### Farwell Senior Gets Broken Leg In Crash

Irene Hardage, daughter of Mr. and Mrs. Willie Hardage and a senior at the Farwell high school, is reported as recuperating from injuries sustained in a car wreck last Thursday night, but will have her right leg in a cast for some weeks to come.

In company with Kennard Harris, son of Mr. and Mrs. W. A. Harris of Texico and W. T. Watson, son of Tom Watson, near Lariat, Miss Hardage was enroute to Clovis at about 6 o'clock Thursday evening. The three young people were in the Watson car, a 1949 Ford, driven by Watson.

Investigating officers said that the Watson car, traveling at a high rate of speed, crashed into the rear of a two-car caravan, with R. L. Houston driving one car and pulling a second vehicle. The crash occurred about one and one-half miles east of Clovis.

The three young people were rushed to a Clovis hospital for medical attention, and Miss Hardage was sent on to Amarillo to a bone specialist. Both bones in her right leg, about three inches above the ankle, were broken, it is understood. Harris received a dislocated bone in his ankle and was out on crutches shortly after receiving treatment at the hospital, and it is understood that Watson had no serious injuries.

### Fire Destroys Home, No One Injured

Fire believed to have started from a butane bathroom heater completely destroyed the home of Dave Robertson and his mother, "Grandma" Robertson, between 11 o'clock and midnight Saturday.

The house, located about 1 1/2 miles from Lariat, was a complete loss by the time Robertson carried his ailing mother to safety, left her with a neighbor and rushed here to call the Fire Department, members of the department reported Sunday.

Robertson said that "Grandma" Robertson had been ill, and he rose from bed in the middle of the night to check up on her. Smelling smoke, he first investigated the kitchen, where a fire had been left burning against the cold. Not finding a blaze, Robertson next went to the bathroom, and when he opened the door a blast of smoke and flame hit him in the face. It is believed that some clothing, left in the bathroom to dry, ignited from the heater.

Wrapping his 87-year-old mother in a bedspread, Robertson rushed outside and deposited her in his car, but was unable to get anything other than a little bedding out of the house. Mrs. Robertson was left at the E. F. Billingsley home while her son came to Texico-Farwell for the fire department.

### Preliminary Plans Laid For Election Of School Trustees

Preliminary plans for the election of two trustees for the Texico school district were laid at a meeting of the school board on Monday night, W. L. Freeman reported on Tuesday.

At the Monday night meeting, the board checked the legal date for the election, Tuesday, February 6th, and agreed that the voters would gather at the city hall in Texico to express their preferences. At the same time, Freeman announced that the final filing date for positions on the ballot would be Wednesday, January 31st.

Retiring members of the board are John Hadley and Perry Crawley, and their successors will be named to a six-year term, Freeman said. Hold-over trustees are Truman Doolittle, Claude Curry and Edward Engram. Judges for the election were named Monday night, as follows: Perry Owens, G. W. Atchley and Charley McDaniel, with Mrs. Orval Francis and Mrs. Roscoe Burris selected to serve as clerks.

#### ASSISTS TRIBUNE STAFF

Richard Shumate of Clovis, has been assisting The Tribune staff as linotypist since Thursday of last week.

Richard, who is on vacation from the Clovis News-Journal, plans to return to his regular job next week.

Thirty-two suits on delinquent taxes all of them instigated by schools within the county, have been filed in Parker County, and sheriff's sales on the property have been cited for Tuesday, February 6th.

Out of this group, only one concerns property outside of the Farwell Independent School District, and that is in the town of Friona. In the Farwell listings are lots near the courthouse property, on First Street, Third Street, in the Farwell Heights additions, south of the original town plat, and on the far eastern side of the city.

The largest single listing is the one at Friona with 12 lots in Block 3 to go under the hammer, a checkup of the citations reveals. In Farwell, the usual run is two or three adjoining lots, although there are a couple of four-somes, one nine-lot listing, and some singles.

Block 35, in Farwell, has the largest number of lots up for taxes in one block. This particular block is located a block north of the former Ebb Randol property, near the Farwell school, and boasts a three-lot corner offering on the north end of the block, facing west, with a similar three-lot set-up on the southeast corner. Other lots are scattered on both east and west sides of the block.

Probably the two choicest locations concern a three lot listing immediately south of The Tribune office between this office and the Lovelace property, and a two-lot corner listing immediately behind the Capital Freehold office, facing west on Second Street.

The largest listing in Farwell is in Block 39, wherein nine lots, beginning just north of the former school residence occupied by Jack Williams, extend to the corner of the block.

All in all, some particularly nice locations are being offered at the coming sheriff's sale, and residents of the city would do well to check a city map and plan to make their bids at the time the property goes on sale for delinquent taxes.

### Funeral Services Held For Charles Ross Jr.

Funeral services were held Sunday afternoon at the Bovina Methodist church for Charles A. Ross Jr. of Bovina, who died last week in a Chicago hospital.

Ross, the son of Mr. and Mrs. Charles A. Ross Sr. of Bovina, was born August 2, 1929 and died January 3. He was graduated from Bovina High School in 1947 and attended New Mexico Military Institute in Roswell, New Mexico. He was a member of the Methodist church.

He was admitted to the Billings Hospital in Chicago for medical treatment, recently, and was under treatment until his death.

Funeral services were conducted by Rev. Oscar Bruce, pastor of the Bovina Methodist church, assisted by Rev. George York of the Methodist church in Abernathy.

Pall bearers were John Tabor, John McFarland, D. C. Looney, Jerry Jones, Clarence Shanks, and Durward Bell.

Funeral arrangements were in charge of Steed Funeral Home in Clovis. Interment was in the Bovina cemetery.

Ross is survived by his parents, Mr. and Mrs. Ross; one sister, Mrs. Winfield Evans of Boston, Mass.; his grandparents, Mr. and Mrs. B. R. Ocher of Levelland; and an uncle, Edd Ross of Bovina.

### Fire Department Receives New Truck

The new fire truck which the Texico-Farwell fire department has been anxiously awaiting for several weeks arrived on Tuesday. As citizens looked over the new addition to the department, the firemen tried out the whistles, and various apparatus on the truck.

Otis Huggins, secretary of the local department, said several delays had interrupted delivery of the new machine.

The new fire wagon is mounted on a Chevrolet chassis, and all equipment has been purchased from Howe Fire Equipment Company of Anderson, Ind. The truck has about twice the capacity of the old machine. Huggins emphasized, adding that it would mount a 500-gallon pump.

Tests by the Underwriter's Laboratories will be given the truck before it is used by the department, Huggins stated.

Mrs. Harry Jesko was in Muleshoe Monday on business.

### Editor Confined In Clovis Hospital

Editor W. H. Graham is taking it easy this week—under doctor's orders—in the Clovis Memorial Hospital, and will remain there for at least another week.

Thinking he might be suffering an attack of pleurisy, Hop went to a Clovis medico for a check-up last Saturday, only to find himself denied even the time to return home for a pair of p.j.'s before he was admitted to the hospital.

Hop denies fiercely insinuations that all is what it seems—declares being located on the maternity floor of the hospital is all an accident, and that he is truly suffering from hardening of the arteries. His physician says that the situation is not critical, but rest is imperative.

In the meantime, the local staff is carrying on as best it can, and extends to the readers the hope that they will not be disappointed in this and possibly succeeding issues of The Tribune.

### Sewer Pipe Laying Is Delayed By Break Down Of Machine

Ike Curtis, construction superintendent with the Stockton Construction Company, who is here supervising workmen on the Farwell city sewerage system project, said this week that a breakdown of the large bulldozer was responsible for the delay in re-opening streets where sewer lines had been run.

The machine was repaired the first of the week, Curtis said, going on to add that workmen will lay pipe and open up the streets again within the next two or three days, provided, of course, that unforeseen emergencies do not arise.

At present workmen are busy on the lateral road running east and west one block behind the Security State Bank, with the Second Street crossing closed the early part of the week. The line was laid across Third (commonly called the courthouse street) last week and was immediately repaired, in order to facilitate traffic over the town.

As soon as the current strip is finished, workmen will start on the lateral road to the Farwell school and do the work around the school, following which pipe will be laid and the crew will move on to the job of laying lines and pipe down the alleys over town.

Workmen are experiencing some difficulty in missing water and gas lines over the city, it was added, which is another reason that the work has been progressing slowly.

### No Information Here On Discarding Of Wheat Quotas

"Not so far as I know," said Joe Camp, head of the Production and Marketing Association office in Farwell on Monday of this week, when asked if wheat quotas had been lifted in this county.

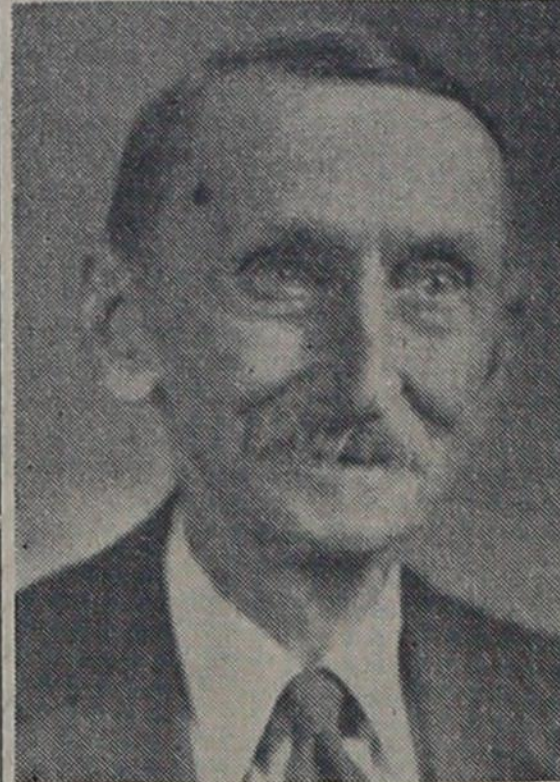

Camp went on to say that daily papers on Sunday carried an article in which it was stated that no restrictions as to acreage would be imposed on spring wheat, but pointed out that Farwell has little or no such crop, all of the wheat in this area being customarily planted during the fall and grazed—providing the weather permits—during the winter and early spring months.

Asked as to the acreage allotment for this county on wheat, Camp reported that he would roughly estimate the figure at around 215,000 acres, and this quota, he said further, ordinarily takes care of all wheat planting within the confines of the county.

Right now, the PMA man pointed out, there is probably considerably less than 215,000 acres in the county sowed to wheat, due to the fact that a good deal of land was put in maize last year.

"It may be that we will get some definite information on this in the near future," Camp went on, "but so far as we know now, Parker county is still on an allotment for wheat."

Maybe it isn't a disgrace to be poor, but it's mighty inconvenient.

J. S. WATKINS

### Funeral Services Held For J. S. Watkins

Funeral services were held Sunday afternoon at 2:30 in Elk City, Okla., for J. S. Watkins, father of G. T. Watkins and Mrs. Clara Smalts, Farwell.

Rev. James, of the First Baptist Church in Elk City, conducted services.

Savage Funeral Home was in charge and interment was in Fair Lawn cemetery.

Watkins was born in Denmark, Arkansas, December 19, 1852, and died an Amherst last Thursday, at the age of 98.

He was married Sept. 18, 1879 to Martha Jane James at Jameson, Ark. To the union were born five children. One son and his wife preceded him in death.

Survivors are J. E. Watkins, Elk City, Okla.; G. T. Watkins, and Mrs. Clara Smalts, Farwell; and Drew Watkins, Sudan. There are 10 grandchildren and 16 great-grandchildren. His friends are numbered only by his acquaintance.

Watkins and his family moved to Elk City in 1907, where he farmed for many years. The last few years he had spent with his children in West Texas.

For more than 60 years, he was a member of the Baptist Church. Untillage and health prevented, he was very active, not only by his presence, but with financial support.

Those attending the funeral from this vicinity included Mr. and Mrs. G. T. Watkins, Mr. and Mrs. R. S. Smalts, Luther Grissom, Tom Foster, Clarence Christian, Mr. and Mrs. Bill Foster, Webb and Lloyd Gober; and Mr. and Mrs. E. A. Berry of Canyon, formerly of Farwell.

Numerous friends and relatives attended from Sudan, including Drew Watkins and family, F. O. Maston and family, and Mr. and Mrs. Frazier.

### Stover, Engram Get Grocery Prizes

Bob Stover and Edward Engram, both of Texico, received boxes of \$5 worth of groceries at the opening of the Dykes-Bynum Grocery store in Texico, Saturday.

Approximately 175 people registered at the store during the day, the new owners said.

"We want to thank everyone for coming out to the formal opening of the store," Dykes and Bynum said this week.

The store has been rearranged, with the checking counter placed in the center of the building. Also, the stock has been grouped to make shopping easier, the two men said.

The store will be open from 7 in the morning until 7 in the evening on week days, and will remain open until 9 o'clock Saturday night.

### Five Local Boys Leave For Service

Five local boys volunteered for service with the Army Air Force last week, it was announced today.

Included in the group were Merrill Glenn Rundell, Oral Gulley, Melborn Jones, and Raymond Jesko.

The boys are now at Lackland Field in San Antonio to begin their training.

Al Romich, of Friona, who heads up the 1951 March of Dimes campaign in Parker county, this week announced that he had secured chairmen for the campaign over the county.

The Friona Lions Club, along with Supt. Dalton Caffey, will take over the drive for funds in Friona; Loyde Brewer has been named for Farwell; Mrs. Walter Fangman heads the drive in the Black area; R. E. Everett, at Bovina; S. S. Jones, Oklahoma Lane; Mrs. Paul Kelso, Rhea; Charle Felts, Lariat; Archie Sims Lazbuddy; and Mrs. Otho Whitefield, Lakeview.

The drive itself is slated to begin on Monday of next week, January 15th; in conjunction with the national campaign, and Romich said today that he had issued material to some of the chairmen and would disburse the rest of the material this week.

Parker County, actually, is still "in the red" so far as taking care of its own polio patients is concerned, Romich added. The county had a number of cases of polio during 1949, with the National Foundation contributing toward payment for treatments. In 1951, some \$1,950.45 was raised in this county for the work, and some repayment to the Foundation was noted, but Romich said today "we are still some 500 in arrears" and added that he had hoped contributors to the 1951 drive would balance its account with the National Foundation.

#### No Workers in Texico

So far as could be determined here on Tuesday, no workers have been delegated to handle the Texico precinct of the Curry county drive for 1950 funds.

Supt. Agrie Jones, contacted at the school, said that customarily the school was approached to help out in the campaign, and that he would be willing to assist, but that he had heard "exactly nothing—don't even know the name of the Curry county chairman."

Last year, contribution boxes were finally distributed over Texico to receive local donations to the drive, but no sustained drive was ever maintained.

In Farwell, nothing definite regarding a possible benefit of any kind had been planned this week, contribution boxes are expected to be out over the county by the opening date of the drive, next Monday.

### Expect Large Increase In Cotton Plantings

With all acreage controls on cotton removed for the current year, Parker county plantings are expected to take a decided up-turn in 1951 according to the belief of Joe Camp of the local PMA office.

Residents will remember that the county farmers were literally up in arms last year over the exceedingly small allotment given this county for cotton production, with producers pointing out that a number of operators in the area had been gradually turning to cotton, rather than farming wheat exclusively.

A delegation even made a trip to Washington for the purpose of trying to get the 1951 acreage hiked, but little results were obtained at that time.

Now, with acreage controls removed as the nation seeks to turn out sufficient cotton to keep supplies at high levels, Camp estimated that there would be "between 20,000 and 30,000 acres" planted to cotton in the county this year—as compared to the 3500 allowed last year.

At present, only two cotton gins are in operation within the county, one in Farwell and one at Lariat.

### Freeman Takes Fees For Trash Disposal

W. L. Freeman, Texico town clerk, said that he is currently accepting payments from Texico residents for regular garbage pickups, being handled in the Twin Cities by the Jones brothers.

Rates remain the same as in the past, 50c per residence and \$1 for business firms per month, the clerk reported, adding that the first 1951 collection would be made this week-end. He urged that all residents who wished their garbage handled in this manner pay their fees immediately.

All residents of Farwell who have been wondering about various civic work, sewerage costs, garbage pickups, or whatever, will have a chance to ask questions and air their opinions tonight (Wednesday), when a community meeting is slated to be held at the Legion Hall, beginning at 7:30.

The announcement was made today by Mayor C. M. Henderson, who said that in view of the fact that Wednesday night was meeting time for both the city commissioners and Chamber of Commerce directors, it was voted by the officials to hold an open forum for consideration of city problems.

First off, Henderson said, will be a discussion of the sewer system now being laid in Farwell, following its recent approval. "We have many questions asked us regarding charges of hooking up to the main city lines, how and when the work will be done, what type of outlets are required by the plumbing code, and frankly, we can't answer such queries, so we're inviting engineer Bill Howren to be on hand at the Wednesday night meeting and he will answer as many questions as possible," Henderson went on.

Both Howren and Ike Curtis, construction superintendent of Stockton Construction Company, which is doing the sewerage work, point out that it is the individual responsibility of each property owner to arrange for his own connecting service lines, as the contract does not cover that part of the installation, and the owners in turn have asked "what will it cost and how do we go about it?"

Henderson reported on Tuesday that while those on hand might be able to furnish "only estimates" on some of the costs "at least the property owners may get more of an answer than they will by merely talking it over on the street corners and not contacting someone who knows something about the set-up."

**Garbage Disposal Considered**  
Also on the agenda for the evening, Henderson said, will be a discussion on garbage disposal in the city of Farwell. G. D. Anderson at the Security State Bank, said Tuesday that he would not handle payment of fees for the work this year and some plan along this line must be worked out, the mayor reported.

The Jones brothers, in Texico, have taken over the job of collecting and hauling away trash again this year, with the cost being 50c per month for residences and \$1 per month to business houses.

However, the question of who will collect the funds and pay the disposal men will have to be settled. Previously, money was deposited at the bank for such work, with the collectors turning in their bills there for payment.

"It may be that other questions regarding civic improvement, or the launching of some new programs, will arise at this time," Henderson concluded, in urging that Farwell residents make an effort to be on hand and express their views.

### Water Turned Off Saturday Morning

If weather permits, a new valve will be installed on the water tower Saturday morning, V. C. Venable says, and water service will be interrupted for four or five hours.

Local residents are urged to draw enough water beforehand to last them during this time.

Discussing the situation further, Venable pointed out that during work on the new sewer line, it might be necessary to shut off water at any hour during the day. If this happens, he will not have time to notify users individually.

Therefore, he suggests that citizens keep some water drawn for use in case of emergency.

### Surprise Shower Hits In Farwell, Monday

With not a cloud in the sky, the eastern business district of Farwell got a surprise rain on Monday, when "a person or persons unknown" unscrewed the cap from the fireplug in front of the Billington Barber Shop.

Downtowners rushed to their phones as they suddenly had no water—Estelline Billington was giving a shampoo in her beauty parlor and workers at Hardage Hudson were washing a car when they were suddenly without water.

Investigating, the gushing fireplug was voided, the ETA plug was discovered, and an SOS went out to V. C. Venable, local waterworks maintainer, who admitted later that he had ordered the fireplug flood to relieve another water main which had been cut by the ditch-digger.

**Semester Exams Begin At Farwell**

Semester examinations began today at Farwell schools, Jack Williams, superintendent, announces and will continue through tomorrow.

Tests for first period classes began this morning at 8:45 and continued until 10 o'clock. Second period classes were scheduled from 10:05

until 11:20 o'clock, and concluding the morning session, third period class tests were held from 11:25 until 12:30 o'clock.

This afternoon, exams for fourth period courses began at 1:20 and were held until 2:40; and fifth period classes were tested from 2:45 until 4 o'clock.

Beginning tomorrow morning sixth period examinations will be given from 8:45 until 10:30; 7th period tests are slated from 10:35 until 12; and the last exam will be given from 1 o'clock until 2:30.

Students will be dismissed at the end of the eighth period and a faculty meeting will be held to discuss the second semester.

Registration for the second semester will begin Friday.

**Melvin, Violet Curry See First Television Win Waltzing Contest**

Melvin and Violet Curry, son and daughter of Mr. and Mrs. C. C. Curry of Texico, had a very nice time on their holiday trip to California, so they say.

What's more, they really have something to brag about, not only did they see television for the first time but they were featured on the show and won the waltzing contest.

They appeared on Clippy Stone and Tennessee Erney's television show at El Monte; and that's not all. They won an iron as first prize for their dexterity.

Mr. and Mrs. Claud Curry and Mr. and Mrs. Frank Curry and Violet and Melvin visited Mr. and Mrs. Gayle Urback and son, Sammy Dale. Mrs. Urback is a daughter of the Claude Currys.

**Next Deadline For Annual Is Feb. 8**

The next deadline for the Farwell high school annual is February 8, says W. M. Roberts, principal of schools and staff member are completing a large number of pages.

Two-thirds of the book must be finished by the scheduled date, Mr. Roberts added.

**CLOTHES NEED GOOD CARE FOR LONG LIFE**

COLLEGE STATION — Clothes will last longer, look better, require less mending, cleaning and pressing if they are given a good start and followed up with good care.

Nena Roberson, associate clothing specialist with the A and M College Extension Service, says that "pre-pares" in new wool clothes are more thrifty than "repairs" which have to come later. For instance, putting shields in wool dresses and coats for protection against perspiration stains is more economical than having to replace the dress or give the coat a new lining.

Wool skirts can be reinforced for wear and protected against stretch by lining the upper half of the back. Miss Roberson recommends lining with firm light weight material, or if it is part of a suit, the same fabric as the lining of the jacket will do. This is especially recommended for the tight skirt fashion which prevails now. Long sitting sometimes causes a skirt to bulge or stretch out of shape unless it is reinforced underneath.

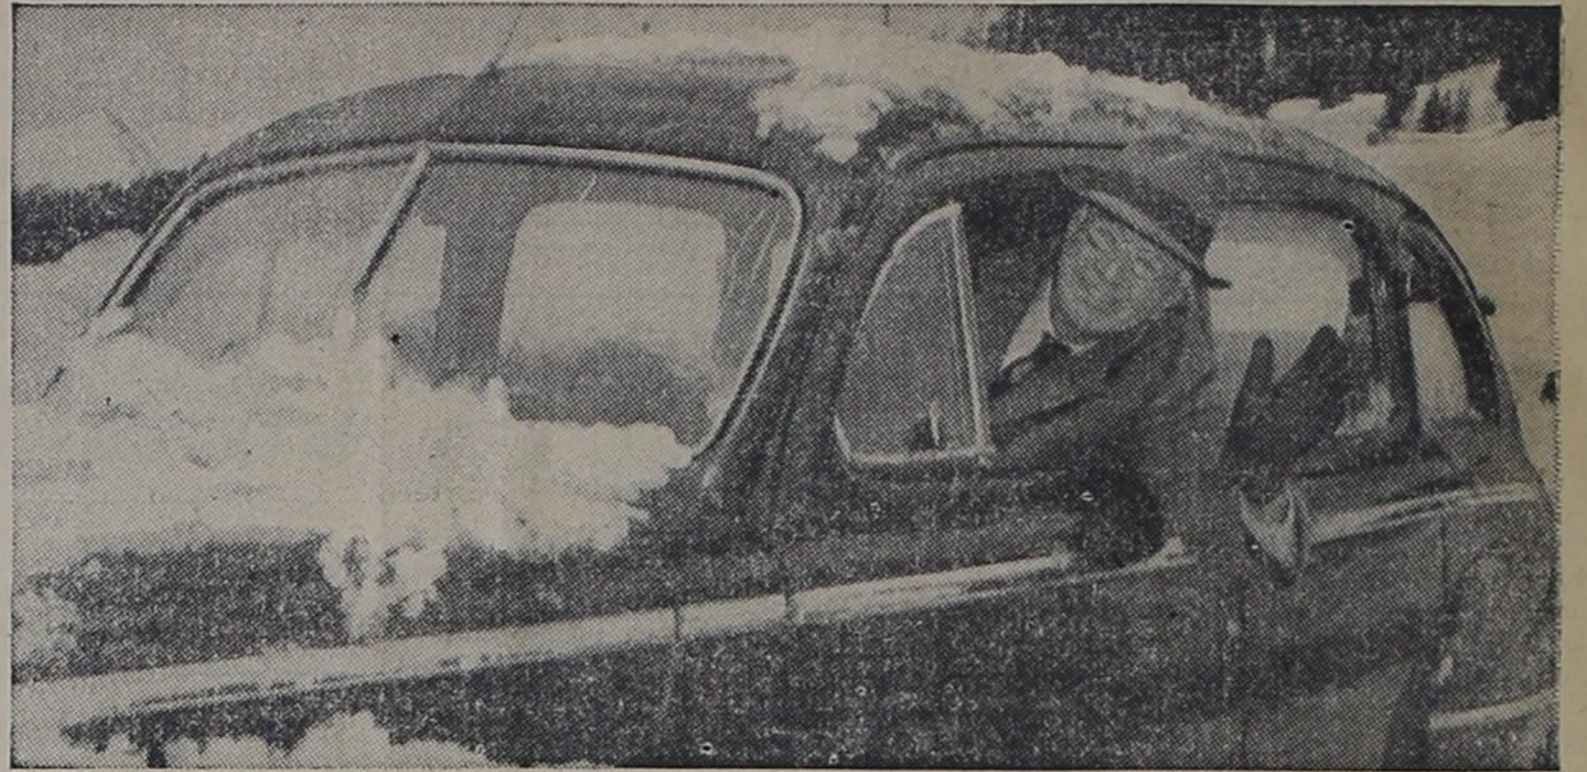

Occasional brushing inside and out helps to keep wool clothes in condition. Miss Roberson suggests that special attention be given to seams, turn own cuffs, and open out pockets.

**"Through blizzard after blizzard my car performed better!"**

"I was one of those selected to test new Conoco Super Motor Oil in my own car before it was put on the market. Through blizzard after blizzard, I travelled in Northern Colorado and Wyoming.

"BUT THOSE WERE THE TWO BEST WINTERS I EVER HAD ON THE ROAD! New Conoco Super improved the operation of my car. And at the end of the test, with proper drains and regular care, gasoline mileage was virtually as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Hubbard and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of crankcase drains showed that this great new oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to winter-grade Conoco Super Motor Oil.

## Committees Named For Friona CC

At the meeting held last Wednesday night, committees who will direct the varied activities of the Friona Chamber of Commerce were named, it is announced by Al Romich, manager of the CC.

Listed to handle membership work were Wesley Foster, Pete Buske and Frank Spring; the retail association improvement group includes O. F. Lange, Nelson Welch, S. T. Thornton, R. L. Dilger, Jack Knox and Mrs. Henry Lewis; on highway improvement are J. C. Wilkinson, Bruce Parr, Leo McLellan and F. T. Schlenker.

Agriculture committee workers are J. T. Gee, J. G. McFarland and A. L. Black; civic improvement, Allen Stewart, Bert Neelley and John Blackburn; legislative, Paul Fortenberry, Bill Sheehan; education, Dalton Caffey, Preach Cranfill and Mrs. M. C. Osborn; airport and aviation, Carl Maurer, H. T. Magness and Elvie Jennings.

## Grandfather Dies In Arkansas, Thursday

Rev. R. A. Robertson, 86, a retired Methodist minister, passed away in the Gasville, Arkansas, hospital the past Thursday morning, January 4th, with funeral services being held in the Gasville Methodist church on Friday and interment made in that cemetery.

The elderly man was the grandfather of Mrs. Wesley Cunningham, Mrs. Russell O'Brien and Mrs. Ken-

neth O'Brien, all of Friona, and Mr. and Mrs. Kenneth O'Brien made the trip to Arkansas to attend the funeral.

Survivors include the widow, three sons and three daughters.

## New Engineer Comes To Parmer SCS Work

James Terrell became associated with the Parmer county Soil Conservation office, located in Friona, on Monday of this week, it was announced by Bill Kennedy head of the local office.

Terrell, a graduate of A. and M. has been working with the SCS office in Wellington, Texas, and comes here to assume the duties of engineer officials said today. He is married and has two children.

In looking over the local work on Saturday preceding his connection with the Parmer office, Terrell reported that there is considerably more irrigation work in this section than in the Wellington district, and added that he expected to be busy along that line for some months.

Officials at the SCS said today that six new well locations were spotted by local workers during December, and calls continue to come in to the office for advice in this matter as the irrigation boom continues in Parmer county.

## Rev. Thomson Speaks At Mens' Breakfast

Rev. Hubert Thomson, pastor of the San Jancinto Methodist Church in Amarillo, was guest speaker at the

Friona church annex on Tuesday morning of this week, when the men's breakfast meetings were resumed.

The breakfast gatherings, held at 6:45 had been dropped during the harvest and holiday season, but it is tentatively planned to hold them regularly during the next months. The men themselves prepare and serve the breakfasts, and a large group is customarily on hand for the sessions.

## Hendrick Takes Over Phillips 66 Agency

H. K. Hendrick, who comes here from Amarillo, assumed the operation of the Phillips 66 wholesale agency in Friona on January 2nd, he announced this week, taking over the business from Paul Fortenberry, who had operated it approximately one year.

Hendrick and his family have secured an apartment in Friona. He stated on Monday that he had been active in the gasoline business for some years, and hoped to continue building up the agency locally.

Fortenberry had no plans to announce for the immediate future, other than to report that he planned to remain in Friona.

## SCS Worker In Hereford, Friday

Members of the local Soil Conservation office were in Hereford the past Friday to hear a discussion by Alva J. Lumn, newly assigned district conservationist.

Lumn, who comes to this area from the Rio Grande Valley of Texas, outlined conservation work for the three counties in the district, including Parmer, Deaf Smith, and Castro.

Attending from the Parmer office were Bill Kennedy, J. D. Sanders, and Wanda R. Billingsley.

## Interest Evidenced In Cotton Gin

Farmers who are interested in securing a cotton gin in Friona are this week invited to make contact with Al Romich, manager of the Friona Chamber of Commerce.

Romich announced that some interest had already been evidenced in this area over a local gin, and added that possible builders were desirous of securing information regarding the amount of cotton acreage in this area.

Some 400 cards were sent out by the Chamber of Commerce last week to farmers of the area, and it is hoped that some action along this line will be taken in the near future. Friona's only gin, operated by Bert Chitwood, burned to the ground on Christmas morning of 1950.

## Construction Begins At Local Hospital

Construction of a 14-foot extension of the west wing of the Parmer County Community Hospital, in Friona, was begun on Monday of this week, Ralph Roden, manager of the hospital, reported.

"Primarily", Roden said, "The addition will furnish an outside entrance and exit, to the west wing of the hospital, in case we should ever have a fire and need to get patients out in that direction."

In the wing will be on additional patient's room, on the south side of the wing, while the north part of the extension will be taken

up with improved rest room facilities for patients.

Henry White, local carpenter, is in charge of the work, Roden added.

## Speaks Here Sunday At Baptist Church

Rev. Hardcastle, of Lovington, New Mexico, occupied the pulpit in the Friona Baptist church at both the morning and evening hours on Sunday.

At present, the local church is without the services of a resident pastor, following the recent resignation of Rev. T. B. Allen, who with his family moved to Aspermont, Texas, on Wednesday of last week.

Mrs. H. T. Magness, one of the members of the pulpit committee, said that nothing definite concerning the appointment of a pastor has been done by the group, adding that several speakers might appear in the next few weeks.

## 'Local Pioneers' Is Topic Of Meeting

A review of some of the history of Parmer County pioneers was given last Monday night by Mrs. J. T. Gee and Mrs. W. H. Flippin, Jr., at the regular meeting of the Modern Study Club.

In addition to discussing some of the old-timers, interesting pictures taken a number of years past were displayed by Mrs. Gee and Mrs. Flippin.

Friona's youngest square dance group, "The Four D's and Their Ladies" entertained with a couple of dances, with Bill Flippin serving as caller.

Guest at the meeting was Mrs. Al Momic, with Mesdames Melba Miller and Clea Robinson serving as hostesses for the evening.

## Senior Study Club Meets On Tuesday

The regular meeting of the Senior Woman's Club of Friona was held in the local Club house on Tuesday evening of this week, January 9th.

Hostesses for the evening were Mesdames G. E. Reed, T. E. Lovett, J. L. Shaffer, Floyd Schlenker, S. L. McLellan and John Benger.

Husbands of the members were special guests of the meeting, and a supper was enjoyed at the opening of the meeting, with Rev. Bob Ware, pastor of the Methodist Church of Hereford, appearing as guest speaker for the group.

## Mrs. Ernest Anthony Entertains Wednesday

Mrs. Ernest Anthony entertained a number of friends in her home north of Friona the past Wednesday afternoon, with games of Canasta and needlework being enjoyed.

A lovely sandwich plate, with spiced tea, was served to Mesdames J. K. Anthony, A. W. Anthony Jr., Ross Terry, Clyde Sherrieb, Vance Crume, and the hostess, at the conclusion of the afternoon.

## Denise Magness Is Birthday Honoree

Miss Denise Magness celebrated her 14th birthday the past Saturday night, January 6th, when Miss Deann Buske honored her with a party in the G. B. Buske home.

The young people gathered in the rumpus room of the Buske home for

a weiner roast, and enjoyed games. Attending were Don Lewis, Dean London, Jimmy Robason, Zelma Fay Beatty, Betty Zon Ashcraft, Sally Osborn, the honoree and the hostess.

## Mid-Term Exams Go On At School

"Nothing much doing" was the report of school officials at Friona this week, who added in the same breath that mid-term examinations are being given in the high school this week.

In view of this, no cage games or other activities have been scheduled by the students.

## Study Is Continued At WSCS Meeting

The current study on the Near East was continued at the regular meeting of the Woman's Society of Christian Service of the Methodist church on Tuesday afternoon of this week, when members met at the church.

Mrs. James Tidwell is directing the study for the group.

## First Baby Arrives

The first 1951 baby put in his appearance at the Parmer County Community Hospital last Tuesday morning, January 2nd, when a son, Michael, was born to Mr. and Mrs. Alec Martinez, of Bovina. Hospital attendants said the young man weighed 7 pounds, 6 ounces, at birth.

## Ag Teachers Attend Meet In Amarillo

Parmer County vocational agriculture teachers were in Amarillo during the past weekend, attending the regular mid-winter gathering of such instructors.

Included from this county were J. T. Gee, of Friona; Weldon Spinks, of Bovina; Ross Stuard, Lazbuddy; and R. L. Morton, of Farwell.

## STATION CHANGES

Eldon and Maynard Agee have taken over the Conoco Service Station on Highway 60 in Friona, formerly operated by Bill Bandy and Clarence Veazey. The exchange took place last week, with the Agee brothers assuming responsibility on Friday. Veazey is expecting his army call in the near future, and Bandy had no announcement to make concerning his future plans.

Tim Magness, a Texas Tech student, visited during the weekend in the home of his parents, Mr. and Mrs. H. T. Magness in Friona.

## Progressive Club Has Meeting, Thursday

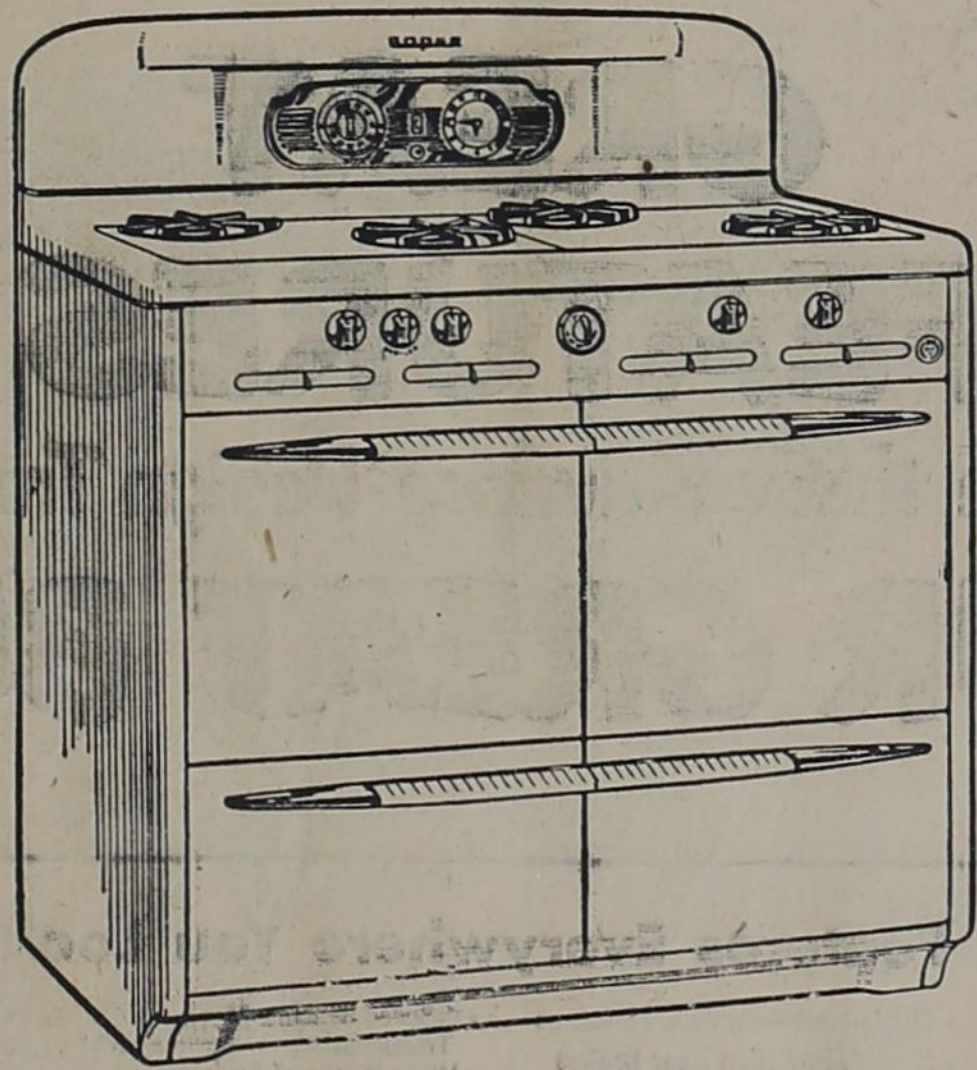

The Progressive Study Club of Friona held its regular meeting on Thursday night of last week, with Mesdames Richard London and Tilden Slagle serving as hostesses at the Club House.

Mrs. J. T. Gee and Mrs. W. H. Flippin, Jr., of the Modern Study Club were visiting speakers, presenting a program on old pioneers of the area, and exhibiting numerous interesting pictures.

Some twenty members and guests were present for the meeting.

### Church Officers Will Be Installed

According to the Rev. George E. Meyer, pastor of the Congregational Church of Friona, installation of the officers of the church and the "hold-over" officers is to be held at the morning Worship Hour of the Church on Sunday at 11:00 a. m. Every officer of the church, every member and every friend of the church is urged to be present by the pastor.

The officers of the church were named for the ensuing year at the annual meeting of the church held on the evening of January 7th following a "pot-luck" luncheon. The moderator of the church, Clyde Goodwine, presided. The officers of the church, including the pastor, and officers of the organizations of the church made their report. A vote of thanks was given the treasurer Mr. O. F. Lange, Mr. E. R. Bowers for his work in and about the church building and Mrs. Bowers for her splendid co-operation in the work of the church. The church created a "Board of Benevolences" names of the members, in addition to the pastor, to be named by the organizations of the church. The church voted to support and enter into such cooperative efforts with other churches of the city that might be arranged.

Mrs. L. F. Lillard reported for the nominating committee. The report was accepted and officers elected. Floyd T. Schlenker and George Treider were elected to the Board and W. H. Flippin was chosen as a new deacon.

The officers of the church, including the holdovers on the board, the deacons and the deaconesses stands as named.

Trustees: Floyd T. Schlenker, George Treider, Ralph Wilson, Mrs. Otho Whitfield, Glen Reeve and Mrs. Fred White, Deacons: Carl C. Maurer, Buell Sanders, W. H. Flippin and John White deacon emeritus Deaconesses: Mrs. Charles Holmgren, Mrs. Ralph Wilson and Mrs. Pearl Kinsley. Moderator, Clyde Goodwine; Sunday School Superintendent, Otho Whitfield; Treasurer, O. F. Lange, Clerk, Mrs. J. C. Wilkison Assistant Clerk, Mrs. F. T. Schlenker; Director of Music, Mrs. Floyd Reeve; First Pianist, Mrs. C. C. Maurer; Second Mrs. L. F. Lillard; Statistician, Mrs. Lillie Taylor; Reporter, Mrs. George E. Meyer; Ushers: Billie Sanders, Gaylord Maurer, Glen Evan Reeve, John Fred White, and Bob Conway.

The Rev. Mr. Meyer announces his sermon subject for the Installation Service of next Sunday as:

"Ezra Stood On a Pulpit of Wood." The next church family night is be February 4th.

### Wreck Victims Are Treated Monday

H. H. Weis and Mrs. J. L. Shaffer spent Monday night in the Friona hospital receiving treatment for shock and bruises sustained when the automobiles driven by the two collided at an intersection in southeast Friona, late Monday afternoon.

Mrs. Shaffer was driving north from the lower part of town to the home of her daughter, while Weis was traveling west toward the business district. Apparently blinded by the setting sun, Weis drove into the Shaffer car.

Hospital attaches said Tuesday morning that Weis was recovering satisfactorily from a light heart attack which he sustained following the wreck, while Mrs. Shaffer was allowed to return home Tuesday.

The automobiles, a new Oldsmobile belonging to Shaffer, and a 1948 Ford belonging to Weis, were smashed up but not badly damaged.

### Water Main Extension Work Slated To Start

Roy Wilson, Friona city manager, said on Monday that he had been informed that extension and improvement of the current water mains in Friona would begin during the latter part of this week.

H. B. Jordan, of Plainview, is contractor for the work, which is slated to improve water service over town, with replacement of some out-moded small mains in the business district and extension of the lines to the growing residential area. It is understood that the work will begin around the water plant and work out over town.

In the meantime, M. R. Smith, representing the firm of Parkhill, Smith and Cooper, is here as engineer, drawing up plans for the city paving program which will likely get underway in the spring, Wilson said.

Plans for the new city hall are also under consideration, and officials expect to advertise for bids on this construction and the paving program in the early part of February.

All three projects were approved last year when a majority of Friona voters put their okay on a big bond issue for city improvement.

### Zone Conservationists Will Visit Parmer

Two zone conservationists from the Fort Worth Soil Conservation office, Hershell Bell and Mr. Bouie, will be in Parmer county on Thursday of this week, it was reported today by Bill Kennedy, head of the local office.

Kennedy said that the visitors would likely make a tour of the county to see what conservation work had been accomplished by farmers cooperating with the SCS, and in addition, would probably outline plans for further projects.

### Parmer 4-H Clubbers To Be Honored At Houston Stock Show

Parmer County 4-H Club members will be honored on February 10 at the Houston Fat Stock Show and Livestock Exposition, President W. A. Lee announced.

In a letter to County Agent Joe Jones, Mr. Lee reported that special concessions in prices would be made on that day which has been designated as 4-H Club Day. Veteran agricultural students will also be feted on that day.

Four-H Club members and veteran agricultural students throughout Texas may obtain special tickets for matinee performances of the World Championship rodeo, providing their order is received by the Stock Show before January 15, Mr. Lee said. Price of the rodeo tickets will be

\$1.80, including tax and front gate admission, less than one-half the established price for tickets. In announcing the special day, Mr. Lee expressed appreciation for the splendid cooperation accorded the show by members of the extension service staff, county agents and home demonstration agents since the beginning of the show.

Show dates for 1951 are January 31 through February 11. The rodeo will star William "Hopalong Cassidy" Boyd, with Eddy Arnold, nationally-known ballad singer, and his Oklahoma Wranglers. A calf scramble is also being set for all 19 performances.

Other tickets may be obtained by writing Rodeo Ticket Director, P. O. Box 2371, Houston, Texas. They are priced from \$3.60 to \$2.10. Orders should be accompanied by a money order blank or check, plus 40 cents to cover handling and registration.

### Questions & Answers Given for Veterans

Q—Lately I've been reading a lot about "side payments" on GI home loans being illegal. Exactly what is a "side payment" and how is it made?

A—Here's an example that should answer your question. A veteran wants to buy a home, priced at \$12,000, with a GI loan; but VA's reasonable value for that home is set at \$11,500. The seller refuses to come down, so the veteran, in his eagerness to get the home, agrees to make an undercover side payment of \$500 that would not be reflected in the purchase price reported to VA. Such a payment is illegal. It also defeats the purpose of the GI Bill to protect the veteran against excessive prices for homes.

Q—I have a certificate of eligibility for GI training, which I received from VA back in 1946. May I use that certificate to enroll in school next month?

A—No. Certificates issued by VA prior to October 23, 1949, are void and must be replaced with new ones. The new VA certificate will show the course and school the veteran has selected, and will be good only for that course and school.

Q—I have been training under Public Law 16 for 3 years and have been declared rehabilitated. I'd like to continue training under the GI Bill, as I have one more year of entitlement remaining. May I do so?

A—Yes. You may utilize your remaining entitlement for GI Bill training, even though you were rehabilitated under Public Law 16. But you must begin GI Bill training on or before July 25, 1951 in order to continue thereafter.

For students: The Tribune, \$2 year.

### Report Is Given On Savings Bond Sales

Residents of Curry County invested \$13,980.00 in Series "E", U. S. Savings Bonds during November, Reece Cagle, chairman of this County's

Savings Bond Committee has announced. Series "F" and "G" attracted \$3,800.00 last month.

State-wide sales of \$1,531,690.50 last month exceeded those of any month in 1950 or in 1949. This total includes, November, \$569,540.00 bought by "special investors."

## FIFTEEN PLAINS COUNTIES LINED UP TO FIGHT FOR UNDERGROUND WATER RIGHT

LITTLEFIELD — Reactivation of one county organization and formation of another brings to 15 the number of units participating in the program of the High Plains Water Conservation and Users association, the group's office here reports.

The Deaf Smith County Water Conservation Association, at an enthusiastic meeting attended by 200 underground water users, was recently reorganized in Hereford.

Tom McFarland, manager of the Hereford Chamber of Commerce, is president. Other officers are John D. Aiken, vice-president; Claude Ricketts, treasurer; and Bruce Miller, secretary.

The new unit is the Hockley County Water Conservation Association, which is headed by Burnett Roberts and Bert Eads of Levelland, both active in the Hockley County Farm

Bureau.

Inactive for more than a year, the Deaf Smith group said it was reorganizing to be ready to meet any future challenges against local control of underground water. Officers warned of "the constant threat of forces in Austin and elsewhere seeking to gain control of our underground water."

The Hockley group, Roberts said, "Wants to carry its share of the burden in this constant fight to safeguard our water rights. The law says the water belongs to the man who owns the land; we want to keep it that way."

Associate members of the High Plains Association are in 14 counties: Hockley, Lamb, Crosby, Deaf Smith, Swisher, Bailey, Dallam, Castro, Floyd, Hale, Parmer, Lubbock, Briscoe, and Randall, plus the Pe-

tersburg association, which takes in a small area bordering on three counties.

## Rural Texans Enjoy Rural Electrification

COLLEGE STATION — Approximately 90 percent of all the farms and ranches in Texas now have station electric service. The bringing of electricity to rural homes has given the farmer and his family, says professor P. T. Montfort of the agricultural engineering department of Texas A. and M. College, a new tool which offers almost unlimited possibilities in revolutionizing farm living and farm operations.

Montfort says electricity is a versatile source of energy. From the same set of wires and by flipping a switch, the farmer may have light, heat or power. Electricity is easy to transport. It can be carried over-head under ground or between the walls

to any point where it is needed. It is safe when transported through a properly designed and constructed system of wiring and when the correct equipment is used. On the other hand, he points out that it can be the cause of fires and serious accidents when wiring systems are not properly installed and when the user become careless.

He says the most extensive use is now made of electricity on farms where most of the production and processing activity takes place in or near the farm buildings. Listed in this category are dairy, poultry, truck and livestock farms. Montfort estimates the 7,200 Texas dairy farmers who used milking machines in 1943 saved approximately \$10,700,000 in labor costs alone and the electricity for doing this job cost them about \$155,000. Dairymen have also found, he says, that a high rate of milk production can be maintained when the cows are kept comfortable and that electricity can help do the job.

Using inexpensive electric water heaters during the winter time for warming cow's drinking water, ventilating fans for cooling the milking barn in the summer time, and better insect control through use of electric sprayers are a few of the uses than can be made of electricity to help keep "Bossy" comfortable.

Montfort says some 250 profitable ways for using electricity on the farm have been proved by research but generally farmers are using only a limited number of them. He suggests that farmers take advantage of every opportunity that they may have for increasing their knowledge on using electricity on the farm and in the home. He says the housewife, like the farmer, is still doing many back-breaking jobs that could probably be done better and a lot cheaper with electricity and that the time saved could be spent doing some of the things they like to do when the home chores are done.

Before marriage, they bill and coo. After marriage, the cooing stops and the billing begins in earnest.

The neighbors and friends of "Grandma" Robertson will meet this afternoon (Wednesday) in the Harold Carpenter home to make quilts for "Grandma" Robertson, whose possessions were destroyed in a fire Saturday night.

**LAZBUDDY PTA HOLDS FIRST 1951 SESSION**

First 1951 meeting of the Lazbuddy Parent-Teachers association was held Monday night with a good attendance, Mrs. Jack Smith, reporter, says.

After the business meeting, Miss Nell Cunningham, itinerant teacher for the county, discussed "How Valuable Are Report Cards."

Included in the discussion were the type of reports which consist of original methods as A, B, and C; letters to parents describing student behavior; visitation of teachers to homes; parent-teacher conferences and child's attitude toward grades; also the effect of child's behavior on grades.

In talking about the physical limitations, Miss Cunningham explained the affectional and socialization status which determines if the child is accepted by other students; and the emotional well-being of a child in relation to grades.

According to the itinerant teacher, the value of a report card is determined by the way it is used. If the report shown is the best the child can do, then it is valuable to him, regardless of the mark.

After Miss Cunningham's speech the fifth grade presented a program. Ronnie Ivy gave a poem, "The Bird" and a play "Tommy Taylor's Troubles" was presented.

Archie Sims, superintendent of schools, urges all members to attend the next meeting on Feb. 5, when important business concerning the school will be discussed and explained.

**Ella Bradshaw Takes Tour With Wayland**

The Wayland Harvest Queens, coached by Sam Allen, left Plainview last week aboard four Beechcraft Bonanzas for games in Houston, Mexico City and Dallas. Included on the team is Ella Bradshaw of Bovina.

In Houston, the Queens were pitted against a new team coached by Danny Lynch, formerly coach of the Dallas Dannies. Games were scheduled there Friday and Saturday nights.

They left Houston Sunday, and arrived in Mexico City the same afternoon, where Coach Tony Delgado of the "Tintoreraz" had planned a reception at the airport and plenty of sight seeing during the visit to Old Mexico.

The Tintoreraz rank high in the Mexican National Women's basketball. They have defeated the last year's national champions, the Politas, twice this year.

The Harvest Queens and Tintoreraz were scheduled for three games Monday, Tuesday and today (Wednesday).

From Mexico City, the group plans to go to Dallas. Here they will enter a four-team tournament with the Dallas Hornets, Hanes Hosiery Mills of Winston-Salem, N. C., winner of third place in the National Tournament at St. Joseph, Mo., last March; and a high geared team from Ft. Worth that has already won over the Hornets this year.

Returning home Sunday, January 14, the Queen will play hostess to the Hanes Hosiery team Monday and Tuesday.

**MAGNESS HOME IS SCENE OF MEETING**

The Variety club met in the home of Mrs. Dickie Magness Tuesday afternoon with Mrs. Clarence Christian president, presiding at the meeting.

A surprise handkerchief shower honored Mrs. Jewell Barry on her birthday. During the afternoon the group members embroidered cup towels for the hostess.

Attending the affair were Mesdames Barry, Christian, Sam Sides, John West, J. N. Pruitt, Luther Grissom, W. P. Shelly, Walter Verner.

Jack Roach, Ed McGuire, Clyde Perkins, H. T. Edwards, Robert Caldwell, Thad Watkins, Sam Shelly, and the hostess Mrs. Magness.

Next meeting will be in the home of Mrs. Shelley.

**Local Boys Report For Pre-Induction Physicals Monday**

Three boys from this county were members of the group of thirty-six men who reported for pre-induction physicals Monday.

Included in the group are Melvin Marvin Bingham, Lariat; Stacy Queen, Bovina; and Edwin Hart, Farwell.

They left by chartered bus from Hereford for Amarillo to take physicals.

**The Case Of The Missing Washpan...**

The Tribune staff was quite perturbed Monday morning on getting to work, to find a slightly used Washpan missing. Furthermore they had no clues to the time of the disappearance, nor to the identity of the culprit.

As the staff's hands became more and more ink-stained, their curiosity about the missing washpan became more and more acute, and still no solution.

The Tribune members didn't wish to make any accusations, but for some reason, John Aldridge seemed to have exceedingly clean hands the past week, and upon hearing of the plight of his next-door neighbors, promised to help retrieve the misplaced washpan.

Post Script After Aldridge dropped in Tuesday, the pan mysteriously was back in place.

**Arrives In States For Treatment**

First Lieutenant J. B. Williams who has been in Okinawa for the past twelve months, was returned to the United States for medical treatment Saturday, January 6th.

Lt. Williams landed in California where he will receive treatment, but the name of the hospital where treatment would be given was not known at the time he called his wife here.

He has been receiving treatment in an Okinawa Hospital for the past month prior to being returned to the States.

He is suffering from an eye and head trouble.

**Child Is Recovering From Rheumatic Fever**

Gwenlyne Potts, small daughter of Mr. and Mrs. Herbert Potts, is recovering from a light case of rheumatic fever, her mother, Mrs. Potts told a Tribune reporter.

Gwenlyne has not been attending school, but her family is hopeful that she can return next week. She is in the third grade.

The 8-year-old child has been receiving treatment at a Clovis hospital.

Mrs. Potts stated that her daughter certainly appreciated all the nice cards and gifts which people have sent her. "She really loved them," she said.

**CARD OF THANKS**

We wish to thank our many friends for their kindness and help through the sickness and death of our father; also for the lovely floral offerings. May God bless each of you.

J. E. Watkins and family, G. T. Watkins and family, Drew Watkins and family, Mrs. R. S. Smalts and family.

Mrs. R. G. Hammond of Clovis was in Farwell, Monday morning and visited The Tribune office to renew her subscription.

## FRANCES DAUDE MARRIES MARTIN KUBE IN NEW YEARS' EVE CEREMONY AT LARIAT

Miss Frances Daude, daughter of Mr. and Mrs. A. H. Daude of Lariat, Texas, became the bride of Martin Kube, son of Mr. and Mrs. Albert Kube of Muleshoe in a candlelight ceremony, Dec. 31, at 6:00 p. m.

Vows were exchanged in the St. John Lutheran church, at Lariat, Texas.

Rev. W. B. Gummelt read the double ring ceremony.

Martin Kriegel, organist, played a program of wedding music and the traditional wedding marches. He accompanied Whily Baker, who sang, "O Perfect Love," and "Draw Us To Thee."

The church altar was decorated with palms and gladioli and with white candles forming an arch.

The bride was escorted by her father, who gave her in marriage. She wore a white satin wedding dress with a fingertip veil, and carried a white Bible topped with feathered carnations, with satin streamers.

Miss Daude's attendants were Miss Mary Kriegel, maid of honor, a close friend of the bride, who wore a green taffeta gown and carried a bouquet of pink carnations.

Brides maid was Miss Agnes Meissner, also a close friend of the bride. She wore a pink taffeta dress and also carried a bouquet of pink carnations. Candelighters were Miss Linda Kube, cousin of the bridegroom, who was attired in yellow organdy formal with a corsage of white carnations.

Raymond Evans, a cousin of the groom, served as best man and ushers were Ernest Ram, a cousin of the groom, and Arlyn Kriegel, a close friend of the groom.

Mrs. Daude, mother of the bride, chose for her daughter's wedding, a lavender dress, and wore a corsage of pink carnations. Mrs. Albert Kube, mother of the groom, wore a black dress, and a corsage of pink carnations.

A reception for relatives and friends was held immediately following the ceremony. The cake was served by Joan Allison, punch was served by Agnes Meissner and Mary Kriegel presided at the coffee service. Following the reception, the couple left for a short honeymoon. For her traveling costume, the bride chose a blue suit, with black accessories.

The couple will make their home in Progress, Texas.

## MATCH SPREADS, BREADS FOR SANDWICH APPEAL

Lunch box planning blues are likely to creep in during January. For this reason if you're a lunch box preparer you'll want to look for new additions to your sandwich list.

For instance, you can include the ideal bread and spread combinations. Ground cooked liver combined with finely chopped carrot or pickle relish is grand spread on whole wheat bread and an especially nutritious sandwich, according to meat expert Reba Staggs. Corned beef combined with minced onion and mustard is a favorite with rye bread.

Of course the homemaker must never overlook the valuable sandwich ingredient she has with the package of bacon in her refrigerator.

representatives of all of the aforesaid parties; Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Farmer County at the Court House thereof...

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings this suit in trespass to try title alleging that on or about Dec. 1, 1950, he was the owner in fee simple of the following described land:

North 320 acres of Section Twenty-two (22), Block "C", Capitol Syndicate Subdivision in Farmer County, Texas; and 207.4 acres out of Capitol League Number 497, described by metes and bounds as follows:

Beginning at a point 300.5 varas south, 3 degrees 20 minutes east from the northeast corner of said survey 22, said starting point being the southeast corner of the northeast 160 acres of said survey 22, marked by an oak stake, thence north 50 degrees 17 minutes east parallel with the north line of said survey 22, 1242.3 varas to a point in the south line of the northwest 160 acres of Survey 22, said point being the northeast corner of the southwest 200 acres of survey 22.

Thence south 3 degrees 20 minutes east 1410.2 varas to a point 100 feet north of the north line of the P and NT Railroad Company's right of way, thence north 50 degrees 17 minutes east parallel with the northwest boundary line of the P and NT Railroad Company's right of way 240.8 feet;

Then easterly at right angles 75 feet; thence northeasterly 3075.9 feet to a point in the east boundary line of said section 22, 86 feet north of the southeast corner of said section 22; thence north 3 degrees 20 minutes west, parallel with the west boundary of said survey 22, 404.14 varas to the point of the beginning.

Said land all being in Section 22, Block "C", Capitol Syndicate Subdivision, Farmer County, Texas; and being out of Capitol League No. 497 and on such day the defendants unlawfully entered upon said land and ejected him therefrom, to the damage of the sum of One Thousand and no/100 (\$1,000.00) Dollars; being the annual rental of said land and plaintiff further pleads the ten year statute of limitations as more fully shown by Plaintiff's Petition in this behalf filed.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas this the 16th day of December A. D. 1950.

Anemia Can Be Symptom Of Another Ailment

Anemia is either a very serious disease—namely, pernicious anemia—or, far more often, it is a symptom of some other ailment.

"The average person believes he has anemia if he is always pale and tired," says the January issue of Good Housekeeping magazine. "This may or may not be true. It's possible to have normal color and still be anemic; it's also possible to be constantly fatigued and to have healthy blood."

Describing anemia as "a condition in which there is a deficiency in the number of the body's red corpuscles, or in the amount of hemoglobin in them, or both," the article states that most anemics suffer primarily from an underlying ailment.

The author cites the three main causes of anemia as: "loss of blood, defective formation of the red blood cells, and destruction of the blood after it has been formed." These causes give the physician a clue to the underlying condition.

Although the doctor treats anemia caused by iron deficiency with adequate doses of iron, it is dangerous and wasteful for a person who thinks he is anemic to dose himself with iron tablets or liver. Self-medication, says the article, overlooks a basic illness that may be very serious.

When ma says pa hammers nails like lightning, it doesn't necessarily mean that he's fast; could be that he just never hits twice in the same spot.

**TOY DAY FEATURED IN GRADES**

The first, second, third and fourth grades had a toy day January 2, and all the children brought toys to school. Mrs. LeRoy Faville, first grade teacher, stated that most of her pupils had new toys they received from Santa Claus.

Most of the girls had new dolls, while the little boys had guns and holster sets and cars or trucks.

Mrs. C. B. Stockton reported that the girls in her room had dolls, the most outstanding of which was a giant red and white teddy bear, which belonged to Jerry Thigpen. Margaret Hudson had doll furniture to go with her doll.

The boys had mostly guns, but Leslie Dyer had an English dump truck sent to him from England by relatives there. Bobby Wilmeth had a giant road grader.

Mrs. Frank Seal reports that the girls in her room had a tea party with their dolls and the tea set belonging to La Donna Stewart. The boys played guns and the entire class enjoyed films which Charles Bennet

Stockton had with his new view-master.

The fourth grade boys played guns, and the girls played dolls. Joyce Armstrong had a princess doll and Ann Spies a magic skin doll. Mrs. B. A. Rogers reported that iceboxes, telephones, and other doll furniture helped make a home for the dolls.

**RADIO PLAY PRESENTED BY SPEECH CLASS**

Representatives of the Texico speech class presented an educational radio program Saturday 11:15 a. m. over KICA sponsored by Delta Kappa Gamma. The play, a fifteen minute presentation entitled "Don't Trust Strangers", issued a warning to the American people, who are swindled out of millions of dollars each year. It was the story of what happened to just such a family when a smooth talking salesman called.

Included in the cast were the narrator, Doris Leavell; Mr. Owen, Kennard Harris; Mrs. Owen, Bobbie Williams; Mr. Bascome, Donald Engram; Miss Lowman, Jo Sandra Magerus; and the District attorney, Ronald King.

Background music was furnished by Anita Brown at the piano.

**NEW STUDENTS ENROLL**

Three new students enrolled in the Texico high school at the beginning of the second semester. The freshmen, sophomore, and junior classes each gained one.

Bill Joe Gates, who formerly attended school at Clovis, New Mexico, joined the freshman class and enrolled in general science, English I, and agriculture I.

Gene Armstrong, who is a member of the sophomore class, is enrolled in agriculture II, English II, safety education, algebra I, and band.

Keith Scott, has returned to Texico and is a member of the junior class and is enrolled in geometry, agriculture II, English III, and American history.

## FARWELL BOYS GAIN FIRST 1951 TROPHY; WIN CONSOLATION IN MORTON TOURNEY

The Farwell boy's basketball team won their first trophy of the 1951 season last weekend when they topped Whiteface for the consolation title.

Heretofore, the Steers have maintained a losing streak in tournament competition; losing out in the second round of play in both the Vega and Farwell tournaments.

The Steers were pitted against Levelland Thursday night in the first round of play and lost out in the last minutes by two points.

The Levellanders held a one point lead at the end of the first quarter, but the locals surged ahead to top them 16-12 by halftime.

Still on a scoring spree, Farwell edged their opponents 29-20 by the third. But the Steers began lagging in the fourth and saw their nine point lead dwindle as the game neared the final whistle. Final score favored the Levelland team, 35-33.

Eight men scored for both teams with Gerles pacing the locals with 16 points. Pheler made 12 counters followed closely by Burnett with 10 for Levelland.

The Steers competed against Amherst Friday afternoon for a chance to play in the consolation match and scored 32 points over their opponent's 25. Farwell led all the way, widening the margin steadily.

Only two points ahead at the end of the first quarter, Farwell was not to be stopped and the score stood 17-12 at halftime, and the lead was maintained until the final whistle.

Christian made 9 points and Dosier made 7 for Farwell with Baird scoring 9 for Amherst. Seven Farwell men scored in the game.

The consolation tilt with Whiteface was played Saturday night; with Farwell again holding a winning score from the beginning.

With a three-point lead at the end of the first period, score stood at 21-11 at the half. Whiteface began gain ground in the third and pulled up to a 23-27 count by the third. But the opponents couldn't seem to go over the top and Farwell won 32-28.

Scoring for the locals was Christian with 11 points, Doshier, 8; Coburn, 6; and Gerles, 6. Walker racked up 8 for the losers and Dickerson made 7.

Entered in the tournament were teams from Farwell, Levelland, Amherst, Whiteface, Brownfield, Bula, Morton and Three-Way.

Morton won first, Levelland, second, and Brownfield, third.

In previous competition, at Vega and Farwell, none of the same teams were encountered. At Vega, the locals won out over Hereford and then were completely swamped by Adrian.

In the total tourney, they faced the same situation when they topped Springlake and were defeated by Sudan by a top-heavy score.

Both defeats eliminated them from trophy competition.

### LENORA MCDERMOTT IS ILL

Mrs. Woody McDermott, who has been ill the past week, is reported to be improving steadily this week.

## Girls' BB Team Wins One; Loses One

The girl's basketball team at Farwell schools played two games over the weekend, and lost their first encounter rally for a top-heavy score over their second opponent.

Playing Rosedale, N. M., Friday night on the opponent's court, the locals were swamped by a 60-49 score. Dragging all the way, Farwell couldn't seem to overtake the Rosedale sextette.

The locals were only lagging four points at the end of the first quarter, but they lost ground steadily and by half time, their opponents held a 32-23 lead.

As the game progressed, Farwell kept falling behind and allowed the Rosedalers a 14 point lead at the end of the third, but they narrowed the margin to 11 points by the end of the game.

Betty Foster and Caryetta Grissom were both high scorers, with 22 and 21 points respectively. Kent sacked up six counters.

High scorer of the game was Harrington of Rosedale.

In the second weekend game the local girls topped Whiteface 49-32. With the opponents trailing 8-13 at the end of the quarter, Farwell really began clicking and racked up 27 points to 10 points for Whiteface by halftime.

Both teams made seven points in the third quarter, and Farwell held their lead until the end of the game to chalk up a 49-32 win.

Grissom was high scorer for the game with 21 points, followed by Bettie Foster with 17 counters. Marcia Foster chalked up 6 points.

Three Whiteface girls made 10 points each for scoring honors for the opponent's team.

In the "B" game played by the locals and the visitors Saturday night Whiteface won over the locals, 32-18.

Making only two points the first quarter, the Farwell girls permitted the visitors to hit 10 counters and by halftime, Whiteface was leading 18-10. Both teams made six points in the third period of play.

LaVerna Christian and Rose Hines won scoring honors with 7 and 3 points, respectively.

## Whirlwinds Lose To Forrest Pirates

Texico Whirlwinds were defeated by the Forrest Pirates on the Pirates home court Saturday night 18-26. The score was tied in the initial stanza 8-8. The Forrest sextet pounded away during the second and third quarters, with the local lasses unable to find the basket, and ran the score up to 8-22.

In the final phase, the Whirlwinds rallied to score 10 points, but were unable to break the Forrest stall in the last three minutes when they added another 4 points as a result of the Whirlwinds repeated attempts to intercept.

## Wolverines Split Two Matches During Past Weekend

Texico Wolverines defeated the Dora Coyotes 49-44 in a hard fought battle on the Coyotes' home court Friday night. The Dora five, who were favored to win, held a slight edge over the home team until the last half, when the Wolverines pulled ahead to win over the strong Dora team.

At the end of the first half the score stood at 17-19 with the locals trailing. In the third quarter, the Wolverines gained four points on the Coyotes, which they kept for the rest of the game. High scorer for the Wolverines was Wayne Tucker with 12 points. Dora's Burney, also had 12 points to lead his team in scoring.

The Forrest Pirates defeated the Wolverines on the Pirates' home court Saturday night by a 24-34 score. The strong Forrest team lead the scoring all through the game, with the Wolverines unable to overcome their substantial lead at the half. High scorer for Texico was again Wayne Tucker with 12 points, Terry led the Forrest squad with 15 points.

## 2 Games Cancelled; Seven Tilts Remain On January Schedule

Two games scheduled for the Texico basketball teams have been cancelled, but seven tilts for January remain to be played, Fern Stout, principal of schools, said Monday.

The games were called off because of adverse weather condition, and a substitute date of February 5 has been arranged.

The Elida game, previously announced for Friday night, has been scratched because of a mix-up on dates.

Next clash for the locals will be on Saturday night, with the Jal boys visiting here, after which the Wolverines will rest until January 19 when they meet the Ranchvalers on that court. A girls' game also will be played at Ranchvale.

On January 20, the Portales team will be guests at Texico, and the locals go to Bovina on January 23. Two other home games include a tilt with Grady January 26 and with Rosedale on January 30.

The teams will go to Floyd, January 27th.

## Farwell Athletes Awarded Jackets

A special assembly was held Monday afternoon at Farwell, to award letter jackets to senior boys.

Under the new award system students receive a jacket only when they are seniors, receiving letters for the activities in which they are outstanding. Students must letter in a major sport to be eligible for a jacket.

Senior boys receiving the awards Monday were John Christian, Bob Gerles, Jerry Pool, Harold Doshier, Beyle Nix, Bill Crume and Pete Hughes.

Jerry Pool and John Christian, co-captains of the football team, presented short speeches; Supt. Jack Williams, S. S. Jobs, Kenneth Livingston and Tommy Hestand also discussed the athletic season.

### VISIT IN HEREFORD

Mr. and Mrs. A. C. Henneman spent the past weekend in Hereford visiting his mother, Mrs. Bess Henneman.

## Texico Boys And Farwell Girls Win In Games Last Night

The Texico boys racked up the winning score and the Farwell girls won their tilt, in two games scheduled between Texico and Farwell last night.

The boys teams fought it out, staying within two points of each other the first half, with the Texico quintet surging over the top the last two periods of play.

At the end of the first, the New Mexico group led by two points, and the score was tied 17-17 at the half. But Farwell lagged six counters by the third period and Texico topped them 44-37 in the final count.

High point man of the game was Christian from Farwell with 18 points; with Tucker pacing the Texico team with 13.

In the girl's tilt, Farwell gained the lead in the first minute of play and widened the margin steadily until the final whistle. The Texans were leading eight points at the end of the first period and the score stood 21-8 by halftime.

Still struggling, the Texicoers were lagging 16 points by the end of the third and suffered a 41-22 defeat by their opponents.

Betty Foster chalked up 20 points for Farwell and Grissom hit 19. Peterson made nine of the Texico counters.

## Muleshoe Defeats Farwell One Point

In a hard-fought battle last Wednesday night, the Muleshoe basketball team defeated the local quintet 35-34.

The Farwell team couldn't get on its feet and allowed Muleshoe the top score all the way. Trailing two points at the end of the first quarter, Farwell hit a streak of bad luck and were dragging 18-12 by halftime.

Gaining a little in the third, they were five points behind and lowered the margin to one point by the final whistle.

Christian paced the locals by making half the points, 23 in all. Gerles scored 6, Coburn made 3 and Dial racked up two.

Whipple made 9 points for the opponents, Byrd made eight and Nickles made 8.

## Farwell Plays Bovina On Home Court, Friday

Farwell's next scheduled basketball games will be with Bovina on the local court, on Friday night, with another home game scheduled Monday night with Melrose.

The girl's team will meet Forrest Tuesday and both teams will go to Lazbuddie the following Friday night for games.

Two other out-of-town games are planned this month, one with Friona January 23 and the other with Hereford January 30. Vega will play on the local court January 26.

## Golden Gloves Meet At Canyon, Jan. 12-13

The West Texas District Golden Gloves meet is to be held in Canyon on Friday and Saturday of this week, January 12 and 13.

The new district set-up includes Farwell, Friona, Bovina and towns south of Amarillo. All boxers may weigh in at Canyon between 3 and 6 o'clock on Friday, with the meet being held in the West Texas college gym at 7:30 in the evening.

Mr. and Mrs. Elbert Landrum spent last week end in Snyder, Tex.

## Wheat Perks Up After First January Snow

A slight tinge of green is beginning to show this week on Farmer County wheat fields, following the beneficial rain and snow received over the area last week.

Although it will take more moisture in the succeeding weeks to bring the crop through the usual spring winds, farmers are still rejoicing over the near-inch of moisture that the first and second days of the New Year brought forth, following a long-drawn-out dry period which had not been broken since early last fall.

County Agent Joe Jones said today that he made a wide swing over the county last week, looking over the wheat, and reported that the crop seems to be putting out new roots which will protect it against winds and continued grazing.

Some damage has been reported from insects during the warm, dry winter days, Jones said, but gave it as his opinion that "just plain lack of moisture" had done more harm than anything else.

## January Meeting Of Commissioners Held

The first regular meeting of the Farmer County Commissioners Court

for 1951 was held at the courthouse on Monday of this week.

Records in the office of County Clerk Loyde Brewer showed that the commissioners approved bills submitted to the court and ordered their payment.

Other business consisted in naming the Friona State Bank as the depository for county funds, and in setting the salary of Rosa Lee Tabor, deputy county and district clerk, at \$200 per month.

## Bank Remodeling Will Continue Six Weeks

Improvements at the Security State Bank in Farwell will probably continue for "a month to six weeks" G. D. Anderson said on Tuesday.

Anderson explained that a delay in the arrival of some marble was holding up the work, which had been slated to be finished about this time.

The inside of the bank is being completely revamped, and a new and modern front is being added to the brick building.

## Grade Boys Continue Basketball Workouts

The Junior High Basketball team is continuing basketball workouts, says S. S. Jacobs, coach, although they have not had any games scheduled since Christmas.

Work-outs stress drills, fundamentals, shooting and ball handling, Jobs says.
