

MAN-TO-MAN TALK . . . "Got a liberty pass, sailor?" And little Richard Davidson, 4, of New York, who can get tough, too, answers "Who wants to know?" He looks skyward toward Shore Patrolman Arthur Davis and glares right back. It was an amusing interlude as thousands of Navy Day visitors trod the historic decks of the battleship Missouri, on which the Japanese surrender was signed.

Farwell Water Mains Being Extended

Water Shortage Still Faces Twin Cities

Steers In Final Game Here Friday, 2 PM

Winding up what has been a definitely successful season, with only defeat in ten starts, the Farwell Steers will meet the Clovis "B" squad here Friday afternoon at 2 o'clock, Coach Louis Purvis announced today.

After bouncing a highly-touted Seagraves eleven the past weekend, the Steers are raring to go against their Clovis opponents, and indications are that the game will be a hard-fought one from beginning to end.

No casualties were reported from the Seagraves game, and Coach Purvis listed a starting lineup including Holland and Ford at end, Hughes and H. Gerie at tackle, Dollar and London at guard, Henneman at center, Thomas as quarterback, Booth as fullback, Pool and Terry at the halfback positions.

Reports from Clovis on Monday listed the following as the lineup for the Wildcats: Petty and Howard at the end positions; Whatley and Blake as tackles; Carder and Chesney as guards; Southern at center; Love as fullback; Benton, quarterback; Porter and Crook as the halfbacks.

Ralph Belfonts, of Clovis, will call the game, Coach Purvis reported and added that Belfonts will secure the umpire and head linesman.

Five of the Steer lineup conclude their high school football career this weekend, after having been active during the past several years of grid games. In the group are Fullback Tom Booth, Quarterback Warlick Thomas, End Jackie Holland, Center A. C. Henneman, and Tackle Herman Ceries.

This is the only afternoon game of the season, and fans are reminded that play will begin at 2 p. m., Texas time.

Poppy Day Sales Net \$85 in Twin Cities

The Justice-Williams American Legion Auxiliary Unit 561 of Texico-Farwell reports this week that the poppy sale, conducted last Saturday, drew a good response from local residents.

The Auxiliary reported a net of \$85.00, which goes solely for the purpose of giving disabled veterans and their families financial aid. The poppies themselves are made by disabled veterans of the various hospitals over the United States.

Posters prepared by grades of the two local schools furthered the sale of the little red flowers. Prizes were awarded by the local Auxiliary for the best posters. First prize, \$5.00, went to the Farwell fifth grade; second prize of \$2.50 to Verlene Thigpen; and third prize of \$1 was awarded Joyce Gillean of Texico school.

"We wish to thank every person who gave of their means and time for this worthy cause," said Mrs. Mae Porter, Auxiliary president.

Teachers Will Attend Meeting In Clovis

Teachers from over Curry County have been invited to Clovis on Thursday evening of this week for a special meeting and discussion, with members of the state department of education, Supt. E. A. Rogers said today.

State Superintendent Charley Rose, R. P. Sweeney, high school supervisor, and Mrs. Gale Barber, elementary school supervisor, will be on hand and will discuss school work.

At the conclusion of the meeting, a social hour will be enjoyed. The meeting is to begin at 8:30, Texas time.

AGED LADY FALLS

Mrs. Julia Dennis, age 79, accidentally fell while walking in the yard at her home in Friona on Tuesday of this week. She sustained a broken arm and minor bruises in the fall.

Pfc. Billy K. Tipton, of the US Army Engineers, who is stationed at Fort Ord, Calif., visited his parents, Mr. and Mrs. Percy Tipton, here last week. He is being transferred to Seattle, Wash.

CALLED TO TULSA

Mrs. C. M. Henderson left here Tuesday afternoon for Tulsa, Okla., where she was called by the condition of her daughter, Mrs. John Branson, who was scheduled to undergo minor surgery. Mrs. Henderson went to Pampa, where she was joined by Mrs. Branson's mother-in-law, and they proceeded to Tulsa by automobile.

Motorcycle Accident Victim Improving

George Magness, son of Mr. and Mrs. Chester Magness, was dismissed from a Clovis hospital Monday afternoon, where he had been receiving treatment since Wednesday of last week, following a motorcycle accident.

Besides numerous bruises and burns about the hands and face Magness sustained broken bones in the right hand and a fractured right wrist. He was picked up in an unconscious condition and removed to the hospital.

The accident happened near the Frank Phillips farm home, two miles northeast of Farwell, as young Magness was returning to a combine crew after eating dinner in town. Reports say that he met a truck and as he swerved his machine from the roadway to pass the truck he was blinded by a cloud of dust. While he was blinded, the motorcycle hit a hole and he was thrown.

Plenty Of Cars Now Available For Grain

The acute shortage of railroad cars for shipping this region's enormous grain crop to the terminal storage centers has shown much improvement during the past week, shippers reported here today.

"We are getting plenty of cars now that we don't need them," one local dealer is quoted as saying when asked about his car supply, and he went on to add that all combining operations have ceased over this territory, and what little grain has not been shipped out has either been piled out in the open or found storage in the elevators of the county.

Ray Ford, manager of the Farwell Elevator, estimated that his business has been "just about one-fifth of what it would have been if we had been furnished with cars to move the grain during the harvest."

Most grain buyers of the county refused to take grain after their storage facilities were clogged, while some took the chance of piling it out in the open, where the danger of serious loss is always prevalent.

Garbage Payments Are Urged By City Mayor

Mayor O. W. Francis today appealed to residents of Texico to pay their garbage-collecting fees to Town Clerk W. L. Freeman at an early date. The fee is 50c per month, and Mayor Francis suggested that residents pay up till the end of the next fiscal year, July 1, in advance.

The Town Council has been considering the passage of an ordinance which would compel the payment of garbage fees, Francis said. "But we much prefer that it be left on a volunteer basis with all residents cooperating," he added.

PAUL SHOWS IMPROVEMENT

Rupert Paul, former Texico resident and farmer, who has been quite ill in a Carthage, Mo., hospital, is reported to be showing improvement. His son, Jerry, who operates the Paul farm west of Texico, returned home Sunday from Carthage, where he visited his father.

Paul fell from a barn under construction at his farm some weeks ago, and sustained several broken bones in his arms and legs. After being taken to a hospital, he developed pneumonia, and his condition was the cause of considerable anxiety. His many friends here will be glad to learn of his improvement.

Texico-Farwell may still face a serious water shortage unless conservative measures, carried out by the users last Friday and Saturday, are continued the remainder of this week.

This was the warning issued Tuesday by V. C. Venable, superintendent of the local water plant. Venable said that unexpected delays in installing the new pumping equipment had arisen, and gave it as his opinion that it would be Friday "at the very earliest" before there would be an adequate water supply. "And not then unless everything goes well," he hastened to add.

Users have cooperated wholeheartedly up to now, Venable said, but added that the reserve water was being rapidly used, and appealed to local residents to continue to conserve water until the emergency is passed.

Installation of larger electrical equipment to operate the large 75-h.p. Pomono pump, which cannot be completed before Thursday, has delayed the change-over program, begun last Friday.

At present, water is being pumped from only one well, and this is No. 1, which is served by a small 15-h.p. pump, and whose pumping capacity will not keep pace with the demands made upon it by water users.

Venable plainly was fearful that other delays might arise before both wells are in full operation. "We are not sure these pumps are going to work, and won't know until we have tried them out," he said, warning that water users had better "go slow until we know where we are."

An expansion program, with the hope of doubling the usual water output from the two wells, was launched some months ago by the Waterworks Company, and the new equipment has been received only recently. A large 75-h.p. pump is being set over well No. 2, and the 30-h.p. pump, formerly used on No. 2, will be removed to well No. 1 to replace a 15-h.p. pump that has been in operation here some twenty years.

Funeral Services For Richard Crook Held Friday At Bovina

Funeral services were held last Friday afternoon at the Bovina Methodist Church for Richard W. Crook, 21-year-old son of Mr. and Mrs. French Crook, former residents of Bovina, who now live at Pecos, Texas.

Rev. John Benjamin Abbott, an old friend of the Crook family, officiated in the final rites. He was assisted by Rev. C. R. Howard, of the Pentecostal Holiness Church. Burial took place in the Bovina Cemetery with the American Legion in charge.

Crook was instantly killed when a truck he was driving overturned after leaving the highway near Boaz on Highway 70, some miles north of Roswell. He had been in Bovina several days, repairing some rental property the family owned there, and was enroute home at the time of the accident.

Crook had lived most of his life at Bovina, graduating there in 1944. He served with the US occupation forces in Europe during 1945-46.

Besides his parents, he is survived by two brothers, Harold and French Crook, Jr., and two sisters, Nellie Bea and Patricia Ann, all of Pecos.

Relatives attending the funeral services included his grandparents, Mr. and Mrs. J. W. Crook, Quinlan, Okla.; Mrs. C. O. McCaslin, Sharon, Okla.; Vern Hopper and Mr. and Mrs. R. L. Hopper, Woodward, Okla.; Mrs. C. T. Griffith, Oklahoma City; Mrs. Ruby Mills and son, Jimmy, and Mrs. Edna Gill, Amarillo; Mrs. A. Whitcomb, Trinidad, Colo.; Mr. and Mrs. A. E. Quierard and son, John, Laramie, Wyo.; Mr. and Mrs. Steve Shuck, Chester, Okla.; Mrs. C. H. Simmons, Quinlan, Okla.; and Mr. and Mrs. H. R. Crook and family, Bovina.

KYKER IMPROVED

Bob Kyker, long time local resident, who suffered a heart attack early last week, has shown considerable improvement during the past week, and is able to be up and about his home most of the time. He has ventured down town on a few occasions during the past few days.

Support your local Chamber of Commerce.

Material is already on the ground and work is expected to begin during the next few days on an extension of the water mains in Farwell, it was learned here today.

Twenty-three thousand feet of four-inch pipe and 672 feet of three-inch pipe is on hand, to be laid in southeast Farwell, mostly in the region of the Farwell school. The 4-inch mains will be extended from the south end of Third Street east a distance of five blocks, to Seventh Street. Then a 3-inch line will be laid north on Seventh street to the Booth properties, where it will be connected with the present end of the line at that point.

A ditching machine belonging to the Southern Union Gas Company will be used in opening up the ditches for the work and it is expected to move at a rapid clip once the project is started. V. C. Venable, water superintendent, said today that the machine was due here Wednesday or Thursday.

A fire plug, already on hand, will be installed in front of the school house to give fire protection to the valuable school properties, which in the past have had no such protection.

The extension of these new lines will serve a considerable portion of residential properties, which have been undeveloped in the past because of the absence of water service.

The 2-inch line now serving the school, as well as all properties along the route between the H. Y. Overstreet residence and the school, will be taken up when the four-inch line is installed. Customers on the line have complained for the past few years of the inadequacy of water obtainable.

Hunters Get Near 50% Kill Of Deer

More than half the big game hunters who have returned from various parts of New Mexico in search of deer, failed to get their meat, according to reports compiled by this newspaper. But the score was pretty well balanced between the failures and the lucky ones.

A check-up made Tuesday afternoon showed that 10 local hunters had brought in their allotment of one buck, while twelve came home empty handed.

More hunters are still out and are yet to be reported, but here is the way the score stacked up from the reports we had late Tuesday. Those getting deer included:

Verne Stout, Billy Suddereth, LeRoy Faville, Bert Schackelford, John Aldridge, Jack White, Arch Green, Leroy Hunton, Claude Thomas, Mack Johnson, and Grady Pierce.

Regrets were offered by Johnnie Pace, Nelson Foster, T. E. Roth, Grayson Roberts, Johnnie Lewis, Jake Winkles, Heavy Allen, Lee Osborne, W. T. North, Ralph Humble, and John Lockhart.

The most successful party, composed of White, Hunton, Green, Thomas, Johnson and Pierce accounted for a hundred percent kill, and all the deer were good sized with White topping the group with a 250 pound animal.

The hard-luck party was made up of Humble, North and Lockhart. After three and a half days of hunting, they never saw a single deer.

Bovina Baptist Set Date For Revival

Rev. Weldon Franks, pastor of the First Baptist Church in Bovina, today announced dates for an evangelistic program that is scheduled to get underway on Thursday, Nov. 25, continuing through Sunday, December 5.

Services will be held twice daily, at 10 a. m., and 7:30 p. m., through the special series. Rev. Franks said that he would do the evangelistic preaching and that the music would be under the direction of Cayson Jones, a member of the congregation.

A cordial invitation has been extended to the public to attend the services.

DRY AT TIPTON

Mr. and Mrs. W. A. Doshier, who formerly lived here, left for their home at Tipton, Okla., Monday, after spending a week here visiting in the homes of relatives and friends. Mr. Doshier said that it had been "mighty dry" around Tipton the past several weeks. He added that he had produced a fair feed crop, but up to the time he was here, it had been too dry for fall wheat seeding.

FROM THE HOPPER

By HOP

The local American Legion has undertaken a most worthy project, which deserves the support of the people of the community. With the view of furnishing worth while, wholesome entertainment for the teen agers of the community, the Legion is sponsoring an evening of entertainment each Saturday evening at the Legion Hall. Spokesman for the Legion said they were going to let the youngsters choose the type of entertainment they desired and the Legion would co-operate in furnishing that type of programs. All entertainments will be fully chaperoned by Legionaries and their wives, it was stated.

So far as we are able to learn, the honors for the biggest deer brought in by local hunters goes to Jack White, Texico mail carrier. Jack's deer had only nine points but estimates placed the weight at 250 pounds. He said that deputy game wardens said that it was the biggest animal checked out of the Black Range this season. We expect to have a picture of this deer in next week's paper. Jack shot in too late for us to use the picture this week.

Deer-hunting season reminds me of one year a bunch of hunters, including the writer were in camp, ready to take to the woods at the crack of dawn the next morning. The hunters were checking up on their supply of ammunition, with each man reporting from two to four boxes in his possession. Finally, someone asked Gabe Anderson how many cartridges he brought along. Apparently astounded at such a question, Gabe replied, "Just one: you are just allowed one deer, you know."

Meeting Of Men's Club Next Week Cancelled

The regular monthly meeting of the local Men's Club, scheduled for the fourth Thursday night in each month, had been cancelled, C. M. Henderson, president of the club, said today.

Conflict with other local gatherings was given as the reason for the cancellation. Henderson said that since the regular meeting falls on Thanksgiving, it would hardly be possible to expect a good turnout of the membership.

SPECIAL ASSEMBLY IS PLANNED AT SCHOOL

Supt. Jack Williams, of the Farwell school, reported today that a special Thanksgiving assembly program would be held at the school on Tuesday, November 23.

Sol Morgan, minister of the local Church of Christ, will be the speaker at the special program, which is to begin at 9 a. m. All patrons of the school are invited to be on hand.

Thanksgiving holidays for the school will begin at the closing hour Wednesday, with classes to reopen at the school on Monday morning, November 29th.

Father Local Woman Dies In California

Mrs. LeRoy Faville left here last Friday noon for Long Beach, Calif., being called there by the unexpected death of her father, S. W. Cain, who lived at Canyon before going to the west coast a few years ago.

Mrs. Faville was accompanied to Long Beach by other relatives in this section, who came here and then proceeded by auto.

Mr. Cain suffered a stroke about a year ago, but had apparently recovered. Last Thursday evening he retired after a visit with relatives and family members, apparently in his usual health. The next morning, members of the family found him dead in his bed.

Burial was made in the Forest Lawn Cemetery at Long Beach, on Monday afternoon.

Bovina Hunters Bring Full Quota Of Deer

A party of Bovina hunters arrived home late Tuesday afternoon to give a good accounting of their marksmanship on a deer hunt in New Mexico, with all of them bringing in their deer.

I. W. Quickel, Buck Ellison and F. W. Ayres, all of Bovina, and Mr. and Mrs. Dee Blythe of Clovis made up the party of hunters, with Mrs. Ellison being the cook and "boss of the camp." Equal honors went to both Mr. and Mrs. Blythe who bagged their deer.

Their camp was in Nogal Canyon north of Capitan.

Farm Bureau Meeting Scheduled At Bovina

A county-wide Farm Bureau meeting has been scheduled for Thursday night of this week, November 18th, to be held in the auditorium of the Bovina school, beginning at 8 o'clock.

Harold Lillard, temporary president of the group, stated that Bill Tilson, district Farm Bureau representative, would be on hand at Bovina, to discuss the Bureau workings. Special business of the evening will include the election of permanent officers, and organization of a county chapter. In addition to Lillard, temporary secretary at present is Harold Carpenter.

A membership drive being conducted during the past few weeks will culminate this week, and it is believed that the county chapter will enroll some 60 members. Dues are \$5 per year, of which \$2 remains in the county, \$1 goes to district, \$1 to national, and \$1 pays for the Farm Bureau paper.

All residents of the county who are interested are cordially invited to attend the meeting at Bovina.

IN FORT WORTH HOSPITAL

R. N. Williford of Bovina, who is on sick leave from the Paramer County Community Hospital, recently underwent a serious operation in the St. Joseph Hospital at Fort Worth. Last reports were that he was doing as well as could be expected.

No One Is Sure About Texas Weather

COLLEGE STATION.—Not many Texans are weather forecasters.

No one is sure what kind of weather we're going to have this year. It may be mild, and then again the temperature may drop way down. The bad weather last winter was a little hard on the roofs, flashings and gutters, so right now, while the weather's still mild, is a good time to check up on the condition of the roof on your house.

A little thought, a little work, and a little spending now may save a big repair bill later on, says W. S. Allen, extension agricultural building engineer of Texas A. and M. College.

Your roof may need only an inspection, and perhaps a few repairs will put it in shape to face the winter wind, rain and ice. The first step for the farmer to do is make a thorough check of his own. But if conditions are serious, he may need to call in an expert carpenter or builder for some advice.

After inspection's over, clean the roof and gutters of leaves, papers, straw and dust. Make plenty of room against the eaves. Inspect the gutters supports every two and a half to three feet, and it's not a good idea to have the gutters hanging right up against the eaves. Inspect the gutters and down spouts for open joints or torn metal so the water won't seep through and cause leaks inside the house. Make sure nothing blocks the free passage of water through the elbows, and check for bends and sags in gutters and down spouts, says Al-

len. Roofs of any type—shingle, slate or tile—should be inspected for broken or loose pieces. New pieces can be slipped in, and it's a good idea to do this as soon as possible to avoid leaks and further damage nearby material.

It's possible for metal roofs and flashing to crack under the force of contraction and expansion, so look for these defects, too.

Repair now before the bad weather sets in so you won't have trouble during the winter months, says Allen.

New Method Given For Harvesting Pecans

COLLEGE STATION.—There's a new way to harvest pecans that makes the old picking-up-one-at-a-time-by-hand system look as old as the pyramids. If you're just out for the fun of it picking up pecans by hand, that's one thing. But if you're in the pecan business it's another.

This new harvest system includes the mechanical pecan tree shaker, some camouflage nets, a scoop and a cleaning machine, says J. F. Rosborough, extension horticulturist of Texas A. and M. College. The old way, a man and his wife and a couple of youngsters could gather around only 250 pounds of nuts a day. The new way they can harvest over a ton a day.

Here's how it works. Spread the camouflage nets around the tree trunk. Two will be enough for the younger trees, but you'll need four for the larger ones, 75 to 100 feet tall. Hitch up the mechanical shaker, and in a jiffy your pecans are resting quietly in the nets under the tree. With a person working at each corner of a net, the pecans are easily piled up, ready for scooping into a pick-up bed or other large container. Haul them off to the cleaner and get the leaves and small twigs out. Then the crop is ready to sack up.

If you're wondering where to get the camouflage nets, try an army surplus store. The nets come in three sizes, but the 24 by 48 foot net with

WOMAN MAYOR . . . Mrs. Dorothy McCullough Lee, who soon will become the first woman mayor of the city of Portland, Ore., finds much interest in studying the intricate working of New York City. Here Chief Inspector Martin Brown, with the aid of a policeman, shows her on a miniature street model the route taken by presidents, kings and heroes when they visit the biggest city on the continent.

quarter inch mesh works best, says Rosborough.

F. R. Brison, of the Texas A. and M. College horticultural department, has tried the shaker-net-cleaner method in his pecan orchard. "With four men and his equipment I can easily handle a ton of pecans a day," says Brison.

And a ton a day is harvesting on a big scale.

Check Your Home Now Against Fire Hazards

COLLEGE STATION.—"Don't wait any longer to check chimneys, furnaces and stoves for possible fire hazards," Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, warns. "While careless use of matches and smoking materials continues as the leading cause of fires, winter months usually see a rise in the number of fires from defective or overworked stoves and chimneys."

Here are some recommendations from Mrs. Claytor for checking the home against such hazards.

Check the flues and chimneys carefully to be sure they are ready for winter fires. Chimneys should be free from cracks and loose bricks, and soot and trash cleaned out regularly.

Place all wood and coal stoves on a metal floor covering which extends at least 18 inches in front of the stove door. If stoves and stovepipes are not at least 18 inches from woodwork, protect it by a metal cover. Cover unused flue openings with tightly fitting metal covers.

Replace rusty stovepipes, and if they pass through ceilings or walls, provide ventilators for protection.

Before using an oil stove, clean it and see that it is properly adjusted—and keep it that way. And always use a metal container to take out hot ashes.

Rural families may find Extension Circular C-190 of helps to them in checking the home and out buildings, but also how to fight grass and

wood fires, burning grease, oil or gasoline, and gives home remedies for burns," she concludes.

TRANSFER STUDENTS

More than 2,300 University of Texas students are transfers from other colleges.

MILK PRODUCTION VARIES

Milk production in Texas ranges from a high of 143 percent of average in early summer to a low of 62 percent by early winter. These extremes cost the producer as well as the manufacturer.

Tips On Sharing The Family Income

COLLEGE STATION.—A wise money habit training program for children can be started with the very young ones," Mrs. Eloise Johnson, extension family life education specialist of Texas A. and M. College, recently pointed out. "As the child grows older, and his ability to understand increases, he can be included in the family plans for the saving, sharing and spending of family money."

Even the youngest member of the family should be given the opportunity to learn where the family money comes from and how it must be

spent. He should also be given the opportunity to earn a part of his money in addition to sharing the family funds through an allowance. "I really prefer to hear the 'allowance' called a 'share,'" Mrs. Johnson said. "A feeling that he is sharing in the regular family income creates a desirable feeling of security which the term 'allowance' does not convey."

A child can earn money by doing special jobs for which someone would have to be paid, she said. Mowing the lawn may be his share of the family chores, and he should not be made to feel that his allowance is payment for the job; but if washing woodwork is a chore for which payment would be made to someone, and

the child takes the job, he should be paid for it.

"And to carry the training program to its logical conclusion," Mrs. Johnson said, "he should then be allowed to spend that money as he sees fit. He has earned the right to it. Experience—and your example—are the best teachers."

"It has been found, through a recent research study, that more pro-

gress has been made in the wise money habit training program for children in families where they are included in the plans for the use of the family income," Mrs. Johnson concluded. "They not only learn about the use of money, but they obtain a strong feeling of belonging to the family group, which helps to promote development of an emotionally mature personality."

Silent Guest Plan is Outlined For Texans

On Thanksgiving Day the American Silent Guest Plan for relief to distressed Europe will be inaugurated over the nation for a second consecutive year, Governor Beauford H. Jester has announced.

The Governor has proclaimed the month November 25 to December 25 as Silent Guest Plan month in Texas.

Last year's drive netted more than \$1,400 for Texas' share of the aid to Europe's poverty-stricken people—war orphans, widows and old folks. The Governor expressed confidence that donations in 1948 will exceed those collected last year.

As projected through the nation, the plan calls for each American family to invite a Silent Guest to eat at his table for one month, sharing in a Thanksgiving and Christmas dinner.

Mindful of the fact that it would cost approximately \$30 to feed a guest for one month, the Governor has suggested that those families with limited income may "share" a Thanksgiving meal or that and a Christmas dinner.

After calculating the cost for feeding this extra person, the family may mail a check or money order covering that sum to the Governor's office in Austin. The collections will be forwarded then to committee headquarters for purchase of food packages from the non-profit, government approved organization, CARE, for delivery to needy families in Europe.

CARE was chosen by the American Silent Guest Committee last year to handle the funds because it represents all of the major religious and nationality groups, and is the only organization of its kind so comprehensive in scope.

All men, including statisticians, are interested in figures.

RATS BRING DISEASE

Public health authorities are seriously alarmed at the fact that the plague, the virulent disease of the Orient carried to this country by rats, has advanced among rodents as far east as North Dakota. If the disease ever reaches the eastern metropolitan areas, epidemics of unprecedented proportions may result.

FLAX PRODUCTION UP

Texas flax production increased from a ten-year average yield of 287 thousand bushels to 864 thousand bushels last year, and 960 thousand bushels this year. Last year's flax acreage was 91 thousand, and this year it came to 160 thousand acres.

PRICES MAY GO DOWN

After ten years of the average of farm product prices becoming successively higher, it is hard to realize that this same index the next ten years could be successively lower.

HAVE ASSOCIATIONS

At the present time, 42 of the 48 states have artificial dairy breeding associations in operation.

How's our railroad doing, young man?

"Is it making any money?"
"What are they paying for fuel these days?"
"Are you hauling much freight?"
"Do you like your job?"

The little old lady is not a busybody—she is merely looking after one of her investments.

She has some money in the Santa Fe. Maybe it's ten, maybe it's twenty, maybe it's fifty shares of Santa Fe stock.

She is entitled to attend a stockholders' meeting. She can get on her feet and ask our board of directors questions just like the above. She can compliment those gentlemen for their management, or she can bang her umbrella on the table and tell them off.

Alone, her few shares of stock

can't do a lot. Alone, she couldn't elect a president of the United States. But stockholders just like her—housewives, teachers, merchants, salesmen, laborers—can tell us how to run the Santa Fe, and they do. (Actually 29,178 Santa Fe stockholders are women, most of them holding only a small number of shares each.)

And that's the beauty of America—the voice of the people is the voice that runs things, whether it's operating a transcontinental railroad or putting a man in the White House.

Isn't it a wonderful country where so many can own so much? That's "Free Enterprise."

Santa Fe stockholders, just as those of any railroad, know that American railroads must be permitted to earn at least 6% (many other industries earn more) on their investment in order to maintain sound and progressive operations and to continue to provide shippers and passengers with the finest in rail transportation.

4-H CLUB MEETS

Thirty-nine members attended the Farwell boys 4-H club meeting held Monday at the school. Agent Ollie Linder explained the feeding of barrows and calves to the boys who are feeding out animals as 4-H projects. Taking barrows for work are Jerry Bradshaw, Troy Christian, Johnnie McCuan, John Herington. Feeder calves are the projects for Ronnie Dial, Delbert Langford and Leon Langford.

Leroy Williams is entering the contest sponsored by the State Fair on the best certified wheat. Two boys have recently purchased swine, Bert Williams getting a Poland-China registered gilt, and Troy Christian buying two barrows to feed out for the 1949 show.

Mrs. Claude Dyer and children spent the weekend in Temple, where Mr. Dyer is now employer.

WHY FRUIT RISES

If you have trouble with the fruit product rising to the top when you're canning, there's a reason for it. Fruit may float because the pack is too loose or the syrup is too heavy. Another reason may be that all the air in the fruit tissues may not have been cooked out.

Many a man thinks he has an open mind when it's merely vacant.

Juniors Draw Crowd At Comedy Play

A large crowd was on hand to watch the antics of Wilbur Maxwell (John White), and his assorted victims, the past Friday night, when the Texico juniors presented "Boarding House Reach".

Trying to raise money to purchase a bike, Wilbur turns the family home into a boarding house while his parents are out of town, and almost winds up in the dog house until he traps Limpy McGuire (Raymond Morgan) and his wife Mars (Violet Curry), who are bank robbers using the house for a hide-out. In the end Wilbur is the hero of the day and gets the desire of his heart.

Included in the cast were Prize-fighter Jones, David Houghteling; Ruby, his wife, Frankie Harris; Mr. Potter, an insurance salesman, Wayne Tucker; Mrs. Burns, Jo Beth Engram; detective Connelley, Nicasso Mendoza; Mr. and Mrs. Maxwell, the parents, Mark Leavell and Coeta Roth; Betty Lou and Connie Maxwell, their daughters, Patsy Engram and Margaret Doshier; Bernadine Smith, Carmen Roth; Hercules Nelson, James Harding; Aunt Mary, Belva Park.

Special Book Review Planned By Group

Mrs. Mae Porter, president of the Justice-Williams Auxiliary Unit announced today that a review of the book, "We Walk Alone", written by a Spanish-American war veteran, is planned for the Twin Cities in the near future.

Mrs. T. L. Matthews, of Littlefield, will give the review. The book is a true life story of the author during and after the war. The young man developed the Hansen's disease (leprosy), while in the Pacific. The book tells of his life in the Leprosarium in the Philippines and his return to his home in the United States, after which he entered the U. S. Marine Hospital National Leprosarium at Carville, La.

Further details regarding the date and place of the review will be given next week.

CONDITION IMPROVED

Word has been received here that Cortez Billington, former resident who is now serving with the U. S. Army in Germany, is much improved. He recently suffered a severe attack of pneumonia.

Mrs. Hamlin Overstreet returned Saturday from Dallas, where she had visited her daughter, Jane Clair, a student at Holladay School for Girls.

Mrs. Elbert Landrum, of Portales, visited Mrs. Felix Monroe, Tuesday.

Mrs. C. A. Cassidy and daughter, Beverly, returned Monday from Quitaque, here they spent a few days visiting relatives.

Nuptials Solemnized At Church, Sunday, 14th

In an impressive double-ring ceremony held in the Texico-Farwell Baptist Church at 9:15 Sunday morning, Miss Margie Jean Whitener, daughter of Mr. and Mrs. C. H. Whitener of Pleasant Hill, became the bride of Donald Watkins, son of Mr. and Mrs. G. T. Watkins, of Farwell.

Rev. O. O. Holladay, pastor of the church, performed the beautiful ritual before an arch of greenery and white chrysanthemums, with banks of palms arranged at either side of the arch.

Pre-nuptial music was provided by Miss Peggy Schleuter, at the Solovox, and Mrs. Donald Summers, of Clovis, sang "Because" and "I Love You Truly." Miss Schleuter was dressed in black, with matching accessories and a corsage of white carnations, while Mrs. Summers wore a grey suit and had an identical corsage.

Attending the wedding couple were Leon Grissom, of Oklahoma Lane, as best man, and Miss Bettie Ruth Betts, of Clovis, acted as maid of honor, wearing a beige suit with brown accessories, and a white carnation corsage.

To the strains of the traditional wedding march, the bride entered on the arm of her father. For the occasion she chose a two-piece suit of blue gabardine, a small black halo hat, and carried a White Bible on which lay a bouquet of pink carnations, complete with satin ribbon.

Wendell Christian and Hiram Starling served as ushers.

The bride, a graduate of the Pleasant Hill school last spring, is well known locally, having been active in sports during her high school career. Until her marriage, she was employed with the firm of Delozier and Rogers, in Clovis.

Watkins graduated several years ago from the Oklahoma Lane high school and has been engaged in business in Farwell for some time. Several months ago he purchased a local ice and produce house, which he is now operating.

Reception Held
Following the ceremony, a reception for intimate friends and relatives was held in the home of the bride's parents in the Pleasant Hill community.

Miss Theda Branscum and Miss Betty Jo Christian presided at the lovely table, featuring the traditional wedding cake. Bouquets of white chrysanthemums were used about the entertaining rooms. Mrs. Gilbert Watkins was in charge of the guest book.

Shower Given
Mrs. Orris Eshelman, of Pleasant Hill, entertained last week with a pre-nuptial shower honoring Mrs. Watkins, with Mrs. Mason Neeley acting as assistant hostess.

The home was decorated with bouquets of yellow chrysanthemums and some 25 guests attended the affair, with refreshments of coffee and cake being served.

Following a week-long honeymoon, Mr. and Mrs. Watkins will be at home in Farwell.

Returns Home

Mrs. Buster Lunsford, who has been in Brownwood visiting in the home of her parents, Mr. and Mrs. D. E. Watkins, for the past several days, returned to her home in Farwell the first of the week.

Mr. and Mrs. Lloyd Sanderson and daughter, Doris June, of Portales, spent Saturday night in the home of their daughter and son-in-law, Mr. and Mrs. Jim Bob Smart.

Auxiliary Meeting Is Held On Monday

The American Legion Auxiliary of the local post held its regular monthly meeting, Monday night, November 13, with twelve members present.

The meeting was in charge of the President Mae Porter, and during the business session it was voted to have a bake sale featuring homemade pies, cakes, candy and cookies, on Saturday, December 11.

Refreshments of coffee and doughnuts were served by the hostesses, Miss Iris Thornton and Mrs. Dorothy Quickel, to Mesdames Ellen Wurster, Mae Porter, Ophelia Billington, Dorothy Quickel, John Getz, O. C. Sikes, Gladys Kaltwasser, Velna Seale, Jerry Meeks, Estellene Billington, Tommie Thompson and Miss Iris Thornton.

Annual Thanksgiving Program Held at Texico School Tuesday Night

The Texico school held its annual "Thanksgiving" meeting on Tuesday night, November 16, with one of the largest turnouts of the year reported.

After the regular business session, which was presided over by the Association's president, Mrs. F. D. Stout, a very interesting program was presented by the third and fourth grade classes under the direction of Mrs. Frank Seale. Following the program, an inspiring talk was given by Rev. O. O. Holladay, pastor of the local Baptist church.

A motion picture film was presented by Supt. B. A. Rogers at the conclusion of the program. After which refreshments of coffee, cocoa, and cookies were served in the lunch room.

Game Night Slated By Legionnaires

Officials of the local American Legion announced the first of the week that Saturday night, November 26, would inaugurate a series of "Party Nights" for teen-agers, to be held at the local Hall. Teen-agers between 13 and 21 are invited to attend each Saturday evening.

The party will begin at 8:30, Texas time, with admission of 50c being charged. Sandwiches, cokes and candy will be offered for sale, and Legionnaires will act as supervisors.

A large selection of records will be on hand and the youngsters can play their own choices. Dancing, singing, games and other entertainment will be offered, and all the teen-age crowd of the community is invited to participate.

Visitors In Davis Home

Visitors in the home of Mr. and Mrs. Carl Davis, of this city, on Armistice Day were: Mr. and Mrs. Quilla Daniels of Amarillo; Mr. and Mrs. W. Daniels of Flagstaff, Arizona; Mr. and Mrs. Ebb Randol of Muleshoe; and Mr. and Mrs. T. J. Randol of Farwell.

The Daniels are former local residents and visited several friends while here.

Eastern Star Will Hold Dinner On Thursday

Officials of the Bovina chapter of Eastern Star reminded today that the Star will hold its annual Thanksgiving dinner at the Masonic Hall in Bovina on Thursday evening, Nov. 18th.

A covered dish dinner will be enjoyed, beginning at 7:30, and all members are urged to attend. Hostesses for the evening are Misses Thelma Perkins, Cora Wilkerson, Flora Kepley and Annie Kimbrow.

PTA Dinner Comes On Thursday Evening

Members of the Farwell Parent Teacher Association are reminded of the annual Thanksgiving dinner and social, which will be held in the homemaking department of the school on Thursday evening, November 18th.

The dinner is slated to begin at 7:30, with patrons bringing covered dishes. Following the meal, a social hour will be enjoyed, and special arrangements have been made to entertain children who accompany their parents.

Officials reminded that the alphabetical listing of names was being used to provide the menu. Patrons whose names begin with A through F, inclusive, are asked to bring meat; G to L are to provide vegetables; M through R, the salads, and S through Z complete the meal by bringing pies.

Moeller-Hobbs Rites Spoken In Roswell

Announcement was made here today of the marriage of Mrs. Beulah K. Moeller of Muleshoe to James R. Hobbs, of Lovington, which was performed Thursday, November 4th, in Roswell.

The ceremony took place in the parsonage of the First Methodist Church in Roswell at 7:30 in the evening, with Rev. E. G. Turner reading the vows. Attendants to the couple were Mr. and Mrs. Frank Yett.

Hobbs has farming interests near Lovington, and is cashier of the Lea County State Bank in that city. He served three years in uniform during the recent war.

Mrs. Hobbs is the former Miss Beulah Kistler, daughter of Mr. and Mrs. W. H. Kistler, of Muleshoe, and sister of Mrs. Ethel Thomas of Farwell, and is well known locally.

Attends Guest Tea

Mrs. B. N. Graham was in Bovina last Thursday, where she attended a guest day tea held by the Bovina Womens Study Club. A special program was given, with Miss Dorinda Bond, former faculty member and now of the Amarillo schools, as the guest speaker.

Double Ring Ceremony Unites Park-Lindstorm

Miss Ruth Lindstorm, of Phoenix, Arizona, became the bride of Sgt. F. J. (Bunk) Park, Jr., son of Mr. and Mrs. F. J. Park of Farwell, in a double-ring ceremony performed at the Presbyterian Church in Tucson, Arizona, on Saturday, November 6, by the Presbyterian pastor, it has been announced here.

The bride was lovely in a street-length blue dress with white accessories, and accented her costume with a shoulder corsage of gardenias.

Mr. and Mrs. Park have been here visiting in the home of his parents, leaving last Thursday for Albuquerque, where he is stationed at the air base. They will make their home in Albuquerque.

Bazaar Comes Saturday At Methodist Church

The annual bazaar sponsored by ladies of the Methodist Church will be held on Saturday, November 20, in the parlors of the church, it was announced today.

Members of the Women's Society for Christian Service have charge of the bazaar, with the doors to open at 11 o'clock. At noon, the Wesleyan Guild will serve chili, coffee and pie to all local people wishing to take advantage of the dining room at the church.

Lovely hand-made articles of all types and for all ages will be offered at reasonable prices on the bazaar tables, and sponsors invite local patronage in selecting Christmas gifts.

Attend Wedding Anniversary

Mrs. F. E. Garner, of Muleshoe, and Mrs. Mutt Magness of this city returned home Sunday from Lawton, Okla., where they attended the sixty-first wedding anniversary celebration of their mother and father Mr. and Mrs. W. W. Barnett, who live on a farm a short distance east of Lawton.

Mr. and Mrs. C. F. Bieler and Mr. and Mrs. Roy B. Ezell visited Sunday with Mr. and Mrs. Marty Ezell and family, in Portales.

Armsitice Dinner Held

Mr. and Mrs. W. H. Graham entertained in their home the past Thursday at six o'clock with an elk dinner. Present were Sonny Graham, student at ENMC, Portales; Miss Kay Bunger, of Clovis, and Mr. and Mrs. Vance Crume and Judy, of Friona.

Enjoy Mexican Dinner

A dinner consisting of Mexican dishes was enjoyed the past Tuesday night in the home of Mr. and Mrs. Jim Bob Smart, in east Farwell. Present for the dinner were Mr. and Mrs. Ben O. Smart and children, Miss Hazel Dishman, the host and hostess, Mr. and Mrs. J. B. Smart.

In Roberts Home

Mr. and Mrs. Rodney Ford, formerly of this city, were brief visitors here Sunday, as guests in the M. C. Roberts home. Both Mr. and Mrs. Ford were formerly employed at the Roberts Seed Co. They now reside in Amarillo.

Here From Missouri

Mrs. C. L. (Junior) Crume and baby son, Johnny Charles, arrived Sunday from Gallatin, Mo., to visit her parents, Mr. and Mrs. M. H. Poteet, in Texico, and other relatives. They plan to remain for several weeks.

Marriage Performed

Miss Mary Lou Bracey became the bride of Bobby Ray Goldsmith, the past Friday, November 12, in a ceremony performed in Farwell by Justice of the Peace Jess Newton, records at the office of County Clerk Loyde Brewer reveal.

PLATEAU SINGING CONVENTION MEETS

The Plateau Singing Convention met November 14 in Bovina at the Methodist Church. Press Abbott, acted as host to the visitors.

Among the guests were Mr. and Mrs. Cox of Amarillo, John Taylor and Allen Simms, Clovis, Judge Iv of Dimmitt and Arlie Green.

W. E. Williams, choir director of the local Methodist church, directed one song and Cayson Jones, choir director of the Baptist church, led a quartette in a special number.

A good crowd attended, with a number of visitors from out of town.

KIDNAP BREAKFAST HELD

Sunday morning, between the hours of 6 and 9, citizens of Bovina and the surrounding community were roused from their beds and kidnaped by members of the Bovina Womens Study Club for a breakfast, which was served at the American Legion Hall. A sight to behold were the guests, clad in garments that ranged from satin to outing.

Some 150 guests were served hot biscuits, bacon, eggs, and coffee. Hundreds of biscuits and well over a case of eggs was consumed.

The club wishes to offer its appreciation to the community for the splendid cooperation received in making the breakfast a success. Approximately \$178 was taken in, which will be used for purchasing a piano for the Legion Hall.

GUEST DAY TEA NOTED BY STUDY CLUB

The Methodist Church parlor was the scene of a lovely tea, November 11, given by the Bovina Womens Study Club.

The inspiring musical portion of the program was presented by Betty Kimbrough, Billie and Clara Derrick and Martha Williams. Guest speaker for the afternoon was Miss Dorinda Bond, of the Amarillo school faculty. Miss Bond gave a very educational and interesting talk, using as her theme "International Good Will".

The lovely tea table was covered with a lace cloth and centered with an arrangement of yellow and white chrysanthemum flanked on either side with white tapers. Mrs. Bob Wilson and Mrs. Billie Sudderth presided at the tea service.

Hostesses for the afternoon were Mesdames Chas. Ross, Reagan Looney, Bob Wilson and Billie Sudderth. Some forty members and guests enjoyed the lovely affair.

PTA MEETING HELD

The Bovina PTA met November 8 in the school auditorium with members of the second and third grades presenting the program.

The children sang songs, Gail McFarland read, Nita Beth Estes played a piano number, and vocal solos were rendered by Lunda Cherry, Gail McFarland, Joan Kay Ezell and Nita Beth Estes. Mrs. Johnnie Glove and R. E. Everett made talks on the theme "Home and School Cooperation".

Mrs. Mildred Davis presided at a business session.

The next regular meeting will be December 13 and all parents and teachers are urged to attend.

"MUMBO-JUMBO", JR. PLAY

"Mumbo-Jumbo", a play in three acts, will be presented by the school juniors on Tuesday night, Nov. 23, in the school auditorium.

This recent stage hit has already won for itself the reputation of being one of the most entertaining and ingenious mystery farces to come along in many seasons, and all local play lovers are urged to be on hand for the production.

ELECTION CARRIES

By a vote of 82 to 1 the bond assumption election held by the Bovina school district last Saturday was carried. The approval specifies that the bonds owned by the original independent school district should be assumed equally by all territory now composing the district.

IS OPERATED

Word has come from Fort Worth that Bob Williford has undergone a successful operation for an ulcerated stomach.

Mrs. W. J. Wade is visiting her son, Max, and family, in Lubbock this week. She will also visit in Littlefield with her husband's sister, Mrs. Minos Wilf and family.

Mr. and Mrs. Buck Ellison and Frank Ayres are deer hunting in New Mexico.

Mrs. Clifford Leake and daughters spent Sunday in Littlefield with Mr. and Mrs. J. W. Hromas.

Mrs. T. J. Phipps and son, from California, spent a few days last week in the A. M. Wilson home.

Mr. and Mrs. A. M. Wilson spent Armistice Day in Childress with his sister and family.

John B. Abbott, of Dallas, visited his father, Pres Abbott, in Bovina, this week.

Mr. and Mrs. Jimmy Charles are visiting friends in Nebraska.

Mr. and Mrs. Pat Kunselman have returned from a trip up north.

Bob Kelley, student at WT, spent the weekend with his parents, Mr. and Mrs. Otis White.

Miss Mildred Ruth Bonds, teacher in the Farwell schools, spent the weekend with her parents, Mr. and Mrs. N. E. Bonds.

Lunda Johnson, daughter of Mr. and Mrs. Bob Johnson, was a patient at Memorial Hospital last week.

Miss Bobbie Edwards, of Plainview, spent the weekend here.

Rev. Weldon Franks returned Saturday from Houston, where he attended the Southern Baptist convention last week.

Mrs. C. A. Shamblin, of Ramona, Calif., is visiting her daughter, Mrs. Herman Estes, and family. She will go Thanksgiving to Fort Worth to visit other relatives.

What this country needs right now is day clubs for night workers.

LOOKS LIKE A SAND BURR . . . Joan White, a senior in Hallahan girls' high school in Philadelphia, got her hair-do all stood up when she submitted to a scientific experiment at the Franklin institute. And all she did was place her hand gently on a model of a Van deGraff generator. This widget, however, builds up high charges of static electricity. Miss White got a charge of 150,000 volts, every one of them strictly harmless—in a hair-raising sort of way.

How To Handle The Family Income

COLLEGE STATION.—One of the hardest problems that face young married people is that of "How to handle the family income."

Mrs. Eloise Johnson, extension family life education specialist of Texas A. and M. College, says that a recent study made by Michigan State College found that spending the family income in the wisest way was a problem that took the longest time for families to work out. Half of the people interviewed were able to work out a satisfactory arrangement, but the other half said it took months or years—and some never did agree.

Mrs. Johnson believes that the reason lies in the fact that often young people are not taught the wise use of money while they are young, then are faced with the problem as they marry, at a time when they are confronted with many other problems of adjustment.

"It takes most of us a lifetime to learn the basic principles of earning, saving, spending and enjoying money," she says. "So the earlier one starts to learn, the better. Too many young people grow up without any independence in using money. Some are kept entirely dependent upon their parents, not only for money, but for every decision as to how the money is to be used. Such dependence is poor background for mature judgement when young people leave home."

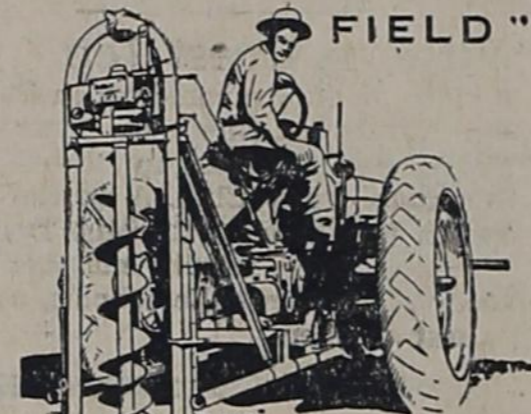

She points out that children can be included in the family plans for the use of money at a very early age. They can be helped to understand that things cost money and that they have a share in the family money, just as they have a share of the family food and the family home. "Their judgement in the use of money at the age of three, for instance,

is not the best, but they learn from example and even more from experience," she says.

"They'll make mistakes and waste their money," she concludes, "but such mistakes are less serious than

Continental POST HOLE DIGGERS

"LEAD THE FIELD"

They are easy to attach on any farm tractor with rear-end power take-off. Digs holes in hard dry soil. It's easy to set the depth gauge and control all operations from the driver's seat. Interchangeable auger sizes . . . Timken bearings.

W. J. BANKS

chasing agent; and Alta Ewalt Evans, director of advertising and employees' relations, all of Dallas; and James R. Cole, vice president, Santa Fe.

Following the banquet, president Zachry commended J. Harvey Wilson, district manager, Clovis, and his 25 employees who drive company automobiles and who have been in the employ of the company one year or more, on the safe driving record established by them during the year ending August 31. Each was presented safe driving awards which totaled 138 years of driving company cars without an accident. Zachry praised the employees on such an outstanding accomplishment and emphasized the importance of maintaining this enviable record day in and day out.

"An intensive safety program is a definite part of Southern Union Gas Company's operations, and a record such as this is one of which we, as an organization and individually, may

C. H. ZACHRY

well be proud," he told the group.

Seven other employees who have been in the employ of Southern Union less than one year but who are entrusted with company-owned automobiles received honorable mention for their non-accident driving records as of August 31.

W. J. Banks, agent, Farwell, was awarded a lapel pin for three consecutive years of non-accident driving. He has been in the employ of Southern Union three years.

Towns included in Southern Union's eastern New Mexico district, in addition to Farwell, are Clovis, Portales, Tucumcari and Texico.

SANTA FE ASKS MERGER

Application was filed with the ICC Nov. 3 by the Panhandle and Santa Fe Railway Company for permission to merge six non-operating subsidiary railroad companies; according to Fred G. Gurley, Santa Fe president. The Gulf, Colorado and Santa Fe also filed with the Commission to merge eight non-operating subsidiary railroad companies, he added.

Purpose of the proposed mergers is to simplify system corporate structure and accounting. The properties of all the merging companies are leased to the Panhandle or Gulf companies, which operate all the railroads of the Santa Fe System within the State of Texas.

No changes in operating or working conditions will occur if the mergers are approved, but the merging will create an internal simplification.

WHO'D TRADE?

A pound of pecans contains 3,336 calories. A pound of beefsteak contains 1,635 and a pound of turkey has only 1,060. But who'd trade a pound of pecans for a big, thick, juicy steak that weighs a pound?

Farmers Supply Is Rated Custom Mixing Station

Farmers Supply, local feed distributor, has just been made an approved custom mixing station, according to an announcement received from the Ralston Purina Company, St. Louis.

"We are fully qualified," said John Getz, "to render the type of custom grinding and mixing service the Ralston Purina Company authorize in the announcement. We are completely equipped to grind the farmer's own grains and mix them with a balancer that the Purina Laboratories and Purina Experimental Farm have found practical and economical. By grinding the farmer's own grains and blending them with the proper Purina balancer, it is possible to increase the return a farmer gets from his grains when he markets them through his livestock in the form of pork, beef, eggs, or milk."

Certain definite standards had to be met before the local house could become a Purina custom mixing station. Getz added.

"We have been provided with the Purina rations service which entitles us to the help of the Purina laboratories and farm on any special needs of our customers, in addition to having the laboratories provide a complete set of rations made of corn, oats, wheat, barley, rye, sorghum grains and Purina balancers. As a Purina custom mixing station we send samples of mixtures as made by our grinder and mixer to the Purina Analytical Laboratory, so they can check the efficiency and accuracy of our machinery.

"This arrangement makes it possible for us to render an unusually high standard of accurate, uniform and profitable feed mixing service to

the farmers in this vicinity—a service particularly adapted to local feeding conditions," Getz concluded.

Farmers Supply will also handle the complete Purina Chows as well as Purina Concentrates.

Light Has Unexpected Effect On Colors

COLLEGE STATION.—Light has an effect on color that you might not be expecting.

"If your rooms are decorated in the cool colors, such as blue and green, remember that fluorescent tubes make a cool, blue-white light," Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, points out. "The fluorescent light will emphasize those colors and will tone down the warm colors."

On the other hand, she says, incandescent bulbs give a warm, reddish-yellow light, which will intensify the warm colors such as red, orange and yellow, and dull the cool colors.

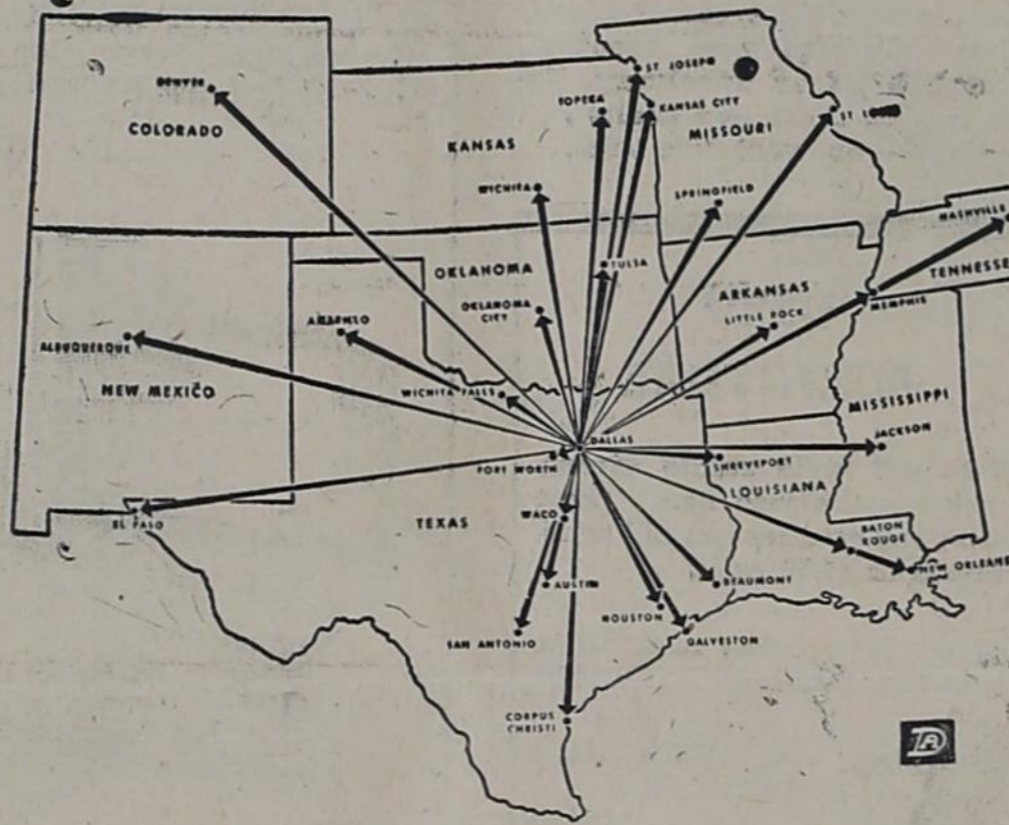

Fluorescent lighting is preferred by many people for the kitchen and bathroom because of the clean, crisp effect it gives. But for rooms where a warm, intimate atmosphere is desired, the incandescent lighting may be the best choice.

"When you select rugs, curtains or other furnishings for your home," Mrs. Claytor concludes, "keep in mind the effect the lighting will have on the colors. Then you won't be disappointed."

MAKING DRESS COLLARS

An important detail in making dress collars with a professional look is to trim the seam to a quarter-inch and clip off the corners after stitching around the edge.

Accentuating Importance of Southwest

Attention of business and financial leaders throughout the country has been focused on the Southwest as a result of establishment by the Wall Street Journal of a Southwest edition, printed in Dallas. It contains regional business news, but most of its content is identical with the issues published in New York. This is achieved by constant leased wire contact. The Southwest edition of the famous national daily newspaper, which features full reporting and analysis of all economic news and trends, provides day-of-publication service to nearly all 12,000 subscribers in 10 states.

VETERAN'S NEWS

Qualified persons in Texas, Louisiana and Mississippi can now obtain jobs as clerk-stenographers with the VA, D. C., VA has announced.

VA is extending its recruiting into most parts of the nation because of the current shortage of qualified stenographers in the nation's capital.

Entrance salary for these positions is \$2,498 per year with a very good chance of quick promotion to higher grades, VA said. Travel to Washington will be at government expense.

An adequate number of rooms for single persons are available in Washington at rates from \$5.00 a week and up. Government quarters at Arlington Farms in dormitories are also available for girls.

Employment may be obtained through any regional office, hospital or center of the Veterans Administration.

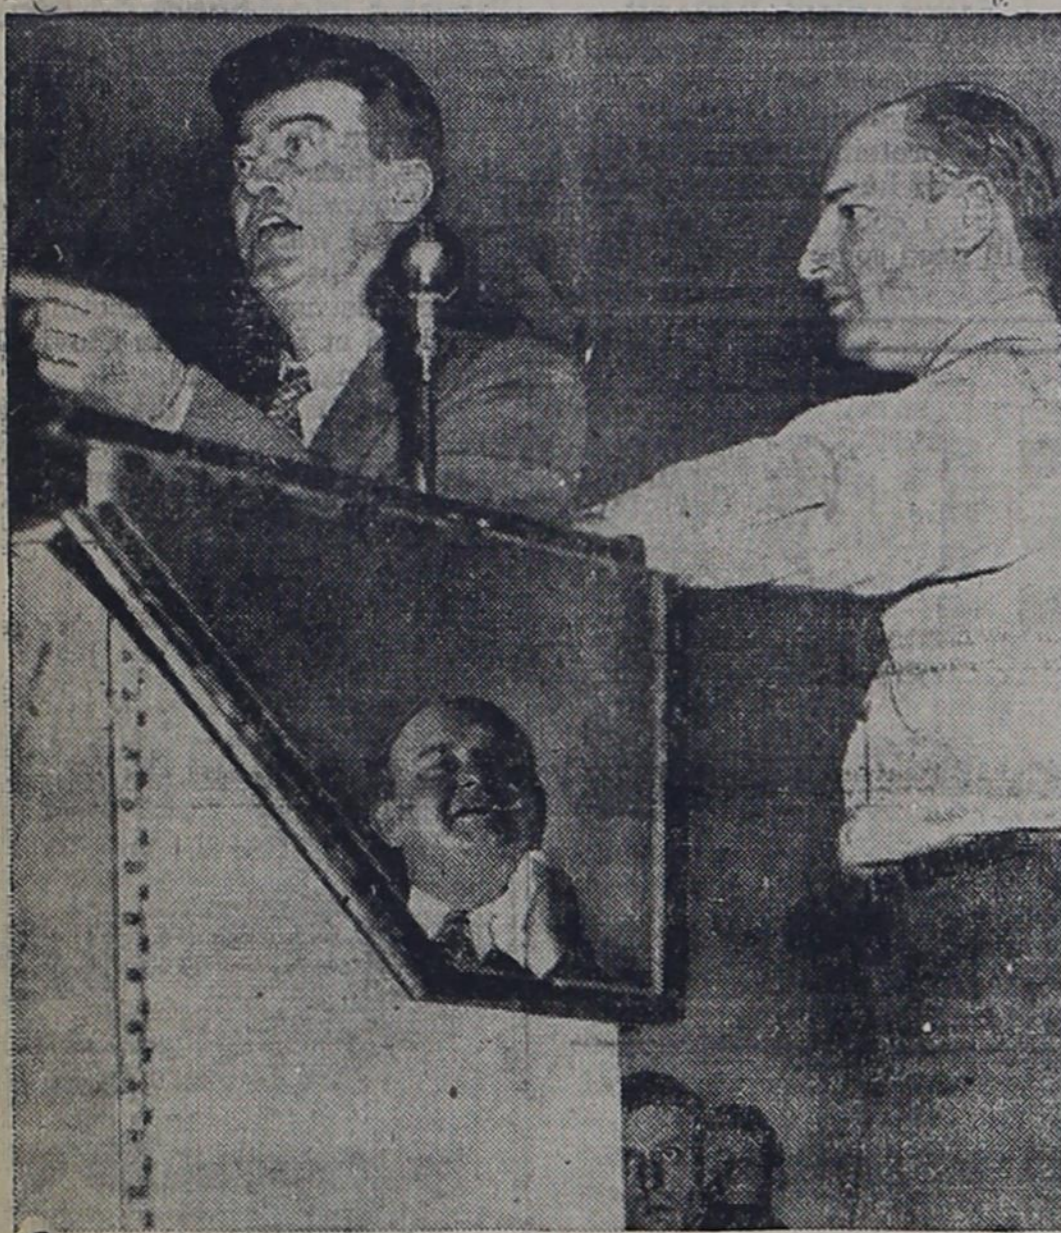

A saving in insurance premiums is available to World War II veterans who still are paying their GI insurance premiums on a monthly basis,

VA said. Pointing out that approximately 90 percent of the veterans are paying premiums on a monthly basis, VA explained that they may receive a three percent annual discount by paying their premiums on a quarterly, semi-annual or annual basis. In addition, the fewer premiums due lessens the chance of a policy lapsing.

Veterans can take advantage of the savings by visiting any VA office or writing to the VA Dallas Branch Office insurance service, requesting the type of premium payment desired.

You meet such interesting people in THE AMERICAN WEEKLY. You will meet Mack Sennett, the king of movie comedy, you'll also meet Cornelius Vanderbilt, the working socialite, and Sir William Cummings, who was involved in a famous gambling scandal. Enjoy these and many other features in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Quiet people aren't the only ones who don't say much.

NOT FUNNY TO HOGAN . . . On the rostrum, Austin Hogan, president of New York local 100 of the Transport Workers Union, tells 600 rebellious bus strikers to return to work, while, because of an odd camera angle, the cherubic face of Michael Quill, TWU international president, is reflected on the side of the speaker's stand. Quill, who is obviously enjoying Hogan's discomfiture, was accused of "selling out" in the recent New York bus drivers strike.

VETERAN'S QUESTION BOX

Q. I served in the U. S. Army during World War I. Am I eligible for Government Life Insurance?

A.—As a veteran of World War I, you are eligible to apply for up to \$10,000 of U. S. Government Life Insurance, whether or not you took out such insurance while you were in the service or have let such insurance lapse.

Q.—What are the deadlines that apply if I wish to take my training under the provisions of the G-I Bill at a later date?

A.—You may apply for training within four years from July 25, 1947, or within four years from the date of your discharge or separation from the armed services, whichever is later. You must finish your training by July 25, 1956.

Q. I am considering taking on the job training but I find the proposed training will necessitate purchase of a great many tools and some equipment. Will Veterans Administration pay for the tools I need?

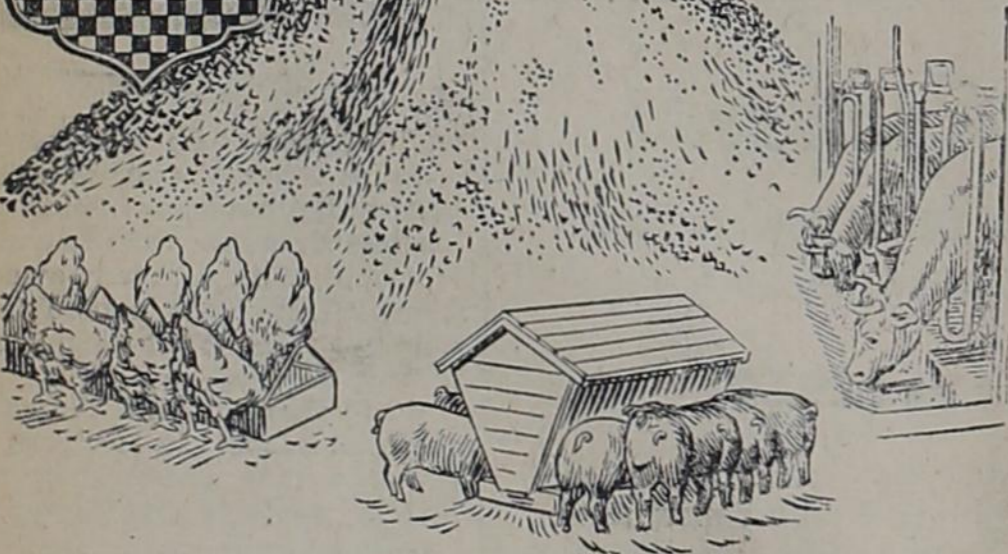

A.—Veterans Administration will furnish you with tools and equipment, provided they are required by all other trainees taking the same course.

Q.—Will the Government pay funeral expenses for a World War I veteran who dies of a nonservice-connected disability?

A.—Funeral expenses, up to \$150, will be paid by the Government in the death of any World War I veteran discharged under condition other than dishonorable.

A new Navy rocket, guided by radio beams, can hit targets up to seven miles away.

Now WE CAN MAKE Your Own Grain INTO HIGH QUALITY RATIONS

JUST bring your grain. We will grind and mix it with Purina Concentrates to make balanced rations for hogs, cows, chickens, turkeys or steers. Here's what this does for you:

1. Helps you get the maximum amount of meat, milk and eggs from your grain.

2. Lowers your cost of producing meat, milk and eggs.

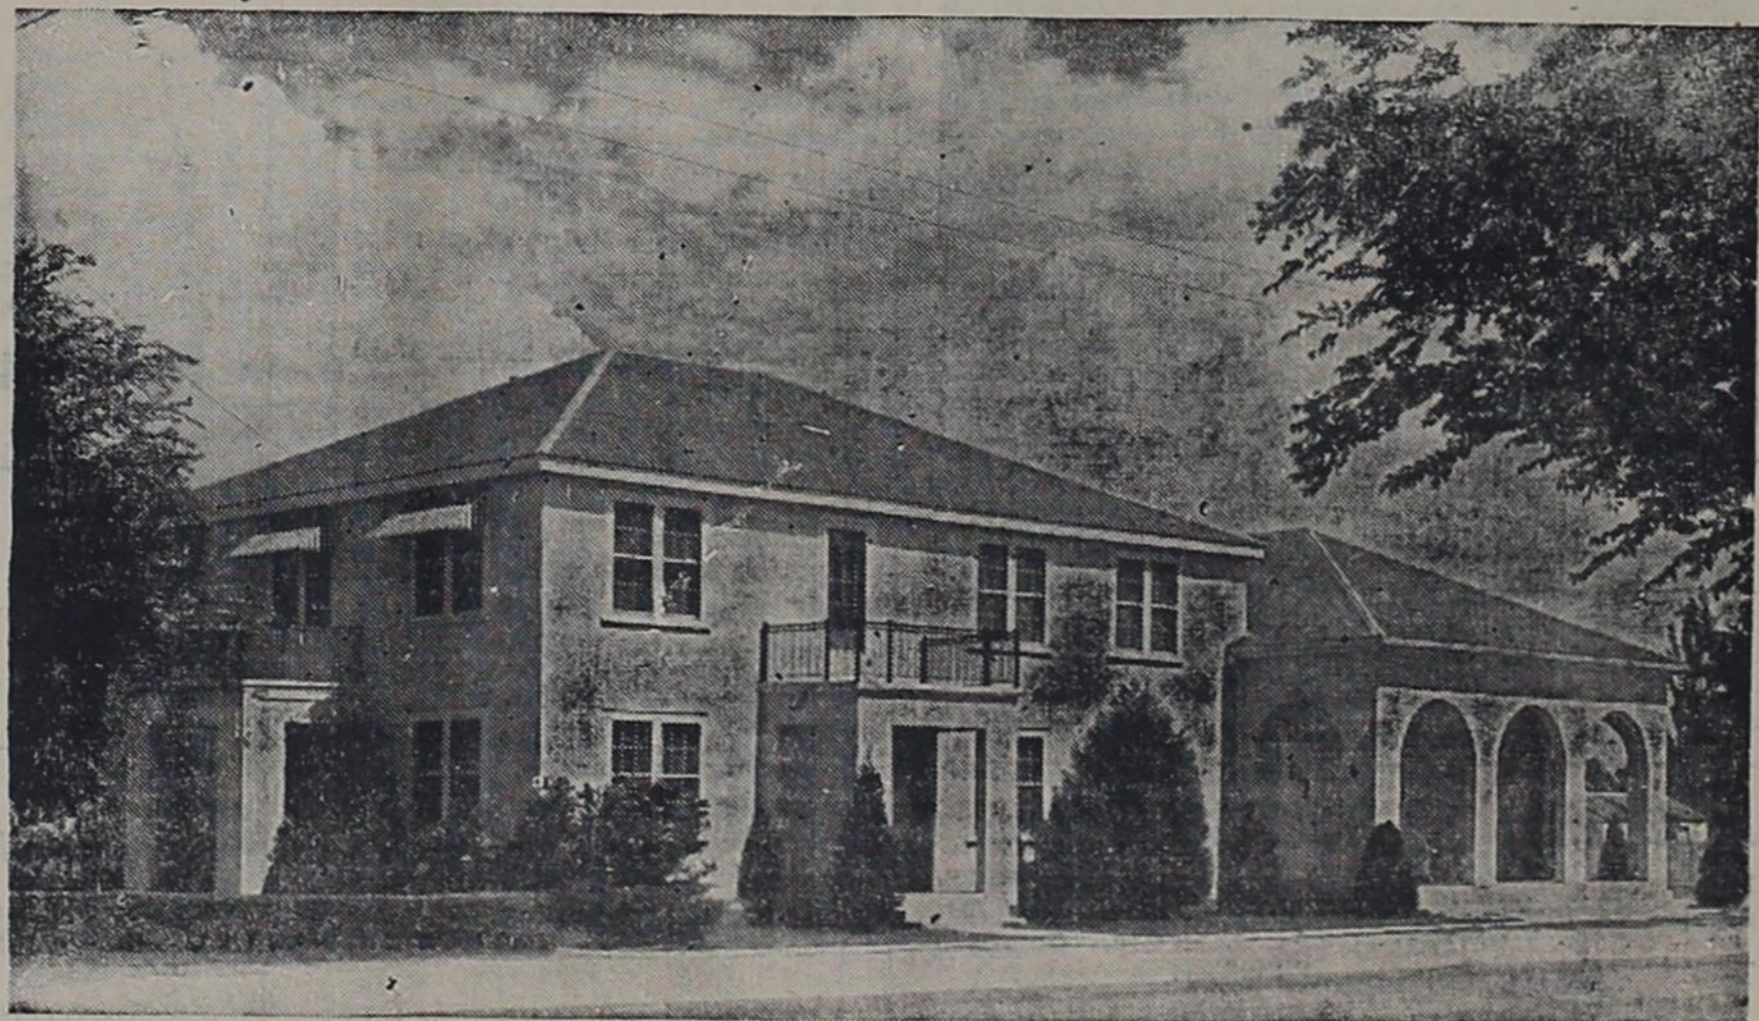

• We now are a Purina Approved Custom Mixing Station. We use Purina Concentrates to balance your grain according to Purina's farm-tested formulas. This is your assurance of top quality rations.

Eight-Piece Trousseau For \$104.20

Inflation or otherwise it's still possible to get a trousseau as shown in above photographs for slightly over \$100, according to the April issue of Good Housekeeping magazine. At top left is shown bare jersey dress with matching bolero that covers shoulders for dinner or afternoon bridge. Costs \$19.95. Rayon Jersey Comes in navy, pink, white, light blue, red or pale gray. Top middle shows good summer suit. Skirt and jacket can be worn separately. Rayon-and-wool Palm Beach cloth, costs \$22.50. Comes in aqua, sand, Rio red. Top right shows the dress you'll want to be your trademark because of its clean, singing stripes, well-groomed waistband, and comely shirtwaist top. Costs \$22.95. Wool and cotton. Comes in combinations of navy, gold, and white green, beige and white.

Lower left shows charming white dress, uncluttered, gracious. Wear it with blazer, suit jacket. The waistband is the single color punctuation; can be navy or white. Also in gray, yellow, green, brown, red, beige and navy. Costs \$10.95. The fabric is rayon jersey. In the middle is shown a bathing suit that costs \$10. Available in gray, black or gold with white polka dots. It's 51% cotton, 42% wool, and 7% latex. Lower right shows shorts of Palm Beach cloth (86% rayon, 14% wool) for \$5.95. Comes in white, navy, brown and many other shades. A rayon-jersey crew shirt (try with suit, too) costs \$3.95 and can be navy, red or yellow. Finally a brilliantly banded blazer for \$7.95. It's 44% wool, 35% rayon, 21% cotton. Comes in combinations like navy and red, brown and yellow. Kelly and beige. All the fashions in this trousseau are by Sacony, and they come in all sizes 10 to 20.

Rabbit Man Pays Texas A Visit

COLLEGE STATION.—George S. Templeton, director of the U. S. Rabbit Experiment Station at Fontana, California, will assist in conducting four rabbit production schools in co-operation with county agents, according to R. E. Callender, extension wildlife conservation specialist of Texas A. and M. College.

Meetings have been scheduled in these cities: Houston, November 19, sponsored by the Houston Fat Stock Show Rabbit Department; San Antonio, November 22, by the San Antonio Rabbit Breeders Association; Arlington, two meetings, November 23 and 24, sponsored jointly by Dallas Rabbit Breeders Association and Southwest Rabbit and Cavy Breeders

Association; and Amarillo, November 26 and 27, by the National New Zealand Sweepstakes Educational Committee.

At one time, Templeton was connected with the department of animal husbandry at Texas A and M. College, but he has been directing the work of the Fontana Experiment Station for many years. This station is now in its twenty-first year of operation, and is a part of the Agricultural Research Administration of the USDA. Work at this station deals primarily with Rabbit Research, with principle lines of activity in feeding, breeding, management of a herd of rabbits, rabbitry equipment and diseases.

The Extension Service built up a big interest in domestic rabbit production during the war years. This interest has been increasing since

then with both adults and 4-H clubs. County agents have reported 7,800 adult cooperators and over three thousand 4-H club projects for 1947; more than one hundred thousand rabbits were produced for meat.

LEGAL NOTICES

STATE OF TEXAS
COUNTY OF PARMER
To All Persons Interested In The Estate of Mrs. Joe Donaldson, Deceased:

You are hereby notified that Sterling Donaldson, administrator of said estate, has filed in said cause his final accounting and application for discharge, and that such accounting and application for discharge will be heard in Farwell, Parmer County, Texas, on Monday, the twenty-ninth (29th) day of November, A. D., 1948,

at 10 a. m., in the county court room and all persons interested in said estate are commanded to be present and contest such accounting and application as they see fit.

Witness our hand this the 15 day of November, 1948.

LOYDE BREWER,
County Clerk, Parmer County, Texas.

By: Dorothy Lovelace, Deputy.
(SEAL) 5-1tc

NOTICE To All Persons Interested In This Land:

Beginning at the northeast corner of Black townsite as recorded in the deed records of Parmer County, Texas, at Page 156, Vol. 34:

Thence south 57°8' west 1340 feet along the north line of said townsite to a point;

Eagles Grounded By Galloping Steers, 45-14

Scoring on their first offensive play of the afternoon, and continuing to add counters almost every time they took the ball, the Farwell Steers proved their superiority over Seagraves Eagles in an Armistice Day match played at Seagraves. Final count stood 45-14.

A stiff south wind, which raked the field from end to end, gave the air advantage to the Steers in the

FARWELL, TEXAS

opening quarter, and the vaunted aerial attack clicked on the opening offensive play, when Booth wound up one and sailed it out to Ford, who was away for a counter.

However, the most exciting play of the afternoon occurred in the dying minutes of the first period. In possession on their own 19, the Steers failed to gain and on second down Booth attempted a quick kick which went awry but was recovered by Pool. The locals hit the line again for nothing, and on the fourth down Booth dropped back to boot out of danger. A bad pass came to him from center, which he juggled and finally controlled, only to discover Seagraves linemen too close for him to kick. Folding the ball into his arms, Booth took out on a long gallop from his own 10, picked up beautiful blocking downfield by quick-thinking teammates, and wound up winded but triumphant in the Seagraves end zone, for a touchdown.

Jackson who had been expected to deal the locals plenty of worry, found himself rather effectively muffled during the entire game. At times B. Hearne showed the Steers his heels, but actually, the outcome of the game was never in doubt from the first period. S. Bennett did nice work, shifting from end into the Seagraves backfield.

Draw First Blood

Seagraves won the opening toss, and chose to receive, with Booth kicking to N. Smith, who returned to the 25. Jackson was dumped for three, by charging Booth, Kenney made nothing, and the Eagles kicked, with Terry coming back to the Seagraves 42. Booth passed to Ford, who snatched the ball from the reaching arms of K. Davis on the 35, and was gone for the first touchdown. A beautiful faked kick, followed by Thomas passing to Ford, fooled Seagraves completely, and Farwell led, 7-0.

Receiving again, Kenney came back to his own 35, with Jackson carrying for five and then Davis made nothing, but Farwell drew an off-side penalty, and Seagraves had a first on the Farwell 45. Davis made two, added five more, Jackson got two and Seagraves kicked, with Thomas coming back to the 40 in the Steer end of the field. Pool pushed on to midfield, Booth added eight, and Thomas passed to Booth for a first on the Eagle 28. Pool exploded through the middle of the line and was gone for a counter, with Booth's kick going through the uprights. Score 14-0.

Taking the kick, Jackson came back to the midfield marker, being downed by Dollar, and Hearne added five, with Jackson again getting loose to the Farwell 20, where Pool was the last man, but managed to stop him. The next play, Davis fumbled and a pileup gave Farwell the ball on their own 19. Thomas tried a pass to Ford, which was almost intercepted by Hearne, Booth tried a quick kick which was blocked behind the line but Pool recovered on the Farwell 22. Pool hit the line for nothing, and then came Booth's play of the day, wherein he managed a bad center pass, evaded charging linemen, and went some 90 yards for a counter. Booth's kick was good, and Farwell had a first-quarter lead of 20-0. Farwell kicked off and Ray came back to the 40 as the period

ended.

Seagraves Comes Back

Smith tried an incomplete pass and Jackson fumbled the ball downfield, with his teammate Berry recovering. The next play Smith fumbled, with Ford recovering on the Seagraves 40. Pool made five, Booth got four, and Farwell got a 15-yard penalty, putting them back on their own 43. Thomas lost five when the line leaked, but got it back on the next play and Booth kicked out on fourth down, with Seagraves downed on their own 40. Jackson shot an incomplete pass and then forged to the Steer 43. His next try was no good, but a three-way working, Jackson passing to Smith, who lateraled off to Hearne, put the Eagles on the 28. Jackson pushed on to the 15 and Hearne added mileage to the three, from where Kenney drove the ball over for a score and Bennett converted. Score 20-7.

The Eagles put the ball in play and Thomas carried the kick back to his own 30. Booth made five, then the line broke Pool into the secondary and he was away for a score. Thomas tried a pass which was knocked down by Ray, and the count was 26-7.

Farwell got off a bad kick, with Seagraves in possession on their own 38. Hearne came to the Farwell 48. Jackson added three and Bennett lost five when hit by Holland. Bennett then made eight, Jackson passed to Hale who lateraled off to Hearne and the play died on the Farwell 23. The longest Seagraves pass of the day came to naught when Smith shot one into the end zone, where nimble Thomas intercepted and ran the ball out to the 30 as the half ended.

Pool Counts Again

Seagraves kicked off to Farwell, with Thomas grounded on his own 25. Booth made nine and Pool got loose to the 50, where Kenney, the last chance, grabbed him. Thomas pass to Ford was knocked down by Kenney, and Pool went to the Seagraves 39, where Farwell drew a 15-yard fine. Thomas made two, Pool added five, and Booth kicked out. Hearne came back to the Farwell 49, and Jackson got five, with Kenney's try getting nowhere. An incomplete pass was chalked up and the Steers took over on the Seagraves 35.

Booth got three, Terry was dumped by Freeman and Hale for nothing, Thomas broke into the clear to the 28, Pool made nothing, and Thomas passed to Ford, who was dumped and interference ruled, with the Steers on the Eagles eight. Thomas got to the two, and Pool plunged over, with Booth converting. Score 33-7.

Farwell booted downfield, with Ray toting back to his own 43. Ray then was dumped by Terry for nothing, and Hearne was rushed back to his 38 as the whistle sounded.

Three Counters Made

Jackson got nothing and Seagraves was forced to kick on downs, with Farwell taking over on their own 40. Thomas passed to Booth, who received on the Seagraves 30 and was away for another score. The kick was no good, and Farwell led, 39-7.

Seagraves then started their second counter drive, with Lewis taking the kick in his own end zone and getting out to the 10. Ray was dumped by Booth for nothing, but Bennett got out to the 18 and Ray went on to the 31. Lewis got nowhere, and the Steers got a five-yard penalty, with Lamm receiving a short pass which gained only three. Jackson broke out and made it to the Farwell 48, where Thomas hit him, and Bennett went on to the 30. Lewis pushed the ball to the 23, Lewis added five more, and Bennett was stopped on the Steer 15. Smith passed to Lamm for the second Eagle counter, and Lewis plunged over for the extra, making the count 39-14.

Ford received the kickoff, carrying back to the Seagraves 48, and then broke loose on down to the 15, where he was halted by Elliston. Thomas made two and Pool added

three, Terry went on to the four for a first down, and on the next play Thomas was in paydirt for the last score of the day. Booth's kick was blocked by Davis. Score, 45-14.

Farwell kicked, with Hearne going to the 47, after which Jackson got nothing. Hearne advanced to the Farwell 43, and Kenney made three, with Jackson getting six yards as the game ended.

Pre-Season Skirmish Slated for Saturday

Getting in a little pre-season contact, the Texico and Field cage teams both boys and girls, will meet on the Field court Saturday night of this week, November 20, Coaches C. E. Sanders and F. D. Stout report.

Practice sessions have been underway at the school for the past ten days, with Coach Sanders reporting a fairly good backlog of returning lettermen, principal of which are Pearce, Blain, White, Tucker, Bridges, Stewart and A. Doolittle.

Newcomers include Reid, Sparks, Hale, Gant, Crook and J. Doolittle, he added. At present the squad has been culled to 18 prospects.

Returning to the girls' team this year are a number who have seen action, including McDaniel, P. and J. Engram, Caldwell, Sanders, Curry, Johnson, Bridges, Vigil, Doshier and Reid, Coach Stout reports, adding that it was too early yet to predict how the squad might develop.

Little forecast can be made concerning the Saturday night tangles, as this opens the season for both schools.

Farwell Juniors Take Stage, Friday Night

"The Cannibal Queen", a three-act play combining suspense and laughter, comes on Friday night at the Farwell school, when the juniors put on costumes and stage paint for their stage debut.

Action takes place in the small Craig Hotel, owned by Martha Craig (Gloria Kepley), with the plot developing through the antics of Bruce Clyde, editor of the Gazette (Leon London), and Brenda Day, his fiancée (June Christian). About to lose his job as editor, Bruce is frantically trying to scare up a story that will scoop the neighboring Bugle, and is assisted by Brenda, masquerading as "Ju-Ju", the cannibal queen, in an effort to prove her dramatic ability to drama coach Eugenia Sherwood (Joan Allison).

When the real "Ju-Ju" (Hettie Randol), shows up, things become slightly hectic, and the outcome remains in doubt until the final curtain.

Other members of the cast include Julia Boyd, owner of the Gazette, Wanda Sheets; Prof. Cornelius Kent, wealthy eccentric, Cary Joe Magness; Allen Kent, his nephew, Bob Dollar; Mary Freemont, his niece, Pauline Sheets; Robert Freemont, Mary's husband. Ray Magness; Mildred Wade, in love with Allen, Valerie Dial; and Daisy Mae Comfort and Lucius Long, negro maid and porter, played by Billie Christian and Bobby Potet.

The curtain will rise at 7:30. Admission, 25c and 50c.

INJURED IN CAR FLOP

Mr. and Mrs. Jake Winkles, of this city, and Mr. and Mrs. Beuford Brownlow, of Clovis, all received slight injuries on the evening of Nov. 8, when the car in which they were riding overturned four miles south of Elida on Highway 70.

Brownlow, who was driving the car, said that a falling mist made driving difficult, and that one wheel of the machine left the pavement. As he attempted to right the car, it swerved and turned over. All the occupants escaped with slight lacerations and bruises, except Jake, who sustained a couple of broken ribs.
