## Texico pool to open soon

Texico's pool, operated by James Harding, is expected to be open about May 24, it was noted at Tuesday night's Texico City Council meeting.

A PH feeder pump has been installed and the state EID will check it this week. This equipment was needed for the pool to be approved.

In other business, Kevin Smith, of Waste Control, presented a 30-minute program about how his company could provide garbage service for Texico. Garbage would be hauled to a compactor, then taken to the Clovis landfill.

The council decided to pursue this proposal. Smith will be sending the council sample contracts.

The council also:  
 -Tabled a request to pay its annual dues of \$290 to the East Plains Council of governments. There's a question of whether it's worth it.

-Decided not to seek funds for a CETA worker available for Texico.

-Noted that Sam Drager of Circle D Feeds has donated a pinon tree to KKR Park.

-Decided to check into the cost for repairing the KKR pond fence.

-Agreed to advertise for a city insurance contract.

-Approved a working budget submitted by Town Clerk-Treasurer Marie Christian.

Three of the students in the Texico play were, from left, Carol Servatius, second grade; Kristina Gon-

zales, a first grader, and Raymond Duncan, a first grader.

**Texico elementary play presented**

Texico first, second, and third grades presented a play entitled "American Folk Tales" May 9 in the Educational Complex. The folk tales ranged from Paul Revere's ride to Davy Crockett and Paul Bunyan, John Henry and Casey Jones and several more. The students sang songs and did a

dance. One of the songs, "What the World Needs Now is Love," was done in part by sign language.

Mr. Sadberry played the piano. Cizon Verner directed the music. The teachers are Mrs. Dunsworth, Mrs. Lynn, Mrs. Pearce, Miss Aragon and Alice Richmond.

**Hudnalls watch ball games**

Rev. and Mrs. Harvey Hudnall and Mrs. Cordelia Heath, all of Farwell, journeyed to Farmington, N.M. May 9.

Mrs. Heath visited her sister, Mrs. Esther Cox. The Hudnalls visited their daughter and family, Mr. and Mrs. Jimmy Jordan, Justin and Jennifer.

The Hudnalls and Jordans attended two baseball games in which Justin pitched one game and played shortstop in another. Before the first game was over, Jennifer's game of T ball started so the Hudnalls and Jennifer's mother rushed to a different field. Seven-year-old Jennifer made a home run.

Sunday morning all eight people attended the worship service at the First Baptist Church.

Mrs. Cox and Mrs. Heath were special guests for dinner at the

Jordan home with Rev. and Mrs. Hudnall present. All enjoyed the meal, visiting and taking pictures. Mrs. Heath is Justin and Jennifer's great grandmother.

They all went to the church for the evening services for the "End of the Season Children's Concert." Jennifer and Justin are in these choirs. Their mother, Janell, is one of the workers.

After the concert, homemade ice cream was enjoyed.

The Hudnalls and Mrs. Heath returned home Monday.

Jennifer and 10-year-old Justin have been invited to play several selections by memory on the piano for the Farmington Guild.

Justin has been taking piano lessons for four years but Jennifer has been playing for less than a year.

Mr. and Mrs. James Hobbs of Ruidoso, N.M. announce the birth of their second child on May 7 at Ruidoso Hondo Valley Hospital.

The baby girl named Emily Katherine, weighed seven pounds and one ounce at birth. She has a brother, James Adam, 3.

Maternal grandparents are Mr. and Mrs. Ed Ballinger, and great grandmother Mrs. Jessie Slover, all of Jefferson City, Tenn.

The paternal grandparent is Mrs. Beulah Hobbs of Farwell.

**Lonsdale's have girl**

Max and Dondra Lonsdale are parents of a baby girl named LaDon JoAnne, born May 8 at Northwest Texas Hospital in Amarillo.

She has one sister, MaxAnne, 21 months.

Grandparents are Mr. and Mrs. Don Gerries and Mr. and Mrs. Gene Lonsdale of Farwell.

Great grandparents are Mr. and Mrs. Dick Gerries of Farwell and Mr. and Mrs. Duffy Sasser of Clovis. Also, a great grandmother, Sylvia Lonsdale of Henryetta, Okla.

**The Latest**

Janie Williams from Lubbock was visiting her mother Onie Bradshaw of Farwell.

Aileen Teel of Farwell visited her mother Dovie Brunson of Sweetwater. She also visited her sister Maxine and her husband Bill Hanna also of Sweetwater. Mrs. Teel's daughter Patsy Glenn and her daughter Kathleen of Georgetown visited, also.

**Hospital Notes**

Pat Riley, minister of the Farwell Baptist Church, has been in Clovis High Plains Hospital since May 8. He is improving steadily. At this time, he cannot have visitors.

Gertrude Foster of Farwell has been in Friona Hospital since last Friday.

James McDorman of Farwell is in the Clovis High Plains Hospital.

**Recipe of Week**

**CHOCOLATE DAINTIES**

3 cups chopped nuts  
1 stick oleo  
2 cups Angel Flake coconut  
1 can Eagle Brand milk  
2 boxes confectioners sugar  
1 teaspoon vanilla  
2 - 12 oz. packages chocolate chips  
¼ lb. paraffin  
Melt oleo and pour over nuts, add milk, coconut, sugar and vanilla; mix well and shape into small balls; chill overnight; melt paraffin and chocolate chips together in double boiler, dip balls into chocolate mixture (using toothpick to handle) and set on waxed paper to cool. The chocolate dainty recipe makes several pounds of candy.

**Beta Sigma Phi to participate in BTD**

Farwell High School students who were first year honor students are, from left, Kelley Foster, Franka Bungarten, Laura Wolfe, Joanna

Castner, Carl Hutchins, Dee Anne Ray, Patty Pomper, Tonya Price, Robbi Fly and Christina Pena.

Farwell High School students who were on the second and third year honor rolls are, from left, Alma Nicolas, Sherilyn Thigpen, Dana White, Kevin Owen, Angie Charl-

son, Mark Cole, Royce Menning and DeAnn Curtis. The students are holding the plaque with their names which will be placed on the school wall.

Longtime Farwell School Supt. Willie Roberts, left, is congratulated by Farwell High Principal

Lynn Burton, on receiving the photo of Roberts, who is retiring June 30. The photo will hang in the school.

## Multiplex funds sought

Farwell High School is still collecting money for the multiplex. After the first few days of the drive, \$3.42 has been collected. The goal is \$800.

The multiplex is needed to preserve past senior composites in an air-tight environment that also provides for viewing. Unless these composites are put into one, they may be destroyed. Donations are being sought from

former school members, businesses and individuals. Collection points are at Luce's Spur, Capitol Foods, Dairy Queen, Security State Bank and the Farwell Clinic.

## Bell resigns

Mrs. Bell presented her resignation as a cafeteria employee at the Texico School Board meeting May 7, school officials said.

## Farwell banquet honors 18

Eighteen students were recognized at the annual Farwell High honors banquet last Friday night at the Community Center.

Also honored was School Supt. Willie Roberts, who is retiring June 30. A portrait of Roberts will be hung in the school.

Students were honored for making the honor roll at least five of the six 6-week periods.

First year honor roll: Franka Bungarten, Joanna Castner, Robbi Fly, Kelley Foster, Carl Hutchins, Christina Pena, Patty Pomper, Tonya Price, Dee Anne Ray and Laura Wolfe.

Second year honor roll: Royce Menning, Alma Nicolas, Kevin Owen and Dana White.

Third year honor roll: Angie Charlson, Mark Cole, DeAnn Curtis and Sherilyn Thigpen.

Guest speaker was Rev. Larry Starbuck, of Central Christian Church in Clovis. Angie Charlson gave the invocation, and Mark Cole the benediction.

Farwell High Principal Lynn Burton introduced the guests and teachers, and presented the awards. Also present was John Grigsby, who will become superintendent July 1.

## Extension agents to rent van

The Parmer County Commissioners voted Monday to permit the county extension agents to rent a van to take 4-H members to College Station for a horse judging show June 3-6.

Commissioner Tommie Williams abstained.

The extension agents, Gary Paterson and Janette Pierce, gave reports on programs and shows taking place in the county. The motion permitting the renting was conditional if the cost for rental was only \$25 a day.

In other business, the commissioners:

-Agreed to advertise for a motor

grader for Precinct 2 and a pickup for Precinct 1.

-Paid \$2,020.59 to Bobby's Auto and Coach Clinic for repairing the sheriff's car, which was damaged during a criminal pursuit.

-Agreed to grant a right-of-way easement to General Telephone subject to the company signing a right-of-way agreement with the county.

-Changed the next meeting date to May 28.

-Accepted bids to lease the mineral rights on school land in Gaines and Andrews counties.

# PLAY IT SAFE AROUND ELECTRICITY

REMEMBER THESE SAFETY TIPS

- Watch for power lines when climbing in trees.
- Do not climb electrical poles, towers or structures.
- Do not trim trees near power lines.
- Do not set ladders or scaffolds near power lines.
- Do not shoot at insulators on poles, towers or structures.
- Never climb on or go inside a substation fence. Call SPS to help you retrieve anything thrown into the substation or caught in its fence.
- Avoid using electrical tools like lawn mowers or hedge clippers when grass and leaves are wet.
- Be careful when digging. Call SPS to find out if there are any buried electrical lines in the area.
- Electrical cords should not be spliced or taped. Repair by shortening them or replace them entirely.
- Beware of exposed wires.
- Don't touch portable appliances (coffee makers, radios, hair dryers, etc.) with wet hands or while standing or sitting in water.
- Don't post signs on utility poles. A lineman hitting a nail with his cleat could slip and fall. Also, nails can snag protective gloves and destroy their insulation value.

# Laney thanked for support

Dear Rep. Laney:  
This morning I had an occasion to review the history of the Water District's efforts to release water from the wet sand section of the Ogallala formation and your contributions to this effort came to mind.  
As I recall, shortly after I came up with this idea, I visited you in your office in the capitol. You took the time to listen to the idea, asked questions, and offered suggestions. At the conclusion of our visit, you encouraged me to pursue the idea. In doing so, you offered me an opportunity to present the idea before the Natural Resources Committee in the House of Representatives along with an opportunity to request research funds from the state through the Texas Department of Water Resources to fully investigate and field test secondary recovery of water from the wet sand section of the Ogallala.

The support you provided during the hearing, your efforts to see that funds necessary for the study be recommended by the Natural Resources Committee, followed by your support before the appropriations committee, then on the floor of the house, followed by your support in the House-Senate Conference Committee on final approval of the state appropriations for natural resource agencies resulted in funds being made available for the study. The above required a tremendous effort on your part.

An idea or theory without necessary funds to test or develop it is of very limited value, therefore, without your help in securing funding, we may never have found out that a tremendous volume of water is in

storage in the wet sand section of the Ogallala Formation above the water table and further that a substantial portion of it can be released for recovery from wells by injecting air under pressure into the wet sand section.

Future generations who use the technique to obtain water in this area, other areas of the state, the nation, or the world will likely never be aware of your contribution to this effort, but please be assured that the residents of the High Plains of Texas, especially we at the Water District, appreciate the vast contribution you have made to this effort.

We are pleased to report that the water levels in the area of the first two test sites since the air-injection test ended are still higher than they were before we conducted the test. The enclosed maps reflect the water level rises which remain in the area of each test even though three seasons of pumping for irrigation have occurred since the tests.

We have recently completed another air-injection test near the City of Wolforth in Lubbock County. The results of this test are presently being analyzed and will be published in the next few months. We will provide you a copy of the summary of this test when it is released.

Again, we thank you for your past contributions, continued support and interest.

Yours,  
A. Wayne Wyatt  
Manager  
High Plains Underground  
Water Conservation District No. 1

## Safe driving award

The Frank B. Hall insurance company, represented by Leonard Herring, sponsored a breakfast to honor 21 employees of Deaf Smith Electric Cooperative for their combined total of 201 years of driving cooperative vehicles without an accident. Total mileage of all vehicles for the period April 1, 1984 through

March 31, 1985 is 483,606 miles. Total man-hours worked for the same period of time was 100,956 hours. Awards were given to Boyd Collins, 24 years; Tommie Weemes, 23 years; Lee Jones, 17 years; James Hull, 16 years; Harold Finch, 14 years; Sam Garrison, 14 years; Dick Montgomery, 13 years; Don

Reives, 11 years; Jimmy Holmes, 10 years; Loran Nixon, 10 years; Steve Louder, 9 years; Jerry Deckard, 7 years; Dan Higgins, 7 years; Mike Bridges, 6 years; Mike Veazey, 5 years; Carleta Watts, 4 years; Justin McNeely, 3 years; George Bullard, 3 years; Sammy Davidson, 2 years; Dean Reinart, 2 years; and Robert Scott, 1 year.

## Summer annual forages available

Many Parmer county horse owners are wondering what types of forages may be available under the open grazing and hay harvesting programs available to producers on set-aside acres in 1985, says Gary Patterson, county Extension agent for agriculture.

Many good forages are available, Patterson said. But he offered several cautions and suggestions to improve the picture.

"Many of the sorghum and sorghum sudan grass hybrids cause a problem called sorghum cystitis in horses," he cautioned. He said this can lead to kidney and coordination problems, as well as death.

"Pearl millet can be planted about the same time as the other forage materials. Plant from five to seven pounds of seed per acre in 38- to 40- inch rows or drill 15 to 20 pounds per acre if using a grain drill. The seed should be covered with from 3/4 to an inch of soil because of their small size.

"The millets can be grazed when they reach a height of 18 to 24 inches. This will give excellent quality as well as adequate forage," he said. By utilizing rotational grazing, allowing livestock to graze pearl millet to a shorter height and moving to fresher forages, better quality can be maintained throughout the summer, he advised.

Excess forage can be cut at the boot stage to have a good quality hay that can be used during the winter and other times when forage is needed, he said.

"One disadvantage of pearl millet is that under drought stress conditions where high fertility levels have been maintained, nitrate toxicity may occur," the Extension agent said. He urged producers to watch their livestock when stress conditions occur. Material can be cut and tested for nitrate levels so you know when to remove animals to prevent death due to nitrate toxicity, he said.

Pearl millet hybrids are sold by various companies and producers should check with local seed dealers for them, he said.

## Texico participates

"Twelve regional school districts in Eastern New Mexico have joined together to provide special cooperative services for exceptional children," according to Troy Brooks, Regional Cooperative #6 administrator.

He said, "Child Find is the name of the new program designed to identify special children and provide educational services for them. The program serves students in school as well as those that are not attending because of special needs. Child Find puts children with special needs in touch with qualified people that can help."

Children eligible for Child Find services include:

Behaviorally Disordered-children with serious problems getting along with other children and adults. This acting out or withdrawn behavior may affect the ability to perform in school.

Communication Disordered-this child has trouble talking or understanding language. Children may be unable to make certain sounds, leave sounds out, make sounds that cannot be understood, stutter, or have difficulty understanding or

## Computers to be topic

Farmers and ranchers in Parmer County interested in learning more about using computers in their management operations should make plans to attend a special seminar in Lubbock, May 22-23.

The seminar sponsored by the Texas Agricultural Extension Service will be at the Memorial Civic Center, east of Avenue Q between 6th and 9th Streets. It will begin at 1 p.m. on May 22.

Anyone interested in attending can obtain registration information from Jackie Smith, Extension economist in Lubbock at (806) 746-6101, or from Rosemary Pivonka in Texas A&M's Department of Agricultural Economics at (409) 845-8792. Registration deadline is May 17.

using words in sentences.

Hearing impaired-evaluation has shown that this child is either hard of hearing or deaf. Hard of hearing indicates they have serious hearing loss, but may use the sense of hearing with or without a hearing aid or other special instrument. Deaf indicates that children cannot use the sense of hearing as other people do.

Learning disabled-this child has shown problems in listening, thinking, speaking, reading, computing, or writing skills. This child is not retarded or physically handicapped, but does learn in a different style. This can cause serious problems acquiring knowledge and may affect one or more subjects at school.

Mentally handicapped-evaluation has shown that this child learns slower than others of the same age. Their social, physical, language, and motor development, may lag behind that of other children. The three terms used to describe mental handicap reflect the general range (or degree) of impairment, educable mentally handicapped-to trainable mentally handicapped-severely/profoundly handicapped.

Multiply impaired-children have more than one serious handicap. Such as a mental handicap and a physical impairment so involved that together they cause a new educational issue.

Physically impaired-this student has either an orthopedic impairment or a chronic health impairment which affects the ability to perform in school.

School age children who are not in school and who seem to have special needs should be referred to your local school district. Children younger than school age who seem to have trouble moving, hearing, seeing, talking, or understanding are also eligible for Child Find.

If you know or have a special child that could use special services, contact: Paula Leighton, Texico Schools, P.O. Box 237, Texico, N.M. 88135, 482-3801.

## Texico starts new project

The computer that Texico collected coupons for earlier this year will arrive in about a month, Texico High teacher Ronnie Warmuth said.

It is still undetermined whether Texico or Nazarene School in Clovis will get it. Both schools combined their coupons in order to have enough for the free IBM PCjr computer.

Now, Texico is involved in a Clovis Coca-Cola program called "Computers for Classrooms." It ends Nov. 30.

During this period, Coca Cola will issue credit for the purchase of certain drinks toward Apple computer equipment. The drinks are: Coke, Diet Coke, Tab, Sprite or Diet Sprite. The can would be recycled at the Clovis plant.

The price for the cans is equivalent to 72 cents a pound for aluminum,

The Texico fifth grade class of Mr. Dale Schwartz has been collecting empty cans for the purchase of Apple computing equipment. Shown are, from left, Jodi Roden and Nora Anaya with sacks of cans.

Persons may leave empty cans at Texico High or the Coke plant on West Seventh in Clovis, or call 482-3305 for pickup.

## Texas farmers under stress

The story of agriculture in Texas is the same as in other states-farmers are under severe financial stress.

While gross farm income in Texas stood at about \$11 billion in 1984 (the same as in 1979), net income totaled only about \$1 billion-half of what it was five years ago. Thus the purchasing power of Texas agriculture is about 25 to 30 percent of what it was in 1979.

The current farm financial stress in Texas and across the nation stems largely from depressed crop and livestock prices, steady increases in costs, adverse weather

conditions and high real interest rates that not only increase costs but also strengthen the dollar's value, points out Dr. Carl Anderson. Anderson is an economist with the Texas Agricultural Extension Service, an agency of the Texas A&M University System.

"Agricultural prices have suffered from abundant supplies and weak demand," says Anderson. "While average prices farmers have received for crops and livestock have fallen slightly during the past five years, prices they paid for supplies and machinery increased almost a third."

THE CENTURY PLANT

## Century plant to bloom

Alice Vinton of Farwell has a century plant ready to bloom in the next month or so.

Since last Saturday it has been growing about six inches a night. At the present time it stands 3 1/2 feet. The century plant blooms every 20

to 30 years and then dies. It's supposed to bloom once in a century. It is also called an American aloe.

Mrs. Vinton bought this plant about 10 years ago. The blooms will be yellow.

## Christian graduates

Sharmy Dawn Christian of Farwell graduated from Texas Tech May 11 with a degree in Business for Marketing.

She was honored as the outstanding member of the year on the Texas Tech Fashion Board where she held the office of style show coordinator. This office included coordinating style shows which profits went to charitable organizations.

She worked full time at Beverly's Gallery of Fashion. She was a member of Texas Tech Marketing Association.

SHARMY CHRISTIAN

After graduation, family members and friends had a dinner at the 50 Yardline Restaurant in Lubbock. Sharmy is the daughter of Mr. and Mrs. Troy Christian.

## Pomper receives scholarship

Patty Pomper, a graduating senior at Farwell High School, has received a \$500 scholarship from Texas Tech University, Lubbock.

## Cemetery cleaned

The Texico 1985-86 junior class cleaned the cemetery at Texico Saturday.

The money earned will go toward the junior class banquet next year.

The following students participated: Jackie Morris, Maria Anaya, Tammara McDonald, Nancy Rob-

inson, Donna Smith, Richard Hernandez, Wayne Holland, David Loera, Jacob Lopez, David Martinez, Jesse Martinez, Jubal Pierce, Brette Southard and Eric Wilson.

Also helping were Mr. and Mrs. Holland and Mrs. Maben.

# Why the bands won't participate

I am writing you a letter in response to the article in the State Line Tribune last week about the Border Town Days and the school bands.

There are several reasons to be listed below why bands from the Farwell and Texico schools have not participated in last year's parade:

1. Students participating in the parade are cheerleaders, queens and drivers, horse riders, float riders and drivers, and bicyclists. That leaves very few students left for a band. Most of those students who participate in the above mentioned are also band members. These members, during the week are also getting ready by class (Freshman, Sophomore, Junior, Senior) for their concession stands at the park and other responsibilities that go with fund raising during the summer months. Some of the students work during the summer, are on vacation, or just don't want to participate in any parade for any one. This leaves very few left to participate in a band for the Border Town Parade.

2. The article mentioned that students are always seeking funds for their programs. Are you to stop contributing to the Athletic Boosters if the athletes do not march or

# On the cemetery

In the spring of 1977, I was in the City Hall when Mrs. H.Y. Overstreet came in and asked Mrs. Janie Bowery if the city would like to take over the Mount Olive Cemetery, south of Farwell. The city refused, not wanting the responsibility.

Mr. Overstreet came down to my home and asked me to take it. I asked him to wait and let me think it over. The next time he came back I told him I would take it.

In the late spring of 1978, I worked

# Scholarship given

J'Don Kube, a senior at Farwell High School, has been selected to receive a \$400 scholarship from the Five Area Telephone Cooperation, and the First Bank of Muleshoe.

The scholarship will cover a two-year period paying \$100 for the first four semesters. As of now, J'Don is not sure where he would like to attend school. The scholarship will be good at the college or university of his choice. J'Don is the son of Mr. and Mrs. Clarence Kube. They reside in Muleshoe.

## Letter To The Editor

participate in the parade? Will you not contribute to the Senior Class Fund, for their Senior Trip, if they do not participate in the parade? Will you not contribute to the FFA Stock Shows and Fruit Sales if they do not participate in the parade? Remember, some of these students also participate in the Band Program.

3. Having a summer band program seems to be the answer to someone who does not work with High School students or is unfamiliar with the schedule these students maintain throughout their school year. This is time off for all students and teachers and requiring students to participate in this event is next to impossible. Did you require your child to participate in this parade while they were in school? A solution to this problem is to have the Border Town Parade during the school year and the Farwell Schools will have a High School and Junior High Band participating and Texico will have a High School Band participating. Most parades in small

towns will never have 3 bands participating in a parade.

4. Five years ago I called students to participate in the parade. All of the students and parents, who answered the phone, stated they would like to participate in the parade. Only 2 students, my 3 children and myself were at the band hall to participate in the parade. That help me make my decision about the parade. In Texico, last summer a band camp was held for the 4th summer. Only 5 students showed up to participate in the parade. Does that answer your question?

The article in the paper was written for people who do not understand that students are involved in more activities today that one generation ago. If you have any solutions to the problems stated in this article, please bring them by the schools and we will try to work together to solve the situation.

Thank you,  
Lynn Burton

# Peace Officers praised

(Editor's note: Last week, we carried a Letter to the Editor about May 15 as Peace Officers Memorial Day. Due to lack of space, we didn't have room for a poem that went with the letter. Here is that poem:)

## "A PEACE OFFICER"

A Peace Officer does not leave his job behind at 5 o'clock.

A Peace Officer does not refuse to get involved.

A Peace Officer does not spend holidays or weekends with his family.

# Gymnasts have successful season

The Farwell Gymnastics Elite Club, coached by Clay Burch, ended their regular competition season May 5.

"This has been our most successful season so far. Out of five qualified boy competitors, three won state all-around championship titles," Burch said.

Kevin Mitchell of Bovina and Ross Stewart of Farwell competed in the Class V state meet on April 20 and 21 in Austin.

Burch reported, "Since this was the first time the United States Gymnastics Federation allowed kids at this age to compete (5 to 7 years old) they did not officially score them. During the competition, however, it was clearly evident by the spectators and other competitors that Kevin and Ross were by far the winners of the competition.

"Korey Mitchell of Bovina and Jonas Hernandez of Farwell competed on the same days in the meet higher ability level. Even though they made an outstanding showing, they just couldn't score high enough to place. They did, however, place in the top 10% out of over 215 other competitors."

Andy Hughes competed on May 4 and 5 in Houston at the high school level. Andy won championship titles

in the all around competition (total scores from six different events), floor exercise, and vaulting. He took second place on rings, third on parallel bars, and fourth on high bar and pommel horse.

Burch said, "This was the toughest competition for Andy all year. We had some small mistakes the first day primarily because of old injuries that didn't have enough time to heal. This dropped Andy down to second place going into the second days competition."

"On the second day it was all guts and going for everything he had to try and catch up. If Andy had held back anything or been overly cautious on any event he would have lost. As it was, it still was a very close point spread going into the last two events. On the next to last event vaulting Andy threw a near perfect

vault (9.4). It was the best vault he ever threw in competition and definitely came at the right time. This placed Andy in the lead and he held onto this through the last and went on to finally end up as the Texas State Champion."

Andy will travel to Norman, Okla., on May 17 and 18 to compete in the Region III championships which include the top gymnasts from Texas, Oklahoma, Nebraska, Louisiana and Arkansas.

## Study Club to meet

The Farwell Study Club will meet at Luces' Restaurant at 6:30 p.m. for a salad supper, May 20.

The hostesses will be Mildred Haseloff and Gladys Hardage.

The special guest will be Franka Bungarten.

The Navy Achievement Medal was presented to Lt. Robert William Anderson, right at the U.S. Naval Station, Pearl Harbor.

### Anderson receives Naval honor

Lt. Robert William Anderson of the U.S. Navy was presented the Navy Achievement Medal. The award said:

"For professional achievement in the superior performance of his duties during anti-submarine warfare actions on 23 October 1984. While serving as the tactical action officer onboard the USS Robert E. Peary (FF 1073).

Lt. Anderson displayed exceptional leadership, technical skill and resourcefulness in conducting a classic prosecution of a submarine contact. His forehandedness and superb tactical ability enabled USS Robert E. Peary to gain, localize and track a submarine under con-

stantly varying environmental conditions.

"Lt. Anderson's efforts were directly responsible for the successful conduct of this highly acclaimed ASW prosecution which involved multiple battlegroup platforms.

"Lt. Anderson's rapid response, untiring enthusiasm and ambitious management of all available assets exemplify his loyal dedication to duty and reflect great credit upon himself and are in keeping with the highest traditions of the United States Naval Service."

Lt. Anderson is the son of Robert and Carrie Anderson of Farwell. He is the grandson of Mr. and Mrs. Gabe Anderson of Farwell.

### Club tours homes

The Pleasant Hill Women's Club met May 2 for their annual home tour.

First on the tour was the beautiful new country home of Beverly and Wayne Pierce. The group then drove into Clovis to the home of Jewel and Pete Moore. Then time was taken for lunch at a local restaurant.

After lunch, the group toured the home of Rozeltha and Alvis Clark.

After giving the ladies a tour of her lovely home, Rozeltha called the business to order. There were 14 members and 8 guests present. The guests were Lala Barnes, Wilma Barnes, Betty Cloud, Jewel Moore, Beverly Pierce, Dovie Roberts, Marie Smith and Denise Whitener.

The next meeting will be a picnic on May 16. This will be the last club meeting of the 1984-1985 club year.
