

# Parmer County Voters Facing Huge Ballot

In chasing around the countryside last week, we ran into a fellow named Bob Bates. He now lives at Sunray, although he claims to be a product of Bovina.

Bob recognized us and mentioned having known Hop quite well a number of years ago. As he told us some of the things he and the late Tribune publisher used to get into, we became quite amused.

His favorite story harks back to his high school days at Bovina, when times were not always too prosperous, and up-town entertainment such as picture shows was enjoyed only on rare occasions.

It so happened, Bob recalls, that one week he read in The State Line Tribune where if the reader clipped a certain Clovis theatre ad and brought it to the show, he would be admitted free.

Bob didn't want to pass up an opportunity such as that one, so he struck out for Clovis, meanwhile inviting a friend to join him on the trip. "We got into Farwell after dark," he says, "and The Tribune office was locked up.

"So then we hunted up Hop's house and knocked on his door. When he answered, we told him we wanted to buy another Tribune so that my friend could get to see the free show.

"Hop took our nickel, and told us to go back down to the shop and to look high and to the right of the door frame, and there we would see the key hanging on a nail. We were supposed to open the door, go in, take the paper we had paid for, and then lock the shop and return the key to its resting place.

"We did just what he asked us to do, and got to see the show in fine shape."

The funny ending to this story is that we have replaced the broken-down front of the shop with a modern glass and redwood front since Hop and Bob made their deal in 1930, but not everything has been changed.

The key is still hanging in the same place.

Teachers from all over Parmer County have been after us tooth and nail to endorse Amendment 4 which will be coming up on the general election ballot next month.

A person doesn't stop to think how many teachers there are until they all start in after him.

We have held off passing on this matter until we thoroughly surveyed the proposition. Happily, we have decided to support the teachers in their attempt to strengthen the state teacher retirement program.

However, we should also like to point out that our enthusiasm for the plan is something less than complete, and that serious thought should be given this amendment by every voter. The issue is not all "black and white." It has some delicate shades, too.

Of foremost consideration is the possibility that the plan may not be actuarially sound. That is, it may be proposing more benefits for teachers than the fund will be able to provide in the manner it presently is arranged.

Questions on this count became so serious as to cause the resignation of the actuary of the state retirement system. He said it wouldn't pan out. Others learned in such matters of the problematical, however, say it will work.

The net result is that everyone who does not have first-hand information is left wondering which will be the case. And 99% of the voters won't have the kind of info-

**TOURNEY RUNNERS UP**—Pictured above is the Texico Wolverine softball team, which won second place in the Curry County softball tournament last week. Johnny Brown, left to right, Kenneth Hawkins, Jerry Reid, Jerry Henson, and Johnny Brown. Second row, Dickie Adams, Buddy Spears, Jimmy Moore, David Lockhart, and Weldon Bell. Back row, Charles Stockton, coach; Raymond Hadley, Dick Lockhart, Bobby Stover, Joe Glaze, Jerry Brown, J. C. Kelley, and Fred Danforth, coach.

**WHATTA BALLOT**—This huge ballot, being displayed by Dorothy Quickel and Mrs. Grace Davidson of the County Clerk's office, is the one Parmer County voters will be marking when they go to the polls November 6. The ballot, containing candidates for 34 national, state, district, and county offices, plus eight constitutional amendments, measures 28 inches in length.

## STEERS TOP MORTON, 9-6

A field goal, kicked from the 18-yard-line, by Johnny Lovelace, sophomore quarterback, broke up a 6-6 tie in the final period and gave the Farwell Steers a 9-6 conference win over Morton here Friday night.

It was the first conference game for the Steers and by winning, they moved into the league lead with Sudan, both teams standing 1-0 in the five-team loop. The Steers remain unbeaten but the touchdown scored by the visiting Indians ended their five-game shutout streak.

Farwell's touchdown came the first time they had possession of the ball. Mitchell Walls recovered a Morton fumble on the 30, soon after the Steers kicked off. Seconds later, David Willard shot around right end, and catching

the secondary off guard, went the 70 yards to pay dirt. Lovelace's extra point attempt failed.

After the first score, Farwell rolled up yardage on the ground, but couldn't muster a scoring drive for the remainder of the half.

Like Farwell, Morton too scored after recovering a fumble. The Steers were operating from their own 36 when a fumble was recovered by Morton's Merle Newmann.

With less than a minute to go in the first half, Gary Middleton hit Dean Williams with a pass for a TD, making the halftime score, 6-6.

The Steers continued to grind out yardage in the second half, but didn't get close to the goal line until the late minutes of the game. (Continued on Last Page)

## Wolverines Take Second Place

Texico Wolverines emerged as second place winners in the Curry County softball tournament, after being edged out 6-5, by Ranchvale, in the championship game played Saturday afternoon at Clovis.

Both teams went into the game with identical 6-1 records after Ranchvale had swamped Fields 22-4 on Friday morning and managed an easy win over House on Saturday morning in the first rounds of play.

Texico won its right to championship play by defeating Rosedale 5-4 on Friday afternoon and handing Grady a 9-1 shellacking

Everything is big in Texas. Or, so goes the saying, and the ballot which Parmer County voters will be facing when they go to the polls to vote in the November 6 general election is in line with other Texas monstrosities.

The largest in history, the ballot measures 28 inches in length. It was so large that there wasn't a job press in the printing plant that would handle it, and had to be printed on the newspaper press.

The ballot is headed by the list of candidates representing the Democratic party, followed by the Republican and Constitution Party

candidates. Too, there is a column for the independents, and one for those wishing to write in a name for the national, state, district, and county offices.

The Democratic party is the only one having a candidate for each office. Headed by Adlai Stevenson and Estes Kefauver, candidates for president and vice-president, the Democratic list has 34 names in all. There are 32 state, district, and county offices to be filled, and they range from governor to precinct committeemen.

The Republicans have five names on the ballot, headed by Dwight

D. Eisenhower and Richard M. Nixon for president and vice-president. William R. Bryant is the Republican opposing Democrat Price Daniel for governor.

For attorney general, the Republicans list Leo N. Duran, and for state commissioner of agriculture, they have Samuel F. Singleton. Democratic candidates for these positions are Will Wilson for attorney general and John C. White for commissioner of agriculture.

The Constitution party has seven candidates on the ballot. T. Coleman Andrews and Thomas H.

Werdel are the candidates for president and vice-president, and Fred T. Spangler is running against Democrat Martin Dies for congressman-at-large.

Other candidates representing the Constitution party are John R. Anthony for associate justice, supreme court, place 2; Joseph M. Rummel for railroad commissioner; E. G. Brown for comptroller of public accounts; and Bard A. Logan for state treasurer.

Democratic candidates vying for these positions are Robert W. Calvert, associate justice, supreme court, place 2; William J. Murray, Jr., railroad commissioner; Robert S. Calvert, comptroller of public accounts; and Jesse James, state treasurer.

The remainder of the Democratic candidates which emerged on top during the Democratic primaries, are unopposed in their bids for election.

No names appear on the independent ticket. Although his name is not on the ballot, making a bid for election as a write-in candidate is W. Lee "Pappy" O'Daniel for governor. O'Daniel was a candidate in the Democratic primary and finished third, behind Daniel and Ralph Yarborough.

## Farwell Carnival Set For Saturday Night

Coronation of a king and queen will highlight Farwell's annual Halloween carnival to be staged in the school auditorium on Saturday evening, October 27, starting at 7 o'clock.

Sponsoring the carnival are members of the student council, who say that about the same amount of booths as were on hand last year are expected for the current event.

Competition runs high in the queen's race each year and each class tries hard for the victory which nets the winning group several dollars for its treasury.

Votes for the queen are one cent each and each class may keep all the money it earns for the race except for a \$25 entrance fee. The winning class is permitted to keep entrance fees from all groups.

In the race for carnival royalty this year are, seniors: queen, Doris Pond; king, Duane White; princess,

Marian Smith; and prince, Jerry Venable; juniors: queen, Katherine Pullam; king, Derrell Garner; princess; Martha Smith; and prince, Mitchell Walls; sophomores: queen, Faye Rounton; king, Bobby Lesly; princess, Jeanette Lindop; and prince, Johnny Lovelace; and freshmen: queen, Martha Blair; king, Joe Hughes; princess, Jo Ann Hubbell; and prince, Larry McDorman.

The carnival will begin at 7 o'clock. All booths will be closed and voting halted at 9:30 with the coronation to take place at 10 o'clock.

Everyone is invited to participate in the fun at the carnival and the student council is sure a good time awaits all who will attend.

## Williams Explains Amendment No. 4 To Lions Monday

At the regular meeting of the Texico-Farwell Lions Club Monday night, Jack Williams, superintendent at Farwell Schools, explained amendment No. 4, which will be on the November 6 general election ballot.

Williams pointed out how many teachers in Texas were leaving the profession each year and how the amendment, if passed, would help to alleviate this problem. The amendment, boosting teacher retirement benefits, would help to keep teachers in the profession, as well as attract new ones, Williams said.

During the business session of the meeting, the Lions discussed the summer youth program for the coming year.

## Smoke Damages Willard Home

The home of Rev. and Mrs. V. E. Willard in the Oklahoma Lane community was severely damaged by smoke during a kitchen fire on Monday afternoon.

Mrs. Willard attempted to take a skillet of flaming grease outside when some of the burning grease spilled on the floor by the ice box. Paper sacks stored in the bottom compartment of the refrigerator caught fire and soon the entire ice box was ablaze.

Mrs. Willard, who was at home alone at the time of the fire, summoned the neighboring preacher, Irving Looney, and W. N. Foster, who was passing. Rev. Looney and Foster soon put out the blaze with an extinguisher and got the ice box outside.

Most of the interior of the Willard home will soon receive a "face-lift" because of the damage.

## DeSoto-Plymouth Showing Tuesday

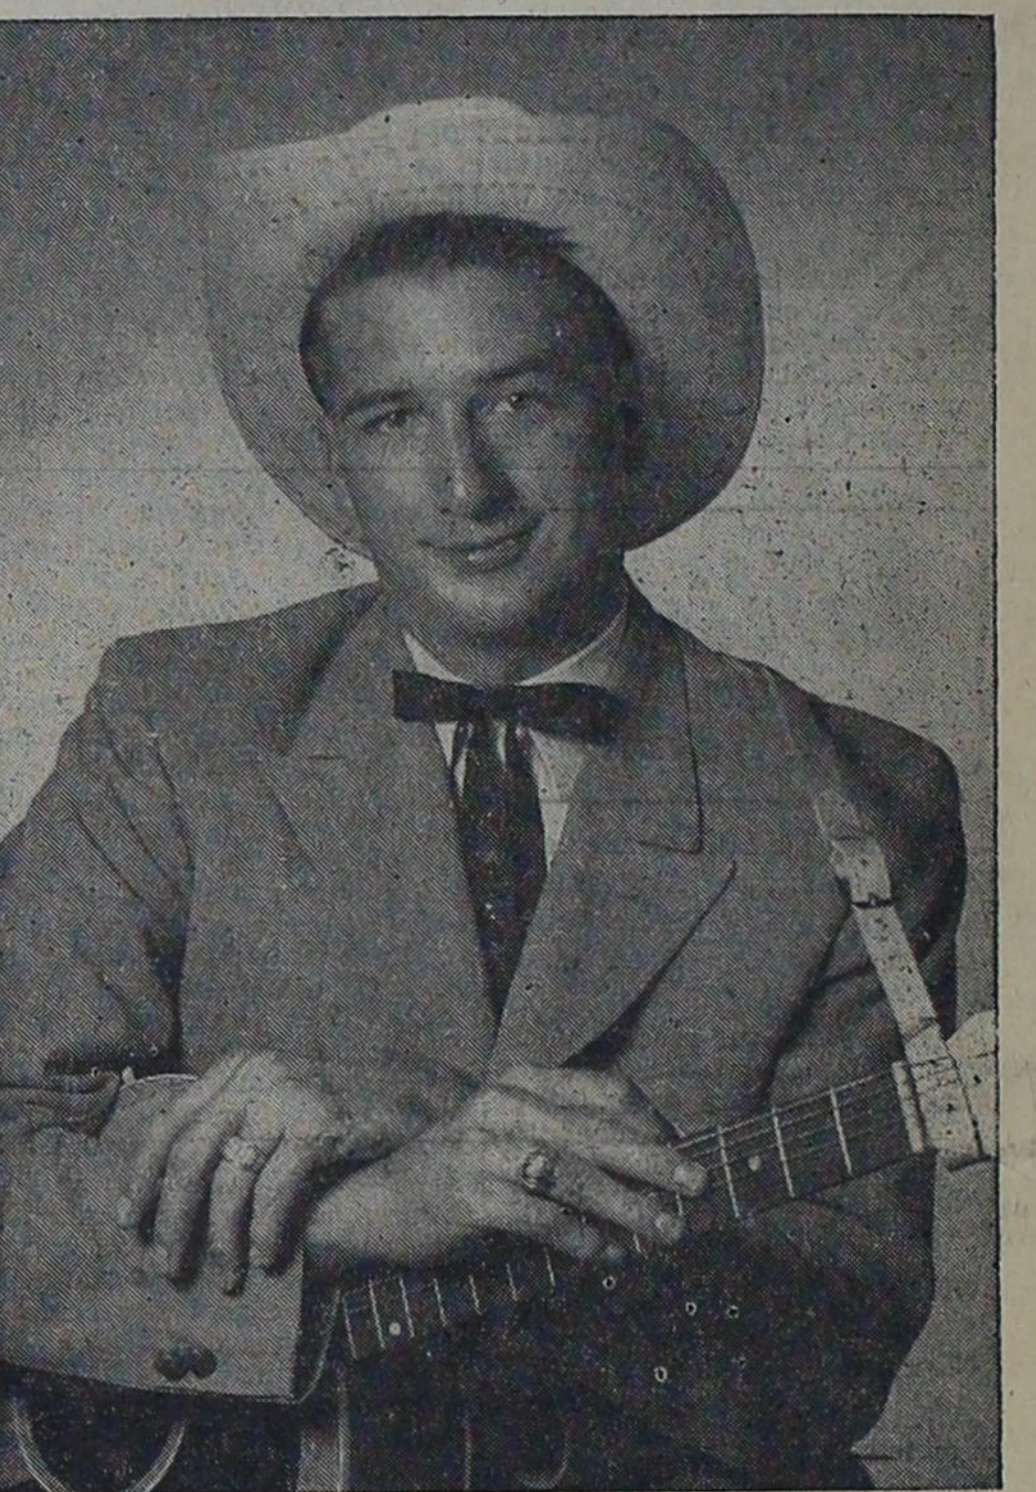

October 30 is the date for the new car fanciers to mark on the calendar, for a showing of the 1957 models of DeSoto-Plymouth is scheduled by the local dealer.

In conjunction with the unveiling of the new cars, Hardage Motor Co. will give viewers free coffee and doughnuts during the day. Walter Hardage, owner, says about six automobiles will be on hand for the show.

## Ground Observers Need More Help

Tonight (Thursday) is the regular meeting time for members of the Ground Observers of this area, and all those interested in helping with the work of the group are asked to be at the city auditorium at 8 o'clock.

"We need more volunteers," workers say.

## Charles Phillips Will Be Hayride Guest

Charles Phillips, 21 year old Farwellite who is well-known in this area for his ability to play a guitar and to write and sing western music, will appear as guest artist on the Louisiana Hayride, one of the nation's most popular country music shows, on Saturday night, October 27, starting at 8 o'clock.

The show, which originates in Shreveport, La., will be broadcast on a nationwide hookup from 8 until 12 p. m. As guest star of the evening, Charles will make three appearances and will probably sing two or three songs during each appearance.

Accompanying Charles for his performances will be the band of Johnny Horton, well-known country music singer. Charles will play his own guitar.

Appearing on stage and radio is not new to Charles, who, recently, with his band, the State Line Playboys, had a weekly radio program on a Clovis station. Charles has appeared on radio and television shows numerous times

and has been in great demand to appear locally for talent shows, benefits and countless school and civic programs.

A member of the school chorus while attending Farwell Schools, Charles started singing in earnest at that time. Since then, Charles has taken his singing and playing seriously, and has become quite popular in the western and country music field in this area.

Charles feels that the chance to (Continued on Last Page)

## Doshers Schedule Dora Dairy Sale

A dairy sale featuring 35 head of cows, together with milking equipment, has been announced for Tuesday, October 30, by Col. Dick Doshier, auctioneer, and Jerrell Doshier, clerk.

The sale will be four miles west and one mile south of Dora, N. M. Lunch and free coffee will be served at noon.

## Farwell and Friona to Meet

Football fans of Farwell and Friona are circling a date on their calendars this week. That date is Friday, October 26, when football teams from these two Parmer County communities collide in an important conference battle, and there are few people in either town who don't plan to be on hand to watch this one.

In Friona, hopes are soaring after the Chiefs' convincing clobbering of the Bovina Mustangs last week, 52-6. It was a run-away for the red and white in every department and lifted team spirits immensely.

Farwell, by contrast, opened with a tie against Melrose, but then continued an undefeated season by topping Bovina, Vega, New Home, Lazbuddie and Morton.

The Steers' record would be much more impressive than the Chiefs', were it not for last week's Friona-Bovina massacre. Bovina having been the only common opponent, statistics invite inspection.

Farwell beat Bovina by a margin of 13-0. That was a sound margin, all right, but hardly matches Friona's run-away. When Farwell met

the Mustangs, Neil Smith, the Bovina backfield ace, was sidelined. That should have weakened Bovina considerably, although a rivalry of long standing between the two schools could have compensated in part for this deficiency.

Smith was on deck for last week's clash, but couldn't seem to help his mates do much against the Friona steamrollers.

So much for the paper. How about the teams?

Farwell has a well-balanced attack that includes both passing and a solid ground game. Farwell backs are fast. The team is resourceful. Last week it kicked a field goal to beat Morton, some-

thing rare in high school football today.

The Chiefs have been plagued all season long with numerous and serious injuries. However, most of the boys have mended, and shuffling of positions has about come to an end.

Friona's game is built on the ground, although some passing has broken through in recent weeks.

All in all, both groups are expected to be keyed up for this game (which will be played at Farwell). It's an important conference contest for both schools, to say nothing of the usual keenness for victory that both teams have always felt for one another as neighboring schools.

# THE TRIBUNE'S EDITORIAL COMMENT

## Study Required on New Constitutional Amendments

Texas voters will decide on nine amendments to the state constitution when they vote in the general and special elections in November. Some of the amendments are long and will require reading and study prior to one's casting a ballot, if he is to vote intelligently.

The conglomeration of printed matter which will be staring the voters in the face will have a tendency to make one hurry over the amendments tacked on the bottom of the general election ballot.

The amendments were printed in this newspaper sometime ago, but for those who didn't study them then, we invite you to read each one (as they will appear on the ballots) in a story in this issue.

Some have merit, while perhaps some do not. If passed, all will become an organic part of the state's laws. A person's vote will be his part in helping pass the laws of Texas.

They deserve the attention of every voter.

## Sportsmanship Unexcelled

The conduct of coaches and sports fans at athletic contests many times is deplorable, to say the least. So much emphasis is placed on winning at our schools anymore, that coaches and fans get downright hostile if they think they received a "raw deal" from an official.

An exception to this was noted at the Curry County Softball tournament in Clovis Saturday. The Texico boys team was playing in the finals of the tourney and the score was tied in the late innings of the game. With the opposing team at bat, and a runner on third base, a fly ball was hit to the third baseman.

The third baseman had to reach low, but came up with ball, and stepped back, tagging third base. This automatically forced out the man who had left the base heading for home plate. At least, that's the way it looked to Curtis Miller, home plate umpire, who called it as such, and the fans along the third

The opposing coach then charged Miller, saying that the ball bounced before being caught. In spite of the coach's protests, Miller stuck to his call. The coach then addressed the third base umpire, and after violently charging that the ball had first hit the ground, the umpire meekly agreed.

While the third base umpire was standing behind the man on the base and it seemed that he couldn't have had a clear insight as to what the ball had done in front of the player, Miller immediately gave in to the other umpire's decision.

We are not trying to point out whether the call was wrong or not, but it was a controversial decision, and the Texico coaches—Charles Stockton and Fred Danforth—had reason to protest, but didn't choose to do so. The run that scored was the one that won the game, but the coaches nor the players held any grudges. While they thought they had been "robbed", they took it in stride and let it go at that.

That is the type of sportsmanship we like to see. To us, they are champions in a far greater respect, than if they had won the tournament.

to make him utterly miserable, point out four errors in the front page after he has read proofs all night until he's cross-eyed. If you want to win his undying gratitude, praise sincerely the editorial he sweated out long after hours, knowing full well only five people would read it. His is a passionate desire for complete accuracy, in a hopelessly error-ridden profession; a constant quest for new angles, fresh ideas; a surprisingly child-like pleasure in artistically alliterative headlines and dry wit in features and editorials, usually too subtle to be appreciated by any but his wife, who has been coached; and a sadistic glee in pointing out the number of press releases and rewrites on his competitor's front page.

A newspaperman is essentially a lonely man, apparently doomed to perpetual misrepresentation. He is forever stereotyped as a hard-drinking, high living, back-slapping, tough and aggressive cross between Jack Webb and Jackie Gleason, even though in reality he may be a sober, gentle family man, and just as reticent as the next guy about meeting new people or speaking up in public. As for his role, the people know he is their servant, but seldom realize that he serves them and democracy best when he is most independent of their partisan pressures. He is the unpopular individual who tells people what they ought to know, even though some don't want them to know. His is the historic role of enlightening public opinion; but men with historic roles seldom have good appetites.

It is really only his spontaneous and completely indestructible sense of humor that keeps the newspaperman sane; and yet he is hopelessly addicted to his hectic life. The newspaperman is Truth with a chronic headache; he is Freedom of Information and Opinion with high blood pressure; he is the Champion of Right Causes with darkroom chemical stains in his good clothes; he is Civic Integrity working for half the pay he could get elsewhere, and Honesty coming home very late, very tired. There are times when even his wife can scarcely live with him. But thank God that our country still has the likes of him.

## Important Civic Issues Will Be Discussed Tuesday

Two important civic projects will be the headliners at the regular meeting of the Farwell Chamber of Commerce, when the group convenes Tuesday at 7:30 in the city auditorium, and anyone who is interested in the growth of the community, is asked to attend.

Topping the discussion agenda will be details and possibilities for developing a Farwell perpetual care cemetery; and also plans for decoration of the city for Christmas. The Chamber of Commerce has been in charge of Christmas decorations in the past.

People who have had experience in the promotion of perpetual care cemeteries will be present at the meeting. Also up for discussion will be the problem of beautifying and caring for the present cemetery.

## Make the Most Of Your Luck

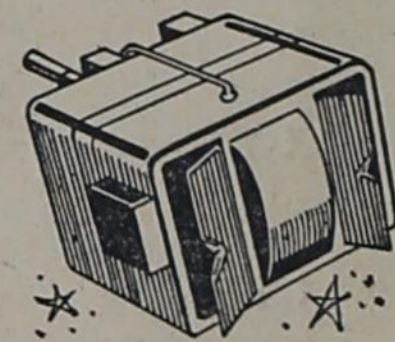

We Americans are a lucky people, so lucky that we take our miracles for granted. We have grown used to the fact that we can bridge time and distance with the twist of the dial, that we can push buttons to control light and darkness, heat and cold. We no longer marvel that we can swallow a few pills, and take a few simple injections, and thus banish much of the pain and sickness that has been mankind's lot since the world began.

It's a dangerous attitude, this complacency of ours, if it leads us to neglect the great benefits with which modern science has enriched our lives. Right now millions of Americans are facing just that danger because they have failed to use the latest medical miracle, the Salk Polio Vaccine.

The season of greatest polio danger is upon us and many needless victims have already paid the price of neglect. But many more such tragedies can be prevented if everyone, men, women and children, will avail themselves of this cheap and easy insurance against the crippling disaster. Millions of

dollars and seventeen long, hard years of painstaking research went into this discovery. More than 300,000 people were cruelly stricken while scientists sought the weapon which provides protection against paralytic polio. Now the weapon is known, the vaccine is available to all. It will be ironic and tragic if thousands more are stricken while the vaccine lies idle in the physicians' refrigerators.

## jottin's from jeanne

We pulled the little article below from The American Press magazine. All the girls in the front office of the Tribune got a "bang" out of it.

But we think our readers might enjoy it too. But the thing about it, is that it is true, every line of it. We see not only the editor of our paper, but all the other editors we have ever met, who try to put out the best paper they know how.

**WHAT IS A NEWSPAPERMAN?**  
By Alison Davis Oldham  
(The wife of a newspaperman)

What is a newspaperman? He is a cross between a bundle of nerves and an heroic public servant. He is the People's Friend whom everybody is mad at; the gatherer of news who hasn't time to read his own mail; the power of the printed word encased in a fallible human frame.

The habit of the newspaperman is wherever you may find him (and just try about dinner time!) but he is never far from a type-

writer or a telephone. Anatomically he is a unique creature, subsisting almost exclusively on caffeine and nicotine, and well on his way to a fine case of ulcers before he's thirty. His habits tend to be primarily nocturnal, from temperament fully as much as from necessity. And if by chance he ever does get a quiet evening at home, then without fail the fire sirens blow or the phone rings, and you don't see him again for another five hours. He is constantly preoccupied when you try to talk to him about the trivia of his personal life, for his mind is a whirlpool of 36-point heads, that error in Jones and Sweeney's classified, and where to dig up the dope on that story some local VIP was "not authorized to divulge."

A newspaperman is the crazy fool with the camera, out bareheaded in the season's worst storm, or crouching so close to the goal line he's going to get a cleat in his teeth any minute, or trying to herd the Ladies' Literary Circle into order so he can take their picture and get out of there.

### JACK OF ALL TRADES

A newspaperman is the one remaining professional jack of all trades in our specialized society; for he is an expert typist, an amateur English teacher, a part-time salesman, an ad writer, office boy, charwoman, and creative artist. He has a working acquaintance with typesetting, po-

litical science, ornithology, the social register, addressographs, the who's who and taboos of all the organizations and lodges in town, the tax structure, photographic developing, juvenile delinquency, county fairs, furniture refinishing, and the philosophy of responsible journalism. He is an accomplished labor arbitrator and diplomat in his relations with the boys in the back shop. And—oh yes—he writes, too, of course.

A newspaperman is considered fair game for taking pot shots at by everyone in the community—the irate Women's Civic Uplift League because he didn't publish every detail of their goings-on, and the wrathful local politicians because he did publish theirs. And yet he is the guy who is supposed to be nice to everyone—from the little old lady who takes half an hour on the day the paper goes to press asking him to change her subscription from 92 Elm Street to 91 Elm Street, to the big advertiser whose special sale price was supposed to read \$86 and somehow got in the paper as \$186.

### SENSITIVE CRAFTSMAN

Underneath his traditionally hard exterior the newspaperman is human, and as sensitive as any craftsman about his work. If you want to make him insanely angry, give him a lead on an important story and then say, "But don't print that; we don't think people should know about it." If you want

## An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

# Annual Talent Show Draws Large Crowd

The annual talent show, sponsored by the eighth grade class of Texico School, Monday, played to a capacity audience.

Acting as master of ceremonies for the show was Loyd Call, sixth grade teacher of Portales. Judges for the event were Jimmie Starkey, Mrs. Loyd Call, and Mrs. Ollie Burton.

The contestants were judged in three divisions: vocal, instrumental and miscellaneous.

First place winner in the instrumental division went to the "Wind Jam Jivers", Bobby Patterson, Matt Pendergrass, Dicky Adams, Dick Lockhart, who also provided musical entertainment at the intermission. The teen-age swing band from Spade won second, while a piano solo by Leslie Dyer placed third.

A quartette, composed of Beth Peyton, Sharon Hendrix, Jean Hadley, and Judy Lovett, singing "Walking in the Rain," won first in the vocal division. Jill Billington and Susan White carried off second place honors and Belvin Landford and Bennie Threet from Farwell won third with an imitation of Elvis Presley.

First prize in the miscellaneous section went to the Fulham brothers from Clovis doing a tap dance. D' Rene Danforth received second place honors for her acrobatic routine and a tap quartette in which Pamela Zurula, Zane Thompkins, Darla Sharp, and Nancy Marks participated was given third.

Other song acts were by Sharon Peyton and Keith Crooks; a Spanish skit by several fourth grade students; a solo by Gwennette Lovett; a quartette, whose members are Carol Brown, Linda Palma-

teer, Durana Curtis and Peggy Taylor; a trio composed of Kay Hall, Carol White and Jenness Weisler; a piano and vocal solo by Lynn Lovett; a solo by Willard Richardson; and a guitar and vocal solo by Danny Garcia.

A piano solo by Katherine White completed the instrumental numbers.

Tap routines by Susan Stanfield, Diane Lovelace, Hap Danforth, Darrell Vasilinda, D' Rene Danforth and Ronnie Wicker, and a twirling act given by Debbie Doolittle rounded out the miscellaneous division.

Proceeds of the show will be used to defray the expenses of an eighth grade banquet to be given in the spring.

Mrs. Fred Danforth, eighth grade sponsor, was in charge of arrangements.

## Eighty-Six Attend Art Exhibit And Tea

Mrs. Marjorie Woodhouse of Gage, Okla., displayed several paintings at the art exhibit and silver tea in the Texico School library, Wednesday, October 17. Greeting the guests were Patricia Patterson and Judy Adams. Jerry Thigpen and Coleta Doshier served refreshments from a table covered with a lace cloth and decorated with yellow flowers. Eighty-six persons signed the guest book with Pauline Servatius presiding.

Mrs. Woodhouse studies under Ford Fitz of Amarillo and has exhibited work at the art gallery in Amarillo, and also at the Arts and Crafts Club in Canadian. She has recently had a painting place first in the County Fair exhibit at Shadock, Okla. Mrs. Woodhouse has just returned from a guided tour of the art galleries and museums in New York City. She has also been requested to appear in Colorado Springs, Colo., for an interview with Charley Bonnell, a prominent artist, who has watched her fast progress.

A business woman in her own right, Mrs. Woodhouse is a building contractor with churches as her specialty. She often does her own blue prints. Mrs. Woodhouse is a graduate of Oklahoma State College, at Alva, Okla., and has taught school for six years.

She is the sister of Mrs. Tena Roth of Texico.

## Band Mothers To Sponsor Concert

Thirteen members of the Farwell Band Mothers organization were on hand for a meeting held Tuesday afternoon at the school cafeteria.

The group voted to sponsor a band concert later in the year, but no date was set for this event. Members also voted to take orders for Texas Manor fruit cakes for the Thanksgiving and Christmas seasons. Each band mother is asked to take orders for these cakes from any individual or company. Bite-sized samples of the cake will be furnished at the Band Mothers booth at the Halloween carnival.

Orders for the cakes must be turned in by November 12 for Thanksgiving delivery and by December 12 for Christmas delivery. Date of the concert will be announced later.

Three little bright-eyed misses pose for the cameraman. Debra, daughter of Mr. and Mrs. Clarence Meeks, is pictured on the left; in the center is Kelly, daughter of Mr. and Mrs. Jack Spurlin; and on the right is Kittie, daughter of Mr. and Mrs. A. V. Warren.

## Mc Daniel Leaves After Short Visit

Fireman Apprentice Leon McDaniel left yesterday (Wednesday) to return to North Island, San Diego, Calif., for four months duty after visiting here for several days with his parents, Mr. and Mrs. Charles McDaniel.

McDaniel will leave North Island after four months and will go to school at the Naval Training Center in San Diego. McDaniel is a 1956 graduate of Texico High School where he was salutatorian of his class.

## Kelley, King Visit Royal Livestock Show

Allen Kelley and Ronald King of Texico were among 12 members of a livestock judging class at Eastern New Mexico University who attended the American Royal Livestock show in Kansas City October 20-24.

The students, accompanied by Newell Page, instructor in agriculture at ENMU, witnessed the judging of beef cattle, hogs and

sheep. They also visited the Livestock Exchange building, the stockyards, a major meat packing plant and other points of interest.

Enroute to the show they stopped off in Larned, Kans., to inspect the registered Polled Hereford herd of Lewis and Son, one of the largest herds of Polled Herefords in the area.

Allen is a freshman student at ENMU and is the son of Mr. and Mrs. B. A. Kelley, King, a junior, is the son of Mr. and Mrs. J. E. King.

## TEXICO BAPTIST CHURCH Rev. C. C. Morgan, Pastor

Good attendance was reported for the morning and evening services at the church on October 21. Attending Sunday School were 170 while 89 were present for training union classes.

Mrs. D. J. Brown taught the first chapter of a new study book to members of the WMU at their regular weekly meeting held last Wednesday afternoon at the church.

Title of the new study book is "Baptist Fundamentals" and the

first chapter was "The Bible." Attending besides Mrs. Brown were Mrs. Thomas, Mrs. C. C. Morgan, Mrs. S. G. Billington, Mrs. J. O. Ford and Mrs. B. A. Kelley.

The group reported having an interesting lesson at this session.

Members of the Companion Class of the church will be hostesses for a joint meeting of the five adult women's classes of the church on Monday evening, October 29. The joint meeting, which is held monthly, will convene at the church and will get under way at 8 o'clock.

All members of all the five adult women's classes are especially urged to attend this meeting. An interesting program has been planned.

Girls Auxiliaries of the church met in regular sessions last week with Mrs. Gorman Byrd, counselor, in charge.

Ruth Class of the church has cancelled its regular monthly meeting for this month because of conflict-

ing activities.

Rev. Carl Scott, pastor of the Central Baptist Church of Clovis, will be guest speaker at the morning worship service Sunday, October 28, in the absence of the pastor who is in Phoenix, Ariz., visiting relatives. Dean Smith will preach at the evening worship service.

## LETTERS To The Editor

Friend Sonny,

First, I want to apologize for sending you the French paper, as I could not read it any better than you.

We have spent a little over a month in Canada and the New England states. We are enjoying our trip immensely. Have been seeing points of interest and especially have enjoyed them in Montreal and Quebec, Augusta, Main (capitol building), New Hampshire, and

Boston. We have been in Boston a week. Took sight-seeing trips in Quebec and Boston. Have been on three: Abraham Lincoln's home at Springfield, Missouri; Greenfield Village at Dearborn, Michigan; and Paul Revere's home here in Boston.

We saw the bridge on which Longfellow stood when he wrote the poem, "The Bridge," but we were disappointed to learn that the old church tower had been torn down.

We saw Longfellow's home, also the ship, "Old Iron Sides."

When we had just gotten here, we spent four days fishing. We fished from Gloucester, an island 40 miles northeast of Boston in the Atlantic, and also in Cape Cod, just south of Plymouth, Massachusetts. We visited Plymouth Rock. We also saw the navy yard here in Boston.

Just got back from the Boston Opera House, where I took the wife to see an opera that lasted four hours. Good show, but a country guy can appreciate TV much more.

Best regards, Oliver Sikes

## Student Councils To Sponsor Assemblies

Farwell and Texico High School student councils are sponsoring assembly programs at the respective schools on Monday, October 29. The assembly program, featuring Lenderman's trained animals, will be presented at 9 o'clock a.m. at the Farwell School auditorium.

The program will then be presented at the Texico auditorium at 3 o'clock that afternoon. Admission for each show is 25 cents for adults and 10 cents for children.

Student council members from both schools urge all parents and school patrons to attend what promises to be an entertaining program. The show is composed of 12 dogs, a pony and a monkey which have made appearances throughout the world.

### ELECTRIC RANGE AND WATER HEATER FIT INTO ANY PLAN . . .

*the modern way!*

It's 1956... start now to live better electrically. See your Reddy Kilowatt Electric Appliance Dealer

Plan your home around electric living. You can start with a built-in electric range which consists of the electric surface units and the electric oven, or, if you prefer, you can choose the popular "stand-up" electric range. Either way you'll find that electric cooking blends into the decorative scheme of the modern home. Electric appliances are modern to use; best of all they even LOOK modern. The electric water heater can be a part of the kitchen cabinet line giving you more table top work space and a silhouette which marks your kitchen as up-to-date. And, remember, an electric range and water heater require no vents or flues. They are perfectly safe, too. Yes, electric cooking and electric water heating fit into any plan whether you're building new or remodeling. You CAN live better electrically.

# NEWS FROM LAZBUDDIE

BY MRS. BERT GORDON

## Amherst Defeats Longhorns 34-21

Friday, October 19, the Lazbuddie Longhorns lost their homecoming game to the Amherst Bulldogs, final score 34-21.

The game got underway at 8 p. m. with Amherst kicking to Lazbuddie. The Longhorns had two penalties and three first downs in the first quarter. One of these was an exciting 55-yard run by Glen Watkins, early in the period. Amherst scored one touchdown in the first quarter. Ledford Enloe toted the ball.

The second quarter found Lazbuddie falling behind. Jerry Gee made three TD's for the visitors, one on an 18-yard run, one on a 12-yard dash, and the third on a 30-yard gallop. Keith Blair made two extra points, and Donny Bowman made one. Lazbuddie racked up only one first down in the period.

The second half found more action from both teams. Joe Peterson scored for Amherst in the third period, during which Amherst ran up four first downs and received two penalties. Lazbuddie opened their scoring in the third as full-back Roy Vanlandingham ran 16 yards for the TD. Jimmy Weaver made the extra point. The Longhorns had two first downs and one penalty.

The final round found the locals holding Amherst scoreless, limiting them to one first down. Vanlandingham plunged three yards for a home team touchdown, then Glen Watkins scored on a 28-yard run and added the extra point. Lazbuddie managed four first downs.

The Longhorns will be guests of the Happy Cowboys at Happy on Friday night, October 26.

Homecoming ceremonies were presented by the pep squad and football team at the half. The pep squad marched onto the field and formed a heart with an open point. The football boys followed and formed two lines leading from the open point to the sideline. Captains Andy Fuqua and Johnny Gammon escorted the football sweetheart, Jeanell Floyd, to the center of the heart. Danny Cargile and Juanita Scott were the sweetheart's maidens. Miss Floyd was presented with a bouquet of roses and a football necklace, and the pep squad sang "Let Me Call You Sweetheart".

Two of the cheer leaders, Janice

Oliver and Joy Smith, escorted the football hero, Roy Vanlandingham, to the center of the heart. He was presented with a miniature football and the pep squad sang "Mr. Touchdown". The entire group then marched off the field. The ceremony was under the supervision of Mrs. Diane Reed, pep squad sponsor.

## Harvest Festival To Be November 3

Lazbuddie's annual harvest festival will be held at the school gymnasium on Saturday night, November 3. Voting for the queen's race will close at 9 p. m. and the coronation will be held soon thereafter. Three queens will be crowned, one from the first three grades, one from the fourth through the eighth grade, and one from the ninth through the twelfth grade.

Each grade in the school will sponsor a booth at the festival and the list totals 15 at the present time. Everyone is invited to attend.

## Florida Visitors Leave Wednesday

Mr. and Mrs. Finis Jennings have had as their house guests for the past three weeks, Mr. and Mrs. Miles Warren of Vero Beach, Fla. While here, Mr. and Mrs. Jennings took the Warrens on a ten-day tour of points of interest in Texas and New Mexico, beginning with the Carlsbad Caverns. From there they went to Austin, by way of Pecos and Ft. Stockton.

In Austin they visited Jennings' brother and attended the church where he is pastor. They went from there to Temple, where all four went through Scott & White Clinic. Continuing to Dallas, they visited their daughter, Mina Margaret, who is a student at Southern Methodist University. Mr. and Mrs. Warren left on Wednesday of this week for their home in Florida.

## TO MEET MONDAY

The local Farmers Union urges that all members be present for the meeting Monday night, October 29, at which time new officers will be elected and delegates to the state convention in Abilene will be named. The meeting will be held at the high school.

# Local Junior Team Nips Morton, 6-0

With penalties erasing one touchdown for each team, scoring was limited to one six pointer Tuesday night as the Farwell juniors edged by the Morton junior squad 6-0 on the Morton gridiron.

After a scoreless first half and an exchange of balls early in the third period, a Morton lad intercepted a Farwell pass on the Morton 30 and ran for a home team TD. An offside penalty against the hosts nullified the six points and Farwell was still in possession of the ball.

On the next play, Tommie Williams took the ball and skittered 45 yards for Farwell's first score. Try for extra point was no good.

Late in the same stanza, Farwell's Carroll Huggins crossed the hosts' goal line, only to have the play called back by a penalty for illegal use of hands on offense. This drive ended the scoring threats for the evening.

Farwell received the ball to open the game and made two first downs before giving up the ball on downs. Morton managed one first before giving up possession on downs.

The second quarter was patterned much like the first, with both teams giving up the ball on downs several times. Farwell also re-

covered a Morton fumble during this period.

Neither team threatened in the fourth quarter although the Morton team had moved to the Farwell 31 as the final whistle blew.

In a seventh grade scrimmage session prior to the scheduled ball game, Morton scored two touchdowns and an extra point to best the visiting seventh graders 13-0.

## Fall Festival Plans Are In Final Stages

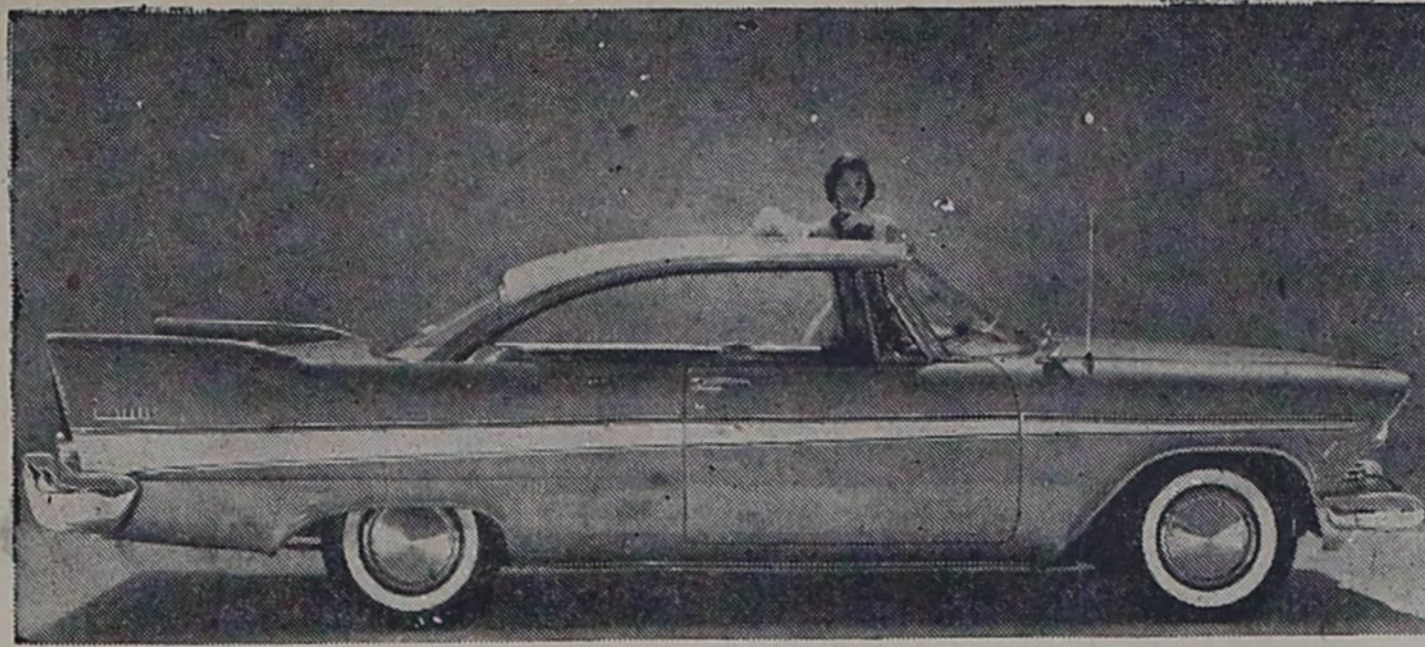

Excitement is at a high pitch in the race for the Texico fall festival king, queen, prince, and princess who will be crowned on the big night, October 30, in the school auditorium.

Each class has been working hard to make their candidates the royalties of the festival by such means as bake sales, talent shows, chances on various prizes and personal donations.

The festival itself is expected to be a grand show with the gay decorations and booths.

Massachusetts is the only state governed under its original constitution.

## HOPPERS—

(Continued From Page 1)

formation needed to render an accurate judgment for themselves.

Why, then, do we support the amendment? Because, as we see it, this is one of two principal means of attracting and keeping more and better teachers for Texas. And Texas is surely hurting for teachers.

The pay scale and the retirement program are among the first things that teachers want to know about before they start teaching in Texas. Texas has made many strides in teacher pay in the past few years, but we are still tied to a 1937 retirement system that badly needs reworking.

We should broaden the retirement program so that it will be up-to-date and practical for today's living conditions. It will cost the state another \$4,500,000 annually, but should be worth it.

Proponents of the amendment claim that taxes will not have to be raised to meet this obligation. Even if funds prove to be too

short, we think the state would be making a wise investment to further underwrite the program and bring more and better teachers into the state's system.

## FARWELL BAPTIST NEWS

7th DIV., KOREA—Specialist Third Class Jack L. Hesser, 20, son of Mr. and Mrs. Lester Hesser, Texico, N. M., is a member of the 7th Infantry Division in Korea.

A squad leader in Company F of the division's 17th Regiment, Specialist Hesser entered the Army in January 1955. He completed basic training at Fort Carson, Colo., and arrived in the Far East last January.

Hesser attended Oklahoma A&M College. He was a farmer before entering the Army.

## TO WASH CARS

Members of the sophomore class of Farwell High School announce that they will wash cars this Saturday, October 27, and are now taking orders. Anyone wishing to have their car washed by the group is asked to call Jimmy Martin at 6530 or Belva Christian at 6576. Cars will be picked up and returned by the class members.

Grasshoppers cannot jump unless the temperature is at least 62 degrees Fahrenheit.

## Want To Survive? Winterize Your Drive?

"Winter requires a new set of driving habits to keep from skidding into traffic accidents," E. C. McFadden, vice-president, Employers' Casualty Company, Dallas, and president, Texas Safety Association, said in a discussion of winter driving hazards sponsored by the Texas Safety Association, Department of Public Safety and the National Safety Council.

Outlining the effects of sudden temperature changes on snowy or icy roads, early darkness, slippery roads, and other bad weather conditions on driving, McFadden said the proper techniques for winter driving were derived from tests conducted by the National Safety Council Committee on winter driving hazards for the past 16 winters.

In these tests he said, it has been found that braking distances can be reduced considerably by pumping brakes so they are alternately applied and then completely released. This technique also helps retain steering control, he said, and is especially effective on glare ice and on hard packed snow.

Describing the proper technique for getting a car started on snow or ice, McFadden advised starting in second or high gear, thus per-

mitting smoother acceleration which may get the car moving without futile wheel spinning. However, tests show that tire chains provide much needed traction to start and stop on hard packed snow and ice.

"Winter driving is difficult and exceedingly dangerous for even the best of drivers," McFadden said. "That is why it is important for motorists to realize they can't go lickey-split into winter weather with the same set of driving habits and equipment which they used during the summer and fall months."

"Drivers must learn how to cope with glare ice, snow, rain, freezing temperatures, and this requires the right 'know-how' of winter driving."

McFadden called attention to the motto which every winter driver should heed: "Want to Survive? Winterize Your Drive!!"

## NEWS FROM BLACK

MRS. DICK ROCKEY

We are so thankful for the rain we received last week. Most of us received about an inch and a half.

Dinner guests in the R. E. Barnett home Sunday were Dr. Barnett and family of Hereford.

Mr. and Mrs. Howard Elmore and Bud Elmore were in New Mexico and Colorado last week. They visited in the home of Mr. and Mrs. Roy Slagle, and also at Clayton, N. M., with Mr. and Mrs. Claud Rutherford.

Visiting last week in the Lloyd Prewett home was her sister-in-law, Mrs. R. C. Roberts, from Norman, Okla.

There will be a Halloween party for the young folks at the community house Wednesday night, Oct. 31. All young folks are invited. Come dressed in old clothes or costumes. There will be a prize for the best-dressed boy and girl. Bingo and fun for all.

Dinner guests in the Giles Cobb home Sunday were Mrs. I. D.

## Texico Woman's Club Elects Officers

Texico Woman's Club was organized at a call meeting in the home of Mrs. N. W. Peyton on Wednesday evening, October 17.

Officers elected to serve in the new organization include president, Mrs. Fred Danforth; vice-president, Mrs. Agrie Jones; secretary, Mrs. Ira S. Levins; treasurer, Mrs. Judge Stone; parliamentarian, Mrs. B. A. Rogers; historian, Mrs. Frank Seale; musician, Mrs. Gorman Byrd; and reporter, Mrs. T. E. Roth.

Mrs. Ansel Doolittle was appointed chairman of the program committee and Mesdames Agrie Jones and Gorman Byrd will serve with her. Heading the finance committee is Mrs. Judge Stone with Mrs. Ira S. Levins and Mrs. B. A. Rogers assisting her.

Mrs. N. W. Peyton is chairman of the membership committee and committee members are Mrs. T. E. Roth and Mrs. Charles Stockton. Mrs. Stockton, Mrs. Peyton and Mrs. Frank Seale are on the social committee with Mrs. Stockton as chairman. Mrs. Agrie Jones is head of the yearbook committee and no other members have been named to this committee at this time.

Members completed and accepted the Club's constitution and by-laws and selected the following projects for the group to work on: youth conservation, including work on a library, a "teen town", and a summer youth program. They will also sponsor a Christmas lighting project.

The Club chose the red rose as its flower, gold and white as its colors and "With Malice Toward None, With Charity Toward All" as its motto.

A letter of application for federation with the New Mexico Federation of Woman's Clubs has been mailed and will be presented on October 26 at the annual Woman's Club convention to convene in Dexter, N. M. Mrs. Ira S. Levins and Mrs. Judge Stone will represent the Texico group at the 35th annual convention.

Mrs. Peyton carried out the Halloween motif in the decorations of her home for the meeting. Refreshments of pumpkin pie and coffee were served to the 11 charter members, including Mesdames Fred Danforth, Ira Levins, Agrie Jones, Frank Seale, Judge Stone, Gorman Byrd, Ansel Doolittle, B. A. Rogers, T. E. Roth and one guest, Mrs. Marjorie Woodhouse, sister of Mrs. Roth, from Gage, Okla., and the hostesses, Mrs. Peyton and Mrs. Stockton.

Regular meeting night of the new organization will be the third Monday night of each month.

## Birthdays Noted At Silverton

Mr. and Mrs. W. H. Graham Jr., Ronny and Hal, were in Silverton Sunday as guests of her parents, Mr. and Mrs. O. M. Dudley.

Mrs. Graham and her brother, Norlan Dudley of Petersburg, were honored with a birthday dinner.

## Are Sunday Guests

Mr. and Mrs. Kenneth Willis and Frank of Grier, N. M. and Mr. and Mrs. Ronny Ferguson were Sunday dinner guests at the home of their parents, Mr. and Mrs. Charles McDaniel. Also present was their son, Leon McDaniel, who is serving in the U. S. Navy.

## Weisler-Smith Vows Repeated Thursday

Miss Georgiena Lu Weisler, daughter of Mr. and Mrs. Edward Weisler of Texico, and Dean H. Smith, son of Mr. and Mrs. Odum Smith of Farwell, repeated marriage vows in a candlelight ceremony at the Texico Baptist Church on Thursday evening, October 18, at 6 o'clock.

Rev. C. C. Morgan, pastor of the church, read the double ring ceremony as the couple stood in front of the church altar which was decorated with a large bouquet of white gladioli and small white and blue chrysanthemums. Flanking the bouquet were stands of candelabra holding white tapers, Palms, fern and other greenery completed the wedding setting. The family pews were marked with white and blue bows.

Given in marriage by her father, the bride wore a ballerina length dress of white lace over taffeta featuring three quarter length sleeves and a scalloped neckline lined with tiny seed pearls. Her small white cap was covered with small gold and silver stones and she wore a blue necklace and earrings, a gift of the groom.

She carried an arrangement of white rosebuds with blue streamers atop a white Bible and wore white shoes. For something old, she carried a penny made the year she was born. Something new were her accessories, something borrowed was her wedding dress and something blue was a garter given her by Mrs. Willie Joe Carpenter.

Attending the bride as maid of honor was her sister, Glenda Weisler, who wore a street length dress of blue lace over taffeta featuring cap sleeves, a V-neckline outlined with fine net, and a full skirt with net insets in the front. She carried a nose-gay of white baby chrysanthemums tied with

blue net and streamers. She wore rhinestone earscrews and necklace.

Winnie Weisler, sister of the bride, was candlelighter. She wore a dress of white nylon featuring a long torso and full skirt, puffed sleeves and a Peter Pan collar. Her corsage was of small blue chrysanthemums and her gloves were white.

Attending his brother as best man was Glen Smith. Ushers were Douglas Weisler, brother of the bride, and Billy Smith, brother of the groom.

Playing traditional nuptial selections at the piano was Mrs. W. T. Watson who accompanied Miss Levins who sang "The Lord's Prayer".

Mrs. Weisler chose a dress of dark blue with white trim for her daughter's wedding and wore a corsage of white carnations. Mrs. Smith, mother of the groom, wore a gray suit and a pink carnation corsage.

Immediately following the ceremony, a reception was held in the basement of the church. The wedding bouquet was featured beside the reception table which was laid with white net over blue. Mrs. Glen Smith and Miss Fern Smith presided at the crystal punch service and Mrs. Howard Whitener served the three tiered wedding cake. Glenda Weisler presided at the bride's book. Special wedding guests were the bride's aunt and husband, Mr. and Mrs. Rex Petrie, and his brother, Bertie Petrie, all of East Jordan, Mich.

For a wedding trip to Carlsbad Caverns, the bride wore a gray sheath dress with gray accessories. Her corsage was of white roses.

The newlyweds are now at home in Texico. Smith is employed by a Texaco station in Farwell and Mrs. Smith is employed at Piggly-Wiggly in Farwell. She is a 1955 graduate of Texico High School and Smith was graduated in 1956 from Farwell High School.

## College Students Home For Weekend

Among Farwell college students who were home during the weekend were Miss Glenna Ruth Davis, freshman at Abilene Christian College who visited her parents, Mr. and Mrs. C. G. Davis and Carl Glenn; and Jo Elaine Magness, student at Northwest Texas Hospital in Amarillo. Her parents are Mr. and Mrs. Joe W. Magness.

Cantrell; and Gerald Hardage and Cary Joe Magness were home from Tech to visit their parents, Mr. and Mrs. Walter Hardage and Mr. and Mrs. Clyde Magness, respectively.

## Housewarming for Mrs. Goldsmith

Mrs. N. H. Goldsmith was honored with a surprise housewarming at her home Monday afternoon, October 22. Attending the neighborhood gathering were Mesdames Gene Coffman, E. G. Blair, Cecil Winegeart, Alvin Mace, Joe Crume and the honoree. Those unable to attend but sending gifts were Mesdames Ralph Humble, A. T. Watts, Lueta Clark, and Mitzi Walling.

Mrs. Coffman and Mrs. Blair, who acted as hostesses for the courtesy, served refreshments of punch, coffee and strawberry cake to those attending.

The serving table was centered with a fall arrangement made of yellow chrysanthemums, corn and yellow gourds.

## To Leave Saturday For New York Trip

Mrs. Walter Kaltwasser and son, Kevin, plan to leave Saturday for a trip to New York to meet her sister who is coming from England for a visit here with the Kaltwassers.

Mrs. Kaltwasser and Kevin will travel by train from Clovis and will arrive in New York Monday morning. Her sister is due to arrive there by boat on Tuesday. The three will then return to Farwell sometime next week. Mrs. Kaltwasser says they will probably visit with Daniel Kramer in New Jersey before returning. Kramer is an uncle of Mrs. Gilbert Kaltwasser.

## Marilyn Austin Is Honored At Shower

The honoree's chosen colors of gold, brown, and aqua were featured in the decorations at the home of Mrs. Bert Williams when Miss Marilyn Austin, bride-elect of Dean Jones, was honored at a bridal shower on Thursday afternoon, October 18.

Arrangements of gold colored flowers were placed throughout the house and the refreshment table

centerpiece featured bronze fujimums centered with a driftwood tree holding two love birds. Small wedding bells were also placed in the arrangement.

Refreshments of gold punch and cake squares with aqua icing were served to those attending. Mrs. Billie Fields presided at the punch service and Mrs. T. L. Kent served the cake.

Presiding at the guest book and greeting the guests was Mrs. Joe Magness. Hostesses for the shower were Mesdames Roy Sherriff, Ernest Kube, Virgil Nowell, W. E. Curtis, Lee Jones, T. L. Kent, C. C. Two Farwell girls will sing in Eastern New Mexico University's fifth annual production of the musical, "Swanee," to be presented in the Portales Junior High gymnasium on November 1 and 2. A November 3 presentation is scheduled for the Marshall auditorium in Clovis.

Darlene Van Winkle, daughter of Aubrey Sprawls, is a member of the women's quartet which will sing "Holiday for Strings," and Carolyn Cantrell, daughter of Rev. and Mrs. R. C. Cantrell, will sing "Stereophonic Sound" from "Silk Stockings" along with Bob O'Connor, Bill Starr and Jean Jayroe.

Songs from such memorable musicals as "Guys and Dolls," "My Fair Lady," "The Pajama Game," "Damn Yankee," "The Most Happy Fella," "Silk Stockings," "State Fair" and "Wonderful Town" will be featured.

**T. L. McLeod Honored On Birthday**

Mrs. T. L. McLeod and Mrs. Russell Johnson were hostesses for a surprise birthday supper honoring T. L. McLeod on his birthday on Monday night of this week.

Present for the occasion were Mr. and Mrs. Scott Levins, Mr. and Mrs. Ivil Hesser, Mr. and Mrs. Sam Lewis, Mr. and Mrs. Russell Johnson, Mr. and Mrs. McLeod, Mrs. J. H. Chism, Mrs. W. L. Freeman and M. C. Roberts.

**Jarrell Reunion Held Last Week**

The family of W. H. Jarrell of Vista, Calif., gathered for their annual family reunion at the Pleasant Hill community on the weekend of October 14 at the home of Mr. and Mrs. John Hightower. Mr. and Mrs. Jarrell are 87 and 84 years of age, respectively, and have made it a custom to drive each year to Texas from California to meet and visit with their children and to attend to his property in Texas.

The Jarrells are both in excellent health and have made the drive from California alone for a number of years. Jarrell says he hopes to be able to do it for many more.

After a picnic supper Saturday night, colored slides of last year's reunion and scenes of the Jarrells' home in California were shown.

Eight of Jarrell's nine sons and daughters were present for the occasion. His youngest son, W. H. Jr., who lives in Oregon, was unable to attend.

On Sunday the group enjoyed taking more pictures which will be shown at next year's reunion. One picture of particular interest to the family was one showing five generations of the Jarrell family, including W. H. Jarrell Sr., Arvel Jarrell, Arvel Jarrell Jr., his daughter and her small son, Mrs. Carlos Warren and Paul.

The following families were present for the weekend get-together: Mr. and Mrs. Arvel Jarrell of Coleman, Mr. and Mrs. Arvel Jarrell Jr., and son, Bill, of Fort Worth,

Mr. and Mrs. Carlos Warren and son, Paul, of Fort Worth, Mr. and Mrs. Bill Slach and daughter, Cindy, also of Fort Worth;

Also, Mrs. Lena Reynolds of Laredo and her daughter, Mrs. Willie Fink of Lubbock, Mr. and Mrs. A. Jarrell of Texico and their daughter, Mrs. Cliff Stevenson and children, Helen, Lucille, Nancy and James, Mr. and Mrs. Douglas Jarrell of Abilene, Mr. and Mrs. Douglas Jarrell Jr. and son, Don, of Midland, Mr. and Mrs. John Hightower of Texico, Mr. and Mrs. Tom Crews of Coleman, Mr. and Mrs. Joe Jarrell, Mr. and Mrs. Spence Jarrell, Mr. and Mrs. Alvis Bell, all of Clovis.

And, Mrs. Hubert Pipkin and children of Midland, Mr. and Mrs. Norbert Schueler and children of the Rhea community and Mr. and Mrs. Henry Reynolds of Bovina.

**Spend Weekend In Silverton**

Misses Billie Fay Heckman and Dixie Jo Turner returned late Sunday from Silverton where they had visited during the weekend with relatives and friends of Miss Heckman.

They were guests in the home of her sister and family, Mr. and Mrs. Si Ellis, and also visited with her aunts and uncles there. They attended the Silverton-Quitquee football game in Silverton Friday night.

**Woman's Club Has Business Meeting**

Texico-Farwell Woman's Club met in a call session at the home of Mrs. D. W. Bagley at 5:30 Tuesday afternoon, October 16, to attend to unfinished business.

During the business session, Mrs. G. A. Garrett, formerly the Club's vice-president, was accepted as president of the organization after the withdrawal of Mrs. Fred Danforth.

The Club then accepted with regret the withdrawal of the following members: Mesdames Fred Danforth, Agrie Jones, Charles Stockton, Frank Seale, Ansel Doo-

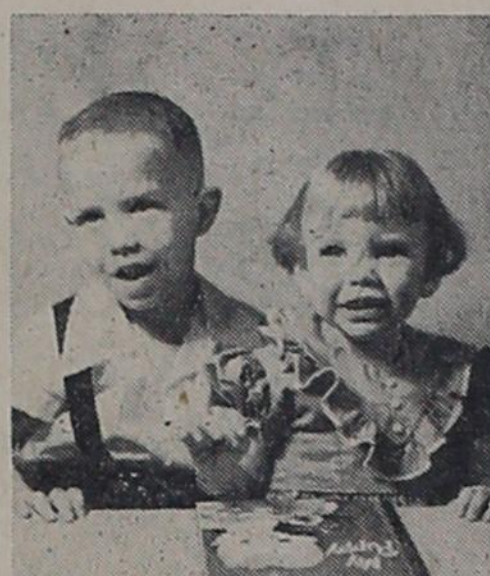

little and the newly voted in members, Mrs. Tena Roth and Mrs. N. W. Peyton. Dues paid by members withdrawing were refunded.

Mrs. Garrett has called a meeting of the executive body of the Club to be held at her home on Monday afternoon, October 29, at 5 o'clock for the purpose of electing a new vice-president and to attend to other Club business. Eighteen members were present.

**Goldsmiths Have Second Grandson**

Mr. and Mrs. Noble Goldsmith are the proud grandparents of their second grandson. Proud parents are Mr. and Mrs. Leon Meeks of Albuquerque, N. M. Their second son, Timothy Scott, was born in Albuquerque on October 14 and tipped the scales at 8 pounds and 3 1/2 ounces. His older brother is 2 1/2 year old Wade.

Paternal grandparents are Mr. and Mrs. G. C. Meeks of Sudan.

**Monday Is Busy Day for Court**

Monday was a busy day for members of the Commissioners Court of Parmer County, who disposed of routine business, and approved other items of discussion.

Other than payment of bills, the commissioners approved the purchase of a filing cabinet for the office of the county treasurer. It was decided to have an extra door installed in a vault situated between the FHA offices and county attorney's office. The second door would connect the room to both offices, and could be used by both as extra space, says Hugh Moseley, county clerk.

The bid of Farwell Electric for installation of lights and wiring in the FHA offices, was approved.

County Judge A. D. Smith was authorized to purchase \$40,000 of U. S. Savings bonds, Series K, from Parmer County Permanent School Fund.

TO BE HERE NOV. 9

Judge E. A. Bills of Littlefield is scheduled to be here for district court on November 9, to hear non-jury cases, according to the docket in the county clerk's office.

BUYS SERVICE STATION

Mrs. Bertie Osborn, well-known in this area, has purchased a service station in Grandbury, where she now lives, and will be active in the management of it.

**NO DAMAGE REPORTED**

Texico-Farwell Fireboys made a call to Nickle's Gin in Farwell on Saturday afternoon when cotton caught fire inside the gin. The burning cotton was blown out of the gin and no damage was reported.

**Judge Smith Hears County Court Cases**

County Judge A. D. Smith heard cases in two court sessions over the weekend.

The first case involved Oscar Allison of Muleshoe who was tried Saturday morning on a DWI charge and fined \$100 and costs. Monday, three Muleshoe boys were charged

with disturbing the peace at Lazzubudde schools, and were fined \$1 and costs.

Joe C. Montoya of Bovina was fined \$100 and costs on a charge of possessing liquor for the purpose of re-sale in a dry area.

**CYCLES UNDEPENDABLE**

Predictions of rainfall cannot be made on the basis of weather cycles of "wet and dry years." Recent studies of rainfall records at 31 locations dating back to 89 years in Texas' High and Rolling Plains by the Texas Agricultural Experiment Station show that cycles play little or no part in annual rainfall figures.

# Working Youngsters May Be Exemptions

Parents of youngsters who worked during the summer vacation were reminded today by H. O. Nichols, administrative officer of the Lubbock Office of Internal Revenue Service, that under certain circumstances their children may still be claimed as full exemptions for federal income tax purposes. And the children themselves may be entitled to refunds in whole or part of income taxes withheld from their wages during their employment. The special exemption rule, Nichols explained, applies to children who will still be under 19 years of age at the end of the year and to children who are full-time students, regardless of their age.

Exemptions may be claimed by the parents if they contribute more than half the child's support, regardless of the amount earned by the child. This new law was passed by Congress in 1954, Nichols explained. Prior to 1954, no person earning \$600 or more could be claimed as a dependent of another taxpayer. Inquiries received, however, indicate that many who are entitled to this benefit are not aware of it. And some parents continue to have their dependent children stop work before earning \$600.

Children 19 and over must be en-

## Press Club Plans Future Activities

The first meeting of Texico Press Club was held in the press room recently. The staff for this year was filled with these officers: president, Joyce Gillean; vice-president, Mikala Faville; secretary-treasurer, Susan Levins; and reporter, Darlene Day. Present activities for this school term will include several out-of-town speakers during various meetings and the annual trip through the Clovis News-Journal. The main activity of the Club will be participation in the Texas Tech Journalism Day to be held in November. The club will enter materials in competition with other high schools throughout West Texas and New Mexico.

## Frank Thompson Is Hospitalized

Mrs. Lee Thompson is in El Paso this week to be at the bedside of a son, Frank, who is confined to the Southwestern General Hospital there. Both Mr. and Mrs. Thompson left Friday to be with their son, and Lee returned to Farwell Sunday.

In a telephone conversation with his wife Tuesday, Thompson learned that doctors thought Frank would undergo surgery on Wednesday, unless his condition improved.

Frank's home is in Tularosa.

### FROM AN ELDER STATEMAN

In the view of Herbert Hoover, "the greatest issue in America and all mankind is the encroachments of government to master our lives."

That single brief sentence says more than a hundred windy political speeches—or tortuously phrased partisan platforms designed to offer all things to all men.

Those who look to government for doles, for favors, for special

privileges, for cradle-to-the-grave security, will find that government will demand the death of liberty in return. Then we will have the security of the prison.

## METHODIST CHURCH NEWS

The Methodist Men served a barbecue supper to their wives and families on Monday night, October 22, at Fellowship Hall. Special music for the evening was furnished by the Gospel Harmonizers from a Clovis church.

Guest speakers and honored guests for the get-together were Rev. and Mrs. Gene Snodgrass and family of Tulsa and Rev. and Mrs. Doyn Merriman and sons of Liberty.

Approximately 100 persons attended.

Members of the MYF attended choir practice and prayer service in a group on Wednesday night of last week. After the service, Mrs. C. C. Christian and Mrs. V. E. Willard served pops and cookies to the group. Mr. and Mrs. Leon Billingsley and Mrs. Lawrence Cooper accompanied the group of young people to Clovis for a skating party. After skating, they enjoyed dinner together at a Clovis restaurant.

Attending the party were Judy Janice and Bruce Billingsley, Virginia and David Willard, Gerald Gober, Gary Foster, Jeanette Lindop, Judy Roach, Ruby and Douglas Hillock, Donnie Carpenter, Joy Berry, Zell Billingsley, Larry Cooper and Mary Ann Walls.

Sunday School attendance on October 21 was 112. The Myron Hillock family presented special music at the morning worship service, and the young peoples' choir brought the special music for the evening program.

Members of the WSCS met Monday afternoon for a regular meeting. Mrs. V. E. Willard discussed another chapter of the book on the study of the church in Southeast Asia.

Mrs. George Douglas presented the devotion and others participating on the program were Mrs. W. P. Shelley, Mrs. C. C. Christian and Mrs. Melvin Sudderth. Others present were Mrs. R. E. Blankenship, Mrs. Lee Jones and Mrs. T. L. Kent.

## Hosts to Supper

Mr. and Mrs. R. E. Blankenship were host and hostess to a spaghetti supper at their home on Saturday evening, October 20. Attending were Mr. and Mrs. T. L. Kent, Mr. and Mrs. John West, Mr. and Mrs. Sam Billingsley, Mrs. Alice Snodgrass, Mr. and Mrs. George Douglas and Rev. and Mrs. V. E. Willard.

Mr. and Mrs. Wendol Christian served a Mexican supper to Mr. and Mrs. Owen Patton, Mr. and Mrs. George Douglas and Mr. and Mrs. R. E. Blankenship on Friday evening. After the meal, table games were enjoyed by the group.

## Farmerettes Have Chuck Wagon Supper

Members of the Farmerettes entertained their husbands with a chuck wagon supper Tuesday night, October 24, at Fellowship Hall of the Methodist Church.

After the meal was served, Mrs. James Roach and Mrs. Harold Carpenter directed games.

Club members and husbands present were Mr. and Mrs. Bill Meeks, Mr. and Mrs. Donald Watkins, Mr. and Mrs. Wendol Christian, Mr. and Mrs. Fred Bolton, Mr. and Mrs. Ponce Billingsley, Mr. and Mrs. A. V. Warren, Mr. and Mrs. Delbert Garner, Mr. and Mrs. Jimmy McGuire, Mr. and Mrs. Frank Doshier Jr., Mr. and Mrs. James Roach, Mr. and Mrs. B. J. Foster and Mr. and Mrs. Harold Carpenter.

Next monthly meeting of the group will be October 29 at the home of Mrs. James Roach at 2:30 p.m.

## BAPTIST CHURCH NEWS

Both circles of the WMU met at the church on Monday afternoon for a mission study program. After the opening song, Mrs. Howard Garner led in prayer.

Mrs. Frank Edwards directed the study which was the beginning of a study on Japan. She reviewed the book, "A Torch in Japan" and Mrs. Sterling Donaldson described the geography of Japan.

Present for the meeting were Mesdames Howard Garner, O. C. Richards, Walter Verner, Charles Hukill, Frank Edwards, Claude Watkins, Sterling Donaldson and Harold Carpenter.

Mike Naranjo chapter of the Royal Ambassadors met with their counselor, Harold Carpenter, at the church on Monday afternoon. Present were Jimmy and Gary Mac Brown, Donny Young, David Routon and Mike Nelson.

Mrs. Howard Garner, counselor for the Junior Girls' Auxiliary met with the girls on Monday afternoon at the church. The afternoon's program was taken from "Tell" magazine. Dorris Donaldson, Linda Nelson, Brenda Mason, Julia Routon, Sandy Brown, and Gloria Hillock were present for the study.

Mr. and Mrs. J. M. Pruitt were host and hostess to members of the adult training union class for a chili supper and social on Thursday night of last week.

Mr. and Mrs. Frank Edwards, Mr. and Mrs. Bernard Nelson and family, Mr. and Mrs. Walter Verner, Mr. and Mrs. Charles Hukill and Rev. and Mrs. Irving Looney and daughters were present.

Rev. and Mrs. Garland Billingsley of Pinon, N. M., visited Monday and Tuesday in the home of his parents, Mr. and Mrs. Sam Billingsley.

Mr. and Mrs. Donald Watkins and family and Mr. and Mrs. Jimmy McGuire, Janet and Jackie were Sunday dinner guests in the home of Mr. and Mrs. Delbert Garner.

Mr. and Mrs. Leo Kirshner of Grand Prairie, Ill., were weekend guests in the home of Mr. and Mrs. Donald Christian. The Kirshners and Christians were neighbors in Maine while they were in the armed forces.

Mr. and Mrs. L. A. Pace of Hamlin visited Monday night at the home of his uncle and family, Mr. and Mrs. Frank Edwards.

## Meets Thursday

Knick-Knack Club members held their regular meeting at the home of Mrs. Dee Brown on October 18. Because of the rain, only four members were able to attend. Those present spent the afternoon doing handwork and visiting.

Mrs. Brown served sandwiches, cookies and hot spiced tea to Mrs. R. E. Blankenship, Mrs. Fred Bolton and Mrs. Lora Brown. The next club meeting will be at the home of Mrs. Lora Brown.

Mr. and Mrs. Lloyd Summers and family of Pampa visited during the weekend in the home of Mr. and Mrs. Jack Roach.

Mr. and Mrs. Howard Garner, accompanied by Mrs. Garner's sister and husband of Plainview, visited relatives in Dallas last week. They also attended the State Fair while there.

Rev. Jack Looney and family, missionary on furlough from Brazil, visited his brother and family, Rev. and Mrs. Irving Looney and daughters, on Monday night of this week.

## HUNTERS RETURN

Lloyd and Earl Routon returned home a little ahead of the hunting party they were with to be with their father while he underwent eye surgery. Lloyd brought home a deer, but Earl's luck was not as good.

Henry and Adolf Haseloff and Walter Kaltwasser were among the Oklahoma Lane men who brought home deers. The hunting party camped near Creed, Colo.

Miss Lois Marie Looney, daughter of Rev. and Mrs. Irving Looney, is on the sick list with the flu this week.

## HAS EYE SURGERY

Dan Routon underwent eye surgery in the St. Anthony Hospital in Amarillo on Monday morning, October 22. He will remain in the hospital in Amarillo several days although his condition is reported as good.

Mr. and Mrs. Johnny Ginnings and son, Monty Mac, of Atoka, Okla., were in the Oklahoma Lane community last week to visit friends and attend to business. The Ginningses are former residents of this community.

Little Gary Merriman, son of Rev. and Mrs. Doyn Merriman, returned home with his parents Monday night after having visited for 10 days with his grandparents, Mr. and Mrs. W. P. Shelley.

## Scholarship Increased For Annual Selection

Scholarships in the third annual Betty Crocker Search for the American Homemaker of Tomorrow have been increased to \$106,000

with three new awards, it was revealed today by General Mills.

The 1957 All-American Homemaker of Tomorrow, who will be announced at a banquet at the Waldorf-Astoria Hotel in New York City, May 2, will again receive a \$5,000 scholarship to the college of her choice. She will be selected from among 48 state winners and the representative from the District of Columbia.

This year for the first time, girls who rank second, third and fourth in the national finals, which will climax an educational tour of state winners to Washington, D. C., Colonial Williamsburg, Va., and New York City, will receive \$4,000, \$3,000 and \$2,000 scholarships respectively. All other state winners will be awarded \$1,500 scholarships and all state runners-up will receive \$500 scholarships.

The program is open to graduating senior girls in all high schools that are enrolled by Oct. 31. Each girl entered will take a written homemaking examination on December 4. The test, prepared by Science Research Associates of

Chicago and administered by the schools, will be the basis for awards until the national selections when personal observation and personal interviews will be included.

"The schools today are doing an excellent job in preparing our young people for their role as future leaders," declared Charles H. Bell, president of General Mills. "We want to help in any way we can. One of the problems is to instill in high school girls a realization of the vital role they, as homemakers, will play in the future of America."

"From teachers, and from the girls themselves, we know that every girl who enters the Search and takes the test gains a deeper understanding of herself, and of her responsibilities to her family and community."

Each girl who takes the test will receive a new aid to self analysis called "Betty Crocker's Homemaker Profiler and Guide to Home-making."

The girl with the highest test score in each school will be named

Homemaker of Tomorrow for her school and will receive an award pin designed by Trifari of New York. Her test will be entered in state competition. The school of each state winner will receive a complete set of the Encyclopaedia Britannica.

All-American Homemakers of Tomorrow named at Philadelphia in the first two years of this scholarship program were Deloris Arnette of Alabama, in 1955 and Sandra Walton of California, in 1956. Miss Arnette is attending Judson College in Marion, Ala., and Miss Walton is attending University of California at Davis, Calif.

In the two years the Betty Crocker Search has been conducted, 443,997 girls have participated.

## HOME FROM HOSPITAL

Mrs. Bonnie Williams is reported to be getting along fine at the present time after spending several days of last week in the hospital. Mrs. Williams was released from the hospital last Friday after receiving treatment for the flu.

## Farmers Still Shy From Soil Bank

With reports in circulation that several million acres of the nation's farm land will be retired from production under the government's new "conservation reserve" phase of the soil bank, a check in Parmer County this week shows that locally at least, the program is being received coolly.

As of the first of this week, only about 1500 acres in Parmer County had been placed in the bank. Furthermore, Prentice Mills, ASC office manager, is estimating that only about 2000 more acres will come in before the deadline at the end of next month.

Parmer County has about 400,000 acres in cultivation, of which about 350,000 is under irrigation. All of the land placed in the soil bank so far is on dryland farms.

Yearly payment for land placed in the conservation reserve has been set at \$10 in Parmer County. That is a flat rate and applies to all crops and to dryland and irrigated land as well. A ceiling of \$5000 is placed on how much one farmer may draw each year.

One factor which affected the amount of land going in this year was a change in eligibility requirements. It first had been announced that farmers could put land into the bank which had yielded no crop and had not been harvested. That would have qualified considerable dryland wheat and grain sorghum.

However, a later interpretation to the soil bank rules indicated that a farmer could not have planted any land with the intention of harvesting it, if he wanted to put this

land in the bank. About the only condition which causes such a situation is in the case where it is too dry to even plant.

## HD Council Plans November Luncheon

A Thanksgiving luncheon for all members of Parmer County home demonstration clubs has been planned for November 15 at 1 o'clock at the Oklahoma Lane Methodist Church. Final arrangements for the luncheon were made at the HD Council's meeting held Monday afternoon, October 22, at the office of Jimmie Lou Wainwright, home demonstration agent.

Black and Lakeview clubs will be in charge of the program for November 15 and the Parmerton and Hi-Point clubs will have charge of the decorations. HD club members who participated in the clothing workshops will model the clothes they made during these workshops.

New officers were also elected at Monday's council meeting. Mrs. Dee Chitwood was re-elected as chairman and Mrs. Veta Bolton was re-elected secretary-treasurer. Vice-chairman is Mrs. Lee Renner and Mrs. L. H. Lookingbill is the new THDA chairman.

Annual reports from individual club officers and committees will be given at the November council meeting on November 26.

Yearbooks also were discussed and are to go to the printer this week. Sixteen women were present for the meeting, representing all 11 HD clubs in the county.

## Lazbuddie FU To Meet Monday

Lazbuddie Farmers Union will meet at Lazbuddie High School on Monday evening at 8 o'clock for the purpose of electing new officers for the coming year.

Delegates to the state convention, which will be held in Abilene in December, also will be elected. All members and other interested parties are urged to attend this meeting.

## THE HAPPY HOMEMAKER

It takes little effort, time, or skill to transform pieces of coal into a winter "bouquet" of sparkling white crystals, and the colors of the "blossoms" are those of your own choosing.

To create a colorful "coal garden" like those that were popular as table or shelf decorations years ago, all you need is a few pieces of coal, some table salt, several colors of food coloring, some household bluing, an eye dropper, and our own ingenuity.

Wash three or four pieces of coal and arrange on any dish that is available. Pour one cup water over it and add six tablespoons of salt. Then add four teaspoons of household bluing, and set the garden in sunlight or on a well ventilated shelf. (The coal should be freshly washed. The water does not need to cover the coal.)

Little buds of salt crystals will appear in an hour or two, and a few days later the crystals will completely cover the coal. (Add water as needed to keep up the water level.) Use the food coloring to give color to the garden.

Add the coloring to the crystals with an eye dropper, only one drop at a time. (If more is used on the same spot on the crystals, they will melt.) Then set the garden back in its growing place. Within a few hours, the hues of the dyes will spread and mix to make a colorful "bouquet."

Most homemakers who grow vegetable gardens come up with some strange looking specimens. A few weeks ago Mrs. W. V. Elmore brought us a huge tomato that looked like a heart-shaped pin cushion. We didn't weigh it, but it was one of the largest tomatoes we have ever seen.

Then one day last week Mrs. Giles Cobb showed us one she had picked in her garden. It wasn't very large, but looked very much like the face of an old person without any teeth. The nose, mouth and eyes were shaped just like those of any number of people we have seen. The chin line was recessed but the other features were very pronounced.

Said a wife to her husband in his easy chair

Just as he settled back in it: "I hope you have no plans for the rest of the day..."

I want you to help me a minute."

If you have trouble balancing your food budget, some time devoted to the study of quantities of different size containers would be well spent. If you don't know whether you get more for your money when buying eggs of various sizes, it would be well to learn.

Buying foods which are plentiful is always a wise move. A lot of times money can be saved by buying in larger quantities. By making the best use of your freezer and refrigerator, you can very often make your food buying dollar go farther.

## Research Station Work Moves Along

PLAINVIEW—Preliminary steps have been taken here to launch an independent, long-range agricultural research program for the 19-county High Plains area with work projected on grain sorghum, soybeans, corn and other crops.

The program envisions establishment of a High Plains field station of the Texas Research Foundation at Renner financed by farmers and businessmen.

The Foundation was invited early this year by the Plainview Chamber of Commerce to consider establishment of a High Plains station in Hale County, to be financed by farmers and businessmen. Total estimated cost of the project is \$550,000 for five years. This would provide \$150,000 for capital needs, and \$400,000 for operating purposes at the rate of \$80,000 a year.

"We are now well on our way toward obtaining a field station for the High Plains," Harold Hinn, chairman of the board and president of Harvest Queen Mill and Elevator Company, told more than 50 leaders of the area meeting here for lunch.

"We have made arrangements for 310 acres of land in Hale County, for a permanent site, and it is now a matter of obtaining operating capital. Just as soon as we can secure pledges for the five-year operating fund, we can begin a research program which should increase the productivity of this 19-county area many fold.

In order to guarantee the success of the effort, Texas Research Foundation requires that we must underwrite the work in advance for five years," he says.

Hinn said that the Harvest Queen Foundation will purchase immediately 160 acres of land which will be turned over indefinitely to the Foundation for experimental purposes, and that 150 acres adjacent at Halfway will be purchased in the name of the Texas Research Foundation. The purchase of the 150 acres will be underwritten by George Green, president of Green Machinery Company of Plainview, the purchase price to be repaid over a five-year period out of capital funds subscribed by businessmen and farmers of the High Plains.

The site is 15 miles west of Plain-

COTTON COMING IN—This scene is repeated all across the Plains this week as harvest rolls along. Some machine stripping is being done, but the bulk of the crop is being gathered in this manner. The rain slowed harvest but a few days.

## THE PARMER FARMER

Farmers are often accused of griping about the weather no matter what happens, but so far, we haven't run into a one who is truly displeased that it rained last week.

Our area, which picked up pretty good showers generally, was especially fortunate in not having the heavy hail that hit the eastern and southern parts of the Texas Panhandle.

If you don't especially enjoy life, we would issue the grim reminder that this is a good time of year to get yourself killed. The rush of harvest, which brings men and machines in contact too closely sometimes, will take its toll just as surely as winter will come.

Every farmer knows the hazards of handling powerful, modern farm machinery, even when it is in good repair. The danger increases as patience and caution are too often discarded in favor of speed to get the crop in.

It's a poor bargain to trade one of your arms or a leg, or perhaps even your life, for the few minutes you might save. Be careful with that machinery.

## OFFICERS TO BE ELECTED

New officers will be elected at the next meeting of the Lazbuddie Farmer's Union which will be held in the auditorium Monday, October 29 at 8 p.m. Delegates to the state convention in Abilene in December will also be elected according to Wyle Bullock, secretary.

The USDA has released a list of 23 varieties of wheat which are classed as undesirable because of inferior milling or baking qualities. They will be discounted 20 cents per bushel in price-support rates on the 1957 wheat crop.

## NEWS FROM THE

## FARM BUREAU

By RAYMOND EULER

American Farm Bureau is checking into the possible application of the Anti-Racketeering Act to relieve such practices as the following: Farmers and other haulers of fruits, vegetables, and other farm products have been compelled to pay an unloading charge at the receiving point, even though the driver of the vehicle would prefer to unload himself or actually does so.

We can consider ourselves fortunate to live in a rural area where such things don't happen. It does,

nevertheless, behoove us to be concerned that such things are happening, and to foresee and be alert to avoiding their coming to us.

Albert Gore, Democrat Senator from Tennessee, was caught between the devil and the deep blue sea Sunday evening, when he appeared before Monitor's Meet the Press reporters, to discuss the significance of Russia's apparent endorsement of his party's proposal to discontinue certain bomb tests. Gore's sincerity and honesty were evident even under the strain of the embarrassing situation in which he found himself. We have been well impressed with this outstanding young Senator in many ways, having heard him as banquet speaker at Texas Farm Bureau Conventions in 1952 and 1955. He is a believer in State's Rights, which right now is of great importance to every American.

## Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off.

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude.

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators.

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right.

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelands bill.

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurrahing him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the croup, because like I said he's the only doctor in town.

view on Highway 70. The soil is described as the typical Pullman clay loam with a small part of it being Amarillo clay. There is one irrigation well on the property.

Hinn says that Dr. T. C. Longnecker, assistant director of the Foundation and its chief soil scientist, already has been assigned as head of the High Plains Station.

How much return would you expect from an investment in machinery? If your money could earn 10 percent, would that appeal to you?

It WILL earn that much—and possibly more—when you install a Chrysler or G. M. Diesel Vertical Engine Application on your irrigation well. We sell and service these units. Permit us to show you how they increase efficiency.

"The Place Where Most People Trade"

WEDNESDAY, OCTOBER 24, 1956

Twelve girls who are voice students of Mrs. Eva Miller will be on Cotton John's television show this Saturday at 5 p. m. The girls who call themselves the Treblaies were invited to appear on the show after some of their fans wrote to Cotton John. The girls are Lila Gay Buske, Betty Agee, Luann Hardesty, Johnnie Hand, Eva Thomas, Lavon Fleming, Linda Gee, Jacquelyn Magness, Phila May Buske, Nancy Outland, Janice Miller, and Doris McFarland.

The ladies of the Methodist Church had a shower for the church kitchen recently. Worked out very well too, because the ladies also sent out word of what the kitchen needed.

If you haven't seen the new "400" tractor at work you are in for a pleasant surprise. See and drive it in your own field and you will be convinced it is the tractor you need for all your farming operations.

Lots of new homes being built in the country. We drive around and are always surprised there's a new home where there was nothing. One new one to be started soon is the home of Billy Dean and Lillie Mae Baxter. The Baxters live south and west of Friona in the Hub community.

Our granddad has been a little befuddled since he's moved into the new hospital. He has a little trouble remembering. One day he was questioning Dr. Paul Spring. "Doctor," he said, "can you tell if my head hurts?" "No," replied Dr. Spring, "I don't believe I can." "That's what I thought," Granddad said. "So, how can you cure it?"

You will have to do something with the stalks left on your field after combining. Why not try an I. H. or Servis stalk shredder? They will do a better job and we have a good price on either one.

Mr. Wes Izzard of Amarillo spoke to the Modern Study Club last week and one of the things he said was this. "America is a country where freedom is not enforced." We should be thankful that our freedom to vote is not enforced and vote to keep it that way.

There will be a parts man on duty at the Parmer County Implement Company every Sunday afternoon until harvest is over. If the store is closed, call 3051 or 5121.

Plows—both disc or moldboard, roll-over and round type. Call for a demonstration.

Speaking of the crab grass, which everyone seems to have, we heard this on TV—the only sure thing that cures crab grass is concrete.

Antifreeze—I. H., Zerex, or Prestone. One gallon or a car load. The price is right. Call 2201 or 2091.

Parts—Yes, we have it or will get it quick. Call or come in and meet our new parts men. They are Mason Love and Cecil Osborn. They have moved their families to Friona. We invite you to come by and meet these fellows. They are anxious to meet and serve you.

Noticed how the Sonny Graham family has been stopping at every stop sign and never driving over 30 miles per hour. Surely do have to be careful when you get up a petition to stop careless driving. Too bad more people don't get up petitions.

We sell genuine I. H. binder twine. It is the world's finest binder twine and we invite you to compare it with any other on the market.

Miss Sharon Reeve, daughter of the Hadley Reeves, is a member of the Friona junior band. When Friona had her 50-year celebration the junior band was in the parade. Some of Sharon's kinfolks asked her if they played during the parade. "My goodness no," said Sharon. "We can't even play sitting down."

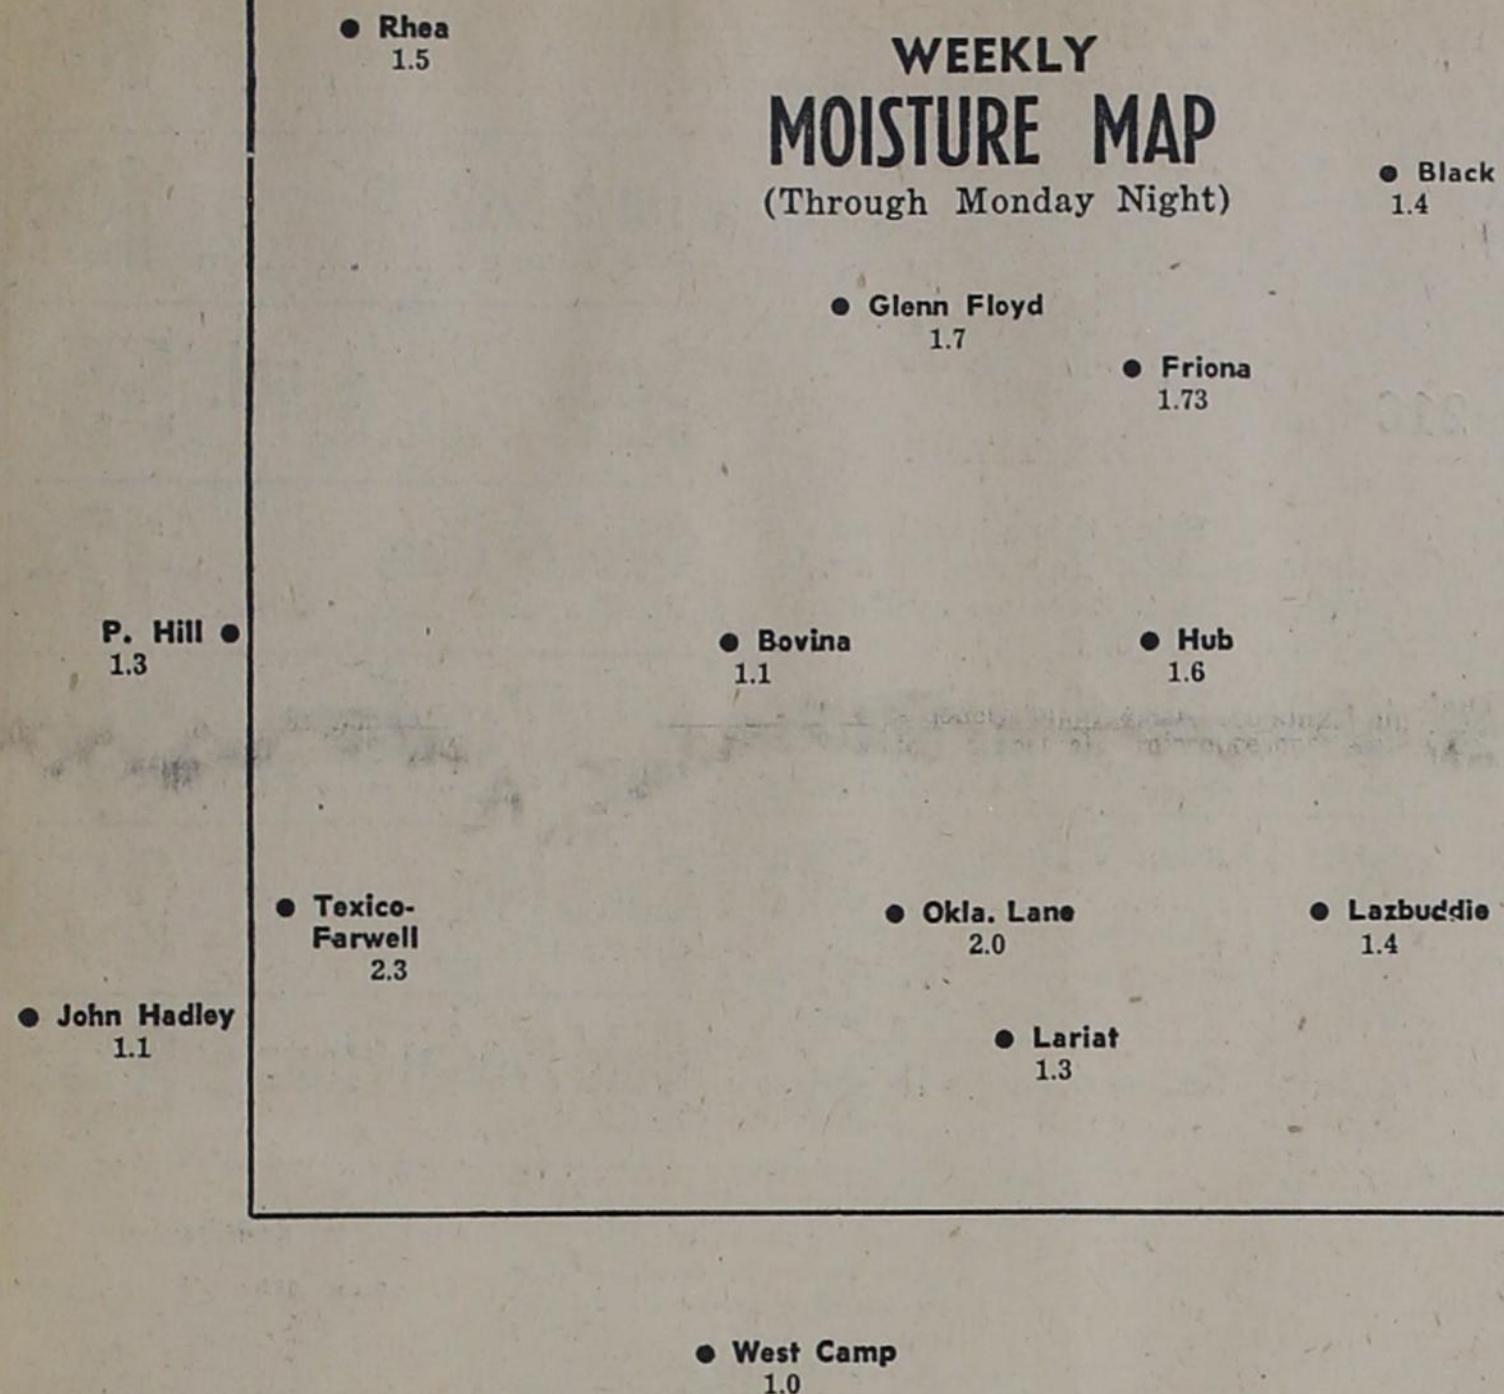

Let's trade tires. Goodyear tires give longer life and the Parmer County Implement Company will give you a better price for your used tires. Goodyear tractor, truck, and automobile tires for sale.

The Parmer County sheriff's wife was in our store last week with her parents, Mr. and Mrs. J. A. Guyer. They came by for some of the booklets about Friona which the Chamber of Commerce published. They are going to mail them to some of their friends. Mr. Guyer was postmaster for years and years. We still have a lot of the booklets if you would like to have one or a dozen. We would be glad to have you stop by and get them.

### WEEKLY MOISTURE MAP

(Through Monday Night)

said we must build up and maintain our military strength, and concluded his speech by saying "Put our faith in the Lord, and keep our powder dry."

Wednesday afternoon the states' reports were concluded, and the election of the new National officers was carried out. Since the presidents of each state were the only qualified voters, we were merely onlookers during this procedure.

Wednesday night concluded the national meeting with a banquet at the Gunther Hotel, with Mrs. Oveta Culp Hobby as the main speaker. She was an excellent speaker, and held the audience's undivided attention the length of her talk. It concerned the role women play today as compared with the one they played in years past.

Thursday night the state convention was begun. It seemed rather pale in comparison with the national meeting, and we crowded a lot of work into the short time left us. The election of the new officers was the main item on the agenda, and we were very happy that our own district vice-president, Mrs. Melton McGehee of Wayside, Texas, was elected the new treasurer. She is a very charming woman to meet, and has been active in HD work for many years.

Friday started with a meeting at 8 a. m. Officers' reports were given, and several new resolutions were voted on, among them the resolution that the 4-H creed include "and my God" at the conclusion. There were 793 present for the state, and 2221 for national meetings.

Friday afternoon we attended the various workshops, each delegate attending one, where we were given instruction on work to be taken back for our own clubs to accomplish the next year. My own workshop was on citizenship, where two speakers talked on Amendment No. 3 which we will vote on in November.

It amazed me that no more publicity had been given this amendment than had, as important as it evidently is. It concerns the state supported schools and the increased number of students that are going to overwhelm them in the coming years if this amendment is not passed. The schools get their funds only from the interest received from government and state bonds bought from the permanent fund which cannot be spent in any other way.

If passed, this amendment provides for the investment of this permanent fund in common stocks also, which will give a greater return. It also permits the board of directors at A. and M. to allocate funds for agriculture extension service.

The speaker stated that the board may—and he stressed that "may" allocate funds for permanent 4-H club installations all over the state. He also stated that unless this amendment is passed, we will either have to pay a whole lot more in state taxes, or only the more brilliant of our kids will be permitted in the schools—it will be impossible to accommodate all of them. The speaker was E. L. Angel, who is assistant chancellor at A&M.

Friday night we attended the installation of the officers, then went to our rooms and packed. We were supposed to leave at 6:30 the next morning, and believe me, we were all ready to get home. We left at 7 and pulled into Amarillo about 6:15. I wouldn't take a mil-

lion for this experience, and I would like to publicly thank all the HD members in the county who made it possible by paying our expenses.

All of us have our favorite cake, but I believe if a poll were taken, chocolate cake would be way up on the list.

I helped judge the Castro County Fair during September. The blue ribbon cake was a German Chocolate cake that was "just out of this world." I finally got the recipe. It's pure calories, but one nice thing about it is that it freezes so nicely. In freezing cakes, place them in the freezer until frozen and then wrap in moisture-vapor proof wrapping.

**GERMAN CHOCOLATE CAKE**  
Make the filling first as it takes a long time to cook and then cool.

**FILLING:**  
4 egg yolks  
1 1/4 cups sugar  
1 cup coconut  
3/4 cup chopped pecans  
1 pt. whipping cream (not whipped)  
1/2 stick butter  
Mix all together and cook until thick (this takes a long time). Let cool before icing cake.

**CAKE:**  
2 cups sugar  
1 cup Crisco  
1 cup buttermilk  
4 egg yolks  
2 1/2 cups flour  
1/3 teaspoon salt  
1 teaspoon soda  
1 teaspoon vanilla  
4 egg whites (beaten stiff)  
1 box Baker's German Chocolate (this is a small thin package with 18 squares), dissolved in 1/2 cup hot water.

Dissolve soda in 1/4 cup buttermilk. Beat sugar, Crisco and egg yolks together. Add buttermilk, flour, soda and chocolate. Beat well and fold in beaten egg whites. Makes 4 big layers. Bake at 350 degrees. Icing is enough for two 2 layer cakes.

### First Light Frost Nips Growing Crops

The first frost of the season for the Parmer County area came Sunday morning, October 21. It was so mild, however, that scarcely anyone paid any attention to it. Some cotton fields showed signs of being spotted in low places by the frost, which nipped tender leaves. The cold weather was not regarded as a thorough killing freeze, and much cotton and maize

still awaits more severe weather before harvesting can begin.

## Mrs. Looney Reports On HD Convention

Mrs. D. C. Looney of Bovina was one of four Home Demonstration Club ladies from Parmer County who attended the state and national HD meetings in San Antonio recently. This article is a report from her that will be of interest to all Parmer County Club women.

Sunday morning, September 23, I left from Amarillo on one of two chartered buses with 63 other women from District I at 7:00.

There were four of us from Parmer County: Mrs. Floyd Rector of Friona, Mrs. Dick Rocky from Black, and Mrs. L. H. Lookingbill, also from Black, besides myself. We arrived in San Antonio around 8 that night, too late for the vesper

services that marked the opening of the national convention. Dr. Imogene Bentley, dean of women, North Texas State College, was the speaker.

We four from Parmer County stayed in the St. Anthony Hotel. The headquarters for the convention were at the Gunther Hotel, although all of our meetings were held in the municipal auditorium, which was only about two blocks from all of the hotels.

The convention opened Monday morning with several speakers, among them the mayor of San Antonio who welcomed the women, and made the president of the national organization, Mrs. Homer Remsburg of Maryland, an honorary mayor of the old La Valita village in the middle of San Antonio. He also offered to take care of all traffic tickets the women received during their stay.

Before the speeches, the Texas and national flags were presented by members of the Fort Sam Houston color guard.

Monday afternoon, several tours were conducted around San Antonio. We were fortunate to have our own bus, police escort, and a native San Antonian to describe the many historical places of interest. We made several stops to visit the Alamo, San Jose Mission,

the sunken gardens, and the Buckhorn Saloon.

Monday night, the Texas women presented a pageant about Texas under the six flags. Several dances representing the countries which once ruled Texas were given by girls and boys of San Antonio who were students being instructed under the free recreational program of San Antonio.

A lot of them were Spanish dances with the kids clicking their castanets and swirling their brilliant skirts like professionals. A few members of the casts were all of three years old.

Tuesday morning, the members heard an address by Governor Shivers, who talked briefly about state government, particularly the Texas government, and the things they have accomplished the last few years and what is planned for the future, especially where our highways are concerned. Traffic safety is one of the many programs the NHDC is stressing the coming year.

Tuesday afternoon began the long series of states' reports of their activities of the previous year. Some of them were very interesting and inspiring to hear. One of the highlights of this convention to me was the opportunity to meet and talk with the ladies from far-away states.

Forty-four states were represented—not all of them are members of the NHDC—Hawaii, Puerto Rico, Alaska. The last three also are active in HD work. Alaska last year sponsored a short course for homemakers at the University of Alaska. The ladies stayed on the campus and went to school for a short period.

Wednesday morning, we heard an address by Congressman Omar Bursleson, who stressed the importance of America taking part of foreign trade, as 9 of our 15 basic items must be imported. He

Among the recordings made by Charles include "Put Your Arms Around Me," "Boogie Woogie Yodel Song" (which he arranged himself), "One Faded Rose" and "Sugar Time." Charles wrote the latter two.

Charles plans to leave for Louisiana tomorrow (Friday) and plans to be home the following Monday. He will be accompanied on the trip by Odis "Pop" Echols, Jimmy Schell and Doyle Ford. Charles is the son of Mrs. Kate Phillips, Farwell.

**Fire Destroys Trailer House**

A late evening fire of undetermined origin destroyed a trailer house owned by Mr. and Mrs. Dave Okelberry in Farwell on Monday about 11 o'clock.

Ninety percent loss to the new trailer, which the Okelberrys had occupied only a few days, was estimated. The trailer itself was insured, but contents were not. All equipment in the kitchen was completely destroyed, and many of the couple's clothes were burned.

The fire was noticed by two boys returning home from the show who notified Mr. and Mrs. Ray Campbell who live nearby in a trailer. Campbell had the fire extinguished when the fire truck arrived.

The Okelberrys planned to move into a new trailer in the same location today (Thursday) or Friday.

appear on the Hayride is a "lucky break" because many of the country's famous western singers got their "start" on this Louisiana show.

Opportunity knocked for the local singer when a group of Hayride performers presented a show in Clovis. Odis "Pop" Echols was instrumental in auditioning a recording made by Charles for Tilman Franks, booking agent for the Hayride. Franks liked the record and thought it good enough to give Charles an engagement at

Willard took a Morton punt and made a brilliant 30-yard runback to the Indian 40. The Steers then moved the ball to the 11-yard-line. Facing a fourth down, Farwell elected to try for a field goal. The

Taking the kickoff, Morton then took to the air but was stopped at midfield. The Steers took over and had moved the ball to the Morton 30 as the game ended.

**Huge Ballot Facing Parmer County Voters**  
(Continued from Page 1)

voters will find eight amendments to the constitution which they are to vote for or against. They are as follows:

No. 1—The Constitutional Amendment granting power to the legislature to grant aid and compensation to persons who have paid fines or have served prison sentences under the laws of this state for offenses of which they were not guilty.

No. 2—The constitutional amendment authorizing the commissioners court in each county to levy

whatever sums may be necessary for general fund, permanent improvement fund, road and bridge fund and jury fund purposes so long as the total of these funds does not exceed a maximum tax rate of eighty cents on the one hundred dollars valuation in any one year and so long as the court does not impair any outstanding bonds or other obligations.

No. 3—The amendment to article VII of the constitution of the State of Texas by amending sections 17 and 18 thereof, providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; and by adding a new section thereto to be designated as section 11a, providing for the improved support of The University of Texas system and the Texas Agricultural and Mechanical College system by authorizing the investment of the permanent university fund in corporate bonds and stocks under certain conditions and limitations.

No. 4—The constitutional amendment empowering the legislature to revise the existing teacher retirement system and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the state, authorizing that the state's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per cent of the compensation paid each such employee by the state or school district or the sum of five hundred four dollars for each year for such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund.

No. 5—The amendment to section 49-b of article III of the constitu-

tion of Texas to change the membership of the veterans' land boards; increasing the veterans' land fund by \$100,000,000; said fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans of World War II and to Texas veterans of service in the armed forces in the United States subsequent to 1945. Such funds shall be expended in accordance with instructions and requirements that may be provided by law.

No. 6—The constitutional amendment providing the form of the oaths of office for elective and appointive officers of the state.

No. 7—The constitutional amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem.

No. 8—The amendment to the constitution providing that a court, judge or magistrate may deny bail to a person who has been convicted of two previous felonies.

**Texico School Library Attracts Readers**

"Texico High School can rightly be proud of its modern library facilities and the increasing interest in reading on the part of its students," says Mrs. Fred Danforth, librarian for the school.

The magazine shelf, through which the students have access to approximately 35 different magazines, seems to command the greatest attention. Many of these magazines are subscribed to by the school while others are contributed by teachers—John Adams, Edward Choate, Paul Fredrick, and Mrs. Tena Roth, a school patron.

The library has about 2300 books which will be increased soon with the arrival of 25 new books now on order.

Recent arrivals include: "Oodles of Droodles," 4 girl mystery books, "All the Women of the Bible," and the September book of the month, "The Nun."

Mrs. Danforth, head librarian, and Glenda Richardson, assistant, are in the process of making out an order for cards to start a card

catalogue.

A bulletin board with caption "Let's Travel," contains attractive book jackets about many different countries around the world.

Another display shows a stork bringing in new arrivals and includes covers taken from new books recently received.

Mrs. Danforth says, "We are fortunate in having as good a library as we have and it can be better. But we need the cooperation of both teachers and students, in taking care of the books, checking them in when they are due, and paying their fines."

The Mason-Dixon Line is now the boundary line between Maryland and Pennsylvania.
