

by Dolph Moten

Two Jailed On Forgery Charges

Two charges of forgery and one of theft were made by Farmer County sheriff's department last week.

Roberta Eafon and Lewis Jamison were charged with forgery. Their bond has been set at \$1000 each by Farwell Justice of the Peace J. R. Thornton.

Mrs. Eafon was picked up in Hereford while Jamison was apprehended near Bovina by Sheriff Chas. Lovelace.

Mrs. Eafon passed a check at Ware's Department Store in Friona which was forged on D. L. Carmichael, who farms east of Friona. Jamison passed checks forged on Deon

Awtrey, Friona, at Hurst's Department Store in Friona and in Clovis.

Both are awaiting action of next session of Farmer County grand jury.

Also last week, Deputy Tom Atkins returned Marcus Davis from Littlefield where he was being held on a battery theft charge.

In county court Thursday, he pled guilty to stealing three batteries from the farm of O. D. Spitzer of Lasbuddle. He was fined \$50 and sentenced to five days in jail.

Davis was picked up in Littlefield by law officers when he tried to sell the batteries.

Steers Meet Bovina In Football Opener

Texico To Have Swimming Pool

A swimming pool is scheduled to be available in Texico by next summer.

At a recent called meeting of Town of Texico board of trustees, a motion was passed to lease the pool from N. L. Sharp, who plans to have one constructed.

Plans call for the town to run the pool commercially after it is constructed, Mrs. Juanita Autrey, town clerk, says. Location of the pool is scheduled to be four blocks north of Wheeler Avenue

(Highway 70-84) on the state line.

Tharp was unavailable for comment at press time concerning construction details. Amount of the lease the city will pay has not been decided, says the clerk.

At a regular meeting of the board Saturday morning, trustees heard a complaint by Lewis Pierce, paid the month's bills, and discussed the swimming pool project.

THIS IS IT—Farwell Steers Coach J. D. Atwell is pointing to the first game of the season on the Steers' 1958 schedule. That game will be played here Friday night against Bovina's Mustangs. Kick off time is 8.

Kickoff At 8

Farwell's Steers kick off their 1958 football campaign here Friday night at 8 p.m. Furnishing the opposition for the non-district battle will be the Steers' old Farmer County rival, Bovina Mustangs.

Though the Steers will be outweighed in the line, they will probably be favored to win. Bovina accepted a 37-0 slaughtering from Fort Sumner, a team the Steers meet later in the season, in their first game last week. Farwell had an open date last week and this will be the first encounter for the local squad.

Last season, the Steers were 38-12 victors over the Mustangs though they had to come from behind to win.

Steer hopes were dimmed in practice Monday afternoon when Doug Roberts, 150 pound guard who was a member of the first unit, suffered a broken leg. Roberts will be out for eight weeks, it is estimated.

Also unavailable for Friday night's game will be Larry McDorman, 150 pound fullback. He received a sprained ankle in last week's scrimmage session with Clovis "B" team. He, too, had been listed as a member of the starting unit.

With those two out, Farwell's probable starting lineup Friday night will be Owen Huffaker, 145, left end; Jerry Lovelace, 165, left tackle; Joe Hughes, 150, left guard; Dickie Williams, 140, center; James Burleson, 150, right guard; Robert Carthel, 180, right tackle; Morris Reed, 160, right end; Johnny Lovelace, 190, quarterback; Gerald Christian, 140, left halfback; Carroll Huggins, 150, right halfback; and Phillip Berry, 160, fullback.

Possible replacements on defense include Barthel Ford at end, Larry Jesko at tackle, James Ussery at guard, and Tommy Williams and Benjy Dial in the backfield.

Probable starters for the Mustangs are Bill Strawn, 140, left end; Ferman Kelso, 160, left tackle; John Lorenz, 170, left guard; Kent Glasscock, 180, center; James Clayton, 160, right guard; Ronnie Isham, 182, right tackle; Roger Ezell, 175, right end; Ramey Brandon, 165, quarterback; James Lawlis, 150, fullback; Bill Burnam, 170, halfback; and Don Bandy, 140, wingback.

Farwell's line averages 156 pounds per man as compared with 162 for Bovina's. The Steers have a slight weight advantage in the backfield. Their average weight is 160 as compared with 156 for the Mustangs.

Coach J. D. Atwell points out the heavy losses the Steers have suffered from injuries before the season "even gets started." However, he says the team has shown a lot of desire and hustle in practice sessions to date.

In regard to the Bovina game, Atwell says, "The Mustangs will be hungry for a win after last week's game and they always want to beat Farwell."

Local fans will notice the rule change concerning points-after-touchdown. This year, the ball will be placed on the three-yard line instead of the two. A pass or run play will count two points if it is successful while a place or drop kick between the goal posts will be worth one.

Keen football interest here coupled with the fact that Bovina is only 12 miles away should make for a large turnout at the Friday night game.

Junior Team Plays Bovina

Coach Shelby Jobs' junior football team begins its 1958 football season on Farwell's field Monday night against Bovina.

Thirty seventh and eighth grade boys have been working out daily since beginning of school. Jobs reports the squad has made steady progress since practice began and "should round out into a fair squad later." As a whole, the boys are inexperienced, the coach says, as few played last year. However, their attitude and spirit is good.

The Bovina game Monday night begins at 7. (Continued on last page.)

Texico Town Hall Being Remodeled

Texico town hall is being remodeled. Work began late last month on repairing and re-arranging the building.

When it is completed, the east portion of the hall will have new paint inside and out, a new look on the front, a larger meeting room and a store room for fire department, a store room for water and sewer department, and a garage for a new panel truck which the fire department will get.

To make room for the additional storage spaces, the clerk's office has been made smaller.

Morgan Billington and Melvin Venable are doing the remodeling work.

After advertising for bids for the remodeling earlier in the summer and failing to get them, the town was then allowed to negotiate with an individual to do the work, Juanita Autrey, town clerk says.

FRESHMAN GAME OFF

Farwell's freshman football game, scheduled for Thursday night, has been cancelled, Coach J. D. Atwell announces. Reason for cancellation is that several freshman squadmen have been moved to the varsity squad and not enough players are available.

Farwell Sees Bit Of Labor Strike

Farwell got a brief glimpse of organized labor on strike Tuesday morning.

Scene of the unusuality was Sherley - Anderson - Pitman Grain Co. elevator where an addition is being constructed. A workman, carrying an "on strike" sign, walked back and forth across an entrance to the driveway.

An attempt to question the picket by a reporter for this newspaper went for naught. The picket said, "You can't talk to me, you'll have to talk to the boss," and pointed down the highway about 30 steps where two men sat in a late model car and a third stood outside the car.

"The boss," the man had re-

ferred to, turned out to be Maurice Mitchell, who gave his title as secretary-treasurer-business manager of Teamsters, Local Union 377, Amarillo.

When asked what was going on, Mitchell pointed to the picket the man was carrying and said, "You can read the sign; that's the story." In letters smaller than those which read "on strike," the sign said that Teamsters Local Union 377, Amarillo, was on strike against Crowe-Guide Cement Co.

Work on the elevator addition was going on seemingly undisturbed and Mitchell was asked, "Why is the work going on if there is a strike?"

"That's the 64 question," he said. He went on to say that the men working were not members of the union "to my knowledge."

After more informationless conversation, Mitchell offered to bring a type-written statement concerning the incident to The Tribune office. He said he wanted to be assured his statement would be printed without alterations or changes.

An interview with Ray Godwin helped to clarify the mystery as to why there was an organized labor picket in Farwell. Godwin is manager of Crowe-Guide Mobile Concrete Co., which he pointed out, is a separate and distinct business from that of Crowe-Guide Cement Co.

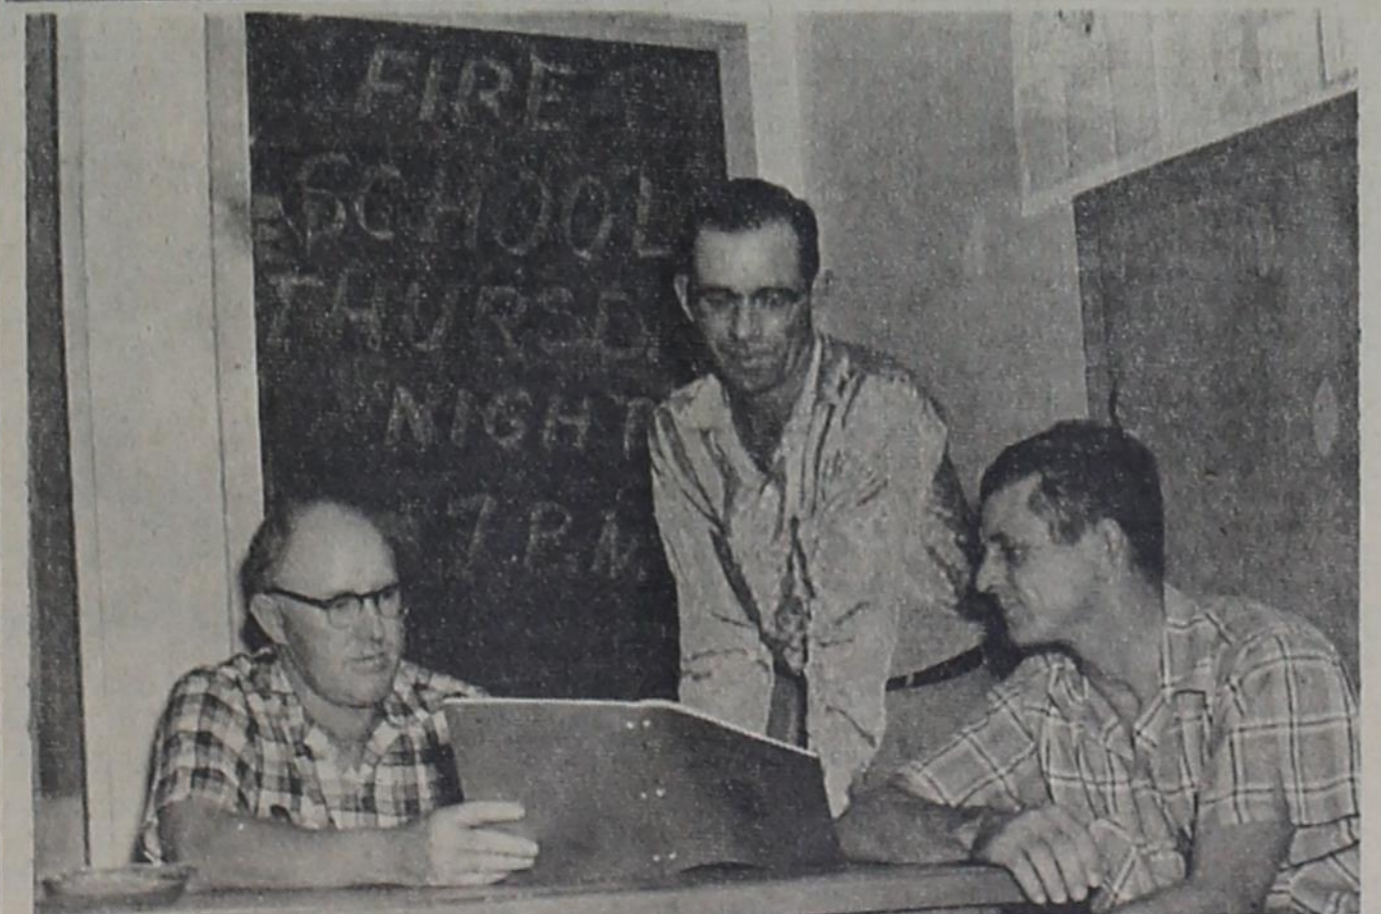

The mobile concrete company is working on the elevator addition. Both the day and the night operator of the cement truck on the job were members of Teamsters, Godwin said. When Mitchell came out to the job Tuesday morning, the operators left their jobs and one of them carried the picket.

Godwin was gone at the time Mitchell came to the job in Farwell. When he returned—only a short time later—another man was "broken in" as operator of the cement truck and work went on as usual.

Godwin said that he understood Teamsters in Amarillo were on strike against Crowe-Guide Cement Co. but that had no bearing on his job (Continued on last page.)

ON STRIKE — This unidentified member of Teamsters Union carried a picket in front of the elevator addition job at Sherley-Anderson-Pitman Grain Co. briefly Tuesday morning.

FIRE SCHOOL THURSDAY NIGHT 7 P. M.—That's what's written on the fire department blackboard in the background as these three Farwell volunteer firemen pose for a publicity picture for the scheduled school. From left to right, they are Pat Patrick, Otis Huggins, and Robert Morton. The Thursday night referred to is tonight. The school will consist of five weekly sessions.

NEED A BROOM?—Texico-Farwell Lions will have their annual broom sale Friday and Saturday. Here, Lion Boss Paul Wurster, left, and Tail-twister Elmer Teel hold a wornout broom belonging to Lion Vice President Sherley Kesner. Kesner apologized for the condition of this broom by saying that he had been waiting until the Lions Club sale to replace it.

Fire School Tonight At 7

First of five instruction sessions on fire fighting is scheduled tonight (Thursday) in Farwell fire hall.

Instructor for the sessions will be Ray Henderson of Texas A&M Fireman's Training School. Prior to accepting his present position, Henderson served as chief of Galveston Fire Department for 17 years.

Starting time for the initial session is 7, Otis Huggins, chief, says.

Classes will not last more than three hours. They are scheduled for September 11, 18, 25, October 9 and 16. All phases of fire fighting will be covered during the course, Huggins says.

"We hope that all members of the department, as well as individuals who are considering becoming members, will attend these classes," Huggins says. "It's a wonderful opportunity to learn about being a fireman."

Also, Huggins points out that if it is impossible for an in-

Broom Sale Set

Texico-Farwell Lions Club will stage its annual broom sale tomorrow (Friday) and Saturday.

The broom sale, which is one of the club's annual projects, will begin sometime Friday — "whenever the truck bringing the merchandise gets here," Lion Boss Paul Wurster says.

Merchandise to be sold is manufactured by Texas Blind Shops. Percentage which goes to the local club for doing the selling is 25.

Items to be sold include brooms of various sizes and descriptions, ironing board pad and cover combinations, door mats, mops, and other household items.

Lions held their final pre-sale discussion at a regular meeting Monday night in City Cafe. Wurster urged members to wear Lions Club vests while they are working on the broom sale.

Also Monday night, Lions were informed that a new film on Lionism will be shown on KSW-TV (Channel 8) Monday night, September 15, from 11 to 11:30 p.m. (CST). According to a communication from District Governor Brad Hays, this special film depicting Lionism and its service to humanity will be of interest to many people in this community.

Title of the film is "We Serve."

Ordinance To Be Enforced

Farwell city commissioners agreed to enforce an ordinance against out-of-town businesses operating in the city without a license. The agreement was made in a regular session Friday evening.

The ordinance, City Clerk Wilfred Quickel told the commission, was passed in 1953. It will require that all firms or individuals who do business in the city must obtain a license from the clerk's office. Cost of the license will be \$10 for 12 months.

Quickel will notify non-local businesses which sell or offer services here that the ordinance is being enforced and give them an opportunity to purchase a license.

Also, the commissioners discussed having the city hall painted both inside and out. Quickel reported two bids had been received from contractors wanting the job. The commission instructed Quickel to get more bids before a decision is made regarding the improvement.

In other business, 1958 city tax roll was approved by the commission and the month's bills for the city were voted to be paid.

Bills paid included Wilfred Quickel, salary, \$225; Felix Winegeart, salary, \$150; V. C. Venable, salary, \$125; Postmaster, Farwell, postage, \$24; Mountain States Telephone and Telegraph, \$36.75; Rozzell Agency, printing maps, \$15; Ray Mears, insecticide, \$142.58; Farwell Hardware, sprayer repair, \$12.82;

Woodrow Lovelace, diesel oil, \$8.10; Elliott-Taylor, road asphalt, \$90.75; Southern Union Gas Co., \$3; Southwestern Public Service Co., \$51.64; (Continued on last page.)

County Officials To Get Raises

Farmer County officials and deputies will receive more money next year.

County commissioners marked increases down in the 1959 salary budget at a regular meeting Monday. Officials will receive about \$600 more per individual while deputies will get a boost of about \$300, County Clerk Hugh Moseley points out.

Total amount scheduled to be paid for salaries is \$84,440. However, there's a possibility that some changes will be made at next meeting of commissioners court, Moseley says.

Social Events of Interest

Mr. And Mrs. Walls Living In Farmington

Mr. and Mrs. Mitchell Walls are making their home in Farmington following their marriage August 31. Formerly Naomi Hubbell, the bride is the daughter of Mr. and Mrs. Oscar Hubbell and her husband is the son of Mr. and Mrs. A. N. Walls.

Elder W. H. Beard of the Reorganized Church of Jesus Christ of Latter Day Saints in Clovis read the double ring ceremony at the church. Central bouquet at the altar was of aqua tinted gladioli and carnations in a white handled urn.

Organist was Miss Darlene Hromas. She also accompanied Miss Patsy Sprowls who sang "Always."

Maid of honor was Miss Martha Smith and attending the bridegroom was Leon Jamison of Lariat. Miss Smith wore a turquoise sheath and carried a cascade of white carnations. Ushers were Bill McGuire of Redlands, Calif., cousin of the bride, and Glyn McDorman. Jane Hubbell, sister of the bride, registered the guests.

Given in marriage by her father, the bride was attired in a white linen sheath with a full lace overskirt. Her veil, borrowed from her sister, Mrs. Jesse Range, was edged with lace appliques and held in place by a bandeau of pearls. She carried a Bible arrangement of carnations with cascades of feathered carnations and ivy. A penny minted in the year of her birth was in her shoe, and she wore a blue garter.

Mrs. Hubbell wore a turquoise linen dress with brown accessories. The mother of the bridegroom chose an orchid dress with black accessories.

Shower Honors Mrs. Larry Pike

Entertainment at a post-nuptial shower for Mrs. Larry Pike Wednesday afternoon in First Baptist Church, Farwell, was music by the Silhouettes, accompanied by Mrs. Erma Jobs. Mrs. Pike was Miss Gwenlyne Potts before her marriage August 30.

Hostesses presented pink carnation corsages to the honoree, her mother, Mrs. Herbert Potts; her mother-in-law, Mrs. C. S. Pike; and her grandmother, Mrs. H. T. Edwards.

Covered with a white crocheted cloth over pink, the refreshment table was laid with crystal appointments. Pink asters and glads formed the centerpiece.

Hostesses were Misses Wilma Norton, Joy Berry, and Katherine Billington, and Mesdames Maude Brown, Charlie Hromas, Ed Hardage, Gene Hardage, G. E. Free, M. A. Peel, Hubert Gammons, P. L. Harlin, W. C. Langham, Jerry Bell, and W. N. Foster.

Members of the Silhouettes are Misses Norton, Karolyn Parker, Juanita Range, Gwenda Lee Parker, L'Orchid Johnson, and Martha Blair.

Others attending and sending gifts included Mesdames Leroy Williams, Roy Sheriff, Partin Austin, M. A. Snider, Wilma Liner, Betty Clayborn, Dale McCuan, G. T. Watkins, Buster Herrington, Joyce Doshier, Walter Hardage, Willie Hardage, Loyd Cain, Merrill Turner, Woodrow Lovelace, T. P. Kittrell, Mae Busbice, C. E. Roark, W. T. Parker, R. B. Tucker, E. R. Coffman, and Sterlyn Billington.

Also Mesdames Wanda Walker, Ruby Adams, Mabel Martin, R. S. Smalts, Clarence Johnson, Kate Lindop, Bruce Blair, Johnnie Williams, Mark Liethen, Elsie Tarr, Margie Meeks, Clay Henson, Sam Rundell, Clyde Dial, Charlie Lovelace, Bunk Phillips, Guy Cox, Gene Lovelace, Calvin Murray, Sam Aldridge, Ed Blain, and Claude Rose;

Also Mesdames John Armstrong, Lois Smith, T. J. Glenn, Lee Mason, Lacy Hardage, Jim Billingsley, E. L. Vaughn, Vernon Jamison, Windbourn Hardage, Alta Gerles, Alvin Mace, A. T. Watts, Mitz Walling, Stayton Jones, Billy Fields, Lee Thompson, Loyd Stephens, W. G. Bell, Dalton Harris, Truitt Hardage, Carl Davis, June Fisher, Clyde Magness, Oscar Hubbell, Jack McManigal, Lloyd Rounton, Carliss Woods, Milton Henson, Madeline Spurlin, Bill Connell, and Ruby Stone;

And Misses Zell Billingsley, Sharon Coffman, and Faye Rounton.

ESA Plans Guest Night Sept. 22

A guest night was planned for the next meeting by members of Theta Rho chapter of ESA at the initial fall meeting at the home of the president, Wilma Liner, Monday night.

The social function is slated September 22 with Dardanelle Helton as hostess. Jeannette Hanks, Joann Getz and Nell Walling are members in charge of the program for the evening. Each member will invite a guest to the session.

Other special functions slated for September and October were discussed. Complete plans will be announced later.

Annual rummage sales were also on the agenda and members decided to begin gathering clothing and articles for the sales. Times were not set. Attending the meeting were those mentioned above and Rosa Roberts, educational director, Sylvia Watkins, Irene Jones, Jeanne Graham, Chris Pritchett and LaMoin Williams.

Has Surgery

Mrs. C. B. Stockton, who underwent surgery last Tuesday at Clovis Memorial Hospital, expected to be dismissed Wednesday or Thursday. She is a member of the faculty at Texico School.

League Members To Be Hostesses At Special Program

Final plans for an area-wide fellowship program and luncheon to be September 18 were made at a regular meeting of the Lutheran Ladies Missionary League last Thursday in the parish hall.

League members from Hereford, Rhea, and Clovis will be guests at the special program in the parish hall.

Mrs. Gilbert Kaltwasser led the topic on the Good Shepherd Home in California and Mesdames Ernest Kube and Ed Ramm volunteered to locate material for hospital gowns to be sent to Ambur Hospital in India.

Members present were those mentioned above and Mesdames Adolph Haseloff, Henry Haseloff, Walter Kaltwasser, Ben Kube, Fred Ramm, Martin Moser, Otto Lingnau, G. P. Meissner, Mary Kube, Alvin Krieger, and Ernest Ramm.

Date of the October meeting has been moved up to Tuesday, September 30, because of a conflict with a zone rally.

Companion Class Elects Officers

Election of officers for the next six months was the main item of business at a meeting of Companion Class of Texico Baptist Church last Thursday night.

Mrs. T. J. Kittrell will serve as president. She will be assisted by Mrs. W. T. Watson, vice-president; Mrs. Mary Lynn London, secretary; Mesdames Patsy Webb and Rada Winkles, treasurer and community missions chairman; Mrs. Joyce Byrd, devotions chairman; Mrs. Wilma Nell Whitener, class mistress, and Mrs. Inez Stone, reporter.

Mesdames Byrd and Whitener were honored in observance of their birthdays and frosted Cokes and cookies were served.

Present were those mentioned above and Mesdames Glenda Carpenter, Frances Boling, Alene Pearce, and Tena Roth. Mrs. Boling will be hostess to the October 7 meeting.

Golden Circle Class Elects Mrs. Tharp

Mrs. Ray Tharp was elected president of the Golden Circle Class of Texico Baptist Church last Tuesday night.

Serving with Mrs. Tharp will be Mrs. Mildred Hill, vice-president; Mrs. Gladys Pierce, secretary; Mrs. Ophelia Billington, recording secretary, and Mrs. Lois Stiles, reporter.

Mrs. C. C. Morgan, who was re-elected teacher, was honored with a surprise apron shower in appreciation for her work with the group. Plans for a family social for Monday, September 8, were made.

Present were those mentioned above and Mesdames Aulne Walker, Nell Autrey, Louise Mathews, Juanita Pruitt, Iona Chappell, Letha Morris, and two guests, Mrs. Lula Shelton of Tulsa and Mrs. Bernice Thigpen.

Hubbell-Range Vows Solemnized In Church

Elder W. H. Beard of the Reorganized Church of Jesus Christ of Latter Day Saints performed the wedding ceremony uniting Miss Betty Hubbell and Jesse Range Sunday, August 31, at the church in Clovis.

Parents of the couple are Mr. and Mrs. Oscar Hubbell and Mr. and Mrs. John C. Range.

Center of attraction at the altar covered with crushed velvet was a white urn of huge bronze chrysanthemums. Swags of aisle roping were caught on white aisle posts. Woodwardia palms and emerald foliage formed the background.

Mrs. John Carson of Texico was organist and accompanied Mrs. Paul Crooks of Texico, cousin of the bride, as she sang "Oh Promise Me" and "The Lord's Prayer."

Miss Naomi Hubbell, sister of the bride, and Irby Range, twin brother of the bridegroom, were honor attendants. The maid of honor wore a bronze taffeta street length dress. The sleeveless bodice with a low "V" neckline in the back was complemented by a full skirt. She carried a cascade of yellow pom pom chrysanthemums.

Bridesmaids were Miss Joan Hubbell, sister of the bride, and Miss Juanita Range, sister of the bridegroom. They wore green taffeta gowns styled like that of the maid of honor and carried bouquets of bronze mums.

Groomsmen were Jerfy Cranford of Artesia and Gerald Hardage. Paul Crooks and Mitchell Walls seated the guests.

Her father gave the bride in marriage. She wore a ballerina length dress of satin under net appliqued with lace. It had long sleeves ending in points at her wrists and a sweetheart neckline. Her veil was edged in lace and held in place by a bandeau of pearls.

She wore a pearl necklace given her by the bridegroom and the traditional blue garter. A penny minted in the year of her birth was in her shoe. Centering the bouquet she carried on a white Bible borrowed from Mrs. Clair Lackey was a white orchid.

Mrs. Hubbell wore a brown linen dress with rust accessories and a white carnation corsage. Mrs. Range chose a turquoise and white nylon print with black accessories and a white corsage.

Scene of a reception was the home of Elder and Mrs. Beard in Clovis. Centerpiece on the table covered with a white crocheted cloth over green was of green asters and bronze mums flanked by green candles. Miss Beverly Hubbell, cousin of the bride, and Miss Kay Beard of Clovis, served the cake and floating punch. Jane Hubbell, sister of the bride, registered the guests.

For a wedding trip to North-east New Mexico, the bride changed to a brown two-piece suit with a chemise-type jacket. She used rust accessories.

Mr. and Mrs. Range are living in Lubbock where he is a junior student at Texas Tech. Both were graduated from Farwell High School and Mrs. Range attended Draughon's Business College in Lubbock. Until her marriage, she was employed by Goodman Office Supply.

Friends Visit In Morgan Home

Friends of the family have been recent guests in the home of Rev. and Mrs. C. C. Morgan and Wanda.

Mrs. Lula Shelton of Tulsa visited overnight last Tuesday. She is the mother-in-law of the local couple's son, Tommy Morgan of Palmdale, Calif., and was en route to her home after visiting her daughter and family.

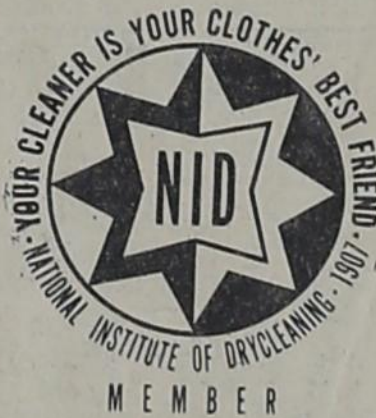

Also visiting the family recently were S/Sgt. and Mrs. Don Dalaros of San Antonio. They are friends of another son, Charles, who is stationed with the Air Force in France.

RAY MEARS DISMISSED

Ray Mears, who had been receiving treatment at Clovis Memorial Hospital for several days, was released Tuesday. According to the attending physician, he is doing well.

Susannah Class Elects Officers

Officers who served the past year were re-elected at a meeting of Susannah Wesley Bible Class of Hamlin Memorial Methodist Church Tuesday afternoon.

They are Mrs. Ruby Dixon, president; Mrs. Grace Sanders, vice-president; Mrs. E. G. Blair, secretary - treasurer; Mrs. W. N. Foster, teacher; Mrs. N. L. Tharp, assistant teacher, and Mrs. W. H. Graham Sr., reporter.

Mrs. A. D. Smith presented a devotion and Mrs. Blair was hostess.

Members attending were those mentioned above and Mesdames Jess Newton, J. R. Hadley Sr., Ralph Humble, J. R. Thornton, Lena Yoder, B. N. Graham, J. A. Cox, Anne Overstreet, W. J. Matthews, Elmer Teel, B. O. Faville, G. W. Atchley, and Miss Laura Temple. Mrs. Clarence Christian was a guest.

Mesdames Atchley, B. N. Graham, and W. H. Graham Sr. drew for birthday gifts.

TEXICO BAPTIST CHURCH

Rev. C. C. Morgan, Pastor

Sunday school attendance Sunday was 160 and 71 were present for training union. One addition was made to the church.

Mrs. Ray Tharp presented the royal service program at a Monday afternoon meeting of WMU. Present were Mesdames Nora Day, D. J. Brown, B. A. Kelley, J. T. Lockhart, J. O. Ford, S. G. Billington, Joe Morgan, Olan Schluter, and one visitor, Mrs. Harris.

News from PLEASANT HILL

BY MRS. BUCK TAYLOR

BAPTIST CHURCH NEWS

Good services were reported for both morning and evening last Sunday. Seventy-three were present for church and Sunday School and 52 for training union.

Cottage prayer meeting was in the home of Mr. and Mrs. Weldon Dane Saturday night. Attending were Rev. and Mrs. Charles Jones and children, Judy and Gwenette Lovett, Donna Kay Pierce, Donnie Lovett, Gary and Monte Singleterry and Mr. and Mrs. Glenn Singleterry.

Visiting Sunday in the home of Mr. and Mrs. Weldon Dane were his uncle and aunt, Mr. and Mrs. J. W. Barrett of Cotton Center. Other guests were Gwenette and Terry Lovett.

Bettie Clark Has Birthday Party

The home of Mr. and Mrs. Alvis Clark was the scene of a birthday party Friday night honoring their daughter, Bettie, on her ninth birthday.

Attending were Glynice, Pat, and Jackie Fahsholtz, Marilyn Pounds, Kathy Mobley, Terry Pierce, Bobby and Mavis Goodman, and Janine Clark. Games were played and birthday cake and home-made ice cream was served.

Mr. and Mrs. Maurice Clark entertained with a picnic supper at their home Saturday night. Present were family members including Mr. and Mrs. Paul Clark of Alamogordo, Leon Baumgartner of Seattle, Wash., Mr. and Mrs. Alvis Clark and girls, Mr. and Mrs. W. D. Gattis and sons, Mr. and Mrs. Limma Goodman and daughters, Mr and Mrs. Foy Southard and Mr. and Mrs. Donald Clark and Cherry.

Miss Lynn Lovett left Thursday for Plainview where she will attend college.

Visiting Monday in the home of Mr. and Mrs. Mason Neely were their son-in-law and daughter, Mr. and Mrs. J. Donahay and Judy.

Supper guests Tuesday night in the home of Mr. and Mrs. J. J. Armstrong, were Mr. family. Visiting Sunday in the home were Mr. and Mrs. C. O. Joplin and girls of Bovina and Mrs. Bud Crocker and Mrs. Paul Clark of Alamogordo.

After visiting last week in the home of Mr. and Mrs. Buck Taylor and Mr. and Mrs. Robert Servatius and attending an Anderson family reunion in Lubbock, Mr. and Mrs. Troy Turner, nephew and niece of the two women, returned to their home in Phoenix, Ariz.

Mrs. Joyce Osborne and Karen of Bovina had dinner Friday with her aunt, Mrs. Lorado Servatius.

Rev. and Mrs. Charles Jones and children returned last Saturday after spending several days in Oklahoma City with his parents.

Frank Turner spent Saturday night in the home of Mr. and Mrs. Buck Taylor. He left for his home in Phoenix, Ariz., Sunday.

Miss Trudy Lambert spent Friday night with Miss Pauline Servatius.

Mr. and Mrs. Jimmie Weatherford and boys were in Hale Center Sunday to visit her father, O. J. Dutton.

Visiting in the home of Mr. and Mrs. Robert Servatius Sunday were Mr. and Mrs. W. J. Shockley and Stanley of Smyer, Mr. and Mrs. R. R. Shockley from Anton, Marlon and Bud Anderson of Rhea, and Mr. and Mrs. Amos Shockley and Myrtice.

Visiting Sunday in the home of Mr. and Mrs. Elmer Langford were Mr. and Mrs. Joel Riley and Mary Ruth of Friona.

Mr. and Mrs. Juan Eskew and Gary were Sunday guests of her brother-in-law and sister, Mr. and Mrs. Sam Jones of Friona.

Mrs. W. D. Walton has returned to her home after spending two months with her daughter, Wilma, in Washington.

Sunday night supper guests in the home of Mr. and Mrs. Alvis Clark were her brother, Mr. and Mrs. D. A. Pierce of Clovis.

Visiting in the home of Mr. and Mrs. Clarence Smith Sunday were her parents, Mr. and Mrs. John Donahay of Clovis.

Mr. and Mrs. John Hightower were called to Electric to be with his father who is seriously ill.

Mr. and Mrs. H. M. Hopper were accompanied to Fort Worth by their son-in-law and daughter, Mr. and Mrs. H. E. McCurty of Albuquerque to visit Mr. and Mrs. Bob Spearman, a grandson of the local woman. They also visited in Denton and Lovington.

by Cary Joe Magness

"I AM INSURED!" Three magic words that bring more lasting comfort to the average adult than almost any others you mention. For, after all, insurance is essentially a comforter. It makes little difference financially whether or not you have had a claim. Those who had are no better off than those who have not; both are exactly where they were at the inception of their policies.

But there may have been times when the wind shook your premises as though it would tear them apart—and you reassured yourself with, "I am insured!" You may have come close to having a fire; a "near-miss" on the road; a threatened damage suit—but, always, the knowledge that insurance was standing by, comforted you.

Yes, life might well become a nightmare, were it not possible to say over and over, "I am insured!"

A FIRE TRUCK goes out on a residential call almost once every minute in the U. S. and these fires cause nearly 235 million dollars damage annually. To protect Farwell, from contributing more heavily in these losses, it is necessary that we keep our local fire department maintained to adequate strength as well as being well-trained. The fire department embarks on a five-week training program Thursday night that can very possibly save property as well as lives in some future catastrophe.

WE CAN'T help but recall a certain man's reply to an invitation to join the fire department. "Why should I worry, my home is insured!" We could not help but ask, "Well, how about that cute little daughter of yours?" Of course this gentleman's name is not on the roster. We are hoping that you do not take this attitude about such an important phase of protection of life and property in Farwell. If you are not already a member of the department, this week would be an excellent time to join.

WIFE SAVER—Potatoes to be French fried will be more crisp if allowed to stand in cold water for half an hour before frying.

DON'T FORGET THE LIONS CLUB BROOM SALE TO BE HELD FRIDAY AND SATURDAY. IF YOU WOULD LIKE THE CLUB TO CONTACT YOU AT YOUR HOME, CALL ANY MEMBER.

THE WISE PERSON is getting mighty careful about the insurance company he keeps. That's why more and more people are turning to the Graham-Magness Agency for insurance against the threat of disaster. As counsellor and friend, our Agency feels that a personal interest in your financial protection, through insurance, is more important than ever.

WEAK MEN wait for opportunities; strong men make them—Don't wait for great opportunities. Seize common, everyday ones and make them great.

WHEELER AVE. Service Station

Hwy. 70-84-60 — Texico, N. M.

Hale Center, Tex., Man Reports—

"\$7.34 invested in ammonia netted \$40.56 in wheat"

W. H. Jackson, successful High Plains farmer, says: "Phillips 66 ammonia proved to me it can help me make more money. The irrigated wheat I fertilized with Phillips 66 Agricultural Ammonia gave me a 25 bushel-per-acre increase over an unfertilized check plot. This netted me \$40.56 per acre."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

THE HIGH PLAINS FARM AND HOME

Showers, Cool Weather Return

Showers and cool weather have returned to the Parmer County area, bringing an interruption to the hot and dry days that have characterized all of August.

The showers, which fell Saturday evening and Sunday, were general over the county, and most of them measured from one-half to almost one and one-half inches.

The respite from the cool weather was welcome in nearly all circles, but with certain reservations. For one thing, it helped many farmers out with the wind-up of their grain sorghum irrigation. Many farmers had been falling behind in watering their feed because of no relief from the hot and dry weather.

Also, the showers stirred the planting itch of area farmers to get going with the 1959 wheat crop. Some wheat and barley is already planted and the showers will stimulate more seeding. However, the showers alone won't prove to be enough to get a crop started. They may just provoke the planting of it.

Cotton growers didn't mind the cool and damp weather especially but they certainly hope it doesn't stay around for long. The soggy days remind them all too well of the wet and cold plague that cost them so much money last fall.

A little moisture just at this point isn't expected to hurt the cotton a bit, but it could if it continued very long. More sunshine is what the

cotton crop will need to do its best.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

We regret to report that our U. S. senators, Lyndon B. Johnson and Ralph Yarborough, voted AGAINST the states rights bill that passed the house with a good margin . . . and either of these Texans could have voted for it and it would have become law.

It is difficult for us to understand how these men could with any consciousness have done this when the Texas legislature has been as strong as, if not stronger than, any other state legislature in insisting upon the principle of states rights. What the law would have provided is very simple:

When a state law was not in direct conflict with a federal law, the state law or ruling would stand, as the United States constitution stated that it should in the beginning. However, since these two senators of ours voted against upholding the constitution specifically, the United States supreme (?) court can, as it has recently demonstrated quite often, overrule the state supreme courts and re-

verse their decisions. That means that if Texans don't want a man who has been a communist to practice law in the state, the U. S. court can give him permission and Texans must let him try cases in the state at will. This, of course, is just one of the implications involved.

It also, among other things, means that the Texas right to work law is still subject to the whims of the U. S. supreme court.

Well, we tried again to have a district winner in the Farm Bureau queen contest. Even though she didn't win, our county queen, Miss Mary Ann Stacy, did a very fine job of participating last week in Lubbock.

CUMMINGS FARM STORE TO SPONSOR HOG FIELD DAY
Hog raisers in the county have been invited to attend a hog field day sponsored by Cummings Farm Store and the Purina Feed Company in Friona this Saturday.

The field day will begin at the Friona club house at 2:30 p. m. Saturday and from there the plans call for tours in the country to visit various points of interest, including the Walt Mabry, Dub Anthony and Doyle Cummings pig parlors.

Doyle Cummings says plans call for the tour to be over by 6 p. m.

SCD BANQUET SPEAKERS---Homer Newton of Dimmitt, left, and Ralph Wheeler of Edmondson, were on hand at the annual Soil Conservation banquet in Lazbuddie Monday night and told of European farming practices which they observed while members of a tour this summer. Both men are farmers and explained the soil conservation practices which the Europeans use to good advantage.

SOIL CONSERVATION FARMER OF YEAR---James Mabry, left, receives a gold plaque from A. L. Black, chairman of the board of the SCD, for recognition as the SCD's Farmer of the Year Award. The presentation was made Monday night at the District's annual banquet, held in Lazbuddie.

SCD ANNUAL ESSAY WINNER---Roy Crawford, foreground, presents a handsome gold plaque to Ramey Brandon of Bovina for his essay which was entered in the annual contest sponsored by the Parmer County Soil Conservation District. The presentation was made at the annual banquet held Monday night in Lazbuddie.

- Artichoke bottoms, canned
- Avocado: slivers
- Bacon: crispy bits
- Cauliflower: raw
- Celery: chunks or slices
- Cheese--any kind: grated, crumbled or sliced
- Chicken, ham, luncheon meat, salami, turkey, or tongue: in thin strips.
- Crab meat, salmon, tuna, shrimp or sardines.
- Cucumber: Chunks or slices
- Eggs: chopped, shelled, hard cooked
- Grapefruit, orange or tangerine sections.
- Mushrooms, raw: caps or slices
- Olives, green or ripe
- Pineapple, fresh, canned, or frozen: fingers or chunks
- Potato chips or corn chips: coarsely broken.
- Red radishes

Blend all ingredients, chill. Colorful vegetable slaw: Toss 4 cups shredded green or Chinese cabbage, 1 table-spoon minced onion, 1/3 cup grated raw carrot, and 1/4 cup sliced radish with 1/2 cup above dressing.

Waldorf Slaw: Toss 4 cups shredded green cabbage, 1/2 cup diced unpared red apple, 1/4 cup broken nut meats, and 1/2 cup seedless raisins (plumped in hot water, then chilled) or grapes with 1/2 cup above dressing.

Another salad made at the recent leaders training meeting was coleslaw. Since some really good cabbage is grown right here in Parmer County, you might be interested in the recipe. The dressing gives it added zip!

Last Go - Round For Maize Men

Most Parmer County maize producers can see the end of their summer-long struggle with the elements. The production cycle of 1958 is about complete and harvest is about to begin.

All over the county this week grain sorghum growers were winding up their final waterings and shutting wells off or diverting them to wheat land. Within another two weeks all irrigation is expected to be complete--even for the latest crops.

Combining has already started in scattered fields. The 1958 maize crop is maturing out nicely and may set another record in yield. Chinch bugs are now pretty well under control although extensive spraying has been necessary to keep them that way. Red spiders are in maize, but not in serious numbers. Some army worms and

headworms are also reported, but the crop is believed over the hump.

The unusual amount of poisoning this year has raised some doubts about whether all the feed produced will be safe for consumption.

County Agent Joe Jones, who met with officials of the Pure Food and Drug Administration the past week, reports: "We're not in any trouble with poisoning we've done up until now. But we should watch the rules closely from here on in." He referred especially to time requirements for delaying harvest a certain length of time after a crop has been sprayed.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

We promised you more on salads this week, didn't we? If you've tried the green salad we suggested last week, you might like to experiment with these variations for either the salad or the dressing.

DRESSING EXTRAS
Add one or more of these surprise flavors when mix-

- ing a dressing for tossed green salad:
 - Anchovy: Cut-up fillets or paste.
 - Bottled meat sauce: few dashes.
 - Celery: minced or sliced diagonally.
 - Cheese: crumbled blue, grated Parmesan
 - Chile sauce: a little
 - Chives or scallions: snipped
 - Chutney: a little
 - CROUTONS: browned in garlic flavored salad oil
 - Curry powder: a pinch
 - Horse-radish, bottled: a little
 - Monosodium glutamate: a pinch
 - Onions: sliced paper thin or minced.
 - Paprika: a pinch
 - Parsley, chervil, or tarragon--fresh or dried
 - Pickles: chopped
 - Seasoning salt: onion, celery, or garlic -- a sprinkling.
 - Lic: a sprinkling
 - Seeds--poppy, dill, celery, caraway, sesame, or fennel: a sprinkling
 - Tabasco or Worcestershire: few dashes.
- SALAD EXTRAS**
Weave in bits of color by adding one or more of these just before tossing:
Apple: slices or sedges

Cotton Opening, Farmers Plan For 1958 Harvest

Parmer County's 1958 crop of cotton—which could be the best in history—is opening this week. Although full-scale harvesting is a long way off, farmers are already thinking in terms of getting the money-making lint to the gins.

One pre-harvest practice becoming increasingly popular is defoliating the plants. The idea behind defoliating cotton is to knock the leaves off the plant so that sunshine can get in and mature out and open up bolls that are still green.

County Agent Joe Jones this week warns that farmers should exercise care in using defoliants and desiccants. He points out that a good defoliation job will return dividends in terms of less trash and green stain and better grades if harvesting is done by machine. This is especially true if the crop yield is to be high and the plants are tall, leafy and succulent.

Tests made by the Extension Service indicate that the best time for defoliating will vary with the weather, condition of the crop and the principle benefit expected. "In general, however, application of the true defoliants should be delayed until 55 to 60 percent of the bolls are open," says Jones.

Dew is necessary to activate dust defoliants, and those applied as sprays should be used in accordance with recommendations.

Because true defoliants do not always give acceptable results for mechanical stripping, sometimes desiccants are recommended. Desiccants kill the plant outright, stopping all growth immediately.

Great care should be used in this practice, however, and no farmer should consider their use until the top bolls are mature and a full 70 percent or more of the cotton is open.

Jones says that good coverage of the cotton plant by the defoliant or desiccant is a "must" if the best results are to be obtained. Spray applied in too little water per acre is listed by the Extension Service as the most common mistake ever made by both operators of ground sprayer rigs and planes.

Most agricultural observers feel that the High Plains area farmers have a good opportunity to produce a lot of quality cotton this year. Things have gone pretty well for the cotton crop.

After such a poor season last year, cotton farmers are all the more anxious to increase their returns from cotton, and it is this desire that may encourage them to be too early with some of their plans for defoliation.

A man often neglects his own chances trying to figure out what he'd do if he had another's.

Lee variety soybeans grown in Floyd County, Texas, nearing maturity. Note the high pod set and number of three bean pods that developed.

Keep On Watering Soybeans, Says Jones

Parmer County area farmers are growing an estimated 10,000 acres of irrigated soybeans this year, and for many of them, this is their first try with the legume-type crop.

Because knowledge of soybeans is on the short side in the area, County Agent Joe Jones says it will be easy for costly mistakes to be made.

Of particular importance at this time is the fact that irrigation of soybeans can and should continue so long as the soil needs moisture, says Agent Jones.

This is in strong contrast to irrigation practices of certain other crops, and especially cotton, he notes. There has been an intensive campaign to encourage farmers to stop irrigating their cotton the latter part of August.

Irrigating of soybeans, though, should continue so long as the beans need the water because the moisture helps fill out the bean pods.

Unless rains occur, irrigations usually continue all through September and sometimes into the early part of October to complete the crop.

The county agent also believes that it is not too soon for farmers to start thinking about harvesting their soybeans, because it has been established that improper harvesting practices cost farmers more soybean yield than any other factor.

Losses from poor harvesting practices can run up to 10 bushels an acre. With High Plains irrigated yields running typically around 30 bushels per acre, that is a big bite if the farmer loses it.

Not only does shattering and falling cost the farmer by leaving the beans in the field, but improper adjustment of the combine sometimes results in a high number of cracked beans, which usually finds the farmer getting docked for his crop.

Combining a mature soybean crop requires careful

adjustment of the machine and a reliable operator. Improper combining causes shattering, reduced grades from cracked and split beans, and losses due to unrecovered pods set low on the plant.

As soybeans mature, plant leaves turn yellow and drop. Even after leaves are shed, combining should not begin until the moisture content of the beans is between 12 and 14 percent. Harvest should not be delayed beyond this point.

Soybeans should be combined at slow ground speeds with the cutter bar set close to the ground. Cylinder speed of from 350 to 500 RPM and a slow reel speed is essential.

A special reel with narrow bats and steel tines has some advantages over the standard combine reel.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The annual banquet of the Parmer County Soil Conservation District was held Monday night at the Lazbuddie School. After dinner in the cafeteria a good crowd gathered in the auditorium for the program. Awards were presented to James D. Mabry of Hub for being the top conservation farmer in Parmer County in 1958, and to Ramey Brandon of Bovina for writing the winning essay on soil conservation.

James Mabry of Hub became a cooperator with the district in August of 1951. His interest at the time was to get a better application of water on the land. Since that time he has done some dirt work to improve water application. About 1.6 miles of underground concrete pipeline have been installed on the farm to conserve water. What little tail water that he has is utilized on the farm with the exception of one 55-acre field on the lower end.

Land that has excessive slope is planted to close-grown crops to prevent erosion by water. Mabry uses a conservation crop rotation of the following crops: grain sorghums, wheat, cotton and vetch and rye.

He has applied cotton burrs to the land for the last two years, building up the organic content of the soil. Last year he applied four tons of burrs on 55 acres. The year before he applied three tons of burrs on 60 acres. Gin trash has been added to a six-acre block each year.

Mabry has a test plot of Texas 660 and DeKalb F62a in which he is hoping to get 10,000 pounds. This is the area

Weatherread Upholstery Shop
Furniture Repair
Elliott Real Estate Bldg.
-Bovina-

that has the heavy application of gin trash. All of the crop residue in the farm is returned to the soil. He turns about half of the residue under and leaves half on the surface.

He believes that he gets a better application of water if the rows are not too long. Ideal row length for him is 1700 feet..

Mabry has proved to be a good farmer and he is willing to put forth the energy to conserve his soil and water.

Men are like steel, when they lose their tempers, they are worthless.

NEW COTTON HARVESTOR

LOOK AT THESE NEW ADVANTAGES!

Mounts as a unit . . . not in parts ✓ roller-type chain drive used throughout ✓ big capacity 16-inch elevator directs cotton to all parts of the wagon . . . you don't need an extra man to build the load ✓ overshot blower mounted on elevator aids distribution ✓ handles row widths from 36 to 42 inches ✓ hydraulic height control of stripping units ✓ separate hand levers control height of each stripper unit and angle and height of plant lifters ✓ thorough cleaning provided by slots along the bottom of the auger trough, cleaning tumbler and wagon box elevator.

SAVES COTTON HARVEST DOLLARS AS NEVER BEFORE!

Here's the high-speed, high capacity cotton harvest machine that can make the BIG profit-difference on your cotton crop. By the bale, by the acre, by the hour worked, this new Minneapolis-Moline 2-Row Cotton Harvester pays you dollars you never thought you could make on cotton. MM cotton harvesting lowers labor costs, protects you from untimely labor shortages.

Cotton Harvester fits the following MM tractors—UBU UBN ZBU ZBN UTU UTN ZAU and ZAN and other makes of tractors.

See all the many new features of this MM Cotton Harvester for yourself. Stop in the next time you're in town.

CHESTER & FLEMING GIN

-FRIONA-

THE PARMER FARMER

by W. H. Graham Jr.

The first flight of ducks hasn't appeared as yet, and we haven't had what could truly be called a "norther," but the signs of approaching fall are unmistakable to those who have lived on the Plains for a number of years.

There's a certain snap to the morning and evening air, a certain sparkle to the afternoon sunlight, that somehow tips you off.

What the weather does in the next 45 days will have immeasurable effect on whether area farmers make or lose money—a little or a lot of it—depending on the individual and his crops.

October 15 is approximately when we can expect the first killing frost, if this is an average year. The term "average" is a very dangerous one, though. For example, a man standing in two buckets—one filled with ice and the other with hot coals—may have a wonderful "average" temperature for his two feet, but he's mighty uncomfortable just the same. Or, if you put 25 knock-kneed women and 25 bow-legged women in a room, you don't come up with an average of 50 straight-legged women. Averages are deceptive.

Also, the average frost date may be of great or little significance depending on what weather has gone before it. Last year, for example, the freeze was pretty close to being "average." But the weather that occurred during Sep-

tember and the first two weeks in October made the freeze much more severe in its effect.

So far, August and the first part of September has been warm and dry (save for one week), and this is about ideal weather for maturing cotton and finishing out grain. But this week has started off damp and cool—which could or could not mean a lot later on.

The cool, damp weather won't hurt a thing if it drifts away and the sun returns in a few days. But if it hangs on like it did last year . . . well, farmers don't need to be reminded what an "average" freeze will do to rank, soggy, unmaturing crops.

So, farmers naturally are just as anxious to have desirable pre-harvest weather as they are to have that late freeze. Both are essential for maximum farm profits on the irrigated High Plains.

Also on the subject of killing frosts: Many people have the notion that Southern California and the Lower Texas Rio Grande Valley are immune from frozes. That certainly is not the case.

California finds it necessary nearly each year to protect orchards and groves with smudge to reduce the adverse effects of cold weather. Texans in the tall-end of the state expect light frost every year, and a good hard freeze about one every five years.

The southern tip of Florida is the only part of the country that has never recorded killing frost. Just last year, though, a good two-thirds of the lush Florida peninsula was raked with cold weather that knocked out a multi-million dollar orange crop, not to mention what it did to the resort business. When it's all said and done, it's just pretty hard to find a spot in the U. S. where you're

isolated from cold weather.

One more comment on frosts: Is it true that they are likely to be more severe in the full of the moon? Canadians are very concerned about early frosts, and the meteorological division of their government checked into the theory that the weather was nipper during full moon.

In one region, 31 years of records show 266 cases of frost during the bright half of the moon and 289 cases during the dark half. In another region, 37 years of records gave 119 frosts during the bright half and 126 frosts during the dark half. Still a third region supported by 36 years of records gave figures of 432 and 410, respectively. All told, that provided 817 cases during the bright half and 825 during the dark half—just about as equal a distribution as it is possible to get.

The official comment on these figures ends with the statement: "These refer to the growing season only, of course, and should be sufficient evidence to convince everyone that the full moon does not favor the occurrence of frost."

Controlling insects by aerial spraying is getting to be really big business. We saw Elvie Jennings of Friona catching his breath between jobs the other day. He said he had four planes going strong and that they sometimes covered as much as 2,000 acres a day.

Of course, the work doesn't run like that all season, but the chinch bugs that were chewing away when we were talking with him had really created a rush. We daresay that there isn't another business in Parmer County that covers the ground like Elvie's when the bugs are biting.

D. C. Looney of Bovina is also taking up crop dusting, turning a hobby into an exciting—and what a lot of people think is dangerous—way to make a living.

We guess that flying low on top of feed and cotton and jumping fence rows, high lines, trees, houses, and other hazards is risky all right, but not much worse than grinding bundles or one-way or messing with a running hay baler if you're not really careful about what you're doing.

Most anything can be dangerous these days if folks aren't careful.

One thing about silence—it can't be repeated.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

If there is anyone who likes to eat mushy fried squash, we have yet to meet him or her. For this reason up until this week no one with whom we had talked was very keen on putting squash in a locker or deepfreeze. While talking to Mrs. Ramon Smith, who lives northwest of town, we learned something new.

Mrs. Smith mentioned to us that she would like to buy some squash to put in her deepfreeze. Since squash is comparatively easy to raise and used mostly fresh, her statement was a surprise. After questioning her we learned that she serves fried frozen squash that tastes like fresh fried squash to her family the year around.

The squash is sliced just as for frying, placed on a cookie sheet and frozen before being placed in cellophane bags for storing. The frozen slices do not stick together and can be removed as desired without any breakage. Mrs. Smith states that she uses large size bags in order to have fewer packages in her deepfreeze.

She also states that she uses cookie trays for freezing her peas in the same manner, then stores them in large bags, also. By doing this, she can dip out one cup full or whatever quantity she wants to cook without having to thaw a complete package.

If your summer jewelry is beginning to look dull and needs refreshing, give it a quick bath in lukewarm, sudsy water. Do not soak as this might loosen the glue. Use a hand brush or a discarded toothbrush and remove all dust particles then thoroughly dry at once.

For a colorful dish for any noon or evening meal, try this recipe for Corny Peppers: 6 medium sized sweet green peppers 3 cups cooked whole kernel corn 3 large eggs, beaten 1/4 teaspoon salt

dash of pepper
grated Parmesan cheese
Parboil peppers for five minutes. Drain liquid from corn and mix with eggs, salt, and pepper. Spoon into peppers, sprinkle with cheese and bits of pimiento for added color, if desired, and place in a casserole. Bake in 350 degree oven for 25 to 30 minutes.

Most people think of an old fashioned tea cake as just another type of cookie. In reality they are cookies, but do not contain as much sugar. The recipes were developed especially for something to eat at tea time, and since tea is generally sweetened there is no need for additional sugar in the tea cakes.

Our tea cake recipe is for Maple Flavored Tea Cakes. The original recipe is supposed to have come from England and calls for maple sugar. In localities where maple sugar is not available, brown sugar can be substituted and 1 teaspoon of maple flavor needs to be added when this substitution is made.

The ingredients are:
1/3 cup shortening
1/4 cup granulated sugar
1 cup maple sugar, shaved finely
1 egg, beaten
1/2 cup rich top milk
2 cups cake flour, sifted before measuring
1/2 teaspoon salt
3 teaspoons baking powder
1/2 cup finely chopped pecans

Cream shortening until soft, blend in sugars and mix until light and fluffy. Add the combined egg and milk alternately with the sifted flour, baking powder and salt, then lastly, blend in the chopped nuts.

Fill small greased muffin pans 2/3 full, bake 10 to 12 minutes in moderate oven. Cool. These cakes may be iced for added attractiveness and sweetening if desired.

We've eaten about every kind of fritters anyone could imagine, but ran across a recipe for fritters we had never even heard of before recently. It was for OYSTER FRITTERS
1 pint drained and chopped

PETE'S
Trading Post
• Furniture - Used and New
• Used Appliances
• Antiques
108 Main St.
Ph. PO 3-5252 Clovis, N.M.

oysters
2 cups sifted flour
3 teaspoons baking powder
1 cup whole milk
1 tablespoon melted butter
1 1/2 teaspoons salt
2 eggs, beaten
Mix eggs and milk and butter. Sift dry ingredients and add to the egg mixture. Stir until smooth. Add oysters and drop with a teaspoon into deep fat, heated to 375 degrees. Fry about three minutes until golden brown.

Serve, after draining, either plain or with a tartar sauce. Of course, these may be fried in a skillet if a person does not have a deep fat fryer.

Now for the cake recipes we promised you last week. For an angel food cake without a mix, you might like to try this:

TWENTY THREE MINUTE ANGEL FOOD CAKE
1 1/2 cups egg whites
1/4 teaspoon salt
1 teaspoon cream of tartar
1 cup sugar
1 cup powdered sugar
1 cup cake flour
1 teaspoon vanilla
Set oven at 425 degrees F. and preheat pan while mixing cake. Beat egg whites,

salt and cream of tartar until stiff. Fold in granulated sugar, small amount at a time. Add powdered sugar and cake flour, which have been sifted together.

Add vanilla. Pour in hot pan and bake exactly 23 minutes—no longer or it will fall. Invert pan and let cool before removing from pan.

In our cake discussion there is one type that we have failed to mention. It is the unbaked type. There is an endless variety of this type cake and many of these cakes are more nearly like pies, but are called cakes. One of these is a

WHITE FRUIT CAKE
1/2 lb. candied cherries
1/2 lb. candied pineapple
1/2 lb. candied mixed fruits
1/4 lb. candied white raisins
2 cups chopped pecans
2 cups chopped walnut meats
1/4 cup orange juice or pineapple juice
1/2 cup melted butter or margarine
1/4 teaspoon salt
1/2 lb. vanilla wafers, finely crushed
1/2 lb. sugar cookies, finely crushed
Mix all ingredients well,

with the exception of wafers and cookies. Let stand 24 hours. At end of period, add cookies and wafers and mold, firmly packing into mold or loaf pan. Mix exactly according to recipe. Wrap in foil. Place in refrigerator to dry out. This recipe makes a five pound cake.

If you want daffodils blooming in your yard next spring, don't forget that the best planting time for this section of the country is early fall—September or October. The best location is in the sun or a place that is partly shaded.

Daffodil bulbs are easy to grow and will golden color early in the spring when most of us appreciate it most. Unlike a lot of other bulbs, they do not have to be dug every year unless the gardener just wants to dig them. They will produce blooms for a long period of time without any special care.

'FAIR PLAY ALL THE WAY EVERY DAY'

Ellan Cain Has Party on Birthday

In observance of her 15th birthday, Ellan Cain, daughter of Mr. and Mrs. Ernest Cain, was feted with a wiener roast in the back yard of the Cain home August 30. School friends were guests and the group played records after the meal.

Hapke Family Has Picnic Sunday

Relatives and friends were present Sunday when Richard Hapke, son of Mr. and Mrs. A. E. Hapke, was honored at a picnic in the Clovis park. Hapke has just finished army basic training at Fort Carson, Colo., and left today (Thursday) for Fort Chaffee, Ark., for eight weeks advanced training.

Present were Mr. and Mrs. Arnold Gross, Mr. and Mrs. George Gross and family, Mr. and Mrs. Albert Owens, and Misses Trudy Davis and Pat Thompson all of Muleshoe, Mr. and Mrs. Walter Hapke of Clovis, Miss Laurie Cooper, Truman Kittrell, and Mr. and Mrs. A. E. Hapke, Audrey, Bobby, and Dorothy.

Hendrix Daughter Born Saturday

Debra Denise is the name given the daughter born to Mr. and Mrs. Elmore Hendrix of Texico Saturday. Born at Parmer County Community Hospital in Friona, she weighed 5 pounds, 6 1/4 ounces. She is the third child of the family. Mr. and Mrs. Bliss Hendrix of Clovis are the paternal grandparents, and Rex Miller of Tucumcari is the maternal grandfather.

Overnight guests in the home of Mr. and Mrs. Ted Magness Monday were her sister, Miss Lewis Hensley of Waco, and Bill Williams, also of Waco.

CARD OF THANKS

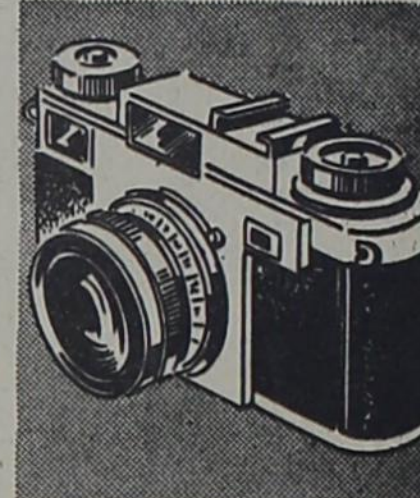

We wish to express our sincere thanks and appreciation to each and everyone of our friends and neighbors who were so helpful in our recent bereavement; for the beautiful flowers, for the help of those who brought food and those who helped serve it. We also wish to say thank you for your kind expressions of sympathy. Also may we acknowledge and express our special appreciation to the pallbearers. The family of Mrs. Theresa Kaiser.

Miss Mary Ann Walls, daughter of Mr. and Mrs. A. N. Walls, left Friday for Abilene where she enrolled in a business school.

Texico Softballers Win; Play Grady

Texico boys and girls each won a softball game from Logan teams Friday night in Clovis. The girls bested their opponents, 30-11, in five innings. Connie Tharp was the winning pitcher and Harla Jean Wall had a home run. The boys handed Logan a 20-16 defeat. Raymond Hadley was the winning pitcher and Jerry Bowers powered a home run for the Wolverines. This Friday night the teams play Grady under the lights there. Paul Frederick is coach of both teams. Tuesday night, junior high girls trounced Grady, 18-6 while junior boys lost, 13-2.

LINERS--

It wasn't a smart thing to do, but at the time, it seemed as though there might as well be two of us playing that important-feeling game. But, we'll be the first to admit that we were a lot more impressed with the things he told us than he seemed to be with what we told him. It was an experience. An interesting one.

Bob Williams of Texico is a medical patient in Clovis Memorial Hospital.

ORDINANCE--

Farwell Waterworks, \$3.80; State Chemical Co., mops and buckets, \$17.15; Armstrong Pest Control, rodent control; \$8; Sands Trailer Co., new pump for fire truck, \$291.95; Tommy Williams, street work, \$2.25; Jimmy Martin, street work, \$5.25; Lex Huggins, street work and hall work, \$33.75; Wilfred Quickel, 11 hours spraying, \$16.50; State Line Tribune, advertisements on city ordinance, \$36; Farwell Fire Boys Fund, reimbursement for freight, \$15.84; and Dan Lindop, mowing, \$9.

STRIKE--

So, an hour or so before noon Tuesday, the picket, and Mitchell, were gone and the elevator construction crew was going about its work as usual. Mitchell did not bring his type-written statement to The Tribune.

MRS. THOMAS ILL

A medical patient at Clovis Memorial Hospital since Monday, Mrs. Albert Thomas is doing well.

JUNIORS--

Remainder of the schedule is Sept. 22 Springlake there; Oct. 6, Sudan here; Oct. 13, Springlake here; Oct. 20, Bovina there; and Nov. 3, Sudan there.

Members of the squad, their positions and weights, are: Centers: R. Cooper, 115; J. Terrell, 110; J. Armstrong, 115; and B. Fields, 95. Guards: K. Smith, 100; J. Berry 115; K. Hubbell; B. McCuan, 100; R. Henson, 115; C. Davis, 105; and R. Sheppard, 100.

Tackles: B. Actkinson, 180; B. Quickel, 115; A. Busbice, 110; J. Curtis, 110; and D. Crook, 135.

Ends: J. Parker, 100; D. Billingsley, 90; B. Green, 98; and M. Smith, 85.

Backs: D. Routon, 95; B. McDonald, 95; J. Reed, 105; L. Lovelace, 125; D. Lindop, 120; C. Carhel, 108; J. Harrington, 105; D. Johnson, 140; M. Lesly, 100; and R. Donaldson, 115.

Jattin's
from Jeanne

We'll be back at our old desk at The Tribune next week, while Laurie vacations in cool California. So, don't forget Jeanne when you have some news to report and the earlier we get your reports, the better.

Not working on the society beat in the past few months, we might be a little slow—but we'll appreciate your help as always.

We hope to hear from you.

Progress always seems to breed mistakes, and we'll admit that we've had more than our share. But with your cooperation, we'll try to keep

the miscues to a minimum as the weeks go by, and by keeping our goal in sight, we hope you'll be pleased with the results.

If you think you've been disturbed over our deadlines lately, you should follow the Tribune crew for a while. If you haven't worked with Dolph, Laurie, Joann, June, and all the others who help to make The Tribune possible each week, you wouldn't know what a grand group they are. We're proud to be associated with every one of them.

The following editorial appeared in the Murray County (Minnesota) Herald.

"Always we hear the plaintive cry of the teenagers . . . what can we do . . . where can we go? writes the Minnesota editor. 'I can make some suggestions:'

"Go home. 'Hang the storm windows, paint the woodwork. Rake the leaves. Mow the lawn. Shovel the walk. Wash the car. Help your mom. Help your dad. 'Learn to cook, scrub some floors, repair a sink. 'Build a boat. Get a job.

Help the minister, the Red Cross, the Salvation Army. Visit the sick, assist the poor, study your lessons.

"And when you are through . . . and not too tired . . . read a book.

"Your parents do not owe you entertainment . . . your village does not owe you recreation facilities . . . the world does not owe you a living.

"You owe the world something.

"You owe it your time, and energy, and your talents . . . so that no one will be at war or in poverty, or sick, or lonely again.

"In plain simple words, grow up.

"Quit being a cry baby; get out of your dream world; develop a backbone . . . not a wish bone . . . and start acting like a man or a lady.

"I'm a parent. I'm tired of nursing, protecting, helping, appealing, begging, excusing, tolerating, etc., just because your selfish ego instead of common sense dominates your personality, and thinking and requests."

We read somewhere that a

girl's life is a cycle: safety pins, fraternity pins, clothes pins, rolling pins and safety pins.

The New JOHN DEERE 95 COMBINE

The Biggest Self-Propelled Ever Built...

16-, or 18-Foot Cut...12-Foot Pickup Platform

You are cordially invited to come in and see the new John Deere 95 Combine—the biggest self-propelled ever built. Here's practical bigness—bigness that pays off in many more acres harvested every day—in more grain or seed saved from every acre.

Behind the big cut of the 95 is a 40-inch

feeder . . . a 40 x 22 rasp-bar cylinder . . . 5600 square inches of separating area . . . 4000 square inches of cleaning area . . . a big 80 h.p. John Deere Engine . . . and a 60-bushel grain tank with extensions available to make it a 70-bushel tank.

This is the big combine you've been wanting, so come in and learn all about it.
