Coaching questioned

I don't think I was ever angrier about a football game as I was while watching the Dallas Cowboys play the Philadelphia Eagles Sunday on TV.

I know that all the criticism will be directed at the players - QB Troy Aikman "eating the ball" so much; the leaky offensive line; soft pass defense, etc.

Frankly, those things didn't bother me as much as the Cowboy coaching staff did. I thought they were the main culprit for the disaster.

For example, I watched Dallas line up in a standard 4-3 defense the entire first half. It was a fatal error.

The Cowboy defensive front four are good players, but there's not an outstanding pass rusher among them. When that's the case for a team, it behooves them to rush more players, like a linebacker or two. Or blitz.

But the Cowboys went the entire first half without that obvious understanding. Instead, they allowed the Eagles to put 17 points on the board - all through passing.

Jim McMahon, the Eagle QB, had the proverbial all the time in the world to pass. And if you give a pro QB enough time, he can wipe you out - as McMahon showed.

Finally, in the 2nd half, the Cowboys went to a 5-2 on defense and it stifled the Eagles except for one series when a pass interference call gave the Eagles the ball at the goal line.

The point I'm trying to make is that it was obvious midway through the first quarter that the defensive strategy needed changing - but that wasn't done until the 3rd quarter.

If I, an armchair quarterback, can start yelling at the TV set with 5 minutes left in the first period, than how come those high-paid coaches right at the stadium can't figure out the obvious? In a word - a lousy job by the defensive coach.

Let's not leave out the offensive coach. He didn't do any better.

Philadelphia has one of the best pass rushes in the NFL, if not the best. Two of their linemen are All-Pro.

But it was obvious the Cowboy game plan called for a lot of long passes. No way could Aikman have the time to do that. So he was sacked time and time again.

I didn't watch every single play in the game because church didn't let out until after noon. But I don't recall any flare passes to halfback Emmett Smith, which have been so effective in other games. Or to the fullback. Or to anybody.

In fact, I don't think Aikman threw more than one or two short passes until the final period when it was too late.

Surely, the Cowboy offensive coach knows that the way to beat a great pass rush is to use quarterback and tailback draws, screens and short passes. Apparently not.

And one more coaching "strategy" drew my ire - the use of the off tackle play on first down.

I willingly admit I have a fetish about this. I hate it when it's first down and the play is run off tackle. I got to hate it while watching the old Cleveland Browns in the early 1950s under Coach Paul Brown.

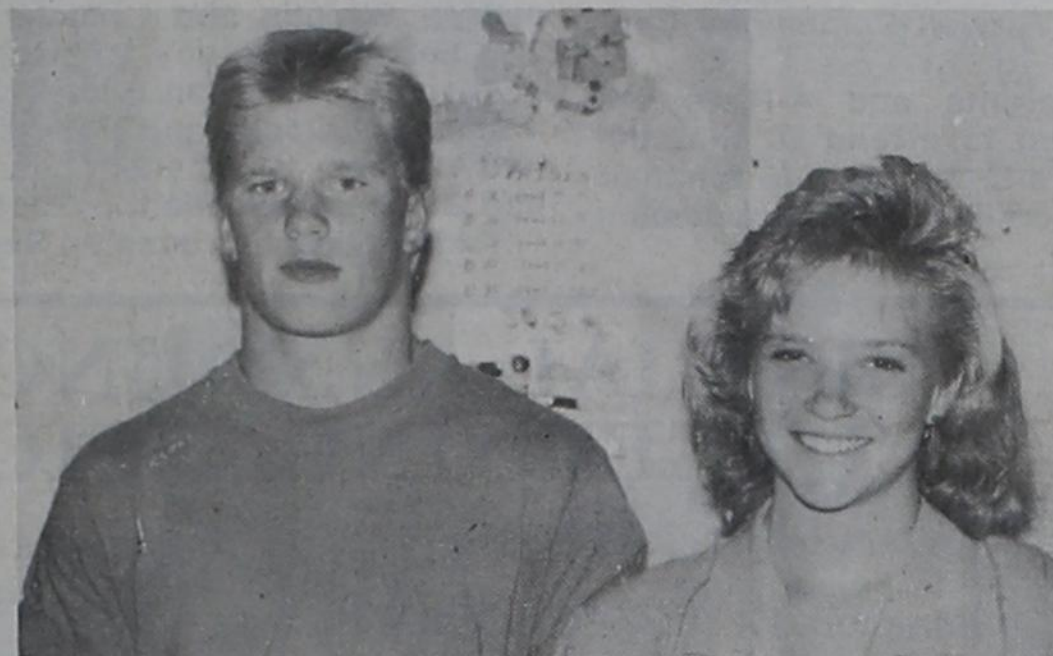

It was Brown's philosophy to start with the off-tackle play because it allowed the offense to warm up by hitting someone on an easily run play.

The problem is that the

It's Texico Homecoming!

The 2-0 Texico Wolverines play the Eunice Cardinals for the big Homecoming game at 7 p.m. mdt tonight (Friday).

The Homecoming king and queen will be crowned during a ceremony just before kick-off.

Candidates for queen are: Amber Bruce, Marsha Hamilton, Leslie Servatius, Andrea Morrison, and Chanda Campbell.

Candidates for king are:

Steven Horner, Billy Rogers, Kenny Michael Shaw, Kelvin Gooden, and Josefre Gonzales.

Homecoming activities have been in full swing this week. There were several dress up days, and there was a poster contest and a door decorating contest. Winners of these events will be announced at the pep rally this morning.

There will be a Homecoming dance in gym 2 following the game.

Redistricting plan affects this area

The New Mexico State Senate passed a redistricting plan Tuesday that changes the state senatorial districts for Texico and Pleasant Hill.

According to the senate's proposal, Billy J. McKibbin, R-Lovington, will represent Tex-

ico, and John Morrow, D-Capulin, will represent Pleasant Hill. Currently they are represented by Walter Bradley, R-Clovis.

Pleasant Hill's district would go to the Colorado border;

Kittrell wins 2nd grid contest

It was a tough week for contestants in last week's Area Merchants Football Contest. No one got more than 10 of the 12 games correct.

Nine entrants had 10 right. Getting the first place cash prize of \$10 was Ysleta Kittrell, who was closest to the tie breaker (Olton 19, Farwell 6). She was 14 off the tie breaker.

Receiving the 2nd place prize of \$5 was Kyle Kimbrough, who was 15 off the tie breaker.

Others with 10 right were (with their total off the tie breaker):

Robin Mahaney, 17; Betty Marshall, 18; Mike Goettsch, 19; Keevin Kelly, 19; Walt Via, 27; Gordon Waldrop, 20; and E.A. Walker (who didn't fill in the tie breaker).

With 9 right were: Robert White, Angie White, Dana White, Marion Hudson, Santiago Lucio, Rick Marshall, Rob Pomper, Maurice Smith, Texico 8th period U.S. history class, Tim Walton, Leslee Williams, Tina Smith, Matthew Williams, Johnny Torres, Leticia Torres.

Eugene Lonsdale, Shelly Bethel, Pam Carpenter, Richard Carpenter, Chad Byrd, Rick Castaneda, Chase Chisman, Pat Chumley, Rex Cumpton, Kathy Curtis, Lesley Curtis, Ronnie Dunsworth, Fabian Garcia, Robin Gregory, Mary Gustin, Amy Haseloff and James Castleberry.

Results of last week's contest were:

Texico over Capitan, Clovis over Plainview, Bovina over Lorenzo, Tahoka over Friona, Oregon over Texas Tech, Rice over Northwestern, Florida over Alabama, Michigan over Notre Dame, Chicago over NY Giants, Green Bay over Tampa Bay, Minnesota over San Francisco and Philadelphia over Dallas.

After 2 weeks of the 1991 contest, here is the leader board (with the Dallas trip as the prize):

19 points - Kathy Curtis, Robin Mahaney, Angie White and Mike Goettsch.

18 points - Richard Carpenter, Rick Castaneda, Lance Castleberry, Chase Chisman, Pat Chumley, Lesley Curtis, Keevin Kelly, Kyle Kimbrough, Rick Marshall, Walt Via, Dana White, Robert White and Leslee Williams.

17 points - Harold Carpenter, Lezlie Castleberry, Fabian Garcia, Kevin Hardage, Clint Kelley, Santiago Lucio, Alice Pierce and Katrina Stewart.

It's been 50 years since...

What's been the No. 1 topic of conversation this year in the Twin Cities?

Yes, you guessed it: the rain.

Old-timers will tell you about years past when there's been a bunch of moisture. And many have lived here for several years and never have seen so much rain in one year.

Well, the Tribune - thanks to researchers Hurschel Harding and Archie Tarter - have come up with an idea of where we stand in regard to record rainfall.

The record, it seems, was set in 1941 - and it's doubtful it will ever be beaten. In that year of Pearl Harbor, a total of 43.24 inches of moisture was recorded, according to the Tribune back issues.

As for 1991, with 3 1/2 months to go, the moisture total is 22.80 inches. That's the amount found on Tarter's gauge in Farwell.

Here's what we found:

Farwell Schools' tax rate down

The Farwell School Board Sept. 12 lowered its tax rate 6.2 cents.

The reduction is possible in part because of the new County Education District, and in part because the school's bond indebtedness has been paid off.

The rate for last year was

127.7 cents per \$100 evaluation. The new CED has set its tax rate at 72.5 cents of the local tax money, which will give the local taxpayers a total school tax rate of 121.5 cents per \$100 evaluation.

"We also paid off our bonded debt, and that accounts for about 4.2 cents," said School Supt. Richard Boothby.

In other business, the board: - Hired Joy Stanton and Lupe Saenz to work in the school cafeteria.

- Voted to have Maintenance Supt. Joe Stanton seek bids for a new activities van for the school system.

- Voted to pay Dr. Craighead as the second appraiser for the school system's teacher observation process.

- Set Nov. 2 as the date for the school system's TASH policy update.

- Heard reports from principals Gwen Corn and David Reynolds about the start of

Obituaries

Bessie Webb

Service for Bessie Lee Webb 82, of Bovina, were Sept. 14 at First Baptist Church with the Revs. Bob Webb of Petrolia and J.L. Bass of Brownfield officiating. Burial was in Bovina Cemetery. Ellis-Blackwell Funeral Home handled the arrangements.

She died Sept. 12 at Prairie Acres Nursing Home in Friona after a long illness.

She was born in Danville, Ark., and moved from Friona to Bovina in 1957. She was a member of First Baptist Church.

Surviving are 5 sons, Sam, of Farwell; Wayne, of Azle; Bob, of Petrolia; Alfred, of Dimmitt, and Larry, of Adrian; 5 daughters, Pam Clark, Anna Lee Englant and Polly Mills, all of Bovina; June Muse, of

Lubbock, and Joyce Sikes, of Farwell; 3 brothers, Fonzo Tidwell and Lonnie Tidwell, both of Danville, and Tommy Tidwell, of Nowata, Okla.; 40 grandchildren; 56 great-grandchildren and 5 great-great-grandchildren.

Dustyn Wolfe

Services were held on Sept. 18 for Dustyn Chase Wolfe, 13 month old son of Tommy and Debra Wolfe of Amherst, at First Assembly of God Church of Littlefield. The Rev. Leland Lewis, pastor officiated. Rita Weltch assisted and the burial took place in Littlefield Memorial Park.

Dustyn died Sept. 16 from injuries suffered in a two vehicle accident. He was born Aug. 7, 1990 in Lubbock.

Surviving are his parents: 3 brothers, Tommy, Jr., Brandon and Jamie, all of Amherst; maternal grandparents Mr. and Mrs. Willie Wolfe of Littlefield; paternal grandparents Mr. and Mrs. Marvin Wolfe of Texico.

Senate

(Continued from Page 1)

Texico's down to Lovington. Bradley had attempted to keep Curry County from being split among three districts but failed. The plan was largely approved along party lines, 28-12.

The plan is expected to be approved, too, by the state House of Representatives, then goes to Gov. Bruce King for his signature.

In addition to the state senatorial district changes, county commissioner, state representative, school board, congressional, U.S. senatorial and other districts are also being changed due to the 1990 census and guidelines set by the federal and state governments.

school.

Heard band director Jim Bouse report that the band would not march at the first couple of games this year. Bouse indicated that when the varsity football players, drill team, twirlers, and drum majors are subtracted from the whole group, there are not many experienced players to field a band. He is working on this.

Heard Joe Stanton report that he had replaced the third air compressor on the air conditioning at the high school this year, and he had also patched leaks on the new roof of the high school.

Heard Boothby report that the school system's portion of the settlement on the state milk bid rigging suit was \$2,000. The money will be used to pay for air blowers by the door of the cafeteria to keep the flies out.

other team always knew the first down play would be off tackle so they filled the gaps and would hold the play to no gain or a loss. Thus, the Browns would start off their series with a 2nd and 10.

Well, it looks the Cowboy coaches are trying to emulate Coach Brown. They did it over and over again. First down and Smith off tackle. Yes, one time he gained 5 yards. But all the rest were stopped for short gains and that meant it was time to pass - and the Eagle rushers could lick their chops.

Awful coaching.

It looks like Texico will move up to Class 2A in 2 1/2 years -that's the word from High School Principal Ken Shaw.

This year there's 151 students in high school - and over 150 means Class 2A. The state check is done next year - and there's a lot more 8th graders than seniors. That means there will be well more than 150 there next year.

Lady Spikers 3rd at Cloudfcroft Tourney

Coach Michael Littlejohn's Texico Lady Spikers opened the season by placing 3rd in the Cloudfcroft tourney last weekend against some of the best teams in the state.

In the first game, Texico defeated Mountainair 15-9, 15-6, and 15-11. "It was a good game to start the season. We played well in some areas," noted Littlejohn. The Lady Spikers served about 81% over all, which is down a bit from their over all season average last year, but according to the coach "We're getting the bugs out, there is some nervousness and anxiety." He is confident that it will all work out before the season ends.

In the second game, Texico lost to Cloudfcroft 7-15, 8-15, 15-13, and 10-15. "Serving did us in. If we had served well, we would have won. We would miss three and four serves in a row," Littlejohn explained.

Marsha Hamilton, made All Tournament at the Cloudfcroft Volleyball Tourney. She had 7 aces, 73 excellent passes, 29 kills, and 5 blocks.

Farwell 4-H to meet

The first Farwell 4-H meeting of the new year will be held at 7 p.m. on Sept. 23 at the Farwell Community Center.

Parents and 4-H'ers are asked to attend so that the 4-H'ers can sign up for their projects for the upcoming year.

Letter To The Editor

Cong. Combest responds

Dear Editor:
I am writing in response to W.T. Perry's letter that appeared in the State Line Tribune Aug. 30:
Having logged over 900 miles and visited 14 communities throughout the 19th

Congressional District during the August district work period, I regret that you felt that I "slipped" into Farwell for a visit. I always enjoy returning home to meet with constituents. As you can imagine, having a chance to visit

with the people through a variety of opportunities including one-on-one visits enables me to better represent West Texas in Congress.

I enjoyed the opportunity to sit and discuss issues of the local and national interest with the State Line Tribune's Editor, Mike Pomper, and I stopped by to see him since I was in the area. I have had numerous town hall meetings in Farwell before and will in the future. The

entire community is invited and I hope to see you at one someday.

Although you may not be aware, I co-sponsored H.R. 917, the Social Security Notch Adjustment Act of 1991 on Aug. 1, 1991, and I have relayed my support of this legislation with seniors throughout the district. I have co-sponsored H.R. 917 to correct the notch and provide those persons born between 1917 and 1926 with equi-

table benefits. Currently, this bill awaits consideration by the House Subcommittee on Social Security.

The Senate proposal, S.B. 567, has been referred to the Senate Finance Committee where no hearings have been held. You can rest assured I will work diligently towards the passage of H.R. 917 to correct the notch inequity. I have enclosed my recent Social Security notch bulletin which includes further information.

In reference to your recent letter addressed to my Washington office. I have contin-

ually voted against any increase in congressional pay since I was elected to the House. I opposed this pay raise proposal when the legislation was considered by the House. Congress should not be increasing their own salaries when the American people are forced to sustain budgetary reductions, cut-backs and increased taxes.

Once again, thank you for sharing your views with me. If I may be of assistance in the future, please do not hesitate to contact my office.

Sincerely,

Larry Combest

Texico's Shaw earns spot on New Mexico 'honor roll'

The Texico Wolverines have moved up to the No. 3 spot in the Associated Press poll among Class 1A football teams in New Mexico.

Tatum is 1st and Carrizozo is 2nd. Loving is 4th and Hagerman is 5th.

In statistics maintained by the Lubbock newspaper: Texico ranks 3rd among area New Mexico teams on offense with 348.5 yards a game, and 2nd on team defense, allowing 101 yards a game.

Kenny Shaw is 3rd among New Mexico area rushers, gaining 149 yards a game. Kelvin Gooden is 7th among the runners, with 96 yards a game. Josefre Gonzales is 7th among the passers, with 4 completions in 9 attempts for 99 yards.

Shaw was mentioned on the newspaper's "New Mexico honor roll" for his efforts against Capitan: he gained 138 yards, scored a TD, knocked down one pass and had 4 tackles.

In Class 1A, Farwell ranks 6th on team offense, with 210.5 yards a game, and 9th on team defense, allowing 305 yards a game. Among area passers, Chad Byrd ranks 5th with 8 completions in 24 attempts for 157 yards. Ray Haseloff ranks 7th among the receivers with 4 grabs for 85 yards. Bovina ranks 1st on team defense in the area, allowing 112.5 yards a game.

Among Six-Man teams, Lazbuddie ranks 4th on team offense, gaining an average of 392.5 yards a game. Among the rushers, Kirk Jesko is 7th, averaging 137 yards a game. Brett Thomas is 1st among the passers with 29 completions in 47 attempts for 518 yards. Jesko is 1st among the receivers, with 12 grabs for 132 yards; and Matt Cozby is 9th with 6 catches for 169 yards. Jesko ranks 5th among the scorers with 36 points from 6 TDs.

Mr. and Mrs. J.J. Garcia of Texico will see two of their children wed on the same day. Geneva Garcia and Brett Forrest Mills, and Joe Jesse Garcia and Martha Elena Ortiz, will recite their wedding vows in a double wedding ceremony on Oct. 5. Geneva Garcia's fiance, Brett Forrest Mills, is the son of Mrs. Joyce S. Mills, Farmington, and Mr. John Mills, Carlsbad. Joe Jesse Garcia's fiancee is Martha Elena Ortiz, daughter of Mr. and Mrs. Santiago Ortiz of Tucumcari. The ceremony will take place at Our Lady of Guadalupe Church in Clovis at 2 p.m. The reception will be held immediately following the service at the Farwell Community Center.

Hall is new teacher here

Judy Hall is the new Farwell Elementary School special education teacher. She earned a bachelor's degree in psychology and sociology, and added her special education certification last May at ENMU. Mrs. Hall doesn't have much spare time to enjoy hobbies. She owns a dress shop in Portales, Special Efex, and she teaches. "My family used to think I could cook," she jokes. "I don't do anything but school and work anymore." She notes that she used to work on crafts when she had

time.

Mrs. Hall and her husband, Jim, live in Portales. They have three sons, Richard, 25, an agriculture teacher in DesMoines, N.M.; Kevin, 23, and Dustin, 17.

Steers fall to Olton, 19-6

The Farwell Steers fell to a strong Olton team in an away game last Friday, 19-6.

Farwell, 1-1, plays at Hart tonight (Friday) at 8. The Steers kicked off to the Olton 35. Two runs gained a first down, then a pass interference call put the ball on the Farwell 40. Another pass interference call moved the ball to the Steer 20. A third down pass worked and Olton was on the Steer 1.

The Steers held for 3 downs - highlighted by a strong defensive play by Ruben Lucio - before Olton scored on 4th down. The kick was good and Olton led 7-0 at 6:36 of the first period.

Olton kicked to the Farwell 25 but a clipping call put the ball on the Steer 12. A pass from Chad Byrd to Brent Harrison gained a first down. Kirk Lingnau galloped for 9, then Byrd broke loose on a run for 35 yards to the Olton 35.

On a 3rd and 11 call, Byrd passed to Ray Haseloff for 25 yards to the Olton 5. But the Steers couldn't score as a 4th down pass failed.

Olton was stopped after one first down and punted to midfield. Byrd then brok two tackles for a 30-yard gain to the Olton 13. Two plays later, Byrd hit Lingnau with an 8-yard TD pass. The pass for extra points failed and Farwell was down 7-6 at 9:46 of the second quarter.

Farwell kicked to the Olton 25. Brian Johnson busted through to throw the Olton runner for a 5 yard loss. Then Olton fumbled a pitch and Derrick Haseloff recovered at the Olton 22.

Farwell couldn't gain any ground and Byrd was sacked at the Olton 35.

In the 3rd period, Farwell received the kickoff but was held. Lupe Garza made a good stop on a high snap and punted 40 yards to the Olton 30. Olton moved the ball well and scored on a 25-yard TD pass after a great fake by its QB. The kick failed and Olton led 13-6 at 5:58.

On offense, Lingnau rambled for 20 yards to the Olton 25. But on 4th and 12, Byrd was stopped on a scramble.

In the fourth period, a QB sack by Lucio stopped an Olton drive at the Steer 40. But Olton recovered a fumble at the Steer 44. Olton moved in for its 3rd TD at 7:50 and the 19-6 lead.

Farwell started at its own 30. Roger Billingsley caught a 24-yard pass at midfield. Farwell tried a pass on 4th down off a fake punt but it was intercepted.

Neither team could mount any more drives, although a Byrd pass to Ray Haseloff gained 16 yards.

Gooden, Chumley cited

Texico Junior High got beat by Yucca 6-0 on Sept. 12.

"The kids played real well for not being together much. Our freshmen and 8th grade only practiced together two times before this game. It's a good bunch of kids, but it will take a little time to get them together," said coach Richard Luscombe.

"They are learning every day. We have some pretty big kids, the biggest I've had

in the three years I've been here. If they can ever learn what they need to do, we'll be fine," he noted.

"I was pleased with the effort. Yucca has a real good junior high team. We had our chances," he said.

Luscombe noted outstanding playing by Tyrone Gooden who ran the ball well and Pat Chumley who was good at quarterback.

Texico hosts Marshall Sept. 19 at 3:30 p.m. mdt.

Steers of the Week

Offensive player of the week was Kirk Lingnau, left, who scored 1 TD, rushed 15 times for 67 yards, and caught a pass 8 yards. Defensive player of the week was Derrick Haseloff, who had 12 tackles, including 6 unassisted and 2 behind the line of scrimmage; he also recovered one fumble.

Coach Rex Cumpston said, "I felt we played well in the first half again. They came out and wore us down in the second half. We still must work on correcting our situation of getting inside the 20 yard line and not scoring. We must improve there. Our offensive line struggled some last week, and we are working to improve there. We need to strive to put two halves of football together."

Individual rushing statistics were: Byrd, 14 attempts for 26 yards; Lingnau, 15 attempts for 67 yards; Harrison, 5 attempts for 1 yard; and Ray Haseloff, 3 attempts for 1 yard. Receiving: Billingsley, 1 for 23 yards; Ray Haseloff, 2 for 51; Lingnau, 1 for 8, and Harrison, 1 for 10.

Olton outrushed the Steers 167 to 93 yards, and outpassed the Steers 133 to 92 yards. Farwell had half the number of first downs - 8 to 16. Olton also drew more penalties than Farwell: 4 for 40 yards for Farwell and 7 for 75 yards for Olton. The teams were pretty equal in the punt department: 2 for 32.5 yard average for Farwell and 2 for 29.5 yard average for Olton.

Absentee voting begins

Absentee voting for the Curry County jail bond issue election has begun.

It will continue until 5 p.m. Oct. 19 at the Curry County Clerk's office at the county courthouse in Clovis.

Also, the office will be open Saturdays from 8 a.m. to 5 p.m. during this period.

Any qualified voter who is not now registered should register at the clerk's office, 700 Main St. before 5 p.m. Sept. 24.

The bond election will be held Oct. 22.

For more information, contact Coni Jo Lyman, Curry County clerk.

Satellite funds OK'd

Lazbuddie School has received a TVRO grant from the Texas Education Agency.

The grant will provide the cost of equipment and installation for a satellite C-Span dish through TEA and will not

cost the district any funds.

The access to several educational satellites and the new T-Star network should give Lazbuddie more opportunities than are now offered for curriculum and staff development.

Lazbuddie will be working with the TEA engineers to complete installation by early October. After installation, Lazbuddie plans on providing an open house so folks can see it.

Dinner set

The Farwell junior class will sponsor a chicken fried steak dinner at the Farwell cafeteria before the Steer - Sudan football game Sept. 27.

The dinner will also feature baked potatoes, green beans, salad, dessert, rolls and drinks. It will cost \$5 for adults and \$3 for children 11 and under.

JV falls

The Farwell JV lost to Olton JV 40-0 on Sept. 19. "We got a first down," said coach Larry Gregory.

Wolverines of the Week

Wolverine Players of the Week were Kelvin Gooden, left, who rushed 9 times for 196 yards, and Anthony Garcia, who recovered a fumble, intercepted a pass, and was in on 4 tackles.

Texico blasts past Capitan, 31-0

by Janice Jenkins

Undefeated Texico beat Capitan 31-0 here last Friday night. Texico is now 2-0 for the season and has only allowed one TD to be scored against its excellent defense.

The Wolverines host Eunice tonight (Friday) for Homecoming. Eunice was the only team to defeat the state champion Wolverines last year.

Despite the one sided scoring effort, coach Bruce Scroggins sees room for improvement: "I didn't think we were very intent at first, but we picked it up again later. If our goal is to get better, then the second half we got closer to our goal."

Scroggins said Texico will have its work cut out for them, since Eunice is ranked No. 4 in the state for Class 2A.

At 3:47 of the first quarter, Kelvin Gooden ran 23 yards for a TD. The kick was blocked and Texico took a 6-0 lead.

Capitan was unable to make any headway against the Wolverine defense. Then with 4:29 left in the second quarter, Texico's Josefre (Pepe) Gonzales threw a 21 yard pass to Johnny Salinas for a TD. Texico chose to pass into the end zone for extra points but the pass failed and Texico led 12-0.

Just three minutes later, with 1:09 left in the quarter, Gonzales put up another pass - this time a 38 yard bomb to Louie Delgado for Texico's 3rd TD of the night. Luis Estrada kicked the ball through for the extra point, making it 19-0.

In the 2nd half, Texico's defense kept up its strong play, holding Capitan scoreless. With 5:52 left in the third quarter, Texico's Matthew Williams recovered a fumble in the end zone for another Wolverine TD. The PAT was no good. Texico now led 25-0.

Kenny Shaw added to the rushing yardage as he ran 43 yards for a TD in the third quarter with just 19 seconds left on the clock. The kick was no good, but Texico was up 31-0.

Neither team scored in the 4th quarter, but some of Texico's younger players got some playing time and experience on varsity as Scroggins put them into play.

Williams and Anthony Garcia both recovered fumbles. Gonzales hit 2 of 6 passes for 59 yards and 2 TDs, without any interceptions. Texico had 12 first downs to Capitan's 5. Texico rushed 48 times for 324 yards; Capitan, 30 for a measly 50.

Texico was penalized 40 yards and this is an area they are going to have to work on. Mental mistakes can be costly, but experience helps and it had been 2 weeks since their last game.

Yet more rain falls

More than 4" of rain were measured in the first 13 days of September in Lariat.

Yalonda McFarland also reported that .68" of rain fell at the Shirley Grain Elevator at Lariat on the morning of Sept. 13.

One inch of rain was measured at the Glenn Neie home south of Texico on the 13th.

The Rev. Bobby Atwell measured 1 1/4" of rain at his home on the 13th. Fred Chandler measured 1" of rain at the Shirley Grain Elevator in Farwell.

Scott Brown reports that .8" of rain fell in Lazbuddie. "We're way ahead of normal; it is really unusual in this part of the country."

Longhorns crack Valley to remain undefeated

The Lazbuddie Longhorns have stamped themselves a contender for a state championship in Six-Man Football by stomping a strong Valley team last Friday, 52-14, at Lazbuddie.

This marks the second week in a row that Lazbuddie beat back a top-ranked team. The previous week they stopped McLean.

And the Longhorns scored their lop-sided win behind quarterback Brett Thomas, who started the season on the JV team. He was thrust into the QB role when Paul Williams went down with an injury. Williams is scheduled to be back in 4 weeks.

Lazbuddie, 2-0, hosts Lake Arthur, N.M., tonight (Friday) at 7:30.

Valley opened the scoring in the first quarter on a 40-yard TD pass. The kick was good for an 8-0 lead.

But the Longhorns responded with 4 TDs in the first period. First, Eric Williams took a 15-yard TD pass from Thomas. The Luis Gonzales kick made it 8-0.

Then Kirk Jesko scored from the 10. The kick failed and it was 14-8. Leland Brockman galloped over from the 4. The kick missed and it was 20-8. Then Terry Darling, who recently transferred into the school district, took a 53-yard bomb from Thomas for a score. The Gonzales kick was good and Lazbuddie led 28-8 at the end of the first period.

The only scoring in the second stanza came when Jesko ran for a 50-yard TD. The Gonzales kick made it 36-8 at the half.

Valley got their second TD in the 3rd period when Hedrix hit Price with a 43- yard toss. The kick failed and it was 36-16. Lazbuddie scored again when Brockman ran over from the 5. The Gonzales kick made it 44-16 as the 4th quarter began.

The only score in the final period came on a 9-yard pass to Darling from Mario Zamora. The Gonzales kick made it 52-16.

Coach C.W. Williams was very happy with the game's outcome. He complimented the fine blocking of center Eric Williams. He noted that Thomas hit 11 of 15 passes for 227 yards and 2 TDs. And Jesko ran 13 times for 203 yards and 2 TDs.

Hancock brings in 1st load

Louise Hancock's farming operation brought in the first load of grain at the Sherley Anderson Pitman Elevator in Farwell.

Louise is the winner of the check for bringing in the first load. It had a moisture rating of 27, and it weighed 56 lbs. a bushel.

Fire Calls

The Texico fire department responded to three calls last week:

On Sept. 11, they were called to 205 Lamar St. to assist an ill subject at 4:11 p.m.

On Sept. 16, they were called to extinguish a car fire at 300 Lamar St. at 2:48 p.m.

On Sept. 18, they were called to 221 Anderson to assist a fall victim at 2:36 a.m. No transport was made.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 5, 1991

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retardation

institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least two-thirds of the members of each house, during any regular session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

This proposed constitutional amendment is similar to the version of article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the exemption if its bylaws provide that

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

The F.C.C. Auxiliary certainly knows the way to our hearts! I know you must get tired of reading the same thing each September about how good the melons were and our thanks to the Kalbases for supplying them but ... gosh, they were good and the Kalbases did donate 8 delicious melons.

From 3:30 to 4:30 Tuesday was pretty filling and with most eating two large bowls of watermelon we heard many signs of contentment. The joking and teasing that passes between residents and auxiliary members is a joy to hear. The laughter made the melons that much sweeter!

Several residents are avid sports fans and wanted to extend words of support to the Farwell Steers on their game Friday evening. Good luck, Steers. We're cheering for your victory. Let's face it - you're never too old for Blue Thunder - White Lightning. Get 'em Steers! Thank you for being you.

Notice of Sheriff's Sale

By virtue of a judgment issued out of the Honorable 287th Judicial District Court of Parmer County, Texas on August 13, 1991 in the case of Farm Credit Bank of Texas v. Laurance A. Kriegel, Cause No. 8830, ordering the foreclosure of all deed of trust liens existing by virtue of those certain Deeds of Trust, dated August 22, 1974 and March 14, 1978, executed by Laurance A. Kriegel for the benefit of the Federal Land Bank of Houston (predecessor in interest to Farm Credit Bank of Texas), recorded in Volume 84, Page 252 and Volume 91, Page 331, respectively, of the Deed of Trust Records of Parmer County, Texas and to me, as Sheriff, directed and delivered, I have levied upon this 4th day of September, 1991, and will between the hours of 10:30 a.m. and 1:30 p.m., on Tuesday October 1, 1991, at the courthouse door of Parmer County, in Farwell, Texas, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which Laurance A. Kriegel had on August 22, 1974 in and to the following described property, to wit:

All of the south 320 acres of Section 1, Township 1, Range 2 east, of a Capitol Syndicate Subdivision in Parmer County, Texas, as show by plat by such subdivision of record in the deed records of Parmer County, Texas.

Said deed of trust liens being foreclosed against the aforesaid property to satisfy indebtedness of Laurance A. Kriegel to Farm Credit Bank of Texas pursuant to the aforesaid judgment amounting to \$137,297.27, plus accrued post-judgment interest and all costs of

executing the judgment. Given under my hand this 4th day of September 1991.
