

Two Yank. Heroes Receive Medals

Flanked by our national flag, Capt. Maurice L. Britt of Lonoke, Ark., stands at salute before being presented the congressional medal of honor. He saved eight Yanks but lost his arm. Left: Corp. James E. Slaton of Laurel, Miss., receives the honor for wiping out three machine gun nests. He is the father of four sons.

Car Shortage Bogs Wheat Movement

Parmer Bond Quota Appears Hopeless

Texico Nears Quota

With the plea "We're nearly over, let's come in and put Texico over the top," Mrs. Lucy O. Brown, Texico postmaster, today announced that Texico was within striking distance of its quota of \$25,000 in war bonds in the fifth drive.

To date the people of the Texico precinct have bought \$20,250 in bonds and Mrs. Brown expressed the confident hope that the full quota would be raised before the deadline date on July 8th.

Workers have been active all over the precinct since the drive began and sales were spurred by a rally held at the school a week ago.

Mrs. Carter's Father Dies At Denton, Tex.

Mr. and Mrs. J. T. Carter returned to this city Sunday night from Denton, Texas, where they were called to attend the funeral of her father, W. E. Loveless, age 70, on Friday of last week.

Mr. Loveless died of a heart attack at Denton on June 29. He had been a resident of Denton for 22 years, serving for the past 20 years as assistant auditor of the Texas State College for Women. He had been an official in the Methodist church since he was 16 years of age, serving as a member of the official board.

Of his immediate family he is survived by his wife, three daughters, Mrs. I. M. Atkins, Denton; Mrs. C. B. Jones, Stanton; and Mrs. Carter, Farwell; and two sons, W. M. Loveless, Denton, and Capt. J. E. Loveless, U. S. Medical Corps, in England Five grandchildren and one brother, Dr. J. E. Loveless of Lamesa, also survive.

Revival Plans Are Underway for Bovina

Plans are well underway for the revival that is to be held at the First Baptist Church in Bovina, with Rev. T. G. Nanney, pastor of the First Baptist Church, Wewoka, Okla., as evangelist. The revival begins July 30 and continues through August 13. Services will be held twice daily.

Rev. Nanney is well experienced as an evangelist as well as a pastor, having led many successful meetings in the South. He began a revival with one of the Baptist Churches in Oklahoma City last Sunday, and will come to Bovina on the 31st.

Rev. Fred Stumpff urged that people of the community make plans now to attend the services.

Joint Meeting of Draft Boards Here July 12

The State Director of Selective Service has called a joint meeting of the Parmer and Bailey County draft boards, to meet in Farwell on July 12, for the purpose of discussing classification procedure.

The meeting will be held in the county court room and will get under way at 8 o'clock p. m. Lt. Harold C. Benedick of the state office, will be there to attend the joint meeting.

Meanwhile, a meeting of the Parmer county board has been called for 4 o'clock the same afternoon to dispose of some business before the conference.

MOVING TO CALIFORNIA

Mrs. Estellene Billington and children plan to leave the latter part of the present week for the west coast, where she will join her husband now in the Navy and believed to be permanently located Mrs. Billington is closing her beauty parlor and has rented out her living quarters in the same building.

SUBSIDY PAYMENTS OPEN

Applications for dairy feed subsidy payments for the months of May and June are now being accepted at the local AAA office, with the deadline set for 60 days from July 1, Ellis M. Mills said. Applications may be made either by mail or in person, he added.

The expected bottleneck of the Parmer county 1944 wheat movement loomed closer here this week with practically all available elevator and storage space filled to capacity.

Reports from Bovina and Friona are to the effect that all elevators there reached their capacity peak over the past weekend, and the only relief has been through the wholly inadequate supply of freight cars to move the grain out.

In Farwell and Texico, the storage situation is somewhat better, with at least two storage houses still receiving grain. The Farwell Bonded Warehouse and the Roberts Seed Company were the only two places accepting wheat Tuesday afternoon, and indications were that they would not reach capacity until the latter part of the present week.

Both the Henderson Elevator and the Farwell Elevator posted "sold up" signs Tuesday afternoon. "We can't do a thing until we can get some cars," C. M. Henderson said.

Little Car Relief in Sight

Commenting along this line, W. W. Vinyard, local Santa Fe agent, admitted that the car situation was "bad with little chance for improvement." Vinyard said four cars were put on the siding here on Monday and only one on Tuesday. More cars, he said, had been spotted at Friona and Bovina, where the situation is more acute than in Texico-Farwell.

It was estimated by railway officials here Tuesday that already more than 200 carloads of the new grain had been shipped from this county. At the same time, it was estimated that little more than 25% of the 1944 crop had been harvested in the county.

Generally over Parmer, the yield is proving to be even better than the early predictions. Many fields along the west side of the county are reported to be turning out 25 to 30 bushels, with some dropping to 20 bushels and below. The best field to be cut thus far is believed to be that of J. F. Barnett, of Parmer, with a reported average of slightly more than 40 bushels to the acre.

One of the main factors that is contributing to the bottleneck in the movement of the new crop is the fact that practically all the "breadbasket" section of the midwest saw the grain mature at the same time this year, making it impossible for the railroads to supply cars in sufficient numbers over such a wide area and keep up movement of necessary war materials at the same time in the opinion of local railroad officials. "From here clear up into Kansas the harvest season is at its peak," was the report of a local lady who traversed the area just last weekend, adding, "there were oceans of wheat all along the route."

Local opinion was that much of Parmer county's wheat will be taken to Clovis for storage before the harvesting is complete. It is pointed out that the Curry county crop is light this year, combined with the fact that there is abundance of storage space in the many grain elevators in that city.

FOUR REGISTRANTS IN JUNE

Four Parmer county boys attained their 18th birthday during the month of June, and registered with the local Selective Service Board, it was announced today by Mrs. Bessie Lee Henneman, clerk of the board. The new registrants are John Daniel Gaede, Norman Casey White, Jr., Leonard Leon Grissom and Elton Eubene Young.

Last Rites For Dr. McCuan Held Here

Funeral services for Dr. John Milton McCuan, pioneer practicing physician, were held at the Baptist Church in this city Tuesday morning and the remains taken overland to Granbury, Texas, for burial. The last rites were conducted by Rev. W. C. Wright, local Baptist pastor, assisted by Rev. Paul H. Tripp, Methodist minister, and attended by a crowd that filled the church to capacity.

Dr. McCuan, who would have attained his 80th birthday on July 16, passed away quietly at the family home in this city shortly after noon on Sunday, after a brief illness due to a heart attack. He was a member of the Baptist church, joining when a young man. McCuan was a Royal Arch Mason, and had served in various Masonic capacities, including that of district deputy grand master of the order.

He came to Farwell with his family from Granbury in 1913, and followed his profession in the practice of medicine until his death. Of recent years, due to advanced age, he confined his ministrations to office calls.

His first wife, to whom he was married 55 years ago at Kaufman, Texas, preceded him in death five years ago, and he was married to (Continued on last page)

Rationing Calendar

Sugar: Stamps No. 30, 31 and 32, Book 4, good for 5 lbs. indefinitely. Stamp No. 40, Book 4, good for 5 lbs. for home canning.

Meats and fats: Book 4, red stamps A8 through Z8 good for 10 points, indefinitely.

Processed foods: Book 4, blue stamps A8 through Z8 and A5 good for 10 points, valid indefinitely.

Shoes: Book 3, stamps 1 and 2, airplane, good for one pair, indefinitely.

Gasoline: A coupons, 3 gals., No. 12 expires Sept. 21.

Inner Tubes Taken Off Rationing List

Moving to conserve tires by making new inner tubes more easily obtainable, OPA has announced removal of all tubes from rationing. In explanation, officials stated that a good tube properly inflated will extend the life of a tire.

The inner tube stockpile has increased enough to meet anticipated future demand for 1,500,000 tubes a month. At the same time, officials estimated that conditions would prevent A gasoline card drivers from receiving tires until early next year.

July District Court Term Is Not Definite

Although the regular schedule calls for the Parmer County District Court to convene at the courthouse in Farwell next Monday morning at 10 o'clock, whether or not a July term would be held this year was not certain the first of the week.

County Clerk D. K. Roberts stated that Judge James W. Witherspoon, of Hereford, had indicated that he would announce definitely within "a day or two" whether or not court would be called this July, and added, "If we do have a session, there will likely be no cases taken up that will require a jury in view of the fact that the majority of those who ordinarily are called to serve as jurors are in the wheat fields."

Officials took the position that with the shortage of labor available for harvest work, it would not be advisable to call men for jury work.

No criminal cases are listed on the docket, and doubt was expressed here that a grand jury would be used. To date there are only six civil cases on the docket, and the opinion was expressed that, if necessary, these could be continued to the next regular session in January.

Slated for action are the following cases:

Ada Parker vs. O. L. Parker et al, trespass to try title.

Flora Storms vs. John Storms, divorce.

Edna L. Kaiser, et al, vs. Security State Bank (S. F. Warren, debtor), garnishment.

Ramona Martinez vs. Ben Martinez, divorce.

Margareeta Agee vs. H. L. Agee, divorce.

J. O. Ford vs. H. T. Williams et al, damages and attachment.

One other case is on the civil docket, that of the Texas-New Mexico school district et al vs. the Farwell and Midway school districts, et al, for injunction to stop consolidation, but the case was taken up before Judge Witherspoon several weeks ago and is now under consideration. Whether or not he will hand down a decision at the coming term of court has not been revealed.

SERVANT OF HUMANITY—Dr. John Milton McCuan, who died at the family home in Farwell Sunday after spending 57 years in the practice of medicine.

Ration Merry-go-round Revised Again for July

"On and off they go" was the theme song of point-weary merchants and housewives this week, with a new set-up on the ration chart going into effect Sunday, July 2—through July 29, according to OPA.

Three canned vegetables go back on the list—asparagus, peas, and tomatoes. Point values: No. 2 size can asparagus, 10 points; peas and tomatoes, 5 points.

Brandied, spiced or pickled fruits are also restored to the list of rationed canned goods, with the same point values as other canned fruits.

Meats did not go unaffected by the July 2-29 pronouncement. Previously point-free best cuts of lamb and choice beef steaks now take the stamps, while roasts were raised in value.

Butter, margarine and American cheddar cheese hold their own, but the cheeses falling in Group 2 and 3' off rationing for two weeks, are given a value of four points per pound, compared with 10 points before the free period.

FIRM CHANGES NAME

The firm name of the Panhandle Lumber Company, Inc., has been changed to Houston Brothers, Inc., effective July 1st, it was announced here today by E. M. Roop, manager of the local lumber yard.

Mr. Roop said that the same officials and stockholders would handle the affairs of the firm as in the past. "Since the Panhandle Lumber Company, Inc., has acquired new lumber yards which are not located in the area known as the Panhandle of Texas, it is deemed advisable to change the corporate name of the company," he said.

Houston Brothers, Inc., now operate eleven lumber yards in Texas and New Mexico.

Labor Contributes to Car Shortage

CHICAGO—Lack of labor at terminal elevators where wheat cars are piling up awaiting unloading is contributing to the already acute boxcar shortage, J. J. Mahoney, Santa Fe Railway Superintendent of Transportation, said today.

Various government agencies are attempting to relieve the labor bottleneck. Efforts are being made to obtain soldiers from camps near the crowded terminals and permission has been granted for an increase in wage rates for elevator and mill workers unloading grain, Mahoney explained.

"The fact remains," he continued, "that loaded wheat cars are piling up around the terminals faster than they are being unloaded. At the 15 terminal and sub-terminal points in

our big wheat territory we had 1,781 cars loaded with wheat on July 1. June 30 488 cars were unloaded and 824 in transit to those points. On the Panhandle division we are holding out 135 more loaded cars.

"The situation developed all last week. Last Monday we had 1,483 loads of wheat and only 393 were unloaded. On Wednesday, only 409 of 1,568 cars were unloaded. On the Panhandle and Plains divisions, 78 elevators are closed because of car shortages. There are 155,000 bushels of wheat piled on the ground on the Panhandle division and 801,000 on the Plains division. On Saturday we had 889 cars available for loading and orders for 2,955."

At a conference early in June between representatives of the ODT,

The Association of American Railroads and the grain trade held in Kansas City, Mahoney pointed out that 20,000 of the Santa Fe's grain loading cars were off line in war service. He stressed the fact that at the beginning of the wheat movement less than two cars were available for each of the 1160 wheat loading elevators served by Santa Fe.

At that meeting representatives of the AAR were of the opinion that 18,000 cars could be sent west for the wheat movement by the early part of July. Developments arising since that conference, however, have prevented the materialization of those plans.

In conclusion Mahoney added, "We are striving to make the best possible use of the cars we have."

Consumer Goods Survey is Conducted

A consumer durable goods survey, including such items as furniture, hand tools, refrigerators, vacuum cleaners, washing machines and cook stoves, is underway throughout the district, OPA reports.

"Because there have been fewer of these items for sale, the demand for them has increased manifold, and in counties where there have been any of the items for sale there have been complaints on prices," district officials stated.

The survey, scheduled to end July 15, is to determine how well price ceilings are being observed.

SOUTH PLAINS FAIR IS CANCELLED FOR YEAR

LUBBOCK—Homer D. Grant, president of the Panhandle South Plains Fair Association announced this week that at a meeting of the Board of Directors on June 29 it was unanimously decided that the association would not hold this year.

This will be the third straight year that the Fair has not been held after 28 years of annual showings. President Grant stated that a decision was held up until the last minute in the hopes that a fair could be held this year, but that a careful survey of all conditions forced the board to make the decision not to hold a fair.

The Cavalcade of Amusements, the carnival which had been contracted with in event a fair was held, was granted permission by the board to show the fair grounds from August 1 to 7. In addition permission was given the American Business Association to stage a rodeo at the fair grounds on the tentative dates of August 24, 25 and 26. The profits from this event will go to the Lubbock Boys Club.

VACCINE CONTROLLING AGENT FOR FOWL POX

COLLEGE STATION—Fowl pox, which causes considerable loss yearly to chicken and turkey flocks in Texas, can be prevented by using a vaccine. The origin of the disease is a virus and can occur in fowl from chick age to advanced years. But it is seen most often in birds a few weeks old and those in their first laying year, says Dr. W. A. Boney, poultry veterinarian of the Extension Services.

Externally, the disease obtains foothold on the combs or wattles through scratches and cuts, and internally by the mouth, or canker form. Mosquitoes are dangerous carriers, being able to transmit the disease to others several days after feeding on infected fowl. Its spread among turkeys is increased by fighting. Birds may be affected by one form or the other alone, or a combination of both.

An outbreak in a laying flock should be guarded against especially. The hens usually cease production and it may be two or three months before they resume. Some will die and others be blinded. The mouth, or canker, type often causes death by starvation or strangulation.

Prevention by vaccinating the chickens which are to be kept when they are between six and 12 weeks old, or when they are separated from the cockerels, is the safest and most economical method, he says.

The vaccine comes in two types—

Thousands of Nazis Rounded Up

Some of the 10,000 Nazi prisoners taken in France and shipped to England for internment during the first days of the invasion. Almost every racial type of Europe is represented in this group being marched ashore in England. Among the prisoners taken in Nazi uniforms were a large number of Japanese.

fowl pox and pigeon pox. The fowl pox vaccine should be used on all young chickens and turkeys not in production. If vaccination is delayed until the fowl begin to lay the pigeon pox vaccine should be used, and the treatment repeated when the birds molt. The fowl pox vaccine, however, usually gives lifetime protection to chickens, but turkeys which are kept for layers should be re-shot in November or December.

Dr. Boney urges owners who expect to market their turkeys for Thanksgiving not to take a chance on their birds escaping the disease. They cannot be sold as long as after effects of the disease are present. Dr. Boney explains that because the turkeys didn't have the disease last year is no indication they will escape it again this year.

The advice of the county agents should be sought in applying the vaccine.

Limestone is used in steel blast furnaces to remove silica and alumina.

Both the Pacific and the Atlantic oceans can be seen from the top of Mt. Irazu in Costa Rica.

MATH IS POPULAR

AUSTIN — Mathematics, often shunned in pre-war days, is "the rage" in popularity at the University of Texas.

While the University's total enrollment is only a little more than half what it was in pre-war days, the applied math department has consistently held almost normal enrollment, and is getting ready to start summer classes for between 1,500 and 2,000 students, Dr. C. M. Cleveland, department chairman, said.

"I look for almost every freshman boy who enters school this summer to sign up for math," he said.

Patte the Paper Puppit

I'm not losing face.

I guess you've seen pictures of those real ancient cars that are quite a fad with some prominent people. I'm no big shot, but folks envy me, even at that, for keeping this car like an heirloom. Oh, some say that any good motor oil would largely do the trick, and they're welcome to believe it. I simply say this: Keeping my engine OIL-PLATED ever since I switched to Conoco Nth motor oil, has helped me beat the curse of engine acids. I got wise that acids from combustion always try to corrode an engine's inside finish, but OIL-PLATING furnishes special protection. A synthetic in Conoco Nth oil, I've learned, behaves almost like magnetism. This makes the working parts attract OIL-PLATING, and hold on to it. It's fastened as closely as chrome plating to keep metal under cover from acids. That would certainly be a check on corrosion, from the minute you switch to an OIL-PLATED engine. So just get Conoco Nth motor oil.

Virtually all of the 1300 Navy trainees who will be in school this summer will take at least one course and the 16- and 17-year old men students will want math to help them do their jobs when they are called into military service.

1944, they shipped 27 cars of chickens and nine cars of turkeys.

Shipments of eggs to out-of-state markets in May totaled 876 cars, compared to 850 in May last year.

TURKEY SHIPMENTS UP

AUSTIN—In May a year ago, Texas poultry raisers did not ship a single car of chickens or turkeys to out-of-state markets, but in May,

RECIPE OF THE WEEK

COLLEGE STATION—Most families like a variation in bread occasionally—rye bread, for example, or a mixture of part white and part whole wheat flour. Oatmeal bread is one which children particularly enjoy, and it offers a tasty way of using a whole grain in the diet.

Although called "refrigerator rolls", the following are good when made out as soon as mixed and cooked when they rise. Here is the recipe:

Oatmeal Refrigerator Rolls
½ cup fat, 3 T granulated sugar, 3-4 tsp. salt, ½ cup boiling water, 1 cup rolled oats, 1 cake fresh yeast, ½ cup lukewarm water, 1 beaten egg, about 2½ cup sifted enriched all-purpose flour.

Mix fat, salt sugar with boiling water, add rolled oats, cool to lukewarm. Soften yeast in lukewarm water, add with egg to mixture. Stir in enough flour to make soft dough—about 2½ cup—beat thoroughly; cover and store in refrigerator. Dough keeps 4 to 5 days.

For baking, let rise almost double bake in hot oven, 450 degrees F., 15 to 20 minutes.

Buy a bond every payday!

It's Too Late When the Fabric Shows

When the fabric shows through the rubber, it's too late to do a good job of recapping. Watch your tires carefully and as soon as the tread wears down, bring them in to us.

The highest ranking angels are called archangels.

Health Notes

By Texas Department of Health

AUSTIN—Millions of flies help to cause the illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in the State of Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever, summer complaint and other intestinal diseases can be traced to the common housefly as the carrier of infection.

Dr. Geo. W. Cox, State Health Officer, speaking in this connection recently said, "Be sure that your windows and doors are tightly screened so that stray flies from a careless neighbor will not endanger your family. Be sure that they are kept away from food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to per-

mit the entrance of flies. Infections from this source can be picked up and spread to human beings through contact with food, drink and utensils. Keep all garbage covered until buried or collected. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

Pete the Paper Puppet

Enlarges Airport for B-29s

Somewhere in India, B-29s, America's most powerful bombers, were tuned up at this base and started from there on the mission to bomb the steel center of Japan. This photo shows the native women, used to enlarge the airport to enable the mammoth ships to take off, in the foreground, as the plane is worked on in the background.

Don't try to keep up with your neighbors; let them keep up with you. If husbands will put more money into war bonds, wives' dresses will be worn longer—months longer.

America — This is it!

He's doing his part . . . We must do our part!

For him the terrifying grand climax of the war is at hand.

The supreme military risk—bound to be bloody, costly, in American lives.

Our boys know this. They don't have to read the heart-rending headlines or casualty lists to know what is expected of them.

They are in it.

But they are not flinching . . . not holding back.

They will see the grim venture through to the bitter, victorious end.

And if, for your boy, or some boy you know, the price of Victory is death, you can be absolutely certain that he made the supreme sacrifice courageously . . . for the cause of Freedom.

For us, too, the terrifying grand climax of the war is at hand.

This supreme, desperate call for American dollars—16 billions of them—is to enable our fighting men to carry through the grim, bloody assault to a successful conclusion and Victory.

Not just American dollars—but the dollars in your pocket—in your savings account.

You must buy War Bonds—now! At least twice as much as you bought last time. If you are already buying Bonds on a payroll savings plan, buy EXTRA Bonds during this Drive.

Your Government is counting on you. Your boy, and your neighbor's boy, are counting on you . . . just as you are counting on them in this fateful hour.

► Don't let them down! Do your part—as they are doing theirs. Dig down, America—dig down deep! While there is still time. This is America's Zero Hour—Civilization's Zero Hour!

And here are 5 MORE reasons for buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.

Back the Attack! — BUY MORE THAN BEFORE!

Barrows-Bullock Rites Performed Sunday

Nuptial vows for Miss Ruth Barrows, of Clovis, and Staff Sergeant Carl Bullock, of Texico, were read in Clovis Sunday afternoon at two o'clock at the home of the bride's brother and sister-in-law, Mr. and Mrs. James Barrows.

Attendants to the couple were Mrs. Barrows and Perry Bullock.

Sergeant Bullock has recently returned from two years overseas duty. He is a graduate of the Texico school and has been a resident of this city for several years. Prior to his entry into service, he was employed at the Farwell Elevator. Mrs. Bullock has been employed in Clovis for several years.

The newlyweds are enjoying a trip to Ruidoso, N. M., this week.

WMS Meets In Home Of Mrs. Danner

The W. M. S. of the Bovina Baptist Church met last Tuesday in the home of Mrs. G. C. Danner. A short business meeting was conducted by the president, Mrs. Fred Stumpp, at which time it was voted to prepare kits for Russian war relief. It was also decided to have an all-day meeting every fifth Tuesday, and sew or quilt for the Orphans Home.

A social hour was enjoyed after the meeting and refreshments served to Mesdames Buren Vassey, Lawlis Pace, Hilary Tidenburg, A. B. Gray, Sam Sides, J. Sam Gaines, Clinton Holmes, O. W. Rhinehart, L. L. Boatman, Una Newton, Ray Hawkins, G. E. Free and Fred Stumpp, members; Mesdames Rhinehart and W. J. Sides, guests.

Pfc. Jerry Brand Is Honored With Social

An old time gathering of friends and relatives was held recently in the home of Mr. and Mrs. Frank Eason, honoring Pfc. Jerry Brand, stationed near New Orleans, La.

Visitors included Mr. and Mrs. Tom Jones and Pauline of Portales, Mrs. Cecil Winegeart of Lariat, Mr. and Mrs. Odom Smith and children, Mr. and Mrs. Jessie Brand and children, Mrs. Jane Huber, Mr. and Mrs. Henry Lloyd of Friona, Mr. and Mrs. Buddy Lloyd and son of Friona, Mr. and Mrs. Johnny Brand and daughter of Friona.

Home From Vacation

Mrs. Roy Bobst returned the latter part of the week from a trip to Eastern points, where she had visited relatives in Washington, D. C. She had been on vacation for three weeks.

Mary Margarette Foster Is Bride Of Pfc. Cole

Miss Mary Margarette Foster became the bride of Pfc. Earl F. Cole in an impressive ring ceremony, performed in Quinseville, Arizona, on June 26th.

Miss Foster is the daughter of Mr. and Mrs. C. E. Foster of Clovis, formerly of the Oklahoma Lane community. She was graduated from the Oklahoma Lane school in May, completing her work as salutatorian of her class.

Pfc. Cole is the son of Mr. and Mrs. W. C. Cole of Pauls Valley, Oklahoma. He has been in the service for 18 months, and is now stationed at the Army Air Base, Blythe, California, where the couple will reside.

Bicycle Party Held For Birthday

Carey Joe Magness celebrated his birthday party, Monday evening, when a number of friends gathered to enjoy a bicycle outing, followed by a weiner roast and games at the home of his parents, Mr. and Mrs. Clyde Magness, in Farwell.

Attending were Marcia Anne Johnson, Ella Juanice Bradshaw, Rosamond Booth, Mary Ruth Petree, A. C. Henneman, Jack Lindsey and the young host.

Officers Elected For Intermediate Group

The Intermediate department of the Methodist Youth Fellowship of Oklahoma Lane elected officers the past Sunday at the regular meeting.

Gloria Kepley was named president, with June Christian as vice president and Doris Kent as secretary-treasurer. The various committee chairmen are: publicity, Joy McDonald; world friendship, Caryetta Grissom; recreation, Louise Rundell; worship, Bonnie Foster; community service, Ben L. Miller. Mrs. F. E. Kepley serves as counselor to the group.

Picnic Honors Visitors

A picnic was held at Hillcrest Park in Clovis, Friday evening, honoring Donald Bell, of the Merchant Marines and stationed in Fellows, Calif., his daughter, Edna Lou, and Mrs. J. E. King and sons of Fort Worth. Bell and Mrs. King are brother and sister of Mrs. Ebb Randol of Farwell. About 40 relatives enjoyed the gathering.

Miss Betty Jesko of Dalhart, visited her parents, Mr. and Mrs. Joe Jesko, over the weekend. She will report for work at the airfield in Dalhart Thursday morning.

Family Reunion Held

Family members gathered in the home of Mr. and Mrs. Roy B. Ezell, Sunday, to hold a reunion during the visit of Cpl. R. B. Ezell, here from College Station. Attendees included Mr. and Mrs. Marty Ezell and children of Muleshoe, Mr. and Mrs. Gene Ezell and family of Bovina, Cpl. Ezell and the host and hostess.

Fellowship Organized

The young people of Oklahoma Lane have organized a Methodist Youth Fellowship, to which all young people of the community are invited. Meetings are held each Sunday evening at 9 o'clock at the Oklahoma Lane Methodist Church.

Nuptials Are Read

Word has been received here of the marriage of Sylvia Stout of Seattle, Washington, to Julius Dycus, AOM3-c which was performed in Seattle in June. Dycus is a graduate of the local school and well known locally. No other particulars on the wedding were available.

From California

Mr. and Mrs. Bob Butler and son, of California, arrived here the last of the week for a visit. It is understood that Butler, who has been employed by an aircraft company, is to enter service soon, and Mrs. Butler and son plan to reside in Muleshoe.

Enjoy Picnic

Mr. and Mrs. Lenton Pool and family, Mr. and Mrs. W. B. LeVeque, Mr. and Mrs. Ellis Mills and family and Mr. and Mrs. John Porter enjoyed an outing on the Fourth, celebrating with a picnic at Hillcrest Park in Clovis in the evening.

Married Here

A marriage license was issued on Monday, July 3, at the local clerk's office to Andrew Smith, Jr., and Miss Katherine Nall.

The ceremony was performed on July 4 by Rev. Paul H. Tripp, at the Methodist parsonage.

Seaman 1-c Earl Lee Bradshaw, Jr., visited relatives here the past week. He was enroute to Camp Parks, Cal., after a month's leave spent at his home in Louisiana.

Miss Peggy Mayfield, of Friona, was an overnight guest of her sister, Mrs. Woodrow Lovelace, last Friday.

Mrs. Kirt Crume arrived the last weekend from New Jersey, where she had spent several months with her husband, who has now gone overseas. She will visit friends and relatives in Clovis and Farwell and plans to reside in California.

Miss Juanita Petty, of the local FSA office, was off duty the first of the week, enjoying a three-day vacation in Carlsbad and Ruidoso, N. M. She accompanied her parents, of Plainview.

Mrs. Willis Magness, Mrs. B. E. Nobles, Mrs. W. H. Graham and son were visitors in Muleshoe, the past Friday.

Mrs. Roy Thornton left Monday for Oklahoma City, where she will visit relatives and meet her daughters, Misses Iris and Dorothy, who have spent the past month visiting in New York and Washington, D. C.

Bob Howell, of Los Angeles, is here to spend the summer with Mr. and Mrs. B. A. Royers. He is a nephew of Mrs. Rogers.

Miss Mary Virginia and Milburn Atkins of Denton, are visiting in the home of their uncle and aunt, Mr. and Mrs. J. T. Carter.

NEWS FROM OUR BOYS IN CAMPS

BLALOCK IN NEW GUINEA

Pvt. Walter C. Blalock, who has been stationed somewhere in New Guinea for quite some time now, writes to home folks that he likes the country pretty well and is working hard, although he can't reveal what he is doing. Blalock sent home some pictures of the natives, called "fuzzie-wuzzies" by the boys.

HAMMONDS VISITING

Otho Hammonds, of the Navy, is in Bovina for a visit with home folks, being accompanied from Camp Parks, California, by his wife. The Hammonds expect to leave for California the last of the week.

HARTWELL IN ITALY

Pfc. Thomas C. Hartwell, formerly of Bovina, writes "just to let the draft board know I'm not dodging, I'm in Italy . . . We have a nice theatre here, the seats are as soft as rocks . . . Today we had a general on our field, he honored our commanding officer with the DFC and gave us some very nice compliments . . . They have a good wheat and oats crop here this year. We rode a one-cylinder Italian tractor pulling an American-made binder, cutting wheat. There are no combines in this country. To my notion they are behind us about 30 years—still use oxen and ox carts."

ON FURLOUGH

Sgt. and Mrs. E. T. Caldwell Jr., arrived recently for a furlough visit in Bovina. Mrs. Caldwell will also visit her parents in Spearman, and Sgt. Caldwell is assisting in the harvest.

HOME FROM OREGON

First Sergeant Garland Potts, accompanied by his wife, is visiting Mr. and Mrs. John S. Potts, of Bovina. Sgt. Potts is stationed in Oregon.

BOVINA VISITOR

Walter B. Newberry, of the Navy, visited over the weekend with his mother, Mrs. Mable Newberry, in Bovina.

TO NORTH CAROLINA

Cpl and Mrs. Lilvus Rhodes and son, who have been visiting in the home of Mr. and Mrs. A. G. White in Bovina, left Monday for their home in North Carolina.

SONS ARE PROMOTED

Mrs. Karl Gast reported the first of the week that two of her sons have recently had promotions. Sgt. Lorenz (Shorty) is stationed at

Camp Fannin, Texas, and "Smokey" is now a Seaman 1-c. The latter, located at Shumacher, Cal., has recently been doing special work for the Navy in Portland and Bremerton, Wash., he writes his parents.

IN INDIA

George Robert Caldwell, son of Mr. and Mrs. E. T. Caldwell of Bovina, who is currently serving in India, writes home that he has been promoted to First Lieutenant.

DAUGHTER IS BORN

Lt. (jg) and Mrs. Jack Haley announce the arrival of Patricia, on June 25. Lt. Haley is a signal officer in the Pacific Zone, and formerly lived in Farwell, where he is well known.

MEET IN GAUDALCANAL

Word has been received here by Mr. and Mrs. Frank Eason that their sons, Warrant Officer Alton and Pfc. Vance, have met in Guadalcanal. The brothers were stationed in the same camp in Louisiana for three weeks before shipping. Alton writes he was in the hospital with a back injury and didn't know his brother was around, while Vance received a pass with the help of the Red Cross and visited the hospital. Alton received his injury when he fell into a 21-foot hole and struck his back across some timber. He is recuperating nicely.

IN BURMA

Word has been received here leading to the belief that Pfc. David A. Berry, who sailed on April 26, is now located in Burma. He writes that it is "mighty hot" where he is stationed.

MERCHANT MARINE HERE

Donald Bell, who is with the Merchant Marines and stationed at Fellows, California, and daughter, Edna Lou, visited with Mr. and Mrs. Ebb Randol the past weekend. Bell has made several trips at sea.

FIRST BAPTIST CHURCH

Bovina, Texas
Fred Stumpp, Pastor
10:30 A. M., Sunday school, classes for all ages.

11:30, Morning worship. Sermon: "Where Is Your Faith?", pastor.

9:00 P. M., Training union for all ages.

9:30, Evening worship. Sermon by Chaplain Taft Holloway from Prisoner of War Camp, Hereford.

Tuesday: 3:00, Women's Missionary Service with Mrs. J. Sam Gaines, mission study.

Wednesday: 9:15, Weekly teachers and officers' meeting, also mid-week services.

Mr. and Mrs. Leonard Ginnings and Mrs. R. Hammonds visited in the home of Mr. and Mrs. Ebb Randol, Sunday.

Mrs. Kater Crume returned Sunday night from Salina, Kansas, where she had spent the weekend with her husband, stationed at Camp Phillips.

LAST RITES FOR DR. McCUAN HELD TUESDAY

(Continued from front page.) Mrs. Nora Inman of Bovina on Nov. 20, 1942, who survives. He is also survived by one son, Gordon McCuan of this city, and one daughter, Mrs. Jack Pierce of Vernon, Texas. Four grandchildren and three great grandchildren are listed among the survivors. The grandchildren are Dale McCuan, Farwell; Mrs. Claude Caffey, Farwell; Mrs. Ross Walters, Wichita Falls, and A. J. Pierce, Jr., Army Air Corps, Amarillo.

At the age of 21 years, he began his long career of medical practice, after graduating from the Memphis Medical College at Memphis, Tenn. At the time of his passing he had

been following his profession for 57 years, starting first at Iwlet, Texas, where he ministered to the sick and injured by horseback with his pill bags across the cant of his saddle. For the services he has rendered two generations in his community, Dr. McCuan will forever be remembered as a kind, considerate, sympathetic man whose entire life has been devoted to the service of humanity. A great and good man has gone.

TO MARKET

Mrs. Claude Rose of the Fox Drug Store, departed Sunday for Dallas, where she will spend a few days attending a gift showing in that city and make purchases for the stocks of the local store.

SPORTS OUT OF ADAM'S HAT

Holding Up Summer Milk Production

COLLEGE STATION—Milk production usually declines in summer. The principal causes, says E. R. Eudaly, dairyman, are dry or insufficient grass and other roughages; insufficient or undesirable drinking water; lack of minerals; lack of protection from heat, and horn flies. Correction of these defects is the first step toward maintaining full production.

Tender green spring grass is high in protein and minerals, and both are essential to production. As grass matures or dries it loses these elements. If they are not replaced the production has to go down. This may be done by increasing protein and mineral content of the grain mixture, or concentrates—namely adding more cottonseed, soybean or peanut meal. In effect, the protein in the grain mixture must be kept in balance with that in the roughage (grass, silage and hay).

Dairy cows must have all of the roughage they can eat for maximum milk yield. They should have opportunity to fill on grass or other roughage at least twice daily. If grass is short and sparse they should be given hay or silage, or both under good shade. The better the hay and silage the more likely cows are to eat the required amount of roughage. The more roughage eaten the less grain mixture is required.

An average size Jersey on tender, green grass obtains about 85 pounds of water daily while grazing. But when the grass matures or dries its water content decreases. Accordingly, a cow must drink more water to maintain her production. To persuade her to drink enough, water should be clean, cool, and accessible. Eudaly says a cow should and will drink at least three times daily if water is palatable and nearby. It may be necessary to build a shade over the trough to keep water cool.

A dairy cow needs shade. A tree is fine, but a brush arbor will serve well. To be cool the shade should be at least 8 feet high.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending July 1 were 33,006 compared with 27,678 for same week in 1943. Cars received from connections totaled 13,035 compared with 11,868 for same week in 1943. Total cars moved were 46,041 compared with 39,546 for same week in 1943. Santa Fe handled total of 42,004 cars in the preceding week this year.

County Kitchens Are Tin Mines for War

Women of Farmer county can "mine" tin sufficient for 190 1½-ton Army trucks this year.

These figures were compiled by J. A. Stewart, vice-president of the American Can Company, on the basis of canned foods consumed by civilians in the county during 1943. On the basis of last year's consumption, civilians will open approximately 477,084 cans of food this year he said. According to a table recently issued by Washington, 2,500 cans provide tin sufficient for one 1½-ton Army truck.

Meanwhile, the armed forces consumed approximately three billion cans of food during 1943 and needs for the current year are expected to rise to three and a quarter billion cans, Mr. Stewart said. He pointed out that a greatly increased number of the armed forces in overseas duty, more canned foods will be needed because the can has proved the most practical container for the shipment of foods abroad.

New York State has a greater population than the whole of Canada.

ROBERTS HOME FROM MEET

Mr. and Mrs. M. C. Roberts returned home the first of the week from Chicago, where they attended the National Republican Convention.

While in Chicago, Roberts was the victim of a pickpocket, whom he succeeded in apprehending and subsequently had the thief sentenced to 90 days in a house of correction. Roberts says he recovered his purse, which contained more than four hundred dollars.

The Texico mayor was impressed with the racial problem that is facing the Windy City, and predicts serious consequences after the close of the war. "The white people are just waiting for their boys to get back home," he said, referring to the matter.

Choose Containers Carefully for Canning

COLLEGE STATION—Quality of home-canned food sometimes may depend on the type of utensil in which it was prepared. For instance, iron is not harmful, but it causes discoloration, explains Mrs. Winifred J. Levernz, specialist in food preservation for the Extension Service.

WE REPAIR SHOES

Keep your shoes in good repair by bringing them to us regularly.

Fair Prices—Prompt Service

Electric Shoe Shop

Next Door to Texico Postoffice

In answer to questions received, Mrs. Levernz says there is some danger in cooking acid fruit like plums in a galvanized or zinc water bucket. She quotes the Bureau of home economics warning that cooking acid foods in zinc utensils may cause the food to "take up" enough zinc to be poisonous.

The danger of eating vegetables pre-cooked in a galvanized utensil are not so great because they do not contain as much acid. However, she warns that people should heat these thoroughly and eat only a small amount at a time.

Questioned about zinc tops for food containers, she explains that these lids have glass disc linings inside, so the food does not touch the zinc. Sometimes, however, pickles or other food high in acid content cause corrosion of lids used on jars. In this instance there may be some danger of zinc poisoning.

Sealing food before it is hot enough or leaving too much head-space may cause a can to rust on the inside. This happens more frequently to plain than enamel cans.
