.

Are you going to need a cheap breaking plow? We have several that have a lot of use in them that we can sell cheap.

Mr. and Mrs. John Gaede are back in Friona. Seems like John is allergic to almost every place except Friona. The Gaedes have been in Hot Springs and in Colorado Springs for several weeks but still like Friona best.

Did you hear the loud noise and feel the jar at your house Monday at noon? Felt like a little earthquake but it was a jet plane close by, that broke the sound barrier—anyway that is what we thought it was.

IH oil Filter Element keeps oil clean 150 hours, traps particles 1/70th the size of a human hair.

Have you called for your demonstration of the new 400 tractor? See and drive one in your own field.

Mr. and Mrs. Darrell Robbins and two sons were visiting in Friona this weekend. The Robbins live in Floydada.

Mr. and Mrs. Blake were hosts to several young folks on Sunday for dinner in their home. Enjoying the day with the Blakes were Doris McFarland, Wesley Barnett, Phila Buske, Phillip Weatherly, Joe McLellan, Johnnie Hand, Don Reeve, Lavon Fleming, Robbie Boggess, and also Mr. and Mrs. Blake's daughter and her husband, and Burr Blake.

The time before frost is vanishing and so is the proper time for poisoning Johnson grass and bind weed. Better get some sodium chlorate and get the job done. It pays to use Penn Salt Sodium Chlorate.

Pete Buske is the only fellow we know who is ready for sub-zero weather. He has a coat with a built in heater. The coat works like an electric blanket and is powered by a small battery. If we get a big snow again this year and have cattle to feed maybe we can borrow Pete and his coat.

Several men from Friona are deer hunting this week. Elroy Wilson, Hap Fairchild, Huelette Lea, Ralph Wilson and Herschel Johnson are a few we heard about.

For your convenience we will have a parts man on duty Sunday afternoons until harvest is over. If the store is closed call 3051 or 5121. The phone numbers at the Parmer County Implement Co. and Pump Co. are 2091 and 2201.

Hoyt Smith is the new foreman at the Parmer County Implement Company warehouse. If we can or can't find anything he is to blame. Hoyt is a good cook, too. Cobbler pies are his specialty tho' he can fry eggs, too. While Hoyt's wife was visiting in Amarillo he decided to make a pie. His regular pie pan was lost so he found a pyrex pan, sugared and buttered them, turned the fire on under the pan and started to make a crust for his pie when bam! The blue berries and the glass dish exploded all over the stove, the ceiling, the cabinets, windows, door and the floor. That's been several weeks ago, but Hoyt is still cleaning up blue berries at his house.

To get stalks to rot quicker chop them up with a Servis or I. H. Stalk Shredder. We have them both for sale.

Most Sunday school lessons were on the Ten Commandments last Sunday. Our mother asked John Bill if he knew what they were. He said, "Say some." So mother quoted from Genesis and John Bill said, "Oh! yes, I know what they are—the pledge of allegiance to Jesus."

There are three parts men at Parmer County Implement Company now so you should get waited on in a hurry. Douglas Connelley, Mason Lane, and Cecil Osborn. Cecil is new here. He has just moved his wife and small daughters into Mrs. Hall's house in the north part of town. The Osborns are from Hale Center.

Our family enjoys Mexican food very much. Especially that at the El Monterrey in Clovis. We ate there the other day and David, our five year old, ate and ate. When asked what he wanted for dessert the answer was, "Nothing, I'm overloaded."

Shredders, Plows Following Combines

To watch some area farmers, you'd think it wasn't 30 days until spring planting.

That's the impression one might get to see stalk shredders and tandem discs right behind combines as they harvest a big grain crop, and the breaking plow is sure to be turning the residue under before long.

More and more Parmer County area farmers are switching to "full-time" farming and not wasting any time in getting their land into shape. There are several reasons for this trend, and all of them are valid.

First of all, decaying stubble adds organic matter to the soil—a vital consideration, especially in the case of the irrigated farm. And the quicker the stubble is returned to the ground, the longer it will have time to decompose and become useful to next year's crop.

The remarkable advances in agricultural chemistry have proved that fertilizer will "fix" itself in the decaying matter and be available for next year's crop when the time comes. In addition, it speeds decomposition itself. That's important, too.

Tilth and texture of the soil is increased by returning stubble to the land, and often great improvements in the water-holding capacity of the soil can be noted.

County Agent Joe Jones comments that this year more than ever before he has seen farmers getting back into their fields at the earliest possible moment to prepare for the coming year's operations.

AFBF Is Working On Cotton Study

WACO—Efforts of Farm Bureau leaders in Texas to insure accurate classing of cotton by the government now has the support of the American Farm Bureau Federation.

Charles B. Shuman, president of the AFBF, today announced the re-activation of the cotton committee to give specific study to the establishment of a non-governmental cotton classing review board for the purpose of reviewing controversies over cotton classing.

This action is a result of efforts by Texas Farm Bureau leaders to obtain accurate classing of cotton by the government's Smith-Doxey classing service. A congressional hearing—requested by Farm Bureau leaders—was held September 18 in Greenville. One result of the hearing was a promise by members of the cotton subcommittee of the house agriculture committee that congress will act immediately after it convenes in January to get a "light spots" classification for cotton put in the government loan.

Shuman also revealed that the AFBF cotton committee would study the question of whether present cotton grades adequately reflect the value of machine-picked cotton—and also whether producer interests are adequately represented on the international cotton grades committee.

SERVE CHICKEN OFTEN

Chicken is plentiful, which means a good buy for the food shopper. It's also a tasty, nutritious food that can be served in a variety of ways, according to extension foods and nutrition specialists. Serve it fried, broiled, baked, stewed, in salads, casseroles or sandwiches.

A high quality protein food, chicken also contains important minerals, and B vitamins needed for general good health and moral.

I would like to offer these suggestions:

Store fresh poultry, loosely wrapped, in the refrigerator. If bought packaged, remove cellophane or film wrap to allow air circulation. Use within 2 or 3 days. If you plan to freeze it, repack it in moisture-proof, vapor-proof packages.

Keep frozen poultry frozen until ready to use. Thaw in the package. Use immediately.

Cook any kind of poultry at low temperature. Here is a good and easy way to serve chicken. You might like to try it.

OVEN FRIED CHICKEN

1 chicken, cut up for frying
1 cup flour
2 teaspoons salt
¼ teaspoon pepper
½ cup butter or margarine (1 stick)

Mix flour and seasonings in paper bag. Melt butter or margarine in shallow baking pan. Shake 3 or 4 pieces of chicken up in bag at a time to coat well. Place chicken in single layer, skin side down, in baking pan. Bake 30 minutes in 425° F. oven. Turn chicken; bake another 15 minutes or until tender and brown. Serve hot.

NEWS FROM THE

FARM BUREAU

By RAYMOND EULER

The news from the ASC office that farmers need not plant their allotment of basic commodities in order to hold their allotment history is certainly good. We have never seen the logic, particularly in a time of surpluses, in requiring a man to plant his allotment to hold his history. We still feel that the farmer who was regularly summer fallowing in un-allotted years should have been given consideration when allotments returned. Anyway, the present program does seem a little more equal for all. Prentice Mills, ASC office manager, says you do need to sign the form provided to insure protection of allotments for unplanted acres.

It is important, says Mills, that all farmers remember that contracts in the soil conservation reserve for periods of 5 or 10 years are binding for that period of time, regardless of weather cycle changes or sale of the land. The only way

of receding from the contract is by refunding money received under the program, with interest, or having the buyer sign for completion of the conservation reserve period remaining.

Any director or member will gladly accept your renewal or new membership in Farm Bureau, if you are interested in reducing state cotton acreage allotment reserves, improving cotton classing methods and many other items vital to your farming income.

AFBF President Charles Shuman, reporting to the special congressional committee to investigate political activities, lobbying, and campaign contributions last week said legislative operations of AFBF are an open book. His concluding remarks were as follows:

"As a free institution representing freedom loving citizens, we are interested in successful representative government. The American Farm Bureau Federation expects to continue to be a means through which individual farm families can exercise effectively their right of petition in their county, in their state and in Washington. We trust that the members of this committee, and the other members of Congress, will welcome this assistance in the future as they have in the past."

Congratulations to Franklin Bauer, Walter Schueler and Martha Schueler in their election as chairman, vice-chairman, and secretary-treasurer, respectively, for Rhea FB.

Consider this: Open rebuke is better than secret love. Proverbs 27:5.

"Carnival Day" Booked at Clovis

On Thursday, October 25, Clovis will hold a "carnival day" for the entire trade area.

Streets will be roped off for the day. Merchants will display merchandise on the sidewalks, and organizations of all types will have booths down the center of Main Street. Main Street will also be decorated with a carnival atmosphere.

There will be a large variety of roving entertainment scheduled for the day with a square dance that night. There will be free rides for kiddies and other attractions for adults. Stores will remain open until 8 p. m. Many stores will feature give-aways and drawings.

Organizations from all surrounding towns are urged to participate by having a booth. Choice locations are still available and organizations are urged to contact Jack Moudy at Montgomery Ward or Al Stern at Levine's for a definite spot.

There is no charge for booths.

Benjamin Franklin designed a dollar made of silver, brass and pewter, bearing the motto, "Mind Your Own Business," and minted in 1776.

THE PARMER FARMER

High Plains farmers, like other modern Americans, no doubt are scratching their heads and wondering where all the "gimmies" will end. It's "please give to this" and "please give to that" campaign just about every other week.

These demands on farmers' limited profits no doubt sometimes get to be confusing if not discouraging. We would like to point out that most of the causes are worthwhile and back up a sound and needed program.

Most of the gyp and unworthy promotions have been weeded out. The few that still drift around occasionally can usually be recognized. Generally anything that is not well-known should be investigated thoroughly.

Donation or subscription to the cause of your choice is the American way. Its improvement over taxation is obvious at first sight. It is then, up to every individual to decide for himself what drives he thinks worthy of his means.

So often, the results of these causes to which we are asked to contribute are vague and remote. It is seldom that we receive direct benefit. Farmers, like businessmen (and successful farmers MUST be businessmen) are interested in supporting programs that will be of immediate help to the industry.

One of these, we might point out, is the Grain Sorghum Producers Association, a Plains-born, Plains-backed outfit. This organization offers the rare combination of recognized leadership where men are more interested in getting something done than just talking.

Parmer County farmers pocketed more than one million dollars last year just on account of this group. There has been no general campaign for financial support until now. We hope local farmers will remember this young but energetic and effective organization.

SIGN OF THE TIMES

The government now uses a check writing machine which produces 100 checks a minute. But, apparently, this machine is obsolescent. A new one is on order—and it will zoom out the checks at the rate of 300 a minute.

That is about as typical a sign of the times we live in as anyone could imagine.

Water District Tries For Recharge Program

The High Plains Underground Water Conservation District is making an effort to have recharge irrigation wells included as a special conservation practice in the government farm program.

Public Law 1021 has set up a \$150,000,000 fund to be spent in the next 10 years for conservation practices, and the District hopes that drilling of recharge wells may be adopted as one of them.

If adopted, the practice would provide that the wells be drilled near lakes that would drain 300 acres or more. Federal cost share could be as much as \$2000 on the installation, and the well could be used for irrigation purposes.

Emergency Feed Program Extended

Walter T. McKay, state director of the Farmers Home Administration, this week advised Walter F. Johnson, county supervisor of the extension of the emergency feed program in Parmer County, that the program deadline has been extended.

Under this extension, farmers and ranchers may now file application through December 3 for a

supply of feed grain necessary to carry basic livestock herds through December 31, 1956.

This extension of the emergency feed grain program now coincides with the assistance available under the roughage program for Texas, and enables county FHA committees to consider total feed requirements, both roughage and grain, through December 31, says Johnson.

CONTROLLING THE BRAZOS

The usually tranquil Brazos River, in the forty-one years between 1891 and 1932, was responsible for 542 deaths and a loss of \$54 million in property damage. Water conservation, flood control and power generation would be achieved by completion of the thirteen-dam master program of the Brazos River Authority.

Acreage Dispute Continues

Directors of the Plains Cotton Growers last week voted to contribute \$5,000 towards expenses of West Texas cotton producers involved in a suit with the Texas Agricultural Stabilization and Conservation committee over 1956 cotton allotments.

George Pfeiffenberger, executive vice-president of the Growers, says the organization believes West Texas producers are right and want to see the court case to a conclusion.

Pfeiffenberger said the Growers also voted to contribute another \$5,000 if it is needed.

Directors voted this action at the October meeting last Tuesday in Lubbock.

At the same time the directors endorsed Amendment No. 3 which will be on the November 6 ballot pertaining to letting state institutions re-invest money in other approved state programs such as experimental agricultural research stations.

Farwell Homecoming Set For November 24

Farwell ex-students and teachers annual homecoming banquet has been scheduled for Saturday night, November 24, at 8 o'clock in the Farwell School cafeteria.

Local exes are working hard to make this the best homecoming yet. They urge anyone who knows any ex-student who is not on the current mailing list to call 7-2534. This is also extended as a personal invitation from the ex-students association to any ex-student or teacher of Farwell, Oklahoma Lane or West Camp Schools to attend the annual affair.

John Lee, former Farwell coach and now principal of schools at Justin, Tex., and E. W. Harper, former superintendent of the Oklahoma Lane Schools, now of Muleshoe, will be special guests for the evening.

Special musical number will be featured and members of the cafeteria personnel will prepare the meal.

Farwell ex-students are especially urged to take an interest in the homecoming plans. Reports are that several exes from out of town are planning to attend, and Farwellites will be expected to provide a warm reception.

approved in the election, will be installed later in the year. The final installation will be along the alley between 8th and 9th street, south from Avenue B, the clerk says.

When the final extensions are complete the sewer will be available to all city residents. Presently, the lines go only to the alley between 7th and 8th streets.

In regard to other improvements being made possible by the bond election, the fire truck and fire fighting equipment in the amount of \$14,000, have been ordered. The chassis of the Ford truck was purchased from McKillip Motor Company in Farwell and Howe Equipment Company is installing fire fighting equipment. The complete truck is due to be delivered by February 1.

Bids from the two local contracts are to be received soon for the construction of a 32x30 fire-proof

Hendersons Return From Business Trip

Mr. and Mrs. C. M. "Heinie" Henderson returned late Sunday from a vacation and business trip to parts of Arizona. Mrs. Henderson stayed at Sedona, in Oak Creek Canyon, while Henderson attended the National Kiwanis Convention held in Phoenix and attended to business while there.

Mrs. Henderson enjoyed visiting friends and sight-seeing around Oak Creek Canyon and many other points of interest during her stay at Sedona. Henderson returned there Saturday and they returned to Farwell on Sunday.

Two Local Boys Attending National FFA Convention

Dick Lockhart and Raymond Hadley, Texico FFA members, are in Kansas City, Mo., this week attending the National FFA Convention.

These boys, selected by members of the local club with all expenses to be paid by the club, left Sunday via the Santa Fe and are to return tomorrow morning. They went with a group of 200 boys and instructors from New Mexico and will participate in the convention along with 12,000 FFA members from over the nation.

While in Kansas City they are to attend the American Royal Livestock Show which is an added incentive for the trip.

They are staying in the Hotel Muehlebach, one of former President Truman's favorite hotels.

MORTON—
(Continued From Page One)

that they were not top-notch Class B units. With that in mind, Coach Russell Young is not too optimistic about the coming clash Friday night.

"Our team has weaknesses that we don't even know about," was the sentiment of Young, as he referred to the weak schedule of his team during the first half of the season.

Unlike that of the Steers, Morton's Indians have met several rugged foes in their first five games. While they have won only one game, they have dropped some close decisions to teams of higher classification. Two of their losses were to Muleshoe, a AA powerhouse, 7-0, and the Portales Rams, 25-18.

Other than those two games, the Morton crew has lost to Seagraves and Ralls, and recorded their lone win against Price College.

The game is certain to be the first test of the season for Farwell, and assistant coach Shelby Jobs expects the contest to be a close one. Jobs scouted the Indians last week against Ralls and was impressed with the team's passing and their ability to run wide.

The Morton team is about the same size as Farwell's, averaging 156 pounds.

Home Ec Girls See Demonstration

"Dare to be original in all flower arrangements," said Mrs. Charles McIntosh of Clovis when she made fall flower arrangements in Texico FFA Club meeting Thursday afternoon.

Using dahlias, chrysanthemums, bells-of-Ireland, canna leaves and castor bean leaves, Mrs. McIntosh made arrangements to emphasize design, scale, balance and harmony in flower arrangements.

"One must always provide a center of interest, keeping dark colors at the center and bottom of each composition," Mrs. McIntosh emphasized.

The "ohs and ahs" heard around the room bore out the fact that the 25 girls and their sponsor, Mrs. Jimmie Allman, thoroughly enjoyed the demonstration.

Farwell Carnival To Be October 27

Farwell School's annual Halloween carnival has been scheduled for Saturday night, October 27, in the school auditorium, according to an announcement made by school officials this week.

Further details concerning some of the proposed activities and the candidates for the queen's court will be announced in the Tribune next week.
