## Commissioners Court Approves Salary Scale, Quarterly Report

The first item of business at the Monday morning session of the Parmer County Commissioners Court was a discussion of the salary schedule which included some wage increases for employees of Parmer County. Following the discussion, a resolution was adopted to the effect that employees of Parmer County be paid on a salary basis and not a fee basis for the year 1977.

The treasurer presented the quarterly report which was reviewed and approved by a unanimous decision.

Since the Revenue Sharing payment for the fourth quarter of 1976 has been received and designated for Public Transportation, a resolution was adopted to the effect that the 1976 fourth quarter payment of Revenue Sharing be designated for Precinct 2.

In other action, the Court decided to purchase four electric engravers for use by the Lazbuddie 4-H Chapter. Operation Identification is in effect in some areas for the purpose of marking certain items for identification in case of theft. Lazbuddie 4-H plans

to take on this project and will utilize the four electric engravers for that purpose. Cost of the engravers is estimated to be between \$20 and \$25.

It was noted during the meeting that the grader for precinct 1 was received and paid for.

A Bookmobile update was given to the effect that a meeting of the four counties involved was held at K-Bob's in Littlefield on January 4 with about 14 people attending. Reports were given and the general consensus was that everyone was pleased with the operation of the Bookmobile.

A report was given regarding Dame Site No. 3 in the Lazbuddie community to the effect that the office of House Speaker Bill Clayton informed the County Judge that they expect to mail out invitations for bids the latter part of January.

Other business included paying the 1977 dues of \$550.88 to the Panhandle Regional Planning Commission.

Other Court business included agreeing to pay \$229.20 in meals and travel expenses for the district court reporter

for the year 1976.

An invitation to the Soil Conservation Service meeting of Water Conservation districts was presented to the Parmer County Judge Paul Fortenberry and the Court. The meeting is to be held at the Community Center in Friona on February 23, at 11 a.m.

Further Court business included issuing checks of \$2500 each to the volunteer fire departments of Friona, Bovina, Farwell and Lazbuddie to supplement their operations in the County.

The meeting of county judges and commissioners at College Station February 2 and 3 was discussed and the consensus was that three members of the Court might attend.

## Meet Cancelled

Texico Chamber of Commerce did not conduct its regularly scheduled meeting Tuesday night as a quorum was not present. The next meeting is set for February 14.

Last Saturday afternoon Twin Cities residents were in for a surprise as a fast moving snowstorm swept through the area, depositing about two inches of snow and sending temperatures spiraling to near the zero mark. The scene pictured here was a common sight as residents awoke to a white and extremely cold world on Sunday morning. Daytime temperatures on Sunday and Monday did not rise above freezing, leaving area streets with a thick white cover as late as Tuesday morning.

## Frigid Scene

## Fast Moving Storm Dumps Snow On Area

A fast moving storm dumped about two inches of snow on the Texico-Farwell area Saturday afternoon and evening and sent temperatures hurtling toward the zero mark. Accompanied by winds of more than 30 miles per hour, the snowfall created hazardous driving conditions from limited visibility and slick streets and highways.

Clovis received about four inches of snow. Roads leading out of the city were termed in

fair condition by State Police Saturday night following the swiftly-moving afternoon snowstorm.

Hazardous driving conditions prevailed within the Clovis city limits Saturday night as motorists were advised to drive with extreme care, especially in the Running Water Draw area north of Clovis.

As of Wednesday, snow and slush still remained on the streets in Texico-Farwell to

remind residents of the wintry blast.

Parmer County Agent Mack Heald reported that the storm did not damage the wheat or barley crops which are presently in the ground. He added that the moisture content of the snow was low, stressing that what the crops need now is either rain or a wet snow.

Heald also commented that snowy, cold weather is hard on the area livestock as they are not able to gain weight.

## Welding Short Course Offered At Farwell High

A farm arc welding short course for adult farmers will be held Monday, Jan. 17, through Thursday, Jan. 20, at 7 p.m. at the Farwell High School vocational agriculture building under the sponsorship of the local high school's Vocational Agriculture Department, according to James Perkins, superintendent, and Richard Montgomery, teacher of vocational agriculture.

Royce Hart, welding specialist with the Vocational Agriculture Division of the Texas Education Agency, and the department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University.

Hart is a native of Upshur County, Tex., and was reared on an east Texas farm. He graduated from Union Hill High School near Gilmer, Tex., and received a BS degree in agricultural engineering from Texas A&M in 1960. Hart was owner-manager of a truck and tractor company in Gilmer for a number of years. For four years he was involved in sales, planning, and installation of feed handling, and storage equipment. Prior to joining the Agricultural Education Adult Specialist Program on January 1, 1975, he participated in an extensive welding training program.

During the dates the short course is in progress, Hart will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to

Montgomery. Farmers interested in attending the short course should write or call Montgomery. An entry fee of \$10 will be charged. Farm arc welding short course certificates will be presented to each enrollee who attends all the training sessions.

Hart states that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as safety in welding, factors controlled by the operator in running a bead, striking an arc, types of electrodes, preparation of joints, distortion, cutting, hardsurfacing and pipe welding.

"Short courses in welding, as well as in other areas, are now available to farmers throughout the state under the cooperative program between the Texas Education Agency and Texas A&M University," stated Bob Jaska, associate

professor, Department of Agricultural Education at Texas A&M University, who coordinates the program for Texas A&M.

"This cooperative program," states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are available in the fields of beef cattle, farm wiring and safety, farm electric motors, farm arc welding, swine production, tractor maintenance, oxy-acetylene welding, and pasture improvement.

## School Board Okays Trip, Slates Election

Farwell School Board members conducted a busy session Monday night as they extended the contract of Superintendent James Perkins, set a school board election, approved the athletic budget and okayed the band trip to Six Flags this spring.

In opening action, the board extended Perkins' contract through the 1978-79 school year.

Another item on the agenda included setting a school board election for April 2, 1977. Perkins explained that the terms of R.J. Garner and Billy Mayfield will expire on that

date.

At the February meeting of the board, a selection committee will be established for the purpose of nominating persons to run for the positions. However, they will also set the filing deadline at that time. Perkins stressed that incumbents and other interested persons may also file for the two openings. He said the tentative date for filing, as of press time, was slated for March 1.

In other action the board approved the Farwell band trip to Six Flags for March 26-28, and okayed the athletic budget for the next two years.

## Thefts Plague Dept.

Parmer County Sheriff Charlie Lovelace reports that a Friona man has been arrested in connection with the recent thefts of hydraulic cylinder lifts. Fred Constanco, 46, allegedly was involved with the thefts, the total value of which was estimated to be \$5,000. Lovelace said Constanco has been charged with three counts of felony theft, with bond being set at \$5000 per each count.

According to Sheriff Lovelace, Constanco is presently in custody and has been bound over for grand jury action. He also reported that his department has partially recovered

the stolen property at a salvage company in Hereford.

In addition, a heating stove was reportedly taken from the Donleta Hawkins residence, one mile west of Friona; and three buggy wheels were stolen from the Cash Richards place, one mile south of Bovina.

Sheriff Lovelace also reported that several bicycles have been taken from Farwell residences recently, including those of Scott Haden, Toby Booth and Bob Anson.

The final report concerned a saddle which was taken from the M.A. Black estate located north of Friona.

We have plenty to read. Each week the Tribune receives four daily papers and 17 weekly and semi-weekly papers. Some weeks all of these are read, some weeks none. Yet in an average week, we get to the majority of these publications.

Considering the cantankerous curmudgeons who publish newspapers, we feel sure that we are exposed to the widest possible range of opinions on most any issue of state or national importance.

As you may have noticed, we are not bashful in using this grist for the P-P mill. Last week we came across a new Year's column by our friend Don Richards, publisher of the Azle News-Advertiser, which expresses our thoughts exactly on newspaper publishing.

Says Don: It's our plan to make this a better newspaper in the upcoming months and year for our readers and advertisers. We want to provide the best possible service to you which we can with our staff and resources.

We've been pleased with this past year. We've made mistakes, but we also hope we've helped. We hope we've helped our readers to remain informed about their immediate world around them and what to expect from it.

Occasionally, we have been asked exactly what our policy is in regard to the newspaper...i.e., what it prints, doesn't print... what news we cover or what we don't cover... or how we decide what we will editorially comment on and what we won't.

We don't think of the newspaper as having any "set" or "established" policies. We've never seen the need to draw any up because we prefer to base our stands on each individual issue.

If we have any sort of policy statement, we can think of no better time than the start of a new year and, it would go like this:

"We believe in freedom of the press. We will do our utmost to protect it, preserve it and defend it. Without freedom of the press, we sincerely believe all of our other freedoms would be lost."

"It is our policy to present the news in a fair and accurate manner. We hope to do this as complete as our resources allow us and without error. Being human we will make mistakes. Sometimes in the rush to meet deadlines and handling highly technical equipment, something goes wrong... word... get left out, jumbled or misspelled; illegible lines get left in."

"Some readers laugh at our mistakes, others don't. To us it is a failure to meet our obligations and we ask your patience and understanding. We are not making excuses; but we do pledge the diligence in fulfilling the demands of our profession. When we fail, let us know."

"We believe in our responsibility in providing the public with its right to know. The freedom of the press which we enjoy carries with it the freedom and the responsibility to discuss, question and challenge actions and utterances of our government and of our public and private institutions. Newspapers uphold the right to speak unpopular opinions and the privilege to agree with the majority."

We will not comment on every issue or complaint we hear voiced over a cup of coffee; but we reserve the space in our columns for any individual to voice in good taste his opinion over his signature.

"Most of all, we remain free of obligation to any interest other than the public's right to know the truth."

**Farwell's First Supt. Dies In San Antonio**

Funeral services were conducted December 27 from the Jefferson United Methodist Church in San Antonio for T. Guy Rogers, age 91, who died

December 24. Mr. Rogers will be remembered as Farwell School's first superintendent, coming here in 1907 to accept the position at mid-term. Hamlin Overstreet was a student under Mr. Rogers for the six to seven years that he was superintendent of schools here.

The two-story building which was recently torn down at Farwell's present campus was built during Mr. Rogers' tenure at Farwell.

After serving as superintendent of schools, Rogers then worked for Santa Fe Railroad for awhile before moving to San Antonio where he re-entered the educational field. He was a member of the San Antonio Independent School District for more than 50 years, serving as principal of Collins Gardens Elementary School and then becoming the first principal of Thomas Jefferson High School, a post which he held for over 25 years. He was past president of Downtown Lions Club; Phi Delta Kappa; San Antonio Retired Teachers Association; Texas Lodge No. 8 AF and AM; and member of United Methodist Church.

Survivors include a daughter, Miss Enna Fay Rogers of San Antonio; two sisters, Mrs. Sam G. Bratton of Albuquerque and Mrs. Berry Orr of Hereford; a grandson, Thomas B. Rogers of Houston; and two great-grandchildren.

State Line Tribune Farwell, Tex.

Dear John and Joanne:

Please extend our subscription for another year. We enjoy the news about the ones we know there. Having lived there so many years, we are still interested in Farwell and Texico and its people.

We are very happy about the Convalescent Home, and several of our very closest friends are living there now. It is nice to know that they can stay in their own community when they can no longer look after their own homes and needs. We know that they aren't lonely there in town. And it is great to see that so many folks there are visiting them regularly, and are sincerely interested in them.

Please extend our best wishes to all our friends and former neighbors who are now living in the home, won't you? We wish them all the very best of health and happiness possible.

Sincerely,

Steve Christian still astride the donkey just watches while teammate Ken Richardson falls from his donkey.

It was a mad scramble on the floor between Texico and Farwell players to get a loose ball.

Spills and tumbles and laughs were abundant Monday night in the Texico-Farwell FFA Donkey Basketball game, sponsored by Texico FFA.

In the girls' game, Texico FFA girls defeated the Farwell girls, 12-2, while the Farwell FFA boys beat the Texico boys, 14-12.

In other events, Pam Southard won the "best of three series" in the mechanical donkey's race, and Mrs. Danalee Cherry won the Donkey Cracker Race.

Accompanying him on the trip were Mr. and Mrs. Walter Schueler and son Gary of the Rhea Community, parents and brother of Mrs. Wayne Kube. The group traveled by air from Amarillo to Chicago to Frankfurt, Germany, where they were met by the Kubes.

While in Germany the families were able to do a lot of sightseeing, especially to the cities of Nurnberg and Cologne. Also the entire group toured Belgium, Holland and Luxembourg in a rented van.

Mr. and Mrs. Schueler were called home after a two-week stay due to the death of Mrs. Schueler's mother. They were accompanied by their daughter, Vickie.

Gary Schueler remained in Germany and he and Bryan Kube returned home together on Friday, Jan. 6, after an exciting 21-day visit.

### Students Identified

Mrs. Frank Brown, the former Edna Melugin Jarrell, has called to make more identifications in the picture of Farwell School students (1910-1911) which was published in the Christmas edition of the Tribune.

Mrs. Brown says that the girl on the top row, sixth from left, is her sister Ruth Melugin, and that she is on the third row, eighth from the left, and that she is standing next to Flora Whitley. The Melugin sisters were dressed in identical dresses on the day the school photo was taken. The picture was from the Olan Schluter collection.

## Convalescent Center Chit Chat

As Reported by the Center Staff

Floie Copeland, Convalescent activities director, reports that the exercise program which began Monday is a big success with all the residents. These sit down exercises will be conducted at 11:30 Monday through Friday. She said that the 18 who took part in Monday's activities "had a ball."

Mrs. Copeland reports that the Center is in need of beach balls and Nerf balls for their exercise sessions.

All Center staff members are really enjoying the video machine which was recently purchased for the Center. Through this device, the staffers are able to conduct their own in-service training programs. Mrs. Dora Nittler, administrator, invites anyone who is interested to drop in for a demonstration.

A big welcome is extended to Mr. and Mrs. T.P. Kittrell.

Recent visitors of Mrs. Nittler were her granddaughters from Friona, Cindy and Corrie Lundy.

Mrs. Nittler reports that she really appreciates all the care and concern which the Center staff has for the residents.

This week W.W. Vinyard went on a shopping trip to Clovis accompanied by Center staffer Jane Osgood.

Plans to form a Convalescent Center auxiliary are still "in the works" according to Mrs. Copeland. She urges all interested persons to contact her at 481-9027.

Mrs. Copeland says that while all the gifts of cakes, fruits, etc., are very much appreciated, donors are reminded that some residents are on special diets and may not eat certain items. She asks that all persons donating food items check them in at the main desk before giving them to the residents. She asks that the same thing be done with items of clothing. They should always be tagged at the main desk so as to prevent their becoming lost or misplaced.

Cordelia Cochran of Mule-

shoe visited Lon Cochran. She is currently working on a project of making hot pan holders from the plastic soft drink containers.

Everyone urges Nora Edens to hurry and get over her cold as her presence is missed at activities, social functions and crafts sessions.

Bingo winners were Nora Edens, blackout and two games, and Inez Sullivan, Bobby Hicks and Lorene Whittenburg, one game each.

All staff and residents of the Center say a big "thank you" to Marilyn Hammitt for all her friendly services during meal times.

Mrs. Copeland reports that Charline Gregory will no longer serve as the Center's consulting R.N. as she plans to return to school. Replacing Mrs. Gregory will be Mrs. Jo Geuther, R.N., of Farwell.

Kitchen staffers say thank you for all the donations of food items which the Center received during the holidays.

Residents are enjoying the game of Pitchy-Catchy which was donated by Frances Kube. The game employs four gloves and four balls. The balls are sticky and stick to the gloves which helps delight residents and onlookers alike.

Joye Meyers, director of nurses, will be taking a two-week leave of absence. Sally Walgeare of Clovis will fill in for her.

Working on decoupage projects this week have been Krista Gohlke, Maude Wilson, Bobby Hicks, Effie Foster, Alvenia Cox and Nora Edens.

Mrs. Copeland says they are in need of someone with an electric saw to cut wood pieces for their art projects. Wood scraps and small paneling pieces, three inches square, etc., are also needed. The activities director also reports that a glass display case is still needed.

Future plans for crafts include making mobiles for

the bedridden patients. Mrs. Copeland says any and all ideas will be appreciated.

Rev. Carrell Watkins, pastor of Calvary Baptist Church in Farwell, officiated at the Sunday afternoon services. About 25 persons attended, and refreshments were served.

This week the spotlight is on Bertha Kaltwasser who was born in Fayette County, Tex., on May 18, 1887. She married John Albert Kaltwasser on Nov. 7, 1916. Together they raised three sons, Walter and Gilbert, who reside in Farwell with their families, and A.O. of Ft. Wayne, Ind. Their ancestors came from Germany.

The Kaltwassers spent their time farming and rearing their sons. Mrs. Kaltwasser was active in the Lutheran church and is a member of St. John's Lutheran Church in Lariat.

Mrs. Kaltwasser is considered to be a very sweet and considerate person and is a much loved resident at the Center. The window of her room faces the entrance and Mrs. Kaltwasser delights in watching all the people come and go. She also enjoys letter writing.

By John Ricci

Cattlemen have a bone to pick about bones . . . and assorted other parts of the beef carcass included in figures used to indicate beef consumption. Per capita consumption of beef is generally thought to be just over 120 pounds . . . a figure some critics of the beef industry (commonly called steak-stoppers) consider too high to be healthy. Let's make sure everyone is talking about the same thing. Consumers are buying over 120 pounds of beef a year. That's true. However, it's 120 pounds of beef on the hoof. There's the catch. When you talk about consumption, most people think about the amount actually eaten. That total is just over 40 pounds (cooked weight) per person . . . less than 2 ounces a day. That means on the average, as good a beef consumer as most Americans are, they still average less than a hamburger a day in terms of beef consumption. That's one average we can do something to improve. How about a steak?

## Olena Ann Seaton Becomes Bride Of Thomas D. Willis

Olena Ann Seaton of Lazbuddie became the bride of Thomas D. Willis of Lubbock at 4 p.m. on January 1 in the home of the bride at Lazbuddie.

The bride is the daughter of Mr. and Mrs. John L. Seaton of Route 1, Muleshoe, and the bridegroom is the son of Mrs. Delena Willis of Dallas.

The double ring ceremony was performed by Rev. Frank Matthews before a setting centered with a large basket of yellow and white daisies, spider mums, carnations and baby's breath. The arrangement was flanked on either side with two seven-branched candelabra holding yellow candles.

The bride, given in marriage by her father, wore a floor-length gown of candlelight chiffon over taffeta, featuring deep ruffles at the hemline, boat neckline with double ruffles and long sleeves with double ruffles on the cuffs. Her fingertip veil of candlelight chiffon was attached to a headband of lace daisies and seed pearls. It was edged in wide candlelight lace. She wore a heart necklace given to her by her parents.

Following tradition, the bride carried her Bible for something old, her wedding dress was something new, something borrowed was a pearl and diamond ring belonging to the bridegroom's mother, and something blue was her garter. She wore pennies in her shoes which were minted in the years of their births.

The bride carried a bouquet of yellow and white daisies, mums and carnations accented with yellow streamers, atop a white Bible.

Connie McDonald of Lazbuddie, lifelong friend of the bride, was maid of honor. She was attired in a floor-length blue floral dress of dacron, polyester with long bell sleeves trimmed in white lace. She carried a long-stemmed white carnation with yellow streamers.

Best man was Ray Sellers of Seagraves, cousin of the bridegroom. Candlelighter was Jimmy Johnson of Lazbuddie, brother-in-law of the bride.

Mrs. Seaton wore a formal dress of aqua double knit with a matching jacket trimmed in aqua lace for her daughter's wedding, and the bridegroom's mother wore a beige dress. Both mothers wore white carnation corsages.

A reception was held immediately following the ceremony in the home of the bride, hosted by Mrs. Jimmy Johnson and Mrs. James Ashley, sisters of the bride. The table was centered with a three-tiered wedding cake trimmed with yellow and white roses and topped with a miniature bride and groom. The bridal bouquet was placed on the table along with a unity candle which was lighted by the couple. Banana punch and nuts and mints were served with the wedding cake.

Following a wedding trip to the Caribbean Islands, the couple will be at home in Lubbock.

The bride is a 1976 graduate of Lazbuddie High School and attended South Plains College, majoring in music.

The bridegroom is a 1973 graduate of North Mesquite (Texas) High School. He attended Middle Tennessee State University and South Plains College, majoring in business and computer science. He is employed by N.C.R. in Lubbock.

Among the out-of-town relatives attending the wedding were Mrs. Delena Willis of Dallas, mother of the bridegroom; Mrs. Sarah Payne of Muleshoe, grandmother of the bride; Mr. and Mrs. W.A. Willis of Seagraves, grandparents of the bridegroom; and Mrs. Elmer Sellers and family of Seagraves, aunt of the bridegroom.

Wedding music was provided by vocalists Judy, Beth and Grace Cowan, Van Pinson, brother of the bride; Roy Hunter, Jim and Jeanie Yates, and Chris Newton, soloist, who sang, "Annie's Song."

The bride was given in marriage by her parents. The couple composed their own wedding vows which they recited to each other.

The bride was attired in a full length white gown accented with tiers of lace. She also wore a matching lace veil and carried a bouquet of white and yellow daisies.

Pam Mayfield of Abilene served as maid of honor. Gene Sheets of Abilene, brother of the bridegroom, was the best

man. Serving as ushers were the bride's brothers, Van, Keith, Toy and Paul Pinson. The mother of the bride wore a full length green gown. Mrs. Sheets was clad in a floor length light blue silk gown. Each wore a corsage of white carnations.

The reception at the church was hosted by Mrs. Erwin Young of Alamosa, close friend of the couple. She made the four-tiered wedding cake. Pedestals separated the layers and pastel flowers decorated the cake. An arrangement of pastel flowers centered the serving table.

Serving refreshments were Toby Curtis of Farwell, Lynne Young and Grace Cowan, both of Alamosa.

The couple went to Twin Falls, Idaho, for their wedding trip. They plan to make their home in Alamosa.

"Other stand-outs were Jones, Roberts, Chandler, Bibbs, and White."

Tuesday night Vega slammed the Steers, 68-45. No further statistics were available at press time.

"The girls played well and

we shot a good percentage from the field and the free throw line," said Coach Larry McDorman following the victory. "We are steadily improving, especially the guards. It had been three weeks since we have played a game and we had a few bad moments, but we pulled out of it to win the game. # Texico Fem Roundballers Win Four, Drop Three

by Celia Johnson and Teresa Turner

Texico girls played seven basketball games from January 4-8, and won four and lost three.

First, the Texico 8th grade girls brought a win home from Tucumcari on Jan. 4. The score of the game was 13-12. High point scorer was Lisa Coffey with 6 points. Also adding to the score was Berta Loera with 5 points and Schree Rucker with 2 points. Lead rebounders were Lisa Coffey and Teresa Golledge. Coach King said, "We showed great defense but not much offense. Reserves who showed improvements were Sonya Thigpen, Carletta Fitz, Teresa Morris and Becky McDonald."

Next, the freshmen lost a breath-stopper game in overtime, 31 to 33, against Tucumcari. At the last buzzer for the fourth quarter, the score was 29 to 29. Texico was able to make two more points to raise the score to 31 but luck was on Tucumcari's side and they put in four more to bring their final score to 33 points.

Lori Harrington was high point scorer with 10 points and Liz Cavallero was next with five. Elsie Ortiz, Roxanne Cherry and Kelley Dobbs each made four points.

Commenting on the game, Coach Kathy Culshaw said, "The girls played an excellent game. They hustled and pressed the whole game. It was the best game this 9th grade group has ever played."

Texico Jr. High and Varsity

girls played Tatum last Thursday in the Wolverine Gym. The Jr. High lost 21 to 23, while the Varsity won 42 to 35. "Kelly Dobbs played an outstanding game and though we were behind the entire game, the girls played an excellent game. This was our second game in a row lost by one basket," said Coach Culshaw.

While the Jr. High was behind the whole game, this did not phase the Texico Varsity who was ahead throughout their game.

The three Harringtons were high scorers with Kim making 14 points, Christi, 12, and Tonye, 8. Debbie Lacy, Charlene Whitener, Susan Snodgrass, Deanne Day and Marylou Roberts also added points. Leading rebounders were Harringtons, Kim and Tonye. Coach Culshaw said she was well pleased with the entire Varsity squad.

In a series of games played Friday and Saturday, Texico Junior Varsity and Varsity girls came out winning two and losing one.

Junior Varsity went to Portales Friday night and met their third defeat of the season, 14-36. High scorers were Tonye Harrington and Marie Steward with 4 points each, and Teresa Turner and Jana Jesko with 3. Leading rebounders were Steward and Harrington. Coach King said, "We played a good first half against a much bigger team."

Although the weather was cold Saturday night, Texico Junior Varsity and Varsity teams were hot.

The Junior Varsity beat Eunice, 44-4. Texico led throughout the game. High scorers were Tonye Harrington with 14 and Florence Orozco with 6 points. Leading rebounder was Harrington. "The largest margin of the season, but Eunice has a very young ball club," said Coach King.

The Varsity game ended 60-24 with Texico on top. Charlene Whitener, Susan Snodgrass and Deanne Day each made nine points. Snodgrass led in rebounding. Coach Culshaw commented, "The Eunice game was a good game because it gave each girl an opportunity to score offensively."

**CAN THE TEN COMMANDMENTS SAVE?**  
 St. Paul pointed out a basic Scriptural - and logical - truth when he said: "For not the hearers of the law are just before God, but the doers of the law shall be justified (Rom. 2:13). Many people suppose that God gave us the ten commandments to help us to be good. The fact is, however, that He gave them to show us that we are bad. Rom. 3:20; 5:20; Gal. 3:19 and a dozen other Bible passages teach this clearly. How can the law be of any advantage to a law-breaker? How can it justify us unless we keep it perfectly? Do you recall the woman caught in adultery in John 8? She was a Jewess. She was better off than the Gentiles, for she had the law of Moses, but this didn't justify her. It condemned her. So her "advantage" turned out to be a serious disadvantage for "not the hearers of the law are just before God, but the doers of the law shall be justified." James 1:23,24 says that one who knows the law but doesn't obey it is like a man looking into a mirror seeing his dirty face, and then walking away without doing anything about it. This is why Rom. 2:14,15 declares that the consciences of the heathen confirm what the law says. "their thoughts the meanwhile accusing, or else excusing one another." Those in heathen lands know that it is wrong to lie and steal and commit adultery, yet they know nothing about the law of God, or the ten commandments. How, then, do they know that these things are wrong. God made them with this knowledge. He gave to them a conscience, a sense of blame-worthiness in doing wrong. Every man has this inner sense though his conscience may become seared. It is common experience for men's conscience to trouble them. "their thoughts" either "accusing or excusing one another." How good to know the One who has paid the penalty for our sins so that our hearts may be "cleansed from an evil conscience" (Heb. 10:22) "Christ died for our sins" (1 Cor. 15:3). "Believe on the Lord Jesus Christ, and thou shalt be saved" (Acts 16:31).

*If you want to buy a pivotal sprinkler system that will keep running, call a man with mud on his boots!*

**CONSIDER THE FOLLOWING:**

- 1** The best system in the world isn't worth a dime when it's down.
- 2** The best system in the world is worth no more than it's least efficient serviceman.
- 3** The best system in the world is worth no more than the reputation of the local dealer servicing that machine.

Big T Sprinkler Service sells, installs and services Lindsay Zimmatic Self Propelled center pivot irrigation systems. We think it is the best system in the world. It is built in Amarillo by Texans for use by Texans. Our salesmen can tell you why we think it is the best, but it's our servicemen who make us outstanding. We have the best service. Period. # Franklin The Diplomat

by Donald Whisenhunt

Benjamin Franklin was one of the most cosmopolitan and eclectic men America ever produced. His life story has been told many times, and most people are aware of his many accomplishments. As far as the future of the new nation was concerned, not withstanding his other achievements, his activities at the end of 1776 and the beginning of 1777 may well have assured independence.

Franklin had been dispatched to France by Congress some weeks earlier to assist Silas Deane in obtaining French assistance. Franklin was an immediate hit in the fashionable circles of Paris. According to historian George Bancroft, "His fame as a philosopher, his unflinching good humor, the dignity and ease of his manners, the plainness of his dress, his habit of wearing his straight, thin, gray hair without powder, contrary to

the fashion of that day in France, acted as a spell."

He became one of the most popular men at the French court. Although he was past seventy, his fame with the women of Paris has become legendary.

Since the French were already sympathetic to the American cause, Franklin's popularity made the American cause more popular. Even though King Louis XVI could not yet openly recognize

American independence. Franklin and Deane convinced him to aid the Americans secretly.

After many secret meetings and several negotiating sessions, Franklin and his colleagues were successful. Franklin considered it to be a very good seventy-first birthday present when French ships sailed to America almost on his birthday of January 17.

Obviously, French aid was important to America. In addition to the direct benefit of French money and material, French assistance, even if covert, would make it easier to get support from other European enemies of Britain.

Spain was considered to be another prime source of assistance if she could be convinced that the Americans could endure.

In the Spanish Southwest, the new organization for the "Provincias Internas" - the internal provinces - reduced the power and importance of the colonial governors. Before the appointment of the commandant general in 1776, the governors had also had the title of captain general. Now they lost that position and most of their military authority as well.

In some ways, this improved government on the frontier because some governors had

been lax in their military duties. All of the important provinces, with the exception of New Mexico, had a new official, the "comandante de armas," who worked under the governor and took responsibility for most military duties.

In other ways, this division of responsibility weakened colonial government by creating competing positions.

Joan of Arc was born in Domremy, Lorraine, which at the time of her birth was not a part of France!

This photograph was taken the night of November 5, this past fall, at the final home football game between Farwell and Hart. The High School Band and the Junior High Band were combined for the halftime entertainment. Approximately 150 students were involved in this program. The program was well received, says Farwell Band Director Lynn Burton, and will be continued in the future with these two groups. Several shows with the combined bands will be featured for the coming 1977-78 school year, Burton reported. (Farwell School photo.)
