## Dannheim wins 10th grid contest

Only two entrants in last week's Area Merchants Football Contest managed the feat of getting 11 of the 12 games picked correctly.

No one picked the tie between Hart and Hale Center.

Getting 11 right were Willie Dannheim and Brent Harrison. By virtue of being closest to the tie breaker - Farwell 38, Olton 6 - the first place cash prize of \$10 went to Dannheim; he was 11 off the tie breaker.

Receiving the runnerup cash prize of \$5 was Harrison, who was 36 off the tie breaker.

With 10 right were: Rochelle White, Kirk Ling-nau and William Brigham.

With 9 right were: Lisa Gerles, Duane Hamar, Isaac Briones, Betty Carson, Cindy Castleberry, Farwell High English I, Farwell High English II, Clara Gast, Yolanda McFarland, Jeremy Ortiz, Mickey Rundell.

Also, Charles Williams, Jamie Bethel, Cindy Billingsley, Sonya Curtis, Mark Urioste and Jim Curtis.

As for the overall leader at the end of Week 10 (with two weeks to go), it was Rex Cumpton for the third week in a row. But he only had 7 right last week to make it closer at the top:

90 points - Rex Cumpton.  
88 - Jim Berry.  
87 - Teresa King, Billy Roberts.

86 - Carl Parker, Harold Carpenter, Sammy Herrera, Amy Jo Murray, Dutch Quicke.

85 - William Brigham.  
84 - Marion Ty Rutter.  
83 - Rhonda Grissom, Terry Brigham, Brent Ross.

82 - Gay Goettsch, Donnie Gustin, Scott Brown, Hal Helton.

Results of last week:  
Clovis over Carlsbad, Lazbuddie over Bovina, Friona over Muleshoe, Texas Tech over Texas, Penn State over West Virginia, Colorado over Nebraska, Syracuse over Boston College, Kansas City over Seattle, Minnesota over LA Rams, Miami over Indianapolis and Cleveland over Tampa Bay.

The Texico-Farwell Rotary Club voted Wednesday to spend \$400 in building a fountain at KKR Park in Texico.

The work is expected to be about \$400. Texico city employees will supervise it.

A plaque will be placed on the fountain noting that it was built in memory of former longtime Rotary Club member and Texico civic leader Bill Christian.

Two months ago, the Texico City Council, at Oran Jay Autrey's suggestion, discussed having a fountain in the park. So the council asked the Rotary Club to fund it.

Security State Bank Vice President, Marilyn Edwards presents the first place check to Willie Dannheim, who was this week's winner of the Merchant's Football Contest. Security State is one of the sponsors of the contest.

## Lady Spikers win berth at state tournament

The Texico Lady Spikers earned regional volleyball tournament runnerup honors last weekend -and a trip to the state tournament in Roswell.

The Lady Spikers improved their season record to 14-6 by defeating Grady in the regional opener, but losing again to nemesis Floyd in the title game.

The Lady Spikers will meet Magdalena in its first game in the state tourney 1:30 p.m. on Nov. 9 at Goddard High School in Roswell. Magdalena is the Region C Champ.

According to coach Michael Littlejohn, Magdalena boasts one outstanding player, and the team serves very well.

The winner of Thursday's game will meet the winner of the Capitan-Roy game at 3:15 on Friday. The winner of that game will play for the championship at 6 p.m. on Nov. 11 at Goddard High. The loser will play at 1:30 p.m. on Saturday at Goddard High.

Some of the state volleyball games will be played at Roswell High School and some will be played at Goddard.

Grady gave Texico a good fight before losing 14-16, 14-16, 15-10, 15-8, 15-11.  
"It was by far Grady's best match of the year," said Littlejohn.

Texico let Grady slip ahead of them the first two games, then they had to win three straight games to pull out the match.

"I wondered if we would play the way we were capable of playing. I knew we were capable of winning if we started playing," he said.

Part of the reason that the team didn't gel in the first two rounds is that it was playing without Denise Gonzales who is usually the team's star in the saves and sets columns. Gonzales injured her knee, and was not able to play. Her spot was filled by Amy Chadwick.

"Amy does a good job, but the team is used to Denise being in a certain spot. They sort of hesitate a bit while they watch to see if Amy will get the ball or not," said Littlejohn. "It is just a matter of playing together enough to feel where the other players will be."

Scoring statistics in the Grady game included: Jennifer Williams, 5 aces, 13 excellent passes, 6 kills, and 14 blocks; Penny Pierce, 3 aces, 16 excellent passes, 18 kills, 5 saves, 9 blocks; Valerie Cavallero, 2 aces, 6 excellent passes, 5 kills, 7 saves; Krystala Cross, 20 excellent passes, 15 kills, 6 saves, and 14 blocks; Jennifer Gentry, 4 serves, 30 excellent passes, 19 kills, 4 saves, 5 blocks; Amy Chadwick, 2 aces, 4 saves; Jessica Gutierrez, 1 ace, 1 save.

In the championship match, Texico lost to Floyd, 6-15, 17-15, 9-15 and 6-15.

"We played well at times," said Littlejohn. "I knew we would be okay as long as we stayed within 1-2 points of Floyd, but if we let them get us down 4 or 5 points, we were in trouble. They are not a team that will let you make 4 or 5 points in a row.

"Floyd looked tired. If we could have drawn them into a

### Where did Harry go?

A little bit of this and a little bit of that:

I'd like to compliment the Farwell Booster Club for coming out with its Steer Towels (courtesy of Security State Bank).

They were waved in abundance at the Olton game last Friday.

The towels feature the Steer emblem and names and numbers of its team members, plus coaches and managers.

Well, I didn't do too badly with my pick for the World Series winner this year. Last April, I picked the Oakland A's (the Cubs were my sentimental choice).

So far, my NFL choice (the San Francisco 49'ers) are doing pretty well, leading their division.

As for the NBA, I feel it's the Lakers turn this year; they seem to win the title every other year.

The Pistons have more depth than anyone else - but Magic Johnson is a Laker. The Celtics' Larry Bird's back - but he lacks a sufficient supporting cast. And Michael Jordan can carry the Bulls only so far.

If you want to talk about a waste of taxpayer funds, take a look at those half-page ads running in this newspaper and others for the personal property tax hearings.

Government bodies have to run four of these ads, according to state law.

Now, I believe in the ads being run, so that folks will know about being taxes. But they don't need to be nearly that large.

Putting into legislation the need for half-page ads wasn't necessary; smaller ads would have been more appropriate. And running them twice would have been sufficient.

Ron Pageau reports he plans to put a junked vehicle lot behind his flea market on the highway in Texico.

Take a look at the tree in front of Farwell Junior High next time you drive by.

On Veterans' Day 10 years ago the students planted the tree in honor of the hostages in Iran. The tree was decked with yellow ribbons that first day. The student council members and their sponsor Liz Phillips (Williams), thought that planting a tree might be a good way to mark the special day.

Ten years have gone by, and the tree is still there. Unfortunately, there are also still hostages in Iran. As we remember those who died in America's foreign wars, let's also remember the hostages.

Starting in September of this year, everyone born on or after Sept. 2, 1971 will be required to take a Texas Hunter Education class before they will be issued a hunting license.

The course is at least 10 hours long, and it is taught over at least 2 days.

Have you wondered what- ever happened to stellar State Line Tribune cartoonist Harry Sheets?

No, he hasn't disappeared. That's not why we haven't run any of his cartoons lately.

What happened is that he went on vacation. And when he got back a couple of

# More vegetables being grown

"We've been growing more vegetables locally," said County agriculture extension agent Gary Patterson. "But the percent of agriculture acres planted in vegetables is still very low."

The vast majority of agricultural acres in our area are planted in grains - wheat, corn, milo.

According to Patterson, corn yields are down about 1,500 lbs. per acre from what farmers anticipated earlier this growing season. "We just didn't get the moisture we needed. Even though we have irrigation, corn is very a high moisture crop. People don't realize that humidity is important during the pollination period as well as for plant growth."

Patterson indicated that due to government programs, there will be stable prices for corn. "It's not great, but you know what you are going to get," he summed up.

Patterson said that dry land wheat is distressed from lack of moisture.

Late planted milo has been hurt by the freeze, but the milo harvest should be about average.

The grains produced locally are used to feed cattle and to feed humans, depending upon the variety planted. Much of the locally produced grain winds up in the stomachs of locally grown cattle which account for the largest producers of agriculture dollars in Parmer County.

"Fat cattle prices are high now, but it is a high capital investment business. There is a good turn around on dollars now, but it can change quickly," said Patterson.

Currently, food corn for human consumption goes to three local plants - Frito-Lay, Valley Grain, and Azteca - where it is processed to

make snack foods and Mexican specialty items such as tortillas.

There are also a few producers in Curry County who produce highly colored Indian corn for use in blue corn tortillas and other specialty items.

This year there has been some increase in the number of local acres planted in vegetables - spinach, beans, potatoes, and pumpkins to name only a few. But, the vast majority of acres planted locally are still planted in grains.

Vegetables require a larger initial cash investment and higher production costs than grains. The vegetable market is also more volatile than the grain market because there no government programs to stabilize the prices. But, the potential profit made in vegetables is also higher than it is in grains. Some local farmers who are able to diversify their crops are speculating in the vegetable markets.

weeks ago, he found himself backlogged with work.

(I just don't understand it: he thinks making a living is more important than drawing free cartoons???)

Anyway, once he finds himself caught up in his work, you can expect to see periodic "Beneath the Sheets" cartoons once more.

Texico City councilman Bryan Kube has taken a job in Lubbock.

But he will maintain his home here and will stay on the council.

This year's Farwell Steer team has the opportunity tonight (Friday) to give the community its first 10-0 football team.

Next week, you will learn about the 1937 squad that was 9-0 - and unscored upon.

"All of the vegetables are done except some spinach that is soon to be harvested. It is kind of a neat crop because you plant it early in the fall and cut it about 50 days later. Then it can be harvested again in the spring without being replanted," said Patterson.

Much of the produce grown locally is harvested by canning companies who bring in the machinery for the harvest and ship the vegetables in their own trucks. "There have been some problems, but the companies seem impressed with the over all quality of the crops grown here," said Patterson.

Cotton and sugar beet harvests have begun since we have had a frost. The cotton yields are about average-not as good as the past two years which were excellent. The early freeze has caused some decline in the quality.

The sugar beet harvest has just gotten under way.

When asked about general trends, Patterson noted that the general public is very concerned about perceived dangers from about pesticides and fertilizers. They seem to worry about food

safety, water quality, and conservation. But, the general consumer is not willing to pay the price for organic produce.

Patterson indicated that local farmers are doing something to help the safety and conservation situation. They are putting center pivot sprinklers to use to apply chemicals to the growing crops. Patterson said that the chemigation systems have built in checks and balances that shut the system down before water pollution occurs.

"EPA guidelines make a really safe system so that the farmers have better application of chemicals at a better price."

He quickly added that spray pilots are still needed because there are some instances where the pilot can apply chemicals faster than other methods.

The key to success for local farmers is that successful farmers are businessmen. They have to make wise management decisions. "The guy who isolates himself to sitting on the tractor is going to have a tough time," said Patterson.

five game match we might have won it on conditioning." Scoring stats for the Floyd match included: Jennifer Williams, 4 aces, 10 excellent passes, 8 kills, 2 saves and blocks; Penny Pierce, 1 ace, 14 excellent passes, 10 kills, 3 saves, 5 blocks; Valerie Cavallero, 3 aces, 6 excellent passes, 3 kills, 4 saves; Krystala Cross, 1 ace, 11 excellent passes, 13 kills, 4 saves, 9 blocks; Jennifer Gentry, 3 aces, 27 excellent passes, 9 kills, 2 saves, 8 blocks; Amy Chadwick, 2 aces, 15 excellent passes, 1 kill, 4 saves.

## Byrum, Potts at confab

Two students from Texico High School, Kelly Byrum and Monia Ann Potts, were among the 2,000 FHA/HERO members attending the Oct. 27-29 Cluster Meeting at Glorieta Conference Center in Glorieta, N.M.

"Fifteen adjoining states attended the 3-day leadership meeting," according to Lela Goar, New Mexico FHA/HERO State Project Director. "Students learned how to take action to discover the difference that they could make through active involvement in FHA/HERO, strengthen leadership skills, and understanding teen issues."

The conference theme was "Make a Difference."

Youths participated in workshops focusing on teenage pregnancy, parenthood, drug and alcohol abuse, family relations, future careers, and overall community awareness.

The Texico participants were accompanied by Kendale Burch FHA/HERO advisor.

the playoffs. "This is the first time we've beaten Bovina in at least 10 years. It is a great victory for our community," said coach C.W. Williams.

Lazbuddie will play the loser of this week's McLean-Silverton game in the first round of the state playoffs. The time and place have not been set.

Once again, the Longhorns produced a massive rushing and passing game. So far, Lazbuddie has racked up 445 scoring points this season.

Bovina opened the scoring with a 45-yard interception return. The kick failed.

Lazbuddie struck back quickly when Kevin McGehee hauled

in a 38-yard pass from Michael Williams for a TD. The kick failed.

The Longhorns took the lead when Eddie Zamora bulled over from the 1. Zamora then scored the extra point on a pass from Craig Russell. So Lazbuddie led at the end of the first quarter, 13-6.

Then it was Bovina's turn. The Mustangs scored on a 26-yard run. The kick failed.

Lazbuddie responded with an 8-yard pass from Williams to Doug Barnes. Williams kicked for 2 points. And Bovina scored on a 30-yard run, with the kick good.

The half ended with the Longhorns ahead 21-20.

In the third quarter, Bovina

took the lead on a 39-yard run, but the kick failed.

Then Lazbuddie went on a tear to sew up the game.

First, Kirk Jesko scored on a 25-yard run, and Williams kicked the points after. Then, Jesko tallied again, on an 11-yard scamper, with Williams' kick good. And Williams ran in for a 24-yard TD, then kicked the point after.

After Bovina scored on a 7-yard pass, Zamora tallied on a 22-yard run, with Williams kicking the points after.

## What to do in case of bad weather

Farwell Schools have released the information on which radio and TV stations to listen to in case bad weather may cause changes in bus routes or the school day.

Information on the school changes will be called into: KGNC radio, 710 AM; KAMC TV; KENW, FM 89.5; KFDA, Channel 10 Amarillo; KAMR, Channel 4 Amarillo; KVII, Channel 7 Amarillo; KMUL, Muleshoe; KZOL, Farwell; KTQM and KCLV, Clovis.

If you do not hear any changes and still have doubts, call 481-3675 for the transportation director, Joe Stanton, or the office of Supt. John Grigsby at 481-3371.

"We would appreciate your calling the bus barn if you know the road to your home is not passable. This could prevent a bus load of students becoming stranded during bad or wet weather," said Grigsby.

# Steers stop Olton to hike record to 9-0

The Farwell Steers had an easy time of it last Friday as they ran their record to 9-0 overall and 4-0 in district while defeating Olton 38-6.

The victory clinched a playoff spot for Farwell. Olton is 2-6-1.

The game against Seagraves will be held at 7:30 p.m. Friday, Nov. 17, at Bulldog Stadium in Plainview.

The game started with Farwell kicking off. Darren Haseloff had a strong tackle as Olton was held and punted to the Steer 34.

After a 14-yard scamper by Shawn Stewart, the Steers faced a 4th and 1 situation on the Olton 43. Monty Delgado rumbled for 3 yards.

After a 10-yard pass from Greg Atkinson to Haseloff, and a 28-yard run by Stewart,

Clint Kelley scored from the 2 for the first of his three TDs. The kick by Haseloff was good and Farwell led 7-0 at 6:43 of the first quarter.

Olton was held again and punted to the Steer 48. A pass to Michael Arce was good for 17 yards. Then Farwell had another 4th and 1 situation, on the Olton 21. Joel Smith ran for 6 yards.

Again, Kelley scored from the 2, with Haseloff kicking the point after at 2:33 of the 1st quarter.

Stewart intercepted an Olton pass at the Steer 45. Then Actkinson lofted a beautiful pass to Stewart for a 33-yard gain. But Olton recovered a Steer fumble.

Heath Dollar and Kyle Stancell had strong tackles and Olton punted to the Steer 10

as the second quarter began.

Both teams bogged down, as Stancell had a QB sack. Late in the second quarter, the Steers recovered an Olton fumble on a punt. Stewart ran for 26 yards before the Steers were held. Then Arce recovered a fumble at the Olton 37.

An 8-yard pas to Chad Byrd got Farwell to the Olton 18. Then a pass to Byrd got the TD with 32 seconds left; the kick failed. Farwell led 20-0 at the half.

In the third quarter, Delgado recovered a fumble at the Olton 33. A pass to Stewart gained 27 yards. Then Stewart scored from the 6. The kick was wide at 5:42.

A bad snap to the Olton punter allowed Farwell to take over at the Olton 10. The tackle was made by Haseloff and Brad Atwell.

Stewart scored his second TD on a 6-yard sweep at 2:27. The kick was blocked and it was 32-0.

Olton intercepted at the Steer 40 and returned it to the 18. Olton couldn't move the ball and appeared ready to try a 28-yard field goal attempt. But it was a fake and the attempted pass was picked off by Kelley who ran it to the Olton 30 as the quarter ended.

In the final period, Haseloff recovered a fumble at the Steer 37. After a 15-yard run by Stewart, Kelley ran in from 21 yards out for the final Steer TD. The kick was

blocked.

During the rest of the period, both teams fumble; Stancell recovering the Olton one. And Olton scored on a 5-yard TD pass with 19 seconds left in the game. The kick failed.

Farwell's stats: Rushing, 37 carries for 228 yards; passing, completed 6 of 18 for 109 yards; 20 first downs; 7 penalties for 90 yards; 6 punts for 31 yard average.

Olton's stats: Rushing, 35 carries for 115 yards; passing, completed 4 of 13 for 37

yards; 9 first downs; 2 penalties for 20 yards; 2 punts for 27 yard average.

Individual stats for Farwell: Rushing- Clint Kelley, 10 carries for 45 yards; Shawn Stewart, 18 for 137; Monty Delgado, 7 for 20; Greg Atkinson, 7 for 12; Joel Smith, 2 for 12.

Receiving - Darren Haseloff 1 for 19 yards; Michael Arce, 1 for 15; Shawn Stewart, 3 for 60; Chad Byrd, 2 for 24.

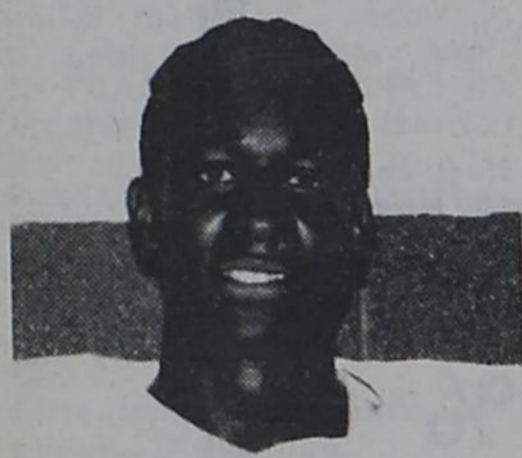

Coach Rex Cumpton said about the Olton game:

"We continue to be very

productive with our offense. We were able to maintain our 308 plus yard per game average. We still need to work on the small things and cut out the small penalties in preparation for the playoffs.

"Defensively, we also continue to play well. We were able to contain Olton's good running back, limiting him to about half of what he gained last year against us. We must continue to play good defense to advance in the playoffs.

## Farwell Schools set tax hearing

The Farwell school board held a special called meeting Tuesday.

The board unanimously voted to conduct a public hearing on the taxation of tangible personal property.

House Bill 82, passed by the 71st Legislature, amends Section 11.14 of the tax code, and provides that all tangible personal property, other than manufactured homes, that is not held or used for the production of income is exempt from property taxes. "This represents 16% of our tax base," said Farwell school Supt. John Grigsby. "We have got to hold this hearing and take action."

The board will consider the reinstatement of the practice of taxing personal vehicles and automobiles.

The board will conduct a public hearing to continue the policy of taxing all tangible personal property on Nov. 27 at 7 p.m. in the office of the superintendent.

The board also held a training session at its meeting. Every three years they must have a comprehensive review of the material in the policy manual.

### Farwell Convalescent Center Chit Chat

By Lynne Gann Activity Director

We have a Thanksgiving Revival scheduled for the 3 evenings, the 15th, 16th and 17th of November. It is a time of celebration for the many things we have to be thankful for. To bring some of these to mind will be 3 ministers of our area.

On Wednesday, the 15th, at 7 p.m. Texas time, Rev. Gary Warren from Pleasant Hill Baptist and our associate chaplain, will have services.

On Thursday the 16th, at 7 p.m. Texas time, the services will be held by the First Church of God in Christ of Clovis.

On Friday evening at the same time, our revival will be brought to a close by our chaplain, Bro. Bobby Atwell of High Plains Baptist Church of Clovis.

We extend our invitation to family members and those who care to share this time with us.

I will be calling next week to set up our yearly schedule for the ministers who so kindly donate their time and services for our Sunday afternoon Devotionals. I'll look forward to talking to each of you next week!

Hoping to see you on the 15th, 16th or 17th.
