

Hot Check Story Second in NEA

For the second time in as many years, The State Line Tribune has won a national award for journalistic excellence. A story written last year by Editor W. H. Graham Jr. was Friday acknowledged as the second best example of news reporting in the annual contests of the National Editorial Association.

The award was announced at the NEA convention in San Francisco, but the Gramhams were unable to attend because of the pressure of business activities.

Last year, The Tribune was given first prize in the nation for service to agriculture. The paper also received one second and two third place awards in other divisions in the 1956 contests.

This year's prize-winning story was about Leonard Hanna, who wound up a \$66,000 hot check writing spree in exciting fashion when he crashed an airplane in the county.

The news story was followed up with a personal interview, which tied in

with the story and supplied background material.

The Tribune joined other newspapers of the Texas Panhandle who have piled up amazing achievements in the national contests. "Doubtless, no other area in the nation comparable in area and population with ours has newspapers which have won so many journalistic distinctions," Graham said this week.

As an example, he pointed to the Hereford Brand,

which won the coveted first place in general excellence this year. (Last year, this honor went to the Ochiltree County Herald at Perryton.)

The Canadian Record won first place in the excellence in typography contest, and the Canyon News took third in that same bracket. H. M. Baggaly of the Tulia Herald took first place in column writing.

There were 1,911 newspapers from 47 states and Hawaii competing in the contests this year.

Green Light Given On Fire Station

The go-ahead signal for construction of Farwell's first fire station was given by the city commission last Friday afternoon. No contract was let, but Joe Crume of Kemp Lumber Company was authorized to begin work on it.

The location named by the commission was on First Street, adjacent to the City Auditorium. It was pointed out by the commission that this was the only site which could be obtained with the funds that were available.

Several other locations had been suggested as possibilities but investigation revealed that they were unfeasible with the limited funds.

The five lots north of the building are being sold to the city at \$100 each by Hamlin Overstreet. The five are more than is needed for the 32x54 building, but the plot came in a package deal.

It was suggested by Mayor Sam Aldridge that part of the property could be used for the swimming pool, which is being planned here. No action was taken as far as designating the land for this purpose but that was one of the possible suggested uses for the extra property.

It is not known just when construction of the station will get underway or be completed. Staking out of the land was done Saturday and before construction work can begin

the area will have to be filled in with six or eight inches of dirt to bring it up level with the road.

The building will be of tile construction and to be built at the present time will be just the shell of the building. Plumbing and electrical wiring will be roughed in and only one partition will be included in the building.

The partition will separate the garage from the portion of the structure which will have the apartment and meeting room. Finishing of the meeting room and the apartment will not be done until additional funds become available. It is hoped by the commission that collection of delinquent taxes will enable them to complete the job.

Otis Huggins, a long-time promoter of the fire station, said that several members of the local volunteer fire department had volunteered to donate some labor on the building. Crume said that any voluntary help would lower the cost of the building.

Most of the needed materials for the station will be furnished by the lumber yard at cost, Huggins has volunteered his services in assisting with the wiring, and the voluntary help from the fireboys may help to cut the cost to within the means of the city.

Also to be included with the building at the present time will be a ramp from the front of the drive to the street. This will be 30 feet.

Available funds for the new station at present total \$6,700 and by spending \$500 for the lots, \$6,200 will be left for the building.

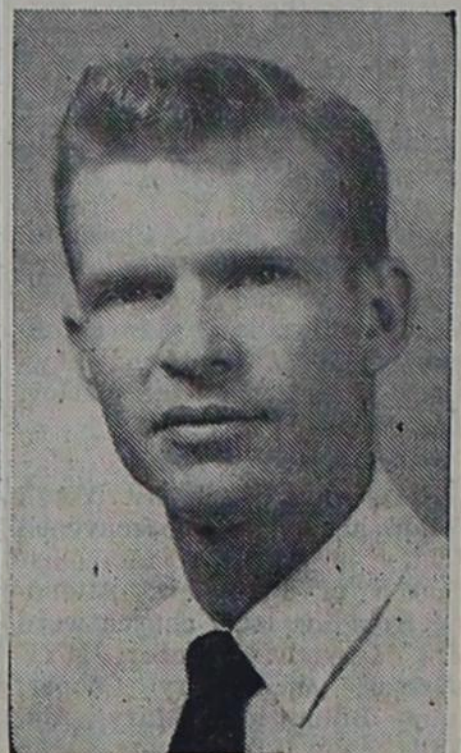

In addition to the lots, the city will be out \$700 for the paving which is being completed. However, it was pointed out by Wilfred Quicel, city clerk, that the previous commission had set aside money in escrow for this purpose.

Second Game Night Saturday

The second game night to aid in financing a swimming pool for Texico-Farwell is set for Saturday night at the school cafeteria, beginning at 8:30 in the evening, announces Maxine Williams, president of ESA.

Admission is \$1 per person and all proceeds go to the swimming pool fund. Also, coffee and pop are to be sold during the evening.

Mrs. Williams urges everyone to attend the game night and "help build a swimming pool for Texico-Farwell."

William Green Receives Degree

William Thornton Green, son of Dr. and Mrs. Marion F. Green of Farwell, received his doctor of medicine degree from the University of Texas at Dallas on Monday, June 3, at Dallas Memorial Auditorium.

Attending the commencement were Dr. and Mrs. Green and Bob, and his mother, Mrs. T. L. Green of Kerrville, who accompanied the local family to Dallas.

Later, Dr. and Mrs. Green went to visit her parents, Mr. and Mrs. C. N. Harrelson, in Benton, Ill., and returned to Farwell Tuesday night of this week.

It took Washington and the members of the Constitutional Convention 96 days to frame the Constitution.

Farwell Group To Push Route For Highway 70

Organized backing of a proposed route for Highway 70-84 to touch Farwell, whenever widening of the road is instigated, was the result of a joint session of the Farwell City Commission and the chamber of commerce Friday night.

Thirty-seven business and professional men were on hand at the session and unanimously voted to send four representatives to present the proposal to the state highway engineers at Lubbock.

The route which the Farwell group will be working for is for the four-lane highway to come to Farwell as far as

Ninth Street before turning, crossing the two lines of the Santa Fe Railway, and tying into Highway 60 north of town. Ninth Street is the one on which the old Darr service station is located, near the city limits.

Also, the Farwell group will propose to the state officials a loop which would tie the state line road south of town into the new four-lane road. This proposal would call for a road to run south from where Highway 70-84 would come to on Ninth Street, before turning west to tie into the New Mexico road.

The four representatives named to go to Lubbock to present the two-fold proposal were Sam Aldridge, city commissioner; Joe Blair, chamber of commerce; J. H. "Johnny" McDonald, county commissioners' court; and D. W. Bagley, to represent the businessmen. The four will make the trip as soon as an appointment can be made.

Before action was taken at the meeting Friday, a discussion was heard on the advantages and disadvantages of the proposed route. The meeting was presided over by Aldridge and Blair.

Aldridge, mayor of the city, first told the group that the city commission was willing to do everything that was reasonable and within its means to get the route to Farwell. However, he pointed out that the cost of acquiring the right-of-way to get the road to go through town on its present course would be too great.

A bond election would be necessary and the possibilities of carrying would be slim, considering the amount of money which it would call for.

Service station owners were asked their opinions on the pro-

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

FARWELL, TEXAS THURSDAY, JUNE 13, 1957 NUMBER 36

LIONS HONORED — Recognized Monday night for not having missed a Lions Club meeting in five years were John Getz, center, and Robert Morton, right. The two were presented their perfect attendance pins by Joe Helton, left, president. Helton, outgoing president, was presented with a past president's pin.

Atwell Reports on Youth Program

At the regular meeting of the Texico-Farwell Lions Club Monday night, J. D. Atwell, director of the Lions-sponsored youth program, was on hand and gave the group a report on the functions and progress of this year's events.

The director said that almost 100 youngsters have signed up for the event and most popular are the movies, swimming, and baseball. About 50 a day have been going to Muleshoe swimming and a like number makes the trip to Clovis on Wednesday for the movie matinee.

Also, a large number of boys are playing baseball, Atwell said. He said that interest was light in gym sports on Tuesday and Friday and in leather crafts which is also conducted on those two days.

He said that from 8-12 a.m. each of these mornings the gym was open and the town's youngsters are invited to make use of the school's equipment in any sport.

So far, only two boys are working at leather crafts and Atwell said that more were welcome to take part in this.

At the business meeting of the club, two members were presented with five year perfect attendance pins. Receiving the awards were John Getz and Robert Morton.

L. S. Pool was elected first vice-president of the club for the coming year to fill the position left vacant by Tom Wagner. Pool had previously been

Tax Rate Election Called

An election calling for a 30-cent tax rate increase has been set by the Parmer County commissioners court for July 25. On that date, county property owners will be asked to approve the hike to increase the revenue which goes into the road right-of-way fund.

The election was called after several petitions, bearing the names of over 10 percent of the county voters, were presented to them, asking that they call it. The need for the election was pointed out by the court some

time ago due to the increased number of farm-to-market roads the county has received in recent years.

For the past two years the county has received an average of 16 miles annually. The state builds the roads and the county has to acquire the right-of-way. The cost of obtaining this right-of-way the past two years has depleted the fund and money has had to be borrowed.

The commissioners have previously told the county citizens that to continue to accept these roads more money will have to

be had in the right-of-way fund. If the voters approve the increase, it will raise the tax rate from 95 cents to \$1.25 per \$100 valuation of property. It will boost the percentage of

the tax rate which goes into the right-of-way fund to 40 cents. Presently it is 10 cents and deriving about \$9,000 per year.

The rate boost will bring approximately \$36,000 into the fund each year and it should be adequate for the county to continue to accept farm roads which are offered. Also, in future years, it may possibly enable them to obtain the right-of-way for four-lane routes on Highways 70-84 and 60.

However, the court has indicated that farm roads are its only concern at the present time and the highways will be accepted when and if available funds are left after accepting farm roads.

Those who will be eligible to vote in the election are persons who are otherwise qualified voters, and have property rendered in the county for taxation purposes.

Furniture Mart Buildings Leased To Amarillo Men

Two Amarillo men, former partners of Ben Smart of the Texico-Farwell Furniture Mart, have made arrangements to lease the buildings of the local firm, Smart announced this week.

Smart, who is manager of the business now, after selling it to his brother, Jim Bob, several months ago, said this week that he is going ahead with his plans to close out the stock "to the bare walls" here.

"We will end our close-out sale with an auction to begin July 9," he adds. "Everything will be sold, and I have no definite plans for the future, except that I am leaving the business here."

He says that his brother is also undecided about the future after the close-out ends.

The Amarillo men, John W. McCauley and J. B. Sudbury, are in the furniture business in that city now, and were the first partners of Ben Smart when the Furniture Mart was opened up here nine years ago. Smart bought them out a short time later.

The men will take over the buildings "about August 1," and will continue to operate a furniture store there. Present plans also call for the name "Furniture Mart" to be retained.

McCauley, who is married and has one child, is making plans to move here.

Farwell FHA Host To Training Meet

Starting a series of summer activities for the Farwell FHA chapter was a training session for county FHA officers held at the local school Friday, June 7. A play school for children from two to five years of age is in progress this week and plans are being made for the FHA camping trip which is to be next week.

Schools represented at the Friday officer training meeting were Friona and Bovina. The day's program began with the FHA opening ceremony in the library. Following this, the girls met in groups according to their offices in their respective chapters.

Jeanne Graham spoke to the secretaries, Prof. Morton talked on parliamentary procedure and the duties of president, June Magness spoke to reporters about writing news stories, Mrs. Betty Spring, FHA advisor from Bovina and Mrs. L. B. Penick, local FHA advisor, also assisted with the group discussions. After the morning session, the group met in the home econom-

ics building for entertainment from each chapter present.

Lexie Stevenson, Joan Kay Ezell, Harriette Lou Charles and Verna Marie Estes of the Bovina club gave a skit, Patsy Anthony of the Friona delegation told a story, "Stairway to Heaven" (Continued on Last Page)

Boat Racing Sunday At Pleasure Lake

This Sunday, June 16, will be another big day of boat racing at Pleasure Lake southeast of Texico. There will be racing of various classes of boats, including fast speed boats, racing and fishing boats.

Trophies will be awarded to first, second, and third place winners, says Col. Dick Doshier, manager of the lake. He adds that boats will be there from Lubbock, Dallas, El Paso, Roswell and other places.

Dates this summer when other races will be conducted at the lake are July 4, August 4, and September 8.

Work Begins on Texico Park

Work on a city park for Texico is underway this week and the project is the latest undertaking of the Texico Woman's Club. The site of the park is the city-owned property near the water tower, and plans are to make it a recreation spot for citizens of the community which can be used at night.

Lighting equipment, which includes five poles, 1,000 feet of wire, five lights and reflectors have been donated by Joe Helton, local businessman.

"This equipment has been moved to the park and it is to be erected this week," advises Mrs. Curtis Miller, club presi-

dent. "We certainly appreciate Mr. Helton's interest and donation," she says.

A lighting specialist, Bud Blair, from Southwestern Public Service Company at Plainview; C. O. Green, Southwestern manager at Clovis; and Otis Huggins, local manager, were in Texico last week advising the group as to the most practical way to place the lights for the best illumination.

The equipment was moved to the park on a truck furnished by Ival Hesser and his son, Jack, and assisting with the moving were Fred Danforth, Agrie Jones, C. B. Stockton,

Curtis Miller, and Sydney Bill Miller.

Also assisting was Carl Penn, who furnished a winch truck. Helton donated his labor and operated a weed burner, belonging to the county, to clear off the ground. He was assisted by Guy Cox.

Mark Fairman furnished his tractor to level the park area and grass seed, donated by Mrs. Louis Caillouet, was sowed by Curtis Miller and Fred Danforth.

Club members and their families have been working at the park during the past week, hoe-

(Continued on Last Page)

Season to Begin For League Teams

The first scheduled games for Texico-Farwell's Pee Wee, Little League, and Pony League teams are set for this week. The Pony team is to begin play today, taking on Bovina at the Farwell field at 3:30 p.m.

On Friday both Pee Wee and Little League squads will go to Lazbuddie for a doubleheader, the Pee Wee game getting underway at 3:30 and the second game following immediately.

The schedule in all three leagues has been divided into two sections and winners in each half will meet at the close of the season in a two out of three series to determine the champions.

Only three teams are entered in the Parmer County Little League and Pee Wee divisions and there will be a double round-robin for each half of

the season. The three teams are Bovina, Lazbuddie, and Texico-Farwell. In the Pony League are teams from Bovina, Texico-Farwell, Friona, Lazbuddie, and Springlake.

The complete schedules for all three leagues are as follows: Pee Wees and Little League, first half:

- June 14—Farwell at Lazbuddie.
- June 18—Lazbuddie at Bovina.
- June 21—Bovina at Farwell.
- June 25—Farwell at Bovina.
- June 28—Bovina at Lazbuddie.
- July 2—Lazbuddie at Farwell.

Second half:
July 9—Farwell at Lazbuddie. (Continued on Last Page)

FHA Girls Asked To Meet Friday

Farwell FHA girls who are planning to attend the chapter's camping trip next week are asked to meet at the school tomorrow (Friday) afternoon at 2 o'clock to make further plans concerning the trip.

Issuing a reminder to girls and mothers planning to make the trip is Mrs. L. B. Penick, Farwell FHA instructor, who says that she hopes all interested girls and their mothers will be on hand for the meeting.

Texico Farm Bureau Will Meet Tonight

Regular meeting of the Texico Farm Bureau will be tonight (Thursday) at the Texico luncheonroom, beginning at 8:30, reports B. A. Rogers, chairman.

Mr. and Mrs. Buddy Pearce are in charge of the program and all ladies are asked to bring sandwiches, Rogers says.

New Pentecostal Church Going Up

Construction of a new Pentecostal Church in Texico is presently underway, with members of the congregation doing most of the work themselves. The new building will be 34'x70' and the approximate cost will be between \$5,500 and \$6,000, says Rev. B. L. Barnes, pastor.

The church members are doing the preliminary work and will run the foundation, according to the pastor, but the laying of the tile blocks and installing of the roof will be done by a contractor. When the shell of the building is completed the members plan

to also do the finish work.

The building will have an auditorium, classroom, nursery, and a minister's study. It is being built at the same site where the old church was previously located. The present church has been moved to the back of the lot and after completion of the new building, it will be converted into classrooms, says Rev. Barnes.

It is not known just when the new church will be completed but "we hope to have most of it done by the end of the summer," says the pastor.

FROM THE HOPPER

By Hop Jr.

Summer is a-comin' in, to paraphrase one of Shakespeare's better known sonnets. The spring rains and now the warm sunny days are doing great things to the Graham's yard, and we imagine that most spectators can add, "Well, it's about time."

The wife has been struck with the yard-work fever, and has been doing her best to impart some of this into her husband, who when he isn't whanging away at a typewriter at the office, placates his fevered mind with a few winks on the family sofa.

This is no mean feat itself, we might point out, since our living-dining-television-rumpus room is all rolled into one. Usually, there are at least six straight shootin' cowboys on the TV screen and two in the middle of the floor. Often, however, the numbers increase substantially in both departments. It's really not the ideal place for cat naps.

It was with some relief, then, that we gave up our quaky position on the couch and bent an ear to the wife's plea to get out into the yard and get to work. We're literal about that bending the ear part, too. The wife had it squeezed between her thumb and first finger.

The first thing we noticed was that the famous Graham hedge, which is a monument to what can happen if you don't plant bushes in a straight line, looks greatly improved this year.

For one thing, the weeds have come up in such profusion that they have handily filled in many of the gaps that used to make our eastern lot line look like a football training obstacle course.

Our assignment this particular day was to trim the hedge with a pair of dull clippers borrowed from gran'ma. This was a little out of our line. The hedge had never grown enough before to need clipping. But, we set to work with a will.

After a few lousy chops, we decided that this sort of a job was one that should be reserved for a lumber jack. To get the hedge into shape, we calculated that some of the bushes would have to be trimmed down about a foot.

This took some doing, we immediately discovered, as some of the branches were as thick as a hoe handle. Nevertheless, we chopped away with all our might, figuring that any job worth doing was worth doing well.

One particular bundle of branches proved exceptionally tough. We took a good bite on them with the clippers and squeezed with all our strength. Finally, the wad gave way beneath the pressure, and we observed, to our surprise, that we had not only cut two or three heavy branches, but the water line leading to the air conditioner as well.

Gene Lovelace In Hospital

Gene Lovelace is confined to Methodist Hospital in Lubbock this week where he is receiving medical treatment.

Family members say his condition is about the same and that physicians have not yet diagnosed the cause of his illness.

He was hospitalized in Amarillo until Tuesday of this week when he was taken to the Lubbock hospital. It is not known when he will be able to return home.

Loren Thompson From Hospital

Loren Thompson, minister of the Church of Christ at Lariat, was released from the hospital in Friona on Tuesday of this week and is reported to be getting along just fine.

Thompson underwent major surgery there on Tuesday, June 4, and family members say that his condition has been good all during his hospital stay. He is the son of Mr. and Mrs. Lee Thompson of Farwell.

More hunting and fishing permits were sold in Michigan last year than any other state. A total of 2,370,000 were issued during the 1955-56 fiscal year.—Sports Afield

TEXICO BAPTIST NEWS

Rev. C. C. Morgan, Pastor. Vacation Bible school is in progress at the church this week and good attendance is being noted. The school will close Friday evening with a commencement program. Parents of the pupils are invited to come to view the hand work done by their children and to hear the youngsters' program.

Attending Monday's session were 128 and the attendance on Tuesday was 135. It is hoped that 140 will register before the school closes.

Featured in the daily sessions from 8:30 to 11:30 a.m. are periods of Bible study, Bible drills, mission study, character stories, hand work, refreshments and "play time."

Sunday School attendance was 155 on June 9 and 79 were present for training union.

A Royal Service program was given by WMU members when they met last Wednesday. Attending were Mesdames B. A. Kelley, D. J. Brown, J. O. Ford, C. C. Morgan, Ed Henry, John

Lockhart, M. H. Poteet and one guest, Miss Phyllis Kelley. Miss Kelley sang a solo for special music for the meet.

Rev. and Mrs. Morgan and Wanda plan to leave Monday for a three week vacation trip and Jerry Poteet, ministerial student at Hardin Simmons, will fill the pulpit during Rev. Morgan's absence.

A youth day program is being planned for Sunday, June 30, and further details of the program are to be announced later.

One of the cutest post cards we ever received came from the Sikeses this week. It is literally a "post" card, or is made from a bit of wood anyway... says on the card that it is Port Orford Cedar, grown only in southwestern Oregon. About an eighth of an inch (Continued on Next Page)

OKLA. LANE

Farmerettes Have Ice Cream Social

Members of the Farmerettes Club and their husbands met at the home of Mr. and Mrs. Leon Billingsley on Thursday evening, June 6, for an ice cream social.

Refreshments of homemade ice cream and cake were served to Mr. and Mrs. Wendol Christian, Mr. and Mrs. Lawrence Cooper, Mr. and Mrs. Harold Carpenter, Mr. and Mrs. James Roach, Mr. and Mrs. B. J. Foster, Mr. and Mrs. Donald Christian, Mr. and Mrs. Leon Grissom, Mr. and Mrs. Donald Watkins, Mr. and Mrs. Jimmy McGuire, Mr. and Mrs. Delbert Garner and Mr. and Mrs. Billingsley.

Mrs. Melvin Terry and Malcolm visited Sunday with Mr. and Mrs. Sterling Donaldson and family.

Mr. and Mrs. Jack Roach spent the weekend in Seminole and Brownfield visiting his sister and aunt.

Mr. and Mrs. Claude Watkins and Dee Brown were in Vernon on Sunday, June 9, to attend the golden wedding anniversary celebration of an aunt and uncle of Mrs. Watkins and Brown.

Mr. and Mrs. L. M. Grissom, Mrs. Maggie Foster and Miss Lola Jean Grissom visited Sunday afternoon with Mr. and Mrs. Condly Jones. Jones, who has been quite ill, was reported to be some improved this week.

Mr. and Mrs. Claude Watkins returned home Wednesday night of last week from Temple where Watkins had medical treatment at a clinic.

METHODIST CHURCH NEWS

Rev. J. R. Wood, Pastor. Attending Sunday School on Sunday, June 9, were 98 per-

sons. Special music was furnished by choir members who sang "He Lives."

The vacation Bible school closed Saturday evening with the faculty and the pupils and their parents enjoying a wiener roast. Following the commencement program, Rev. Wood was honored with a shower. A total of 58 youngsters registered for the Bible school, and 16 workers assisted with it.

Both circles of the WSCS met at the church Monday evening for a program on "The Light of the World." The mission study concerned the Philippines. Participating on the program were Mesdames James Roach, Vernon C. Willard and Howard Hunter. Mrs. Wendol Christian gave the meditation. Members of the Naomi circle were in charge of the program.

Following the program, Mrs. Melvin Sudderth was installing officer for the installation service of the officers for the 1957-1958 church year.

Attending the meeting were Mesdames C. C. Christian, George Douglas, Melborn Jones, Melvin Sudderth, B. J. Foster, James Roach, Donald Christian, R. E. Blankenship, Howard Hunter, Vernon C. Willard, Wendol Christian, Sam Billingsley, T. L. Kent and Lawrence Cooper and the pastor, Rev. Wood.

The annual Methodist Youth Fellowship conference convened Friday in the First Methodist Church of Plainview. Attending from the local church were Mrs. Lawrence Cooper, MYF director, and Larry Cooper, Judy Billingsley, Mary Ann Walls, Judy Roach, Ruby Karen Hillock and Zell Billingsley.

The group was treated with a picnic supper by ladies of the Plainview church. Guest speaker for the conference was Rev. Hugh Daniels.

BAPTIST CHURCH NEWS

Rev. Irving Looney, Pastor. One hundred and twenty-one was the Sunday School attendance on June 9 and training union attendance on that date

was 80. Mrs. Henry Young presented special music as she sang "It Pays to Serve Jesus."

At the training union hour another of the films in the series on "The Life of Paul" was shown.

Ninety youngsters registered for the vacation Bible school on Friday which was preparation day. The school will continue through Wednesday, June 19, and all children of the community are cordially invited.

Attendance on Monday of this week was 118 and Tuesday's attendance was 111.

Mrs. Sarah Payne of Muleshoe visited Sunday with her sister and family, Mr. and Mrs. Melvin Sudderth. Also visiting with the Sudderths on Sunday afternoon were Mr. and Mrs. R. E. Blankenship and children. Miss Donna Sudderth visited Sunday with Miss Dixie Hartzog.

FARWELL BAPTIST NEWS

Rev. E. J. Keith, Pastor

The vacation Bible school which closed at Friday morning's session was considered a success with 116 children enrolling during the week-long school.

Certificates were presented to the attendants Friday morning.

A good crowd attended the youth rally at the church Saturday evening and the Friona delegation received the attendance banner. The group met at the church for a sack supper before the program.

Sunday School attendance on June 9 was 147. Everyone is urged to be in his place at the church this Sunday.

The WMU met for a business session at the church Monday morning. All women of the church are urged to attend the WMU meetings.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 17.793 miles of Gr., Str., Base & Surf. from Arney W. 3.0 mi.; Fr. Arney N. to Randall C. L.; Fr. FM 690 at Oklahoma Lane S. W. & S. to Bailey C. L.; Fr. Road int. at Rhea, S. & E. to FM 1731 on Highway No. FM 168, 1075, 1731 & 2013, covered by R 874-5-4, R 1256-2-2, R 1634-2-1 & R 2185-1-1, in Castro and Parmer County, will be received at the Highway Department, Austin, until 9:00 A. M., June 19, 1957, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Mrs. George G. Wright, T. A. Petit and Mrs. T. A. Petit, James M. Cree and Mrs. James M. Cree, if living, and if deceased, the unknown heirs, assigns and legal representatives of all of the aforesaid parties, Defendants, Greetings:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Parmer County at the Court-house thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15th day of July A. D. 1957, to Plaintiff's Petition filed in said court, on the 28 day of May A. D. 1957, in this cause, numbered 1924 on the docket of said court and styled O. C. JONES, Plaintiff, vs. GEORGE G. WRIGHT, ET AL, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings this suit in trespass to try title, alleging that he is the owner in fee simple of Lots 3 and 4, Block 27, and Lots 1, 2, 3, 10, 11 and 12, Block 1, Original Town of Friona, Parmer County, Texas; that on or about the 1st day of May, 1957, Defendants entered unlawfully upon such land and ejected Plaintiff therefrom and wrongfully withheld possession from such Plaintiff; alternatively, Plaintiff pleads the 5- and 10-year statutes of limitation, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements

of law, and the mandates heredit, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 28 day of May A. D. 1957. (SEAL)

Attest: Hugh Moseley, Clerk, District Court Parmer County, Texas 35-4tc

HAMLIN MEMORIAL METHODIST CHURCH

William Hardwick, Minister

"Undergird your life with faith"

We completed our first quarterly conference in record time last Sunday morning after a fine sermon by our district superintendent, Rev. Bob Houston, Clovis. We had 125 in Sunday School and 140 in the morning worship hour. Our evening services were well attended with 54 being present.

The Young Adult Bible Class is growing with an attendance of 32 this past week. We are shooting for 45 in that class within the next two weeks. A committee of two, Joe Blair and John Hadley, were appointed by president Mark Fairman to select a teacher for the class. The pastor will still pinch-hit for a week or two yet. It is a thrill to see so many young people interested in the church school. The coffee will be prepared by Mrs. E. R. Coffman for this coming Sunday.

The MYF organized last Sunday with 15 members and five couples who are to help present along with Mrs. Curtis Jones who is secretary of youth work of the WSCS.

MYF officers are president, John Armstrong; vice president, Loyd Cain; secretary-treasurer, Mikala Faville; and program chairman, Kathy Bell.

Adults who will help in the various areas of adventure are Jack and Ella Ruth Williams, Christian faith; Ted and June Magness, outreach; Wilfred and Dorothy Quickel, witness; Sonny and Jeanne Graham, citizenship; and John and Anne Lovelace, fellowship.

This is the first time in my ministry that I have seen five couples who were willing to invest their time and energy in the leadership of the youth group.

The pastor will lead the adventure period for the next two weeks on "Methodism." We meet at 6:15 with a desire for a good time, and a sack lunch.

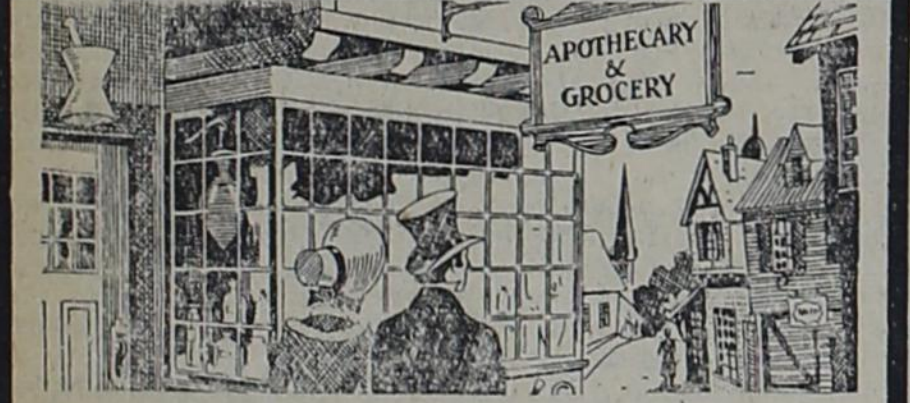

The pastor and his family would like to express their appreciation for the work that is being done on the parsonage. The Susannah Wesley Bible Class, the W.S.G. and W.S.C.S. have furnished Mary Anne's room with a new suite of love-liness furniture. The master bedroom has been equipped with new springs and a new mattress. The official board is having a bedroom re-painted, and the kitchen re-finished. Our thanks to each of you for your interest

You need a BATH! YES, A WORLD-FAMOUS HOT SPRINGS THERMAL BATH

If you're healthy, you'll probably live longer because as it's said, "an ounce of prevention is worth a pound of cure." If you're nervous, tired, rundown or stiff from rheumatism and arthritis, you can find relief as thousands of others have. You'll find the best at The Majestic where you can go from your room to the bathroom in robe and slippers. Here you will find specialists who know their business—experienced attendants and masseurs for the men and masseuses for the ladies—all licensed in accordance with the regulations under the Director of the Nat'l Park Service, U. S. Dep't of the Interior.

THE Majestic HOTEL & BATHS NATIONAL PARK ARKANSAS ROOMS from \$4 per day single \$6—double and you can budget MEALS at \$4.50 per day

SAVE 75¢ a bushel

Secretary Benson has set the 1958 wheat support price at \$1.78 a bushel.

That is 22 cents a bushel under the present \$2 support.

This will mean a loss of more than \$200 million to U.S. wheat producers and their rural communities next year.

But each of you wheat farmers could lose at least 75 cents a bushel more.

In the Wheat Referendum June 20 you have a voting choice between:

- 1. YES—which will bring wheat down to around \$1 in the market place.
2. NO—which will bring wheat support price at \$1.78.

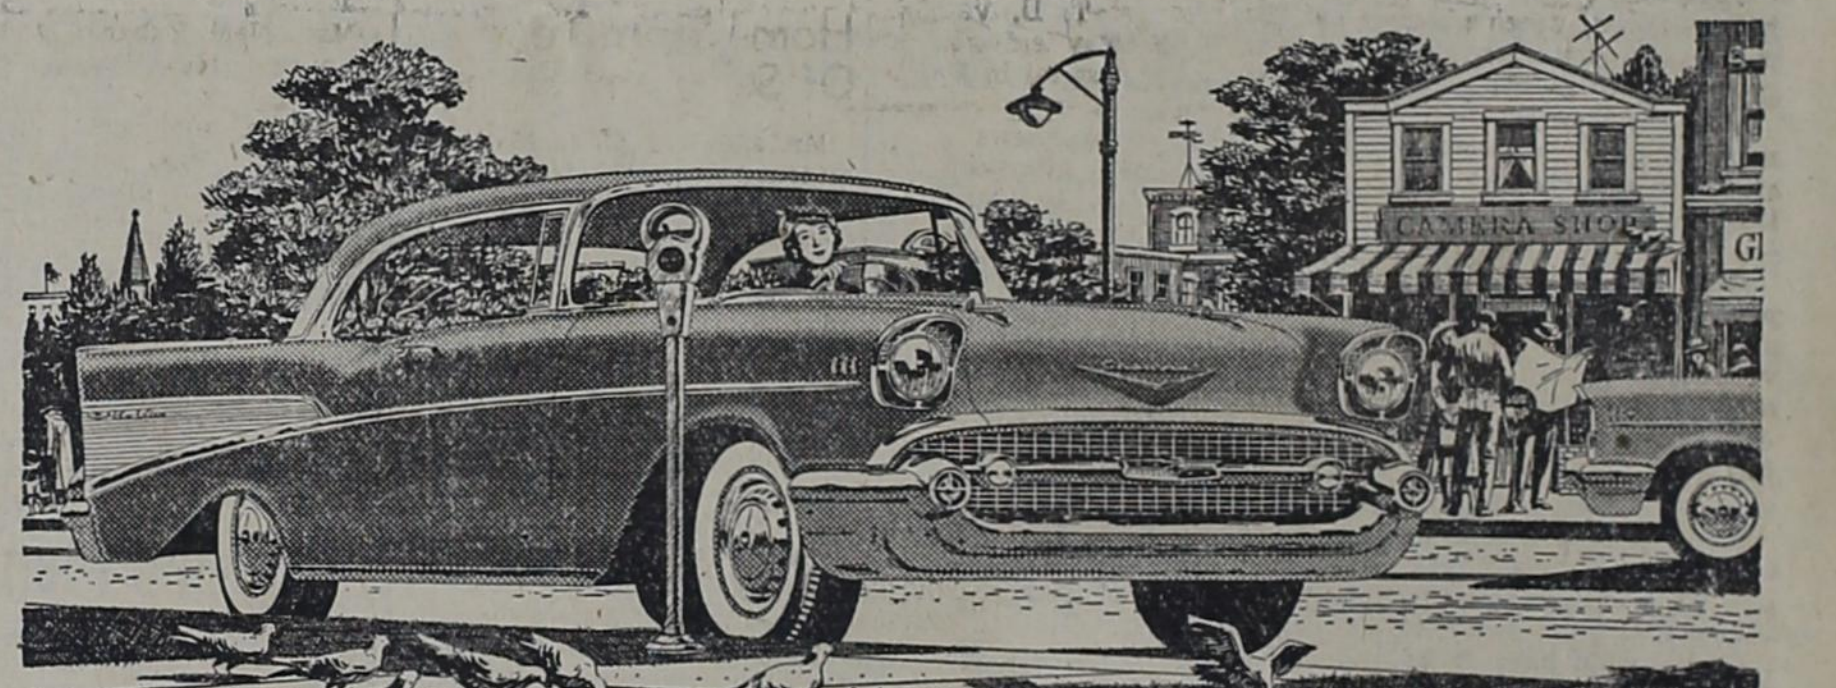

Dollar wheat would mean ruinous corn and livestock prices.

Figure your 1958 income either way. You will find you have no choice but to vote YES.

Anyone who owns or tenants or has a joint share in ownership or tenancy of a farm growing 15 or more acres of wheat can vote. Your ASC office will give you the voting place and hours.

A two thirds YES vote is needed to protect your income. So—be sure to vote YES on JUNE 20.

NEWS FROM LAZBUDDIE

By MRS. CLYDE MONK

Joy Smith Weds Ronald Runyon

Miss Joy Smith of Lazbuddie and Ronald Runyon of Amarillo were united in marriage at 6 o'clock Wednesday evening, June 5, in the Baptist Church in Dimmitt.

Attending the couple were Miss Mina Jennings of Lazbuddie and a close friend of the groom from Dimmitt.

After a short wedding trip, Mr. and Mrs. Runyon are at home in Amarillo.

The bride is a 1957 graduate of Lazbuddie High School.

Meets Monday

Pauline Cammack Circle of the WMU met Monday afternoon in the home of Mrs. Abe Mallouf. A mission book was taught by Mrs. Cargile. Refreshments of iced tea and cake were served to the following: Mesdames Carrie Withrow, Wesley Barnes, F. W. Greene, Earl Peterson, Bert Gordon, Dan Cargile, and W. S. Menefee.

Juanita Scott To Wed Chas. Stafford

Mr. and Mrs. Glen Scott of Lazbuddie are announcing the engagement and approaching marriage of their daughter, Juanita, to Charles Stafford of Dallas, son of Rev. and Mrs. Stafford of Del Rio.

Wedding vows will be solemnized on Sunday, June 23, at 3 o'clock at the First Baptist Church of Lazbuddie. All friends and relatives of the young couple are invited to attend.

Nealy Steinbock rode on a float in the parade during the 50th anniversary celebration in Clovis last Friday.

Mikey Oliver received treatment at a hospital on Monday afternoon after getting a button lodged in his nose.

Miss Glenda Hall, accompanied by Betty Logan of Muleshoe, attended a bankers convention in Amarillo last week-end.

Whites Injured In Car Accident

Mrs. Bud White and daughter, Clo Ann, are hospitalized in Dimmitt following an automobile accident which occurred near Nazareth on Sunday afternoon.

The Whites were returning

from a family reunion in Oklahoma and collided with another car which was trying to dodge a calf which was on the highway.

Mrs. White suffered a broken leg and a crushed jaw, and Clo Ann has a broken knee cap. Other family members in the car and a friend, Judy Hollis, were uninjured except for minor bruises and lacerations.

Local Woman In Accident Saturday

Mrs. F. A. Cantrell was hospitalized overnight Saturday for treatment of bruises received when her car overturned while on a muddy road Saturday afternoon. Also in the car at the time of the accident were her sons, Charles and Don, and another youngster who was visiting the Cantrells. They were all uninjured.

Mrs. Tippie Tells Of Senior Trip

Mrs. Purl Tippie, one of the sponsors accompanying the seniors on their recent trip, gave the following details of some of the places visited by the group. They visited the Cave of the Winds, Seven Falls, Mt.

Manitou, Garden of the Gods, and enjoyed swimming at the Broadmoor Hotel in Colorado Springs.

In Denver the group enjoyed visiting at the amusement park, the museum of natural history, the Samsonite factory, and the capitol building. Later, they visited Estes Park, a mountain resort, and rode the Skyway before returning home.

Mr. and Mrs. A. H. Wilson have their grandchildren, Leon, Carl and Geneva Robinson, from Amarillo here with them for the summer.

From Vacation

R. A. Hartsell, minister of the Church of Christ, recently returned from his vacation. His parents, Mr. and Mrs. A. A. Hartsell, from Sulphur, Okla., returned home with him for an extended visit. Hartsell reports he spent a couple days of his vacation in the hospital with a severe case of food poisoning.

Betty Floyd from Plainview spent the weekend at home with her parents, Mr. and Mrs. Barney Floyd.

Mrs. R. G. Treider and Mrs. Raymond Treider Jr. and children visited Saturday afternoon in the home of T. D. Vaughn.

Mrs. Y. B. Mayfield was returned to the hospital in Friona last week.

Mrs. C. C. Matthews spent last Wednesday afternoon in the home of Mr. and Mrs. Joe Jarmon of Muleshoe. Jarmon has been sick for several days.

Mr. and Mrs. C. B. Watkins and Dee Brown, accompanied by Mrs. Iva Ray Jones and Murrell Brown from Muleshoe, attended the 50th wedding anniversary of Mr. and Mrs. E. H. Pigg, Sunday at Vernon.

Mrs. Watkins is a niece of Mr. and Mrs. Pigg.

Mr. and Mrs. Juel Treider spent the weekend with their son and family, Mr. and Mrs. Larry Treider, at Denver City.

From Midland

Mr. and Mrs. D. E. Hambricht and children, Dee Randol, Janet, and Becky, from Midland were weekend guests of his parents, Mr. and Mrs. L. B. Hambricht. From here the Hambrichts went to Roswell, N. M., where Hambricht is being transferred by the Standard Oil Company for whom he works.

Mrs. Eddie Greteman and daughter, Linda, from Elk City, Okla., spent the weekend with her sister and family, Mr. and Mrs. J. W. Gammon and girls.

Sunday afternoon guests in the home of Mrs. Pearl Seaton were Mr. and Mrs. Todd Bewley, Mary Ann Greene, Mrs. Annie Vaughan and Mrs. Willie Steinbock.

Miss Johnnie Nowell spent the weekend at Plainview with her sister, Jo Ann Nowell.

Mr. and Mrs. David Schlant from Palmdale, Calif., have been here visiting her parents, Mr. and Mrs. Abe Mallouf. Mrs. Schlant is the former Miss Ruby Mallouf.

Mr. and Mrs. R. D. Bratton and daughter, Cherrye, from Ft. Worth, visited the first part of the week with their daughter and family, Mr. and Mrs. Pete Mimms and family.

Mr. and Mrs. E. A. Parham and children, Sharon and Terry, accompanied by Sandy Brown, spent a couple of days last week at Lake Conchas. Mr. and Mrs. Jackie Brown and daughters, Judy and Jody, also spent several days at the lake.

Mr. and Mrs. Jimmie Seaton and family and Ara Ann Michell were Sunday guests in the home of Mr. and Mrs. Calvin Embry and family.

Mr. and Mrs. Jack Husband from Amarillo were guests last Thursday in the home of Mr. and Mrs. Bill Brown and family.

Mr. and Mrs. Dale Lavender and Debra from Levelland visited Saturday in the home of her parents, Mr. and Mrs. Frank Spitzer Sr.

Mr. and Mrs. J. C. Scruggs and children, Dickie, Gail and Jan, from Olton, visited in the home of his sister and family, Mr. and Mrs. John Bond and boys, Sunday.

Mrs. Bill Hollers of Lubbock spent last week here with her parents, Mr. and Mrs. Frank Hunt. She returned home, leaving the older girls, Phillis and Sandra, for an extended visit.

Mr. and Mrs. Albert Jones, John and Walter, from Houston were guests last week in the homes of Mr. and Mrs. T. D. Reed, Mr. and Mrs. Short Ivy and Gail, and Mr. and Mrs. Junior Matthews and boys. Jones and Mrs. Reed are brother and sister.

Home From Tour Of Southern States

Mr. and Mrs. C. C. Matthews returned last week from a tour of the South. They were accompanied by their daughter, Evelyn Matthews, of Lubbock, and Mrs. Melgion from Slaton. They spent some time in New Orleans and some of the other places they visited were in Orlando and Jacksonville, Fla. They visited with former residents of this community, Mr. and Mrs. Bruce Abney and daughter, Gail, and Mr. and Mrs. Forman Abney.

Rev. and Mrs. Paul Simms from Albuquerque, N. M., spent last Thursday night with her parents, Mr. and Mrs. W. S. Menefee. Simms returned home, leaving Mrs. Simms for a longer visit. Simms is pastor of the Northside Baptist church in Albuquerque.

Mr. and Mrs. F. B. Gaede are in Dallas this week where Gaede is having a medical check-up.

Mr. and Mrs. Cecil Malone from Hereford spent last Thursday in the home of her parents, Mr. and Mrs. O. M. Jennings.

Mrs. J. W. Carrell from Hood River, Ore., and her daughter, Mrs. Tuck Dudley from Hobbs, N. M., spent several days last week in the home of Mr. and Mrs. J. B. Carrell and family.

Mr. and Mrs. R. L. Kimbrough visited Sunday in Muleshoe in the home of Mr. and Mrs. G. L. Splawn.

James Hartsell, minister of the Church of Christ at Bovina, exchanged pulpits with his father, R. A. Hartsell, Sunday evening.

Mrs. Lena Brown and her mother, Mrs. A. Shirley, returned to their home at Anna, last week.

Mrs. Marie Hunt from Lubbock spent the weekend with Mrs. Mae Mahon.

Weekend visitors in the home of Mr. and Mrs. J. D. Carpenter Sr. and Mrs. and Mrs. Howard Carpenter were Mr. and Mrs. J. W. Carpenter and family from Graham, Mrs. B. E. Johnson and Nancy from Lubbock, and Mrs. John Bloomshield and boys from Clovis.

Mrs. Lowell Savage and Freddie spent last week in Dallas visiting with her daughter and family, Mr. and Mrs. Wallace Hayes. They returned Mr. Hayes to his home there. He had been here to perform a wedding ceremony in his family.

Mrs. F. W. Greene, Mrs. Perry Barnes and Mrs. John McGehee visited last Friday afternoon with Mrs. Rudolph Pysritz.

Mr. and Mrs. Eugene Morton from Dimmitt visited Sunday in the home of Mr. and Mrs. Rufus Carter.

Mrs. Jack Smith and Beverly, accompanied by Mrs. Ethyl McCurdy, were shopping in Amarillo, Saturday.

Mr. and Mrs. Dick Scott and Ronald spent the weekend in Lubbock with their son and family, Mr. and Mrs. Hardy Scott and daughter. Hardy left Sunday for Cincinnati where he will be in a training school for three weeks and Mrs. Scott and Sherry returned with the Dick Scotts to visit while he is away.

Mr. and Mrs. Jeeter Garner and children spent the weekend at Ralls with her parents, Mr. and Mrs. C. M. Woodard. On Sunday they all were in Lubbock for the Cooper reunion.

Mr. and Mrs. Alton Morris and family visited in Portales, Sunday, and returned his parents, Mr. and Mrs. J. W. Morris, home with them for a visit with them and the Walton Morris family.

Guests in the home of Mr. and Mrs. David Johnson and boys, Sunday, were Mr. and Mrs. Delbert Garner and boys, Derrick and Dexter, from Farwell and Mr. and Mrs. J. E. Montgomery, Leanna and Leo, from Muleshoe.

JOTS—

(Continued from Page 2)

thick, it is smooth enough to write on, and in other ways, is designed like any other card.

The Sikeses are now vacationing in Oregon and Washington states. They report "we caught 45 pounds of fish in 45 minutes at Gold Beach, Oregon. Will fish tomorrow in Puget Sound. Fishing is really good in this country."

Doesn't it make you want to join them on their trip?

If you attended the first game night recently for the swimming pool fund, you know what a good time everyone had. If you didn't you really missed something.

Another one is planned this Saturday night. We can't think of any better way to aid civic projects than having a good time, and letting your admission price do some of the work.

Bring along some extra dimes and nickels for refreshments of coffee and pop. The ESA girls are doing their part, you'll do yours by attending the game night.

If ours wasn't the cleanest neighborhood in town Saturday, it wasn't because the housewives weren't trying. We were just "a-sailin'" through the house, getting everything shined up.

Looking out the front window, we noticed Hazel Gast had a line full of curtains, bedspreads and all, and the Hromas clothes-line was also full. Then we glanced out the kitchen window later to note that Mrs. Thomas also had the same idea. Clothes were pinned the full length of her line.

Not to be left out, Murlene Smith and Dorothy Quickel on the north of us were in the swing of things, with clothes dotting the horizon in their yards. Must have been the weather!

WHY re-enlist in the small-car army?

READ THIS STARTLING FACT

5 out of 10 Smaller Cars wear a Pontiac Price Tag —yet none gives you Any of Pontiac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging lift and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic... this is driving the smaller jobs can't duplicate.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now!

So why not look and feel like a million—instead of a million others?

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at so low a cost!

Whitley-Osborn Vows Read Sunday

In an afternoon ceremony at the First Baptist Church of Friona on Sunday, June 9, Miss Ann Whitley, daughter of Mr. and Mrs. Harry B. Whitley of Farwell, became the bride of McFarland Claude Osborn, son of Mr. and Mrs. M. C. Osborn of Friona.

The wedding setting was formed with a background of three large arrangements of woodwardia fern in back of the altar. The altar was centered with three bouquets of blue majestic daisies on white column pedestals interspersed with baskets of woodwardia fern. Flanking the altar on either side were trees of emerald fern and blue majestic daisies. Emerald fern and blue majestic daisies were also featured in the arrangements on the altar steps.

Family pews were marked with bouquets of baker's fern, blue majestic daisies and blue satin bows.

Rev. E. J. Keith, pastor of the First Baptist Church of Farwell, read the double-ring ceremony. Organ music was played by Mrs. C. R. Horton of Wichita Falls, cousin of the bride.

Preceding the ceremony, Mrs. Horton played "Oh Promise Me" by deKoven, "I Love You Truly" by Jacobs-Bond, "I Love Thee" by Grieg, "Traumeri" by Schuman, and "Evening Star" by Wagner. She accompanied her husband who sang "Because" by D'Hardelot and "Walk Hand in Hand" by Engleman.

Following the ceremony Horton sang "The Lord's Prayer." Attending the bride as maid of honor was Miss Kaye Behmyer of Ferris, Tex. Bridesmaids and bridesmaids were Misses Jo Labruzzo of Dallas and Suzanne Taylor of Fort Worth, cousin of the groom, and Mrs. Shirley Ware of Bovina and Mrs. Beverly Christian of Farwell.

The bride's attendants were identically attired in gowns of coquette blue taffeta. These were fashioned with draped V-shaped necklines and brief sleeves. The bouffant-flare full skirts were waltz length, accented in back by wide taffeta flowing panels extending the length of the dresses.

They carried tailored duchess bouquets of fanfare carnations and baker's fern.

Serving as best man was Charles Osborn of Friona, cousin of the groom. Ushers and groomsmen were Ben Jordan of Friona, John McFarland of Farwell, cousin of the groom, James Roy Clements of Friona, cousin of the groom, and Robert Belew of Vernon, cousin of the bride. The groom's boutonniere was a white rose and the other attendants wore boutonnières of stephanotis.

Given in marriage by her father, the bride wore a gown of white taffeta featuring a bodice fashioned with a wide oval neckline, outlined by embroidered Alencon lace and

Mrs. McFarland Claude Osborn

brief taffeta sleeves. Tiny taffeta covered buttons extended down the back of the tightly molded bodice into the deep V-shape waistline marked by Alencon lace.

Alencon lace garland appliques accented the flat front panel of the bouffant skirt, enhanced by side and back fullness forming a wide court train.

Her fingertip veil of silk illusion was attached to a crown of seed pearls and she carried a tailored duchess bouquet of white roses accented with baker's fern. For something old and borrowed the bride carried a ring in her bouquet. The ring belongs to her grandmother, Mrs. Elizabeth Whitley of Pilot Point, and is a family antique.

Something new was her wedding ensemble and something blue was a lace handkerchief which she carried. She also carried a dime in her shoe for prosperity.

The mother of the bride chose a dress of ivory linen for her daughter's wedding and wore a corsage of pink elf roses.

Mrs. Osborn, mother of the groom, wore a pink linen dress with a corsage of pink elf roses. Registering guests at the church was Miss Sally Osborn, cousin of the groom.

Following a wedding trip the couple will be at home at Friona where Osborn will engage in farming.

The bride is a graduate of Farwell High School and attended school at Texas State College for Women in Denton for three years where she was an interior design major.

The groom, graduate of Friona High School, was graduated this spring from Texas A & M where he majored in agriculture and economics.

Melba Doshier Weds William Walsh

Miss Melba Janet Doshier, daughter of Mr. and Mrs. Dick Doshier, Route 1, Clovis, and William Don Walsh, son of Mr. and Mrs. William O. Walsh of Windsor, Conn., were united in marriage on Saturday afternoon, June 8, at 1 o'clock in the chapel at Cannon Air Force Base, Clovis.

Father McDonald of the air base read the double-ring ceremony.

The altar was decorated with arrangements of pink gladioli, daisies and fern.

The bride, given in marriage by her brother-in-law, Joe Carpenter of Clovis, was attired in a white lace sheath dress with blue accessories. Her veil of matching lace was attached to a headband of blue lace.

She carried a bouquet of white rosebuds and blue streamers atop a white Bible.

Class Honors Couple On 19th Anniversary

Mr. and Mrs. Joe McWilliams were guests of honor at the summer social of the Esther Sunday school class of First Baptist Church, Farwell, when the group met last Friday night at the home of Mr. and Mrs. Clarence Johnson.

Mr. and Mrs. McWilliams celebrate their 19th wedding anniversary in June and the class presented them with an electric skillet.

Mrs. Fred Curtis was in charge of the devotional for the evening, and in place of a devotional, presented a review of the McWilliams lives from courtship days until the present time. Using "This is Your Life" as the theme, the review included pictures of all the events mentioned in the brief history.

Being the honor guests was a huge surprise for the McWilliams. A supper of fried chicken, salads and homemade ice cream, furnished by class members, was enjoyed by the group and the men spent the evening playing "42".

Attending besides Mr. and Mrs. McWilliams were Mr. and Mrs. Horace Battenfield and daughters, Mr. and Mrs. Bruce Blair, Mr. and Mrs. Fred Curtis, Mr. and Mrs. Raymond Martin and family, Mrs. Gladys Fromas and Darlene, Mr. and Mrs. Leroy McDonald, Mr. and Mrs. James Patrick and children, Mr. and Mrs. Bill Craft and son, Mrs. Durb Kittrell, Mr. and Mrs. Cecil Russell and children, Mr. and Mrs. Mem Sproles and the host and hostess.

Mrs. E. J. Keith presented the devotional at Monday's meet on "Aiming High."

Present besides Mrs. Keith were Mesdames Elmer Scott, Joe McWilliams, E. G. Williams, Bruce Blair and Jim Terrell.

Midway HD Club Has Regular Meet

Mrs. Lora Brown was hostess to members of the Midway Home Demonstration Club for a regular meeting on Tuesday, June 4.

Mrs. Elzada Gulley was in charge of the business meeting and roll call was answered with members telling a household hint.

A report was given by the educational committee on the progress of the mosquito control project.

The club voted to change the meeting time to 2:30 p. m. during the summer months. The program, on "Know Your Heart and Mind, Diet, Tension, Disease" was given by Mrs. Smith and Mrs. Bauer, both of Friona.

Refreshments of banana nut cake and lemonade were served by the hostess to Mesdames Eileen Chitwood, Dorothy Brown, Louella White, Bess Hobbs, Elzada Gulley, Billie Downing and the two guests.

Something old was a handkerchief which belonged to her paternal grandmother, the late Mrs. Nettie Doshier. Something new was her wedding ensemble, something borrowed was the white satin pillow on which the rings were carried and something blue was a garter given her by her sister, Mrs. Joe Carpenter.

Attending the bride as matron of honor was Mrs. Shelton Sapp of Clovis who wore a street length dress of blue sateen and silver accessories. Her bouquet was of white daisies with blue streamers.

Shelton Sapp served as best man. Ringbearer was Dickie Ray Doshier, brother of the bride.

Louis P. Falcon of CAFB provided organ music as he played the traditional processional and recessional marches and "On This Day Oh Beautiful Mother".

Mrs. Doshier, mother of the bride, chose a dress of beige and matching accessories for her daughter's wedding. Her corsage was of yellow rosebuds. His parents were unable to attend.

Following the ceremony a reception was held at the home of the bride's sister and brother-in-law, Mr. and Mrs. Joe Carpenter, at 1100 East 10th, Clovis.

The serving table featured the chosen colors of the bride, white and blue, and was laid with a white lace cloth over blue and was centered with an arrangement of white gladioli and blue daisies interspersed with blue styrofoam wedding bells.

The three-tiered wedding cake of blue and white was served with pink punch. Presiding at the punch service was Mrs. Ronald London, and Mrs. Carpenter served the cake. Both are sisters of the bride.

Mrs. Billy Dollar, aunt of the bride, registered the following guests: Mrs. Vernon Symcox and children, Mr. and Mrs. Ronald London and children, Mrs. Dick Doshier and children, Mr. and Mrs. Joe Carpenter and Mr. and Mrs. Shelton Sapp.

Following the ceremony the bride changed to a brown linen suit with pink accessories. After a wedding trip the couple will be at home in Clovis where he is stationed with the air force.

The bride attended Texico Schools and the groom attended school in Windsor, Conn.

Projects Discussed At Call Meeting

The club's new project, that of lighting and making other additions to the city park, and the library which the club sponsors, were the main topics of discussion at a call meeting of the Texico Woman's Club on Friday afternoon of last week.

Mrs. Curtis Miller, president, announced that Joe Helton had donated some lighting equip-

ment for the park, and announced work days to be held at the park this week.

Securing a loan of approximately 150 books for a three month period to enlarge the local library is being undertaken, and Mrs. Grace Sanders was appointed librarian and will be in charge of opening and directing the library during a definite period each week.

Members will be assigned short periods to work at the library to check out books.

"We hope adults as well as the children will make use of this library, and it is our desire to have it in operation as soon as possible," says Mrs. Miller. "We have about 60 books ready now to be checked out, and two reference sets, recently donated by Mrs. Louis Cailouet, have been placed on the shelves," she adds.

Present plans call for entertainment and activities at the park in the near future and the teen center will not be open regularly until fall.

Members attending Friday afternoon's meeting were Mesdames Avis Patterson, Jim Moss, Aggie Jones, Milton Henson, Ival Hesser, Frank Doshier, Fred Danforth, Louis Cailouet, Russell Johnson, Grace Sanders and Miller.

Mrs. Burton Party Honoree

Mrs. Ollie Burton was honored on her birthday with a bridge party Saturday night at the home of Mr. and Mrs. Fred Danforth in Texico.

Duplicate bridge was played with Mr. and Mrs. Foy Wicker, Clovis, winning high prize for the "north-south" and Mr. and Mrs. C. B. Stockton high prize winners for the "east-west."

Prizes were presented to the winners and a gift from the group was given to Mrs. Burton. The honoree and her family moved to Clovis last weekend.

A refreshment table covered with a tan cloth with silver and gold metallic trim was centered with an arrangement of pink roses in a milk glass container. Pink tapers in milk glass holders flanked the arrangement and other milk glass appointments were used. Refreshments of sandwiches, Spudnuts, cake, coffee and pops were served.

Those present were Mr. and Mrs. Burton, and Mr. and Mrs. Wicker, Mr. and Mrs. W. T. Gragg, Mr. and Mrs. Thomas Hardin, all of Clovis, and the host and hostess.

Morgans Plan Vacation Trip

Rev. and Mrs. C. C. Morgan and daughter, Wanda, are making tentative plans to leave Monday morning for a three week vacation trip to parts of Colorado, California and other western states.

After visiting in Colorado and Yellowstone National Park, the Morgans will go to California to visit their son and family, Mr. and Mrs. Tommy Morgan, and their daughter and family, Mr. and Mrs. Phil Snyder and children.

Murrays To Spend Summer In Colorado

Mr. and Mrs. Calvin Murray and sons left Friday of last week for Gunnison, Colo., where they plan to spend the summer.

Mrs. Murray plans to attend school at Western State College there to work on her master's degree and Murray says he plans to "just relax, fish and do some baby sitting."

The Murrays, who are teachers in the Farwell School system, plan to return to their home here August 9.

Miss Billie Heckman returned home late Sunday from a week's vacation. During the week she visited relatives and friends in Amarillo, Silverton and Floydada.

Duane Vaughans Have New Son

Mr. and Mrs. E. U. Billingsley of Lariat recently received word of the arrival of a great-grandson. The young man, Kevin Douglas, was born to Mr. and Mrs. Duane Vaughn in Yuma, Ariz., on May 24. The Vaughans have two other children, Ricky 4, and Cindy 2.

Vaughan, who is with the Los Angeles City Police force, is well known here, having lived here when a youngster.

In El Paso

Mrs. Joe Carpenter of Clovis, formerly of Texico, was in El Paso five days of last week on a business trip. While there, Mrs. Carpenter also visited relatives, Mr. and Mrs. Bill Moore, who are formerly of Clovis. Moore attended school at Farwell.

Visit Tuesday

Mr. and Mrs. Paul Mauntell of Carmi, Ill., visited Tuesday with Mrs. Effie Johnson. Mr. and Mrs. Mauntell were enroute to their home after a visit with her sister and family, Dr. and Mrs. V. Scott Johnson, in Clovis.

Move to Santa Fe

Mr. and Mrs. Don Fought left here June 1 for Santa Fe where they will make their home. They formerly lived in Texico and have rented their home there.

Fought will be in charge of several parks and picnic spots in the Santa Fe area.

Jim Dixon of Santa Fe, N. M., visited here Wednesday with his mother, Mrs. Ruby Dixon, and his aunt, Miss Laura Temple. Mrs. Dixon and Miss Temple returned home with Jim for an extended visit in Santa Fe.

Relatives Visit With Cox Family

Arriving here Sunday to visit with Mrs. James A. Cox and Mr. and Mrs. Guy Cox were Mr. and Mrs. C. M. Frost of Houston. Mrs. Frost is a daughter of Mrs. James Cox. Visiting with the group on Monday were James Cox and son, Virgil, of Logan, N. M., and Mr. and Mrs. Clint Cox of Clayton, N. M. Monday night the group was joined by Mr. and Mrs. Ralph Cox, Sammie and Leroy, of Lubbock. After the group enjoyed dinner in Clovis Monday evening, they returned to the Guy Cox home for an evening of visiting. They all returned to their respective homes on Tuesday except the Frosts, who returned to Houston on Wednesday morning. Mr. and Mrs. Frost were Tuesday dinner guests of Mr. and Mrs. Guy Cox.

Visit Keiths

Mr. and Mrs. B. W. Decker and children of Mt. Pleasant visited from Thursday until Saturday with her sister and family, Rev. and Mrs. E. J. Keith and sons. Accompanying the Deckers to Farwell was Miss Jane Embree, another sister of Mrs. Keith. Miss Embree plans to spend a portion of the summer here with her sister and family.

Class Meets with Mrs. Carpenter

Companion class of Texico Baptist Church met Thursday evening, June 6, at the home of Mrs. Joe Carpenter in Clovis for a regular business and social meeting. Mrs. Tena Roth, class teacher, brought the devotional and during the business meeting the class discussed making some aprons for their adopted family. Class members recognized and receiving gifts for having birthdays in June were Mrs. Esther Ferguson, Mrs. Mary

From California

Visiting on Monday and Tuesday of this week with Mr. and Mrs. C. Frank Elliott and Mr. and Mrs. John Armstrong and sons were their nephew and his wife, Mr. and Mrs. Webb Grubb of San Jose, Calif. The Grubbs were enroute home from a vacation trip to Memphis, Tenn., and other points where they visited relatives.

Danforths to Leave Sunday

Mr. and Mrs. Fred Danforth and children, Hap and D'Rene, plan to leave Sunday on an extended vacation trip through several states and Canada. The Danforths plan to spend some time in Jamestown, Va., and other historic points along the way. Also planned for their trip is a tour of New York City and a visit into Canada. They plan to be home in about three weeks.

Mrs. B. A. Rogers To Return from Trip

Mrs. B. A. Rogers is expected to return this week from a two-week vacation in Georgia, Florida, and Cuba. Last week she boarded a plane for Pensacola Fla., where she visited her son, Commander Allan Rogers, and family. While in Florida she visited Key West and other interesting points and also made a trip to Havana, Cuba, for two days, says her husband. She went to Columbus, Ga., over the past weekend and this week has been visiting with her daughter and husband, Capt. and Mrs. Belvin Freeman. Capt. Freeman is presently stationed with the Army at Ft. Benning, Ga. Accompanying Mrs. Rogers home will be her grandson, Robert Allan, son of Commander and Mrs. Rogers. Robert Allan will spend the summer with his grandparents.

Guests Visit In Sprowls Home

Miss Gale Washburn of Tucumcari visited from Thursday until Sunday with Miss Patsy Sprowls at the home of Patsy's parents, Mr. and Mrs. Mem Sprowls, in Farwell. The guest left Sunday to go to Portales to attend the band camp at ENMU. Visiting with the Sprowls family from Saturday until Tuesday night were Mrs. Sprowls' parents, Mr. and Mrs. Clyde Tillery of El Paso. Accompanying the Tillerys here for a visit was Floyd Trantham of Waco who will visit here until Sunday. He is a nephew of Mr. and Mrs. Sprowls.

Mrs. Ramm Gives Meeting Topic

Mrs. Freda Ramm gave the topic "As The Name Goes" at the regular meeting of the Lutheran Ladies Missionary League which met last Thursday afternoon at the Parish Hall of the church at Lariat. Thirteen members were present and they decided to have an ice cream social at the next regular church family night, Sunday, June 16. Members of the Sunday School departments and the young people of the church are to present the program that evening. Following the meeting, Mrs. Ernest Kube served refreshments to the group.

Mr. and Mrs. Jobses To Leave for Visit

Mr. and Mrs. Shelby Jobses plan to leave here Friday for a trip to New York and New Jersey. Their son, Sam, who makes his home in Syracuse, N. Y., will be married in Bridgeton, N. J., on June 29, and the Jobseses will visit with him until that time. Mr. and Mrs. Jobses plan to be gone about three weeks or more.

Mr. and Mrs. Claude Dyer and Jackie of Texico spent the weekend in Ruidoso, N. M.

Lyn London and Mrs. Juanita Foreman.

Following the meeting, Mrs. Carpenter served refreshments of punch, cheese crackers and cookies to Mesdames Roth, Foreman, Dot Camp, Patsy Webb, Ruth LaRue, Margaret London, Hazel Stallings and Ysleta Kittrell. Because of the next regular meeting date of the class is on July 4, the class has postponed its meeting until the second Thursday of the month, July 11. Mrs. Margaret London will be hostess for this meeting.

News from PLEASANT HILL

Mrs. Robert Servatius

Mr. and Mrs. Amos Shockley and daughter, Myrtice, planned to return home Tuesday from Corpus Christi where they visited his brother and family, Mr. and Mrs. Dorman Shockley, since Thursday of last week.

Bob, Eugene and Pauline Servatius went to Umbarger on Sunday for a fishing trip and report the lake there is very low.

Mr. and Mrs. Rudolph Shockley of Anton visited recently with his brother and family, Mr. and Mrs. Amos Shockley and daughter.

Mr. and Mrs. Earl Servatius of Finch spent the weekend with Mr. and Mrs. Robert Servatius and family.

J. L. Redwine of Muleshoe visited Sunday with his uncle and aunt, Mr. and Mrs. Homer Redwine.

John Donahey is seriously ill in the Clovis hospital.

Pleasant Hill Baptist vacation Bible school closed Friday night with a commencement program. Each class of the school presented a skit and those attending the two week school received certificates.

Mr. and Mrs. Royce Hargrove of Lubbock visited last Saturday and Sunday with Mr. and Mrs. Robert Servatius. Sunday afternoon the children enjoyed swimming at Clovis.

Mrs. Janie Anderson of Anton has been here visiting her daughters, Mrs. Buck Taylor and Mrs. Robert Servatius. Mrs. Servatius and children returned home with her Wednesday and plan to help Mrs. Anderson repair her house while there.

Visiting over the weekend with Mr. and Mrs. Edwin Fahsholtz was Harold Watson of Long Beach, Calif.

Mrs. Juan Eskew and her sister, Mrs. Jones, from Bovina, visited their parents, Mr. and Mrs. Frank Loflin in Colorado recently. They returned home Sunday.

Mr. and Mrs. C. H. Whitener visited Sunday evening in the Mason Neely home.

Miss Linda Estes of Bovina visited recently with Miss Myrtice Shockley.

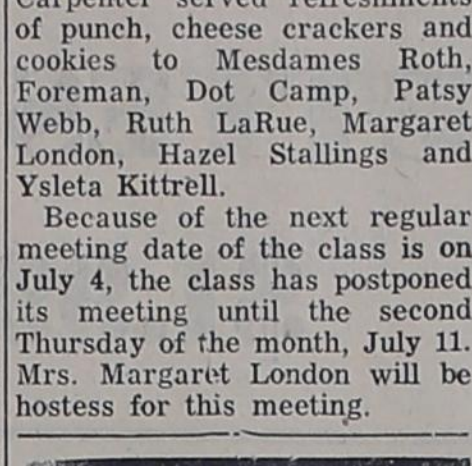

Mrs. Bass Elliott of El Paso has been here visiting her sister, Mrs. Maxine Hart. They enjoyed a fishing trip to Conchas Lake last weekend.

Tommy Nesbitt, who was pastor at the Pleasant Hill Baptist Church, has accepted a similar position at Petersburg.

L. D. Taylor, accompanied by Joe Vaughn of Muleshoe, returned last week from a fishing trip to San Angelo. They report good luck with their fishing and say that there is lots of water in the lakes in that area. They also report seeing lots of rain during their trip.

Pauline Servatius visited Friday with Judy Adams in Tex-

Never Before Has One Car Won All Four Top Awards!

The men who know the most about cars pick Plymouth as tops in value, styling, handling, economy!

PLYMOUTH — "Your overall best buy" — Car Life Magazine. "After testing all the 1957 cars we choose Plymouth as today's over-all best buy because we feel that it offers more and better transportation value than any other 1957 car regardless of price." (From the June issue of CAR LIFE, the family auto magazine.)

PLYMOUTH — "Style leader of the year" — Dell's 1957 Cars Annual. "Style Leader of the Year Award, presented to Plymouth Division of Chrysler Corporation, by the editors of Dell's 1957 Cars Annual who have chosen the 1957 Plymouth as the style leader of the American automotive industry." (Inscription on the actual award.)

PLYMOUTH — "Economy leader of its field" — 1957 Mobilgas Economy Run. "In the 1957 Mobilgas Economy Run Plymouth won first place in Class 'A,' the division that includes all of the well-known low-price cars. The Plymouth was powered by a V-8 engine with automatic transmission." (From U. S. Auto Club records.)

PLYMOUTH — "Superior roadability" — 1957 Motor Trend Magazine Award. "Presented to Chrysler Corporation for superior handling and roadability qualities of their family of fine cars." (Citation of 1957 Motor Trend Award, presented annually to U. S. manufacturer making the greatest engineering advancement.)

«The High Plains Farm and Home»

Wheat Approaches Combining Stage

Parmer County's 80,000 acres of winter wheat will soon be ready for the combine, if the dry, sunny, and sometimes windy weather holds for the next few days.

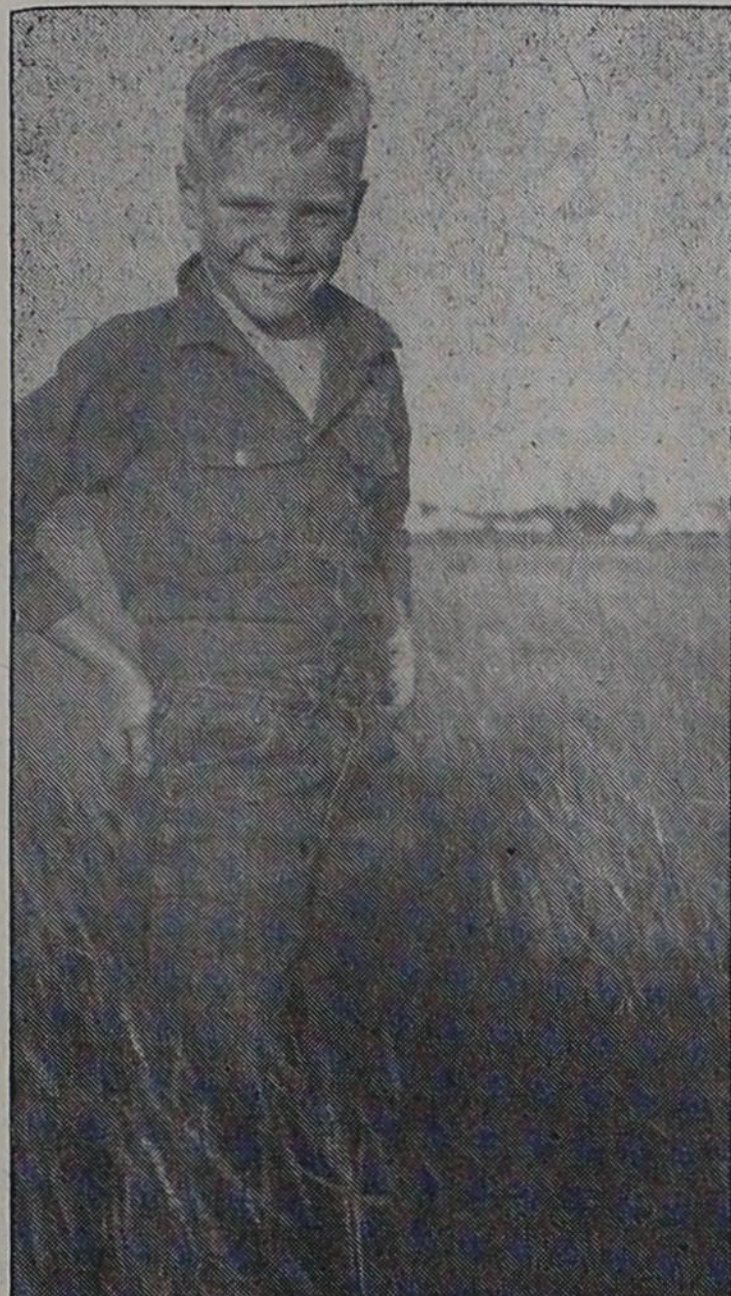

Tall irrigated wheat, with the promise of the lushest yields ever, is turning a golden hue under the late spring sun. Cool weather and the series of wet days during the past month have retarded development and maturity dates, but generally improved prospects considerably.

In fact, had it not been for the spring rains, the estimated 40,000 acres of this crop still not irrigated would be written off by now—having been planted under very drouthy conditions last fall.

As it is, dryland wheat is expected to make fair yields in the area, which will be the first time that dryland has been cut on a wide scale since 1949.

Most fields of irrigated wheat that have had adequate water will yield from 35 to 55 bushels per acre, observers believe. The dryland yield will be considerably less, of course, but some fields may cut 25 bushels.

As of presstime, no loads of 1957 wheat had been reported, but the arrival of the first cuttings at the elevator is expected momentarily. Usually, the first 10 days in June brings in a load or two.

For the first time in several years, most of the dryland wheat of the area will be cut this year. This is Keith McCutchan, 6, of Bovina, who strolled into the field near town to show the cameraman how the wheat looked.

Farmers Starting Early Season Control of Insects

It's time for the early season insect control programs in the Parmer County area, and some poisoning for lice and thrip has already taken place, reports County Agent Joe Jones this week.

"Normally," he points out, "the early insect control program should begin in the four-leaf stage for thrip and flea-hopper control." He suggests that cotton growers "disregard the first two leaves which are cotyledon and not true leaves."

Cotton is off to a somewhat slower start than last year, and Jones is emphasizing the need of such a control program to insure setting of the first fruit. "That's about the only means the farmer has at his control to try to catch up," points out the agent.

"Be sure to keep in mind that cotton grows from day to day and a poison program based on every seven days for flea-hopper must be followed to insure good control," he adds.

The early season insect control program should begin in the four-leaf stage and be repeated every seven days until cotton has been poisoned two to four times. Regardless of the number of poison applications, stop treatment at least 30 days before the bollworm usually appears, unless flea-

hopper infestations are heavy. This period allows sufficient time for the beneficial insects to build up, and aid the bollworm control. Usually, bollworms begin to show up the latter part of July.

"Remember to follow the guide for controlling cotton insects, put out by the Texas Agricultural Extension Service. 'Don't try to double the amount of poison at any one application and extend the effective period,'" Jones warns.

"Cotton is growing every day and the young fruit is putting on new growth. This requires frequent applications to insure a reasonable coverage of poison from week to week," he says. Guides for controlling cotton insects can be secured from the county agent's office, ginners, insecticide dealers, and others.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Plains Cotton Growers, Inc., is backing a bill calling for five main points:

1. Establishment of national marketing quota of not less than estimated consumption, plus exports.
2. A domestic percentage shall be determined by dividing domestic consumption and exports into domestic consumption. The percentage shall be applied to each farm to obtain the domestic allotment.
3. Level of price support at 95 percent of average world price as estimated by secretary of agriculture.
4. Equalization payments on domestic portion of crop to be made by the first buyer (reimbursed by CCC) in amount equal to difference between average spot market price or support level, whichever is higher, and 90 percent of parity. But if funds are not available for carrying out this provision, price support would be set in accordance with present variable formula.
5. Producer would be eligible for participation in soil bank only if he reduced acreage below 1957 allotment.

Only about three per cent of the adult population of the United States is naturally red-headed.

Texas Farm Bureau membership is 1,000 above the same time last year. We hope this trend will continue through the end of the year so that the membership for convention action will exceed that of any past year. Our county membership is about 20 above the same period last year, too.

Senator Andy Rogers is due expression of appreciation from the farmers of Texas for his staunch support of legislation affecting farmers favorably. He supported all of Texas Farm Bureau's bills. He also stood pat for the REA bill to protect the present and future of REA, in spite of great pressure from big private utilities to let it fall by the wayside. He would be glad to hear from you. Write him a letter after looking at his voting record.

Texas Farm Bureau was successful in gaining enactment of 17 bills it had sponsored as a result of county and state conventions last year. Some of these bills were never even mentioned in newspapers, but still are mighty important to every farmer in Texas. One of these is the law making it legal for you to use your farm licensed pickup to take your family to church or town for fun. This has been illegal in Texas. Another provides raises in pay for certain groups of school teachers. The commercial feed bill is one that should prove valuable to purchasers of feeds, insuring that they have in the sack what the tag says.

The weed committee, with Raymond Schueler as chairman, and with the assistance of extension service and ASC staffs is getting underway with a very active program against the spread of bindweed this year. We hope you are giving attention to this program if you have any bindweed on your place.

The fifth annual Farm Bureau queen contest for Parmer County will be held on the night of July 20. Mrs. J. T. Jones and her helpers are making steady progress with the event and it will surely be better than ever. CONSIDER THIS: Do they not err that devise evil? but mercy and truth shall be to them that devise good. Prov. 14:22

THE HAPPY HOMEMAKER

A motto that would not be out of place in any kitchen is this one: "Happiness is not so much position as disposition." Every homemaker should strive to acquire a disposition toward happiness. By so doing she can contribute much to the betterment of her family and in this way make the world a more cheerful place in which to live.

Another motto which we like very much was brought to our attention by a teen-age girl. She ran across it hanging in one of her friend's rooms. The title of it is:

MY MOTTO
I don't worry about yesterday, IT'S GONE.

I don't worry about today, I DON'T HAVE TIME.

I don't worry about tomorrow, THAT'S GAMBLING.

I can't live yesterday over, and I can't live tomorrow today.

But I can be careful what I THINK, DO, OR SAY.

The plainest of dishes may be made more interesting by the use of spices, herbs, and sauces. If your family doesn't go for the "different" taste, try using the new flavoring agent very sparingly at first.

Another thing to remember is that some of the spices get stronger when cooked. Any clever homemaker can educate her family to new tastes in foods if she does it in small doses. Of course, if there are children in the family, she will have to enlist her husband's support in the project in order to be able to put it over.

No amount of coaxing or suggesting on the mother's part has as much effect on the children's acceptance as a few words of praise spoken by the man of the house.

For a quick, easy and creamy fudge, try this recipe for "Philly Fudge":

- 1 3 oz. pkg. cream cheese
- 2 cups sifted confectioner's sugar
- dash of salt
- 2 1 oz. squares unsweetened chocolate, melted
- 1/4 teaspoon vanilla
- 1 tablespoon cream
- 1 cup miniature marshmallows

Place the cream cheese in a bowl and cream it until soft and smooth. Slowly blend the sugar into it. Add the salt and melted chocolate. Mix well. Add the cream and vanilla and mix until well blended. Fold in

MELTON STUDIO

1010 Main

Telephone 6624

the marshmallows, which have been melted. Press into a well greased pan and place in the refrigerator until firm. Cut into squares.

Do you want your next angel food cake to be a little bit different without changing the texture or taste? If so, substitute two tablespoons of decorative sugar for the same amount of granulated sugar called for in your recipe.

The current styles for skirts and dresses of all ages seem to call for rickrack or lace. If your growing daughter has a "last summer" dress that is too short, a contrasting band will make an attractive length stretcher. Then to achieve the current look, just decorate the band with rickrack, beading, braid, or lace.

As the children change from regular play clothes into sun suits, a bottle of good sun lotion will prevent sunburned shoulders and legs.

In the past few years a lot of study has been directed toward the possibility of drilling wells for the purpose of taking care of the run-off water from our irrigation wells. The idea seems very sound and if it could be worked out, the underground level could be raised.

If wells of this type could be drilled and used for the purpose of taking care of the run-off water from rain, as well as from irrigation wells, there would be some years when the

water level could be raised enough to offset part of the drop during dry years.

Of course, in our area this spring there has not been too much run-off water from rains, but in some sections of the high plains a lot of water has run off that might have been stored for future use.

Wild flowers along the roadsides have never been prettier than they are this spring. The additional rainfall has also made the flower gardens very colorful. At the present time, there are so many rose bushes in bloom that it would be difficult to enumerate the different kinds. All of them are pretty and it is hard to tell which ones are the prettiest.

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.

Herbert Hoover is the only man of Swiss descent to be president of the United States.

Parmer Farmer In House

W. L. "Preach" Edelman is to meet before a house agriculture committee in Washington this week to push for "a cotton program that will put farmers back in position to compete with other fibers."

Edelman left yesterday after meeting with Parmer County Cotton Growers Association in Bovina Tuesday night. He attended a cotton meeting recently in Memphis, Tenn., and explained the program which was adopted in Memphis. He is representing Plains Cotton Grower Inc., in Washington.

Cotton farmers need to have a domestic and export allotment. Spinners in foreign countries want to buy American cot-

ton, and we could produce it if farmers were allowed to grow part of their crop for export," he says.

"Foreign spinners want our American cotton because it is more uniform, but before they purchase cotton from us, they want a stable program, assurance of supply, and a stable price at about 25 to 27 cents a pound.

"And we need producer protection in this country. We are

recommending the two-allotment plan. Under it, a farmer could plant a portion of his crop to be eligible for Commodity Credit Corporation parity payments. The rest of his crop could be sold on the world market at prices competing with foreign producers."

Those who were to attend the Bovina meeting were President of Parmer Cotton Producers Arlin Hartzog of Oklahoma Lane, W. H. Long of Friona, secre-

RESULTS OF RECHARGE EXPERIMENT
ALLMON LAKE, FLOYD COUNTY

Recharge Well Takes Over Million Gallons Water Daily

By W. L. BROADHURST
At last—the rains came—as we have believed they would for eight long years. Many people in the High Plains, who are now aware of the diminishing supply of underground water, are concerned

with the problem of saving the large quantity of water that has recently collected in the thousands of wet-weather lakes by draining the water into the underground reservoir for storage and future use.

The High Plains have installed dual-purpose wells near lakes for the purpose of draining the lakes and producing irrigation water. Such practice has been described by them as highly successful.

Although the practice is not yet fully acceptable to economists and engineers, many of whom are naturally skeptical until shown, the High Plains Water District has developed some important information from the recharge experiment that is being carried out at the Allmon Gin in southwestern Floyd County.

In the fall of 1953 a well was drilled near the edge of the lake. Total depth was about 380 feet. It was cased with 12-inch steel casing, the bottom 150 feet being slotted. It was developed by pumping with a test pump and produced about 1,100 gallons a minute.

A pit was dug around the well and filled with cotton burs. An 18-inch concrete pipe was laid from the bottom of the lake to the pit, the lake end being equipped with a valve and the pit end had a meter for measuring the flow of water from the lake to the well.

In June 1954 the area received a heavy rain and the lake caught 52 acre-feet of water. After a few hours wait, in order to let the coarse silt settle to the lake bottom, the valve was opened and the water flowed by gravity into the pit. However, it was soon discovered that the cotton burs, although fully composted, did not prove satisfactory as a filter. Nevertheless muddy water entered the well at the rate of 1,050 gallons a minute.

The well was not equipped with a pump and as a result, after eight days of recharging, the formation became clogged with silt. A test pump was

again installed and after a few hours of pumping several yards of sand and silt were removed from the well and it produced equally as good as after the first development. This original test proved that the lake water could be drained by gravity into the water bearing formation; but it also proved that unless the mud and silt were removed during the recharging period the formation would become clogged and would no longer take water.

During the last week in April 1957, the area again had about 5 inches of rain and again the lake became filled with water. In the meantime a concrete meter box was built at the pit-end of the 18-inch concrete pipe, and an 8-inch steel line, equipped with a flap valve, was laid from the meter box to the well. The pit was filled and a pump base was built around the well.

On April 30, 1957, at 10:35 a. m. the valves were opened and the water entered the well at the rate of 1700 gallons a minute, going into the formation and filling the well casing. The rate at which the formation took water is indicated in the chart.

It is significant to note that during the first 24 hours the well took water at the average rate of 920 gallons a minute, and that during the fourth day the rate was 620 gallons a minute, showing that the silt was gradually clogging the sand.

On Saturday, May 4, a 7-stage number 10 pump, bowls, and 180 feet of 8-inch pump column pipe and 10 feet of suction pipe were set in the well. The pump was operated for 4 hours and produced a large quantity of silt, sand, and water at the rate of about 1,000 gallons a minute.

The pump was stopped, the valve was opened, and again water started pouring into the well.

During the next 20 days the recharge is shown graphically in the illustration.

Again it is significant to note that whereas the rate of recharge during the first 4 days of the experiment decreased from 920 gallons a minute to 620 gallons a minute, with pumping only once a day to remove silt, the rate of recharge was maintained at a rate of about 920 gallons a minute until the lake was drained.

Just as the lake was drained the rains came again and the lake refilled to the previous level and the operation of recharging continued.

Although the problems of artificial recharge are not fully solved by any means, the work that has been done by numerous individuals, by the cooperative work of the Texas Board of Water Engineers, U. S. Geo-

logical Survey, City of Amarillo at the McDonald Well Field in Randall County, and the work of the Water District shows that the problems can be solved and in the future millions of acre-feet of surface water can be salvaged that otherwise would be wasted.

Farmers Getting Maps

About 18 soil and water conservation plans received approval of the SCS district supervisors during May, according to Floyd Crume, work unit conservationist.

Part of the plans have already been issued to the farmers and others are to be issued as work allows, Crume says.

The 18 plans recently approved brings the total number of plans in the district to about 400. Potential number of plans for the district is 1,056, Crume says.

Plans approved in May included the following farms: E. C. Seifert of Levelland, Glen C. Stevick of Friona, Claude Rose of Farwell, Paul D. Johnson of Friona, J. W. Langston of Lubbock, Oran Maudin of Friona, Joe Blair of Farwell, G. Jongman of Dimmitt, Dalton Mimms of Lubbock, Thomas Lewellan and Sons of Black, Glenn Floyd of Friona, Claud Ellis of Modesto, Calif., C. Warrell of Lubbock, J. T. Atkinson of Farwell, E. F. Readhimer of Bovina, C. D. Cooper of Friona, and Gilbert Wenner of Friona.

If these farmers have not received their plans yet, they will get them as soon as possible, Crume says.

The soil and water conservation plans allow a farmer to plan his operation for an entire farm in such a way to better use and treat every acre in keeping with its needs for protection and improvement, Crume says.

To get a map, a farmer may contact the SCS office or the board of supervisors and make arrangements for a plan for his farm.

Upon the farmer's application, the SCS takes a land inventory and soil survey, and plots each acre on a map showing the class of land to which each acre belongs. Farmers and SCS technicians work out a plan for different fields. This allows the farmer to know what he should grow on each field and what conservation practices should be carried out.

"It is a progressive step for a farmer, because he usually has been using some of his land for specialized treatment. With a soil and water conservation plan, he takes a step from conservation on part of his farm toward conservation on every acre in the farm," Crume says.

FB Queen Contest To Be in Bovina

Parmer County's fifth annual FB queen contest will be held in the Bovina School Auditorium Saturday night, July 20. Mrs. J. T. Jones of Bovina is county chairman in charge of the event this year. Her co-chairman is Mrs. A. R. McCutchan, also of Bovina.

winners will receive a beautiful watch.

Eligibility rules are as follows: 1. Must be the daughter or sister of a Farm Bureau member actively engaged in agricultural production. Membership should be in Parmer County.

2. Single.

3. Age 16-22 (16 by September

1, 1957, and not over 22 by September 1, 1957.)

4. County must have at least 25 members.

5. To enter district elimination, county must have a queen contest with at least two entries.

6. Exceptions: daughters of state directors, county presidents and previous state winners are not eligible to enter this contest.

Cotton dresses will be worn in the county contest this year, and corsages will not be worn.

Previous winners in Parmer County have been Deniese Magness, 1953; Phyllis Jean Fairchild, 1954; Clara Jean Jesko, 1955; and Judy Bruns, 1956.

BLACK RURAL NEIGHBORHOOD PROGRESS CLUB

Wheat Farmers To Vote Thursday

Wheat farmers will decide by referendum on June 20 whether or not they want market quotas on the 1958 wheat crop.

The outcome of the referendum will decide the level of available price support for the 1958 crop, as well as whether quotas and penalties on excess wheat are to be used.

Under legislation, the secretary of agriculture must proclaim marketing quotas for the next crop when available supply is 20 percent above normal supply. The estimated supply of

1,825 million bushels available for the 1957-58 marketing year is 56 percent above normal supply of 1,170 million bushels. Normal supply is based on estimated domestic consumption and exports plus a 20 percent carry-over.

Quotas will not become effective unless at least two-thirds of the producers voting in the referendum favor quotas.

If quotas are not approved the allotment will remain in effect and wheat growers who comply with their allotment will be eligible for price support at about \$1.18 per bushel. Non-complying farms would not be eligible for price support if quotas are not approved.

If quotas are approved, wheat growers who comply with allotments will be eligible for price support at \$1.78 per bushel on their entire production.

Persons who will have an interest in more than 15 acres of wheat next year will be eligible to vote. This includes farm operators, owners, and wives of each.

William Howard Taft was the first U. S. president to receive a salary of \$75,000 a year.

4-H'ers Attend Camp

(Editor's note: The following is a story written by Richard Chitwood, Lazbuddie 4-H member, who was a county delegate to 4-H camp which was held last week.)

On June 3, 4 and 5, Richard Chitwood, James Brown and Beverly Smith of Lazbuddie, Jim Roy Wells of Friona and Gladys and Lindy Dean of Bovina attended the District I 4-H Club camp at Don Harrington Boy Scout camp near Canyon, Tex.

After we registered, we took training courses in recreation, nature study, rifles, camp making, wildlife study, 4-H records, electrical safety and others.

We enjoyed a flag program, talent times, stunts and vespers each evening. We also had plenty of free time for games and other recreation.

Including all the delegates, county agents and visitors, there were 188 present for the camp session.

Everyone had a good time and enjoyed the good food.

THE H. D. AGENT'S CORNER
Jimmie Lou Weinscott

ORANGEgg—A "QUICKIE" BREAKFAST — Getting family members to eat an egg for breakfast may be pretty hard to do on these hot summer days. Orangegg, served in a frosty cold glass is a fine way to get not only egg, but also orange juice. It's easy: simply beat one egg thoroughly. Mix well with eight ounces of fresh or frozen orange juice and serve immediately in frosted glasses.

RAW VEGETABLES FOR "DUNKING"—Work more vegetables into the diet during the summer months. Extension foods and nutrition specialists suggest crisp, colorful raw vegetables for appetizers, between meal snacks, and tasty salads. For entertaining, add some carrot curls, celery sticks, radish roses, raw cauliflower or broccoli flowerettes to the refreshment tray. Serve a zippy sour cream cheese, or avocado dip for "dunking" the vegetables. Guests will enjoy the informal atmosphere of the party and appreciate the extra "vita-

The average weight of the human brain is 48 ounces.

Weed Committee Maps Control Plans

Beat the Heat—"Beat the heat" by planning menus ahead of time, suggest extension foods and nutrition specialists. This makes it possible to check meals for balanced nutrition. It also makes it possible to plan work so that most of the preparation can be done during the coolest part of the day.

Take it Easy—Convenient step stools make for greater working comfort, new designing places seats somewhat lower than in older models. Vinyl plastic upholstery provides both color and ease in cleaning. The entire stool can be swabbed with a sudsy cloth or sponge as needed.

Cleaning the Washer — It's easy to wash out your washer after tinting or dyeing a load of clothes. Just fill the tub with hot soap or syndet (synthetic detergent) suds, add bleach, and let the machine run until clean. Follow with a hot water rinse and then leave the washer open until dry inside.

More No Iron Fabrics — Looks like a summer for homemakers, with even more no-iron fabrics coming up. This time it's the tablecloth manufacturers who are campaigning for easier laundering fabrics. They are aiming at a finish that will eliminate ironing, cottons, rayons, or linen table ware. Of course, we already have tablecloths that require little or no ironing. Look for the new finishes when you shop for yourself or for the June bride.

High storage stocks and an expected 1957 record production add up to lower prices for turkey growers. Poultry production during January and February were far ahead of the same months for 1956 and more eggs were in incubators on March 1st last than for a year ago. Efficient production offers some relief to the problem.

Members of the Farm Bureau weed committee met in Friona last Thursday night to continue plans for bindweed eradication and control. Raymond Schueler, committee chairman, said that cooperation is increasing among individuals and county, state, and industrial groups.

Prentice Mills, ASC office manager, reported that over a hundred of the questionnaires relating to bindweed location have been returned to his office. Maps showing infested plots are located in the ASC office, county agent's office, and the Farm Bureau office. Mills said that there is a fund of about \$3,000 available to farmers for assistance in field bindweed control. Interested persons should inquire at that office.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Most of you have already received the district's news letter on "Control of Insects Through Water Control." If you did not receive a copy, let us know and we will see that you get one.

Every community minded person should become familiar with insect control, especially mosquitoes, and their control. It may save your life.

Recent rains have caused washes to show up again on a number of the farms in the district. Most of these are at the end of the rows. This may even be stopped at this late date, to a great extent, by simply drilling grain sorghum at the regular planting rates across the beds on the end. This slows water down and reduces the cutting action of the water.

Do you have your vetch seed for interplanting in your cotton or grain sorghum? Now is the time to make arrangements for the seed and inoculant, so when the time to plant comes, you will be sure to have your seed supply. All legumes should be inoculated before planting.

As of June 1 the Soil Conservation Service technicians have assisted farmers in the district to install 60.2 miles of concrete pipeline for the conservation of irrigation water in Parmer County. This would be enough pipeline to run from Hereford to Clovis on U. S. Highway 60 with 5 miles left over. This is only the pipe that was laid the first half of 1957. There will be more this year.

Research Station Gets Second Well

After two delays, caused by rains, a new engine, pump and gearhead were installed in the new well located on the east quarter section of the 310-acre research farm of the High Plains station at Halfway.

Plainview merchants drilled and supplied the equipment to operate this well. Bud Gibbons drilled the well and installed the casing, George Taylor supplied and set a Fairbanks-Morse pump, Stapleton Brothers Machinery and Tank Company furnished the gearhead and Newman Motor Company supplied the Chrysler Industrial Engine.

"We appreciate very much the efforts of all those who helped provide this second well," stated Dr. Longnecker, head of the High Plains station, "Because we are now assured of an adequate supply of irrigation water to carry on our research program this summer."

Rains have handicapped the station planting as they have most of the neighboring farmers in the Halfway community.

However, 24 varieties of experimental grasses have been planted in the dryland areas of the farm. On May 24 only eight acres of cotton, one and one half acres of grain sorghum, and 15 acres of corn had been planted on the research farm.

A Complete Service

We, at Adams Drilling Company, pride ourselves on offering a COMPLETE irrigation well service . . . everything from doing the drilling of the well to the smallest repair job. We'll welcome the opportunity to serve you and your irrigation needs.

Heaven," and Wilma Norton of the local chapter played several piano selections. After enjoying sack lunches and tea in the home ec building, those working on their state degrees met in the library where Patsy Anthony of Friona instructed them. Patsy received her state degree earlier this

year. Girls from Farwell who are working on state degrees are Juanita Range, Janice Meissner, Wilma Norton and Alice Ramm.

A panel discussion was conducted in the home ec room for the other attendants. Among the topics discussed included money making projects, point system and various types of programs.

Those attending report that they learned a lot about the duties of their offices and that they had an enjoyable time.

ing, raking, watering and making flower beds.

"We want this to be a spot of beauty in Texico as well as a recreation spot," Mrs. Miller explains and "all members are urged to come down and do their share."

A committee from the club, composed of Mrs. Milton Henson, Mrs. Ival Hesser and Mrs. Jim Moss, is meeting with the recreation committee from the city council this week. The committee will recommend to the group that two picnic tables of redwood, two brick barbecue grills, a cemented area for skating, volleyball, shuffle board and badminton, a set of swings, and one set of seesaws be built at the park.

This will be a recommended use for the city recreation tax.

"By lighting the area, it is hoped that Texico-ites can have picnic suppers, visit or play '42' on the tables at night, and that the children can be entertained with the playground equipment," Mrs. Miller says.

Woman's Club members and their families working on the project the early part of this week were Mr. and Mrs. Miller, Mr. and Mrs. Danforth, Mr. and Mrs. Jim Moss, Mr. and Mrs. Louis Caillouet, Donald and Ellen, Mrs. Milton Henson, Mrs. Avis Patterson, Mrs. Mark Fairman, Russell Johnson, Carmelita, Koleta and Lanny Doshier, Janice Adams, Mrs. Scotty Levins, Mrs. John Adams, and Mr. and Mrs. Aggie Jones.

Mrs. Johnson and Mrs. Miller provided lemonade and cold pops for the group.

TEXICO BUILDING PERMITS

Three building permits were issued in Texico during the past week. They were:

Johnnie Chappell, addition to home.

Chas. B. Stockton, construction of new home.

Junior Foreman, moving house to Texico location.

Commissions Discuss Varied Topics at Meets

**Tax Levy Set
At 84 Cents**

The 1957 tax levy for the City of Farwell was set at 84 cents per \$100 valuation when the city commission met in regular session last Friday afternoon. The levy is the same as last year and the assessed value is based on 50 percent of the appraised property value.

Since the year is half gone, the commission adopted exactly the same set up as 1956. However, they did discuss the possibility of raising the \$10,000 ceiling on Farwell homes, having them based on exact valuation.

The commission decided that

since the levy is supposed to be set before January 1, they would postpone any further discussion on this until this fall when the 1958 levy is set.

Another topic brought up was that of spraying the city for flies and mosquitoes. It was decided to take some action on this and the clerk was instructed to buy insecticide and acquire a machine to spray the alleys and trash cans.

A board of equalization was named by the commission and it will be called to meet if there are disagreements on anyone's taxes. Selected to serve on the board were Thad Watkins, Clarence Meeks, and Ed Blain.

Other business included the authorizing of the clerk to purchase a filing cabinet and typewriter for the city office. It was the second regular meeting of the new commission and present were Sam Aldridge, mayor; Smokey Gast and L. E. McKillip, commissioners; and Wilfred Quickel, clerk.

**Disposal Ground
Discussed by
Texico Council**

The subject of a disposal ground for the City of Texico was discussed by the city commission in a meeting last Thursday afternoon. It was the regular monthly meeting which had been postponed from its regular time last Monday night.

Councilman Joe Helton brought up the subject of the disposal ground for the city and after discussion on the topic, Earl Hartley, city attorney, suggested that the city contact Murray Morgan, of the state land commission, concerning a parcel of state land north of town.

It was decided to do this and the subject will be brought up again at a later meeting. Presently, the City of Texico is paying Farwell a monthly fee for the use of its dump grounds east of the city.

Other business for the commission included plans for spraying the city for flies and mosquitoes. The clerk was instructed to contact all businesses in the area that do chemical spraying and receive bids on the project.

Attorney Hartley reported to the group that the city limits extension suit had been heard by the state supreme court on May 24. The city now awaits a written opinion from the court on the decision.

Several Texico citizens had protested the city's action when a large section of ground west of town was taken into the city limits over a year ago. The case was thrown out of district court and the plaintiffs appealed the decision to the supreme court.

Also, the city dads lowered the minimum water rate at the Jim Hughes residence. Hughes had been charged the minimum business rate at his place due to the operation of a laundry there in the past. Hughes reported that he no longer operated a laundry and his rate was changed to that of a resident.

Closing out business at the meeting, the city clerk was granted a two weeks vacation, to begin Saturday noon, June 15. Mrs. Lurline McLeod was hired to keep the city hall open during the clerk's absence.

Bills approved for the month of May were as follows:

A \$1,000 long-term bond was

retired. This was the annual payment on some water mains extensions installed several years ago.

Also, \$6,120 was paid on the paving bonds. Six of the bonds were paid off and the figure included \$6,000 on the principle and \$120 on the interest.

Fire Fund — Jim's Service Station, \$3.76; plug rentals, \$34; and Southern Union Gas, \$3.90.

General Fund — Salaries, \$360; water bill, \$7.55; light bill, \$32.17; and disposal ground rental for two months, to the

City of Farwell, \$20.

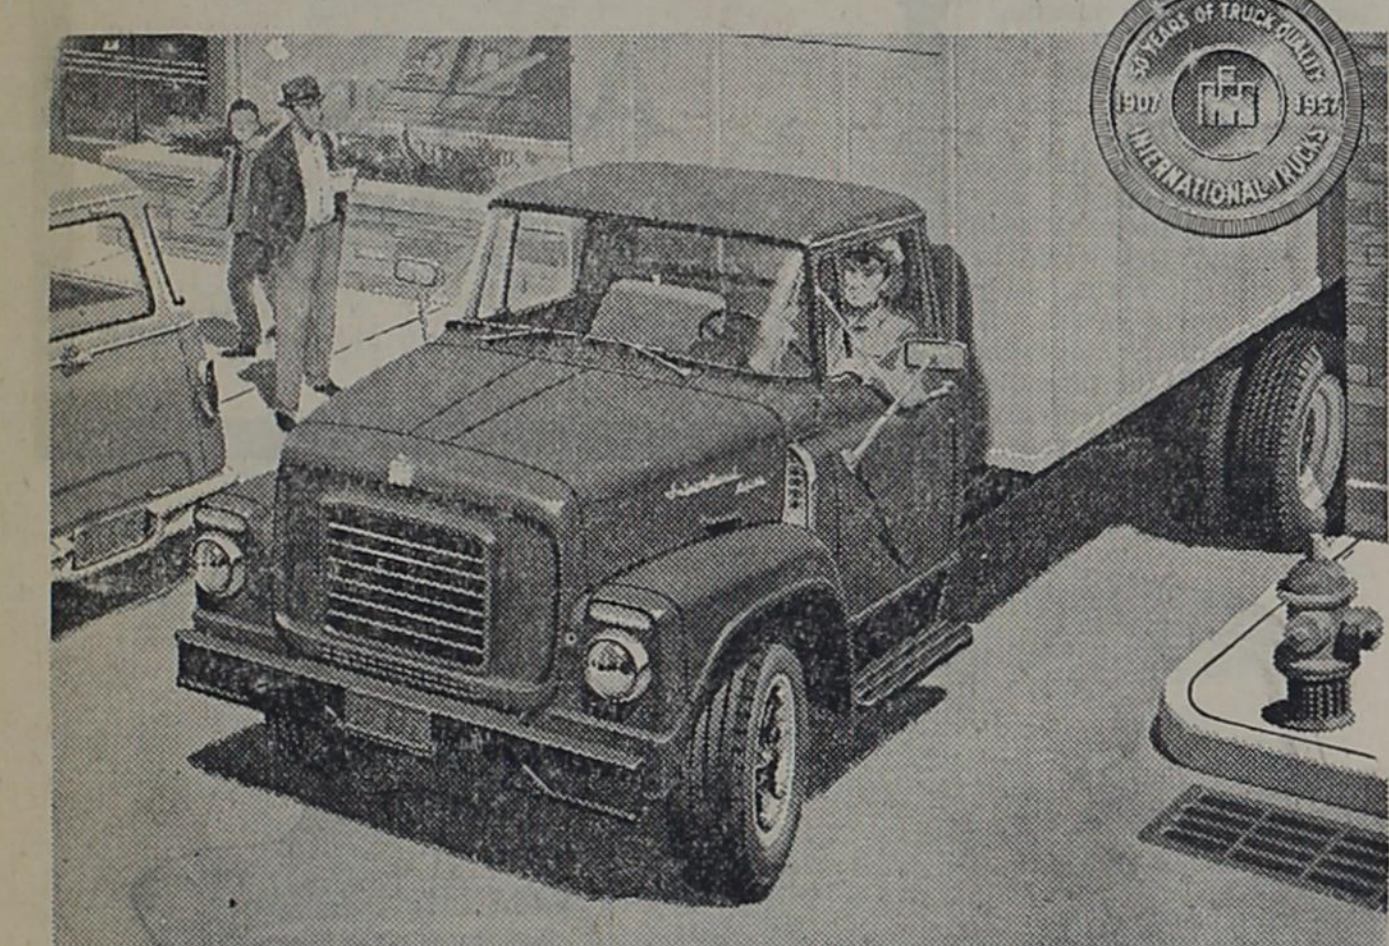

Street Improvement Fund — Sweeper rental payment to A. O. Poteet, \$58.37; and Earl Hartley, attorney fees, \$300.

Water and Sewer Fund — Salaries, \$400; electric bill, \$85.84; Kemp Lumber Company, \$12.63; M. A. McKee Co., capital outlay, \$154.80; McBride Ditching Co., digging ditches for water line extension, \$56.40; Lurline McLeod, extra office help, \$10.50; Jack Hesser, extra help, \$8; Clovis Printing, office supplies, \$1.90; and Farwell Waterworks, \$17.48.

Come in for a "MANEUVERABILITY TEST" of a new
**Golden Anniversary
INTERNATIONAL**

New Golden Anniversary INTERNATIONALS range from Pickups to 33,000 lbs. GVW six-wheelers. Other INTERNATIONALS, to 96,000 lbs. GVW, round out world's most complete line.

See the stubby nose on this new INTERNATIONAL Truck? Usually the sign of a cut-down, cramped cab, isn't it?
But not in this new Golden Anniversary INTERNATIONAL AC Model!

INTERNATIONAL has achieved maximum maneuverability and a short, 89-inch bumper-to-back-of-cab dimension, yet has kept cab full size, doors full size and increased the floor height only 3 1/4-inches over a conventional model!

Come in for our "Maneuverability Test." See how you ride in comfort, while you maneuver with ease. And check the low, low price. Remember, too: Over the years, INTERNATIONAL Trucks cost least to own—cost records prove it!

Take our test any time!

(Continued from Page 1)

posal and some said it would hurt their trade, while others thought they would benefit from it.

It was pointed out that much of the Clovis-Lubbock traffic would go straight through town since it would cut off almost two miles from the regular highway route. Another advantage brought out was that it would make a route from the Amarillo highway directly into Farwell, avoiding having to go into New Mexico before getting to Farwell.

One man pointed out that it would increase the possibility of obtaining industry in the area which the highway would pass through. Also, it was said that not having the route "cut and dried" at present was hindering the building of new businesses. "Some people are just waiting to see where the road goes before building new business here," was a statement.

As for the loop from the Highway to the state line road, the consensus of opinion was that this would be of benefit to farmers, making it more convenient for them to reach elevators and cotton gins in town. It was pointed out how at the present time there was no good route for farmers to carry their products to market.

**Atwell Reports
On Youth Program**

(Continued from Page 1)

named second vice-president and elected to fill this position was Cary Joe Magness.

Getz, secretary of the club, gave an up-to-date report on the past Lions breakfasts and said that over \$200 had been raised from the events. The club turned \$500 into the youth program, to be used for the director's salary and to purchase needed bats and balls.

Winding up the meeting, President Joe Helton and incoming president, Robert Morton, gave a report on the recent state convention at Santa Fe.

July 29—Farwell at Springlake.

First use of the abbreviation U. S. A. was to stamp approval on barrels of gunpowder made at a mill near Frankfort, Pennsylvania, for Washington's Army.

**Weeds Are Being
Mowed In Farwell**

Mowing of the weeds in alleys and on vacant lots is being done this week as a fly and mosquito control measure by the city, reports Wilfred Quickel, city clerk.

The mower being used was obtained from the county precinct No. 3. The clerk says that just as many weeds as possible will be mowed while the mower is in town. Plans are to put the mower back on the country roads next week.

**"CUSTOMER SERVICE"
MORE THAN A MOTTO**

It is often said, and is certainly true, that saying something is one thing, and doing it quite something else.

When we say that we take a personal interest in each customer, and do our best to please him, we back it up with deeds. "Customer service" really means something at Lone Star.
