#### PLAN SECTIONAL SOFTBALL MEETS

H. B. White, state softball com missioner now making a tour of the state in an effort to get district tournaments arranged for state eliminations, has suggested that district commissioners arrange for sectional tournaments, inasmuch as some districts are so large it will be difficult for all teams to compete at one point. The sectional tourney winners would play in the district meets, according to White, and the district champs would take part in the state meet.

The commissioners and district sites approved by White:

KANSAS lawyers were selecting jurors to hear an important case. One elderly, windbitten farmer was asked on what he formed his opinions.

"Do you read the newspapers?" the lawyer asked.

"Usually."

"Do you believe what you read in the newspapers?"

"Well " the farmer hesitated. "Answer the question, please."

"When it is 'By The Associated

YEARS of honest effort to present the daily intelligence of the world to the American people, without bias, without prejudice, without distortion, objectively and clearly and with regard for the decencies of life, put those words in the mouth of the Kansas farmer.

One of the priceless possessions of the American people is its free press. The Associated Press is proud to stand for that. It assembles and distributes a daily record of today's history which all men may read with confidence.
