

There is a diversity of opinion among the Texas Politicos regarding the upcoming Constitutional Revision election. Governor Briscoe has now come out against the entire revision program. We feel that Briscoe should have said more about his objections while the new sections were being drafted.

Getting the State a new constitution has not been a minor expense to the taxpayers of the state. We voted down the fruits of several million dollars of the taxpayers' money last year. The latest attempt to renovate the 100-year-old document has also cost the state additional money. The governor should have consulted with the drafters of the present program earlier and thereby saved the taxpayers additional monies.

We want to point out that in this election EACH SECTION of the proposed revisions will pass or fail on their individual merits and not affect the entire revision program. In other words, some can pass and some can fail and those that pass will become effective. The entire program is not endangered by a failure of one or more sections being balloted upon.

A summary of the proposed constitutional amendments was published in the September 12 and 19 issues of the Tribune. Each person in the State of Texas was mailed a brochure containing the complete language of the contemplated changes. We hope that as concerned citizens our local folks will read these notices. We have additional information in our office and would be glad to share this info with any interested party.

We are not sure if the situation in New York City is the result of too little or too much citizen participation in that unhappy city's affairs. Maybe the politicians got the New York natives in their mess without the people really being aware of the problems. Frankly we doubt that.

We think that the people of New York City knew full well what was going on at City Hall. We think that the locals wanted a spendthrift, improvident government. We think the people in that area wanted their elected officials to provide them with all sorts of "Government goodies" without regard for how they would be paid.

In short, the local citizenry got what they asked for. Now let them pay for it. However, we will bet a kopeck or two that somehow, under some guise, we the people of the High Plains will pick up some part of the NYC tab for irresponsible government.

October has provided the High Plains with ideal harvest weather. As of this writing there has not been any frost or rain to impede the steady progress of the combines across our golden acres of grain. This weekend ought to see the large majority of our corn and sorghum crop safely in the elevator with only a scattering still to be combined. Probably at this time a spell of rain would be appreciated to help the fall wheat get ready for winter.

Our weatherman has been hinting that this moisture is a possibility for us. Surely the Master has been watching His beneficence upon our land. We in turn need to express our thanks to Him for His bounty to us. Our churches could do well to plan a special thanksgiving worship period this year. It would be a blessing to us all.

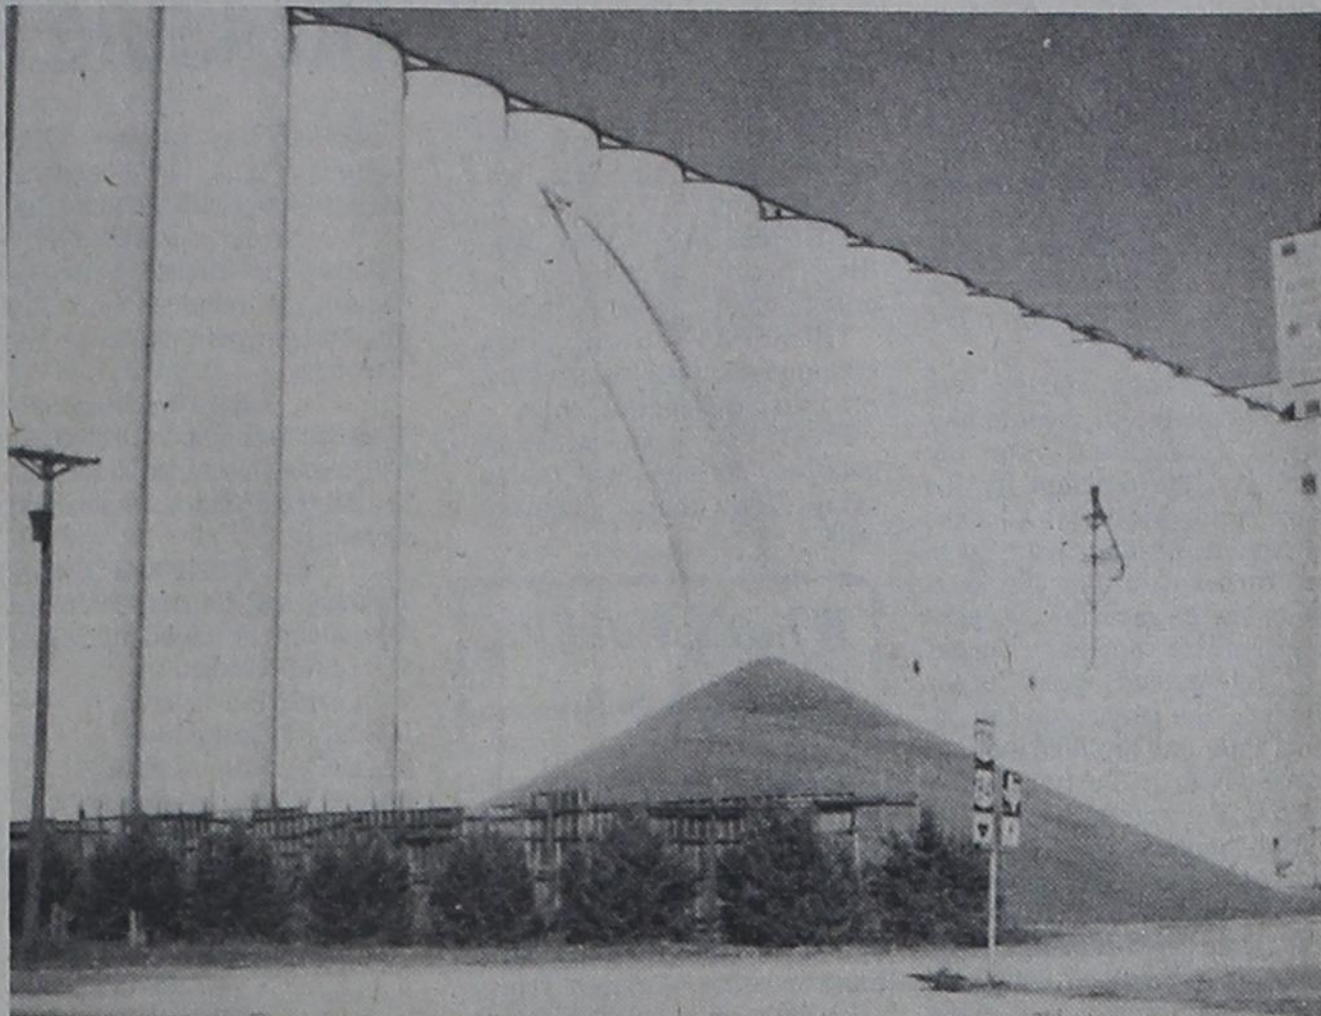

Farwell City Council Sets Monday Meeting

Members of the Farwell City Council will meet in regular session Monday, Oct. 27, at 5:15 p.m. CST at City Hall.

An agenda for the meeting was not available.

Trustees Set Meet

Members of the Texico City Council will meet in regular session Tuesday, Oct. 28. The meeting is to begin at 6:30 p.m. MST at Texico City Hall.

MAKING A MOUNTAIN - With the corn harvest for 1975 near 95 percent complete Tuesday, Oct. 21, local and area elevators were making room for the bumper crop by shifting milo and other grains from inside the elevators to outside where the "gold" will be kept until moved from the elevator. "Quality of the corn in this year's harvest is good. The crop is good, heavy corn and area farmers are harvesting 8,000 to 10,000 pounds per acre," stated officials of local elevators. Fred Chandler at Sherley-Anderson-Pitman in Farwell reported that in the 21 year history of the elevator it had never been shut down during harvest. "But this year we were closed for three days. The reason for this was the fact that we were full and could not store the corn. Now that we have removed the milo from the elevator we have more room and are back in business." Bill Thigpen of Worley Mills, Inc. stated that in 24 years Worley had not closed but did so this year because "we could not dry the corn that was coming in fast enough and had to close until we could get the corn dried."

FARWELL, TEXAS

FRIDAY, OCTOBER 24, 1975

10 PAGES

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF FARMER COUNTY"

NUMBER 6

SIXTY-FOURTH YEAR

15 CENTS

Leads Contest By Two - -

Gonzales Grabs Gift, Garners Lone Lead

The key number in the seventh week of the 17th Annual Area Merchants Football Contest was eight as no one was successful in correctly predicting the outcome of all 10 games. Calling eight games for this week's first place prize money was Sam Gonzales of Muleshoe.

Gonzales took the win on a tiebreaker decision as 10 other persons correctly called eight games. The winner was six points off on his predicted tiebreaker score for the week's prize of \$5.

Taking second and third places on a tie were Leslie Lunsford and Frances Norton. Both women called eight games and each was 10 points off on the tiebreaker score. They received split prize money of \$2 each for their wins.

The other eight persons calling eight games but with larger point spreads were Lonnie McFarland, Anneta Newcomb, Steve Holley, Champ Porter, Reba Kirkland,

Steven Meeks, Eileen Dannheim and Sherri McCully.

The baffling ticket of games on the entry blank and many low scores for the week caused a "thin out" in the leaders column. In the sixth week of the contest, a total of 25 persons were in the top six places of the overall contest. With this week's tally, the number dropped to 14 persons.

Not only did Gonzales capture first place prize money for the week, but his eight correct calls put him in first place for the Grand Prize. Gonzales is alone in the number one spot with a total of 53 points. Hot on the heels of Gonzales are Leigh Ann Kirkland and Frances Norton. The two prognosticators have 51 points each.

Sharing the first place slot with Gonzales last week was Carl Kirkland. Kirkland has slipped back in the standings and is currently seated third in the contest with 50 points. Following Carl in fourth place

is mom Sue Kirkland with 49 points.

The fifth place slot is shared by six persons including Bill Craft who led the contest for the first five weeks. Craft slipped to second place last week and this week is sharing the fifth place spot with Carl Dean Goettsch, Jack Allan Kirkland, Champ Porter, Earlene Porter and Albert Smith. Each has a season score of 48 points.

Sixth place is being held by Everette Christian, Mrs. E.A. Key and Glenn Marsh. The contenders each have 47 accumulated points.

Gonzales was Grand Prize winner in the 1974 edition of the football contest and is well on his way to taking the prize again. But, just because a person is leading at this point in the contest it does not mean that he or she will garner the top award.

The Kirkland clan and Mrs. Norton are fighting for one of the two big prizes and with a

good week of guessing can overcome the lead currently held by the Muleshoe guesser.

The person who has the greatest number of accumulated points at the end of the 12th week of guessing will be declared Grand Prize winner and will take two tickets to the Cotton Bowl Game to be played New Year's Day, 1976 at Dallas. Along with the tickets, expense money of \$50 is to be awarded the season winner.

The person declared second place winner will receive two tickets to the Sun Bowl Game to be played during December at El Paso. Accompanying the tickets will be \$25 expense money.

Should there be a tie in the number of accumulated points at the end of the 12-week contest, tiebreaker scores will be figured with the person having the smallest tiebreaker declared winner.

All entries in the contest must be in the Tribune office by 5 p.m. Friday. If entries are mailed, they must be postmarked no later than 5 p.m. Friday.

Pick up an entry blank and enter the contest this week. The only stipulation is that entrants be 12 years of age or older.

Farwell Chamber To Meet Tuesday

Leading the agenda for the Farwell Chamber of Commerce during a meeting scheduled for Tuesday, Oct. 28, will be a discussion of the nursing home and dentist situations in the city.

An in-depth discussion is expected on the acquisition of a dentist for Farwell. The Panhandle Dental Society is voicing opposition to placing a dentist in Farwell. According to reports, this opposition does not necessarily mean the issue is closed. Local residents have objected to the opposition and several organizations are supporting the issue of bringing a dentist to Farwell.

Also on the agenda will be a report on plans for a bicentennial celebration.

"If Proposition 5 is approved, it will assure that farm and

1975 Corn Crop - -

Harvest Nears End, Yields 'Look Good'

The 1975 corn harvest in the Twin Cities is drawing to a close with area farmers and elevators reporting good yields with the corn being rated as good, heavy corn.

Fred Chandler at Sherley-Anderson-Pitman of Farwell commented that about 95 percent of the 1975 crop has been harvested. "The weather has cooperated with the farmers during harvest this year. A harvest will normally last about two months due to weather conditions. But this year the good weather has not let up and the harvest is being completed in about one month's time."

Chandler remarked that in the 21-year history of Sherley-Anderson-Pitman in Farwell, the elevator has never been closed until this year. We were closed three days during this

period of harvest. We had no available room to store the corn with the harvest going day after day and the volume of corn coming in caught up with us. We were closed to give us time to move our milo out of the elevator to make room for the storage of corn."

The elevator manager related that they are currently shipping corn by rail car when the cars are available. "If the price will get up, farmers will sell. Today (Tuesday) the price is \$4.60, which is off 10 cents."

Chandler concluded by stating the capacity of the Farwell elevator is 3,000,000 bushels "and we have this amount now plus what is still coming in."

At Worley Mills, Inc. in Farwell, manager Bill Thigpen reports that the capacity of

the elevator has been exceeded. "Our capacity is about (Continued on Page 2)

Fall Back - -

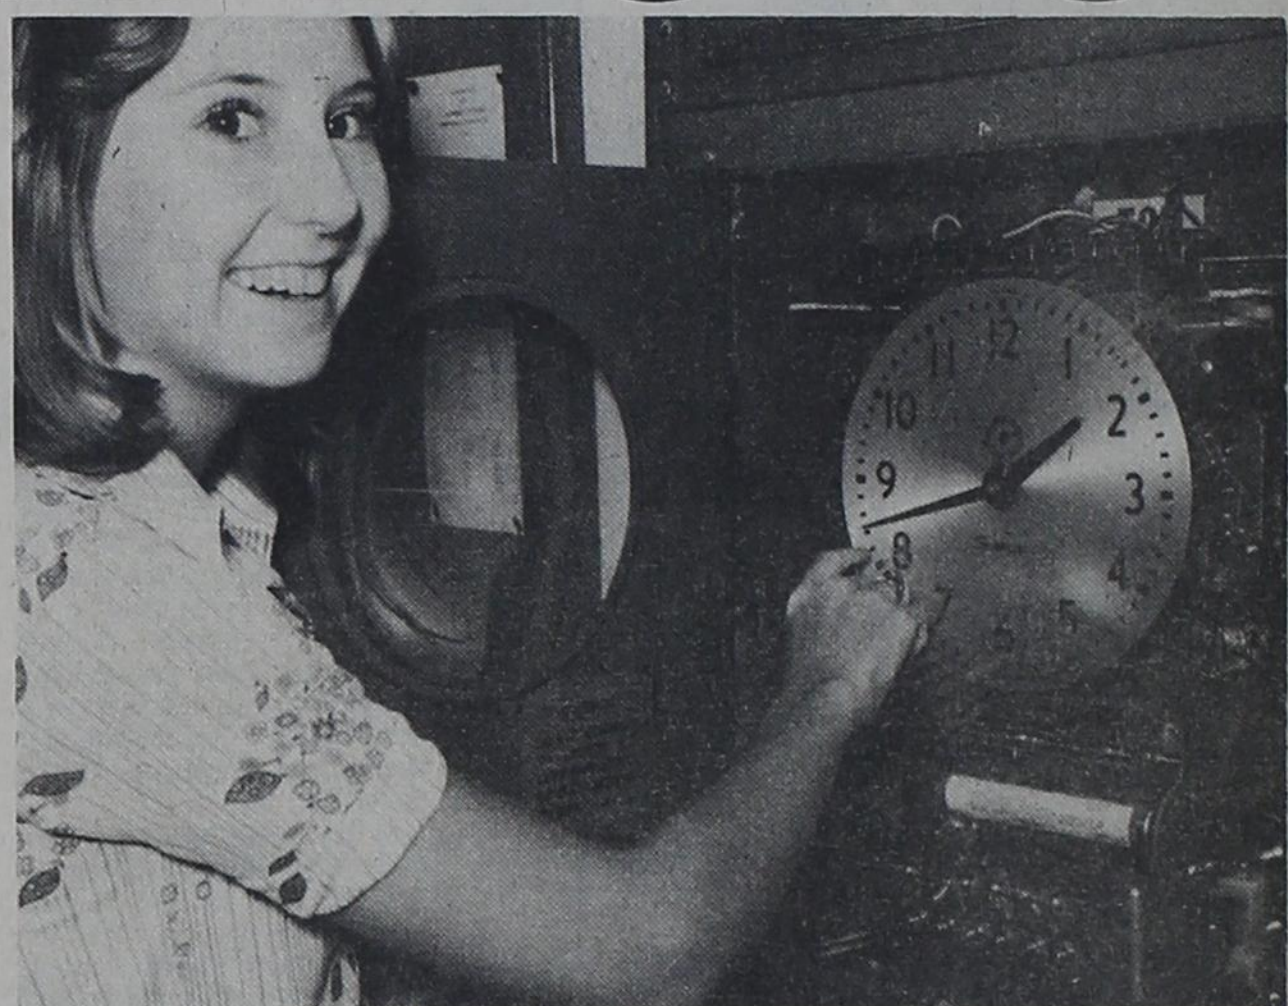

Residents To Resume Standard Time Sunday

It's that time of year again when all residents will be gaining an hour as they turn their clocks back an hour at 2 a.m. Sunday, Oct. 25, to go back to Standard Time.

Parents will be in for a treat by gaining that extra hour to see a few more logs but the metabolism of children will take a little longer to adjust to

the hour change as they will, more than likely, hit the floor at the normal time.

Remember, when 2 a.m. Sunday rolls around, or before you retire Saturday night, turn your clocks back one hour so you will be on schedule with the rest of the Twin Cities residents.

FACES OF TIME - Kim Magness and the clock face in the office of Jack Williams, Farwell High School principal, both mark important times in our lives. Kim, daughter of Mr. and Mrs. Ted Magness, represents the "now" time of the younger generation with the clock representing that time of year when residents will once again resume Standard Time. At 2 a.m. Sunday, Oct. 26, Standard Time will be resumed and residents will be running their clocks BACK one hour. At 2 a.m. Sunday, or before you retire, change your clocks so you can gain an extra hour of "snoozin'" and won't get to church an hour before everyone else.

GSPA Explains - -

Farm Taxes, Exemptions In Proposed Constitution

Texas voters will go to the polls November 4 to cast ballots on the proposed Texas constitution, voting on eight separate propositions concerning the constitutional structure of the state government.

Proposition 5 (Finance Article) has far-reaching implications for Texas farmers.

Grain Sorghum Producers Association, working with Delvin Jones of Lubbock, has studied various implications of the finance article in an attempt to eliminate some confusion concerning the proposed documents and its effect on agriculture.

Jones, a life-long Lubbock County farmer, served in the Texas House of Representatives for eight years and was chairman of the Agricultural Committee. In addition to his work with GSPA, Jones currently farms and is active with Plains Cotton Growers, High Plains Research Foundation and Texas Farm Bureau.

FARM SALES TAX EXEMPTION

Jones explained that approval of the finance article will exempt from sales tax farm machinery, feed, seed, fertilizer and parts. These exemptions are not presently included in the constitution. The items are exempted in the sales tax law but could be removed by any future legislature.

TAX VALUATION OF FARM AND RANCH LAND

Another vital area to Texas farmers deals with land tax valuation, Jones said. "Under the present constitution, land value for tax purposes must be determined by the most recent sales of land in the same area. This simply means that land speculators may establish values so high that taxes in many areas may well exceed the farm or ranch gross income of the land itself," Jones said.

"If Proposition 5 is approved, it will assure that farm and

ranch land tax value shall be based on its net income capacity. This will give the farmers and ranchers the same consideration that oil companies, life insurance companies and banks have on their buildings," he added.

Proposition 5 provides that the legislature shall establish separate formulas for appraising farm and ranch land.

Jones explained that the proposed change would place emphasis on the net profit of farms and ranches instead of their market value.

The legislature has already enacted a formula that would establish the net income of a farm or ranch as a basis for its taxable value. It provides that the five year average net income shall establish this basis, but this net income value shall not exceed the fair market value.

Texico - -

City Trustees Discuss Amending Ordinance

The amending of Ordinance 191 was the main item of business on the agenda of Texico City Trustees when they met in regular session Tuesday, Oct. 14.

The ordinance, concerning a no parking area on Wheeler Avenue, exact location being Wheeler Avenue and Garwood Street, was reviewed by Trustees. No definite action was taken on the matter.

In other business, Trustees approved the police report for the month of September in the amount of \$232.50 and approved bills for payments.

Present for the meeting were Mayor Manford Turnbull, City Trustees Bill Christian, Vane Doshier and Ruby Goforth, and city employees Billy Don Arnold, head

"I believe that the net income valuation for the individual farm or ranch will protect the farmer or rancher from excessive taxation," Jones said.

Proposition 5 also authorizes property tax exemptions for those over 65 years of age (\$3,000) and exemptions for veteran and other non-profit organizations. It states that refundable assessments voted by marine food and agricultural producers shall not be classified as taxes.

In addition to the specific items of sales tax exemptions and favorable tax valuation of farm and ranch land, Jones said that Proposition 5 does not delegate any new authority to the legislature.

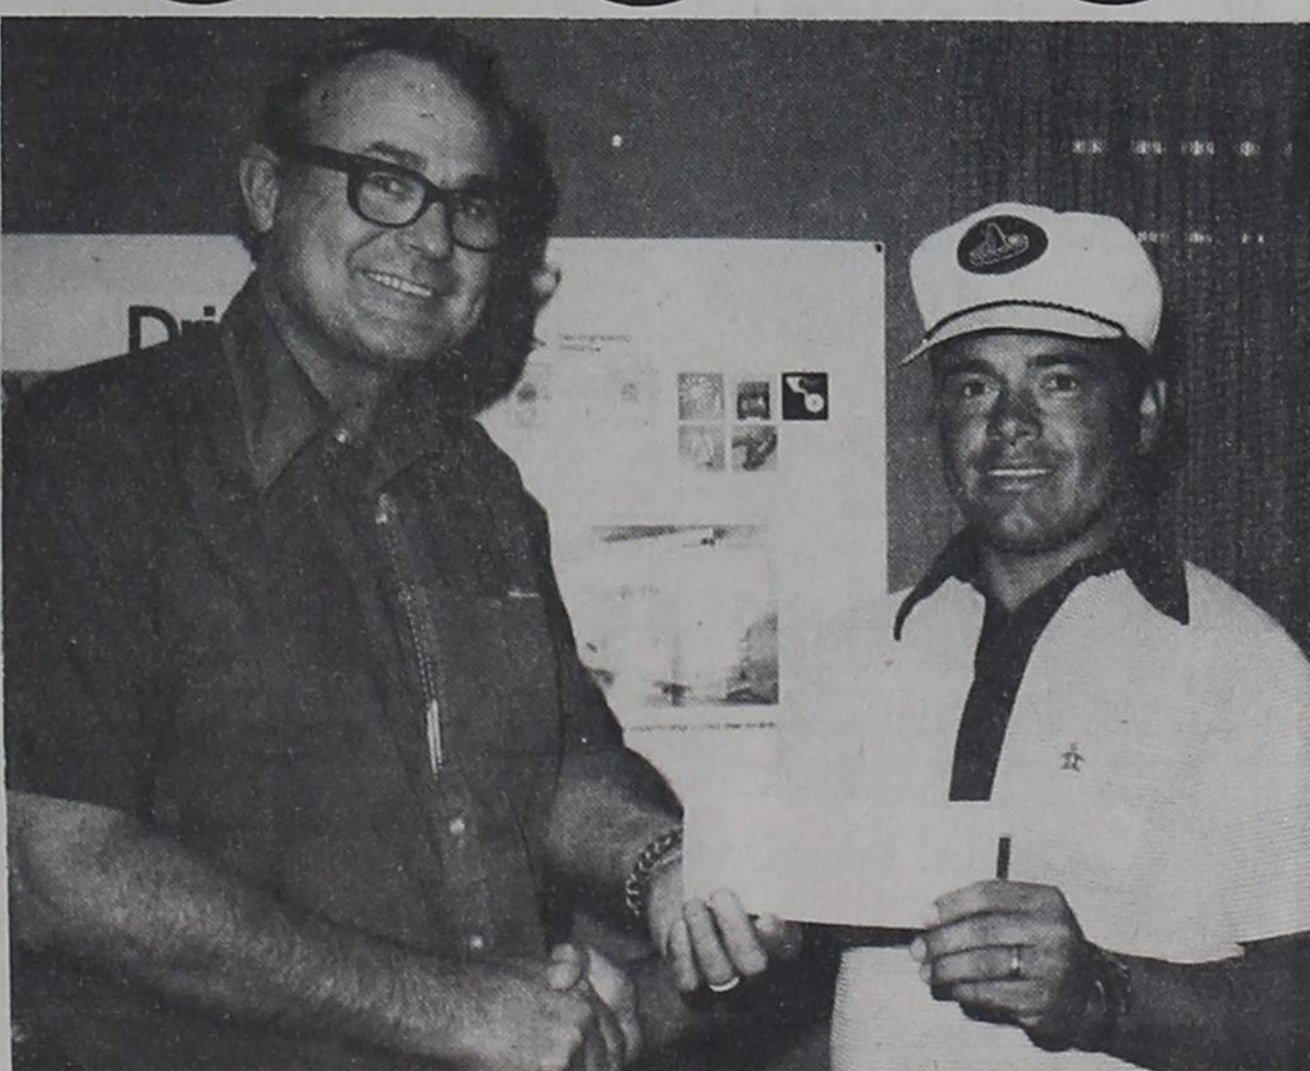

"In fact, it is more restrictive than the present constitution," he said.

of the sanitation department; Willie Ronquillo, city marshal; Billy Hammit, water superintendent; Clara Wiehl, city clerk; and Harry Patton, city attorney.

Co. Commissioners To Conduct Session

During a regular meeting of the Parmer County Commissioners Court scheduled for Monday, Oct. 27, a survey of the current insurance situation will be reviewed and a discussion is to be held regarding a crime investigator for the district attorney's office.

Updating on the county revenue sharing and updating of the road situation will also be reviewed by Commissioners.

SAM'S "GON" AHEAD - Sam Gonzales of Muleshoe, right, topped the seventh week of the 17th Annual Area Merchants Football Contest by calling eight games correctly and being six points off on the tiebreaker score. Gonzales took the win over Leslie Lunsford and Frances Norton who had each called eight games correctly but were 10 points off on the tiebreaker score. Gonzales was awarded his weekly prize money of \$5 by Bill Wooley of Wooley-Hurst of Muleshoe, a sponsor of the annual contest. Mrs. Lunsford and Mrs. Norton each received \$2 in prize money on their second and third place split.

Second-class postage paid at Farwell, Texas 79325. Published every Friday.

Wolverines Clawed By Jal In 46-6 Tilt

by Susan Snodgrass

The Wolverines traveled a disappointing 180 miles only to lose to district foe, Jal, 46-6 last Friday night, Oct. 17.

Texico controlled the ball for the first 12 minutes of the ballgame, during which time Homer Ashley connected on a pass to Tommy Galvan putting it across the line for Texico's only touchdown of the night. The Panthers controlled the rest of the ballgame, despite all of Texico's efforts to stop them piling up point after point until the game ended.

Jal kicked off, starting the game. The ball went into the endzone and was spotted on the 20-yard line. On the first play Ashley connected a pass with Galvan who ran it all the way for a touchdown. Richard Hadley attempted an extra point kick, but it was deflected. The Wolverines then kicked off with Jal running the ball to the 43-yard line. They gained seven yards with Spencer Turner making the tackle.

On another ground play, the Panthers gained 18 yards with Mark Howard bringing the runner down. With 10:31 remaining in the first quarter Jal went across to tie the score. Breaking that tie a moment later, the Panthers kicked the extra point. Again Jal kicked the ball into the endzone, putting the ball on the 20-yard line. Texico gained three yards on a quarterback sneak. Trying to pass, Ashley overthrew Galvan on the first pass; the second pass was intercepted by a Jal player, with Howard stopping him on the 30-yard line.

The Panthers made a short gain with Chris Eshleman stopping the runner. Then, after an 11-yard gain, the Jal runner was stopped by Ashley. Robbie Bradley held Jal to a two-yard gain, followed by a Jal fumble and recovery, giving them a five-yard loss. They then gained their loss back on a Texico penalty. The Panthers made three yards only to be stopped by Spencer Turner and Ashley. Then, gaining only one yard and falling short of a first down, Jal turned the ball over to the Wolverines on the four-yard line.

In the air again, Ashley connected with Spencer Turner to put the ball on the 13-yard line. Another pass intended for Steve Turner was deflected. No yardage was made and Texico was forced to punt. A Jal player ran it back to the 35-yard line, followed by a one-yard gain. A panther pass was incomplete, and back on the ground, they gained seven yards. Steve Turner and Eshleman stopped them after a five-yard gain, but on the next play Jal again made a touchdown. Their try for the extra point failed and they kicked to Texico. Galvan brought the ball back to the 23-yard line.

Offsetting penalties on the next play forced a replay. Jal then had another penalty, giving the Wolverines five yards. After losing one yard on a handoff, Ashley tried a lateral for a three yard loss. Attempting to pass, the Wolverine quarterback was smothered for an eight-yard loss, forcing them to punt. Howard, John Burgett, and Stevie Askew each made a tackle holding them to a 21-yard-maximum gain as the first quarter ended. The score stood 13-6 at this time.

A Jal fumble with Texico recovering started the second quarter. An incomplete pass held them up with a Jal off-

sides penalty evening things out again. A completed pass to Spencer Turner made four yards, but they were then caught behind the line for a 12-yard loss. Again Ashley completed a pass to Turner gaining another four yards. On a fourth down Texico was forced to punt. Texico stopped the Panther runner on the 40-yard line. After losing six yards the Panthers punted, with the ball going into the endzone.

The Wolverines now had control of the ball on the 10-yard line. Texico, tried a passing game, the first being incomplete and they lost one yard on the next two then punted. Jal ran the punt back to the 41-yard line but had a penalty against themselves. The Panther quarterback then connected a pass that was carried across for another touchdown. The extra point attempt was good.

Receiving the kickoff, Galvan brought it to the 35-yard line. The Wolverines had a three-yard loss followed by three incomplete passes, forcing them to punt. Jal then had a 37-yard return, followed by a holding penalty. Ted Richardson caught Jal for a four-yard loss. Jal gained another touchdown on a pass and run totaling 54 yards. The try for the extra point failed and Spencer Turner returned the kickoff to the 25-yard line.

The Wolverines then lost yardage until on fourth down and 22 to go, Bradley punted for Texico. Jal returned it to the 53-yard line with Ashley bringing the runner down. During the next play Spencer Turner came across the line to catch the Panther quarterback for a yard loss. Coming back, Jal made a 60-yard run for a touchdown. The kick for the extra point was good and the half ended with a score of 33-6.

The second half started with the Panthers kicking off into the endzone, putting the ball on the 20-yard line. The Wolverines gained little, if any, yardage and were forced to punt. Galvan made the next two tackles holding Jal to an eight-yard gain. Two more tackles by Galvan stopped them for a 12-yard gain. The Panthers then made no gain, a 14-yard run, and on the fourth down, suffered a four-yard loss, forcing them to turn the ball over to Texico.

A pass attempt was thrown short, but was followed by another pass to Spencer Turner to gain four yards. Again passing, the Wolverines lost yardage, forcing them to punt with Howard tackling the punt returner. During the next play Jal fumbled with Larry Rolan recovering. A pass for Texico gained three yards, followed by no gain, after being stopped on the line. A handoff gained seven yards with another pass gaining four yards. After gaining three yards on a ground play, the Wolverines again lost yardage on a pass.

Continuing to pass, Ashley had the first incomplete to Galvan, the second complete and the third incomplete to Turner, and a fourth incomplete to Howard. While at-

tempting a pass, Texico suffered an eight-yard loss, forcing them to punt. The Panthers then suffered a loss, coming back with a seven-yard gain only to fumble the ball with Rolan recovering it. The Wolverines lost yardage until, out of downs, they turned the ball over to Jal. The Panthers then gained 50 yards in two plays, ending the third quarter. The score now stood 33-6.

Fourth quarter started with an incomplete Jal pass followed by a touchdown for the Panthers. The attempt for the extra point kick was blocked by Robbie Bradley with Spencer Turner returning the kickoff to the 30-yard line. A pass intended for Spencer Turner was intercepted with Turner stopping the runner on the 30-yard line. Jal fumbled but recovered with Turner again making the tackle.

After making only 18 yards in five plays, the Panthers turned the ball over to Texico who again tried passing. Their first was intercepted with Ashley making the stop. Jal made a short gain, followed by an incomplete pass, and with 10 seconds left in the game took it across for six. The extra point kick was good and the game ended as Jal kicked off with Askeew running the ball back to the 25-yard line, where he was pushed out of bounds. Final score for the game was 46-6.

"All I can say is that Jal was as rough and tough as we thought they would be," stated Texico Wolverine Head Coach Ray Manly. "Jal had a big and good team. They were really a fine football squad overall."

In commenting on individual Wolverines Coach Manly cited Tommy Galvan. "Tommy made our touchdown. He scored on an 80-yard pass play from quarterback Homer Ashley."

The coach commented that the Wolverines did not run very much with the ball in the game with Jal.

Manly stated that the Wolverines suffered no injuries in last Friday's clash which would affect the line-up tonight when the Wolverines face Tatum. Game time is 7:30 p.m. MDT at Coyote Stadium.

Indian Jewelry Show Slated For Saturday

Tom and Dave Indian Jewelry Show is to be presented Saturday, Oct. 25, at Farwell Country Club. Hours for the show have been set at 10 a.m. until 12 noon and 1-8 p.m. CDT.

Among articles to be shown will be silver heshi with turquoise, silver heshi with coral, silver heshi with silver animals, squash blossoms, rings, bracelets, watch bands, chokers and pin shells.

The show is being hosted by the Farwell Country Club with numerous items available for purchase.

Further information may be obtained by calling 481-9121 in Farwell.

School Lunch Schedule at Texico

- MONDAY - Hamburger casserole, green beans, hot rolls, orange half, milk.
- TUESDAY - Sloppy Joes, carrot sticks, tater tots, fruit gelatin, milk.
- WEDNESDAY - Corn dogs, lima beans, pineapple and orange gelatin, cookie, milk.
- THURSDAY - Steak, gravy, creamed potatoes, celery stick, hot rolls, applebutter, milk.
- FRIDAY - Pizza, escalloped potatoes, lettuce and tomato salad, fruit cup, chocolate milk.

What's Cooking Farwell School

- MONDAY - Fish and cat-soup, macaroni and cheese, blackeyed peas, coleslaw, hot rolls, butter, applesauce, milk.
- TUESDAY - Hot dogs on bun with chili, lettuce and tomato salad, French fries, cake with peanut butter icing, orange juice, milk.
- WEDNESDAY - Porkettes, creamed potatoes and gravy, buttered peas and carrots, hot rolls, butter, rice, fruit, milk.
- THURSDAY - Hamburgers, lettuce, tomatoes, pickles, onions, cheese slices, potato chips, buttered hominy, cherry cobbler, milk.
- FRIDAY - Country fried steak, gravy, creamed potatoes, green beans, stuffed celery, pear half, bread, milk.

Some people believe that sprinkling wine on the table cloth brings good luck--these are not likely to be the people who have to wash the cloth.

Wolverines Of The Week

TOMMY GALVAN SPENCER TURNER

Texico Varsity Wolverine Coach Ray Manly has selected Tommy Galvan and Spencer Turner as "Wolverines of the Week" for their performances in last Friday's clash with Jal. Manly cited offensive man Galvan for "scoring our only touchdown on an 80-yard pass play. Tommy also caught another pass for 13 yards. He carried twice for 20 yards total and he had two run backs for a total of 38 yards." Defensive Wolverine Turner was credited with nine tackles and "he saved us on a couple of Jal touchdowns. He made them prolong their drives on the scoring efforts."

Texico JH Wolverines Take One Win, Tie

In their final two games of the 1975 football season, the Texico Junior High Wolverines took one win and tied one game for a 4-1-1 record for the season.

In game action Thursday, Oct. 16, the Wolverines clawed Melrose 26-16. Wolverine Terry Rolan scored two touchdowns with Keith Hadley scoring a two-point conversion. Eloy Ortiz was credited with one touchdown with Tim Askew also

Harvest . . .

(Continued from Page 1)
135,000,000 pounds or 3,375,000 bushels. We have taken in 202,000,000 pounds thus far during this harvest."

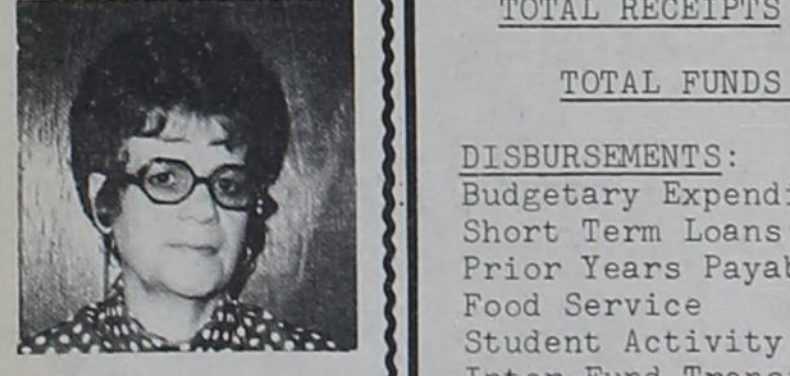

Thigpen also reported closing during the harvest. "Worley has been in Farwell for 24 years and this was the first time in history we have had to close. We had to close to give us time to get the wet corn dried out for storage and to get storage space.

"Moisture was more or less causing our problem. Most of the corn coming in had to be dried and as soon as it was dried it was stored."

Thigpen also remarked that very little corn is being moved from Worley Mills. "With the low prices prevailing, farmers won't sell and we can't move the corn until it is sold to us so that we can resell it or move it out."

Both elevator managers commented that the corn crop is in good shape this year. The crop is said to be good, heavy corn and should bring from \$400-\$450 per acre.

Mustangs Herd Steers In First District Clash

The Farwell Steers traveled Bovina last Friday night, Oct. 17, to play their first district game of the 1975 season with the Bovina Mustangs. The Steers were handed a 29-19 loss.

Steer Sammy Merritt received the opening kickoff and returned it to the Steer 35 yard line, only to have a clipping penalty called against the Steers and the yardage marked off. Steer quarterback Russ Jones kept the pigskin for a gain of three yards on the next play. Two plays later, however, Farwell was forced to punt.

Mustang Ruben Salazar took the return and started the ball rolling for Bovina. The Mustangs wrestled their way past mid-field and on a fourth and inches the Steer defense held them and took over the ball.

Farwell took control on about their own 43-yard line. Steers Mike Goettsch and Merritt got the next two handoffs consecutively and with third down and two yards needed or the first, Russ Jones kept or the yardage needed and the Steers had a first down. The first pass of the game was thrown from Russ Jones to Brad Jones for the second first down of the game.

The Steers were setting up their first touchdown drive of the night as they were on the Bovina 28-yard line with a first and 10. Goettsch picked up another first down with a good run, giving them excellent field position from about the 10. With a first and goal, Gerald Hardage took the handoff and dove for about a seven-yard gain. In a fourth and two situation Russ Jones battled through the Mustang defense for the Steers first touchdown of the night. Point after TD kick was good and Farwell lead 7-0 with 2:32 left in the first quarter.

Goettsch kicked to the Mustangs and Tommy Serna returned the pigskin up field to about the Bovina 32. Serna got the handoff on the next play and was sacked for a four-yard loss. Following two more unsuccessful attempts at a first down, the Mustangs were forced to punt again.

Farwell took the punt and started a drive for the Bovina endzone. Steer Chip Craft gained a few yards and Russ Jones kept on a quarterback sneak for the first down. Brad Jones grabbed a pass for another first down, with Goettsch getting six yards on the next handoff play. Illegal procedure was called against the visiting Steers and they were moved back to the Farwell 40-yard line. In an attempt to gain back the lost yardage, Russ Jones went to the air with a hurled, attempted pass to Brad Jones but the Mustangs had their sights on the ball and it was intercepted by John Caldwell.

Mustang Tommy DeLeon took the handoff for a gain of six. With a second down and four, Bovina battled its way right up the middle for a first down. DeLeon got the next handoff and was shoved out of bounds at the Farwell 42-yard line. Bovina continued to make progress and eat up the clock while still controlling the ball.

With a third down and three to go from the 28, Serna got the pitchback and gained the first down for the Mustangs. Steer Richard Yruegas made a tremendous tackle which could have been a touchdown

saver. Serna got the ball again and twisted his way down to the five with Steer Kent Goldsmith making the tackle. The Mustangs scored their first touchdown of the night with flags thrown on the play. The TD was ruled good and an offside penalty was called against the Steers. The two-point conversion was good on a handoff to Serna, giving the Mustangs the lead 8-7.

Mustang Ray Martinez kicked the ball with a return by the Steers up to the 20-yard line. Steer Goettsch picked up nine yards and Hardage ran the ball on the next play picking up the first down. Russ Jones tucked the ball under his arm and kept for a six-yard gain only to have a penalty called against Farwell, setting them back with a first and 15. Russ Jones kept the ball again and picked up a hard seven yards for the Steers. Farwell bobbled the ball which resulted in a fumble and another turnover to the Bovina. Mustangs as they recovered it and took control.

Mustang DeLeon ran for a five-yard gain and was brought down by Steers David Cantu and Chip Craft. The Mustangs brought a penalty upon themselves for illegal motion as quarterback Dennis Willard passed to Gerald Shelby. Faced with a second and 25, Bovina went to the air again with a pass to Salazar. The pass was ruled incomplete. Bovina was unable to connect and was up against a third and 25. Willard unloaded a screen pass to DeLeon just before he was dumped by the Steer defense. DeLeon picked up good yardage but not enough for the first down so badly needed by the Mustangs. Bovina proved to not be in such bad shape after all when, on the very next play, Willard handed off to Serna who picked up the first down by gaining 10 yards. Hardage made the tackle on the play that could have turned into the Mustangs second TD. After an incomplete pass, giving Bovina second and 10 from the 34, Steers Goldsmith and Dan Geuther dropped the Mustang quarterback for a nine-yard loss.

Faced with a third and 19, Willard threw another short pass for a gain of 11 yards by Serna. The Steer defense held the Mustangs again and Bovina was faced with a fourth down and six yards needed for the first down. The Mustangs elected to go for it with DeLeon taking the handoff and trying a pass to Ken Sorley, but it was incomplete and Farwell took over on its own 30. On the Steers first play, Russ Jones was dropped by Sorley for a loss to end the first half of action.

Steer Goettsch kicked the second half kickoff to the Mustangs and they proceeded down the field picking up a first down on their first play. Ray Martinez got the handoff but couldn't get through the Steer defense. Bovina was penalized for being offside and this set up a first and 15. The Mustangs mustered up enough strength and squirmed their way down to the Farwell five-yard line. Willard, on a quarterback option, made their second touchdown with 8:39 left in the third quarter. PAT was good and Bovina was out front 15-7.

Flags were thrown on the kickoff and a face mask penalty was called against

Bovina. Farwell was on the move now with a first and 10 from its own 35. Goettsch carried for a three-yard gain. Russ Jones kept the ball and ran for about 45 yards giving Farwell another first down from the Bovina 24. Steer Travis Bibbs took the handoff and carried for another yard or two gain.

Having traveled all the way down the field to the Mustang 20-yard line, Farwell now had to give up the ball. A mix up happened in the line-up and the Steers fumbled with Bovina recovering.

Mustang Shelby carried for a first down for the Mustangs with Goettsch making the tackle. Several plays later, Bovina had failed to gain a first and with fourth down and four yards needed from the Farwell 32. Willard hurled another pass which was deflected by Steer Cantu. Farwell then gained control of the ball on downs.

On the first Steer play, Russ Jones dropped back to pass to Brad Jones and found himself surrounded by Mustangs, before getting the pass off. Brad Jones hauled in the ball and picked up 30 yards and Bovina was assessed a personal foul penalty. Farwell looked good as they set up shop on the Bovina 35. The Steers were faced with a tough fourth and 16. Russ Jones pulled another good play out of his hat as he passed on the fourth and 16 situation to Brad Jones and the Steers picked up the first down with a few extra yards. The Steers racked up several good yardage gains and had the ball on the Mustang 20-yard line. Steer Craft took the handoff and dove for another four yards. A completed pass to Brad Jones gave Farwell the first down. With a goal-to-go situation the Steers plowed their way through the middle all the way down to the two-yard line. Steer Goettsch made the Steers' second TD with 1:03 left in the third quarter. Extra points run was attempted by Russ Jones but the Mustangs foiled the play. Farwell was threatening now as they closed the Mustang leading margin to 15-13.

The kickoff return was brought to about the 35-yard line by the Mustangs. DeLeon took the handoff, but couldn't push his way through the tough Steer line. With a second down and 10 for the Mustangs, Farwell was penalized for being offside. Bovina had a third and five and DeLeon took the ball and covered the needed yardage for the first down.

Fourth quarter action showed Bovina still on the move. DeLeon made another first down before he was brought down by Steer Rusty McFarland. With a second and seven situation from the 30-yard line, Willard pitched back to Serna, who couldn't fight his way through the Steer line. Several plays later the Mustangs found themselves with another fourth and three. DeLeon seemed determined to not have to give

up the ball to the Steers and he struggled for the first down. The Mustangs took their time in marching downfield to the Steer goal line. DeLeon carried again for another six yards and it was goal-to-go for the Bovina Mustangs. Willard kept on a quarterback sneak and was sacked for a loss of one yard, setting up another fourth down situation. Capitalizing on fourth downs seemed to be the Mustangs' specialty as they went in for the score on this one. With 6:43 playing time still left in the game, Bovian went ahead 22-13.

Mustang Martinez kicked off to Steer Hardage who made his way up to mid-field. Russ Jones got off a pass to Carlos Lucio, but it was ruled incomplete. The Steers kept passing and Lucio picked up the first down so badly needed by Farwell. The Steers were not beaten yet it seemed.

Brad Jones snagged another completed pass and made a first down. Hardage took the handoff and got about four yards. With a second down and two from the Bovina five, Hardage took the pigskin in for Farwell's third and last TD. PAT failed and with five minutes left in the game, Farwell had come back to draw the gap even tighter as they moved in on Bovina 22-19.

Mustang Serna got the kickoff and gained very little yardage. The Mustangs were fired up and gained the yardage they need for a first down. Willard kept for a short gain with DeLeon picking up several yards and the first down. With a third and four situation the Steers held Bovina in their tracks, making it fourth and goal-to-go from the four. The Mustangs had rallied and DeLeon took the ball in for the last TD of the night. PAT was good and Bovina controlled the ball game 29-19.

The Steers made a final attempt at a scoring drive, but couldn't connect. Hardage made a few yards on a pitch back run, with Russ Jones keeping for a two-yard gain and a pass to Brad Jones was ruled incomplete. Steer Goettsch made the first down, but the Steers didn't have good field position. Another pass to Brad Jones gave the Steers another first down and four more chances to score again with only 55 second left to play. The Steers stayed calm and Hardage picked up another first down. On the Bovina 28-yard line with a first and 10, Russ Jones was dumped for a big loss. The Steers couldn't come back to score again and the Mustangs took the district tilt 29-19.

"We just couldn't stop their option," commented Farwell Coach Eugene Jennings in regard to last Friday's clash with the Bovina Mustangs. "We knew how to stop the option and we had not been hurt by it (triple option) this year or last year, but Friday night for some reason, we were hurt by it."

The coach stated that Bovina

Steer Of The Week

BRAD JONES

Brad Jones has been tagged "Steer of the Week" by Farwell Coach Eugene Jennings for his actions in the Steer-Mustang game last Friday. The coach, stated, "Brad caught seven passes for 110 yards and he had a real good game for us."

did a good job of blocking the option but "We didn't block the play as we should have." Jennings said he felt like the Steers may have been a little too pass conscious in the game. "When you take that one play (option) out of the ball game, we helped them mount yardage and all they did all night was run the option."

"Our defense moved the ball but our defense is not playing as well as we (the coaches) would like. They are giving up more points than we want them to give us. Until we can stop people from scoring on us, it puts our offense in a real bind."

In citing individual players in the clash, Jennings named Kent Goldsmith. "Goldsmith was our best defensive player. Offensively, Brad Jones caught seven passes for 110 yards for a real good game. Russ Jones also played a good game. He had 16 pass attempts with nine completions for 154 yards."

City Council Discusses Taxes

Members of the Farwell City Council convened in regular session Monday, Oct. 13, with several matters concerning taxes discussed by Trustees.

City Council members reviewed the matter of taxes assessed against the Farwell clinic. It was reported that the property has now been deeded to the Farwell Hospital District, which is a tax exempt organization. Motion was made by Commissioner Fred Chandler that the tax be written off the Tax Roll for 1975. The motion was approved by the Council.

City Clerk Janie Bowery reported that the list of delinquent taxes and delinquent paving assessments has been turned over to an attorney and suits are being prepared on some of the delinquent accounts. Some of the taxpayers have been contacted by the attorney and have promised to make arrangements for payment.

Next on the agenda was a discussion of a petition to close an alleyway in Block 94. The petition was presented by Kenneth Cook and Kelly Green Seeds, Inc. at the last meeting of the City Council. Easement for existing sewer line across the property of Kelly Green Seeds has been executed and received. It will now be recorded in the Deeds Records of Parmer County.

The matter of payment for floor repairs at City Hall was discussed. Commissioner Chan-

dler stated that he had understood that if wood was used the price would be higher than the price quoted for concrete. Payment of the debt was approved.

The railroad crossing connecting Avenue A in Farwell and Wheeler Avenue in Texico came under discussion by the Council. City Marshal Ronald Mitchell was appointed to contact railroad officials in an effort to get the crossing repaired and to get cooperation of trains when switching or waiting on tracks regarding gates which obstruct traffic for long periods of time.

An addition to the city barn was reviewed by the Council. Estimates were received and read during the meeting. Among estimates submitted were \$13,000 including concrete slab from Dura-Built and \$11,531 not including concrete from Panhandle Steel Buildings. Mayor Gil Patschke was authorized to contact a firm about possible financing of the building addition.

A letter of resignation was received from V. C. Venable, water and sewer superintendent. The resignation, effective December 31 of this year, was reluctantly accepted by the Council.

Mrs. Bowery submitted a request for part time assistance in the city office. Council members agreed that she be authorized to employ an assistant for two days per month

when the need arises.

Present for the session were Mayor Patschke, Commissioner Fred Chandler and Janie Bowery, city clerk; Ronald Mitchell, city marshal; V. C. Venable, water superintendent; D. E. Hammit, Jr., assistant water superintendent; and Roger Menning, city employee.

Established by the Secretary of Agriculture in 1965, the Boundary Waters Canoe Area represents one of the western hemisphere's last great wilderness areas. Fourteen thousand square miles of lakes and rivers set in a primeval wilderness await the canoeist of any age. The region encompasses most of the Minnesota-Canadian border lakes which lie within the area also known as the Superior-Quetico wilderness. Entry to this land of adventure is by way of Ely or Grand Marais on the U.S. side in Minnesota, and from Atikokan on the Canadian side.—SPORTS AFIELD

CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots. VALLEY

A New Constitution For Texas? Will You Vote For Or Against?

The Following Analysis Will Help You Decide

When Texas voters go to the polls Tuesday, November 4, 1975, they will have the opportunity to vote on a complete revision of the state's Constitution for the first time in 100 years.

There will be eight separate propositions on the ballot. Each proposal will be voted on separately, and each will be either approved or defeated by a majority of the voters without affecting the approval or rejection of the others.

You will find that there are a multitude of arguments both for and against most of the amendments, and for and against a total revision or a partial revision of the Constitution.

Generally, proponents point out that the proposed Constitution is the result of much effort on the part of the first Constitutional Convention to meet in 100 years, and citizens should not miss the opportunity to reap the benefit of its labors.

However, opponents point out that the amendments are not the efforts of a Constitutional Convention but that they are the efforts of the Legislature operating under the Constitution of 1876 and its (Legislature) constitutional authority to submit proposed changes to the people for their adoption or rejection.

They argue that this is proof of their position that our present Constitution is a viable document that can be changed when change is required under the orderly amendment process provided in it; that the present Constitution has been amended over 220 times and each time met a specific need at a specific time; that a number of the amendments adopted actually eliminated other amendments or sections of the Constitution and combined them or repealed provisions that were found to be unnecessary by a subsequent set of values.

Although TMA has not taken a position on any of the proposals because of the diversity of the membership, it has prepared the following analysis on each proposal so that you can study the issues and decide how you are going to vote. They are presented in the order that they will appear on the ballot.

Since Article I, the Bill of Rights, is retained as it appears in the current Constitution, it is not listed.

PROPOSITION NO. 1 is the amendment revising "Article II, Separation of Powers"; "Article III, The Legislature"; and "Article IV, The Executive"; all of which will pass or fail together.

Article II restates the Separation of Powers among the three branches of government: Legislative, Executive and Judicial. No change.

Article III, The Legislature. While the structure of the Legislature remains the same, new provisions established in this article include:

- **Single-member senatorial, representative and congressional districts** - This approach has been established by recent redistricting legislation, and therefore, this provision endorses what is already fact.

- **Annual "general" sessions of the Legislature** - Voters have turned down this proposal several times in the past two decades.

Proponents argue that: the complexities of a modern society and the large amount of expenditures that must be overseen require that the Legislature convene annually to give full consideration to the problems of state government; budgeting of expenditures and estimation of expected revenues would be more accurate and more economical; that the complexities of our society and economy require a more responsive Legislature that would be available to meet the people's needs as they arise.

Opponents argue that: budgeting for two years (as under our present system) requires the perspective of long-range planning and provides a more sound approach to the utilization of public monies; the annual requests by state agencies to expand their budgets would result in the expenditure of more funds and would not give state officials a trial period in which to correct errors of earlier plans; the Legislature would be meeting too frequently and considering too many problems that should be solved by the people; to require the Legislature to meet every year would increase unnecessary governmental regulation.

- **A salary commission** - The commission would recommend the maximum salaries and per diem allowances for the legislators. It would be composed of nine members who would be appointed by the Governor, Lt. Governor, Speaker of the House, Attorney General and the Chief Justice of Texas, acting together.

The commission would make a recommendation for maximum salaries and allowances for legislators, after which the legislators could enact a salary bill. It would not become effective before the regular session following the next general election.

During the last legislative session, legislators' salaries were raised from \$400 per month to \$600 per month and their per diem allowance was raised from \$12 per day to \$30 per day while the Legislature is in session.

Proponents argue that: a salary commission would remove legislative pay from politics; it would put a constructive limitation on salaries; and adequate compensation would encourage better qualified persons to serve in the Legislature.

Opponents contend that: politics would not be removed by letting a salary commission appointed by five elected officials whose salaries are set by the Legislature determine the salaries and allowances of legislators; salary and retirement benefits are adequate; to enhance salaries and benefits would increase the likelihood of "professional legislators"; and to remove legislative compensation from the Constitution would take away from the people their last control over their elected representatives.

- **Omitting executive (closed) sessions in the Senate** (as allowed in current Constitution) - **Proponents argue that** executive (closed) sessions should not be permitted in governmental bodies as the public's business should be transacted in public. **Opponents argue that** such sessions are utilized only for the purpose of confirming the Governor's appointees, and to discuss the qualifications of these individuals publicly would give a member of the Senate an unlimited license to assassinate the character of a proposed appointee without any liability for libel or slander.

- **Fifteen-day "veto session"** - **Proponents argue that:** the Legislature should be able to review any action that the Governor has taken to veto legislation which came to him after the close of the legislative session; and these sessions would not be called frivolously because it would require the petition of as many members of the House and the Senate as would be required to override the Governor's veto.

Opponents argue that: this is a petty argument of who has the last word; there has to be an end to the legislative process sometime; and if the Legislature

felt the matter was important enough to spend the hundreds of thousands of dollars necessary to hold a veto session, it should have acted on the legislation early enough to require the Governor to either sign or veto the bill before the Legislature adjourned.

The latter provision is where Article III, The Legislature, overlaps with Article IV, The Executive. Article III provides for the reduction of the Governor's veto power by permitting 90 representatives and 19 senators to override a Governor's veto instead of the 100 representatives and 21 senators now required.

Proponents argue that this makes it easier to override the Governor's veto. **Opponents argue that** the Governor's powers are limited enough, and to reduce the strength of his veto would further weaken his role in the administration of state affairs.

The proposals in both the Legislative (Article III) and Executive Articles (Article IV) include several innovations: a regular review of existing state agencies by requiring the extension of their authority every ten years; the requirement that the Legislature consider governmental reorganization bills; authorization for the Legislature to delegate some budget-execution authority to the Governor; a provision for appropriating pre-inaugural funds to aid a new governor coming into office; setting the time of expiration of the terms of all appointees made by the Governor to state agencies to occur during the spring in odd-numbered years; permitting the Governor to designate chairmen of state agencies; granting the Governor some limited removal authority of appointees; and limiting the Governor to two consecutive four-year terms.

Proponents of these various proposals argue that: they would provide for a better transition between

administrations, a smoother continuity of operation in the Executive Department and a mandatory review of the organization of the state government on a periodic basis; it would eliminate "midnight" appointments by an incumbent governor to state boards and agencies which virtually divest an incoming governor of his appointive-power for another two-year period.

Opponents argue that: the changes are not really changes for the good; the compulsory review of state agencies will not consolidate functions and eliminate duplication, but will fall into a pattern of routine reapproval of these agencies with the danger of their powers being extended because of the Legislature's inability to give proper attention to the "routine" reauthorization legislation for each of the agencies; the budget execution authority is not a grant of power to the Governor but merely an extension of the power of the Legislature and would still leave us without a single administrator; the concentration of all the appointments to the state boards and agencies in a short time span would make it almost impossible for the Governor to consider the applications and qualifications of the many office seekers; the right to designate the chairmen of state agencies would really be no asset as a two-term Governor would be able to achieve this under the existing Constitution; and the Governor's term of office should not be limited so as to allow that a capable leader, who the citizenry wants, can serve longer than two successive terms.

Overall, proponents of Proposition No. 1 feel that: it is an improvement in the continuity of state government; it would provide a better delineation of authority; and it would be less wordy and complicated. **Opponents point out that:** there is really no change in the basic structure of state government; if anything, it grants more power to an all-powerful legislative branch while reducing the power of an already weak executive branch.

PROPOSITION NO. 2 creates a new Article V, The Judiciary, which governs the powers and organization of the state court system.

It proposes to establish a "unified" judicial system. This means that all appellate courts would have both criminal and civil jurisdiction; and that both criminal and civil cases would proceed on appeals from the trial courts of appropriate jurisdiction to a Court of Appeals and then to the Supreme Court.

It provides for the merger of the Court of Criminal Appeals and the Supreme Court. Those judges now serving on the Supreme Court would continue to serve until such time as the attrition by resignation, death or retirement reduces the number of the court to nine justices. Judges of the various courts would still be elected by the people for the same terms they now hold.

Proponents argue that: the unified system of all courts having both criminal and civil jurisdiction would give the judges of these courts a better overall perspective and reduce the likelihood of courts being too specialized and cases being determined on minute technicalities instead of their overall merits; the system of administration of courts would greatly expedite the handling of cases and the disposition of overcrowded dockets; and judges could be moved from different areas of the state to help speed up the clearing of dockets.

Opponents argue that: the unified judicial system would so diffuse the responsibility of judges that unreasonable results would be obtained; persons not

trained and familiar with the intricacies of criminal evidence and the criminal law, itself, should not be trying criminal cases; the administrative system could provide a vehicle for an unscrupulous administration to build up a successor by moving him from district to district, providing him with a great deal of prominence; the administrative control over the various trial courts would tend to reduce the independence of the judiciary; and the proposal writes into the Constitution a three-fourths jury verdict in civil cases; and provides a right of the state to appeal certain criminal acquittals.

PROPOSITION NO. 3 creates a new Article VI, Voter Qualifications and Elections. It provides that a person who is at least 18 years of age, is not a convicted felon in prison, on parole or probation, or is not mentally incompetent, would be qualified to vote under laws enacted by the Legislature.

Proponents argue that this amendment establishes universal suffrage which is basically the requirement of the U. S. Constitution as it is now interpreted. **Opponents point out that** this provision would enable the Legislature to permit convicted felons to have a full restoration of citizenship, including the right to hold elected office, without pardon by the passage of a statute permitting such a person to vote.

PROPOSITION NO. 4 provides for a new Article VII, Education, which governs public education.

The amendment calls for an equitable system of free public schools below the college level. The system must provide each individual an equal educational opportunity but may provide local enrichment of educa-

tional programs.

Proponents argue that: this gives the authority and the mandate to provide an equal opportunity for every child in this state to have as complete an education as is possible; this is what federal mandate requires; and citizens should meet the challenge and move forward to accomplish it.

Opponents argue that: while the aim might be laudable, the words are subject to a broad interpretation which would come up with ridiculous results in financing, programming and staffing; and the last Legislature had spoken to the problem of equalizing educational opportunity under the existing Constitution and there is no need for a change.

The Permanent and Available School Funds remain intact as do the Permanent and Available University Funds for the use of the University of Texas and Texas A&M University Systems. A second "Higher Education Fund," financed by a 10¢ property tax, would be available to establish an endowment for all other state colleges and universities other than the A&M and Texas systems.

Proponents argue that all higher educational institutions in the state should have available to them an endowment fund from which to keep their plant and facilities up to date without looking to tuition fees and the public treasury to do so. **Opponents of this part of the proposal argue that** there should be no endowment fund of public property and money sitting idle while the Legislature is forced to levy new and additional taxes for the upkeep, maintenance and operation of the various educational institutions; that if public property and funds are collected, they should be spent to meet the public need at the time without creating a bigger taxation burden on the general public.

PROPOSITION NO. 5 creates a new Article VIII, Finance, which governs the financial management of the state.

In this amendment the requirement that all new taxes be equal and uniform would be limited only to the levy of property taxes. It would require the establishment and enforcement of uniform standards and procedures for the appraisal of property, the only exceptions being special formulas designed to promote the preservation of open space land for farm and ranch purposes and the preservation of forest lands devoted to timber production.

Proponents contend that: this is a necessary improvement to require all citizens to carry their fair share of the tax burden; there are as many different values assessed on property as there are taxing authorities; and equalization is necessary because the allocation of state funds for school purposes is made on the basis of a local area's ability to raise funds.

Opponents maintain that: it will do nothing but raise taxes; no government ever equalizes downward but always "equalizes" upwards and this will force an additional tax burden, particularly in outlying urban areas where there is less ability to meet the demand; the equal and uniform provision should apply to all forms of taxation instead of just property taxation; and local appraisers are better prepared to judge the value of local property than someone in Austin.

The proposal permits the authorization of state indebtedness and the pledging of the credit of the state without a Constitutional amendment. **Proponents of this portion of the proposal say that** this is a more practical way to authorize state indebtedness, with the same safeguards as contained in the present Constitution. It requires a two-thirds affirmative vote of the members of the Legislature as well as an approval by a majority of the voters.

Opponents of this portion of the proposal claim that it amounts to the establishment of debt legislation by referendum, and it would make less of an impression on the voters than if they realized they were amending their Constitution in order to authorize debt.

The proposal maintains the same pay-as-you-go provisions requiring appropriations to be within estimated revenues. It puts into the Constitution the prohibition against levying a retail sales tax on agricultural machinery or parts, fertilizer, feed or seed, prescription drugs or medicine, and food for human consumption.

Proponents of this part of the proposal contend that the pay-as-you-go provision should be retained. The exemptions that have been placed in the sales tax on these various items are already established practice and would protect the public from further encroachment from the sales tax.

Opponents of the proposal contend that locking the sales tax exemptions into the Constitution would effectively remove some available revenue sources from consideration. It would also create an unfair disadvantage for industrial development because industrial production machinery is already taxed and this would prohibit agricultural production machinery from ever being taxed. It would also remove a major untapped source of revenue which most states having a sales tax already enjoy. The proposal fails in that it does not prohibit the levying of a state progressive income tax.

PROPOSITION NO. 6 provides a new Article IX, Local Government, which authorizes the powers of local government. Under this amendment local government would remain basically the same with the exception that County Commissioners' Courts would be granted ordinance-making powers.

Proponents argue that: counties should have the authority to regulate unincorporated areas within their boundaries to insure orderly planning and development, protect the environment and adapt to the immediate needs of the people without the necessity of going to the Legislature each time for special authorization to do those things which a governing body should have the power to do on its own.

Opponents of the proposal argue that: the granting of such legislative authority to County Commissioners' Courts would give rise to a multiplicity of regulations and undertaking of projects and programs in undeveloped, unincorporated areas which are appropriate only to an urban-developed area; and the Commissioners' Courts have easy access to the Legislature so that it can be granted authority to do specific things.

The proposal would also permit cities of more than 1500 population to create their own home-rule government with an autonomous city charter giving towns of 1500 or more the same rights and powers that are needed by the major metropolitan communities. The present population limitation on home-rule cities is 5000 or more.

Proponents argue that this is necessary to meet the needs of the smaller communities of the state in establishing programs necessary to serve their population needs. **Opponents of the proposal claim that** it

would be granting an unnecessarily broad, autonomous power to small communities which can generally provide for the limited needs of its citizens under the general law provisions of the state statutes.

There is also a provision for intergovernmental cooperation and consolidation of offices and transfer of functions between local political subdivisions. **Proponents claim that** this would result in a substantial reduction in costs and duplication of services of local governments. **Opponents claim that** this same consolidation and cooperation is presently authorized by the Constitution and has not accomplished the desired results.

PROPOSITION NO. 7 provides a new Article X, General Provisions, which is basically a housekeeping article. It includes: the homestead provisions; separate or community property; protection of personal property from forced sale; protection of wages from garnishment; limitations upon banking corporations; provisions for the regulation of alcoholic beverages; and provisions for the regulation of medical practitioners.

It prohibits lotteries and gift enterprises; regulates interest and lending; provides for the various retirement systems of public employees, and protecting the environment, conserving natural resources and public property as well as wildlife resources.

Proponents of the new Constitution say that this amendment is necessary to take care of those constitutional protections and prohibitions that exist in the present Constitution, are desirable, and do not particularly fit under any of the other articles.

Opponents contend that: while this does continue some desirable protections of the existing Constitution, it adds one very undesirable aspect in the language which seeks to protect the environment. This language could create a super land title in the state which would give legislators the authority to exercise all sorts of controls over the use of the property; that it would conceivably give rise to land use enforcement, statewide zoning and building codes and remove a portion of the landowners title from him and vest it in the state; that this is the fixing of title to all property in the state which could be held temporarily and at the will of the state by an individual citizen.

PROPOSITION NO. 8 provides a new Article XI, Method of Amending the Constitution of the State. It maintains the same basis for submission of amendments as was utilized in submitting these eight amendments; that is, submission by an affirmative vote of two-thirds of the membership of both houses of the Legislature and adoption by a simple majority of the people voting in an election called for that purpose.

It does add a provision that a question of a constitutional convention be submitted by the Legislature at least once each thirty years. **Proponents argue that** this added provision is necessary so that the people will not have to be governed by a document that is 100 years old without ever having had an opportunity to totally revise it. **Opponents of the provision contend that** the current Constitution can adapt itself to all situations including that of calling a constitutional convention as it did in 1973; that there is no need to be told by the Constitution how often the people have to revise it.

COMPETES AT STATE -- Cheryl Gohlke, daughter of Mr. and Mrs. Hubert Gohlke, participated at the State 4-H Dress Revue October 4. The event was held in conjunction with the State Fair of Texas at Dallas. Miss Gohlke earned the right to enter competition by placing among the top five winners in the District I Dress Revue held July 29 in Amarillo. The contestant is a member of the Oklahoma Lane 4-H Club.

Farwell Jr. 4-H'ers Plan Upcoming Food Project

Approximately 17 members of the Farwell Junior 4-H Club met Monday, Oct. 13, with the meeting being called to order by Mark Owen, president. Pledge to the American Flag was led by Mac Langford with Thomas Mesman leading the 4-H Motto.

Main topics of discussion were projects for the upcoming year with plans being made for the food project. Participating in the food project are Linda Cain, Wanna Menning, Diann McKillip, Lisa Darby, Trudy Watkins, Marsha Lovvorn, Norine Jones, Richard May, and Johanna, Thomas and Berny Mesman. Leaders for the Project are Janice Cain, Mary McKillip and Mary Mesman.

Billingsleys Have Weekend Visitors

Weekend visitors in the Leon Billingsley home in the Oklahoma Lane Community were Mr. and Mrs. Charles Robertson of El Paso. The Robertsons were enroute to their home after a visit with their daughter and son-in-law in Garland and relatives in Kansas City, Mo. They also visited with Mr. and Mrs. Cliff McGuire in Elk Creek, Mo., former Farwell residents.

Others visiting the Billingsleys were Mr. and Mrs. Jack Stricklin and son Scott and two friends, John and Bubba, of El Paso; Rev. and Mrs. Jimmy McGuire and Janet of Floydada; Janis Billingsley of Amarillo;

Also Mr. and Mrs. Donald Jones and family, Mrs. Cora McGuire and Bruce Billingsley, all of Farwell.

Awards Presented - Texico Woman's Club Hosts Girls Staters

Members of the Texico Woman's Club met Monday, Oct. 20, for a regular business session and salad supper. During the business portion, awards received at the District Convention were presented to members and Texico Girls Staters presented reports. It was reported that the local club submitted 11 articles to the District Convention for judging and garnered a total of 12 awards.

Award winners from Texico included Maurine Caywood, first in quilts and best in show in quilts and first place in

acrylic painting; Evelyn Hadley, second in quilts and third in macrame; Thelma Snodgrass, honorable mention in quilts; Marie Christian, second in leather picture and first in knitted sweater; Ann Ledbetter, second in mosaic candle; Kay West, first in prints; and Juanita Hadley, second in hooked rug.

Special guests at the meeting were the Texico High School representatives to Girls State, Cheri Sharp and Gia Crooks. The Girls Staters presented an informative talk on the activities in which they participated at Girls State. They also thanked the Texico Woman's Club for sponsoring them to Girls State.

Decorations for the meeting were in Halloween motif with serving tables being laid with scarecrow cloths, and centered with miniature scarecrows surrounded by hay and candy corn. At the entrance, a brown candle in a pumpkin lantern greeted guests.

Hostesses for the meeting were Teresa Curry, Marcia Leavell and Ann Ledbetter.

Cake Decorating Meet Scheduled

Mrs. Joe Caywood, director of the Senior Citizens, has announced that a meeting is to be conducted Thursday, Oct. 30, for those persons interested in joining a cake decorating class.

"This will not be a class. It will be a meeting to determine if there is enough interest in a class to initiate the project," commented Mrs. Caywood.

Anyone, regardless of age, in the area interested in learning the art of cake decorating is invited to attend the meeting. It is scheduled to get underway at 10 a.m. MST at the Senior Center in Texico on Thursday, Oct. 30.

Alton Berrys Visit In Area

Mr. and Mrs. Alton Berry, former Farwell and Oklahoma Lane residents, now of Oregon, visited briefly with Mrs. Willa Billingsley and Mr. and Mrs. Sam Billingsley in Farwell on Tuesday.

They are also visiting their parents, the E.A. Berrys of Friona and Mrs. Nora Billingsley of Canyon, and other relatives.

Farwell FHA Chapter Plans Bike-Hike For October 25

During a regular meeting of the Farwell Chapter of Future Homemakers of America held Monday, Oct. 13, FHA'ers made plans for a Bike-Hike for the Mentally Retarded of Texas.

The event has been scheduled for Saturday, Oct. 25. The Farwell Pep Club was to be invited to join in Bike-Hike activities.

The business session also included final planning for the FFA-FHA Halloween Party to be Tuesday, Oct. 28. Also discussed were candidates for FHA Beau.

The business meeting, presided over by President Gaye Coffman, was then adjourned and refreshments were served by Sandra McMillan and Tracie Watkins.

In Shropshire England, it is said that a piece of hawthorn cut on Holy Thursday will protect both house and person from being struck by lightning.

AWARD RECIPIENTS -- Members of the Texico Woman's Club gathered for a meeting Monday, Oct. 20, during which awards garnered by club members at the recent District Convention were presented. Among award winners were, from left, Kay West, Marie Christian, Ann Ledbetter, Evelyn Hadley and Maurine Caywood. Other members of the club receiving awards, but not pictured, are Thelma Snodgrass and Juanita Hadley. Articles submitted for judging included such items as quilts, acrylic paintings, macrame, leather picture, knitted articles, mosaic candles, prints and hooked rugs.

Christmas Bazaar Deadline Nearing

The deadline is nearing for entering the Parmer County Christmas Bazaar and Arts and Craft Show. November 7 is the last day for receiving fees to rent space at the Parmer County Christmas Bazaar which will be held Friday, Nov. 14, and Saturday, Nov. 15, in the Community Building in Friona.

and businesses in the Texas Panhandle and Eastern New Mexico are invited to display and sell art, craft, and gift items. All spaces are 3' x 8' with those next to the wall renting for \$10 and others renting for \$7.50. A table and two chairs will be provided for each space upon request. Entry fees should be sent to Christmas Bazaar c/o Jana

Pronger, Box 683, Farwell, Texas 79325. For more information call 806-481-3619. The two-day event also boasts a number of activities which will be free to the public. Craft and holiday food demonstrations will be presented by area utility home economists; holiday fashion shows will be presented by local merchants each day; and special Bicentennial heritage arts will be scheduled throughout the day both Friday and Saturday. The Bazaar will open to the public at 9 a.m. each day.

Senior Citizens Plan For Bicentennial Event

Members of the Senior Citizens met Thursday, Oct. 17, for a regular business meeting with 22 members and one guest present.

A potluck supper is scheduled to begin at 6 p.m. MDT.

Erwin Named To 'Who's Who'

Gary Erwin, son of Mrs. Mildred Erwin of Farwell, is one of 33 students named to "Who's Who in American Universities and Colleges" this fall at Hardin-Simmons University.

Erwin, who is a senior political science major, was chosen on the basis of his academic achievements and extra-curricular activities on campus.

During the business session conducted by Alma Hendrix, president, members discussed making a quilt for the bicentennial celebration in the Twin Cities.

It was also reported that members of the organization will be sponsoring a booth at the Texico Woman's Club Arts and Crafts Fair on December 6.

Next meeting of the Senior Citizens has been planned for November 7 at the Community

HAS FIRST BIRTHDAY -- Angelica Maria Madrid celebrated her first birthday Saturday, Oct. 11. Angelica was honored with a mass given at the home of her parents, Mr. and Mrs. Tim Madrid of Texico, by Rev. Antonio Gonzales of Lubbock and Father Chrys of Clovis. Following the mass, a dinner was held for friends and relatives. The honoree is the granddaughter of Mrs. Ignacia Ortiz and Mrs. Dumitilia Madrid, both of Texico.

who knows what lurks behind these shadowy walls?...

The ghostly occupants of this haunted house know very well. In fact, they refuse to move because they enjoy their comfort so much. What's causing the comfort they've become so accustomed to? It's the electric heat pump. The heat pump provides cozy warmth in the winter and just-right cooling in the summer with just one unit. One temperature setting keeps the un-earthly residents in heavenly comfort throughout the year... and it'll do the same for you and your family.

At Farwell School - -

Welding Course To Be Offered

An oxy-acetylene welding short course for adult farmers will be conducted Nov. 10-13, at 7:30 p.m. at the Farwell High School Vocational Agricultural Department, according to Superintendent James Perkins and Jerry Mathis and Richard Montgomery, vocational agriculture teachers.

An entry fee of \$15 will be charged. Oxy-acetylene welding short course certificates are to be presented to each enrollee who attends all the training sessions.

Charles H. Yeates, welding specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

Yeates will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Montgomery.

Yeates holds a B.S. degree from Texas A&M University in Agricultural Education. He taught vocational agriculture and farm shop for a period of 15 years. He also taught automobile mechanics, electricity, electrical and acetylene welding and woodworking in the Jasper County vocational school. He has had two years experience as a draftsman and two years experience as a welder.

"Many oxy-acetylene welding short courses in various parts of the state have been taught by Yeates and all have met with outstanding success," according to Walter Labay, area supervisor of vocational agriculture at Plainview. Arrangements for the adult education short course in welding and in other fields are made through Labay's office.

Farmers interested in attending the short course should

write or call the superintendent's office or the vo-ag instructors at Farwell Schools.

Yeates stated that the short course will be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in oxy-acetylene welding, factors controlled by the operator in oxy-acetylene welding, choosing adjusting torch flames, types of welding rods, preparation of joints, distortion, cutting and hardsurfacing.

Short courses in welding, as well as in other areas, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A&M University.

This cooperative program is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people.

CHARLES H. YEATES

4-H'ers Take State Honors

Three Parmer County 4-H members from the Lazbuddie Club exhibited their barrows at the State Fair of Texas held in Dallas, October 13-17. 4-H'ers exhibiting barrows were Russell Windham, Sherrie Seaton and Barbara Seaton. Over 700 barrows from throughout the state were entered and shown before Jim McManigal of West Texas State University, who served as show judge.

The barrows were shown Wednesday and Thursday with Sherrie Seaton placing third with her heavyweight cross-bred Wednesday afternoon, Barbara Seaton started off the Hampshire show Thursday by showing the first place light-

weight, Russell Windham came through in the medium-weight Hampshire class by placing first and ninth with his two barrows. Russell's heavyweight Duroc also placed ninth in competition.

In the Poland China show, Sherrie Seaton placed second with her mediumweight followed by Barbara in third with her mediumweight Poland.

The State Fair show concluded the Fall circuit for 4-H youngsters in Parmer County.

The group was accompanied to Dallas by Mack Heald, county extension agent, and Mr. and Mrs. Jimmie Seaton of Lazbuddie.

Farwell JV Drops Bovina Mustangs

The Farwell Junior Varsity football team hosted Bovina Thursday night, Oct. 16, and dropped the Mustangs 12-6, giving the Yearlings a 4-1-1 record for the season.

Tim Norton and Gary Lee were the scorers for the Junior Varsity. Norton had two touchdowns called back and was cited by Coach Bert Roanhaus as an outstanding player.

Coach Roanhaus also commented that he thought the boys played a real good game. "The score didn't really indicate all the action that took place. We need to clear up a few mistakes, but I don't think

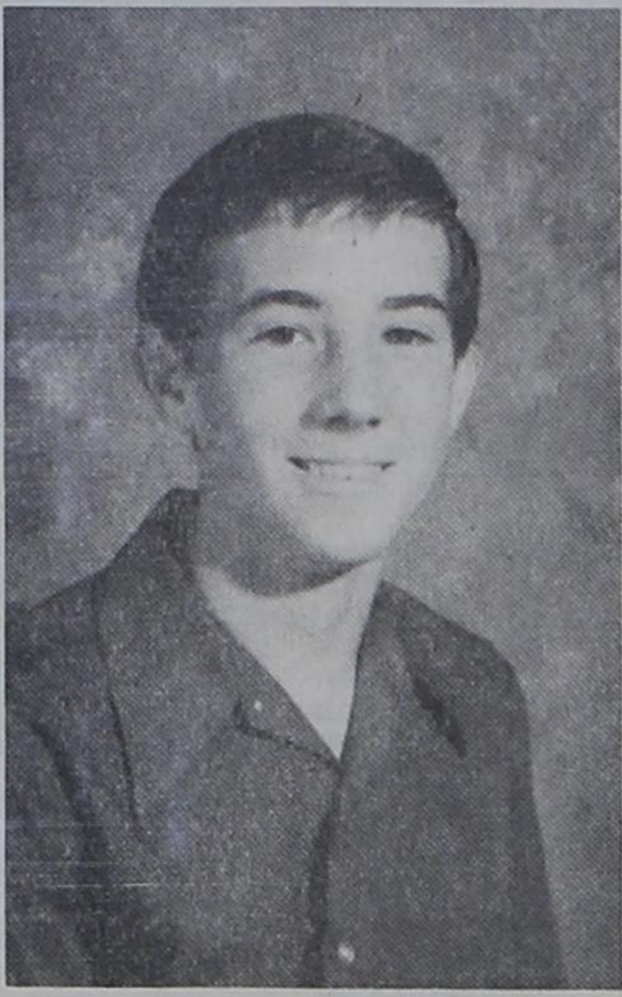

we'll have any problem with Kress this week," the Coach stated.

Steve Owens was one of the outstanding players the coach mentioned. "Owens did some great pass catching and ran with the ball for a lot of yardage," said Roanhaus.

Defensively, the Yearlings played a "terrific" game. The only time the Mustangs were over the 50-yard line was when the punter got a bad snap and Bovina scored on it.

Thursday night, Oct. 23, the Yearlings were scheduled to meet the Kress Kangaroos at Steer Stadium.

Teen Of The Week

DON CHERRY

Don Cherry, a junior student at Texico High School, has been tagged "Teen of the Week" for the first week of the honor. Don is an active member of the Texico Chapter of Future Farmers of America and he serves as photographer for the Wolverine Yearbook. He is one of the first two boys to be enrolled in homemaking at Texico. This week Don was presented an expense check in the amount of \$140 by Otis Huggins, local manager of Southwestern Public Service Company. Don earned the money by winning an all-expense paid trip to the National FFA Convention to be held in Kansas City, Mo. The "Teen of the Week" is the son of Mrs. Wayne Cherry.

Seventh Yearlings Hold Mustangs 0-0

Farwell's Seventh Grade Yearlings hosted the Bovina Seventh Mustangs in game action Thursday, Oct. 16, and held the visitors scoreless.

"We battled to a 0-0 score at the end of four quarters," stated Yearling Coach Jim Yakubovsky. "The tilt was strictly a defensive ball game."

Yakubovsky further stated, "It was a well played ball game by both teams. We didn't feel that as far as our effort was concerned we put forth the effort we should have. We definitely have a better club than Bovina but our offense got stalled out every time we started to move."

In naming outstanding players the coach listed Kerry Ford, Raul Garza and Gary Hardage. "Ford was outstanding in the tackling department against Bovina, and Garza intercepted three passes for us during the tilt. Hardage is also to be recognized for having intercepted a Mustang pass."

Coach Yakubovsky commented that "as far as our offensive situation is concerned, we hope to correct that this week against Kress. We have changed our workout schedule. Both the Seventh and Eighth grades are working out after school on Mon-

days, Tuesdays and Wednesdays. The other coaches and I hope that this will give our boys a little more experience and hopefully we can come out ahead this week. Week by week we are improving and each week we are a little better."

The coach reported that no injuries occurred in the clash with Bovina and the Yearlings will be out in full strength against Kress.

The Yearlings were to face Kress Thursday, Oct. 23, at Steer Stadium with game time being 5:30 p.m. CDT. "We don't know what kind of team Kress has but they are supposed to be a good team. We must play good defensive and offensive ball to beat them."

Game time was set for 5:30 p.m. CDT Thursday, Oct. 23, in Steer Stadium. All supporters are urged to attend the game and back the Yearlings as they face the Kress Kangaroos.

Visit In Farwell

Mr. and Mrs. Ronny Walker of California visited last week in the home of his parents, Mr. and Mrs. E.A. Walker of Farwell.

Hospital Notes

Mrs. Joe (Dardanela) Helton of Texico was reported to be in satisfactory condition in Methodist Hospital in Lubbock after undergoing surgery Tuesday. Mrs. Helton entered the hospital Sunday afternoon for medical tests on Monday and the scheduled surgery Tuesday morning. She will be confined to the hospital until next week.

Mrs. Carrie Hamrick of Farwell was admitted to a hospital in Shreveport, La., Wednesday, Oct. 15, where she underwent surgery on Thursday. She is reported to be doing well. Mrs. Hamrick will be confined to the hospital for a few more days and then she plans to stay with her sister, Mrs. Johnny Scott Jr., in Natchitoches, La., for awhile.

Mrs. True Bell of Farwell was released from St. Mary's Hospital in Lubbock on Monday following surgery on Wednesday, Oct. 15. She is staying with her daughter, Betty Durham, in Littlefield now, but is expected to return home this week. Mrs. Bell is reported to be "doing fine."

Jim Berry of Farwell is confined to Highlands Hospital in Lubbock. He was admitted to the hospital Monday for medical tests.

Brett Hargrove, son of Mr. and Mrs. Elmer Hargrove of Farwell, was admitted Sunday to Highlands Hospital in Lubbock following an injury received to his knee while playing touch football. He was scheduled to undergo knee surgery, but it was discovered he was suffering from pneumonia, so he remains in the hospital under medical treatment.

According to family members, it is not known at this time when he may undergo surgery. Brett is a senior student at Texas Tech.

Osborn Named SWCD Director

The Parmer County Soil and Water Conservation District recently held an election in Subdivision II last week. The election was for a director to represent the Subdivision on the District Board. McFarland C. Osborn was elected. He replaces Dick Rockey who has served in that position for over 15 years.

Steers Travel To Kress Tonight

Members of the Farwell Varsity Steers football squad will be traveling to Kress tonight (Friday), Oct. 23, where they will take on the Kangaroos at 7:30 p.m. CDT. Farwell Coach Eugene Jennings commented that Kress is

compatable to Bovina. "They are about the same type ball club." The Steers fell to Bovina in a clash last Friday, 29-19.

Coach Jennings stated that Farwell suffered no injuries which will affect the performance of the Steers in the tilt

tonight. The Kangaroos, 4-6 last year, is a small team with defensive experience.

Kress is sporting two returnees of outstanding ability in Martin Alcozer on offense and Kelly Durham on defense.

FIRE CALLS

Farwell Volunteer Fire Department reported one fire call during the past week. Sunday, Oct. 19, units were called to the O.C. Richards farm. A combine being driven by R. J. Garner caught on fire during operation. The fire was possibly started by trash and leaves in the motor being ignited by the exhaust pipe.

Texico reported three calls. Monday, Oct. 20, units were called to extinguish a grass fire west of town.

Monday night, the emergency vehicle was called to take a resident to the hospital at Cannon Air Base.

Tuesday, Oct. 21, Texico firemen were called to extinguish a fire in the Pleasant Hill community. They were aided in putting out the grass fire by a unit of the Farwell Fire Department.

Varsity Wolverines Set To Meet Coyotes

The Varsity Wolverines of Texico High School will be traveling to Tatum tonight to battle the Coyotes. Game time will be 7:30 p.m. MDT in Coyote Stadium.

In commenting on tonight's game, Texico Varsity Head Coach Ray Manly stated, "Tatum has fair speed and the Coyotes have average size. The team is an 'up and down' or 'hot and cold' squad."

He further related that at the present time, Tatum is holding an even-up record as far as wins and losses are concerned. "They have lost a couple of games by a touch-down or less."

Manly stated that during last Friday's clash with the Jal Panthers the Wolverines

did not suffer any injuries which will hamper the team tonight. "We are getting two players back this week when we face Jal. Joey West and Nathan Newcomb will be returning to our line-up."

The coach urges all supporters out to Tatum tonight to back the Wolverines. "We are expecting a good game tonight and anyone attending is sure to be in for a full four quarters of action," Manly concluded.

Susan Patschke Honored As October 'Aggie Of The Month'

Susan Patschke, daughter of Mr. and Mrs. Gil Patschke, was named "Aggie of the Month" for the month of October in the School of Agricultural Sciences at Texas Tech University.

The selection was made by the Ag Council, the student council of the 1400 students in the School of Agriculture. The selection is made each month on the basis of involvement and activity in the department as well as academic achievements.

Susan is a senior, majoring in horticulture therapy. She is

a member of PALAH (Park Administration Landscape Architecture and Horticulture); Alpha Zeta, an Ag Honorary Society in which she serves as scribe; Ag Council, Alpha Lambda Delta, and Phi Kappa Phi.

She has been on the Dean's List each of her semesters at Tech, and has received scholarships from the Texas Garden Clubs.

If you live in the state of Iowa, you're a Hawk-eye!

DISSATISFIED in your current job? Many people are actually "under employed." That is, they never get a chance to achieve full professional and financial potential in their jobs. This is not so with the National Motor Club. Our representatives have no limits on their financial income, with the exception of their own ability. Many of our first year representatives have earned \$12,000 to \$15,000. We have a company-paid profit sharing program and many more benefits. If you are a person who enjoys talking with people, are mature, married and over 21, you have an excellent chance of success with NMC. We have openings in several West Texas cities. For more information on a job that can begin paying you at least \$200 a week, call me collect. Mike Hensley (806) 795-9218, after 6 p.m. 5-2tp

TWO MINUTES

WITH THE BIBLE

BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

"THE BIBLE AND THE AMERICAN HOME"

More than nineteen hundred years ago St. Paul wrote to a young man named Timothy: "From a child thou hast known the holy scriptures, which are able to make thee wise unto salvation, through faith which is in Christ Jesus" (I Tim. 3:15).

Timothy was a fortunate young man. His father was not a believer in God, but his godly mother made up for the lack, and her mother helped, as day after day from his earliest childhood, they taught him the Word of God. As a result he came to know Christ as his Savior at an early age, and later became Paul's faithful co-worker and closest associate in making known the wonderful "gospel of the grace of God." In his very last letter, the great apostle recalls Timothy's "unfeigned faith, which dwelt first in thy grandmother Lois, and thy mother Eunice" (I Tim. 1:5).

If only we had more such grandmothers today, with husbands to help them! If only our children were not set adrift on a tossing sea of human speculation, but were taught the eternal truths of that Old Book, the Bible!

Certainly the rebellion of so much of our youth against law and authority and morality is directly related to the disappearance of the Bible from the American life. It is not the young people who have been brought up in Bible-reading

homes and in Church and Sunday School who are making us ashamed today. It is those, from backgrounds both rich and poor, who have been brought up without Bible teaching.

We all need to "know the holy Scriptures," not only because they teach reverence for God and build moral character, but most of all because they "are able to make (us) wise unto salvation through faith in Christ Jesus."

The theme of the Bible, Old Testament as well as New, is the Lord Jesus Christ, the riches of whose saving grace are unfolded to us in the epistles of Paul, the chief of sinners saved by grace. It was to Paul that God first committed "the preaching of the cross." It is he who tells us of the riches that flow from Calvary. It is he who declared by divine inspiration:

"...WE HAVE REDEMPTION THROUGH HIS (CHRIST'S) BLOOD, THE FORGIVENESS OF SINS, ACCORDING TO THE RICHES OF HIS GRACE" (Eph. 1:7).

"THAT IN THE AGES TO COME GOD MIGHT SHOW THE EXCEEDING RICHES OF HIS GRACE IN HIS KINDNESS TOWARD US THROUGH CHRIST JESUS" (Eph. 2:7).

God loves you, Christ died for you. "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

JV ACTION - The Junior Varsity Whirlwinds of Texico High School have taken on numerous opponents during the 1975 volleyball season as have the Junior High and Varsity Whirlwind teams. Action has included clashes with Melrose with Whirlwinds Karen Hadley, no. 24, Debra Coffey, going up after the ball, and Christi Harrington adding their talents to the Whirlwind effort. Serving as coach for the three volleyball teams is Eldon Smith.

Texico - -

Volleyball Season Ends Saturday For Whirlwinds

by Deborah Stephens

The Texico girls' volleyball season is nearing an end, and so far it has been a losing streak for the Varsity and Junior Varsity, while the Junior High team has been

Farwell FFA Plans Party, Fruit Sale

Twenty members of the Farwell Chapter of Future Farmers of America gathered Wednesday, Oct. 15, for a regular meeting.

During the session the FFA'ers made plans for a Halloween Party to be Tuesday, Oct. 28. The party is to be a joint venture of the Farwell FFA and the Farwell Chapter of Future Homemakers of America.

It was also reported that the local FFA was to begin its annual orange and grapefruit sale Monday, Oct. 20.

Anyone wishing to purchase oranges or grapefruit from the FFA is asked to contact any member of the Farwell FFA Chapter or Jerry Mathis or Richard Montgomery, chapter advisers.

The local Livestock Show has been planned for February 14. Full details of the event are to be published at a later date.

LETTER TO THE EDITOR

October 13, 1975
The State Line Tribune
Farwell, Tex. 79325

Dear Sir:

Have been receiving the paper for over twenty-five years. Can't get along without hearing about the hometown folks.

So please continue our subscription for another year. And keep up the good work.

Sincerely yours,
Mr. and Mrs. W.E. Johnson
18425 NE 95th #172
Redmond, Washington 98052

more successful.

So far, the Junior High has played nine games and has been victorious in five. The Junior Varsity has played 10 games and has been on top only twice. The Varsity has played 10 games including two at the Roswell Invitational Tournament and has been the winner in only one which was against Ft. Sumner this Tuesday, Oct. 21.

Regular season play for the Junior High and Junior Varsity ended Tuesday following an unscheduled game with Ft. Sumner at Texico. The Varsity will go into District competition Saturday, Oct. 25, at Melrose.

The Junior High wins came over Logan, Floyd, Elida, Tatum, and Ft. Sumner. The Junior Varsity wins came over Melrose and Ft. Sumner.

In Volleyball competition there are at least two matches played in one game, and the winner is declared by the best two out of three matches. In a breakdown of statistics it was revealed that the Texico Junior High girls scored a total of 247 points for the season while allowing a total of 229 points by their opponents. The Junior Varsity has racked up a total of 237 points while giving up 308. In the Varsity department, the Whirlwinds have put 225 points on the scoreboard while allowing a total of 361 points to be scored against them.

Serving as coach for the three Whirlwind teams is Eldon Smith.

Powered by 6 cylinder diesel engine with not less than 638 cu. inch displacement, and not less than 135 horsepower, 24 volt direct electric start, air cleaner with service indicator and automatic dust ejector, muffler, accelerator - decelerator, power shift transmission, articulated frame, hydraulic controls, tandem drive train differential with differential lock-unlock, 14 foot hydraulic side shift blade with tip control. ROPS cab with tinted glass, defroster fan, windshield washer and wiper (front), dome light, inside mounted mirror, adjustable control console, 4 wheel oil disc brakes, 14.00 x 24, 10 ply tires, heater, minimum weight 29,000 lbs, cromed mold-board.

Parmer County will offer in trade:

One Used Catepillar No. 12 Motor Grader, Serial No. 99E6875, with equipment.

The Commissioners Court of Parmer County reserves the right to accept or reject any

or all bids.

By order of the Commissioners Court of Parmer County.

Published in State Line Tribune Oct. 24, 31, 1975.

NOTICE SALE OF LANDS

The undersigned, having been appointed Receiver by the District Court of Parmer County, Texas, in Cause No. 3620 upon the docket of said Court, by order dated September 18, 1975, and being ordered to sell at public auction the herein-after described lands, hereby gives this public notice that, as such Receiver, the following lands, to-wit:

All of the North Half (N¹/₂) of Section 16, Harrah Subdivision, Parmer County, Texas, containing 160 acres of land, more or less, will be offered for sale at public bid at 10:30 A.M. Tuesday, November 4, 1975, by the undersigned at the Courthouse door of Parmer County, in Farwell, Texas.

Terms shall be all cash, with 10% deposit required by the successful and highest bid upon the date of sale. The highest bid shall be subject to approval of the District Court of Parmer County, Texas, and

the remainder of the cash bid shall be required to be paid at time of approval of sale by the Court and delivery of Receiver's Deed.

Sale of the land shall be subject to all visible and recorded easements and such other matters as may be revealed by examination of the land. An insured title shall be otherwise furnished to the purchaser with the Deed. The purchaser shall be required to settle with the tenant for his plowing of the land at time of sale.

J. B. Sudderth, Receiver appointed in Cause No. 3620, District Court, Parmer County, Texas. Ph. 806/481-3288

Published in State Line Tribune Oct. 10, 17, 24, 31, 1975.

agri-facts

By John Ricci

Initial reports on a new acid delinting process for cotton are all positive. Called the "dilute sulfuric acid delinting process", the new method of removing lint from cottonseed promises several things. Most significant for the farmer is the prospect of lower delinting costs and higher quality planting seed. Cotton Incorporated of Raleigh, North Carolina, is developer of the process they say will revolutionize delinting. Currently wet-acid processes are threatened by Environmental Protection Agency action because of the large amount of sulphuric acid used in the delinting. According to first reports, the new process will consume only about 20 pounds of sulphuric acid per ton of cottonseed delinted. Backers of the operation say the quality of the seed will be improved, with no deterioration of the seed coat and with water uptake levels during germination equivalent to gin run seed.

Eighth Yearlings Shut Out Opponents

Members of the Eighth Grade Yearlings football squad took two wins in shut-out games over Plains and Bovina.

The Yearlings traveled to Plains Thursday, Oct. 9, and slapped their hosts 6-0. Neither team scored in the first half of action but Yearling Leonel Jaime found pay dirt in the third quarter and put the Farwell team on the scoreboard with a 6-0 lead.

The Yearlings were successful in holding the Plains footballers through all four quarters of action to take the win on a shut-out.

Yearling Coach Larry McDorman commented, "We probably played a poor first half. During the second half our kids finally started hitting and we held them most of the second half real well."

In citing outstanding Yearlings, Coach McDorman named Lionel Jaime, Benny Yruegas and James Castleberry. "Jaime scored our only touchdown of the game. Yruegas made tackles all over the field as usual and Castleberry came up from his corner

position on defense and made a lot of tackles. James also ran with the ball real well."

In game action Thursday, Oct. 16, the Yearlings played host to the Bovina Mustangs and slammed the visiting team 28-0.

Making touchdowns for the Yearlings were Castleberry, two TD's; Yruegas, one TD and two extra points; and Jaime, one TD and two extra points.

"We scored in every quarter of play and we probably did our best job of the year in running the ball," commented McDorman. "Our defensive play was outstanding with key man being Max Lonsdale. Max took in two long passes for us that set up two touchdowns. The passes were thrown by Mark Owen. Max has looked real good the past two weeks and he is improving with every ball game."

The coach remarked that the Bovina game was played without the full services of Yearlings Brent Black and Troy Coleman. "Brent was out with an arm and shoulder problem and Troy is being

slowed by a pulled leg muscle."

The coach further related, "We are having a lot of injury problems but we are getting our men back now. If we can just get through the next game we'll be okay. The players are getting hurt because they are starting to hit and move more. I'm real proud of our boys for the way they have come back in the last two games."

The Yearlings were to face the Kress Kangaroos in Steer Stadium Thursday, Oct. 23. The Yearlings will be going against "the toughest team in the district" with the Kangaroos. The local footballers are sporting a 3-3 record and are out to make it 4-3.

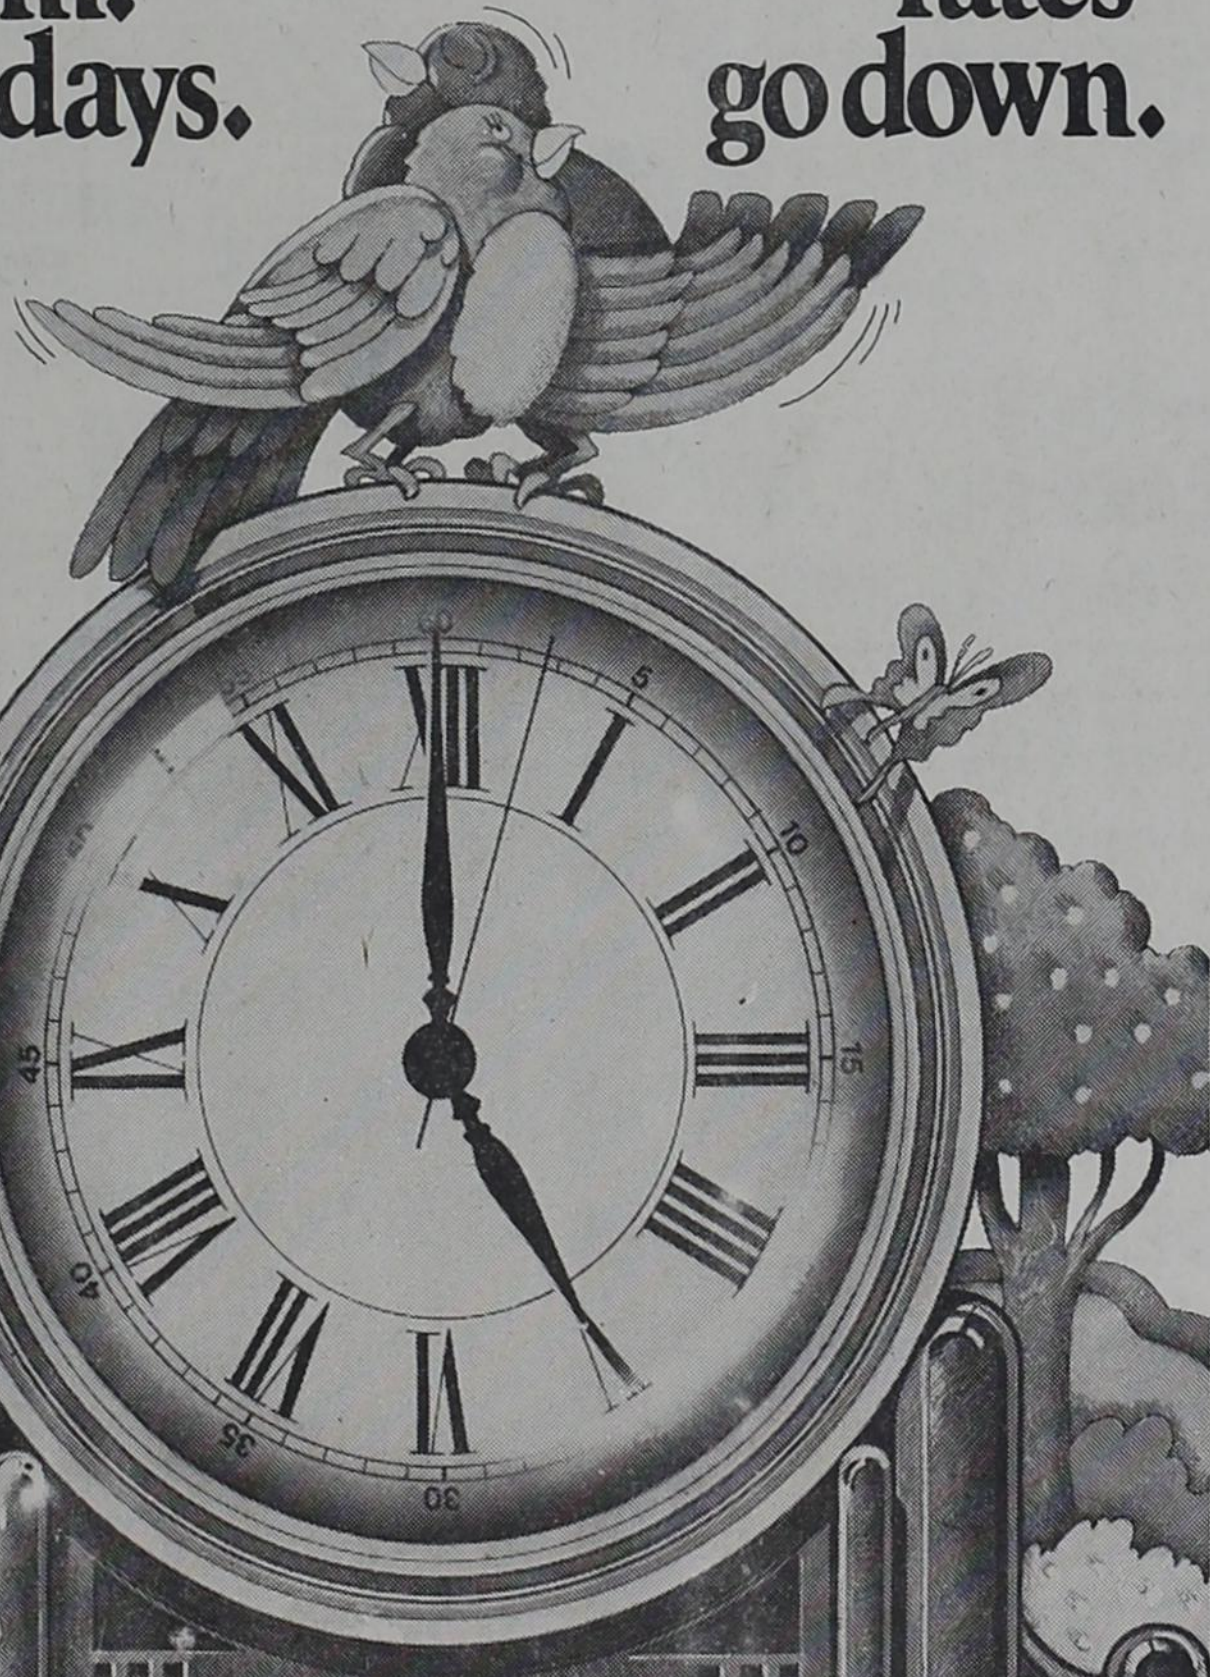

The coach concluded by stating that Kress has a big, fast team that will test the Yearlings.

A boiled or baked medium-sized potato provides approximately the same amount of calories as a large apple.

Something good happens at 5p.m. weekdays.

"RIOT" TO READ -- Nine teachers from the Farwell School system are currently participating in a program entitled "Right To Read." During meetings of the program's participants, discussions are conducted and plans are made to ensure that "by the end of the 1970's the right to read shall be a reality for all." Mrs. Edith Blair, an instructor at Farwell, is shown with a bulletin board, located in the front hall of the school, which depicts the aim of the program and issues an invitation to everyone to "Join the RIOT to read."

Col. Shore To Speak At Bicentennial Meet

Col. Moyers Shore of San Jon, N.M., will be guest speaker at the Tuesday, Oct. 28, meeting of the Parmer County Bicentennial Committee.

Col. Shore, a native of Hereford, is the son of the late Rev. and Mrs. Sidney Shore. He was reared on his grandparent's ranch near San Jon and attended school there. He is a graduate of New Mexico Military Institute at Roswell and a graduate of the University of Arizona. He was called into active military service prior to World War II and served with the 8th Cavalry in the South Pacific.

Following World War II, Col. Shore was attached to Military Intelligence and Information at a number of command posts in the United States and in Panama. Upon returning to the United States he was an instructor in the Command College at Maxwell Air Force Base. He later served at a

command post in Alaska. After retirement from active duty, Col. Shore and his late wife, Mary Elizabeth, returned to San Jon where he resumed the supervision of his ranching interest. He and Mrs. Shore had three sons, Sid and Dave of Denver and Major S.M. Shore, II, USMC, who lost his life in an airplane crash near Hawaii in 1974.

Col. Shore has recently been elected to the office of president of the Sunset Club. This is an organization of Past Grand Officers, Order of the Eastern Star, in the State of New Mexico.

The Parmer County Bicentennial Committee meets the fourth Tuesday of each month at 8 p.m. CDT in the Community Room of the First State Bank in Bovina. Members are urged to attend and visitors are welcome to come hear Col. Shore, according to Committee officials.

It's A Riot -- 'Right To Read' Initiated By Farwell

Nine teachers from Farwell Schools will be participating in the new "Right To Read" program this year. The three high school representatives are Mrs. Anne Corn, Mrs. Lucille Franse and Richard Montgomery. Junior High representatives are Mrs. Dorris White, Mrs. Liz Phillips and Mrs. Pat Owen, director for Farwell Schools. Mrs. Edith Blair, Mrs. Betty Turner and Mrs. Lynn Roberts are the grade school representatives.

These teachers are enrolled in a training program designed to aid them in teaching others how to get the most from reading. The program is more or less an evaluation of the school's strong and weak points in reading. The teachers will also be discussing how to improve the school's reading program and next year some new ideas in the reading field will be introduced in order to project more interest.

This program is not for slow readers. The "Right To Read" program will be installed for all students grades kindergarten through 12.

Meetings are held in Amarillo at the Educational Service Center. Jack Shelton is the director.

Since the program began, Farwell representatives have been to Tulia and Amarillo for meetings. In Tulia, Dr. Ames from Arizona was guest speaker. Dr. Ames is the leading authority on reading for this area. His talk centered

around the different reading levels. The Amarillo meeting guest speaker, an author of children's books, is the head of a reading center in North Carolina.

There are 15 schools in the Panhandle that are designated as "Right To Read" schools. There are six new schools this year in the area that are enrolled in the training program and are participating in the monthly meetings.

There have been several goals set for this nation-wide program. One goal set recently at the Amarillo meeting was that by 1980 every school in the United States should be a member of the "Right To Read." The national "Right To Read" goal was set by James E. Allen, Jr., U.S. Commissioner of Education: "I herewith proclaim my belief that we should immediately set for ourselves the goal of assuring that by the end of the 1970's the 'Right To Read' shall be a reality for all -- That no one shall be leaving our school without the skills and the desire necessary to read to the full limits of his capability."

The Texas "Right To Read" goal has also been set: "The schools must teach students to adapt reading skills to any purposes in a changing world. The 'Right To Read' is directed toward ensuring as far as possible the success of all pupils in schools in their mastery of the skill of reading."

Conservation Plans Approved

The Parmer County Soil and Water Conservation District held its regular meeting recently with Leon Grissom, chairman, presiding. He welcomed M. C. Osborn, newly elected director from Subdivision II, to the board of directors. Grissom also expressed appreciation to Dick Rockey for his long and faithful service to the board.

Ralph Roming a farmer in the Bovina area met with the board and made a request for assistance.

The SCS accomplishment report was made by Herb Evans, district conservationist.

There were eight conservation plans approved by the board.

Results of the annual inspection of works of improvement on Running Water Draw were noted. No action had to be taken as a result of the inspection.

George Davis of Amarillo, area conservationist, was at the meeting and made a few brief comments.

INSUR-MATION

P.C. Farm Bureau Insurance
Billy Watts Ph. 481-3395

Is there any way to avoid penalties and interest charges when settling an estate?

Yes. There are no penalties; therefore, no interest if the estate is settled on time. Furthermore, no shrinkage, no "for sales", no anxiety having to sell the South 40 for \$100 an acre when it's worth \$225. The key... liquidity. The foolproof product that will provide the money to pay the cost of settling an estate at the time of death is life insurance. Many substitutes have guaranteed not to shrink, ravel at the seams or fade out to provide cash to settle an estate but nothing compares with life insurance. There is no estate; therefore, no cost of estate settlement until death occurs. When it does, life insurance becomes money bought on installment to solve this problem.
