

15 Boys are Accepted

Out of a total of 20 selectees sent from Farmer County to the Army examining station at Lubbock for final physical check-ups on Tuesday only 15 of the boys were accepted.

Six of the selectees were taken for duty in the U. S. Navy and nine were assigned to the Army.

Those accepted for the Navy will report at Lubbock to begin active service on May 3. They are: Neil Eugene Talkington, Joel Preston White, Jerry Warren King, Calvin Eddie Young, Carl Enoch Deaton, Roy Birchfield, Raymond Lee Magness, Henry Warren Finley.

Accepted for the Army to report at Fort Sill, Okla., on May 4th include John Peter Andries Drager, Howard Isaac Harmon, Leon Jefferson Bell, Carol Glee Swackhammer, Billie Joe Brown, Jess Herbert Pippin, Roy Birchfield, Raymond Lee Magness, Henry Warren Finley.

Near 100 Gather For Bovina Chamber Feed

Between 90 and 100 persons—both men and women—attended the Bovina Chamber of Commerce banquet (attendants refused to call it a luncheon, averring that it was more than that, served in the typical style of Mrs. G. C. Danner), Monday night, at the Chamber of Commerce building in that city.

Dean H. C. Gossard of the Eastern New Mexico College at Portales, was the principal speaker of the evening.

While the crowd was predominantly Bovinaites, there was a good delegation of farmers representing the communities of Pleasant Hill, Oklahoma Lane, Rhea, and Hub. Farwell was the only other town of the county represented, with six in attendance.

C. R. Elliott, president of the CC, acted as toastmaster, and after disposing of business matters, presented Supt. W. O. Cherry, who introduced the speaker of the evening.

Speaks on Permanent Peace
Dr. Gossard, who had the liberty of selecting his own subject, chose to give his ideas on "A Permanent Peace After the War". Opening his remarks, he said "Today we have two kinds of thinking: (1) the short range thinking to win the war, and (2) the long range thinking to write the peace".

He warned that "the most serious complication" in writing a permanent peace will be the lack of confidence. "There will be no world peace unless it is formed by the nations of the world," he said, "and by that I do not mean the victor nations alone. They cannot dictate a peace which will be permanent."

In his well delivered address, he repeatedly stressed the point that the idea to destroy Germany and Japan completely was an error. "The new leaders of these nations must come up from their own people," he said.

He pointed out that the racial thinking of the world must be overcome on the part of all nations. "The idea that we have that the white race is supreme must be discarded." Specifically, he stressed the point that Christian principles must be applied in writing a world peace. "There will be no permanent peace that dismisses the teachings of Jesus Christ," he predicted.

Water At Cemetery

At the business session, O. W. Rhinehart reported that the well and windmill at the town cemetery had been completed and was in operation. President Elliott pledged the cooperation of the Bovina Chamber of Commerce with the Cemetery Association in beautifying the city of the dead.

Elliott invited any and all organizations of the county to make use of the Chamber of Commerce building for meeting places, and at this point a meeting of the Farmer County Chapter of the American Red Cross was announced for Wednesday night (tonight) in the building.

BACCALAUREATE AT NIGHT

The Farwell senior class will hold its baccalaureate exercises in the evening at 9 o'clock Supt. J. T. Carter announced today. The date of the occasion is May 16.

KILL RATTLER IN YARD

Bob Kyker unearthed and killed a large rattlesnake in his yard the latter part of last week while cleaning up around the premises.

ANOTHER FARMER COUNTY aviator is Second Lt. Wilbert D. White above, who recently received his pilot's wings. He is the son of Mr. and Mrs. A. D. White, Farwell, and his mother was present at the Waco Field graduation ceremony last Thursday.

Large Seed Cleaner For Henderson Grain

Arrangements have been made for the installation of one of the largest seed cleaning machines made at the Henderson Grain & Seed Company, C. M. Henderson stated today.

"We are putting in a Clipper, size 298, one of the largest machines made," he said, and went on to explain that the installation could not be made until the present seed season is over. He said that plans were to install the new machine in June. Henderson added that the demand for recleaning seed had been so heavy the past two years his facilities could not keep pace.

28 Certificates Are Awarded at Midway

A total of 28 American Red Cross first aid certificates will be issued to persons of the Midway community who completed their course of instruction under Fred Henry, local instructor, last Thursday evening, Henry announced here today.

Of the 28 certificates to be issued, 23 will be standard, 3 advanced and 2 junior. The certificates will be issued through the St. Louis office of the American Red Cross.

This is one of the largest number of awards ever to be issued in this county from a single class. Parmer holds the distinction of being among the top counties of the state in the number of first aid certificates issued through the American Red Cross.

Mr. Henry announced the names of those completing the course as follows:

Standard Certificates—Margaret Aday, Marjorie Bracken, Lilla Cone, J. W. Crim, Mrs. J. W. Crim, Lois Crim, Mrs. W. C. Fangman, Agnes Jesko, Joe Jesko, Anthony Jesko, A. J. Jesko, Margaret Jesko, Dorothy Koelzer, Mrs. B. N. Koelzer, Sam Lucy, Mrs. Sam Lucy, Chesta Lucy, Greta Paul, Orene Tipton, Mariana Wiley, Mrs. R. C. Wiley, Mrs. L. C. Woltmon, Evelyn Crim.

Advanced Certificates—Mrs. Joe Jesko, Mrs. Fred Henry, Earl Roberts.

Junior Certificates—Tessie Fay Lucy, Paul Jesko.

Points Are Changed Again on Some Items

Drastic cuts became effective on point values of a number of rationed goods last Thursday morning, affecting canned and dried soups, all frozen fruits and vegetables.

Tomato soup in the popular 10½ oz. can now takes only 3 points, as compared to 6, and all other soups in the same size received cuts from 6 to 4 points.

The majority of dried and dehydrated soups were cut in half—the second time such a cut has been ordered by OPA.

In the frozen fruit division: the 1-lb. size was trimmed from 13 to 6 points, and the pound package of frozen baked beans dropped from 8 to 4 points. All frozen vegetables were likewise reduced—the 12-oz. size, previously set at 6 to 10 points, now will have a uniform cost of 4 points each.

Black-eyed peas came off the ration list, due, OPA announced, because warm weather threatened spoilage.

Mrs. A. D. White returned Saturday from Dallas and Waco, Texas, where she had visited several days.

War Bond Sales Exceed Our Quota

Spring Is Here . . . Grasshoppers Too

"We now have with us our annual spring infestation of grasshoppers" County Agent Garlon A. Harper said today, adding "this is my first, last and only warning considering such pests."

In the past, he went on, "We have extended considerable effort in advising the public of the grasshopper situation, and encouraging distribution of poison to eliminate this danger to crops." This year, Harper says, his office is serving notice only "that the poison is available for those who wish to use it."

Poison mash will be distributed at the plant in Bovina at the nominal cost of 20c per hundred pounds. The plant will not be open until sufficient requests for such poison justify its operation.

Worst on East Side
An egg survey conducted last fall reveals that on the east side of the county running practically along the Bailey and Castro county borders of Parmer, is where the majority of the 'hoppers can be expected to materialize.

Several reports have come in, Harper says of outbreaks of the pests in the Oklahoma Lane territory as well as east of Friona, but none of the farmers reporting such infestation have announced intentions of poisoning.

"If you are going to poison," the agent pointed out, "now is the best time. The little 'hoppers are wingless and will not move around much. Too, at present there is not a great deal of vegetation and they will eat the poison more rapidly, which means that expense involved in putting out poison will be cut—since the 'hoppers must get it while moist to get the job done."

The 'hoppers at hatching principally along fence rows, where poison can be put out with a minimum of effort, he concluded.

Canvass Results Of Co. School Elections

The Commissioners Court, in session here Monday, canvassed the results of the school trustee elections held in the various school districts of the county early this month, and announced results in all districts except Friona.

The outcome of the election in Friona had not been filed with officials here up to Monday, it was noted on the minutes of the court.

J. I. Gober was elected to succeed F. E. Kopley as county trustee in precinct No. 1. In precinct No. 2, F. H. Schlenker and L. H. Hoffman tied with one vote each for the county trusteeship. Since Schlenker is automatically disqualified by virtue of being county commissioner from that district, Hoffman was declared elected.

The results in the various school districts was given as follows:

Lazbuddy—W. M. Sherley, W. H. Gammon and John Gammon.
Farwell—E. M. Deaton, W. H. Graham, Olen Schleuter.
Lakeview—D. O. Robason.
Oklahoma Lane—F. E. Kopley, C. C. Christian.
Rhea—Boye Taylor.
Black—K. E. Deaton.
Bovina—Alfred Berggren, N. E. Bonds, H. L. Tidenberg.
Midway—D. B. Ivy, Ollie Jones.

Cotton Insurance Is Issued For Parmer

Insurance on the 1943 cotton crop has recently been issued by the local AAA office to 93 operators officials stated today, covering approximately 140 units in the county.

This is the highest percentage of cotton insurance ever issued in the county, AAA attaches say, revealing that it meant that more than 30% of the Parmer crop is now safe from unavoidable loss.

Checking will be done at insured farms shortly after planting time. Proper methods of planting and care of the crop are required to maintain the effectiveness of the insurance.

TO RETURN HOME

Mrs. Sam Aldridge, who has been receiving medical attention in Lubbock for the past two weeks, including a major operation, is to be returned to her home in Farwell today (Wednesday). Her condition is reported greatly improved.

County Invests School Funds In War Bonds

Garden Seed From Here To Mexico

A long distance telephone call from Mexico City last week from the Banana and Tomato Growers for the Republic of Mexico to the Roberts Seed Company of this city revealed a serious shortage of garden seed in the southern republic.

They were in the market for several hundred pounds of various garden seeds, particularly tomato and pepper seed.

Certificates Vital In Car Exchanges

Transfer of any used commercial vehicle by farmers, said John Martin at the local War Board office today, should be accompanied by the extremely important ODT gasoline certificate.

This, he pointed out, is necessary in order that when the new owner of a used vehicle makes application for a new certificate of war necessity he may present the ODT certificate issued the former car owner.

"In no case" Martin said, "will ODT issue a new certificate unless the old one is turned in to the war board when the applicant appears."

A number of farmers have recently applied for new ODT certificates for used vehicles they have acquired, and have failed to bring the old certificates, all of which means a denial of application and necessitates another trip to the office.

Poison Johnson Grass Dangerous To Stock

County Agent Garlon A. Harper reported today that heavy growths of Johnson grass in pastures over the county offered extreme hazards to livestock.

"Right now, when the grass is in the stump or second growth, is the time when it is most dangerous," Harper said.

Keith Pigg of the Oklahoma Lane community, lost one dairy cow and almost lost another during the weekend when the animals broke into a pasture where the poison grass was prolific, Harper reported, adding, "when they go down after eating Johnson grass you practically have a dead cow on your hands."

Offers Remedy
"If I had a cow anywhere near a Johnson grass patch" Harper said, "I would have a bottle of thio-sulphate on hand as a fairly effective means of saving the animal—providing, of course, you get to the cow soon enough. The animals die so quickly after being poisoned on Johnson grass that there is no time to run to town or to a neighbor's to locate some of the medicine."

Instructions as to use come on each bottle of thio-sulphate, which is injected intervenously, the agent said, urging that all farmers take this precautionary measure.

Bought any war stamps today?

The Parmer County War Bond drive was hiked considerably here Monday, when the Commissioners Court voted to invest \$16,500.00 now in the permanent school fund of the county, in Government War Bonds.

The commissioners decided to invest the money in Series G 2½% current income bonds, and County Judge Lee Thompson was authorized to make the purchase through the Security State Bank of this city.

Judge Thompson made application for the war bonds on Tuesday morning.

The money invested in these bonds has accumulated in the permanent school funds of the county from grass and oil lease money derived from school land owned by Parmer County in Andrews and Gaines counties.

Recruiting Party To Be in Farwell May 4

The WAAC recruiting party, consisting of Lt. Robert B. Curry, Lt. Ann L. Markusich and Cpl. Esther R. Sisson will be in Farwell on May 4, from 3:30 to 7:30 p. m., at the office of County Judge Lee Thompson.

They will interview all women who are interested in enrolling in the Women's Army Auxiliary Corps, who are between the ages of 21 and 45, have no dependents or children under 14 years of age.

Those who wish may take their mental examination and if accepted may go direct to the recruiting and induction station at Lubbock for the physical examination. Expenses are paid to and from Lubbock.

Lt. Curry, in making the announcement, said, "Each county is expected to fill its quota of enrollees in the WAAC. West Texas is asked to enroll 726 between now and June 30, and to accomplish this each county must fill its quota". He did not state the Parmer County quota.

May Meeting Dates Set For 4H Clubbers

County Agent Garlon A. Harper and Demonstration Agent Elsie Cunningham today announce the dates of meetings for 4H clubs in May as follows:

May 3: Oklahoma Lane, 2 p. m.
May 4: Rhea, 2 p. m.; Friona, 4 p. m.
May 5: Midway, 2 p. m.; Lazbuddy, 3:15 p. m.
May 6: Farwell, 3:30 p. m.
May 7: Bovina, 10 a. m.

IN REVIVAL MEETINGS

Rev. W. C. Wright, pastor of the Baptist Church, returned home Monday from Richland, in Roosevelt County, New Mexico, where he had been doing the preaching in a ten-day revival. He reports eight additions to the church as a result of the meeting.

For the next two weeks he is assisting in a revival at the East Side Baptist Church in Clovis.

Again Parmer County has maintained her enviable reputation of meeting every demand made upon her in the prosecution of the war through various programs by over-subscribing its quota in the second War Bond campaign, a full week ahead of the deadline.

This was the happy announcement of G. D. Anderson, chairman of the War Bond Committee, on Tuesday of this week, who added that many applications for bond purchases had been turned down—for the very simple reason that "we did not have the denominations purchasers wanted".

Tabulations made by Chairman Anderson Tuesday morning showed that actual sales already had accounted for a grand total of \$158,531.00.

The quota for the county was \$107,000.00.

Chairman Anderson, in making public the figure already sold, explained that there were yet more sales to be reported from other sources in the county, and he predicted that the sales in Parmer County would amount to \$175,000.00 when all reports were in hand.

He plans to canvass the various agencies in the county on Saturday afternoon of this week before making his final report.

Miss Many Sales
"We have missed the sale of \$400 worth of bonds today," Chairman Anderson revealed in an interview, with the explanation that bonds of the desired denominations were not on hand when the prospective purchaser called.

In this connection, it is well to point out with pride, the "little buyer" in Parmer County has more than done his share, Chairman Anderson reporting that many calls for \$25, \$50 and \$100 bonds at the local bank "just couldn't be supplied".

He went on to say that what seemed like an impossible task when the quota was assigned, had actually been subscribed almost without effort. Practically all sales have been voluntary, and no pressure has been brought to bear, he explained.

The bulk of the sales have come in since the middle of the month, with a considerable hike being noted following official announcement that American flyers who bombed Tokyo a year ago had been executed by Japanese war lords.

FSA to Import Year-Round Farm Laborers

A project whereby indigent or near-indigent East Texas farmers will be moved into sections of the Panhandle and South Plains to alleviate the manpower shortage is being promoted by the Farm Security Administration, Raleigh C. Middleton local supervisor said today.

Middleton revealed that such farm laborers must be hired for year-round work adding he felt reasonably certain he could secure a number of such workers through the FSA for farmers desirous of such help.

Inquiries along this line should be directed to the FSA office.

RECOVERING FROM INJURY

Andrew Moorman, farmer living up the state line from here, is recovering from injuries received early this month when a broken ladder caused him to fall, breaking his right wrist and injuring his back. The accident happened at the Jersig ranch while he was cleaning out a water storage tank.

FFA Boys Exhibit Projects Friday

Members of the Farwell FFA classes held their annual project show at the school the past Friday, with a fair attendance of outsiders and a nice display of hogs, dairy cattle and poultry.

The outstanding exhibits of the day were in the hog division, with Glenn Phillips' Duroc sow taking the grand champion rating over all entries.

THE 2ND WAR LOAN DRIVE IS ON!

The Command has Come...

"Attack!"

THE big push is on! This is the fateful summer that we have been waiting for. Hitler knows he must win before another winter rolls around, or face inevitable annihilation. And you can be sure that he will hurl everything he has—every gun, plane, soldier and tank—into the summer struggle that is even now rising in tempo on every front.

And when the command goes out to our fighting men to ATTACK—you can be sure they don't look for excuses. They don't hesitate. They strike fast and hard—as they did at Guadalcanal, in Tunisia and in the skies over Europe.

NOW the command has come on the home front to attack! To attack with the dollars that buy the weapons of war our boys must have to meet the last desperate assaults of Hitler. Your government asks you to lend it 13 billion dollars during this drive. And this

historic 2nd War Loan Drive, which started April 12th, is the most urgent appeal America has ever made!

The time is short—act now!

When you attack with War Bonds you don't suffer pain or anguish—you don't risk your limbs or your life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security.

During this drive if you are visited by a volunteer War Bond worker, welcome him. He will explain the 7 different types of U. S. Government obligations you may choose from. But don't wait for his call—go at once to your nearest bank or Post Office or place where they sell War Bonds. And answer the command to ATTACK by buying more War Bonds—and still more War Bonds!

THEY GIVE THEIR LIVES...

EASTER IS MARKED WITH SPECIAL SERVICES, EGG HUNTS AND SOCIALS

Special Easter observances were held in churches of the Twin Cities Sunday, with war time bringing the meaning of the crucifixion closer to the hearts than in many years past. Easter music was arranged at all churches for the regular worship services, and beautiful bouquets of spring flowers and lilies—the symbol of Easter—were used in decorating the buildings.

One of the prettiest services of the day was the sunrise ceremony of watching held at the Methodist Church. Following this, more than 20 members of the young people's department enjoyed a breakfast in the parlors of the church.

An early breakfast also was the Easter celebration of the intermediate department of the Baptist Church, with boys and girls from the classes of Mrs. Clyde Magness and Vernie Townes gathering in the home of Mrs. Magness at 9:30.

In the afternoon, the intermediate B. T. U. made a trip to the CCC lake park between Clovis and Portales, where they enjoyed an egg hunt and other entertainment features.

Some twenty-five children, their mothers and little guests of the beginner-primary department of the Methodist Church gathered at the

church lawn on Saturday afternoon to stage their annual egg hunt, preceded by a short program of Easter talks and songs.

Post-Nuptial Shower Honors Mrs. Drager

Mrs. Andries Drager, the former Miss Virginia Hines, was honored the past Thursday afternoon when friends gathered in the home of Miss Twila Strickland to tender her a post-nuptial shower.

Informal visiting was enjoyed, with a refreshment plate of punch and wafers being served. Bouquets of spring flowers were arranged in the entertaining rooms.

Among those attending were the honoree, Mrs. Andries Drager; Mesdames J. H. Drager, R. S. Hines, Ima Moore, Mable Drager, Stanley Hillhouse, W. H. Graham, Alvenia Sharpe, Ebb Randot and Drager; Misses Dorothy and Jewel Cassady, Billie Sharpe, Jane Key, Betty Jo Gilson, Reva Stewart, Peggy Schleuter, Marjorie Moore and the hostess.

Regrets were sent from a number unable to be present.

Mrs. Wilbur Harmon spent the weekend visiting in Hereford.

Boss-Bennett Wedding Performed On Friday

Mr. and Mrs. Riley Boss of Texico this week announce the marriage of their daughter, Lila, to Reece Bennett, son of Mrs. Lee Vincent of London, Arkansas.

Rev. W. G. Bailey performed the rites Friday afternoon at five o'clock in the parsonage of the First Methodist Church.

The bride wore a gold colored suit with black accessories and a shoulder corsage of gardenias. Her attendant, Mrs. Loyd Roberts of Carlsbad, wore a print jersey with a corsage of red carnations.

Loyd Roberts, signalman second class of the U. S. Navy, attended the bridegroom.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Joe Purselley in Clovis, attended by members of the wedding party, Lawson Williams and Miss Wanda Boss of Texico.

Graduate of the Texico high school, Mrs. Bennett has been associated with the Western Auto Supply Store in Clovis the past year. Mr. Bennett manages Western Auto, having come to Clovis about three year ago.

The couple will reside in Clovis.

Mabelene Crim Bride Of Clyde A. Pumroy

Miss Mabelene Crim became the bride of Clyde A. Pumroy on April 17, with the ceremony being performed by Minister C. R. Howard, pastor of the Bovina Pentecostal-Holiness Church.

The nuptials were performed in the home of the bride's parents, Mr. and Mrs. J. W. Crim, of Rhea community.

The young couple, both of whom have lived in and around Bovina, will make their home near that city.

NEWS FROM OUR BOYS IN CAMPS

DRAFT MEMBER HAS LETTER FROM BUD MAFFETT

Chairman W. H. Graham, of the local draft board, got quite a laugh this week over a letter from Sgt. D. D. Maffett, now "somewhere in Africa". Bud was a former Santa Fe employe here. The letter, written on April 9, follows:

"Dear Hopper: I was just sitting here holding on to the tent trying to keep a shelter over my head and the African landscape out of my eyes, and happened to think you were the cause of me having sand flea bites on my carcass and canned wollie in my bread basket. I hope your tires are smooth and you do not have enough gas to get to LeRoy's for a coke. By the way, Hop, how about sending me a paper, I sure would like to hear some war news.

"Most of the time we have it about like I used to when in Farwell, so you know I am not losing any weight. When not working we have pastimes like memorizing the ads in last year's magazines, digging our pet foxholes deeper or trading the natives out of their old eggs that failed to bring forth the looked-for chicken or seagull as the case may be.

"Just heard the call to come for cigarettes so guess I will sign off and go get me a plug of Sparkplug and mail this. I sure would enjoy reading some of your musty jokes if you were to send one of your rusty sheets now and then. Tell everyone 'hello' for me."

Bud's address: Sgt. D. D. Maffett, 38077810, Co. B, 927 Sig. Bn., A. S. C. Care Postmaster, APO 766; New York City, N. Y.

EXCITEMENT FOR M. P.

From Camp Gruber, Okla., comes the report of Pvt. Dick Crume that life is not all roses in the M. P. division. Dick tells of considerable excitement involving an A. W. O. L. recently, wherein the man decided to take off "with old Crume behind him in a dead run". Bullets flew, Dick writes, and "when everything was all over I found out it was the boy's dad shooting at me. . . I must have outrun the bullet because it never passed me."

NEW PILOT VISITS

Lt. Claude (Buzz) Gober, who received his pilot's wings at Big Spring last week, is here on a ten-day furlough with his parents, Mr. and Mrs. J. I. Gober. He is scheduled

to receive further training in Washington.

MARINE HOME ON LEAVE

Pvt. Edda T. Kleeman of the Fairfield community southwest of here, who is a member of the U. S. Merchant Marine, was home last week on furlough. He is reported to have told of some harrowing experiences during the past few months, including having his ship shot from under him and spending a number of days on a raft.

ANOTHER ONE HOME

Cpu. L. H. (Pete) Haynes is home on a short furlough. He is attached to an M. P. battalion and stationed at Little Rock, Ark.

MOVING DAY

Pvt. Loren West, son of Mr. and Mrs. John West, has been transferred from Sheppard Field, Texas, to some camp in Illinois, where he is scheduled to receive radio training for the next 28 weeks.

VISITS AT BOVINA

Billie Joe Eberling, seaman second-class, who is stationed at Brunswick, Ga., is visiting relatives and friends in Bovina this week.

CALDWELL HERE

Lt. Tom Caldwell spent a brief furlough with his parents, Mr. and Mrs. J. R. Caldwell, last week. He is in the Air Corps and is understood to be stationed in Walla Walla, Wash.

ARMY LIFE 'OK'

Pvt. Dick Bobst stationed at Sheppard Field, Texas, writes that in spite of "30-mile hikes (I've had 3) or a day of KP or guard duty, I think I really like the army pretty well."

Dick tells of enjoying several outstanding programs at the service club in Wichita Falls, and adds that the USO club has "music, cool air and eats!"

Demonstration Club Notes

By Special Staff Reporters

The H. D. Club met April 22 at the club room with the agent. After a short business meeting Miss Cunningham gave us a lesson on 'getting by on meat rationing' that was enjoyed by all. The Consumer's and Cranfill groceries are buying waste fats. The next meeting will be May 13 with Mrs. Ware and Mrs. Rhodes as hostesses.

Lakeview Club

Club met April 16 at 2:30 with four members and the agent present.

sent.

Since the meeting was on nutrition and vitamins, the demonstration was on proteins, the word meaning "first imports" or "important food". This is found in milk, eggs, meats, peanuts and soybeans. "Every part of our body needs proteins," Miss Cunningham stated. "Besides building blood, cells, nerve, nails and hair this is a fuel food for the body. Soybeans and peanuts are the only vegetables having complete efficient proteins, meaning they have all of amino acid coming from animal source. All protein foods require a slow temperature in cooking." She demonstrated soybean flour muffins.

The nutrition course will be finished at the May meeting, at which time standard certificates will be given for a 5-hour course. The May meeting is May 21st.

Texico Entries Take Fourth At District

Paced by Herchel Doolittle and Billy Bob Drace, the Texico track entries ran up sufficient points to rank them fourth at the district meet, held in Portales the past Saturday.

The Ft. Sumner squad, with a larger number of entries, carried off first place with a tally of 43. Close on their heels was Melrose, with 47. Euda was third with 33, Texico next with 32, Grady had 17, Rogers 5 and Pleasant Hill 4.

Doolittle and Drace carried off the mile and half-mile runs in good style, taking both first and second respectively, while the remainder of the field trailed by a good margin.

Doolittle also carried off honors in individual points, being the third high man in the meet with a count of 12. Willis of Melrose was tops, having 21, and Vanevener of Pleasant Hill came in second with 17.

Placements of the local included: Mile run: 1st, H. Doolittle (5:14); 2nd, Drace.

Half-mile run: 1st, H. Doolittle (2:04); 2nd, Drace.

Discus: 1st, Bowers (114 ft. 10 in.). High hurdles: 2nd, Bowers.

Relay: Texico 4th (Bowers, Baker, Brooks, White).

Other entries from Texico although they did not take individual placements, included Baker, Lewis, White, M. Doolittle and Young. C. E. Sanders, coach stated that most of these boys were rather young for competition, but added that he expected them to develop.

Coach Sanders gave high praise to his entries at the meet, and went on to say that he had never seen such enthusiasm as that displayed by the entire squad which worked out during the season.

To State Meet

H. Doolittle, Bowers and Drace are now eligible for entry at the state meet, which will be held in Albuquerque on Saturday, May 1, and Coach Sanders said today that he hoped arrangements could be made whereby the boys could attend.
