

**COOKING QUEEN . . .** Dorothea Fagnano, 15, Yonkers, N. Y., school-girl, samples some of her own cookies following her selection as cooking queen. She disclosed that she now is working on a new recipe for making bread without flour—a tall order for a teen-ager, but not too hard for Dorothea, who recently captured first prize in a competition which attracted entrants from 512 cities. Miss Fagnano is experimenting with potato flour as a basic ingredient for her new flourless bread.

## Texico-Clovis Road To Be Widened

Joe Wilkinson, highway chairman of the Clovis Chamber of Commerce, has announced that the 10-mile strip of Highway 60 between Texico and Clovis is to be widened at an early date.

Wilkinson has been quoted as saying that the present highway is to be made a three- or four-lane road, and that about half of the needed extra right-of-way land had been donated.

Just where the highway will traverse the Town of Texico has not been definitely stated as yet. Widening of the road has been held up some time, it is understood, pending acceptable right-of-way privileges through the town. Elimination of the sharp S curve just west of the Texas-New Mexico line in Texico has been one of the main obstacles.

### Texas Voters Go To Polls Three Times During November

Texas voters will be called upon to go to the polls no less than three times during the early days of November, it was revealed here today after a study of the political calendar had been made.

The general election comes on November 5. In addition to voting for their choices at that time, the voters will be called upon to approve or disapprove two proposed constitutional amendments.

But that's not all. The day before the general election, a special election will be held throughout the state for the purpose of submitting an amendment to the constitution. And still more. Two days after the general election, on Nov. 7th, the voters will make still another trip to the polls to give their opinion on yet another proposed amendment.

In addition to the two amendments and names of candidates appearing on the ballots on general election day, Nov. 5, Parmer County residents must decide a local matter that the Commissioners Court is submitting.

Looks like the poll tax payers will get their money's worth this year.

### SUFFERS HAND BURNS

Joe McKinney, of Bovina, was treated here Tuesday by Dr. Wm. Coventry for burns about his hands which he received while working on an automobile. Joe said his hands were covered with gasoline which became ignited from a spark.

### Bovina Legionnaires Will Build New Hall

The lot has already been purchased, most of the money subscribed, and work is expected to start soon on the American Legion Hall in Bovina, it was stated here early this week by Legionnaires Billy Suderth and Harry J. Charles.

The hall will be located two blocks south of the Smith Grocery & Market, and will be a one-story building, 30x80. The contract for the construction of the building was due to have been let Tuesday night, but The Tribune has no report on the successful bidder.

Early estimates place the cost of the building at around \$5,000, it was stated.

### Renewals Reach High Pitch At Tribune

Subscription renewals were reaching The Tribune office at a rapid pace the first of the week, and are expected to continue in that manner until the deadline on Sept. 1st.

After closing time Saturday, August 31st, subscription prices will be advanced to \$2.00 per year to readers in Parmer and adjoining counties, and \$2.50 on papers mailed outside this area.

This is the first advance we have made in subscription price in the twenty years we have operated the paper, and The Tribune is one of the last newspapers in this section to announce an advance in rates. In making the hike, we have not done so without giving advance notice.

New and renewal subscriptions will be accepted during the month of August at the old rate of \$1.50 per year—but no subscription for more than one year will be accepted at this rate.

# Commissioners Call Special Election

## Set-Aside Wheat Edict Still Confusing

## Lazbuddy Irrigation Project Draws Interest

### DISTINGUISHED VISITORS

Mr. and Mrs. W. J. Matthews, of southwest of town, had as their guests last Sunday, Judge and Mrs. T. J. Mabry of Albuquerque, and Mr. and Mrs. W. W. Nichols of Clovis. Judge Mabry is the Democratic nominee for governor of New Mexico, and formerly lived in Clovis. Judge Mabry spent last weekend renewing acquaintances with old Curry County friends.

### Final Vote In District Attorney Race Given

The final unofficial vote in the District Attorney's race was received here this week, which shows that incumbent King Fike was defeated by Floyd H. Richards by a vote of 4403 to 2941.

In defeating Fike for the nomination, Richards carried all but two counties in the 7-county district. Parmer and Sherman Counties went to Fike by small margins. Richards piled up a heavy vote in his home county, Dallam, also the home of Fike. The vote by counties is as follows:

	Richards	Fike
Parmer	622	632
Oldham	135	108
Moore	748	463
Dallam	1239	463
Deaf Smith	1184	697
Hartley	321	198
Sherman	154	174

### Local Scout Will Be Honored On Sunday

The local Methodist Church is to be signally honored Sunday morning, August 18, when a member of the congregation receives "The God and Country Award" from the National Protestant Committee on Scouting.

Scout Ernest Lokey, who is to receive the award, has rendered his church a most excellent service in meeting the requirements as given by the sponsors of the award. Above other requirements, the young man completed 150 hours of assigned work in the Church. He is the son of Mr. and Mrs. E. F. Lokey of Farwell, and has been active in Scout work for several years.

Rev. Harvey E. Carrell, pastor, said that this was the first such award to be presented in the local Scout Council area.

Mack Angle, field Scout executive from Clovis, will be the principal speaker at the morning worship, taking as his subject "The Boys of The Bible". Members and friends of the church are urged to attend.

### FFA Boys Leave On Friday For Camp

Fourteen members of the Farwell vocational agriculture department, with their supervisor, Robert Morton, plan to leave here bright and early Friday morning of this week for the mountains of northern New Mexico, where they will spend five days in summer camp.

The boys, carrying the necessary paraphernalia for camping out, will make the trip either by truck or in cars and trailers, Morton said today. Camp will be pitched in the Cimarron Canyon, above Las Vegas, and near Eagle Nest Lake, and the boys will enjoy the various recreational facilities of the area during their outing.

Listed to make the trip are Warwick Thomas, A. C. Henneman, Sonny Graham, Toby Booth, Donald Ford, Herman Geries, Duane Curtis, Leonard Watkins, Ray Magness, R. L. Smith, L. C. and J. W. Herington, Dan Thompson and Bob Lee.

Rev. and Mrs. David McNew, formerly of Amarillo, moved to Bovina the first of the week. Rev. McNew has been appointed pastor of the Pentecostal Holiness Church in that city.

The latest irrigation project in the Lazbuddy section, in the southwest corner of Parmer County, is being watched with considerable interest not only by neighbors but by many from adjoining counties, W. S. Menefee, owner of the project, stated here the first of the week.

Early this spring, Menefee completed the installation of a system on his farm and has already placed 120 acres under the ditch. He said that all his feed is heading out, and promises an abundant yield this fall, and Menefee plans to put in 20 acres of alfalfa late this month.

The Menefee well is 300 feet deep, but the owner expressed the opinion that this depth was not necessary, adding that the pump in the well was set at a different depth and that the water is actually being lifted about 200 feet. For power, he is using a 145 h.p. Continental Red Seal motor, which operates on butane gas.

Menefee reported that the project was installed at a cost of \$6,000, and expressed the belief that his first year's crop gave promise of paying off the initial cost. He is producing certified grain, intending to sell it for planting seed next spring.

At least one, and possibly more, irrigation projects will be in operation in his section by next year, the farmer believes.

His ditches are 440 yards long, and the land has a drop of three inches over that distance. Menefee believes that it is a little too much drop, and plans to re-ditch his farm next year, putting only a 2-inch fall on the same distance.

### Modern Inventions Are Wonderful, She Says

Mrs. B. N. Graham, used as any 20th-century individual to modern conveniences, is even more firmly convinced that science is wonderful. Last Thursday morning at 1:50 the telephone rang shrilly in the Graham home, and she stumbled sleepily to answer it. A friendly feminine voice at the other end of the line inquired "Mrs. B. N. Graham?", to which the local lady replied in the affirmative—and then nearly dropped the instrument when the San Francisco operator said "Hold the wire, please, Tokyo is calling."

Forty minutes later, Staff Sergeant Howard (Muggins) Graham with the Army of Occupation in Tokyo, Japan, spoke to his mother for the first time in 16 months.

In recounting her experience, Mrs. Graham laughed to friends that it was a good thing she had a 40-minute wait before her son came on the line, "it gave me a chance to collect myself". The phone call was limited to six minutes, she said, adding, "it actually seemed longer". While Muggins had the line, his father and Mrs. William Thornton, a sister, also talked to him.

"The wire was as clear as if he were in the next room," Mrs. Graham said, going on to say that the only trouble she had was that she couldn't understand the Tokyo operator. Noting the difference in time, the local lady said that it was 5:30 in the afternoon, Tokyo time.

Muggins has been in Tokyo for several months, and serves in the registrar's office of a general Army hospital, where service men receive last physical checkups before sailing to the States. He reported that he was in excellent health, and had a very nice place to live.

The reason for the call, it came out, was that "Muggins hadn't had any mail for about three weeks—it was mixed up some way—and he just decided he wanted to talk to us."

The Grahams are not exactly unused to over-the-waves calls, as another son, Benton, is in South America with an oil company, and has called his parents—but the phone call from Tokyo climaxed all previous thrills, they smile.

Tribune job printing is best.

The set-aside wheat program ordered by Commodity Credit Corporation prior to the recently harvest—and highly contested by many producers as illegal and unconstitutional—which decreed that a producer must sell at least one-half of his total production to an elevator, and the elevator operator must in turn settle one-half of what he received for government commitments, has hit yet another snarl in the latest rulings received here by the AAA, charged with administering the program.

Harold Carpenter reported today that he was in receipt of the latest information on the program, which has been ruled unconstitutional, but added that the new orders did little to clear up the confusion existing among producers and grain buyers.

According to local information, a producer who complied with the order to sell half his wheat at time of delivery to an elevator may now come forward and decide he wants the CCC to pay him the difference between the market price at the time he was forced to sell, the price now offered, or the price offered on wheat at any time between now and next March 31st. The producer may pick the date on which he would have preferred to sell his crop.

To get this difference, however, the producer himself must give the AAA a personal check, or cash, to cover the actual amount he received for his wheat at the time he sold. The AAA will then forward his application and money to the CCC in Kansas City, showing the difference due the producer, and "payment will be made by CCC as soon as practicable". All of which means, Carpenter pointed out, that in order to realize a difference of perhaps 5 to 15 cents per bushel on his crop, the grower will have his own money tied up for a period of possibly two to four months.

The local office opined that there would be few "takers" on the program, but added that forms to furnish the required proof would be mimeographed and sent to all grain buyers in the county, where they can be obtained by producers.

Actually, most grain men in this area flatly stated at harvest time that they considered the program out of line and maintained that they would "not act as police officers, forcing farmers to sell if they preferred to store their grain". Consequently, it is not believed that many producers of the area sold their wheat unless by choice.

Farmers wishing more information may contact Carpenter at the AAA office in Farwell.

### Absentee Voting To Open This Week

Although the opening date for absentee voting in the second primary election in Texas opened some time ago, no ballots have been cast in Parmer County as yet for the simple reason that ballots have not been provided.

County Democratic Chairman G. D. Anderson stated today that as yet he had not been officially advised as to the names of the state and district candidates who were to appear on the ballot, and the printing of the voting sheets for this county is being held up until these names are received.

The State Democratic Executive Committee was in session in Austin last Saturday, and that body was supposed to certify the list of the state candidates to the various County Committees. As yet such certification has not been received here.

Anderson said, however, that he felt certain the list of state candidates would be received in time for absentee voting to begin here before the close of the present week. Ballots mailed out to absent voters must be back in the hands of the County Clerk by August 21st.

### PLAY FORT SUMNER

The Henderson Grain softballers will journey to Fort Sumner tonight (Wednesday), where they will meet the Pecos Valley sluggers in a game. This is the first meeting of these teams this season, and neither knows the strength of the other.

The Parmer County Commissioners' Court, in session here Monday, passed an order calling for a special election to be held on November 5th, at which time the voters will be asked to approve—or reject—a special provision which would authorize the Commissioners Court to re-allocate tax levies, and change the rates from the present schedules as provided by a state statute.

County Judge A. D. Smith said that the special election was set to correspond with the regular general election on that date, so as to avoid the expenses of a special election. He explained that approval of the proposition by the voters at the polls would merely mean that the Commissioners Court would be authorized to create a new tax schedule in the county which more nearly fits the needs of the county, allocating monies to various county funds in keeping with the needs of the county.

The election order provides that the present rate of 80c on the \$100 valuation shall not be exceeded in the re-allocation, should the voters of the county ratify the order.

Judge Smith said that under the present statute, funds are not properly divided to the various funds, making it necessary that the Commissioners Court transfer monies from one fund to another to meet the operating costs of the county. Such procedure, he observed, is against the law, adding, however, that the practice has been the custom in the past.

### To Lease Oil Lands

Another important matter coming before the Court Monday was the passing of an order to advertise for bids for mineral rights on a large block of land which Parmer County owns in Andrews and Gaines counties, as well as the Fort Worth Star-Telegram. The bids will be opened on Sept. 9.

### To Get Money

The Board of County and District Road Indebtedness at Austin has notified officials that Parmer County "has approximately \$5,858.59" to its credit from the District Highway Fund. The Commissioners passed an order authorizing Judge Smith to make application for the money and accept same as county funds.

Other business attended at the session included the payment of current bills and setting the next meeting, on August 26th, as the date for a public hearing on the county budget.

### Pre-School Clinic At Farwell, Thursday

Sponsored by the Parent-Teacher Association of the school, a pre-school clinic for children who will be six years of age by September 1, and who plan to enter school this year, will be held at the Farwell homemaking building on Thursday, August 15th.

All those who are to receive the physical checkups are asked to be on hand by 9 o'clock. Dr. Wm. V. Coventry will be in charge of the clinic, and diphtheria and smallpox immunization will be available at that time if desired.

No charge will be made for either the examination or the vaccination, and all youngsters who will start their school work this year are asked to be on hand Thursday morning.

Although it is not compulsory in Texas that children be inoculated for smallpox before they can enter school, officials state that it is highly advisable to have them vaccinated, and Supt. H. A. Clift urges that all parents of the local school district cooperate in this matter.

### Rev. Carpenter Will Direct ME Revival

Rev. J. L. Carpenter, of St. Mark's Methodist Church in El Paso, will start a series of evangelistic services at the Hamlin Memorial Methodist Church on Sunday morning, August 24th.

The revival will last only one week, concluding on Sunday evening, September 1, Rev. Harvey E. Carrell, local minister said today. Daily services on week days will be at 10 a. m. and 8 p. m.

Mr. and Mrs. H. H. Carlyle and son, Harding, of San Angelo, are visiting in the W. J. Matthews home this week.

NOBODY CAN DO THIS FOR YOU!

**Health Notes**

By Texas Department of Health

AUSTIN—Despite the fact that modern medicine can do much to help the diabetic live out a normal life span, nevertheless, diabetes took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable diseases such as typhoid fever, malaria, diphtheria and smallpox are annually causing a decreasing number of deaths in this country, diabetes is still taking a tragic number of human lives each year, especially in the middle-aged group," Dr. Cox said.

"Until recent years, diabetes was not noted as a major health problem, but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed."

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white collar class of indoor men and women much more frequently than it does

the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions are factors, since it seems a fact that those who do not indulge in luxurious living and whose occupations call for manual labor are not frequently affected.

Dr. Cox stated that simple, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes, and an annual physical examination, especially in middle aged persons, is important so that if the disease is present, competent treatment can be instituted while the disease is in its early stage.

**Over 50 New Faculty Members Are Added**

AUSTIN.—More than 50 new faculty members have been added to the University of Texas staff for the 1946-47 long session beginning in September.

Approximately 50 more will be appointed before the session starts, administrative officials said. Some of the positions to be filled are those created by resignations; others are new positions.

The new faculty members will come from universities throughout the nation, from government research and teaching positions, from private employment, and some were recently separated from military service.

Included in these appointees approved by the Board of Regents are four professors, ten associate professors, 18 assistant professors, and more than a score of instructors.

The State of Texas leads in the production of fresh fruits and vegetables for distant markets.

Nervous and mental diseases constitute 12 per cent of all illnesses.

**Benefits Of Active Duty Are Listed**

Veterans who re-enter active military or naval service are still eligible for many benefits of the service-men's readjustment act (GI Bill) where these are not incompatible with service, the Veterans Administration said today.

Benefits they can have while still on active duty are: (1) Education or training with tuition fees and supplies paid by the government. (2) Guaranteed loan to buy a home and in some circumstances even a loan to buy a farm or business.

Benefits veterans can not have on active duty are: (1) Readjustment allowance for unemployment. (2) Subsistence allowance while in education or training. (3) Disability pension. (4) VA hospitalization and medical treatment as this care will be received from the Army or Navy.

VA pointed out that a veteran's active service credit will continue to accrue after a veteran re-enters the service so that when he is ultimately released, he may become eligible for some of the benefits now denied to him.

Stressing the fact that the law specifies such benefits shall be available to any person who served on active duty for 9 days or more since September 16, 1940, and who subsequently was released under conditions other than dishonorable, VA pointed out that re-enlistment in the armed forces in no way voids this eligibility.

**Navy Orders Retention Of Hospital Corpsmen**

NEW ORLEANS.—The Navy will retain all male naval Hospital Corpsmen who have completed less than 18 months of active duty, regardless of eligibility for discharge, Eighth Naval District Headquarters announced today.

"The Navy regrets that because of the large number of war casualties remaining in naval hospitals it is necessary to retain these men," the announcement said. The action will result in an additional one to six months of duty for some Hospital Corps reservists to provide service urgently needed for Navy sick and wounded.

A report of the Navy's Bureau of Medicine and Surgery revealed that on July 31 there were 33,000 naval personnel in Navy hospitals.

Depobilization of WAVES enlisted Hospital Corps personnel was not affected by the order, but a plea was made for voluntary postponement of demobilization for any period between September 1, 1946 and July, 1947.

Terming this a "critical period in postwar demobilization," the announcement requested commanding officers of Navy activities in the eight-state Eighth Naval District to encourage female enlisted Hospital Corps personnel to remain on duty.

**Fats And Oils Trade To Increase In 1947**

World export supplies of oils and oilseeds will increase in 1947 but will still be substantially below prewar supplies, according to the Bureau of Agricultural Economics. Here is the picture in brief:

Increases for exports of copra from the Philippines; copra, coconut oil, and palm oil from other areas of southeast Asia; tung oil from China; flaxseed and linseed oil from Argentina; and whale oil from the Antarctic.

Decreases for exports of soybeans from Manchuria and peanuts and flaxseed from India. While European output of oils and fats may recover some, U. S. production will be less than in 1946.

**Quarterly Basis Adopted On Wheat-Mixed Feed**

Manufacturers of mixed feeds may now base the use of wheat in their products on a quarterly rather than monthly period, the Department of Agriculture has announced in Amendment No. 13 to War Food Order 1944. The amendment is effective as of July 1.

In New Mexico, the use of wheat is restricted in each calendar quarter to an average of 60 percent for each month of the quarter based on the average monthly quantity used in the period December 1, 1945 to January 31, 1946.

While no increase in the total quantity of wheat used for mixed feed manufacture is allowed by the amendment, it gives manufacturers a longer period in which to manage their wheat allowance.

**SANTA FE CARLOADINGS**

Santa Fe System carloadings for week ending August 10 were 27,608 compared with 27,338 for same week in 1945. Cars received from connections totaled 12,052 compared with 15,035 for same week in 1945. Total cars moved were 39,660 compared with 42,373 for same week in 1945. Santa Fe handled a total of 39,963 cars in preceding week of this year.

**What Is A Brake Turning Job?**

This is a question that is being asked us nearly every day.

Our simplest answer is that it means new brakes for your car or truck at a small cost.

At an investment of \$1100, we have installed a brake drum turning machine that will renew those faulty brakes and make them perform like new. At least 75% of the cars in operation need this service and you will be delighted with the results we can give you at a small cost.

We have just recently completed a job for H. H. Barlow, and invite you to ask him what he thinks of this new kind of work.

## Large Surplus Sale Opens August 19th

Surplus property, consisting of hardware, textiles, furniture and a wide variety of miscellaneous items, which cost the government in excess of \$500,000 is the attractive stock which War Assets Administration will offer in the second "site sale" to be opened in the Fort Worth region in as many weeks when the gates at Camp Bowie, Brownwood, Texas, open next Monday, August 19.

The same sequence of priority chasing now in effect at the "Site Sale" in progress at the Fort Worth Quartermaster Depot will be observed, with Federal Agencies buying for their own use the opening day.

Certified veterans of World War II have five buying days, August 20, 21, 22, 23, and 26, in which to take their pick of the surplus, following which RFC, buying for small business, will be served August 27, state and local governments August 28, eligible non-profit institutions August 29 and commercial trade levels August 30.

Blankets, feather pillows, slip over sweaters, mackinaw coats and comforters are highlights of the textile offerings while listed under hardware are such attractive items as bicycles (for both men and women), radios, gymnasium equipment, paint brushes, kitchen equipment and gas heaters, Outboard motors and complete shoe repair outfits are listed under the miscellaneous heading.

Veterans will be waited on in accordance with the oldest dated certificate holders and WAA officials pointed out that the interests of avoiding delays after arriving at Camp Bowie, interested veterans not already certified should obtain the required certificates at the WAA offices, T and P building, Fort Worth. As an added service for veterans in the Brownwood area, WAA certifying officers will be at the American Legion Hall, Brownwood, on each of the veterans buying days.

Since none of the surplus property in the Camp Bowie "site sale" is on the veteran's "set aside" list, WAA officials pointed out that certifications will be made to veterans establishing the need for the property in their small business, professional or agricultural enterprise.

Samples of all items included in the sale are to be on display in an attractive showroom and purchasers have the assurance of the quality being "as good as if not better than" the sample they view. All goods are price tagged and minimum quantities of purchase clearly indicated.

Arrangements are presently under way for other site sales in the Fort Worth region, opening dates of which will be announced shortly.

Sew sacks carefully at harvest. Wheat saved means lives saved.

SMU's newest degree, Bachelor of Art, in medical art, is the first ever offered in the United States.

## Ford Buses Begin To Roll From Assembly

Ford buses, manufactured for the first time at the Highland Park plant of the Ford Motor Company, started recently to roll from the newly installed final assembly line.

Bus production has been moved to Highland Park because of the company's plans to increase the manufacturing space for Ford and Mercury automobiles at the Rouge plant.

The new bus assembly line is 510 feet long, more than 275 feet longer than it was at Rouge, with a capacity of 45 units daily. Work also is being rushed at Highland Park on the truck assembly line which is being moved from the Rouge plant.

This line will be ready by Fall, according to Bernard M. Laney, superintendent of the bus and truck division.

## Insurance Benefits Are Liberalized

Insurance benefits to vets were materially extended when the President signed a liberalized GI insurance bill last Friday, Robert W. Sisson, Lubbock Veterans administration regional manager, said today.

Discussing the amendments to the National Service Life Insurance Act which became law yesterday, Sisson said GI insurance benefits are now in line with those of commercial insurance companies at a great saving to the veteran.

"As originally enacted, National Service Life Insurance was designed to meet the needs of men and women at war," Sisson explained. "The new amendments provide for liberalization to make it more attractive in peace time."

Principal changes in the amended act include: (1) Lump sum payments to beneficiaries if desired. (2) Total disability protection upon payment of a slight additional premium. (3) Entitlement of all persons who served in the armed forces between October 8, 1940, and September 2, 1945, to apply for National Service policies or to increase the amount of policies already in force. (4) More endowment types of policies offered. (5) Removal of many restrictions in the naming of beneficiaries.

"Holders of about six million NSLI policies now in force are eligible for the many new benefits provided by these amendments," Sisson pointed out.

"In addition, those veterans who formerly held some ten million policies that have lapsed may still be entitled to reinstate them and take advantage of the low cost protection provided for their families by GI insurance."

The Delco Farm Light was invented by Charles F. Kettering.

Every club in the Texas league is affiliated with a major league outfit, in one way or another.

# To The Voters of Precinct 3:

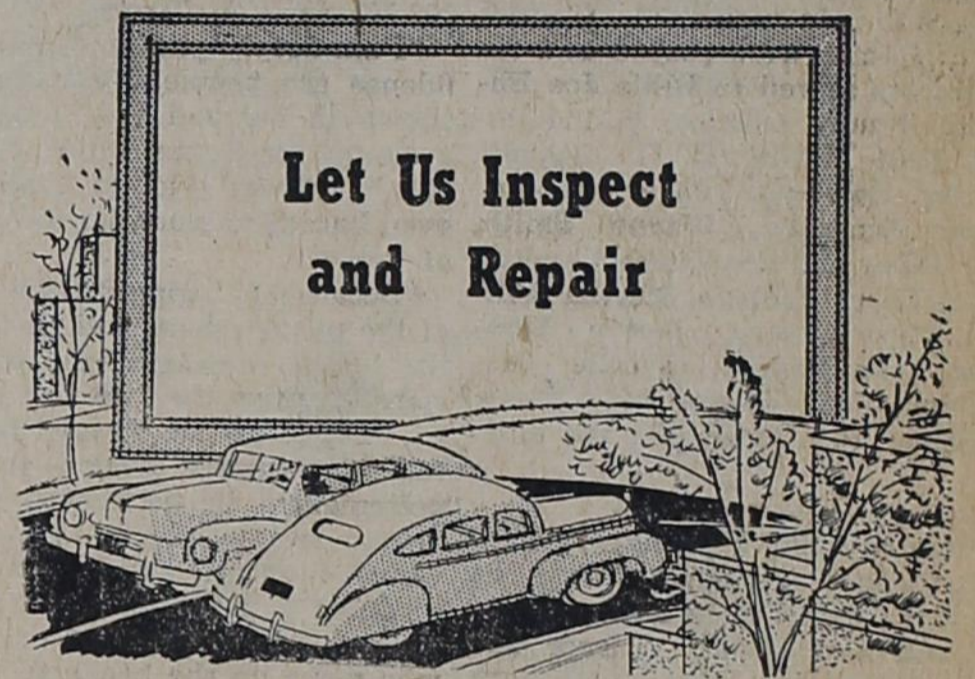

I want the people of this precinct to know that I am very grateful to them for the splendid endorsement they gave me at the polls on July 27th, which places me in the run-off primary on August 24th.

In asking your continued support in the second primary, I want to say that any favors will be duly appreciated—as they have been in the past, and I pledge you my best efforts in the discharge of my duties if I am re-elected.

## SLUMBER PARTY SUNDAY

Delores Wilson entertained in her home, Sunday night. A watermelon feast was enjoyed and a slumber party followed, with guests including Martha and Willie Ellen Williams, Patricia Wilson, Grace Schuffy, Camilla McSpadden.

## ENTERTAIN WITH PICNIC SUPPER AT PARK

Thursday evening a very gay crowd assembled at the park to enjoy a picnic supper given by Mr. and Mrs. T. G. Hudson.

Those attending were Mr. and Mrs. Buck Ellison and children, Mr. and Mrs. Euell Hart, Mr. and Mrs. Fred Carson and Marion, Mr. and Mrs. Byron Turner and children, Mr. and Mrs. Don Bruns and Dona Kay, Mr. and Mrs. Pete Davies and children, Mr. and Mrs. Robert Calaway and Bobby Gene, Mr. and Mrs. Ronald Berggren, Paul Jones, Aubrey Rhodes, Harold Brown and Wayne, Bill Eberting and girls, Joe Wayne, Troy Armstrong, Lula White, Nat Read and boys, Don Tabor, Mr. and Mrs. Paul Sheppard and Jo Paul, and the host and hostess. This was the Sew and Chatter Club members and husbands.

## PARTY THURSDAY EVENING HONORS THREE SAILORS

A party was held in the Elliott home, Thursday evening, with Inell as hostess, honored Denzil Eberting, Billie Bob Alverson and Clifford Smith. Games were played and refreshments served to Billie Joe Eberting, Jimmy Charles, Bob Johnston, Paul Smith, D. C. Looney, Charles Hawkins, Jack Barnett, James Kimbrow, Wayne Smith, John Tabor and the honored guests; Misses Loyce Trimble, Martha Williams, Mary Cherry, Betty Kimbrow, Jean Danner, Camilla McSpadden, Pat Wilson and Nancy Williams; Ted Brock and the hostess.

Those enjoying a picnic dinner at the park in Clovis Sunday were Mr. and Mrs. Buck Ellison and children, Mr. and Mrs. Byron Turner and children, Mr. and Mrs. Euell Hart, Mr. and Mrs. F. W. Ayres and Wesley and their guests, Mr. and Mrs. Keller and daughters of Dallas.

The young folks enjoying the wrestling matches in Clovis, Friday night, were Billie Bob Alverson, Patricia Wilson, Willie Ellen and Martha Williams, Clifford Smith, Grace Schaeffer, Sam Johnston, Delores Wilson, John Tabor, Inell Elliott, Wayne Smith, Shelby Anne Jersig, Jimmy Charles, Jean Hart, Jean Danner, Ted Brock, Wilene Christofer, Ray Lee Hart, Camilla McSpadden, Denzil Eberting. The group came back to Pat's house, where they were served refreshments.

Lawrence Rhodes, of Roswell, spent the weekend with his parents in Bovina.

Patsy and Jean Ellison had as guests this week Patsy and Carolyn Parker of Amarillo; and Priscilla, Patricia, Phyllis and Barbara Keller, of Dallas.

Mr. and Mrs. Osborn Loflin and children are visiting in Ardmore, Okla.

Mr. and Mrs. Bill Eberting, Billie Joe and Denzil were Amarillo visitors, Friday.

Mr. and Mrs. Paul Shepherd and Jo Paul and Mr. and Mrs. T. G. Hudson, Jr., enjoyed supper at the park, Friday evening.

R. T. Barbour, Mr. and Mrs. Tom Hudson and Mr. and Mrs. T. G. Hudson attended the rodeo at Levelland, Sunday.

Mr. and Mrs. E. T. Caldwell, of Amarillo, visited here this week with his mother. Mrs. Caldwell and Kita returned to Amarillo with them to spend a few days.

Dinner guests in the J. L. Wilson home Saturday were Mrs. R. G. Morgan and Marjorie Gay, Mr. and Mrs. Harry Ewing and daughter, of Philadelphia; Mr. and Mrs. A. G. White, Mr. and Mrs. Frank H. Wilson and daughters and J. W. Ashcraft.

Ray Lee and Jean Hart and Clifford Smith, from Portales, visited friends here over the weekend.

Jimmy Wilson, from Alva, Okla., is visiting here this week.

Mr. and Mrs. R. S. Johnston left for a trip to the mountains, Sunday.

Mr. and Mrs. Head of Clovis, and two of Mrs. Ellison's aunts were guests in the Ellison home Saturday.

Mrs. Ella Lindsey of Wellington, Kan., has been visiting her sister, Mrs. Andrew Moorman.

## FEED RATION SHORTS

A sharp reduction in livestock feed rations for this fall and winter is expected to cause Britain's 1946-47 milk production to be 8 or 10 percent less next winter than last, while pig marketings may be 15 to 18 percent less.

## ALLAN SHIVERS IS PEOPLE'S FAVORITE

Senator Allan Shivers, in thanking the voters of Texas for the heavy lead they gave him in the July primary to make him the favorite candidate for lieutenant governor, also warned citizens that attempts will be made by "scheming minority pressure groups" to defeat him in the August 24 run-off.

The Jefferson County legislator, lawyer and farmer, pointed with pride to the overwhelming support which he received in his present home county and in the county where he was reared to manhood. Shivers, a World War II combat war veteran (the only veteran in this race), polled approximately 75 percent of the votes in Jefferson County, his present home, and was a 25 to 1 favorite over his runoff opponent in Tyler County, where he spent his youth. Senator Shivers led his runoff opponent by approximately 100,000 votes in Texas.

"I am deeply grateful for the confidence the people of Texas have shown in me and the progressive program for Texas which I advocate," Shivers said. "I shall strive even harder to work for the welfare of Texas."

"Because I represent the masses of the people, there will be those in the runoff campaign who will conspire to defeat me," Shivers predicted. "I will not be swayed by these radical, minority groups—the CIO noisemakers in particular. My opponent is welcome to the support which they are giving him. I will continue to fight for the right and welfare and progress of our people who make up the backbone of Texas." (Pol. Adv.)

## Canning Season Gets Underway Locally

Local gardens apparently have, with the help of persistent gardeners, withstood the drought and insect invasion fairly well this summer, as the majority of homemakers report that the canning season is getting in full season locally.

Green beans and black-eyed peas are at the top of the canning list, having been bearing for several weeks now, and cucumbers are also putting out yields to be turned into pickles.

Local orchards, having escaped a late spring freeze, are literally "loaded to the gills" with apples, peaches and pears, while the plums, cherries and apricots went into jars some weeks ago. Several people who have vineyards report that the vines are loaded with grapes.

The only catch in the canning picture seems to be the scarcity of sugar for such operations. Most housewives point out that putting up fruit without sugar means that the family ration will get a lick in the eye when the fruit is opened, as it needs even more sugar it put up "without." Currently, spare stamps 10 and 49 are valid for five pounds each of sugar for canning purposes.

Some canning recipes list the substitution of honey or white corn syrup to relieve the sugar shortage, but home canners point out that both are practically non-existent—and do not prove as satisfactory in flavoring.

Individuals who have freezer lockers are planning to put some fruit and vegetables in that type of storage. Fruit, particularly, is adaptable to quick freezing; is easier to prepare for storage, and retains the "fresh" flavor not found in canned goods.

Tomatoes are coming along, but it was believed that no canning would be done until the last of the month or in September.

But with prices of canned and fresh goods jumping upward practically every day, all concerned agree that "if you have anything to can, can it!"

In addition to the million of cubic feet of illuminating gas consumed annually at the Westinghouse Lamp Division for heating and glassworking operations, other gases such as hydrogen, oxygen, argon and neon, are also needed for lamp manufacture. Hydrogen and oxygen are made by electrical decomposition of water while the other gases are obtained by distillation of liquid air.

FOR RENT—One room apartment, furnished. Mrs. Ruby Dixon, Farwell. 33-tfc.

FARMERS—We have good supply of Van Brunt drill parts. Please check that drill and put in tip-top shape. We have good tractor mechanic to overhaul that tractor. Think we can get you broadcast binder and ensilage harvester. Friona Farm Equipment Co., your John Deere dealer. 40-3tp

## Banks Family Gathers For Reunion Sunday

All children of Mr. and Mrs. J. C. Banks, Sr., gathered in the family home in Farwell, Sunday, to observe a family reunion.

Attendants were Mr. and Mrs. Ray Partlow, of Ardmore, Okla.; Mr. and Mrs. Charles Bowman and Jimmie, of Lubbock; Mr. and Mrs. Garlon A. Harper and Susan, of Durand, Okla.; Mr. and Mrs. J. C. Banks, Jr., and Johnnie Carolyn, of Clovis; Mr. and Mrs. Clyde Magness and children and Bill Banks, of Farwell.

The Partlows, Harpers and Bownmans are remaining to spend this week with friends and relatives.

## Recital Slated For Monday Evening

Miss Beryl Brown, student of Mrs. Florence Millwee Vinyard, will be presented in an intermediate piano recital next Monday evening, August 19th. The program will be held at the Baptist Church, beginning at 8:30.

Assisting Miss Brown will be Miss Vera Jones, reader, of Friona; and Misses Peggy and June Rogers and Marcia Anne Johnson, who will sing.

The public is cordially invited to attend.

## Party Returns Home

A vacation party comprised of Mr. and Mrs. Lee McElroy and family, Mr. and Mrs. John Aldridge and family, Mr. and Mrs. Frank Seale, all of Farwell, and Mr. and Mrs. G. Cranfill and family of Friona, returned home over the weekend from Red River and Eagle Nest, New Mexico, where they had spent the week. They report an enjoyable outing, but not many fish on the hook.

## Dallas People Visit

Mrs. R. E. Davis, Mrs. Mattie Douglas and Mrs. Lynn Davis and mother, Mrs. Dougherty, all of Dallas, visited last weekend in the home of Mr. and Mrs. Willis Magness. Mrs. R. E. Davis is a niece of Mrs. Magness. The party was enroute to Santa Fe and northern New Mexico, to spend a month vacationing.

## Vacationing In N. M.

Miss Maxine Crim, employed at the Aldridge law office in Farwell, is currently on vacation. She and her parents, Mr. and Mrs. J. W. Crim, will visit several spots in New Mexico, and plan to attend the Indian ceremonial at Gallup.

Bob Hines and Bob Williams spent the past two weeks in Hot Springs, N. M.

## Vacation School Starts At Bovina On Friday

A vacation Bible school for all boys and girls between the ages of 4 and 17, will begin this Friday afternoon at 3:00 at the Bovina Baptist Church. Classes will continue through next week, Monday to Friday, from 9:00 to 11:30 a. m.

There will be song services, scriptures, memory work, notebook work and handwork each day. Each student will have an opportunity of making something for himself or his home, with material furnished by the church. The Friday program will consist of new songs, learning new scriptures, a parade and a picnic.

A. O. Nowell will serve as principal of the school, Mrs. Glenn Phipps is chorister, Mrs. W. O. Cherry, pianist; Mrs. Lester Rhinehart, general secretary; Mrs. Cherry, character story narrator; Mrs. Troy Fuller, Bible story narrator; girls' handicraft, Mrs. Buren Vassie; boys' handwork, Glenn Phipps; beginner superintendent, Mrs. Vernon Ward, helpers, Mrs. J. T. Jones and Mrs. Pete Davies; primary superintendent and helpers, Miss Mary Leatrice Cherry, Mrs. Lewis Dudley and Mrs. Amos Steelman; junior superintendent and helpers, Mrs. Hilary Tidensburg, Mrs. Otho Hamonds and Mrs. E. H. Moody; intermediate superintendent and helper, Mrs. Arnold Hromas and Mrs. Reagan Loney.

## Sisters Meet Here

Misses Berniece and Lois Hodges, and Mrs. Don Keener, all of San Antonio, spent the past week visiting their sister, Miss Lorene Hodges, employee of the Sikes Motor Co.

## Leave For Home

Mr. and Mrs. R. B. Floyd and Mrs. John Floyd left the first of the week to return to their homes in California, after spending several days visiting friends and relatives in this area. They are returning via scenic spots in Colorado and Yellowstone Park.

## Guests Of Thorntons

Mrs. K. W. Amo and daughters, Renee and Twilla, of Little Rock, Ark., and Miss Marjorie Graham, of Brownfield, are guests in the home of Mr. and Mrs. J. R. Thornton. Mrs. Amo and Miss Graham are nieces of Mrs. Thornton.

Mr. and Mrs. Fred Gilbert and boys, of Plainview, are here visiting with relatives.

## NEWS FROM OUR BOYS IN UNIFORM

**Freezing Eggs For Future Use**

COLLEGE STATION.—Fresh eggs, now seasonally abundant, can be frozen successfully for future use if a few simple steps are followed in preparation and packaging. Gwendolyn Jones, specialist in food preservation for the A. and M. College Extension Service, offers the following suggestions to homemakers:

Use fresh clean eggs. Break them into a clean bowl and beat or churn them thoroughly until the yolks are broken and well mixed with the whites. Beating prevents gumminess of the yolk during storage. However, be careful not to whip in air. Whites may be separated from the yolks and packaged without churning, but the yolks should be slightly beaten.

If eggs are to be used for cakes or sweets, add 1 teaspoon sugar, corn syrup, or honey for each cup. If they are to be used for scrambled eggs or

salad dressing, add 1 teaspoon salt for each cup.

Plain tin is the most desirable container for eggs. Air-tight and leak proof paper cartons also may be used. Freeze in small amounts so that they can be used soon after thawing.

One good way to have small amounts of frozen eggs is to use a refrigerator tray. Put about 3 tablespoons of the mixture in each cube section. Quick freeze, then wrap each cube in cellophane. Several wrapped cubes may be packaged in one carton or bag. Small paper cups may be used as molds instead of the ice cube tray.

After wrapping and freezing, store at 0 degrees Fahrenheit.

When using: one tablespoon yolks equals one egg yolk, one and a half tablespoons whites equals white from one egg.

A gallon of oil weighs less than a gallon of water.

**NEW ARIZONA GHOST TOWN . . .** Photo shows town of Jerome, Ariz., founded on the sloping sides of the mountain from which rich ore was taken over a period of more than 60 years of mining, leaving the town dry from ore. The site produced more than \$600,000,000 in copper, silver and gold and will be abandoned next year. Business men plan to develop the area as a tourist center with dude ranches, resorts and private schools, so it will not be a ghost city.

**Answer To Turkey Feeding Problems**

COLLEGE STATION.—The question being asked by turkey raisers in Texas now is "How am I going to feed my turkeys and not lose money?" Ted Martin, poultryman for the Texas A. and M. College Extension Service, lists four of the most important steps to be followed in feeding that will help the turkey raiser to get more birds to market.

First, the poultryman says, turkeys should get all the green feed they will eat. Sudan grass is a good summer pasture, but if green feed is not available on the range, then baled alfalfa may be fed. To eliminate waste, a whole bale should be put out, and the turkeys allowed to pick out the leaves.

A supply of cool, clean water is a must. Turkeys will not endure the summer heat without it. Turkey raisers should consult their county agricultural agent for a plan on range waters. There are two different plans, and both are inexpensive and easy to build.

A third necessity is good shade for the turkeys. If there are no trees on the range, a simple shade may be constructed. Posts five to six feet high will make a good frame for the shade. Wire netting may be stretched over the posts with brush or straw on top of the wire. Such a

shade may be moved easily when the birds need clean ground, which is often.

The fourth point the poultryman brings out concerns feed. Turkeys cannot be raised, he says, without plenty of good feed. Although feed prices are extremely high, he advises raisers not to cut down on amount of feed the birds eat. If raisers do cut down on feed, more feed will be required for each pound of gain, it will take longer to get the turkeys ready for market, the birds will not be of top quality, and consequently will bring less per pound. The turkeys should be fed all they will eat, Martin says, and if the first three steps he mentioned are carried out, the amount of feed per pound of gain will be reduced.

**COMMENCEMENT AUG. 23**

LUBBOCK.—One hundred nineteen students will be graduated from Texas Technological College in commencement exercises August 23, W. P. Clement registrar, has announced. O. B. Ratliff of Lubbock, formerly of Haskell and Spur, member of the Tech board of directors, will deliver the address. He is the only former Tech student ever to serve on the board and is the first ex-student invited to be commencement speaker.

Tribune want ads get results.

**ORCHARD CULTIVATION**

COLLEGE STATION.—Texas fruit growers must cultivate their orchards continuously during the summer months in order to produce a good fruit crop, warns J. F. Rosborough, horticulturist with the Texas A. and M. College Extension Service.

Fruit buds must have foliage to maintain proper health throughout the growing season, the horticulturist says. Trees that shed leaves due to drouth, malnutrition or improper care will not produce good fruit the following season, because the buds will be weakened. The care of the trees now and into the fall season will largely determine the fruit crop for next season.

**COOPERATIVE CLINICS**

COLLEGE STATION.—Managers, bookkeepers, auditors, and all directors and officers who are connected with the operation of cooperative clinics now being held over the state, says M. C. Jaynes, specialist in organization and cooperative marketing for the Texas A. and M. College Extension Service.

The clinics are conducted on a question and answer basis, the specialist says, and are designed to help cooperative workers operate their organizations to comply with laws that will exempt cooperative busi-

ness from income taxes.

Dates and sites for the coop clinics in August are: Tahoka, August 12; Littlefield, August 13; Plainview, August 15; and Crosbyton, August 16.

While the clinics are aimed specifically at cooperative personnel, the general public may also attend, Jaynes states.

**THE STATE OF TEXAS COUNTY OF FARMER**

Notice is hereby given that the Commissioners' Court of Farmer County, Texas, intends to lease for mineral development purposes all of Labors 1, 2, 3, 8, 9, and 10, of League 315, of the Farmer County School Lands situated in Gaines and Andrews Counties, Texas, as shown by the plat thereof recorded in Volume 30, page 413, of the Deed Records of Gaines County, Texas. Such Commissioners' Court will receive and consider bids for such mineral leases on the above lands at its meeting at the Court House of Farmer County, in Farwell, Texas, at 9 o'clock, A. M., on the 9th day of September, 1946. Such Commissioners' Court in its discretion may reject all bids.

LEGAL NOTICES

HOUSE JOINT RESOLUTION NO. 62

Proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b, which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System or any other governmental agency of the State of Texas; or (c) owned by any person, firm or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold

to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

39-4c.

HOUSE JOINT RESOLUTION NO. 10

Proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State;

authorizing counties to provide and administer such a Fund for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Section 62 (A). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per cent (5%) of the compensation paid to each person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal or any interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said funds, such amounts of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid.

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the Appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the amount contributed by the county to such fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof) at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas, and

"AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas."

Each voter shall scratch one of the said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

HOUSE JOINT RESOLUTION NO. 49

Proposing an amendment to Article VIII of the Constitution of the State of Texas by adding thereto a new section to be known as "Section 7-A"; providing that subject to legislative appropriation, allocation and direction all net revenues derived from the taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purpose of acquiring right-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

"AGAINST the Amendment to the Constitution of the State of Texas providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

"Each voter shall strike out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting FOR or AGAINST said proposed amendment."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same

published as required by the Constitution for Amendments thereto.

She's Backing Boyce House

Standing by to take notes while tall, lanky Boyce House receives another call from a supporter is House's efficient and attractive campaign manager, Mrs. House. With House in the runoff in the Lieutenant Governor's race with around 340,000 votes in the five-man contest, Mrs. House, a native Texan, continues to run his campaign headquarters in their small home on the outskirts of Fort Worth. She is assisted by her mother and friends in answering letters, mailing campaign literature and answering the phone. Mrs. House says it's a busy life, but the strong vote received in the first primary was worth it and with the continued help of loyal friends Boyce will win.

published as required by the Constitution for Amendments thereto.

A JOINT RESOLUTION S. J. R. NO. 5

Proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-Five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-Five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D., 1946, at which all ballots shall have printed thereon:

"FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR

JOHN TARLETON AGRICULTURAL COLLEGE", and

"AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

S. department of agriculture, Washington.

### Local Team Collapses In Finals Of Tourney

Going completely to pieces, the Henderson Grain softball team, defeated only once previously this season, was snowed under by the Campbell's Ice Cream squad, last Thursday night on Wildcat Field, in the championship game of the Clovis YSO softball tournament.

Final score stood 26-2, with the winners scoring in every frame. Campbell's big innings came in the second, fifth and sixth, when they counted five, six and seven respectively.

"Ox" Lewis was on the mound for the Campbell squad, and Clarence Meeks, usual hot-shot pitcher of the locals, served 'em up in hitting order for the opposition. Jordan and Drace caught for Campbell's and Henderson's, respectively.

The locals won their right to enter the finals on Wednesday night, when they played a slam-bang battle with the Clovis 20-30 club, and edged out ahead 13-11.

Grabbing an early lead, the 20-30 Club had 6-0 in the top of the second, but the local lads began to hit the ball and went to a 9-8 lead in the fifth. Southpaw Gene Bowers sewed it up in the seventh when he ambasted one over the fence, with a teammate aboard.

Both C. and W. Meeks saw service on the mound for the winners, with Drace behind the plate. Batts and Hawkins made up the 20-30 battery.

An ear of corn has an even number of rows of kernels.

### Breaks Leg In Fall From Freight Car

Grayson Roberts, of Texico, is confined in the Santa Fe hospital in Clovis, following serious leg injuries received last Thursday morning at Portales.

Working with a local freight, Roberts had set the hand-brake on a freight car, and as he went to step down, he somehow lost his footing and fell across the tracks. His right leg was broken between the knee and hip, a serious break.

Relatives reported on Tuesday that the leg was badly drawn before the injured man reached the Clovis hospital, and physicians will not attempt to set the broken bone until the leg is stretched to normal length. Roberts will likely be confined to his bed for from six to twelve weeks, it was believed.

He has been employed by the Santa Fe for approximately two months.

### 4-H BOYS TO CAMP

County Agent Lee McElroy and several members of the county boys' 4-H clubs, left Monday for Lubbock, to attend a three-day district 4-H encampment. They will return this (Wednesday) afternoon.

### Wheat Insurance Is Offered By Triple A

All-risk insurance on wheat is now being offered by the Federal Crop Insurance Corporation, it was announced today by Harold Carpenter of the local AAA office, who added that the deadline for such insurance is August 31st.

The policy can be executed for a three-year period, embracing the crops of 1947, 1948 and 1949, Carpenter explained.

In outlining the program, the supervisor said that the crop could be insured for either 75% or 50% of the average yield, which is determined from production records of 1932-42. Insurance on the 50% basis will cost .9 bushel per acre, while the 75% coverage costs 1.7 bushels per acre.

A special set-up has been made for summer fallow land, with a yield increase of two bushels per acre above the normal average yield allowed. If the farm is irrigated, the average yield is considerably higher, but rates for insurance on these crops remains the same as for dry-land protection.

Carpenter pointed out that the deadline is August 31, or actual seeding of the crop, whichever is earlier. "Please bear in mind that although the rate is high, this is an all-risk insurance, the only insurance of this type that can be obtained," he reminded.

### More ACP Payments

Irrigation farmers are advised that ACP payments are now available at \$4 per acre for leveling land for water, and payment is also made for reorganization of old systems, which includes ditches, culverts, etc. Prior approval by the county committee must be obtained before work is actually started, if payment is to be made.

### LEGUMES PAYING OFF

COLLEGE STATION—The winter legume program is benefitting greatly cotton farmers in the Texas coastal areas, reports F. C. Elliott, cotton work specialist for the Texas A. and M. College Extension Service.

Evidence of the fact is shown in Lavaca County Elliott says, where the legumes were planted on 225 farms last fall. Lavaca County Agricultural County Agent G. C. King made a recent random check of the cotton in the area, and found that cotton following the legumes had an average of two or more bolls per stalk than cotton planted on soil that hadn't the benefit of the legumes.

Sixteen constituent republics comprise the U. S. S. R.

### Good Crowds Attend Revival Services

Despite the unpleasantly hot weather, exceptionally good crowds have been in attendance at the special revival services being conducted at the Texico-Farwell Baptist Church this week.

The revival opened last Wednesday and will conclude with the services on Saturday evening of this week. Rev. Harold Dye, pastor of the Central Baptist Church of Clovis, is doing the preaching, and W. R. Parrott has charge of the music.

Rev. Virgil E. Hunton, pastor, again reiterated his statement made at the outset of the campaign, to the effect that the public is welcome to any and all of the services.

### Government Buys N. M. Potatoes And Onions

Fulfilling previous commitments to support the price of New Mexico potatoes, the USDA has purchased 34 cars and 3 truck loads in Dona Ana, Luna, and Bernalillo counties since July 18, C. E. Habiger, PMA marketing specialist, announces.

At the same time, the Department has purchased 10 cars of onions under a program to give marketing assistance to New Mexico onion growers, he said.

Growers are receiving \$2.25 per cwt. for U. S. No. 1 grade potatoes, sack, inspected, and loaded f.o.b. on cars or trucks, and 75c per 50 lbs. for U. S. commercial 75%, U. S. 1 quality onions inspected and loaded f.o.b. cars. Habiger said some potatoes have been sold to commercial processors, and some allocated to state eleemosynary institutions. Onion distribution is limited to eleemosynary institutions.

### REPAINTING JOB

Having only recently completed giving the exterior of the building a coat of white, Roberts & Hardage are redecorating the interior of their place of business in Farwell this week. In addition to the fresh coats of paint, the store is being rearranged and the stock more attractively displayed.

### MANY VETS ENROLLED

LUBBOCK.—More than one-fourth of students enrolled for the present summer term at Texas Tech are married veterans of World War II. Total enrollment is 2,010 surpassing the 1934 total of 1934. There are 520 married veterans, 191 of them freshmen, 134 sophomores, 103 juniors, 72 seniors, and 20 graduate students.

### JUST RECEIVED!

FOX DRUG STORE

### Veterans Get Help On Farm Machinery

New Mexico veterans got 70 certificates for farm machinery in July, according to C. V. Hemphill, director of the PMA. Extensions of time had to be granted on some, as machinery was not available.

Continued labor-management disputes in some plants are still impeding production, Hemphill said. However, wheel tractor production is on the increase, but production is far short of meeting minimum requirements. Harvesting machinery and machines for preparing crops for markets or use increased somewhat, but haying equipment suffered some loss in production.

Veterans may obtain priority assistance for buying farm machinery through county ACA offices.

### Texas Ranks Second In 4-H Enrollment

COLLEGE STATION—Texas ranks second only to Alabama in the number of boys and girls engaged in 4-H Club work, according to nationwide figures just released by the USDA.

The census was based on club enrollment figures for 1945. Texas had 100,820 Club members last year while Alabama was in first place with 115,751. Mississippi's 1000,329 members placed a close third.

During 1945, 20.7 percent of all Texas rural farm youth were engaged in 4-H Club work. This percentage was based on the 1940 population census. However, the figure could be much higher or lower now. Texas Club membership in 1945 dropped slightly from the 1944 figure, which was 103-294.

A report from USDA received by the Texas A. and M. College Extension Service stated that Congress, when it approved, since July 1945, some 1390 new county extension agents, expressed the intent that these new agents would spend much of their time in bringing more boys and girls into 4-H club work.
