

FROM THE HOPPER
By HOP

The State Line Tribune begins its forty-second year of publication next week to continue as one of the oldest established newspapers in the Panhandle-Plains country.

This newspaper has been under the same management since 1926, and today enjoys the distinction of being the oldest established business in Parmer County under the same management.

Modesty prevents us from bragging about our newspaper; we much prefer to leave that to the opinion of our growing list of readers. But having been in the newspaper business for some 40 years, we have gained some knowledge of newspapering. From that knowledge and observation we have made of the newspapers published in this region, we say with all modesty, that the State Line Tribune ranks among the better publications of this entire area. This is especially true when the size of the town is taken into consideration.

We get exchanges from all over the Panhandle-Plains country, and many from distant points, and in our way of making comparison this newspaper ranks with the best of them in news coverage, in typographical appearance, in the number of pages issued each week, and in general appearance.

Pardon our boasting; we never intended to get off in that vein of thought when we started this, but we are proud of these accomplishments and we feel that we have a right to boast.

In conversation with Mrs. Troy Armstrong of Bovina, better known as Lady Gaines, she told us of running across a copy of the Tribune while visiting in Arkansas last week. "I never had realized how good your paper actually was," she declared, after an absence of two weeks from home.

I asked Cash Richards if he had heard from his Dad recently, and he informed me that he usually heard from the old gent quite often. "But I don't owe him anything now," he added.

Hats off to the property owners and residents of Farwell! A paving program of 34 blocks has just been completed in our little city without a bond issue and without the assistance of state or federal aid.

The people of this city just dug into their pockets and paid for the program. To my way of thinking that is something of which we should be proud.

This habit of turning to Austin or Washington every time something is wanted is a reflection on the community, and I am glad to see this breaking-away from that way of doing things.

Several have asked me why we're here at The Tribune don't conduct a straw vote on the presidential campaign.

In the first place, we try to devote our newspaper to recording the local news, items that concern our own people. We try to fill our paper with such news on the theory that our readers are more interested in such reading. In the second place, straw polls are, as a general rule, very inaccurate, and don't amount to a thing.

Early Freeze Damages Late Feed and Cotton

Late feed and cotton crops throughout this section were nipped by the earliest freeze on record here Sunday night when the temperatures dropped to readings varying from 29 to 32 degrees above zero.

No frost was in evidence early Monday morning, but ice had formed on unprotected places during the night to set new records for low Fall readings.

Farmers contacted early in the week said that late cotton and feed crops had been damaged by the early freeze. Advanced crops suffered no material damage it is said.

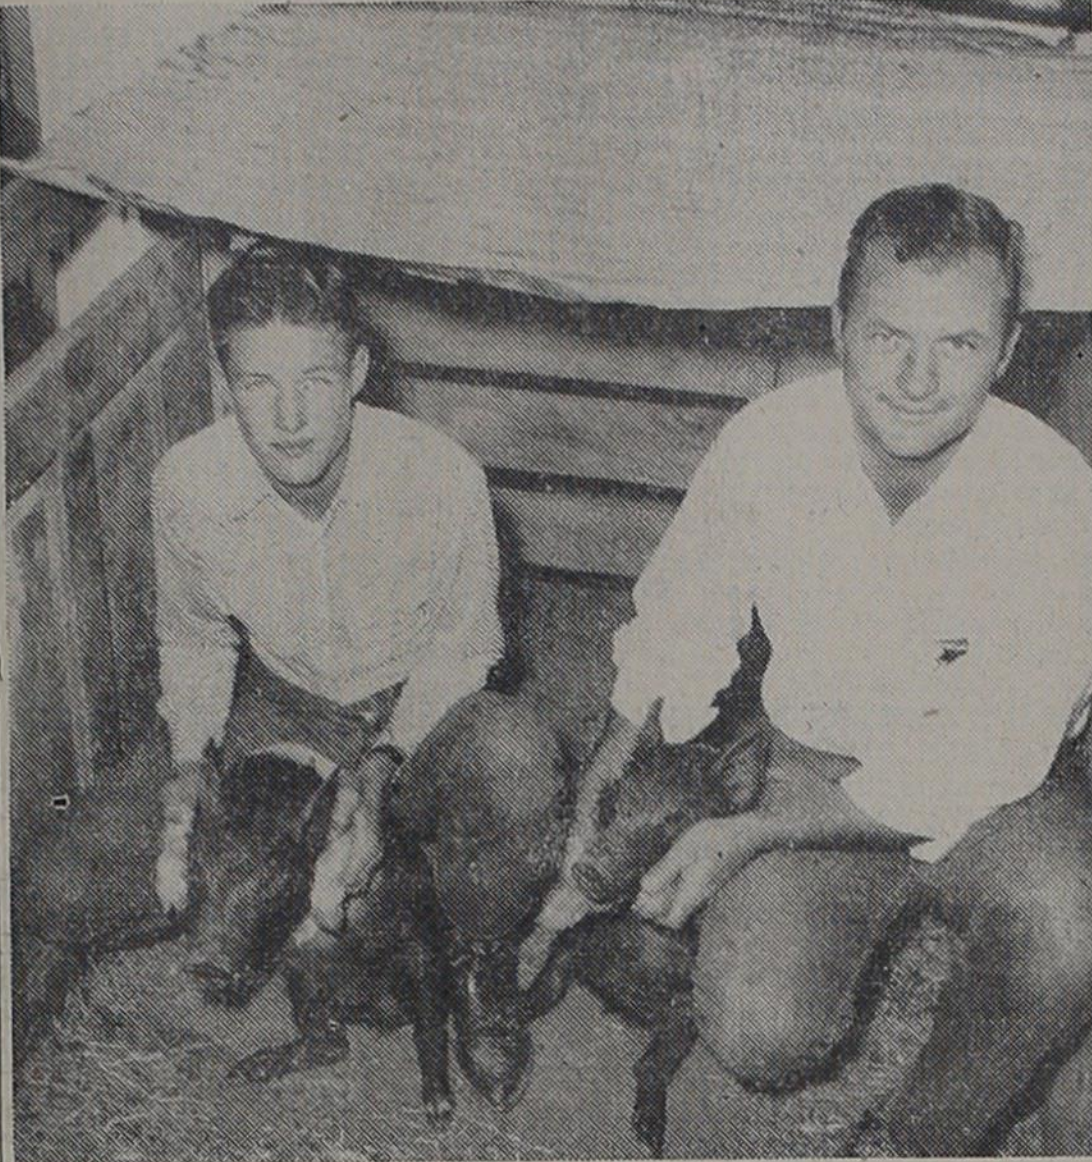

Farmers with advanced fields of feed and cotton said the freeze would prove beneficial in that it would cause the cotton to open soon and would assist in maturing feed crops.

Cotton fields with small unmaturing bolls were hit the hardest. Such bolls will not develop to maturity, it is feared. Late feed crops were also damaged. But farmers seem to agree that the damage will not be extensive.

SEE FILM

A Southwestern Public service film on development in this district was shown by Otis Huggins at Lions meeting Tuesday evening when 15 men gathered. Huggins will also be in charge of the program for next meeting, and will show a film on safety.

DOING JIGS WITH THE PIGS

Jimmy Don Moss, treasurer of Texico FFA chapter, and Carl Schmitt, agriculture instructor, pose with "Mike" and "Ike," swine to be given away at the Texico FFA barbecue Friday night. John's Farm Supply Store has been feeding out the two Hampshires that were given to the chapter by Elmwood Farm. The barbecue is planned for 8 o'clock at the Texico school lunchroom. Tickets may be obtained from any Texico FFA member.

Parmer Voice Heard At District Meeting On Well Regulation

Of 13 counties represented at the Hi-Plains Underground Water Conservation District meeting in Hereford last Thursday, only Parmer County spoke out against regulation on drilling and spacing for the county at this time.

Bruce Parr, a Parmer County committeeman, submitted the wishes of the county he represented, and explained that irrigation farmers here feel that irrigation is too new to need regulation in this county.

Despite Parmer's dissenting voice, committeemen voted to require permits for drilling water wells and to leave well spacing in the hands of county committees. This action was a follow-up to recommendations made at recent county meetings in district.

In line with action taken at this meeting, officials of the district expect to have the well-drilling permit to the district board, which may call in professional engineering assistance to work out a system of well spacing suited to the particular area.

Tom McFarland of Lubbock, manager of the Hi-Plains Water Conservation District, presided at the meeting.

Speakers on the morning program included W. L. Broadhurst of Austin, Tom Craig of Amarillo, and Norris P. Swanson, irrigation specialist with the Soil Conservation Service.

Broadhurst and Craig agreed in recommending the district employ professional engineering help in working out well spacing rules.

General trend of all discussion was to urge enforcement of water conservation rules on a county and district level in order to prevent control from slipping to state and federal agencies.

Texico Water Works Extension Nearer

Realization of the Texico water extension moved a little nearer this week when the Town Council was advised that the attorney general had approved the sale of the bond issue voted last April.

At that time a bond issue in the amount of \$12,000 was approved for the extension and improvement of the water distribution system.

Officials said today that a tentative contract had been signed with the Viking Supply Co., of Amarillo, for the materials to be used. Bids for installing the system have been received also, but no contracts have been signed.

Officials speculated that the money realized from the bonds would not be sufficient to meet the expense of the extensions and improvements planned. Consideration is being given to ways and means of financing the balance of the money needed.

Lee Gilmore, old-timer of Texico has been extremely ill for the past few weeks. The local man is recuperating at his home.

More Farm Roads Due County Soon

Members of the Commissioners Court met here in a special meeting Tuesday and made plans to go to Lubbock to confer with District Highway Engineer S. C. McCarty with reference to additional farm-to-market roads in the county.

McCarty informed the court early this week that Parmer County was due another road-building program of "10 to 15 miles" during the year of 1953, and suggested that a conference be held in his Lubbock office to map out the program desired in the county.

In the special meeting here Tuesday, members of the Court agreed to follow the recommendation and agreement made back in 1948 between the Court and members of the county road committee in carrying out the county farm-to-market program.

This agreement, signed in 1948 and reaffirmed again in 1950, places the 9-mile strip between Friona and "cross roads" west of that city as the next program on the agenda.

Previous projects already completed under the terms of the agreement are: Oklahoma Lane to the twin houses; Friona to the Bailey County line; Oklahoma Lane to "cross roads, via Bovina.

The two remaining programs in their order under the agreement are, Friona to "cross roads," and twin houses to the Castro County line.

McCarty, in his letter to the Court, said that his office was now preparing new programs for the 18 counties in his district in order to close gaps in the farm-to-market system of the district.

While official confirmation is lacking on this point, members of the Court were inclined to believe the 1953 program is now being set up and the Parmer County project is to be included in next year's work.

With the nine miles between Friona and "cross roads" taken care of, this leaves only the strip between the twin houses and the Castro County line to be completed under present agreements.

October Grand Jury To Meet Here Monday

County Clerk Loyde Brewer today released the names of the persons who will serve as members of the Parmer County grand jury.

The jurymen will convene here Monday, Oct. 13, in connection with the Fall term of the District Court to be presided over by Judge E. A. Bills. The grand jurors named are: E. B. Caldwell Elbert Nowell Henry Minter Volley Hodges A. B. Wilkerson Joe Jesko J. T. Hammond, E. E. Englekling Joe Blair Fern Barnett Leroy Berggren Raymond Schueler Sterling Billington L. D. Formidable Ballot Faces Voters in November

Farwell Plays Host To District FFA Meet

District FFA meeting and district agriculture teachers meetings were held at Farwell schools Monday evening, with the local group as host.

FFA boys elected officers for the Littlefield district, in which 15 schools are represented, and set up the program for the year. Philip Cassidy of the local chapter was named historian of the district. Other boys present from the local chapter were Ronny Dial and Bert Williams.

Boys decided to have the district banquet on November 25, possibly at Littlefield. The district FFA sweetheart contest will be staged at that time. It was voted to have the leadership contest in Muleshoe on November 15.

In the teacher's meeting, training of farm demonstration teams was discussed and led by J. T. Gee of Friona. Robert "Prof" Morton then led the discussion on chapter conducting teams. After routine business, a representative of Farm and Ranch magazine made a brief talk. Seventeen teachers were present from the 15 schools of the district. Also at the meeting was Walter Labay, supervisor of Plainview.

Greenhands will be initiated at regular FFA meeting Monday evening.

PMA Committee To Make On-Farm Visits

Every farmer in Parmer County is to have an opportunity to cooperate in the 1953 Agricultural Conservation Program through an on-the-farm visit by his local PMA committeeman, says Joe Camp, secretary of the county PMA committee.

He points out that the urgent need to take care of every acre of farm land so that our farms will continue to meet the needs of more and more people makes it essential to move ahead in soil and water conservation. This means conservation on more acres that have not been protected and improved in the past and it means more effective use of conservation measures on all farms.

The Agricultural Conservation Program has proved an effective means of getting farmers to adopt soil and water conservation practices on their farms, the chairman points out. And once practices have become established, it has encouraged shifts to other needed practices. The aim is to use the limited assistance available to encourage and help farmers with those practices which otherwise would not be carried out to the extent and within the time necessary to assure the Nation's increasing food needs.

The 1953 Agricultural Conservation Program, he explains, is centered on the most needed conservation on the individual farm and ACP assistance will be used only for the most needed practices. The farm-to-farm visits by community committeemen will start Oct. 13, 1952.

Burglars Hit Three Firms Sunday Night

Three local firms were visited by burglars during Sunday night, which netted the intruders \$23.75 in cash and probably some miscellaneous merchandise.

Willie Goldsmith, manager of the Farwell Elevator Co., reported the loss of \$23.75 in cash taken from the cash register. The Houston Lumber Co. and the Piggly Wiggly store reported no loss so far as could be ascertained.

Goldsmith said that his cash register was taken from the building and found the next day along the railroad tracks east of the elevator. Entrance was gained at each place by smashing windows.

Roy Threet at the Houston Lumber yard and C. G. Davis of the Piggly Wiggly store, both said that they had not been able to determine any loss.

Officers are of the opinion the burglaries were committed by the same persons who visited firms at Muleshoe and Melrose on the same night.

HERE FROM OKLAHOMA

J. B. Ginnings was here the latter part of the week from Atoka, Okla., making arrangements for drilling an irrigation well on his half-section farm southeast of Bovina. Ginnings, who formerly lived on his farm, said that he did not plan to move back to his place at this time and had already rented his place out for next year.

When the voters are handed their ballots in preparation for casting it in the 1952 general election on Nov. 4 they will be handed one of the biggest voting sheets ever presented to Texas voters.

The list of candidates run all the way from president to the office of justice of the peace - a total of thirty-three in number. Not only that, but the voter will have his or her choice of voting for candidates under seven separate tickets, and a write-in column in for good measure, making a total of eight columns appearing on the ballots.

And that's not all; voters will also decide the fate of two proposed constitutional amendments, which appear on the bottom of the ballots.

Parties represented on the ticket this year are: Democratic, Republican, Prohibition, Progressive, Christian Nationalist, Constitutional and Independent. Only the Democratic party column carries a full list of candidates.

For the first time, the names of the presidential and vice presidential candidates appear on the ballots instead of the presidential electors as has been the custom through the years. In the Democratic column, Adlai Stevenson heads up the list, with Dwight D. Eisenhower heading up the Republican column.

With the exception of the office of state commissioner of agriculture, all state candidates are listed in both the Democratic and Republican columns. John C. White refused to allow his name to be cross-filed on the ballot.

In addition to the Democrat and Republican columns, only four parties have listed candidates, and these are for the offices of president and vice president.

This year's ballots are so large that printers were forced to use small type in order to get the complete lists on the sheets, which may make it difficult for persons with failing eyesight to read.

Absentee Voting To Begin On Oct. 15th

Absentee voting will open in Texas on October 15, and persons desiring to cast absentee votes in the forthcoming general election will be required to make application to the county clerk for ballots.

Attaches at the clerk's office here said that already applications were being filed at the local office.

Voters who contemplate being away from home on election day, may make application and cast their votes by applying at the clerk's office. Voters who are away from home, including members of the armed forces, may make application by mail.

Texico Farm Bureau To Elect Officers

Texico Farm Bureau will meet in regular session Monday night at the Texico school lunchroom, at 8 o'clock CST. Luther Pearce, local chairman, will preside at the session.

Officers for the coming year will be elected. Mrs. W. H. McDaniel, reporter, urges all members to be there, and states that visitors are welcome. Refreshments will be served.

BEGIN CONSTRUCTION

Actual construction began on Texico band hall the latter part of September and workmen hope to have the project completed in two weeks, Supt. Agrie Jones says. Vocational ag boys are completing the addition of a quonset hut on the shop building.

HAVE ROUTINE BUSINESS

Carl Davis, vice president of Farwell Chamber of Commerce, reports that only routine business was discussed at the director's meeting Monday evening.

THESE ARE YOUR

Friends & Neighbors

(Sixteenth in a series of informative articles revealing little known facts about well known people in and around Texico-Farwell and nearby communities. Our sole purpose is to promote better acquaintances—in the hope of promoting better friendships.)

Mr. and Mrs. John Doose of Texico have lived in this area since 1906, having homesteaded south of Texico. They have watched Texico change from a "wild" boom town to the small steady community that citizens now know.

Mrs. Doose was born in Henrietta, Texas down in Clay County. Her father was a farmer and the local woman grew up and helped with the chores on the farm. "That is still what I'd like to do" she says, adding that "this town business doesn't suit me."

Asked where she and her husband first met, Mrs. Doose says that he came to her dad's house to help thrash wheat, oats and other crops. That was about 1897. Not long after that the young couple began seeing one another, and were married on January 19, 1901, in her home.

Even though he was living in Henrietta at the time he met his wife, Mr. Doose had not been there too many years. He was born in Keil, German. In 1887, the local man, in company with his parents, and five brothers and sisters, left the "old country" and traveled to America. He was 12 years of age at the time and remembers the trip well. "The sea was rough, but we kids were really excited about the trip," he says. They were on the sea 13 days.

Asked what prompted the Doose family to leave their native land, the local man says he had two sister and America. "Germany was a state of a brother who was already in poverty," he adds.

The Doses settled in Lion County, Kansas where they remained three years before moving to Clay County, Texas in 1890.

As for his first reaction to America, Doose states that he knew from the first that this was a great country. It was about two years before the local man mastered the English language. One of the first things he noticed was that Americans always had a mode of transportation—horses, wagons, buggies or sleds in the winter. In Germany, everyone traveled on foot.

Mrs. Doose remembers the story her mother-in-law told about one of the strange occurrences. The Doose family had never seen anyone "dip snuff" in the old country. Their landlady in America would dip snuff, be sitting in a chair in the center of the room, and "spit it out the window." The first time the German woman saw her landlady do this, she thought the woman was deathly ill.

their farm. They also had some trouble with coyotes, that would kill the turkeys.

One of the most humorous experiences recalled by the Doses is the first automobile either of them had ever seen. Their neighbor, who lived across the road, had the vehicle. Not having any gasoline in this section of the country, he hitched the car to a bull and a mule and towed it up and down the road. Adults were curious and children were frightened. When he offered to take Mrs. Doose for a ride, they had gone only a short distance and the mule balked. So she had to do some walking.

It was several years before the local people bought an automobile. "I was afraid of it at first," says Mrs. Doose, but she eventually learned to drive.

The Doses built the home where they now reside in 1919 and have

lived in town since then. They had schoolteachers as roomers for many years. Mrs. Doose worked for J. M. Radford for a while, checking in and billing groceries to towns all over Curry and Roosevelt counties. That was when a railroad ran to Portales. When the railroad was changed to Clovis the warehouse was moved.

The Doses then handled gas and oil in Texico. People would back a wagon up to the loading platform, and barrels would be filled for them to take to the country. Mr. Doose also was engaged in house moving and trucking.

Asked if she liked Texico now, Mrs. Doose comments favorably. As for sandstorms now, she just shuts the door and "lets it blow."

The Texico couple has two surviving children, Mrs. Edith Crawford of Albuquerque and Jack Doose of Odessa. One 9-day-old baby passed away before they moved to Texico. Their eldest son, Roy, died of blood poisoning when he was 18; and a daughter, Katie Mae, passed away when she was four years old. She had mastoid trouble.

Both Mr. and Mrs. Doose express their amazement at how time flies when they recall events in their 51 years together.

"THE BIG SMEAR"—H. V. Kaiternborn lashed out at the cowardly art of character assassination in politics, and tells how it has brought tragedy to many of its victims. It's a shocking report on mud-slinging from Washington's time to the present and should be read by every American. Read it in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Large Crowd Attends New Gin Opening

Between 400 and 500 people attended the grand opening of the Watkins Gin at Lazbuddy Tuesday of last week. Doyle Watkins welcomed guests and Frank Bozeman gave the response.

Watkins, who is manager of the gin, then acted as master of ceremonies and introduced special guests. Lunch was served and Reese Air Force Base string trio gave musical selections.

Baptist Revival Concludes Sunday

Rev. E. M. Treadwell, missionary to Brazil, is speaker for a series of revival meetings at the Baptist church this week. The revival concludes Sunday. Directing the singing is Doyle Reddell of Brownwood.

Rev. C. M. Fields, pastor of the church, reports 246 in Sunday School the opening day of the meeting with 100 in Training Union.

"We have many hopes for our revival" says Bro. Fields. Nights designated as special ones for church groups are: Monday, Brotherhood; Tuesday, WMU; Wednesday, GA; Thursday, RA; and Friday, general church night.

The Donald Christians of Roswell, N. M. visited relatives over the weekend. He is stationed there with the Air Corps.

Thoughts While Not Thinking

By Kayla Felts

You'd be surprised how many of the high school kids are really interested in the World Series. Personally, it makes me no difference, as long as the Dodgers win.

The seniors, at least most of them, find it hard to realize that they really are seniors at last. It's hard to think after graduation day the old gang will be broken up for good. Some will be married, others going on to college, some in the armed forces and not a few working for the proverbial living. Even the ones that started together in the first grade are no closer than those who drifted here in later years.

It seems funny to me that we haven't any more new kids in high school this year than we have. Usually the woods are full of 'em, but only 2 new juniors and no new seniors this year.

The question has been raised many times why kids had to do memory work in school. If we only knew! Maybe then we'd get out of part of it.

I guess everyone knows that we won't have a Halloween Carnival this year. But we will have a queen's race anyway. It's really a novel way of doing it and she will be crowned at the next to the last football game (last one is homecoming.) Everyone should get out and work for your own queen, so—lets git!

The seniors had a swell variation from English the last two days of the last week, what with Bull's clever reading and that zany imitation of Jerry Lewis. And then there were tryouts for the one-act play they will give Oct. 17 in assembly.

This is being written on a World Series Thursday and Yogi Berra just knocked a home run. Muttz and I used to like that guy, too.

A person who says "I have half a mind to quit school" doesn't know how right he is. It takes half a mind to make a decision like that!

You'd be surprised as all the personal campaigning that has been going on around FHS lately. Reason? We choose our personalities and favorites in the near future.

See you.

COLLECTING AUTUMN LEAVES

The third grade has begun a collection of autumn leaves with which they want to decorate our room. They will be a part of the science study as well. Visitors recently were Mrs. Mount, Scotty Mount, and Mrs. Charlie Hromas.

Last week in art, students did some newspaper pictures and discovered some of the pupils were very artistic.

Library books are now available, and Jean Reed has been appointed librarian.

SENIORS OF THE WEEK

Nelda Martin was born on May 24, 1935 in Clovis, New Mexico. She started to school at Farwell and has gone twelve years there. Nelda likes the teachers, but when asked a favorite she says, "ah brother." As a young girl, her ambition was to own a castle in England, but her future plans are undecided. Nelda's favorite place to go is to the car races, with Bob Davis, in a Pontiac car.

Laverna Beth Christian was born on September 29, 1934 in Clovis, New Mexico. She went to school at Oklahoma Lane for seven years and will have completed five years at Farwell. She likes all her teachers, but says her favorite is Mrs. Prescott. Her childhood ambition was to get out of high school and her future plans are undecided. Laverna's favorite place to go is home and her favorite person is her pop.

Students Act Out Plays and Stories

Jerry Lovelace, Sherry Vestal, and Jack Williams have had birthdays since school started. Children have been acting plays and stories in English, and have brought some nice flowers for the room, and apples for the teacher. They like our workbooks.

Butch Pair returned to school Thursday after a trip to California.

Youngsters are enjoying the swings and seesaws. They learned the school song in music.

Fifth Grade Pupils Plant Quinoa

Students in the fifth grade have already learned that ideas gained from many sources and by experimentation are more reliable than those from one source. Their experience with quinoa proves this. Last year, when studying the altiplans of Ecuador, the class read the quinoa is a grain raised by the shepherds and others in these Andean highlands.

Since quinoa seemed to promise a new grain for the high plains, the teacher contacted the Department of Agriculture, asking for samples of the seed. The answering letter stated that quinoa was really Chenopodium Quinoa. The dictionary clarified Chenopodium as meaning duck-footed, a species of plants to which turnips and mangle-wurtzel belong. The department had no seed, but referred to Mr. John Burney, of Nevada, who might have some.

Mr. Burney sent two packets of seed, one grown in Chile and the other in Ecuador, and stated that the plants grew to a height of six feet in this country, but without making seed.

Now the class will test for themselves that quinoa will do here. They have planted each variety of seed sent by Mr. Burney.

The class has a handsome set of shelves for holding pots of growing plants. They also have a big table on which they can work together. Sharon, Janice, and Donald helped Mrs. Booth refinish these Friday and Saturday morning. All the class had sandpapered the table top so that it would look better when refinished. The table has a central attraction a big bowl of guppies.

SOCIETY NOTES

The sophomore class and their dates accompanied by their sponsors, "Prof" Morton and Mr. and Mrs. James McDorman, went to Clovis Saturday evening for a weiner roast at the park. Later, everyone went to the movies and then met back at the school house before going home. A very good time was reported by all.

A slumberless slumber party was given by Bernice and Laverna Christian in their home Saturday night. Five girls, Katie Magness, Lila Holland, Bel Willard, and Laverna and Bernice, met there after their dates for eats, gossip, and very little sleep. The girls all went to church together Sunday morning.

It seems that Bel forgot what period it was and went to study hall instead of history the other day. What's the matter kiddo? Need some sleep?

BAND NEWS GIVEN

September 22, the band went to Amarillo to participate in the Tri-State Fair parade. They did not win any cash prizes, but they reported that all had fun and really enjoyed the trip. Most of the students were tired, sick, cold, or injured when they finally came home, the reporter adds.

The band performed at both the Vega and Bovina games, and plan to perform at all the football games. They decided to have refreshments after the game with Boy's Ranch. A committee was appointed to find out the details.

In a meeting Tuesday, the band elected four new band members for the student council. They were Don Gerles, sophomore; Judy Garrett, eighth grade; Mitchell Walls and Naomi Hubbell, seventh grade.

What's An Education For Anyway?—Editorial

Why is it that so many high school kids, especially the boys, want to quit school and work? Of course, when financial or family conditions are such that they have to work, that's all well and good, but a part-time job—say, afternoons after school and on Saturdays—instead of quitting completely, would be much better.

If students go ahead and finish even high school and have that diploma, they have a much better chance of snagging a good job. And maybe they don't realize it, but when employers are interviewing applicants for a job, they are more impressed with good English and neatness than with elaborate dress and everything like that.

Where else can young people learn this except in school? Daily association with classmates and that ever present English class will permit a little of it to "rub off" on students. And if a person applies himself even a little, he can Go Places (in capital letters, just like that.)

If high school students go on to college and continue their education, they are more apt to get even better jobs and bring in more of the popular American dollar. And that's what nearly everyone is after, isn't it? Even those who quit school in the first place do it for money, don't they? So that brings us back to school again.

Students celebrating birthdays this month are: Howard Jenkins, Darla Doshier, Jesse Cox, Eddie Smith, Ann Whitley, Mary Kriegel, Bell Willard, Lavon Jones, and Don Gerles.

Happy Birthday and many happy returns.

MELVA BROCK MOVES

The sixth graders are very sorry to lose one of their class members, Melva Brock, who has moved to Santa Fe, Texas.

They have been giving talks in English, several of the boys have given talks on how to make ink.

Mrs. Miller, the sixth grade teacher has brought some pretty flowers for the room. Students have also started a table of potted plants. They have been doing crayola edging for the many pictures in their room.

Farwell FHA Has First Meeting

The first FHA meeting was held last Monday night. The meeting was called to order by the president, Rubie Kittrell. Members sang their FHA song and then continue with their business meeting.

Darla Doshier was elected as reporter; Gloria Dial, historian, Bernice Christian, parliamentarian and the club parents are Mr. and Mrs. Willie Hardage, Mr. and Mrs. Walter Hardage, and Mr. and Mrs. Murry Dial. The Prince Charming is Ronnie Dial.

The meeting was adjourned and everyone enjoyed cookies and punch while exchanging gossip and jokes.

DRAW ORIGINAL PICTURES

The first graders have been busy drawing original pictures, and bringing grasshoppers and butterflies to school. Melody Coffman, Clifford Gray, and Sylvia Smith all brought beautiful bouquets. "They make our room much brighter," the reporter says.

Mrs. Smith Re-elected To DAR Post at Hobbs

Mrs. A. D. Smith of Farwell was re-elected State Chaplain at the 32nd annual State Conference of New Mexico Society of Daughters of American Revolution in Hobbs, N. M., Oct. 2-4. Mrs. Smith, also Mrs. Clyn Smith and Mrs. R. C. Pierce of Clovis attended the session.

Mrs. James B. Patton, President General of DAR, gave the principal address.

Standing as the chief barrier to world communism, the United States must retain absolute independence of action in international affairs, she declared.

This nation stands at a crossroad in history, Mrs. Patton told the New Mexico State Conference of the patriotic organization. The time has come to choose between socialistic trends and the full system of American free enterprise.

Emphasizing the unequivocal of the DAR to any form of world government Mrs. Patton said the national society also vigorously supports:

"A strong national defense adequate to protect our country." "Conduct of public affairs strictly in keeping with the Constitution of the United States and the American way of life." "An end to government paternalism, a respect for states rights."

In a plea for citizens to register and vote in the November election, Mrs. Patton said that "the best way to bring about reforms in government is through interest in government and the pressure of public opinion."

"It is time that each one of us should stand up and be counted. One of our most effective weapons is through the ballot box. It is our duty as American citizens to exercise our franchise and go to the polls and vote for the men and women whom we believe to be best qualified for the special position 'whether in our communities, state or nation.'"

Explaining the DAR opposition to world government, Mrs. Patton said the Society upholds the primary purposes of the United Nations: "To maintain international peace and security." "We insist that the United States retain its individual sovereignty as free and independent nations," she added.

"We oppose any attempt to bring about the United Nations or any other medium a world government or a partial world government."

"We have used many of our resources, we have increased our national debt to staggering proportions and now we are asked to take the last road away from American independence of action by linking our fortunes with weaker nations in schemes of world government."

Mrs. Patton praised the members of the organization for their "pioneer spirit" and for their interest in the broad program of DAR work in promoting good citizenship, in helping the underprivileged, in aiding boys and girls to secure an education and a right start in life and in fighting for American principles.

ESA Makes Plans For Future Events

Dardanella Helton was hostess for a business meeting for members of Epsilon Sigma Alpha Monday evening in her home.

Members were reminded of a change in time for the council meeting for this area, to November 9 instead of the past weekend. The session will be held in Albuquerque.

A report was heard on the table setting contest in Clovis, in which the organization is participating. Rosa Roberts and ell Walling are planning the display for the group. All attendants at the table setting display, which is planned at Clovis Hotel Monday and Tuesday afternoon, will be asked to vote on the outstanding tables. "We will appreciate any votes that are received for Farwell Epsilon Sigma Alpha's display," says Jeanne Graham, president of the group.

A shipwreck party was then planned for Thursday night, October 23 when members and guests will wear costumes, depicting the shipwreck theme. Committees were named to further plan the affair.

Wynema Cochran, named Golden Girl for the sorority, was presented a plaque bearing her name and the words "Sweetheart of Epsilon Sigma Alpha."

Members also discussed plans for the Santa Claus second annual trip to Farwell. Boxes will be given away to children, when Santa and his reindeer come to town December 17. Also assisting in the project this year are Farwell Chamber of Commerce and Texico Chamber of Commerce.

Attending the Monday night session were: Jeanne Graham, Dardanella Helton, Gladys Kaltwasser, Dorothy Quickel, Rosa Roberts, Julia Symcox, Iris Thornton, Nell Walling, Elizabeth Kaltwasser, Gloria Miller and Wynema Cochran.

Next meeting is planned October 27 in the home of Dorothy Quickel, at 8 o'clock. Rosa Roberts is program chairman, and subject is "In Business." As each member answers roll call, she will give a rule of etiquette to follow in business.

Alvenia Cox Is Ruth President

Mrs. Olan Schlueter was hostess to a meeting of the Ruth class of the Baptist church recently. Devotional was given by Mrs. Nora Day from Romans 8. She then read a poem "Ain't It True."

Mrs. E. G. Williams led the prayer.

New officers are: Alvenia Cox, president; Mrs. Baker, vice president; Nora Day, recording secretary; Mrs. Frank Seale, class ministriss; Mrs. Olan Schlueter, social chairman; Mrs. N. R. Harding, Mrs. Harry Donahay, Mrs. Mc Daniel and Mrs. R. L. Douglas, Sr., group captains.

Women discussed a joint meeting with other classes, and women decided to meet each Monday after the fourth Sunday. The class presented Mrs. Nicewarner with a birthday present.

Ice cream, cookies and punch were served to Mesdames N. R. Harding, Frank Seale, Baker E. G. Williams, Loveless, Nora Day, Harry Whitley, D. J. Brown, Alvenia Cox, H. H. Poette and the hostess.

Here From Abernathy

Wesley Bible Class Meets in Booth Home

Mrs. E. E. Booth was hostess to a meeting of the Susannah Wesley Bible class of the Methodist church Tuesday evening. Mrs. Anne Overstreet led the short devotional.

New officers are: Mrs. E. U. Scott, president; Mrs. E. G. Blair, vice-president; Mrs. Jess Newton, secretary-treasurer; Mrs. N. L. Tharp, teacher; Mrs. B. N. Graham, assistant teacher.

After a social, coffee and cake were served by Mrs. Booth and Mrs. Ralph Humble, assistant hostess. Attendees were: Mesdames Albert Thomas, N. L. Tharp, W. W. Ingram, E. G. Blair, Roy Thornton, Anne Overstreet, B. N. Graham, Jess Newton, F. J. Park, Ruby Dixon, W. H. Graham, Miller Stroup, G. W. Atchley, Lena Yoder, E. U. Scott, and the hostesses.

Mr. Booth assisted his wife in showing the guests the new Booth home.

Junior GA's Elect Officers Wednesday

Junior GA's of the Baptist church had 14 members at the last regular meeting recently. They reported \$3.59 in the treasury.

New officers for the group are: Sue Fields, president; Joann Brown, vice president; Judy Kay Hillock, secretary-treasurer; Phyllis Ann Kelley, reporter; Katherine Billington, song leader. Audrey Hapke, Gloria Johnson and Gwenette Powell were promoted to the intermediate group, and the juniors presented each of them with a handkerchief.

Misses Fields and Kelley made a poster of the first verse of the GA song and Janet Branscum and Judy Hillock were given the second verse. Third verse was assigned to L'Orchid Latham and Carole Latham; and fourth verse was to Katherine Billington and Gwendolyn Potts.

Mrs. Shaw is sponsor for the group.

Variety Club Has Varied Program

Janie Sides was hostess to members of the Variety club Tuesday afternoon in her home. Fourteen members answered roll call by naming a beauty aid of the past.

November 20 was set as date for the Thanksgiving supper for the group. Women then hemmed cup-towels for the hostess. Mrs. Frank Edwards discussed Beauty Council or cosmetics, and Mrs. Bertie Foster was honored on her birthday.

Tuna fish sandwiches, olives, cookies and punch were served to Mesdames G. T. Watkins, Flora Edwards, Nell Roach, Dickie Magness, Flora Kepley, Bertie Foster, Bessie Caldwell, Thelma Perkins, Pearl Grissom, Inez West, Carrie Christian, Maude Pruitt, Jewel Barry, J. I. Gober, and the guest, Mrs. Edwards.

NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES

THE STATE OF TEXAS COUNTY OF FARMER To the Resident Qualified Property Tax-paying Voters of Farmer County, Texas: TAKE NOTICE that an election will be held on the 4th day of November, 1952, in said County, in obedience to an order duly entered by the Commissioners Court on the 8th day of September, 1952, which is as follows:

On this the 8th day of September, 1952, the Commissioners Court of Farmer County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Farwell, Texas, with the following members of the Court, to-wit: A. D. Smith, County Judge, E. R. Day, Commissioner, Precinct No. 1, C. H. Jefferson, Commissioner, Precinct No. 2, E. F. Billingsley, Commissioner, Precinct No. 3, H. L. Ivy, Commissioner, Precinct No. 4, being present, and among other proceedings had by the Court were the following:

Commissioner E. R. Day introduced an order and moved its adoption. The motion was seconded by Commissioner C. H. Jefferson. The motion, carrying with it the adoption of the order, prevailed by the following vote: AYES: Commissioners E. R. Day, E. F. Billingsley, C. H. Jefferson, H. L. Ivy. NOES: Commissioners none.

WHEREAS, at the general election held throughout the State of Texas on November 7, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80) cents on the one hundred dollars valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpayers voters of such county at a general or special election; and in event such re-allocations and changes are approved by a majority of the qualified property taxpayers voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpayers voters of such county, voting on the proposition; and

WHEREAS, the Commissioners Court of Farmer County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided:

THEREFORE BE IT ORDERED BY THE COMMISSIONERS COURT OF FARMER COUNTY, TEXAS: That a special election be held in said County on the 4th day of November, 1952, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpayers voters, who own taxable property in said County and who have duly rendered the same for taxation for their action thereupon: "Shall the Commissioners Court of Farmer County, Texas, be authorized to levy and collect in each year for herein shall be six (6) years from the date of said election, county taxes as follows: Not exceeding fifty five cents (55c) on the \$100.00 valuation, in any one year, for County purposes; Not exceeding fifteen cents (15c) on the \$100.00 valuation, in any one year, for roads and bridges; Not exceeding five cents (5c) on the \$100.00 valuation, in any one year, to supplement the jury fund of the county; and Not exceeding five cents (5c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be authorized by a majority of the qualified property taxpayers voters of the County, voting at an election held for that purpose, nothing herein shall be construed as constituting in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, of Article 8, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election. The ballots for said election shall have written or printed thereon the following: "FOR RE-ALLOCATION OF COUNTY TAXES."

AGAINST RE-ALLOCATION OF COUNTY TAXES. Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote. The polling places and presiding officers of said election shall be respectively as follows:

Table with 3 columns: Precinct No., Voting Place, Pres. Officer. Includes precincts 1-8 with names like John Bengier, T. J. Crawford, S. A. Calhoun, Albert Smith, E. V. Crain, Melvin Sachs, Lakeview Ohio Whitefield.

The manner of holding said election shall be governed by the laws of the State regulating general elections. A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient

Shorty Sez-- A skirt is a garment which is always too short, too long, too tight, or too loose. One nice thing about a one-way stretch is that you can only be bumped from the rear. Thank goodness there are still a few people who can radiate friendship and conversation without running for office. Don't let the warm sunny afternoons fool you, folks. It's getting close to winter--fast! Bring the old bus in here for a thorough servicing before winter gets here to stay. MILSTEAD SERVICE STATION Farwell, Texas Shorty and Floyd Milstead

Anybody care to run for this office?

Candidate Wanted: Must be efficient, honest, experienced. Pay and term of office uncertain, since public will vote every day to see if candidate stays in office.

We bet you don't want that job of being forced to get elected every day. Yet it's a reasonably accurate description of what a manufacturer must do to hold his job.

Every day at the sales counter, millions of women and men vote General Electric in or out of a job.

When you stop to think of it, we don't hold office for four years--or even two. We have a daily fight on our hands.

Hands at the sales counter pick up G-E products--hold them, turn them over, inspect them, try them against competitive articles for value and price--then decide for or against.

The only way we can win the election is by constantly improving our product. Thousands of engineers are paid to think up ways to improve, redesign, simplify. We use every known device of mass production to deliver more for the money. And our employees are as keen on winning our daily "public election" as is the salesman at the counter.

Manufacturers sell products on the basis of "be good every day--or get out of office." The result is the American public has the world's highest standard of living.

You can put your confidence in GENERAL ELECTRIC

Junior High Pep Squad Elect Leaders

Jo Elaine Magness was elected president of the Junior High pep squad. The following leaders were elected: seventh grade, Naomi Hubbell; eighth grade, Louville Carpenter and Angela Williams; ninth grade Betty Hubbell.

Substitutes are Katherine Pullam and Shirley Doshier.

Dues voted were 15 cents a month.

All members are working hard to help the boys win their games in football for the 1952-53 football season.

Seniors Receive Proofs Plan Assembly, Party

The seniors were happy over the arrival of their proofs. Most of the seniors were pleased with their pictures although as usual, some did not like them.

The senior class will have charge of the assembly program Oct. 14, 1952.

The class held their third class meeting Oct. 1, 1952. They picked out their invitations. Laverna Christian suggested the class have a traveling hobo supper. All were enthusiastic and this will be eagerly looked forward to in the near future, Oct. 12, 1952.

Jack Williams, one of the senior class sponsors, told the class of many good and easy ways to make money for the senior queen. Ruby Kittrell is the senior queen. All votes accepted.

The members of the senior class urge all to buy an annual for this coming year.

New Musical Group Organized At School

The music department of Farwell High would like to introduce a new musical octet—The Octive—This octet is composed of: Mona McDorman, Peggy Hardage, Elaine Martin, La voyda Billington, Ysleta Brown, Agnes Meissner, Gloria Dial, and Betty Billingsley. All these girls are sophomores.

The group will have identical costumes later on. They plan to have black skirts, and white sweaters with black shoes, carrying out the theme of a keyboard.

The Octave made its first public appearance Wednesday night, at the Farmer County Teachers' meeting. They sang two selections—"Carmen-cita" and "You Can't Be True Dear." "These eight girls invite you to any future programs to be given," music reporter says.

Second Graders Have Flowers In Room

"We were very happy to receive the flowers that Doris and Virginia brought for our room Wednesday," the second grade teacher says.

The boys and girls of the second grade enjoyed the refreshments that Doris Donaldson brought on Friday.

Students were sorry that Charles Roberts and Brenda Thomas had to be out of school for a few days of illness.

Brenda is very proud of her baby sister.

The mothers of the following children have visited the room, Darwin Billingsley and Woody Maggart.

Mikey Davenport was happy to have his auntie, Mrs. Edd Hardage, to eat in the lunchroom with him on Friday.

HAVE CLASS PARTY

The seventh grade had a class party, Saturday night at Delvin Langford's home. Twenty-one students attended. "Everyone had plenty to eat, and had a good time. Thank you Delvin," says the reporter.

The students that are in the band went to the Amarillo fair recently. Everyone stayed all day, and many of them won some prizes at the booths.

CLASS HAS PARTY

Last Saturday night the sixth grade was honored with a party in Mr. Harding's home room. There were 12 present, Mr. and Mrs. Carter Lawson and Mr. Harding were the class chaperones. The group attended a show, and afterwards went to the Super Dog Stand for refreshments. It has been reported that a good time was enjoyed by all.

PROOF

OF FAST, ECONOMICAL GAINS ON PURINA FAT CALF CHOW

A group of steer calves was started at the Bourbon Stockyards, Louisville, Ky., at an average weight at 366 lbs. The finished weight after 120 days on Fat Calf Chow was 641 lbs., an average gain of 275 lbs. per steer. Each steer averaged 2.3 lbs. gain per day, after allowing for a 22-hr. shrink period at the end of the test. Note that at the start of the test 82% were in the top two grades. You'll note that these calves were "foolers," because they actually graded out higher on the hook than they had graded on hoof.

These unbiased tests prove which car is best!

Hudson's all-time record on world's toughest proving grounds helps you choose your family car

A STOCK-CAR race is equal to 50,000 miles of ordinary driving. It requires power and lightning-like acceleration. But it also demands absolute safety.

To date this year, Hudsons, just like those you can buy from us, have won 38 out of 45 stock-car races—a record never approached by any other make. How does this help you choose your next car? That's easy . . .

Hudson's victories prove that its exclusive "step-down" design (with America's lowest center of gravity) gives you road-hugging safety no other car can touch.

These grueling grinds prove Hudson's Monobilt body-and-frame* is the safest, most durable construction used in any car. Again, safety for you and your family.

Finally, this record shows Hudson's high-compression engine has more power than you'll ever need—to get you out of tight spots, to send you smoothly up any hill you'll ever take. So, stop in and see us. Learn how it feels to drive America's stock-car champion!

Standard trim and other specifications and accessories subject to change without notice.

The chips are down in a stock-car race. Claims mean nothing. Results alone count. Here America's cars publicly compete on an equal basis, one against the other. How does the car you drive make out?

Power's important. But safety's vital. The same brute strength that protects stock-car drivers also protects you and your family on your daily trips in your Hudson.

With all its power, its safety, its stamina—Hudson is a lovely car to look at, too. Modern streamlining and design delights the eye. Drop in and see us today, or a telephone call will bring a Hudson to your door this very evening.

Melrose Skins Steers 21-7 In Non-Con Tilt
BY JESSE COX

The Melrose Buffaloes, a class "B" New Mexico school, turned back the Farwell Steers 21-7 in an inter-sectional game on the Buff stomping grounds Friday night.

The Steers, fresh from two victories over Vega and Bovina, never managed to get their feet under them throughout the game.

Shelby Jobs, a Steer coach, observed, "The boys were a little overconfident and then Melrose seemed to be a little stronger than was expected."

Jobs did not alibi Farwell's loss, but it is true that the Steers were called back from two touchdowns.

Melrose got off to an early lead in the first quarter, Milcen Barrson, right half, slipping through tackle for a 30-yard touchdown run. Dale Widner converted.

The Buffs pushed their lead to 14 points before the end of the first half when Widner swept right end 20 yards for another score. Barrson converted this time.

Neither team managed to score in the third period, and the Steers capitalized on a Buff fumble in the fourth to set up a touchdown. James Norton, Farwell right guard, captured the ball for the Blues on the Melrose 45-yard line.

From there Farwell drove to within striking distance of the goal, and Gene Hardage tossed an aerial to Eddie Smith 25 yards for the Steer's

first and only score. Hardage also converted.

Quarterback Lawrence Widner iced the game for Melrose before time ran out when he broke into the stripes around left end. Joe Firestone converted for the 21-7 Melrose victory.

Brackets Drawn Up For Tournament

Brackets were drawn up last week for the junior high tournament to be held in Ranchvale October 11, in which Texico is entered.

In the girl's division, Melrose is pitted against Ranchvale at 9 o'clock; Field drew a bye; and Texico plays Rosedale at 10:15. Center meets Grady at 11:50. The winner of the Melrose-Ranchvale tilt then plays Field; and top teams of the Texico-Rosedale and Center-Grady games, are pitted against one another.

In the boy's division, Grady and Ranchvale meet at 9 o'clock; Rosedale plays Center at 10:15; Texico drew a bye; and Field and Forest clash at 10:50. Winners of the first two games then play, and Texico meets the high scorers of the Field-Forest session.

LOSE TO FIELDS

Texico's Whirlwinds dropped a game Friday afternoon when they lost their first game of the season to Field by a score of 9-7. Anita Brown was on the mound for the Whirlwinds. Mary Skeen and Earlene Cook pitched for the Field team.

Steers Practice Hard For Conference Opener With Anton Friday

Emphasis on the game fundamentals was brought up again in Farwell scrimmages this week, as Shelby Jobs and Jack Williams laid plans to improve the Steer's blocking ability.

"We were a little weak on our blocking at Melrose Friday night," Jobs. "That may or may not have been the reason for our getting beaten, but we're going to work it out anyway."

It's the real business for the light Farwell football club from here on out. Anton, the first conference opponent, will entertain the Steers Friday night.

Last year Farwell managed an upset over Anton, and Farwell coaches suspect that the visitors will remember it Friday night. Last week Anton walloped Bovina 40-0, and in so doing put one conference scalp on their belt already.

The Anton squad is loaded with boys with plenty of football experience. Of a squad of 22, Coach Joe King (at Petersburg last year) has 11 seniors to draw from.

The Anton coach went calling last Friday night when Melrose played Farwell, and is expected to have the "drop" on the local team in this respect.

Lazbuddy Wins Opener With Spade, 61-30

The Lazbuddy Longhorns beat the Spade Longhorns with a sensational score of 61-30 recently. They got off to a red hot start scoring 3 touchdowns and kicking two extra points in the first 4 minutes of the game. At the end of the first quarter, the score was 21-0.

The Spade squadron held the Longhorns scoreless the second quarter.

At the beginning of the third quarter, the Lazbuddy squad scored three more touchdowns. Then the Lazbuddy B squad took over. At the end of the third quarter, Lazbuddy led with a score of 43-12. The fourth quarter, Lazbuddy gained to the score of 61, allowing the Spade squad only 30 points.

Go Through Season With Perfect Record

Texico's Junior High boys softball team won their last game of the season Friday afternoon when they defeated Ranchvale 12-8 with the main team retiring at the fourth inning. "Everyone got numerous hits," said Coach Curtis Miller.

Andrew Jackson, Bobby Spears, and Rodney Powell each hit four baggers. Andrew Jackson and Donal Arnold were on the mound for the home team.

Junior High Wins, Continues Record

Coach Curtis Miller's Junior high boys and girls of Texico have a no loss record for the season, when they won over Rosedale Tuesday by the scores of 15-4 and 11-10 respectively.

Peggy Halsell and Rodney Powell were the home run hitters for the teams.

Their next game will be October 7 when they will meet Ranchvale on the home court. This will be the last game before the tournament.

WOLVERINES TIE PANTHERS

Texico's Wolverines softball team tied the Field Panthers in an eight inning game at Field Friday afternoon, 8-8. Bobby Goldsmith and Rodney Powell were in the pitching position for the Wolverines while D. Donham pitched for the Panthers.

James King hit the only home run for the locals.

Recent visitor in the home of Mrs. J. C. Robertson was her granddaughter, Sharon Kay Benson, of Amarillo.

Junior High Wins With Great Margin

Texico's Junior High girls softball team went all out to win over Ranchvale Tuesday afternoon by a large score of 36-3.

Peggy Halsell and Doris Harriman each slugged a home run. Bessie Vaught and Barbara Caldwell were on the mound for the locals.

Parmer County Teachers Name Ward New Prexy

The Parmer County Teacher's Association members were served a chicken dinner by the cafeteria ladies of the Farwell High School Wednesday of last week.

The music department, under the direction of Mrs. Erma Jobs, entertained the teachers with a musical program. Howard Jenkins and Dudley Hughes played a violin duet followed by the girls "Octete" singing "Carmencita" and "You Can't Be True, Dear." Howard Jenkins then played a trombone solo.

At the close of the musical program the meeting was in charge of the president, Jack Williams.

W. M. Roberts gave a report of his meeting in Amarillo as a representative of district nine, in a workshop of the Texas State Teachers Association. Chief topics were teacher's salaries and teacher tenure.

The following officers were elected for the coming year: president, Mr. Ward Lazbuddy; first vice president, Lee Burnett, Friona; second vice president, W. M. Roberts, Farwell; secretary, Mrs. Ravel Lazbuddy; and treasurer, C. W. Duke, Lazbuddy.

Texas Democrats want TEXAS-BORN IKE

"RESOLVED . . . that it is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice-President . . ."

TEXAS STATE DEMOCRATIC CONVENTION AMARILLO, TEXAS *** SEPTEMBER 9, 1952

A MAN OF PRINCIPLE WHO THINKS AS WE DO

You can be a Democrat without being a Trumanite. Your party's state convention in Amarillo on September 9 passed the resolution quoted above. Texans who believe in the time-tried Jeffersonian principles of the Democratic Party are going to vote for Dwight D. Eisenhower on November 4. If you are tired of Trumanism and want to help elect Eisenhower, send in the coupon. Be a Texan—not a Trumanite—vote Ike.

TEXAS DEMOCRATS FOR EISENHOWER

I am a Texas Democrat for Eisenhower, and I want to work in my community to elect him. Please send me further information.

The attendance report for Sunday Sept. 28 was Sunday school, 162; Morning worship, 206; Training Union, 98; Evening worship, 123. For Sunday Oct. 5, Sunday school, 133; Morning worship, 187; Training Union, 100; Evening worship, 138.

The building committee will be ready to report to the church in the near future with some definite plans for the new educational building, an announcement will be made at a later date concerning the plans.

Last Sunday was the beginning of the new associational year. The Lord blessed in a great way the year just closed. There were 17 for Baptism, 54 additions by letter and something over \$12,000 raised for all causes.

A cordial welcome awaits you at the Bovina Baptist church.

PURCHASE MACHINE

The school board has just purchased two new electric sewing machines for the department in order to be adequate for the interest shown by adults in a clothing construction class. Other adults interested in this may contact Mrs. Young and enroll in the class immediately. A class in tailoring will begin sometime early in the new year for adults.

Members Surprise President with Gifts

The WMU of the Bovina Baptist church met early last Tuesday at the church and went in a group to the home of the WMU president, Mrs. Charles Hawkins, who they showered with many lovely gifts for her new home. After the honoree opened the packages, a social hour was enjoyed and a tour of the home was made. The president then called the meeting to order for a business session. Officers for the new years were installed. Refreshments were served to: Mesdames E. H. Moody, Alvin Glasscock, H. L. Tidenberg, J. O. Combs, Von Bowen, Rex Jacquess, E. L. Morrison, Bob Williford, Homer Martin, Lewis Hillock, Charles Hawkins and H. D. Bradshaw and two guests, Miss Yvonne Moody and Mrs. H. T. Hastings.

Have Luncheon

The Dorcas Circle of the Methodist church met Oct. 1 with Mable Newberry. A covered dish luncheon was served at noon and the lesson was presented by Mrs. I. W. Quickel on "Sustenance." Present were Mrs. Ike Quickel, Mrs. I. T. Huckabee, Mrs. Earl Richards, Mrs. Ruby Wilson, Mrs. Doris Wilson, Mrs. P. Barron, Mrs. L. Moore, Mrs. T. J. Hopingardner and hostess.

Half-Century Members Discuss Political Candidates Thursday

The Half-Century club met Thursday in the Half Century club room. The meeting was called to order by the president, Mrs. Jimmie Charles. The minutes were read by the secretary, Mrs. Tyson Eubanks, and business was carried out orderly and efficiently.

A biography of Democratic nominees for president and vice presidents was given by Mr. W. H. Willoughby. At the next meeting, Mrs. Vernon Estes will give a biography of Republican nominees for the same offices.

Those attending the meeting Thursday were Mrs. Clarence Shanks, Mrs. Jimmie Charles, Mrs. Vernon Estes, Mrs. Bill Liles, Mrs. Howard Looney, Mrs. D. C. Looney, Mrs. Graham Thornton, Mrs. Tyson Eubanks, Mrs. Leonard Gee and the hostesses Mrs. Marion Carson and Mrs. Keith Baten. Refreshments of coffee, salad, cheese-crackers, and Hershey tidbits were served by the hostesses.

Future meetings will be on the first and third Tuesday night of each month at 7:30. Next meeting will be October 14th with Mrs. Graham Thornton and Mrs. Tyson Eubanks as hostesses, and Mr. Vernon Estes as speaker. Members plan to have several guests at this meeting as prospective members.

Home Economics Classes Study

The fall classes in General Home-making have been studying a Health Unit. The first year girls are studying a unit entitled "Being Satisfactory Friends With Children," in which they have been observing physical characteristics of children at various age levels.

The second year girls are doing a five week unit on "Food Preservation." Here they have had actual canning experiences with peaches for salads, pear preserves, green snap cream peas, tomato catsup, plum butter.

Within the next few weeks, all the student individual units on clothing construction will begin in order to have garments ready for the area meeting in March and to wear during the school term.

Bill Bradshaw Feted With "Stag" Party

Friends gathered in the Bill Bradshaw home honoring Bill on his birthday. This was very much a surprise to Mr. Bradshaw.

Present were: Reagan Looney, A. M. Wilson, Nat Read, Perry Looney, Paul Jones, Aubry Brock, Dutch Dean, Hillary Tidenberg, and Amos Steelman. Mrs. Bradshaw made an urn of coffee and set out the cake and left it with them. A stag party was enjoyed by all.

In Durham Home

Those visiting in the M. D. Durham home last week were Mr. and Mrs. Moss Farmer and daughters, Reba Nell and Judy, from Ladonia, Texas; and Mr. and Mrs. H. L. Durham and Mr. and Mrs. L. E. Arnold from Dallas, Texas.

Jones Say Treating Seed Is Very Cheap Insurance

COLLEGE STATION, — Treating planting seed is not something new, says Joe Jones, county agent. More than 2000 years ago farmers were told to soak planting seed in wine. In 1640 a shipwreck off the coast of England led to one of the big advances in small grain seed treatment. The damaged grain was unfit for making flour but was used for planting purposes. Farmers who planted the sea water saturated seed found their crops to be fairly free of smut. This led to the use of brine for treating wheat seed.

Today there are chemicals made specifically for the treatment of small grain seed and according to Don Morton, plant pathologist of the Texas A & M College System, when these materials are properly used, losses from most small grain smuts can be practically eliminated. Stinking smut is always a threat to the wheat crop and it along with the loose and covered smuts of oats and covered smut of barley can be controlled by proper seed treatment. Still another insurance feature of treating planting seed is the reduction in seed decay and seedling blight.

During the past few years, a disease called dry-land foot rot of wheat has become economically important. In some areas of the Rolling Plains last year, up to 50 per cent of the

wheat plants were affected. In the infested fields, the disease can be detected before harvest in the form of green and white heads on the same plant stool. The grain is shriveled or is entirely absent. The base of the stems are usually dark in color and the diseased plants may be easily pulled from the soil. The root system often remains in the ground because the plants break at the decaying crown.

Seed treatment is not the entire answer for controlling this disease but is an aid. Since the disease fungus may live in the soil for several years, crop rotation and late planting are practices recommended by Norton as further aids to controlling foot rot and certain seedling blights.

The cost of seed treating materials is small when considered on a bushel or acre basis. Norton says several good compounds are readily available for doing the seed treating job. He urges farmers to follow closely

the directions printed on the containers and to use care when doing the treating job because the materials are mostly poisonous.

Herbert Hoover was the first president of the United States to be elected from a state west of the Mississippi river.
