

At Special Session - -

## Gasohol Bill Passes, GPI Plans Board Meet

It was right down to the wire, but Guy Austin and Bert Williams of Farwell plus many other lobbyists proved truth to the old saying, "Where there's a will, there's a way!" On Tuesday, Aug. 11, at approximately 10:30 a.m., the long-awaited Gasohol Tax Exemption Bill passed during the Texas legislature's special session.

The bill, which was put to its death by filibuster in late May,

came out of the Texas Senate early this week with a 28-2 approval vote, and was then sent to the House Ways and Means Committee where it emerged with a 7-2 vote of approval.

To get the bill passed, minor rewording had to take place though, according to Austin, who said, "We had to comply with the road people to make them happy."

To do so, the words "tax

exempt" were changed to "refund", which means all gasohol funds will now come out of the state's general fund instead of the gasoline tax fund.

The bill finally went to the floor of the special legislative session for the deciding vote in the session's final hours. An exuberant Austin phoned the Tribune immediately following the bill's approval, and said that the only thing to happen

next is that Gov. Bill Clements will sign the bill into law.

The new gasohol bill gives a tax credit to gasohol distributors of five cents a gallon until 1986. The credit will then decline one cent a year until 1990, when gasohol will be taxed at the same rate as gasoline.

Allowing the credit will make the gasohol product competitively priced with gasoline at the pumps, and should

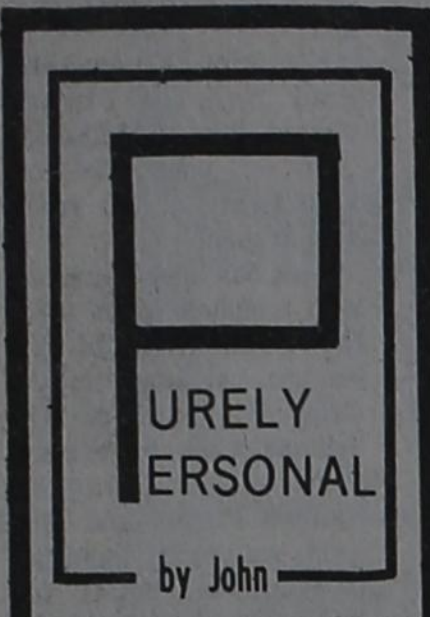

encourage the construction of gasohol plants in Texas.

According to Senator Bill Sarpalus, one of the supporters of the bill, more than 1300 Texas farmers are prepared to spend \$200 million on three gasohol production plants. The senator reports that one plant is to be in Dumas, one in Muleshoe and one in Hutto.

"This investment should be worth about \$650 million for our state. There is also a

strong possibility that other such plants will be built in the Panhandle area in the future, bringing in even more jobs and more industry," the senator said in a recent news release, adding, "on the average, each dollar of investment in the new industry contributes about \$3.50 to the state's economy."

Austin said the next step for High Plains GPI Cooperative, of which he is chairman, is to (Continued on Page 2)

Being out of sight does not necessarily mean being out of mind. In this case we are referring to the controversial MX missile placement program. While it may be off the front pages for the time being it still is being given consideration by the Department of Defense.

Over the past weekend we were in an informal press conference with Senator John Tower, who is now the head of the Senate Armed Forces Committee. This puts him pretty high on the Defense Department's Totem Pole. In response to a question about the probability of the MX missile being airborne he flatly said there was no chance that the committee would opt for this very unreliable method of missile launching.

On further questioning he opined that the MX would be land based and put in the ground. However, the ray of hope for our area was that the program would probably be vastly scaled down both from the standpoint of missiles, silos and ground area requirements. End of his comments on the subject.

Our U.S. Representative Kent Hance also spoke out about the Reagan program for reduced government spending and tax relief for the taxpayer. Kent is very optimistic that this program will be extremely beneficial to the financial health of the country and that the cap on the ability of Congress to gather additional taxes will begin to stifle future bureaucratic growth.

You could hear loud AMENS all over the audience. Without a doubt the country is in the mood to cut government spending by cutting many of the overblown social programs we have developed in the past two to three decades.

Tower and Hance both, however, cautioned that we were looking at at least a six-to-eight month period before any positive results would be ascertainable from this new direction of the government. They both adjured the assembled publishers and editors to go home and stress the length of time it will take for an increase in business activity and a definite lessening in interest rates.

We came away quite cheered by these worthy gentlemen's assessments of the political and economic future of this country.

How great it is to return to our small community. How do we know it's small? Well, according to Bill Kent, here are some clues.

You know you're in a small town when... The airport runway is terraced.

You don't use your turn signal because everyone knows where you're going.

You know you're in a small town when... You dial a wrong number and talk for 15 minutes anyway.

You are run off main street by a combine.

You can't walk for exercise because every car that passes offers you a ride.

You get married and the local paper devotes a quarter page to the story.

You drive into the ditch five miles out of town and the word gets back to town before you do.

You know you're in a small town when... The biggest business in town sells farm machinery.

You write a check on the wrong bank and it covers it for you.

The pickups on main street outnumber the cars three to one.

You miss a Sunday at church and receive a get-well card.

Someone asks you how you feel then listens to what you say.

Thank God for small towns... and the people who live in them!

### Ready For School

Texico High School secretary Kay Warmuth readies her front office for the beginning of school, which for Texico students is Monday at 9 a.m. Sharp. It's goodbye to sleeping

late and hello to the early morning bells ringing in the new school year. School begins in Farwell on August 24 and in Lazbuddie on August 26.

Registration at Farwell will take place this week and in Lazbuddie on the first day of school. See related articles in this issue.

## Classes Begin Monday For Texico Students

Texico students say goodbye to summer and hello to school books on Monday as the bell will ring sounding the beginning of the 1981-82 school year at 9 a.m. MDT.

Pre-registration took place last week and reports indicate that many new students will be attending school at the home of the Wolverines.

Monday's classes begin at 9 a.m. but will end at 2 p.m. However, classes will dismiss at the usual time of 3:30 p.m. for the remainder of the week and school year. Lunch will be served in the cafeteria beginning on Monday.

Jim Pierce returns as the system's superintendent, and the principals will be James Harding, high school; Kenneth Shaw, junior high; and George Herrington, elementary school. Faculty and staff of the high school are Kay Warmuth, secretary; Nadine Maben, science; Ronnie Warmuth, math; Juanita Hadley, English, Spanish; Kendale Burch, home economics; and Ann Liethen, history.

Also, Mary Williams, speech, typing and accounting; Eddie West, Vo-ang; Sylvia Burgett, art and library; Paula Leighton, resource room; and Jerry

Sadberry, high school band; And, Roy King, physical education; Ken Shaw, driver's ed; David Lynn, football and track coach; Scott Parker, coach; and Mike Littlejohn, coach.

Junior high faculty and staff (Continued on Page 2)

## Farwell Sets Registration, School Begins Aug. 24

Farwell students will begin registration for the 1981-82 school term next week. On Thursday, Aug. 20, seniors are to register at 10:30 a.m. at the high school auditorium and the juniors will register the same day at 2 p.m., also at the auditorium.

Sophomores are to register Friday, Aug. 21, at 10 a.m. and the freshmen registration will be at 1 p.m. that date, also in the auditorium.

Elementary school students who are new to the district will register at the elementary building on August 20 from 9 a.m. to noon and from 1 to 3 p.m. Also to register at that time are kindergarten students who will be five years of age by September 1.

Junior high students will register on the first day of school, August 24.

High school students registering will receive school handbooks, be assigned a locker and receive text books in addition to registering for

classes. A list of necessary supplies for the elementary children was published in last week's Tribune. A correction to the 6th grade supply list is as follows, according to Betty Turner, instructor:

Notebook, notebook paper, 1 spiral composition notebook (wide line), 2 #2 pencils, 1 Elmer's Glue, 1 box crayons, 1 scissors, 2 folders with pockets, 3 red grading pencils (no pens), 1 box tissues, 1 package dividers, 1 package reinforcers, 1 eraser and NO water color set.

### Lazbuddie School Begins August 26

Students attending Lazbuddie Schools will return to their classes August 26. Registration will take place on that day also.

Teachers will have in-service and a teacher workday August 24-25.

### We And Our Shadows

The streets of Farwell saw so much rain this week that youngsters like Jennifer and Chris McGuire of Lubbock, who are here visiting their great-grandparents, Mr. and Mrs. Jim Beaver of Farwell,

could actually see themselves in the many deep puddles of water left behind. Farwell had approximately 4 inches of the rain this week, and at presstime Wednesday it was still falling.

Depressing The Market? - -

## CCC Grain Sales Cause Controversy

by Mary Sobin  
News Editor

Some say there is nothing to worry about, some say the local market will be devastated, and some are so worried that legal action is being prepared.

What is all the controversy? The grain and corn sales in this area by the Commodity Credit Corporation (CCC), an off-shoot of the U.S. Department of Agriculture.

"The Grain Sorghum Producers Association (GSPA) is proposing legal action against the Department of Agriculture because corn shipped by the government from northern corn belt states is being sold in competition with grain produced by High Plains farmers," said Elbert Harp, GSPA Executive Director. "Our lawyers are beginning to prepare a case, but are working with the USDA hoping to settle out of court."

Commodity Credit Corporation (CCC) is a lending agency administered by the U.S. Department of Agriculture. The corn currently being sold by CCC was purchased from farmers and grain pro-

ducers who were stuck because of the Russian Grain Embargo, according to Prentice Mills, director of the Farwell ASCS office.

"The Secretary of Agriculture directed CCC to buy corn and grain sorghum at public bid. They bought 200 million bushels, mostly from the Mid West. But there isn't much grain storage in the Mid West so they looked at the Panhandle," said Mills. "We have got good elevators. So they said to us, 'We're going to export this but we need to store it on the way to the port until we get it sold.' So they shipped it here and everybody was told that it was being stored 'in transit.' It's not a lot of corn, about 47-50 million bushels, but that amounts to about 50 percent of a crop to us locally," he said.

Mills continued by saying, "So now they are offering this corn for sale locally, and it depresses our local market."

But according to Jim Schlick, director of the ASCS Kansas City Commodities office, the CCC sales will not affect the High Plains grain and corn producer, or the local market. "We really don't think it will. We're trying to handle the sales in a slow and orderly manner."

Schlick also said that the reason the corn is being sold here, and across the nation instead of being exported as promised is because "we have no customer for export." The Kansas City director said he had "no comment" on the pending legal action.

Local businessman and farmer J.B. Sudderth said, "We've earned a better market

here because of our own feed-lot development, and now the government is trying to cash in. I think people should get in touch with their congressmen as soon as possible. You won't believe the effect it (sales) will have around here."

Sudderth's main concern is the fact that he believes that the corn and grain sorghum being offered for sale will sell for much less than what the local producer can sell his for. "We have to irrigate here, we

just can't compete with those producers who don't," he said.

GSPA director Harp stated, "We believe this action is totally wrong. It is definitely unfair and we believe it is illegal. It (the sales) will force many sorghum and corn farmers into bankruptcy this year. This action will most likely cost High Plains sorghum and corn farmers a minimum of fifty cents per hundred weight, or \$5000 for a million-pound farmer, on all (Continued on Page 2)

## Thefts, Break-Ins Top County Crime Reports

The night of August 6 was a busy one for Farmer County sheriff's officials as several thefts and breaking and enterings were reported.

Foster Fertilizer in Lazbuddie was struck three times that night in three of their structures. The business office was broken into and the office safe was pried open. According to Sheriff Bill Morgan only personal papers were missing from the safe.

To gain entry into the safe, the burglars also broke into the business's shop building and stole the necessary tools which were left beside the safe. A trailer house on the same property was also broken into, but Morgan reports that nothing was missing from that building.

On the same night, Lazbuddie Grain Co. had a box car used for storage broken into, but nothing was reported

missing. Also on August 6, Gerald Norton reported that gasoline had been stolen from a gas tank located on his farm two miles north of Farwell. To obtain the gas, thieves broke the lock off the tank, Morgan said.

Tri-County Tire Company of Farwell had four tires stolen on August 6, and Sheriff Morgan says they are valued at approximately \$430.

Tom Mesman of Farwell reported that an Equalizer Power Booster had been stolen from his pick-up truck on August 6, and Mesman places a value on the missing item at \$80.

On August 10, J.W. Eubank of Farwell reported that two or three 8-track tapes were stolen from his automobile, as well as the glove box tray to the vehicle. The missing items are valued at \$75.

## Water, Water Everywhere! And More On The Way!!

Some people are becoming so water logged with the current downpour of rain that rumors have it some are beginning to build ark-like boats. The steady rains began their descent late Sunday, and according to Lt. Edward Erwin at the Cannon Air Force Base weather office, the wet weather is expected to continue in this area as the pattern is "slowly drifting eastward" with only a "gradual trend of diminishing." Lt. Erwin also said that the weather outlook for Farwell and Texico over the weekend is "partly cloudy with afternoon showers probable."

As with most everything else, it's either feast or famine, and right now the Twin Cities are seeing a feast of rain, water and just plain wet.

Fred Chandler at Sherley-Anderson-Pitman in Farwell said his gauge showed 3.95 inches since the beginning of the downpour, and at presstime the drips and drops were still falling.

Walter Curd in Texico said he'd had four inches since last Saturday and reports five inches for the first 12 days of August. Curd said 3.60 inches fell Tuesday alone.

In Lariat a spokesman at the Sherley-Anderson grain elevator there said that area has received "about three inches."

Farmer County Extension Agent Seth Ralston says that the Bovina and Friona areas are "even wetter than we are" and this current onslaught of moisture is "super for the corn and milo!"

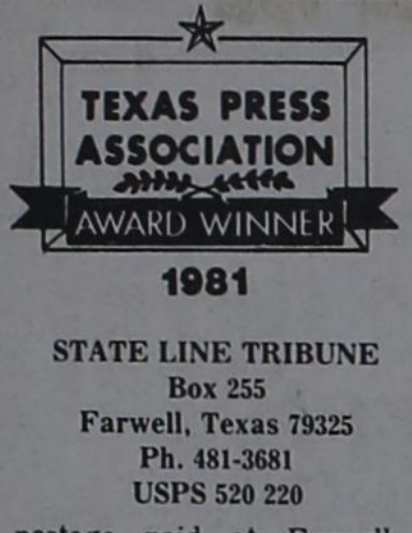

Ralston explained, however,

that if the sun doesn't make an appearance shortly and produce some nice hot weather, the cotton crop may suffer. "If it would just clear off and let the weather get real hot and allow the cotton to mature, we'd be in fine shape," he said.

However, according to the extension agent, this current trend of moist weather and cool nights may prove detrimental to the cotton crop if the weather doesn't warm up soon.

"When the temperature drops below 60 degrees the cotton plant quits developing, and causes fiber development damage," the agent said.

However, Ralston is not upset at the present time and says if the sun would come out soon everything would be just fine.

**CCC Grain Sales . . . (Continued from Page 1)**

grain currently being held or produced in 1981."  
**WEAKENED MARKET**  
 According to Harp, the effect of sales of one million bushels of "sample grade" corn from stocks earlier in the spring and the anticipation that more would soon be sold has drastically weakened the High Plains grain market.

Whether the sales of the sample grade are the exact reason for the depressed grain market is really not known, but Harry Johnson of Sherley-Grain's main office in Bovina, agrees that the market is slow at the present time. "There's not anybody buying right now. They're (CCC) not having any more luck selling than the local farmer is," Johnson said, adding, "The market is pretty quiet right now. The number of cattle on feed is way down."

But Gayle Morris, manager of the Bovina Feeders feedlot, disputes that statement by saying that the number of cattle on feed at his lot is "up a percent or two from last year."

Morris also said that his lot is "not planning to purchase any grain from CCC. We will continue to purchase from grain brokers and local grain growers."

Walt Olson, manager at Far-Tex Feeders, says his cattle number on feed is way down from this time last year, and that he has no intention of buying any CCC grain "unless it comes to me second hand."

Olson said he plans to continue to deal with his regular feed sources. "I haven't been offered any (from CCC) and I'm just not interested in getting into it," he said.

Johnson stated that although many of the Sherley elevators are storing the CCC grain and corn, "We haven't sold any yet. I think hereford is the closest place to this area that has sold any. In fact, I think the new crop of grain may be cheaper than what CCC is offering this at."

Well, what "they're offering this at" is, bid at the local loan rate, times 115 percent plus 54 cents a bushel, according to Prentice Mills, who said that the cost of the sale would average \$6.43 a hundred for number two grade corn.

GSPA director Harp explained that the High Plains is a deficit production area, therefore the price of grain in Kansas and Nebraska, plus freight, determines the market price here. "Since grain produced in the High Plains is irrigated, producers must receive higher prices to recover cost of production. But with the government paying the freight, handling and storage costs on the imported grain, in effect subsidizing it by that amount, they are in competition with our local farmers."

Harp added, "Our attorneys advised us that we have grounds for a legal suit against USDA. But it's the last thing we want to do. It's a pretty distasteful thing and we'd like to get them to export this grain, just like they originally promised."

**WHERE IS THE GRAIN?**

According to Johnson at Bovina, most of the concentration being stored for CCC is in the Plainview and Lubbock area, with only "some" being stored in Parmer County. Johnson said that most of what is being sold by CCC is grades number four and number five, and that mostly number two grade is being held in Parmer County for CCC.

The CCC's most recent statement is that they intend to sell the grain sorghum and corn in such a way as to not disrupt the local market. But what Sudderth and Harp think, is that the market will be disrupted so badly that many local farmers may find themselves out of business in the near future.

But on the other hand, the local grain elevators have reported that none of the CCC grain and corn has been sold here, and two local feedlots say they have no intention of buying any of the CCC grain or corn.

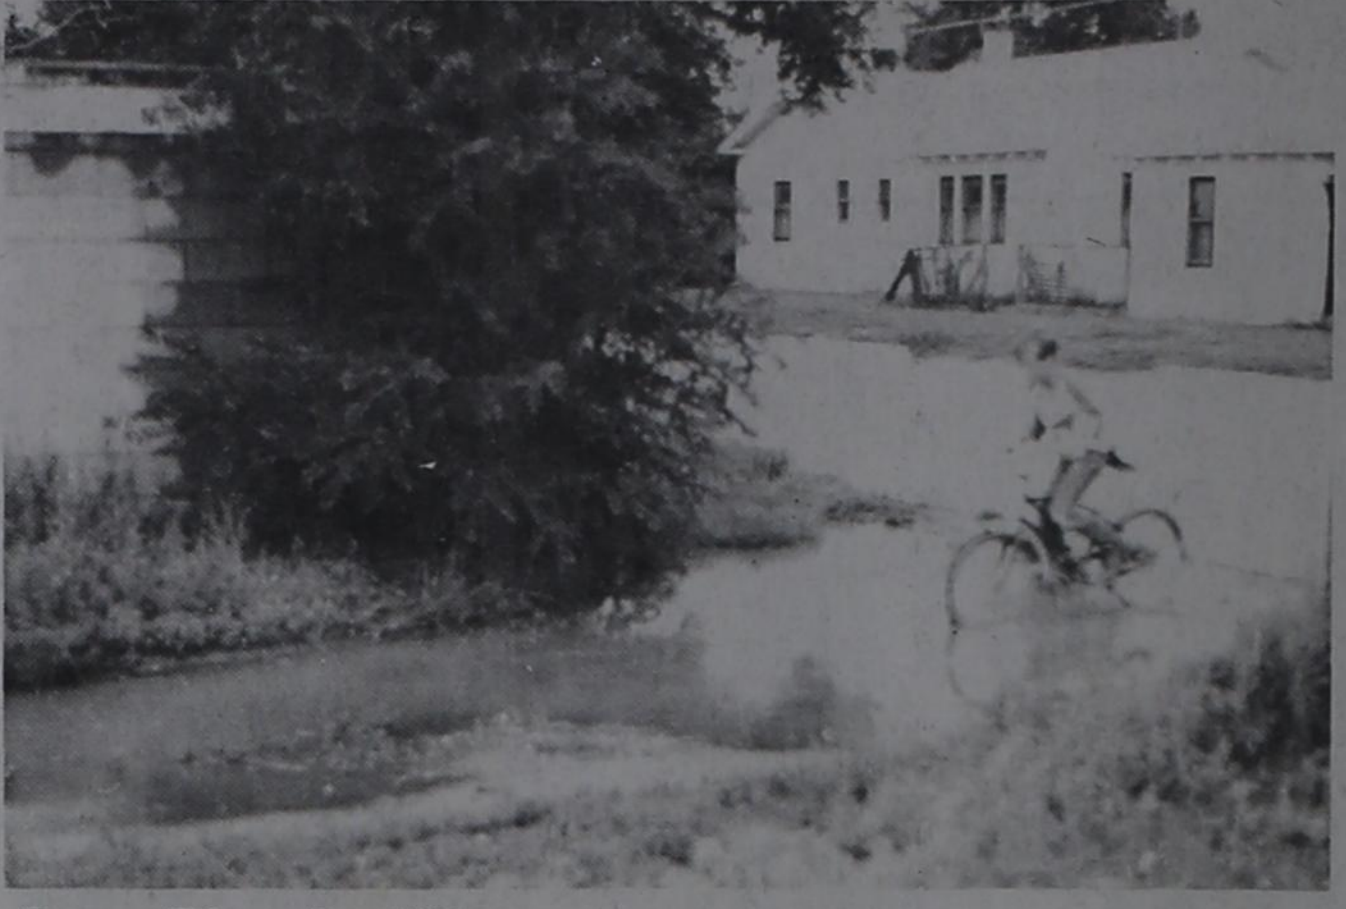

The GSPA legal fund is over \$100,000 with donations from farmers, elevators, banks, savings and loan associations, feedlots and cattle breeders, according to Harp. "The donations have come from Colorado, Arizona, New Mexico, Oklahoma and Texas," he said.

"This legal action against USDA and CCC is co-sponsored by Grain Sorghum Producers Association and Texas Corn Growers Association. It has been formally endorsed by Texas Farmers Union, Texas Women Involved in Farm Economics, and Moore County Farm Bureau," Harp said.

The GSPA director explained that attorneys are now preparing the legal action against USDA but that the actual case will not be filed until legal funds reach \$250,000. "We will not file the case before we have enough funds to see it through the courts," he said.

Is it fair? Has the CCC grain and corn sales affected the local market and the local producer? Local people seem to think so, including grain elevator operators, the local ASCS office director, and most especially, Elbert Harp in Abernathy, Tex.

The only person who didn't seem to think so was Jim Schlick in Kansas City.

**Love That Stuff!!**

Everyone has different feelings about rainy weather, but farmers love it, and kids love it. Although kids are sometimes forced to stay indoors while the drops fall outside,

once the rains let up, the streets become filled with kiddos like Joe Norris of Farwell who gets a big kick out of sloshing his two-wheeler through the many muddy

puddles caused by the rains. Really, why ride a bike on a dry sidewalk when you can get to your destination just as easily through some good ole American mud?

**★ Tribune Gets Around**

Electric car inventor Paul Beck of Farwell phoned this week to say "you tell your boss that little paper of his really gets around!"

Beck has been inundated with telephone calls since the publication of his electric car story in the July 31 issue of the Tribune. Calls have come from as far away as Kansas, Illinois and Missouri, with many inquiring into the blueprints for making a car of their own. Beck said one man phoned from St. Louis, Mo., saying he was an engineer and wanted to purchase the \$20 plans to the car Beck had mentioned in the interview.

After seeing the Tribune feature, a Muleshoe radio station broadcast an interview with Beck three times last week, and on Sunday his home was swarming with Muleshoe residents who came to see "the car."

Beck is not at all disturbed by his sudden fame, and says he has immediate plans to take on a Muleshoe attorney as his partner and they will soon begin offering the plans to the car for sale.

**William Jones Rites Tuesday In Clovis**

Funeral services for William (Bill) Jones, 72, of Clovis were conducted Tuesday, Aug. 11, at Steed-Todd Memorial Chapel in Clovis with Dr. Herbert Bergstrom of Portales officiating. Interment was in the Mount Olive Cemetery south of Farwell under the direction of Steed-Todd.

Mr. Jones died Sunday in the Veterans Hospital in Amarillo. Born September 25, 1908 in Altus, Okla., Mr. Jones came with his family from Bledsoe, Tex., to the Farwell-Clovis area in 1934. He lived in the Farwell area for many years and was well remembered by friends here.

Mr. Jones served in the U.S. Army from 1945 until 1948 and had been a member of the American Legion.

He is survived by three brothers, Emmett Jones of Morton, Carl Jones of Clovis, and Herman Jones of Borger; one sister, Cora Mae Hudson of Clovis. Other survivors include Opal Jackson of Clovis and three girls he reared in his home, Corinne Hardage of Farwell, Jeanie Bailey of Clovis and Norma Baird of San Antonio; 12 grandchildren and nine great-grandchildren.

Pallbearers at final rites were Kevin Cooper, Dean Hardage, Jamie Cooper, David Baird, David Birch and Steve Meeks, with all friends being named honorary pallbearers.

**Services August 1 For Belle Willard**

Funeral services for Mrs. Velma Agnes "Belle" Willard, 73, of Bovina were held Saturday, Aug. 1, in First United Methodist Church of Bovina with Rev. Dick Richards, pastor, Rev. Alan Forbis of Oklahoma Lane Methodist Church, and Rev. C.R. Hankins officiating.

Bakersville, Calif.; one daughter, Virginia Eason of Irving; four sisters, Alice Muckleroy of Bay Town, Gladys Whitney and Ruby Bauch, both of Ingleside, and Lena Marshall of Livingston; two brothers, Homer Collins of Ingleside and Milton Collins of Goliad; nine grandchildren and three great-grandchildren.

Pallbearers were Dennis Willard, Carl Willard, Michael Willard, Jeffrey Willard, Danny Murray and Alton McCormick.

Burial was in the North Fairview Cemetery in Wellington, Tex.

Mrs. Willard was born May 20, 1908 in Wellington and was married to Vernon Willard, a Methodist minister, on December 25, 1933, in Ingleside, Tex. The two served churches throughout the Northwest Texas Conference for 38 years.

Survivors include two sons, Vernon C. Willard of Bovina and James David Willard of

members include Audrey Kirtrell, secretary; Carol Brock, math; Gina Piazza, special ed; Jerry Sadberry, music and band; Anna Southard, language arts; and Ima Gene Swinney, resource room.

Faculty and staff members at the elementary school include Rita Dunsworth, Wanda Turnbough, Ann Pearce, Dale Swartz, Alice Richmond, Nona Beth Holloman, Joanne Edwards, Eloisa Aragon and Kay Singleberry.

Elementary school supplies requested by teachers are as follows:  
**FIRST GRADE:** box of crayons (16); 2, no. 2 pencils (regular size); tablet or spiral notebook; big eraser; Elmer's glue (4 oz. size); sharp pointed scissors; box of tissues, set of

watercolors; cigar or school box; school bag (optional);

**SECOND GRADE:** notebook paper or tablet; sharp scissors; large eraser; large bottle of Elmer's glue; set of watercolors; large box of tissues; pencils; crayons (16) supply box;

**THIRD GRADE:** notebook paper; large bottle of glue; large eraser; scissors; several pencils; set of watercolors; crayons (at least 24); ruler; box of tissues; box for supplies;

**FOURTH GRADE:** 2, no. 2 pencils; 2 red pencils, scissors; large bottle of Elmer's glue; box of crayons; set of watercolors; box of map pencils; ruler (metric); large eraser; box of tissues; notebook or

clipboard; notebook paper, wide line; 3 spiral notebooks, wide line; school box; comb;  
**FIFTH GRADE:** notebook (looseleaf type) notebook paper; large bottle of glue; sharp pointed scissors; several pencils; set of watercolors; crayons (at least 24); ruler; tissue; box for supplies; map pencils (8 colors) 3 spiral notebooks; 2 red pencils.

**Gasohol . . . (Continued from Page 1)**

call a board meeting to make future plans for a local gasohol plant.

"We haven't planned anything at all depending on this. Now we'll have a board meeting to see what's in store for us," he said.

Gasohol is a blend of 90 percent unleaded gasoline and 10 percent ethanol, and the GPI cooperative chairman has previously stated that once the bill passed, three Texas plants would be producing 85 million gallons of ethanol annually within two years.

Union president Mike Mueller; and Ralph Roming, the lobbyist from Bovina.

Austin also had high praise for State Senator Bill Sarpalus and House Speaker Bill Clayton for their persistence in seeing the bill passed.

"I also want to thank everyone from this area who supported us with their calls and letters," Austin added, and said triumphantly, "We did it!"

"We really put a lot of effort into this. But it wasn't just us, it takes a lot of people to get a job like this done," said Austin, who said he had deep appreciation for the "tremendous" help given the gasohol effort by American Agriculture personnel Marvin Meeks and David Center; the Farmer's

New Teachers Hired - -

## School Lunch Prices Set By Farwell School Board

Prices for school lunches and the hiring of new faculty members took place at Monday night's Farwell school board meeting in addition to other school business.

Prices for the school meals were set as follows: Kindergarten through grade 5, 90 cents; grades 6-8, 95 cents; grades 9-12, \$1; teachers, \$1.50; and visitors, \$1.75.

The board also voted to charge 15 cents for extra milk and that no second servings be allowed for meals unless the lunch ticket is punched a second time by cafeteria personnel.

Members also voted to retain cafeteria manager Robbie Johnson and five workers for the lunchroom, and the bid from Borden's milk was accepted.

New faculty members Diane Alfaro, high school special education teacher, and Joyce Lee Baker, junior high school teacher, were hired by the school board, at \$875 above state pay schedule.

The resignations of Pam Goodman, Ted Phillips and Pat Greenwood were accepted, and

it was decided to divide equally between the four athletic coaches the differences in the \$3375 increment for coaches and \$875 for teachers. The increase for the four coaches will take place only for the coming school year.

The Security State Bank of Farwell was selected as the school's depository bank for the period from September 1, 1981 to August 31, 1982, and Heritage Insurance Managers of San Antonio was accepted for Student Accident Insurance for the 1981-82 school year.

The Attorney General's Voluntary Student Code of Conduct was adopted by the board for all three Farwell Schools.

Members of the board are hoping to obtain a new school bus and to do so have requisitioned a 71-passenger bus from the State Board of Control.

The proposed band trip to the Sandy Lake contest tentatively set for next May was approved at the Monday night meeting.

Those attending the regular school board session were members Wilbert Kalbas, Joe

Hughes, Richard Haseloff, Bill Martin, Edward Corn, Billy Mayfield and Caroline Anderson.

Also present were W.M. Roberts, James Craig, Don Malone, Jerry Owen, David Gobble, Bruce Dollar and Robbie Johnson.

### Roberts Hears Cases

Two cases of driving while intoxicated and one case of assault were heard by Parmer County Judge Porter Roberts this week.

Isabel Marrufo, 32, of Bovina, charged with DWI, was fined \$150 plus court costs and sentenced to three days in Parmer County custody.

Benny Gomez, 17, of Muleshoe, charged with DWI, was fined \$150 plus court costs, sentenced to 20 days in county custody and given six months deferred adjudication.

Domongo Rubio, 36, of Farwell, charged with assault posted \$300 bond pending a court hearing.

### After 25 Years

Farwell High graduates of 1956 gathered the weekend of August 1-2 to see what changes had taken place during the 25 years they had been away

from high school. A good turnout was on hand for an evening of food, fellowship and fun at the home of Troy and Lillie Christian on August 1.

Some of the graduates attending are shown in the above photo although the Tribune staff was unable to identify all of them.

## 1956 Graduates Meet For 25th

Several members of the Farwell graduating class of 1956 met in Farwell on the weekend of August 1-2 to get re-acquainted, reminisce and "just plain visit" while celebrating the 25th anniversary of their graduation.

Troy Christian, class member, and his wife Lillie hosted the group on Saturday night when they met at the Christian home for a cookout and evening of visiting and taking pictures.

Part of the group then got together Sunday at the city park in Farwell to conclude the weekend get-together and make initial plans to meet again in a few years.

Former classmates, spouses and friends present for the festivities at the Christian home were Betty and John

Weiman of Germantown, Tenn., Elton and Soki Kesner of Hobbs, N.M., Ima Jean and Homer Stone of Excelsior Springs, Mo., Glenna Bryan of Fairfax, Va., Berna Dean and Clarence Kube of Muleshoe;

Also, Jerri Tharp of Texico, Linda Smith of Carthage, Mo., Harvey Lesly of Amarillo, Betty and Jesse Range of Ft. Worth, Dixie Jesko of Texico, Bill and Yaunda Martin of Lariat, Jerry Don and Norma Utsman of Farwell, Elaine Lackey of Amarillo, Troy and Lillie Christian of Farwell, Jimmy and Kay Schell of Broadview, N.M.;

And, Dean and Georgiana Smith of Texico, Irby and Vicki Range of Alvarado, Tex., Eddie and Jean Smith of Farwell, Lee and Brenda Jesko

of Muleshoe, Shirley and Bobby Calaway, Sarah Marsh of Farwell, and Herbert and Betty Ramage of Muleshoe.

### Lions Set Broom Sale

The Texico-Farwell Lions Club has announced that the club's annual Broom Sale has been scheduled for September 4-5.

Although an exact location has not been determined for the sale, a Lions spokesman said that the sale will begin at noon on Friday, Sept. 4. On sale will be brooms, mops, dusters and all types of household cleaning equipment along with door mats, pot holders and many other items, all made by the Texas Caravan for the Blind.

A percentage of the proceeds goes to the Lions for use in the various philanthropic projects sponsored by the club.

Chairman of this year's Broom Sale is Dutch Quickel.

## Revival Scheduled At Oklahoma Lane Church

A revival is scheduled at Oklahoma Lane Methodist Church from Sunday through Wednesday, Aug. 16-19, announces Rev. Allen Forbis, church pastor. Evangelist will be Rev. Wesley Putnam.

Rev. Putnam is a conference pastor at Hale Center and Lazbuddie.

Revival services will take place twice daily, beginning on Sunday at 11 a.m. and 7:30 p.m. and on Monday through Wednesday at 7 a.m. and 7:30 p.m.

Richard Montgomery of Farwell will be song leader, and music will be provided by various members of the Oklahoma Lane Methodist congregation.

### SCHOOL LUNCH MENU

#### TEXICO

MONDAY - Enchiladas, buttered corn, lettuce and tomato salad, mixed fruit, milk.

TUESDAY - Hamburgers, lettuce, pickles, onions, tomatoes, French fries, fruit cobbler, milk.

WEDNESDAY - Pinto beans, macaroni and tomato, cole slaw, cornbread, applesauce, chocolate milk.

THURSDAY - Oven baked chicken, creamed potatoes, green beans, hot rolls, peaches, milk.

FRIDAY - Meat loaf with catsup, buttered potatoes, celery stick, hot rolls, half an apple, milk.

#### FARWELL

School Begins August 24

### Supplies Listed - -

## Farwell Kindergarten Schedules Announced

Farwell school officials released the following rosters for the morning and afternoon sessions of kindergarten classes, which will begin August 24.

Attending the morning sessions from 8:30 - 11:20 a.m. will be Tammy Wilhite, Ginny Mitzelfelt, Danielle Palady, Lorri Murray, Jill Actkinson, Joey Martin, Jonas Hernandez, Klay Camp, Reace Bennett, Jody Reyes, Ivan Burton and Chon Arce.

Students in the afternoon session who will attend class from 12:50 - 3:40 p.m. are Michelle Garza, Melinda Landrum, Ruby Rubio, Criselda Vidaurri, Derick Herington, Oscar Saenz, Jeremy Ortiz, Brent Harrison, Chris Garcia

and Eric Delgado.

The following supplies are needed by the children: one box tissues, one box JUMBO crayons with only the basic colors, one bottle Elmer's glue (no substitutions, please), one school box or cigar box, two Laddie pencils and 1 package assorted construction paper.

Parents will please note the times that classes begin and end and are reminded that children are not to be left at the playground prior to or after class time since teachers are not on duty to watch the children during these times.

School officials advise that if a child is to be released to walk home from kindergarten

or to go with someone other than his or her parents, or to be allowed to wait for parents outside the classroom, the school MUST have a signed note on file. If a signed note is not on file stating this, the kindergarten student will be released only to parents, school officials say.

When parents bring their children to school they should wait until the child is inside the building before leaving. These rules were established for the security and safety of the child and must be adhered to.

Children should bring ONLY the supplies listed above as all other materials are furnished by the school.

## Texico School Board Hires New Teachers

Members of the Texico School Board met Tuesday night, and among the items voted on were the hiring of two new faculty members, and the setting of lunch prices.

Connie Blue of Portales has been hired by the board to teach high school English and journalism, replacing Kay West who is taking a year's leave of absence. Lupe Loya of Clovis was hired by the board to teach first grade. She will be an addition to the elementary school faculty staff.

Prices for the 1981-82 school

lunches were set as follows: visitors, faculty and staff, \$1.40 students, 90 cents; reduced price lunches, 40 cents; and milk, for both students and adults, 20 cents each.

The board also adopted an "offer versus serve" policy in the cafeteria whereby students may now refuse two items of the five items of food offered to them. This new policy was adopted with the hopes of reducing food waste.

School principals James Harding and Kenneth Shaw were appointed by the board to

serve as official voters for the New Mexico Activities Association.

The resignation of Alta Jesko, diagnostician aide, was accepted by the board.

Those attending the regular school board session were members Aryle Crooks, Herman Gerries, Roy Thornton, Greg Martin and Mike Spearman.

Also present were George Herrington, Max Carter, Jim Pierce and Marcia Leavell.

## Amarillo Site Of 4-H County Camp

Roller coasters and hot dogs teamed up for an exciting Parmer County 4-H Camp, Monday, August 10.

Members, parents and guests of all 4-H clubs in Parmer County traveled to Amarillo for a fun-filled evening of county camp.

The group met at Thompson Park for a cookout sponsored by the Parmer County 4-H Council. At this time an Adult Leader's Association was formed.

This association is comprised of leaders and parents from all 4-H clubs in the county. Officers elected included president, Wayne Rhodes of Friona; vice-president, Sandra Johnson of Bovina; and secretary-treasurer, Judy Rhodes of Friona.

After supper, 89 people walked across the park to Wonderland Amusement Park to enjoy the rides for the remainder of the evening.

## Peaches Take The Cake

Glance at the calendar. There's still plenty of summer left and markets are literally bursting with baskets of fresh peaches. This means one great dessert for tonight's enjoyment.

Time short? Don't worry about baking the traditional shortcakes when you can easily take home a store-bought jelly roll - the beginning of a Peachy Jelly Roll

dessert. Cut a small jelly roll into 1/2-inch slices. Spread thawed frozen whipped topping between slices and reassemble on a serving platter. Cut into diagonal slices and serve with sweetened sliced fresh peaches and dollops of additional whipped topping.

Keep an extra jelly roll on hand in the freezer along with a handy container of frozen whipped topping. They're a time-saving dessert team during fresh peach season.

Cats are unable to taste sweet foods.

**NOTICE**  
Energas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for domestic and commercial type, small industrial and large air conditioning electric generating customer classes residing in the unincorporated areas (environs) of its West Texas System. It is anticipated that the new rates will result in a 1.6% increase in Energas' gross revenues, which increases not a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S. A Statement of Intent to change said rates was filed with the Railroad Commission of Texas on or about August 7, 1981, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

The proposed increase will not become effective until or except to the extent that the same rates are approved for service within the municipalities on the West Texas System.

Daniels, Louie Da Pron, Voight Kempson, Bruce Lea, Roland Dupree, Joe Tremaine, Dolores Terry and many other fine artists. She has attended Stage 7 in San Diego, California, the Dupree Dance Academy and Joe Tremaine Dance Center both in Hollywood, California.

While she attended ENMU she participated in the annual production of Swanee for four years and was choreographer for this same production for two years. During two summers she taught for the Portales Summer Recreation Program and performed in the summer musicals. She has given several Jazz workshops in other parts of the state and has recently come from San Antonio, Texas where she was in charge of all children's work for the Nanette Walker Dance Studios.

Ms. Hamar owned and operated Jeffie's School of Dance in Tulia, Texas for three years prior to her move to San Antonio.

The Dance Academy will offer classes in Ballet, Tap, and Jazz for children and adults on all levels. Pre-School classes and Aerobic Fitness will also be offered.

ADV.

# Candlelight Ceremony Unites Dondra Geris, Max Lonsdale

In a candlelight ceremony at First Baptist Church of Farwell on Friday, July 17, Dondra JoAnne Geris became the bride of Eugene Max Lonsdale Jr. Parents of the couple are Mr. and Mrs. Don Geris and Mr. and Mrs. Eugene Max Lonsdale Sr., all of Farwell.

Rev. Dudley Bristow, church pastor, officiated at the double-ring ceremony. Guests were registered by Peggy Stanley, sister of the bridegroom, at a table covered with burgundy and holding an arrangement of roses.

An arch candelabra of brass, decorated with pink and burgundy silk flowers and greenery, held pink tapers and formed the background for the wedding setting. Spiral candelabras decorated with pink and burgundy flowers holding pink

tapers flanked the arch arrangement with greenery and palms at the sides.

The focal point of the setting was a brass kneeling bench where the couple faced each other. The front of the bench, which had white cushions, held a large bouquet of burgundy and pink flowers. The rails in the music area of the church were draped with garlands of greenery caught up at intervals with pink and burgundy flowers. A unity candle, which stood in a brass holder, was also decorated with burgundy and pink flowers and ribbons. Family pews were marked with clusters of pink and burgundy bows.

The bride was given in marriage by her father and wore a formal gown of white sheer imported organza taffeta featuring a high fitted bodice with boutique type reemboirered lace accenting the mandarin collar. The reemboirered lace formed a v-shaped overlay in back and front of the bodice, and daisy Venise lace accented the fitted waistline.

Long bishop sleeves also had an overlay of lace forming points at the elbows, and the wide cuffs of organza featured an overlay of scalloped Venise lace.

The full circle skirt had a schiffle flounce of boutique lace, and scalloped Venise lace topped the flowers around the entire skirt which fell into a chapel train. Daisy Venise lace edged the bottom of the gown and the skirt front was sprinkled with Venise lace cut-outs.

Her chapel length veil of bridal illusion was edged with daisy Venise lace and was

attached to a coil of daisy Venise lace.

She carried a cascade bouquet of pink, burgundy and white, with pink roses predominant in the arrangement which was highlighted with smaller white and burgundy flowers and greenery.

In carrying out bridal tradition, for something old she wore a wedding band belonging to her maternal grandmother, Pauline Sasser. Something new was her veil, something borrowed was her wedding gown which belongs to the bridegroom's sister, Peggy Stanley, and something blue was a garter.

Attending the bride as maid of honor was her sister, Lisa Geris. She wore a floor length gown of pink dotted swiss fashioned with fitted waist and off shoulder bodice with tiny shoulder straps. The bodice was enhanced with a ruffle as was the hem of the straight skirt. She carried a nosegay of silk roses and greenery.

Bridesmaids were Lisa Howard of Lubbock, Kim Marsh of Farwell, and Tina Geris of Plainview, cousin of the bride. They wore dresses styled identically to that of the maid of honor and carried pink long stemmed silk roses with greenery and ribbon streamers.

Ridley Lonsdale served as best man for his brother. Groomsman were Chris Bristow and Blaine Buchenau, both of Farwell, and Randy Geris of Canyon, brother of the bride.

Steve Geris of Farwell, brother of the bride, and Tammy Geris of Hereford, cousin of the bride, lighted the candles. Serving as ushers

were Chris Bristow, Ridley Lonsdale and Randy and Steve Geris.

Randy and Steve escorted their mother to her place and Ridley served as the escort to seat his mother.

Randy escorted the bride's maternal grandparents, Mr. and Mrs. Duffy Sasser, to their pew, and the bride's paternal grandparents, Mr. and Mrs. Dick Geris, were escorted by Steve.

The bridegroom wore an all white tuxedo with white ruffled shirt and rose boutonniere. The male attendants and the bride's father all wore burgundy tuxedos and white ruffled shirts with burgundy trim and pink carnation boutonnieres.

Providing music were Nancy Gressett, aunt of the bride, and Blaine Buchenau. Buchenau sang, "Longer," and Mrs. Gressett sang a medley consisting of "My Tribute," "Oh How He Loves you and Me," "Savior Like a Shepherd Lead Us," and "Lead The Way."

After the couple repeated their vows, they knelt at the kneeling bench while the bride's grandfather, Dick Geris of Farwell, said a prayer. The soloist then sang "The Wedding Prayer," after which the couple lighted the unity candle while Mrs. Gressett sang "Walk Hand in Hand."

The bride's mother wore a floor length dress of mauve fashioned with short split sleeves, net overlay on the bodice, and a pleated skirt. Her corsage was of pink daisies and carnations.

The mother of the bridegroom wore a dress of mauve with lace design over the bodice and a corsage of pink daisies and carnations.

Following the ceremony, a reception in Fellowship Hall of the church honored the couple.

The bride's table was covered in all white and was centered with the bride's cake which was on tiers over a fountain. English ivy encircled the bottom of the cake which was decorated with pink roses and burgundy rosebuds. The confection was topped with an arrangement of silk flowers.

The cake was served along with pink punch, pink mints, and nuts, by Dona Hendrickson, cousin of the bride, of Hereford, Sarah Mears of Friona, Kerri Donahey of Texico and Karyn Black of Farmington, N.M. Pink napkins were inscribed in burgundy with "Today and Always, Dondra and Max."

A gift table was covered with a beige lace cloth which belonged to the bride's Great-Grandmother Geris and held an arrangement of pink and burgundy roses which was made by Gwen Hughes as a gift to the bride.

Assisting with hostess duties at the reception were Lee Nell Eubank, Betty Jean Castleberry, Gwen Hughes, Nan Preston, Peggy Sudderth, Joy Chadwick and Eva Dean Stephens.

For a wedding trip to Ruidoso the bride changed to a plaid casual dress with white accessories.

The couple is at home at 820 Ave. G in Farwell where the bride is employed at the law offices of Aldridge, Harding, Aycock and Actkinson. The bridegroom is employed at MBPXL in Friona.

Both are graduates of Farwell High School and the bride attended WTSU in Canyon for one semester and the bridegroom attended one semester at Roswell Technical School.

MR. AND MRS. MAX LONSDALE

## September Wedding Set

Mrs. Johnnie Rundell of Farwell announces the engagement and approaching marriage of her daughter, Gay Lynn, to Jeter Wilmet, son of Mr. and Mrs. Mack Millmeth of Tokio, Tex.

The bride-elect is a graduate of Farwell High School and a 1978 graduate of West Texas State University with a B.S. degree in nursing. She is currently employed with Methodist Hospital in Lubbock.

The prospective bridegroom is a graduate of Plains High School and attended South Plains College and Texas Tech University. He is currently involved in farming at Tokio.

Wedding vows will be exchanged Saturday, Sept. 26, at 5 p.m. at Oklahoma Lane United Methodist Church, Route 1, Farwell. No local invitations are being sent, but all friends and relatives of the couple are invited to attend the ceremony and reception.

## Wedding Reminder

Friends and relatives of Christi Harrington and Randy Brown are reminded of the couple's wedding on Saturday, Aug. 15, at Hamlin Memorial United Methodist Church in Farwell. Vows are to be exchanged at 3 p.m. CDT.

The bride-elect is the daughter of Mr. and Mrs. Eddie Harrington of Texico and the bridegroom is the son of Mr. and Mrs. Jerry Brown of Artesia.

Everyone is invited to attend the ceremony and reception that will follow.

Donna Bentley and Forrest Cole will exchange wedding vows Saturday, Aug. 15, at Hamlin Memorial United Methodist Church in Farwell. The wedding ceremony will begin at 8 p.m. CDT and all friends and relatives of the couple are invited to attend.

The bride-elect is the daughter of Mr. and Mrs. Don Bentley of Farwell and the prospective bridegroom is the son of Mr. and Mrs. James Cole of Farwell.

## Chelsi Woods Has 1st Birthday

Chelsi Paige Woods, daughter of Mike and Leigh Ann Woods of Farwell, celebrated her first birthday August 4 in the home of her grandparents, Jack and Sue Kirkland of Farwell.

## Christian Social Ministries Topic For Royal Service

Baptist Women of the First Baptist Church of Texico met at the church August 5 for their regular Royal Service program, with chairman Mora Schlueter presiding.

Lois Hudnall opened the meeting with "My Faith Looks Up To Thee" played on the piano. She then read scripture taken from Philippians 4:19, and then read the names of missionaries having birthdays that day.

Theme for the Royal Service was "Christian Social Ministries and Bold Mission Thrust," with sub-topics being, "The Central Meaning of Christian Social Ministries," "The Ple of the Missionary," "Churches Grow Naturally," "Meeting Immediate Needs," and "Even One Life," with Mora Schlueter, Bobbie Gilliam, Velma Kelley, Gracie Dane and Nora Day presenting the topics.

Those attending were Mesdames Lois Hudnall, S.G. Jones, Margaret Horne, Bobbie Gilliam, Velma Kelley, Nora Day, Mora Schlueter and Gracie Dane.

## Brian Ecksteins Visit Here

Mr. and Mrs. Brian Eckstein and Holly Beth of Beaumont, Tex., visited with her parents, Mr. and Mrs. Floyd Embry, and brother Eldon of Farwell, and with her other brother and family, Mr. and Mrs. Weldon Embry and twins Rachel and Brandon, also of Farwell, the week of July 27.

Mr. and Mrs. Weldon Embry hosted a hamburger supper on Monday evening which was attended by the entire family.

The group enjoyed ice cream and cake at the home of Mr. and Mrs. E.E. Engelking in Muleshoe on Tuesday. Those present were Mr. and Mrs. Richard Engelking, Mr. and Mrs. Dave Engelking, Heather and Holly, Mr. and Mrs. Doyle Weir, Dawn and Dustin; Mr. and Mrs. Jerry Engelking, Chandra and Britt, all of Muleshoe; Mr. and Mrs. Floyd Embry and Eldon, Mr. and Mrs. Weldon Embry, Rachel and Brandon, and Mr. and Mrs. Brian Eckstein and Holly.

Brian, Estelle and Holly then visited Mrs. Lula Erabry on Thursday at the rest home in Muleshoe where she is a resident.

That afternoon Mr. and Mrs. Floyd Embry and Eldon hosted a dinner with the E.E. Engelkings, with the Brian Ecksteins and the Weldon Embrys present.

## Hospital Notes

Elmer Hargrove of Farwell is still confined to Lubbock General Hospital but his condition has improved, and he has been moved from intensive care into a regular room, according to his sister-in-law, Maxine Williams.

Pershing Busbice of Farwell is home recuperating from recent surgery in a Lubbock hospital, and says he is doing well.

**Around The House with Laura Jacobs**  
Parmer County Extension Agent for Home Economics

Recent Texas storms -- and their damage in terms of human lives and property destruction -- remind us that storm warnings are a key to preventing much of the possible disaster.

But we have to use the key to make it work: we must pay attention.

Tornado-related deaths have dropped by 42 percent since the National Weather Service Tornado Warning System was created in 1953, but, unfortunately, many people still do not heed the warnings.

**"WATCH, WARNING"**

Here are some:

**TORNADO WATCH** means there is the threat of a tornado developing in a particular area. Once a funnel cloud is sighted, a tornado warning is sounded.

**TORNADO WARNING** means a tornado has been sighted in the area. With the warning, local TV and radio stations usually give information on the location and direction of the tornado.

**SEEK SHELTER IMMEDIATELY** when you hear a tornado warning.

**SAFE PLACES**

**OPEN COUNTRY** -- In open country, move away from the tornado's path at a right angle. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine. Do not stay in a car or mobile home -- these are poor shelters.

**AT HOME** -- Seek shelter inside the house in a storm cellar or basement -- or in a center hall, closet or center room. In the basement, the corner toward the tornado offers the greatest protection.

Stay away from windows. Do keep some windows open to allow for air pressure changes.

**AT WORK** -- Take cover in a steel-framed or reinforced concrete building. Move to sections of the building where there are internal walls with the greatest support. Avoid rooms with large free-span roofs and avoid areas where there are windows.

**IN SCHOOL** -- Since Texas is a "tornado state," check to be sure schools have tornado drills. Safe places for children in schools are basements. If there are no basements, teach children to stay inside -- away from windows.

Any interior hallway on the lowest floor is the best place when there is no basement. Avoid auditoriums and gymnasiums with large roofs.

**RED SEZ . . .**

A perfectionist is a person who takes infinite pains and gives them to others.

Johnny Lovelace and Family	Mr. and Mrs. Larry Treider and Family
Leon Lovelace and Family	Mr. and Mrs. Earl Hurt and Family
Billie McGee and Family	Mr. and Mrs. Joe Cox and Family

## Families Gather For 21st Ellison Reunion

The 21st annual reunion of the descendants of the late J.W. and Jennie Ellison was held August 1-2 in the canyon near Nogal, N.M.

Six of the seven living children of the couple were present for the get-together.

Attending from Farwell were Mr. and Mrs. H.D. Ellison. From Bovina were Mr. and Mrs. George Trimble, Mr. and Mrs. Buck Ellison and daughter, Pat Reed.

The Hubert Ellisons report that approximately 70 relatives and six visitors attended the annual gathering, coming from Colorado Springs to Houston and from Alamogordo to Amarillo.

The families slept in campers, motor homes and in the cabin owned by the Buck Ellisons.

Church services were held in a small "chapel in the pines" which was constructed by the group. Chuck Ellison of Colorado Springs led the church services and brought the message.

General chairman for the reunion was Melvin Terry of Lubbock. Dorothy Sims of Happy was named "Champion Classman."

## Thursday Reminder

Texico-Farwell Senior Citizens will meet for their regular potluck supper and game night Thursday, Aug. 13, beginning at 6 p.m. MDT in the Senior Citizens Center in Texico.

## Blood Pressure Clinic Slated

A blood pressure clinic is slated at the Senior Citizens building in Texico on Tuesday, Aug. 18, from 1 to 4:30 p.m. MDT, announces Maurine Caywood, Senior Citizens director.

The clinic is for young and old alike and young persons are especially urged to come by and have their blood pressure checked at these free clinics since many diseases are prevented by diagnosing blood pressure disorders early.

Everyone is welcome to take advantage of this service, it is not for Senior Citizens only, Mrs. Caywood says.

## Brother Visits

The brother of Gracie Dane of Texico and his wife, Mr. and Mrs. Fred Yoder of Minco, Okla., have been in town this week visiting Gracie and Weldon Dane, and other relatives in and around Texico and Clovis.

# Highway 60 Proposals Presented At Meeting

Representatives from the engineering firm of Wilbur Smith and Associates of Houston, consultants for the Texas State Department of Highways and Public Transportation, told a group of approximately 50 persons Monday night that their choice for improvement to U.S. Highway 60 would be the widening of the existing two-lane roadway to a four-lane divided highway.

The engineers said that to do so would require 550 acres of extra land, meaning that one business and three residences in Summerfield would have to be relocated.

The highway in question runs from Farwell to the Deaf-Smith-Castro county line, and those attending the public hearing conducted in Friona were told that construction on the high-

way project will cost between 50 and 60 million dollars based on 1980 costs. The engineers also said that although they have no idea where the funding will come from, they hope that construction will begin within the next five years.

The engineers told their audience that they believe that by the year 2005 that traffic on the U.S. 60 highway will have doubled.

According to the engineering representatives, the super slab running through Bovina and Friona will require no major changes except to add more curb and gutters in Friona and since the construction begins two miles east of Farwell, no major changes will take place there.

The other two proposals offered other than the one recommended by the engineers would be a "no build" alternative, or maintaining the

existing two-lane roadway with no changes; or the widening of the existing two-lane roadway to a four-lane undivided highway.

The engineers said that studies conducted by them to date indicate that the social, economic and environmental impacts of the proposed project will not be significant, and that only one percent of Parmer County prime farmland will be affected.

Public comments are still being reviewed by the Texas Highway Department and those with comments should mail them to C.W. Nall, Jr., Acting District Engineer, State Department of Highways and Public Transportation, Post Office Box 771, Lubbock, Texas, 79408.

Representing the City of Farwell and the Farwell Chamber of Commerce at the public hearing were Fred Chandler and Dutch Quickel.

## Around The Twin Cities

Farwell City Council will meet in regular session Monday, Aug. 17, at 6:15 p.m. CDT at Farwell City Hall.

Texico Schools begin the new school year at 9 a.m. MDT Monday, Aug. 17.

Farwell Steers compete in a pre-season scrimmage at Lorenzo, Friday, Aug. 21.

## Fire Calls

Texico Volunteer Fire Department reported receiving one fire call and one ambulance call this week, and members of the Farwell Fire Department were sent on only one ambulance call.

Texico firemen were sent to 103 Lamar at 11:12 a.m. on July 30 where residents were having trouble with an air conditioner short-out.

On August 7, the Texico ambulance was sent to an Avenue F residence at 11:16 a.m. and transported a patient to Clovis High Plains hospital.

In Farwell, the ambulance was sent nine miles east of Farwell on Highway 84 to a car-motorcycle accident at 6:34 p.m. August 9. Reports indicate that a car ran into a motorcycle, but that no one was seriously injured.

## County Commissioners Approve Corporation

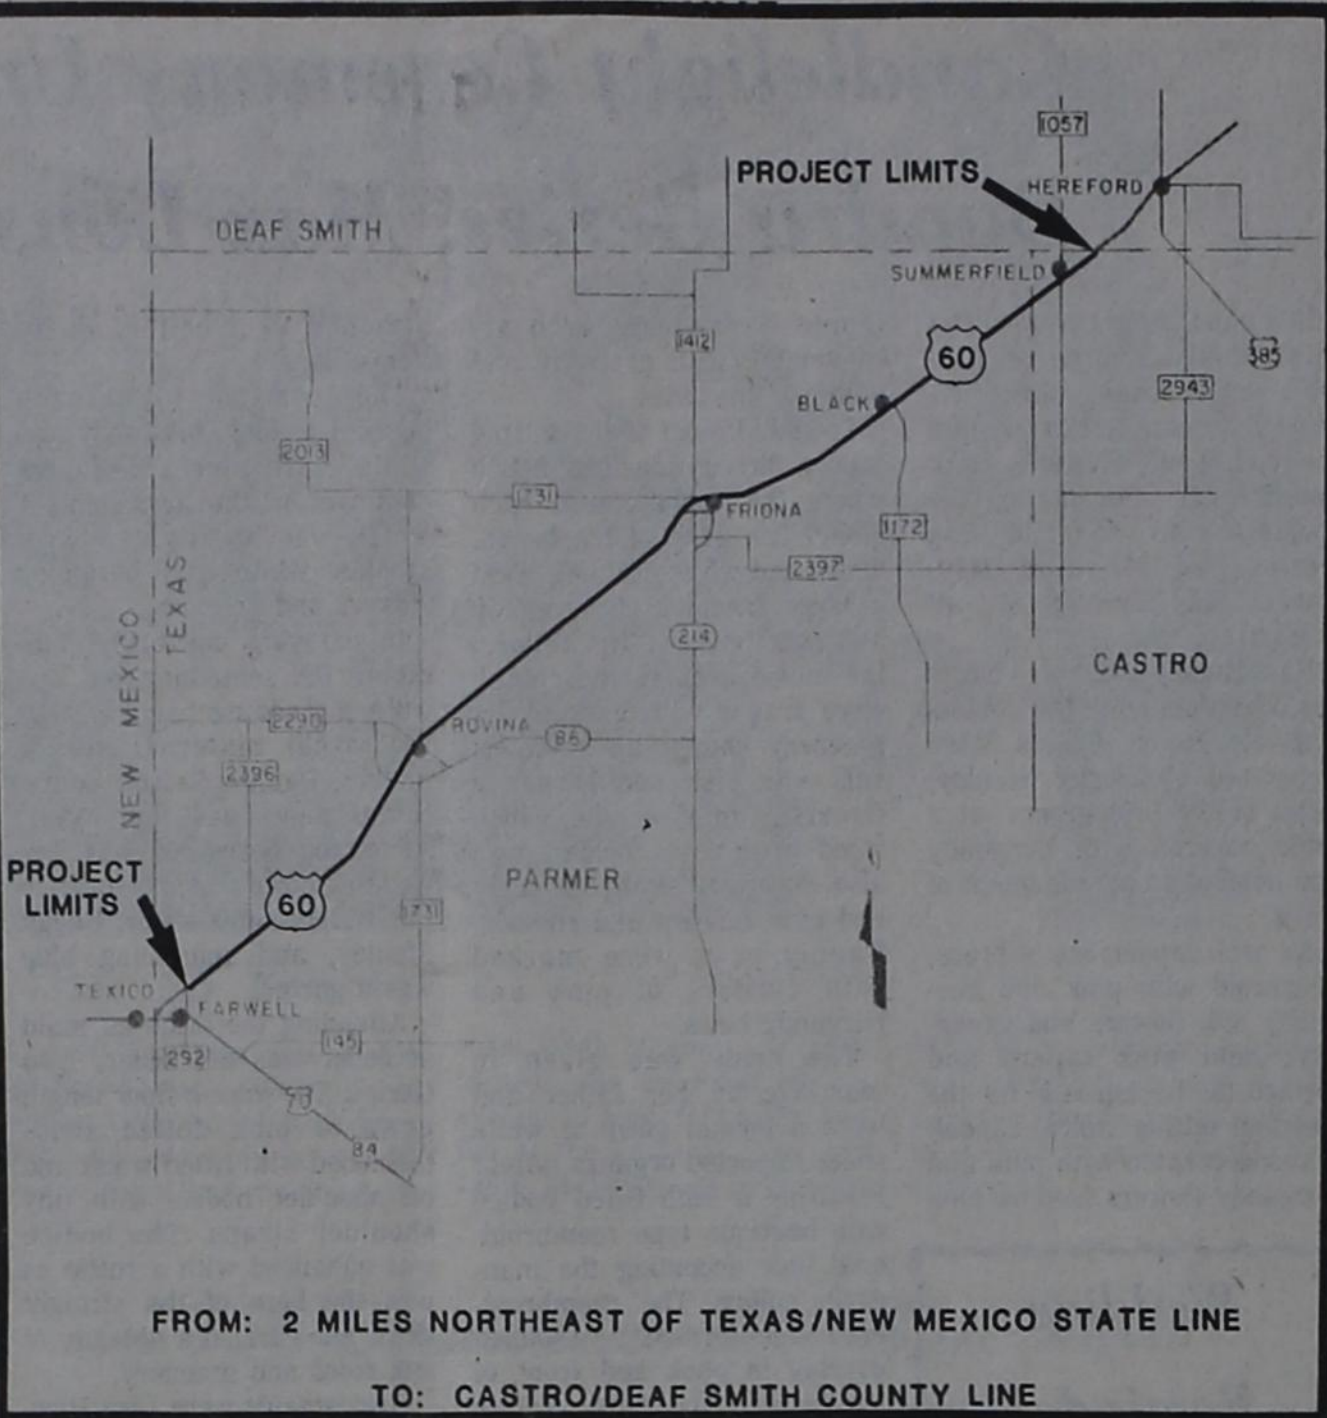

Parmer County Commissioners approved the creation of a non-profit corporation to act on the court's behalf under the "Texas Housing Finance Corporations Act" for the possibility of securing money for low interest housing loans for Parmer County residents.

B.K. Buske met with the Court as an interested party, and not as a representative of any group, to explain to the Court about the possibility of securing the housing loans at low interest rates.

"Thinking this would be in the best interest of the county

as a whole, and putting nobody under any sort of obligation, the Court approved the creation of the non-profit organization to represent us in securing these funds," said Parmer County Judge Porter Roberts, who explained that the Court also approved the Articles of Incorporation proposed to be used in organizing the Corporation. "This will be in conjunction with other Panhandle counties," he said.

In other business, the board approved a boarding care bill in the amount of \$279 for Dora Fields. The county is to be reimbursed for this amount.

## Proposed Construction

The above illustration shows the route discussed at the Monday night public meeting conducted in Friona on the proposed U.S. Highway 60 improvements. Engineers told those attending that they

believe traffic on the route will double by the year 2005 and they believe the highway should be widened from the existing two-lane roadway to a four-lane divided highway. The 42-mile stretch of highway

construction will cost between \$40 and \$50 million, based on 1980 prices, and the engineers say they hope the work will begin within the next five years.

## Texico City To Provide Culverts

Members of the Texico City Council voted Tuesday night to supply the culverts for the road work to be done on north State Line Road. Parmer County road department personnel will build up the road and place the culverts for drainage, according to Texico City Clerk Marie Christian.

Also at their regular session, the Council voted to purchase two ceiling fans for the Texico City Hall, and authorized city employee Mickey Fenn to purchase 10 street signs and posts for Kindred Street in Texico.

A resolution was passed condemning the structure south of the Antique Shop at Wheeler and South Garwood in Texico.

Vane Doshier was given approval to attend the New Mexico State Surplus Property Division in Santa Fe.

The Council was advised that a street sweeper is available and members decided if the sweeper is priced within their budget they will purchase it for the city.

The Senior Citizens budget

was approved and signed by the Council.

Attending the Tuesday night meeting conducted at Texico City Hall were Mayor John R. Hadley and trustees Vane Doshier, Lewis Cooper and Truman Kittrell, and employees Marie Christian, Mickey Fenn and Bill Hammit.

## Letters To The Editor

Editor  
The State Line Tribune  
Farwell, Texas

Mary Sobin  
State Line Tribune  
Farwell, Texas

Dear Sir or Madam:

Dear Mary:

I was so saddened today when I learned of Charlie Lovelace's death. I feel that Farwell lost one of its most caring and dedicated people. I think I was fortunate to have lived in Farwell while Charlie was Sheriff.

He was helpful and a friend to both young and old, and did an excellent job of enforcing the law while realizing he was not a prosecutor. I live in Albuquerque now, and have seen so many people who perhaps would be better people if they had had a Charlie Lovelace in their town.

I don't know where Johnny, Jerry, and Leon are now, but perhaps they receive the Tribune, and I would like them to know that their loss is shared by those of us who no longer live there but whose lives their father touched. I appreciated him so much.

Sincerely,  
Mary Lea Crume  
9000 Zuni S.E. #D-27  
Albuquerque, New Mexico

**Practicing Hand Off**

Two-a-day practices began for both Twin Cities gridiron teams this week and neither let the rainy weather postpone the pre-season workouts. The Far-

well Steers saw practice action inside the school gymnasium, practicing hand-off drills, passing skills and calisthenics. The Steers will begin turf

competition next Friday at a scrimmage match against Lorenzo. The first season game is September 4 on the Farwell field against Plains.

**On The Count**

Texico head football coach David Lynn sets up the snap for his varsity Wolverines during this week's two-a-day workouts which found the

varsity gridiron squad in full gear minus shoulder pads, practicing in the rain. The Wolverines will play in a

scrimmage game August 28 against Dexter and their first season match is September 4 at Carrizozo.

**Wins First - -**

**Jones Antique Car Chosen Most Popular**

Peggy and Orie Jones of Farwell garnered a first placed trophy and the treasured "most popular" trophy at the antique car Texas Grand Ole Tour held in San Angelo

last weekend. Peggy says they are proudest of the "most popular" trophy as it is the one decided on by the people attending the car show, and their car was

chosen over 98 other entries. The Joneses' entry was a 1929 Packard Dietrich convertible. While in San Angelo the Joneses were given a tour of Goodfellow Air Force Base and Fort Conecho.

**Watermelon Feast Thursday At Texico**

Wolverine Booster Club is sponsoring a watermelon feast for the football boys, volleyball girls and the cheerleaders Thursday, Aug. 13, at 7:30 p.m. MDT at the high school.

Following the informal period of "feasting and fellowship," a short business meeting will be conducted to organize the booster club for the coming school year. All booster club members and would-be members are urged to be present.

Next on the agenda is the New Mexico Grand Ole tour which Peggy and Orie will host, September 5-6. The cars will be on display at Ned Houk Park in Clovis on Saturday, Sept. 5, and everyone is invited to attend.

**Golfers Praying For Sunshine For Penny Anderson Tournament**

Local men golfers are hoping that the rain will let up long enough so that the 12th Annual Penny Anderson Golf Tournament can be played in nice sunny weather this weekend.

The annual link event is scheduled for Saturday and Sunday at the Farwell Country Club golf course with approximately 64 teams participating. The tourney will feature six flights and teams will consist of players from throughout West Texas and Eastern New Mexico.

Tee off will be at 9 a.m. Saturday morning for the lower flights and at 2 p.m. for

the higher flights. A famous Walter Hughes & Cook Shack Crew barbecue dinner will be served to tournament participants Saturday night at the club house.

The last time a group of men golfers got together on the Farwell greens, the tourney was rained on, and rained on, and rained on. This time the linksters are hoping for merely a dry course, and if the sun happens to shine, well, that's OK too.

Last year's Penny Anderson event found two Vega men winning the championship round.

**Sports**

By Mary Sobin

**Sports Car Club Announces Porsche - Corvette Challenge**

Sports car enthusiasts are invited to attend the Curry County Sports Car Club-sponsored "Porsche-Corvette Challenge" slated August 23 at Cannon Air Force Base.

The autocross event is to begin at 10 a.m. MDT with Porsche and Corvette sports

cars participating from throughout West Texas and Eastern New Mexico.

Those persons with a Corvette or a Porsche wishing to enter the racing competition should contact Carl Thompson at P.O. Box 1495 in Clovis no later than August 14.

There is no admission charge for spectators and everyone is invited to attend this "fast" event.

Members of the Curry County Sports Club will be driving in this weekend's Bull Town Days parade in Bovina. The parade begins at 4 p.m. CDT August 15 and CCSC members will be parading in Corvettes, Datsun 280-Zs, Camaro Z-28s and Porsches.

The Curry County Sports Car Club meets the second and fourth Thursday of each month at Furr's Cafeteria in Clovis beginning at 7:30 p.m. MDT. New members are always welcome.

**New 347...big capacity from a 14 x 18 baler**

If you demand high performance from your 14 x 18 baler here's good news. John Deere has taken its popular 346 baler and beefed it up even more.

We improved performance up front by adding two extra rows of teeth to the pickup. Now you get 156 hungry teeth to help you gobble up all of today's wider windrows. In fact you can't buy a baler that has more teeth. We even added an adjustable compressor that floats right with the pickup to give you consistent compression over bumps and dips.

Other improvements include a new beeper knoter, an optional Category 5 driveline and a fast 93-strokes-per-minute plungerhead speed that makes solid bales and increases capacity.

If you want big capacity and durability, take a look at our new 347 Baler.

# Malathion Safe Despite Public Uproar

COLLEGE STATION -- Despite the public uproar in California about use of the insecticide malathion to control Mediterranean fruit flies, the material has a proven track record of being safe and free of health hazards.

"Malathion has been with us a long time -- since the early 1950s -- and is one of the most

commonly used insecticides by farmers, homeowners and gardeners," points out Dr. Phil Hamman, entomologist with the Texas Agricultural Extension Service, Texas A&M University System. Hamman says he has been inundated with telephone calls since the California controversy from people wanting to know about the safety of malathion.

Tests sponsored by the National Cancer Institute have shown malathion to be both non-carcinogenic (not causing cancer) and non-mutagenic (not causing genetic changes).

According to Dr. Bill Plapp, research toxicologist with the Texas Agricultural Experiment Station, malathion is one

of the least dangerous insecticides in use today.

"Malathion is routinely used by many homeowners and gardeners to control insects and mites on trees, shrubs, houseplants, flowers and vegetables. It is also used to control external parasites on pets," says Hamman.

In addition, he explains that malathion is used widely to control many different insect pests of crops. For instance, it has been used in large area control programs for boll weevils and grasshoppers in West Texas.

Another major use of malathion in Texas has been for mosquito control programs, points out the entomologist.

"Malathion is used almost exclusively to rid urban and suburban areas of disease-carrying mosquitoes," says Hamman. "In 1966-67 and

again in 1971, vast areas of Texas, including major cities such as Dallas, Houston and Corpus Christi, were aerially sprayed with malathion to control outbreaks of St. Louis encephalitis and Venezuelan equine encephalomyelitis, diseases spread by mosquitoes."

The entomologist points out that in all of these uses of malathion, there has been no record of problems involving human health.

Of course, Hamman cautions users of malathion as well as other insecticides to follow commonsense precautions for safe and effective results. This means following directions on the product label, avoiding any unnecessary contact with the insecticide, and washing your hands after using. He also suggests scrubbing sprayed fruits or vegetables before cooking or eating.

## Twin Cities Groups To Be At Bull Town Days

The Twin Cities will be represented this weekend at the annual Bull Town Days celebration in Bovina as Border Town Days Queen Polly Turner will ride in the parade.

Also in the Bull Town procession will be members of the Texico-Farwell Lions Club in their popular Hooligan Wagon.

The parade is to begin at 4 p.m. CDT and will proceed down Third Street in Bovina, disbanding at the Bovina City

Park just in time for the barbecue meal.

Charge for the barbecue meal to begin at 5 p.m., is \$2 per person and will include barbecued beef, beans, peppers, onions and pickles.

One of the highlights of this year's Bull Town Days will be the American Quarterhorse Association Show, sponsored by the Bovina Roping Club. The show will be in the Bovina Roping Arena and will begin at 10 a.m. Saturday, Aug. 15.

**TWO MINUTES WITH THE BIBLE**

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

**THE BIBLE AND THE AMERICAN HOME**

More than nineteen hundred years ago St. Paul wrote to a young man named Timothy: "From a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus" (II Tim. 3:15).

Timothy was a fortunate young man. His father was not a believer in God, but his godly mother made up for the lack, and her mother helped, as day after day from his earliest childhood, they taught him the Word of God. As a result he came to know Christ as his Savior at an early age, and later became Paul's faithful co-worker and closest associate in making known the wonderful "gospel of the grace of God." In his very last letter, the great apostle recalls Timothy's "unfeigned faith... which dwelt first in thy grandmother Lois, and thy mother Eunice" (II Tim. 1:5).

If only we had more such grandmothers today, with husbands to help them! If only our children were not set adrift on a tossing sea of human speculation, but were taught the eternal truths of that old Book, the Bible!

Certainly the rebellion of so much of our youth against law and authority and morality is directly related to the disappearance of the Bible from the American home. It is not the young people who have been raised in Bible-reading homes and in church and Sunday school who are making us ashamed today, it is those from backgrounds both rich and poor who have been brought up without Bible teaching.

We all need to "know the holy Scriptures," not only because they teach reverence for God and build moral character, but most of all because they "are able to make (us) wise unto salvation through faith in Christ Jesus."

The theme of the Bible, Old Testament as well as New, is the Lord Jesus Christ, the riches of whose saving grace are unfolded to us in the epistles of Paul, the chief of sinners saved by grace. It was to Paul that God first committed "the preaching of the cross." It is he who tells us of the riches that flow from Calvary. It is he who declared by divine inspiration:

"...WE HAVE REDEMPTION THROUGH HIS (CHRIST'S) BLOOD, THE FORGIVENESS OF SINS, ACCORDING TO THE RICHES OF HIS GRACE" (Eph. 1:7).

"THAT IN THE AGES TO COME GOD MIGHT SHOW THE EXCEEDING RICHES OF HIS GRACE IN HIS KINDNESS TOWARD US, THROUGH CHRIST JESUS" (Eph. 2:7).

God loves you, Christ died for you. "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

# SERVING PARMER AND CURRY COUNTIES FOR OVER 25 YEARS

GUY COHEE

Guy "Sonny" Cohee is the new manager in Farwell for Worley Mills. Sonny started with Worley in 1959, and has been involved in all phases of the business. He has been in the grain business for 22 years, and has lived in the area with his wife, Betty, since 1959. Sonny says his two favorite things are talking about his 10 grandchildren and fishing.

## A Change In Personnel ... But No Change In Policy

TOMMY SCAFF

Tommy Scaff is the new assistant manager for Worley in Farwell . . . and will manage the Pleasant Hill elevator during the harvest season. Tommy has over 14 years in the grain business. He has lived in the area since 1963, and he and wife Bonnie have 2 boys, ages 13 and 10. Tommy says he is involved in many youth activities, since the boys are involved with everything . . . that has to do with playing ball."

For Column, Excellence - -

## State Line Tribune Wins Press Awards

The State Line Tribune garnered two third place awards this past weekend at the 51st annual convention of the West Texas Press Association in Lubbock.

The local paper won third place in the General Excellence category and third in Column Writing for the "Purely Personal" column written by John Getz.

Since 1965 the Tribune has won five first places in the general excellence division and many second and third places, in addition to many awards for Getz' column.

Some of the judges' comments this year were: General Excellence: another clean, crisp front page treatment, showing a lot of thought and work. Lots of pictures, but a little more care in developing would improve quality, mostly good. Interesting presentation

of the news throughout the paper. This one nearly took second place.

Column writing: short, punchy anecdotes, well written on the local scenes. You are 3rd, rather than 2nd or 1st for only the most subjective reasons, the other two used more original material. You are a fine writer and an accomplished columnist.

Tribune owners John and Joann Getz and news editor Mary Sobin were in Lubbock to receive the awards.

While there Getz was installed as president of the West Texas Press Association.

Those attending the 51st annual WTPA convention heard Congressman Kent Hance speak at the Saturday luncheon. Hance told his

audience that "the spirit of America has changed within the last year. The positive attitude of the American public, their pride in this country, is the greatest thing we have going. We're the most fortunate people on earth."

Hance concluded his talk to the members of the press by saying, "I've never felt better about my country than I do today."

Members of the convention were then honored with a private meeting with U.S. Senator John Tower in the presidential suite of the motel. Sen. Tower spoke to the press men and women on the ongoing air traffic controllers strike, social security, defense spending, the MX missile and the proposed draft.

## Getz Elected WTPA President

John Getz, owner and publisher of the State Line Tribune, was elected president

of the West Texas Press Association during that organization's 51st annual conven-

tion last weekend in Lubbock.

Getz has served during the past year as WTPA first vice-president, and as such was responsible for the organization and planning of this year's convention, which featured such notable speakers as U.S. Congressman Kent Hance and U.S. Senator John Tower.

During his many years as a member of the WTPA Getz has also served as second vice-president and as a member of its Board of Directors.

The local newspaper publisher has held many offices, including the presidency of the Panhandle Press Association and is a member of the Texas Press Association.

He and his wife Joann have owned the State Line Tribune since 1965. During that time the local newspaper has been honored with many awards from the three press associations to which the Getzes belong.

**Congratulations John**

U.S. Senator John Tower congratulates Tribune publisher John Getz on his recent election as president of the West Texas Press Association. Getz was elected to the WTPA top post this past weekend at

the convention's 51st annual gathering, conducted in Lubbock. Sen. Tower spoke to those attending last weekend's WTPA meet, updating the press men and women on current political affairs.

## County History Book Orders Being Taken

The final sections of the Parmer County History Book have been delivered to the printers in Lubbock, according to co-chairman Grace Whitefield. The Historical Committee is now waiting for the first draft to arrive back for proof reading.

"The committee thanks everyone who contributed information, stories, pictures and sketches; also those who encouraged others to do so. In short, thanks to everyone who contributed in any way to make this history book of our county possible," Mrs. Whitefield said.

"We especially thank the

State Line Tribune, the Mule-shoe Journal, the Friona Star and the Bovina Blade for the excellent publicity they have generously given us on the book activities these past 18 months," she said.

Mrs. Whitefield added that the committee is still taking pre-paid orders for the books at a cost of \$35 if picked up locally or \$37.50 if mailed.

Book orders may be sent to Parmer County History Book, P.O. Box 577, Friona, Texas 79035.
