

FROM THE  
**HOPPER**

BY HOP JR.

I am about to write an unpopular column.

The hero of this column will be the poor guy who by stint of circumstance just happens to be near at hand when a great crime or accident occurs and he falls to prevent it.

If you would believe the columnists, reporters, and radio and TV commentators, the average citizen has it within his power to prevent bank robberies, murders, and accidental calamities of all sorts if he will just take action when he sees trouble.

Sometimes this may be true; often it is not.

This whole trend of thinking snowballed into a national attitude in recent years with the now-famous murder of a woman in New York who pled for her life and for her help in vain while neighbors watched and listened (so it was said).

Since then all who write or comment about human misadventure look and seem to find evidence to censure the poor gooks who happened to be within hailing distance for not stepping into the breach and changing history.

There is a case for courage, certainly; but not much of a case for senselessness.

Just a day or two ago I read a story in a daily paper which gave an account of an accident in the cold Midwest. A car had skidded off the road, plunged into a lake, and sunk to the bottom carrying several persons to a cold and watery grave.

This was a terrible tragedy. Some spectators on the shore watched it take place but took no positive action. One man, however, leaped into the icy water, presumably fully clothed, and swam to the sinking car. He was unable to save anyone although he valiantly tried. He barely made it back to shore, numbed with the experience.

The reporter who wrote the wire story took the position that everybody standing on the shore should have jumped in to help. At least that was the impression he created.

This writer probably didn't know that rescuing a drowning person is one of the most difficult of all feats -- even under "ideal" conditions where perhaps they merely are fatigued or suffering from cramps.

For a novice swimmer to swim to a sinking car, attempt to enter it, then tow an occupant safely to shore through ice-filled water is almost a super-human assignment.

Now, to brand those who stood on shore as complete cowards may be that writer's idea of righteous indignation, but it isn't mine. Let the man who has filled those boots himself, and been a hero once or twice, do the criticizing -- not somebody who has never had his own mettle tried in the fire.

I heard a short newscast by Bob Izzard over the radio two nights ago. Izzard told about a man and his wife who had just left the Holiday Motel in Amarillo when they were set upon by three young Negro hoodlums.

"The woman screamed, but no one came to their aid," said the broadcaster. Left unanswered are a few questions: Did anybody hear her scream? How long did this go on? (It was probably over in an instant.)

London police have a serious crime problem on their hands. "Having a go of it" is becoming a popular means of citizen support of the bobby's barefisted efforts. To "have a go of it," John Q. Citizen crashes his car into the bandits as they speed away from a crime, or throws a well-aimed brick to disarm a thug.

Admirable courage to be sure, but judgment enters the scene here somewhere. How many spectators are going to get killed taking hand in these one-sided battles doesn't seem to be a consideration.

I'm not so sure that a man who rushes a crook who has a loaded gun is doing his community a service. If the chances are 10 to 1 that he will get a bullet through the head for his trouble and thereby leave a sorrowing wife and four children for society to care for, he might ought to stay put.

Hero stories make great reading and telling, but the ones you hear about all have happy endings. What about the attempted feats of bravado that only add to the tragedy? They aren't so popular these days. Every man has to live with

(Continued on page 2)

**DISTINGUISHED GUESTS** -- This panel of representatives, members of the State school board and a senator were in attendance to assist in discussion of the proposed New Mexico school reorganization, held in Texico Thursday evening. Left to right - Senator Bill Duckworth, Chick Taylor, Frank Foster, Emory Wall and Hoyt Pattison. Each of the men went on record as saying, "We do not feel that the Curry County schools should be reorganized even if the trend over the state is for reorganization." Given as reasons by the speakers for this stand were the fact that Curry County schools are producing some of the best students in the state; no feasible amount of money would be saved; no room in Clovis schools for the students they now have. Senator Duckworth closed his talk by saying "What I have heard here tonight shall help me to vote with more knowledge when and if this reorganization is put before the legislature."

## Aroused Citizens Protest School Consolidation

BY CHRIS MOSS

An aroused but orderly group of 400 citizens of Texico and Grady met at the Texico gym Thursday evening to vigorously protest the consolidation of the Texico and Clovis high schools and the elimination of the Grady administrative unit.

Three legislators, one member of the governor's Public School Study committee on school reorganization, and a member of the 10 man New Mexico State school board met with the group. Legislators pledged their support to the cause and the member of the advisory board said "You have a right to fight." At the close of the meeting parents, educators and other residents of the two communities rushed forth to sign a petition in protest of the proposed reorganization.

The Public School Study Commission has estimated that \$1 million can be saved over the state by the proposed reorganization. Under the proposed plan Texico high school would be eliminated with its 185 students transported to Clovis, to share barracks with Clovis students. Grady's administrative unit would be eliminated, and would be under Clovis jurisdiction. The commissions report also calls for the elimination of the administrative unit at Melrose (the other school in Curry County). That school would also come under Clovis jurisdiction.

Hoyt Pattison, state legislator, who attended the meeting said "The tax dollar saved by

the consolidation is debatable as a large percent of the savings would be used for transportation. Frank Foster, another representative present asserted, "The best education is available in the present school--Education is not to be considered an expense but is an investment; he added that he does not believe any money could be saved by consolidation in Curry County and concluded by saying, "We are already overcrowded in Clovis and frankly we don't want you." This statement drew loud applause from the school patrons.

Emory Wall, member of the 10 man state school board spoke briefly saying that he believes that consolidation will serve no good purpose and in addition will ruin the communities from which the schools are moved. Consolidation can go just so far--a child can travel just so many miles to school and some have reached the limit traveling 100 miles per day, he concluded.

Chick Taylor, member of the Governor's Study committee said, the proposed plan were made with a view of improving all schools in the state--the committee had to make a slide rule to fit 32 counties. He drew thunderous applause when he said, "I know you are fighting for a cause and I also know that you will continue fighting." Taylor also said he does not believe that the governor wants to take the school away from Texico. Instead he said the governor is interested in having

the best facilities for education available for all.

Senator Bill Duckworth spoke briefly assuring the gathering that the knowledge gained in listening to the other speakers will allow him to vote with more insight into the problems involved. "I shall do all I can to maintain the status quo," he concluded.

The proposed consolidation would involve 45 schools in the state should it come to pass. Also speaking briefly were Mrs. Alleen Burns, an official of the New Mexico state PTA; Mrs. Jack Eshleman, president of the Texico PTA, Ed Farmer, mayor of Texico, F.S. Thigpen, president of the Texico board of education and A.D. McDonald, superintendent of the Texico school.

McDonald quoted from the study report "The state is now paying 80% of the cost of education," to which he questioned "who is paying?" and replied "we the taxpayers of course for the government is supported by the tax payers money." He gave statistics of the number of superintendents in the state who are graduates of small schools concluding with the thought "I believe that our small schools have done pretty well for themselves."

All of the panelist urged citizens to write letters of protest and sign petitions in opposition to the proposed reorganization of the New Mexico schools. A tour was conducted through the new school plant which was completed in 1962.

Some 400 persons from Texico the surrounding area and from Grady gathered at the Texico school Thursday evening to protest the proposed reorganization of the New Mexico school system. Shown are a part of the crowd rushing forward to sign a petition, to be sent to the governor in protest of such a move.

## Five Petitions Filed

Five petitions have been filed with the Texico School superintendent for positions on the school board, and others may be filed before the 5 p.m. deadline today (Friday), Jan. 22. Three seats on the board are to be filled with persons selected to fill a two year, a four year, and a six year term. Filing for the two year term is Wesley Engram, presently serving on the board. L.A. Pearce, incumbent, has filed his petition for another four year term as have Dee Jay Brown and Roy Lee Richardson. David Turner has filed

for the six year term. Date for the election is Feb. 2, with polling to be at the city hall in Texico. In other school news Mrs. Katherine Martin resigned her position as fifth grade teacher to accept employment at Causey as home economics teacher. Reason given for the resignation (in order to teach with her husband who is an instructor at Causey), Mrs. Nancy Ridgley, wife of Melvin Ridgley, science instructor at Texico has been hired to teach fifth grade for the remainder of the year.

## Local Lions Sponsor Joe Helton For Baby Deputy Gov. of Dist. 40x

Joe Helton, owner and operator of Helton Oil Company since 1949 is being sponsored by the Texico-Farwell Lions Club as a candidate for Baby Deputy District Governor of district 40x, which includes the area from Santa Rosa to Carlsbad and all of the eastern section of New Mexico.

Helton is a charter member of the Texico-Farwell Lions club, which received its charter in January 1950. He has held all offices on the local level and has also served as zone chairman. He has attended the past seven state conventions of Lions International and is widely known in Lions Club circles for his work in that organization. He was chosen man of the year by the Texico-Farwell Lions Club in 1962.

In addition to his activities with the Lions organization Helton is active in other civic circles, serving on the Texico town council for three terms before being elected mayor of the Texico township, a position he held for one term. He did not choose to run for a second term. He is a member of the American Legion, and is

a member of the Methodist Church and serves on the official board of the Hamlin Memorial Methodist Church in Texico-Farwell. He was listed to Who's Who in New Mexico in 1961 and is presently serving his second term as a member of the hospital board for Clovis Memorial Hospital.

Helton, through his business, sponsors a softball team each year and under his guidance the teams have competed in the New Mexico state softball tournament on several occasions.

He is married to the former Dardenella Whatley and his wife is also active in civic circles. She was named Woman of the Year by the ESA organization in New Mexico in 1960.

The couple have one son, Hal Ed, a sophomore at Tulsa University where he is studying Petroleum marketing.

Helton was defeated for Baby Deputy District Governor of District 40x by Art Snider, Tucumcari in 1962. His opponent this year is Gerald Dourough of Clovis. The state convention will convene in Las Cruces June 6-8.

JOE HELTON

## Invited To Open House

All residents of the Texico-Farwell area are invited to an open house at the new Methodist parsonage, 904-5th street, Farwell Sunday afternoon, Jan. 24, 2:30 p.m.-4:30 p.m.

The Rev. Ralph Siler, superintendent of the Clovis district will hold a consecration service at 2:30 p.m., and friends are invited to tour the home which was recently completed during the receiving hours.

The Methodist WSCS will assist the parsonage family, Rev. and Mrs. W.C. Strickland with hosting the affair.

## Mothers March Set For Jan. 27

Mothers March, annually sponsored by the local ESA as a part of the March of Dimes drive in Farwell has been set for Wednesday, Jan. 27, 5:30-7 p.m. A house to house canvass is planned in the town and residents wishing to make contributions are asked to leave their porch lights on.

## Juveniles Sentenced

Three juveniles were tried in Parmer county court Monday and sentenced to serve terms in the Boys State Industrial School at Gatesville. The trio (two 15 years olds and a 16 year old) are charged with crimes of theft, burglary, car theft, worthless checks, etc. They were taken to Gatesville on Tuesday to begin serving their sentences.

Felix Vera who was charged with passing a worthless check paid a fine in county court last Monday. Vickie Yruegas, who is charged with a felony (passing worthless checks) had her bond set at \$750. She made bond and is at liberty awaiting grand jury action.

Harold Brumfield who passed series of worthless checks in Friona has been arrested in Lamesa and will be returned to Parmer County to face the felony charge.

A burglary occurred at the Western Ammonia plant sometime Thursday night, according to sheriff's officers. Only thing taken was a new adding machine valued at \$100. Officers are checking out clues.

In another weekend crime an irrigation motor (Ford Thunderbird) was taken from the Wayne Garth farm, six miles north of Bovina. Clues are being checked.

## Projects Planned By Twin Cities Council

Two projects are in the planning stages by the members of Twin Cities council, made up of a representative from each of the civic organizations and the town councils in Texico-Farwell. Project number 1 is that of "Clean up, Paint up Time" in the towns and project number II is the box-sock social, with members hoping to make this an annual affair with the cooperation of merchants in the Twin Cities.

President Bob Crume asked that each of the town councils designate a time as clean up-paint up month, (suggesting April as an ideal time) and report back to the next meeting of the council. Local Jaycees were appointed to handle all publicity for the project.

Committees were appointed by Crume for the box-sock affair, and are to report their findings

## Chili Supper

Texico-Farwell residents are invited to attend the chili and pie supper scheduled at Hamlin Memorial Methodist church, Tuesday, Jan. 26, 5 p.m.-7 p.m. Price of the meal which is being sponsored by WSCS members is \$1.00 for adults; 75¢ for students and 50¢ for children.

## Committees Appointed

Two committees were appointed at the Jan. 16 dinner meeting of the recently appointed Historical Survey Committee, held in Bovina. Appointed to the Civil War Graves Location committee, by chairman John Armstrong were Harold Carpenter, Oklahoma Lane, Ray Landrum, Friona and Bob Wilson, Bovina. Mrs. Mabe Reynolds, Farwell, will head the committee on historical building and sites. She will pick her corps of assistants.

A meeting of the survey committee is planned for Jan. 30 with chairman Armstrong to pick the place of the meeting.

All members of the survey committee, with the exception of Mr. and Mrs. Ralph Wilson, Friona (who were out of town), Mr. and Mrs. Frank Spring, Friona, Mr. and Mrs. Frank Hastings, Bovina and H. Y. Overstreet of Farwell were in attendance. Special guests were Commissioner and Mrs. Tom Lowellen, Black, Mr. and Mrs. Bill Ellis, Friona and Mrs. Orr, mother of Mrs. John Aldridge.

back to the next council meeting. Commerce, and the Texico Woman's Club, with John Getz as committee chairman are to be members of a survey committee to contact merchants and see if they are interested in helping to sponsor the social, and make it into a big event similar to (Maize Days held in Friona).

Helping on the promotion, (dates available) of the affair will be members of the Farwell

Study Club and Rotarians while the Fire departments are asked to check into entertainment (cost, persons available, etc). Farm Bureau is to check into sites available for such an affair and ESA will check necessary supplies.

In conjunction with the box-sock social several contests were mentioned in which area residents would be asked to participate (beard growing, fiddlers, etc).

## New Management

A. A. Bowl opened under new management on Friday, Jan. 15. New operators of the business are Mr. and Mrs. Stan Yucikas, who were formerly associated with the Clovis Bowling Alley for a four and one half year period.

Yucikas has been active in bowling circles for the past nine years and both he and his wife, Lillian, are certified coaches in the American Junior Bowling Congress. Yucikas carried a bowling average of 180 plus and his wife carries an average of 140 plus. They hasten to explain that coaches are not noted for their high bowling scores, as most of their time is spent in coaching duties and therefore, they have little time for concentration on their own game.

Yucikas is a retired Air Force master sergeant who came to this area while in the service and liked so well he decided to stay. The Yucikas are parents of five children, four sons and a daughter. The oldest son is a junior at ENMU, the daughter is a nurses aid at

Retirement Ranch, two sons are junior and sophomore, respectively in Clovis High School and the youngest child is a third grade student. The family will continue to live in Clovis for the present; however they will move to Farwell when suitable living accommodations are found or at the end of the present school term.

No changes are anticipated for the bowling alley at the present time; however, classes for adults are planned for the future and there is a possibility that classes will also be arranged for children (six and over) when equipment is available, if enough interest is shown.

All Texico-Farwell residents are invited to come by the bowling alley and make the acquaintance of Mr. and Mrs. Yucikas, (whether they bowl or not).

Mr. and Mrs. Partin Austin, former owners of the A.A. Bowl plan to devote their time to their farming and ranching interests here and in Missouri.

**NEW MANAGERS** -- Mr. and Mrs. Stan Yucikas, new managers of the A A Bowl invite all Texico-Farwell area residents to stop by the bowling alley and make their acquaintance, and have a cup of coffee. The couple, who took over management of the business Friday are both certified coaches in the American Junior Bowling Congress.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Parmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

**HOMECOMING ROYALTY** -- Mike Spearman, son of Mr. and Mrs. John Spearman and Joy Chumley, daughter of Mr. and Mrs. W. P. Chumley were crowned "Homecoming King and Queen" in half time ceremonies at the Texico-Causey basketball game Saturday night. Other candidates for the honors were Veda Wilson - Tom Rickstrew; Kathy Stone and Joe Patterson, respectively.

**Homecoming Well Attended At Texico School**

Homecoming at the Texico school was well attended Saturday evening. Festivities got underway at 5 p. m. with a barbecue served in the high school cafeteria, followed by a basketball game between Texico and Causey.

In half time ceremonies of the Texico - Causey "B" team game, Joy Chumley, daughter of Mr. and Mrs. W. P. Chumley and Mike Spearman, son of Mr. and Mrs. John Spearman were crowned "homecoming King and Queen," respectively.

Peggy Hughes "1964 Homecoming queen" crowned the royalty. Homecoming queens for the past four years introduced were: "1961-Mrs. Carol White Turner; 1962-Miss Jackie Hughes; 1963-Mrs. Judy Sharp Getz and 1964 - Miss Peggy Hughes."

Recognized as the oldest graduate of the Texico school in attendance was B. A. Rogers "class of 1914." Rogers was superintendent of the Texico school for a number of years. He also taught in various other schools in the county. He was elected to the New Mexico Educators Hall of Fame last year.

Class with the largest percent of its members in attendance was the class of 1962. Mickey Lofton Texico senior was master of ceremonies and Rev. Leroy Looper gave the invocation.

Following the basketball games a tea was held for the alumni in the high school building. They were taken on a tour of the school plant. Attendants were from Texico, Hollene, Rosedale, Fairfield and Pleasant Hill schools.

**FOR SALE:** One bedroom home located on 1st St., Farwell. Contact Floyd Milstead, 41-tfnc

**Family Relations Is Program Topic**  
 The Farwell HD Club met in the community room at Security State Bank on Tuesday with Mrs. Cricket Taylor, HD Agent, presenting a program on "Family Relations." In her talk Mrs. Taylor stressed, working together as a family unit; sharing responsibilities with each of the parents participating in rearing the children.

Roll call was answered with each member giving a resolution for 1965. Some of the answers given were: manage the household on a budget and make the year amount to something, strive for more patience and harmony in the home this year; stick to a diet - "many a woman never realizes what a poor loser she is until she goes on a diet"; quoted one member from something she had read.

Next meeting has been set for 2 p. m., Jan. 26 at the community room in the bank. Program at that time will be arranging the year books. Names of members, time-date and place of all meetings in the year will also be included as well as the program for each meeting.

Attending the Tuesday meeting were three guests, Mrs. Cricket Taylor, Mrs. Preston Martin and Mrs. Bill Roberts. Members in attendance were Mesdames Dwain Nance, L. C. Herington, Johnny St. Clair, Leroy Kitten and Glen Lesly.

**Texico Wins Homecoming Game**

As all good teams should Texico Wolverines ran true to form Saturday night to defeat the Causey Bronchos 59-43 in the homecoming game. In the evening opener Texico B team defeated the Causey quintet by a large margin.

Texico jumped off to a lead in the first quarter and were successful in hanging on to the lead for the remainder of the game; although they were outscored in the third frame by a five point margin.

Nell Lambert took scoring honors for the game by hitting the basket for 11 field goals and three free shots for a total of 25 points. Tom Rickstrew, who had 17 rebounds for the evening also sank five field goals and one free throw for a total of 11 points.

Scoring honors for Causey went to Garry Brakehill, who had 19 points. Causey hit 35% of its field goals while Texico was hitting 43% of its field goals and the opposition was only able to connect for 44% of its free throws while Texico hit around 50% of its free throws.

By taking the win from Causey Texico is able to cling to a district tie for second place with Ft. Sumner. Texico has lost games to Melrose, Ft. Sumner and Dora (on Friday night) and have seven wins to

Deep in the third quarter of the Texico-Causey game, Nell Lambert, Texico, who had been making crisp shots all evening is stopped cold by Parker of Causey as he tried for an additional shot. Other Texico players identifiable are No. 34 -- Ronnie Richardson and 00 -- Mike Spearman.

their credit. The Texico quintet was also seeded second in the EPAC, along with Floyd. EPAC play starts this week, with Texico to play its first game on Thursday (tonight) at the Melrose gym.

In commenting on the Saturday game, Coach Johnny Green said, "It is always good to win, especially homecoming games."

**Numerous Arrests In Parmer County**

The jail at the Parmer County courthouse is full, according to officials in that office. Arrests have been made for drunk, DWI, theft, worthless check and burglary in the past week or 10 days.

Those arrested, most of whom are still in custody, have been Willie Hatton and Bill Garibay-tool theft; Manuel Rivera and Leonel Hagelsheldrunk; James A. Raborn arrested and turned over to Clovis officials (he is one of the persons in the recent jail break from Clovis); Lewis Wright-drunk; Roland Green-DWI (made bond and is awaiting grand jury action).

Also Felix Castillo-burglary; Carlos Blanco, Jimmie Ramos and Eddie Blanco-assessory to the burglary charge; Ralph Holman-DWI; Allan Oliver and a juvenile male arrested for Tennessee officials, and Floyd Strickland-theft.

# Major Porter Pilots Helicopter In Rescue

MAJ. JEDON PORTER

(Editor's Note: It's a world away from Farwell, USA to South Viet Nam, where young Americans battle and Jim Lucas, Scripps-Howard writer, lived the story which won the Ernie Pyle war-reporting prize for his account of the two-day Mekong Delta battle in South Viet Nam, Lucas was in the thick of the battle, in a helicopter piloted by Maj. JeDon (Ed) Porter, son of Mr. and Mrs. John Porter of Farwell. The story as it appeared in Albuquerque, El Paso and other Scripps-Howard newspapers, appears as Lucas recounts it.)

DAINGAL, South Viet Nam, Dec. 30 -- Gunner Bobby Payne, trying to protect the wounded pilot of the downed helicopter, stopped a bullet with his chest and went down as though he had been pole-axed. Seconds before, a call had come over the air, "aircraft down," and Maj. Ed Porter of Farwell, Tex., had spotted the downed ship and answered that his Huey chopper would go into help, I was aboard. It was the fiercest, bloodiest battle that has occurred so far in South Viet Nam. In paddies and trees around Thu Bay, Nha Mac, Ngai Hoa and along the Han Thanh River, we had stumbled upon 1500 hard-core Viet Cong. We had been hunting them farther south all morning. Now here they were in a horseshoe around a cluster of

villages. There was at least a regiment of them. Before night we were to fly in 700 tough Vietnamese Rangers. We had planes and artillery. They had 50-caliber anti-aircraft guns, recoilless rifles and mortars. Three of our choppers were involved in the action. An anti-aircraft gun downed the first Huey chopper flown in by Lt. Paul Young III of Fayetteville, Ark. and Warrant Officer Dick Eskey of Virginia Beach, Va. They had been 30 feet above the paddies when their ship spun to the ground. Young was badly wounded. He had to be moved out before he bled to death.

In chopper No. 2 Young's wingman, Lt. Jerry Thiels of Alexandria, La., had followed him in. The two ships sat in wet paddies 50 yards from a strong gun position of the Viet Cong. Thiels and his co-pilot, Warrant Officer Harold Simpson of Jacksonville, Fla. and Crew Chief Donald Airheart of Holly Springs, N.C. were struggling to get the wounded pilot Young out of his cockpit. Each had a machine gun and each was firing into the trees to protect their wounded commander. Thiels and Simpson finally got Young free and carried him toward their aircraft. Meanwhile, Major Porter and Capt. Terry Oliver of Indianapolis had put out Huey -- the third of the trio -- into a steep dive. In a matter of seconds, it dropped from 2500 feet to 10 feet. Porter and Oliver whipped our ship across the paddies and stopped in the zone of fire. Our crew chief, Charles Gagnon of Fall River, Mass., and gunner Mike Rayne of Oakline, Mass., opened up with their guns. Then Gagnon jammed. "Keep firing!" Porter screamed. Gagnon struggled with his balky weapon. He managed to

clear it, and started sobbing. "Ammol Ammol!" he yelled. I scrambled about the aircraft searching for ammunition, all thumbs, and realized later I was sobbing too. It was then that Bobby Payne went down. He did a double flip and landed on his back. I was convinced he had been killed. I was surprised to see him get up again, clutching his chest. He took a couple of steps toward me, then collapsed again. Bascovsky, running slowly beside him was gasping for breath and carrying two heavy machine guns. The rice was waist-high and the water was shin-deep. It was heavy going, a tableau in slow motion. Payne fell the second time. With Gagnon I jumped out of our ship and went after him. A flight of armed Hueys roared in at tree-top level and plastered the enemy 50 yards away with rockets. Mud, water and debris filled the air. Overhead, Lt. Col. Jim Lee of Wilmington, N.C. was watching. He told me later: "You'll never know how hard I was praying for you down there. Tracers were all around you. I counted at least 100 around your ship." Young's ship was a shambles. It was between us and the Viet Cong. It rocked gently as bullets cut through it. But it masked and shielded our ship. Without that, we never would have made it.

Gagnon and I picked up Payne and half-dragged, half-carried him to our ship. All this takes longer to tell than it did to happen. Bascovsky and Pires already were aboard. Pires was shouting, cursing and shaking his fist at the Viet Cong. I was afraid he would try to tackle them bare-handed. Payne's eyes were glazed and his body was limp. We were all shouting wildly. I remember now as I write about it that I was screaming: "Never mind! Never mind!" This was meant to be reassuring. I doubt now that it was. Under conditions like these, a man coolly calculates the odds and realizes they're no better

than 50-50. Then another part of him reacts instinctively to demands of the moment. He feeds ammo to the gunner; goes after a wounded man without thinking, because that is what he has got to do. Eskey and Pires tried to get back to their ship. They seemed in a state of shock. They are airmen and an airman's instinct told them not to go off and leave the ship, but it had to be done. Porter had to get out and manhandle them back into our Huey. Bobby Payne's life was saved by his flak vest. One round had flattened against his chest and burned him badly. He will have a bruised chest for a couple of weeks. But a big grin spread over his face as he realized he was still alive. He couldn't talk.

With the rescued men aboard, we took off. Tracers followed up as we rose. Ten minutes later we were safe in Soc Trang and the wounded men were in the hospital. (Editor's Note: This was the story of one battle in the fight being waged so far away from home by Americans. In a letter to the Tribune editor last week, JeDon Porter commented further on his job in Viet Nam. Portions of the letter appear below.) "Our battalion, the 13th Aviation (Delta) supports the IV Vietnamese Corps in the Delta Region of South Vietnam. This is the richest area of Vietnam producing millions of tons of rice yearly, and the most sought after area by the Viet Cong communists. The terrain is flatter than West Texas, but covered with water most of the year, and cut up with many canals and rivers. "The farmers produce one rice crop a year, usually harvested in December and January. The only mode of transporting the grain from the fields to market is by san pan (a flat boat). "The aim of the Communists is to gain control of the farmers and their land, first by gentle persuasion, then by more drastic means; terrorism and murder. The farmers are not

# Farwell "B" Teams Take Wins From Bovina

The Farwell "B" teams defeated the Bovina "B" teams Monday night at Bovina by scores of 77-25 in the boys game and 42-35 for the girls. Larry Suttle and Randy Robertson took top scoring honors for the game as they each netted 14 points. Lewey Bradshaw, also hitting in the double figures, was a close second with 12. Larry Lee and Calvin Wilkinson with seven each tied for third place honors.

Other boys hitting were Warlick Dollar, six; Jim Gray Perry, six; James Calaway, five; Rickey Stewart, four; and Lester Gray Perry, two. Stanberry was top for Bovina with eight, Harris was next with six. Davis clinched third place with four. Others hitting were Kirkpatrick, two; Dency, two; and Hromas, one. In the girls game, Jackie Gast was high for the locals with 17. Nelda Winegart was second with 11. Sharon Busbice was a close third with 10. Kandy Meeks had four.

Kirkpatrick, from Bovina was high pointer for the game with 23 points. Minryen was second with eight. Christian and Radford had two each. In the Bovina "B" tournament held last week, the Farwell "B" girls won the consolation trophy while the local boys defeated Springlake 59-31, and were in turn defeated by Friona by a score of 35-24. In other games played this week, the Yearlings defeated the Springlake five, 44-21. Al Phillips led the scoring attack for the locals with 23 points. Kyle Sheets was second with nine. Robin Mahaney took third with six. Hargrove had five and Robert Curtis netted two. O'Hara was high for the opponents with 17.

## School Lunch Schedule AT TEXICO

MONDAY: hamburger on buttered bun, relishes, potato chips cheese slices, fruit cobbler, milk. TUESDAY: pizza, buttered potato, lettuce wedges, loaf bread, butter, peach cup, milk. WEDNESDAY: sauerkraut with wieners, macaroni and cheese, cornbread, butter, fruit jello, cookies, chocolate milk. THURSDAY: roast beef, brown gravy, creamed potatoes, tossed salad, hot rolls, butter, spiced applesauce, milk. FRIDAY: fish sticks/tartar sauce, blackeyed peas, mixed greens, cornbread, butter, milk, cinnamon rolls.

## Bookmobile Notice

The Tri-County Bookmobile will pay its regularly scheduled visit to Farwell from 8:45-11:45 a.m. Saturday Jan. 23. The traveling library will be stopped at the Holiday Store parking lot, for the convenience of those wishing to avail themselves of its large assortment of reading material. Only one visit will be made in February, (on Feb. 13).

# Steers Defeat Hale Center

Johnny Actkinson led the Steers to victory Tuesday night with 15 points, as the Steers defeated the Hale Center team 62-46.

Larry Gregory and Jerry Childs hit 14 points each for second place. Warren Gossett also hit in the double figures as he netted 12. For the opponents, Gil Hollingsworth was high scorer with 13 points. Mark Laney was second with 12. Don Townsen had eight. Others scoring were Larry Well, six; and Lyndon Harden, three.

The Steerettes also did battle with the Silvertong girls and were soundly trounced, 45-31.

Jo Ann Rhodes was top scorer with 17 points. Other girls getting in the scoring column were Jackie Gast, four; Vicki Kaltwasser, two; Nelda Winegart, two; Diane Lovelace, two; Becky Strain, two; and Melynda Richle, two.

Loretta Tiffon led scoring for Hale Center with 16 points. Cheryl Sue Shayer also hit in the double figures as she bucketed 13 points. Melynn Trimer had nine and Carol Warren, seven.

In other games played this

week, the Steers defeated Silvertong, 65-56 and the Steerettes were humbled, 46-38.

Jerry Childs was high pointer for the locals as he netted 21 points, with Johnny Actkinson close behind with 20 points. Larry Gregory was third with 14. Other boys scoring were Charlie Dannheim, eight; Dale Gober and Bruce Billingsley, one each.

Greg Lowe of the opponents, took scoring honors for the night with 24 points. Max Garrison had 14 for second. Fred Stafford was third with eight. Others scoring were Ike Bruton, four; Mondy Smith, four; and Rocky Curly, two.

In the Steerettes game, Jo Ann Rhodes and Becky Strain tied for scoring honors with 15 points each, for the locals. Melynda Richle was second with four. Diane Lovelace had three for third. Jackie Gast had one.

Tina Williams had 29 points for the opponents to take game scoring honors. Mert Mills was second for the Silvertong team with 15. Donna Stephens had one.

The "B" team was also victorious against the Silvertong team as they came out on

top of a 57-43 decision.

Randy Robertson was high pointer for the locals with 11 points. Jim Gray Perry was second with 10. Warlick Dollar and Lewey Bradshaw tied for third place honors with seven each. Other boys scoring were James Calaway, five; Calvin Wilkinson, four; Larry Lee, three; Lester Gray Perry, two; Rickey Stewart, two; Larry Suttle, two; Wilhite, two; and Garza, two.

Charlie Baker, from Silvertong took game scoring honors with 16. Others scoring for the opponents were Darrell Long, eight; Howard Tomlin, eight; Bill Baker, four; Ira Gallington, three; Buddy Comer, two; and Welch, two.

Johnny Actkinson led the Steers to victory last week against the Kress team, as he netted 32 points and snared 23 rebounds.

## Out Of Hospital

Rev. Bill Hardwick, former pastor of the local Methodist Church, is home now, according to word from Ralph Seller, district superintendent. Rev. Hardwick was hospitalized with a heart attack.

# Gas dries fast, fluffy and for 1/4 the cost.

See this model and other automatic Norge gas dryers at the Southern Union showroom.

## If you want the job done right... do it with gas.

You're tired of spending 70 hours a year hanging four tons of wet wash on the clothesline. (And that's exactly what you're doing, if you're an average housewife.)

You want an automatic clothes dryer, and you've heard that gas is the kind to get. Why? First, because gas dries clothes fresh and fluffy, the way the sun does when the weather's just right. Second, because minutes can be precious

when you're waiting for clean clothes, and gas dries faster than anything else.

Third, because a gas dryer will do the job for 1/4 the cost of an electric dryer.

One more reason: At a self-service laundry, they've got to dry clothes right. And nine out of 10 do it with gas.

**LISTEN ATTENTIVELY** -- 22 members and prospective members of the Farwell Jaycee organization listened attentively Tuesday evening as Bud Miller, visiting state vice-prexy from Tulla outlined aims of the organization. He invited local Jaycees to attend an area meeting later this week in Amarillo, and plans were made for several members to go.

**VISITING DIGNITARY** -- H. T. (Bud) Miller Jr., Tulla Jaycee Texas state vice-president is greeted by Troy Christian, local Jaycee vice-prexy at the Tuesday night meeting. Miller highlighted some of the aims of the organization for the local Jaycees during the evening.

### State Vice-President Visits Farwell Jaycees

H. T. (Bud) Miller Jr., Tulla, state vice-president of Jaycees in Texas was guest speaker at the Tuesday night meeting of Farwell Jaycees, when they held a dinner meeting in a Farwell restaurant. Twenty-two persons were in attendance, (nine members and 13 prospective members).

Miller elaborated on the highlights of the Jaycee program, telling his audience of the many ways in which a community the man and his fellowman may be helped through the organization. He also told of the aims of the organization and highlighted some of its activities in other areas.

Local members made plans to attend an area meeting at the Coronado Inn in Amarillo this weekend. Don Gerles, Jaycee representative to the Twin Cities council told of the project plans as set forth by that organization, and what the Jaycees are expected to do to help in completing plans.

Plans are underway to organize a bigger and better Jaycee group in Farwell. President of Jaycees is John Christian and Troy Christian is serving as vice-president of the group. Meetings are held each 1st and 3rd Tuesday, at 8 p. m.

### Parmer Co. Counts 11 Dead In 1964 Accidents

There are eleven tombstones in Parmer County that were erected ahead of schedule in 1964. The stones mark the graves of persons who died in traffic accidents on rural highways in the county during the year.

But the suffering wasn't confined to those who were killed. The Department of Public Safety recorded 122 mishaps on rural highways in the county during 1964. Those accidents injured 67 persons and they spent countless days in the hospitals. Property damage from these accidents amounted to \$108,499.00.

During December there were 13 accidents on rural highways in the county, according to Sergeant W. E. Wells, Highway Patrol supervisor in this area. These crashes resulted in one death, five persons injured and an estimated property damage loss of \$9,930.00.

Texas drivers have killed more people during 1964 than any other year in the state's history. Unofficial figures indicate the Texas death toll may have reached 3,000 during 1964, but the final tabulation will not be completed until March 15.

Meanwhile, officials are hopeful that motorists will heed warnings and drive with greater care during 1965 and give special consideration to the hazards of driving during winter months ahead.

**REMEMBER**

### Resolution Opposes School Consolidation Attend School Administrators Meet

At its Friday evening meeting the Texico town council passed a resolution in opposition to any consolidation of the Texico school with the Clovis school. Attorney Harry Patton was instructed to draw up such

### Postmaster Appeals To Rural Patrons

Postmaster Lucy O. Brown of the Texico post office appealed to the postal customers on rural routes to help their mail carriers make deliveries during the bad winter months to come.

The Texico office has two rural carriers who cover an area north, northeast and south of the town, and Mrs. Brown is encouraging people along the routes to assist the delivery men by keeping the routes clear of ice and snow.

Listed as of particular concern by the postmaster were: 1. Approaches to rural mail boxes, must be kept open by customers. 2. Obstructions to delivery of mail on rural routes should be removed or minimized to the fullest extent.

Where rural boxes pose a problem, the carrier may leave form 4056, "Your Mail Box Needs Attention." Unless approaches are cleared, it may be necessary to temporarily withhold delivery of mail, until the path is cleared, said the postmaster.

Rural carriers are not required to perform service on foot when roads cannot be traveled with the vehicles normally used, but they are expected to make every reasonable effort to serve as many of their patrons as possible without physical exertion or added financial cost, Mrs. Brown said.

If detours become necessary for the delivery of mail, patrons should erect their boxes along this route, or arrange with others along the route to pick up their mail from their boxes until travel on the roads affected can be resumed.

### FHA Selects Girl Of The Month

At a recent meeting of Farwell FHA, presided over by Mikala Austin, Mrs. Cross presented a study of work suitable for rehabilitation classes to do.

Each member was issued three cookbooks, which she is expected to sell. The cookbooks, feature salads, meat dishes and desserts. The books are being sold as a fundraising project for the organization.

Announced as "FHA girls of the month" for September and October were Mikala Austin, president of the local FHA, and daughter of Mr. and Mrs. Guy Austin and Carolyn Lindop, granddaughter of Mr. and Mrs. George Lindop, respectively. Carolyn is also treasurer of the local FHA group.

### Returns From Visit

Mrs. Fairy Stovall returned this week from a visit in Waco and Keene with her sons, Don Stovall and Floyd Stovall. Mrs. Stovall has been visiting in the Texas cities since shortly before Christmas.

Mr. and Mrs. Harold Stovall and sons recently returned from Corsicana where they visited in the home of their daughter and family, Mr. and Mrs. Garland Warren and Shelly.

### Pastor Attends Area Conference

The Rev. Herbert F. Pelman, pastor of St. John Lutheran Church will spend two days this week attending an area conference at Lubbock. The conference hosted by Christ Lutheran Church, Lubbock, will include some 75 pastors and ministers of education. Some of the visiting clergy will come from as far away as Perryton, as far south as Ft. Stockton, from Abilene to the east and West to the New Mexico border. Pastor of the host church is Rev. Harold Kaestner.

The Lariat pastor will be on the program on Thursday and Friday morning with an Exegetical paper on Titus; 2: 6-11. On Thursday evening a communion service will be held in which Rev. Herbert Driesner of Perryton-Dumas parish will preach and the host pastor will read the liturgy.

At the 10:30 a.m. service Sunday, Jan. 24 the pastor will speak on "May a Christian Brag or Boast?" The text is Jeremiah 23-25. "A careful study of the scriptures leads to the conviction that about the only thing a Christian has to boast or brag about is the grace of God which is kind enough and big enough to save a sinner like me.", the pastor concluded.

### The Music Man To Be Presented

Muleshoe High School's Fine Arts Department will present Meredith Willson's "The Music Man" January 26-29 at 8 p.m. each evening in the high school auditorium.

The art, band, choir and drama departments are working together to make the "Music Man" one of the finest high school musicals of the year. There will be 90 members in the cast plus 18 orchestra members. The song and dance routines are especially colorful and well directed to provide an evening of fine entertainment.

Tickets for the presentation are \$1.50 each and may be purchased by contacting the Fine Arts Department or phoning 5600 in Muleshoe, announces Kerry Moore of the high school arts department.

### Seaman Landrum Graduates

Fire Control Technician Seaman Apprentice Champ E. Landrum son of Mr. and Mrs. Douglas Landrum graduated from Fire Control Technician School at the Mare Island Naval Schools Command, Vallejo, Calif. on Dec. 18.

While attending the school he studied mathematics, electricity, and electronics in addition to rotation machinery, the principals of Gyros, radar special circuits, analog and digital computers and fire control radar systems.

The school prepares students to work in the complicated fire control technician rate which is the art and science of firing missiles, guns and torpedoes.

Ray Vandiver from 307-7th St., Farwell, to J.D. Lewis trailerhouse on Lamar street.  
Harley Peoples from 600 S. state to country.

**ALMOST READY**---Capitol Food Store in east Farwell is almost ready for the Grand Opening of their place of business scheduled for Feb. 1-6 with the installation of the huge neon sign which was being erected on Monday. The business opened in the new location early in December. Plenty of parking space is available for the customers on the paved parking area surrounding the store.

### Records Show Fewer Marriages More Divorces In '64'

Records at the Parmer County courthouse show that the number of marriage license issued in the county in 1964 was down from the license issued in 1963 while the number of divorces granted in the county in 1964 was well above the 1963 figure.

A total of 77 marriage license were issued from the county clerks office in '64' while 99 were issued in 1963. However, 31 divorces were granted in the county in 1964 with only 24 couples seeking divorces in 1963.

County and district officials contribute the greater number of divorces to the fact that even though a person may leave his home county or state to obtain a marriage license he must obtain a divorce in his home county.

More marriage license have been issued in the county in the past few years, say officials, due to the fact that youngsters from adjoining states who are unable to obtain a marriage

license there because of the age limitations can easily obtain a license in the state of Texas, (with his or her parents consent). Legal age for marriage in Texas with parents consent is 14 and 16, respectively while in the adjoining state of New Mexico a girl must be 16 and a boy 18 (with parents consent to obtain a license to marry).

### Scholarships To Be Awarded

Scholarships totaling \$12,000 will be awarded to outstanding high school seniors of Eastern New Mexico at the ENMU Talent Day, Feb. 13.

High school students from New Mexico and West Texas will compete for the scholarships in examinations, given by the various schools and departments at ENMU.

A luncheon is planned for Talent Day participants.

Prentice Mills, in a Fire Side chat discussed Civil Defense and Community Responsibility with members of Farwell Study Club Monday night. Shown with Mills is Mrs. Mabel Reynolds, club president.

### Study Club Topic Civil Defense

Civil Defense and Community Responsibility was topic for discussion at the Monday night meeting of Farwell Study Club, in the home of Mrs. M. T. Glasscock. Prentice Mills, director of the local ASC office, was

guest speaker, in the absence of Judge Loyde Brewer who was ill.

Mills, using an informal "Fireside Chat", manner gave much information and a concise picture of Farmer County's preparedness for civil defense in case of an emergency.

The county is divided into 15 areas (each division having a chairman and 10 persons to assist). The chairman in each area is to be contacted in case of an emergency. The civil defense group meets once a month with attendance compulsory.

In Farwell there are "Fall-out Shelters" to care for approximately 1,000 persons, said Mills. A shelter at the Farwell Elementary school will accommodate 80 persons; Sherry-Anderson Grain Elevator has a shelter which will provide space for 330 persons and Worley Grain has a shelter with accommodations for 480, in addition to which 10 or 12 individual shelters are in the community.

Lariat, Lazbuddie, Bovina and Friona have likewise provided shelters with necessary food for an emergency, however water and blankets must be provided when or if an emergency arises. 3,600 persons can be cared for in the county in case of emergency.

County HD Agent Cricket Taylor has the responsibility of keeping the rural families informed of fall out. She with agricultural agent, Joe Vandant are in charge of gathering needed food in case of a disaster. The Soil conservation crew would inform the public

### Committee Appointed By Golden Circle Class

Golden Circle Sunday School Class of Texico First Baptist Church met in the home of Mrs. Ray Stone on Tuesday evening with 10 members in attendance.

The meeting was opened with prayer by Mrs. Nora Day following which a short business meeting was held. Members, Mesdames John Hill, Willie Walls and F. S. Thigpen were appointed to a committee to secure food for the senior banquet, which will be held on Feb. 16. Members were reminded to send letters and cards, to phone, and visit shut-in members and older persons in the church.

The February meeting will be a Dutch treat meal held in a Clovis restaurant. Secret pal gifts were presented to several members.

The hostess served cheese crackers, cake and coffee to Mesdames Nora Day, F. S. Thigpen, Wesley Engram, J. O. Morris, John R. Hadley, Johnny Cahppell, Buck Hudson, Jack Watts, and T. J. Tipton.

when normal activities could be resumed and the FHA, directed by Billy Boling, would provide wide financial aid for rebuilding damage and destruction of property.

In the business meeting presided over by Mrs. Mabel Reynolds, reports were heard from two standing committees. Two large boxes of designated items were sent to the Wichita Falls Hospital, which provided 24 patients with two gifts each. The club was praised for making this Christmas the best one the patients have had.

The finance committee discussed possible projects. Mrs. Cricket Taylor moved that the club sponsor a game night, offering a variety of table games, to be held in the school cafeteria. A fee of 50¢ per person would be charged with pie and coffee to be served free. The club voted to sponsor the affair and date was set for Feb. 6, 7:30 p.m. All proceeds from the affair will go to the Little League Ball Park project. The public is invited to participate in the affair.

Mrs. A.C. Clarke co-hostess with Mrs. Glasscock served nut bread with hot apple cider or coffee to Mesdames J.B. Benderman, Hatye Boling, C.C. Christian, Claude Coffey, Joe Crume, Clytie Dial, Beulah Hobbs, L.S. Pool, Elmer Scott, R.S. Shuman, Mabel Reynolds, Cricket Taylor, L.R. Vincent, W.C. Strickland and Paul Wilkerson.

### Invitation To Shower

Friends are invited to attend a pink and blue shower honoring Mrs. Glenn Dell Phipps (Sherril Austin) at the fellowship hall of Farwell First Baptist Church 3-5 p.m., Tuesday, Jan. 26. No invitations are being sent; therefore you are asked to consider this your personal invitation.

Hostesses are Mesdames Don Gerles, Markham Chadwick, Jerry Owen, Truitt Hardage, Fred Magness, Vernon Scott, Max Field, Mike McManlqal, Duane Herington, Joel Tankersley, Eddie Trason and Roy Woodard.

### Circus Theme Highlights Birthday Party

A circus theme highlighted the party given for Andy Graham, son of Mr. and Mrs. W. H. Graham, marking his fourth birthday on Friday. Older brothers, Ronnie, Hal and John had decorated the basement at the Graham home with red and white crepe paper streamers to represent a canopy. Guests were greeted by Mrs. Graham, dressed as a clown.

Games were played and favors of balloons, animal crackers and drummer monkeys were presented to the guests. Birthday cake was decorated with a clown and four candles. Individual cup cakes topped with clowns were served with red punch.

Guests were Kayle Watts, Tommy Strickland, Guy Whitesides, Kirk Magness, Mike Boling and brother, John Graham. Special guests were Ruthie Whitesides, Deana Williams, who assisted with hostess duties, Cindy Watts, Mrs. Ted Magness and Mrs. Bill Whitesides.

Following the party the Graham family went to Silverton where they attended the Farwell - Silverton basketball game and held a family observance of Andy's birthday in the home of his grandparents, Mr. and Mrs. O. M. Dudley.

### Housewarming Honors Raymond Hadleys

Hostesses for a housewarming in the new country home of Mr. and Mrs. Raymond Hadley, on Sunday were members of the Companion Sunday School class of Texico First Baptist church. Approximately 60 guests were shown through the new home.

The afternoon was spent in visiting, and admiring the gifts presented to the couple. Hostess gift was a red bath mat set. Refreshments of assorted cookies were served with pop or coffee.

### Attend Workshop In Lubbock

Four members of Farwell Study Club participated in a Federated Club district workshop, Saturday in the tea room at Hemp-Hill Wells in Lubbock.

The Workshop, directed by Mrs. Lane Decker, Floydada, second vice-president of the Caprock District was principally concerned with the correct preparation and channelling of annual reports, which are due next month.

Attending from Farwell were: Mesdames Mabel Reynolds, R.S. Shuman, Elmer Scott and Hatye Boling.

# The Women's Page

Chris Moss, Society Editor --- Phone 441-3681

WEDDING DATE SET - Sandra Jean Billingsley, daughter of Mrs. Guyn Billingsley and the late Scott Billingsley, announces her approaching marriage to Herbert Gale Poe, son of Mr. and Mrs. Ben Day of Ardmore, Okla. The wedding will take place January 29, 7 p. m. at Cannon Air Force Base chapel.

### Post Nuptial Shower Honors Mrs. Dick Adams

Honoree for a post-nuptial shower on Saturday was Mrs. Richard (Dick) Adams of Garden City, Kan. The social was

held in the home of Mrs. Ruth Reid with Mesdames Mabel Tharp, Avis Patterson, Irene Dyer, Gladys Johnson, Dorothy Camp, Ida Lou Combs, Tena Roth, Crystal Moss, Clytie Dial, Ethelene Bell, and Aileen Teel sharing hostess duties.

Receiving rooms featured a blue and white color scheme. Serving table was covered with white linen and centered with a blue candle surrounded by blue metallic balls and leaves. Assorted blue and white cookies, mints and nuts were served with floating pineapple punch by Mrs. Larry Roubinson, sister in law of the honoree. Presiding over the guest register was Mrs. Crystal Moss.

The honoree, her mother in law, Mrs. John Adams and her sister in law, Mrs. Roubinson were presented with white carnation corsages sprinkled with blue jewels.

The honoree was assisted in opening gifts by her mother in law and the gifts were registered in the bride's book by Mrs. Charlyene Danforth, Carlisbad, a close family friend.

Attending in addition to those previously mentioned were Mesdames Homer Dykes, Fred Northcutt, Leroy Spears, Joe Helton, Leroy Faville, and Larry Lethgo. Approximately 60 persons sent gifts.

### Girls Accepted For Club Membership

Texico 4-H Club accepted two girls for membership at its Jan. 13 meeting, in the home of Mrs. Perry Winkles. Girls accepted for membership were Cindy Combs and Becky Lockmiller.

The five first year girls were divided into work groups with group I (Becky Lockmiller and Debra Tharp) baking cookies under the supervision of Sandy Tipton, junior leader. Cookies were later served for refreshments. Group II, (Connie Autrey and Cindy Combs) under the supervision of Mrs. Winkles learned the parts of a sewing machine and how to thread a machine. They were joined for a refresher course by Betty Autrey, a second year girl.

Kathy Lockhart, the other first year girl, worked on a tea towel (one of the first club projects) under the supervision of Veda Wilson, junior leader.

The club project for the year is safety. Beverly Winkles and Janet Wilson, junior leaders will assist with the project.

In previous meetings the girls were instructed in medical self-help in an emergency. Each of the girls gave artificial respiration to a dummy, participated in applying tourniquets and bandaging fractures. A film was shown on artificial respiration.

February 3 the girls will meet at the Loren Wilson farm to watch tree grafting, by Carl Kramer. Also on Jan. 28 the club members will attend a meeting in Clovis to hear a report on the National 4-H Club Congress held in Chicago.

SPECIAL GUESTS -- Mrs. Ed Farmer president of the Texico Woman's Club (right) visits with Mrs. Walter Kaltwasser, (left) guest speaker and Mrs. Roy Pendleton, president of the State Woman's Club Federation, following the Tuesday evening meeting of the Texico club at which Mesdames Kaltwasser and Pendleton were special guests.

### State President Visits Texico Woman Club

The president of New Mexico Federation of Woman's Clubs, Mrs. Raymond Pendleton, of Roy was a special guest at the Texico Woman's club meeting on Tuesday evening. Mrs. Pendleton told something of the growth of the organization in the past 75 years, stating that this year the national federation is observing its "Diamond Jubilee." The national theme for this period is service to others - through federation.

State theme for this year is "Fellowship - today - tomorrow and then peace." Mrs. Pendleton mentioned several projects which the federation is asking clubs over the state and nation to participate in. One of the projects, which

Texico won several years ago, is that of community improvement -- "we are hoping for 100% participation in this project on a national level," said Mrs. Pendleton.

Following Mrs. Pendleton's enlightening talk, Mrs. Elmer Teel, program chairman, introduced Mrs. Walter Kaltwasser, who reviewed the book "Beyond Ourselves," written by Katherine Marshall.

A brief business meeting was held with members voting to donate the one dollar (\$1.00) requested by the Twin Cities Council for its postage fund to that organization, in other business, members voted to sell candy as a fund raising project. Money raised from the candy sales will be used to pay a girl's way to girls state and to assist in the scholarship fund.

Prior to the business meeting a salad supper was held, with each member bringing salads and the hostesses furnishing the beverage and dessert for the meal.

Attending the meeting were members, Mesdames John R. Hadley, Wesley Engram, Charles Stockton, Leroy Faville, Howard Leavell, Truman Kittrell, Elmer Teel, Johnny Teel, David Axe, James Pierce, and Ed Farmer, and guests, Mesdames Pendleton and Kaltwasser.

### Golden Anniversary Celebration

Word was received in Texico-Farwell early this week that Mr. and Mrs. F.J. Park, former residents will be celebrating their golden wedding anniversary (50th) on February 1. All friends in this area are invited to send cards and letters to the couple.

An anniversary celebration will be held in Chico, Calif., for the couple. Send congratulatory messages to: Mr. and Mrs. F.J. Park, 1720 Beach St., Chico, California.

### Ruth Ann Scott Arrives Jan. 13

Ruth Ann is the name given to the new daughter of Mr. and Mrs. Orville Keith Scott, who made her arrival on January 13. The little girl, who weighed 7 lb. 14 1/2 oz. and was 20 inches long on arrival is the second child for the family. Their other child is a son, Michael, three.

Grandparents of the new arrival are Mr. and Mrs. T.T. Doolittle, Texico and Mr. and Mrs. O.W. Francis, Clovis. Mother and baby have arrived home, from the hospital, and are doing fine.

## On sale now through April 30th! Big travel bargain for cities along Santa Fe

It's Chico Bargain Fare time again on the Santa Fe—through April 30, 1965.

For example, a regular round-trip ticket costing \$100 will be sold at the off-season bargain fare of \$80. Round trips costing \$75 now will be only \$60, and similar reductions will apply for round-trip tickets from all stations except for local trips within the State of California.

No matter where you travel on Santa Fe trains, round-trip bargain fares will save you approximately 20%. Tickets on sale every day with a return limit of 30 days. Yes, bargain fares apply for both round-trip coach and first-class tickets.

Now you can leave the car at home and save money traveling by Santa Fe.

### Beginning Again Is Devotional Topic

The home of Mrs. James Patrick was scene for the Thursday meeting of the Ruth Sunday School class of Farwell First Baptist Church. Hostesses were Mrs. Pansy Ross and Mrs. Loree Hill. Special guests were Mrs. Patrick and a sister, Mrs. Patricia Rennels.

Mrs. Hattie Boling gave the devotional, using the book of Ruth as a basis for her discussion of "Beginning Again in 1965". She also read the poem with the same name, "Beginning Again."

During the short business meeting class members voted to assist the Farwell junior class with securing clothing for its current rummage sale. A class project for the year will be chosen at the February meeting.

Refreshments of Danish rosettes, cookies, and coffee were served to Mesdames True Bell, Hattie Boling, Fairy Stovall, Hattie Coffey, Dora Johnson, Vida Petree, Mabel Reynolds, Mary Whitley and Miss Maude Hicks.

**MEDICAL SELF-HELP -- Modern Homemakers of Texico** completed their course on medical self-help in an emergency, Tuesday, with lessons in applying splints to fractures, nursing care and treatment of shock and burns. Eight club members have completed the nine lessons in the course. Pictured is Mrs. Paul Skaggs applying a two tailed bandage to the knee of Mrs. Elward Combs; (such bandages are good for applying to joints) and Mrs. Perry Winkles applying a splint to the arm of Mrs. Joe Camp, using available material (in this case a magazine). Knowledge gained in the courses would come in handy in an emergency (such as a tornado or should a bomb be dropped in the vicinity) say club members.

### New Members Initiated Into Delta Kappa Gamma

Forty-six Delta Kappa Gamma members attended the Delta XI Chapter meeting in Hereford Saturday at which installation services were held for six new members.

Mrs. Claude McDougal, Hereford conducted the initiation ceremony at which Mesdames Faye Holt, Sue Painter and Lottie Wertemberger all of Hereford; and Mesdames Ruth Skinner, Dorothy Sheffy and Estelle Hottel, all of Dimmitt were admitted to the organization as members.

Assisting with the initiation ceremony were Miss Hazel Merritt, Dimmitt, Mrs. Gladys Legg, Hereford, Mrs. Claude Coffey, Farwell and Mrs. Pearl McClain, Friona, Mrs. Faun Welker accompanied Mrs. Leta Kaul, soloist, who sang several selections.

Miss Merritt, conducted a short business meeting preceding the program.

A symposium moderated by Mrs. Marie Ratcliff, Hereford with participating members, Mrs. Claude Forson, Mrs. Eleanor Hudspeth and Mrs. Pearl McClain, gave studies of "Changing Education Patterns in Other Cultures." Cultures given were South America, Africa, India, and Japan, respectively.

Some pertinent facts presented were: More money is being devoted to education in the Latin American countries; Africa is becoming aware of the need for education (six new universities have been established in Nigeria and new work on the primary and secondary level is progressing rapidly. India has compulsory school laws much as our own. Provision for adult education is being made and all professions are open to women in India and more women are participating in the professions.

Japan has two universities with free tuition, and always has a waiting list desiring entrance. Every third or fourth man over 20 years of age, in Japan, is seeking higher education.

Preceding the program a luncheon was held. Tables were covered with white and centered with red ribbon streamers and sprays of holly extending the length of the tables.

Next meeting will be in Farwell Feb. 6 at the Homemaking Cottage at which time the "White Elephant Sale" will be conducted for the benefit of the scholarship fund. Changing Political Patterns in Other Cultures, will be studied.

Attending the Hereford meeting from Farwell were Mesdames Loyd Cain, Claude Coffey, Harry Whitley and Hattie Boling.

#### 'HAPPY ENDING'

There are two things that might happen when you open your mouth at the wrong time; you may eat your foot or your gum may fall out.

### JOTTIN'S By Jeanne

One of the recipes that was outstanding among a group of pretty and appetizing dishes was a salad prepared by Linda Gerles for the ESA supper Monday night. So I asked Linda to share the directions -- it's a simple and good salad recipe to keep on file. I forgot to ask her the name.

Here's how: dissolve a package of gelatin (plain) in 1 cup of cold water.

In the meantime, combine a can of crushed pineapple and 2/3 cup sugar in saucepan; let come to boil. Remove from heat and pour into gelatin. Chill until firm. Then beat a 1/2 pint of whipping cream, fold into mixture. Grate American cheese to taste into mixture, and add nuts if desired.

Now that we're home again, Caroline Anderson tells me that Sister Susan writes that it snowed 20 inches at Ruidoso recently -- after the Grahams left, of course.

Susan's small daughter is recuperating from a broken leg -- result of a ski accident. We often hear of accidents while practicing this sport -- but this wee one is only three years old. But she is getting well rapidly.

The A. E. Hapkes had their family at home during the holidays, with the exception of Daughter Joan. It was quite a treat, Frank lives in Maine and Naomi drove in from California.

### Exchange Student Speaks To Okla Lane 4-H Club

Janis Billingsley introduced Brenda Hawker, exchange student from Australia who is currently attending school in Friona at the January meeting

of Oklahoma Lane 4-H Club. Miss Hawker spoke to the group on "Life and Customs in Australia." She was accompanied to the meeting by Janet Rushing also of Friona.

Harold Jones led the 4-H pledge and motto and Cheryl Kaltwasser presided over the

business meeting. Alan and Kathryn Gober, host and hostess, served cookies and soft drinks to the guests, and members, Cheryl Kaltwasser, Janie Billingsley, Tina Rundell, Sheree Rundell, Neil Christian, Larry Jones, Harold Jones, Kevin Kaltwasser, Randy Gregory, H. D. Agent, Mrs. Cricket Taylor and leader, Mrs. Melborn Jones.

### Game Night Planned

Members of Farwell Study Club are planning a game night for Saturday, Feb. 6 at the high school cafeteria in Farwell. Price of admission is 50¢ each or \$1.00 per couple. The admission price will include pie and coffee which will be served throughout the evening, by Study Club members.

A variety of table games will be played. All proceeds from the fund raising affair will go to assist in the Little League ball park project.

### Visits

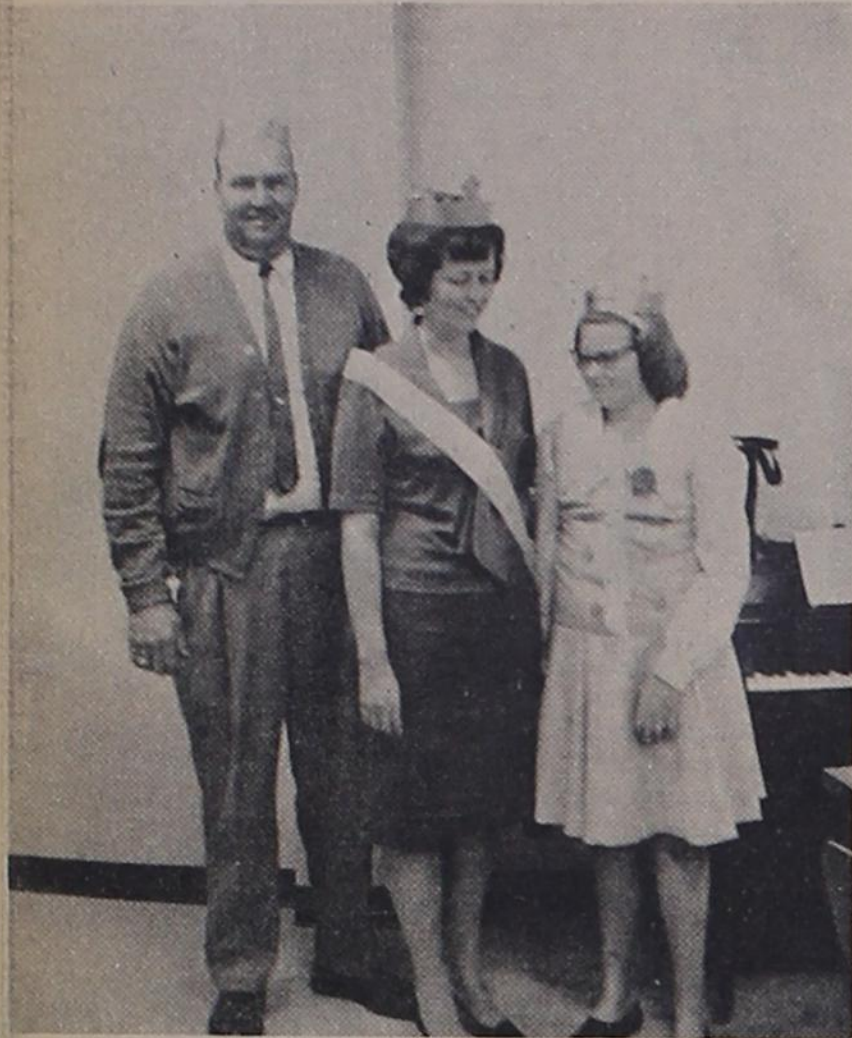

#### Grandparents

Leroy Gibson, grandson of Mr. and Mrs. Jack Watts from Scott Bluff, Neb. is visiting in the home of his grandparents. The five year old boy, who arrived on January 4 is expected to spend several months here.

Leroy, who has had an artificial eye since he was quite small will return to Amarillo for an eye fitting on Feb. 9.

**VISIT IN PARENTS HOME**  
Visiting in the home of Mr. and Mrs. Herb Potts are their daughters and families, Mr. and Mrs. Larry Pike and children and Mr. and Mrs. Bill Flowers and daughter.

Mr. and Mrs. Pike, who have been living in Amarillo for a number of years are enroute to Florida where they will make their home.

**ROYALTY --** James, Nelle and Nella Beth Craig were crowned king, queen and tiny TOPS queen respectively at the meeting of TOPS club Tuesday evening. The trio (members of the same family) had the greatest weight loss for a given period of time. Craig, who joined the club shortly before Christmas has lost 20 pounds since becoming a member; Nelle has a 42 pound loss for the year and Nella Beth also a newcomer to the organization lost four and one half pounds during her first week as a member.

### Royalty Crowned By TOPS Club

Eighteen members and guests of Twin Cities TOPS Club met in the Community room of Security State Bank Tuesday evening to observe the second anniversary of the local organization. The club pledge was repeated and the TOPS song was sung by members present, after which a brief business meeting was held.

A program, "The Success of Suzy B. Lite" was presented by four members. The program was narrated by Nelle Craig. Barbara Bleler was Suzy and the parts of Temptation and The Spirit of TOPS were played by Rita Dollar and Murlene Smith. Included were musical selections, "Seventy Six Hambones", "Temptation", "Only Five Push-Ups More", and "Marching Along Together".

Four Club members were recognized for weight lost during the past six months. Nelle Craig was crowned Queen for the second consecutive six months period with a total loss of 42 pounds. Completing the royal family were James Craig, only male member of the local organization, who was presented the King's crown, and Nella Beth Craig, who received the Tiny Tops crown. Both Craig and Nella Beth are recent newcomers to TOPS. Runner up for the Queen's crown was Flossie Watts, who joined TOPS in November and has already lost

18 1/2 pounds.

A low-calorie salad supper was enjoyed by members and their guests. Present were, Lucy Brown, Rita Dollar, Flossie Watts, Wanda Walker, Murlene Smith, Nina Glasscock, Onie Bradshaw, Linda Harriman, Emma Hudson, Barbara and Ina Bleler, Rosa and Alceldine Bradley, Georgia Lee Rundell, and James, Nelle and Nella Beth Craig.

1965 officers are Lucy Brown, Leader, Rita Dollar, Vice-Leader, Lillian Benderman, Secretary, Barbara Bleler, Treasurer, Murlene Smith, Weight Recorder and Nelle Craig, Reporter.

Persons interested in the program of TOPS are invited to contact officers of the club for further information. TOPS stands for (Take Off Pounds Sensibly) and members of the national organization lost almost 330 TONS last year.

### Visits Farwell

Airman Charles W. Chisman, USN, son of Mr. and Mrs. Chase V. Chisman is visiting in Farwell with friends and relatives following a tour of duty aboard the Kearsarge in the Far East.

Chisman will return to San Diego when his leave is up, where the Kearsarge is undergoing a complete overhaul while in dry dock.

Flossie Watts with a total weight loss of 18 1/2 pounds since November is runnerup for Queen's honors in the Twin Cities TOPS organization, for 1964.

# NOTICE TO PARENTS Of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1965 but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31 you are being overlooked and should do one of the following:

1. Phone the school office and ask for a census blank.
  2. Call in person at the School Office and get a census blank and fill it out.
- Remember, if your child will be six years old next Sept. 1st, he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older next Sept. 1 he should be counted now. All children from six to 18 should be counted. The six years old who start next September to school are the ones most overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

**Don't Wait 'Till Feb. 1st To Turn Your Blanks In - As That Will Be Too Late**

# Gas Users Meet Jan. 25 At Hub

Parmer County Irrigation Gas Users Assn. will meet Monday night of next week at the Hub Community Building. The meeting starts at 8 p.m.

Area farmers are renewing their efforts to obtain natural gas at a cheaper price. The gas, which powers over 2,000 irrigation wells in Parmer County, is a major production expense.

Since 1961, farmers of the Plains have wrestled with Pioneer Natural Gas Company over rates. Unable to get what they considered an acceptable price, the farmers sought to have pricing policies of Pioneer put under regulation of the Texas Railroad Commission. This bill did not become law, but almost passed, and is still considered "alive and kicking." In fact, it is expected to have a good chance of passing this session.

We have just listed a fine, Curry County farm with two good 8" wells, two miles of underground tile, better than average improvements, located on the pavement, over 600 acres of farming land; priced realistically to sell at less than \$300 per acre.

See Dean Eldridge OR Moreland Martin, Town & Country Real Estate 762-4501

"Pioneer has given the farmers good service -- there is no question on that," says Carl Schlenker, secretary of the Parmer County group, "but we are paying too much for gas. They are earning over 11 per cent where a utility usually is permitted to earn only six and three-quarters per cent."

He says that figures show the gas cost Parmer County farmers all the way from 28 to 62 cents per million cubic feet, and that the average farmer pays 42 cents for it.

One possible solution to the problem of gas rates is purchasing from another source, he says. Transwestern Pipeline Company, which owns a line traversing the county from northeast to southwest, has offered to sell gas at a flat rate of 26 1/2 cents to a farmer cooperative.

Farmers in the Black area, who have about 100 wells that could be served through their own lines, are looking into this potential. A petition has been filed with the Federal Power Commission to permit the interstate transporter to sell to the group. Pioneer has pro-

## Uniform Water Penetration Achieved With Tail Water

All irrigators experience one common problem -- uniform penetration of water throughout the entire irrigation block.

Annually many farmers produce large yields in certain areas of their fields and produce small amounts in other areas, where the irrigation water fails to penetrate the soil adequately. Lands with degrees of great slope run water so rapidly that it seldom has time to sufficiently wet the soil production crops.

Walt Mabry, of Hub, in Parmer County, has taken a giant step in solving his problem of water penetration. In 1963 Mabry, with the aid of the High Plains Underground Water District, installed an irrigation tail water return system and put it to good use. During the initial year of operation he

salvaged 62 acre feet of irrigation water.

Mabry discovered that by using larger heads of irrigation water and by re-circulating the water he could obtain the penetration in the same length of time that was normally required to just water the irrigation plot prior to installation of a tail water system.

In 1964 20 acres of grain sorghum were watered four times with this return system and twice with irrigation wells. The plot produced an average of 6800 pounds of grain sorghum per acre, which was a record for the farm.

Records of the High Plains Water District show that during the last two years the return system is recovering 20% of the water pumped from the irrigation wells.

## Shelton, Rea New Water Dist. Reps.

Ralph Shelton of Friona and Carl Rea of Bovina were elected committeemen for Parmer County in the Water District election held last week.

Serving with them in hold-over positions are Wendol Christian, Oklahoma Lane; Henry Ivy, Lazbuddie; and Walter Kaltwasser, Farwell.

Ross Goodwin of Muleshoe was elected to replace John Gammon as district director representing Parmer, Bailey, and Castro Counties. Gammon served on the board six years.

Every taxpayer is entitled to use his own personal exemption of \$600 in filing his Federal income tax return for 1964, Elton Davidson Administrative Officer in the Plainview office of Internal Revenue reminded today.

Document No. 5013 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service.

## On The Farm In Parmer County

By JOE VAN ZANDT County Agent

Texas landowners wanting to order trees or shrubs from the Texas Forest Service should get their orders in real soon. The deadline is February 12 and the cost is \$1.50 per hundred plus the 2 per cent sales tax.

Their supply of Austrian and ponderosa pine and sycamore have been depleted and are no longer available. However, they have 14 other species available which includes Black Locust, Mulberry, Catalpa, Osage Orange (bois d'arc), Redcedar, Eunoymus and Buffalobery.

Application blanks are available thru the County Agent's office. Orders for species shown on the application must be in multiples of 50.

All seeding orders will be packed in moss and moisture proof paper and shipped prepaid direct to the purchaser. This is a good opportunity to start a windbreak around your farmstead, so call the office for your application blank.

**STOCK WATER**  
Take advantage of this pretty weather we've been having because we all know there is plenty of cold weather ahead. Breaking ice on stock watering troughs or tanks is no easy, pleasant task. This irksome job

can be avoided by installing an automatic livestock waterer, equipped with an electrical heating element.

Water should be available for livestock at all times, even in the coldest weather. Automatic waterers keep a continuous supply of fresh water on hand.

Electrically heated waterers come in different shapes and sizes for all types of livestock. Basically, a unit consists of a tank fed by pressure or a gravity water system, a float valve, a heating element controlled by a thermostat, and a housing to support the tank and exclude outside air movement around it.

We suggest purchasing the smallest unit that will provide ample water for your livestock. A general purpose bowl-type waterer will handle up to 30 head of cattle for 60 hogs. Types which have the heating element immersed in the water or are attached to the underside of the tank are usually more efficient than those warming the space enclosed by the housing.

The thermostat, being an important part of the automatic waterer, should have a five degree range between the "on" and "off" operating points for best results. Cattle or combination waterers should be insulated on the sides to conserve electricity. Covers are also recommended for reducing operating costs and as an aid to keeping the water clean. It is important to select a unit which can be cleaned easily.

Water temperature should be maintained just high enough to prevent freezing. This will usually be between 45 and 50 degrees, F.

**CATTLE ON FEED**  
There were 1 per cent more cattle and calves on feed for slaughter market on January 1 than a year earlier in 32 major

# THE HIGH PLAINS FARM AND HOME

**WORKSHOP CONDUCTED** -- Reporters from four Parmer County HD Clubs attended a workshop at Friona State Bank community room Friday, with representatives from two county newspapers participating in the discussion along with HD Agent Cricket Taylor. Around the table left to right -- Mrs. Bill Brandt and daughter Kim, Rhea; H.D. Agent Cricket Taylor; Mrs. Bill Ellis, Friona; Mrs. Roscie Ivie, Black; Mrs. Roy Miller, Mrs. Jimmie Briggs and Young Jimmie Briggs, all of Lazbuddie.

feeding stats. The total was 9,350,000 head. Cattle feeders in the 32 States indicate that they intend to market 3,960,000 head during the January - March period. This would be 4 per cent less than actual marketings for the same period a year earlier.

**4-H LIVESTOCK**  
We were real proud of the fine showing our Parmer County 4-H members did at the Hereford Show last week. We know there is usually a little luck involved when you win a championship. However, a lot of work has to go into making an animal capable of winning whether it be a calf, pig or lamb.

There will be four members exhibiting at the Amarillo Stock Show. Loy Dale Clark, Theresa and Rickie Seaton will be exhibiting some of their same fine barrows in Amarillo on Sunday, January 24 starting at 8:00 a.m. On Monday, Gary Phipps will show his steer that won the Hereford Show last week. The steer show starts at 10:00 a.m. on January 25.

Today, nearly one billion servings of fruit and vegetable juices are consumed weekly in the United States. Yet, only a half century ago, a glass of tomato juice, grapefruit or pineapple juice was a luxury item. There's a galaxy of choices today -- familiar or exotic -- for the increasingly sophisticated palates of our population.

## HD Club Women Attend Reporters Workshop

Club reporters attending the second workshop for HD Club reporters, held in Friona Friday expressed themselves as well pleased with the information garnered. First of the workshops was held in Farwell last year and plans are underway to make the workshop an annual affair with representatives of other organizations invited to participate in the event. Mrs. Cricket Taylor, HD Agent had prepared a report of

helpful information for the reporters and a question and answer session was held with newspaper representatives answering questions on what to include in the news stories sent to the papers.

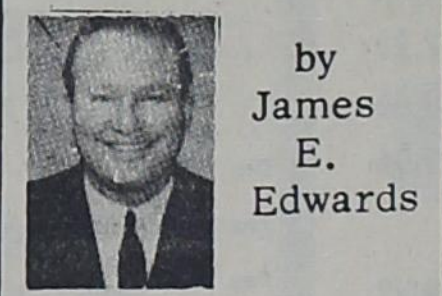

Some of the information given was always include the 5W's and H (who, where, what, why, when and how) in the information and always make the lead paragraph interesting or the reader will be lost before he reaches the second paragraph. Names are news-but be sure they are spelled RIGHT. Use quotes when at all possible (especially if a guest speaker has presented the program.)

If you haven't read your tax instructions that you received in the mail about January 1, now is a good time to start. There are more taxpayers that cost themselves by simply failing to take time to ready the instructions than there ought to be. These folks simply don't take the deductions that they have coming to them. Most of us don't like to read, but being lazy when it comes to reading tax instructions costs more than we can afford. If you start now, April 15 will be a nice beautiful day.

To keep from crying when peeling an onion, do not cut off the rooted end.

# CUTS!

The big story behind the big new **CASE** Row Crop 930

Head the new Case 930 Row Crop Comfort King down the furrow... sock six big bottoms down deep... pour it on... and man you've got something great going for you! Call it power. Call it lugging ability. Call it guts. Whatever the name, it all begins with the massive 6-cylinder tractor engine with its special breed of power... Case high-torque power that gives you the capacity to handle bigger implements and multiple hitches faster and with less down-shifting. There's a lot more to the 930. Such as the dual-range, eight-speed transmission with five job-tuned speeds in the heavy tillage range. Rear-mounted 48-gallon fuel tank. Hydrostatic power steering. Draftomatic implement control. Simple, foolproof hydraulics. And a "command post" that has nine square feet of uncluttered platform space, clear visibility and unobstructed "armchair" comfort. True these are all big features... but the really outstanding advantage in Case high-torque power... puts that's the one that gives you the muscle to do bigger jobs faster and more profitably. Stop at your Case dealer. Make him prove it. J. I. Case Co., Racine, Wisconsin.

**CASE**

Case 930 Row Crop. Also 930 and 4-3-plant 750 models available.

**MASSIVE ENGINE**—Brawny, 6 cylinder, moderate speed engine delivers maximum usable power punch. Huge 40 1/2 cubic inch diesel displacement. 377 cubic inch for gasoline, LP-gas engines.

**HIGH-TORQUE LUGGING POWER**—The 930 not only peaks higher than any tractor in its class, but maintains higher torque over a broader range of rpm's. Tremendous ability to lug and last!

**SOBITE STRENGTH CONSTRUCTION**—Rugged ribbed block. Husky 7 bearing crankshaft. Heavy-duty power train. Giant 1 1/2 inch clutch with greater holding surface than competitive 1 1/2 inch clutches. Specially hardened rear axle over three inches in diameter.

**POWER-MATCHED DRAFT CONTROL**—Teams with 930's high torque power. Set the Draftomatic lever and get power boosting traction automatically with minimum depth variation. Smooth Series, compensates for load changes up to 600 times a minute. Category II 3-point hitch.

IN HEREFORD--

# Parmer County 4-H'ers Take Honors At Junior Livestock Show

Parmer County 4-H members took their share of the honors last week at the Hereford Junior Livestock Show.

Gary Phipps, 12 year old son of Mr. and Mrs. C. M. Phipps of the Friona 4-H Club exhibited the Grand Champion Steer. This is Gary's second year at feeding show calves.

The Grand Champion, a 836 pound Hereford bred by the Phipps & Sons Hereford Ranch had previously won 1st. place

in the middle weight steer class. Gary also had the 3rd. place calf in same class, "Bubbles," is Gary's name for the Champ and he will be showing him in Amarillo next Monday.

John Hoover, another Friona 4-H'er had the second place steer in the lightweight class. He was brought home to be exhibited at the Parmer County Junior Livestock Show in Friona, March 4, 5 and 6.

In the swine division two Lazbuddie 4-H'ers nailed down two breed Championships, Theresa Seaton, 12 year old daughter of Mr. and Mrs. Jimmie Seaton exhibited the Champion Hampshire barrow. The Champion pig had won 1st. place in the light-

weight Hampshire class and was bred by Jimmie Seaton. This barrow will be shown at Fort Worth in early February. She also had the 3rd. place heavy weight Berkshire barrow.

In the Chester White's, Loy Dale Clark had the Champion barrow of the breed. He is the 10 year old son of Mr. and Mrs. Wayne Clark of the Lazbuddie 4-H Club. Young Clark's winning barrow won the heavy-weight class and he also had the 2nd. place pig in the same class. Both of these pigs were bred by Wayne Clark. Loy's Champion barrow will show in Amarillo on January 24th.

RESERVE CHAMPION: Carolyn Langford, 14 daughter of Mr. and Mrs. Elmer Langford, Texico, and a member of Pleasant Hill 4-H Club exhibits the reserve champion Hereford heifer at the Lovington One Stop Hereford Associations show held recently. The animal, an August 1963 daughter of Real Silver Tone, sold to Joe Rowlett, Seminole, Tex. for \$305. Shown with Miss Langford is her father who also exhibited several other cattle at the show.

**New Credit Offered By FHA Office**  
A new credit service to help low-income families in rural areas raise their income is now available in Texas, according to State Director L. J. Cappelman, Farmer Home Administration.  
Cappelman said the new service opens up Farmers Home Administration credit aid for the first time to many low-income rural families who previously were unable to obtain either public or private loans to improve their earnings. All county offices in Texas, Cappelman said, are accepting applications for loans up to \$2,500 to finance farming enterprises, small family businesses, trades and services. Rural cooperatives serving low-income families and providing services and facilities not otherwise available may also be eligible for credit under the program.  
Borrowers will be provided continuing management aid to help them make a success of their farming enterprises or new businesses.

**AMMO NOTES**  
By W. F. "Bill" Bennett  
Agronomist  
Western Ammonia Corporation

**Nitrogen Needs**  
In a previous Ammo-Notes column, I discussed the reasons that maize following maize often does better than maize on summer fallow or layout ground. There has been a question in regard to one of the points mentioned.

One was in regard to the 100# nitrogen in the maize stubble from the preceding crop and whether this would be enough to take care of nitrogen needs for the next year's crop. The answer is that it definitely would not be enough.

Let's do some calculation. In a 6000# maize crop, approximately 80 to 100# actual nitrogen is contained in the grain and about the same amount is contained in the stubble. This means that about 160 to 200# N is needed to produce a 6000# crop.

Most soils in the area will supply about 60# nitrogen each year from normal release of nitrogen from organic matter. Another 100# will come from decomposition of the stubble. Another 60 to 80# nitrogen will come from carryover of nitrogen from the previous year's nitrogen application. Add these up and you get 220 to 240# N per acre which will be supplied by the soil.

The key point here is that a plant will take up only about 50% of the nitrogen which is available to it in the soil. This means, then, that about 220 to 400# N should be available to plants to grow 6000# maize. This leaves a minimum of 80# nitrogen and up to 180# nitrogen which needs to be applied. We know from practice that yields seldom exceed 6000# maize on only 100# ammonia per acre per year. It will take 125 to 150# ammonia to produce 6000# maize on the average and 150 to 175# ammonia to consistently average 7000# maize. Growers who are hitting around 8000# maize are using 200 to 220# ammonia each year. Along with this ammonia, phosphate is usually needed to produce the yields indicated.

# 1965 Outlook For Cotton

Cotton growers of Texas and the nation will add an estimated 600,000 bales to the carryover on August 1, 1965. This, points out John G. McHaney, Extension economist, Texas A&M University, will bring the national carryover to an estimated 13 million bales, the largest since the record carryover of 14.5 million bales in 1956.

And, continues the economist, the large 1964 crop will likely offset the high disappearance expected during the period from August 1964 to July 31, 1965.

Lower net costs of upland cotton to domestic users, resulting from legislation

enacted last April, were cited as contributors to the expected domestic use of 9.7 million bales during the present crop year of 1964-65. This is 1.1 million more bales than were used in 1963-64 and the largest domestic usage since 1950-51.

Per capita mill consumption of cotton for 1964 was up about 5 per cent from 1963. But, points out McHaney, cotton's share of the total fiber consumption showed a slight decline to a low of 55 per cent.

U. S. exports of upland cotton for the 1964-65 season are expected to total 5.2 million bales, compared with 5.7 mil-

lion for the 1963-64 season but above the average for the past four years. McHaney believes exports will hold at the high level due to the continued up-swing in foreign free world consumption. But, he adds, foreign free world cotton production for 1964-65 set a new record and thus, will make more competition for U. S. producers.

Farm prices for cotton in recent months have been trending downward to reflect the 2.5 cents per pound reduction in the 1964 support price. For the 1965 crop, the basic support price for middling 1-inch cotton, gross weight, at average

location is 29 cents per pound. Farmers who plant within their domestic allotment will be eligible to receive an additional payment of 4.35 cents per pound on their farm's normal cotton yield, as determined by the county ASCS committee.

The national acreage allotment for the 1965 crop of upland cotton has been set at the statutory minimum of 16 million acres.

It's more important to look ahead than backwards -- that's why our eyes were placed in front.

## Roll Call Answered With Bible Verse

My favorite Bible Verse was the answer given by members of Black HD Club at roll call for their Jan. 14 meeting, in the home of Mrs. Ellis Tatum.

During the business meeting club committees and club demonstrators were appointed and plans were made to serve lunch at the Winingham Farm Sale, to be held on Jan. 20. This will be a fund raising project for club members.

Next meeting was set for Feb. 4 in the home of Mrs. Gene Held. Topic for the February program will be "Household Cleaning Agents."

Attending the Thursday meeting were Mesdames Helen Fangman, Bill Carthel, Johnny Mars, Dick Rocky, Gene Welch, Pete Braxton, Travis Stone, J. B. Sneed, Clyde Hays, H. H. Elmore, Harry Lookingbill and Roscoe Ivie.

## Silt Study Conducted By Water District

The High Plains Water District initiated a study on silt losses in irrigation water during 1964.

In areas where irrigation tail water has escaped in county bar ditches, large amounts of silt have been observed collecting in the ditches. Farmers were aware that valuable top soil was being lost but no one could estimate how much. Losses of silt not only cost the farmer many dollars in valuable land, but also pose a great problem for the county in maintaining roads and ditches.

Field representative of the District realized the need for accurate records that would reflect the losses of silt by allowing it to escape and immediately initiated a water sampling program at one of their tail water return systems.

Samples of water were collected as they entered the pit and as the water was being discharged back into the field from the recirculating system.

Using the average pounds of silt per acre foot of water as a basis and by metering the amount of actual pumpage over the four hour period, it was discovered that one half an acre foot of water was recirculated. The amount of silt that entered the installation was 992 pounds and 1946 pounds was removed. The difference of 954 pounds of silt reflects that this amount was already present in the in-

stallation but was removed during the pumping cycle.

Based on this initial test, an average of 4.3 tons of silt was recirculated with each acre foot of water. Using this amount for the entire 132 acre feet of water salvaged by the system this year, approximately 567 tons of silt were recirculated with the water. This 567 tons of silt would be approximately 378 cubic yards of top soil replaced on the farm for the same cost of recirculating the "tail water."

If the farmer had cleaned out the bar ditch and hauled the soil back to his farm, it would have cost him at least fifty cents per yard to haul and spread it. Total cost for this would have been \$184.00.

The soil was replaced on the farm through the use of tail water so actually you could say that the top soil was replaced at no cost to the farmer.

Personnel of the Water District realize that silt will always be a problem where water

runs over soil. It can be visualized though that by using return system to pump water and silt, farmers can apply two conservation practices for the price of one.

District personnel will continue this study during 1965 and anticipate greater amounts of top soil being returned to farmers rather than losing it in the county bar ditch.

1st and Pile Sts. (Curry Ave.)

CLOVIS, NEW MEXICO

Per capita food consumption in 1964 was about one per cent above a year earlier, says Mrs. Gwen Clyatt, Extension consumer marketing specialist. The increase was due largely to sizeable increases in consumption of beef, turkey and fresh fruits -- particularly apples and citrus. Offsetting to some extent were small declines for pork, lamb, and some vegetables, including potatoes.

Per capita food consumption in 1965 is expected to equal 1964's high level as increases for beef and citrus fruits likely will about balance declines in other foods. Most of the added spending for food in 1964 was reflected in increased marketing, processing and transportation, and other services rather than in added farmers receipts.

## Family Living Program Highlights Lazbuddie HD Club Meeting

Highlighting the program for Lazbuddie HD Club, when it met in the home of Mrs. Demp Foster on Monday was a program on "Family Living" presented

by Mrs. Cricket Taylor, HD Agent. Nine members and one guest attended the session. During the short business meeting club members voted to serve lunch at a farm sale for its money raising project this year. The sale was held on Thursday. In other business a secretary - treasurer, Mrs. Clayton Graef, was elected to fill the unexpired term of the secretary-treasurer who resigned.

Mature and firm-fleshed "winter" squash varieties such as Hubbard, Acorn and Buttercup are among the most easily prepared of vegetables. They are excellent go-alongs with pork, beef, veal and fowl. Winter squash are often by-passed because of the length of time required to bake them to melon tenderness - about one hour. Yet this time can be cut to a little more than one-third if halved or serving-size pieces of squash are parboiled gently for about 20 minutes.

A few wise sayings. . . Life is not measured by years of living but by living of those years. . . Human beings acquire in later years the faces they deserve. . . No man is useless in this world who has lightened the burden of someone else. . . It is the cleanest mind which lives the longest.

## Christian Attends Workshop

Wendol Christian of Oklahoma Lane Farm Supply was in Okla. City, Okla. last week attending a Smith-Douglass sales workshop.

Purpose of the meeting was to learn more about soil testing and the fertilizer needs of crops grown in the Parmer County area. Christian attends a Smith-Douglass workshop each year to keep up to date on fertilizer, in order to recommend programs to farmers in the Parmer County area that will grow more profitable crops.

Some 4-H Food groups are nearing the completion of their Food Units and will soon be ready for the 4-H Food Contest to be held first week of March at the Hub Community Center. There are two dates that 4-H Food group leaders will want to keep in mind and these are on Tuesday, Feb. 2, for Farwell and Oklahoma Lane leaders and Thursday, Feb. 4th for Friona, Lazbuddie and Bovina leaders. Training meetings will be held to discuss 4-H Favorite Food requirements, records and questions of leaders.

Mrs. H. R. Denney, Bovina, bedroom improvement leader has started working with seven 4-H girls in bedroom improvement project work. They have made plans for meeting dates, and discussed project work. Their next meeting will be Feb. 8. For leaders in this project, a meeting will be held Friday, Feb. 12, at Hub Community Center. Anyone who is interested in becoming a leader may attend this meeting also.

Mrs. L. R. Capps, Farwell organization leader, and Carl Schlenker, Friona organization leader attended a meeting for 4-H Leaders in Hereford on Wednesday, along with the County Agents from this county. Leaders from several counties had an opportunity to discuss problems and exchange ideas, which nearly always is profitable.

Vinegar and salt on a c used for wiping clothesline - winter will keep clothes from freezing to line. Also, a moist cloth of vinegar and salt will remove tea stains from tea cups.

# High Plains Growers LABOR SAVING? See For Yourself!

Would you ever believe you could get 175-80 pound bags of fertilizer in just one TIDE Tilt-Box? You sure can. Count them. Using Tide's Tilt-Box you don't have to handle a single bag . . . simply open a gate and fill your fertilizer applicator in minutes. Labor saving? I'll say it!

**HOW TIDE'S TILT-BOX SERVES YOU:**  
Tide's TILT-BOX, pictured above, is an air-tight, all weather container. It keeps your fertilizer dry, fresh, and free-flowing. This TILT-BOX puts 14,000 pounds of fertilizer where you want it . . . at the most convenient location to the field and high enough to make loading any type of application equipment easy.

**PRESCRIPTION MIX FERTILIZER**  
Tide takes soil samples from your land, and sends them to an independent testing laboratory, free of charge, to determine exactly what your soil needs. Then your fertilizer is mixed from high analysis raw materials to fit your exact soil requirements. Because it is made "on order", your fertilizer is fresh, dry, and free-flowing.

**ECONOMICAL**  
Ease of handling fertilizer in Tide equipment reduces cost . . . saves time and labor. One man can fill an applicator or spreader with Tide fertilizer in 2 to 3 minutes simply by opening a gate.

With "prescription-mix", you buy only the nitrogen phosphate, and potash your soil tests shows you need. High analysis fertilizer cuts material handling costs. No bags to handle (unless you want it bagged) and storage is no problem, as Tide's Tilt-Box, holding 14,000 pounds, provides air-tight delivery and storage at the end of the row.

**TIDE SERVICES**  
Tide grower services and products are planned to save time and labor . . . help take the guess-work out of farming. Agricultural Consultants, free soil tests, and Tide's custom-designed, weather-proof, delivery and storage equipment, cut your production costs. TRY TIDE . . . you'll be glad you did.

**TIDE**  
Symbol of Quality  
Only the BEST . . . is fit to be TIDE
