

Argentina Keeps Her Powder Dry

A sturdy, tough army, biggest in South America, shows that Argentina is ready to back herself up when her policy of neutrality runs out. She knows that the fact that she has not severed relations with the Axis will not save her from being an Axis objective when the time comes. Here her army is pictured in review. Notice the helmets, not much unlike German helmets.

Missionary Recounts Hardships Abroad

Karl Henry Faulkner, who has spent the major part of the last five years in Europe, and who landed in the States just recently, visited in the home of his aunt, Mrs. W. H. Graham, the past Thursday and Friday. He was enroute to his home at Roseburg, Oregon.

Faulkner went to Czechoslovakia as a Baptist missionary, and was working in the Czech state when it was taken over. From there he went to Warsaw, and again had to leave when Poland fell. For the past several months he had been in Budapest, Hungary, where he attempted for six months to secure passage to this country before finally succeeding.

He described his trip home as decidedly hectic. He sailed on a Portuguese freighter from Lisbon, coming home via Jamaica and Cuba, thence into New York, with some 850 people packed into quarters that normally accommodated 350. "If we had been torpedoed before we reached Cuba it would have been tragic," he reported, "since there were only about a third enough lifeboats until we dumped a number of passengers in Cuba." The trip home took some 29 days, and the highlight of the trip was the stop in Cuba, where he discovered a "Woolworth store, and bought an ice cream soda, a box of Post Toasties, and a can of condensed milk".

Sweets Are Rare

Asked about the food situation in Hungary, Faulkner remarked that sweets were practically unheard of, and added that at Thanksgiving he and several others were invited to the American Embassy for dinner—with the biggest thrill of the meal being "pumpkin pie with cream"—adding that the cream was "plain" since it is against the law to "whip" it in Hungary.

He had also brought home a good collection of coins from the various countries through which he traveled while on the continent, and pointed out the difference in the coins before the war and those now being issued. The former "pengo" was heavy, much as silver money in the States, while the current war coin is made of an alloy, and resembles the tax tokens used in many states in this country.

Cars are at a premium in Budapest, he went on, stating that it was practically impossible to secure a taxi which would make a steep "up-hill" trip, the drivers all preferring to go along routes that entailed little uphill driving, in order to conserve the precious gasoline.

Faulkner told of one amusing experience in Budapest. "We had been told that Ribbentrop was to visit the city on a certain date, and parade down a certain street," he recounted. "Naturally, everybody rushed out and lined up along the street—with policemen making a solid wall between the crowd and the street. We stood and waited . . . and finally

here came a policeman in a motorcycle, carrying a flag to signify that the parade was over—they were taking no chances on anything happening to the German, and had whisked him down another street while all Budapest was gathered on the specified thoroughfare to see the visitor."

Saw Little Fighting

Faulkner actually saw little fighting, if any, being situated a good distance from the front, but told of the celebrations staged when the Hungarian soldiers came in from the front to "rest up for a few days" before going back on duty.

During the invasion of Czechoslovakia, he remarked, the small town in which he was living threatened to become a defense line for the Czech soldiers retreating before the Hungarian army, but the townspeople protested so violently against fighting in that area that the soldiers moved on inland—"most of the men so tired they could hardly walk," he added.

Enroute to Oregon, the young man stopped off for a visit with his brother, S-Sgt. Ronald Faulkner, who is stationed at Sheppard Field, in addition to making a visit here. He departed for his home on Friday.

Mother Local Man Dies In Oklahoma

Mrs. Mary Jane Williams, 88, mother of E. G. (Blackie) Williams of this city, passed away at Marlow, Oklahoma, on Tuesday morning of last week, and was buried at that place on the following Thursday.

She had been in failing health for about five weeks. Death came on her 88th birthday.

She was well known here, having made her home with her son here on various occasions during the past several years. Funeral services were conducted at the Church of Christ in Marlow and she was buried in that cemetery by the side of her husband, who preceded her in death by 21 years.

She had been a member of the Church of Christ for more than 55 years.

She is survived by five sons and three daughters: E. G. Williams, Farwell; J. D. Williams, Dallas; C. M. Williams, Marlow; A. E. Williams, Marlow; H. H. Williams, Seymour; Mrs. D. S. Mundell, Duncan, Okla.; Mrs. A. M. Bond, Addington, Okla.; Mrs. W. S. Long, Hobbs, N. M.

Thirty-eight grandchildren, 38 great-grandchildren and one great-great-grandchild are also numbered among the survivors.

TO AMARILLO

All members of the Farwell faculty will be in Amarillo on Friday of this week, in attendance at the district institute for teachers, officials announced today. No classes will be in session at the school on that day.

FFA Judging Winners Are Listed

School Matter Awaits Budget Auditor

Bring Back Hoarded Sugar . . . or Else!

No family will be issued sugar rationing cards who has more than two pounds per person of hoarded sugar on hand, it was revealed here today by John Armstrong, chairman of the Farmer County Rationing Board.

At the same time, Armstrong issued a warning to all persons having more than this amount on hand to return it immediately to the merchant from whom it was purchased. Penalties for false statements in the rationing program, soon to get under way, run up to as high as a \$10,000 fine or ten years in prison.

Registration Soon
While no definite date for registering in the sugar rationing program has as yet been announced, Armstrong expressed the belief that it would be held in the near future. Practically all supplies to be in connection with the war rationing program have been received here, which includes 7,000 rationing booklets and a like number of consumer applications.

The school superintendents and principals in their respective districts will be charged with the responsibility of registering the consumer, and registrations will be conducted at the school houses. Every man, woman and child will be required to be registered under the regulations of this far-reaching sign-up. Heads of families may register for his entire family.

Sugar For Canning
There will be plenty of sugar for canning needs when the season rolls around, in the opinion of Washington officials. This estimate is based on the surplus sugar now being hoarded, which is expected to find its place back in the trade channels within the next few days.

"Our first undertaking is to get hoarded sugar back on the market," Armstrong said, adding that those who refuse to abide by the warning to return the surplus are laying themselves liable to heavy penalties.

Menefee Announces For Commissioner

The Tribune is authorized to announce the candidacy of W. S. Menefee of the Lazbuddy community, as a candidate for the office of county commissioner of precinct No. 4.

Mr. Menefee has been a resident of Farmer county for the past 16 years. He formerly served as commissioner of his precinct during a two-term period, from 1929 to 1933. For two years he served as County Committeeman of the AAA, and also served one year as County Chairman of that group.

He is making the race upon the solicitation of his friends, with the confidence that his former experience well qualify him for the position he seeks. He is making the race subject to the action of the will of the voters at the democratic primary election in July, and will appreciate any consideration shown in his behalf.

Tourist Travel Shows Sharp Decline Here

Tourist travel has shown a steady decline during recent weeks. Paul Wurster, chief inspector at the Texico Port of Entry, reported this week.

Wurster said that the tourist travel from the East had shown the most marked decline, as the tire situation had begun to show effects on travel through here. He added that autos registered further east than Missouri scarcely clear through the local part nowadays.

"Occasionally we have a car from Ohio or New York, but they are mighty few," Wurster added.

MRS. GRAHAM IMPROVED

Mrs. W. H. Graham of this city, who was placed in the Clovis Memorial Hospital late Monday afternoon, was reported to be greatly improved this morning. She was suddenly stricken with pneumonia, on Monday, and was "quite sick" throughout Monday night and all day Tuesday.

Farwell Lad In Australia

Carthon Phillips, son of Mr. and Mrs. Frank Phillips of this city, has landed safely in Australia "without a scratch", according to a cablegram received here Saturday by his parents.

This is the first information received from young Phillips in several weeks, and his parents were growing anxious as to his whereabouts.

The inclusion of the terse statement in his message that he had arrived "without a scratch" led family members to believe that he had seen some Naval action enroute to Australia.

5 Registrants Are Moved Up From 3-A

Five Farmer county registrants who had previously been placed in class 3-A were ordered up for their first physical examinations as the first step toward placing them in class 1-A, at the regular meeting of the Farmer County Selective Service Board the first of the week.

This is the first group of registrants in this county to be moved up under the new classification orders received here recently.

The local board has now reconsidered the first 400 registrants in the county. Supplementary questionnaires were mailed questionable registrants the first of the week in order to obtain further information before reconsidering reclassification.

In placing former 3-A registrants in class 1-A, Board members said that previously they had been inclined not to disturb homes unless it was absolutely required by the Selective Service regulations. A recent new ruling, however, makes it mandatory that registrants be placed in 1-A unless his dependants are "dependants in fact".

"Claims of dependency if that dependency was voluntarily assumed after war was declared cannot be regarded as grounds for a 3-A classification," one Board member further pointed out.

Deadline Approaches For School Tickets

County Judge Lee Thompson today called attention to the approaching deadline for filling for places on school trustee elections in the various schools of Farmer county, and stated that up to this time no tickets from any school district of the county had been filed at his office.

"The night of March 24th will be the last opportunity given for filing for places on the ballot," he said.

Judge Thompson said that in addition to vacancies in every school board of the county to be filled this year, two county trustees are to be selected to take the places of Judge J. D. Hamlin, trustee at large, and Roy White, county trustee from precinct No. 4.

Other vacancies to be filled at the forthcoming election on Saturday, April 4th, include the following trustees in their respective districts:

Rhea, C. R. Hurst; Black, Clyde Hays; Lakeview, E. B. Whitefield; Friona, H. T. Magness, F. N. Welch; Oklahoma Lane, Thad Watkins; Farwell, H. Y. Overstreet, Frank Phillips; Bovina, A. G. White, I. W. Quicke; Lazbuddy, J. W. Dyke, C. M. Gough.

WARNER ROSE ENLISTS

Warner Rose, former part owner of the Fox Drug store of this city, and brother of Claude Rose, has enlisted in the Army and been given a commission of captain, according to a letter received here from him the first of the week. Rose was in World War I and felt that "the Rose family should be represented in this fight" He will be stationed at Fort Sam Houston, Texas.

Because of proper diet and early dental care, the teeth of the Dionne quintuplets show no signs of decay.

The matter of consolidating the Texico and Farwell school districts or working out other acceptable solutions to the school issue facing the two school boards, is still in abeyance following a joint meeting of the two boards, Monday evening.

A committee, representing both boards, went to Santa Fe last week and conferred with R. H. Grissom, state budget director. This committee gave a report of their meeting with Grissom on Monday night.

Two alternatives are now facing the local school trustees: (1) transfer the Texico high school to Farwell, or (2) vote on a consolidation of the two districts. Mr. Grissom is understood to have expressed his disfavor of the latter proposal.

Members of the two school boards agreed to postpone final action on the problem facing the schools until early next month when Mr. Grissom will be in Clovis, where a conference has been scheduled to consider further the status of the two schools.

Hulsey Rites Today At Baptist Church, 3:30

Funeral services for J. T. Hulsey, age 62, who died at the Clovis Memorial Hospital shortly before five a. m. Tuesday morning, will be held at the Baptist church this (Wednesday) afternoon at 3:30 o'clock. Rev. W. C. Wright, pastor, will be in charge.

Mr. Hulsey passed away after an illness of three weeks, following being suddenly stricken at his home just southeast of this city. After being removed to the hospital his condition had grown steadily worse, and he suffered four strokes during the past three weeks.

The Johnson-Bayless Funeral Home, of Clovis, will be in charge of the arrangements and burial will take place at the Oklahoma Lane cemetery.

Mr. and Mrs. Hulsey came to Farwell some 16 years ago, and except for about a year spent at Matador, have made their home here since that time. He was a member of the Baptist church and one of its staunchest and most loyal supporters.

Besides his widow, he is survived by three sons: M. H. Hulsey, of Lamesa; G. F. Hulsey of Lamesa; J. W. Hulsey, in the Navy and stationed at the West Coast; and one daughter, Mrs. H. D. Bradshaw, Fort Sumner, N. M.

ATTEND FUNERAL IN FORT WORTH, FRIDAY

Mr. and Mrs. Sterlyn Billington and family, and Mr. and Mrs. S. G. Billington were in Fort Worth over the weekend, called there to attend the funeral of Elbert Owen Billington, who met his death last week in an automobile-motorcycle crash in Santa Barbara, California.

Young Billington, who had been a member of the U. S. Army for 17 months, was on furlough and enroute to his home in Los Angeles when the tragedy occurred. He was 21 at the time of his death.

The local party returned here on Sunday.

Of Interest to Farmers

By Keltz Garrison, Sec'y. Farmer County AAA

It has been reported to this office that there are a number of instances in the county where operators are not showing all the interested persons in the different crops on the farm at the time the reporters measured the farm. In other words, the government payments were all going to one man, when in reality they should go to one or more other persons. The regulations provide that no person shall receive a bigger portion of the government payment for any farm than his interest in the crops on the farm. Failure to abide by this regulation constitutes fraud against the United States government, and I would advise all producers in the county to be sure that all interested persons are shown on the performance papers, and the share of each in the crops correctly shown. If this regulation is not complied with the county committee will be forced to report such cases to the state office and the appropriate action will be taken with respect to this as to any other fraudulent action against the United States government.

I have just been advised by the state office that rye for pasture will qualify as soil conserving acreage for 1942. This possibly will not be of too much interest to farmers in this county; however, I thought it advisable that all farmers should know this, in case anyone should desire to graze rye. Up until this time, only sugarcane could be grazed on our soil conserving acreage, and at this time these are the only two crops which will qualify for grazing.

Cotton Crop Insurance
Producers are still signing up for cotton crop insurance on their 1942 crops, and a number of producers have made the statement that even though they expected to make more than they were insured for, they felt that cotton crop insurance was a good protection for them, in view of the fact that in case they failed, as they did in 1941, they were certain of 75 percent of an average cotton crop in 1942. I believe this is an idea worth thinking about, and if anyone is interested in seeing just what they are guaranteed for 1942, they should do so before the closing date, March 31.

T. A. McCuiston, head of the Farwell vocational agriculture department, stated this week that some 49 FFA members participated in the judging contest held at the school on Friday of last week. Boys entering the contests were from Farwell, Texico and Clovis chapters.

The boys did judging on poultry and farm shop, the latter including terracing, soldering and hardware identification, McCuiston said, with Lee McElroy, county agent, serving as the judge of the boys' entries.

Meals were awarded the highest scoring individuals in the two divisions, while ribbons were given for the first five high ranking men. The highest scoring teams were awarded pennants.

The presentation of awards, made at the chapter "pig roast" that night, included the following:

- Poultry**
High Individuals—
1st—Ronald London, Farwell, George Hicks, Clovis, tie.
3rd—Billy Martin, Farwell.
4th—Robert Moore, Farwell.
5th—Wilbert Kalbas, Farwell.
High Teams—
1st—Farwell: Reuben Meissner, Bobby Finley, Billy Martin.
2nd—Farwell: Elbert Noack, Ronald London, Ervin Schwede.
3rd—Farwell: James Stanley, Wilbert Kalbas, Kenneth Hughes.
Farm Shop
High Individuals—
1st—Charles Holland, Farwell.
2nd—James Martin, Farwell.
3rd—C. E. Knowles, Farwell.
4th—Henry White, Farwell.
5th—Howard Ham, Farwell.

High Teams—
1st—Farwell: James Martin, Charles Holland, Howard Ham.
2nd—Farwell: C. E. Knowles, Bill Brand, Henry White.
3rd—Clovis: Jerry Hand, H. T. Miser, Wilson Humphrey.
4th—Texico: James Orval Francis, Calvin Blain, Duane Howard.
Some seventy-five chapter members and guests attended the pig roast held in the school auditorium that evening, at which time an informal program was presented and the awards made.

McCuiston stated that this affair takes the place of the customary father-son banquet held by the FFA department of the school.

Announce Change In Induction Process

New regulations that will affect selectees to be inducted into the Army were announced this week by members of the Selective Service Board.

Hereafter, men who are accepted at the Army Examining station at Lubbock will be "in the Army now", according to the new regulations. Selectees successfully passing the final physical test at Lubbock may apply for a furlough, but such leave, if granted, will not exceed ten days.

Heretofore, selectees who were accepted at Lubbock were allowed to return to their homes and await their call for induction, which was usually forthcoming in about 30 days. After being called for induction, such men could apply to the local board for a 30-day postponement before being finally drafted.

Mrs. U. B. Wheeler visited relatives in Hereford, Monday.

Mrs. Frank Ayres was on the sick list all of last week.

Mrs. Chester Venable and children were business visitors in Friona, Monday.

Ralph McDonald, of Clovis, visited friends and relatives here, Sunday.

Farm Stored Wheat, Rye, And Barley Loans Are Extended

COLLEGE STATION—All 1941 farm-stored wheat, rye, and barley loans may be extended to April 30, 1943, according to P. O. Colgin, state AAA commodity loan specialist.

Only grains in good, sound condition on which required inspection fees have been paid are included in the new regulations which will apply, in certain eastern and southern areas to be announced later, he said. Present maturity date for all these loans is April 30, 1942.

Loans on excess wheat stored on farms or in approved warehouses may also be extended to 1943, Colgin explained.

The Commodity Credit Corporation will advance 7 cents per bushel storage on farm-stored wheat resealed at time of extension, if the allowance has not been made previously, with an additional 5 cents per bushel allowance due at time of delivery, the AAA official said. Both storage allowances will be conditioned upon delivery of the wheat to the Corporation at maturity.

Farm stored wheat not of quality for resealing may be delivered prior to maturity, April 30, 1942, subject to approval of county AAA committees and provided CCC is in position to accept it. Full storage payment of 7 cents per bushel less deficiencies for grade or quantity are due producers who deliver this type wheat.

All wheat sales programs, except sales for feed, alcohol and exports, were discontinued temporarily March 14 for the purpose of giving farmers opportunity to sell 1941 loan wheat before maturity dates. Grains on which loans are defaulted will either be sold in satisfaction of loans, or title will be acquired by the CCC. Grains will not be continued in producers' pool as formerly.

"Producers should be making definite plans for increasing storage on the farm for all new crops because present facilities are already crowded to capacity," Colgin said.

16 MILLION BUSHELS MORE

COLLEGE STATION — Texas farmers need to produce an extra 16 million bushels of grain in 1942 to feed the expected increase in swine numbers.

This figure does not include the grain that will be needed to insure increased production of milk, eggs, and mutton, increased marketing of beef, and the usual feed for work-stock.

Texas farmers apparently are not only going to meet the USDA War Board's call for marketing of 2,672,694 hogs in 1942—an increase of 842,638 over 1941—but are going to

Hardly added a quart "since Hector was a pup"

How this oil that defies "curdling" far out-mileaged five other great quality brands...beat their average more than twice over, in Certified Desert Test

CURDS thickening up milk don't half give you a picture of the blobs of muck that can foul your oil—and your engine. For mush and "stickum" from oil that fails under present-day strain can't improve lubrication, nor add to safe mileage per quart. But now that you must change oil for Spring—really a law in every Car Instruction Book—you can easily switch to Conoco Nth motor oil. And in patented Conoco Nth oil you get Thialthene inhibitor... man-made... the modern synthetic invented to restrain stickiness—sluggishness—"simmering down thick."

Conoco Nth gets every chance to stay smoothly fluid; full of life. And still another great Conoco synthetic—same as ever—makes Conoco Nth give you an OIL-PLATED engine, with lubricant "plated" you'd say—or seemingly "magnetized"—direct to inner engine parts. Then OIL-PLATING isn't all draining down fast during parking—or even overnight. Instead, OIL-PLATING can stay up high, to help out your engine at every start, before any oil-pump raises up its full stream.

That's how to foil a lot of wear, and not have your engine soon over-eating oil.

Talk about a strict economy diet! ...Down in Death Valley's record high heat, battling five other big-name oils—impartially—this same Conoco Nth oil was still up above half when all others tested had burned up their engines and their full 5-quart fills!

That's a certified sample. It makes you realize why you can change to Conoco Nth and keep away from adding quart after quart. Get rid of hazardous Winter oil now, at Your Mileage Merchant's Conoco station. Get economy to the Nth degree. Continental Oil Company

overshoot the goal by a considerable margin.

It is entirely probable that Texas will produce a million hogs above the 1941 figure, according to E. M. Regenbrecht, swine husbandman of the Texas A. & M. College Extension Service.

Approximately 16 bushels of grain are needed to bring a hog to market weight.

Texas has no great reserves of corn under the Ever-Normal Granary plan, as is the case in the corn-hog states. With the exception of 121,321 bushels of grain sorghums under the loan, Texas farmers will have to produce grain for hogs as they go.

Regenbrecht's estimate of an increased production of a million hogs is based on the AMS figures, which note that the 1941 fall pig crop was 22 percent larger than that of a year ago, that the number of sows and gilts on hand was increased by nearly 50 percent, and that the number of sows farrowing this spring is expected to be 47 percent over the number farrowing in the spring of 1941.

Let's explore the possibilities

IN TIMES OF PEACE the choice was yours. You could decide whether you wanted to trade-in your car every year or two . . . or whether to give it the kind of care which would make it last for many years. That choice exists no longer. Every patriotic citizen must make his car last longer. Since no car can ever be any younger than its motor, you must explore every possible way of saving wear and tear. So keep the following facts in mind when you are deciding which oil to use:

Phillips refines many oils, because car owners' requirements vary as much as their cars and their pocketbooks. But if you want our **best oil**, you need have no doubt, because Phillips frankly tells you that **Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer.**

Replacing winter-worn lubricant? Making the regular 1,000-mile change? Specify Phillips 66 Motor Oil.

THE MAVERICK

Publication of Farwell High School

MY GAL SAL SAYS:

What's all the talk about new evening dresses? Why, it's the Junior-Senior banquet, of course, and the girls are all a twitter over the prospect of wearing their new formal, and—incidentally—the boys are all a-twitter over the prospect of SEEING the girls in their formal . . . Campus pals this week included: Jim Bob and Peggy; Jane Key and Archie; Marilyn and Arlon; and Lillie and Paul . . . According to the cards, Jim Bob is really handsome . . . Did you note the applause that Muggins drew at the PTA program in the role of the father? . . . Dorothea has resolved not to be such a flirt . . . Sal nominates Evelyn Gates as the girl of the week. . . .

FOURTH AND FIFTH GRADE

We have been working on poems in our language classes. Each child wrote a poem and then each class wrote a cooperative poem. The best poem from each class will be given in the next Maverick. Ella Juanice Bradshaw has been ill for the past two weeks. It is reported that she has the measles. We have two new pupils in our room. Frances McGee entered the fifth and Helen Ramsey entered the fourth grade. Both of these pupils come to us from West Camp. . . .

SCANDAL

It has been rumored that Vernon Eugene Symcox and Marilyn Clarabelle Anderson are making plans for a divorce. The gossip has finally gotten around that Arlon has made up his mind after being so long in the dark without a girl. It happens that his

choice is Jane Lokey!

Acker and the Mrs. (Jean Ann) are finally having the long awaited family bustup. Could it be over Max or some girl?

It appears that Vernon can stick to the pact, but Jim Bob says that too much is at stake.

It must be spring. Everyone is having a fuss, even Max and Dorothea.

We hope Smokey doesn't read the Wolverine, as Jane seems to be pretty prominent in the scandal over at Texico

SPORTS

The girls are progressing fine in volleyball. We have been choosing sides and playing the last few weeks. Miss Sheirff said that we would play another week or two before picking the team. The girls are anxious to find out who will be on it.

The boys are getting along fine in baseball. We can't say so much for track, because the weather has kept the boys from practicing. It is not definite yet who will come out for track. . . .

WHO'S WHO IN FARWELL HIGH SCHOOL

Last week we had a senior, Ernest Justice. This week we have a girl. She is a blonde and a sophomore in high school. A few of her favorites are:

- Sport: Dancing.
- Hobby: Collecting pennies.
- Movie: "Gone With The Wind".
- Actor: Tyrone Power.
- Actress: Greta Tierney.
- Book: "Riders of the Purple Sage".
- Study: English.
- Ambition: NONE.

Fastime: Sleeping.

Song: "I Don't Want To Walk Without You".

—FHS—

SENIOR CLASS

Boy, are the members of the senior class feeling good (we hope)! Just think, nine more weeks and we will be out of high school. We realize that we still have a long way to go, but at least, we are started.

We are glad to finish school, but we hate the time that we have to say goodbye to our friends and good times.

Anyway, we have received our invitations and expect to have our pictures taken soon. From now on, until school is out, we have our hands full. . . .

—FHS—

Did You Ever See ? ? ? ?

Merle without a mouth full of gum? Miss Cain without a smile? Billie without a hair ribbon? Arlon without a joke? Joni without a demerit? A. G. without his rabbit's foot? Jean Ann without a boy friend? Jim Bob without a nickname? Twila without a song? Ranklin without a new theory? Paul without an argument? Coach without a test? Mr. Rogers without his demerit list? Dorothea without a giggle? Vernon without Marilyn? Or Farwell High without pep?

Mah Man Friday Says:

It used to be known as "pep", then it was known as "vim and vigor", and then it was called "vitality" but now we just say "hyperthyroid". . . . Billie has 24 records and a package of needles, but no phonograph. . . . Some girls go to college to pursue learning, while others go to learn pursuing. . . . The trees are budding, the birds are singing, spring is in the air, and Jim Bob held Norma Jean's hand on the way home from the ball game Friday night. . . . Students, you'd better begin hoarding your chewing gum, for a decided shortage is soon expected. . . . Mah Man Friday designates Joanne Williamson as the gal of the week.

Poem

My love he done me dirt,
I did not know he wera a flirt.
To them not schooled I does forbid
To be done as I were did.
He has came, he has went,
He has left I all alone,
I cannot came to him.

He cannot was!

Did You Know? ? ? ?

That Jim Bob had a whole bevy of female admirers waiting at the st. door for him when the seniors presented scenes from "His Ozark Cousin" at Texico ? ? ? That Shakespeare turned over in his grave the other day when Arlon quoted Hamlet as saying: "To AM or not WAS that is the ASK" ? ? ? That Billie and Dorothea are receiving air mail letters from a couple of gobs in San Diego ? ? ? That the seniors measured this week for their caps and gowns ? ? ? That Tillie Taylor is the best woman bowler in America, with an average score of 190 ? ? ? That every other Thursday we have a sing-song at assembly? ? ? That on Thursday, Feb. 19, the seniors will present the assembly program and everyone is cordially invited? ? ? That Yehoodi joined the Army ? ? ? That there are 1,364 squares on the ceiling in the study hall? ? ?

Pleasant Hill

Mrs. Hightower announces that, beginning Sunday the 22nd, the store will be closed from 9 o'clock until 4 in the afternoon.

Mrs. Alvis Clark is still suffering from rheumatism. Her mother, Mrs. Pierce, of Clovis is staying with her.

Mr. and Mrs. Carl Manns and children left Thursday for California, accompanied by Mr. and Mrs. Harris and son.

It has been reported that Miss Stiles, former teacher, has been in the hospital for some time, suffering from abscessed lungs.

Mrs. Morris, of Canyon, and sons, and Mr. and Mrs. Leonard Curtsinger of Hereford, all visited in the Parker home, Sunday.

Mrs. Edna Jarrell and John Hightower celebrated their birthdays with a dinner at the Hightowers, Sunday.

Rev. Joe Hardcastle and family visited in this community, Sunday.

The measles and mumps are still quite popular in this community.

Mr. and Mrs. Lester Colwell returned from Arkansas and announce that they have bought a farm there.

Lineota Parker has been quite ill the past few days, but is much improved at this writing.

Mrs. Jarrelldene Bell is also improving.

Miss McCormick's sister, of Clovis, visited with her Sunday.

Miss Bettie Mae Palmeter visited Miss Shirley Spearman, Sunday.

LEGAL NOTICES

SHERIFF'S SALE
THE STATE OF TEXAS
 County of Farmer
 BY VIRTUE OF AN ORDER OF SALE issued pursuant to a judgment decree of the 69th District Court of Farmer County, Texas, by the Clerk of said Court on the 6th day of March A. D., 1942, in a certain suit No. 1130, wherein THE STATE OF TEXAS is plaintiff, and THE FARWELL INDEPENDENT SCHOOL DISTRICT is Intervener, and Impleaded Party Defendant, and J. W. Sellars, Mrs. L. M. Anderson and her husband if married, S. G. Myers, R. D. Sedwick, W. M. McClandish, William Harvey, Trustee; J. H. Hiner, and the unknown heirs of said defendants, and the unknown heirs of the said William Harvey, Trustee, and the beneficiaries under said trust, and the unknown heirs of said beneficiaries, and the unknown owner or owners of the hereinafter described land, defendants, in favor of said plaintiff, intervener, and/or impleaded party defendant, for the sum of Two Hundred Sixty-Two & 80/100 (\$262.80) Dollars for taxes, interest, penalty and costs, with interest per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff, intervener, and/or impleaded party defendant by the said 69th District Court of Farmer County, on the 15th day of January, A. D. 1942, and to me directed and delivered as Sheriff of said Farmer County, I have seized, levied upon, and will, on the first Tuesday in April A. D., 1942, the same being the 7th day of said month, at the Court House door of said Farmer County, in the City of Farwell, Texas, between the hours of 2 o'clock P. M. and 4 o'clock P. M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendants, the same lying and being situated in the County of Farmer and State of Texas, to-wit:

All of Lots Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), and Eighteen (18), in Block Number Fifteen (15), of the Original town of Farwell, Farmer County, Texas, as shown by recorded map or plat of said town of Farwell, Texas, of record in the Deed Records of Farmer County, Texas, to which said record reference is here made for all purposes,

or, upon the written request of said defendant or his attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the right of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale in the manner provided by law, and subject to any other and further rights the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by

me to satisfy the above described judgment, together with interest, penalties, and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

Dated at Farwell, Texas, this the 6th day of March, 1942.
 EARL BOOTH,
 Sheriff, Farmer County, Texas.
 By: J. C. WILKISON, Deputy.

GET ALL THE GOOD FROM VEGETABLES

By Elsie Cunningham
 Home Demonstration Agent
 You have been hearing a lot about growing your own vegetables this year. Now here are a few pointers on getting the good from the vegetables you grow (many club women are now having fresh vegetables from their frame gardens), or the vegetables you pay good money for in the store.

Preserve the food value of vegetables by using them as soon as possible after you buy them or bring them in from your garden. Keep them cool until you use them. Wash the vegetables just before using—never let them soak in water. Prepare chopped vegetable salads just before serving. If you chop the vegetables fine, they—and you—will lose Vitamin C by letting them stand.

Leave nature's covering on a vegetable as long as you can, in some cases even during cooking. But if it is not practical to cook a vegetable in its jacket, make peelings as thin as possible in order to retain all of the valuable food nutrients.

When you boil vegetables, have the water boiling when you put them in. Use as little water as possible, and cook rapidly. Then save this cooking water, or "pot liquor," as it is sometimes called. Serve it along with the vegetable, or in soups, or sauces and gravies. When you pour off water down the drain, you're pouring down the drain many of the food values for which you grew or bought the vegetable in the first place.

Never use the vitamin-destroyer SODA when you cook any vegetables. And try not to stir vegetables while they cook. Never put them through a sieve while they are still hot. The stirring or sieving gets more air in the vegetable, and air hastens the destruction of certain vitamins.

Serve vegetables as quickly as possible once they are cooked. The recipe I am giving you is one I am demonstrating at the March meeting of home demonstration clubs.

Spinach Loaf
 1 c. cooked rice; 1 c. celery, chopped; 1 tsp. salt and pepper, 1 egg, 2 c. canned spinach; 1 c. canned pork sausage, 1 medium onion, grated cheese.

Mix and form into loaf, place in casserole and cover with cheese. Bake 45 minutes at 400 degrees F.

GARDEN INCREASE IS ASKED BY SECRETARY
 By Lee H. McElroy
 County Agent

Secretary Wickard has stated that a definite increase in gardens is necessary to meet the food production goals for this year.

In planning these gardens, two things must be kept in mind—soil fertility and water. Under normal conditions our soil here has the fertility to provide all the food necessary in growing a garden. If a garden has been in the same place for a number of years, it may be necessary to add from 5 to 10 tons of manure per acre, or at that rate if less than an acre, to bring the fertility up. If the garden is properly watered, the vegetable crop will not be burned or destroyed by the manure as commonly believed. "We have plenty of water," McElroy said, "therefore, the time and effort to grow a garden is usually what prevents the production of vegetables on our farms and town homes."

Young plants need protection here, as many vegetables are cool weather or early spring crops, and will be cut off by sandstorms if not protected. These crops should be planted and

grown in a frame garden. The frame garden affords a very desirable place to set tomatoes, peppers, cucumbers and watermelons, and all plants that are transplanted.

If the family desires more of the type vegetables that are grown in frame gardens, they may be grown where there is a windbreak protection. A very cheap windbreak may be made from cane bundles, sudan straw or grain sorghum butts that are being burned in the field. If the tall cane bundles are used, they may be placed between two net wires to hold them upright, or may be wired together similar to a stay in a fence. Such windbreaks on the side of prevailing wind will protect the garden from sandstorms.

Gardens To Be Featured In Farm Home Defense

Big farmers, little farmers, tenant farmers and part-time farmers in Farmer county this year will join with the other farmers throughout the United States in producing a record quantity of foodstuff for the United Nations, according to Edna P. Elms, home management supervisor for the Farm Security Administration.

"Not once in the history of our great democracy have the farmers failed to answer their country's call for help," said Mrs. Elms, "and Hitler and his fellow outlaws can expect the farm families in Farmer county to be standing shoulder to shoulder with our boys in the service until victory comes."

"Uncle Sam," she continued, "knows that we must have more food than ever before if we are to win this war. He knows also that we must protect the health of our people with better diets from home-grown vegetables."

Mrs. Elms believes almost every family in Farmer county can imme-

diately begin growing fresh vegetables at home in a sub-irrigated frame garden such as the one pictured above.

The farm people in this picture are using old tin cans in the place of the more expensive tile to sub-irrigate their frame garden.

An outstanding feature of these frame gardens is the fact that fresh vegetables can be grown for the family tables long before the ordinary gardens are in production, and for many weeks after the first frost in the fall. An ordinary sized frame garden will produce all an average family needs for daily use.

"Complete instructions for building and planting a frame garden can be obtained at the FSA office in the courthouse at Farwell, or at the county extension office," said Mrs. Elms. "They are inexpensive and very little trouble to build and plant"

Many farm families of Farmer county have their frame gardens made and planted. Some have spinach and other early greens growing row. These families have had one or two frame gardens in the past, depending upon the size of their families. "Once you have enjoyed the early vegetables which you can raise in a frame garden, you will never want to be without them," Mrs. Elms states.

Digging the Longest Trench ever plowed by Man . . .

One of the big defense activities of the Bell Telephone System is the placing of the new 1600-mile Omaha-Sacramento underground cable lines at a cost of twenty million dollars. They cross the Mountain States territory through Wyoming and Utah, with a spur from Cheyenne to Denver.

The 20-ton cable-laying telephone "tanks" used on the job travel almost as the crow flies and do their work in almost any kind of ground except soft swamps or solid rock. Driving steadily ahead, they are digging the deep trench for 1600 miles, laying two cables in it and filling in the earth, all in one continuous process.

It is a major defense project because when completed late this year it will provide for the first time a coast-to-coast all cable route free from most hazards, and it will materially increase the number of transcontinental telephone circuits as well.

Save for the future . . . Buy Defense Bonds and Stamps

The Mountain States Telephone & Telegraph Co.

Local Happenings

Local Clubbers Attend Guest Day Programs

Several members of the Texico Farwell Woman's Club were visitors at Muleshoe and Friona club meetings, during the past few days, when the guest day affairs were held by the entertaining clubs.

The Muleshoe meeting, held in the parlors of the Methodist church last Thursday, featured a book review of "Saratoga Trunk," by Mrs. Noel Woodley, which was excellently given and well received by the attendants.

Following the review, the ladies enjoyed a tea hour, with Mrs. Tate and Mrs. Garner presiding at the lovely table which was decorated in the St. Patrick day motif, with a centerpiece of white snapdragons.

Attending the Muleshoe affair were guests from Sudan, Littlefield, Lubbock, and Mmes. J. D. Thomas, Earl Booth, Clyde Magness, Warren Powers, Mose Glasscock, Claude Thomas and W. B. Hill, from the local organization.

Formal Opening Held

Held as the formal opening of the beautiful new club building, the Friona club ladies entertained on Monday afternoon. Visitors from Hereford, Summerfield, Clovis and Texico-Farwell clubs were in attendance.

A program of Irish songs and readings was presented, after which the ladies enjoyed a social, while hearing appropriate Irish musical numbers.

Mrs. J. A. Guyer presided at the beautifully laid tea table, which carried out a color scheme of white and green. The centerpiece was of white snapdragons.

Attending from here were Mmes. John Armstrong, J. D. Thomas, Earl Booth and W. B. Hill.

To Meet 24th

Officials of the Wesleyan Guild of the Methodist church called attention again this week to the fact, that the Guild and the adult circle would hold a joint meeting in the home of Mrs. B. N. Graham, March 24th, at 8 p.m.

Miss Velva Sheriff and Miss Dorothy Shaw spent the past weekend visiting in Lubbock.

Shower Is Tendered Mrs. Jack Wallace

Mrs. John F. Tate and Mrs. Dick Hunter entertained in the home of the latter, the past Wednesday afternoon, honoring Mrs. Jack Wallace with a miscellaneous shower.

Guests were received from three to six in the afternoon, and Mrs. Hugh Edwards was in charge of the register. The hostesses presented Mrs. Wallace with a corsage of sweetheart roses.

A refreshment plate, featuring the patriotic colors, was served to Mmes. A. D. Smith, W. N. Anderson, Howard Lindsey, Clyde Magness, Roy B. Ezell, Marty Ezell, Hugh Edwards, J. E. Randol, Roy W. Boist S. S. Albright, Elmer Harwell, Bert Albright, John R. Armstrongs, Chick Gillham, W. B. Hill, S. C. Hunter, Glen Dunn, B. O. Faville;

Mmes. Earl Booth, Hamlin Overstreet, Frank Phillips, Lester Vincent, W. T. North Jr., Lee H. McElroy, Gene Lovelace, Lee Bradshaw, Meta Higgins, R. E. Maddux, Bess Dow, Bess Mansfield, M. C. Roberts; Misses Loville Clay and Irene Sachs.

Regretting were: Mmes. Herbert McDaniel, Keltz Garrison, B. N. Graham, Alvena Sharpe, Paul Wurster, Clyde Perkins, David Harrison, Bill Suddeth, Karl Gast, D. W. Bagler, Grayson Roberts, Carl McGuire, Nelson C. Smith, C. M. Henderson, Aubrey Sprawls, Bud Hodges, G. W. Magness, Sterlyn Billington, LeRoy Faville, E. A. Herndon; Mmes. Lenton Pool, W. W. Vinyard, Vance Crume, Sam Aldridge, Bess Henneman, Claude Darr, Anne Overstreet, John Aldridge, Minnie O. Aldridge, Stanley Hillhouse, V. Scott Johnson, Claude Rose, D. K. Roberts, John Porter, O. C. Sikes, W. W. Hall, Jack Dunn, Ernest Lokey, C. J. Doose, W. H. Graham; Misses Leta Albright, Jennie Lee London, Billie Sharpe, Adabud McGuire, Freida Acker, and Maxaline Randol.

New Officers Named For PTA Group

Mrs. Johnnie Williams was named as president for the Farwell PTA group for the coming year, the past Thursday night, when memers met at the school building.

Other new officers include: J. T. Carter, vice president; T. A. McCuiston, second vice president; Mrs. O. B. Pipkin, third vice president; Mrs. Mae Porter, secretary; Mrs. W. H. Graham, reporter; Mrs. Roy Bobst, membership chairman.

Special guest of the evening was Highway Patrolman Cheshier, of Lubbock, who made an excellent talk on highway safety and travel accidents, stressing the importance the guardianship of the patrolmen played in cutting down unnecessary tragedies.

Members of the sixth grade of the school, directed by Lenton Pool, gave a demonstration on first aid, while Miss Lynnette Cain supervised a group of students in presenting "Man's Life", in song and pantomime. Supt. Carter also spoke, taking up the "Three R's of Man's Life—Romance, Rent, and Rheumatism".

A social was enjoyed at the close of the business meeting.

Corp. D. K. Lindop is home on a short furlough from Forest Field, at Victoria, Texas.

Father-Son Banquet Is Dated For Saturday

Some forty chapter members and their guests are expected to be on hand Saturday evening of this week at the Texico school, when the annual Father-Son banquet of the FFA chapter is held.

Lee Richards, supervisor, said today that the program was not complete as yet, but added that County Agent Todd, of Clovis, and Frank Wimberly, of State College, had been invited to attend as guest speakers.

Other numbers will be arranged and presented by boys of the chapter, while the fathers will be asked to respond. James Box will serve as toastmaster for the affair.

The patriotic theme will be prevalent in decorations, Richards said, and the banquet will be prepared and served by members of the home economics department, under the direction of Mrs. Wesley Osborne.

Community Meeting Planned For Men

All men of the community are being cordially invited to a get-together and feed, which will be sponsored by laymen of the local Methodist church in the church parlors tonight (Wednesday).

Invitations were issued this week, with the time of the gathering being announced at 8:30.

Judge E. C. Nelson, prominent layman of Amarillo, is to be the special guest speaker of the evening, and several other numbers are being arranged for the entertainment of the guests.

Members of the community stated that the purpose of the gathering was "just to get the men of the community together for a good time—and some free eats", and urged a good attendance.

Return To Arizona

Mrs. Auddie Barker and little son, Cloise Dwayne, left Saturday for Douglas, Arizona, after spending several days in the home of her mother, Mrs. R. E. Williams, in Texico. Mrs. Barker will join her husband, who is fireman on the Southern Pacific from Douglas to El Paso.

Tid-Bits »

The absent-minded professor has nothing on John Lovelace, who has been "filling in" as truck driver at the local Texaco dealership. Last Wednesday, John took on a load of gasoline to be delivered in the Oklahoma Lane community, but forgot to check the gas tank of the truck. Result, he had to send in for reinforcements before he could deliver the gas.

And Creta Hunter was in quite a dither the same day. She and Elaine Tate were cooperating in a shower for Edith Wallace at Creta's house, but Creta was out so much that she was never quite sure a shower was going on. "Only thing," she reports, "I got served each time I came back".

Looking over the Army situation, E. E. Booth has decided that he won't have to go. Ruefully holding up a hand minus practically all but a thumb, he reported that he didn't believe he could "even peel potatoes with that".

"Now I know just how a horse must feel when the yoke is finally faken off his neck," Ernest Lokey remarked this week, exhibiting an arm which he had toted in a sling for the past four months.

"Winning Winnie" Is Presented By Class

The annual junior play of the Texico school was presented to a good crowd, on Friday night of last week, when the juniors donned costumes and greasepaint to present a three-act comedy, "Winning Winnie".

Esther Selman, as the cook who masqueraded for "Winnie" for the benefit of one of the heroine's numerous visiting men, turned in the best performance of the evening and literally stole the show, while Dorothy Paul appeared well in her usual comedy role, and Billie Nell Thompson, as "Winnie", gave a creditable performance.

Billy Bob Drace carried off the acting honors on the male side of the ledger, as the fiancee of Winnie, while all other characters carried their roles well.

Mrs. Melvin Worley and two daughters have returned to their home in Amarillo, after spending the past week with her parents, Mr. and Mrs. H. C. Copeland, in the West Camp community.

Miss Eunice Graham and Miss Johnnie Short, both of Olton, and Mr. and Mrs. Raymond Ross and daughter, of Clovis, were visitors in the home of Mr. and Mrs. B. N. Graham over the weekend.

Misses Evelyn and Ruth Sachs, of Hereford, spent the weekend visiting with their sister, Miss Irene, and other friends in Farwell.

Mr. and Mrs. Loran A. Wells and daughter, teachers in the West Camp community, visited friends in Canyon, Sunday.

Save money by having your Argus camera film cartridges reloaded by I. E. Hanna, Farwell, Tex., 18 exposures, 20c; 36 exposures, 35c—less than 1c per picture for film. Can you beat it?

First Aid Class Will Begin in Farwell

With an estimated enrollment of 30 persons already in sight, the initial first aid class for Farwell will open here on Friday night of this week at 8 o'clock, the meeting to be held at the Farwell school.

Miss Elsie Cunningham, who recently obtained her instructor's certificate through the American Red Cross, will be in charge, to be assisted by members of the Highway Patrol from Hereford, or Clarence O. Smith, of Bovina.

The class will meet twice weekly, on Monday and Friday evenings, and attendants are required to complete work before being given a certificate.

Books for members are on hand,

it was added, which may be secured at a cost of 60c each. This literature is necessary for active participation in the class.

All local persons who are interested in the first aid training are asked to be on hand promptly at 8 o'clock, Friday night, for the opening session.

Mrs. Anne Overstreet departed the past week for Mineral Wells, Texas, where she plans to spend several weeks receiving medical attention.

Mr. and Mrs. E. E. Booth visited their daughter, Mrs. Sam Dunlap, and family in Dallas last weekend, and while there enjoyed seeing the Fat Stock Show.

Mr. and Mrs. H. C. Robertson and Virginia Robertson were greeting old friends in the West Camp community, Saturday.

Lakeview Club

Landscaping a farm home means arranging and treating every unit of the farm so as to provide a maximum of convenience, comfort and beauty for the family working and living in the home. Miss Cunningham told members of the Lakeview club, in the home of Mrs. Ralph Durstine on Feb. 24. She also named shrubs and trees best adapted to this part of the country.

Mrs. E. L. Fairchild gave "Scholarship Girls".

Members present were: Mmes. Fred Barker, M. B. Buchanan, Ralph Durstine, E. L. Fairchild, George Jones, Kenneth O'Brian, T. A. O'Brian, C. A. Guinn, D. D. Robason, Jim Southward, Dick Habbinga, T. A. O'Brian Jr. and Miss Cunningham.

Bovina Club

This war has caused more thought of raising more of our foods at home as never before, said Mrs. W. O. Cherry, leader of the program, when the Bovina club met with Mrs. Ward Thompson, March 12.

"We should grow and store enough food for our family and at least three more persons," said members of the club, in a round-table discussion on growing and storing food.

Mrs. Homer Martin gave a talk on raising tomatoes, what kind was best to plant, when and how they should be planted and transplanted. Growing and caring for strawberries was discussed by Mrs. Melvin Stagner. Twenty members attended.

The club has its next meeting on March 26, 3 p. m., with Mrs. Buren Vassey. "Prepare for the Blitzkrieg." Demonstration by agent.

County Track Events Are Set For April 4th

A telephone conversation with E. W. Boedecker, of Friona, chairman of the Parmer county interscholastic sports events this week revealed that the annual county track and field meet would be held April 4th.

Following a custom established during the past few years, the finals of the meet will be held at night on the lighted Friona track, with the preliminaries likewise to be held there, in the afternoon.

Coach Jeff Hooper, of the local school, stated that he had only five men listed for track work, and admitted today that prospects "aren't so hot" for Farwell this year.

Tennis In Friona
Although there was no confirmation from Boedecker, it was believed here that tennis contests for the county would be held at Friona on 4th, probably beginning early in the morning.

Coach Hooper stated that Farwell had a few prospects out in this division, but Coach Velna Sheriff said that the girls would not enter tennis this year. They are instead, working out for both volleyball and baseball, with a good turnout.

Parmer First Aid Instructors Organize

Seven lay instructors who were recently certified to give Red Cross First Aid training gathered Friday evening, March 13, at the Bovina school, for the purpose of organizing a county chapter.

Clarence O. Smith was elected president, with Miss Elsie Cunningham being named as secretary-reporter. The name chosen for the group was "Parmer County First Aid Instructors' Club".

Charter members are: Mr. and Mrs. Clarence O. Smith, W. O. Cherry, Melvin Stagner, Otho Hammonds, Jewell Tate, Fred Henry and Miss Elsie Cunningham.

The second meeting of the club will be held Wednesday, March 18, in the home of Mr. Smith, at Bovina, for the purpose of making arrangements for first aid classes in the various parts of the county.

Jackie Holland, of the West Camp community, was taken to Big Spring a week ago, where he underwent an operation for appendicitis. He is reported to be improving steadily.

T-P Borrowers Have Good Repay Record

Former tenant farm families in this area who are buying their own farms under the farm tenant purchase program of the Farm Security Administration, paid 61 percent more on their loans than was due to the federal treasury in 1941, according to a report just received here by Jesse O. Coleman, rehabilitation supervisor for the FSA in Parmer county.

The 178 farmers who formerly operated land they could not own and who had full use of their farms purchased under the government's long-term credit plan, were expected to repay a total of \$72,782 at the end of the year. Actually, however, these farmers repaid a total of \$117,388, or 61 percent more than demanded.

This means that even though the average farm tenant purchase borrower has crop failures for the next two or three years, has costly illness in the family or other setbacks, he still will be current with his payments to the federal government, his state and county taxes, and his property insurance.

The record was particularly remarkable because the loans were made to farmers unable to finance their purchases through ordinary credit channels. Without the government's help they would have continued to operate as tenants, instead of owners.

Congress enacted the farm-tenant law in 1937, after a presidential commission had found that America was rapidly becoming a nation of tenant farmers, that almost half the farmers were tenants, and that their number was increasing by about 40,000 a year.

It reported also that farm tenancy was bad for the nation, and recommended a program of government loans to help tenants to become owners, as other nations had done. The program is just beginning to gain enough headway, after four years, to show results.

The record of these borrowers proves the wisdom of the FSA's theme for all of its different programs that, "given a chance—given the tools and the guidance they need—small and impoverished farm families everywhere can make good."

National Record Impressive

The national record of the T-P program is just as impressive as the area record. Up to the end of the last fiscal year, June, 1941, the 14,944 farmers who had borrowed money under the act to buy their own farms had paid back to the government almost \$500,000 more than was due.

The annual average gross income of the 178 tenant purchase borrowers in this area for 1941 was \$3,850. The average net cash income of this group for the same period was \$1,609. Their annual average net income, including the value of farm products used in the home, was \$1,733. These figures are many times greater than those of the average farm operator for the same period in the same area.

The amount that has been repaid by the T-P borrowers in Texas in 1941 is \$63,604, while the amount due in 1941 was only \$38,041. All of the TP borrowers in Parmer county will be ahead of their repayment schedule as soon as their ACP checks arrive.

Security Of Tenure

Moreover, these home owners have security of tenure. They have raised their standards of living far beyond those which they could not enjoy as tenants. Now they are a part of the communities in which they live. Their children's future is tied more securely to the American idea of home ownership.

Purchase loans are made to tenant families for a period of 40 years at 3 percent interest.

An example of the progress made by some borrowers is the case of one farmer in Kansas who borrowed \$3,912 in 1938, to purchase a 40-acre farm. He will pay the last dollar due on his loan within the next few days.

Another case is that of the farmer in Texas county, Okla., who borrowed \$7,434 in 1939 to purchase a 480-acre farm. Although he has until 1979 to repay the loan, he has, to date, repaid \$5,311.

It is significant to note that farm-tenant purchase borrowers are required to follow a diversified program of operations, to keep accurate farm and home record books, and to maintain a high average of living standards. County farm and home supervisors, employed by the FSA, furnish the borrower families with guidance in sound farm and home operations.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending March 14, 1942, were 22,146 compared with 18,032 for the same week in 1941. Received from connections were 8,784 compared with 7,432 for the same week in 1941. The total cars moved were 30,930 compared with 25,464 for the same week in 1941. The Santa Fe handled a total of 29,698 cars during the preceding week this year.

Spain has speeded up coal mining but cannot get the fuel to consumers.

Literary Tryouts To Be Held In Farwell

In preparation for the annual interscholastic league literary events, which will be held April 3rd in Bovina, tryouts for entries from the Farwell school will be held in the auditorium on Tuesday evening of next week, March 24th.

Miss Lynnette Cain and Miss Dorothy Shaw are working with the various divisions of declaimers, it was announced, this being the only group in which eliminations will be held. Other teachers of the faculty are in charge of entries in various events from their respective grades, and students who will represent Farwell will be named next week.

The one-act play tryouts are also being held at the school this week, under the direction of Miss Cain, the selected play being entitled "Red Carnations". The county one-act play contest will be held in Farwell on the night of the 3rd.

No Points in Meet
Although the high ranking entries in each division will be named at the county meet, the affair this year will follow a custom established last year, in that no points will be given for rankings, and consequently, no grade or high school championship school will be named for the county.

GET TIRE CERTIFICATES

Thirteen Parmer county motorists were issued certificates to purchase new tires, at the regular meeting of the Parmer County Rationing Board, held on last Wednesday. Those receiving certificates include:

- Rev. A. F. Agee, 2 passenger tires, 1 tube.
- D. C. Burnett, 1 pickup tube.
- Reagan Looney, 2 pickup tires.
- J. D. Stevens, 1 truck tire.
- Herman Schleiter, 1 pickup tube.
- C. T. Stowers, 1 pickup tire.
- M. T. Camp, 1 pickup tire.
- W. D. Hardage, 1 truck tire and tube.
- A. J. Doshier, 1 tractor tire.
- Alvin Kriegle, 1 tractor tire.
- Rev. L. L. Hill, 1 passenger tire.
- G. B. Buske, 1 pickup tire and tube.
- Clyde Seamonds, 2 truck tires, 1 tube.
- Sam Rundell, 1 pickup tire and tube.
- V. M. Settle, 1 truck tire.
- Chas. Crum, 1 truck tire.
- Jack Dunn, 2 tractor tires.

TAG SALES GO SLOW

The new 1942 auto license plates are selling at a rather slow pace in Parmer county, attached at the tax collector's office stated today.

Motorists still have the remainder of this month in which to purchase new auto tags. They must be displayed on vehicles in operation after April 1st. The cost of plates will remain the same as during recent years, since the Texas license fee is based upon the weight of the vehicle.

TRACK MEN WORK OUT

Coach A. D. McDonald, of Texico stated today that several workouts had been held for prospective track and field entrants from the school. Out for practice are Box and Summers, who are contemplating broad jump and dash events, while Summers will also take on the hurdles; Drace, Blain and Doolittle, prospective 220- and 440-yard men; Duang and Wendell Howard, milers; and ... field events.

Joshua Helfetz, the violinist, has a 70-acre farm near Norwalk, Conn.

ATTENDS FORD MEETING

O. C. Sikes of the Sikes Motor company, attended a meeting of Ford dealers of this region, held in Roswell on Friday of last week. Sikes said that nothing of importance developed at the meeting, except that all dealers were advised to "sit tight and cut down operating expenses", in the hope of a brighter day for automobile dealers.

NEW CLERK AT HALLS

Mrs. K. R. Ballard has accepted a position at the Hall Grocery as clerk. Raymond Hall, who is now cutting meat at his father's store, has enlisted in the Navy, and is expecting his call at any time. Mr. Hall said he plans to take over the market on his son's departure.

WHAT'LL THEY THINK UP NEXT?

Increasing use in the defense program of the constituents of synthetic wintergreen oil seemed likely to deprive candy and gum addicts of a preferred flavor. But birch oil, says Nature Magazine, is rapidly taking the place of wintergreen and may create a profitable industry. Sweet birch is found from Newfoundland to Iowa and southward to Florida but only in the New England states, Pennsylvania, West Virginia, and, possibly in the Carolinas are found groves large enough to make "birch stills" profitable. Birch oil is found only in the bark and growing tissues of the trees.

RENOMINATED FOR TRUSTEES

H. Y. Overstreet and Frank Phillips were nominated to succeed themselves as trustees of the Farwell school district, by a nominating committee meeting at the court house last Saturday. Only two vacancies are to be filled in the local school board this year, in the election to be held on April 4th.

TWO NIGHTS FOR CLASSES

Arrangements have been made to hold class sessions two nights a week at the First Aid class now being conducted at Oklahoma Lane by Clarence Smith of Bovina. Beginning next week, classes will be held on Monday and Thursday evenings. Mrs. Ed McGuire announced today. Previously, only one night a week had been given over to class sessions.
